**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On June 15, 2010, Ligand Pharmaceuticals Incorporated (the Company) committed to a plan to close the Company's operations at its Cranbury, New Jersey facility, with an expected completion in the fourth quarter of 2010. The Company estimates the costs related to the closure of this facility will be approximately \$10.5 million, the substantial majority of which will require the outlay of cash. The Company expects that approximately \$1.2 million of these costs will be charges related principally to employee severance costs and approximately \$9.3 million will be lease and contract termination costs. These costs are expected to be incurred in the fourth quarter of 2010. The Company anticipates that this closure will reduce expenses in 2011 by approximately \$12.0 million to \$14.0 million. The estimates of costs and savings that the Company expects to incur are subject to a number of assumptions, and actual results may differ.

**Item 2.06 Material Impairments.**

The Company also expects that assets will be impaired relating to its facilities in Cranbury, New Jersey as a result of the plan to close this facility. The Company estimates that it will record a non-cash asset impairment charge of \$5.0 million to \$6.0 million in the fourth quarter of 2010.
