Spot Mobile International Ltd. (the Company) was unable to file its Form 10-K for the period ended October 31, 2010 within the prescribed time period given the private placement transaction out of the ordinary course of business that occurred subsequent to the period, and, as a result, required additional time to prepare and review its financial statements and the notes thereto. As disclosed in the Company's Current Report on Form 8-K filed on January 31, 2011, the Company recently completed the initial closing of a private placement of its securities and, accordingly, requires additional time to properly disclose such transaction in its Form 10-K. These delays could not be eliminated by the Company without unreasonable effort and expense.
