(d) On May 26, 2011, the Board of Directors (the **Board**) of Nanometrics Incorporated (the **Company**) appointed Stephen G. Newberry to serve on the Board as a Class III director to serve until the annual meeting of the stockholders of the Company to be held in 2013, or upon his death, resignation, removal or election of a successor. Mr. Newberry has not been, nor is he currently expected to be named, to a committee of the Board. Concurrently with such appointment, the Board increased the size of the Board from seven (7) directors to eight (8) directors.

As a non-employee director, Mr. Newberry's compensation for his services as a director will be consistent with that of the Company's other non-employee directors. Mr. Newberry will receive an annual retainer fee of \$30,000. In addition, Mr. Newberry will receive equity incentives valued at \$75,000, of which 1/2 will be granted as stock options and 1/2 will be granted as restricted stock units. The value of the stock option award will be calculated using the same methodology that the Company uses to record its accounting expense and the number of restricted stock units will be calculated based on the closing price of the Company's common stock on May 26, 2011. The stock options and restricted stock units will vest in three equal annual installments.

There are no other arrangements or understandings between Mr. Newberry and any other person pursuant to which Mr. Newberry was appointed as a director of the Company.

Since the beginning of the Company's last fiscal year, the Company and its subsidiaries have not engaged in any transactions, and there are no proposed transactions, or series of similar transactions, in which Mr. Newberry had a direct or indirect material interest in which the amount involved exceeds \$120,000.
