PROXY STATEMENT

FOR THE 2011 ANNUAL MEETING OF STOCKHOLDERS

November 16, 2011

ABOUT THE MEETING

Why am I receiving these proxy materials?

The Board of Directors of Saba Software, Inc., a Delaware corporation (Saba , the Company or we , us or our), is furnishing these proxy materials to you in connection with the solicitation by Saba of proxies for our 2011 annual meeting of stockholders. The annual meeting will be held at our corporate headquarters located at 2400 Bridge Parkway, Redwood Shores, California 94065-1166, on November 16, 2011 at 9:00 a.m., Pacific Time. You are invited to attend the annual meeting and are entitled and requested to vote on the proposals outlined in this proxy statement.

This proxy statement and the accompanying proxy will be first sent by mail to our stockholders on or about September 26, 2011.

Who is entitled to vote at the annual meeting?

Only stockholders of record at the close of business on September 19, 2011 will be entitled to vote at the annual meeting. On this record date, there were 28,472,387 shares of common stock outstanding and entitled to vote. Each holder of our common stock, par value \$0.001 per share, is entitled to one vote for each share of common stock owned as of the record date.

Stockholder of Record: Shares Registered in Your Name

If on September 19, 2011 your shares were registered directly in your name with our transfer agent, then you are a stockholder of record. As a stockholder of record, you may vote in person at the meeting or vote by proxy. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted.

Edgar Filing: SABA SOFTWARE INC - Form DEF 14A

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on September 19, 2011 your shares were held, not in your name, but rather in an account at a brokerage firm, bank, dealer, or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the annual meeting. As a beneficial owner, you have the right to direct your broker or other agent regarding how to vote the shares in your account. You are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote your shares in person at the meeting unless you request and obtain a valid proxy from your broker or other agent.

Please contact our Investor Relations department if you would like directions to be able to attend the meeting and vote in person.

What proposals will be voted on at the Annual Meeting?

At the annual meeting, our stockholders will be asked to vote on:

1. The election of three Class II directors to serve until the 2014 annual meeting of stockholders or until their respective successors are duly elected or appointed.
2. The ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending May 31, 2012.
3. The adoption of Saba's Amended and Restated 2009 Stock Incentive Plan in order to increase the number of shares authorized thereunder from 5,900,000 shares to 6,900,000 shares.
4. An advisory vote on executive compensation.
5. An advisory vote on the frequency of holding an advisory vote on executive compensation.
6. Any other business that may properly come before the annual meeting and any adjournment or postponement thereof.

What are the recommendations of the Board of Directors?

The Board of Directors recommends a vote:

1. FOR the election of Bobby Yazdani, Dow R. Wilson and William V. Russell to serve as Class II directors through the 2014 annual meeting of stockholders.
2. FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending May 31, 2012.
3. FOR the adoption of Saba's Amended and Restated 2009 Stock Incentive Plan.

Edgar Filing: SABA SOFTWARE INC - Form DEF 14A

4. FOR the approval, on an advisory basis, of the compensation of our named executive officers.
5. FOR the approval, on an advisory basis, of an advisory vote on executive compensation every three years.
6. FOR or AGAINST other matters that come before the annual meeting, as the proxy holders deem advisable.

How do I vote my shares?

You may either vote For all the nominees to the Board of Directors or you may Withhold your vote for any nominee you specify. For the advisory vote on the frequency of holding an advisory vote on executive compensation, you may vote for One Year, Two Years, Three Years or abstain from voting. For each of the other matters to be voted on, you may vote For or Against or abstain from voting. The procedures for voting are fairly simple:

Stockholder of Record: Shares Registered in Your Name

If you are a stockholder of record, you may vote in person at the annual meeting, or by proxy via the Internet, by telephone or by mailing the enclosed proxy card. Whether or not you plan to attend the meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

To vote in person, come to the annual meeting and we will give you a ballot when you arrive.

To vote using the proxy card, complete, sign and date the enclosed proxy card and return it promptly in the envelope provided. If you return your signed proxy card to us before the annual meeting, we will vote your shares as you direct.

To vote via the Internet or by telephone, follow the instructions set forth on the enclosed proxy card. Stockholders submitting proxies over the Internet or by telephone should not mail the proxy card.

Beneficial Owner: Shares Registered in the Name of Broker or Bank

If you are a beneficial owner of shares registered in the name of your broker, bank, or other agent, you should have received a proxy card and voting instructions with these proxy materials from that organization rather than from us. Simply complete and mail the proxy card to ensure that your vote is counted. To vote in person at the annual meeting, you must obtain a valid proxy from your broker, bank, or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker or bank to request a proxy form.

What are broker non-votes ?

Broker non-votes occur when shares held by a broker, bank, or other nominee in street name for a beneficial owner are not voted with respect to a particular proposal because the broker, bank, or other nominee (1) has not received voting instructions from the beneficial owner and (2) lacks discretionary voting power to vote those shares with respect to that particular proposal, or has discretionary voting power but does not vote. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker, bank or other nominee holding the shares. If the beneficial owner does not provide voting instructions, a broker governed by New York Stock Exchange (NYSE) Rule 452 can use its discretionary voting power to vote the shares with respect to matters that are considered to be routine, but not with respect to non-routine matters. Under current NYSE rules, routine matters include, among other things, the ratification of the appointment of independent auditors. Under current NYSE rules, non-routine matters include, among others, the election of directors and the adoption of equity incentive plan, the advisory vote on executive compensation and the advisory vote on the frequency of holding an advisory vote on executive compensation. Brokers, banks and other nominees that do not have discretionary voting power cannot vote the shares without voting instructions from the beneficial owner, regardless of whether the matters are considered routine or non-routine. Shares registered in street name for which proxies are voted or marked abstain on some, but not all, matters to come before the annual meeting will be counted as present for quorum purposes, but will not be considered as voting as to those matters with respect to which no vote is indicated.

Neither our Certificate of Incorporation nor our bylaws addresses the treatment of broker non-votes or abstentions.

What constitutes a quorum?

A majority of the outstanding shares of our common stock as of the record date must be present at the annual meeting in order to hold the annual meeting and conduct business. This is called a quorum. All shares present in person or represented by proxy shall be counted as being present at the annual meeting, including properly executed proxies marked abstain as well as broker non-votes.

What is the voting requirement to approve each of the proposals?

Proposal No. 1. The nominees for Class II directors receiving the greatest number of affirmative votes of the shares of our common stock present in person, or represented by proxy, and entitled to vote at the annual meeting will be elected as Class II directors, provided a quorum is present and voting. Because directors are elected by a plurality vote (whereby the candidates receiving the greatest number of affirmative votes cast will be elected), abstentions and broker non-votes, if any, will not be counted toward a nominee's total and therefore will have no effect on the results of the election of the nominees. Brokers, banks, and other nominees holding shares for holders who have not given specific voting instructions are not permitted to vote in their discretion with respect to Proposal No. 1. If you do not instruct your broker, bank or other nominee how to vote, your broker, bank or other nominee may not vote with respect to this proposal and will report the number of shares beneficially owned by the holder as non-votes.

Proposal No. 2. Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm will require the affirmative vote of a majority of the shares of our common stock present in person, or represented by proxy, and entitled to vote at the annual meeting. If you do not provide specific voting instructions, brokers subject to NYSE Rule 452 may exercise discretionary voting power to vote your shares for or against Proposal No. 2. Broker non-votes, if any, will not be counted as having been voted on Proposal No. 2 and will have no effect on the outcome of the vote. Abstentions have the same effect as an Against vote on Proposal No. 2.

Proposal No. 3. The approval of the adoption of Saba's Amended and Restated 2009 Stock Incentive Plan requires the affirmative vote of the holders of a majority of shares present either in person or by proxy. Broker non-votes will not be counted as having been voted on Proposal No. 3 and will have no effect on the outcome of the vote. Abstentions have the same effect as an Against vote on Proposal No. 3.

Proposal No. 4. The approval, on an advisory basis, of the compensation of our named executive officers requires the affirmative vote of the holders of a majority of shares present either in person or by proxy. Broker non-votes will not be counted as having been voted on Proposal No. 4 and will have no effect on the outcome of the vote. Abstentions have the same effect as an Against vote on Proposal No. 4.

Proposal No. 5. A plurality of the votes cast will determine the stockholders' preferred frequency for holding an advisory vote on executive compensation. This means that the alternative for holding an advisory vote every year, every two years, or every three years receiving the greatest number of For votes will be the preferred frequency of the stockholders. Broker non-votes and abstentions are not counted for purposes of Proposal No. 5.

What if I return a proxy card but do not make specific choices?

For Stockholders of Record: If you return your signed proxy but do not indicate your voting preferences, your shares will be voted on your behalf For the election of the nominated director, For the ratification of the appointment of Ernst & Young LLP, For the adoption of Saba's Amended and Restated 2009 Stock Incentive Plan, For the approval, on an advisory basis, of the compensation of our named executive officers, and For the approval, on an advisory basis, of an advisory vote on executive compensation every three years. If any other matter properly comes before the stockholders for a vote at the annual meeting, the proxyholder (one of the individuals named on your proxy card) will vote your shares in accordance with his best judgment.

For Shares Held in Street Name: If your shares are held in street name, your brokerage firm, bank, broker-dealer or nominee will ask you how you want your shares to be voted. If you provide voting instructions, your shares must be voted as you direct. If you do not furnish voting instructions to brokerage firms that are governed by NYSE Rule 452, one of two things can happen, depending upon whether a proposal is routine. Under NYSE Rule 452, brokerage firms have discretion to cast votes for or against routine matters, such as the ratification of the appointment of an independent auditor, without voting instructions from their clients. Brokerage firms are not permitted, however, to cast votes on non-routine matters, such as the election of directors, the adoption of the Company's equity incentive plan, the advisory vote on executive compensation and the advisory vote on the frequency of holding an advisory vote on executive compensation, without such voting instructions. If you hold your shares in street name, it is critical that you cast your vote if you want it to count in the election of directors, for the adoption of Saba's Amended and Restated 2009 Stock Incentive Plan, for the approval, on an advisory basis, of the compensation of our named executive officers, and for the approval, on an advisory basis, of an advisory vote on executive compensation every three years.

Who will tabulate the votes?

Edgar Filing: SABA SOFTWARE INC - Form DEF 14A

A representative of Broadridge Financial Solutions will act as the inspector of elections for the annual meeting and will tabulate the stockholder votes, abstentions and broker non-votes at the meeting.

Can I change my vote after submitting my proxy?

You may revoke your proxy at any time before the final vote at the annual meeting. You may do so by one of the following three ways:

if you voted your proxy by mail, by submitting another proxy card bearing a later date or by sending a written notice of revocation to our Secretary at 2400 Bridge Parkway, Redwood Shores, California 94065-1166;

if you voted your proxy via the Internet or by telephone, by voting again using the same method used for the original vote (i.e. the Internet or telephone) so long as you retain the proxy card referencing your voter control number; or

attending AND voting in person at the annual meeting.

Who is paying for this proxy solicitation?

Saba is making the proxy solicitation and, accordingly, we will pay for the entire cost of soliciting proxies. In addition to these mailed proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies. We may also reimburse brokerage firms, banks and other agents for the cost of forwarding proxy materials to beneficial owners.

How can I find out the voting results?

We will announce the preliminary results at the annual meeting and publish the final results in a Current Report on Form 8-K within four business days after the end of the meeting.

How can I avoid having duplicate copies of the proxy statements sent to my household?

Some brokers and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports, which results in cost savings for us. The practice of "householding" means that only one copy of the proxy statement and annual report will be sent to multiple stockholders in a stockholder's household unless we have received contrary instructions from an applicable stockholder. Upon written or oral request, we will promptly deliver a separate copy of either document to any stockholder who contacts our Investor Relations department at 2400 Bridge Parkway, Redwood Shores, California 94065-1166 (telephone (650) 779-2791) requesting such copies. If a stockholder is receiving multiple copies of the proxy statement and annual report at the stockholder's household and would like to receive a single copy of those documents for a stockholder's household in the future, that stockholder should contact his, her or its broker, other nominee record holder, or our Investor Relations department (at the address or telephone number above) to request mailing of a single copy of the proxy statement and annual report.

When are stockholder proposals due for next year's annual meeting?

You may submit proposals, including director nominations, for consideration at future stockholder meetings.

Requirements for stockholder proposals to be considered for inclusion in our proxy materials Stockholders may present proper proposals for inclusion in our proxy statement and for consideration at the next annual meeting of our stockholders by submitting their proposals in writing to our Secretary in a timely manner. In order to be included in the proxy statement for the 2012 annual meeting of stockholders, stockholder proposals must be received by our Secretary no later than May 29, 2012 and no earlier than March 30, 2012, and must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the Exchange Act).

Requirements for stockholder proposals to be brought before an annual meeting If a stockholder is not seeking inclusion of a proposal in our proxy statement, but would like to bring a proposal before the meeting the stockholder must provide to our Secretary timely written notice of the proposal. To be timely for our 2012 annual meeting of stockholders, a stockholder's notice must be delivered to or mailed and received at 2400 Bridge Parkway, Redwood Shores, California 94065-1166 not less than 90 days prior to the date of the annual meeting. A stockholder's notice to the Secretary must set forth as to each matter the stockholder proposes to bring before the annual meeting (i) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (ii) the name and record address of the stockholder proposing such business, (iii) the class and number of our shares which are beneficially owned by the stockholder, and (iv) any material interest of the stockholder in such business. We do not intend to entertain any proposals or nominations at the annual meeting that do not meet the requirements set forth in our bylaws. If the stockholder does not also comply with the requirements of Rule 14a-4(c)(1) under the Exchange Act, in particular by providing notice of a matter on or before August 12, 2012, we may exercise discretionary voting authority under proxies that we solicit to vote in accordance with our best judgment on any such stockholder proposal or nomination.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR STOCKHOLDERS MEETING TO BE HELD ON NOVEMBER 16, 2011

The notice of annual meeting of stockholders, this proxy statement and the Company's Annual Report on Form 10-K for the fiscal year ended May 31, 2011, are available free of charge at <http://investors.saba.com>. Information on our website, other than these materials, is not a part of these proxy solicitation materials.

PROPOSAL NO. 1

The number of directors on our Board of Directors is currently fixed at nine. Our Certificate of Incorporation divides our Board of Directors into three classes designated Class I, Class II and Class III. The members of each class of directors serve staggered three-year terms. Our Board of Directors has nominated Bobby Yazdani, Dow R. Wilson and William V. Russell for election as Class II directors. PROPOSAL NO. 2**RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC****ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has selected and the Board of Directors has ratified Ernst & Young LLP, an independent registered public accounting firm, as our independent registered public accounting firm for the fiscal year ending May 31, 2012. Ernst & Young LLP has audited our financial statements for each fiscal period since our inception in 1997. Representatives of Ernst & Young LLP are expected to attend the annual meeting, where they will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

The submission of this matter for ratification by our stockholders is not legally required; however, the Board of Directors believes that such submission is consistent with best practices in corporate governance and is an opportunity for stockholders to provide direct feedback to the Board of Directors on an important issue of Corporate Governance. If the stockholders fail to ratify the selection of Ernst & Young LLP, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time if it determines that such a change would be in our best interests and in the best interests of our stockholders.

We have been informed by Ernst & Young LLP that they are not aware of any relationships between Ernst & Young LLP and us that, in their professional judgment, may reasonably be thought to bear on their independence. In making its recommendation to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending May 31, 2012, the Audit Committee has considered whether services other than audit and audit-related services provided by Ernst & Young LLP are compatible with maintaining the independence of Ernst & Young LLP.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING MAY 31, 2012.

Principal Accounting Fees and Services

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by the independent registered public accounting firm. Under the policy, pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. For each proposed service, the independent registered public accounting firm is required to provide detailed back-up documentation at the time of approval.

PROPOSAL NO. 3

APPROVAL OF THE ADOPTION OF SABA S

AMENDED AND RESTATED 2009 STOCK INCENTIVE PLAN

Our Board of Directors is recommending that stockholders approve the adoption of Saba s Amended and Restated 2009 Stock Incentive Plan (the Amended 2009 Stock Plan) to (i) increase the number of shares authorized thereunder from 5,900,000 shares to 6,900,000 shares, and (ii) provide that the grant of a full value award following stockholder approval of the Amended 2009 Stock Plan will count against the share reserve as 1.98 shares for every one share subject to such full value award.

Our Board of Directors adopted the Amended and Restated 2009 Stock Plan in September 2011, subject to approval by our stockholders of this Proposal No. 3.

If the Amended 2009 Stock Plan is approved and becomes effective, the aggregate number of shares available for issuance (including shares subject to awards outstanding on August 31, 2011) under the Amended 2009 Stock Plan will be 3,443,075, representing approximately 12% of our outstanding common stock on August 31, 2011.

In order to address potential stockholder concerns regarding the number of options, stock appreciation rights or other stock awards we grant in a given year, management intends that over the next three fiscal years beginning June 1, 2011, the Company will not grant a number of shares subject to options, stock appreciation rights or other stock awards to employees or nonemployee directors at an average rate greater than 7.26% of the number of weighted common shares outstanding over such three year period. For purposes of calculating the number of shares granted in a year, any full value awards other than options will count as equivalent to 2.5 shares.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE ADOPTION OF SABA S AMENDED AND RESTATED 2009 STOCK INCENTIVE

Equity Incentives Are an Important Part of Our Compensation Philosophy

Approval of the Amended 2009 Stock Plan is critical to our ongoing effort to build stockholder value through retaining and motivating key employees. The purpose of the increase in available shares under the existing Amended and Restated 2009 Stock Incentive Plan (the Existing 2009 Stock Plan) is to provide us with a sufficient reserve of common stock to offer appropriate incentives to our employees, consultants and directors.

The Board believes that an adequate reserve of shares available for issuance under the Amended 2009 Stock Plan is essential to the Company s continued success. Specifically, the Board believes that our employees are our most valuable assets and that the awards permitted under the Amended 2009 Stock Plan are vital to our ability to attract and retain outstanding and highly skilled individuals in the extremely competitive labor markets in which we compete. Such awards are also crucial to our ability to motivate employees to achieve our goals. Our Board further believes that long-term incentive compensation programs align the interests of management, employees and the stockholders to create long-term

stockholder value.

Few Shares Remain Available for Grant

As of August 31, 2011, the Amended 2009 Stock Plan had 2,443,075 shares remaining available for grant. As a result, we are limited in our ability to issue equity-based incentives to our named executive officers (as defined in this proxy statement), key employees, consultants or our directors unless our stockholders approve of an increase in the authorized shares available for issuance under the Amended 2009 Stock Plan. Our use of equity-based incentives increased during fiscal year 2011 in part to support our key growth initiative of expanding sales coverage and marketing support, which resulted in a new hire level of 30% of our total

headcount for fiscal year 2011. The increased hiring activity resulted in the granting of additional equity-based incentives during the fiscal year.

While we could increase cash compensation if we are unable to grant equity incentives, we have taken measures to conserve our use of cash and anticipate that we will have difficulty attracting, retaining, and motivating our named executive officers, our key employees and our directors if we are unable to make equity grants to them. Equity awards are a more effective executive compensation vehicle than cash at a growth-oriented, entrepreneurial company because they deliver high potential value with a smaller impact on current income and cash flow. Therefore, we are asking our stockholders to approve the Amended 2009 Stock Plan.

We Manage Our Use of Equity Awards

We continue to believe that equity awards such as stock options are a vital part of our overall compensation program. However, we recognize that equity awards dilute existing stockholders and therefore we must responsibly manage the growth of our equity compensation program. We are committed to effectively managing our equity compensation share reserve, including our burn rate.

We note that our Amended 2009 Stock Plan contains provisions that are designed to protect our stockholders' interests and to reflect compensation and corporate governance best practices, including:

No discount stock options or stock appreciation rights. All stock options and stock appreciation rights will have an exercise price equal to or greater than the fair market value of our common stock on the date the stock option or stock appreciation right is granted.

Repricing is not allowed. The Amended 2009 Stock Plan prohibits the repricing or exchange of underwater stock options and stock appreciation rights without prior stockholder approval.

Reasonable share counting provisions. Following stockholder approval of the Amended 2009 Stock Plan, full value grants will count against the share reserve as 1.98 shares for every one share subject to such full value award.

Information Regarding Shares Outstanding and Awards Outstanding under the Existing 2009 Stock Plan

As of August 31, 2011, we had 2,443,075 shares available for grant under the Existing 2009 Stock Plan, with a total of 6,132,924 options outstanding, with a weighted average exercise price of \$4.98 per share and a weighted average remaining term of 6.5 years, and a total of 811,129 full value awards outstanding. As of September 19, 2011, the value of a share of our common stock was \$5.88.

Summary of the Amended 2009 Stock Plan

The following is a summary of the principal features of the Amended 2009 Stock Plan, which is attached as *Appendix A* to this proxy statement. The following summary does not purport to be a complete description of all provisions of the Amended 2009 Stock Plan and is qualified by reference to the complete text of the Amended 2009 Stock Plan.

General

The Amended 2009 Stock Plan allows the Company to make broad-based grants of stock options (non-statutory and incentive), stock appreciation rights, restricted stock, restricted stock units and dividend equivalent rights to employees, non-employee directors and consultants as key elements of compensation. The Amended 2009 Stock Plan is administered by our Board of Directors or a committee authorized by the Board of Directors in accordance with the provisions contained in the Amended 2009 Stock Plan.

Key Terms

The key terms of the Amended 2009 Stock Plan are summarized below:

Shares Authorized:	6,900,000, subject to adjustment based on stock splits or similar events.
Types of Awards:	Stock options (non-statutory and incentive), stock appreciation rights, restricted stock, restricted stock units and dividend equivalent rights.

For purposes of the authorized share reserve under the Amended 2009 Stock Plan, the grant of a stock option or stock appreciation right will count against the share reserve as one share for each one share subject to such an award. However, the grant of a full value award, which are awards other than options and stock appreciation rights, will count against the share reserve as follows:

In the case of full value awards granted following stockholder approval of the Amended 2009 Stock Plan, such awards shall count as 1.98 shares for every one share subject to an award. Therefore, a grant of 100 shares of restricted stock shall count as 198 shares against the share reserve. To the extent that an award that counted as 1.98 shares against the Amended 2009 Stock Plan reserve for each share subject to the award is returned to the Amended 2009 Stock Plan, 1.98 shares will be credited back to the reserve and will be available for issuance under the Amended 2009 Stock Plan.

In the case of full value awards granted from the inception of the 2009 Stock Incentive Plan until March 18, 2011, (the effective date of the last amendment and restatement of the Existing 2009 Stock Incentive Plan), such awards shall count as 1.26 shares for every one share subject to an award. Therefore, a grant of 100 shares of restricted stock shall count as 126 shares against the share reserve. In the case of full value awards granted after March 2011 until the approval of the Amended 2009 Stock Plan, such awards shall count as 2.03 shares for every one share subject to an award. Therefore, a grant of 100 shares of restricted stock shall count as 203 shares against the share reserve. To the extent that an award that counted as 1.26 or 2.03 shares against the Amended 2009 Stock Plan reserve is returned to the Amended 2009 Stock Plan, the Amended 2009 Stock Plan shall be credited at the respective amount of either 1.26 or 2.03 shares back to the reserve and such shares will be available for future issuance under the Amended 2009 Stock Plan.

Per-person limits on grants are included in the various sections of the Amended 2009 Stock Plan under which each type of award is made in accord with Section 162(m) requirements.

Award Terms:	Options and stock appreciation rights shall have ten (10) year maximum terms. For all awards, vesting and performance vesting criteria, if applicable, will be established at the date of grant.
Eligible Participants:	Employees, non-employee directors and consultants of the Company or any of its affiliates.

Description of the Amended 2009 Stock Plan

The Amended 2009 Stock Plan provides for the grant of incentive awards that include: (i) stock options, (ii) stock appreciation rights, (iii) restricted stock, (iv) restricted stock units and (v) dividend equivalent rights. Each of these is referred to individually as an Award. Those who are eligible for Awards under the Amended 2009 Stock Plan include employees, non-employee directors and consultants who provide services to the Company and its affiliates. As of August 31, 2011, approximately 799 employees and non-employee directors were eligible to participate in the Existing 2009 Stock Plan.

Number of Shares of Common Stock Available Under the Amended 2009 Stock Plan

The Board has reserved 6,900,000 shares of the Company's common stock for issuance under the Amended 2009 Stock Plan. The shares may be either authorized, but unissued, common stock or treasury shares. With respect to full value awards granted following stockholder approval of the Amended 2009 Stock Plan, such Awards will count against the share reserve as 1.98 shares for every one share subject to such an Award. To the extent that an Award that counted as 1.98 shares against the Amended 2009 Stock Plan reserve for each share subject to the Award is returned to the Amended 2009 Stock Plan, 1.98 shares will be credited back to the reserve and will thereafter be available for issuance under the Amended 2009 Stock Plan. In the case of full value awards granted from the inception of the 2009 Stock Incentive Plan until March 18, 2011 (the effective date of the last amendment and restatement of the Existing 2009 Stock Incentive Plan), such awards shall count as 1.26 shares for every one share subject to an award. Therefore, a grant of 100 shares of restricted stock shall count as 126 shares against the share reserve. In the case of full value awards granted after March 18, 2011 until the approval of the Amended 2009 Stock Plan, such awards shall count as 2.03 shares for every one share subject to an award. Therefore, a grant of 100 shares of restricted stock shall count as 203 shares against the share reserve. To the extent that an award that counted as 1.26 or 2.03 shares against the Amended 2009 Stock Plan reserve for each share subject to the award is returned to the Amended 2009 Stock Plan at the respective amount of either 1.26 or 2.03 shares will be credited back to the reserve and will be available for issuance under the Amended 2009 Stock Plan.

If an Award expires or becomes unexercisable without having been exercised in full, the unissued shares will become available for future grant or sale under the Amended 2009 Stock Plan (unless the Amended 2009 Stock Plan has terminated). Shares that have been issued under the Amended 2009 Stock Plan pursuant to an Award shall not be returned to the Amended 2009 Stock Plan and shall not become available for future issuance under the Plan, except that if unvested shares are forfeited, or full value unvested shares are repurchased by the Company at the lower of their original purchase price or their fair market value at the time of repurchase, such shares shall become available for future grant under the Amended 2009 Stock Plan. Awards paid out in cash rather than shares will not reduce the number of shares available for issuance under the Amended 2009 Stock Plan. If a stock appreciation right is settled in shares, or a stock option is exercised using shares, such shares as well as shares that represent payment of the exercise price will cease to be available under the Amended 2009 Stock Plan. Similarly, shares withheld by the Company to satisfy any tax withholding obligation will cease to be available under the Amended 2009 Stock Plan.

If the Company declares a dividend or other distribution (other than a normal cash dividend) or engages in a recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of shares or other securities of the Company, or other change in the corporate structure of the Company affecting the Company's common stock, the Administrator (as described below) will adjust the number and class of shares that may be delivered under the Amended 2009 Stock Plan, the number, class, and price of shares covered by each outstanding Award, and the numerical per-person limits on Awards.

Administration of the Amended 2009 Stock Plan

The Board, or a committee authorized by the Board (the Board or such committee is referred to as the Administrator), administers the Amended 2009 Stock Plan. Subject to the terms of the Amended 2009 Stock Plan, the Administrator has the sole discretion to select the employees, consultants, and non-employee directors who will receive Awards, determine the terms and conditions of Awards, and to interpret the provisions of the Amended 2009 Stock Plan and outstanding Awards.

Options

The Administrator is able to grant non-statutory stock options and incentive stock options under the Amended 2009 Stock Plan. The Administrator determines the number of shares subject to each option, although

the Amended 2009 Stock Plan provides that a participant may not receive options (and/or stock appreciation rights) for more than five hundred thousand (500,000) shares in any calendar year, except in connection with his or her initial service as an employee with the Company, in which case he or she may be granted an option (and/or stock appreciation rights) to purchase up to an additional five hundred thousand (500,000) shares.

The Administrator determines the exercise price of options granted under the Amended 2009 Stock Plan, provided the exercise price must be at least equal to 100% of the fair market value of the Company's common stock on the date of grant. In addition, the exercise price of an incentive stock option granted to any participant who owns more than 10% of the total voting power of all classes of the Company's outstanding stock must be at least 110% of the fair market value of the common stock on the grant date.

The term of an option may not exceed ten (10) years, except that, with respect to any participant who owns 10% of the voting power of all classes of the Company's outstanding capital stock, the term of an incentive stock option may not exceed five (5) years.

After a termination of service with the Company, a participant will be able to exercise the vested portion of his or her option for the period of time stated in the agreement governing his or her Award. No incentive stock option may be exercised more than three (3) months after the participant's termination of service for any reason other than disability or death (unless the participant dies during such three (3) month period and/or the participant's agreement governing his or her Award, or the Administrator, permits later exercise). No incentive stock option may be exercised more than one (1) year after the participant's termination of service due to disability or death (unless the participant's agreement governing his or her Award, or the Administrator, permits later exercise). In no event may an option be exercised later than the expiration of its term.

Stock Appreciation Rights

The Administrator will be able to grant stock appreciation rights, which are the rights to receive the appreciation in fair market value of common stock between the exercise date and the date of grant. The Company can pay the appreciation in either cash or shares of common stock or a combination of both. Stock appreciation rights will become exercisable at the times and on the terms established by the Administrator, subject to the terms of the Amended 2009 Stock Plan. The Administrator, subject to the terms of the Amended 2009 Stock Plan, has complete discretion to determine the terms and conditions of stock appreciation rights granted under the Amended 2009 Stock Plan; provided, however, that the exercise price may not be less than 100% of the fair market value of a share on the date of grant. The term of a stock appreciation right may not exceed ten (10) years. No participant will be granted stock appreciation rights (and/or options) covering more than five hundred thousand (500,000) shares during any calendar year, except that a participant may be granted stock appreciation rights (and/or options) covering up to an additional five hundred thousand (500,000) shares in connection with his or her initial service as an employee with the Company.

After termination of service with the Company, a participant will be able to exercise the vested portion of his or her stock appreciation right for the period of time stated in the agreement governing his or her stock appreciation right. If a participant dies prior to the exercise of his or her stock appreciation rights, the Administrator, in its discretion, may provide that the stock appreciation rights will be exercisable for up to one (1) year after the date of death. In no event will a stock appreciation right be exercised later than the expiration of its term.

Restricted Stock

Awards of restricted stock are rights to acquire or purchase shares of the Company's common stock, which vest in accordance with the terms and conditions established by the Administrator in its sole discretion. For example, the Administrator may set restrictions based upon continued

Edgar Filing: SABA SOFTWARE INC - Form DEF 14A

employment or service with the Company, the achievement of specific performance goals, applicable laws, or any other basis determined by the Administrator in its discretion. Subject to the provisions of the Amended 2009 Stock Plan, after the grant of

restricted stock, the Administrator, in its sole discretion, may reduce or waive any restrictions for such Award and may accelerate the time at which any restrictions will lapse at a rate determined by the Administrator.

The Award agreement governing the grant of the restricted stock will generally grant the Company a right to repurchase or reacquire the shares upon the termination of the participant's service with the Company for any reason (including death or disability). The Administrator will determine the number of shares granted pursuant to an Award of restricted stock. With respect to restricted stock intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), the Administrator, in its discretion, may set restrictions based upon the achievement of specific performance objectives. The Administrator shall determine the number of shares of restricted stock granted to any participant, but no participant will be granted more than two hundred fifty thousand (250,000) shares of restricted stock (and/or restricted stock units) during any calendar year.

Restricted Stock Units

Awards of restricted stock units result in a payment to a participant only if the vesting criteria the Administrator establishes is satisfied. For example, the Administrator may set restrictions based on the achievement of specific performance goals or upon continued employment or service with the Company. Upon satisfying the applicable vesting criteria, the participant will be entitled to the payout specified in the Award agreement. Subject to the provisions of the Amended 2009 Stock Plan, after the grant of restricted stock units, the Administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such Award and may accelerate the time at which any restrictions will lapse at a rate determined by the Administrator.

The Administrator, in its sole discretion, may pay earned restricted stock units in cash, shares, or a combination thereof. Restricted stock units that are fully paid in cash will not reduce the number of shares available for grant under the Amended 2009 Stock Plan. On the date set forth in the Award agreement, all unearned restricted stock units will be forfeited to the Company. The Administrator determines the number of restricted stock units granted to any participant. With respect to restricted stock units intended to qualify as performance-based compensation under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of specific performance objectives. The Administrator shall determine the number of restricted stock units granted to any participant, but no participant may be granted more than two hundred fifty thousand (250,000) restricted stock units (and/or shares of restricted stock) during any calendar year.

Dividend Equivalent Rights

Dividend equivalent rights are rights entitling the participant to compensation measured by dividends paid with respect to our shares of common stock. Any compensation earned in connection with a dividend equivalent rights granted in combination with an award intended to be performance-based compensation shall be settled when the performance criteria applicable to such award has been achieved.

Performance Goals

Awards under the Amended 2009 Stock Plan may be made subject to the attainment of performance goals relating to one or more business criteria within the meaning of Section 162(m) of the Code and may provide for a targeted level or levels of achievement including: (i) increase in share price, (ii) earnings per share, (iii) total stockholder return, (iv) operating margin, (v) gross margin, (vi) return on equity, (vii) return on assets, (viii) return on investment, (ix) operating income, (x) net operating income, (xi) pre-tax profit, (xii) cash flow, (xiii) revenue, (xiv) expenses, (xv) earnings before interest, taxes and depreciation, (xvi) economic value added and/or (xvii) market share. In granting Awards that are intended to qualify under Section 162(m) of the Code, the Administrator will follow any procedures determined by it from time to time

to be necessary or appropriate to ensure qualification of the Awards under Section 162(m) of the Code.

Transferability of Awards

Awards granted under the Amended 2009 Stock Plan are generally not transferable, and all rights with respect to an Award granted to a participant generally will be available during a participant's lifetime only to the participant. If the Administrator makes an Award transferable, such Award will contain such additional terms and conditions as the Administrator deems appropriate, subject to Amended 2009 Stock Plan provisions generally limiting transfer to certain family members and charitable organizations.

No Repricings without Stockholder Approval

Under the Amended 2009 Stock Plan, the Company must obtain stockholder approval prior to (a) the reduction of the exercise price or base appreciation amount of any option or stock appreciation right awarded under the Amended 2009 Stock Plan, or (b) the cancellation of an option or stock appreciation right at a time when its exercise price or base appreciation amount exceeds the fair market value of the underlying shares, in exchange for cash, another option, stock appreciation right, award of restricted stock or other Award (unless the cancellation and exchange occurs in connection with a corporate transaction, as defined in the Amended 2009 Stock Plan).

Amendment and Termination of the Amended 2009 Stock Plan

The Administrator will have the authority to amend, suspend or terminate the Amended 2009 Stock Plan. No amendment, suspension or termination of the Amended 2009 Stock Plan will impair the rights of any participant, without the consent of the participant. The Amended 2009 Stock Plan will remain in effect until September 9, 2019 unless sooner terminated pursuant to the provisions of the Amended 2009 Stock Plan.

Corporate Transaction

In the event of a corporate transaction, as defined in the Amended 2009 Stock Plan, each outstanding Award will terminate unless (i) such Award is assumed by the successor corporation or any of its parents or subsidiaries, (ii) the participant's agreement governing his or her Award provides otherwise, or (iii) the Administrator shall otherwise determine.

Federal Tax Aspects

The following paragraphs are a summary of the general federal income tax consequences to U.S. taxpayers and the Company of Awards granted under the Amended 2009 Stock Plan. Tax consequences for any particular individual may be different.

Non-statutory Stock Options

Edgar Filing: SABA SOFTWARE INC - Form DEF 14A

No taxable income is reportable when a non-statutory stock option with an exercise price equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the shares purchased over the exercise price of the option. Any taxable income recognized in connection with an option exercise by an employee of the Company is subject to tax withholding by the Company. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Incentive Stock Options

No taxable income is reportable when an incentive stock option is granted or exercised (except for purposes of the alternative minimum tax, in which case taxation is the same as for non-statutory stock options). If the

participant exercises the option and then later sells or otherwise disposes of the shares more than two years after the grant date and more than one year after the exercise date, the difference between the sale price and the exercise price will be taxed as capital gain or loss. If the participant exercises the option and then later sells or otherwise disposes of the shares before the end of the two- or one-year holding periods described above, he or she generally will have ordinary income at the time of the sale equal to the fair market value of the shares on the exercise date (or the sale price, if less) minus the exercise price of the option. This taxable income is not subject to income tax withholding.

Stock Appreciation Rights

No taxable income is reportable when a stock appreciation right with an exercise price equal to the fair market value of the underlying stock on the date of grant is granted to a participant. Upon exercise, the participant will recognize ordinary income (subject to withholding) in an amount equal to the amount of cash received and the fair market value of any shares received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock and Restricted Stock Units

A participant generally will not have taxable income at the time an Award of restricted stock or restricted stock units are granted. Instead, in the case of restricted stock, he or she will recognize ordinary income when (and to the extent that) his or her interest in the shares underlying the Award becomes either (i) freely transferable, or (ii) no longer subject to substantial risk of forfeiture. In the case of restricted stock units, he or she will generally recognize ordinary income when (and to the extent that) the Award is settled.

Dividend Equivalent Rights

A participant will generally have income when the dividend equivalent right is payable to the participant.

Tax Effect for the Company

The Company generally will be entitled to a tax deduction in connection with an Award under the Amended 2009 Stock Plan in an amount equal to the ordinary income realized by a participant and at the time the participant recognizes such income (for example, the exercise of a non-statutory stock option). Special rules limit the deductibility of compensation paid to the Company's Chief Executive Officer and to each of its three most highly compensated executive officers. Under Section 162(m) of the Code, the annual compensation paid to any of these specified executives will be deductible only to the extent that it does not exceed \$1,000,000. However, the Company can preserve the deductibility of certain compensation in excess of \$1,000,000 if the conditions of Section 162(m) are met. These conditions include stockholder approval of the Amended 2009 Stock Plan, setting limits on the number of Awards that any individual may receive and for Awards other than certain stock options, establishing performance criteria that must be met before the Award actually will vest or be paid. The Amended 2009 Stock Plan has been designed to permit the Administrator to grant Awards that qualify as performance-based for purposes of satisfying the conditions of Section 162(m), thereby permitting the Company to continue to receive a federal income tax deduction in connection with such Awards.

Section 409A

Edgar Filing: SABA SOFTWARE INC - Form DEF 14A

Section 409A of the Code, which was added by the American Jobs Creation Act of 2004, imposes certain requirements on non-qualified deferred compensation arrangements. These include requirements with respect to an individual's election to defer compensation and the individual's selection of the timing and form of distribution of the deferred compensation. Section 409A also generally provides that distributions may be made only on specified dates or on or following the occurrence of certain events (e.g., the individual's separation from service or the individual's death). Section 409A imposes restrictions on an individual's ability to change his or

her distribution timing or form after the compensation has been deferred. For certain individuals who are officers, Section 409A requires that such individual's distributions in connection with a separation from service commence no earlier than six months after such officer's separation from service.

Awards granted under the Amended 2009 Stock Plan with a deferral feature will generally be subject to the requirements of Section 409A. If an Award is subject to and fails to satisfy the requirements of Section 409A, the recipient of that Award will recognize ordinary income on the amounts deferred under the Award, to the extent vested, which may be prior to when the compensation is actually or constructively received. Also, if an Award that is subject to Section 409A fails to comply with Section 409A's provisions, Section 409A imposes an additional 20% federal income tax on compensation recognized as ordinary income, as well as possible interest charges and penalties. Certain states have enacted laws similar to Section 409A which impose additional taxes, interest and penalties on non-qualified deferred compensation arrangements. The Company will also have withholding and reporting requirements with respect to such amounts.

THE FOREGOING IS ONLY A SUMMARY OF THE EFFECT OF FEDERAL INCOME TAXATION UPON PARTICIPANTS AND THE COMPANY WITH RESPECT TO THE GRANT AND EXERCISE OF AWARDS UNDER THE AMENDED 2009 STOCK PLAN. IT DOES NOT PURPORT TO BE COMPLETE, AND DOES NOT DISCUSS THE TAX CONSEQUENCES OF A PARTICIPANT'S DEATH OR THE PROVISIONS OF THE INCOME TAX LAWS OF ANY MUNICIPALITY, STATE OR FOREIGN COUNTRY IN WHICH THE PARTICIPANT MAY RESIDE.

CORPORATE GOVERNANCE

Code of Ethics and Business Code of Conduct

We have adopted a Code of Ethics that applies to, among others, our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions, which is designed to qualify as a "code of ethics" within the meaning of Section 406 of the Sarbanes-Oxley Act of 2002 and the rules promulgated thereunder. We have also adopted a Business Code of Conduct which applies to all of our employees, including our officers and directors. The Code of Ethics and the Business Code of Conduct are available on our website at <http://investors.saba.com/governance.cfm>. To the extent required by law or the listing rules of The NASDAQ Stock Market LLC ("Nasdaq"), any amendments to, or waivers from, any provision of the Code of Ethics or Business Code of Conduct will be promptly disclosed to the public. To the extent permitted by such legal requirements, we intend to make such public disclosure by posting the relevant material on our website, the address of which is set forth above, in accordance with Securities and Exchange Commission rules.

Independence of the Board of Directors

Our Board of Directors has determined that, with the exception of Bobby Yazdani, all of its other current and recent past members meet and have met the definition of "independent director" as that term is defined in the Nasdaq listing rules. Mr. Yazdani, our Chairman and Chief Executive Officer, is not an independent director by virtue of his employment with us.

In making this determination, our Board of Directors found that none of the directors or nominees for director had a material or other disqualifying relationship with us. In determining the independence of Messrs. Kiani and Wilson, our Board of Directors took into account the fact that they serve as executive officers at companies that are our customers, and the amounts paid to us by such customers. The Board does not believe that these relationships would interfere with Messrs. Kiani's or Wilson's exercise of independent judgment in carrying out their responsibilities as a director.

Leadership Structure of the Board of Directors

Our Board of Directors believes that our current practice of combining the roles of Chairman of the Board and Chief Executive Officer, which are held by Mr. Yazdani, provides an effective leadership structure for our company given the size of our Board, Mr. Yazdani's role in founding our company and his extensive knowledge of our business and industry. As Chief Executive Officer, Mr. Yazdani is intimately involved in our day-to-day operations and thus is in a position to elevate important business issues for consideration by the Board.

In addition, our Board of Directors has a lead director position, which is held by Dow R. Wilson. Mr. Wilson's duties as lead director, which are set forth in the lead director charter, including presiding over sessions of the independent directors. The lead director charter is available on our website at <http://investors.saba.com/governance.cfm>. Our Board of Directors has determined that Mr. Wilson is an independent director within the meaning of Rule 5605(a)(2) of the Nasdaq Marketplace Rules.

Meetings and Committees of the Board of Directors

During our fiscal year ended May 31, 2011, our Board of Directors met 9 times. No current director attended fewer than 75% of all the meetings of the Board of Directors and its committees on which he served after becoming a member of the Board of Directors. The Board of Directors has three standing committees: the Audit Committee, the Compensation Committee and the Corporate Governance and Nominating Committee. The current members of these standing committees are identified in the table below:

Director	Audit	Compensation	Corporate Governance and Nominating Committee
Michael R. Abbott		X	
Nora Denzel			X
Michael Fawkes	X		Chair
Joe E. Kiani			X
William M. Klein	Chair		
William N. MacGowan		Chair	
William V. Russell	X	X	
Dow R. Wilson

The Audit Committee

During our fiscal year ended May 31, 2011, the Audit Committee held 7 meetings. The Audit Committee oversees our accounting and financial reporting processes and audits of our financial statements. The Audit Committee reviews, acts on and reports to our Board of Directors with respect to various auditing and accounting matters. The Audit Committee reviews and monitors our corporate financial reporting and external audits, including, among other things, our internal control functions, the results and scope of the annual audit and other services provided by our independent registered public accounting firm and our compliance with legal matters that have significant impact on our financial reports. In addition, the Audit Committee is responsible for the appointment and oversight of our independent registered public accounting firm, including with respect to setting compensation for our independent registered public accounting firm. See Report of the Audit Committee of the Board of Directors on page 46 of this proxy statement. Our Board of Directors adopted and approved a charter for the Audit Committee on October 21, 1999. The charter for the Audit Committee has been subsequently amended at various times to reflect relevant provisions of the Sarbanes-Oxley Act of 2002 and Nasdaq rules. A copy of the Audit Committee charter, as amended to date, can be viewed on our website at <http://investors.saba.com/governance.cfm>.

The members of the Audit Committee currently are Messrs. Klein, Russell and Fawkes, with Mr. Klein serving as the Chairman of the Audit Committee. The Audit Committee, which has been established in accordance with Section 3(a)(58)(A) of the Exchange Act, is composed solely of non-employee directors, as such term is defined in Rule 16b-3 under the Exchange Act and the Board of Directors has determined that all members of the Audit Committee are independent as that term is defined in Rule 5605(a)(2) of the Nasdaq Marketplace Rules and are independent as that term is defined in Section 10A of Exchange Act and Rule 10A-3(b)(1) thereunder. The Board has further determined that Mr. Klein, Chairman of the Audit Committee satisfies the requirements for serving as an audit committee financial expert as defined by Item 407(d)(5)(ii) of Regulation S-K of the Exchange Act, and the Board has designated Mr. Klein as our audit committee financial expert.

The Compensation Committee

Edgar Filing: SABA SOFTWARE INC - Form DEF 14A

During our fiscal year ended May 31, 2011, the Compensation Committee held 5 meetings. The Compensation Committee's function is to assist our Board of Directors in establishing salaries, incentives and

other forms of compensation for executive officers and other key employees. The Compensation Committee receives input from both our executive officers and from compensation consultants retained from time to time regarding compensation decisions. With respect to fiscal year 2011 compensation, the Compensation Committee retained Towers Watson, Inc., an independent compensation consulting firm to assist us in evaluating our compensation practices and programs with respect to our executive officers and directors. With respect to fiscal 2012 compensation, the Compensation Committee has retained Pay Governance LLC, an independent compensation consulting firm, to assist us in evaluating our compensation practices and programs with respect to our executive officers and directors. For further discussion of our processes and procedures for considering and determining executive compensation, see Compensation Discussion and Analysis on page 32 of this proxy statement.

The members of the Compensation Committee currently are Mr. Abbott, Mr. MacGowan and Mr. Russell, with Mr. MacGowan serving as the Chairman of the Compensation Committee. Each of Messrs. Abbott, MacGowan and Russell is an independent director within the meaning of Rule 5605(a)(2) of the Nasdaq Marketplace Rules. A copy of the Compensation Committee charter, as amended to date, can be viewed on our website at <http://investors.saba.com/governance.cfm>.

The Corporate Governance and Nominating Committee

During our fiscal year ended May 31, 2011, the Corporate Governance and Nominating Committee held 3 meetings. The Corporate Governance and Nominating Committee oversees the operation of our Board of Directors, the selection, nomination and evaluation of directors, and the establishment and implementation of our policies and programs regarding internal governance and legal and ethical conduct.

The Corporate Governance and Nominating Committee is authorized to assist the Board of Directors in selecting the candidates who will be presented to our stockholders for election to serve on our Board of Directors. In the alternative, the Board of Directors may determine selections of nominees to serve on our Board of Directors.

Nominees are selected after an interview process that includes efforts to determine the qualifications and experience that the director candidate possessed in order to be able to fulfill the requirements the Board of Directors has identified as characteristics that are important for new director nominees. In reviewing potential candidates for the Board of Directors, the Board of Directors considers a range of factors, including the individual's training and industry experience with a focus on area of experience that the Board of Directors believes can be helpful to the development of our business. Some criteria that the Board of Directors considers include experience in human capital development and management solutions and related industries, the general business or other experience of the candidate, our needs for an additional or replacement director, the personality of the candidate, the candidate's interest in our business, experience in the human resources area, experience with corporate development and transactional matters, as well as numerous other subjective criteria. Of greatest importance is the individual's integrity, willingness to get involved and ability to bring to us experience and knowledge in areas that are most beneficial to us as a company. Nominees to the Board of Directors are selected only if they receive support of a majority of the independent members of the Board of Directors. The Corporate Governance and Nominating Committee from time to time engages a professional search firm, to which it pays a fee, to assist in identifying and evaluating potential nominees to the Board.

While Saba does not have a formal diversity policy, the Corporate Governance and Nominating Committee assesses the diversity of experience of the director nominees particularly in the areas of (i) management, (ii) strategic planning, (iii) accounting and finance, (iv) corporate governance and (v) experience in the software and related industries. The Corporate Governance and Nominating Committee monitors its assessment of diversity of experience as part of the annual self-evaluation process.

The Corporate Governance and Nominating Committee will consider and make recommendations to our Board of Directors regarding any stockholder recommendations for candidates to serve on our Board of

Directors. However, it has not adopted a formal process for that consideration because it believes that the informal consideration process will be adequate given the historical absence of stockholder proposals. The Corporate Governance and Nominating Committee will review periodically whether a more formal policy should be adopted. Stockholders wishing to recommend candidates for consideration by the Corporate Governance and Nominating Committee may do so by writing to our Secretary, 2400 Bridge Parkway, Redwood Shores, California 94065-1166, providing the candidate's name, biographical data and qualifications, a document indicating the candidate's willingness to act if elected, and evidence of the nominating stockholder's ownership of our common stock at least 90 days prior to the next annual meeting to assure time for meaningful consideration by the Corporate Governance and Nominating Committee.

There are no differences in the manner in which the Corporate Governance and Nominating Committee or the Board of Directors evaluates nominees for director based on whether the nominee is recommended by a stockholder.

During our fiscal year ended May 31, 2011, we did not pay a third party in consideration for its assistance in identifying and evaluating potential nominees.

The Corporate Governance and Nominating Committee operates under a written charter setting forth the functions and responsibilities of the committee. A copy of the Corporate Governance and Nominating Committee charter, as amended to date, can be viewed on our website at <http://investors.saba.com/governance.cfm>.

The members of the Corporate Governance and Nominating Committee are currently Ms. Denzel, Mr. Fawkes and Mr. Kiani, with Mr. Fawkes serving as the Chairman of the Corporate Governance and Nominating Committee. Each of Ms. Denzel, Mr. Fawkes and Mr. Kiani is an independent director within the meaning of Rule 5605(a)(2) of the Nasdaq Marketplace Rules. A copy of the Compensation Committee charter, as amended to date, can be viewed on our website at <http://investors.saba.com/governance.cfm>.

In addition to viewing our committee charters, Code of Ethics and Business Code of Conduct on our website, you may request a copy of any of our committee charters, Code of Ethics or Business Code of Conduct by submitting a written request directed to Investor Relations, Saba Software, Inc., 2400 Bridge Parkway, Redwood Shores, California 94065-1166.

The Role of the Board of Directors in the Oversight of Risk

The Board as a whole has responsibility for risk oversight, with reviews of certain areas being conducted by the relevant Board committees that report on their deliberations to the Board. The oversight responsibility of the Board and its committees is largely achieved through periodic reporting by management to the Board about the identification, assessment and management of critical risks and management's risk mitigation strategies. As part of this oversight responsibility, an enterprise risk assessment report was presented to the Board in March 2010, identifying, analyzing and rating potential key risk indicators, and an updated IT disaster recovery plan was presented in the Audit Committee and the Board in July 2010.

Compensation Committee Interlocks and Insider Participation

No members of our Compensation Committee are or have been officers or employees of Saba. No interlocking relationship exists between our Board of Directors or Compensation Committee and the Board of Directors or compensation committee of any other company, nor has such an

interlocking relationship existed in the past.

Relationships Among Directors or Executive Officers

There are no family relationships among any of the directors or executive officers of the Company.

Attendance at Annual Stockholder Meetings by the Board of Directors

We encourage, but do not require, the members of our Board of Directors to attend the annual meeting of stockholders. None of our independent directors attended the 2010 annual meeting of stockholders.

Communication between Stockholders and Directors

Our Board of Directors currently does not have a formal process for stockholders to send communications to the Board of Directors. Nevertheless, every effort has been made to ensure that the views of stockholders are heard by our Board of Directors or individual directors, as applicable, and that appropriate responses are provided to stockholders on a timely basis. Our Board of Directors does not recommend that formal communication procedures be adopted at this time because it believes that informal communications are sufficient to communicate questions, comments and observations that could be useful to our Board of Directors. However, stockholders wishing to formally communicate with our Board of Directors may send communications directly to Bobby Yazdani, Chairman of the Board, c/o Saba Software, Inc., 2400 Bridge Parkway, Redwood Shores, California 94065-1166.

PROPOSAL NO. 4

**ADVISORY VOTE TO APPROVE THE COMPENSATION OF
SABA'S NAMED EXECUTIVE OFFICERS**

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act"), the stockholders of Saba are entitled to cast an advisory vote at the annual meeting to approve the compensation of Saba's named executive officers, as disclosed in this proxy statement. Pursuant to the Dodd-Frank Act, the stockholder vote is an advisory vote only and is not binding on Saba or its Board of Directors.

Although the vote is non-binding, the Compensation Committee and the Board of Directors value your opinion and will consider the outcome of the vote in establishing compensation philosophy and making future compensation decisions.

We are requesting your non-binding vote on the following resolution:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's proxy statement for the 2011 annual meeting of stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and other related table and disclosures.

OUR BOARD OF DIRECTORS RECOMMENDS A VOTE *FOR* THIS RESOLUTION.

PROPOSAL NO. 5

ADVISORY VOTE ON THE FREQUENCY OF THE STOCKHOLDER VOTE TO APPROVE THE COMPENSATION OF SABA'S NAMED EXECUTIVE OFFICERS

Periodically, Saba will include in the proxy materials for a meeting of stockholders where compensation disclosure is required a resolution subject to a non-binding stockholder vote to approve the compensation of named executive officers.

We are requesting your non-binding vote to determine whether a vote on the type of resolution described above will occur every one, two, or three years.

The Company believes that the stockholder non-binding vote should occur every three years. A three-year vote cycle gives the Board of Directors sufficient time to thoughtfully consider the results of the advisory vote and to implement any desired changes to our executive compensation policies and procedures. In addition, a three-year cycle will provide investors sufficient time to evaluate the effectiveness of our short- and long-term compensation strategies and the related business outcomes of Saba.

Although the vote is non-binding, our Board of Directors will take into account the outcome of the vote when making future decisions about Saba's executive compensation programs and practices.

Stockholders may cast a vote on the preferred voting frequency by selecting the option of one year, two years, three years or abstaining from the vote, when voting in response to the resolution set forth below.

RESOLVED, that the stockholders determine, on an advisory basis, whether the preferred frequency of an advisory vote on the executive compensation of the Company's named executive officers as set forth in the Company's proxy statement should be every year, every two years, or every three years.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EVERY *THREE (3) YEARS* FOR THE ADVISORY STOCKHOLDER VOTE TO APPROVE THE COMPENSATION OF SABA'S NAMED EXECUTIVE OFFICERS.

Compensation Discussion and Analysis

Objectives of Our Compensation Policies. The objectives of the executive officer compensation program are to attract, retain, motivate and reward key personnel who possess the necessary leadership and management skills, through competitive base salary, annual cash bonus incentives, long-term incentive compensation in the form of stock options and restricted stock units, and various benefits, including medical and life insurance plans.

The executive compensation policies are intended to combine competitive levels of compensation and rewards for above average performance and to align relative compensation with the achievements of key business objectives, optimal satisfaction of customers and maximization of stockholder value. The Compensation Committee believes that stock ownership by management is beneficial in aligning management and stockholder interests, thereby enhancing stockholder value.

Role of the Compensation Committee. The Compensation Committee assists our Board of Directors in overseeing our compensation policies, plans and benefit programs and administering our equity compensation plans. In addition, the Compensation Committee reviews and recommends to our Board of Directors for approval the specific elements of our executive officers' compensation, as well as agreements or arrangements with our executive officers relating to employment, severance or changes of control. In doing so, our Compensation Committee helps ensure that the compensation of our executive officers is consistent with our compensation objectives.

Role of Executives in Determining Compensation. The Compensation Committee considers recommendations from Bobby Yazdani, our chief executive officer, in determining its recommendations on executive compensation to our Board of Directors. While Mr. Yazdani discusses his recommendations with the Compensation Committee, he does not participate in determining his own compensation. In making his recommendations, Mr. Yazdani receives input from our Human Resources department and has access to various third-party compensation surveys and, through Securities and Exchange Commission filings, compensation data of publicly-traded companies. This information is also available to our Compensation Committee.

The Compensation Committee considers, but is not bound to and does not always accept, Mr. Yazdani's recommendations with respect to executive compensation. The Compensation Committee discusses Mr. Yazdani's compensation with him, but makes decisions with respect to his compensation without him present. In addition to Mr. Yazdani, other officers attend some of the Compensation Committee's meetings, but leave the meetings as appropriate, particularly when matters of executive compensation specific to them are discussed.

The recommendations of Mr. Yazdani are assessed by the Compensation Committee along with information received by the Compensation Committee from our third-party compensation surveys or any third-party consultants engaged by the Compensation Committee. With respect to fiscal year 2011 compensation, the Compensation Committee directly engaged Pay Governance LLC, an independent executive compensation

consulting firm, to conduct an annual review of its total compensation program for our Named Executive

Officers (as defined below in this proxy statement). Pay Governance LLC provided the Compensation Committee with relevant market data and alternatives to consider when making compensation decisions for the Named Executive Officers. Specifically, Pay Governance LLC assisted the Compensation Committee with a marketplace assessment of our Named Executive Officers' compensation in comparison to the compensation for comparable positions within our core and broader groups which consisted of the following: Actuate Corporation, Callidus Software, Inc., Concur Technologies, Inc., Constant Contact, Inc., DemandTec, Inc., Dice Holdings, Inc., Kenexa Corp., NetSuite, SuccessFactors, Inc., Synchronoss Technologies, Inc., Taleo Corp., The Ultimate Software Group, Inc. and Vocus, Inc. Pay Governance LLC also reviewed and analyzed compensation data compiled from a directly-relevant published survey source, the Radford April 2010 Executive Compensation Report (which included public and private technology companies with a revenue range of \$50 million to \$199 million).

Components of our Compensation Approach. Our compensation approach consists of five components:

base salary;

annual cash bonuses;

equity-based incentives;

other benefits; and

severance and termination protection.

We chose to build our executive compensation approach around these elements because we believe that together they have been and will continue to be effective in achieving our overall objectives. We utilize short-term compensation, including base salary and annual cash bonuses, to motivate and reward our key executives. The use and weight of each compensation element is based on a subjective determination by the Compensation Committee and our Board of Directors of the importance of each element in meeting our overall objectives. We believe that, in addition to base salaries and bonuses, equity-based awards are the primary compensation-related motivators in attracting and retaining qualified employees.

Base Salaries. Salaries for our executive officers are determined primarily on the basis of the executive officer's responsibility, general salary practices of peer companies and the officer's individual qualifications and experience. The base salaries are reviewed at least annually and may be adjusted in accordance with certain criteria which include individual performance, the functions performed by the executive officer, the scope of the executive officer's on-going duties, general changes in the compensation peer group in which we compete for executive talent, and our financial performance generally. We generally consider named executive officer base salaries to be competitive if they are at or above the 50th percentile for comparable positions at our peer companies. The fiscal year 2011 base salaries for certain executive officers were increased in July 2010, as follows: Mr. Yazdani's base salary was increased to \$475,000 from \$450,000, Mr. Slater's base salary was increased to \$300,000 from \$280,000, Mr. Williams' base salary was increased to \$285,000 from \$275,000, and Mr. Carr's base salary was increased to \$310,000 from \$290,000.

Incentive Bonuses. The Compensation Committee believes that a cash incentive bonus plan can serve to motivate our executive officers and management to address annual performance goals, using more immediate measures for performance than those reflected in the appreciation in value of equity-based awards.

Edgar Filing: SABA SOFTWARE INC - Form DEF 14A

Our Named Executive Officers are eligible to receive incentive compensation in the form of bonuses pursuant to the Executive Officer's Incentive Plan. Payment of bonuses is based on the achievement by us of certain Company performance objectives established from time to time by our Board of Directors upon the recommendation of the Compensation Committee. Bonuses may be reduced for failure to achieve any minimum criteria and may be eliminated entirely if certain minimum thresholds are not met. Bonuses may be increased for exceeding the criteria. Our Board of Directors retains wide discretion to interpret the terms of the Executive Officer's Incentive Plan and to interpret and determine whether the Company's performance objectives have

been met in any particular fiscal year. Our Board of Directors also retains the right to exclude extraordinary charges or other special circumstances in determining whether the Company's performance objectives were met during any particular fiscal year, as well as the right to pay bonuses even if all objectives have not been met. Our Board of Directors also retains the ability and may from time to time pay incentive bonuses to Named Executive Officers based on specific facts and circumstances which may include special retention bonuses or merit bonuses outside of the Executive Officer's Incentive Plan.

For fiscal year 2011, the maximum bonus payable under the Executive Officers' Incentive Bonus Plan was 200% of the Named Executive Officer's target bonus amount. The annual bonuses awarded under the Executive Officer's Incentive Plan generally will be payable in cash after the end of the fiscal year during which such annual bonuses were earned, although the Compensation Committee or the Board of Directors may elect to pay the bonuses in tranches, with a portion of the bonus being paid during the fiscal year, in light of the Company's performance for that year or other circumstances. The Compensation Committee or the Board may also award discretionary bonuses.

For fiscal year 2011, the target bonus was based on achievement of annual earnings per share and earned based on individual targets for bookings, revenue, and individual goals and objectives.

For fiscal year 2011, the target bonus amount represented 100% of the applicable base salary for our Chief Executive Officer (whose target bonus is \$475,000) and our President of Global Field Operations (whose target bonus is \$310,000), and the target bonus amount represented 70% of the applicable base salary for our Chief Financial Officer (whose target bonus is \$210,000) and our Executive Vice President, Corporate Development (whose target bonus is \$199,500).

No bonuses were paid under the Executive Officer's Incentive Plan for fiscal year 2011 because the Company did not meet the performance objectives for fiscal years 2011. However, the Board of Directors, may determine, in its sole discretion, after the date of this proxy statement to grant bonuses to members of management, including the Named Executive Officers.

For fiscal year 2012, the target bonus amount represents 100% of the applicable base salary for our Chief Executive Officer (whose target bonus is \$475,000) and our President of Global Field Operations (whose target bonus is \$310,000), and the target bonus amount represents 70% of the applicable base salary for our Chief Financial Officer (whose target bonus is \$210,000) and our Executive Vice President, Corporate Development (whose target bonus is \$199,500).

Equity-Based Awards. Stock options, restricted stock units and other equity-based awards may be granted to executive officers and other employees under our stock incentive plan. Because of the direct relationship between the value of an equity-based awards and the stock price, the Compensation Committee believes that equity-based awards motivate executive officers to manage our company in a manner that is consistent with stockholder interests. Equity-based awards are intended to focus the attention of the recipient on our long-term performance which we believe results in improved stockholder value, and to retain the services of the executive officers in a competitive job market by providing significant long-term earnings potential. To this end, equity-based awards generally vest and become fully exercisable over a four-year period. The principal factors considered in granting equity-based awards to our executive officers are prior performance, level of responsibility, other compensation and the executive officer's ability to influence our long-term growth and profitability. However, our stock incentive plan does not provide any quantitative method for weighing these factors, and a decision to grant an award is primarily based upon a subjective evaluation of the past as well as future anticipated performance.

Severance and Change of Control Protection. We have entered into employment agreements with our executive officers, which in part provide for severance benefits in certain circumstances, including upon termination without cause or for good reason, and upon termination without cause or for good reason following a

change of control. These severance benefits are coupled with non-competition and non-solicitation obligations intended to protect our proprietary data that might not be enforceable in the absence of additional consideration. The severance benefits are also intended to motivate executive officers to continue employment with us and maximize stockholder value in the event of a potential change in control. The severance benefits and employment agreements are described in more detail in *Employment Agreements and Change of Control Arrangements* and *Estimated Payments upon Termination or Change of Control* on page 41 of this proxy statement.

Perquisites and Generally Available Benefit Programs. We annually review the perquisites that executive officers receive. In fiscal year 2011, we paid the life insurance premium on behalf of Mr. Yazdani. See *Summary Compensation Table* on page 36 of this proxy statement.

Our executive officers, like our other employees, are eligible to participate in our employee stock purchase plan. In addition, the executive officers may participate in the various employee benefit plans that are generally available to all employees, including medical, vision and dental care plans; flexible spending accounts for healthcare; life, accidental death and dismemberment and disability insurance; and paid time off.

We also maintain a 401(k) retirement savings plan for the benefit of all of our employees, including our executive officers. In fiscal year 2011, we did not match employee contributions to our 401(k) plan. We do not provide any retirement programs such as pension plans, deferred compensation plans, or other retirement benefits to the executive officers.

Federal Tax Considerations. Section 162(m) of the Code disallows a deduction by us for compensation exceeding \$1.0 million paid to certain executive officers, excluding, among other things, performance based compensation. Because the compensation paid to the executive officers has not approached the limitation, the Compensation Committee has not addressed the use of any of the available exemptions from the deduction limit. The Compensation Committee is aware of the limitations imposed by Section 162(m), and the exemptions available there, and will address the issuance of deductibility when and if circumstances warrant.

Risk Considerations in Compensation Programs

We have considered the risk associated with our compensation policies and practices for all employees, and we believe we have designed our compensation policies and practices in a manner that does not create incentives that could lead to excessive risk taking that would have a material adverse effect on the Company.

Employment Agreements and Change of Control Arrangements

We entered into employment agreements with our executive officers. Each agreement may be terminated by us or the executive officer at any time with or without cause. In addition, the employment agreements provide for annual salary and bonus amounts and severance benefits, as may be adjusted from time to time by the Compensation Committee or our Board of Directors. Set forth below is a description of certain of the terms of our employment agreements with the Named Executive Officers.

Under his employment agreement, as amended, Bobby Yazdani is entitled to, in case of (i) his resignation due to a relocation of our headquarters, a material reduction in his responsibilities, base salary or target compensation, or a change of control, or (ii) his termination without cause and subject to some contractual conditions, including non-competition obligations, receive the following severance payments and benefits:

Lump-sum payment equal to the pro-rated portion of the target bonus (less applicable withholding taxes);

Lump-sum or continued payments equal to 1 year of his base salary and target bonus (less applicable withholding taxes);

Accelerated vesting as of the date of his termination of 100% of his then-unvested and outstanding options; and

Continued medical coverage for 1 year following the date of termination.

Under his employment agreement, as amended and in effect as of May 31, 2011, William Slater is entitled to, in case of (i) his resignation due to a relocation of our headquarters, or a material reduction in his responsibilities, base salary or target compensation, or (ii) his termination without cause and subject to some contractual conditions, including non-competition obligations, receives the following severance payments and benefits:

Edgar Filing: SABA SOFTWARE INC - Form DEF 14A

Lump-sum or continued payments equal to 1 year of his base salary and target bonus (less applicable withholding taxes); provided, that if such resignation or termination without cause is not within 12 months after a change of control, such lump-sum or continued payments shall instead be equal to six months (plus one additional month for each year of employment with the Company, not to exceed 12 months in aggregate) of his base salary and target bonus (less applicable withholding taxes);

Accelerated vesting as of the date of his termination of 100% of his then-unvested and outstanding options; provided, that if such resignation or termination without cause is not within 12 months after a change of control, then the vesting of the then-unvested and outstanding options shall instead accelerate with respect to the number of unvested options that would have vested had he remained employed for an additional 12 months; and

Continued medical coverage for a period following the date of termination equal to the period used to calculate the executive's base salary and target bonus severance amount.

In June 2011, Mr. Slater determined to retire from the Company, effective as of March 31, 2012. Accordingly, Mr. Slater's employment agreement was amended to, among other things, provide that the Company may request Mr. Slater to reduce his service with the Company, provided that any such reduction shall not effect his right to continued salary, benefits and time-based vesting of outstanding equity awards. The Company and Mr. Slater further agreed that (i) through March 31, 2012 neither he nor the Company may terminate Mr. Slater's employment except by Mr. Slater voluntarily or by the Company for cause, (ii) no termination through March 31, 2012 shall for purposes of his employment agreement or any other agreement between Mr. Slater and the Company be deemed a termination by Mr. Slater for good reason (as defined in the employment agreement) or the Company without cause and (iii) except for time-based vesting through March 31, 2012 in accordance with the applicable vesting schedule, outstanding equity awards shall not accelerate for any reason, including, without limitation, any termination of Mr. Slater or change of control of the Company.

Under his employment agreement, Jeffrey T. Carr is entitled to, in case of (i) his resignation due to a relocation of our headquarters, or a material reduction in his responsibilities, base salary or target compensation, or (ii) his termination without cause and subject to some contractual conditions, including non-competition obligations, receives the following severance payments and benefits:

Lump-sum payment equal to the pro-rated portion of the target bonus (less applicable withholding taxes);

Lump-sum or continued payments equal to 1 year of his base salary and target bonus (less applicable withholding taxes); provided, that if such resignation or termination without cause is not within 12 months after a change of control, such lump-sum or continued payments shall instead be equal to six months (plus one additional month for each year of employment with the Company, not to exceed 12 months in aggregate) of his base salary and target bonus (less applicable withholding taxes);

Accelerated vesting as of the date of his termination of 100% of his then-unvested and outstanding options; provided, that if such resignation or termination without cause is not within 12 months after a change of control, then the vesting of the then-unvested and outstanding options shall instead accelerate with respect to the number of unvested options that would have vested had he remained employed for an additional 12 months; and

Continued medical coverage for a period following the date of termination equal to the period used to calculate the executive's base salary and target bonus severance amount.

Under his employment agreement, as amended, Peter E. Williams III is entitled to, in case of (i) his resignation or (ii) his termination without cause and subject to some contractual conditions, including non-competition obligations, receive the following severance payments and benefits:

Accelerated vesting as of the date of his termination of 100% of his then-unvested and outstanding equity-based awards; provided, that with respect to awards granted on or after July 12, 2007, vesting will accelerate in connection with his resignation only if such resignation is due to a relocation of our headquarters, a material reduction in his responsibilities, base salary or target compensation, or a change of control; and

Continued medical coverage for 1 year following the date of termination.

Estimated Payments upon Termination or Change of Control

The following table provides information concerning the estimated payments and benefits that would be provided to the Named Executive Officers in the circumstances described above. Payments and benefits are estimated assuming that the triggering event took place on the last business day of fiscal year 2011 (May 31, 2011), and the price per share of our common stock is the closing price on the NASDAQ Global Market as of that date (\$9.89). There can be no assurance that a triggering event would produce the same or similar results as those estimated below if such event occurs on any other date or at any other price, or if any other assumption used to estimate potential payments and benefits is not correct. Due to the number of factors that affects the nature and amount of any potential payments or benefits, any actual payments and benefits may be different.

The Audit Committee hereby reports as follows:

1. The Audit Committee has reviewed and discussed the audited financial statements for the year ended May 31, 2011 and the audit of internal control over financial reporting as of May 31, 2011 with management.
2. The Audit Committee has discussed with Ernst & Young LLP, our independent registered public accounting firm, the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1, AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Other than compensation agreements and other arrangements which are described in the Board of Directors and Executive Compensation sections of this proxy statement and the transactions described below, since the beginning our fiscal year 2011, there has not been, and there is not currently proposed, any transaction or series of similar transactions to which we were or will be a party in which the amount involved exceeded or will exceed \$120,000, and in which any of our directors, nominees for director, executive officers, holders of more than five percent of any class of our voting securities or any member of the immediate family of the foregoing persons had or will have a direct or indirect material interest.

We believe that all of the transactions set forth below are on terms no less favorable to us than we could have obtained from unaffiliated third parties.

Mr. Wilson, one of our Board members, serves as the Executive Vice President of Varian Medical Systems, a publicly-traded company that designs and manufactures advanced equipment and software products for treating cancer with radiation. During the fiscal year 2011, we recorded sales to Varian Medical Systems approximately \$240,000 for various software and services.

Our Audit Committee, in executing the responsibilities delegated to it by our Board of Directors under the Audit Committee Charter, will review, consider, and approve, reject or qualify all material related person transactions between us and our officers, directors and principal stockholders. In approving or rejecting a proposed related party transaction, our Audit Committee shall consider the relevant facts and circumstances available and deemed relevant to the Audit Committee, including, but not limited to the risks, costs and benefits to us, the terms of the transaction, the availability of other sources for comparable services or products, if applicable, and the impact on a director's independence. Our Audit Committee shall approve only those related party transactions that, in light of known circumstances, are in, or are not inconsistent with, our best interests, as our Audit Committee determines in the good faith exercise of its discretion.

OTHER MATTERS

Section 16(a) Beneficial Ownership Reporting Compliance. Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than 10% of our common stock (collectively, Reporting Persons) to file reports of ownership and changes in ownership of our common stock with the Securities and Exchange Commission. Reporting Persons are required by Securities and Exchange Commission regulations to furnish us with copies of all Section 16(a) reports they file.

Based solely on our review of the copies of such reports received or written representations from certain Reporting Persons that no other reports were required, we believe that during fiscal year 2011, all Reporting Persons filed, on a timely basis, all reports required by Section 16(a) of the Exchange Act.

Other Matters. The Board of Directors knows of no other business, which will be presented to the annual meeting. If any other business is properly brought before the annual meeting, it is intended that proxies in the enclosed form will be voted in respect thereof in accordance with the judgments of the persons voting the proxies.

It is important that the proxies be returned promptly and that your shares are represented. Stockholders are urged to mark, date, execute and promptly return the accompanying proxy card in the enclosed envelope.

By Order of the Board of Directors,

/s/ PETER E. WILLIAMS III

- (nn) Subsidiary means a subsidiary corporation, whether now or hereafter existing, as defined in Section 424(f) of the Code.

3. Stock Subject to the Plan.

(a) Subject to the provisions of Section 10, below, the maximum aggregate number of Shares which may be issued pursuant to all Awards (including Incentive Stock Options) is Six Million Nine Hundred Thousand (6,900,000) Shares, provided that Shares previously issued pursuant to Awards may not be issued again, except to the extent such previously issued Shares were returned to or deemed not to have been issued from the Plan.

Notwithstanding the foregoing, any Shares subject to Awards other than Options or SARs shall be counted against the limit set forth herein as follows: (i) with respect to Awards granted under the Plan on or after the date the Company's stockholders approve the amended and restated Plan at the 2011 annual meeting of stockholders (the Approval Date), Shares subject to each such Award shall be counted as One and Ninety-Eight Hundredths (1.98) Shares for every one (1) Share subject to such Award (and shall be counted as One and Ninety-Eight Hundredths (1.98) Shares for every one (1) Share subject to such Award that is returned to (or deemed not to have been issued under) the Plan pursuant to Section 3(b), below); (ii) with respect to Awards granted under the Plan on or after March 18, 2011, but prior to the Approval Date, Shares subject to each such Award shall be counted against the limit set forth herein as Two and Three Hundredths (2.03) Shares for every one (1) Share subject to such Award (and shall be counted as Two and Three Hundredths (2.03) Shares for every one (1) Share subject to such Award that is returned to (or deemed not to have been issued under) the Plan pursuant to Section 3(b), below); and (iii) with respect to Awards granted under the Plan prior to March 18, 2011, Shares subject to each such Award shall be counted against the limit set forth herein as One and Twenty-Six Hundredths (1.26) Shares for every one (1) Share subject to such Award (and shall be counted as One and Twenty-Six Hundredths (1.26) Shares for every one (1) Share subject to such Award that is returned to (or deemed not to have been issued under) the Plan pursuant to Section 3(b), below). The Shares to be issued pursuant to Awards may be authorized, but unissued, or reacquired Common Stock.

(b) Any Shares covered by an Award (or portion of an Award) which is forfeited, canceled or expires (whether voluntarily or involuntarily) shall be deemed not to have been issued for purposes of determining the maximum aggregate number of Shares which may be issued under the Plan. Shares that actually have been issued under the Plan pursuant to an Award shall not be returned to the Plan and shall not become available for future issuance under the Plan, except that if unvested Shares are forfeited, or repurchased by the Company at the lower of their original purchase price or their Fair Market Value at the time of repurchase, such Shares shall become available for future grant under the Plan. Notwithstanding anything to the contrary contained herein: (i) Shares tendered or withheld in payment of an Option exercise price shall not be returned to the Plan and shall not become available for future issuance under the Plan; (ii) Shares withheld by the Company to satisfy any tax withholding obligation shall not be returned to the Plan and shall not become available for future issuance under the Plan; and (iii) all Shares covered by the portion of an SAR that is exercised (whether or not Shares are actually issued to the Grantee upon exercise of the SAR) shall be considered issued pursuant to the Plan.

4. Administration of the Plan.

(a) Plan Administrator.

(i) Administration with Respect to Directors and Officers. With respect to grants of Awards to Directors or Employees who are also Officers or Directors of the Company, the Plan shall be administered by (A) the Board or (B) a Committee designated by the Board, which Committee shall be constituted in such a manner as to satisfy the Applicable Laws and to permit such grants and related transactions under the Plan to be exempt from Section 16(b) of the Exchange Act in accordance with Rule 16b-3. Once appointed, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board.

(ii) Administration With Respect to Consultants and Other Employees. With respect to grants of Awards to Employees or Consultants who are neither Directors nor Officers of the Company, the Plan shall be administered by (A) the Board or (B) a Committee designated by the Board, which Committee shall be constituted in such a manner as to satisfy the Applicable Laws. Once appointed, such Committee shall continue to serve in its designated capacity until otherwise directed by the Board. The Board may authorize one or more Officers to grant such Awards and may limit such authority as the Board determines from time to time.

(iii) Administration With Respect to Covered Employees. Notwithstanding the foregoing, grants of Awards to any Covered Employee intended to qualify as Performance-Based Compensation shall be made only by a Committee (or subcommittee of a Committee) which is comprised solely of two or more Directors eligible to serve on a committee making Awards qualifying as Performance-Based Compensation. In the case of such Awards granted to Covered Employees, references to the Administrator or to a Committee shall be deemed to be references to such Committee or subcommittee.

(iv) Administration Errors. In the event an Award is granted in a manner inconsistent with the provisions of this subsection (a), such Award shall be presumptively valid as of its grant date to the extent permitted by the Applicable Laws.

(b) Powers of the Administrator. Subject to Applicable Laws and the provisions of the Plan (including any other powers given to the Administrator hereunder), and except as otherwise provided by the Board, the Administrator shall have the authority, in its discretion:

(i) to select the Employees, Directors and Consultants to whom Awards may be granted from time to time hereunder;

(ii) to determine whether and to what extent Awards are granted hereunder;

(iii) to determine the number of Shares or the amount of other consideration to be covered by each Award granted hereunder;

(iv) to approve forms of Award Agreements for use under the Plan;

(v) to determine the terms and conditions of any Award granted hereunder;

(vi) to amend the terms of any outstanding Award granted under the Plan, provided that (A) any amendment that would adversely affect the Grantee's rights under an outstanding Award shall not be made without the Grantee's written consent, provided, however, that an amendment or modification that may cause an Incentive Stock Option to become a Non-Qualified Stock Option shall not be treated as adversely affecting the rights of the Grantee, (B) the reduction of the exercise price of any Option awarded under the Plan and the base appreciation amount of any SAR awarded under the Plan shall be subject to stockholder approval and (C) canceling an Option or SAR at a time when its exercise price or base appreciation amount (as applicable) exceeds the Fair Market Value of the underlying Shares, in exchange for cash, another Option, SAR, Restricted Stock, or other Award shall be subject to stockholder approval, unless the cancellation and exchange occurs in connection with a Corporate Transaction. Notwithstanding the foregoing, canceling an Option or SAR in exchange for another Option, SAR, Restricted Stock, or other Award with an exercise price, purchase price or base appreciation amount (as applicable) that is equal to or greater than the exercise price or base appreciation amount (as applicable) of the original Option or SAR shall not be subject to stockholder approval;

(vii) to construe and interpret the terms of the Plan and Awards, including without limitation, any notice of award or Award Agreement, granted pursuant to the Plan;

(viii) to grant Awards to Employees, Directors and Consultants employed outside the United States on such terms and conditions different from those specified in the Plan as may, in the judgment of the Administrator, be necessary or desirable to further the purpose of the Plan; and

(ix) to take such other action, not inconsistent with the terms of the Plan, as the Administrator deems appropriate.

The express grant in the Plan of any specific power to the Administrator shall not be construed as limiting any power or authority of the Administrator; provided that the Administrator may not exercise any right or power reserved to the Board. Any decision made, or action taken, by the Administrator or in connection with the administration of this Plan shall be final, conclusive and binding on all persons having an interest in the Plan. (c) Indemnification. In addition to such other rights of indemnification as they may have as members of the Board or as Officers or Employees of the Company or a Related Entity, members of the Board and any Officers or Employees of the Company or a Related Entity to whom authority to act for the Board, the Administrator or the Company is delegated shall be defended and indemnified by the Company to the extent permitted by law on an after-tax basis against all reasonable expenses, including attorneys' fees, actually and necessarily incurred in connection with the defense of any claim, investigation, action, suit or proceeding, or in connection with any appeal therein, to which they or any of them may be a party by reason of any action taken or failure to act under

or in connection with the Plan, or any Award granted hereunder, and against all amounts paid by them in settlement thereof (provided such settlement is approved by the Company) or paid by them in satisfaction of a judgment in any such claim, investigation, action, suit or proceeding, except in relation to matters as to which it shall be adjudged in such claim, investigation, action, suit or proceeding that such person is liable for gross negligence, bad faith or intentional misconduct; provided, however, that within thirty (30) days after the institution of such claim, investigation, action, suit or proceeding, such person shall offer to the Company, in writing, the opportunity at the Company's expense to defend the same.

5. Eligibility. Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants. Incentive Stock Options may be granted only to Employees of the Company or a Parent or a Subsidiary of the Company. An Employee, Director or Consultant who has been granted an Award may, if otherwise eligible, be granted additional Awards. Awards may be granted to such Employees, Directors or Consultants who are residing in non-U.S. jurisdictions as the Administrator may determine from time to time.

6. Terms and Conditions of Awards.

(a) Types of Awards. The Administrator is authorized under the Plan to award any type of arrangement to an Employee, Director or Consultant that is not inconsistent with the provisions of the Plan and that by its terms involves or might involve the issuance of (i) Shares, (ii) cash or (iii) an Option, a SAR, or similar right with a fixed or variable price related to the Fair Market Value of the Shares and with an exercise or conversion privilege related to the passage of time, the occurrence of one or more events, or the satisfaction of performance criteria or other conditions. Such awards include, without limitation, Options, SARs, sales or bonuses of Restricted Stock, Restricted Stock Units or Dividend Equivalent Rights, and an Award may consist of one such security or benefit, or two (2) or more of them in any combination or alternative.

(b) Designation of Award. Each Award shall be designated in the Award Agreement. In the case of an Option, the Option shall be designated as either an Incentive Stock Option or a Non-Qualified Stock Option. However, notwithstanding such designation, an Option will qualify as an Incentive Stock Option under the Code only to the extent the \$100,000 dollar limitation of Section 422(d) of the Code is not exceeded. The \$100,000 limitation of Section 422(d) of the Code is calculated based on the aggregate Fair Market Value of the Shares subject to Options designated as Incentive Stock Options which become exercisable for the first time by a Grantee during any calendar year (under all plans of the Company or any Parent or Subsidiary of the Company). For purposes of this calculation, Incentive Stock Options shall be taken into account in the order in which they were granted, and the Fair Market Value of the Shares shall be determined as of the grant date of the relevant Option. In the event that the Code or the regulations promulgated thereunder are amended after the date the Plan becomes effective to provide for a different limit on the Fair Market Value of Shares permitted to be subject to Incentive Stock Options, then such different limit will be automatically incorporated herein and will apply to any Options granted after the effective date of such amendment.

(c) Conditions of Award. Subject to the terms of the Plan, the Administrator shall determine the provisions, terms, and conditions of each Award including, but not limited to, the Award vesting schedule, repurchase provisions, rights of first refusal, forfeiture provisions, form of payment (cash, Shares, or other consideration) upon settlement of the Award, payment contingencies, and satisfaction of any performance criteria. The performance criteria established by the Administrator may be based on any one of, or combination of, the following: (i) increase in share price, (ii) earnings per share, (iii) total stockholder return, (iv) operating margin, (v) gross margin, (vi) return on equity, (vii) return on assets, (viii) return on investment, (ix) operating income, (x) net operating income, (xi) pre-tax profit, (xii) cash flow, (xiii) revenue, (xiv) expenses, (xv) earnings before interest, taxes and depreciation, (xvi) economic value added and (xvii) market share. The performance criteria may be applicable to the Company, Related Entities and/or any individual business units of the Company or any Related Entity. Partial achievement of the specified criteria may result in a payment or vesting corresponding to the degree of achievement as specified in the Award Agreement. In addition, the performance criteria shall be calculated in accordance with generally accepted accounting principles, but excluding the effect (whether positive or negative) of any change in accounting standards and any extraordinary, unusual or nonrecurring item, as determined by the Administrator, occurring after the establishment of the performance

criteria applicable to the Award intended to be Performance-Based Compensation. Each such adjustment, if any, shall be made solely for the purpose of providing a consistent basis from period to period for the calculation of performance criteria in order to prevent the dilution or enlargement of the Grantee's rights with respect to an Award intended to be Performance-Based Compensation. Any compensation earned in connection with a Dividend Equivalent Right granted in combination with an Award intended to be Performance-Based Compensation shall be settled when the performance criteria applicable to such Award have been achieved.

(d) Acquisitions and Other Transactions. The Administrator may issue Awards under the Plan in settlement, assumption or substitution for, outstanding awards or obligations to grant future awards in connection with the Company or a Related Entity acquiring another entity, an interest in another entity or an additional interest in a Related Entity whether by merger, stock purchase, asset purchase or other form of transaction.

(e) Deferral of Award Payment. The Administrator may establish one or more programs under the Plan to permit selected Grantees the opportunity to elect to defer receipt of consideration upon exercise of an Award, satisfaction of performance criteria, or other event that absent the election would entitle the Grantee to payment or receipt of Shares or other consideration under an Award. The Administrator may establish the election procedures, the timing of such elections, the mechanisms for payments of, and accrual of interest or other earnings, if any, on amounts, Shares or other consideration so deferred, and such other terms, conditions, rules and procedures that the Administrator deems advisable for the administration of any such deferral program.

(f) Separate Programs. The Administrator may establish one or more separate programs under the Plan for the purpose of issuing particular forms of Awards to one or more classes of Grantees on such terms and conditions as determined by the Administrator from time to time.

(g) Individual Limitations on Awards.

(i) Individual Limit for Options and SARs. The maximum number of Shares with respect to which Options and SARs may be granted to any Grantee in any calendar year shall be Five Hundred Thousand (500,000) Shares. In connection with a Grantee's commencement of Continuous Service, a Grantee may be granted Options and SARs for up to an additional Five Hundred Thousand (500,000) Shares which shall not count against the limit set forth in the previous sentence. The foregoing limitations shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below. To the extent required by Section 162(m) of the Code or the regulations thereunder, in applying the foregoing limitations with respect to a Grantee, if any Option or SAR is canceled, the canceled Option or SAR shall continue to count against the maximum number of Shares with respect to which Options and SARs may be granted to the Grantee. For this purpose, the repricing of an Option (or in the case of a SAR, the base amount on which the stock appreciation is calculated is reduced to reflect a reduction in the Fair Market Value of the Common Stock) shall be treated as the cancellation of the existing Option or SAR and the grant of a new Option or SAR.

(ii) Individual Limit for Restricted Stock and Restricted Stock Units. For awards of Restricted Stock and Restricted Stock Units that are intended to be Performance-Based Compensation, the maximum number of Shares with respect to which such Awards may be granted to any Grantee in any calendar year shall be Two Hundred Fifty Thousand (250,000) Shares. The foregoing limitation shall be adjusted proportionately in connection with any change in the Company's capitalization pursuant to Section 10, below.

(h) Deferral. If the vesting or receipt of Shares under an Award is deferred to a later date, any amount (whether denominated in Shares or cash) paid in addition to the original number of Shares subject to such Award will not be treated as an increase in the number of Shares subject to the Award if the additional amount is based either on a reasonable rate of interest or on one or more predetermined actual investments such that the amount payable by the Company at the later date will be based on the actual rate of return of a specific investment (including any decrease as well as any increase in the value of an investment).

(i) Early Exercise. The Award Agreement may, but need not, include a provision whereby the Grantee may elect at any time while an Employee, Director or Consultant to exercise any part or all of the Award prior to

full vesting of the Award. Any unvested Shares received pursuant to such exercise may be subject to a repurchase right in favor of the Company or a Related Entity or to any other restriction the Administrator determines to be appropriate.

(j) Term of Award. The term of each Award shall be the term stated in the Award Agreement, provided, however, that the term of any Award shall be no more than ten (10) years from the date of grant thereof. However, in the case of an Incentive Stock Option granted to a Grantee who, at the time the Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the term of the Incentive Stock Option shall be five (5) years from the date of grant thereof or such shorter term as may be provided in the Award Agreement. Notwithstanding the foregoing, the specified term of any Award shall not include any period for which the Grantee has elected to defer the receipt of the Shares or cash issuable pursuant to the Award.

(k) Transferability of Awards. Incentive Stock Options may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Grantee, only by the Grantee. Other Awards shall be transferable (i) by will and by the laws of descent and distribution and (ii) during the lifetime of the Grantee, to the extent and in the manner authorized by the Administrator but only to the extent such transfers are made to family members, to family trusts, to family controlled entities, to charitable organizations, and pursuant to domestic relations orders or agreements, in all cases without payment for such transfers to the Grantee. Notwithstanding the foregoing, the Grantee may designate one or more beneficiaries of the Grantee's Award in the event of the Grantee's death on a beneficiary designation form provided by the Administrator.

(l) Time of Granting Awards. The date of grant of an Award shall for all purposes be the date on which the Administrator makes the determination to grant such Award, or such other later date as is determined by the Administrator.

7. Award Exercise or Purchase Price, Consideration and Taxes.

(a) Exercise or Purchase Price. The exercise or purchase price, if any, for an Award shall be as follows:

(i) In the case of an Incentive Stock Option:

(A) granted to an Employee who, at the time of the grant of such Incentive Stock Option owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary of the Company, the per Share exercise price shall be not less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant; or

(B) granted to any Employee other than an Employee described in the preceding paragraph, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(ii) In the case of a Non-Qualified Stock Option, the per Share exercise price shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(iii) In the case of Awards intended to qualify as Performance-Based Compensation, the exercise or purchase price, if any, shall be not less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(iv) In the case of SARs, the base appreciation amount shall not be less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant.

(v) In the case of other Awards, such price as is determined by the Administrator.

(vi) Notwithstanding the foregoing provisions of this Section 7(a), in the case of an Award issued pursuant to Section 6(d), above, the exercise or purchase price for the Award shall be determined in accordance with the provisions of the relevant instrument evidencing the agreement to issue such Award.

(b) Consideration. Subject to Applicable Laws, the consideration to be paid for the Shares to be issued upon exercise or purchase of an Award including the method of payment, shall be determined by the Administrator. In addition to any other types of consideration the Administrator may determine, the Administrator is authorized to accept as consideration for Shares issued under the Plan the following, provided that the portion of the consideration equal to the par value of the Shares must be paid in cash or other legal consideration permitted by the Delaware General Corporation Law:

(i) cash;

(ii) check;

(iii) surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Administrator may require which have a Fair Market Value on the date of surrender or attestation equal to the aggregate exercise price of the Shares as to which said Award shall be exercised;

(iv) with respect to Options, payment through a broker-dealer sale and remittance procedure pursuant to which the Grantee (A) shall provide written instructions to a Company designated brokerage firm to effect the immediate sale of some or all of the purchased Shares and remit to the Company sufficient funds to cover the aggregate exercise price payable for the purchased Shares and (B) shall provide written directives to the Company to deliver the certificates for the purchased Shares directly to such brokerage firm in order to complete the sale transaction;

(v) with respect to Options, payment through a net exercise such that, without the payment of any funds, the Grantee may exercise the Option and receive the net number of Shares equal to (i) the number of Shares as to which the Option is being exercised, multiplied by (ii) a fraction, the numerator of which is the Fair Market Value per Share (on such date as is determined by the Administrator) less the Exercise Price per Share, and the denominator of which is such Fair Market Value per Share (the number of net Shares to be received shall be rounded down to the nearest whole number of Shares); or

(vi) any combination of the foregoing methods of payment.

The Administrator may at any time or from time to time, by adoption of or by amendment to the standard forms of Award Agreement described in Section 4(b)(iv), or by other means, grant Awards which do not permit all of the foregoing forms of consideration to be used in payment for the Shares or which otherwise restrict one or more forms of consideration.

(c) Taxes. No Shares shall be delivered under the Plan to any Grantee or other person until such Grantee or other person has made arrangements acceptable to the Administrator for the satisfaction of any non-U.S., federal, state, or local income and employment tax withholding obligations, including, without limitation, obligations incident to the receipt of Shares. Upon exercise or vesting of an Award the Company shall withhold or collect from the Grantee an amount sufficient to satisfy such tax obligations, including, but not limited to, by surrender of the whole number of Shares covered by the Award sufficient to satisfy the minimum applicable tax withholding obligations incident to the exercise or vesting of an Award (reduced to the lowest whole number of Shares if such number of Shares withheld would result in withholding a fractional Share with any remaining tax withholding settled in cash).

8. Exercise of Award.

(a) Procedure for Exercise; Rights as a Stockholder.

(i) Any Award granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator under the terms of the Plan and specified in the Award Agreement.

(ii) An Award shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Award by the person entitled to exercise the Award

and full payment for the Shares with respect to which the Award is exercised has been made, including, to the extent selected, use of the broker-dealer sale and remittance procedure to pay the purchase price as provided in Section 7(b)(iv).

(b) Exercise of Award Following Termination of Continuous Service.

(i) An Award may not be exercised after the termination date of such Award set forth in the Award Agreement and may be exercised following the termination of a Grantee's Continuous Service only to the extent provided in the Award Agreement.

(ii) Where the Award Agreement permits a Grantee to exercise an Award following the termination of the Grantee's Continuous Service for a specified period, the Award shall terminate to the extent not exercised on the last day of the specified period or the last day of the original term of the Award, whichever occurs first.

(iii) Any Award designated as an Incentive Stock Option to the extent not exercised within the time permitted by law for the exercise of Incentive Stock Options following the termination of a Grantee's Continuous Service shall convert automatically to a Non-Qualified Stock Option and thereafter shall be exercisable as such to the extent exercisable by its terms for the period specified in the Award Agreement.

9. Conditions Upon Issuance of Shares.

(a) If at any time the Administrator determines that the delivery of Shares pursuant to the exercise, vesting or any other provision of an Award is or may be unlawful under Applicable Laws, the vesting or right to exercise an Award or to otherwise receive Shares pursuant to the terms of an Award shall be suspended until the Administrator determines that such delivery is lawful and shall be further subject to the approval of counsel for the Company with respect to such compliance. The Company shall have no obligation to effect any registration or qualification of the Shares under federal or state laws.

(b) As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any Applicable Laws.

10. Adjustments Upon Changes in Capitalization. Subject to any required action by the stockholders of the Company and Section 11 hereof, the number of Shares covered by each outstanding Award, and the number of Shares which have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan, the exercise or purchase price of each such outstanding Award, the maximum number of Shares with respect to which Awards may be granted to any Grantee in any calendar year, as well as any other terms that the Administrator determines require adjustment shall be proportionately adjusted for (i) any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Shares, or similar transaction affecting the Shares, (ii) any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company, or (iii) any other transaction with respect to Common Stock including a corporate merger, consolidation, acquisition of property or stock, separation (including a spin-off or other distribution of stock or property), reorganization, liquidation (whether partial or complete) or any similar transaction; provided, however that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. In the event of any distribution of cash or other assets to stockholders other than a normal cash dividend, the Administrator shall also make such adjustments as provided in this Section 10 or substitute, exchange or grant Awards to effect such adjustments (collectively adjustments). Any such adjustments to outstanding Awards will be effected in a manner that precludes the enlargement of rights and benefits under such Awards. In connection with the foregoing adjustments, the Administrator may, in its discretion, prohibit the exercise of Awards or other issuance of Shares, cash or other consideration pursuant to Awards during certain periods of time. Except as the Administrator determines, no issuance by the Company of shares of any class, or securities convertible into shares of any class, shall affect, and no adjustment by reason hereof shall be made with respect to, the number or price of Shares subject to an Award.

11. Corporate Transactions and Changes in Control.

(a) Termination of Award to Extent Not Assumed in Corporate Transaction. Effective upon the consummation of a Corporate Transaction, all outstanding Awards under the Plan shall terminate. However, all such Awards shall not terminate to the extent they are Assumed in connection with the Corporate Transaction.

(b) Effective upon the consummation of a Related Entity Disposition, for purposes of the Plan and all Awards, the Continuous Service of each Grantee who is at the time engaged primarily in service to the Related Entity involved in such Related Entity Disposition shall be deemed to terminate and each Award of such Grantee which is at the time outstanding under the Plan shall be exercisable in accordance with the terms of the Award Agreement evidencing such Award. However, such Continuous Service shall not be deemed to terminate if such Award is, in connection with the Related Entity Disposition, assumed by the successor entity or its parent.

(c) Acceleration of Award Upon Corporate Transaction or Change in Control. Except as provided otherwise in an individual Award Agreement or other applicable agreement, in the event of any Corporate Transaction or Change in Control, there will not be any acceleration of vesting or exercisability of any Award.

12. Effective Date and Term of Plan. The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the stockholders of the Company. It shall continue in effect for a term of ten (10) years unless sooner terminated. Subject to Section 17, below, and Applicable Laws, Awards may be granted under the Plan upon its becoming effective.

13. Amendment, Suspension or Termination of the Plan.

(a) The Board may at any time amend, suspend or terminate the Plan; provided, however, that no such amendment shall be made without the approval of the Company's stockholders to the extent such approval is required by Applicable Laws, or if such amendment would lessen the stockholder approval requirements of Section 4(b)(vi) or this Section 13(a).

(b) No Award may be granted during any suspension of the Plan or after termination of the Plan.

(c) No suspension or termination of the Plan (including termination of the Plan under Section 12, above) shall adversely affect any rights under Awards already granted to a Grantee.

14. Reservation of Shares.

(a) The Company, during the term of the Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

(b) The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

15. No Effect on Terms of Employment/Consulting Relationship. The Plan shall not confer upon any Grantee any right with respect to the Grantee's Continuous Service, nor shall it interfere in any way with his or her right or the right of the Company or any Related Entity to terminate the Grantee's Continuous Service at any time, with or without cause, and with or without notice.

16. No Effect on Retirement and Other Benefit Plans. Except as specifically provided in a retirement or other benefit plan of the Company or a Related Entity, Awards shall not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the Company or a Related Entity, and shall not affect any benefits under any other benefit plan of any kind or any benefit plan subsequently instituted under which the availability or amount of benefits is related to level of compensation. The Plan is not a Pension Plan or Welfare Plan under the Employee Retirement Income Security Act of 1974, as amended.

17. Stockholder Approval. The grant of Incentive Stock Options under the Plan shall be subject to approval by the stockholders of the Company within twelve (12) months before or after the date the Plan is adopted excluding Incentive Stock Options issued in substitution for outstanding Incentive Stock Options pursuant to Section 424(a) of the Code. Such stockholder approval shall be obtained in the degree and manner required under Applicable Laws. The Administrator may grant Incentive Stock Options under the Plan prior to approval by the stockholders, but until such approval is obtained, no such Incentive Stock Option shall be exercisable. In the event that stockholder approval is not obtained within the twelve (12) month period provided above, all Incentive Stock Options previously granted under the Plan shall be exercisable as Non-Qualified Stock Options.

18. Unfunded Obligation. Grantees shall have the status of general unsecured creditors of the Company. Any amounts payable to Grantees pursuant to the Plan shall be unfunded and unsecured obligations for all purposes, including, without limitation, Title I of the Employee Retirement Income Security Act of 1974, as amended. Neither the Company nor any Related Entity shall be required to segregate any monies from its general funds, or to create any trusts, or establish any special accounts with respect to such obligations. The Company shall retain at all times beneficial ownership of any investments, including trust investments, which the Company may make to fulfill its payment obligations hereunder. Any investments or the creation or maintenance of any trust or any Grantee account shall not create or constitute a trust or fiduciary relationship between the Administrator, the Company or any Related Entity and a Grantee, or otherwise create any vested or beneficial interest in any Grantee or the Grantee's creditors in any assets of the Company or a Related Entity. The Grantees shall have no claim against the Company or any Related Entity for any changes in the value of any assets that may be invested or reinvested by the Company with respect to the Plan.

19. Construction. Captions and titles contained herein are for convenience only and shall not affect the meaning or interpretation of any provision of the Plan. Except when otherwise indicated by the context, the singular shall include the plural and the plural shall include the singular. Use of the term "or" is not intended to be exclusive, unless the context clearly requires otherwise.

20. Nonexclusivity of The Plan. Neither the adoption of the Plan by the Board, the submission of the Plan to the stockholders of the Company for approval, nor any provision of the Plan will be construed as creating any limitations on the power of the Board to adopt such additional compensation arrangements as it may deem desirable, including, without limitation, the granting of Awards otherwise than under the Plan, and such arrangements may be either generally applicable or applicable only in specific cases.
