INFORMATION ABOUT THE MEETING AND VOTING

Q: Why did you send me this proxy statement?

A: We sent you this proxy statement and the enclosed **WHITE** proxy card because the Board is soliciting your proxy to vote at our Annual Meeting, and at any postponements or adjournments of the Annual Meeting. This proxy statement summarizes information that is intended to assist you in making an informed vote on the proposals described in this proxy statement.

Q: Has the Company been notified that a stockholder intends to propose alternative director nominees at the Annual Meeting?

A: Yes. The Company received a notice dated October 18, 2011 from the Icahn Group stating its intention to propose three alternative director nominees for election at the Annual Meeting. The Icahn Group nominees have NOT been endorsed by the Board. We urge stockholders NOT to use any proxy card that you may receive from the Icahn Group. The Board urges you to use the **WHITE** proxy card and vote FOR ALL of our nominees for director.

OUR BOARD OF DIRECTORS URGES YOU NOT TO SIGN OR RETURN ANY PROXY CARD SENT TO YOU BY THE ICAHN GROUP.

We are not responsible for the accuracy of any information provided by or relating to the Icahn Group contained in any proxy solicitation materials filed or disseminated by, or on behalf of, the Icahn Group or any other statements that the Icahn Group may otherwise make.

Q: What additional contacts has the Company had with the Icahn Group subsequent to the Icahn Group's notice stating its intention to propose three alternative director nominees for election at the Annual Meeting?

A: On November 28, 2011, Mr. Icahn issued two press releases containing open letters to the Company's Board of Directors proposing to acquire all outstanding shares of the Company's common stock at a price of \$15.00 per share in cash. On that same day, the Company issued a press release indicating that its Board of Directors, in consultation with its independent financial and legal advisers, would review the proposal and determine a response that is in the best interests of the Company and its stockholders.

On December 2, 2011, Mr. Icahn issued a press release containing another open letter to the Company's Board of Directors stating that it is incumbent on the Company's Board of Directors to respond to Mr. Icahn's offer by 9:00 a.m., New York City time, on Monday, December 5, 2011, to schedule a meeting to discuss the offer.

On December 5, 2011, the Company issued a press release announcing that the Board of Directors had rejected Mr. Icahn's proposal. In the press release, the Company stated that the Board had unanimously determined that the proposal substantially undervalues the Company and its future prospects, is opportunistic and is not in the best interests of the Company's stockholders.

Q: Who is entitled to vote at the Annual Meeting?

A: Only stockholders of record on _____, 2011 are entitled to notice of and to attend and/or vote at the Annual Meeting or any postponements or adjournments of the Annual Meeting. Each share of our common stock is entitled to one vote for each director to be elected and upon all other matters to be brought to a vote.

Q: How can I vote my shares?

A: You can vote your shares in one of two ways: either by proxy or in person at the Annual Meeting by written ballot. If you choose to vote by proxy, you may vote your shares by signing, dating and returning the enclosed **WHITE** proxy card. For your convenience, you may also vote your shares by telephone and Internet by following the instructions on the enclosed **WHITE** proxy card. Each of these procedures is explained below. Even if you plan to attend the Annual Meeting, the Board recommends that you submit a **WHITE** proxy card in advance by telephone, Internet or mail. In this way, your shares of common stock will be voted as directed by you even if you should become unable to attend the Annual Meeting.

Table of Contents

Q: May I change my vote?

A: Yes. You may change your vote or revoke your proxy at any time before it is exercised at the Annual Meeting by taking any of the following actions:

- by giving written notice to the Corporate Secretary of Commercial Metals Company at 6565 North MacArthur Boulevard, Suite 800, Irving, Texas 75039;

If you have previously signed any proxy card sent to you by the Icahn Group, you may change your vote by signing, dating and returning the enclosed **WHITE** proxy card in the accompanying postage-paid envelope or by voting by telephone or via the Internet by following the instructions on your **WHITE** proxy card. Please note that submitting an Icahn Group proxy card even if you vote in protest against the Icahn nominees will revoke any votes you previously made via the Company's **WHITE** proxy card.

Q: How many shares must be present to conduct the Annual Meeting?

A: We must have a quorum to conduct the Annual Meeting. A quorum is a majority of the outstanding shares of common stock entitled to vote at the meeting, present in person or by proxy. Abstentions will be counted for the purpose of determining a quorum. On _____, 2011, the record date for determining stockholders entitled to vote at the Annual Meeting, we had outstanding _____ shares of our common stock, par value \$.01 per share, not including _____ treasury shares. We had no shares of preferred stock outstanding at _____, 2011.

Q: How do I vote if I cannot attend the Annual Meeting in person?

A: Because many stockholders cannot attend the Annual Meeting in person, it is necessary that a large number of stockholders be represented by proxy.

By signing, dating and returning the enclosed **WHITE** proxy card in the postage-paid envelope provided or by voting your shares by telephone or via the Internet by following the instructions on the enclosed **WHITE** proxy card, you will enable Joseph Alvarado, Barbara R. Smith and Ann J. Bruder, each of whom is named on the proxy card as a Proxy Holder, to vote your shares at the Annual Meeting in the manner you indicate on your proxy card. When you vote your proxy, you can specify whether your shares should be voted for each of the nominees for director identified in Proposal 1, or you can withhold your vote on the director nominees. You can also specify how you want your shares voted with respect to Proposals 2, 3, 4, 5, 6 and 7, which are described elsewhere in this proxy statement.

Management of the Company is not aware of any matters other than those described in this proxy statement that may be presented for action at the Annual Meeting. If any other matters are properly presented at the Annual Meeting for consideration, the proxy holders will have discretion to vote for you on those matters.

Voting by Mail. You can vote by mail by signing, dating and returning the enclosed **WHITE** proxy card in the postage-paid envelope provided.

Voting via the Internet. You can vote your shares via the Internet by following the instructions provided on the **WHITE** proxy card. The telephone voting procedures are designed to authenticate your identity and to allow you to vote your shares and confirm that your voting instructions have been properly recorded. Voting by telephone authorizes the named proxies to vote your shares in the same manner as if you had submitted a validly executed proxy card.

Table of Contents

Q: May I vote in person at the Annual Meeting?

A: Yes, you may vote your shares at the Annual Meeting if you attend in person and use a written ballot. However, if your shares are held in the name of a broker, trust, bank or other nominee, you must bring a legal proxy or other proof from that broker, trust, bank or nominee granting you authority to vote your shares directly at the Annual Meeting. If you vote by proxy and also attend the Annual Meeting, you do not need to vote again at the Annual Meeting unless you wish to change your vote. Even if you plan to attend the Annual Meeting, we strongly urge you to vote in advance by proxy by signing, dating and returning the **WHITE** proxy card.

Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner?

A: If your shares are registered in your name with our transfer agent, Broadridge Corporate Issuers Solutions, Inc., you are the stockholder of record of those shares, and this proxy statement and any accompanying documents have been provided directly to you by the Company. In contrast, if you purchased your shares through a broker or other financial intermediary, the broker or other financial intermediary will be the stockholder of record of those shares.

Generally, when this occurs, the broker or other financial intermediary will automatically put your shares into street name, which means that the broker or other financial intermediary will hold your shares in its name or another nominee's name and not in your name, but will keep records showing you as the real or beneficial owner. If you hold shares beneficially in street name, this proxy statement and any accompanying documents have been forwarded to you by your broker, bank or other holder of record.

Q: What are broker non-votes?

A: A broker non-vote occurs when a bank, broker or other fiduciary does not receive voting instructions from the beneficial owner and does not have the discretion to direct the voting of the shares. Broker non-votes are not counted as votes against a proposal or as abstentions, and will not be counted for purposes of determining the number of votes present in person or represented by proxy and entitled to vote with respect to a particular proposal or the number of votes cast on a particular proposal. As described below, brokers will not have discretion to vote on any of the proposals described in this proxy statement.

Q: Will my shares be voted if I do not provide instructions to my broker?

A: If you are the beneficial owner of shares held in a street name by a broker, the broker, as the record holder of the shares, is required to vote those shares in accordance with your instructions. Under applicable New York Stock Exchange (NYSE) rules, if you hold your shares through a bank or broker and your broker delivers this proxy statement to you, but you do not give instructions to the broker, the broker does not have the discretion to vote on any proposal that is subject to a counter-solicitation. **THEREFORE, UNLESS YOU PROVIDE VOTING INSTRUCTIONS TO THE BROKER HOLDING SHARES ON YOUR BEHALF, THE BROKER WILL NOT HAVE DISCRETIONARY AUTHORITY TO VOTE YOUR SHARES ON ANY OF THE PROPOSALS DESCRIBED IN THIS PROXY STATEMENT.**

We strongly encourage you to vote your proxy or provide voting instructions to the broker so that your vote on these matters will be counted.

Q: What are the proposals and what is the required vote for each?

A: Proposal 1: Election of Directors. The Company's second amended and restated bylaws provide for plurality voting for directors. As a result of the Icahn Group's proposal of a slate of directors, there are more directors nominated than positions available. Accordingly, this means that the three candidates receiving the highest number of FOR votes will be elected. A properly executed proxy card marked

Edgar Filing: COMMERCIAL METALS CO - Form PRER14A

WITHHOLD with respect to the election of a director nominee will be counted for purposes of determining if there is a quorum at the Annual Meeting, but will not be considered to have been voted for or against the director nominee. An abstention or a broker non-vote on Proposal 1 will not have any effect on the election of directors and will not be counted in determining the number of votes cast.

Table of Contents

It will NOT help elect the nominees nominated by the Board if you sign and return proxies sent by the Icahn Group, even if you vote AGAINST or WITHHOLD on their directors using the Icahn Group proxy card. In fact, doing so will cancel any previous vote you may have cast in favor of the nominees on the Company's **WHITE** proxy card.

The only way to support your Board's nominees is to vote **FOR** the Board's nominees on the **WHITE** proxy card.

Proposal 2: Ratification of Appointment of Independent Registered Public Accounting Firm. The affirmative vote of the holders of a majority of the shares having voting power that are present or represented at the Annual Meeting is required to adopt Proposal 2. An abstention on Proposal 2 will have the same effect as a vote against Proposal 2. A broker non-vote will not have any effect on Proposal 2 and will not be counted.

Proposal 3: Advisory Vote on Executive Compensation. Proposal 3 is being submitted to enable stockholders to approve, on an advisory basis, the compensation of the Company's named executive officers. The affirmative vote of the holders of a majority of the shares having voting power that are present or represented at the Annual Meeting is required to adopt Proposal 3. Abstentions will have the same effect as a vote against the proposal. Broker non-votes will have no effect on this proposal and will not be counted. Proposal 3 is an advisory vote only, and therefore it will not bind the Company or our Board. However, the Board and the Compensation Committee will consider the voting results as appropriate when making future decisions regarding executive compensation.

Proposal 4: Advisory Vote on the Frequency of Future Advisory Votes on Executive Compensation. Proposal 4 is being submitted to enable stockholders to express a preference as to whether future advisory votes on executive compensation should be held every year, every two years or every three years. Abstentions and broker non-votes will not be counted as expressing any preference. This vote is an advisory vote only, and therefore it will not bind the Company or our Board. However, the Board and the Compensation Committee will consider the voting results as appropriate when adopting a policy on the frequency of future say-on-pay votes. The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be considered by the Board as the stockholders' recommendation as to the frequency of future say-on-pay votes. Nevertheless, the Board may decide that it is in the best interests of our stockholders and the Company to hold say-on-pay votes more or less frequently than the option approved by our stockholders.

Proposals 5, 6 and 7: Icahn Group Proposals. The affirmative vote of a majority of the shares having voting power that are present or represented at the Annual Meeting is required to approve Proposals 5, 6 and 7. An abstention on Proposal 5, 6 or 7 will have the same effect as a vote against the proposal. A broker non-vote will not have any effect on Proposals 5, 6 and 7 and will not be counted.

Q: What are the recommendations of the Board of Directors?

A: The Board recommends that you vote:

FOR Proposal 1 the election of the three nominees for director nominated by the Board and named in this proxy statement;

FOR Proposal 2 the ratification of the appointment of Deloitte & Touche LLP as the Company's independent registered public accounting firm for the fiscal year ending August 31, 2012;

FOR Proposal 3 the proposal to approve (on an advisory basis) the compensation of the Company's named executive officers;

Edgar Filing: COMMERCIAL METALS CO - Form PRER14A

FOR ONE YEAR on Proposal 4 the proposal to approve (on an advisory basis) one year as the frequency of future advisory votes on the compensation of the Company's named executive officers; and

AGAINST Proposals 5, 6 and 7 all of the Icahn Group proposals.

Q: What do I do if I receive more than one proxy card?

10

Table of Contents

A: Many stockholders hold their shares in more than one account and may receive separate proxy cards or voting instructions forms for each of those accounts. To ensure that ALL of your shares are represented at the Meeting, we recommend that you **VOTE EVERY WHITE PROXY CARD YOU RECEIVE**.

Additionally, if the Icahn Group proceeds with its previously announced alternative nominations, you may receive proxy solicitation materials from the Icahn Group, including an opposition proxy statement and a proxy card. Your Board unanimously recommends you disregard any proxy card you receive from the Icahn Group.

If you have already voted using the Icahn Group's proxy card, you have every right to change your vote by executing the enclosed **WHITE** proxy card or by voting by telephone or via the Internet by following the instructions provided on the enclosed proxy card. Only the latest dated proxy you submit will be counted. If you vote against any Icahn Group nominee using the Icahn Group's proxy card, your vote will not be counted as a vote for the Board's nominees and will result in the revocation of any previous vote you may have cast on the Company's **WHITE** proxy card. **IF YOU WISH TO VOTE PURSUANT TO THE RECOMMENDATION OF THE BOARD, YOU SHOULD DISREGARD ANY PROXY CARD THAT YOU RECEIVE OTHER THAN THE WHITE PROXY CARD.**

If you have any questions or need assistance voting, please call MacKenzie Partners, Inc., our proxy solicitor assisting us in connection with the Annual Meeting, toll-free at (800) 322-2885 or collect at (212) 929-5500.

Q: Who will count the votes?

A: Votes will be counted by one or more independent inspectors of election appointed by the Company for the Annual Meeting.

Q: What happens if the Annual Meeting is adjourned?

A: If we adjourn the Annual Meeting we will conduct the same business at the later meeting and the Board can decide to set a new record date for determining stockholders entitled to vote at the adjourned meeting, or decide to only allow the stockholders entitled to vote at the original meeting to vote at the adjourned meeting. According to the Company's second amended and restated bylaws, when a meeting is adjourned to another time or place, notice need not be given of the adjourned meeting if the time and place, if any, and the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such adjourned meeting are announced at the meeting at which the adjournment is taken; provided, however, that if the date of any adjourned meeting is more than thirty days after the date for which the meeting was originally scheduled to take place, notice of the place, if any, date, and time of the adjourned meeting and the means of remote communications, if any, by which stockholders and proxyholders may be deemed to be present in person and vote at such adjourned meeting shall be given to each stockholder of record entitled to vote at the meeting. If after the adjournment a new record date for stockholders entitled to vote is fixed for the adjourned meeting, the Board will fix a new record date for notice of such adjourned meeting and will give notice of the adjourned meeting to each stockholder entitled to vote at such adjourned meeting as of the record date fixed for notice of such adjourned meeting.

Q: Whom can I contact if I have questions?

A: If you have any questions about the Annual Meeting or how to vote your shares, please call MacKenzie Partners, Inc., toll-free at (800) 322-2885 or collect at (212) 929-5500.

PROPOSAL 1**ELECTION OF DIRECTORS**

Our restated certificate of incorporation divides the Board into three classes. The term of office of the Class II directors expires at this Annual Meeting. In addition, on August 19, 2011, the Board, pursuant to applicable provisions of the Company's Restated Certificate of Incorporation and Second Amended and Restated Bylaws, voted to increase the size of the Board from ten persons to eleven persons, and appointed Joseph Alvarado to serve as a director of the Company, effective September 1, 2011. Mr. Alvarado was appointed to fill

Table of Contents

a newly created vacancy as a Class II director (increasing the size of Class II from three to four directors). At this Annual Meeting, Mr. Alvarado is being nominated for election as a director for the seat previously held by Mr. Robert D. Neary, who is a Class II director and who, as previously disclosed, is not a nominee for re-election due to his retirement at the Annual Meeting. In connection with the Annual Meeting, the vacancy in Class II previously filled by Mr. Alvarado is being eliminated, reducing the total size of the Board and the number of Class II directors by one. These actions will leave the full size of the Class II directors at three and the size of the full Board at ten.

Murray R. McClean has announced his intention to resign from the Board of Directors effective as of December 31, 2011. In connection with the Board's succession planning, the Nominating and Corporate Governance Committee initiated a search process to select director candidates to replace directors who will retire in the next two years, including Mr. McClean. The Nominating and Corporate Governance Committee engaged Russell Reynolds Associates to facilitate a search for director candidates and took into account many factors, including: requirements for independence; the individual's general understanding of the various disciplines relevant to the success of our Company as a large globally-operated, publicly-traded company in today's business environment; each candidate's understanding of the Company's businesses and the metals industry and markets; their professional expertise and educational background; the individual's ethics, integrity, values, inquisitive and objective perspectives, practical wisdom, judgment and availability; and other factors that promote diversity of thought, views and experience. Candidates were evaluated by a sub-committee of the Nominating and Corporate Governance Committee and were interviewed through a series of meetings with directors and executive management. Background reviews of each candidate were conducted by an independent professional agency specializing in the performance of such background reviews. The Nominating and Corporate Governance Committee evaluated each individual in the context of the Board as a whole, with the objective of recommending the director candidate that would be the most likely of the candidate slate to best achieve the success of the business and represent stockholder interests through the exercise of sound judgment. Mr. Rick J. Mills was selected from a slate of qualified candidates for election to our Board. The Nominating and Corporate Governance Committee recommended Mr. Mills to the Board, and the Board appointed Mr. Mills as a director effective as of January 1, 2012 to fill the Class III seat to be vacated by Mr. McClean.

There are three Class II nominees standing for election at the Annual Meeting. The term of the three Class III directors ends at the 2013 annual meeting of stockholders, and the term of the four Class I directors ends at the 2014 annual meeting of stockholders. Proxies cannot be voted for the election of more than three persons to the Board at the Annual Meeting.

Each nominee named in this proxy statement has consented to being named in this proxy statement and to serve if elected. If any nominee becomes unavailable for any reason, the shares represented by the proxies will be voted for the person, if any, designated by our Board to replace such nominee. However, the Company has no reason to believe that any nominee will be unavailable. All of the director nominees, as well as the continuing directors, plan to attend this year's Annual Meeting. At the 2011 annual meeting, all of our current directors were in attendance. The following tables set forth information about the nominees and the continuing directors.

(1) Rick J. Mills is joining the Board of Directors effective as of January 1, 2012 to fill the vacancy created by Mr. McClean's retirement. The Board has determined that no person age 75 or older will be nominated as a candidate for a director position. A director who attains age 75 after the date of his or her election by our stockholders must submit his or her resignation effective as of the annual meeting of stockholders following his or her 75th birthday, with the exception of Mr. Neary, who was granted an exception to this policy to allow for adequate transition of the position of Chairman of the Audit Committee to Mr. Guido, who became the Chairman of the Audit Committee in January 2011. Mr. Neary is retiring as of this Annual Meeting.

There is no family relationship between any of the directors, executive officers, or any nominee for director.

Vote Required

The Board recommends a vote FOR the election of the nominees for director named above: Harold L. Adams, Joseph Alvarado and Anthony A. Massaro.

The Icahn Group Nominees Conflicts Raise Serious Concerns

The Icahn Group has stated its intention to propose three director nominees for election at the Annual Meeting. The Board believes that the Icahn Group nominees offer substantially less experience and expertise in the metals industry than the Board's slate of independent directors and the Company's new President and CEO. The Board also believes the Icahn Group nominees are burdened by fundamental and significant conflicts of interest. Specifically, Mr. Icahn has a controlling interest in PSC Metals, Inc., which competes with the Company in the business of collecting, processing and selling ferrous and non-ferrous scrap metals in various geographic markets. Mr. Icahn's nominees for the Company's board are long-time associates of Mr. Icahn and are currently or have been recently employed by Mr. Icahn and sit (or have sat) on the boards of other companies as designees of Mr. Icahn. The Board believes their close affiliations with Mr. Icahn compromise the ability of the Icahn Group nominees to serve as independent directors of the Company and to act in the best interests of all stockholders. Because Mr. Icahn controls a competitor in our industry and we believe controls these nominees, the Board believes that the election of Mr. Icahn's nominees would violate Section 8 of the Clayton Act, 15 U.S.C. § 19. Section 8 of the Clayton Act prohibits individuals from simultaneously serving (whether personally or through their agents) on the boards of directors of competing corporations. Mr. Icahn and his agents already control the board of directors of PSC Metals, Inc. If Mr. Icahn's nominees to the Board are elected, then agents of Mr. Icahn would be serving on the boards of two competitors, PSC Metals, Inc. and the Company, in violation of the Clayton Act.

CORPORATE GOVERNANCE; BOARD AND COMMITTEE MATTERS

Director Independence. Our Board of Directors has determined, after considering all the relevant facts and circumstances, that Ms. Raiss and Messrs. Adams, Best, Guido, Kelson, Massaro, Mills, Neary, Smith and Womack are independent, as independence is defined by the listing standards of the NYSE, because they have no direct or indirect material relationship with us (either directly or as a partner, stockholder or officer of an organization that has a relationship with us) that would cause the independence requirements of the NYSE listing standards to not be satisfied.

Board Leadership Structure. Currently, Mr. McClean serves as the Chairman of the Board and Mr. Alvarado is the President and CEO. Mr. McClean has announced his retirement effective as of December 31, 2011. Following Mr. McClean's retirement, our Lead Director will assume the position of Chairman of the Board. Our Lead Director is currently Mr. Massaro. While no single leadership model is right for all companies at all times, the Board's view is that separating the roles of Chairman and CEO is in the best interest of stockholders at this time. However, the Board periodically reviews its leadership structure in order to determine whether it is functioning effectively and recognizes that, depending on the circumstances, other leadership models might be appropriate.

Lead Director. When considered appropriate, our corporate governance guidelines permit the designation of a Lead Director by the majority vote of independent directors for a two-year term. The responsibilities of the Lead Director include (i) convening and presiding over executive sessions attended only by independent or independent and non-employee directors, (ii) communicating to the CEO the substance of discussions held during those sessions to the extent requested by the participants, (iii) serving as a liaison between the Chairman of the Board and the Board's independent directors on sensitive issues, (iv) consulting with the Chairman of the Board on meeting schedules and agendas in order to assure that sufficient time is available for discussion of agenda items, (v) consulting with the Chairman of the Board regarding materials to be sent to the Board, including the format and adequacy of information, (vi) consulting with the Chairman of the Board to assure the effectiveness of the Board meeting process and (vii) presiding at meetings of the Board in the event of the Chairman of the Board's unavailability. The Lead Director is also available to receive direct communications from stockholders through Board approved procedures and may periodically, as directed by the Board, be asked to speak for the Company or perform other responsibilities. In January 2011, Mr. Massaro was appointed as the Lead Director for a term to expire as of the date of the Annual Meeting in 2013. In light of Mr. McClean's resignation from the Board effective December 31, 2011, Mr. Massaro will serve as our independent non-executive Chairman of the Board effective January 1, 2012.

Board Role in Risk Oversight. Management has responsibility for managing overall risk to the enterprise. Our Board assesses the enterprise-level risks that face the Company from a strategic point of view and reviews options for risk mitigation. The responsibility to review and assess such risk exposure includes reviewing regulatory, safety, environmental and financial matters, contingent liabilities, and other risks which may be material to the Company, as well as the activities of management in identifying, assessing and mitigating against business, commercial, regulatory, operational, financial and other risks associated with the Company's products and services. The President and CEO periodically reports to the Board on his and management's assessment of risks impacting the Company. The Audit Committee, discussed below, has the responsibility to review the Company's major financial reporting risks or exposures and to assess the steps taken by management to monitor and control such risks and exposures. The Audit Committee's review of these risks and exposures include, but are not limited to: (i) insurance; (ii) any special-purpose entities, complex financing transactions and related off-balance sheet accounting matters; and (iii) legal matters that may significantly impact the Company's financial statements or risk management. In addition, the Finance Committee provides ongoing guidance and oversight of transactions involving financing, investments, and merger and acquisition activity. Both of these committees provide the Compensation Committee with a perspective on the relationship between compensation and risk, which the Compensation Committee uses in its evaluation of management compensation.

Corporate Governance Guidelines and Code of Ethics. Our Board has adopted corporate governance guidelines. Our Corporate Governance Guidelines reflect the principles by which we operate. From time to time, the Nominating and Corporate Governance Committee and the Board review and revise our Corporate Governance Guidelines in response to regulatory requirements and evolving best practices. We have also adopted

a Code of Conduct and Business Ethics (the Code of Conduct), which applies to all of our directors, officers and employees. In addition, we have adopted a separate Financial Code of Ethics which is applicable to our CEO, CFO, Corporate Controller and any other officer who may function as a Chief Accounting Officer. We intend to post any amendments to or waivers from our Financial Code of Ethics and our Code of Conduct on our website to the extent applicable to our CEO, CFO, Corporate Controller, and any other officer who may function as a Chief Accounting Officer or a director. Our Corporate Governance Guidelines, the Code of Conduct, the Financial Code of Ethics and other information are available at our website, www.cmc.com, and such information is available in print to any stockholder without charge, upon request to Commercial Metals Company, 6565 North MacArthur Blvd., Suite 800, Irving, Texas 75039, Attention: Corporate Secretary, or by calling (214) 689-4300.

Stockholder Communications. Interested parties may communicate with the Lead Director or non-executive Chairman, as the case may be, or any of the non-employee and independent directors by submitting a letter addressed to their individual attention or to the attention of non-employee directors c/o Corporate Secretary at P.O. Box 1046, Dallas, Texas 75221.

Meetings of the Board. During the fiscal year ended August 31, 2011, the entire Board met eleven times, of which ten were regularly scheduled meetings and one was a special meeting. All directors attended at least seventy-five percent (75%) or more of the meetings of the Board and of the committees on which they served. We expect all directors and nominees to attend the Annual Meeting. All directors attended the 2011 annual meeting.

Executive Sessions. As required by the NYSE listing standards, non-employee and independent directors regularly schedule executive sessions in which they meet without the presence of employee directors or management. The presiding director at such executive sessions is the Lead Director. In fiscal year 2011, all of the non-employee members of the Board, which includes all members of the Board other than Mr. McClean and Mr. Alvarado, held four non-employee director meetings in connection with Board of Director meetings and one stand alone meeting.

Board Committees

We have four standing board committees, Audit, Compensation, Nominating and Corporate Governance and Finance. Membership of each of these committees is comprised entirely of independent directors. The Board has adopted charters for each of these committees describing the authority and responsibilities delegated to each committee by the Board. All committee charters are available at our website, www.cmc.com, and available in print to any stockholder without charge, upon request to Commercial Metals Company, 6565 North MacArthur Blvd., Suite 800, Irving, Texas 75039, Attention: Corporate Secretary, or by calling (214) 689-4300.

Selection of Nominees for Election to the Board. The Nominating and Corporate Governance Committee has established a process for identifying and evaluating nominees for directors. Directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of stockholders. Director candidates must also have an inquisitive and objective perspective, practical wisdom and mature judgment. In addition to considering these qualifications, the Nominating and Corporate Governance Committee will consider such relevant factors as it deems appropriate, including the current composition of our Board, the evaluations of other prospective nominees, and the need for any required expertise on our Board or one of its committees. The Nominating and Corporate Governance Committee also contemplates multiple dynamics that promote and advance diversity among the members of our Board. Although the Nominating and Corporate Governance Committee does not have a formal diversity policy, the Nominating and Corporate Governance Committee considers a number of factors regarding diversity of personal and professional backgrounds (both domestic and international), national origins, specialized skills and acumen, and breadth of experience in industry, manufacturing, financing transactions, and business combinations. Dedication of sufficient time, energy and attention to insure diligent and effective performance of their duties is expected of directors. Directors should be committed to serve on our Board for an extended period of time, if elected by stockholders. The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders on the same basis that it evaluates other nominees for director. In order for the Nominating and Corporate Governance Committee to consider persons recommended by stockholders for inclusion as nominees for election to our Board, stockholders should submit the names, biographical data and qualifications of such persons in writing in a timely manner addressed to the attention of the Nominating and Corporate Governance Committee and delivered to the Corporate Secretary of Commercial Metals Company at P.O. Box 1046, Dallas, Texas 75221. A stockholder wishing to formally nominate a director for election at a stockholder meeting must comply with the provisions in the Company's second amended and restated bylaws addressing stockholder nominations of directors.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Summary

We are primarily engaged in the manufacturing, recycling, marketing and distribution of steel and metal products and related materials and services through a network of locations throughout the world. We employ approximately 11,422 employees and operate in approximately 204 locations throughout the globe. Management of our businesses is divided into two operating divisions – the CMC Americas Division and the CMC International Division. The CMC Americas Division operates through three segments: Americas Recycling, Americas Mills and Americas Fabrication. The CMC International Division operates through two segments: International Mills and International Marketing & Distribution.

Our executive team members are the stewards of our competitive resources and decision making. In order to compete effectively in the industry, it is critical that we attract and retain motivated leaders who can best position the Company to deliver financial and operational results for the benefit of our stockholders. We believe that our well-designed compensation program achieves this objective.

Table of Contents

In fiscal year 2011, the Company achieved a significant improvement in its results. In a challenging environment for the metals industry as a whole, the Company substantially improved its adjusted EBITDA year over year. With respect to fiscal year 2011, none of the named executive officers received payments under the fiscal year 2011 annual incentive plan or the three-year long-term incentive program that concluded in fiscal year 2011. However, in recognition of the Company's and each executive's strong operational performance during fiscal year 2011 and the long-term vision displayed by management in approving the decision to exit the CMC Sisak mill and the discontinuation of operations at certain rebar fabricating and construction services locations, the Compensation Committee approved discretionary bonuses to be paid to certain of the named executive officers with respect to fiscal year 2011. In addition, the Compensation Committee modified its long-term incentive program to enhance the correlation between achievement of long-term goals and the compensation paid to participants in such program.

The Compensation Committee of the Board of Directors (the Committee), with the assistance of its independent compensation consultant, engages in an ongoing review of the Company's executive compensation program to ensure that it supports the Company's compensation policy and ultimately serves the best interests of our stockholders. Following are highlights of the Company's corporate governance framework, which reinforces our pay for performance environment:

No Tax Gross-Ups Under Executive Employment Continuity Agreements. The Company does not provide for excise tax gross-ups under the Executive Employment Continuity Agreements. Under these agreements, if we determine that the payments to an executive under the Company's change in control agreement, combined with any other payments or benefits to which the executive may be entitled, would result in the imposition on the executive of an excise tax, we are required to either reduce such payments to the maximum amount which would not result in imposition of an excise tax or pay such payments to the executive if, even after the executive's payment of the excise tax, the executive would receive a larger net amount.

Double Trigger Required for Receipt of Cash Severance Payments. The Company's change in control agreements contain a double trigger in that there must be present both a change in control and a qualifying termination of the executive in order to trigger cash severance payments under these agreements. We believe that these agreements provide a mechanism for eliminating the distraction to the executives that is inherent in change in control events. While the change in control agreements institute a double trigger requirement for the payment of cash severance, our equity incentive plans allow for accelerated vesting upon a change in control. We believe that accelerated vesting in the case of equity awards is appropriate in order for employees who remain with the Company or its successor after a change in control to be treated the same with regard to equity as the general stockholders of the Company.

Stock Ownership Guidelines. To align the interests of our executives and directors with those of our stockholders and to assure that our executives and directors own meaningful levels of Company stock throughout their tenures with the Company, the Committee established stock ownership guidelines for our executives and directors. The stock ownership guidelines require the non-employee directors and President and COO to own Company stock equal in value to five times such person's base salary or annual retainer, as applicable, and each of the executives to own Company stock equal in value to three times his or her respective base salary.

Benchmarking Process Used for Compensation Metrics. The Committee reviews external market data in order to set market-based compensation levels and consider current best practices when making compensation decisions.

Executive Compensation Participants

The Company's executive compensation program applies to approximately 220 senior executives and senior managers; however, per the SEC executive compensation disclosure rules, this CD&A focuses on the compensation paid or awarded to the six named executive officers included in the Summary Compensation Table on page 41.

Table of Contents

For fiscal year 2011, the named executive officers (the "NEOs") were:

Mr. McClean, President and CEO (through August 2011), Chairman of the Board

Mr. Alvarado, Executive Vice President and COO (through August 2011), President and CEO

Mr. Zoellner, Executive Vice President Commercial Metals Company & President CMC International Division

Mr. Porter, Senior Vice President Commercial Metals Company & President CMC Americas Division

Ms. Smith, Senior Vice President and Chief Financial Officer

Mr. Larson, Senior Vice President and Chief Financial Officer (through May 2011)

As noted earlier in this proxy statement, Mr. McClean and the Company mutually agreed to terminate Mr. McClean's employment with the Company, effective upon Mr. McClean's retirement on December 31, 2011.

Compensation Objectives and Principles

The Committee oversees the compensation and benefit programs of our executives. The Committee determines the compensation of each member of our senior leadership group (our officers and our key operating and senior staff executives). The Committee is responsible for ensuring that our compensation policies and practices support the successful recruitment, development, and retention of the executive talent and leadership required to achieve our business objectives. The Committee is made up entirely of independent directors, consistent with the current listing standards of the NYSE.

The Committee believes that it is in the best interests of stockholders for us to establish and maintain a competitive executive compensation program. Accordingly, our base salary philosophy consists of maintaining competitive base salaries which we target at approximately the 40th percentile of competitive market data, as discussed below. A significant portion of potential executive compensation is variable based upon our financial performance, which we believe aligns executive performance goals with those of our stockholders and, thus, constitutes a larger percentage of an executive's overall compensation opportunity. We will pay higher compensation when goals are exceeded than when goals are not met, taking into consideration individual ability to influence results and overall economic and market conditions.

The Committee has approved an executive compensation program that:

facilitates the attraction and retention of top-caliber talent;

aligns the short and long-term interests of our executives with those of our stockholders; and

offers moderate base salaries and competitive employee benefits coupled with significant short and long-term variable incentives dependent upon achieving financial performance goals.

Within the objectives listed above, the Committee generally believes that best practices call for the performance metrics by which variable compensation is determined to be:

largely formulaic;

designed to compensate based upon a combination of individual, business unit and Company performance goals; and

established and communicated early in the performance period in order to align individual performance with Company goals. In addition, the Committee strongly believes that a portion of our executive compensation program must remain purely discretionary. Discretionary compensation allows the Committee (i) to evaluate and reward executive performance in areas such as employee development and training, leadership and succession planning, (ii) to perform a qualitative assessment of the business and competitive conditions in which we operate, and (iii) to consider issues of internal pay equity and external benchmarking.

Table of Contents

Determination of Total Compensation

The Committee engages in an ongoing review of the Company's executive compensation program. The review includes an analysis of market compensation practices and developments, external regulatory requirements, the competitive market for executive talent, the evolving culture and demands of the business, our compensation philosophy, and the features of the program. The Committee periodically adjusts the various compensation elements to best align the performance goals applicable to our executives with those of our stockholders as well as with the requirements of our business and regulatory environment.

External Compensation Advisors

Since 2005, the Committee has engaged Ernst & Young LLP (E&Y) on an ongoing basis to consult on compensation matters. All work performed by E&Y with regard to our executive compensation program is tasked and overseen directly by the Committee. At the direction of the Committee, our management provides information and analyses to the Committee. In fiscal 2011, Towers Watson (Towers Watson) served as management's compensation consultant and assisted management in its analysis of executive compensation. As discussed further below, the Company participates in and purchases various compensation surveys and studies which management and the Committee use to analyze executive compensation. We believe that utilizing information from multiple external consulting firms and compensation surveys ensures an objective and well-rounded view of executive compensation practices.

In fiscal year 2011, we paid E&Y approximately \$280,000 for services provided to the Committee relating to executive and director compensation. In addition, we paid E&Y \$390,000 for tax-related and mergers and acquisition services provided during fiscal year 2011. The engagement of E&Y for these tax-related and mergers and acquisition services was based on historical practices. The Committee believes that adequate safeguards exist to ensure the continued independence and objectivity of E&Y's compensation consulting advice, and the Committee monitors the other services provided by E&Y.

Role of Management and CEO in Compensation Decisions

We strongly believe in aligning executive and stockholder interests through an executive compensation program designed with input from management in an ongoing dialogue with the Committee and, as appropriate, the compensation advisors listed above regarding internal, external, cultural, business and motivational challenges and opportunities facing us and our executives. To that end, the executive team analyzes, with assistance from the Committee and management's compensation advisors, trends and recommends improvements to the compensation programs. Specifically, Mr. McClean, the Chairman of the Board, and Mr. Alvarado, President and CEO, reviewed with the Committee their recommendations (without any recommendation as to their own compensation) regarding base salary adjustments, annual bonus, long-term bonus and equity awards for the NEOs to ensure alignment of stockholder interests with executive goals as well as reward for performance. While the Committee receives management's input with respect to executive compensation, all decisions regarding compensation for the NEOs are made by the Committee.

As periodically invited by the Committee, the following executives have attended meetings or portions of meetings of the Committee in fiscal year 2011: Mr. McClean, Chairman and former CEO; Mr. Alvarado, President and CEO and former COO; Ms. Bruder, Senior Vice President of Law, Government Affairs and Global Compliance, General Counsel and Corporate Secretary; and Mr. Alleman, Senior Vice President of Human Resources, as well as employees of E&Y.

Competitiveness of our Compensation Program

Our executive compensation program is designed so that total short and long-term compensation is competitive with market practices. Market practices, or benchmarks, are based on peer group data and compensation survey data. Peer group data is used to evaluate the compensation paid or awarded to Messrs. McClean and Alvarado, while compensation survey data is used to evaluate compensation paid or awarded to the other NEOs.

Table of Contents

Annually, the Committee selects for the peer group what it considers to be the most comparable companies with emphasis on their industry focus, size, scope, and complexity of operations. The peer group does not vary significantly one year to the next to ensure a stable basis of comparison. For example, other than the deletion from the peer group of Gerdau Ameristeel Corporation, the peer group used for determining fiscal year 2011 compensation was the same as the peer group used for determining fiscal year 2010 compensation. Gerdau Ameristeel Corporation was removed from the peer group because it ceased to be a publicly traded company in fiscal year 2010.

For fiscal year 2011, the peer group consisted of the following companies:

AK Steel Holding Corporation

Allegheny Technologies Incorporated

Mueller Industries, Inc.

Nucor Corporation

Reliance Steel & Aluminum Co.

Schnitzer Steel Industries, Inc.

Steel Dynamics, Inc.

The Timken Company

United States Steel Corporation

Worthington Industries

As noted above, the Committee also uses compensation survey data in its evaluation of executive pay for the NEOs other than Messrs. McClean and Alvarado. Survey data provides insight into positions that may not generally be reported in proxy statements and information about the compensation of executives of non-public companies. To assist the Committee in evaluating fiscal year 2011 compensation levels, the Committee reviewed information from the following surveys: Economic Research Institute 2011 Executive Compensation Assessor; Mercer Human Resource Consulting 2010 Executive Survey Report; and Towers Watson 2010/2011 Industry Report on Top Management. For purposes of this CD&A, the peer group data and compensation survey data are collectively referred to as Peer Data.

In fiscal year 2011, the following compensation actions were taken:

Edgar Filing: COMMERCIAL METALS CO - Form PRER14A

no Annual Cash Incentive Bonus (as defined below) or Long-Term Cash Incentive (as defined below) payments were made to the NEOs for fiscal year 2011;

certain NEOs received discretionary annual bonuses in recognition of their significant efforts and contributions to the Company in fiscal year 2011;

the Company awarded Messrs. McClean and Larson retirement bonuses in the amounts of \$750,000 and \$100,000, respectively;

the NEOs received a combination of performance-based and time-vested restricted stock units, with vesting of the performance-based units being determined based on a cumulative three-year EBITDA and ROIC targets (each as defined below), subject to the Committee's exercise of negative discretion based on the Company's ranking in total stockholder return as compared to the members of the peer group;

the NEOs received salary and/or promotional increases; and

the Company entered into a retirement agreement and amended employment agreement with Messrs. Larson and McClean, respectively, in connection with each officer's transition from the role of an officer of the Company and eventual retirement from the Company.

Table of Contents**Compensation Mix: Components and Objectives of Short- and Long-Term Compensation**

In accordance with our overall compensation philosophy and program, executives are provided with a mix of base salary, short-term incentives, long-term incentives, employee benefits and health and welfare benefits. Our compensation philosophy places a greater portion of the potential compensation for each NEO at risk such that compensation will vary based on performance. Variable compensation is a component of compensation for most of our employees, but it is reflected in greater proportion in the NEO compensation. The table on the following pages describes each element of compensation and the objectives for each element:

PROGRAM	DESCRIPTION	OBJECTIVES
ANNUAL COMPENSATION:		
Base Salary	Annual cash compensation.	Retention.
Annual Cash Incentive Bonus	Bonus plan based on performance periods set by the Committee typically utilizing formula-driven target awards based upon performance goals. Bonus payout for formulaic bonus features may be reduced below (but not increased above) formula results at the discretion of the Committee.	Recognition of individual performance. Focus executives on achieving pre-established performance goals, such as return on invested capital or net assets, operating profit, net earnings or working capital reduction.
Annual Discretionary Incentive Bonus	Cash bonuses awarded at the discretion of the Committee. The Committee may consider any circumstances it deems appropriate in awarding these discretionary bonuses.	Provides the Committee with flexibility to reward individual performance not reflected in formulaic metrics. Focus employees on performance. Reviewed annually for individual contribution in context of Company performance and internal pay equity and external benchmarking.
LONG-TERM COMPENSATION:		
Long-Term Incentive Program	A long-term incentive program using a combination of time-vested and performance-based awards. The performance-based awards are subject to a multi-year performance period, currently based on growth in EBITDA and ROIC targets. For the fiscal year 2011-2013 performance period, awards will be settled in time-vested restricted stock units and performance-based stock units, with the performance-based stock units settled in 50% cash and 50% Company stock.	Focus on long-term Company performance and long-term success. Retention. Employee alignment with stockholders via performance goals and stock ownership.
OTHER EXECUTIVE BENEFITS:		
Retirement Programs	Company offers an ERISA qualified defined contribution plan, a non-qualified plan designed to restore benefits that would have otherwise been received by participants but for applicable IRS limits, and pension retirement plans for designated employees located outside the U.S.	Attract qualified employees. Retention. Provide vehicle for retirement.

PROGRAM	DESCRIPTION	OBJECTIVES
Perquisites	Company-provided automobiles and related insurance and maintenance (or, alternatively, an allowance for the same).	Attract qualified employees.
Other Benefits	Relocation benefits. Medical, dental, vision, life insurance, short and long-term disability, employee assistance program, employee stock purchase plan, and other welfare benefits.	Attract qualified employees. Retention. Provide health and welfare benefits to employees.

Base Salary

We pay an annual base salary to each of our NEOs in order to provide them with a fixed rate of cash compensation that is non-variable during the fiscal year. The Committee targets base salary at the 40th percentile of the Peer Data; however, actual base salary may be above or below the 40th percentile based on the Committee's review of the underlying scope of an NEO's responsibilities, individual performance and experience, internal pay equity, and retention concerns. The Committee strives to maintain salaries at a level that will attract top talent, while linking a significant portion of an executive's total compensation opportunity to our success. The fiscal year 2011 salary increases described below were generally made to bring the base salary levels of our NEOs into closer alignment with the Peer Data.

For fiscal year 2011, Mr. McClean's minimum base salary was increased from \$700,000 to \$850,000. In connection with Mr. McClean's transition from the role of President and CEO to the role of Chairman of the Board, Mr. McClean's base salary was reduced to \$400,000.

For fiscal year 2011, Mr. Alvarado's base salary was increased from \$500,000 to \$650,000 when he was named President and COO and subsequently to \$750,000 when he was named President and CEO.

Mr. Zoellner's base salary for fiscal year 2011 was increased from CHF 535,000 to CHF 555,970 (USD equivalent for comparison purposes of \$607,959 based on the average monthly exchange rate of .9145 for the prior 12 months). Mr. Zoellner is the President of our International Division and a resident of Switzerland and, accordingly, his base salary is set at the beginning of each fiscal year in Swiss francs.

Mr. Porter's base salary was not increased during fiscal year 2011.

For fiscal year 2011, Mr. Larson's base salary was increased from \$390,000 to \$420,000 until his retirement on December 31, 2011.

Ms. Smith was hired as Senior Vice President and Chief Financial Officer on June 1, 2011, with a minimum base salary of \$475,000. Ms. Smith's initial base salary was determined based on the Peer Data as well as the advice of E&Y.

Annual Cash Incentive Bonus

At the 2007 annual meeting of stockholders, our stockholders approved the Commercial Metals Company 2006 Cash Incentive Plan (the 2006 Cash Plan), the purpose of which is to advance the interests of the Company and our stockholders by:

providing those employees designated by the Committee, which may include NEOs, other senior executives, senior managers and other employees, incentive compensation tied to stockholder goals for Company and individual performance;

identifying and rewarding superior performance;

providing competitive compensation to attract, motivate, and retain outstanding employees who achieve superior financial performance for us; and

fostering accountability and teamwork throughout the Company.

In accordance with the terms of the 2006 Cash Plan, the Committee establishes appropriate performance periods, designates those executives eligible to participate, sets the level of potential awards and determines the

financial targets or other performance measures which, if attained, result in payment of awards (the performance goals). Management may periodically make recommendations as to these matters, but the Committee makes all decisions with respect to the implementation of the 2006 Cash Plan. In establishing performance goals, the Committee reviews industry and market conditions, projected general economic conditions, both our past and forecasted performance levels applicable to those executives with overall Company responsibilities and, with respect to Mr. Porter and Mr. Zoellner, each business unit for which they are responsible.

The performance period for the annual bonus (the Annual Cash Incentive Bonus) is our fiscal year. The Annual Cash Incentive Bonus is designed to focus our executives on short-term return and, in the case of business unit leaders, operating profit goals. We believe that these goals in concert help ensure that executives are focused on effectively utilizing our assets, maximizing operational efficiencies and seeking profitable growth opportunities.

The table below sets forth each NEOs fiscal year 2011 threshold, target and maximum bonus opportunities, expressed as a percentage of base salary. Target Annual Cash Incentive Bonus opportunity is designed to achieve, when combined with base salary, compensation at approximately the 50th percentile of Peer Data.

2011 Annual Cash Incentive Bonus Opportunity**Expressed as a Percentage of Base Salary at Beginning of Fiscal Year 2011**

Name	Threshold	Target	Maximum
Murray R. McClean	N/A	100%	300%
Joseph Alvarado(1)	N/A	85%	250%
Hanns K. Zoellner	37.5%	75%	210%
Tracy L. Porter	37.5%	75%	210%
William B. Larson	N/A	75%	195%
Barbara R. Smith(2)	N/A	75%	195%

(1) The bonus opportunities reported for Mr. Alvarado reflect his bonus opportunity as the Company's Executive Vice President and COO.

(2) Ms. Smith commenced employment with the Company in June 2011 and was eligible to receive a pro rata bonus payment reflecting the portion of the year in which she was employed by the Company.

The 2011 performance goals were based on overall Company performance and business unit performance. For Messrs. McClean, Alvarado and Larson and Ms. Smith, their 2011 Annual Cash Incentive Bonus was based entirely on overall Company FIFO Net Income and ROIC (each as defined below), with each performance goal weighted equally. For Messrs. Zoellner and Porter, their 2011 Annual Cash Incentive Bonus was based 50% on overall Company FIFO Net Income and ROIC and 50% on their respective business unit RONA and Operating Profit (each as defined below), with each performance goal weighted equally.

With regard to fiscal year 2011, the Committee ensured that the annual performance targets were aligned with the Company's business plans to reinforce the Company's goal to achieve the Company's business plans. The portion of the bonus tied to CMC financial performance metrics was only payable if CMC achieved its target FIFO Net Income. If so achieved, target bonuses would be automatically paid. The portion of the NEOs bonus that was tied to business unit performance was payable only if the Company met its FIFO Net Income goal and both the RONA and Operating Profit goals were achieved. If RONA and Operating Profit goals were met, then bonuses would be automatically paid. Payouts for performance in excess of target are determined using straight line interpolation.

Table of Contents

The following tables set forth the fiscal year 2011 performance goals applicable to each NEO.

RONA(3)	50%	7.4%	11.7%	16.3%
Operating Profit(4)	50%	\$77.4M	\$121.5M	\$170.2M

Mr. Porter s 2011 Annual Cash Incentive Bonus Performance Goals

RONA(3)	50%	8.8%	12.2%	17.0%
Operating Profit(4)	50%	\$134.3M	\$184.6M	\$258.5M

- (1) FIFO Net Income means net earnings calculated using the first in, first out (FIFO) inventory costing principle for all inventories.
- (2) ROIC means FIFO Net Income before interest expense divided by the sum of commercial paper, notes payable, current maturities of long-term debt, debt and stockholders equity.
- (3) For an applicable business unit, RONA means the percentage obtained by dividing Operating Profit by the value of average net assets, determined by using the FIFO inventory costing principle.
- (4) For an applicable business unit, Operating Profit means FIFO Net Income before income taxes, interest (both internal and external) and program/discount fees and expenses.

Our overall performance in fiscal year 2011, measured in terms of net earnings, did not meet the threshold financial goals due to one-time, pre-tax charges related to the Company s decision to exit the CMC Sisak mill in Croatia as well as the discontinuation of operations at five rebar fabricating locations and eight construction services locations. Because the Company failed to achieve the Company-wide threshold financial goals in fiscal year 2011, no fiscal year 2011 Annual Cash Incentive Bonus payments were paid to the NEOs under the 2006 Cash Plan. However, business unit level financial goals were achieved in most business units.

Discretionary Bonuses

Edgar Filing: COMMERCIAL METALS CO - Form PRER14A

In addition to the Annual Cash Incentive Bonus, the Committee may, in its discretion, approve additional discretionary cash awards to employees, including the NEOs (the Annual Discretionary Incentive). Any Annual Discretionary Incentive is calculated solely at the discretion of the Committee. The Annual Discretionary

Table of Contents

Incentive allows the Committee to award discretionary bonuses in response to circumstances unforeseen at the beginning of the fiscal year. At the end of each fiscal year the Committee determines whether any discretionary awards are deemed warranted and, if so, in what amount. Each discretionary cash award is based on the Committee's evaluation of the individual's overall job performance, including (i) progress toward non-financial or less objective goals such as employee development, training, leadership and succession planning, (ii) a qualitative assessment of the business and competitive conditions in which we operate, and (iii) issues of internal pay equity and external benchmarking.

After reviewing the Company and individual performance for fiscal year 2011, the Committee determined that it was appropriate to award discretionary bonuses to certain of the NEOs to recognize and reward management for its strong operational performance during fiscal year 2011 and the long-term vision displayed by management in approving the decision to exit the CMC Sisak mill in Croatia and the discontinuation of operations at five rebar fabricating locations and eight construction services locations. In determining the Annual Discretionary Incentive to be paid to Messrs. Alvarado and Porter, the Committee also considered the strong performance of the Americas Division during fiscal year 2011. Accordingly, Messrs. Alvarado, Porter and Zoellner and Ms. Smith received discretionary bonuses of \$750,000, \$500,000, \$200,000 and \$50,000, respectively.

Long-Term Incentives

We maintain both a long-term cash incentive program and a long-term equity incentive program, each governed by their respective stockholder approved plans: the 2006 Cash Plan and the Commercial Metals Company 2006 Long Term Equity Incentive Plan (as amended and approved by stockholders in 2010) (the "2006 Equity Plan"). Through these programs we provided senior executives, including participating NEOs, the opportunity for cash and equity awards contingent on the attainment of multi-year performance goals. Acting in concert, the Annual Cash Incentive Bonus, the Annual Discretionary Incentive, and long-term incentive programs provide balanced cash incentives and equity incentives that reward executive focus on delivering both financial results and long-term growth. Both equity and cash are used in order to facilitate retention, provide long-term motivation and to focus executives on increasing stockholder value. The target long-term incentive awards are designed to achieve, when combined with base salary and the target Annual Cash Incentive Bonus, approximately the 50th percentile, or slightly higher, of Peer Data and, when achieving maximum performance, to reach total compensation at the upper quartile or better of Peer Data.

Fiscal Year 2011 – Fiscal Year 2013 Combined Long-Term Incentive Program

In fiscal year 2011, the Committee elected to combine the cash and equity long-term incentive programs into a single program ("Combined Long-Term Incentive Program") in order to (i) provide management incentives focused on long-term growth (3-year cumulative EBITDA targets (as defined below)) within certain profitability parameters (3-year ROIC targets (as defined below)), (ii) further align all direct compensation to fiscal year performance periods, (iii) simplify the communication of the long-term goals and their calculation metrics thereby enhancing the correlation between achievement of long-term goals and compensation, and (iv) ease long-term incentive program administration. The result is a long-term incentive program (with the equivalent cumulative potential value to executives as previously provided) utilizing three-year performance periods with awards to be selected and set annually at the discretion of the Committee from a mixture of potential awards, including: (i) time-vested restricted stock units; (ii) performance-vested stock units (with the actual payout of the award based on the level of attainment of cumulative EBITDA and ROIC targets over the performance period and settled partly in the Company's stock and partly in cash); and (iii) time-vested stock appreciation rights and/or stock options.

In fiscal year 2011, the Committee approved the 2011 – 2013 Combined Long-Term Incentive Program with the long-term incentive awards to be delivered in the form of time-vested restricted stock units ("RSUs") and performance-vested stock units ("PSUs"). The RSU awards vest ratably over a three-year period. For the PSUs, the performance period began on December 1, 2010 and will end on August 31, 2013. The PSU awards are measured over the performance period based on the achievement of growth in net earnings before interest (including accounts receivable securitization program expenses), taxes, depreciation, amortization and accrual for

prior years long-term cash incentive awards (EBITDA), and return on invested capital (ROIC) targets. Under the terms of the award agreements, the Committee may exercise its discretion to reduce the award payments in the event that the Company's total stockholder return is below the 40th percentile of the peer group. The 2011-2013 PSUs will be settled 50% in cash and 50% in stock, with the settlement value of the PSUs determined based on the closing share price on the last day of the performance period. A minimum performance level (threshold) is established below which no payment will be made to any participant as well as a target and maximum award payment for each participant. For the 2011-2013 performance period, the Committee established the payout formula to encourage strong, focused performance with each performance level representing what the Committee deemed to be stretch performance goals given the economic and market conditions at the time the goals were set.

The following table sets forth the target award opportunity, expressed as a percentage of base salary, under the 2011-2013 Combined Long-term Incentive Program.

Table of Contents**Prior Years Long-Term Cash Incentive Programs**

Prior to fiscal year 2011, the Committee granted both annual and long-term cash awards under the 2006 Cash Plan. At the beginning of each three-year performance period, the Committee established performance goals and set threshold, target and maximum achievement levels for award opportunities for each participant expressed as a percentage of that participant's base salary in effect at the beginning of the performance period. Results were to be measured over the ensuing three-year performance period. Participants were to be paid cash awards following the end of each three-year period only if the Company achieved the performance goals. A minimum level (threshold) was established below which no payment would be made to any participant as well as a target and maximum award payment for each participant. For these performance periods, the Committee considered the establishment of high, yet attainable, results over a three-year performance period to be a significant factor in balancing short-term and longer term cash incentives as part of the Company's executive compensation program.

For the 2009-2011 and 2010-2012 performance periods, growth in Company-wide EBITDA was used as the sole performance goal. The minimum hurdle to reach a threshold long-term cash incentive payment was a continuation of the Company's record 2007 EBITDA multiplied by three (the Threshold LTI-EBITDA). Increases to the Threshold LTI-EBITDA were required over each three-year performance period to attain target and maximum payments. In order to attain the target payments, the Company was required to increase the Threshold LTI-EBITDA by 6%. In order to attain the maximum payments, the Company was required to increase the Threshold LTI-EBITDA by 8%. The Committee believed the use of growth in LTI-EBITDA over the performance period as a performance goal focused our executives on generation of earnings growth, a key factor in increasing stockholder value.

In the wake of the global financial crisis, and its depressive effect on economic conditions, the Company's EBITDA growth outlook was correspondingly reduced. After reviewing the fiscal 2010-2012 performance goals and the Company's growth outlook, the Committee believed that basing the prospective EBITDA goals on the highest EBITDA achieved would set unrealistic and, therefore, non-motivational goals for participants in the program. The Committee set an adjusted EBITDA target for the 2010-2012 performance period based on a combination of management's internal five year plan, other factors including EBITDA estimates intended to drive stock price improvement, past practice and perceived achievability.

The following tables describe the payout opportunity set for threshold, target and maximum performance (expressed as a percentage of base salary at the beginning of each respective three-year period) for the 2009-2011 and 2010-2012 performance periods. Since the Threshold LTI-EBITDA level was not achieved for the 2009-2011 performance period, no long-term cash incentive payments were attributable to the three-year performance period ended August 31, 2011.

Retirement Bonuses Awarded to Messrs. McClean and Larson

In fiscal year 2011, the Committee approved retirement bonuses for Messrs. McClean and Larson in the amounts of \$750,000 and \$100,000, respectively. The retirement bonuses paid to Messrs. McClean and Larson were paid in recognition of the years of dedication and service to the Company and the efforts of each executive in assisting with the transition of their responsibilities to their successors.

Other Elements of Compensation

As described below, we also provide retirement benefits and health and other welfare benefits to our NEOs.

Retirement and Nonqualified Deferred Compensation Benefits

Profit Sharing and 401(k) Plan: The primary tax qualified long-term compensation retirement plan we have for our employees in the United States is the Commercial Metals Company's Profit Sharing and 401(k) Plan (the "PS/401(k) Plan"). The PS/401(k) Plan is a defined contribution plan and all Company contributions to the plan are discretionary. In addition, Mr. Zoellner participates in a Swiss pension plan applicable to employees based in Switzerland. This plan is described in further detail on page 48. The amounts contributed to the Swiss pension plan on behalf of Mr. Zoellner and the PS/401(k) Plan on behalf of each of the other NEOs are listed in the Summary Compensation Table on page 41.

Benefit Restoration Plan: As a result of limitations mandated by federal tax law and regulations that limit defined contribution plan retirement benefits of more highly compensated employees, the Company provides the Benefit Restoration Plan ("BRP"), a non-qualified plan for certain executives, including each of the NEOs, designated by the Committee, who are subject to federally mandated benefit limits in the PS/401(k) Plan. Following each calendar year-end, we credit to the participant's account under the BRP a dollar amount equal to the amount of Company contributions that the participant would have received under the PS/401(k) Plan but for the limits imposed by law on Company contributions to that plan. A BRP participant may also elect to defer up to fifty percent (50%) of compensation into his or her BRP account. The Committee

believes that the BRP is an important element of our long-term compensation program because it helps attract and retain talent in a competitive market. The amounts contributed to the BRP plan on behalf of each of the participating NEOs are listed in the Summary Compensation Table on page 41.

Supplemental Retirement Benefit to Mr. Zoellner: In fiscal year 2010, we engaged Towers Watson in Zurich to review our Swiss pension plan to determine local competitiveness. Towers Watson found that for most employee age groups, the current Swiss pension plan contributions were competitive; however, Mr. Zoellner's contributions were generally less than competitive over the last 10 years. Given the Company's mandatory executive retirement age of 65, unlike other employees, Mr. Zoellner would not have enough future years of employment to make up for the contributions to be competitive. Therefore, the Committee determined that a payment in the amount of 198,935 Swiss francs (equivalent to \$243,137 U.S. Dollars based on an exchange rate of .8182 Swiss francs to 1 U.S. Dollar which was the exchange rate on August 31, 2011) would be made to Mr. Zoellner in fiscal years 2010, 2011 and 2012, provided that Mr. Zoellner remained an employee of the Company.

Perquisites

We provide leased cars and related insurance and maintenance or, alternatively, car allowances to U.S.-based NEOs in order to facilitate the successful achievement of their and our performance. In addition, in fiscal year 2011 the Company incurred costs to relocate Ms. Smith to the Company's headquarters. These relocation costs included costs associated with the sale of Ms. Smith's home in Tampa, Florida. This relocation benefit was deemed to be important to the recruiting of Ms. Smith to the Company. We do not own or provide corporate aircraft, security services, personal tax or financial planning, an executive dining room or similar perquisites to the NEOs.

Medical and Other Welfare Benefits

Our U.S.-based NEOs, along with all other employees, are eligible to participate in medical, dental, vision, life, accidental death and disability, long-term disability, short-term disability, and other employee benefits made available to employees.

Termination, Severance and Change in Control Benefits

In recognition of the years of dedication and service to the Company and the efforts of each executive in assisting with the transition of their responsibilities to their successors, in May 2011, the Committee approved a retirement agreement and amended and restated employment agreement for Messrs. Larson and McClean, respectively. Under these agreements, Messrs. McClean and Larson are each bound to certain post-employment restrictive covenants following their retirement. In consideration of Mr. Larson's release of claims and his agreeing to be available to the Company for assistance in preparing financial statements for the current fiscal year and to perform other transition obligations, under Mr. Larson's retirement agreement, Mr. Larson is entitled to the following on his retirement date: (i) a lump sum payment of \$250,000; (ii) an amount equal to twenty days of accrued, unused vacation pay; (iii) subject to the discretion of the Compensation Committee, payment of the annual bonus for the current fiscal year as calculated and determined by the Committee; (iv) Company-paid COBRA coverage for eighteen months following the Retirement Date; (v) vesting of SARs, restricted stock, stock options, and/or certain PSUs, all to the extent permitted by the terms of the applicable equity incentive plan and award or grant agreements; (vi) a lump sum severance payment in an amount equal to two times his current base salary; and (vii) payment of all vested benefits, including benefits under any equity incentive plan, LTIP, PS/401(k) Plan and BRP. Pursuant to Mr. McClean's amended and restated employment agreement, (i) the Company agreed to pay Mr. McClean a lump sum payment of \$3,023,860 (representing 1.5 times his base salary and average bonus over the prior five years plus a \$100,000 agreement non-renewal fee) and other specified benefits and payments in connection with his retirement from the Company, (ii) accelerated vesting of certain of Mr. McClean's outstanding equity awards, and (iii) Mr. McClean agreed to a release and waiver of claims in favor of the Company. As noted above, Mr. McClean and the Company mutually agreed to terminate Mr. McClean's employment with the Company, effective upon his retirement on December 31, 2011. As a result, Mr. McClean will be eligible to receive the severance payments provided under his amended and restated employment agreement.

Also, during fiscal year 2011, the Company entered into an employment agreement with Ms. Smith governing the initial terms of Ms. Smith's employment as our Senior Vice President and Chief Financial Officer. Ms. Smith's agreement includes an initial base salary, initial equity grant and a one-time sign-on bonus, each as

Table of Contents

described in further detail in the Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table. The terms of Ms. Smith's agreement were determined based on the input of E&Y, consideration of the forfeiture by Ms. Smith of compensation that would have been paid by her prior employer and the negotiations between the Committee and Ms. Smith.

As of August 31, 2011, the employment agreements with each of our NEOs provide severance benefits upon a qualifying termination of employment. In addition, we have entered into Executive Employment Continuity Agreements (EECAs) with each of the NEOs, other than Messrs. McClean and Larson, which provide for enhanced severance benefits in the event of a qualifying termination of employment within two years following a Change in Control (as defined in such agreements). The termination provisions included in the employment agreements and EECAs are further described below in the Potential Payments and Benefits Upon Termination or Change in Control section. The Committee believes the payments provided for under the employment agreements and EECAs upon a qualifying termination of employment to be reasonable in light of the non-competition obligations imposed upon the NEOs post-termination and in order to ensure that we have the continued attention and dedication of the executives during circumstances that could result in a change in control.

In addition to the EECAs, our equity incentive plans also provide for accelerated vesting of stock-based awards regardless of whether a termination occurs as a result of a Change in Control, as defined by such plans. Further, the 2006 Cash Plan provides that in the event of a Change in Control, the Committee has discretion to take action to determine the extent to which incentive compensation is considered earned and payable during any performance period, consistent with the requirements of Section 162(m) of the Internal Revenue Code, as amended (the Code), and further consistent with our best interests. We believe that accelerated vesting upon a Change in Control is appropriate in order for employees who remain with the Company or its successor after a Change in Control to be treated the same with regard to equity as the general stockholders of the Company.

Deductibility of Executive Compensation

Section 162(m) of the Code limits the amount of compensation paid to our CEO and our other three most highly compensated executive officers, other than our CFO, that may be deducted by us for federal income tax purposes in any fiscal year to \$1,000,000. Performance-based compensation that has been approved by our stockholders is not subject to the Code's \$1,000,000 deduction limit. Our 2006 Cash Plan and 2006 Equity Plan have been approved by our stockholders and awards under those plans that constitute performance-based compensation are not subject to the Code Section 162(m) deduction limit. We believe that all compensation paid to NEOs attributable to fiscal year 2011 will be tax deductible to us, except for discretionary bonuses paid to NEOs whose compensation exceeds the Code Section 162(m) threshold.

While the Committee believes that it is important for compensation paid to our NEOs to be tax deductible under the Code, the Committee also recognizes the need to retain flexibility to make compensation decisions that may not meet the standards of Section 162(m) when necessary to enable the Company to continue to attract, retain, reward and motivate its highly-qualified executives.

Relationship between Prior Compensation and Current Compensation

The Committee periodically reviews tally sheets and wealth accumulation information considering all forms of Company paid compensation paid to NEOs, but does not specifically consider this information when making changes in base salary, cash compensation or equity compensation.

Stock Ownership Policy and Policy Regarding Hedging of Company Stock

The Board of Directors has implemented stock ownership guidelines for directors, all NEOs, other officers and certain designated senior level employees. The Board of Directors believes that minimum ownership guidelines serve to further align the interests of those covered by the guidelines with our stockholders. Executives who are hired or promoted into positions covered by the guidelines have three years following such date to attain the minimum ownership level applicable to their positions, while individuals who are elected to serve on the Board of Directors have five years from their election date to attain the minimum ownership level applicable to directors. The guidelines require ownership of Company stock with a value based on the grant date.

Table of Contents

fair value or the purchase date fair value as determined on January 31st of each year, of not less than the following amounts:

Non-employee directors five times the annual retainer paid to all non-employee directors;

President and CEO five times base salary; and

Executive Vice Presidents, Senior Vice Presidents, each Company business segment President, the CFO and the General Counsel three times base salary.

The greater of current fair market value and the grant date fair value of unvested restricted and performance shares of Company common stock and unexercised options, stock appreciation rights and similar equity incentives, vested or unvested, is included when determining the amount of stock ownership. As of January 31, 2011, all directors and NEOs have met or, within the applicable period, are expected to meet the stock ownership guidelines.

In 2002, the Board of Directors adopted an expanded policy on insider trading prohibiting all employees from buying or selling Company stock while aware of material nonpublic information, and prohibiting the disclosure of material nonpublic information to others who then trade in our securities. The policy is available on our website, www.cmc.com, in the Corporate Governance section. As part of this policy, certain other Company stock related transactions by directors, officers and employees are also prohibited or subject to specific notice and pre-approval requirements. The policy is premised on the belief that even in those circumstances where the proposed transaction may not constitute a violation of law or applicable regulations, it is nonetheless considered inappropriate for any director, officer or other employee of ours to engage in short-term or speculative transactions in our securities which may be viewed as reducing their incentive to improve our performance or inconsistent with the objectives of our stockholders in general. Therefore, it is our policy that directors, officers and other employees may not engage in any transactions involving our securities which constitute short sales, puts, calls or other similar derivative securities. The policy prohibits certain other transactions including hedging or monetization transactions, such as zero-cost collars, forward sale contracts and arrangements pledging Company securities as collateral for a loan (without adequate assurance of other available assets to satisfy the loan). Prior to entering into such transactions, the policy requires notice to, review of the facts and circumstances by, and the pre-approval of, our General Counsel.

All NEOs, except Mr. Zoellner, received a company furnished or reimbursed vehicle in fiscal year 2011, the value of which is included in this column if the amount is over \$10,000. Messrs. This also includes a company pension make-up contribution of \$243,137 paid in Swiss francs directly to Mr. Zoellner (as more fully described on page 48), and set forth here in U.S. Dollars based on the August 31, 2011 exchange rate.

In all cases, the amounts of equity awards were calculated based on our closing share price of \$11.75 on August 31, 2011.

Material terms of the grants of plan based awards are described in pages 31 through 33 where we have discussed the Annual Cash Incentive Bonus and pages 34 through 37 where we have discussed the long-term incentive awards. The fiscal year 2011 long-term incentive awards consisted of PSUs, with vesting based on EBITDA and ROIC, and RSUs, with time-based vesting over three years, as described in the section entitled Long-Term Incentives on pages 34 through 37. The percentage of salary and bonus of each of the NEOs as compared to the total compensation in the Summary Compensation Table is as follows: Mr. McClean (46%), Mr. Alvarado (53%), Mr. Zoellner (40%), Mr. Porter (58%), Mr. Larson (43%), and Ms. Smith (39%).

Table of Contents**Outstanding Equity Awards at Fiscal Year-End**

The following table and footnotes provide information regarding unexercised stock options and vested and unvested stock appreciation rights (SARS) and unvested PSUs and RSUs as of the end of fiscal year 2011. The market value of shares that have not vested was determined by multiplying the closing market price of our stock on August 31, 2011, \$11.75, by the number of shares that have not vested.

- (1) Represents RSUs granted on June 3, 2010, with fifty percent (50%) vesting two years after the date of grant and the remaining fifty percent (50%) vesting four years after the date of grant.
- (2) Represents PSUs granted on June 3, 2010. Fifty-percent (50%) of the PSUs vest if the Company ranks at the 50th percentile on a total stockholder return basis as compared to the peer group with the total stockholder return based on the average of the closing prices for the month of June 2010 versus the average of the closing prices for the month of June 2013; and 100% of the PSUs vest if the Company ranks at or greater than the 60th percentile on a total stockholder return basis as compared to the peer group with the total stockholder return based on the average of the closing prices for the month of June 2010 versus the average of the closing prices for the month of June 2013. Vesting will be calculated on a straight line interpolation basis for a rank on a total stockholder return basis as compared to our peer group between the 50th percentile (with a vesting percentage of 50%) and 60th percentile (with a vesting percentage of 100%). The NEO must be employed by us on the date of vesting to receive the shares of common stock. The Committee has the discretion to accelerate the vesting of the PSUs upon retirement or early permitted retirement. In accordance with the SEC executive compensation disclosure rules, the amounts reported in

this table are based on achieving threshold performance goals.

- (3) Represents PSUs granted on May 19, 2009 with vesting based on our stock price and total stockholder return. The PSUs vest upon the following: (i) for twenty (20) consecutive trading days between May 19, 2009 – May 19, 2012, the closing price of our common stock is at least \$30.00 per share and we rank at or greater than the 50th percentile on a total stockholder return basis as compared to our peer group, with the total stockholder return being based on the average of the closing prices for the month of December 2008 versus

the average of the closing prices for the month of December 2011; or (ii) for twenty (20) consecutive trading days between May 19, 2009 May 19, 2012, the closing price of our common stock is at least \$24.00 per share and we rank at or greater than the 80th percentile on a total stockholder return basis as compared to our peer group with the total stockholder return being based on the average of the closing prices for the month of December 2008 versus the average of the closing prices for the month of December 2011.

- (4) Represents PSUs with vesting based on the Company's achievement of performance goals relating to ROIC and EBITDA (each as defined in the CD&A) during fiscal years 2011-2013. Under the terms of the award agreement, the Committee may exercise its discretion to reduce the award payments in the event that the Company's total stockholder return is below the 40th percentile of the peer group. In accordance with the SEC executive compensation disclosure rules, the amounts reported in this table are based on achieving threshold performance goals.
- (5) Represents RSUs granted on January 18, 2011, with one-third of the award vesting after one year from the date of grant, one-third vesting after two years from the date of grant and the remaining one-third vesting three years after the date of grant.
- (6) Represents RSUs granted on June 3, 2010, with one-third of the award vesting one year after the date of grant, one-third of the award vesting two years after the date of grant and the remaining one-third vesting three years after the date of grant.
- (7) Represents RSUs granted on June 1, 2011, with one-third of the award vesting one year after the date of grant, one-third of the award vesting two years after the date of grant and the remaining one-third vesting three years after the date of grant.

Nonqualified Defined Contributions and Other Deferred Compensation Plans

All of the NEOs, excluding Mr. Zoellner due to his Swiss residence and Ms. Smith due to her 2011 hire, have previously been designated by the Committee as being eligible to participate in the BRP. Participants can elect to defer W-2 earnings, including annual bonus awards, to a maximum of 50% of such earnings. Deferrals are matched up to 3.5% and matching contributions vest after two years of service. Annually, BRP participants must elect, prior to the fiscal year in which the compensation to be credited or deferred to the BRP is earned, the time at which they want distributions from the BRP. Amounts may be deferred for a minimum of one year. Distribution election options include commencement upon retirement either in a lump sum or installments or at a

Table of Contents

set future date either in lump sum or installments even if employment continues with us. In the event of death or disability, the participant or his or her estate will receive a lump sum payment. The payment of amounts deferred by NEOs after December 31, 2004 and that are to be paid after termination of employment, will be delayed for six months following termination of employment in order to comply with Section 409A of the Code.

Amounts deferred into the BRP by the participant as well as contributions by us are credited with market earnings or losses based on the participant's self directed investment election and allocation among a group of mutual funds. The mutual funds available in the BRP have investment objectives similar, but not identical to, those funds available to all employees under our tax-qualified plan. There is no above-market or preferential interest rates credited on any compensation deferred in the BRP. Participants may change fund choices on a daily basis to the extent permitted by the funds.

Mr. Zoellner resides in Switzerland, is not a U.S. citizen and does not participate in the PS/401(k) Plan or the BRP. He participates instead in the Swiss Federal Law on Occupations Retirement, Survivors and Disability Pension Plan (the BVG) as well as a Supplementary Occupational Benefits Plan (the SOBP, collectively with the BVG, the Swiss pension plan), both of which are defined contribution plans.

Combined, the Company and Mr. Zoellner contribute 25% of his base salary to the BVG in accordance with the requirements of the BVG and in accordance with the common practice of similarly situated Swiss companies. The BVG mandates that the employer must pay at least 50% of the mandated minimum contribution on behalf of the employee. Contributions earn a statutory interest rate of two percent (2%) and are paid at retirement by the insurance company that manages the BVG. The participant is eligible to receive the accumulated contributions plus accumulated interest at retirement either in lump sum or monthly payments similar to a life annuity.

We have elected, per Swiss regulations, to offer our employees in Mr. Zoellner's age category (55 to 65 years of age), a total combined contribution of twenty-five percent (25%) with respect to the first 58,140 Swiss francs earned by the employee. We contribute fifteen percent (15%) to the BVG and Mr. Zoellner contributes ten percent (10%). Under Swiss law, Mr. Zoellner is eligible to make, and has made, catch up contributions to the BVG.

Mr. Zoellner also participates in the SOBP. The SOBP is a defined contribution plan that allows for contributions by the employer, as well as deferral elections by the employee, in excess of those allowed under the BVG. To be eligible to participate in the SOBP, an employee must first have maximized his and his employer's contributions to the BVG. The table below provides information regarding Mr. Zoellner's participation in the BVG and SOBP. Since the SOBP chosen by us bases our contribution only on the employee's base salary and not on total compensation, the employee can make personal contributions up to the maximum limit allowed by the Swiss tax law. During fiscal year 2011, Mr. Zoellner did not make such additional personal contributions.

In fiscal year 2010, we engaged Towers Watson in Zurich to review our Swiss pension plan to determine local competitiveness. Towers Watson found that for most employee age groups, the current Swiss pension plan contributions were competitive; however, Mr. Zoellner's contributions were generally less than competitive over the last 10 years. Given the Company's mandatory executive retirement age of 65, unlike other employees, Mr. Zoellner would not have enough future years of employment to make up for the contributions to be competitive. Therefore, the Committee determined that a payment in the amount of 198,935 Swiss francs (equivalent to \$243,137 U.S. Dollars based on an exchange rate of .8182 Swiss francs to 1 U.S. Dollar which was the exchange rate on August 31, 2011) would be made to Mr. Zoellner in fiscal years 2010, 2011 and 2012, provided that Mr. Zoellner remained an employee of the Company. The make-up contribution is not reflected in the table below as it was made directly to Mr. Zoellner and not through the Swiss pension plan.

Below is a description of the termination provisions included in each of the employment agreements and EECAs. The NEOs are also bound under the terms of their employment agreements to certain non-competition provisions during the term of the employment and for eighteen months thereafter and certain non-solicitation restrictions for a period of two years after termination of employment.

McClellan Agreement. As of August 31, 2011, if we terminated Mr. McClellan's employment due to death or disability, he or his respective estate would have received: (i) any applicable life insurance or disability benefits; (ii) a lump sum payment of \$50,000; (iii) a pro-rata share of any applicable bonus as determined by the Board of Directors, if such disability occurred prior to September 1, 2011; (iv) vesting of SARs, restricted stock and/or stock options to the extent permitted by the terms of the applicable equity incentive plan and award or grant agreements; and (v) to the extent permitted by the PS/401(k) Plan and BRP, crediting of any Company contribution attributable to the plan year of the termination and accelerated vesting of any unvested Company contributions to such accounts. As of August 31, 2011 if we terminated Mr. McClellan without cause or if he terminates for good reason or upon expiration of the agreement, he would have received: (i) a lump sum payment of \$3,023,860 (representing 1.5 times his base salary and average bonus over the prior five years plus a \$100,000 agreement non-renewal fee); (ii) a cash payment equivalent to a portion of the PSUs granted on January 18, 2011 in lieu of accelerated vesting rights which he forfeits for the remainder of the grant; and (iii) vesting of SARs, restricted stock and/or stock options to the extent permitted by the terms of the applicable equity incentive plan and award or grant agreements. If we terminated Mr. McClellan's employment for cause, then we would have no further payment obligations. Upon a Change in Control accompanied by his termination without cause by us or for good reason by Mr. McClellan within twelve months of the Change in Control, he would have received: (i) a lump sum payment equal to two times his then current annual base salary; (ii) a cash payment equal to two times the average annual bonus received by him for the five fiscal year period ending with our last completed fiscal year prior to the Change in Control; (iii) vesting of SARs, restricted stock and/or stock options to the extent permitted by the terms of the applicable equity incentive plan and award or grant agreements; (iv) to the extent permitted by the PS/401(k) Plan and BRP, crediting of any Company contribution attributable to the plan year of the termination and accelerated vesting of any unvested Company contributions to such accounts; and (v) continued participation for 24 months in all benefits under welfare benefit plans, including medical, prescription, dental, disability, group life, accidental death and travel accident insurance on terms no less favorable than those contained in the Company's form EECA. Pursuant to his amended and restated employment agreement, (i) the Company agreed to pay Mr. McClellan a lump sum payment of \$3,023,860 and eighteen months of continued healthcare benefits coverage following the expiration of his term as Chairman, followed by one year of reimbursements of premiums for medical plan coverage, (ii) accelerated vesting of certain of Mr. McClellan's outstanding equity awards, and (iii) Mr. McClellan agreed to post-employment restriction covenants and a release and waiver of claims in favor of the Company. As noted above, Mr. McClellan and the Company mutually agreed to terminate Mr. McClellan's employment with the Company, effective upon his retirement on December 31, 2011. As a result, Mr. McClellan will be eligible to receive the severance payments provided under his amended and restated employment agreement.

Under Mr. McClellan's amended and restated employment agreement, "cause" is defined as Mr. McClellan's: (1) breach of any material provision of the agreement; (2) act constituting a felony or otherwise involving theft, embezzlement, fraud, or gross dishonesty; (3) act involving moral turpitude or willful misconduct that, in the good faith judgment of the Board of Directors either (i) causes material economic harm to the Company or its affiliates, (ii) brings substantial discredit to the reputation of the Company or its affiliates, or (iii) damages or interferes with the relationships of the Company or any of its affiliates with any of their customers, suppliers, employees or other agents; (4) gross negligence in the performance of his duties as an employee, officer, or director of the Company or any affiliate; (5) breach of his fiduciary obligations to the Company; or (6) chemical dependence which adversely affects the performance of his duties and responsibilities to the Company.

If we terminate Mr. Alvarado's or Mr. Porter's employment without cause, if Mr. Alvarado or Mr. Porter terminates for good reason, or if we do not renew such NEO's employment agreement, pursuant to such NEO's employment agreement, he shall be entitled to: (i) a lump sum payment equal to 1.5 times the executive's then current annual base salary; (ii) a cash payment in lieu of a bonus equal to the greater of (a) 1.5 times the average annual bonus received by such executive for the five fiscal year period ending with our last completed fiscal year prior to the termination or (b) his annual bonus target as established by the Board of Directors for our last completed fiscal year prior to the termination, the foregoing when combined with (i) not to exceed two times the executive's then current annual base salary; and (iii) to the extent permitted by the PS/401(k) Plan and BRP, crediting of any Company contribution attributable to the plan year of the termination and accelerated vesting of any unvested Company contributions to such accounts. Under Mr. Alvarado's, Ms. Smith's and Mr. Porter's employment agreements, "cause" is defined as the executive's: (i) theft, embezzlement, fraud, financial impropriety, any other act of dishonesty relating to such executive's employment or any willful violation of Company policies or directives or laws, rule or regulations applicable to the Company; (ii) willful commission of acts that would support the finding of a felony or lesser crime involving fraud, dishonesty, misappropriation or moral turpitude; (iii) failure to perform the duties and obligations under such executive's employment agreement; or (iv) commission of an act in performing such executive's duties amounting to gross negligence or willful misconduct. Under Mr. Alvarado's and Mr. Porter's employment agreements, "good reason" is defined as our breach of the agreement, a significant reduction in the executive's responsibilities or compensation, or our requiring the executive to work at a location more than 50 miles from our current location. Under Ms. Smith's employment agreement, "good reason" is defined as our breach of the agreement or a significant reduction in Ms. Smith's responsibilities or compensation.

Zoellner Agreement. If we terminate Mr. Zoellner's employment for cause under the terms of his employment agreement or under the applicable law or if he terminates his own employment without good reason, then we have no further payment obligations to him, except accrued and unused vacation. "Good reason" is defined as our breach of the agreement or a significant reduction in Mr. Zoellner's responsibilities or compensation.

Larson Agreement. If we had terminated Mr. Larson's employment for cause under the terms of his employment agreement or under applicable law or if he had terminated his own employment, then we would have had no further payment obligations to him, except accrued and unused vacation. employment due to death or disability, he or his respective estate would have been entitled to: (i) any applicable life insurance or disability benefits; (ii) a pro-rata share of any applicable bonus as determined by the Board of Directors; (iii) payment of any cash incentive due to him under the 2006 Cash Plan; (iv) vesting of SARs, restricted stock and/or stock options to the extent permitted by the terms of the applicable equity incentive plan and award or grant agreements; and (v) to the extent permitted by the PS/401(k) Plan and BRP, crediting of any Company contribution attributable to the plan year of the termination and accelerated vesting of any unvested Company contributions to such accounts. On May 6, 2011, Mr. Larson and the Company entered into a Retirement and Transition Agreement in connection with his resignation of his position as Senior Vice President and Chief Financial Officer of the Company effective June 1, 2011, and his further resignation as an employee of the Company effective December 31, 2011 or such earlier date as the Company and Mr. Larson may mutually agree (the Retirement Date). Pursuant to the Retirement and Transition Agreement, Mr. Larson is entitled to the following on the Retirement Date: (i) a lump sum payment of \$250,000; (ii) an amount equal to twenty days of accrued, unused vacation pay; (iii) payment of the annual bonus for the current fiscal year as calculated and determined by the Committee; (iv) Company-paid COBRA coverage for eighteen months following the Retirement Date followed by one year of reimbursement of premiums for plan coverage; (v) vesting of SARs, restricted stock units, stock options and certain PSUs, all to the extent permitted by the terms of the applicable equity incentive plan and award or grant agreements; (vi) a lump sum severance payment in the amount of \$840,000 (equal to two times his current base salary); and (vii) payment of all vested benefits, including benefits under any equity incentive plan, LTIP, PS/401(k) Plan and BRP. In the event Mr. Larson departs with the consent of the Company, is relieved of his transition obligations, is discharged without cause or is asked to resign by the Company prior to the Retirement Date, the Company will pay Mr. Larson the cash equivalent for contributions and accruals for 2011 for Mr. Larson under the PS/401(k) Plan, BRP and any other plans or programs in which Mr. Larson currently participates as if Mr. Larson were employed on the Retirement Date.

Under Mr. Larson's employment agreement, cause is defined as Mr. Larson's: (i) theft, embezzlement, fraud, financial impropriety, any other act of dishonesty relating to his employment or any willful violation of Company policies or directives or laws, rule or regulations applicable to the Company; (ii) willful commission of acts that would support the finding of a felony or lesser crime involving fraud, dishonesty, misappropriation or moral turpitude; (iii) failure to perform the duties and obligations under his employment agreement; or (iv) commission of an act in performing his duties amounting to gross negligence or willful misconduct. Good reason is defined as our breach of the agreement or a significant reduction in Mr. Larson's responsibilities or compensation.

EECA Agreements. In April 2006, our Board of Directors authorized the execution of a form Executive Employment Continuity Agreement (the EECA) with certain key executives, including each of the NEOs other than Mr. McClean. The EECA is intended to ensure that we will have the continued attention and dedication of the executive during events that might lead to, and in the event of, a Change in Control of the Company. Should a Change in Control occur, we have agreed to continue to employ each executive for a period of two years thereafter (the Employment Period). The EECA's terminate two years after a Change in Control.

During the Employment Period, each executive will continue to receive: (i) an annual base salary equal to at least the executive's base salary before the Change in Control; (ii) cash bonus opportunities equivalent to that available to the executive under our annual and long-term cash incentive plans in effect immediately preceding the Change in Control; and (iii) continued participation in all incentive, including equity incentive, savings, deferred compensation, retirement plans, welfare benefit plans and other employee benefits on terms no less favorable than those in effect during the 90-day period immediately preceding the Change in Control.

Table of Contents

Should the executive's employment be terminated during the Employment Period for other than cause or disability (including Constructive Termination (as defined below)), the EECA requires us to pay certain severance benefits to the executive in a lump sum within 30 days following termination. The severance benefits for Ms. Smith and Messrs. Alvarado, Zoellner, Porter and Larson include an amount equal to four times the highest base salary in effect at any time during the twelve month period prior to the Change in Control as well as unpaid salary, vacation pay and certain other amounts considered to have been earned prior to termination. Company contributions to retirement plans and participation, including that of the executive's eligible dependents, in Company provided welfare plan benefits will be continued for two years following termination. The executive shall become fully vested in all stock incentive awards and all stock options shall remain exercisable for the remainder of their term. The EECA contains a double trigger in that there must be present both a Change in Control and a termination of the executive in order to trigger severance payments under these agreements. We believe that this double trigger and the absence of a tax gross-up (as discussed below) is a reasonable trigger for severance compensation under the EECAs and that these agreements provide a mechanism for eliminating the distraction to the executives that is inherent in change in control events.

The EECA does not provide for a tax gross up reimbursement payment by us to the executive for taxes, including excise taxes under Section 4999 of the Code, that the employee may owe as a result of receipt of payments under the EECA. The EECA does require us to determine if the payments to an executive under the EECA combined with any other payments or benefits to which the executive may be entitled (in aggregate the Change in Control Payments) would result in the imposition on the executive of the excise tax under Section 4999. We will either reduce the Change in Control Payments to the maximum amount which would not result in imposition of the Section 4999 excise tax or pay the entire Change in Control Payment to the executive if, even after the executive's payment of the Section 4999 excise tax, the executive would receive a larger net amount.

In the event the executive is terminated more than two years following a Change in Control, no severance benefits are provided under the EECA. The EECA provides that the executive not disclose any confidential information relating to us and, for a period of one year following termination of employment, not compete with the business as conducted by the Company within 100 miles of a Company facility nor solicit or hire employees of the Company or knowingly permit (to the extent reasonably within the executive's control) any business or entity that employs the executive or in which the executive has an ownership interest to hire Company employees. If a court rules that the executive has violated these provisions, the rights of the executive under the EECA will terminate.

Plan Awards. In addition to the EECAs, our equity incentive plans also provide for accelerated vesting of stock-based awards regardless of whether a termination occurs as a result of a Change in Control, as defined by such plans. Under the Company's long-term incentive program and except as otherwise provided for in an agreement, PSUs vest at target performance levels upon a Change in Control. Further, the 2006 Cash Plan provides that in the event of a Change in Control, the Committee has discretion to take action to determine the extent to which incentive compensation is considered earned and payable during any performance period, consistent with the requirements of Section 162(m) of the Code, and further consistent with our best interests. We believe that accelerated vesting upon a Change in Control is appropriate in order for employees who remain with the Company or its successor after a Change in Control to be treated the same with regard to equity as the general stockholders of the Company.

The EECA, cash and equity incentive plans define a Change in Control to be the occurrence of one of the following events: (i) the acquisition of twenty-five percent (25%) or more of our outstanding voting securities; (ii) the replacement of a majority of the members of the Board of Directors by directors not approved by the incumbents; (iii) the sale of substantially all of our assets to an entity of which we own less than fifty percent (50%) of the voting securities; or (iv) the merger of the Company resulting in the pre-merger stockholders of the Company not controlling at least fifty percent (50%) of the post-merger voting securities. The EECA defines Constructive Termination as the failure to maintain the executive in the position held by him prior to the Change in Control, a material adverse change in the executive's responsibilities, the failure to pay the amounts due to him under the EECA, or requiring the executive to relocate more than 50 miles from his workplace. The definition of Change in Control in Mr. McClean's employment agreement is the occurrence of one of the following: (i) the

merger of the Company resulting in the pre-merger stockholders not having the same proportionate ownership of stock in the surviving corporation; (ii) the sale of substantially all of our assets; (iii) stockholder approval of our liquidation; (iv) the replacement of a majority of the members of the Board of Directors by directors not approved by the incumbents; or (v) the acquisition of twenty percent (20%) or more of our outstanding voting securities.

In order to describe the payments and benefits that are triggered for each event, we have created the following tables for each NEO estimating the payments and benefits that would be paid under each element of our compensation program assuming that the NEO's employment terminated or the Change in Control occurred on August 31, 2011, the last day of our 2011 fiscal year. In all cases the amounts were valued as of August 31, 2011, based upon, where applicable, a closing share price of \$11.75. The amounts in the following tables are calculated as of August 31, 2011 pursuant to SEC rules and are not intended to reflect actual payments that may be made. Actual payments that may be made will be based on the dates and circumstances of the applicable event.

(1) Amounts reported are calculated pursuant to Mr. McClean's employment agreement described on page 50.

(2) The awards granted in fiscal year 2011 vest pro-rata on retirement, death or disability and 100% in the event of a Change in Control. All unvested awards awarded prior to fiscal year 2010 automatically vest upon death, permanent disability, or a Change in Control. Awards granted in fiscal year 2010 automatically vest upon death, permanent disability, or a Change in Control, and subject to consent of the Committee, vest following retirement or permitted early retirement. We have assumed that except for termination with cause, the Committee would have consented to vesting of awards upon retirement or permitted early retirement.

(3) Amounts reported are based on estimated costs for two years based upon 2012 premiums and fiscal year 2011 coverage.

(4) Represents the aggregate value of permanent disability benefits to be paid in monthly installments until executive is age 65, or a maximum of three years if executive is age 63 when he becomes disabled.

- (5) Pursuant to the terms of Mr. McClean's employment agreement as described on page 50.
- (6) As required by state law and our vacation program, we will pay any earned but unused vacation pay after termination of employment for any reason. Amount shown assumes the executive is entitled to the full annual vacation benefit at termination.
- (7) For purposes of this table, we have assumed that the Compensation Committee would treat a voluntary resignation and involuntary termination without cause or good reason termination the same as Mr. McClean's retirement.
- (8) As noted above, Mr. McClean and the Company mutually agreed to terminate Mr. McClean's employment with the Company, effective upon his retirement on December 31, 2011. As a result, Mr. McClean will be eligible to receive these amounts in connection with his December 2011 retirement.

(4) Costs of less than \$10,000 per director were incurred by us in connection with certain spouses attending activities related to the 2011 Annual Meeting of Stockholders. We incurred costs associated with minor commemorative items, meals, entertainment, sightseeing and similar activities for each director and accompanying guest, if present. We did not pay for travel expenses to or from the meeting location for such spouses.

None of our employees receive additional compensation for serving as a director. The annual retainer for all non-employee directors was raised to \$100,000 in January 2011. This \$100,000 compensates for ten meetings of the Board of Directors and Nominating and Corporate Governance Committee in any combination. Chairmen of the Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, and Finance Committee each receive an additional retainer payment of \$10,000 per fiscal year. Each member of the TSC Sub-Committee, a sub-committee of the Nominating and Corporate Governance Committee, received a \$3,000 monthly retainer until the sub-committee was dissolved in April 2011. The Lead Director received a retainer of \$20,000. As of January 2011, each non-employee director is paid a meeting fee of \$2,000 per meeting attended. We also reimburse directors for expenses in connection with their attendance at Board of Directors and committee meetings and, as authorized under our corporate governance guidelines, participation in continuing education programs specifically designed for directors of public companies in order that they stay current and knowledgeable about their roles.

The 1999 Non-Employee Director Stock Plan provides that each non-employee director shall receive on the date of each annual meeting of stockholders either (i) an option (including stock appreciation rights) to acquire 14,000 shares or (ii) 4,000 shares of restricted stock or 4,000 restricted stock units. Directors who are elected to fill vacancies between annual meetings receive a grant for a pro rata amount of equity awards based on their period of service before the next annual meeting. All non-employee director equity awards vest in two equal annual installments beginning one year from the date of the award. In addition, each non-employee director may make an irrevocable election, prior to January 1 of each year, to accept additional restricted stock units in lieu of all or part of the cash fees to be paid for that fiscal year. None of our directors elected to receive equity in lieu of their cash fees in fiscal year 2011. The number of shares subject to restricted stock units as a result of this election shall be the number of shares of Company common stock whose fair market value is equal to the dollar amount of fees subject to the election.

The exercise price for all options and stock appreciation rights granted to non-employee directors shall be the fair market value on the day of grant. All non-employee director options and stock appreciation rights terminate on the earliest of: (i) the seventh anniversary of the date of grant; or (ii) thirty days following any termination of service, other than for termination of service due to death, total and permanent disability, or retirement.

Since 1978, we have had a Code of Conduct that applies to all directors, officers, and employees (collectively, "employees"). The Code of Conduct, as amended and effective as of January 1, 2010, can be found in the Corporate Governance section of our website at www.cmc.com. The Code of Conduct prohibits an employee from engaging in transactions in which he or she may have a conflict of interest without first disclosing the potential conflict of interest to his or her supervisor and seeking prior approval. Additionally, we have adopted a written policy regarding review and approval of related party transactions by the Audit Committee (the "Related Person Transactions Policy").

The Company's Related Person Transactions Policy defines a "Related Person Transaction" as any transaction involving an amount in excess of \$120,000 in which the Company is a participant and in which a Related Person has or will have a direct or indirect material interest, including, without limitation, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships. The Related Person Transactions Policy also contains categories of certain transactions that the Board has identified as not constituting Related Person Transactions because such transactions are not deemed to create a direct or indirect material interest for the Related Person.

A "Related Person" is (i) an executive officer or director of the Company or a nominee for director of the Company, (ii) a beneficial owner of more than 5% of any class of voting securities of the Company or (iii) an immediate family member of any of the persons identified in clauses (i) or (ii). Immediate family members include a person's child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of such person, and any individual (other than a tenant or employee) sharing the household of such person.

Under the Related Person Transactions Policy, each Related Person Transaction must be approved or ratified in accordance with the guidelines set forth in the policy (i) by the Audit Committee of the Board of Directors or (ii) if the Audit Committee of the Board of Directors determines that the approval or ratification of such Related Person Transaction should be considered by all of the disinterested members of the Board of Directors, by such disinterested members of the Board of Directors by the vote of a majority thereof. In considering whether to approve or ratify any Related Person Transaction, the Audit Committee or the disinterested members of the Board of Directors, as the case may be, shall consider all factors that in their discretion are relevant to the Related Person Transaction.

No director participates in any discussion or approval of a Related Person Transaction for which he or she is a Related Person, except that the director will provide all material information concerning the Related Person Transaction to the Audit Committee or disinterested directors reviewing such transaction.

Other than as disclosed above with respect to the employment of Mr. Robert McClean, there were no transactions considered to be a Related Person Transaction during the Company's 2011 fiscal year.

AUDIT COMMITTEE REPORT

Our Board annually selects the members of the Audit Committee. Four non-employee directors, Messrs. Guido, Adams, Massaro and Womack are presently members of the Audit Committee. Mr. Guido is Chairman of the Audit Committee. Our Board has determined that each member of the Audit Committee is qualified to serve. Each member of the Audit Committee satisfies all applicable financial literacy requirements and each member is independent as required by the Sarbanes-Oxley Act and as "independence" is defined by the listing standards of the NYSE. Our Board has determined that Mr. Guido meets the definition of "audit committee financial expert" as defined by the SEC. During the fiscal year ended August 31, 2011, the Audit Committee met eight times.

The Audit Committee's responsibilities are outlined in a charter approved by the Board, which can be found on our website at www.cmc.com under the Corporate Governance section. The Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended August 31, 2011 with management and with the independent registered public accounting firm. Those discussions included the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees). Table of Contents

The Audit Committee has adopted the following practices regarding the engagement of our independent registered public accounting firm to perform services for us:

For audit services (including statutory audit engagements as required under local country laws), the independent registered public accounting firm shall provide the Audit Committee with an engagement letter outlining the scope and fee budget proposal for the audit services proposed to be performed during the fiscal year. If agreed to by the Audit Committee, this engagement letter and budget for audit services will be formally accepted by the Audit Committee.

For non-audit services, Company management periodically submits to the Audit Committee for pre-approval a list of non-audit services that it recommends the Audit Committee engage the independent registered public accounting firm to provide for the fiscal year. Company management and the independent registered public accounting firm each confirm to the Audit Committee that each non-audit service on the list is permissible under all applicable legal requirements. In addition to the list of planned non-audit services, a budget estimating non-audit service spending for the fiscal year may be provided. The Audit Committee will review and approve, as it considers appropriate, both the list of permissible non-audit services and the budget for such services. The Audit Committee will be informed routinely as to the non-audit services actually provided by the independent registered public accounting firm pursuant to this pre-approval process. All of the services described above were approved by the Audit Committee pursuant to these pre-approval processes.

To ensure prompt handling of unexpected matters, the Audit Committee may periodically delegate to the Chairman of the Audit Committee the authority to amend or modify the list of approved permissible non-audit services and fees. The Chairman of the Audit Committee will report any action taken in this regard to the Audit Committee at the next Audit Committee meeting.

The Audit Committee has specifically charged the independent registered public accounting firm with the responsibility of ensuring that all audit and non-audit services provided to us have been pre-approved by the Audit Committee. The CFO and independent registered public accounting firm are responsible for tracking all of the independent registered public accounting firm's fees against the pre-approved budget for such services and periodically reporting that status to the Audit Committee.

Representatives of Deloitte & Touche LLP will be present at the Annual Meeting, will have the opportunity to make a statement if they so desire and will be available to respond to appropriate questions. The Board requests that stockholders ratify the appointment by the Audit Committee of Deloitte & Touche LLP as the independent registered public accounting firm to conduct the audit of our financial statements for the fiscal year ending August 31, 2012. In the event that the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to continue to retain that firm. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the fiscal year if the Audit Committee determines that such a change should be made.

Vote Required

The affirmative vote of the holders of a majority of shares present or represented at the Annual Meeting and entitled to vote is required to adopt the proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending August 31, 2012.

The Board recommends a vote FOR the ratification of the appointment of Deloitte & Touche LLP.

PROPOSAL 3

ADVISORY VOTE ON EXECUTIVE COMPENSATION

Pursuant to recently enacted Section 14A of the Exchange Act, we are providing stockholders with a vote to approve, on an advisory, non-binding basis, the compensation of our NEOs as disclosed in this proxy statement in accordance with SEC rules. The advisory vote on executive compensation described in this proposal is commonly referred to as a say-on-pay vote.

Table of Contents

As disclosed in the Compensation Discussion and Analysis, the Company believes that its executive compensation program is reasonable, competitive and strongly focused on pay-for-performance principles. The objectives of the Company's executive compensation program are to:

facilitate the attraction and retention of top-caliber talent;

align the short and long-term interests of our executives with those of stockholders; and

offer moderate base salaries and competitive employee benefits coupled with significant short and long-term variable incentives dependent upon achieving the financial performance goals.

Within the objectives listed above, the Compensation Committee generally believes that best practices call for the performance metrics by which variable compensation is determined to be:

largely formulaic;

designed to compensate based upon a combination of individual, business unit and Company performance goals; and

established and communicated early in the performance period in order to align individual performance with Company goals.

This proposal gives our stockholders the opportunity to express their views on the overall compensation of our NEOs and the philosophy, policies and practices described in this proxy statement. For the reasons discussed above, we are asking our stockholders to indicate their support for our NEO compensation by voting FOR the following resolution at the Annual Meeting:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the NEOs, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure in this proxy statement.

Vote Required

The affirmative vote of the holders of a majority of shares present or represented at the Annual Meeting and entitled to vote is required to adopt the proposal to approve the advisory resolution relating to the compensation of our NEOs as disclosed in this proxy statement. The say-on-pay vote is an advisory vote only, and therefore it will not bind the Company or our Board. However, the Board and the Compensation Committee will consider the voting results as appropriate when making future decisions regarding executive compensation.

The Board recommends a vote FOR the approval of the advisory resolution relating to the compensation of our NEOs as disclosed in this proxy statement.

PROPOSAL 4

ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY

VOTES ON EXECUTIVE COMPENSATION

We will provide stockholders with a say-on-pay vote as described in the previous proposal at least once every three years. Pursuant to recently enacted Section 14A of the Exchange Act, we are asking stockholders to vote, on an advisory, non-binding basis, for their preference as to whether the Company should hold future say-on-pay votes every one, two or three years. Stockholders also may, if they wish, abstain from voting on this proposal.

Edgar Filing: COMMERCIAL METALS CO - Form PRER14A

After careful consideration of this proposal, our Board has determined that it is appropriate and in the best interests of the Company to hold a say-on-pay vote every year to allow our stockholders to provide us with their direct input on our compensation philosophy, policies and practices as disclosed in the proxy statement each year. An annual say-on-pay vote will allow us to obtain stockholder input on our executive compensation program on a more consistent basis, which aligns more closely with our objective to engage in regular dialogue

Table of Contents

with our stockholders on corporate governance matters, including our executive compensation philosophy, policies and practices. In addition, holding say-on-pay votes annually reflects sound corporate governance principles and is consistent with a majority of institutional investor policies.

Stockholders are not voting to approve or disapprove of the Board's recommendation. Instead, the proxy card provides stockholders with four choices with respect to this proposal: one year, two years, three years or stockholders may abstain from voting on the proposal.

Vote Required

This vote is an advisory vote only, and therefore it will not bind the Company or our Board. However, the Board and the Compensation Committee will consider the voting results as appropriate when adopting a policy on the frequency of future say-on-pay votes. The option of one year, two years or three years that receives the highest number of votes cast by stockholders will be considered by the Board as the stockholders recommendation as to the frequency of future say-on-pay votes. Nevertheless, the Board may decide that it is in the best interests of our stockholders and the Company to hold say-on-pay votes more or less frequently than the option approved by our stockholders.

The Board recommends a vote FOR holding a say-on-pay vote EVERY YEAR.

PROPOSAL 5

ICAHN GROUP PROPOSAL REGARDING NON-BINDING RESOLUTION

FOR REDEMPTION OF OUTSTANDING RIGHTS

The Icahn Group has notified us that it intends to present a non-binding stockholder proposal recommending that the Board redeem all rights under our Rights Agreement (as defined below) and terminate the Rights Agreement immediately thereafter. If the Icahn Group does not present this proposal at the Annual Meeting, the proposal will not be submitted to a vote. After thorough consideration, the Board recommends that you vote **AGAINST** this proposal, if submitted to a vote.

On July 30, 2011, the Board declared a dividend distribution to its stockholders of record at the close of business on August 11, 2011, of one preferred stock purchase right (a "Right") for each outstanding share of common stock of the Company, which Right will entitle the registered holder to purchase from the Company one one-thousandth (1/1,000) of a share of Series B Junior Participating Preferred Stock, par value \$1.00, at a purchase price of \$70.00 per one one-thousandth (1/1,000) of a share, subject to adjustment. The description and terms of the Rights are set forth in the Rights Agreement, dated July 30, 2011, between the Company and Broadridge Corporate Issuers Solutions, Inc., as Rights Agent (the "Rights Agreement"), filed as an exhibit to our Registration Statement on Form 8-A filed with the SEC on August 1, 2011.

The Rights Agreement was adopted in response to the Icahn Group's sudden and rapid ownership increase in the Company through the use of derivatives, which made it difficult for the Company to track such increase, and a call to the Company from one of Mr. Icahn's representatives who indicated Mr. Icahn's intention to continue accumulating the Company's stock. The Rights Agreement is intended to protect stockholders against coercive, unfair or inadequate tender offers or other abusive takeover tactics and to preserve for such stockholders the long-term value of their investment in the Company. The Rights Agreement is intended to provide the Board with sufficient time to consider any and all alternatives to such an action and does not prevent the Board from considering or accepting an offer, if the Board believes such action is fair, advisable and in the best interests of its stockholders.

The Rights are not intended to prevent all takeovers of the Company and will not do so. Since, subject to the restrictions described above, the Company may redeem the Rights prior to the Distribution Date (as defined in the Rights Agreement), the Rights should not interfere with any merger or business combination approved by the Board.

The affirmative vote of the holders of a majority of shares present or represented at the Annual Meeting and entitled to vote is required to adopt Proposal 5. All valid proxies on the **WHITE** Proxy Card will be voted **AGAINST** Proposal 5 unless a contrary choice is indicated.

The Board recommends that you vote AGAINST Proposal 5.

PROPOSAL 6

ICAHN GROUP PROPOSAL REGARDING BYLAW AMENDMENT TO REQUIRE

STOCKHOLDER APPROVAL OF RIGHTS PLANS

The Icahn Group has notified us that it intends to present a stockholder proposal to adopt a resolution that would amend the Company's second amended and restated bylaws to require stockholder approval in order to authorize, establish, adopt or amend any rights plan or similar plan. If the Icahn Group does not present this proposal at the Annual Meeting, the proposal will not be submitted to a vote. After thorough consideration, the Board recommends that you vote **AGAINST** this proposal, if submitted to a vote.

THE COMPANY HAS RECEIVED THE WRITTEN OPINION OF ITS DELAWARE LEGAL COUNSEL THAT THIS PROPOSAL IS INVALID AS A MATTER OF DELAWARE LAW. According to the opinion, the Icahn Group's proposal, if adopted, would not be valid under the General Corporation Law of the State of Delaware (the "General Corporation Law") because the bylaw would (i) violate Section 157 of the General Corporation Law which explicitly vests the power to adopt a rights plan with the board of directors, not the stockholders, (ii) violate Section 141(a) of the General Corporation Law which vests the power to manage the business and affairs of the corporation with the board of directors, not the stockholders, and (iii) improperly limit the board's ability to make a business judgment on a fundamental matter of management policy. Based upon the opinion of Delaware legal counsel, the Board believes that such a limitation of the Board's statutory authority and fiduciary responsibility may not be effected through a bylaw amendment under Delaware law, and accordingly, the Board believes it cannot give effect to this proposal even if approved by stockholders.

Apart from its belief in the legal invalidity of the proposal, the Board also believes that the proposed bylaw amendment is ill-advised and not in the best interests of the Company's stockholders. The Company's Rights Agreement was adopted in response to the Icahn Group's sudden and rapid ownership increase in the Company through the use of derivatives, which made it difficult for the Company to track such increase, and the Icahn Group's stated intention to continue accumulating the Company's stock. Rights plans, and the Company's Rights Agreement specifically, are designed to protect stockholders against coercive, unfair or inadequate tender offers or other abusive takeover tactics and to preserve for such stockholders the long-term value of their investment in the Company. Rights plans are not intended to deter acquisition proposals that are fair and otherwise in the Company's best interests and the best interests of its stockholders.

The Board believes that the Rights Agreement encourages potential acquirors to negotiate directly with the Board. The Board's ability to seek a higher price or a better alternative on behalf of all stockholders in a takeover contest is significantly greater than the ability of an individual stockholder to achieve such a result. Accordingly, the Board believes that it is in the best position to evaluate and negotiate any potential offer and to develop alternatives to maximize stockholder value. Without the protection of a rights plan, the Board could lose important bargaining power in negotiating a transaction with a potential acquiror or pursuing other potential alternatives.

It is important to remember that the Board's use of a rights plan is subject to its fiduciary duties to stockholders and to potential review by the courts. The Delaware courts have made clear that a board's decision to refuse to make a rights plan inapplicable to an acquisition proposal is subject to review under well established principles of Delaware law.

The affirmative vote of the holders of a majority of shares present or represented at the Annual Meeting and entitled to vote is required to adopt Proposal 6. All valid proxies on the **WHITE** Proxy Card will be voted **AGAINST** Proposal 6 unless a contrary choice is indicated.

The Board recommends that you vote AGAINST Proposal 6.

PROPOSAL 7

ICAHN GROUP PROPOSAL REGARDING BYLAW REPEAL AMENDMENTS

The Icahn Group has notified us that it intends to present a stockholder proposal to adopt a resolution that would repeal any provision of the Company's second amended and restated bylaws in effect at the time of the Annual Meeting that was not included in the Company's second amended and restated bylaws as publicly filed with the SEC prior to October 18, 2011 and is inconsistent with any of the Icahn Group's proposals to be presented at the Annual Meeting. If the Icahn Group does not present this proposal at the Annual Meeting, the proposal will not be submitted to a vote. After thorough consideration, the Board recommends that you vote **AGAINST** this proposal, if submitted to a vote.

Under Delaware law and the Company's certificate of incorporation, the Board is charged with the responsibility of managing the Company. In order to permit the Board to carry out its responsibilities and correspondingly fulfill its fiduciary duties to the Company and its stockholders, both the Company's certificate of incorporation and the second amended and restated bylaws provide that the Board has the power to make, alter, amend or repeal the bylaws. The Icahn Group's proposal seeks to repeal all amendments to the second amended and restated bylaws adopted by the Board after October 18, 2011 and prior to the effectiveness of the resolution without regard to the subject matter of any bylaw amendment in question, so long as it is inconsistent with any of the proposals of the Icahn Group.

We believe that such an automatic, blanket repeal of any bylaw amendment adopted by the Board could have the effect of repealing one or more properly adopted bylaw amendments that the Board determined to be in the best interests of the Company and its stockholders and adopted in furtherance of the Board's fiduciary duties.

For this reason, while the Board has not amended the second amended and restated bylaws in any manner since its public filing and does not currently expect to adopt any amendments to such bylaws prior to the 2012 Annual Meeting, the Board believes the proposal represents the Icahn Group's attempt to interfere with the Board's ability to act in accordance with its fiduciary duties to stockholders and therefore should be rejected.
