**PROXY STATEMENT**

**FOR ANNUAL MEETING OF STOCKHOLDERS**

**TO BE HELD ON FEBRUARY 8, 2012**

**GENERAL INFORMATION**

The enclosed proxy is being solicited by our board of directors for use in connection with the Annual Meeting of stockholders to be held on Wednesday, February 8, 2012 at our principal offices located at 980 Rock Avenue, San Jose, CA 95131, commencing at 11:00 a.m. local time, and at any adjournments thereof. Voting materials, which include this Proxy Statement, a proxy card and the Company's Annual Report to Stockholders for the year ended June 30, 2011, are being mailed to stockholders on or about January 13, 2012.

In this Proxy Statement:

We, us, our, Company and Supermicro refer to Super Micro Computer, Inc. with its principal executive offices located at 980 Rock Avenue, San Jose, CA 95131

Annual Meeting or Meeting means our 2011 Annual Meeting of Stockholders

Board of Directors or Board means our Board of Directors

SEC means the Securities and Exchange Commission

We have summarized below important information with respect to the Annual Meeting.

**Who is entitled to vote at the meeting?**

Only stockholders of record at the close of business (Eastern Time) on December 29, 2011 (the record date) will be entitled to vote at the Annual Meeting. At the close of business on the record date, we had 41,012,477 shares of our common stock outstanding, all of which are entitled to vote with respect to all matters to be acted upon at the Annual Meeting. Each share of common stock is entitled to one vote on each matter presented.

**How do I vote my shares?**

If you are a stockholder of record as of the record date, you can give a proxy to be voted at the Meeting in any of the following ways:

Over the telephone by calling a toll-free number;

## Edgar Filing: Super Micro Computer, Inc. - Form DEF 14A

Electronically, using the Internet; or

By completing, signing and mailing the enclosed proxy card.

The telephone and Internet voting procedures have been set up for your convenience. We encourage you to save corporate expense by submitting your vote by telephone or Internet. The procedures have been designed to authenticate your identity, to allow you to give voting instructions, and to confirm that those instructions have been recorded properly. If you are a stockholder of record and you would like to submit your proxy by telephone or Internet, please refer to the specific instructions provided on the enclosed proxy card. If you wish to submit your proxy by mail, please return your signed proxy card to us before the Annual Meeting.

## **Table of Contents**

If you hold your shares in street name, you must vote your shares in the manner prescribed by your broker or other nominee. Your broker or other nominee has enclosed or otherwise provided a voting instruction card for you to use in directing the broker or nominee how to vote your shares. Telephone and Internet voting also is encouraged for stockholders who hold their shares in street name.

### **Can I vote my shares in person at the meeting?**

If you are a stockholder of record, you may vote your shares in person at the meeting by completing a ballot at the meeting. Even if you currently plan to attend the meeting, we recommend that you also submit your proxy as described above so that your vote will be counted if you later decide not to attend the meeting.

If you are a street name holder, you may vote your shares in person at the meeting only if you obtain a signed proxy from your broker, bank, trust or other nominee giving you the right to vote the shares at the meeting.

### **What is the difference between a stockholder of record and a street name holder?**

If your shares are registered directly in your name with our transfer agent, Mellon Shareowner Services, you are considered the stockholder of record with respect to those shares.

If your shares are held in a stock brokerage account or by a bank, trust or other nominee, then the broker, bank, trust or other nominee is considered to be the stockholder of record with respect to those shares. However, you still are considered the beneficial owner of those shares, and your shares are said to be held in street name. Street name holders generally cannot vote their shares directly and must instead instruct the broker, bank, trust or other nominee how to vote their shares using the method described above.

## **Quorum**

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding and entitled to vote on the record date will constitute a quorum for the transaction of business at the meeting. Shares that are voted FOR, or AGAINST a proposal or marked ABSTAIN are treated as being present at the Annual Meeting for purposes of establishing a quorum and are also treated as shares entitled to vote at the Annual Meeting with respect to such proposal. Broker non-votes are also included for purposes of determining whether a quorum of shares is present at a meeting. A broker non-vote occurs when a nominee holding shares for the beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

### **What vote is required for the election of directors or for a proposal to be approved?**

The plurality of the votes cast by the holders of shares of common stock present or represented by proxy and voting at the Annual Meeting will determine the election of the directors. Therefore, the three nominees receiving the highest number of votes will be elected. Abstentions and broker non-votes will be counted as present in determining if a quorum is present but will not affect the election of directors. There is no cumulative voting.

The affirmative vote of a majority of the shares present in person or by proxy at the meeting and entitled to vote is required to approve the ratification of Deloitte & Touche LLP as the Company's independent registered public accounting firm. A stockholder who does not vote in person or by proxy on a proposal (including a broker non-vote) is not deemed to be present in person or by proxy for the purpose of determining whether a proposal has been approved.

## **Table of Contents**

### **How are votes counted?**

All valid proxies received before the Annual Meeting, including proxies granted over the Internet or by telephone submitted prior to midnight the night before the Annual Meeting, will be exercised. All shares represented by a proxy will be voted, and where a proxy specifies a stockholder's choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If no choice is indicated on the proxy, the shares will be voted FOR each nominee and FOR each proposal.

You may either vote FOR or WITHHOLD authority to vote for each nominee for the board of directors. You may vote FOR, AGAINST or ABSTAIN on the proposal to appoint our auditor.

If you submit your proxy but abstain from voting or withhold authority to vote on one or more matters, your shares will be counted as present at the meeting for the purpose of determining a quorum. Your shares also will be counted as present at the meeting for the purpose of calculating the vote on the particular matter with respect to which you abstained from voting or withheld authority to vote.

If you abstain from voting on a proposal, your abstention has the same effect as a vote against that proposal.

If you hold your shares in street name and do not provide voting instructions to your broker or other nominee, your shares will be considered to be broker non-votes and will not be voted on any proposal on which your broker or other nominee does not have discretionary authority to vote under the rules of The Nasdaq Stock Market, Inc. ( Nasdaq ). Shares that constitute broker non-votes will be counted as present at the meeting for the purpose of determining a quorum, but will only be considered entitled to vote on the proposal to ratify the selection of our independent public accounting firm.

Your broker or other nominee has discretionary authority to vote your shares on the ratification of our independent registered public accounting firm, even if your broker or other nominee does not receive voting instructions from you.

### **Can I change my vote after I have mailed in my proxy card?**

You may revoke your proxy by signing a later-dated proxy card and submitting it so that it is received prior to the meeting in accordance with the instructions included in the proxy card, or by attending the meeting and voting your shares in person. Attending the meeting without voting in person will not revoke your proxy unless you specifically request it.

### **Who will count the vote?**

Representatives of BNY Mellon Shareowner Services, our transfer agent, will tabulate votes and act as our independent inspectors of election.

### **How does the board recommend that I vote?**

The board of directors recommends a FOR vote on the following proposals:

Election of three Class II directors;

Ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year 2012 ending June 30, 2012.

### **Adjournment of Meeting**

If a quorum is not present to transact business at the Meeting or if we do not receive sufficient votes in favor of the proposals by the date of the Meeting, the persons named as proxies may propose one or more adjournments of the Meeting to permit further solicitation of proxies. Any adjournment would require the affirmative vote of a majority of the shares present in person or represented by proxy at the Meeting.

## **Table of Contents**

### **Expenses of Soliciting Proxies**

We will bear the cost of soliciting proxies relating to our Annual Meeting. In addition to solicitation by the use of mail, certain of our directors, officers and regular employees may solicit proxies by telephone or personal interview, and we may request brokerage firms and custodians, nominees and other record holders to forward soliciting materials to the beneficial owners of our stock and will reimburse them for their reasonable out-of-pocket expenses in forwarding these materials.

### **What are the deadlines for submitting stockholder proposals?**

In order for a stockholder proposal to be considered for inclusion in our proxy statement for the 2012 annual meeting, the written proposal must be received at our principal executive offices at 980 Rock Avenue, San Jose, California 95131, Attention: Corporate Secretary, on or before September 15, 2012. The proposal must comply with the SEC regulations regarding the inclusion of stockholder proposals in Company-sponsored proxy materials.

Our bylaws provide that a stockholder may nominate a director for election at the annual meeting or may present from the floor a proposal that is not included in the proxy statement if proper written notice is received by the Corporate Secretary of the Company at our principal executive offices in San Jose, California, at least 120 days in advance of the date the proxy statement for the prior year's meeting was released to stockholders. For the 2012 annual meeting, written notice of director nominations and stockholder proposals must be received on or before September 15, 2012. The nomination or proposal must contain the specific information required by our bylaws. You may request a copy of our bylaws by contacting our Corporate Secretary, Super Micro Computer, Inc., telephone (408) 503-8000. Stockholder proposals that are received by us after September 15, 2012, will not be eligible to be presented at the 2012 annual meeting.

#### **Director Qualifications and Nomination Process**

##### ***Criteria***

The Nominating and Corporate Governance Committee ( Governance Committee ) is responsible for reviewing, on an annual basis, the appropriate skills and characteristics required of board members, individually as well as for the board as a whole. Except as may be required by rules and regulations promulgated by Nasdaq or the SEC and as set forth herein, it is the current belief of the Governance Committee that there are no specific minimum qualifications that must be met by each candidate for the board, nor are there specific qualities or skills that are necessary for one or more of the members of the board to possess. In evaluating the qualifications of any director candidates, the Governance Committee will consider many factors, including without limitation, character, judgment, independence, age, expertise, diversity of experience, length of service, and other commitments. The Governance Committee will evaluate such factors, among others, and does not assign any particular weighting or priority to any of these factors. The Governance Committee will consider each individual candidate in the context of the current perceived needs of the board as a whole. While the Governance Committee has not established specific minimum qualifications for director candidates, the board believes that candidates and nominees must reflect a board that is comprised of directors who (a) are predominantly

independent, (b) are of high integrity, (c) have experience, expertise and qualifications that will increase overall board effectiveness and (d) meet other requirements as may be required by applicable rules and regulations of Nasdaq and the SEC. For future nominations, the Governance Committee expects to consider diversity when identifying nominees.

### ***Identification and Evaluation of Nominees***

The Governance Committee is responsible for regularly assessing the appropriate size of the board and whether any vacancies on the board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Governance Committee is responsible for considering potential candidates for director. The Governance Committee will consider bona fide candidates from all relevant sources, including current board members, professional search firms, stockholders and other persons. The Governance Committee will consider director candidates recommended by our stockholders, based on the same criteria listed above that would apply to candidates identified by a Governance Committee member. The Governance Committee is responsible for evaluating director candidates in light of the board membership criteria described above, based on all relevant information and materials available to the Governance Committee. This includes information and materials provided by stockholders recommending director candidates, professional search firms and other parties.

### ***Stockholder Recommendations***

Each director is expected to devote sufficient time, energy and attention to ensure diligent performance of his or her duties and to attend all board and committee meetings. We encourage, but do not require, each board member to attend our annual meeting of stockholders. The board of directors held five meetings during fiscal year 2011, of which four were regularly scheduled meetings and one was a specially scheduled meeting. The independent directors met twice in executive sessions without any of our officers present. All directors attended at least 75% of the meetings of the board of directors and of the committees on which they served during the time they served as a director in fiscal year 2011.

**Board Leadership Structure**

Our Chairman, Charles Liang, is also our CEO. The Board and our Governance Committee believe that it is appropriate for Mr. Liang to serve as both the CEO and Chairman due to the relatively small size of our Board, and the fact that Mr. Liang is the founder of the Company with extensive experience in our industry.

**Board Role in the Oversight of Risk**

Our Board exercises oversight over our risk management activities, requesting and receiving reports from management. Our Board has delegated primary responsibility for oversight of risks relating to financial controls and reporting to our Audit Committee, which in turn reports to the full Board on such matters as appropriate. The Audit Committee also assists the Board in oversight of certain Company risks, particularly in the areas of internal controls, financial reporting and review of related party transactions.

Our management with oversight from our Compensation Committee, has reviewed its compensation policies and practices with respect to risk-taking incentives and risk management, and does not believe that potential risks arising from its compensation policies or practices are reasonably likely to have a material adverse effect on the Company.

**Committees of the Board of Directors**

The board has three standing committees to facilitate and assist the board of directors in discharging its responsibilities: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. In accordance with applicable Nasdaq listing standards, each of these committees is comprised solely of non-employee, independent directors. The Charter for each committee is available at [www.Supermicro.com](http://www.Supermicro.com) by first clicking on About Us and then Investor Relations and then Corporate Governance. The charter of each committee also is available in print to any stockholder who requests it. The following table shows the current members of each of the standing board committees:

**EXECUTIVE COMPENSATION**

**Compensation Discussion and Analysis**

*Process Overview*

The Compensation Committee of the board of directors discharges the board of directors' responsibilities relating to compensation of all of our executive officers. The Compensation Committee is comprised of two non-employee directors, both of whom are independent pursuant to the applicable listing rules of Nasdaq, Rule 16b-3 under the Exchange Act, and Section 162(m) of the Internal Revenue Code ( Code ).

The agenda for meetings is determined by the Chair of the Compensation Committee with the assistance of Charles Liang, our President and Chief Executive Officer, and Howard Hideshima, our Chief Financial Officer. Committee meetings are regularly attended by one or more of Mr. Liang, Mr. Hideshima and Robert Aeschiman, our General Counsel. However, Messrs. Liang and Hideshima do not attend the portion of meetings during which their own performance or compensation is being discussed. Mr. Liang, Mr. Hideshima and Mr. Aeschiman support the Compensation Committee in its work by providing information relating to our financial plans, performance assessments of our executive officers and other personnel-related data. In addition, the Compensation Committee has the authority under its charter to hire, terminate and approve fees for advisors, consultants and agents as it deems necessary to assist in the fulfillment of its responsibilities. In August 2010, as part of making an overall assessment of each individual's role and performance, and structuring our compensation programs for fiscal year 2011, the Committee reviewed recommendations of management as well as publicly available peer group compensation data.

*Compensation Philosophy and Objectives*

It is the Compensation Committee's philosophy to link the named executive officers' compensation to corporate performance. The base salary, quarterly bonuses and stock option grants of the named executive officers are determined in part by the Compensation Committee reviewing data on prevailing compensation practices of comparable technology companies with whom we compete for executive talent, and evaluating such information in connection with our corporate goals and compensation practices.

The Compensation Committee considers various sources of competitive data when determining executive compensation levels, including compensation data from a sampling of public companies and public compensation surveys. For fiscal year 2011, the sample of companies consisted of the following companies:

3Par, Inc.

LSI Corp.

Adaptec Corporation

Network Appliance, Inc.

Blue Coat Systems, Inc.

Network Engines, Inc.

Brocade Communications Systems, Inc.

Quantum Corporation

Compellent Technologies

RadiSys Corporation

## Edgar Filing: Super Micro Computer, Inc. - Form DEF 14A

Dot Hill Systems Corp.

Riverbed Technology, Inc.

Emulex Corp.

Silicon Graphics International

Extreme Networks, Inc.

STEC, Inc.

Juniper Network, Inc.

In selecting the companies for inclusion in the sample, the following factors were considered: industry, net revenues, operating income and whether the company may compete against us for executive talent. In addition to gathering data specific to the above listed companies, the Compensation Committee also reviewed public surveys of compensation practices.

## **Table of Contents**

The Compensation Committee does not seek to specifically benchmark compensation based upon the sample companies reviewed nor does the Compensation Committee employ any other formulaic process in making compensation decisions. Rather the Compensation Committee uses its subjective judgment based upon a review of all information, including an annual review for each officer of his or her level of responsibility, contributions to our financial results and our overall performance. The Compensation Committee makes a generalized assessment of these factors and this information is not weighted in any specific manner.

We believe that our current compensation arrangements for several of our executive officers, including our Chief Executive Officer, are significantly below typical compensation levels for similar positions at comparable companies. This is principally due to the high level of Company stock ownership held by such persons. As we continue to grow, we may need to increase our recruiting of new executives from outside of the Company. This in turn may require us to pay higher compensation closer to or in excess of that typical paid by comparable companies.

Finally, we believe that creating stockholder value requires not only managerial talent but active participation by all employees. In recognition of this, we try to minimize the number of compensation arrangements that are distinct or exclusive to our executive officers. We currently provide base salary, quarterly bonuses and long-term equity incentive compensation to a considerable number of our domestic employees and international employees, in addition to our executive officers.

### ***Role of Executive Officers in the Compensation Process***

Management provides recommendations to the Compensation Committee on issues such as compensation program design, and evaluations of executive and Company performance. For fiscal year 2011, the Compensation Committee also had access to competitive data collected by management. While the Compensation Committee carefully considers all recommendations made by members of management, ultimate authority for all compensation decisions regarding our executive officers rests with the Compensation Committee.

### ***Fiscal Year 2011 Executive Officer Compensation Components***

For fiscal year 2011, the principal components of compensation for our executive officers were:

Base salary;

Quarterly bonus; and

Equity-based incentive compensation.

*Base Salary.* Base salaries for our executive officers other than the Chief Executive Officer are determined annually by the Compensation Committee based upon recommendations by our chief executive officer, taking into account such factors as salary norms in comparable companies and publicly available data regarding compensation increases in the industry, a subjective assessment of the nature of the position and an annual review of the contribution and experience of each executive officer. For the Chief Executive Officer, the Compensation Committee considers substantially the same sort of information, as well as the size of the company and the chief executive officer's overall stock ownership.

In August 2010, the Compensation Committee met to review the base salaries of our executive officers for fiscal year 2011. In determining base salaries for fiscal year 2011, the Compensation Committee decided to increase the base salary of our executive officers other than the Chief Executive Officer after taking into account the recommendations of our Chief Executive Officer and taking into account such factors as salary norms in comparable companies and publicly available data regarding compensation increases in the industry, a subjective assessment of the nature of each position and an annual review of the contribution and experience of each

**Table of Contents**

executive officer. For the Chief Executive Officer, the Compensation Committee considered substantially the same sort of information, as well as the size of the company and the Chief Executive Officer's stock ownership, and determined to make no change to the base salary of the Chief Executive Officer. Based upon its review, the

Compensation Committee approved increases in base salaries for our executive officers set forth below. The base salary increases were comparable to the average percentage base salary increases granted to our employees generally except that the increases for Ms. Liang and Mr. Liaw were higher due to their low base salaries.

	<b>Principal Position</b>	<b>2010 Base Salary</b>	<b>2011 Base Salary</b>	<b>Base Salary % Change</b>
Charles Liang	President, Chief Executive Officer and Chairman of the Board	\$ 286,598	\$ 286,598	0.0%
Howard Hideshima	Chief Financial Officer	\$ 252,206	\$ 258,511	2.5%
Phidias Chou	Vice President, Worldwide Sales	\$ 220,000	\$ 225,500	2.5%
Chiu-Chu (Sara) Liu Liang	Vice President of Operations, Treasurer, and Director	\$ 168,000	\$ 176,400	5.0%
Yih-Shyan (Wally) Liaw	Vice President, International Sales, Corporate Secretary and Director	\$ 169,600	\$ 178,080	5.0%

*Quarterly Bonus.* Our cash bonus program seeks to motivate executive officers to work effectively to achieve our financial performance objectives and to reward them when such objectives are met. Quarterly bonuses for executive officers are subject to approval by the Compensation Committee. Bonuses are not awarded based upon any specific plan or formula, but are subjectively determined based upon our performance during the quarter and the individual's contributions. Historically these bonuses have ranged from zero to an amount equal to two weeks of base salary. For fiscal year 2011, quarterly bonuses of \$4,850 and \$3,250 were granted to Messrs. Hideshima and Chou, respectively, which were generally in line with quarterly bonuses for employees generally. No bonuses were granted to Messrs. Liang or Liaw or Mrs. Liang.

*Equity-Based Incentive Compensation.* Stock options are an important component of the total compensation of executive officers. We believe that stock options align the interests of each executive with those of the shareholders. They also provide executive officers a significant, long-term interest in our success and help retain key executive officers in a competitive market for executive talent. Our 2006 Equity Incentive Plan authorizes the Compensation Committee to grant stock options to executive officers. The number of shares owned by, or subject to options held by, each executive officer is periodically reviewed and additional awards are considered based upon a generalized assessment of past performance of the executive and the relative holdings of other executive officers. The option grants generally utilize four-year vesting periods to encourage executive officers to continue contributing to us, and they generally expire no later than ten years from the date of grant.

In August 2010, the Compensation Committee approved grants of additional options to Messrs. Hideshima, Chou and Liaw as part of the Compensation Committee's review of all employee grant levels. In April 2011, the Compensation Committee granted an option to Mr. Liang for 132,000 shares with an exercise price equal to \$18.59 per share, which was the market value as of the date of grant. The option vests over four years. The Compensation Committee concluded that as Mr. Liang had not received any additional equity for two years, he should be provided with an additional incentive.

*The Role of Stockholder Say-on-Pay Votes.* Our board of directors, the Compensation Committee, and our management value the opinions of our stockholders. Although the advisory stockholder vote on executive compensation is non-binding, the Compensation Committee has considered and will continue to consider, the outcome of the vote when making future compensation decisions for named executive officers. At our annual meeting of stockholders held on February 8, 2011, approximately 97.1% of the stockholders who voted on the say-on-pay proposal approved the compensation of our named executive officers, while only approximately 0.4% voted against (with approximately 2.5% abstaining). The Committee believes that the stockholder vote endorses the compensation philosophy of the Company and did not make any changes to our executive compensation program as a result of the vote results.

**Table of Contents*****Fiscal Year 2012 Executive Officer Compensation***

In August 2011, the Compensation Committee met to review the base salaries of our executive officers for fiscal year 2012. In determining base salaries for fiscal year 2012, the Compensation Committee decided to increase the base salary of our executive officers other than the Chief Executive officer after taking into account the recommendations of our Chief Executive Officer and taking into account such factors as salary norms in comparable companies and publicly available data regarding compensation increases in the industry, a subjective assessment of the nature of each position and an annual review of the contribution and experience of each executive officer. For the Chief Executive Officer, the Compensation Committee considered substantially the same sort of information, as well as the size of the company and the Chief Executive Officer's stock ownership, and determined to increase the base salary of the Chief Executive Officer. Based upon its review, the Compensation Committee approved increases in base salaries for our executive officers set forth below. The base salary increases were comparable to the average percentage base salary increases granted to our employees generally.

	<b>Principal Position</b>	<b>2011 Base Salary</b>	<b>2012 Base Salary</b>	<b>Base Salary % Change</b>

***Stock Ownership Guidelines***

We currently do not require our directors or executive officers to own a particular amount of our common stock. The Committee is satisfied that stock and option holdings among our directors and executive officers are sufficient at this time to provide motivation and to align this group's interests with those of our stockholders. Our insider trading policy prohibits any of our directors, executive officers, employees or contractors from engaging in any transactions in publicly-traded options, such as puts and calls, and other derivative securities, including any hedging or similar transaction, with respect to our common stock.

***Other Benefits******Health and Welfare Benefits***

Our executive officers receive the same health and welfare benefits as are offered to our other employees, including medical, dental, vision, life, accidental death and dismemberment, disability, flexible spending accounts and holiday pay. The same contribution amounts, percentages and plan design provisions are applicable to all employees.

***Retirement Program***

Our executive officers may participate in the same tax-qualified, employee-funded 401(k) plan that is offered to all our other employees. We currently have no Supplemental Executive Retirement Plan, or SERP, obligations. We do not offer any defined benefit retirement plans to our executive officers.

***Perquisites***

We do not provide special benefits or other perquisites to any of our executive officers, with the exception of an automobile allowance provided to our Chief Executive Officer, as detailed in the Summary Compensation Table.

## **Table of Contents**

### ***Employment Arrangements, Severance and Change of Control Benefits***

We have not entered into employment agreements with any of our named executive officers. Mr. Hideshima, Mr. Chou and Ms. Liang have signed offer letters which provide for at-will employment. The offer letters provide for salary, stock options and right to participate in our employee benefit plans. We do not have any written employment arrangements with Messrs. Liang and Liaw. We do not have any arrangements with any of our executive officers that provide for any severance benefits in the event of termination or change of control.

### ***Tax and Accounting Treatment of Compensation***

In our review and establishment of compensation programs and payments, we consider, but do not place great emphasis on, the anticipated accounting and tax treatment of our compensation programs on us and our executive officers. While we may consider accounting and tax treatment, these factors alone are not dispositive. Among other factors that receive greater consideration are the net costs to us and our ability to effectively administer executive compensation in the short and long-term interests of stockholders under a proposed compensation arrangement.

We monitor whether it might be in our best interest to comply with Section 162(m) of the Code, but reserve the right to award future compensation which would not comply with the Section 162(m) requirements for non-deductibility if the Committee concludes that it is in the Company's best interest to do so. We seek to maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals and therefore the Committee has not adopted a policy requiring all compensation to be deductible. The Committee will continue to assess the impact of Section 162(m) on its compensation practices and determine what further action, if any, is appropriate.

We account for equity compensation paid to our employees in accordance with Accounting Standards Codification Topic 718, Stock Compensation (ASC Topic 718), which requires us to estimate and record expenses for each award of equity compensation over the service period of the award.

We intend that our plans, arrangements and agreements will be structured and administered in a manner that complies with the requirements of Section 409A of the Code. Participation in, and compensation paid under our plans, arrangements and agreements may, in certain instances, result in the deferral of compensation that is subject to the requirements of Section 409A. If our plans, arrangements and agreements as administered fail to meet certain requirements under Section 409A, compensation earned thereunder may be subject to immediate taxation and tax penalties.

### ***Summary***

The Committee believes that our compensation philosophy and programs are designed to foster a performance-oriented culture that aligns our executive officers' interests with those of our stockholders. The Committee also believes that the compensation of our executive officers is both appropriate and responsive to the goal of building stockholder value.

### **Compensation Committee Report**

The Committee has reviewed and discussed the Compensation Discussion and Analysis (CD&A) with the Company's management. Based on this review and these discussions, the Committee recommended to the board of directors that the CD&A be included in this filing.

**Director Compensation**

Under our director compensation policy, we reimburse non-employee directors for reasonable expenses in connection with attendance at board and committee meetings. Our non-employee directors receive an annual retainer of \$40,000, payable quarterly. In addition, the Chairperson of our Audit Committee receives an annual retainer of \$25,000, the Chairperson of each of our Compensation Committee and Nominating and Corporate Governance Committee receives an annual retainer of \$5,000 and each director serving in a non-chairperson capacity on our standing board committees receives an annual retainer of \$2,500 per committee, payable quarterly.

Non-employee directors also are eligible to receive stock options under our 2006 Equity Incentive Plan. Non-employee directors receive nondiscretionary, automatic grants of nonstatutory stock options under our 2006 Equity Incentive Plan. A non-employee director is automatically granted an initial option to purchase 18,000 shares upon first becoming a member of our board of directors. A non-employee director serving as Chairperson of the Audit Committee receives an initial grant of an option to purchase 12,000 shares. Non-employee directors

serving as Chairperson of the Compensation or Nominating and Corporate Governance Committees receive an initial grant of an option to purchase 2,000 shares. Each of these initial options vests and becomes exercisable over four years, with the first 25% of the shares subject to each initial option vesting on the first anniversary of

the date of grant and the remainder vesting quarterly thereafter. Immediately after each of our annual meetings of stockholders, each non-employee director is automatically granted an option to purchase 4,500 shares of our common stock, the Audit Committee Chairperson is granted an annual option to purchase 3,000 shares of our common stock and the Chairperson of each of the Compensation and Nominating and Corporate Governance Committees is granted an annual option to purchase 500 shares of our common stock. These options will vest and become exercisable on the first anniversary of the date of grant or immediately prior to our annual meeting of stockholders, if earlier.

The options granted to non-employee directors have a per share exercise price equal to 100% of the fair market value of the underlying shares on the date of grant, and will become fully vested if we are subject to a change of control. Annual grants will be reduced proportionally if the person did not serve for the full year after the annual grant.

**Table of Contents****EQUITY COMPENSATION PLAN INFORMATION**

We currently maintain two compensation plans that provide for the issuance of our Common Stock to officers and other employees, directors and consultants. These consist of the 1998 Stock Option Plan and the 2006 Equity Incentive Plan, both of which have been approved by our stockholders. We no longer grant any options under the 1998 Stock Option Plan. The following table sets forth information regarding outstanding options and shares reserved and remaining available for future issuance under the foregoing plans as of June 30, 2011:

Equity compensation plans not approved by stockholders

- (1) The number of shares that are reserved for issuance under the 2006 Equity Incentive Plan are automatically increased on July 1 of each year through 2016 by a number of shares equal to the smaller of (a) 3% of our outstanding shares as of the close of business on the immediately preceding June 30 or (b) a lesser amount determined by the board of directors. In January 2011, the Board of Directors approved an amendment to the 2006 Equity Incentive Plan that increases by 2,000,000 the aggregate maximum number of shares that may be issued under the 2006 Plan. The amendment to the 2006 Plan was approved by our stockholders in February 2011.

**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE****Procedures for Approval of Related Person Transactions**

Pursuant to our Audit Committee charter, the Audit Committee has the responsibility for the review, approval or ratification of any related person transactions; provided that if the matter or transaction involves employment or compensation terms for services to our company, including retention or payment provisions relating to expert services, then it is presented to the Compensation Committee. In approving or rejecting a proposed transaction, our Audit Committee will consider the relevant facts and circumstances available and deemed relevant, including, but not limited to the risks, costs and benefits to us, the terms of the transaction, the availability of other sources for comparable services or products, and, if applicable, the impact on a director's independence. Our Audit Committee shall approve only those transactions that, in light of known circumstances are not inconsistent with the Company's best interests, as the Audit Committee determines in the good faith exercise of its discretion. In addition, we annually require each of our directors and executive officers to complete a directors' and officers' questionnaire that elicits information about related party transactions as such term is defined by SEC rules and regulations. These procedures are intended to determine whether any such related party transaction impairs the independence of a director or presents a conflict of interest on the part of a director, employee or officer.

***Director and Officer Indemnification***

We have entered into agreements to indemnify our directors and executive officers to the fullest extent permitted under Delaware law. In addition, our certificate of incorporation contains provisions limiting the liability of our directors and our bylaws contain provisions requiring us to indemnify our officers and directors.

Please see the Grants of Plan-Based Awards table and the Director Compensation table above for information on stock option grants to our directors and named executive officers in fiscal 2011.

***Transactions with Ablecom Technology Inc.***

***Ablecom Technology Inc.*** Ablecom, a Taiwan corporation, together with one of its subsidiaries, Compuware (collectively *Ablecom*), is one of our major contract manufacturers. Ablecom's ownership of Compuware is below 50% but Compuware remains a related party as Ablecom still has significant influence over the operations. Ablecom's chief executive officer, Steve Liang, is the brother of Charles Liang, our President, Chief Executive Officer and Chairman of the Board of Directors, and owns approximately 1.1% of our common stock. Charles Liang served as a Director of Ablecom during our fiscal 2006, but is no longer serving in such capacity. In addition, Charles Liang and his wife, also an officer of us, collectively own approximately 10.5% of Ablecom, while Steve Liang and other family members own approximately 35.9% of Ablecom at June 30, 2011 and 2010.

We have product design and manufacturing services agreements ( *product design and manufacturing agreements* ) and a distribution agreement ( *distribution agreement* ) with Ablecom.

Under the product design and manufacturing agreements, we outsource a portion of its design activities and a significant part of its manufacturing of components such as server chassis to Ablecom. Ablecom agrees to design products according to our specifications. Additionally, Ablecom agrees to build the tools needed to manufacture the products. Under the product design and manufacturing agreements, we commit to purchase a minimum quantity over a set period. The purchase price of the products manufactured by Ablecom is negotiated on a purchase order by purchase order basis at each purchase date. However, a fixed charge is added to the price of each unit purchased until the agreed minimum number of units is purchased. In August 2007, we entered into a new product development, manufacturing and service agreement with Ablecom. Under the new agreement, we have agreed to pay for the cost of blade server tooling and engineering services and will pay for those items when the work has been completed. In this case no fixed charge is added to future purchases for reimbursement of tooling costs. In September 2009, we entered into a similar product development agreement with Ablecom. Under this agreement, we have agreed to pay for the cost of chassis and related product tooling and engineering services and will pay for those items when the work has been completed. In this case no fixed charge is added to future purchases for reimbursement of tooling costs.

Under the distribution agreement, Ablecom purchases server products from us for distribution in Taiwan. We believe that the pricing and terms under the distribution agreement are similar to the pricing and terms of distribution arrangements we have with similar, third party distributors.

Ablecom's net sales to us and its net sales of our products to others comprise a substantial majority of Ablecom's net sales. For fiscal year 2011, 2010 and 2009, we purchased products from Ablecom totaling \$155,430,000, \$124,466,000 and \$91,954,000. For fiscal year 2011, 2010 and 2009, we sold products to Ablecom totaling \$11,017,000, \$10,190,000 and \$6,025,000, respectively.

Amounts owed to us by Ablecom as of June 30, 2011 and 2010, were \$527,000 and \$1,201,000, respectively. Amounts owed to Ablecom by us as of June 30, 2011 and 2010, were \$34,210,000 and \$19,464,000, respectively. Historically, we have paid Ablecom the majority of invoiced dollars between 53 and

**Table of Contents**

100 days of invoice. For the years ended June 30, 2011, 2010 and 2009, we received \$55,000, \$164,000 and \$2,000, respectively, from Ablecom for penalty charges and paid \$4,052,000 \$3,352,000 and \$2,918,000, respectively, in tooling assets and miscellaneous costs to Ablecom. Penalty charges are assessments relating to delayed deliveries or quality issues.

Our exposure to loss as a result of its involvement with Ablecom is limited to (a) potential losses on its purchase orders in the event of an unforeseen decline in the market price and/or demand of our products such that we incur a loss on the sale or cannot sell the products and (b) potential losses on outstanding accounts receivable from Ablecom in the event of an unforeseen deterioration in the financial condition of Ablecom such that Ablecom defaults on its payable to us. Outstanding purchase orders with Ablecom were \$38,326,000 and \$35,266,000 at June 30, 2011 and 2010, respectively, representing the maximum exposure to loss relating to (a) above. We do not have any direct or indirect guarantees of losses of Ablecom.

In fiscal year 2011, Ablecom paid for a land deposit in Taiwan on behalf of the Company in the amount of \$4,510,000 which the Company repaid Ablecom in March 2011. The amount paid to Ablecom of \$4,510,000 represented Ablecom's cost and the fair market value of the land.

**AUDIT COMMITTEE REPORT**

**Review of Audited Financial Statements**

The Audit Committee has reviewed and discussed our audited financial statements for the fiscal year ended June 30, 2011 with both our management and our independent registered public accounting firm. The Audit Committee has discussed with Deloitte & Touche LLP the matters required by PCAOB Interim Auditing Standard AU Section 380, *Communication with Audit Committees*. Management has represented to the Audit Committee that the financial statements were prepared in accordance with accounting principles generally accepted in the United States of America.

The Audit Committee has received from Deloitte & Touche LLP the written disclosure and the letter required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and the Audit Committee has discussed with Deloitte & Touche LLP their independence. The Audit Committee has also received written material addressing Deloitte & Touche LLP's internal quality control procedures and other matters, as required by applicable Nasdaq listing standards. The Audit Committee has considered the effect of non-audit fees on the independence of Deloitte & Touche LLP and has concluded that such non-audit services are compatible with the independence of Deloitte & Touche LLP.

Based on these reviews and discussions, the Audit Committee recommended to the board of directors that the financial statements be included in the Company's Annual Report on Form 10-K for filing with the SEC.

**ANNUAL REPORT TO STOCKHOLDERS ON FORM 10-K**

Our 2011 Annual Report to Stockholders, including financial statements for the year ended June 30, 2011, accompanies, or has been mailed to you immediately prior to, this proxy statement. The Annual Report on Form 10-K and Proxy Statement are also available on our website at <http://ir.supermicro.com/financials.cfm>.

**HOUSEHOLDING OF PROXY MATERIALS**

The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement or annual report, as applicable, addressed to those stockholders. This process, which is commonly referred to as householding, potentially provides extra convenience for stockholders and cost savings for companies. Although we do not household for our registered stockholders, some brokers household Supermicro proxy materials and annual reports, delivering a single proxy statement and annual report to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or annual report, or if you are receiving multiple copies of either document and wish to receive only one, please notify your broker. We will deliver promptly upon written or oral request a separate copy of our annual report and/or proxy statement to a stockholder at a shared address to which a single copy of either document was delivered. For copies of either or both documents, stockholders should write to Investor Relations, Super Micro Computer, Inc., 980 Rock Avenue, San Jose, CA 95131, or call (408) 503-8000.
