RESPONSE TO OUR 2011 SAY-ON-PAY VOTE AND FREQUENCY OF SAY-ON-PAY VOTE

Our non-binding advisory vote on executive compensation (Say-on-Pay vote) held in 2011 was approved by our stockholders by a vote of 58%. Not satisfied with these results, our management engaged in conversations with some of our institutional investors regarding the voting results. Following those discussions, our Chief Executive Officer voluntarily agreed to amend his employment agreement to remove the excise tax gross-up provision, which we believe was the principal reason for a majority of the No votes.

Approximately 80% of our stockholders voted to hold the advisory Say-on-Pay vote on an annual basis. Based on the voting results, we will provide our stockholders with the opportunity to cast an annual advisory Say-on-Pay vote.

EXECUTIVE COMPENSATION ADVISORY VOTE (PROPOSAL 2)

We are asking our stockholders to approve on an advisory basis our Named Executive Officer compensation. The Board recommends a FOR vote because it believes that our compensation policies and practices are effective in achieving the Company's goals of rewarding sustained financial and operating performance, leadership excellence and aligning the executives' long-term interests with those of our stockholders. Our compensation philosophy is to set the fixed compensation of our Named Executive Officers competitively for their demonstrated skills and industry experience. Our variable compensation, both annual and long-term, reflects the results of performance against a combination of quantitative and subjective measures. The Compensation Committee targets the median of the market for all elements of pay, including base salary, annual incentive, long-term incentives and appropriate perquisites.

Certain of these awards have no intrinsic value to the recipient until the performance or vesting schedule is met. Vesting schedules for equity and performance awards can be found in the footnotes to the Outstanding Equity Awards as of December 31, 2011 table.

Table of Contents

What is the difference between a stockholder of record and a street name holder?

Most stockholders hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some distinctions between shares held of record and those owned in street name.

Stockholder of Record. If your shares are registered directly in your name with Computershare Shareowner Services, LLC (fka BNY Mellon Shareowner Services), our transfer agent, you are considered, with respect to those shares, the stockholder of record. As the stockholder of record, you have the right to grant your voting proxy directly or to vote in person at the annual meeting.

Street Name Stockholder. If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of shares held in street name. As the beneficial owner, you have the right to direct your broker or nominee how to vote and are also invited to attend the annual meeting. However, since you are not the stockholder of record, you may not vote these shares in person at the annual meeting unless you obtained a signed proxy from the record holder giving you the right to vote the shares.

How do I vote my shares?

Stockholders of Record: Stockholders of record may vote their shares or submit a proxy to have their shares voted by one of the following methods:

By Internet. You may submit a proxy electronically on the Internet by following the instructions provided in the Notice of Internet Availability of Proxy Materials. Please have the Notice of Internet Availability of Proxy Materials in hand when you log onto the website. Internet voting facilities will be available 24 hours a day and will close at 11:59 p.m., Eastern Daylight Time, on May 7, 2012.

In Person. You may vote in person at the annual meeting by completing a ballot; however, attending the meeting without completing a ballot will not count as a vote.

By Telephone. If you request paper copies of the proxy materials by mail, you may submit a proxy by telephone (from U.S. and Canada only) using the toll-free number listed on the proxy card. Please have your proxy card in hand when you call. Telephone voting facilities will be available 24 hours a day and will close at 11:59 p.m. Eastern Daylight Time, on May 7, 2012.

By Mail. If you request paper copies of the proxy materials by mail, you may indicate your vote by completing, signing and dating your proxy card and returning it in the enclosed reply envelope.

Street Name Stockholders: Street name stockholders may generally vote their shares or submit a proxy to have their shares voted by one of the following methods:

By Mail. If you request paper copies of the proxy materials from your broker, you may indicate your vote by completing, signing and dating your proxy card and returning it in the enclosed reply envelope.

By Methods Listed on Proxy Card. Please refer to your proxy card or other information forwarded by your bank, broker or other holder of record to determine whether you may submit a proxy by telephone or electronically on the Internet, following

Edgar Filing: GROUP 1 AUTOMOTIVE INC - Form DEF 14A

the instructions on the proxy card or other information provided by the record holder.

In Person with a Proxy from the Record Holder. You may vote in person at the annual meeting if you obtain a legal proxy from your bank, broker or other nominee. Please consult the voting form or other information sent to you by your bank, broker or other nominee to determine how to obtain a legal proxy in order to vote in person at the annual meeting.

Table of Contents

Can I revoke my proxy?

Yes. If you are a stockholder of record, you can revoke your proxy at any time before it is exercised by:

submitting written notice of revocation to Darryl M. Burman, General Counsel, Group 1 Automotive, Inc., 800 Gessner, Suite 500, Houston, Texas 77024 no later than May 7, 2012;

submitting another proxy with new voting instructions by telephone or the Internet voting system; or

attending the meeting and voting your shares in person.

If you are a street name stockholder and you vote by proxy, you may change your vote by submitting new voting instructions to your bank, broker or nominee in accordance with that entity's procedures.

What is the effect of broker non-votes and abstentions and what vote is required to approve each proposal?

If you hold your shares in street name, you will receive instructions from your broker or other nominee describing how to vote your shares. If you do not instruct your broker or nominee how to vote your shares, they may vote your shares as they decide as to each matter for which they have discretionary authority under the rules of the New York Stock Exchange.

There are also non-discretionary matters for which brokers and other nominees do not have discretionary authority to vote unless they receive timely instructions from you. When a broker or other nominee does not have discretion to vote on a particular matter, you have not given timely instructions on how the broker or other nominee should vote your shares and the broker or other nominee indicates it does not have authority to vote such shares on its proxy, a broker non-vote results. Although any broker non-vote would be counted as present at the meeting for purposes of determining a quorum, it would be treated as not entitled to vote with respect to non-discretionary matters.

Abstentions occur when stockholders are present at the annual meeting but fail to vote or voluntarily withhold their vote for any of the matters upon which the stockholders are voting.

If your shares are held in street name and you do not give voting instructions, pursuant to New York Stock Exchange Rule 452, the record holder will not be permitted to vote your shares with respect to Proposal 1 (*Election of Directors*) and Proposal 2 (*Advisory Vote on Executive Compensation*), and your shares will be considered broker non-votes with respect to these proposals. If your shares are held in street name and you do not give voting instructions, the record holder will nevertheless be entitled to vote your shares with respect to Proposal 3 (*Ratification of the Appointment of Ernst & Young LLP*) in the discretion of the record holder.

Proposal 1 (Election of Directors): To be elected, each nominee for election as a director must receive the affirmative vote of a plurality of the votes of our common stock, present in person or represented by proxy at the meeting and entitled to vote on the proposal. This means that director nominees with the most votes are elected. Votes may be cast in favor of or withheld from the election of each nominee. Votes that are withheld from a director's election will be counted toward a quorum, but will not affect the outcome of the vote on the election of a director. Broker non-votes will not be counted as votes cast, and, accordingly, will have no effect on the outcome of the vote for directors.

Proposal 2 (Advisory Vote on Executive Compensation): Approval of this proposal requires the affirmative vote of the holders of a majority of the votes of our common stock cast at the annual meeting with respect to the proposal. Abstentions and broker non-votes will not be counted as votes cast, and, accordingly, will not affect the outcome of these votes. While this vote is required by law, it will neither be binding on our Company or our Board, nor will it create or imply any change in the fiduciary duties of, or impose any additional fiduciary duty on, our Company or our Board. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions.

Proposal 3 (Ratification of the Appointment of Ernst & Young LLP): Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012 requires the affirmative vote of the holders of a majority of the votes of our common stock cast at the annual meeting with respect to the proposal. An abstention is not treated as a vote cast and therefore will not have an impact on the outcome of the vote or the proposal.

Table of Contents

Our Board has appointed Earl J. Hesterberg, our President and Chief Executive Officer, and John C. Rickel, our Senior Vice President and Chief Financial Officer, as the management proxy holders for the annual meeting. If you are a stockholder of record, your shares will be voted by the management proxy holders in accordance with the instructions on the proxy card you submit by mail, or the instructions provided for any proxy submitted by telephone or Internet, as applicable. For stockholders who have their shares voted by duly submitting a proxy by mail, telephone or Internet, the management proxy holders will vote all shares represented by such valid proxies as our Board recommends, unless a stockholder appropriately specifies otherwise.

Our Board recommends a vote:

FOR each of the nominees for director;

FOR the advisory vote on executive compensation; and

FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012.

What is a quorum?

A quorum is the presence at the annual meeting, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock as of the record date. There must be a quorum for the annual meeting to be held. If a quorum is not present, the meeting may be adjourned from time to time until a quorum is reached. Proxies received but marked as abstentions or broker non-votes will be included in the calculation of votes considered to be present at the annual meeting.

Who will bear the cost of soliciting votes for the annual meeting?

We have engaged Alliance Advisors to assist with the solicitation of proxies for a fee not to exceed \$5,000, plus reimbursement for reasonable out-of-pocket expenses. We will bear all expenses of soliciting proxies. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of our common stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Directors, officers and employees of Group 1 may also solicit proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

Who will count the votes?

We have engaged Broadridge Financial Solutions to tabulate the votes and to serve as inspector of election at the annual meeting for a fee of approximately \$3,500. Broadridge will separately tabulate For, Against and Withhold votes, abstentions and broker non-votes. Broadridge will also certify the election results and perform any other acts required by the Delaware General Corporation Law.

May I propose actions for consideration at next year's annual meeting of stockholders or nominate individuals to serve as directors?

You may submit proposals for consideration at future stockholder meetings, including director nominations. Please read [Stockholder Proposals for 2013 Annual Meeting](#) for information regarding the submission of stockholder proposals and director nominations for consideration at next year's annual meeting.

CORPORATE GOVERNANCE

We are committed to good corporate governance. Our Board has adopted several governance documents to guide the operation and direction of our Board and its committees, which include our Corporate Governance Guidelines, Code of Ethics, Code of Conduct and charters for the Audit Committee, Compensation Committee, Nominating/Governance Committee and Finance/Risk Management Committee. Each of these documents is available on our website at www.group1auto.com and stockholders may obtain a printed copy, free of charge, by sending a written request to Group 1 Automotive, Inc., 800 Gessner, Suite 500, Houston, TX 77024, Attn: Corporate Secretary.

Table of Contents

Corporate Governance Guidelines

Our Board has adopted Corporate Governance Guidelines. Among other matters, the Guidelines include the following:

Director Qualification Standards

The Nominating/Governance Committee is responsible for establishing criteria for selecting new directors and actively seeking individuals to become directors for recommendation to our Board. This assessment includes members' qualification as independent, as well as consideration of diversity, age, skill and experience in the context of the needs of our Board.

The number of directors that constitutes our Board will be between three and nine. Our Board believes that a smaller board generally functions more effectively than a large board, as smaller boards generally promote greater participation by each board member, more effective and efficient decision making and greater individual accountability. Our Board currently has seven members.

No director may serve on more than four other public company boards.

Director Responsibilities

The basic responsibility of each director is to exercise his or her business judgment to act in what he or she reasonably believes to be in our best interest and the best interest of our stockholders.

Directors are expected to attend meetings of our Board and meetings of committees on which they serve, and to spend the time needed and meet as frequently as necessary to discharge their responsibilities properly.

Directors are encouraged to attend the annual meeting of stockholders.

Director Access to Management and Independent Advisors

Our Board, and each committee of our Board, has the power to hire independent legal, financial or other advisors as they may deem necessary.

Our Board has full and free access to our officers and employees and invites regular attendance by our senior officers at each meeting of our Board.

Chief Executive Officer Evaluation and Management Succession

The Compensation Committee annually reviews and approves corporate goals and objectives relevant to the compensation of the Chief Executive Officer, evaluates the performance of the Chief Executive Officer in light of those goals and objectives and, after consultation with the full Board, sets the compensation of the Chief Executive Officer based on this evaluation.

The Nominating/Governance Committee meets annually on succession planning.

Annual Performance Evaluation, Director Orientation and Continuing Education

Our Board conducts an annual self-evaluation of itself and its committees.

All new directors participate in an orientation program.

Our Board periodically allocates meeting time to receive information and updates on corporate governance issues, director best practices and legal and regulatory changes.

Code of Ethics for Chief Executive Officer, Chief Financial Officer, Controller and Certain Other Officers

Our Board has adopted a Code of Ethics for our Chief Executive Officer, our Chief Financial Officer, our Controller and all other financial and accounting officers. Any change to, or waiver from, the Code of Ethics will be disclosed on our website within two business days after such change or waiver. Among other matters, the Code of Ethics requires each of these officers to:

act with honesty and integrity, including the ethical handling of actual or apparent conflicts of interest in personal and professional relations;

avoid conflicts of interest and disclose any material transactions or relationships that reasonably could be expected to give rise to a conflict of interest;

work to ensure that we fully, fairly and accurately disclose information in a timely and understandable manner in all reports and documents that we file with the Securities and Exchange Commission (SEC) and in other public communications made by us;

comply with applicable governmental laws, rules and regulations; and

report any violations of the Code of Ethics to the Chief Executive Officer and the Chairman of the Audit Committee.

Code of Conduct

Our Board has adopted a Code of Conduct, which sets forth the standards of behavior expected of each of our employees, directors and agents. Among other matters, this Code of Conduct is designed to deter wrongdoing and to promote:

honest and ethical dealing with each other, with our clients and vendors, and with all other third parties;

respect for the rights of fellow employees and all third parties;

equal opportunity, regardless of age, race, sex, sexual orientation, ethnicity, creed, religion, national origin, marital status, veteran status, handicap or disability;

fair dealing with employees and all other third parties with whom we conduct business;

avoidance of conflicts of interest;

compliance with all applicable laws and regulations;

the safeguarding of our assets; and

the reporting of any violations of the Code of Conduct to the appropriate officers.

INFORMATION ABOUT OUR BOARD OF DIRECTORS AND COMMITTEES

Our Board held nine meetings and acted by unanimous written consent four times during 2011. The average attendance of all directors in 2011 was 99%. Under our Corporate Governance Guidelines, our directors are encouraged to attend the annual meeting of our stockholders. All of our directors attended our 2011 Annual Meeting of Stockholders.

Our Board and each of its committees annually conduct a self-evaluation to assess, and identify opportunities to improve, their respective performance. The Nominating/Governance Committee leads our Board in its annual self-evaluation.

Board Leadership Structure

Our Board has determined that having an independent director serve as non-executive Chairman of the Board is in the best interest of our stockholders at this time. Our Chief Executive Officer is responsible for setting our strategic direction and providing us day-to-day leadership, while the Chairman of the Board sets the agenda for Board meetings, presides over meetings of the full Board and provides guidance to our Chief Executive Officer. We believe this structure ensures a greater role for the independent directors in the oversight of our Company and active participation of the independent directors in setting agendas and establishing priorities and procedures for the work of our Board. We discuss our directors' qualifications and characteristics under Proposals to be Voted on by Stockholders - Proposal 1 - Election of Directors - Board of Directors.

Table of Contents

Board Diversity

Our Nominating and Governance Committee is responsible for identifying and recommending to our Board qualified individuals to be nominated to serve on our Board. Our Board's objective is to select individuals that have a demonstrated record of integrity, sound business judgment, leadership, objectivity, independence of mind, and commitment. In selecting potential Board candidates, our Board seeks independent directors who represent a mix of backgrounds and experiences that will enhance the quality of our Board's deliberations and decisions. Board membership should reflect diversity in its broadest sense, including persons diverse in perspectives, personal and professional experiences, geography, gender, and ethnicity. This process has resulted in a Board that is comprised of highly qualified directors that reflect diversity as we define it.

Independence of the Members of our Board

The current Board consists of seven directors, one of whom is currently employed by the Company (Mr. Hesterberg). Our Board has affirmatively determined that no member of our Board, other than Mr. Hesterberg (our President and Chief Executive Officer), has a material relationship with Group 1 and, therefore, the remaining members of our Board are independent as defined under the New York Stock Exchange's listing standards. In November 2010, we entered into a third party expense-sharing agreement with Mr. Strange for use of excess office space and related services at current market rates. The arrangement is an arms-length, negotiated transaction and the Board determined such an arrangement would not interfere with Mr. Strange's independence on our Board.

We have in the past, and may, in the future, make donations to various charitable organizations. From time to time, some of our directors, officers and employees have been, and in the future may be, affiliated with such charities. During the annual independence review, our Board determined that any such affiliations did not impact the independence of our directors.

Executive Sessions of our Board

The independent directors meet in executive session at each regularly scheduled meeting of our Board. Mr. Adams, our non-executive Chairman of the Board, presides over these meetings and is responsible for preparing an agenda for the meetings of the independent directors in executive session.

Risk Oversight

Our Board, as a whole and through its committees, has broad responsibility for the oversight of risk management as well as specific risk management accountability for governance, overall operational risk, executive compensation, Chief Executive Officer succession and our system of internal controls, including financial reporting. In its risk management role, our Board has the responsibility to satisfy itself that our risk management processes and controls are adequate and functioning as designed and that our business is conducted wisely and in compliance with proper governance and applicable laws and regulations.

Much of our Board's oversight work is delegated to various committees, which meet regularly and report back to the full Board. All committees have significant roles in carrying out the risk oversight and management function. Each committee, except the Finance/Risk Management Committee, is comprised entirely of independent directors and is responsible for overseeing risks associated with its respective area of responsibility as further detailed below.

The Finance/Risk Management Committee is charged with oversight of our risk management strategies, strategies for our insurance programs, litigation management and our compliance with material debt instruments. The Finance/Risk Management Committee monitors our finance-related activities and provides guidance to management and the Board concerning our long-range financial policies and objectives.

The Audit Committee assists our Board in fulfilling its oversight responsibilities with respect to the accounting and financial reporting principles and policies and internal audit controls and procedures. The Audit Committee oversees our financial statements and the independent audit thereof. It evaluates the performance and independence of our outside auditors and selects appropriate outside auditors annually. The Audit Committee is responsible for monitoring risks related to our financial assets, accounting, legal and corporate compliance. It fulfills these responsibilities by systematic, regular reviews with

support from internal Company personnel, the independent registered public accounting firm and consultants. In addition, the Audit Committee discusses legal and compliance matters and assesses the adequacy of our Company's risk-related internal controls. The Audit Committee members meet separately with representatives of our independent registered public accounting firm, management in charge of internal assurance and legal counsel.

Table of Contents

The Compensation Committee assists our Board in fulfilling its oversight responsibilities with respect to the management of risks associated with our compensation policies and programs. The Compensation Committee is responsible for determining salaries, incentives and other elements of total compensation for our executive officers, and it administers our various compensation and benefit plans to ensure sound pay practices with features that mitigate risk without changing the incentive nature of the compensation. A separate discussion regarding the risk considerations in our compensation programs, including the processes that are put in place by the Compensation Committee and management to identify, manage and mitigate potential risks in compensation, can be found on page 13 of this proxy statement.

The Nominating/Governance Committee oversees potential risks related to management's monitoring of our corporate compliance program. Additionally, the Nominating/Governance Committee oversees potential risks related to our governance practices, including, among others, succession planning and the performance evaluations of the Board, its committees and the Chief Executive Officer.

In addition to reports from its committees, our Board receives regular reports directly from the officers responsible for oversight of particular risks within our Company. Specifically, our officers report to our Board regarding the system that management has implemented to assess, manage and monitor risks. Our officers also report to our Board on which risks management has assessed as the most significant, together with management's plans to mitigate those risks. Further, our outside counsel reports in person to our Board periodically on an as-needed basis to keep our directors informed concerning legal risks and other legal matters involving our Company. Finally, we have robust internal audit systems in place to review adherence to policies and procedures, which are supported by a separate internal audit department.

Committees of our Board

Our Board has established four standing committees to assist it in discharging its responsibilities: the Audit Committee, the Compensation Committee, the Nominating/Governance Committee and the Finance/Risk Management Committee. The following chart reflects the current membership of each committee:

Audit Committee

The Audit Committee is responsible for oversight of Company risks relating to accounting matters, financial reporting and legal and regulatory compliance.

Pursuant to its charter, the purposes of our Audit Committee are to:

oversee the quality, integrity and reliability of the financial statements and other financial information we provide to any governmental body or the public;

oversee our compliance with legal and regulatory requirements;

retain our independent registered public accounting firm;

oversee the qualifications, performance and independence of our independent registered public accounting firm;

oversee the performance of our internal audit function;

oversee our systems of internal controls regarding finance, accounting, legal compliance and ethics that our management and our Board have established;

provide an open avenue of communication among our independent registered public accounting firm, financial and senior management, the internal auditing department, and our Board, always emphasizing that the independent registered public accounting firm is accountable to the Audit Committee; and

perform such other functions as our Board may assign to the Audit Committee from time to time.

In connection with these purposes and to satisfy its oversight responsibilities, the Audit Committee annually selects, engages and evaluates the performance and ongoing qualifications of, and determines the compensation for, our independent registered public accounting firm, reviews our annual and quarterly financial statements, and confirms the independence of our independent registered public accounting firm. The Audit Committee meets with our management and independent registered public accounting firm regarding the adequacy of our financial controls and our compliance with legal, tax and regulatory matters, as well as our significant financial and accounting policies. The Audit Committee also separately meets with the Company's director of internal audit on a regular basis to review, among other things, the identified risk areas and scope of the internal audit approach. In addition, the Audit Committee meets with other members of management, as deemed appropriate. The Audit Committee receives regular reports regarding the status and findings of audits being conducted by the internal and independent auditors, accounting changes that could affect our financial statements and proposed audit adjustments. The Audit Committee chair routinely meets between formal Audit Committee meetings with our chief financial officer, corporate controller, director of internal audit and our independent registered public accounting firm.

While the Audit Committee has the responsibilities and powers set forth in its charter, it is not the duty of the Audit Committee to plan or conduct audits, to determine that our financial statements are complete and accurate, or to determine that such statements are in accordance with accounting principles generally accepted in the United States and other applicable rules and regulations. Our management is responsible for the preparation of our financial statements in accordance with accounting principles generally accepted in the United States and our internal controls. Our independent registered public accounting firm is responsible for the audit work on our financial statements. It is also not the duty of the Audit Committee to conduct investigations or to assure compliance with laws and regulations and our policies and procedures. Our management is responsible for compliance with laws and regulations and compliance with our policies and procedures.

Edgar Filing: GROUP 1 AUTOMOTIVE INC - Form DEF 14A

The Audit Committee, whose members consisted of Mr. Strange (Chairman), Mr. Adams, Mr. Lataif and Mr. Quinn, held 10 meetings during 2011. Mr. Strange also serves on the Audit Committees of New Jersey Resources Corporation, Newfield Exploration Company and SLM Corporation. Our Board has determined that Mr. Strange's simultaneous service on these other Audit Committees and our Audit Committee will not impair his ability to serve effectively on our Audit Committee.

All members of the Audit Committee are independent as that term is defined in the New York Stock Exchange's listing standards and by Rule 10A-3 promulgated under the Securities Exchange Act of 1934, as amended (the Exchange Act). Our Board has determined that each member of the Audit Committee is financially literate and that Mr. Strange has the necessary accounting and financial expertise to serve as Chairman. Our Board has also determined that Mr. Strange is an audit committee financial expert.

following a determination that Mr. Strange met the criteria for such designation under the SEC's rules and regulations. For information regarding Mr. Strange's business experience, please read Proposals to be Voted on by Stockholders - Proposal 1 - Election of Directors - Board of Directors.

The Report of the Audit Committee is set forth on page 21 of this proxy statement.

Compensation Committee

The Compensation Committee is responsible for risks relating to employment policies and our compensation and benefits systems. To assist it in satisfying these oversight responsibilities, from time to time the Compensation Committee has retained its own compensation consultant and meets regularly with management to understand the financial, human resources and stockholder implications of compensation decisions being made.

Pursuant to its charter, the purposes of our Compensation Committee are to:

review, evaluate, and approve our agreements, plans, policies, and programs to compensate our corporate officers;

review and discuss with our management the Compensation Discussion and Analysis to be included in our proxy statement for the annual meeting of stockholders and to determine whether to recommend to our Board that the Compensation Discussion and Analysis be included in the proxy statement, in accordance with applicable rules and regulations;

produce the Compensation Committee Report for inclusion in the proxy statement, in accordance with applicable rules and regulations;

otherwise discharge our Board's responsibility relating to compensation of our corporate officers; and

perform such other functions as our Board may assign to the Compensation Committee from time to time.

In connection with these purposes, our Board has entrusted the Compensation Committee with the overall responsibility for establishing, implementing and monitoring the compensation for our corporate officers. The Compensation Committee reviews and approves the compensation of our corporate officers and makes appropriate adjustments based on Company performance, achievement of predetermined goals and changes in an officer's duties and responsibilities. The Compensation Committee also approves all employment agreements related to the corporate officers and approves recommendations regarding equity awards for all employees. Together with management, and any counsel or other advisors deemed appropriate by the Compensation Committee, the Compensation Committee typically reviews and discusses the particular executive compensation matter presented and makes a final determination, with the exception of compensation matters relating to our Chief Executive Officer. In the case of our Chief Executive Officer, the Compensation Committee reviews and discusses the particular compensation matter (together with our management and any counsel or other advisors deemed appropriate) and formulates a recommendation. The Compensation Committee's Chairman then generally reports the Compensation Committee's recommendation for approval by the full Board or, in certain cases, by the independent directors.

In general, executive compensation matters are presented to the Compensation Committee or raised with the Compensation Committee in one of the following ways: (1) at the request of the Compensation Committee Chairman or another Compensation Committee member or member of our Board, (2) in accordance with the Compensation Committee's agenda, which is reviewed by the Compensation Committee members and other directors on an annual basis, (3) by our Chief Executive Officer or Vice President of Human Resources or (4) by the Compensation Committee's outside compensation consultant.

The Compensation Committee works with the management team, our Chief Executive Officer and our Vice President of Human Resources to implement and promote our executive compensation strategy. The most significant aspects of management's involvement in this process are:

preparing materials in advance of Compensation Committee meetings for review by the Compensation Committee members;

evaluating employee performance;

establishing our business goals; and

recommending the compensation arrangements and components for our employees.

Table of Contents

Our Chief Executive Officer is instrumental to this process. Specifically, the Chief Executive Officer assists the Compensation Committee by:

evaluating corporate officer performance;

providing background information regarding our business goals; and

recommending compensation arrangements and components for our corporate officers (other than himself).

In addition, our Vice President of Human Resources is involved in the executive compensation process by:

providing the necessary compensation information to, and acting as our liaison with, our compensation consultant;

updating and modifying compensation plan policies, guidelines and materials, as needed; and

providing recommendations to the Compensation Committee and our Chief Executive Officer regarding compensation structure, awards and plan design changes.

Under its charter, the Compensation Committee has the sole authority to retain and terminate any compensation consultant to be used to assist in the evaluation of the compensation of our corporate officers and directors and also has the sole authority to approve the consultant's fees and other retention terms.

During 2011, the Compensation Committee engaged Pearl Meyer & Partners (PM&P) to conduct a compensation analysis which involved the comparison of long-term, short-term and total compensation of our Named Executive Officers with a selected group of peer companies. We generally compare compensation data at the 25th, 50th and 75th percentiles of the market and engage PM&P to review our analysis. While we do not think it is appropriate to establish compensation based solely on benchmarking, we believe that this practice is useful for two reasons. First, our compensation practices must be competitive in order to attract and retain executives with the ability and experience necessary to provide leadership and to deliver strong performance to our stockholders. Second, benchmarking allows us to assess the reasonableness of our compensation practices. This process allows us to achieve one of our primary objectives of maintaining competitive compensation to ensure retention when justified and rewarding the achievement of Company objectives so as to align with stockholder interest. PM&P also advised the Compensation Committee with regard to the renewal of our Chief Executive Officer's employment agreement that expired in 2010, and the recent amendment of our Chief Executive Officer's employment agreement to remove his excise tax gross-up provision.

To the extent permitted by applicable law, the Compensation Committee may delegate some or all of its authority to subcommittees as it deems appropriate.

All members of the Compensation Committee are independent as that term is defined in the New York Stock Exchange's listing standards. The Compensation Committee, whose members consisted of Mr. Watson (Chairman), Mr. Adams, Mr. Lataif, Ms. Raff and Mr. Strange, held five meetings during 2011.

The Report of the Compensation Committee is set forth on page 34 of this proxy statement.

Nominating/Governance Committee

The Nominating/Governance Committee is responsible for oversight relating to management and Board succession planning, and stockholder responses to our ethics and business practices. To satisfy these oversight responsibilities, the Committee receives regular reports from our officers that are responsible for each of these areas on matters such as progress against succession planning programs and goals that could affect our operations.

Edgar Filing: GROUP 1 AUTOMOTIVE INC - Form DEF 14A

Pursuant to its charter, the purposes of our Nominating/Governance Committee are to:

assist our Board by identifying individuals qualified to become members of our Board and recommend director nominees to our Board for election at the annual meetings of stockholders or for appointment to fill vacancies;

recommend director nominees to our Board for each of its committees;

Table of Contents

advise our Board about the appropriate composition of our Board and its committees;

advise our Board about and recommend to our Board appropriate corporate governance practices and assist our Board in implementing those practices;

lead our Board in its annual review of the performance of our Board and its committees;

direct all matters relating to the succession of our Chief Executive Officer;

review and make recommendations to our Board with respect to the form and amount of director compensation; and

perform such other functions as our Board may assign to the Nominating/Governance Committee from time to time.

In connection with these purposes, the Nominating/Governance Committee actively seeks individuals qualified to become members of our Board, seeks to implement the independence standards required by law, applicable listing standards, our Restated Certificate of Incorporation, our Amended and Restated Bylaws and our Corporate Governance Guidelines, and identifies the qualities and characteristics necessary for an effective Chief Executive Officer.

The Nominating/Governance Committee is responsible for establishing criteria for selecting new directors and actively seeking individuals to become directors for recommendation to our Board. In considering candidates for our Board, the Nominating/ Governance Committee will consider the entirety of each candidate's credentials. There is currently no set of specific minimum qualifications that must be met by a nominee recommended by the Nominating/Governance Committee, as different factors may assume greater or lesser significance at particular times and the needs of our Board may vary in light of its composition and the Nominating/Governance Committee's perceptions about future issues and needs. However, while the Nominating/Governance Committee does not maintain a formal list of qualifications, in making its evaluation and recommendation of candidates, the Nominating/Governance Committee may consider, among other factors, diversity, age, skill, experience in the context of the needs of our Board, independence qualifications and whether prospective nominees have relevant business and financial experience, have industry or other specialized expertise, and have high moral character.

The Nominating/Governance Committee may consider candidates for our Board from any reasonable source, including from a search firm engaged by the Nominating/Governance Committee or stockholder recommendations, provided that the procedures set forth below are followed. The Nominating/Governance Committee does not intend to alter the manner in which it evaluates candidates based on whether the candidate is recommended by a stockholder or not. However, in evaluating a candidate's relevant business experience, the Nominating/Governance Committee may consider previous experience as a member of our Board. Any invitation to join our Board must be extended by our Board as a whole, by the Chairman of the Nominating/Governance Committee and by the Chairman of the Board.

Stockholders or a group of stockholders may recommend potential candidates for consideration by the Nominating/Governance Committee by sending a written request to our Corporate Secretary at our principal executive offices, 800 Gessner, Suite 500, Houston, Texas 77024. For additional information on such requests and the applicable timing, please see Stockholder Proposals for 2013 Annual Meeting.

The stockholder recommendation procedures described above do not preclude a stockholder of record from making nominations of directors or making proposals at any annual stockholder meeting; provided that they comply with the requirements described in the section entitled Stockholder Proposals for 2013 Annual Meeting.

In addition, our Board has entrusted the Nominating/Governance Committee with the responsibility for establishing, implementing and monitoring the compensation for our directors. The Nominating/Governance Committee establishes, reviews and approves the compensation of our directors and makes appropriate adjustments based on Company performance, duties and responsibilities and competitive environment. The Nominating/Governance Committee's primary objectives in establishing and implementing director compensation are to:

Edgar Filing: GROUP 1 AUTOMOTIVE INC - Form DEF 14A

ensure the ability to attract, motivate and retain the talent necessary to provide qualified Board leadership; and

use the appropriate mix of long-term and short-term compensation to ensure high Board/committee performance.

Table of Contents

All members of the Nominating/Governance Committee are independent as defined under the New York Stock Exchange's listing standards. The Nominating/Governance Committee, whose members consisted of Mr. Lataif (Chairman), Mr. Quinn, Ms. Raff and Mr. Watson, held four meetings during 2011.

Finance/Risk Management Committee

Pursuant to its charter, the purposes of our Finance/Risk Management Committee are to:

review, oversee and report to our Board regarding our financial status and capital structure, debt and equity financings, cash management and other banking activities, compliance with covenants of material debt instruments, investor/stockholder relations, relationships with various financial constituents, securities repurchase activities and dividend policy, and authorize transactions within limits prescribed by our Board;

review and report to our Board regarding contingent liabilities and the status of material litigation;

review and assess risk exposure and insurance related to our operations and authorize transactions within limits prescribed by our Board; and

review capital expenditures and other capital spending plans, including significant acquisitions and dispositions of business or assets, and authorize transactions within limits prescribed by our Board.

In connection with these purposes, the Finance/Risk Management Committee reviews periodically our financial status and capital structure and can authorize finance-related activities within limits prescribed by our Board. The Finance/Risk Management Committee reviews with management the status of current litigation matters and regularly reports to our Board on litigation and contingent liabilities. The Finance/Risk Management Committee also consults with management on matters that could have a significant financial impact on our Company and reviews our financial policies and procedures, our compliance with material debt instruments and our significant banking relationships. In addition, the Finance/Risk Management Committee reviews and assesses periodically our risk exposure and plans and strategies for insurance programs, and authorizes risk management-related activities within limits prescribed by our Board. The Finance/Risk Management Committee also provides direction for the assessment of future capital spending and acquisition opportunities and reviews capital expenditure plans, including significant acquisitions and dispositions of businesses and assets and other specific capital projects.

During 2011, our Finance/Risk Management Committee requested that management perform a thorough review of all known and, within reason, potential unknown risks that may arise in the course of operating our business and develop an Enterprise Risk Management Program. Management presented to the full Board a robust Enterprise Risk Management Program concentrating primarily in four principal areas that are significant to our business: (i) safety and risk; (ii) strategic planning and operational risk; (iii) financial and accounting risk; and (iv) governance, regulatory and legislative risk.

All members of the Finance/Risk Management Committee, except for Mr. Hesterberg, our President and Chief Executive Officer, are independent as defined under the New York Stock Exchange's listing standards. The Finance/Risk Management Committee, whose members consisted of Mr. Quinn (Chairman), Mr. Adams, Mr. Hesterberg, Mr. Strange and Mr. Watson, held four meetings during 2011.

RISK ASSESSMENT

We have reviewed our compensation policies and practices for all employees, including executive officers, and determined that our compensation programs are not reasonably likely to cause behaviors that would have a material adverse effect on the Company. Moreover, we believe that several design features of our compensation programs and policies reduce the likelihood of excessive risk-taking:

The program design provides a balanced mix of cash and equity, annual and longer-term incentives, and performance metrics.

We currently do not grant stock options.

The Compensation Committee has discretion over incentive program payouts.

Table of Contents

The compensation recovery policy allows the Company to claw back payments made using materially inaccurate financial results.

Executive officers are subject to stock ownership guidelines.

Compliance and ethical behaviors are integral factors considered in all performance assessments.

We set the proper ethical and moral expectations through our policies and procedures and provide various mechanisms for reporting issues.

We maintain an aggressive internal and external audit program, which enables us to verify that our compensation policies and practices are aligned with expectations, including periodic reviews and audits of our sales and finance departments at our dealerships.

We believe that, for all employees, our compensation programs do not encourage excessive risk and instead encourage behaviors that support sustainable value creation.

Table of Contents**PROPOSALS TO BE VOTED ON BY STOCKHOLDERS****PROPOSAL 1 - ELECTION OF DIRECTORS**

Our Restated Certificate of Incorporation provides for a classified Board. The directors are divided into three classes, with each class serving for a period of three years. As a result, the stockholders elect approximately one-third of the members of our Board annually.

Based on recommendations from the Nominating/Governance Committee, our Board has nominated Earl J. Hesterberg and Beryl Raff for re-election as Class I directors to serve until the 2015 Annual Meeting and until their successors have been elected and qualified, or until their earlier resignation or removal. Each nominee is currently a director and was previously elected to our Board by the stockholders in 2009. Each nominee has consented to being named as a nominee in this proxy statement and has indicated a willingness to serve if elected. The term for our three Class II directors expires in 2013 and the term for our two Class III directors expires in 2014.

Stockholders may not cumulate their votes in the election of our directors. We have no reason to believe that the nominees will be unable or unwilling to serve if elected. However, if a nominee should become unable or unwilling to serve for any reason, proxies may be voted for another person nominated as a substitute by our Board, or our Board may reduce its size.

PROPOSAL 2 - ADVISORY VOTE ON EXECUTIVE COMPENSATION

Our stockholders are entitled to cast an advisory vote at the annual meeting to approve the compensation of our Named Executive Officers, as disclosed in this proxy statement. As an advisory vote, Proposal 2 is not binding on our Board or its Compensation Committee, will not overrule any previous decisions made by our Board or its Compensation Committee, or require our Board or its Compensation Committee to take any future or remedial action. Although the vote is non-binding, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation decisions. In particular, to the extent there is any significant vote against our Named Executive Officers' compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

Our Board recognizes that executive compensation is an important matter for our stockholders. As described in detail in the Compensation Discussion and Analysis (CD&A) section of this proxy statement, the Compensation Committee is tasked with the implementation of our executive compensation philosophy, and the core of that philosophy has been and continues to be to pay our executive officers compensation that is competitive with amounts paid by our peer companies based on individual and Company performance. In particular, the Compensation Committee strives to attract, retain and motivate talented executives, to reward past performance measured against established goals and provide incentives for future performance, and to align executives' long-term interests with the interests of our stockholders. To do so, the Compensation Committee uses a combination of short- and long-term incentive compensation to reward near-term performance and to encourage our executives' commitment to our long-range, strategic business goals. It is always the intention of the Compensation Committee that our executive officers be compensated competitively and in a manner that is consistent with our strategy, sound corporate governance principles, and stockholder interests and concerns.

As described in the CD&A, we believe our compensation program is effective, appropriate and strongly aligned with the long-term interests of our stockholders and that the total compensation package provided to our Named Executive Officers (including potential payouts upon a termination or change of control) is consistent with market practice. We also believe our executive compensation is reasonable and not excessive. As you consider this Proposal 2, we urge you to read the CD&A section of this proxy statement for additional details on executive compensation, including the more detailed information about our compensation philosophy and objectives and the past compensation of our Named Executive Officers, and to review the tabular disclosures regarding our Named Executive Officers' compensation together with the accompanying narrative disclosures in the Executive Compensation section of this proxy statement.

In light of these reasons, we are asking stockholders to vote **FOR** the following resolution:

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion, is hereby Approved .

Table of Contents**PROPOSAL 3 - RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has appointed Ernst & Young, LLP (Ernst & Young) as independent registered public accounting firm of Group 1 for the fiscal year ending December 31, 2012. We have been advised by Ernst & Young that the firm has no relationship with Group 1 or its subsidiaries other than that arising from the firm's engagement as auditors, tax advisors and consultants. Representatives of Ernst & Young will be present at the annual meeting and will have the opportunity to make a statement and respond to appropriate questions from stockholders.

Audit and Other Fees

Set forth below is a summary of certain fees paid to Ernst & Young, which has served as our independent registered public accounting firm since 2002, for services related to the fiscal years ended December 31, 2010 and December 31, 2011. In determining the independence of Ernst & Young, the Audit Committee considered whether the provision of non-audit services is compatible with maintaining Ernst & Young's independence.

	2010 (\$)	2011 (\$)
Audit Fees	1,184,840	1,034,175
Audit Related Fees		
Tax Fees	86,500	110,495
All Other Fees	2,200	2,200
Total	1,273,540	1,146,870

Audit Fees. Audit fees consisted of amounts incurred for services performed in association with the annual financial statement audit (including required quarterly reviews), and other procedures required to be performed by the independent registered public accounting firm to be able to form an opinion on our consolidated financial statements, as well as specific procedures performed by Ernst & Young in connection with their review of our internal control structure in accordance with the requirements of Section 404 of the Sarbanes Oxley Act of 2002. Other procedures included consultations relating to the audit or quarterly reviews, and services performed in connection with SEC registration statements, periodic reports and other documents filed with the SEC or other documents issued in connection with securities. Also included in audit fees are amounts incurred for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements or that are traditionally performed by the independent registered public accounting firm, consisting primarily of statutory audits. Audit fees exclude reimbursed expenses of \$20,423 and \$27,203 for 2010 and 2011, respectively, to Ernst & Young in conjunction with their services.

Audit Related Fees. There were no audit related fees incurred during 2010 or 2011.

Tax Fees. Tax fees in 2010 and 2011 consisted of tax preparation and compliance services.

All Other Fees. Other fees in 2010 and 2011 consisted of amounts incurred for subscriptions to Ernst & Young's online accounting and financial reporting research tool.

The Audit Committee considers whether the provision of these services is compatible with maintaining Ernst & Young's independence, and has determined such services for fiscal 2010 and 2011 were compatible. All of the services described above were pre-approved by the Audit Committee pursuant to paragraph (c)(7)(ii)(C) of Rule 2-01 of Regulation S-X under the Exchange Act, to the extent that rule was applicable during fiscal 2010 and 2011.

The Audit Committee has established a policy requiring pre-approval by the Audit Committee of all services (audit and non-audit) to be provided to us by our independent registered public accounting firm. In accordance with this policy, the Audit Committee has given its annual approval for the provision of audit services by Ernst & Young, and has also given its approval for up to a year in advance for the provision by Ernst & Young of particular categories or types of audit-related, tax and permitted non-audit services, in each case subject to a specific budget. Any proposed services to be provided by the independent registered public accounting firm not covered by one of these approvals, including proposed services exceeding pre-approved budget levels, requires special pre-approval by the Audit Committee. The Audit Committee does not delegate its responsibilities to pre-approve services performed by the independent registered public accounting firm to management.

Table of Contents

The ratification of our Audit Committee's appointment of Ernst & Young as our independent registered public accounting firm for the fiscal year ending December 31, 2012 requires our receiving the affirmative vote of the holders of a majority of our common stock cast with respect to the proposal. Although ratification is not required, our Board is submitting the selection of Ernst & Young to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in our best interest and the best interest of our stockholders.

9.5% increase in gross profit;

Improved operating margin; and

23.1% annual increase in our stock price, 75% over the two year period ended December 31, 2011.

As discussed in greater detail below, our compensation plans are designed to reward our Named Executive Officers for assisting us in our efforts to achieve these results.

Key 2011 Compensation and Corporate Governance Actions

The Committee continuously reviews best practices in executive compensation and has made several recent adjustments to elements of our compensation programs to further align our executive compensation structure with our stockholders interests, current market practices and performance. The adjustments included:

Role of the Compensation Committee, its Consultant and Management

Our Board has entrusted the Committee with overall responsibility for establishing, implementing and monitoring our executive compensation program. Our Chief Executive Officer and Vice President of Human Resources also play a role in the implementation of the executive compensation process, by overseeing the performance and dynamics of the executive team and generally keeping the Committee informed. All final decisions regarding our Named Executive Officers' compensation remain with the Committee, except in the case of our Chief Executive Officer where the Committee makes recommendations to the Board considering his compensation.

The Committee has historically engaged PM&P to serve as its compensation consultant and to advise on executive compensation matters. In 2011, PM&P was engaged to conduct a competitive compensation analysis for the Named Executive Officers and our non-employee directors. During that time, PM&P reviewed compensation data for our peer companies in comparison to our current compensation practices and made recommendations to the Committee. The Committee retains PM&P directly, although in carrying out assignments PM&P may interact with Company management when necessary and appropriate. PM&P does not provide any services to the Company other than its consulting services to the Committee related to executive and director compensation.

Objectives of Our Executive Compensation Program

Compensation Philosophy

The Compensation Committee believes that the most effective executive compensation program is one designed to recruit, retain and motivate talented leadership and reward those individuals upon the achievement of their personal and departmental objectives as well as upon our Company's achievement of specific annual, long-term and strategic goals. The Committee evaluates both market competitiveness and individual and Company performance to ensure that we maintain our ability to attract, retain and motivate superior employees in key positions and that overall compensation remains competitive relative to compensation paid by our peer companies. We believe that by maintaining competitive compensation and rewarding for performance we will be able to support our overall business objectives and provide our stockholders with a superior rate of return over time.

Our strategic business focus during the fiscal year ended December 31, 2011 consisted of the following objectives:

focusing on increasing same store sales performance relative to new and used vehicle sales and parts and service;

continuing to consolidate key operating processes and systems to improve efficiencies and reduce expenses;

maintaining a cost level that aligns with the anticipated level of business activity; and

seeking new business opportunities within the automotive retail market so that we can continue to expand our business operations both in the United States (U.S.) and abroad.

Our Named Executive Officers' individual or departmental goals for the fiscal year ended December 31, 2011 generally consisted of one or more of the following objectives, which provide support for our business objectives:

recapture sales momentum that was impacted by the recent recession;

continue to strengthen our processes and management so we are well positioned to compete as the economy recovers;

Edgar Filing: GROUP 1 AUTOMOTIVE INC - Form DEF 14A

monitor costs and expenses as sales levels increase to maximize and leverage our scale;

accelerate the redeployment of capital management resources away from underperforming dealerships into business operations with better return potential; and

drive the capital allocation process, which balances the mix between investments in sustainable growth and investments that maximize return to stockholders.

Table of Contents***Market Analysis***

We again engaged PM&P to conduct an independent market-based analysis of our executive compensation program in 2011. The market analysis process involved the comparison of long-term, short-term and total compensation with a selected group of peer companies (Peer Companies). Compensation data was compared at the 25th, 50th and 75th percentiles of the market.

While we do not think it is appropriate to establish compensation based solely on benchmarking, we believe that this practice can be useful for two reasons. First, our compensation practices must be competitive in order to attract and retain executives with the ability and experience necessary to provide leadership and to deliver strong performance to our stockholders. Second, benchmarking allows us to assess the reasonableness of our compensation practices. This process allows us to achieve one of our primary objectives of maintaining competitive compensation to ensure retention when justified and rewarding the achievement of Company objectives so as to align with stockholder interests.

In 2011, our group of Peer Companies included all of the publicly-traded automotive consolidators and specialty retailers associated with automotive sales, and automotive parts and service against whom we compete for executive talent. This list of Peer Companies is periodically reviewed and updated by the Committee. Our 2011 Peer Companies were:

Advance Auto Parts, Inc.	LKQ Corp.
Asbury Automotive Group, Inc.	O Reilly Automotive, Inc.
AutoNation, Inc.	Penske Automotive Group, Inc.
AutoZone, Inc.	The Pep Boys Manny, Moe & Jack
CarMax, Inc.	Rush Enterprises, Inc.
Genuine Parts Co.	Sonic Automotive, Inc.
Lithia Motors, Inc.	

When evaluating the compensation data and making compensation decisions, the Committee has taken into consideration the variance in revenue size among the entities comprising our Peer Companies. Additionally, the Committee has considered other differences between us and our Peer Companies such as corporate structure, tenure of officers, variance in scope of duties for each officer and other factors when calculating a benchmarking value. This value is used as the basis of comparison of compensation provided by us and our Peer Companies. However, any application of benchmarking data is tempered by our basic staffing philosophy, which is to remain as lean as practical. This guiding principle results in certain of our executive officers having a broad range of job responsibilities, which, at certain of our Peer Companies, may be divided among multiple executive officers. The Committee's use of benchmarking for specific compensation components is described in more detail below.

Tally Sheets

In 2011, compensation tally sheets for the Named Executive Officers were prepared by our Compensation Manager and reviewed by the Committee. In addition to the PM&P benchmarking analysis, information from these tally sheets was also considered by the Committee in making compensation decisions for the Named Executive Officers, as well as guiding the design of cash and non-cash compensation and benefit programs. The Committee specifically used tally sheets in the following contexts for each Named Executive Officer:

To determine the value of historical compensation paid;

To determine the value of restricted stock awards and performance-based restricted shares forfeited in the event of a voluntary termination when making decisions regarding grants to encourage retention;

To understand total compensation potentially payable to the Named Executive Officers under all possible scenarios, including death/disability, retirement, voluntary termination, termination with and without cause and changes of control; and

To ensure that the structure of pay at different levels is fair and appropriate.

Table of Contents

Compensation Components

Our corporate officers are compensated through short-term and long-term incentive compensation plans, consisting of cash and non-cash compensation. Our short-term compensation components consist of annual base salary and our annual cash incentive plan. From time to time, as circumstances may warrant, the Committee may also elect to make discretionary cash bonus awards. Our stock incentive plan is our long-term incentive compensation component. In addition, our Named Executive Officers are eligible to (i) participate in our health and welfare plans, and our retirement plans (401(k) Savings Plan, Employee Stock Purchase Plan and Deferred Compensation Plan), (ii) receive a vehicle allowance and/or demonstrator vehicle(s), depending on the position held, and (iii) receive perquisites and other personal benefits as described under **Other Benefits** below.

Base Salary

Design. We provide our Named Executive Officers with an annual base salary to compensate them for services rendered during the year. Our goal is to set base salaries for our Named Executive Officers at levels that are competitive with comparable companies for the skills, experience and requirements of similar positions, using benchmarking as previously discussed, in order to attract and retain top talent. In order to achieve this goal, we have generally sought to provide base salaries that fall near the 50th percentile of our Peer Companies. We believe that this range supports competitive compensation and ensures retention. In order to ensure that each officer is appropriately compensated, the Committee, when setting base salaries, considers individual performance, tenure and experience and our financial performance in addition to the compensation review of the Peer Companies. Individual base salary levels are generally reviewed each November and are adjusted as appropriate based on an analysis of current market salary levels at the Peer Companies, individual performance and experience and our financial performance.

Results. Effective January 1, 2011, the base salaries for Messrs. Rickel, Burman, DeLongchamps and O Hara were increased to \$500,000, \$380,000, \$402,000 and \$280,200, respectively. In determining the amounts, the Committee reviewed their salaries using the criteria described above in an effort to position them closer to the 50th percentile of the Named Executive Officers of our Peer Companies. Mr. Hesterberg's base salary has not been increased since he joined us in April 2005.

Compensation Changes for Fiscal 2012. In November 2011, the Committee elected to increase base salaries for Messrs. Rickel, Burman, DeLongchamps and O Hara. In determining the amounts, the Committee reviewed their salaries using the criteria described above in an effort to position them closer to the 50th percentile of the Named Executive Officers of our Peer Companies. Accordingly, the 2012 base salaries of Messrs. Rickel, Burman, DeLongchamps and O Hara were increased to \$525,000, \$400,000, \$417,000 and \$290,200 respectively. No adjustment was made in the base salary of Mr. Hesterberg.

Discretionary Bonus Awards

Discretionary Bonuses. During the economic recovery, our management team played an integral role in our ability to successfully implement our business strategies which ultimately paved the way for record performance in 2011. In recognition of the contributions of our executive officers, the Committee approved special bonuses for 2011 of \$20,000 for Mr. Rickel, \$10,000 for Messrs. Burman and DeLongchamps and \$5,000 for Mr. O Hara which were paid in early 2012. Additionally, in recognition of the outstanding performance by our finance and insurance business, during 2011 the Committee awarded an additional \$10,000 bonus to Mr. DeLongchamps. The size of each of these bonuses was determined without regard to any objective metrics and was based on the judgment of the Committee.

Annual Incentive Compensation Plan

Design. Our 2011 Incentive Compensation Plan is designed to align executive officer pay with overall Company financial performance, as well as performance against important short-term initiatives. The plan rewards our Named Executive Officers based on the achievement of Company and individual or departmental performance objectives. Under the plan, the Committee establishes threshold, target and maximum award payout opportunities for each Named Executive Officer as a percentage of annual base salary at certain levels of performance. The target performance level is set such that, if attained, the total cash compensation amount would approximate the median total cash compensation of our Peer Companies. For the Named Executive Officers, the fiscal 2011 threshold, target and maximum annual incentives were as follows:

Named Executive Officer	2011 Incentive Payout as a % of Base Salary		
	Threshold Performance	Target Performance	Maximum Performance

Edgar Filing: GROUP 1 AUTOMOTIVE INC - Form DEF 14A

Earl J. Hesterberg	67%	83%	100%
John C. Rickel	67%	83%	100%
Darryl M. Burman	40%	50%	60%
Peter C. DeLongchamps	40%	50%	60%
J. Brooks O Hara	40%	50%	60%

Table of Contents

To arrive at the 2011 payout number, 50% of the 2011 annual cash incentive award was contingent upon our attainment of certain pre-established EPS targets of the Company and 50% was subject to the timely achievement of individual/departamental (mission-based) goals. Meaningful, performance related goals are established so that attaining or exceeding the performance targets is not assured, requires significant effort by each of our Named Executive Officers, and if accomplished, contributes to the ongoing overall improvement and success of the Company.

The following is a description of the 2011 performance targets under the plan:

Financial Goal. Our 2011 financial goal was based on the achievement of certain EPS growth targets. EPS is generally defined as our net income divided by the weighted average number of shares of common stock outstanding during that period. This metric incentivizes our executive officers to maximize stockholder returns. We believe that establishing an EPS target is the best objective measurement as the officer is rewarded only if our stockholders are rewarded and no payments are made unless the threshold level of EPS is achieved. The Committee may, in its sole discretion, adjust payout amounts for extraordinary or unusual items, such as stock repurchases or certain asset impairments, which materially affect EPS. Although these extraordinary items would be included in our operating results, they would not typically have been considered at the time the targets were set. In 2011, our EPS objectives were:

2011 New Vehicle Sales U.S.	Threshold	EPS Target Target	Maximum
Less than 12.5 million	\$ 2.70	\$ 2.83	\$ 2.96
Greater than 12.5 million but less than 13.0 million	\$ 2.75	\$ 2.91	\$ 3.04
Greater than or equal to 13.0 million	\$ 2.83	\$ 2.96	\$ 3.09
% of EPS Portion Vesting	33%	67%	100%

Mission-based Goals. Mission-based goals typically include four to six specific goals that are normally related to the individual's functional area and are established at the beginning of each fiscal year jointly by the executive officer and our Chief Executive Officer and reviewed by the Committee, or in the case of the Chief Executive Officer, by the Chief Executive Officer, the Committee and the Board. These goals are integral toward achieving key business objectives within the executive officer's control, which help improve our financial performance, promote corporate efficiencies and contribute to the growth of the Company. In 2011, the following mission-based goals were assigned to each of our Named Executive Officers:

Named Executive Officer	Individual/Departmental Performance Targets
Earl J. Hesterberg	<p>Position the Company for external growth in the near term with focus on existing and potential growth markets</p> <p>Implementation of a more effective and efficient customer service experience and customer retention capabilities</p> <p>Structure opportunities to develop key top management and provide greater focus on corporate growth and efficiency initiatives</p> <p>Manage capital expenditures within targeted levels and renew corporate credit facility</p>
John C. Rickel	<p>Promote a management succession plan for top level field and staff management as well as the CEO position</p> <p>Renew credit facility on terms favorable to the Company</p> <p>Upgrade global financial consolidation, reporting and analysis software</p> <p>Manage 2011 capital expenditures within targeted levels</p> <p>Develop accounting consolidation and implementation plan</p>
Darryl M. Burman	<p>Develop domestic and international growth proposals</p> <p>Implement an e-billing software program to monitor legal costs</p> <p>Assist in the development of a robust enterprise risk management program</p>

Support the renewal of the Company's revolving credit facility

Support our ability to expand domestic and international acquisition capabilities

Peter C. DeLongchamps

Maintain positive relationships with all manufacturers and key business partners

Balance capital expenditure projects within budget and ROI requirement

Consolidate lenders utilized by dealerships in order to leverage scale

Implement Company-wide initiative to merchandise vehicle service contracts to maintain prescribed penetration rates

J. Brooks O Hara

Centralize and standardize the training and development function

Implement recruiting initiatives through national recruiting relationships and internal capabilities

Expand management training program into two additional markets

Support new customer service initiatives from a staffing and human resources perspective

When calculating the annual cash incentive awards, our achievement with respect to each performance measure is expressed as a percentage of the target goal, with interpolation applied between the threshold, target, and maximum goals. That percentage is multiplied by the weight assigned to that performance measure for an executive and the resulting percentage is multiplied by the executive's target award opportunity. The amount of each executive's annual cash incentive award is the sum of these calculations for each performance measure, unless otherwise adjusted by the Committee.

Results. For 2011, we exceeded the maximum target of our Financial Goal (EPS) of \$3.04 per share, based on 12.8 million new vehicle units sold (as reported by J.D. Power and Associates) in the U.S. for the full year. Consequently, the Financial portion of the annual incentive compensation was paid out at the maximum level.

In connection with its review of the performance of our Chief Executive Officer, the Committee determined that he had achieved all of his 2011 performance goals. With respect to the other Named Executive Officers, the Committee had extensive discussions with our Chief Executive Officer regarding his evaluation of the performance of those officers. Based on those discussions, the Committee determined that the other Named Executive Officers surpassed their individual and departmental goals. In making these determinations, the Committee specifically considered each executive's leadership in achieving each of the goals described above.

Table of Contents

The Committee also considered the difficulty of achieving 2011 Incentive Compensation Plan performance goals in the face of a slowly recovering economy. Based on the Committee's evaluation of the performance of each of our Named Executive Officers, it determined the degree to which each officer had achieved his goals and the following amounts of incentive compensation were paid:

Named Executive Officer	Annual Incentive Compensation Plan			\$ Amount Paid
	% of 2011 Mission Based Award Earned	% of 2011 Financial Based Award Earned	2011 Incentive Payout as a % of Base Salary	
Earl J. Hesterberg	100	100	100	1,000,000
John C. Rickel	100	100	100	500,000
Darryl M. Burman	100	100	60	228,000
Peter C. DeLongchamps	100	100	60	241,200
J. Brooks O Hara	100	100	60	168,120

Incentive Compensation Plan Payout History. For three of the past five years, full incentive compensation targets, including our financial based targets, have been achieved. The mission-based incentive component has been fully funded 80% of the time during this period. This history underscores the challenge of meeting these goals.

Performance Year	Incentive Component Awarded	
	Mission Based	Financial Based
2011	100%	100%
2010	100%	100%
2009	100%	100%
2008	50%	0%
2007	100%	0%

Compensation Changes for Fiscal 2012. The Committee has approved the mission-based goals for our Named Executive Officers for 2012. Our 2012 mission-based goals are focused on reducing and controlling expenses throughout the Company, and increasing sales efficiency and customer satisfaction while continuing to position the Company for greater future growth. Additionally, based on competitive benchmarking data, the Committee approved increasing the incentive compensation potential by 25% for Mr. Hesterberg and by 15% for the other Named Executive Officers. The payment of this incremental incentive compensation will be based on achievement of our pre-established financial targets set under the Company's 2012 Incentive Compensation Plan. The 2012 annual cash incentive award will be contingent upon our attainment of certain financial (EPS) targets and will be subject to the achievement of the mission-based goals assigned to each individual. The following table provides a summary of the weight assigned to each incentive component for each of our Named Executive Officers for 2012:

Named Executive Officer	Potential Incentive Payout as a % of Base Salary	Allocation of Incentive Component	
		Mission Based	Financial Based
Earl J. Hesterberg	125%	40%	60%
John C. Rickel	115%	43%	57%
Darryl M. Burman	75%	40%	60%

Long-Term Equity Incentive Compensation

Design. To align the compensation of our corporate officers with the attainment of our business goals and an increase in stockholder value, we award long-term equity incentive grants to our executive officers as part of our total compensation package. These awards have been made pursuant to the Group 1 Automotive, Inc. 2007 Long Term Incentive Plan.

We believe that restricted stock or restricted stock units, subject to time-based vesting requirements, appropriately aligns management's interests with those of the Company and our stockholders, while helping to motivate and retain key members of our management team.

When determining the size of the awards, we typically consider amounts that would provide our executive officers with long-term incentive award opportunities that, when combined with base salary and annual cash incentive opportunities, result in total direct compensation within the 50th to 75th percentile of peer practices. We then take into account individual performance, the position and value of the Named Executive Officer to our Company, experience and length of service to us, our desire to incentivize the officer to remain with our Company, and the amount of equity previously awarded to the officer.

Vesting of these awards is intended to facilitate retention, and the shares vest over a five year period. Consequently, the restrictions relating to the awards lapse 40% after two years and 20% in each year thereafter. Since 2008, our vesting provisions have been based on the passage of time.

In 2007, the Committee approved performance-based awards for Messrs. Hesterberg and Rickel. These awards were four year awards and were based on three performance criteria that were determined to be key drivers for our business. Due to the economic recession and volatile market conditions, the use of performance awards was suspended in 2008.

Results. In March 2011, the Committee reviewed the Tally Sheets and the competitive analysis prepared by PM&P to determine how each Named Executive Officer's base and total compensation compared to their peers. During both meetings, the Committee reviewed the Tally Sheets and competitive analysis in order to assess all elements of each executive's pay relative to total compensation, and considered each executive's current equity position for purposes of reward and retention. They also considered other factors, such as size of previous awards, contribution to corporate results, leadership and Company performance during the year when making the decision as to the size of the equity award for each Named Executive Officer.

With respect to outstanding performance-based restricted shares, the Committee reviewed the goals associated with the outstanding performance-based restricted shares awarded in 2007 to Messrs. Hesterberg and Rickel and determined that the gross margin target on a cumulative basis was achieved for 2011 as well as the target for same store revenue growth on a cumulative basis versus our competition for the 2011 period.

Table of Contents

The following table presents performance-based restricted shares for which forfeiture restrictions lapsed in 2011 and the value realized upon vesting:

Named Executive Officer	Performance-Based Restricted Shares Vested (#)	Value Realized on Vesting (\$)
Earl J. Hesterberg	5,000	274,150
John C. Rickel	2,500	137,075

Compensation Changes for Fiscal 2012. The Committee has made no material changes to our long-term incentive compensation strategy for fiscal 2012.

In 2011, the Committee recognized that as key employees approached retirement and continued to receive restricted stock awards with five year restrictions, they would not realize the full intended value of the awards as retirement would result in forfeiture of unvested shares. In an effort to continue to retain valuable, long-term employees, award them for their performance, and protect the Company by imposing post-employment obligations (a two year Confidential Information, Non-Competition and Non-Solicitation Agreement), the Committee approved an award agreement with retirement provisions for all eligible participants in the 2007 Long Term Incentive Plan (a qualified retirement). The provisions for a qualified retirement require 10 years of service with the Company and the employee must attain the age of 63. Any employee who is eligible for a qualified retirement, will not forfeit any unvested shares of restricted stock or restricted stock units upon retirement; instead, following termination of employment, upon satisfaction of a two year non-compete and certain non-disclosure covenants, all shares of restricted stock or restricted stock units unvested as of employee's retirement date shall become vested.

401(k) Plan

We maintain the Group 1 Automotive, Inc. 401(k) Savings Plan (the 401(k) Savings Plan) to assist all employees in providing for their retirement. Matching contributions may be in the form of cash or shares of our common stock or a combination of both, as determined by the Committee. All of our matches have been in cash for all employees. The matching contributions, suspended on October 1, 2008, were fully restored for all plan participants, effective January 1, 2011.

Employee Stock Purchase Plan

Generally, under the Group 1 Automotive, Inc. Employee Stock Purchase Plan, all employees, including our Named Executive Officers, are offered the opportunity to purchase up to \$25,000 annually of our common stock at a 15% discount to market, provided that the maximum number of shares that may be purchased by an employee shall not exceed 3,000 shares of common stock per quarter. This is an additional equity incentive we offer to all of our employees to further promote their interest in enhancing stockholder value.

Deferred Compensation Plan

The Group 1 Automotive, Inc. Deferred Compensation Plan (Deferred Compensation Plan) is designed as a retention tool for our corporate and regional officers, dealership general managers, other key employees and non-employee directors. It allows participants the opportunity to accumulate additional savings for retirement on a tax-deferred basis. Participants can choose from various defined investment options in which the deferred compensation is notionally invested. Pursuant to the Deferred Compensation Plan, certain corporate officers, including our Named Executive Officers, may defer up to 50% of their base salary and up to 100% of their incentive compensation. For a more detailed discussion of the Deferred Compensation Plan, please see the section entitled Executive Compensation - Nonqualified Deferred Compensation.

Other Benefits

Health and Welfare Benefits. Our Named Executive Officers are eligible to participate in our standard medical, dental, vision, disability insurance and life insurance plans to meet their health and welfare needs. These benefits are provided so as to assure that we are able to maintain a competitive position in terms of attracting and retaining executive officers and other employees. This is a fixed component of compensation and the benefits are provided on a non-discriminatory basis to all of our full-time employees.

Table of Contents

Vehicle Allowance. Our Chief Executive Officer, under his employment agreement, is provided with two vehicles for his use. Our senior vice president receives a vehicle allowance of \$15,000 per year and the use of one vehicle. Vice presidents are provided with a vehicle allowance of \$11,300 per year, a vehicle, or in certain limited cases, both. A number of our Peer Companies also offer comparable vehicle allowances to their corporate officers.

Other Perquisites and Personal Benefits. We provide certain Named Executive Officers with perquisites and other personal benefits that the Committee believes are reasonable and consistent with our overall compensation programs and philosophy. These benefits are provided in order to enable us to attract and retain these executives. For example, we pay for club membership privileges that are used primarily for business but also for occasional personal purposes by our Chief Executive Officer, Mr. Hesterberg. In addition, we own a fractional interest in an aircraft and make a portion of our time available to Mr. Hesterberg for personal use during the year. In 2011, Mr. Hesterberg was allowed a maximum of 40 flight hours for personal use; however, his actual personal usage was 23 hours. Mr. Hesterberg reimburses us for his personal use based on the published standard industry fare level valuation method. We provide this benefit to Mr. Hesterberg because it optimizes the use of his time and is consistent with similar benefits provided by our Peer Companies.

Employment Agreements, Severance Benefits and Change in Control Provisions

We maintain employment and other compensatory agreements with certain Named Executive Officers to ensure they will perform their roles for an extended period of time. Certain provisions contained in these agreements, such as non-competition and non-solicitation provisions, as well as change in control payments, are essential to retaining our talent and protecting our stockholders. We believe that it is appropriate to compensate individuals to refrain from working with competitors following termination, and that compensation enhances the enforceability of such agreements. These agreements and our severance terminology are described in more detail elsewhere in this proxy statement. Please read Executive Compensation Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table Employment, Incentive Compensation and Non-Compete Agreements. These agreements provide for severance compensation to be paid if the officer's employment is terminated under certain conditions, such as following a corporate change, involuntary termination, termination by us for cause, death or disability, each as defined in the applicable executive's agreement.

The employment and other compensatory agreements between the Company and our Named Executive Officers and the related severance provisions are designed to meet the following objectives:

Corporate Change. In certain limited scenarios, the potential for merger or being acquired may be in the best interests of our stockholders. As a result, we provide severance compensation to certain Named Executive Officers if the officer's employment is terminated following a corporate change transaction. Our intent is to promote the ability of the officer to act in the best interests of our stockholders even though his or her employment could be terminated as a result of the transaction. However, as previously discussed, we do not provide any excise tax gross-ups to any of our Named Executive Officers.

Termination without Cause. If we terminate the employment of certain corporate officers without cause as defined in the applicable agreement, we are obligated to pay the officer certain compensation and other benefits as described in greater detail in Potential Payments Upon Termination or Change in Control below. We believe these payments are appropriate because the terminated officer is bound by confidentiality, non-solicitation and non-compete provisions ranging from one to two years after termination. Both parties have mutually agreed to a severance package that would be in place prior to any termination event. This provides us with more flexibility to make a change in senior management if such a change is in the best interests of our Company and its stockholders.

Hedging Prohibitions

Our Named Executive Officers are prohibited from engaging in short sales of our stock or otherwise hedging the risk of ownership of our stock.

Policy on Payment or Recoupment of Performance-Based Cash Bonuses and Performance-Based Stock Bonuses in the Event of Certain Restatements (Clawbacks)

The Committee has adopted a policy on payment or recoupment of performance-based cash bonuses and performance-based stock bonuses in the event of certain restatements, excluding those required by a change in generally accepted accounting principles, which provides that we will require the payment or reimbursement (to the extent permitted by governing law) of all or a portion of any

Table of Contents

performance-based cash or performance-based stock bonus after January 1, 2009 where: (a) the payment was predicated upon the achievement of certain financial results that were subsequently the subject of a material restatement and (b) a higher or lower payment would have been made to the employee based upon the restated financial results. In each of these instances, we will, to the extent practicable: (a) either make payment to or seek to recover the cash amount by which the individual employee's annual performance-based bonus was calculated based on the restated financial results; provided that we will not pay or seek to recover bonuses paid more than three years prior to the date the applicable restatement is disclosed; (b) cause the award or cancellation of any performance-based stock awards; and (c) seek reimbursement of any unearned gains realized on the vesting of performance-based stock attributable to such awards.

Stock Ownership Guidelines

Our Board has adopted Stock Ownership Guidelines that apply to our Named Executive Officers and our non-employee directors. The Guidelines require these individuals to maintain a minimum number of shares of our common stock while they are employed by us or serve on our Board. The Guidelines reinforce the importance of aligning the longer-term interests of our executive officers with the interests of our stockholders and are expressed in terms of the value of their equity holdings as a multiple of each Named Executive Officer's base salary, as follows:

Named Executive Officer	Stock Ownership Guidelines
Earl J. Hesterberg	4 x annual base salary
John C. Rickel	2 x annual base salary
Darryl M. Burman	1 x annual base salary
Peter C. DeLongchamps	1 x annual base salary
J. Brooks O Hara	1 x annual base salary

The dollar value of stock ownership is based on base salary times a multiple divided by the previous 36-month average stock price as calculated on December 31st of each year. Stock ownership levels should be achieved by each officer within five years of the adoption of these guidelines, or within five years of the individual's appointment as an officer.

Tax Deductions for Compensation

In conducting our executive compensation programs, the Committee considers the effects of Section 162(m) of the Internal Revenue Code, which denies publicly held companies a tax deduction for annual compensation in excess of \$1 million paid to their chief executive officer or any of their four other most highly compensated corporate officers, other than the chief financial officer, who are employed on the last day of a given year, unless their compensation is based on performance criteria that are established by a compensation committee which is made up of outside directors and approved, as to their material terms, by our stockholders. We have in the past, and may from time to time in the future, pay compensation that is not deductible to our corporate officers.

(1) The amounts in the Stock Awards column reflect the required accounting expense for these awards and do not correspond to the actual value that may be recognized by our Named Executive Officers. These amounts represent the grant date fair value of awards computed in accordance with FASB ASC Topic 718 in connection with restricted stock awards granted under the Group 1 Automotive, Inc. 2007 Long Term Incentive Plan. Assumptions made in the calculation of these amounts in fiscal years 2009, 2010 and 2011 are included in Note 5 to the audited financial statements included in our Annual Reports on Form 10-K for the fiscal years ended December 31, 2009, December 31, 2010 and December 31, 2011, respectively. Certain of these awards have no intrinsic value to the recipient until the performance or vesting schedule is met. For example: As of December 31, 2011, our Named Executive Officers had not realized any value from their 2011 awards because vesting will not begin until 2013, when forfeiture restrictions will lapse as to 40% of the awards. Forfeiture restrictions will lapse as to the remaining 60% of the 2011 awards in 20% increments in 2014, 2015 and 2016. Vesting schedules for equity and performance awards can be found in the footnotes to the Outstanding Equity Awards as of December 31, 2011 table.

(2) Amounts reflect above-market earnings on the Deferred Compensation Plan. Amounts are reflective of earnings in excess of 120% of the applicable federal long-term rate, with compounding, of 4.16%.

^(b) Represents the difference between the amount paid by the executive for the use of our leased airplane under the SIFL method and the lease cost for us of such use. The SIFL method calculates the executive's use by multiplying the SIFL cents-per-mile rates applicable for the period during which the flight was

taken by the appropriate aircraft multiple (a factor that is determined by using the weight of the aircraft being used, and is also dependent upon whether Mr. Hesterberg is considered a control employee, or an officer of our Company, which he is) and then adding the applicable terminal charge. The SIFL cents-per-mile rates in the formula and the terminal charge are calculated by the Department of Transportation and are revised semi-annually.

Narrative Disclosure to Summary Compensation Table and Grants of Plan-Based Awards Table

The following is a discussion of material factors we believe are necessary to an understanding of the information disclosed in the Summary Compensation Table and the Grants of Plan-Based Awards Table for 2011.

Employment, Incentive Compensation and Non-Compete Agreements

Earl J. Hesterberg. Effective September 8, 2010, we entered into an employment agreement with Mr. Hesterberg. Mr. Hesterberg's annual base salary under the employment agreement is \$1,000,000. Subject to the terms and conditions of the agreement, we have agreed to employ Mr. Hesterberg through December 31, 2015. At that time, the employment agreement will automatically convert to a month-to-month relationship terminable at any time by either employer or employee for any reason upon 180 days advance written notice. Mr. Hesterberg voluntarily agreed to have his employment agreement amended to remove his right to receive an excise tax gross-up in conjunction with an involuntary termination event.

Simultaneous with the execution of his employment agreement, Mr. Hesterberg entered into a non-compete agreement. In connection with execution of the employment agreement, we granted Mr. Hesterberg 120,000 shares of restricted stock pursuant to the terms and conditions of our 2007 Long Term Incentive Plan.

Mr. Hesterberg is also entitled to participate, on the same basis generally as our other employees, in all general employee benefit plans and programs that are made available to all or substantially all of our employees. In addition, Mr. Hesterberg has the use of two demonstrator vehicles of his choice.

Edgar Filing: GROUP 1 AUTOMOTIVE INC - Form DEF 14A

John C. Rickel. Effective January 1, 2009, we entered into an employment agreement with Mr. Rickel. Subject to the terms and conditions of the agreement, we agreed to employ Mr. Rickel through December 31, 2010. Mr. Rickel's employment agreement automatically renews for successive one-year periods unless either party prior to the expiration of the term provides 60 days prior written notice of termination to the other party. Provisions of Mr. Rickel's employment agreement related to termination and change in control are discussed in Potential Payments on Termination or Change in Control beginning on page 43 of this proxy statement.

(2) Represents the Company 401(k) match that was forfeited to comply with non-discrimination testing results.

(3) The following portions of the aggregate balance amounts for each of the following Named Executive Officers were reported as compensation to the officer in the Summary Compensation Table in 2010 and 2009: Mr. Hesterberg \$0 for 2010 and \$500,000 for 2009; Mr. Rickel \$465,750 for 2010 and \$561,630 for 2009; Mr. Burman \$21,450 for 2010 and \$11,500 for 2009; and Mr. O Hara \$31,824 for 2010 and \$15,912 for 2009.

Pursuant to the Deferred Compensation Plan, certain corporate officers, including Named Executive Officers, may defer up to 50% of their base salary and up to 100% of their incentive compensation. Deferral elections are to be made no later than the last day of the calendar year immediately preceding the calendar year in which such compensation is earned. At the plan administrative committee's discretion, deferral elections with respect to certain performance-based compensation may be made not later than six months prior to the end of the performance period in which such compensation is earned. In addition, for each calendar year, we contribute an amount on behalf of each executive equal to the amount of the employer match the executive forfeited under the 401(k) Savings Plan in order for the 401(k) Savings Plan to comply with the nondiscrimination requirements of the Internal Revenue Code. We may also make discretionary credits to an officer's account from time to time, which credits will be subject to a vesting schedule established by us at the time of such credit. Currently, 100% of each Named Executive Officer's account is vested. We did not make any discretionary contribution credits during the 2011 year. If no vesting schedule is established, the officer will be vested in a percentage of the discretionary employer deferral equal to the officer's vested interest in his employer contribution account under the 401(k) Savings Plan. If we undergo a corporate change, the officer will become fully vested in his account under the Deferred Compensation Plan.

Benefits under the Deferred Compensation Plan will be paid no earlier than upon the executive's termination of service, or, upon a certain date elected by the officer. Benefits will be paid, at the participant's election, in a lump sum or in annual installments, although all distributions will be paid in cash. Payments upon an executive's termination of service may be delayed for six months to the extent necessary to comply with the requirements of Section 409A of the Internal Revenue Code. Except in the event of unforeseeable financial emergencies, in-service withdrawals are generally not permitted in the Deferred Compensation Plan, although the necessary portion of a participant's vested account balance may be distributed in order to satisfy certain employment, federal or state taxes. An unforeseeable financial emergency shall allow a participant to access vested funds in his accounts upon the occurrence of: (1) a severe financial hardship of the participant that results from an illness or accident of the participant, or the participant's beneficiary, spouse or dependent; (2) loss of the participant's or the beneficiary's property due to casualty; or (3) a similar extraordinary and unforeseeable circumstance as described in Section 409A of the Internal Revenue Code arising as a result of events beyond the participant's control.

Deferred amounts will be deemed to be notionally invested in such fund as the participants shall designate. Each of the funds is also available in the Group 1 401(k) Savings Plan except for the Group 1 Guaranteed Crediting Rate investment option which is the default investment option. The Group 1 Guaranteed Crediting Rate investment option is a declared interest rate, which was set by the Committee at 8% for 2011.

Table of Contents**Potential Payments upon Termination or Change in Control**

Certain of our equity-based compensation award agreements or employment agreements provide for vesting upon a corporate change irrespective of whether the officer is terminated. We also provide the executives with certain severance payments in the event of a termination in connection with a corporate change because we feel that such provisions create important retention tools for us. Providing for accelerated vesting of equity awards upon a corporate change enables employees to realize value from these awards in the event that we undergo a corporate change transaction, while post-termination payments allow employees to walk away with value in the event of certain terminations of employment that were beyond their control. In addition, we believe that it is important to provide the Named Executive Officers with a sense of stability, both in the middle of transactions that may create uncertainty regarding their future employment and post-termination as they seek future employment. We believe that such protections maximize shareholder value by encouraging the Named Executive Officers to review objectively any proposed transaction in determining whether such proposed transaction is in the best interest of our shareholders, whether or not the executive will continue to be employed. Executive officers at other companies in our industry and the general market against which we compete for executive talent commonly have equity compensation plans that provide for accelerated vesting upon a corporate change of that company and post-termination payments, and we have consistently provided this benefit to the Named Executive Officers in order to remain competitive in attracting and retaining skilled professionals in our industry.

Prior to the recent amendment to our Chief Executive Officer's employment agreement, Mr. Hesterberg was entitled to an amount payable to him to offset any excise tax gross-up imposed under the Internal Revenue Code on payments received under the Corporate Change provisions of his employment agreement for shares awarded to him prior to September 8, 2010. The amount of such reimbursement as of December 31, 2011 is \$0, and therefore was not included in the table below. Mr. Hesterberg's employment agreement was amended effective February 27, 2012 to eliminate this excise tax gross-up. None of our other Named Executive Officers is entitled to an excise tax gross-up payment.

The discussion below discloses the amount of compensation and/or other benefits due to each of our Named Executive Officers in the event of a termination of the officer's employment upon Death, Disability, with and without Cause, for certain Constructive Termination Events, and following a Corporate Change.

The employment agreements of Messrs. Hesterberg, Rickel and Burman generally contain the following terms, except where noted otherwise below:

Cause shall mean any of the following: (1) conviction or plea of nolo contendere to a felony or a crime involving moral turpitude; (2) breach of any material provision of either an agreement with us or our Code of Conduct; (3) the use, for his own benefit, of any confidential or proprietary information of ours, or willfully divulging for his benefit such information; (4) fraud or misappropriation or theft of any of our funds or property; (5) willful refusal to perform his duties or (6) gross negligence; provided, however, that we, before terminating the executive under (2) or (5), must first give written notice to him of the nature of the alleged breach or refusal and must provide him with a minimum of fifteen days to correct the problem. Before terminating him for purported gross negligence we must give written notice that explains the alleged gross negligence in detail and must provide him with a minimum of 20 days to correct the problem, unless correction is inherently impossible.

Corporate Change shall mean the first to occur of any of the following events: (1) any person acquires 50% or more of our common stock or voting securities, other than (a) any acquisition directly from or resulting from an acquisition of our shares by us, (b) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by us or any entity controlled by us, or (c) any acquisition by any entity pursuant to a transaction which complies with clauses (a) or (b); (2) the occurrence of a merger, reorganization, consolidation or disposition of all or substantially all of our assets, unless our stockholders prior to such transaction hold more than 50% of the equity and voting power of the resulting entity or entity holding such assets, no person (other than benefit plans of such entity) holds 50% or more of the equity or voting power of such entity and at least a majority of the board of directors of such entity were members of the Incumbent Board; or (3) our stockholders approve our complete liquidation or dissolution.

Constructive Termination Event shall occur upon: (1) the failure by us to pay the executive's compensation as provided in the applicable agreement; (2) relocation without his consent of his primary employment location of more than 50 miles; (3) our request that the executive perform any illegal activity or sign-off on any inappropriate financial statement or

Edgar Filing: GROUP 1 AUTOMOTIVE INC - Form DEF 14A

acknowledgement; (4) a material diminution in the executive's position, duties, responsibilities, reporting status, or authority; or (5) a material negative reduction in base salary or incentive compensation targets within six months after a Corporate Change, except that

Table of Contents

before exercising his right to terminate the employment relationship pursuant to any of the previous provisions, he must first give written notice to our Board of the circumstances purportedly giving rise to his right to terminate and must provide us with a minimum of fifteen days to correct the problem, unless correction is inherently impossible.

Disability for Messrs. Hesterberg, Rickel and Burman shall mean the executive's becoming incapacitated by accident, sickness or other circumstance that in the reasonable opinion of a qualified doctor approved by our Board, renders him mentally or physically incapable of performing the essential functions of the executive's position, with or without reasonable accommodation, and that will continue, in the reasonable opinion of the doctor, for a period of no less than 180 days.

For Messrs. Hesterberg, Rickel and Burman, an Involuntary Termination shall mean a termination by the executive due to a Constructive Termination Event by itself or in relation to a Corporate Change, or by us for any reason without Cause, at the discretion of our Board; an Involuntary Termination for Messrs. Rickel and Burman also includes the nonrenewal of their employment agreements by the Board.

Voluntary Termination shall mean a termination by the executive other than for a Constructive Termination Event. The individual agreements of Messrs. Hesterberg, Rickel and Burman contain the following provisions that could impact the amount of compensation that the executives receive at or following their separation from service from us:

The employment agreements contain a covenant that the executives will not sue or lodge any claim against us based upon an Involuntary Termination for any payments in addition to those described below. In the event that the executive breaches this covenant, we will be entitled to recover from that executive all sums we or any of our subsidiaries or affiliates have expended in relation to such action. We will also be entitled to offset any amounts expended in relation to defending such claim against any amounts owed to the executive prior to a final determination of the arbitration provisions provided for in the employment agreement.

The executives have agreed not to disclose, during or at any time after their employment with us, any of our confidential information or trade secrets. The executives will return all proprietary materials, and all copies thereof, to us upon a termination of employment for any reason, and all copyrighted works that the executive may have created during his employment relating to us or our business in any manner shall remain our property.

Earl J. Hesterberg

Following his resignation and expiration of the employment agreement, provided that Mr. Hesterberg satisfies all post-employment requirements, any awards granted to Mr. Hesterberg during his employment with the Company will vest. The employment agreement provides for a payment of 30 months' base salary payable in a single lump sum on the first day of the seventh month following Mr. Hesterberg's separation under the Corporate Change provision. The agreement also eliminates a change in board composition as a Corporate Change event, and excise tax payments related to new equity granted after the new agreement associated with involuntary terminations. The other terms of the new employment agreement remain substantially similar to those of the expired employment agreement.

Along with his employment agreement, Mr. Hesterberg has also entered into a non-compete with us, which provides that for a period of two years following his termination of employment, he will not compete with us or induce any of our employees to leave his or her employment with us or hire any of our employees. If Mr. Hesterberg violates this provision, he will also forfeit his rights to any restricted stock and stock options granted pursuant to his employment agreement, and we will have the right to refrain from making any further payments under that agreement, as well as to receive back from Mr. Hesterberg the full value of any payments which were previously made to him in the previous twelve months as well as the value of any restricted stock or stock options that may have vested during the past twelve months from the date of Mr. Hesterberg's termination.

As of December 31, 2011, Mr. Hesterberg had a total of 290,000 unvested shares of restricted stock. The amount in the table was calculated by multiplying \$51.80 by the 290,000 shares of restricted stock Mr. Hesterberg held on December 31, 2011 that we assume for purposes of this calculation would be subject to accelerated vesting, to equal \$15,022,000.

Under his employment agreement, if Mr. Rickel's employment is terminated as described in note (1), note (2), note (3) or note (5), to this table, all restricted stock and stock options granted to Mr. Rickel will become 100% vested, and will be exercisable as if he had continued to be employed by us for the full term of his employment agreement. As of December 31, 2011, Mr. Rickel had a total of 80,000 unvested shares of restricted stock and no unvested stock options. The amount in the table was calculated by multiplying \$51.80 by the 80,000 shares of restricted stock Mr. Rickel held on December 31, 2011 that we assume for purposes of this calculation would be subject to accelerated vesting, to equal \$4,144,000.

Along with his employment agreement, Mr. Burman has also entered into an Incentive Compensation and Non-Compete Agreement with us, which provides that for a period of one year following his termination of employment, he will not compete with us or induce any of our employees to leave his or her employment with us or hire any of our employees. However, upon such termination, Mr. Burman shall not be prohibited from immediately engaging in the practice of law, independently or with a law firm, or from performing legal services on our behalf or any business competitive with any line of business conducted by us or any of our subsidiaries or affiliates (including, without limitation, any public or private auto retailer), regardless of termination for Cause, Voluntary Termination, Involuntary Termination, or expiration of his agreement.

The following table shows the potential payments upon termination or Corporate Change for Mr. Burman, our Vice President and General Counsel:

Assumptions made in the calculation of these amounts are included in Note 5 to our audited financial statements for the fiscal year ended December 31, 2011 included in our Annual Report on Form 10-K.
- (2) Each non-employee director received 2,231 shares of restricted stock in payment of the equity portion of the 2011 annual retainer. The forfeiture restrictions on restricted stock lapse fully after six months. Restricted stock units held by a director are settled in shares of our common stock upon the termination of the director's membership on our Board. All restricted stock or restricted stock units held by a director vest upon the retirement, death or disability of the director. In the event that a director's membership on our Board is terminated for any reason other than retirement, death or disability, the director, for no consideration, forfeits to us all unvested restricted stock or restricted stock units. Restricted stock or restricted stock units may not be sold or otherwise transferred.
- (3) Reflects the maximum cost associated with the personal use of one Company vehicle or the economic equivalent.
- (4) Amounts reflect above-market earnings on the Deferred Compensation Plan. Amounts are reflective of earnings in excess of 120% of the applicable federal long-term rate, with compounding, of 4.16%.
- (5) As of December 31, 2011, Messrs. Quinn and Strange each had 10,000 unexercised option awards which are fully vested.

Stock Ownership Guidelines

Our Board has adopted Stock Ownership Guidelines that apply to our non-employee directors. The Guidelines require our non-employee directors to maintain a minimum number of shares of our common stock while they serve on our Board. Members of the Board who are not also Officers of the Company are also expected to own and hold a specified number of shares, which is based on competitive market practice. The ownership guideline for our non-employee directors is 10,000 shares. Stock ownership levels should be achieved by each director within five years of the adoption of these guidelines or within five years of first appointment to the Board.

Table of Contents

Stock that applies toward satisfaction of these Guidelines include: shares of common stock owned outright by the director and his or her immediate family members who share the same household, whether held individually or jointly; awarded restricted stock and RSU shares; shares acquired upon exercise of stock options and shares purchased in the open market. Each of our non-employee directors is in compliance with these guidelines.

Nonqualified Deferred Compensation

Messrs. Adams, Lataif, Quinn and Strange and Ms. Raff have elected to participate in the Deferred Compensation Plan. The plan provides those directors who elect to participate an opportunity to accumulate additional savings for retirement on a tax-deferred basis. We have complete discretion over how the deferred funds are utilized and they represent our unsecured obligation to the participants.

Changes in Compensation for 2012

The Nominating/Governance Committee reviews non-employee director compensation periodically and recommends changes to the Board, when it deems them appropriate. In 2011, the committee engaged PM&P to review the existing non-employee compensation program. As a result of that review, the committee recommended to the Board, and the full Board approved, an increase in the annual cash retainer from \$35,000 to \$45,000, and an increase in the annual equity retainer from \$95,000 to \$110,000. The Board also approved an increase in the annual retainer paid to the chairman of the Finance/Risk Management Committee from \$10,000 to \$15,000. The changes to the compensation program for our non-employee directors became effective on January 1, 2012.

TRANSACTIONS WITH RELATED PERSONS

Transactions

In November 2010, following review and approval by our Board, we negotiated an arms-length expense sharing agreement with Mr. Strange for use of excess office space at current market rates. The amount paid by Mr. Strange under the arrangement is not expected to exceed \$5,000 annually. The agreement, which includes one office and limited office services, does not include equipment or personnel support. The arrangement with Mr. Strange was reviewed during 2011 when the Board conducted its annual director independence analysis, and the Board confirmed Mr. Strange's independence on our Board.

Policies and Procedures

We review all relationships and transactions in which we and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Our General Counsel's office is primarily responsible for the development and implementation of procedures and controls to obtain information from the directors and executive officers with respect to related person transactions and for subsequently determining, based on the facts and circumstances disclosed to them, whether we or a related person has a direct or indirect material interest in the transaction. As required under the SEC's rules, transactions that are determined to be directly or indirectly material to us or a related person are filed with the SEC when required, and disclosed in our proxy statement.

Our Code of Conduct discourages all conflicts of interest and provides guidance on handling conflicts of interest. Under the Code of Conduct, conflicts of interest occur when private or family interests interfere in any way, or even appear to interfere, with the interests of our Company. Our restrictions on conflicts of interest under the Code of Conduct include related person transactions.

We have multiple processes for reporting conflicts of interests, including related person transactions. Under the Code of Conduct, all employees are required to report any actual or apparent conflict of interest, or potential conflict of interest, to their supervisors and all related person transactions involving our regional or market executives must be communicated in writing as part of their quarterly representation letter. This information is then reviewed by our General Counsel, Audit Committee, our Board or our independent registered public accounting firm, as deemed necessary, and discussed with management. As part of this review, the following factors are generally considered:

the nature of the related person's interest in the transaction;

the material terms of the transaction, including, without limitation, the amount and type of transaction;

the importance of the transaction to the related person;

Table of Contents

the importance of the transaction to a third party;

the importance of the transaction to us;

whether the transaction would impair the judgment of a director, executive officer or employee to act in the best interest of our Company;

whether the transaction might affect the status of a director as independent under the independence standards of the New York Stock Exchange; and

any other matters deemed appropriate with respect to the particular transaction.

Ultimately, all such transactions must be approved or ratified by our Board. Any member of our Board who is a related person with respect to a transaction is recused from the review of the transaction.

In addition, our legal staff annually distributes a questionnaire to our executive officers and members of our Board requesting certain information regarding, among other things, their immediate family members, employment and beneficial ownership interests. This information is then reviewed for any conflicts of interest under the Code of Conduct. At the completion of the annual audit, our Audit Committee and the independent registered public accounting firm review with management, insider and related person transactions and potential conflicts of interest. In addition, our internal audit function has processes in place, under its written procedure policies, to identify related person transactions and potential conflicts of interest and report them to senior management and the Audit Committee.

We also have other policies and procedures to prevent conflicts of interest, including related person transactions. For example, our Corporate Governance Guidelines require that our Board assess the independence of the non-management directors at least annually, including a requirement that it determine whether or not any such directors have a material relationship with us, either directly or indirectly, as defined therein and as further described under Information about our Board and Committees - Independence of the Members of our Board.

In general, to be eligible for inclusion in our proxy materials, stockholder proposals must be received by our Corporate Secretary no later than November 29, 2012. No stockholder proposal was received for inclusion in this proxy statement.

In addition to the requirements of Rule 14a-8, and as more specifically provided for in our Amended and Restated Bylaws, in order for a nomination of persons for election to our Board or a proposal of business to be properly brought before our annual meeting of stockholders, it must be either specified in the notice of the meeting given by our Corporate Secretary or otherwise brought before the meeting by or at the direction of our Board or by a stockholder entitled to vote and who complies with the notice procedures set forth in our Amended and Restated Bylaws. A stockholder making a nomination for election to our Board or a proposal of business for the 2013 Annual Meeting of Stockholders must deliver proper notice to our Corporate Secretary at least 70 days but not more than 90 days prior to the anniversary date of the 2012 Annual Meeting of Stockholders. In other words, for a stockholder nomination for election to our Board or a proposal of business to be considered at the 2013 Annual Meeting of Stockholders, it should be properly submitted to our Corporate Secretary no earlier than February 7, 2013 and no later than February 27, 2013.

Under Rule 14a-4(c) of the Exchange Act, our Board may exercise discretionary voting authority under proxies solicited by it with respect to any matter properly presented by a stockholder at the 2012 Annual Meeting of Stockholders that the stockholder does not seek to have included in our proxy statement if (except as described in the following sentence) the proxy statement discloses the nature of the matter and how our Board intends to exercise its discretion to vote on the matter, unless we are notified of the proposal on or before February 11, 2013, and the stockholder satisfies the other requirements of Rule 14a-4(c)(2). If we first receive notice of the matter after February 11, 2013, and the matter nonetheless is permitted to be presented at the 2013 Annual Meeting of Stockholders, our Board may exercise discretionary voting authority with respect to the matter without including any discussion of the matter in the proxy statement for the meeting. We reserve the right to reject, rule out of order or take other appropriate action with respect to any proposal that does not comply with the requirements described above and other applicable requirements.

If we increase the number of directors to be elected at an annual meeting, we must make a public announcement naming all of the nominees for director and specifying the size of the increased Board at least 80 days prior to the first anniversary of the preceding year's annual meeting. However, if we fail to make such an announcement, a stockholder's notice regarding the nominees for the new positions created by the increase

will be considered timely if it is delivered to our Corporate Secretary not later than the close of business on the 10th day following the day on which the public announcement is first made.

HOUSEHOLDING

We may send a single Notice of Internet Availability or set of proxy materials, as applicable, and other stockholder communications to any household at which two or more stockholders with the same last name reside, unless we have received contrary instructions from those stockholders. This process is called "householding." This reduces duplicate mailings and saves printing and postage costs as well as natural resources. The Notice of Internet Availability, proxy materials and other stockholder communications may be householded based on your prior express or implied consent. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

If you wish to opt out of householding, and would like to have separate copies of the Notice of Internet Availability or proxy materials, as applicable, mailed to each stockholder sharing your address, or if you are receiving multiple copies and would like to receive a single copy please contact Broadridge Financial Solutions, Inc., by calling 1-800-542-1061 or by writing Broadridge Financial Solutions, Inc., Household Department, 51 Mercedes Way, Edgewood, NY 11717. Beneficial owners (street name stockholders) sharing an address who are receiving multiple copies of the Notice of Internet Availability and proxy materials, as applicable, and other stockholder communications and who wish to receive a single copy of such materials in the future will need to contact their broker, bank or other nominee to request that only a single copy of such materials be mailed to all stockholders at the shared address in the future.

However, please note that if you want to receive a paper proxy card or vote instruction form or other proxy materials for purposes of this year's meeting, you should follow the instructions included in the Notice of Internet Availability that was sent to you.

OTHER MATTERS

As of the date of filing this proxy statement, our Board is not aware of any other business or nominee to be presented or voted upon at the annual meeting. If any other business or nominee is properly presented, the proxies solicited by our Board will provide the proxy holders with the authority to vote on those matters and nominees in accordance with such persons' discretion. Where a stockholder has appropriately specified how a proxy is to be voted, it will be voted by the proxy holders in accordance with the specification.
