PROXY STATEMENT

**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS
AND THE 2012 ANNUAL MEETING OF SHAREHOLDERS**

Q. Why am I receiving these materials?

- A. We are providing these proxy materials to you in connection with the solicitation, by the Board of Directors of Vera Bradley, Inc. (the Company or Vera Bradley), of proxies to be voted at the Company's 2012 Annual Meeting of Shareholders and at any adjournments or postponements of the meeting. The Annual Meeting will be held on May 24, 2012 beginning at 11:00 A.M., Eastern Time, at the Company's offices located at 11222 Stonebridge Road, Roanoke, Indiana 46783. As a shareholder, you are invited to attend the Annual Meeting and are entitled and requested to vote on the proposals described in this Proxy Statement. This Proxy Statement and the accompanying proxy card are being mailed to shareholders starting on April 23, 2012.

Q. What proposals will be voted on at the Annual Meeting?

- A. Two proposals are scheduled to be voted on at the Annual Meeting:

The election of three Class II directors to the Board of Directors; and

The ratification of the appointment of PricewaterhouseCoopers LLP (PwC) as our independent registered public accounting firm for fiscal 2013.

Our Board of Directors is not aware of any other matter that will be presented at the Annual Meeting. If any other matter is properly presented at the Annual Meeting, the persons named on your proxy will, in the absence of your instructions to the contrary, vote the shares for which such persons have voting authority in accordance with their discretion on the matter.

Q. What are the Board of Directors' voting recommendations?

- A. The Company's Board of Directors recommends that you vote your shares:

FOR the election of each of the Class II director nominees to the Board of Directors; and

FOR the ratification of the appointment of PwC as our independent registered public accounting firm for fiscal 2013.

Q. Who is entitled to vote?

Edgar Filing: Vera Bradley, Inc. - Form DEF 14A

- A. Only holders of record of our common shares at the close of business on April 11, 2012 (the Record Date), will be entitled to notice of, and to vote at, the Annual Meeting, or any postponements and adjournments thereof. If you hold your shares in street name and wish to vote your shares in person at the Annual Meeting, you must obtain a legal proxy from your broker, bank or other nominee (who is the shareholder of record), giving you the right to vote the shares; otherwise, your broker, bank or other nominee will vote for you pursuant to voting instructions provided by you. On the Record Date, 40,531,771 common shares were issued and outstanding. Each common share is entitled to one vote on each matter presented at the Annual Meeting.

Q. What do I need to do now?

- A. Please carefully consider the information in this Proxy Statement and respond as soon as possible so that your shares will be represented at the meeting. You can respond by following the instructions for granting a proxy to vote on the proxy card or, for shares held by your broker, on the voting instruction card that your

Table of Contents

broker provides to you. Alternatively, you may attend the Annual Meeting and vote your shares in person, in which case, only your in-person votes will count. Remember that you will need to obtain a legal proxy from your bank, broker or nominee if your shares are held in street name and you wish to vote in person at the Annual Meeting.

Q. Do I need to attend the meeting?

- A. No. You may authorize your shares to be voted by following the instructions on the proxy card or, for shares held by your broker, on the voting instruction card that your broker provides to you.

Q. If I wish to attend the meeting, what identification must I show to attend?

- A. All shareholders should bring a driver's license, passport or other form of government-issued identification to verify their identities. In addition:

If your shares are held through a broker or other financial institution (known as street name), you will need to bring either (1) a letter from your broker stating that you held the Company's shares through that institution as of the Record Date, or (2) a copy of the notice of Annual Meeting document you received in the mail.

If you are a registered shareholder (meaning, your shares are held directly with the Company's transfer agent) whose shares are registered in your own name, you do not need anything additional, because we can check your name against the list of registered shareholders at the door.

Shareholders whose shares are held jointly or through a company, group or other institution may bring one other person with them to attend the meeting. Please understand that for security reasons, we cannot admit to the meeting people who lack the proper identification.

Q. How do I vote shares that are held by my broker?

- A. If you have shares held by a broker or other nominee, you may instruct your broker or other nominee to vote your shares by following the instructions that your broker or nominee provides to you. Most brokers offer voting by mail, telephone and the Internet.

Q. What is the quorum requirement for the Annual Meeting?

- A. A quorum is necessary for the Company's shareholders to conduct business at the Annual Meeting. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares entitled to vote on the Record Date will constitute a quorum, permitting us to conduct the business of the meeting. Proxies received but marked as abstentions, if any, and broker non-votes described below, will be included in the calculation of the number of shares considered to be present at the meeting for quorum purposes.

Q. What is the voting requirement to approve each of the proposals?

- A. Three Class II directors have been nominated for election at the Annual Meeting. Class II directors will be elected by a plurality of the votes properly cast in the election of directors at the Annual Meeting. This means that the three nominees who receive the largest number

Edgar Filing: Vera Bradley, Inc. - Form DEF 14A

of FOR votes cast will be elected as directors. Shareholders cannot cumulate votes in the election of directors. The proposal to ratify the appointment of our independent registered public accounting firm will be approved if the votes properly cast favoring the proposal exceed the votes properly cast opposing the proposal.

Q. What does it mean if I receive more than one proxy or voting instruction card?

A. It means your shares are registered differently or are in more than one account. Please provide voting instructions for all proxy and voting instruction cards you receive.

Table of Contents

Q. Who will count the vote?

- A. A representative of Broadridge Financial Solutions, Inc., the Company's mailing agent, will tabulate the votes. Anastacia S. Knapper, the Company's Secretary will act as the inspector of election.

Q. What if I abstain? How are broker non-votes counted?

- A. Your broker will NOT be able to vote your shares with respect to the election of directors or the ratification of the appointment of our independent registered public accounting firm, if you have not provided directions to your broker. We strongly encourage you to vote your shares and exercise your right to vote as a shareholder.

When a proposal is not a routine matter and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal. This is called a broker non-vote. Abstentions and broker non-votes will be counted for purposes of determining whether a quorum is present, but will generally have no effect on either of the proposals, because they are not considered votes cast.

Q. Can I revoke my proxy or change my vote?

- A. Yes. You may revoke your proxy or change your voting instructions at any time prior to the vote at the Annual Meeting by:

providing written notice to the Secretary of the Company;

delivering a valid, later-dated proxy or a later-dated vote on the Internet or by telephone; or

attending the Annual Meeting and voting in person.

Please note that your attendance in person at the Annual Meeting will not cause your previously granted proxy to be revoked unless you specifically so request. Shares held in street name may be voted in person by you at the Annual Meeting only if you obtain a signed proxy from the record holder giving you the right to vote the shares. If your shares are held in street name, you must contact your brokerage firm or bank to change your vote or obtain a proxy to vote your shares if you wish to cast your votes in person at the meeting.

Q. Who will bear the cost of soliciting votes for the Annual Meeting?

- A. The Company will pay the entire cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to the mailing of these proxy materials, the solicitation of proxies or votes may be made in person, by telephone or by electronic and facsimile transmission by our directors, officers and employees, who will not receive any additional compensation for such solicitation activities. We may reimburse brokerage firms and other persons representing beneficial owners of our common shares for their expenses in forwarding solicitation material to such beneficial owners.

Q. I share an address with another shareholder, and we received only one paper copy of the proxy materials. How may I obtain an additional copy of the proxy materials?

Edgar Filing: Vera Bradley, Inc. - Form DEF 14A

- A. The Company has adopted a procedure called householding, which the Securities and Exchange Commission (the SEC) has approved. Under this procedure, the Company is delivering a single copy of this Proxy Statement to multiple shareholders who share the same address unless the Company has received contrary instructions from one or more of the shareholders. This procedure reduces the Company's printing costs, mailing costs and fees. Shareholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written or oral request, a separate copy of this Proxy Statement will be promptly delivered to any shareholder at a shared address to which the Company delivered a single copy. To receive a separate copy of this Proxy Statement, or a separate copy of future proxy statements, shareholders may write or call Broadridge Financial Solutions, Inc. at the following address and

telephone number: Householding Department, 51 Mercedes Way, Edgewood, New York 11717 or 1-800-542-1061. Shareholders who hold shares in street name may contact their brokerage firm, bank, broker-dealer or other similar organization to request information about householding.

Q. Can I access the Company's proxy materials and Annual Report electronically?

- A.** This Proxy Statement and copies of the Company's Annual Report on Form 10-K for the fiscal year ended January 28, 2012, as filed with the SEC, are available to shareholders free of charge in the Investor Relations section of the Company's website at www.verabradley.com or by writing to Vera Bradley, Inc., 2208 Production Road, Fort Wayne, Indiana 46808.

Q. Where can I find the voting results of the Annual Meeting?

- A.** The Company will announce preliminary voting results at the Annual Meeting and publish preliminary, or final results if available, in a Current Report on Form 8-K within four business days of the Annual Meeting.

PROPOSAL NO. 1

ELECTION OF CLASS II DIRECTORS

We have a classified Board of Directors consisting of four Class I directors, three Class II directors, and four Class III directors, who will serve until the annual meetings of shareholders to be held in 2014, 2012 and 2013, respectively, and until their respective successors are duly elected and qualified. At each annual meeting of shareholders, directors are elected for a term of three years to succeed those directors whose terms expire at the annual meeting.

The term of the Class II directors will expire at the upcoming Annual Meeting. Accordingly, three people are to be elected to serve as Class II directors of the Board at the Annual Meeting. Our Nominating and Corporate Governance Committee has nominated for election by the shareholders to the Class II positions, Robert J. Hall, P. Michael Miller and Edward M. Schmults, the current Class II members of the Board. If elected, Messrs. Hall, Miller and Schmults will serve as Class II directors until our annual meeting of shareholders in 2015 and until their successors are duly elected and qualified.

The Board of Directors has no reason to believe that any of Messrs. Hall, Miller or Schmults will be unable to serve as a director. If, however, any nominee becomes unavailable, the proxies will have discretionary authority to vote for a substitute nominee.

Unless authority to do so is withheld, the persons named as proxies will vote **FOR** the election of Messrs. Hall, Miller and Schmults.

Background information on each of the directors, including the director nominees, appears below.

If a quorum is present and voting, the three nominees for Class II directors receiving the highest number of votes will be elected as Class II directors. Abstentions and broker non-votes will have no effect on the vote.

Board of Directors Qualifications

We believe that our Board of Directors as a whole should encompass a range of talent, skill, diversity, and expertise enabling it to provide sound guidance with respect to our operations and interests. In addition to considering a candidate's background and accomplishments, candidates are reviewed in the context of the current composition of our Board of Directors and the evolving needs of our business. Our Board of Directors identifies candidates for election to the Board of Directors and reviews their skills, characteristics and experience.

Our Board of Directors seeks directors with strong reputations and experience in areas relevant to the strategy and operations of our business, particularly industries and growth segments that we serve. We believe each of our current directors has experience that meets this objective. We believe that our Board of Directors collectively has experience in core management skills, such as strategic and financial planning, public company financial reporting, corporate governance, risk management and leadership development.

Our Board of Directors also believes that each of our current directors has other key attributes that are important to an effective board: integrity and demonstrated high ethical standards; sound judgment; analytical skills; the ability to engage management and each other in a constructive and collaborative fashion; diversity of origin, background, experience and thought; and the commitment to devote significant time and energy to service on our Board of Directors.

Board Independence

Our Board of Directors has determined that Barbara Bradley Baekgaard, Patricia R. Miller, P. Michael Miller, Robert J. Hall and Michael C. Ray are not independent under the listing standards of The NASDAQ Stock Market. See Certain Relationships and Related Party Transactions for a description of such relationships. Our Board of Directors has affirmatively determined that Richard Baum, Stephen J. Hackman, John E. Kyees, Matthew McEvoy, Frances P. Philip and Edward M. Schmultz satisfy the independence requirements of The NASDAQ Stock Market standards for service on our Board of Directors and each of its committees.

Committees

Our Board of Directors has established an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. Our Board has affirmatively determined that all members of these committees satisfy the independence requirements of The NASDAQ Stock Market.

Audit Committee. Our Audit Committee reviews and recommends to the Board of Directors internal accounting and financial controls and accounting principles and auditing practices to be employed in the preparation and review of our financial statements. In addition, our Audit Committee has the authority to engage public accountants to audit our annual financial statements and determine the scope of the audit to be undertaken by such accountants. Our Audit Committee also reviews the fairness of related party transactions in accordance with the rules of The NASDAQ Stock Market.

Our Audit Committee consists of John E. Kyees, Richard Baum and Matthew McEvoy, with John E. Kyees serving as chairman. As determined by our Board of Directors, John E. Kyees is an Audit Committee financial expert under SEC rules implementing the Sarbanes-Oxley Act of 2002. Our Audit Committee charter is available on our corporate website at www.verabradley.com. Our website is not part of this Proxy Statement.

Compensation Committee. Our Compensation Committee reviews and recommends to our Chief Executive Officer and the Board of Directors policies, practices and procedures relating to the compensation of managerial employees and the establishment and administration of certain employee benefit plans for managerial employees. The Compensation Committee has the authority to administer our 2010 Equity and Incentive Plan and advise and consult with our officers regarding managerial personnel policies.

Our Compensation Committee consists of Edward M. Schmults, John E. Kyees and Frances P. Philip, with Edward M. Schmults serving as chairman. Our Compensation Committee charter is available on our corporate website at www.verabradley.com. Our website is not part of this Proxy Statement.

Nominating and Corporate Governance Committee. Our Nominating and Corporate Governance Committee assists the Board of Directors with its responsibilities regarding the identification of individuals qualified to become directors, the selection of the director nominees for the next annual meeting of shareholders and the selection of director candidates to fill any vacancies on the Board of Directors. It also reviews and makes recommendations to the Board regarding the preparation and review of, and compliance with, corporate governance policies and reviews and makes recommendations to the Board regarding succession planning for the Chief Executive Officer and tenure and retirement policies for directors.

Our Nominating and Corporate Governance Committee consists of Frances P. Philip, Richard Baum, Stephen J. Hackman, and Edward M. Schmults, with Frances P. Philip serving as chairman. Our Nominating and Corporate Governance Committee charter is available on our corporate website at www.verabradley.com. Our website is not part of this Proxy Statement.

Director Nominations

The Nominating and Corporate Governance Committee considers nominees recommended by directors, officers, employees, shareholders, and others based upon each candidate's qualifications, including whether a candidate possesses any of the specific qualities and skills desirable in certain members of the Board. Nominees for the Board must be committed to enhancing long-term shareholder value and possess a high level of personal and professional ethics, sound business judgment, appropriate experience and achievements, personal character and integrity. Board members are expected to understand our business and the industry in which we operate, regularly attend Board and committee meetings, participate in meetings and decision making processes in an objective and constructive manner and be available to advise our officers and management. Evaluations of candidates generally involve a review of background materials, internal discussions, and interviews with selected candidates, as appropriate. Upon selection of a qualified candidate, the Nominating and Corporate Governance Committee recommends the candidate to the Board. The Nominating and Corporate Governance Committee may engage consultants or third-party search firms to assist in identifying and evaluating potential nominees.

The Nominating and Corporate Governance Committee does not have a formal policy regarding the consideration of diversity in identifying nominees for directors. Once the Nominating and Corporate Governance Committee has confirmed that an individual meets the general qualifications for a director, and has further determined that such individual is appropriately qualified to serve on our Board, the Nominating and Corporate Governance Committee then considers the extent to which the membership of the candidate on the Board would promote a diversity of perspectives, backgrounds and experiences among the directors, including expertise and experience in a variety of substantive matters pertaining to our business. However, the Board does not believe the subjective and varying nature of this nomination process lends itself to a formal policy or fixed rules with respect to the diversity of the Board.

The Nominating and Corporate Governance Committee will consider director candidates recommended by shareholders. The Nominating and Corporate Governance Committee will evaluate director candidates in light of several factors, including the general criteria set forth above. Shareholders who wish to recommend individuals for consideration by the Nominating and Corporate Governance Committee to become nominees for election to the Board at an annual meeting of shareholders must do so in accordance with the procedures set forth in

Requirements, Including Deadlines, For Submission of Proxy Proposals, Nomination of Directors and Other Business of Shareholders section of this Proxy Statement and in compliance with our bylaws. To date, the Nominating and Corporate Governance Committee has not received a director nomination from a shareholder.

Meeting Attendance

Our Board of Directors held 12 meetings during fiscal 2012. Each of the standing committees of the Board of Directors held the number of meetings indicated below. During fiscal 2012, each of our directors attended at least 75% of the total number of meetings of the Board and all of the committees of the Board of which such director was a member held during the period in which such director served, except that Ms. Philip was unable to attend the first two meetings of the Board of Directors held immediately after her election due to the fact that these meetings were scheduled prior to her election. Directors are encouraged to attend our annual meetings of shareholders, and five directors out of eight directors serving at that time attended the shareholders meeting held on June 22, 2011.

The following table sets forth the three standing committees of the Board of Directors and the number of meetings held by each committee during fiscal 2012:

Summary of Director Compensation

In fiscal 2011, our outside compensation consultant reviewed our cash compensation for non-employee directors. In reviewing total compensation for our non-employee directors, our consultant evaluated the cash compensation programs and long-term equity incentive programs for non-employee directors of comparable companies. All directors other than Mr. Ray, Ms. Baekgaard and Ms. Miller participate in our non-employee director compensation program. In addition, although Ms. Miller serves as the National Spokesperson, her position is part-time. For that reason, the Compensation Committee determined that Ms. Miller should receive restricted stock units in exchange for her service as a director.

Under our cash compensation program, we pay each of our non-employee directors a cash retainer of \$34,000 annually, a per meeting fee of \$2,000 for both Board and committee meetings and \$500 for telephonic meetings. In addition, we pay our Audit Committee chair an additional retainer of \$8,750 and each of our other committee chairs an additional retainer of \$5,000. We pay the chairperson of our Board of Directors an additional \$40,000 retainer. All of our directors are reimbursed for reasonable travel and other expenses incurred in connection with attending meetings of the Board of Directors and its committees.

We also pay each of our non-employee directors, as well as Ms. Miller, an annual equity grant with a value of \$50,000. On March 29, 2011, our Compensation Committee granted 1,209 restricted stock units to each of our non-employee directors and Ms. Miller. These restricted stock units vest and settle in our common shares, on a one-for-one basis, in equal installments on each of the first three anniversaries of the grant date. The applicable award agreement also provides that the units shall vest immediately upon the death or disability of the director and upon the occurrence of a change in control of the Company, as defined in the agreement.

Limitation of Liability and Indemnification of Directors and Officers

Our second amended and restated articles of incorporation provide for indemnification, to the fullest extent permitted by the Indiana Business Corporation Law, as amended (the "IBCL"), of our directors and officers against liability and reasonable expenses that may be incurred by them in connection with proceedings to which the directors or officers are made a party by reason of their relationship to the Company. Our second amended and restated articles of incorporation and amended and restated bylaws also provide for indemnification of our directors and officers where they have acted in good faith and in a manner they reasonably believed to be in, or not opposed to, our best interests, and in the case of criminal proceedings, they had reasonable cause to believe the action was lawful or they had no reasonable cause to believe the action was unlawful. We have obtained insurance that insures our directors and officers against specified losses.

In addition, we have entered into separate indemnification agreements with our directors and executive officers. We believe that these provisions and agreements are necessary to attract and retain qualified persons as directors and executive officers. These indemnification agreements may require us to indemnify our directors and executive officers for related expenses, including attorneys' fees, judgments, fines and amounts paid in settlement that were actually and reasonably incurred or suffered by a director or executive officer in an action or proceeding arising out of his or her service as one of our directors or executive officers.

Board Leadership Structure

Our Board of Directors believes that one of its most important functions is to protect shareholders' interests through independent oversight of management, including the Chief Executive Officer. However, the Board of Directors does not believe that effective management oversight necessarily mandates a particular management structure, such as a separation of the role and identities of the Chairman of the Board of Directors and Chief Executive Officer. The Board considers it important to retain flexibility to exercise its judgment as to the most appropriate management structure for us, based on the particular circumstances facing us from time to time. Currently, the positions of Chairman of the Board of Directors and Chief Executive Officer are held by separate persons because the Board of Directors has determined that this structure aids in the oversight of management and is in the best interests of the Company and its shareholders at this point in time.

Table of Contents

In addition, the independent directors have appointed John E. Kyees, Chairman of the Company's Audit Committee, to serve as Lead Independent Director. The Lead Independent Director, among other things, chairs executive sessions of the independent directors, serves as a spokesperson for the independent directors and serves as a liaison between the Company's other independent directors and the Company's management, auditors and counsel between Board meetings. The Board believes this structure allows all of the independent directors to participate in the full range of the Board's responsibilities with respect to its oversight of the Company's management. The Board of Directors has determined that this leadership structure is appropriate given the size and complexity of the Company, the number of directors overseeing the Company and the Board of Directors' oversight responsibilities. Further, the Board of Directors believes that these responsibilities appropriately and effectively complement our Chairman of the Board and Chief Executive Officer structure.

Communications with Directors

Shareholders may communicate with our directors by transmitting correspondence to our investor relations desk via the internet at investors.verabradley.com/contactBoard.cfm or to our Secretary at:

The Secretary will, as appropriate, forward communications to the Board of Directors or to any individual director, directors, or committee to whom the communication is directed.

Code of Ethics

We have adopted a code of ethics, our Conflict of Interest and Business Ethics Policy, applicable to all directors, officers, employees, representatives, agents, and consultants of the Company. In addition to being subject to the Conflict of Interest and Business Ethics Policy, our Chief Executive Officer, Executive Vice President, Chief Financial and Administrative Officer, Treasurer, and Corporate Controller are also subject to our Code of Ethics for Senior Financial Officers. Both our Conflict of Interest and Business Ethics Policy and our Code of Ethics for Senior Financial Officers are available on our website, www.verabradley.com, under Investor Relations, Corporate Governance. Any amendment to, or waiver from, a provision of our Conflict of Interest and Business Ethics Policy or Code of Ethics for Senior Financial Officers that applies to our principal executive officer, principal financial officer, principal accounting officer, controller, or persons performing similar functions and that relates to any element of the Policy or the Code enumerated in paragraph (b) of Item 406 of Regulation S-K shall be disclosed by posting such information on our website.

Risk Oversight

In its governance role, and particularly in exercising its duty of care and diligence, the Board of Directors is responsible for ensuring that appropriate risk management policies and procedures are in place to protect the Company's assets and business. While the Board of Directors has the ultimate oversight responsibility for the risk management process, it has delegated to the Audit Committee the initial responsibility of overseeing the Company's risk assessment and risk management. In fulfilling its delegated responsibility, the Audit Committee has directed management to ensure that an approach to risk management is implemented as part of the day-to-day operations of the Company, and to design internal control systems with a view to identifying and managing material risks.

On a periodic basis (not less than quarterly), the Audit Committee reviews and discusses with our management, the Company's significant financial risk exposure and the steps that management has taken to monitor, control and report such risks. In addition, the Audit Committee regularly evaluates the Company's policies, procedures and practices with respect to enterprise risk assessment and risk management, including

Table of Contents

discussions with management about material risk exposures and the steps being taken to monitor, control and report such risks. The Audit Committee reports its activities to the full Board of Directors on a regular basis (not less than annually) and in that regard makes such recommendations to the Board of Directors with respect to risk assessment and management as it may deem necessary and appropriate.

Audit Committee Report

Management is responsible for the preparation, presentation and integrity of Vera Bradley's consolidated financial statements and the Company's internal control over financial reporting. The independent registered public accounting firm of PricewaterhouseCoopers, LLP, or PwC, is responsible for performing an integrated audit of the Company's consolidated financial statements and the effectiveness of the Company's controls over financial reporting. The Audit Committee's responsibility is to monitor and oversee these processes. The Audit Committee is also responsible for selecting and evaluating the independence of the Company's independent registered public accounting firm and for pre-approving the services rendered by that firm.

In this context, the Audit Committee reports as follows:

1. The Audit Committee has reviewed and discussed with management Vera Bradley's audited consolidated financial statements for the fiscal year ended January 28, 2012;
2. The Audit Committee has discussed with representatives of PwC the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T;
3. The Audit Committee has received and reviewed the written disclosures and the letter from PwC required by applicable requirements of the Public Company Accounting Oversight Board regarding PwC's communications with the Audit Committee concerning independence, and has discussed with PwC its independence; and
4. The Audit Committee has considered whether the provision by PwC of non-audit services to Vera Bradley is compatible with maintaining PwC's independence.

Based on these procedures and discussions, the Audit Committee recommended to the Board of Directors that the Company's audited consolidated financial statements referred to above be included in Vera Bradley's Annual Report on Form 10-K for the fiscal year ended January 28, 2012, for filing with the Securities and Exchange Commission.

The Audit Committee has selected PwC as our independent registered public accounting firm to audit the consolidated financial statements of Vera Bradley for the fiscal year ending February 2, 2013. The Audit Committee and the Board of Directors seek to have the shareholders ratify the Audit Committee's appointment of PwC, which has served as Vera Bradley's independent registered public accounting firm since 2006. Representatives of PwC will be present at the Annual Meeting and will have the opportunity to make a statement, if they desire to do so, and to respond to appropriate questions.

The following table sets forth the aggregate fees billed to Vera Bradley for the fiscal years ended January 28, 2012 and January 29, 2011 by PwC:

	Fiscal 2012	Fiscal 2011
Audit Fees ⁽¹⁾	\$ 614,000	\$ 1,995,545
Audit-Related Fees ⁽²⁾	14,500	14,000
Tax Fees		
All Other Fees ⁽³⁾	5,550	13,443
Total	\$ 634,050	\$ 2,022,988

- (1) Audit Fees for fiscal 2012 and fiscal 2011 consist of fees for professional services rendered by PwC in connection with our integrated audit of the consolidated financial statements and the effectiveness of the Company's controls over financial reporting and reviews of our interim consolidated financial statements. In addition, fiscal 2011 Audit Fees include services related to our initial public offering, including the issuance of a comfort letter and consent.
- (2) Audit-Related Fees consist of fees related to employee benefit plan audits.
- (3) All Other Fees consist of fees for products and services other than the above-described services. In both years, these fees related primarily to subscriptions to online research databases.

The Audit Committee has adopted a policy that requires the Audit Committee to pre-approve, prior to engagement, all audit and permissible non-audit services provided by the independent registered public accounting firm on an individual basis. All of the services described in lines (1) through (4) above were pre-approved by the Audit Committee on an engagement-by-engagement basis. The Audit Committee considered the services listed above to be compatible with maintaining PwC's independence.

Vote Required and Board Recommendation

This proposal will be approved if a quorum is present, in person or by proxy, at the Annual Meeting and the votes properly cast favoring the proposal exceed the votes properly cast opposing the proposal. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the proposal.

Compensation Discussion and Analysis

This is a presentation of the material elements of our compensation practices for our named executive officers. The following executives are our named executive officers for fiscal 2012, as that term is defined by the Securities and Exchange Commission:

Michael C. Ray, Chief Executive Officer

Jeffrey A. Blade, Executive Vice President Chief Financial and Administrative Officer

Kimberly F. Colby, Executive Vice President Design

C. Roddy Mann, Executive Vice President Strategy and Business Development

Matthew C. Wojewuczki, Executive Vice President Operations

To assist in understanding our named executive officer compensation program, we have included a discussion of our compensation policies and decisions for periods before and after fiscal 2012 where relevant. Our compensation program is designed to provide some common standards throughout the Company. Therefore, much of what is disclosed below applies to executives in general and is not limited to our named executive officers.

The information provided in this section should be read together with the tables and narratives that accompany the information presented.

Executive Summary

Business Highlights

Financial Performance. Fiscal 2012 represented another outstanding year for our Company, as reflected in our full-year results. We feel that the strength and appeal of our brand and our product portfolio, our significant multi-channel distribution capabilities, and the ongoing loyalty of our customers, resulted in solid growth in all of our distribution channels during the year.

Edgar Filing: Vera Bradley, Inc. - Form DEF 14A

For the fiscal year ended January 28, 2012, net revenues increased 26% from the prior year to \$460.8 million.

Revenues in our Direct segment increased 49% from the prior year to \$225.3 million, with comparable-store sales increasing 10.9% compared to fiscal 2011.

Revenues in our Indirect segment increased 10% from the prior year to \$235.6 million.

Table of Contents

Gross profit for fiscal 2012 increased 23% to \$257.6 million resulting in a gross profit margin of 55.9% versus 57.1% in the prior year. The gross profit margin decline during fiscal 2012 was principally due to increases in cotton prices and labor costs.

Operating income for fiscal 2012 increased to \$96.2 million, or 20.9% of net revenues, compared to \$53.3 million in the prior year. Operating income for fiscal 2011 included \$21.9 million of compensation expense related to restricted-stock awards.

Net income for fiscal 2012 was \$57.9 million, or \$1.43 per diluted share, compared to \$46.2 million, or \$1.25 per diluted share, in fiscal 2011.

Cash flow from operations for fiscal 2012 of \$51.5 million enabled us to reduce long-term debt by \$41.8 million to \$25.1 million and end the year with cash and cash equivalents of \$4.9 million.

Inventory at the end of fiscal 2012 was \$107.0 million, compared to \$96.7 million at the end of the prior year, reflecting growth of 11%, below the increase in net revenues of 26%.

Operational Achievements. In fiscal 2012, we remained focused on executing our growth strategies, which include growing in underpenetrated markets and expanding our store base and product offering. To that end, in fiscal 2012 we:

Opened 13 full-price stores and four outlet stores and began retail operations in three new states.

Partnered with Dillard's to launch our products in 65 locations.

Introduced our brand in Japan through a combination of pop-up stores and the launch of a Japanese-language website.

Began an approximately 200,000 square-foot expansion of our distribution facility in Roanoke, Indiana.

We believe the combination of our expanding product offerings and continued growth in underpenetrated markets will lead to meaningful growth opportunities in the coming years.

Response to Advisory Vote on Executive Compensation

We were pleased that approximately 80% of the votes cast last year on the advisory vote on our executive compensation program voted in support of the compensation paid to the named executive officers. We also had ongoing discussions with our shareholders on this topic throughout the year. The Compensation Committee reviewed the results and, based on the significant support we received, determined that the results of the vote did not call for any major changes to the executive compensation plans for fiscal 2012, which was set in March 2011, prior to the date of the annual meeting.

However, to more closely reflect competitive and market practices and to better link compensation to long-term performance, changes to compensation for fiscal 2013 include the following.

Long-term incentive:

In fiscal 2012, each named executive officer received a grant of time-based restricted stock units which provides for vesting in three equal annual installments on the first, second and third anniversaries of the grant date.

In fiscal 2013, the Compensation Committee approved a long-term incentive grant to each named executive officer which was made up of 60% performance-based restricted stock units and 40% time-based restricted stock units. The performance based restricted stock units provide for vesting at the end of a three-year performance period, and the number of units actually earned will depend on our net income performance over that performance period. The time-based restricted stock units provide for vesting in three equal annual installments on the first, second and third anniversaries of the grant date.

Table of Contents

We believe that moving from time-based equity compensation to a mix of time-based and performance-based equity compensation will serve to better align management and shareholder interests, as well as achieve a better balance between fixed and variable elements of compensation.

Annual Incentive:

In fiscal 2012, bonus payouts were determined based 50% on net revenue and 50% on net income performance. Threshold performance for both net revenue and net income, below which no payout would be earned, was set at 85% of the target performance and would result in the named executive officer earning a payout of 50% of his or her target bonus. Maximum performance for both net revenue and net income was set at 115% of the target performance and would result in the named executive officer earning a payout of up to 150% of his or her target bonus.

For fiscal 2013, the Compensation Committee again decided to base potential bonus payouts 50% on company-wide net revenue and 50% on net income performance. However, both threshold and maximum performance measures were adjusted. Threshold and maximum performance levels were set at 90% and 110%, respectively, of target performance. Before making the decision to narrow the range of threshold and maximum performance, the Compensation Committee and management engaged in a rigorous goal setting process that resulted in setting maximum performance levels that they believe will require exceptional effort and performance by the management team. In addition, to be more in line with competitive market practice and to reward executives for truly exceptional performance, the Compensation Committee adjusted the payout maximum from 150% to 200%. We believe that narrowing the range of threshold performance better ensures that the annual incentive plan pays only for performance that is in line with expectations.

In addition, we believe that appropriate corporate governance of our executive compensation program is enhanced by a number of practices, including: engagement by the Compensation Committee of its own independent consultant; prohibition on hedging of our stock; the absence of tax gross-ups contained in any of our compensation programs (including no excise tax gross-ups); and the absence of employment agreements providing for substantial severance payments.

How We Make Compensation Decisions

Role of the Compensation Committee

The Compensation Committee is responsible to the Board for overseeing the development and administration of our compensation programs. The Compensation Committee is composed of three independent directors and is responsible for the review and approval of all aspects of executive compensation. The Committee is supported in its work by the head of the Human Resources Department, her staff, and an independent executive compensation consultant, as described below.

Role of Management

Our Compensation Committee generally seeks input from Mr. Ray when discussing the performance and compensation levels of the other named executive officers. The Compensation Committee also works with Mr. Ray, Mr. Blade, and the head of our human resources department in evaluating the financial, accounting, tax, and retention implications of our various compensation programs. Neither Mr. Ray nor Mr. Blade, nor any of our other executives, participates in deliberations relating to his or her own compensation.

Role of the Compensation Consultant

In fiscal 2010, the Compensation Committee retained Towers Watson (formerly known as Towers Perrin, prior to its merger with Watson Wyatt) to act as its executive compensation consultant. In taking action in March 2011 to set fiscal 2012 compensation, the Compensation Committee referred to compensation data provided by Towers Watson in June 2010.

Table of Contents

More recently, the Compensation Committee has retained Meridian Compensation Partners, LLC as its executive compensation consultant. Meridian is retained by and reports directly to the Compensation Committee and the Committee may replace the consultant or hire additional consultants at any time. A Meridian representative attends Compensation Committee meetings, as requested, and communicates with the chair of the Compensation Committee between meetings. Our Compensation Committee, however, makes all decisions regarding the compensation of our named executive officers.

Philosophy and Objectives of Our Executive Compensation Program

Our executive compensation program is designed to encourage our named executive officers to focus on building shareholder value, maximizing growth and profitability, and continuing to maintain our unique culture and build our strong brand. We strive to provide our named executive officers with a compensation package that is competitive within our industry. We also view compensation practices as a means for communicating our goals and for motivating and rewarding employees in relation to their achievements.

Our objective is to provide a competitive total rewards compensation package to attract and retain key personnel and drive effective results. Our executive compensation program provides for the following main elements:

base salaries, which are designed to allow us to attract and retain qualified candidates in a highly competitive market;

annual incentive compensation, which provides additional cash compensation and is designed to support our pay-for-performance philosophy;

equity compensation, in order to compete for executive talent and align the interests of our employees, including our named executive officers, with those of the Company's shareholders; and

a comprehensive benefits package that is available to all of our employees.

A detailed description of these components is provided below.

Elements of Our Executive Compensation Program

Base Salary. We utilize base salary as the primary means of providing compensation for performing the essential elements of an executive's job. Base salaries are intended to provide a certain level of fixed compensation commensurate with an executive's position, responsibilities and contributions to the Company. We believe our base salaries are set at levels that allow us to attract and retain executives in competitive markets.

Annual Incentive Compensation. Our annual incentive compensation, in the form of an annual cash bonus, is intended to compensate our named executive officers for meeting our short-term corporate objectives and to incentivize our named executive officers to meet these objectives by tying the entire cash incentive to financial goals. In fiscal 2012, these financial objectives were weighted equally between net revenue and net income. The Compensation Committee selected net revenue because, we believe as a company still in the early stages following a public offering, top line growth is important to our shareholders and to the ultimate performance of the Company. Top line growth, however, must be accompanied by improvement to the bottom line; so the Compensation Committee selected net income as a second performance metric. In the future, as the Company grows and circumstances change, the Compensation Committee will review the application of other performance measures. The Compensation Committee typically sets a target level of performance at which the full target bonus can be earned. The Compensation Committee also sets a threshold level of performance below which no bonus is earned and a maximum level of performance that results in a maximum bonus (capped at 150% in fiscal 2012).

Long-Term Incentive Compensation. We also grant long-term equity awards under our executive compensation program in order to compete for executive talent and align the interests of our employees, including our named executive officers, with those of the Company's shareholders. These awards are intended to

Table of Contents

motivate executives by tying a portion of their incentive compensation to the performance of our common stock over the long-term. We believe these awards also serve as motivation to executives to continue to improve the long-term performance of the Company. In fiscal 2012, the Compensation Committee granted time-based restricted stock units to align our executive's interests with those of our shareholders, to serve as a long-term retention tool and to provide an immediate ownership stake in the newly public company. Please see Executive Summary Response to Advisory Vote on Executive Compensation for a discussion of changes made to fiscal 2013 long-term incentive compensation.

Benefits. The named executive officers are eligible for the same level and offering of benefits available to other employees. Our benefits, such as our basic health benefits, 401(k) plan, life insurance, paid time off, matching charitable gifts program, tuition reimbursement and discounts on certain company products, are intended to provide a stable array of support to our employees and their families throughout various stages of their careers, and these core benefits are provided to all employees. The 401(k) plan allows participants to defer amounts of their annual compensation before taxes, up to the cap set by the Internal Revenue Code, which was \$16,500 per person for calendar year 2011. Employees elective deferrals are immediately vested and non-forfeitable upon contribution to the 401(k) plan. We currently provide matching contributions equal to 50% of an employee's individual contribution, up to a maximum of 10% of the participant's annual salary and subject to certain other limits.

Determining the Amount of Each Element of Compensation

Overview. The amount of each element of our compensation program is determined by our Compensation Committee on an annual basis taking into consideration our results of operations, long-term and short-term goals, individual goals, the competitive market for our named executive officers, and general economic factors. Our approach has been to provide executives with a base salary, annual bonus opportunity and long-term incentive opportunity that generally are competitive with the level of those elements paid for comparable positions at comparable companies. Once the level of compensation is set for the year, the Compensation Committee may revisit its decisions if there are material developments during the year, such as promotions, changes in responsibilities, or other factors, that may warrant a change in compensation. After the year is over, the Compensation Committee reviews our financial performance to determine the achievement of annual incentive compensation targets and to assess the overall functioning of our compensation plans against our goals.

Base Pay. In its March 2011 review of base salaries for fiscal 2012, our Compensation Committee considered the Company's overall approach to merit increases, which was based upon a target level of a 4% merit increase which was then adjusted up or down based upon an employee's performance; each individual's performance and any changes in his or her role or responsibility; and the information provided in June 2010 by the compensation consultant, Towers Watson. Towers Watson provided data and recommendations regarding our compensation program in order to allow us to remain competitive with compensation programs at other companies with which we may compete for talent. In its review of our levels of base salary as compared to the market, Towers Watson gathered base salary data from Watson Wyatt's Top Management Database, which was adjusted to reflect our revenue size. We did not select a specific peer group, nor did we review data from specific companies (nor were we aware of the identities of the specific component companies included in the database), but rather we used market pay data for the non-durable goods manufacturer segment within the Watson Wyatt database. The base salary data that was gathered was effective as of April 1, 2010. Our objective is generally to be within the competitive range of the market median, on average, for base salaries of our executive officers, including our named executive officers. We consider a range of +/-15% around the market median (50th percentile) to be competitive but still capable of recognizing differences among executives.

After consideration of this information, the Compensation Committee decided to adjust Mr. Ray's base salary by 5% for fiscal 2012, which keeps his base salary aligned with the 50th percentile of comparable CEOs. Mr. Blade's fiscal 2012 base salary was raised by 15.5%, based upon his duties as both a Chief Financial and Chief Administrative Officer. Ms. Colby and Mr. Mann each received 4.0% base salary increases for fiscal 2012.

in line with their individual performance and the budgeted merit increase. Mr. Wojewuczki's fiscal 2012 base salary was increased by 5% to bring him within the competitive range of the targeted market 50th percentile, following an increase to his responsibilities in fiscal 2011.

The following table shows base salary rate increases for each of our named executive officers for fiscal 2012:

Annual Incentive Compensation. Annual incentive compensation opportunities are provided under the 2010 Equity and Incentive Plan (the "2010 Plan"), described further in "2010 Equity and Incentive Plan" below. Our Compensation Committee establishes the goals for our Annual Incentive Bonus Program on an annual basis, and the payouts, if any, are typically made after the end of each fiscal year following the Compensation Committee's determination of the extent to which the goals have been achieved. The Compensation Committee, however, has the authority to modify or adjust awards upon the occurrence of certain unusual or nonrecurring events.

Bonus payouts for fiscal 2012 were determined based 50% on company-wide net revenue and 50% on net income performance. The following table sets forth the goals for net revenue and net income, as well as actual performance for fiscal 2012 and the bonus opportunity associated with each:

(\$ in millions)	Net Revenue	Net Income	Bonus Opportunity
Threshold	\$382.9	\$49.2	50%
Target	\$450.5	\$57.9	100%
Maximum	\$518.0	\$66.6	150%
Fiscal 2012 Actual Results	\$460.8	\$57.9	103.5%

The following table sets forth each named executive officer's threshold, target, and maximum annual bonus opportunity for fiscal 2012, as well as the bonus levels as a percentage of each officer's fiscal 2012 eligible earnings:

Matthew C. Wojewuczki	365,748	91,437	182,874	274,311	25% /50% /75%	189,275

(1) Eligible earnings are defined as gross wages earned under regular employment status during the fiscal year, excluding any incentive payments and taxable fringe benefits.

The Compensation Committee selected net revenue as a performance measure for the Annual Incentive Plan because, we believe as a company still in the early stages following a public offering, top line growth is important to our shareholders and to the ultimate performance of the Company. Top line growth, however, must be accompanied by improvement to the bottom line, so the Compensation Committee selected net income as a second performance metric.

The Compensation Committee strove to set the annual target bonus opportunity in fiscal 2012 for our named executive officers generally to approach the 60th percentile of comparable positions at comparable companies within the database, consistent with our company-wide approach of targeting annual incentive opportunities near the market 60th percentile for all employees. Messrs. Blade, Wojewuczki, and Mann and Ms. Colby all had a fiscal 2012 target bonus opportunity of 50% of their fiscal 2012 base salary, which corresponded in each case with our company-wide approach of aligning target bonuses with the market 60th percentile.

Mr. Ray's target bonus opportunity for fiscal 2012 was set at 60% of his fiscal 2012 base salary, which is below the 60th percentile of comparable positions at comparable companies.

Long-Term Incentive Compensation. In fiscal 2012, the Compensation Committee granted time-based restricted stock units, to align executive's interests with those of shareholders, to serve as a long-term retention tool and to provide an immediate ownership stake in the newly public company. These grants were made in order to retain key executives, provide a vehicle for executive ownership and further align the interests of the executives with those of the shareholders. These grants were made pursuant to the 2010 Plan, and vest and settle in our common shares, on a one-for-one basis, in three equal annual installments on the first, second and third anniversaries of the date of grant. The applicable award agreement also provides that the units shall vest immediately upon the named executive officer's disability (as defined in the 2010 Plan) or death and upon the later of (i) the occurrences of a change in control (as defined in the 2010 Plan), and (ii) the termination of the named executive officer's employment by the Company other than for cause (as defined in the 2010 Plan) during the time period beginning three months prior to the public announcement of a proposed change in control and ending twelve months after a change in control. See - Potential Payments Upon Termination or Change In Control. Mr. Ray was granted 16,623 restricted stock units, which was equal in value to approximately 125% of his fiscal 2011 base salary. Messrs. Blade, Mann and Wojewuczki and Ms. Colby all received grants which were equal in value to approximately 60% of their fiscal 2011 base salary. This equaled 4,570 restricted stock units for Mr. Blade; 4,933 restricted stock units for Mr. Mann; 5,090 restricted stock units for Mr. Wojewuczki; and 5,498 restricted stock units for Ms. Colby.

Table of Contents

The size of each individual restricted share grant was based primarily on a combination of internal pay equity considerations and overall dilution of current ownership. We also reviewed, solely as a reference point and not for benchmarking purposes, market data on long-term incentive opportunities within the general industries segment of the Towers Perrin Executive Compensation Database.

Overall Mix of Compensation. Annually, the Compensation Committee considers the total compensation opportunities for each named executive officer and determines how total potential compensation should be allocated across the different elements of compensation. The Compensation Committee does not follow a definitive policy when determining the mix of and structure for total compensation. Instead, it considers factors such as achievement of corporate and individual goals, level of experience, responsibilities, demonstrated performance, time with the corporation, risk, and retention considerations.

Generally, the Compensation Committee considers market practices as reflected in the market survey data provided by its compensation consultant to obtain a baseline of total potential compensation for each named executive officer. Using this as a starting point, the Compensation Committee engages in discussions with the objective of ensuring that a material portion of each named executive officer's total compensation is at-risk and dependent on the Company's financial performance. Care is taken to balance the incentives to drive performance in the short-term versus the long-term. In this way, we encourage named executive officers to vigorously pursue increased performance while discouraging incentives to take excessive risks that may be beneficial in the short term, but harmful in the long run. We believe that this aligns the interests of the named executive officers with those of the shareholders year-over-year, as well as over the long term.

Agreements with Named Executive Officers

Executive Officer Employment Agreements. None of our named executive officers is a party to an employment agreement with the Company.

Executive Severance Policy. Severance arrangements with executives have traditionally been determined on a case-by-case basis. We have a general severance policy for employees that provides for one week of pay for each year of service with us, with a minimum total payment of two weeks of pay, in the event of an involuntary termination of the employee by us.

The Company negotiated an offer letter with Mr. Blade which provides that, in the event he is terminated by us without just cause (as defined in his offer letter), he will be entitled to a severance payment equal to one year's base salary and a pro-rata bonus for the portion of the year prior to his termination, to the extent that a bonus would be payable for the year based on Company performance.

Change in Control. The 2010 Plan permits the potential acceleration of outstanding awards in the event of an involuntary termination of employment of an executive in connection with a change in control, as defined in the 2010 Plan, in accordance with the applicable award agreements. See - Potential Payments on Termination or Change in Control.

Effect of Accounting and Tax Treatment on Compensation Decisions

In the review and establishment of our compensation programs, we consider, among other factors, the anticipated accounting and tax implications to us and our executives. Section 162(m) of the Internal Revenue Code may impose a limit on the amount of compensation that we may deduct in any one year with respect to our chief executive officer and each of our next three most highly compensated executive officers other than the chief financial officer, unless specific and detailed criteria are satisfied. Performance-based compensation, as defined in the Internal Revenue Code, is fully deductible if the programs are approved by shareholders and meet other requirements. We will seek to maintain flexibility in compensating our executives in a manner designed to promote our corporate goals, and therefore we have not adopted a policy requiring all compensation to be

Table of Contents

deductible. Our Compensation Committee will assess the impact of Section 162(m) on our compensation practices and determine what further action, if any, is appropriate. The 2010 Plan allows us to provide compensation that meets the deductibility requirements of Section 162(m). Because of our recently completed initial public offering, however, compensation under the 2010 Plan is not subject to Section 162(m) until the earliest to occur of (i) the expiration of the 2010 Plan, (ii) an amendment of the 2010 Plan that results in a material modification of the 2010 Plan, (iii) the issuance of all of our common shares that have been reserved for issuance under the 2010 Plan, or (iv) our 2014 annual meeting of shareholders.

Fiscal 2012 Option Exercises and Shares Vested

We have no outstanding stock options. None of the outstanding equity awards to our named executive officers vested during fiscal 2012.

Fiscal 2012 Pension Benefits

Aside from our 401(k) plan, we do not maintain any pension plan or arrangement under which our named executive officers are entitled to participate or receive post-retirement benefits.

Fiscal 2012 Nonqualified Deferred Compensation

We do not maintain any nonqualified deferred compensation plan or arrangements under which our named executive officers are entitled to participate.

Potential Payments Upon Termination or Change in Control

Our named executive officers (other than Mr. Blade) are not specifically entitled to any severance payments upon termination of employment or upon a change in control. Severance arrangements with executives have typically been determined on a case-by-case basis in the past. However, we maintain an informal general severance policy that provides all employees, including our named executive officers, with one week of pay for each year of service with the Company, with a minimum total payment of two weeks' pay, in the event of an involuntary termination of the employee by the Company. Mr. Blade's offer letter provides that, in the event he is terminated by us without just cause (as defined in his offer letter), he will be entitled to a severance payment equal to one year's base salary and a pro-rata bonus for the portion of the year prior to his termination, to the extent that a bonus would be payable for the year based on company performance. The following table shows the value of severance benefits that would have been payable in a lump sum to each of our named executive officers under this formula, assuming an involuntary termination of employment, other than for good cause, as of January 28, 2012:

Name	Severance
Michael C. Ray	\$ 144,112
Jeffrey A. Blade	548,205
Kimberly F. Colby	174,076
C. Roddy Mann	33,953
Matthew C. Wojewuczki	56,568

The foregoing amounts would not be increased or decreased solely by reason of a change in control of the Company.

Table of Contents

Under the 2010 Plan, any unvested restricted stock units held by a named executive officer would vest upon the named executive officer's disability (as defined in the 2010 Plan) or death while employed by the Company and upon the later of (a) the occurrence of a change in control (as defined in the 2010 Plan), and (b) the termination of the named executive officer's employment by the Company other than for cause (as defined in the 2010 Plan) during the time period beginning three months prior to the public announcement of a proposed change in control and ending twelve months after a change in control. Information regarding the number and dollar value of unvested restricted stock units that would have vested January 28, 2012 for each named executive officer if his or her employment with the Company had been terminated by reason of death, disability or termination of employment by the Company during the period described above prior to or after a change in control of the Company is set forth in the table under Outstanding Equity Awards at 2012 Fiscal Year-End, above.

The 2010 Plan defines a change in control to mean the occurrence of any one or more of the following: (a) the acquisition of ownership, directly or indirectly, beneficially or of record, by any Person or group (within the meaning of the Exchange Act and the rules of the Securities and Exchange Commission as in effect on the date of the award), other than (i) Barbara Baekgaard, Patricia Miller, Jill Nichols, Michael Ray and Kim Colby and their respective heirs and descendants and any trust established for their benefit, (ii) the Company or a corporation owned directly or indirectly by the shareholders of the Company in substantially the same proportions as their ownership of stock of the Company, or (iii) any employee benefit plan (or related trust) sponsored or maintained by the Company or any of its affiliates, of securities of the Company representing more than twenty-five percent (25%) of the combined voting power of the Company's then outstanding securities; (b) the occupation of a majority of the seats (other than vacant seats) on the board of directors by persons who were neither (i) nominated by the board nor (ii) appointed by directors so nominated; or (c) the consummation of (i) an agreement for the sale or disposition of all or substantially all of the Company's assets, or (ii) a merger, consolidation or reorganization of the Company with or involving any other corporation, other than a merger, consolidation or reorganization that results in the voting securities of the Company outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving entity) at least fifty percent (50%) of the combined voting power of the voting securities of the Company (or such surviving entity) outstanding immediately after such merger, consolidation or reorganization.

The 2010 Plan provides that, in the absence of a definition in an employment agreement, (a) cause is defined as (i) theft or embezzlement, or attempted theft or embezzlement, of money or property of the Company or its affiliates, perpetration or attempted perpetration of fraud, or participation in a fraud or attempted fraud, on the Company or its affiliates, or unauthorized appropriation of, or attempt to misappropriate, any tangible or intangible assets or property of the Company or its affiliates; (ii) act or acts of disloyalty, moral turpitude, or material misconduct that is injurious to the interest, property, value, operations, business or reputation of the Company or its affiliates, or conviction of a crime that results in injury to the Company or its affiliates; or (iii) repeated refusal (other than by reason of disability) to carry out reasonable instructions from the named executive officer's superiors or the Board; in addition, the named executive officer's employment will be deemed to have terminated for cause if, after the named executive officer's employment has terminated, facts and circumstances are discovered that would have justified a termination for cause; and (b) disability means (i) any permanent physical or mental incapacity or disability rendering the named executive officer unable or unfit to perform effectively the duties and obligations of his or her office, or (ii) any illness, accident, injury, physical or mental incapacity or other disability, which condition is expected to be permanent or long-lasting and has rendered the named executive officer unable or unfit to perform effectively the duties and obligations of his or her office for a period of at least 180 days in any twelve-consecutive month period (in either case, as determined in the good faith judgment of the Committee).

Compensation and Risk

The Compensation Committee has, with the assistance of the compensation consultant, evaluated the risk profile of our compensation policies and practices and concluded that they do not motivate imprudent risk taking. In our evaluation, we reviewed our employee compensation structures and noted numerous factors and design

Table of Contents

elements that manage and mitigate risk without diminishing the incentive nature of the compensation, including a unique and strong company culture that attracts passionate and motivated employees who are excited about our products and our brand (as opposed to being motivated by purely financial considerations); a balanced mix between cash and equity and annual and longer-term incentives under our executive compensation program; the large percentage ownership of our shares by senior management, which ensures that their interests are aligned with the long-term interests of the Company and our shareholders; reasonable limits on annual incentive awards (as determined by a review of our current business plan); with respect to annual incentive awards, a balanced mix of performance measures, linear payouts between target levels and maximum payouts capped at 150% of target for fiscal 2012; and subjective considerations (including a review of individual performance) and discretion in compensation decisions, which limit the influence of formulae or objective factors on excessive risk taking.

We also reviewed our compensation programs for certain design features that may have the potential to encourage excessive risk-taking, including over-weighting towards annual incentives, highly leveraged payout curves, unreasonable thresholds, and steep payout cliffs at certain performance levels that may encourage short-term business decisions to meet payout thresholds. We concluded that our compensation programs do not include such elements. In addition, we analyzed our overall enterprise risks and how compensation programs may impact individual behavior in a manner that could exacerbate these enterprise risks. In view of these analyses, we concluded that we have a balanced pay and performance program that does not encourage excessive risk-taking that is reasonably likely to have a material adverse effect on the Company.

2010 Equity and Incentive Plan

In connection with our initial public offering, we approved the Vera Bradley, Inc. 2010 Equity and Incentive Plan (referred to herein as the 2010 Plan). The principal purposes of the 2010 Plan are to optimize the profitability and growth of the Company through short-term and long-term incentives that are consistent with the Company's objectives and that link participants' interests to those of the Company's shareholders; to give participants an incentive for excellence in individual performance; to promote teamwork among participants; and to give the Company a significant advantage in attracting and retaining key employees, directors, and consultants. CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

All transactions since the completion of our initial public offering between us and our directors, executive officers, principal shareholders, and their affiliates are approved by our Audit Committee, and are on terms no less favorable to us than those that we could obtain from unaffiliated third parties. Our Audit Committee is responsible for reviewing the fairness of related party transactions in accordance with the rules of The NASDAQ Stock Market. Our Audit Committee operates under a written charter pursuant to which it must approve, prior to consummation, any related-party transaction, which includes any transaction or series of similar transactions in which we are to be a participant, the amount exceeds \$120,000, and a related person (as defined under SEC rules) has a direct or indirect material interest. Based on its consideration of all relevant facts and circumstances, the Audit Committee decides whether or not to approve the particular transaction and will generally approve only those transactions that are negotiated at arm's length and have terms and conditions that are reasonable and customary.

Related Party Transactions for Fiscal 2012

Other than the transactions described below, since January 30, 2011, there has not been, and there is not currently proposed, any transaction or series of similar transactions to which we were or will be a party in which the amount involved exceeded or will exceed \$120,000 and in which any of our directors, executive officers, holders of more than five percent of any class of our voting securities or any member of the immediate family of any of the foregoing persons had or will have a direct or indirect material interest. We believe that we have executed all of the transactions set forth below on terms no less favorable to us than we could have obtained from unaffiliated third parties.

Leasing Arrangements

We are party to a triple net lease with Great Dane Realty, LLC ("Great Dane"), a company owned by Barbara Bradley Baekgaard, an officer, director, and greater than ten percent shareholder (the "Great Dane Lease"). The Great Dane Lease is for approximately 39,249 square feet of office and warehouse space in a building located adjacent to our distribution center in Fort Wayne, Indiana. Pursuant to the Great Dane Lease, we are responsible for all repairs, maintenance, alterations and restorations and for maintaining adequate levels of public liability, property damage, windstorm, fire and extended coverage insurance. At Great Dane's request, we will subordinate the Great Dane lease to any mortgage placed on the leased premises. The Great Dane Lease provides for aggregate payments of \$176,620.50 per year for a three-year term, which ends on November 30, 2013 and includes a right of first refusal and options for us to purchase the property. We are required to construct certain improvements, which are to be paid for by Great Dane, and our base rent will increase in an amount equal to the cost of such improvements amortized over the three-year term of the Great Dane Lease using an assumed interest rate of 5%.

We are also party to a lease extension (the "Lease Extension") with Milburn, LLC ("Milburn") extending the term of the triple net lease with Milburn from March 1, 2011 to February 28, 2013. The Milburn Lease is for the lease of our corporate headquarters located at 2208 Production Road, Fort Wayne, Indiana. The Milburn Lease was extended on the same terms and conditions as were in place before the extension. Pursuant to the Milburn Lease, which is subordinate to any mortgages placed on the premises, the Company is responsible for all repairs, maintenance, alterations and restorations and for maintaining adequate levels of fire and extended coverage, liability, and mortgage insurance. Milburn is a leasing company in which Barbara Bradley Baekgaard owns a 50% interest and Patricia R. Miller and P.
