Stockholder of Record: Shares Registered in Your Name

As a stockholder of record, you may vote in person at the Annual Meeting or vote by proxy. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the meeting and vote in person even if you have already voted by proxy.

To vote in person, come to the Annual Meeting and we will give you a ballot when you arrive.

To vote using the proxy card, simply complete, sign, date and return the accompanying proxy card in the enclosed envelope to us. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

Beneficial Owner: Shares Registered in the Name of a Broker or Bank

If on April 20, 2012 your shares were registered, not in your name, but rather in an account at a brokerage firm, bank, dealer or other similar organization, then you are the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by that organization. Simply complete and mail the proxy card to ensure that your vote is counted. Alternatively, you may vote by telephone or over the internet as instructed by your broker or bank. To vote in person at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker or bank included with these proxy materials, or contact your broker, bank or other agent to request a proxy form.

Table of Contents

What am I voting on?

There are four matters scheduled for a vote:

Proposal 2: Vote on the Compensation of our Named Executive Officers. To consider and vote upon, on an advisory basis, the compensation of our named executive officers, as disclosed in this proxy statement, including under the heading Compensation Discussion and Analysis and the Summary Compensation Table, as well as other related tables and disclosure;

Proposal 4: Ratification of Selection of Independent Registered Public Accounting Firm. Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2012.

How many votes do I have?

On each matter to be voted upon, you have one vote for each share of common stock you own as of April 20, 2012.

What if I return a proxy card or otherwise vote but do not make specific choices?

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, For the election of all three nominees for director, For the vote on the compensation of our named executive officers, For three years as the preferred frequency of the stockholder vote on the compensation of our named executive officers, and For the ratification of selection of the independent registered public accounting firm. What does it mean if I receive more than one set of proxy materials?

Table of Contents

Can I change my vote after submitting my proxy?

Yes. You can revoke your proxy at any time before the final vote at the meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

You may submit another properly completed proxy card with a later date.

You may send a timely written notice that you are revoking your proxy to our Secretary at 2525 28th Street, Suite 100, Boulder, CO 80301-1255.

You may attend the Annual Meeting and vote in person. Simply attending the meeting will not, by itself, revoke your proxy. Your most current proxy card is the one that is counted.

If your shares are held by your broker or bank as a nominee or agent, you should follow the instructions provided by your broker or bank.

What is the quorum requirement?

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority of the outstanding shares entitled to vote are present at the meeting in person or represented by proxy. On the record date, there were 26,128,989 shares outstanding and entitled to vote. Thus, the holders of 13,064,495 shares must be present in person or represented by proxy at the meeting to have a quorum.

What vote is required to approve each proposal?

Proposal 1: Election of Directors. The three nominees who receive the most For votes (among votes properly cast in person or by proxy) will be elected. Only votes For will affect the outcome.

Proposal 2: Vote on the Compensation of our Named Executive Officers. The vote on the compensation of our named executive officers must receive For votes from the holders of a majority of the shares of common stock present or represented by proxy and entitled to vote at the Annual Meeting.

Proposal 3: Frequency of the Stockholder Vote on the Compensation of our Named Executive Officers. The alternative which receives the most For votes (among votes properly cast in person or by proxy) will determine the preferred frequency of the stockholder vote on the compensation of our named executive officers. Only votes For will affect the outcome.

Proposal 4: Ratification of Selection of Independent Registered Public Accounting Firm. The ratification of the appointment of Ernst & Young LLP, our independent registered public accounting firm, must receive For votes from the holders of a majority of the shares of common stock present or represented by proxy and entitled to vote at the Annual Meeting.

Table of Contents

What is the effect of abstentions and broker non-votes?

Shares of common stock held by persons attending the Annual Meeting, but not voting, and shares represented by proxies that reflect abstentions as to a particular proposal will be counted as present for purposes of determining the presence of a quorum. Abstentions are treated as shares present in person or by proxy and entitled to vote, so abstaining has the same effect as a negative vote for purposes of the vote on the compensation of our named executive officers and the ratification of selection of independent registered public accounting firm. However, because the election of directors and the frequency of the stockholder vote on the compensation of our named executive officers are determined by a plurality of votes cast, abstentions will not be counted in determining the outcome of such proposals.

Shares represented by proxies that reflect a broker non-vote will be counted for purposes of determining the presence of a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner has not received instructions from the beneficial owner and does not have discretionary authority to vote the shares for certain non-routine matters. With regard to the election of directors, the vote on the compensation of our named executive officers and the frequency of the stockholder vote on the compensation of our named executive officers, broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote. However, ratification of the selection of independent registered public accounting firm is considered a routine matter on which a broker or other nominee has discretionary authority to vote. As a result, broker non-votes will be counted for purposes of this proposal.

Who is paying for this proxy solicitation?

We will pay for the entire cost of soliciting proxies. In addition to these proxy materials, our directors and employees may also solicit proxies in person, by telephone, or by other means of communication. Directors and employees will not be paid any additional compensation for soliciting proxies.

How can I find out the results of the voting at the Annual Meeting?

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be disclosed in a Current Report on Form 8-K, or Form 8-K, that we expect to file with the Securities and Exchange Commission, or the SEC, within four business days after the Annual Meeting. If final voting results are not available to us in time to file with the SEC a Form 8-K within four business days after the meeting, we intend to file with the SEC a Form 8-K to disclose preliminary results and, within four business days after the final results are known to us, file with the SEC an additional Form 8-K to disclose the final results.

Table of Contents**PROPOSAL 1****ELECTION OF DIRECTORS**

Our board of directors is divided into three staggered classes of directors of the same or nearly the same number, designated Class I, Class II and Class III, with each class having a three year term. Vacancies on the board of directors may be filled by the affirmative vote of a majority of the remaining directors. A director elected by the board of directors to fill a vacancy in a class, including vacancies created by an increase in the number of directors, shall serve for the remainder of the full term of that class and until the director's successor is duly elected and qualified.

There are three directors in Class I whose term of office expires in 2012. Each of the nominees for election to Class I, Patrick J. Mahaffy, M. James Barrett, and Thorlef Spickschen, is currently a member of our board of directors. If re-elected at the Annual Meeting, each of these nominees would serve until our 2015 annual meeting of stockholders and until his successor is duly elected and qualified, or, if sooner, until the director's death, resignation or removal. If any nominee becomes unavailable for election as a result of an unexpected occurrence, shares that would have been voted for that nominee will instead be voted for the election of a substitute nominee proposed by us. Each person nominated for election has agreed to serve if elected. Our management has no reason to believe that any nominee will be unable to serve.

PROPOSAL 2

VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

In accordance with Section 14A of the Securities Exchange Act of 1934, as amended, or the Exchange Act, at the annual meeting, our stockholders are entitled to vote, on an advisory basis, on the compensation of our named executive officers as disclosed in this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement.

Although the vote is advisory and, accordingly, the results are not binding on us, our compensation committee and board of directors value the input of our stockholders and will consider the results of the vote when making future compensation decisions for our named executive officers.

As described more fully under the heading "Compensation Discussion and Analysis" in this proxy statement, our executive compensation program is designed to attract, retain and motivate individuals with superior ability, experience and leadership capability to deliver on our annual and long-term business objectives necessary to create stockholder value. We urge stockholders to read the "Compensation Discussion and Analysis" section of this proxy statement, which describes in detail how our executive compensation policies and procedures operate and are intended to operate in the future. The compensation committee and the board of directors believe that our executive compensation program fulfills these goals and is reasonable, competitive and aligned with our performance and the performance of our executives.

We are asking our stockholders to indicate their support for the compensation of our named executive officers as described in this proxy statement. Accordingly, we ask that our stockholders vote "FOR" the following resolution:

RESOLVED, that the stockholders of Clovis Oncology, Inc. approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Clovis Oncology, Inc. Proxy Statement for the 2012 Annual Meeting of Stockholders, pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and narrative disclosure.

PROPOSAL 3

FREQUENCY OF THE STOCKHOLDER VOTE ON OUR NAMED EXECUTIVE OFFICERS

At the Annual Meeting, our stockholders are entitled to vote, on an advisory basis, on whether the stockholder vote on the compensation of our named executive officers should occur every one, two or three years. Under the rules issued by the SEC, stockholders also have the option to abstain from voting on the matter.

Although the vote is advisory and, accordingly, the results are not binding on us, our compensation committee and board of directors value the input of our stockholders and will consider the results of the vote when making decisions on the frequency of the stockholder vote on the compensation of our named executive officers.

The board of directors recommends a stockholder vote on the compensation of our named executive officers every three years, or a triennial vote, because such a vote would provide stockholders with the appropriate timeframe to evaluate our overall compensation philosophy, design and implementation. A three-year period is more closely aligned with the longer-term view that the compensation committee takes with respect to the more significant components our named executive officers' compensation, and would allow stockholders the opportunity to evaluate the effectiveness of these programs over the time frames that they are intended to generate performance. Additionally, a longer period between votes would provide the opportunity for stockholders and advisory services to engage in more thoughtful analysis and would facilitate more meaningful dialogue between stockholders and the board of directors regarding our executive compensation practices.

Accordingly, the board of directors is asking stockholders to indicate their preferred voting frequency. The proxy card provides stockholders with four choices (every one, two or three years, or abstain).

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE IN FAVOR OF THREE YEARS ON PROPOSAL 3.

Table of Contents**PROPOSAL 4****RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The audit committee of our board of directors has selected Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2012 and has further directed that management submit the selection of independent registered public accounting firm for ratification by the stockholders at the Annual Meeting. Ernst & Young LLP has audited our financial statements since 2009. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our amended and restated bylaws nor our other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as our independent registered public accounting firm. However, the audit committee is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the audit committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the audit committee in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in our best interests or those of our stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will be counted toward the tabulation of votes on proposals presented to the stockholders and will have the same effect as negative votes.

INFORMATION REGARDING THE BOARD OF DIRECTORS

AND CORPORATE GOVERNANCE

Board Independence

Rule 5605 of the NASDAQ Marketplace Rules requires a majority of a listed company's board of directors to be comprised of independent directors within one year of listing. In addition, the NASDAQ Marketplace Rules require that, subject to specified exceptions, each member of a listed company's audit, compensation and nominating and governance committees be independent and that audit committee members also satisfy independence criteria set forth in Rule 10A-3 under the Exchange Act. Under Rule 5605(a)(2), a director will only qualify as an independent director if, in the opinion of our board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee: (1) accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

Our board of directors has undertaken a review of the composition of our board of directors and its committees and the independence of each director. Based upon information requested from and provided by each director concerning his background, employment and affiliations, including family relationships, our board of directors has determined that none of Drs. Barrett, Blair, Reed and Spickschen or Messrs. Atwood, Klingenstein and McKinley, representing seven of our eight directors, has a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is independent as that term is defined under Rule 5605(a)(2) of the NASDAQ Marketplace Rules.

Our board of directors also determined that Messrs. Atwood, Klingenstein and McKinley, who comprise our audit committee, Drs. Barrett, Blair and Spickschen, who comprise our compensation committee, and Drs. Barrett and Blair and Mr. Atwood, who comprise our nominating and corporate governance committee, satisfy the independence standards for such committees established by the SEC and the NASDAQ Marketplace Rules, as applicable. In making such determination, our board of directors considered the relationships that each such non-employee director has with our company and all other facts and circumstances our board of directors deemed relevant in determining independence, including the beneficial ownership of our capital stock by each non-employee director.

Board Leadership Structure

Our board of directors has an independent Chairman, M. James Barrett. Our board of directors recognizes that it is important to determine an optimal board leadership structure to ensure the independent oversight of management as we continue to grow. We separate the roles of Chief Executive Officer and Chairman of the board of directors in recognition of the differences between the two roles. The Chief Executive Officer is responsible for setting our strategic direction, day-to-day leadership and performance, while the Chairman of the board of directors provides guidance to the Chief Executive Officer and presides over meetings of the full board of directors. We believe that this separation of responsibilities provides a balanced approach to management of our board of directors and oversight of us. However, no single leadership model is right for all companies and at all times. The board of directors recognizes that depending on the circumstances, other leadership models, such as combining the role of Chairman with the role of Chief Executive Officer, might be appropriate. Accordingly, the board of directors may periodically review its leadership structure.

Table of Contents**Board's Role in Risk Oversight**

Our audit committee is primarily responsible for overseeing our risk management processes on behalf of the full board of directors. The audit committee receives reports from management at least quarterly regarding our assessment of risks. In addition, the audit committee reports regularly to the full board of directors, which also considers our risk profile. The audit committee and the full board of directors focus on the most significant risks we face and our general risk management strategies. While our board of directors oversees our risk management, company management is responsible for day-to-day risk management processes. Our board of directors expects company management to consider risk and risk management in each business decision, to proactively develop and monitor risk management strategies and processes for day-to-day activities and to effectively implement risk management strategies adopted by the audit committee and the board of directors. We believe this division of responsibilities is the most effective approach for addressing the risks we face and that our board leadership structure, which also emphasizes the independence of the board in its oversight of our business and affairs, supports this approach.

Board Meetings

During the fiscal year 2011, our board of directors met 10 times, including telephonic meetings. In that year, each director attended at least 75% of the aggregate of the meetings held by the board of directors, and each director who is a member of a committee, other than Dr. Barrett, attended at least 75% of the meetings the committees of our board of directors held on which the director served. Dr. Barrett attended two of the three compensation committee meetings. As we were privately held until November 2011, we did not hold an annual meeting of stockholders in 2011. It is our policy to encourage directors and nominees for director to attend the Annual Meeting.

Information Regarding Board Committees

Our board of directors has established three standing committees: an audit committee, a compensation committee, and a nominating and corporate governance committee. The following table provides membership and meeting information for 2011 for each of the board of directors committees:

Audit Committee

The members of the audit committee are Messrs. Atwood, Klingenstein and McKinley, each of whom qualifies as an independent director under the corporate governance standards of the NASDAQ Stock Market and the independence requirements of Rule 10A-3 of the Exchange Act. Our board of directors has determined that Mr. McKinley qualifies as an audit committee financial expert as such term is defined in Item 407(d)(5) of Regulation S-K. Mr. McKinley serves as chairman of this committee. During the fiscal year 2011, our audit committee met four times, including telephonic meetings.

Our audit committee oversees a broad range of issues surrounding our accounting and financial reporting processes and audits of our financial statements, and assists our board of directors by: (1) overseeing and monitoring the quality and integrity of our financial statements, our compliance with legal and regulatory requirements and our internal accounting procedures and systems of internal controls (2) assuming direct responsibility for the appointment, compensation, retention and oversight of work of any independent registered public accounting firm engaged for the purpose of performing any audit, review or attestation services, for overseeing and monitoring our independent registered public accounting firm's qualifications and independence, and for dealing directly with any such accounting firm, including resolving disagreements between management and our independent auditor; (3) providing a medium for consideration of matters relating to any audit issues; and (4) preparing the audit committee report required to be included in our filings under the rules and regulations of the SEC. The written charter for the audit committee is available on our website at <http://ir.clovisoncology.com> under Corporate Governance.

REPORT OF THE AUDIT COMMITTEE

Our audit committee has reviewed our audited financial statements for the fiscal year ended December 31, 2011 and discussed them with our management and our independent registered public accounting firm, Ernst & Young LLP.

Our audit committee has also received from, and discussed with, Ernst & Young LLP various communications that Ernst & Young LLP is required to provide to our audit committee, including the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

In addition, our audit committee has received the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young LLP's communications with our audit committee concerning independence, and has discussed with Ernst & Young LLP their independence.

Based on the review and discussions referred to above, our audit committee has recommended to the board of directors that the audited financial statements be included in the annual report on Form 10-K for the year ended December 31, 2011, filed by us with the SEC.

Respectfully submitted,

The Audit Committee of the Board of Directors

Brian G. Atwood

Paul H. Klingenstein

Edward J. McKinley

Compensation Committee

The members of the compensation committee are Drs. Barrett, Blair and Spickschen, each of whom qualifies as an independent director under the corporate governance standards of the NASDAQ Stock Market. Each member of our compensation committee is a non-employee director, as defined in Rule 16b-3 promulgated under the Exchange Act and is an outside director, as defined pursuant to Section 162(m) of the Code. Dr. Blair serves as chairman of this committee. During fiscal year 2011, our compensation committee met three times, including telephonic meetings.

The compensation committee assists our board of directors in discharging its responsibilities relating to (1) setting our compensation program and compensation and benefits of all of our executive officers and directors; (2) providing oversight for our incentive and equity-based compensation plans; (3) establishing and reviewing general policies relating to compensation and benefits of our employees; and (4) preparing the compensation committee report required to be included in our filings under the rules and regulations of the SEC. Compensation Committee Interlocks and Insider Participation

No member of our compensation committee has ever been an executive officer or employee of ours. For a description of certain transactions between us and certain members of our compensation committee and their affiliated entities, see Certain Relationships and Related Party Transactions below. None of our officers currently serves, or has served during the last completed fiscal year, on the compensation committee or board of directors of any other entity that has one or more officers serving as a member of our board of directors or compensation committee.

Nominating and Corporate Governance Committee

The members of the nominating and corporate governance committee are Drs. Barrett and Blair and Mr. Atwood, each of whom qualifies as an independent director under the corporate governance standards of the NASDAQ Stock Market. Dr. Barrett serves as chairman of this committee. As we were privately held until November 2011, our nominating and corporate governance committee did not meet during fiscal year 2011.

The nominating and corporate governance committee assists our board of directors in discharging its responsibilities relating to (1) developing and recommending criteria for selecting new directors, and identifying, screening and recommending nominees for election as directors; (2) screening and recommending to the board of directors individuals qualified to become executive officers; (3) evaluating our board of directors and its dealings with management; (4) developing, reviewing and recommending corporate governance guidelines and a code of business ethics; and (5) generally advising our board of directors on other corporate governance and related matters. The written charter for the nominating and corporate governance committee is available on our website at <http://ir.clovisoncology.com> under Corporate Governance.

Director Nomination Process

Our nominating and corporate governance committee is responsible for identifying, considering and recommending director candidates to fill new positions or vacancies on our board of directors, including candidates proposed by our stockholders, except where the right to nominate a director legally belongs to a third party. Our board of directors is responsible for recommending a slate of directors for election by our stockholders.

In identifying individual candidates, our nominating and corporate governance committee considers current members of our board of directors, as well as candidates referred or recommended to it by directors, members of management, stockholders and others. In evaluating the suitability of individual candidates (both new candidates and current directors), our nominating and corporate governance committee, in recommending candidates for election, and our board of directors, in approving (and, in the case of vacancies, appointing) such candidates, takes into account many factors, including personal and professional integrity, ethics and values; experience in corporate management, such as serving as an officer or former officer of a publicly held company; commercialization experience in pharmaceutical companies; strong finance experience; experience relevant to us; experience as a board member of another publicly held company; diversity of expertise and experience in substantive matters pertaining to our business relative to other board members; diversity of background and perspective, including with respect to age, gender, race, place of residence and specialized experience; and practical and mature business judgment, including the ability to make independent analytical inquiries. The board of directors evaluates each individual in the context of the board of directors as a whole, with the objective of assembling a group that can best perpetuate the success of the business and represent stockholder interests through the exercise of sound judgment using its diversity of experience in these various areas. In determining whether to recommend a director for re-election, the nominating and corporate governance committee may also consider the director's past attendance at meetings and participation in and contributions to the activities of the board of directors. The nominating and corporate governance committee is responsible for reviewing with the board of directors, on an annual basis, the appropriate characteristics, skills and experience required for the board of directors as a whole and its individual members.

We have not received director candidate recommendations from our stockholders and do not have a formal policy regarding consideration of such recommendations. However, any recommendations received from stockholders will be evaluated in the same manner that potential nominees suggested by board members, management or other parties are evaluated. We do not intend to treat stockholder recommendations in any manner different from other recommendations.

Stockholders wishing to make director candidate recommendations should address such recommendations to our corporate secretary, Erle T. Mast, at Clovis Oncology, Inc., 2525 28th Street, Suite 100, Boulder, Colorado 80301, in accordance with the procedures detailed under the heading "Stockholder Proposals to be Presented at Next Annual Meeting" below.

Stockholder Communications with the Board of Directors

Stockholders seeking to communicate with our board of directors should submit their written comments to our corporate secretary, Erle T. Mast, at Clovis Oncology, Inc., 2525 28th Street, Suite 100, Boulder, Colorado 80301. The corporate secretary will forward such communications to each member of our board of directors; provided that, if in the opinion of our corporate secretary it would be inappropriate to send a particular stockholder communication to a specific director, such communication will only be sent to the remaining directors (subject to the remaining directors concurring with such opinion).

Code of Business Ethics

We have adopted the Clovis Oncology, Inc. Code of Business Ethics that is reviewed and published annually and contains the ethical principles by which our chief executive officer and chief financial officer, among others, are expected to conduct themselves when carrying out their duties and responsibilities. We intend to satisfy the disclosure requirements under Item 5.05 of Form 8-K regarding amendments to, or waivers from, a provision of our Code of Business Ethics by posting such information on our website at www.clovisoncology.com. Our Code of Business Ethics is available on our website at <http://ir.clovisoncology.com> under "Corporate Governance."

Compensation Discussion and Analysis

Our named executive officers for our fiscal year ending December 31, 2011 consisted of the following individuals:

Patrick J. Mahaffy, our President and Chief Executive Officer;

Erle T. Mast, our Executive Vice President and Chief Financial Officer;

Gillian C. Ivers-Read, our Executive Vice President of Technical Operations and Chief Regulatory Officer;

Andrew R. Allen, our Executive Vice President of Clinical and Pre-Clinical Development and Chief Medical Officer; and

Steven L. Hoerter, our Senior Vice President of Commercial.

Compensation Overview and Objectives

Compensation decisions with respect to our named executive officers have generally been made based on the need to attract, motivate and retain talented executives, to align executive interests with those of our stockholders, and to motivate the achievement of individual objectives and key strategic financial and operational goals. To that end, our compensation programs are designed to provide fixed compensation within market competitive ranges, to incentivize our executives to achieve performance goals that maximize rational growth, and to motivate our executives to achieve the greatest possible returns for our stockholders. The fixed aspects of our compensation program including base salary and benefits enable us to compensate our executives at market compensation levels, which is necessary to attract and retain top talent. Our annual incentive programs allow us to pay for performance, based on achievement of company-wide performance targets, as well as individual goals. Finally, our stock incentive plans enable us to promote executive retention and to directly link the value of the compensation paid to our executive officers to the value of our common stock.

Determination of Compensation

The compensation committee of our board of directors, which meets regularly to discuss compensation matters as they arise, is primarily responsible for reviewing compensatory arrangements with, and determining appropriate compensation levels and arrangements for, our named executive officers in light of our compensation philosophies and objectives. Our named executive officers frequently provide input and recommendations to the compensation committee on compensation matters, and our President and Chief Executive Officer periodically reviews each named executive officer's overall performance and makes recommendations to the compensation committee on the elements of the named executive officers' compensation. However, our President and Chief Executive Officer does not participate in discussions regarding his compensation, and recuses himself from meetings when his compensation is discussed.

In determining the levels and mix of compensation, our compensation committee has not generally relied on formulaic guidelines, but rather has maintained a flexible approach to compensation determinations which allows it to adapt the various elements of compensation to motivate individual executives and achieve our specific strategic and financial goals. The compensation committee considered both individual performance and contributions to our growth and success, as well as overall achievement of performance goals, in making its compensation determinations.

Table of Contents

In 2011, the compensation committee engaged Radford, an Aon Hewitt company, to review and advise on our compensation practices. Radford prepared a report surveying the compensation policies of our peer group, including compensation and benefits of key employees, and comparing the results of the survey with our existing compensation practices. The compensation committee used Radford's report as one factor for determining the compensation of our named executive officers during 2011 in order to ensure that the compensation for our named executive officers was set at competitive levels. The compensation committee also relied on its members' collective experience and expertise in determining the appropriate levels of compensation.

With respect to compensation determinations made in 2011, our peer group consisted of the following companies, which were determined to be (i) biotechnology companies with Phase II & III compounds in development, (ii) generally of a similar size to us, and (iii) located in technology hubs or higher cost of living areas (to reflect the recruiting challenges of the San Francisco/Bay Area and Boulder, Colorado):

Aegerion Pharmaceuticals	Exelixis
Affymax	Geron
Alimera Sciences	Infinity Pharmaceuticals
Anacor Pharmaceuticals	Ligand Pharmaceuticals
Anthera Pharmaceuticals	MAP Pharmaceuticals
Ardea Biosciences	Micromet
ARIAD Pharmaceuticals	OncoGenex Pharmaceuticals
Array BioPharma	Oncothyreon
AVEO Pharmaceuticals	Trius Therapeutics
Endocyte	ZIOPHARM Oncology
Enzon Pharmaceuticals	

In setting 2011 compensation, the compensation committee reviewed the market data presented in the Radford report and compared each named executive officer's base salary, target annual performance bonus and equity compensation value, separately and in the aggregate, to amounts paid to similarly-situated executives at our peer companies. The compensation committee's determinations with respect to 2011 compensation were intended generally to target base salary, annual performance bonus value, equity compensation value and overall compensation for each named executive officer to be between the median and 75th percentile of the compensation packages offered by our peer companies. The compensation committee believes that targeting compensation within this range helps achieve the compensation objectives described above. However, compensation for each executive may vary from this range depending on other factors the compensation committee considers relevant, such as internal pay equity amongst our named executive officers or levels of authority, responsibility and experience of our named executive officers that exceed the norms for individuals holding comparably-titled positions at other companies.

Table of Contents

Components of Compensation for Fiscal 2011

Compensation packages of our named executive officers generally consist of base salary, an annual performance bonus, retirement and health benefits, and equity compensation. We believe that the relationship of fixed to performance-based compensation was properly balanced and provided us with an effective means to attract, motivate and retain our named executive officers, as well as reward them for increase in the value of our common stock.

Base Salary

The base salary payable to each named executive officer is intended to provide a fixed component of compensation reflecting the executive's skill set, experience, roles, and responsibilities. Base salary amounts for each named executive officer were originally determined at the time of the named executive officer's appointment to their position with us. The compensation committee periodically reviews the base salary of each named executive officer and may make adjustments as and when appropriate, consistent with our compensation objectives and based on the compensation committee's consideration of an executive's individual performance and our overall performance. In 2011, in order to provide each of our named executive officers with base salaries that are competitive with our publicly traded peer companies, the annual base salaries of each of Messrs. Mahaffy and Mast, Dr. Allen and Ms. Ivers-Read were increased, as of March 1, 2011, to \$450,000, \$350,000, \$375,000, and \$350,000, respectively. Mr. Hoerter's 2011 annual base salary of \$310,000 was established by the compensation committee at his time of hire based on its consideration of factors such as the scope of his roles and responsibilities, our overall compensation program, market standards for compensation paid to similarly-situated executives at other companies and their general knowledge of the competitive market.

Annual Performance Bonuses

Annual performance bonuses are intended to reward our executives for achieving annual company-wide performance goals that are important to our success. In the initial establishment of compensation packages for the named executive officers in 2009, the board of directors reviewed the advisability of, and approved the use of, a proposed structure of bonuses to be paid to the named executive officers based on the achievement of certain corporate goals. As part of that process, the board of directors determined that Mr. Mahaffy's target annual bonus for each calendar year should equal 50% of his annual base salary and that the target annual bonuses for Mr. Mast, Dr. Allen and Ms. Ivers-Read should equal 40% of their respective annual base salaries. The 2011 target bonus percentages for Messrs. Mahaffy and Mast, Dr. Allen and Ms. Ivers-Read have not changed from their 2009 levels, as they are generally between the median and 75th percentile of the target bonus percentages offered by our peer companies. Mr. Hoerter's 2011 target bonus percentage of 35% was established by the compensation committee at his time of hire based on its consideration of factors such as the scope of his roles and responsibilities, our overall compensation program, market standards for compensation paid to similarly-situated executives at other companies and their general knowledge of the competitive market.

For 2011, the compensation committee did not set any specific individual performance targets for the payment of bonuses to our named executive officers. Instead, in the first quarter of 2012, the compensation committee subjectively reviewed our overall performance against our 2011 corporate goals and business development progress and determined to pay bonus awards in an amount equal to 100% of target levels based on our overall performance during 2011. The 2011 corporate goals established by our board of directors consisted of (i) the enrollment of a certain number of patients for CO-101 (with actual achievement by January 2, 2012), (ii) the establishment of the methodology to determine hENT1 status of patients in the CO-101 LEAP trial (which was established in the fourth quarter of 2011), (iii) the completion of all IND enabling studies for CO-1686 to allow for an IND filing in the first quarter of 2012 (which was submitted in December 2011 and accepted for filing by the FDA in January 2012), (iv) the in-licensing of a third development program (which was completed in June 2011 with our entry into a license agreement with Pfizer for rights to rucaparib), (v) the achievement of a 2011 cash burn target of less than \$47 million (which actual cash burn was \$40.5 million), and (vi) the completion of an initial public offering with new capital of at least \$50 million (which initial public offering resulted in \$139.1 million in gross proceeds, \$55.5 million of which are gross proceeds from persons who were our stockholders prior to our initial public offering and \$83.6 of which are gross proceeds from new investors).

Equity Compensation

We maintain the Clovis Oncology, Inc. 2009 Equity Incentive Plan, or the 2009 Plan, the terms of which are described below.

On March 8, 2011, Mr. Mahaffy was granted options to purchase 206,897 shares of common stock pursuant to the 2009 Plan, and Mr. Mast, Dr. Allen and Ms. Ivers-Read were each granted options to purchase 68,965 shares of common stock pursuant to the 2009 Plan, in each case at an exercise price per share of \$3.28 (which the compensation committee determined was the fair market value per share on the date of grant). The compensation committee determined that, because no new equity grants were made to our named executive officers in 2010, it was appropriate to grant awards in 2011 to provide sufficient incentive to maximize value for our stockholders, as well as a sufficient retention incentive for named executive officers.

On August 29, 2011, in connection with the commencement of his employment, Mr. Hoerter was granted options to purchase 86,206 shares of common stock pursuant to the 2009 Plan, with an exercise price per share of \$11.02 (which the compensation committee determined was the fair market value per share on the date of grant). The compensation committee determined the number of options awarded to Mr. Hoerter based upon his roles and responsibilities and based on a desire to align his interests with those of our stockholders at the outset of his employment by providing him with a grant of equity compensation.

Twenty-five percent of the shares of common stock subject to the options will vest on the one-year anniversary of the date of grant, and the remainder will vest in substantially equal installments over the 36 months immediately following such anniversary, subject to continued employment through such date. The options may be exercised by the named executive officers prior to vesting in exchange for shares of restricted stock with the same vesting schedule as the options. The shares of our common stock acquired upon exercise of an option (or upon vesting of any restricted shares acquired upon an exercise prior to the vesting) are subject to a 180-day lock-up period following our initial public offering.

Employment Agreements

On August 24, 2011, we entered into employment agreements (described in more detail below) with Messrs. Mahaffy and Mast, Dr. Allen and Ms. Ivers-Read to replace each of their existing at-will employment, confidential information, invention assignment and arbitration agreements. With the assistance of our compensation consultants, the compensation committee determined that it was advisable to enter into new employment agreements with each executive with a title of executive vice president or higher to ensure that the compensation and benefits provided to such executives was competitive with our publicly traded peer companies and to ensure that we have adequate protection in the form of restrictive covenants following a termination of employment.

Additionally, to attract Mr. Hoerter to join us, in August 2011, we entered into an offer letter with Mr. Hoerter which included standard confidential information, invention assignment and non-solicitation provisions. The offer letter has been superseded by an employment agreement (described in more detail below).

Retirement Benefits

In 2011, we provided retirement benefits to our named executive officers through the Clovis Oncology, Inc. 401(k) plan, a defined contribution pension plan, on the same basis as our other employees. We make matching contributions to the account of each eligible employee under the 401(k) plan of 100% of the first 4% of gross wages that an employee contributes to his or her account.

Other Benefits

In 2011, our named executive officers were eligible to receive the same basic benefits, including health benefits and a gross up payment on taxable life insurance payments, that were available to our other employees. We also provided certain additional perquisites to our named executive officers, including supplemental long term disability coverage and health club expenses, which we believe are necessary in light of the competitive market for talent in our industry. We also paid Mr. Hoerter's expenses associated with his relocation upon joining us, which we believed was a necessary inducement for him to join us.

Compensation Decisions Relating to Fiscal Year 2012

2012 Option Grants

On March 1, 2012, Mr. Mahaffy was granted options to purchase 150,000 shares of common stock pursuant to the Clovis Oncology, Inc. 2011 Stock Incentive Plan, or the 2011 Plan, the terms of which are described below, Mr. Hoerter was granted options to purchase 60,000 shares of common stock pursuant to the 2011 Plan, and Mr. Mast, Dr. Allen and Ms. Ivers-Read were each granted options to purchase 50,000 shares of common stock pursuant to the 2011 Plan, in each case at an exercise price per share of \$24.74 (which was the closing price per share of our common stock on the date of grant). Twenty-five percent of the shares of common stock subject to the options will vest on the one-year anniversary of the date of grant, and the remainder will vest in substantially equal installments over the 36 months immediately following such anniversary, subject to continued employment through such date. In the event that the executive's employment is terminated by us other than on account of the executive's misconduct or if the executive resigns for good reason, in each case within twelve months following a change in control, all unvested options will vest.

We adopted the 2011 Plan to afford our compensation committee with more flexibility by allowing grants of a wide variety of equity awards to our key employees, directors and consultants, including incentive and nonqualified stock options, stock appreciation rights, restricted stock, restricted stock units, performance awards, and other stock-based awards. The 2011 Plan is designed to assist us in attracting, retaining, motivating and rewarding key employees, directors, and consultants, and promoting the creation of long-term value for our stockholders by closely aligning the interests of the participants with those of our stockholders.

The 2011 Plan initially reserved for issuance a number of shares of common stock equal to the sum of (x) 1,250,000, and (y) the number of shares of our common stock that were available for grant under the 2009 Plan as of the effective date of our initial public offering. No future grants are being made pursuant to the 2009 Plan. The number of shares of our common stock reserved for issuance under the 2011 Plan will be increased (i) from time to time by the number of shares of our common stock forfeited upon the expiration, cancellation, forfeiture, cash settlement or other termination of awards under the 2009 Plan, and (ii) at the discretion of our board of directors, on the date of each annual meeting of our stockholders, by up to the lesser of (x) a number of additional shares of our common stock representing 4% of our then-outstanding shares of common stock on such date and (y) 2,758,621 shares of our common stock (8,000,000 shares of our common stock prior to a 1 for 2.9 reverse stock split in September 2011).

Increase to Base Salaries

On January 27, 2012, in order to provide each of our named executive officers with base salaries that are competitive with our publicly traded peer companies, the annual base salaries of each of Messrs. Mahaffy, Mast, and Hoerter, Dr. Allen, and Ms. Ivers-Read were increased effective March 1, 2012 to \$500,000, \$360,500, \$315,000, \$386,500 and \$360,500, respectively.

Employment Agreement with Steven L. Hoerter

On March 22, 2012, we entered into an employment agreement with Steven L. Hoerter which contains substantially similar terms to the employment agreements we previously entered into with Mr. Mast, Dr. Allen and Ms. Ivers-Read, except that Mr. Hoerter's employment agreements provides for an annual base salary of no less than \$315,000 and a target bonus equal to 35% of his then-current base salary. Our board of directors determined that it was advisable and appropriate to enter into this agreement with Mr. Hoerter to ensure that the compensation and benefits provided to Mr. Hoerter was competitive with our publicly traded peer companies and to ensure that we have adequate protection in the form of restrictive covenants following a termination of employment.

Compensation Risk Management

Our compensation committee has reviewed our overall compensation policies and practices to determine whether those policies and practices are reasonably likely to have a material adverse effect on us and has concluded that they are not reasonably likely to have a material effect on us. In conducting its analysis, the compensation committee considered the following factors:

Base salary: Base salary is a fixed portion of overall compensation that is set based on factors such as the scope of an employee's responsibilities, and which provides income regardless of our short-term performance. Our compensation committee does not believe that base salary creates an incentive for our employees to take undue risks.

Bonus programs: Bonuses are designed to reward employees for achieving annual company-wide performance goals that are important to our success, and intended to compensate our employees for achieving such goals. Although the compensation committee (and previously the board of directors) has historically based bonuses on the achievement of company-wide goals, the actual amount of any bonus is subject to board of directors discretion. For these reasons, our compensation committee does not believe that our bonus programs encourage employees to take risks which could have an adverse effect on us.

Equity compensation: Equity awards are designed to encourage our employees to align their interests with the long-term interests of our stockholders. Our compensation committee believes that equity compensation discourages our employees from taking unnecessary risks because the ultimate value of the equity awards is determined based on the long-term appreciation in the value of our stock.

After considering the risk implications of each element of the above elements of our overall compensation program, our compensation committee concluded that our overall compensation policies and practices are not likely to have a material adverse effect on us.

Narrative Disclosure Relating to Summary Compensation Table and Grant of Plan Based Awards Table

Employment Agreements with Messrs. Mahaffy, and Mast, Dr. Allen, and Ms. Ivers-Read

We are a party to employment agreements with Messrs. Mahaffy and Mast, Dr. Allen, and Ms. Ivers-Read, which agreements are substantially the same other than differences in base salary, target annual bonus percentages and severance. The employment agreements for Messrs. Mahaffy and Mast, Dr. Allen and Ms. Ivers-Read provide for an annual base salary of no less than \$450,000, \$350,000, \$375,000, and \$350,000, respectively. Additionally, the target annual bonuses are set at 50% of his annual base salary for Mr. Mahaffy and 40% of their respective annual base salaries for Mr. Mast, Dr. Allen, and Ms. Ivers-Read.

In the event that a named executive officer's employment is terminated by us without just cause (as defined in the employment agreement) or by the executive for good reason (as defined in the employment agreement), the executive will, subject to his or her execution of a general release of claims and continued compliance with any restrictive covenants, be entitled to (i) any earned but unpaid bonus for the calendar year immediately preceding the calendar year of termination, (ii) continuation of his or her then-current base salary during the severance period and (iii) payment of an applicable percentage (the percentage of employee health care premium costs covered by us as of the date of termination) of the executive's COBRA premiums during the severance period. For purposes of the employment agreements, the term severance period generally means 9 months for Mr. Mahaffy and 6 months for Mr. Mast, Dr. Allen, and Ms. Ivers-Read, except that the severance period will increase to 24 months for Mr. Mahaffy and 12 months for Mr. Mast, Dr. Allen and Ms. Ivers-Read in the event that such termination occurs during the 12 months following a change in control (as defined in the employment agreement). Additionally, in the event that such termination occurs within 12 months following a change in control, the executives will also be entitled to (x) accelerated vesting of all outstanding equity awards, and (y) an amount equal to the executive's then-current target bonus, payable in equal monthly installments during the severance period. In such a circumstance, each named executive officer will also be entitled to a gross-up payment for payments that result in an excise tax imposed by Section 4999 of the Internal Revenue Code, subject to a maximum gross-up payment of \$2,000,000.

Following any termination of a named executive officer's employment, he or she will be subject to customary non-compete restrictions for 6 months (or in the case of Mr. Mahaffy, 9 months) and also a customary 12 month non-solicit period with respect to employees and customers.

Offer Letter with Mr. Hoerter

In 2011, we entered into an at-will employment letter agreement with Mr. Hoerter, pursuant to which Mr. Hoerter became our Senior Vice President of Commercial. Pursuant to the letter agreement, Mr. Hoerter was entitled to an initial base salary of \$310,000 per year and a one-time bonus of \$100,000, of which \$50,000 was paid on his start date and the remaining \$50,000 will be paid on the first anniversary of his start date, if he remains employed through such date. The letter agreement also provided for the grant to Mr. Hoerter of an option to purchase 86,206 shares of our common stock. As a condition to his employment, Mr. Hoerter also executed our standard confidential information, invention assignment and non-solicitation agreement. This offer letter has been superseded by an employment agreement (described in more detail above).

2009 Equity Incentive Plan

We maintain the 2009 Plan, pursuant to which 903,816 shares of our common stock are reserved for grant to our employees, consultants and directors. Pursuant to the 2009 Plan, we may make grants of incentive stock options, nonstatutory stock options, stock appreciation rights, restricted stock, and restricted stock units to our employees, consultants, and directors.

Upon the occurrence of a corporate event (such as a merger, recapitalization, stock split, reorganization, consolidation, or other similar event), the board of directors may adjust the number, class, and price of shares covered by each award granted under the 2009 Plan. In the event of a merger or a change in control (as defined in the 2009 Plan), the board of directors may determine that awards will (i) be assumed or substituted by the acquiring company, (ii) be terminated, (iii) become fully vested and exercisable, (iv) be terminated and cashed out, or (v) be treated in any combination thereof.

The board of directors may amend, suspend, alter, or terminate the 2009 Plan or awards granted under the 2009 Plan at any time, provided that a participant's rights with respect to outstanding awards may not be impaired without their express written consent. Absent earlier termination by the board of directors, the 2009 Plan will expire in February 2021. However, the board of directors has determined that no additional grants will be made under the 2009 Plan.

2011 Employee Stock Purchase Plan

We maintain an employee stock purchase plan, the ESPP, that provides our employees, including our named executive officers, and employees of certain designated subsidiaries with an opportunity to purchase our ordinary shares at a discount on a tax-qualified basis through payroll deductions following the effective date of this registration statement. The ESPP is designed to qualify as an employee stock purchase plan under Section 423 of the U.S. Internal Revenue Code.

A total of 189,656 shares of our common stock, as the same may, at the discretion of our board of directors, be increased annually on the date of each annual meeting of our stockholders, by up to the lesser of (x) a number of additional shares of our common stock representing 1% of our then-outstanding shares of common stock and (y) 344,828 shares of our common stock have been reserved for issuance under the ESPP. The number of shares of our common stock reserved for issuance pursuant to the ESPP is also subject to adjustment in the event of certain changes in our corporate structure or ordinary shares. The ESPP provides for consecutive 6-month offering periods, during which participating employees may elect to have between 1% and 10% of their compensation withheld and applied to the purchase of ordinary shares at the end of the period. Unless otherwise determined by our compensation committee before an offering period, the purchase price will be the lesser of (x) 85% of the fair market value of the ordinary shares at the start of the offering period and (y) 85% of the fair market value on the last day of the offering period.

In the event that there is a proposed merger or amalgamation with or into another corporation or a proposed sale of all or substantially all of our assets, all outstanding options under the ESPP will either be assumed by the successor corporation, parent or surviving corporation or the offering period then in effect will be shortened to end prior to the closing of such merger, amalgamation, or sale.

The ESPP is administered by our compensation committee. Our board of directors has the ability to suspend, terminate, or amend the ESPP at any time, although the board of directors generally may not amend the ESPP in such a way that would adversely affect the rights of any participating employee without that employee's consent or stockholder approval. Unless sooner terminated, the ESPP will terminate in August 2021.

2011 Cash Bonus Plan

We maintain a cash bonus plan pursuant to which annual performance-based cash bonuses (up to a maximum of \$10.0 million per year per employee) may be paid to our named executive officers at the discretion of our compensation committee. Bonuses that are paid pursuant to the cash bonus plan are intended to be considered performance-based compensation within the meaning of Section 162(m) of the Internal Revenue Code of 1986. The cash bonus plan is administered by our compensation committee, which has the discretion to grant awards under the cash bonus plan, set and adjust performance targets, and certify whether the applicable performance targets have been satisfied. The performance goals with respect to any bonus under the cash bonus plan may be based on any one or more of the following business criteria: (i) enterprise value or value creation targets; (ii) after-tax or pre-tax profits or net income; (iii) after-tax or pre-tax margins; (iv) revenues; (v) operational cash flow or earnings before income tax or other exclusions; (vi) reduction of, or limiting the level of increase in, all or a portion of our bank debt or other long-term or short-term public or private debt or other similar financial obligations; (vii) consummation of debt and equity offerings; (viii) equity capital raised; (ix) earnings per share, earnings per diluted share or earnings per share from continuing operations; (x) return on capital employed; (xi) market share; (xii) the fair market value of our common stock; (xiii) the growth in the value of an investment in our common stock; (xiv) reduction of, or limiting the level of increase in, all or a portion of controllable expenses or costs or other expenses or costs; (xv) economic value added targets based on a cash flow return on investment formula; (xvi) customer satisfaction or service measures or indices; (xvii) employee satisfaction; (xviii) efficiency or productivity measures; (xix) asset management (e.g., inventory and receivable levels); (xx) compliance goals (e.g., regulatory and legal compliance); or (xxi) strategic business objectives, goals or initiatives.

Our board of directors or our compensation committee may amend or terminate our cash bonus plan at any time, although the cash bonus plan generally may not be amended in such a way that would adversely affect the rights of any participating employee without that employee's consent or stockholder approval or if such amendment would result in any bonus failing to be deductible under Section 162(m) of the Internal Revenue Code of 1986. No bonuses may be granted pursuant to the cash bonus plan on or after our first stockholder meeting that occurs after the close of the 2014 calendar year, unless our stockholders reapprove the business criteria on or before such stockholder meeting.

- (5) Includes the value of accelerated vesting of all outstanding equity awards, which the executives are entitled to upon an involuntary termination without just cause or a resignation for good reason within twelve months following a change in control.
- (6) Includes the value of a gross-up payment for payments that result in an excise tax imposed by Section 4999 of the Internal Revenue Code (subject to a maximum gross-up payment of \$2,000,000). The gross-up payments were calculated assuming a 45% tax rate and taking into account the full value of accelerated vesting of all outstanding equity awards and may be higher than the gross-up payments the named executive officers actually would have received.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table and accompanying footnotes set forth certain information regarding the beneficial ownership of our common stock as of April 20, 2012 by:

each person or group of affiliated persons who are known by us to own beneficially more than 5% of our common stock;

each of our named executive officers;

each member of our board of directors and each nominee;

all members of our board of directors and our named executive officers as a group.

The amounts and percentages of shares beneficially owned are reported on the basis of SEC regulations governing the determination of beneficial ownership of securities. Under SEC rules, a person is deemed to be a beneficial owner of a security if that person has or shares voting power or investment power over the security, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Securities that can be so acquired are deemed to be outstanding for purposes of computing such person's ownership percentage, but not for purposes of computing any other person's percentage. Under these rules, more than one person may be deemed to be a beneficial owner of the same securities and a person may be deemed to be a beneficial owner of securities as to which such person has no economic interest. Applicable percentages are based on 26,128,989 shares of common stock outstanding on April 20, 2012.

Except as indicated in the footnotes below and subject to applicable community property laws, each of the beneficial owners named in the table below has, to our knowledge, sole voting and investment power with respect to all shares of common stock listed as beneficially owned by them. Unless otherwise indicated, the address for each of the stockholders in the table below is c/o Clovis Oncology, Inc., 2525 28th Street, Suite 100, Boulder, Colorado 80301.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than ten percent stockholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the year ended December 31, 2011, all Section 16(a) filing requirements applicable to our officers, directors and greater than ten percent beneficial owners were complied with, except that Paul Klingenstein on March 22, 2012 filed late a Form 3 and Form 4 reporting his beneficial ownership of our Series A-1, Series A-2 and Series B Preferred Stock and 5% Convertible Notes and reporting the conversion of such securities in connection with our initial public offering and his beneficial ownership of shares purchased in our initial public offering by Aberdare Ventures IV, L.P. and Aberdare Partners IV, L.P.

Executive Compensation and Employment Agreements

Please see Executive and Director Compensation Compensation and Discussion Analysis above for information on compensation arrangements with our executive officers, including option grants and agreements with executive officers.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and officers, and we have purchased a policy of directors and officers liability insurance that insures our directors and officers against the cost of defense, settlement or payment of a judgment under certain circumstances. Further, our amended and restated certificate of incorporation and bylaws limits our directors and officers liability to the fullest extent permitted under Delaware corporate law.

Policies and Procedures Regarding Transactions with Related Persons

We have a written policy that sets forth our policies regarding the identification, review, consideration, approval and oversight of related-person transactions. For purposes of our policy only, a related-person transaction is a past, present or future transaction, arrangement or relationship (or any series of similar transactions, arrangements or relationships) in which we and any related person are participants, the amount involved exceeds \$120,000 and a related person has a direct or indirect material interest. Transactions involving compensation for services provided to us as an employee, director, consultant or similar capacity by a related person are not covered by this policy. A related person, as determined since the beginning of our last fiscal year, is any executive officer, director or nominee to become director, a holder of more than 5% of our common stock, including any immediate family members of such persons or any entity in which such a person has a 10% or greater equity interest. Any related-person transaction may only be consummated if our audit committee has approved or ratified the transaction in accordance with the policy guidelines set forth below.

The policy imposes an affirmative duty upon each director and executive officer to identify, and we will request that significant stockholders identify, any transaction involving them, their affiliates or immediate family members that may be considered a related party transaction before such person engages in the transaction. Under the policy, where a transaction has been identified as a related-person transaction, management must present information regarding the proposed related-person transaction to our audit committee (or, where review by our audit committee would be inappropriate, to another independent body of our board of directors) for review. The presentation must include a description of, among other things, the material facts, the direct and indirect interests of the related persons, the benefits of the transaction to us and whether any alternative transactions are available.

In the event a director has an interest in the proposed transaction, the director must recuse himself or herself from the deliberations and approval process.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Annual Meeting materials with respect to two or more stockholders sharing the same address by delivering a single set of Annual Meeting materials addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders will be householding our proxy materials. A single set of Annual Meeting materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate set of Annual Meeting materials, please notify your broker. Direct your written request to: Investor Relations, Clovis Oncology, Inc., 2525 28th Street, Suite 100, Boulder, Colorado 80301-1255 or contact Investor Relations at 303-625-5000. Stockholders who currently receive multiple copies of the Annual Meeting materials at their addresses and would like to request householding of their communications should contact their brokers.

AVAILABLE INFORMATION

We will provide to any stockholder entitled to vote at our Annual Meeting, at no charge, a copy of our Annual Report on Form 10-K for fiscal 2011 filed with the SEC on March 15, 2012, including the financial statements and the financial statement schedules contained in the Form 10-K. We make our Annual Report on Form 10-K, as well as our other SEC filings, available free of charge through the investor relations section of our website located at <http://ir.clovisoncology.com> as soon as reasonably practicable after they are filed with or furnished to the SEC. Information contained on or accessible through our website or contained on other websites is not deemed to be part of proxy statement. In addition, you may request a copy of the Annual Report on Form 10-K by writing to Clovis Oncology, Inc. Investor Relations at 2525 28th Street, Suite 100, Boulder, Colorado 80301-1255.

STOCKHOLDER PROPOSALS TO BE PRESENTED AT NEXT ANNUAL MEETING

Stockholder proposals may be included in our proxy statement for an annual meeting so long as they are provided to us on a timely basis and satisfy the other conditions set forth in SEC regulations under Rule 14a-8 regarding the inclusion of stockholder proposals in company-sponsored proxy materials. For a stockholder proposal to be considered for inclusion in our proxy statement for the annual meeting to be held in 2013, we must receive the proposal at our principal executive offices, addressed to the Secretary, no later than December 28, 2012. In addition, a stockholder proposal that is not intended for inclusion in our proxy statement under Rule 14a-8 may be brought before the 2013 annual meeting so long as we receive information and notice of the proposal in compliance with the requirements set forth in our amended and restated bylaws, addressed to our corporate secretary, Erle T. Mast, at Clovis Oncology, Inc., 2525 28th Street, Suite 100, Boulder, Colorado 80301, not later than March 18, 2013 nor earlier than February 14, 2013.

OTHER MATTERS

We do not know of any business other than that described in this proxy statement that will be presented for consideration or action by the stockholders at the Annual Meeting. If, however, any other business is properly brought before the meeting, shares represented by proxies will be voted in accordance with the best judgment of the persons named in the proxies or their substitutes. All stockholders are urged to complete, sign, date and return the accompanying proxy card in the enclosed envelope to us.
