PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON JUNE 17, 2014

The 2014 Annual Meeting of Stockholders, or Annual Meeting, of Athersys, Inc., a Delaware corporation, which we refer to as Athersys or the Company, will be held on Tuesday, June 17, 2014, at 8:00 a.m. Eastern Daylight Time, at the Renaissance Cleveland Hotel, 24 Public Square, Cleveland, Ohio 44113.

This proxy statement is furnished in connection with the solicitation by the Board of Directors of the Company, which we refer to as the Board, of proxies to be used at the Annual Meeting. This proxy statement and the related proxy card are being mailed to stockholders commencing on or about April 29, 2014.

Stockholders of record of the Company at the close of business on Monday, April 21, 2014, or the Record Date, will be entitled to vote at the Annual Meeting. On that date, 77,121,743 shares of common stock, par value \$0.001 per share, of the Company, which we refer to as Common Stock, were outstanding and entitled to vote on the Record Date. Stockholders have no right to cumulative voting as to any matter, including the election of Directors. Each share of Common Stock is entitled to one vote. At the Annual Meeting, inspectors of election shall determine the presence of a quorum and shall tabulate the results of the vote of the stockholders. The holders of a majority of the total number of outstanding shares of Common Stock entitled to vote must be present in person or by proxy to constitute the necessary quorum for any business to be transacted at the Annual Meeting. Properly executed proxies marked abstain, as well as broker non-votes, as described below, will be considered present for purposes of determining whether a quorum has been achieved at the Annual Meeting.

Required Vote, Abstentions, Broker Non-Votes and Related Matters. Brokers or other nominees who hold shares of Common Stock in street name for a beneficial owner of those shares typically have the authority to vote in their discretion on routine proposals when they have not received instructions from beneficial owners. However, brokers are not allowed to exercise their voting discretion with respect to the election of directors or for the approval of other matters which are non-routine, without specific instructions from the beneficial owner. The number of votes required and the treatment of abstentions and broker non-votes for each proposal are described below.

Proposal One Election of Directors is considered a non-routine matter, and without your instruction, your broker cannot vote your shares with respect to this proposal. The nominees for Director receiving the greatest number of votes cast at the Annual Meeting in person or by proxy shall be elected. Consequently, withheld votes and broker non-votes will have no impact in the election of Directors, except to the extent that the failure to vote for an individual may result in another individual receiving a larger number of votes.

Proposal Two Ratification of the Appointment of Ernst & Young LLP as Independent Auditors for the Fiscal Year Ending December 31, 2014 is considered to be a routine matter. Accordingly, we do not expect broker non-votes on this proposal. The affirmative vote of the holders of a majority of the shares cast, in person or by proxy, is necessary for the ratification of the appointment of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2014. Abstentions will have no effect on this proposal as abstentions will not be counted in determining the number of votes cast. As an advisory vote, the ratification of the appointment of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2014 is not binding on the Company.

Proposal Three Advisory Vote on Named Executive Compensation is considered a non-routine matter, and without your instruction, your broker cannot vote your shares with respect to this proposal. Approval of this proposal requires the affirmative vote of the majority of the votes cast, in person or by proxy, on such proposal at the Annual Meeting. Abstentions and broker non-votes will have no effect on this proposal as they will not be counted in determining the number of votes cast.

Table of Contents

The shares of Common Stock represented by all valid proxies received will be voted in the manner specified on the proxies. Where specific choices are not indicated on a valid proxy, the shares of Common Stock represented by such proxies received will be voted: (i) for the election of each of the seven Director nominees named in this proxy statement; (ii) for the ratification of the appointment of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2014; (iii) for the approval, on an advisory basis, of named executive officer compensation; and (iv) in accordance with the best judgment of the persons named in the enclosed proxy, or their substitutes, for any other matters that properly come before the Annual Meeting.

Returning your completed proxy will not prevent you from voting in person at the Annual Meeting should you be present and desire to do so. In addition, you may revoke the proxy at any time prior to its exercise either by giving written notice to the Company or by submission of a later-dated proxy.

Table of Contents

THE BOARD OF DIRECTORS AND ITS COMMITTEES

Director Independence

The Board reviews the independence of each Director at least annually. During these reviews, the Board will consider transactions and relationships between each Director (and his or her immediate family and affiliates) and the Company and our management to determine whether any such transactions or relationships are inconsistent with a determination that the Director was independent. The Board conducted its annual review of Director independence to determine if any transactions or relationships exist that would disqualify any of the individuals who serve as a Director under the rules of the NASDAQ Capital Market or require disclosure under Securities and Exchange Commission, or SEC, rules. Based upon the foregoing review, the Board determined the following individuals are independent under the rules of the NASDAQ Capital Market: Lee E. Babiss, Ismail Kola, Lorin J. Randall, Kenneth H. Traub and Jack L. Wyszomierski. Currently, we have two members of management who also serve on the Board: Dr. Van Bokkelen, who is also our Chairman and Chief Executive Officer, and Dr. Harrington, who is our Executive Vice President and Chief Scientific Officer. Neither Dr. Van Bokkelen nor Dr. Harrington is considered independent under the independence rules of the NASDAQ Capital Market.

Board Meetings

The Board held six meetings during fiscal year 2013. All of the Directors attended at least 75% of the total meetings held by the Board of Directors and by all committees on which he served during fiscal year 2013, except for Dr. Kola, who could only attend 67% of the total meetings held due to international travel conflicts.

Attendance at Annual Meeting

Although the Company does not have a policy with respect to attendance by the Directors at the Annual Meeting, Directors are encouraged to attend. The Company held an annual meeting of stockholders last year, which was attended by all of the seven Directors.

Committees

The Board of Directors has three standing committees: the Audit Committee, the Compensation Committee and the Nominations and Corporate Governance Committee. The Board of Directors has adopted a written charter for each of its committees. These charters, as well as our Code of Business Conduct and Ethics, are posted and available under the Investor page on our website at www.athersys.com. Stockholders may request copies of these corporate governance documents, free of charge, by writing to Athersys, Inc., 3201 Carnegie Avenue, Cleveland, Ohio 44115, Attention: Corporate Secretary.

Audit Committee

The Audit Committee is responsible for overseeing the accounting and financial reporting processes of the Company and the audits of the financial statements of the Company. The Audit Committee is also directly responsible for the appointment, compensation, retention and oversight of the work of the Company's independent auditors, including the resolution of disagreements between management and the auditors regarding financial reporting. Additionally, the Audit Committee approves all related-party transactions that are required to be disclosed pursuant to Item 404 of Regulation S-K. The current members of the Audit Committee are Lorin J. Randall, Kenneth H. Traub and Jack L. Wyszomierski. The Board of Directors has determined that each of Mr. Randall, Mr. Traub and Mr. Wyszomierski is an audit committee financial expert, as defined in Item 407(d)(5)(ii) of Regulation S-K, and an independent director, as defined in the NASDAQ listing standards. The Audit Committee held six meetings during fiscal year 2013.

Compensation Committee

The Compensation Committee is responsible for, among other things, annually reviewing and recommending to the Board of Directors the salaries and other compensation, including stock incentives, of our executive officers, including our Chief Executive Officer. The Compensation Committee is also responsible for reviewing and recommending to the Board of Directors, with guidance from independent compensation consultants, as appropriate, the compensation of our non-employee Directors, engaging and determining the fees of compensation consultants, if any, and overseeing regulatory compliance with respect to compensation matters. The Compensation Committee reviews and recommends corporate goals and objectives relevant to the compensation of the executive officers and evaluates the performance of the executive officers

Table of Contents

in light of those corporate goals and objectives. The Compensation Committee also considers the duties and responsibilities of the executive officers and recommends to the Board of Directors the compensation levels for those executive officers based on those evaluations and any other factors as it deems appropriate. In recommending incentive compensation, the Compensation Committee also considers the Company's performance and relative stockholder return, the value of similar awards to executive officers of comparable companies, and the awards given to the Company's executive officers in past years. The Compensation Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee of the Compensation Committee. For more information regarding the role of our Chief Executive Officer and compensation consultants in determining executive and director compensation, please see Executive Compensation Role of the Chief Executive Officer and Role of the Independent Compensation Consultant below. The current members of the Compensation Committee are Lorin J. Randall, Lee E. Babiss, Kenneth H. Traub and Jack L. Wyszomierski. The Compensation Committee held five meetings during fiscal year 2013.

Nominations and Corporate Governance Committee

The Nominations and Corporate Governance Committee is responsible for, among other things, evaluating and recommending to the Board of Directors qualified nominees for election as Directors and qualified Directors for committee membership, as well as developing and recommending to the Board corporate governance principles applicable to the Company. The current members of the Nominations and Corporate Governance Committee are Lee E. Babiss, Lorin J. Randall, Ismail Kola and Jack L. Wyszomierski. The Nominations and Corporate Governance Committee held one meeting during fiscal year 2013.

The Nominations and Corporate Governance Committee shall identify individuals qualified to become members of the Board of Directors and recommend candidates to the Board to fill new or vacant positions. Except as may be required by rules promulgated by NASDAQ or the SEC, there are currently no specific, minimum qualifications that must be met by each candidate for the Board of Directors, nor are there specific qualities or skills that are necessary for one or more of the members of the Board of Directors to possess. In recommending candidates, the Nominations and Corporate Governance Committee considers such factors as it deems appropriate, consistent with criteria approved by the Board of Directors. These factors may include judgment, skill, diversity, integrity, experience with businesses and other organizations of comparable size, experience in corporate governance, experience in business and human resource management, the interplay of the candidate's experience with the experience of other members of the Board of Directors, and the extent to which the candidate would be a desirable addition to the Board of Directors and any committees of the Board. When considering diversity, the Nominations and Corporate Governance Committee considers the breadth and diversity of experience brought by the various nominees for Director in functional areas including pharmaceutical, capital markets, biotechnology, clinical and financial. The Nominations and Corporate Governance Committee recommends candidates to the Board of Directors based on these factors and also considers possible conflicts of interest when making its recommendations to the Board.

The Nominations and Corporate Governance Committee also has used an independent search firm in identifying candidates, as needed, and identifies potential Director candidates for us. Historically, as needed, the search firm has performed initial screenings of candidates, prepared candidate biographies, evaluated candidates' credentials and conducted reference checks.

The Nominations and Corporate Governance Committee will give appropriate consideration to qualified persons recommended by stockholders for nomination as our Directors, provided that the stockholder delivers written notice to the Secretary of the Company, which contains the following information:

the name and address of the stockholder and each Director nominee;

a representation that the stockholder is entitled to vote and intends to appear in person or by proxy at the meeting;

a description of any and all arrangements or understandings between the stockholder and each nominee;

such other information regarding the nominee that would have been required to be included by the SEC in a proxy statement had the nominee been named in a proxy statement;

a brief description of the nominee's qualifications to be a Director; and

the written consent of the nominee to serve as a Director if so elected.

Board Leadership Structure

We operate in a complex, dynamic industry. Therefore, the Board believes that our Chief Executive Officer is the most appropriate person to serve as our Chairman because he possesses in-depth knowledge of the issues, opportunities and challenges facing our business. Because of this knowledge and insight, he is in the best position to effectively identify strategic opportunities and priorities and to lead the discussion for the execution of the Company's strategies and achievement of its objectives. As Chairman, our Chief Executive Officer is able to:

focus the Board on the most significant strategic goals and risks of our businesses;

utilize the individual qualifications, skills and experience of the other members of the Board in order to maximize their contributions to the Board;

ensure that each other member of the Board has sufficient knowledge and understanding of our businesses to enable him to make informed judgments; and

facilitate the flow of information between the Board and management of the Company.

The Board believes that the combined role of Chairman and Chief Executive Officer promotes strategic development and execution of our business strategies, which is essential to effective governance. In an effort to further enhance our governance, the Board appointed Lee E. Babiss as our Lead Director in October 2013. The roles and responsibilities of the Lead Director include:

providing general leadership of the affairs of the independent Directors;

presiding over all executive sessions of the Board;

servicing as primary liaison between the independent Directors and the Chairman and Chief Executive Officer, including facilitating organization and communication among the independent Directors;

in conjunction with the Nominations and Corporate Governance Committee, identifying underperforming Directors and providing appropriate counseling for improvement;

providing advice and consultation to the Chairman and Chief Executive Officer;

being available to discuss with any Director any concerns that he may have regarding the Board, the Company or the management team; and

fulfilling such other duties as the Board may provide from time to time.

The Board's Role in Risk Oversight

Edgar Filing: ATHERSYS, INC / NEW - Form DEF 14A

The Board oversees the risk management of the Company. The full Board of Directors, as supplemented by the appropriate board committee in the case of risks that are overseen by a particular committee, reviews information provided by management in order for the Board to oversee its risk identification, risk management and risk mitigation strategies. The Board committees assist the full Board's oversight of our material risks by focusing on risks related to the particular area of concentration of the relevant committee. For example, our Compensation Committee oversees risks related to our executive compensation plans and arrangements, our Audit Committee oversees the financial reporting and control risks, and our Nominations and Corporate Governance Committee oversees risks associated with the independence of the Board and potential conflicts of interest. Each committee reports on these discussions of the applicable relevant risks to the full Board during the committee reports portion of each Board meeting, as appropriate. The full Board incorporates the insight provided by these reports into its overall risk management analysis. We believe that the Board leadership structure complements our risk management structure because it allows our independent directors, through independent committees, to exercise effective oversight of the actions of management in identifying risks and implementing effective risk management policies and controls.

Certain Relationships and Related Person Transactions

We give careful attention to related person transactions because they may present the potential for conflicts of interest. We refer to related person transactions as those transactions, arrangements, or relationships in which:

we were, are or are to be a participant;

the amount involved exceeds \$120,000; and

any of our Directors, Director nominees, executive officers or greater-than five percent stockholders (or any of their immediate family members) had or will have a direct or indirect material interest.

To identify related person transactions in advance, we rely on information supplied by our executive officers, Directors and certain significant stockholders. We maintain a comprehensive written policy for the review, approval or ratification of related person transactions, and our Audit Committee reviews all related person transactions identified by us. The Audit Committee approves or ratifies only those related person transactions that are determined by it to be, under all of the circumstances, in the best interest of the Company and its stockholders. No related person transactions occurred in fiscal 2013 that required a review by the Audit Committee.

At times, Aspire Capital Fund, LLC, or Aspire Capital, has beneficially owned more than 5% of our outstanding common stock. We entered into an equity purchase agreement with Aspire Capital in 2011, which provided that Aspire Capital was committed to purchase up to an aggregate of \$20.0 million of shares of our common stock over a two-year term, subject to our election to sell any such shares. Under the agreement, we had the right to sell shares, subject to certain volume limitations and a minimum floor price, at a modest discount to the prevailing market price. As part of the agreement, Aspire Capital made an initial investment of \$1.0 million in us through the purchase of 666,667 shares of our common stock at \$1.50 per share in 2011, and received 266,667 additional shares as compensation for its commitment. As a result of this transaction, combined with shares of our Common Stock that Aspire Capital held prior to the November 2011 transaction, Aspire Capital became one of our larger stockholders, owning more than 5% of our shares of our Common Stock outstanding at that time.

By September 30, 2013, we had sold all the remaining shares that were available under the 8,000,000 shares of common stock registered for resale under the equity facility, which was due to expire in January 2014. In October 2013, we terminated the expiring equity purchase agreement with Aspire Capital and entered into a new equity purchase agreement with Aspire Capital to purchase up to an aggregate of \$25.0 million of shares of our common stock over a new two-year period. The terms of the 2013 equity facility are similar to the previous arrangement, and we issued 333,333 shares of our common stock to Aspire Capital as a commitment fee in October 2013 and filed a registration statement for the resale of 10,000,000 shares of common stock in connection with the new equity facility.

In 2013, we sold an aggregate 6,566,666 shares to Aspire Capital at an average price of \$1.70 per share under both equity purchase agreements.

Also, in our December 2013 registered direct offering, Aspire Capital purchased an additional 1.0 million shares of Common Stock and warrants to purchase 350,000 shares of Common Stock with an exercise price of \$2.50 per share that expire on March 31, 2015, a portion of which are not exercisable until June 3, 2014. The securities were sold in multiples of a fixed combination of one share of common stock and a warrant to purchase 0.35 shares of common stock at an offering price of \$2.00 per fixed combination, for a total purchase price to Aspire Capital of approximately \$2.0 million.

PROPOSAL TWO

RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2014

The Audit Committee of the Board has appointed Ernst & Young LLP as the independent auditors of the Company to examine the financial statements of the Company and its subsidiaries for the fiscal year ending December 31, 2014. During fiscal year 2013, Ernst & Young LLP examined the financial statements of the Company and its subsidiaries, including those set forth in our Annual Report on Form 10-K for the fiscal year ended December 31, 2013.

Although stockholder approval of this appointment is not required by law or binding on the Audit Committee, the Board believes that stockholders should be given the opportunity to express their views. If the stockholders do not ratify the appointment of Ernst & Young LLP as the Company's independent auditors, the Audit Committee will consider this vote in determining whether or not to continue the engagement of Ernst & Young LLP.

It is expected that representatives of Ernst & Young LLP will attend the Annual Meeting, with the opportunity to make a statement if they so desire, and will be available to answer appropriate questions.

Required Vote

The affirmative vote of the holders of a majority of the votes cast, in person or by proxy, is necessary for the ratification of the appointment of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2014. Abstentions will have no effect on this proposal as abstentions will not be counted in determining the number of votes cast. As this proposal is considered to be a routine matter, we do not expect broker non-votes on this proposal. As an advisory vote, the ratification of the appointment of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2014 is not binding on the Company.

The Board unanimously recommends that stockholders vote FOR the ratification of the appointment of Ernst & Young LLP as independent auditors for the fiscal year ending December 31, 2014.

Principal Accountant Fees and Services

Audit Fees. Fees paid to Ernst & Young LLP for the audit of the annual consolidated financial statements included in the Company's Annual Reports on Form 10-K, for the reviews of the consolidated financial statements included in the Company's Forms 10-Q, and for services related to registration statements were \$639,100 for the fiscal year ended December 31, 2013 and \$500,400 for the fiscal year ended December 31, 2012. The increase related primarily to services for registration statements filed in 2013 and internal control attestation required in 2013.

Audit-Related Fees. There were no fees paid to Ernst & Young LLP for audit-related services in 2013 and 2012.

Tax Fees. Fees paid to Ernst & Young LLP associated with tax compliance and tax consultation were \$29,250 and \$25,000 for the fiscal years ended December 31, 2013 and 2012, respectively.

All Other Fees. There were no other fees paid to Ernst & Young LLP in 2013 or 2012.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has adopted a formal policy on auditor independence requiring the pre-approval by the Audit Committee of all professional services rendered by the Company's independent auditor prior to the commencement of the specified services.

For the fiscal year ended December 31, 2013, 100% of the services described above were pre-approved by the Audit Committee in accordance with the Company's formal policy on auditor independence.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board is composed of at least three Directors who are independent and operates under a written Audit Committee charter adopted and approved by the Board. The Audit Committee annually selects the Company's independent auditors. The written charter of the Audit Committee is posted and available under the Investor page on our website at www.athersys.com.

Management is responsible for the Company's internal controls and financial reporting process. Ernst & Young LLP, the Company's independent auditor, is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to provide oversight to these processes.

In fulfilling its oversight responsibility, the Audit Committee relies on the accuracy of financial and other information, opinions, reports, and statements provided to the Audit Committee. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Nor does the Audit Committee's oversight assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted auditing standards or the audited financial statements are presented in accordance with generally accepted accounting principles.

The Audit Committee has reviewed and discussed with the Company's management and Ernst & Young LLP the audited financial statements of the Company for the year ended December 31, 2013. The Audit Committee has also discussed with Ernst & Young LLP the matters required to be discussed by the statement on Auditing Standards No. 16, Communications with Audit Committees, as adopted by the Public Company Oversight Board in Rule 3200T.

The Audit Committee has also received and reviewed the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young LLP's communications with the Audit Committee concerning independence, and has discussed with Ernst & Young LLP such independent auditors' independence. The Audit Committee has also considered whether Ernst & Young LLP's provision of services to the Company beyond those rendered in connection with their audit and review of the Company's financial statements is compatible with maintaining their independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2013 for filing with the SEC.

PROPOSAL THREE

ADVISORY VOTE ON NAMED EXECUTIVE OFFICER

COMPENSATION

In this Proposal Three, pursuant to Section 14A of the Exchange Act and Rule 14a-21(a) promulgated thereunder, we are providing our stockholders the opportunity to cast an advisory (non-binding) vote on the compensation paid to the Company's named executive officers, as disclosed in Compensation Discussion and Analysis and Executive Compensation above, pursuant to the compensation rules of the SEC. While this vote is advisory, and not binding on the Company, the Board values the opinions of our stockholders and the Compensation Committee will review the results of the vote and take it into consideration when making future decisions regarding executive compensation. The next vote will be held at our 2015 annual meeting of stockholders.

We are asking our stockholders to indicate their support for the compensation of our named executive officers as described in this proxy statement. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the executive compensation program and practices described in this proxy statement. Please read the Compensation Discussion and Analysis and the executive compensation tables and narrative disclosure for a detailed explanation of our executive compensation program and practices. Accordingly, we are asking our stockholders to vote **FOR** the following resolution:

RESOLVED, that the stockholders approve, on an advisory basis, the Company's executive compensation, as disclosed in the Compensation Discussion and Analysis and the tabular disclosure regarding named executive officer compensation (together with the accompanying narrative disclosure) pursuant to Item 402 of Regulation S-K in this Proxy Statement.

Required Vote

The approval of this Proposal Five requires the affirmative vote of the majority of the votes cast, in person or by proxy, on such proposal at the Annual Meeting. The Board unanimously recommends that you vote FOR the approval, on an advisory basis, of the named executive officer compensation.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

This section discusses the principles underlying our executive compensation policies and decisions and the most important factors relevant to an analysis of these policies and decisions. It provides qualitative information regarding the manner and context in which compensation is awarded to and earned by our named executive officers, which include Dr. Gil Van Bokkelen, our Chief Executive Officer, Ms. Laura Campbell, our Vice President of Finance, Mr. William (B.J.) Lehmann, Jr., our President and Chief Operating Officer, Dr. John Harrington, our Executive Vice President and Chief Scientific Officer, and Dr. Robert Deans, our Executive Vice President of Regenerative Medicine, and places in perspective the data presented in the compensation tables and narratives that follow.

We are an international biotechnology company that is focused primarily in the field of regenerative medicine. Our MultiStem cell therapy has been evaluated in two completed Phase 1 clinical trials and is currently being evaluated in two ongoing Phase 2 clinical trials, as well as an investigator-led Phase 1 trial. We are also applying our pharmaceutical discovery capabilities to identify and develop small molecule compounds with potential applications in indications such as obesity, related metabolic conditions and certain neurological conditions. These represent major areas of clinical need, as well as substantial commercial opportunities. As further discussed in this section, our compensation and benefit programs help us attract, retain and motivate individuals who will maximize our business results by working to meet or exceed established company or individual objectives. In addition, we reward our executive officers for meeting certain developmental milestones, such as completing advancements in product candidate development, strategic partnerships or other financial transactions that add to the capital resources of the Company or create value for stockholders.

The following are the highlights of our 2013 compensation and benefit programs:

increased the base salaries of our named executive officers;

paid cash bonuses to our named executive officers;

granted stock options to our named executive officers under a newly implemented annual equity compensation program;

terminated incentive agreements established in 2005 that would have provided our named executive officers with bonus opportunities in the event of a financing transaction, merger or acquisition, or asset sale transaction and, in exchange, granted restricted stock units to the executives that vest over three years; and

amended our Athersys, Inc. Amended and Restated 2007 Long-Term Incentive Plan (Amended and Restated Effective June 18, 2013), or LTIP, to, among other things, increase the shares of Common Stock available thereunder.

The following discussion and analysis of our compensation and benefit programs for 2013 should be read together with the compensation tables and related disclosures that follow this section. This discussion includes forward-looking statements based on our current plans, considerations, expectations and determinations about our compensation program. Actual compensation decisions that we may make for 2014 and beyond may differ materially from our recent past.

Compensation Objectives and Philosophy

Our executive compensation programs are designed to:

recruit, retain, and motivate executives and employees that can help us achieve our core business goals;

provide incentives to promote and reward superior performance throughout the organization, which we refer to as Pay for Performance;

Table of Contents

facilitate stock ownership and retention by our executives and other employees; and

promote alignment between executives and other employees and the long-term interests of stockholders.

The Compensation Committee seeks to achieve these objectives by:

establishing a compensation program that is market competitive and internally fair;

linking individual and corporate performance with certain elements of compensation through the use of equity grants, cash performance bonuses or other means of compensation, the value of which is substantially tied to the achievement of our Company goals; and

when appropriate, given the nature of our business, rewarding our executive officers for both Company and individual achievements with one-time performance awards.

At the 2013 Annual Meeting of Stockholders, approximately 95% of the votes cast were voted in favor of the approval of our named executive officer compensation. Our Compensation Committee believes that the stockholder vote reinforces the objectives and philosophy of our executive compensation programs.

Components of Compensation

Our executive compensation program includes the following elements:

base salary;

cash bonuses;

long-term equity incentive plan awards; and

retirement and health and other insurance benefits.

Our Compensation Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid-out compensation, between cash and non-cash compensation or among different forms of non-cash compensation. We consider competitive practices, relative management level and operating responsibilities of each executive officer when determining the compensation elements to reward his or her ability to impact short-term and long-term results.

Role of the Chief Executive Officer

Historically, our Chief Executive Officer has taken the lead in providing our Board of Directors with advice regarding executive compensation. For 2013, the Compensation Committee considered recommendations from our Chief Executive Officer regarding the compensation for and performance of our executive officers in relation to company-specific strategic goals that were established by the Compensation Committee and approved by the Board of Directors. These achievements related to potential bonus payments and salary increases. The Compensation Committee considers the recommendations made by our Chief Executive Officer because of his knowledge of the business and the performance of the other executive officers. The Compensation Committee is not bound by the input it receives from our Chief Executive Officer. Instead, the Compensation Committee exercises independent discretion when making executive compensation decisions. We describe and discuss the particular compensation decisions made by the Compensation Committee regarding the 2013 compensation of our named executive officers below under Elements of Executive Compensation.

Role of the Independent Compensation Consultant

From time to time, the Compensation Committee has retained the services of an independent compensation consultant, Arnosti Consulting, Inc., or Arnosti. During 2013, at the request of the Compensation Committee, Arnosti assisted the Compensation Committee in evaluating the base salaries to be paid to named executive officers and the annual equity awards to be granted companywide. Also during 2013, Arnosti provided peer company data and advice with respect to the increase of the shares of Common Stock available under the LTIP and the elimination of our 2005 incentive program with our named executive officers (see Long-Term Incentive Program later in this section). The Company pays the cost for

Table of Contents

Arnosti's services. However, the Compensation Committee retains the sole authority to direct, terminate or engage Arnosti's services. In 2013, the Compensation Committee considered and assessed all relevant factors, including but not limited to, those set forth in Rule 10C-1(b)(4)(i) through (vi) under the Exchange Act, that could give rise to a potential conflict of interest with respect to Arnosti's work. Based on this review, we are not aware of any conflict of interest that has been raised by the work performed by Arnosti.

Elements of Executive Compensation

Base Salary. We pay base salaries to provide executive officers with a competitive level of financial security. We establish base salaries for our executives based on the scope of their responsibilities, taking into account competitive market compensation paid by other companies for similar positions. Base salaries are generally reviewed annually, with adjustments based on the individual's responsibilities, performance and experience during the year. This review generally occurs each year following an annual review of individual performance.

In general, the Company and the executive team performed well in 2013 against many key goals and objectives, as measured against the metrics of key programmatic achievements (e.g., clinical and preclinical development), operational management and financial performance (e.g., adherence to budgetary goals and objectives, balance sheet), intellectual property (e.g., patent issuances and new filings, competitive positioning) and business development, among others. Each executive's performance was evaluated based on the Company's performance as a whole, combined with an evaluation of individual performance against specific goals and objectives relevant to his or her area of responsibility. Overall, the majority of corporate goals were achieved in 2013, taking into account that a business partnership was not achieved, which was, and continues to be, an important goal.

For 2013, the Compensation Committee and the Board of Directors approved an increase in base salary of 4.65% for 2013 as compared to 2012 for the Chief Executive Officer, an adjustment based on both performance and on competitive information provided to the Compensation Committee by Arnosti. Also for 2013, the Compensation Committee and the Board of Directors approved increases for each of the other named executive officer's salary for 2013 as compared to 2012 based primarily on Company performance for the year ended December 31, 2012. The increases were as follows: Mr. Lehmann 3.5%; Dr. Harrington 3.45%; Dr. Deans 3.42%; and Ms. Campbell 3.33%.

For 2014, the Compensation Committee and the Board of Directors approved an increase in base salary of 2.00% for 2014 as compared to 2013 for the Chief Executive Officer, an adjustment based on both performance and on competitive information provided to the Compensation Committee by Arnosti. Also for 2014, the Compensation Committee and the Board of Directors approved increases for each of the other named executive officer's salary for 2014 as compared to 2013 based primarily on Company performance for the year ended December 31, 2013. The increases are as follows: Mr. Lehmann 2.05%; Dr. Harrington 2.06%; Dr. Deans 2.04%; and Ms. Campbell 2.07%.

Cash Bonuses. Given the nature of our business, when appropriate, we reward our named executive officers with performance-related bonuses. We utilize annual incentive bonuses to reward officers and other employees for achieving financial and operational goals and for achieving individual annual performance objectives. These objectives relate generally to strategic factors, including advancement of our product candidates, identification and advancement of additional programs or product candidates, establishment and maintenance of key strategic relationships, and to financial factors, including raising capital, adherence to budgets and cash management.

The Compensation Committee recommended and the Board approved a cash bonus incentive program for the year ended December 31, 2013 for our named executive officers. Under the 2013 incentive program, each participant was eligible to earn a target bonus of a specified percentage of the named executive officer's salary during the award term, weighted on the achievement of specific corporate goals, with the remainder based on individual/functional performance, as set forth below:

	Target Bonus	Weighted On	
		Corporate Goals	Functional Performance
Dr. Van Bokkelen	40%	100%	0%
Dr. Harrington	33%	80%	20%
Mr. Lehmann	33%	80%	20%
Dr. Deans	30%	60%	40%
Ms. Campbell	25%	60%	40%

Table of Contents

The evaluation of goal achievement is at the discretion of Compensation Committee and Board of Directors based on input from the Chief Executive Officer (with respect to the named executive officers other than the Chief Executive Officer). The 2013 corporate goals included program and collaboration goals, progress on MultiStem clinical development, and execution against the established budget and operating plan. However, any bonus ultimately paid under the 2013 incentive program was to be at the discretion of the Board of Directors based on the recommendation of the Compensation Committee, after good faith consideration of executive officer performance, overall company performance, market conditions and cash availability. There was no formally adopted plan document for the 2013 incentive program, although the Compensation Committee recommended and the Board of Directors approved the specific corporate goals, target bonus levels and weightings between corporate and functional performance. The Compensation Committee and the Board of Directors agreed that each of the named executive officers would be entitled to a bonus under the 2013 incentive program as a result of individual performance and the achievement of operational and strategic objectives in 2013, specifically the achievement of patient enrollment goals for the Company's clinical trials and other program development and sector leadership goals, resulting in the payment of bonuses based on a percentage of such officers' 2013 base salaries as follows:

	Bonus Achieved	Cash Bonus Paid
Dr. Van Bokkelen	26.4%	\$ 118,800
Dr. Harrington	22.6%	\$ 83,500
Mr. Lehmann	22.6%	\$ 84,000
Dr. Deans	20.4%	\$ 65,000
Ms. Campbell	17.6%	\$ 42,000

For the year ending December 31, 2014, the Compensation Committee recommended and the Board of Directors approved a similar cash bonus incentive plan for our named executive officers. The 2014 plan includes the following changes to the target bonus percentage for our named executive officers.

	Target Bonus	Weighted On	
		Corporate Goals	Functional Performance
Dr. Van Bokkelen	60%	100%	0%
Dr. Harrington	45%	80%	20%
Mr. Lehmann	45%	80%	20%
Dr. Deans	40%	60%	40%
Ms. Campbell	30%	60%	40%

The 2014 corporate goals include advancing strategic partnership and program activities, advancing and achieving enrollment goals for our clinical programs for MultiStem®, and executing against the established operating plan and capital acquisition objectives.

Long-Term Incentive Program. We believe that we can encourage superior long-term performance by our executive officers and employees through encouraging them to own, and assisting them with the acquisition of, our Common Stock. Our equity compensation plans provide our employees, including named executive officers, with incentives to help align their interests with the interests of our stockholders. We believe that the use of Common Stock and stock-based awards offers the best approach to achieving our objective of fostering a culture of ownership, which we believe will, in turn, motivate our named executive officers to create and enhance stockholder value. We have not adopted stock ownership guidelines, but our equity compensation plans provide a principal method for our executive officers to acquire equity in our company.

Our equity compensation plans authorize us to grant, among other types of awards, options, restricted stock and restricted stock units, or RSUs, to our employees, Directors and consultants. Historically, we elected to use stock options as our primary long-term equity incentive vehicle. However, we began awarding RSUs to our non-executive employees in 2011 and to our named executive officers in 2013. We expect to continue to use equity-based awards as a long-term incentive vehicle because we believe:

equity-based awards align the interests of our executives with those of our stockholders, support a pay-for-performance culture, foster an employee stock ownership culture and focus the management team on increasing value for our stockholders;

Table of Contents

the value of equity-based awards is based on our performance, because all the value received by the recipient of equity-based awards is based on the growth of our stock price;

equity-based awards help to provide a balance to the overall executive compensation program because, while base salary and our discretionary annual bonus program focus on short-term performance, vesting equity-based awards reward increases in stockholder value over the longer term; and

the vesting period of equity-based awards encourages executive retention and efforts to preserve stockholder value.

In 2013, we granted 540,000 stock options and 2,700,000 RSUs to our named executive officers, as well as stock options and RSUs to our other employees. We revised our long-term equity incentive program for our named executive officers in 2013, as described further below, in connection with the termination of an outdated incentive program and the initiation of an ordinary-course annual award program.

In 2005, in connection with a restructuring of our internal programs, the Board established the 2005 Incentive Program to retain and motivate our executives, which would have compensated the named executive officers in the event of a merger, acquisition or asset sale transaction. The 2005 Incentive Program became outdated for a variety of reasons, and, in 2013, the Compensation Committee and the Board determined that the 2005 Incentive Program should be eliminated in exchange for a one-time award of RSUs, and that an ordinary course annual award program for our named executive officers should be implemented. In April 2013, the Compensation Committee approved amendments whereby the named executive officers would agree to terminate their incentive agreements, and thereby the 2005 Incentive Program, in return for one-time grants of RSUs for their past service and performance, and for the ability to receive annual grants under our Amended LTIP. Each named executive officer entered into such a termination agreement and received the following number of RSUs in June 2013: 695,040 for Dr. Van Bokkelen; 570,551 for Dr. Harrington; 573,640 for Mr. Lehmann; 491,162 for Dr. Deans; and 369,607 for Ms. Campbell. These RSUs will vest ratably and quarterly over a three-year term. The Compensation Committee utilized the services of Arnosti to assist in the development of a fair and rational approach to the elimination of the 2005 Incentive Program and the number of one-time RSUs.

Annual equity awards in the ordinary course of business, which were initiated in June 2013 for our named executive officers once the 2005 Incentive Program was eliminated, are tied to factors such as performance, peer and market analysis, and total equity ownership level of each named executive officer, and further enhance the retention and long-term stock ownership features of our equity incentive program. In determining the number of stock-based awards to be granted to named executive officers, we review annually our named executive officers equity ownership positions, and we take into account the individual's scope of responsibility, ability to affect results and stockholder value, anticipated future contributions to increases in shareholder value, and the value of equity-based awards in relation to other elements of the individual named executive officer's total compensation. We also review competitive compensation data, an assessment of individual performance, a review of each named executive officer's existing long-term incentives, retention considerations and a subjective determination of the individual's potential to positively impact future stockholder value. Equity-based awards are granted from time to time by the Compensation Committee and the Board of Directors, with input from independent compensation consultants, as appropriate. The following stock option awards were granted to our named executive officers in June 2013 as part of the program for routine annual equity-based awards: 185,000 for Dr. Van Bokkelen; 100,000 for Dr. Harrington; 115,000 for Mr. Lehmann; 80,000 for Dr. Deans; and 60,000 for Ms. Campbell.

Retirement and Insurance Benefits. Consistent with our compensation philosophy, we maintain benefits for our named executive officers, including medical, dental, vision, life and disability insurance coverage and the ability to contribute to a 401(k) retirement plan. The named executive officers and employees have the ability to participate in these benefits at the same levels. We began making employer contributions to our 401(k) retirement plan in 2011 and contributed approximately \$97,000 in 2013. We provide such retirement and health insurance benefits to our employees to retain qualified personnel.

Table of Contents

In addition, Dr. Van Bokkelen, Dr. Harrington, Mr. Lehmann, Dr. Deans and Ms. Campbell also receive Company-paid life insurance benefits in the amounts of \$2.0 million for Dr. Van Bokkelen, Dr. Harrington and Mr. Lehmann, and \$1.0 million for Dr. Deans and Ms. Campbell. These additional life insurance policies are provided to these officers due to their extensive travel requirements and contributions to the Company.

Severance Arrangements

See the disclosure under **Potential Payments Upon Termination or Change of Control** for more information about severance arrangements with our named executive officers. We provide such severance arrangements in order to assure that our executives will focus on the best interests of the business at all times, without undue concern for their own financial security.

Employment Agreements and Arrangements

We believe that entering into employment agreements with each of our named executive officers was necessary for us to attract and retain talented and experienced individuals for our senior level positions. In this way, the employment agreements help us meet the initial objective of our compensation program. Each agreement contains terms and arrangements that we agreed to through arms-length negotiation with our named executive officers. We view these employment agreements as reflecting the minimum level of compensation that our named executive officers require to remain employed with us, and thus the bedrock of our compensation program for our named executive officers. For more details of our employment agreements and arrangements, see the disclosure under **2013 Summary Compensation Table**.

General Tax Deductibility of Executive Compensation

We structure our compensation program to comply with Internal Revenue Code Section 162(m). Under Section 162(m) of the Code, there is a limitation on tax deductions of any publicly-held corporation for individual compensation to certain executives of such corporation exceeding \$1.0 million in any taxable year, unless the compensation is performance-based. The Compensation Committee manages our incentive programs to qualify for the performance-based exemption; however, it also reserves the right to provide compensation that does not meet the exemption criteria if, in its sole discretion, it determines that doing so advances our business objectives.

Equity Compensation Plans

In June 2007, we adopted two equity compensation plans, which authorize the Board of Directors, or a committee thereof, to provide equity-based compensation in the form of stock options, restricted stock, RSUs and other stock-based awards, which are used to attract and retain qualified employees, Directors and consultants. Equity awards are granted from time to time under the guidance and approval of the Compensation Committee. Total awards under these plans, as amended, are currently limited to 11,500,000 shares of Common Stock, of which 3,441,585 shares remained available for issuance at December 31, 2013.

401(k) Plan

We have a tax-qualified employee savings and retirement plan, also known as a 401(k) plan that covers all of our employees. Under our 401(k) plan, eligible employees may elect to reduce their current compensation by up to the statutorily prescribed annual limit, which was \$17,500 in 2013, and have the amount of the reduction contributed to the 401(k) plan. The trustees of the 401(k) plan, at the direction of each participant, invest the assets of the 401(k) plan in designated investment options. We may make matching or profit-sharing contributions to the 401(k) plan in amounts to be determined by the Board of Directors. We made matching contributions to the 401(k) plan during fiscal 2013 at a maximum rate of fifty cents for every dollar of the first 6% of participant contributions, up to a dollar maximum of \$3,000 per participant, which amounted to approximately \$97,000 in 2013. The 401(k) plan is intended to qualify under Section 401 of the Internal Revenue Code, so that contributions to the 401(k) plan and income earned on the 401(k) plan contributions are not taxable until withdrawn, and so that any contributions we make will be deductible when made.

2013 Options Exercised and Stock Vested

None of our named executive officers exercised any stock options during 2013. The following table provides information on all stock awards vested and the value realized upon vesting, by the named executive officers during fiscal 2013:

Name	Stock Awards	
	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (1) (\$)
Gil Van Bokkelen	115,840	\$ 222,413
Laura Campbell	61,602	\$ 118,276
William (BJ) Lehmann	95,608	\$ 183,567
John Harrington	95,092	\$ 182,577
Robert Deans	81,862	\$ 157,175

- (1)

The value realized upon vesting is the product of multiplying the number of shares of common stock by the market value of the underlying shares on the vesting date.

Table of Contents**Potential Payments Upon Termination or Change in Control**

Under their employment agreements, the named executive officers may be entitled to certain potential payments upon termination. In the event that an executive officer is terminated without cause or terminates employment for good reason, as defined in the agreements, we would be obligated to pay full base salary for a defined period, subject to mitigation related to other employment. For Gil Van Bokkelen and John Harrington, the defined payment period is 18 months, for William (BJ) Lehmann, the defined payment period is twelve months, and for Laura Campbell and Robert Deans, the defined payment period is six months. We would also be obligated to continue the participation of Gil Van Bokkelen and John Harrington in all other medical, life and employee welfare benefit programs for a period of eighteen months at our expense, to the extent available and possible under the programs.

The agreements define "cause" to mean willful and continuous neglect of such executive officer's duties or responsibilities or willful misconduct by the executive officer that is materially and manifestly injurious to Athersys. "Good reason" includes, among other things, demotion, salary reduction, relocation, failure to provide an executive officer with adequate and appropriate facilities and termination by the executive officer within 90 days of a change in control. A "change in control" occurs when (1) a person or group of persons purchases 50% or more of our consolidated assets or a majority of our voting shares, or (2) if, following a public offering, the directors of Athersys immediately following the offering no longer constitute a majority of the Board of Directors. Upon a change in control, or if the named executive officer should die or become permanently disabled, all unvested stock options become immediately vested and exercisable. As of December 31, 2013, each of the named executive officers held unvested stock options, as reflected in the Outstanding Equity Awards at 2013 Fiscal Year-End table above.

In the event that an executive officer is terminated for cause or as a result of death, we would be obligated to pay full base salary and other benefits, including any unpaid expense reimbursements, through the date of termination, and would have no further obligations to the executive officer. In the event that an executive officer is unable to perform duties as a result of a disability, we would be obligated to pay full base salary and other benefits until employment is terminated and for a period of twelve months from the date of such termination.

The table below reflects the amount of compensation payable to each named executive officer in the event of termination of such executive's employment, pursuant to such executive's employment agreement. The amounts shown assume that such termination was effective as of December 31, 2013 and thus includes amounts earned through such time and are estimates of the amounts that would be paid out to executives upon their termination.

Table of Contents**Director Compensation Table for 2013**

The following table summarizes compensation paid to our non-employee Directors in 2013:

Name(a)	Fees Earned or Paid in Cash \$(b)	Option Awards \$(1)(d)	Total \$(h)
Lee E. Babiss	\$ 58,250	\$ 41,400	\$ 99,650
Ismail Kola	\$ 42,000	\$ 41,400	\$ 83,400
Lorin J. Randall	\$ 68,500	\$ 41,400	\$ 109,900
Kenneth H. Traub	\$ 50,000	\$ 41,400	\$ 91,400
Jack L. Wyszomierski	\$ 56,000	\$ 41,400	\$ 97,400

(1) Amounts in column (d) do not necessarily reflect compensation actually received by our Directors. The amounts in column (d) reflect the full grant date fair value of the equity awards made during the fiscal year ended December 31, 2013, in accordance with ASC 718.

Assumptions used in the calculation of these amounts are included in the notes to the 2013 audited consolidated financial statements included herein. The Directors had option awards outstanding as of December 31, 2013 for shares of Common Stock as follows: Lee Babiss 135,000; Ismail Kola 135,000; Lorin Randall 90,000; Kenneth Traub 60,000; and Jack Wyszomierski 135,000.

Under our Director compensation program for non-employee Directors, new Directors receive an initial stock option grant to purchase 50,000 shares (30,000 shares prior to September 2013) of Common Stock at fair market value on the date of grant, which vests at a rate of 50% in the first year (on a quarterly basis) and 25% in each of the two years (on a quarterly basis) thereafter.

Additionally, the non-employee Directors receive annually an option award to purchase 30,000 shares (15,000 shares prior to September 2013) of Common Stock at fair market value on the date of grant, which vests quarterly over a one-year period, with such anniversary awards issued in June of each year in connection with our annual stockholder meeting. In June 2013, Directors Babiss, Kola, Randall, Traub and Wyszomierski each received an anniversary stock option award of 15,000 shares. In September 2013, the Compensation Committee recommended, and the Board of Directors approved, an increase to the initial option award and the anniversary option award for a non-employee Director to 50,000 and 30,000 shares, respectively, after engaging Arnosti to conduct a market and peer analysis. As a result, each of Directors Babiss, Kola, Randall, Traub and Wyszomierski received an incremental anniversary stock option award of 15,000 shares in September 2013. The incremental awards vest over a one-year period beginning June 2013, on a quarterly basis. All initial and anniversary stock option awards granted to non-employee Directors have a term of ten years and upon the termination of the Director's service, the Director has 18 months in which to exercise the vested portion of his options prior to forfeiture.

Our Directors receive annual cash compensation retainers as set forth below, effective October 1, 2013:

Board Member	\$ 40,000
Lead Director	\$ 25,000
Audit Committee Chairman	\$ 15,000
Audit Committee Member	\$ 7,500
Compensation Committee Chairman	\$ 10,000
Compensation Committee Member	\$ 5,000
Nominations and Corporate Governance Committee Chairman	\$ 10,000
Nominations and Corporate Governance Committee Member	\$ 5,000

Prior to October 1, 2013, we did not appoint a lead director, and the annual retainers for the chairman and members of the Nominations and Corporate Governance Committee were \$6,000 and \$3,000, respectively. These annual retainers are paid in quarterly installments and Directors are reimbursed for reasonable out-of-pocket expenses incurred while attending Board and committee meetings.

Table of Contents**BENEFICIAL OWNERSHIP OF COMMON STOCK**

The following table sets forth certain information known to us regarding the beneficial ownership of our common stock as of February 28, 2014 (unless otherwise indicated below) by:

each person known by us to beneficially own more than 5% of our common stock;

each of our Directors;

each of the executive officers named in the Summary Compensation Table; and

all of our Directors and executive officers as a group.

We have determined beneficial ownership in accordance with the rules of the SEC. In computing the number of shares beneficially owned by a person and the percentage ownership of that person, shares of common stock that could be issued upon the exercise of outstanding options and warrants held by that person that are exercisable within 60 days of February 28, 2014 are considered outstanding. These shares, however, are not considered outstanding when computing the percentage ownership of each other person.

Percentage ownership calculations for beneficial ownership for each person or entity are based on 76,633,698 shares of common stock outstanding as of February 28, 2014.

Except as indicated in the footnotes to this table and pursuant to state community property laws, each stockholder named in the table has sole voting and investment power for the shares shown as beneficially owned by them.
