FRANK S INTERNATIONAL N.V.

Prins Bernhardplein 200, 1097 JB Amsterdam

The Netherlands

To the shareholders of Frank s International N.V.:

You are cordially invited to attend a special meeting in lieu of an annual meeting of the shareholders of Frank s International N.V. (the Company) to be held on January 23, 2015, at 2:00 p.m. Central European Time (CET), at J.J. Viottastraat 52, 1071 JT, Amsterdam, The Netherlands (the Special Meeting). The Special Meeting has been called by the Company s board of managing directors (the Management Board) and the Company s board of supervisory directors (the Supervisory Board). At this meeting, you will be asked to consider and vote upon the following proposals:

1. To elect William B. Berry to the Supervisory Board to serve until the Company s annual meeting of shareholders in 2015; and
2. To transact such other business as may properly come before the Special Meeting or any adjournment thereof.

Following Mr. Berry s election to the Supervisory Board, I intend to resign as the Company s Chief Executive Officer and President and the Management Board and the Supervisory Board will appoint Gary P. Luquette, a current member of the Supervisory Board and Audit Committee, as Chief Executive Officer and President. The Supervisory Board will also appoint Mr. Berry as a member of the Audit Committee. Following my resignation as the Company s Chief Executive Officer and President, I will serve in an officer capacity as Executive Chairman of the Supervisory Board.

Your vote is very important. Holders of the Company s shares of common stock, each with a nominal value of 0.01 (the Common Stock), and shares of series A convertible preferred stock, each with a nominal value of 0.01 (the Preferred Stock), are entitled to vote on the matters before the Special Meeting. Even if you plan to attend the Special Meeting, the Company urges you to promptly vote your shares of Common Stock or Preferred Stock in advance of the Special Meeting. You will retain the right to revoke your proxy at any time before the vote, or to vote your shares of Common Stock or Preferred Stock personally if you attend the Special Meeting. Voting your shares of Common Stock or Preferred Stock in advance of the Special Meeting will not prevent you from attending the Special Meeting and voting in person. Please note, however, that if you hold your shares of Common Stock or Preferred Stock through a broker or other nominee, and you wish to vote in person at the Special Meeting, you must obtain from your broker or other nominee a proxy issued in your name.

I urge you to review carefully the proxy statement, which contains detailed descriptions of the election of Mr. Berry to the Supervisory Board, the proposal to be voted upon at the Special Meeting.

Sincerely,

Donald Keith Mosing

Chairman of the Supervisory Board, Director, Chief Executive

Officer and President

PROXY STATEMENT

SPECIAL MEETING OF SHAREHOLDERS

December 22, 2014

This proxy statement is being furnished to you in connection with the solicitation of proxies by the Management Board and the Supervisory Board of the Company for use at Company's Special Meeting. When used herein, references to the Company's shareholders includes both holders of the Company's Common Stock and Preferred Stock. This proxy statement and the accompanying form of proxy are first being mailed to the Company's shareholders of record as of December 26, 2014 on or about January 5, 2015.

QUESTIONS AND ANSWERS

Shareholders are urged to read carefully this proxy statement in its entirety. FOR ADDITIONAL COPIES OF THIS PROXY STATEMENT OR PROXY CARDS, OR IF YOU HAVE ANY QUESTIONS ABOUT THE SPECIAL MEETING OR NEED ASSISTANCE VOTING, PLEASE CONTACT INVESTOR RELATIONS AT (713) 358-7343.

Q: When and where is the Special Meeting?

A: The Special Meeting will be held on January 23, 2015, at 2:00 p.m. CET, at J.J. Viottastraat 52, 1071 JT, Amsterdam, The Netherlands.

Q: Who is soliciting my proxy?

A: The Management Board and the Supervisory Board are sending you this proxy statement in connection with their solicitation of proxies for use at the Company's Special Meeting.

Q: Who is entitled to vote at the Special Meeting?

A: All shareholders who own shares of Common Stock or Preferred Stock as of the record date, December 26, 2014, are entitled to vote the shares of Common Stock or Preferred Stock that they hold as of that date. Each shareholder that attends the Special Meeting in person may be asked to present valid picture identification, such as a driver's license or passport.

Each shareholder of the Company's Common Stock is entitled to one vote for each share of Common Stock owned by them on the record date, December 26, 2014, on all matters to be considered. Each shareholder of the Company's Preferred Stock is entitled to one vote for each share of Preferred Stock owned by them on all matters to be considered. The holders of shares of Common Stock and Preferred Stock will vote together as a single class. On December 15, 2014, 154,274,329 shares of Common Stock and 52,976,000 shares of Preferred Stock were outstanding.

Q: What vote is required to approve the proposals?

A: The affirmative vote of a simple majority of the votes cast, with the shares of Common Stock and Preferred Stock that are represented either in person or by proxy at the Special Meeting being treated as a single class, is required to elect the supervisory director nominee at the Special Meeting.

Through their ownership of Mosing Holdings, Inc. (Mosing Holdings) and FWW B.V. (FWW), the Mosing family currently controls approximately 80% of the voting power entitled to vote at the Special Meeting. Accordingly, the Mosing family has the requisite voting power to ensure the election of the supervisory director nominee.

Table of Contents

There is no required quorum under Dutch law for shareholder action at a properly convened shareholder meeting. A properly executed proxy (for a holder as of the record date) submitted without voting instructions will be voted **FOR** the election of the supervisory director nominee named in this proxy statement.

Q: How do I vote?

A: You may vote by any of the following four methods:

Internet. Vote on the Internet at www.proxyvote.com. This web site also allows electronic proxy voting using smartphones, tablets and other web-connected mobile devices (additional charges may apply pursuant to your service provider plan). Simply follow the instructions on the proxy card and you can confirm that your vote has been properly recorded. If you vote on the Internet, you can request electronic delivery of future proxy materials. Internet voting facilities will be available 24 hours a day and will close at 11:59 p.m. Eastern Standard Time (EST) on January 22, 2015, or 6:59 a.m. CET on January 23, 2015.

Telephone. Vote by telephone by following the instructions on the proxy card. Easy-to-follow voice prompts allow you to vote your shares of Common Stock or Preferred Stock and confirm that your vote has been properly recorded. Telephone voting facilities for shareholders will be available 24 hours a day and will close at 11:59 p.m. EST on January 22, 2015, or 6:59 a.m. CET on January 23, 2015.

Mail. Vote by mail by completing, signing, dating and returning your proxy card in the pre-addressed, postage-paid envelope provided. If you vote by mail and your proxy card is returned unsigned, then your vote cannot be counted. If you vote by mail and the returned proxy card is signed without indicating how you want to vote, then your proxy will be voted as recommended by the Board. If you mail in your proxy card, it must be received by the Company before the voting polls close at the Special Meeting.

Meeting. You may attend and vote at the Special Meeting.

The Board recommends that you vote using one of the first three methods discussed above, as it is not practical for most shareholders to attend and vote at the Special Meeting. Using one of the first three methods discussed above to vote will not limit your right to vote at the Special Meeting if you later decide to attend in person. If you are a beneficial owner of Common Stock or Preferred Stock held in street name, you must either direct your broker or other nominee as to how to vote your Common Stock or Preferred Stock, or obtain a legal proxy from your broker or other nominee to vote at the Special Meeting. Please refer to the voter instruction card provided by your broker or other nominee for specific instructions on methods of voting.

Even if you plan to attend the Special Meeting, please vote your proxy in advance of the Special Meeting using one of the methods above as soon as possible so that your shares of Common Stock or Preferred Stock will be represented at the Special Meeting if for any reason you are unable to attend in person.

Q: What do I do if I want to change my vote after I have already voted by proxy?

A: If you are a shareholder of record as of the record date, you may change or revoke your vote at any time before the voting polls close at the Special Meeting by:

voting at a later time by Internet or telephone until 11:59 p.m. EST on January 22, 2015, or 6:59 a.m. CET on January 23, 2015;

delivering a later-dated, executed proxy card to the address indicated in the envelope accompanying the proxy card;

Table of Contents

delivering a written notice of revocation of your proxy to the Company's Secretary at 10260 Westheimer Rd., Houston, Texas 77042; or

attending the Special Meeting and voting in person. Please note that attendance at the Special Meeting will not by itself (i.e., without also voting) revoke a previously granted proxy.

If you are a beneficial owner of Common Stock or Preferred Stock held in street name and you have instructed your broker or other nominee to vote your Common Stock or Preferred Stock, you must follow the procedure your broker or other nominee provides to change those instructions. You may also vote in person at the Special Meeting if you obtain a legal proxy from your broker or other nominee.

Q: If my shares of Common Stock or Preferred Stock are held in street name by my broker or other nominee, will my broker or other nominee vote my Common Stock or Preferred Stock for me?

A: Brokers who hold shares in street name for customers are required to vote shares in accordance with instructions received from the beneficial owners. Brokers are permitted to vote on discretionary items if they have not received instructions from the beneficial owners, but they are not permitted to vote (a broker non-vote) on non-discretionary items absent instructions from the beneficial owner. Brokers do not have discretionary voting authority with respect to the election of the supervisory director nominee. Neither abstentions nor broker non-votes will have any effect on the outcome of voting on the election of the supervisory director nominee because they are not considered votes cast. If any other business properly comes before the Special Meeting, your shares will be voted in accordance with the discretion of the holders of the proxy. The Supervisory Board knows of no matters, other than those previously stated, to be presented for consideration at the Special Meeting.

Q: Who covers the expense of the proxy solicitation?

A: The expense of preparing, printing and mailing these proxy materials and the proxies solicited hereby will be borne by the Company. In addition to the use of the mail, proxies may be solicited by employees of the Company, without additional remuneration, by mail, phone, fax or in person. The Company will also request brokerage firms, banks, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of the Company's shares of Common Stock and Preferred Stock as of December 26, 2014 and will provide reimbursement for the cost of forwarding the proxy materials in accordance with customary practice. Your cooperation in promptly voting your shares of Common Stock or Preferred Stock by following the instructions on the proxy card will help to avoid additional expense.

Q: Are dissenters' rights available to holders of Common Stock or Preferred Stock?

A: Subject to certain exceptions, Dutch law does not recognize the concept of dissenters' rights. Accordingly, dissenters' rights are not available to the holders of the Company's Common Stock or Preferred Stock with respect to matters to be voted upon at the Special Meeting.

Q: Who can I contact for further information?

A: If you have questions or need assistance voting, please contact Investor Relations at (713) 358-7343.

ITEM ONE ELECTION OF DIRECTOR

The Management Board and the Supervisory Board have nominated William B. Berry for election to the Supervisory Board, with a term beginning on January 23, 2015 to serve until the Company's 2015 annual meeting of shareholders or until his successors is elected and qualified or upon the earlier of his death, disability, resignation or removal. Biographical information for the nominee, as well as for the Company's current executive officers and directors, is contained in the section entitled Management.

Neither the Management Board nor the Supervisory Board has any reason to believe that its nominee will be unable or unwilling to serve if elected. If the nominee becomes unable or unwilling to accept nomination or election, the number of members of the Company's Supervisory Board will remain unchanged, but we expect that a meeting would be called to appoint a substitute nominee that the Management Board and the Supervisory Board recommend.

The affirmative vote of a majority of the votes, with the shares of Common Stock and Preferred Stock that are represented either in person or by proxy at the Special Meeting being treated as a single class, is required to elect the supervisory director nominee.

EACH OF THE MANAGEMENT BOARD AND THE SUPERVISORY BOARD UNANIMOUSLY RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE ELECTION OF THE SUPERVISORY DIRECTOR NOMINEE.

Table of Contents**MANAGEMENT****Board Structure**

The Company currently has a two-tier board structure, consisting of a Management Board and a Supervisory Board, each of which must consist of at least one member under the Company's Articles of Association (the "Articles").

Supervisory Board

Under Dutch law, the Supervisory Board's duties include supervising and advising the Management Board in performing its management tasks. The Supervisory Board exercises oversight of management with the Company's interests in mind. Assuming the shareholders elect the nominee as set forth in Item 1 Election of Director, the Company's Supervisory Board will consist of seven members, three of whom are members of the Mosing family, including the Company's current Chief Executive Officer.

In connection with Mr. Berry's election, Donald Keith Mosing, the Company's Chairman of the Supervisory Board, Director, Chief Executive Officer and President, intends to resign as the Company's Chief Executive Officer and President, and the Management Board and the Supervisory Board will appoint Gary P. Luquette, a current member of the Audit Committee, to that position. Mr. Berry is expected to replace Mr. Luquette as a member of the Audit Committee, in compliance with the requirements of the New York Stock Exchange and Rule 10A-3 under the Securities Exchange Act of 1934, as amended. Following his resignation as the Company's Chief Executive Officer and President, Mr. Mosing will serve in an officer capacity as Executive Chairman of the Supervisory Board.

Management Board

The Management Board's sole member is the Company's wholly owned subsidiary, Frank's International Management B.V. As a managing director, Frank's International Management B.V.'s duties include the management of the Company, consulting with the Supervisory Board on important matters and submitting certain important decisions to the Supervisory Board for its prior approval.

Executive Officers and Supervisory Directors

Set forth below are the names, ages and positions of the Company's executive officers, supervisory directors and the supervisory director nominee. All supervisory directors are elected for a term of one year or to serve until their successors are elected and qualified or upon earlier of death, disability, resignation or removal. All executive officers hold office until their successors are elected and qualified or upon earlier of death, disability, resignation or removal. If elected, the supervisory director nominee will serve until the Company's 2015 annual meeting of shareholders or until his successor is elected and qualified or upon the earlier of his death, disability, resignation or removal.

Donald Keith Mosing. Mr. Mosing serves as the Chairman of the Company's Supervisory Board, and as the Company's Chief Executive Officer and President. He founded the Company's international operations and formally organized the international business as a separate company in 1981, with Mr. Mosing serving as the initial and only Chairman, President and Chief Executive Officer. He began working for the family company in 1965 at age 14, establishing the Company's third office, the first outside of Louisiana, in 1974 when he opened our location in Alvin, Texas. Mr. Mosing then led the expansion of the Company's operations throughout Texas and Oklahoma, and completed the first international job in 1979. Throughout the following three decades, he led the further expansion of operations across North America and into South America, Asia, Europe, Africa, the Middle East and Australia, all while stressing the lessons that his grandfather, Frank Mosing, and father, Donald Mosing, taught him get the job done right the first time by focusing on the customer's needs, providing innovative solutions, and prioritizing safety.

Mr. Mosing attended the University of Louisiana at Lafayette and Embry-Riddle Aeronautical University, where he graduated with a Bachelor of Science degree. He was named Energy and Energy Services Entrepreneur of the year in 2003 by Ernst and Young and the Houston Business Journal; and in 2012, Mr. Mosing received the Alumni Philanthropy Award from Embry-Riddle Aeronautical University. Under his leadership, the Company has been listed as one of the Houston Business Journal's Fast 100 (the Houston area's fastest growing 100 private companies) for 2008, 2012 and 2013. Mr. Mosing is a member of the Society of Petroleum Engineers (SPE) and National Oil-Equipment Manufacturers and Delegate Society (NOMADS).

Mr. Mosing was selected as a supervisory director because he is the founder of the Company's international operations, a driving force behind the expansion of the Company's U.S. operations and because of his extensive experience and familiarity with the Company's business and customers. Mr. Mosing is the cousin of Kirkland D. Mosing and Steven B. Mosing.

Jeffrey J. Bird. Mr. Bird currently serves as the Company's Executive Vice President and Chief Financial Officer, a position he has held since December 2014. Prior to serving in his current position, Mr. Bird was the Vice President and Chief Financial Officer for Ascend Performance Materials, a provider of chemicals, fibers and plastics in Houston, Texas, since September 2010. Before joining Ascend, Mr. Bird served in a variety of accounting and finance roles primarily in the industrial manufacturing sector including serving as a division Chief Financial Officer at Danaher Corporation, a global science and technology company, from 2003 to 2007 and 2008 to 2010 and Oshkosh Corporation, a manufacturer of access equipment, specialty vehicles and truck bodies, from 2007 to 2008. Mr. Bird has a Bachelor of Arts degree in accounting from Cedarville University in Ohio.

W. John Walker. Mr. Walker currently serves as the Company's Executive Vice President, Operations, a position he has held since January 2014. Prior to serving in his current position, Mr. Walker was the Company's Vice President of International Operations since August 2012. Prior to serving in that position, Mr. Walker served as the Vice President of North America from 2004 to 2012, and he assumed the additional responsibilities of Vice President of Brazil in July 2009. Mr. Walker also served as the Regional Manager of the Asia Pacific and Middle East divisions from 1999 to 2003. Mr. Walker entered the North Sea oil industry and served in several technical and supervisory field roles. He attended Aberdeen Scotland Technical College in 1982 and studied Electrical and Electronic Engineering. Mr. Walker has over 29 years of industry experience and has held positions across the world, including in Europe, North Africa, the Asia-Pacific region and the Middle East.

John W. Sindors. Mr. Sindors currently serves as the Company's Executive Vice President, Administration, a position he has held since January 2014 and was interim Chief Financial Officer from July 2014 until December 2014. Prior to serving in his current position, Mr. Sindors served as the Company's Senior Vice President of Finance and Investor Relations since September 2013. Prior to joining the Company, Mr. Sindors was the Global Chief Executive Officer of Clarkson Capital Markets, an investment banking business focused on the global maritime, oil services and natural

resources sectors, from August 2008 to June 2013. Prior to that, Mr. Sindere served as a consultant for Clarkson Shipping Services from September 2007 to August 2009.

Table of Contents

Mr. Sinderson served as Chairman of the Board of Aston Martin of North America from February of 2007 to July of 2008. He was Managing Director of Global Maritime and Oil Services for Jefferies & Company from November 2001 to February 2007. Mr. Sinderson has also held senior banking positions at Jefferies & Company, RBC Dain Rausher and Howard Weil, where he advised a large number of oil services, exploration, production, and shipping companies. He has held several board positions in the energy and shipping industries. Mr. Sinderson received his Juris Doctor Degree from the University of Virginia's School of Law in 1979 and received his undergraduate degree in Government and Foreign Affairs from the University of Virginia in 1976, where he was a member of the Phi Beta Kappa Society. Mr. Sinderson was previously chairman of the audit committee for The Shaw Group and is a current member of the American Bureau of Shipping, a member of the Board for Mercator Lines Singapore, and a board member for the Children's Assessment Center in Houston.

Burney J. Latiolais, Jr. Mr. Latiolais currently serves as the Company's Senior Vice President, Business Development and Corporate Sales, a position he has held since February 2014. Prior to serving in his current position, Mr. Latiolais was the Company's Global Vice President of Drilling Tools and Specialty Products since 2012. Mr. Latiolais joined Frank's in 1993 and was promoted to Vice President of Sales and Services in 1995. Mr. Latiolais also serves as Chairman of Frank's International, LLC's I.P. Advisory Committee. He has been instrumental in the acquisition of numerous companies throughout his tenure, which include AOTools, LLC (formerly Antelope Oil Tools & Manufacturing Company) and Pilot Drilling Control, Ltd. (PDC). Additionally, he is listed on multiple patents as a result of his contributions to product development. His experience and foresight were instrumental in developing Frank's Cementation Division. He also played a key role in the development and marketing of many of the tools Frank's uses in providing tubular running services. Because of his efforts, Mr. Latiolais introduced Frank's to the world of down-hole tools with the creation of the Frank's International Drilling Technologies Division. Prior to joining Frank's, Mr. Latiolais was the Chief Executive Officer of La Tubing Testers and Centralizers, Inc.

C. Michael Webre. Mr. Webre currently serves as the Company's Vice President of Engineering, a position he has held since 2002. Mr. Webre has served in various capacities since first joining the Frank's corporate family in 1979, including Mechanical Engineer, Senior Mechanical Engineer and Engineering Manager. Mr. Webre received both his Bachelor of Science degree in Mechanical Engineering and Master of Science degree in Engineering Systems from the University of Louisiana at Lafayette. Mr. Webre is a licensed Professional Engineer and is a member of the Society of Petroleum Engineers, American Society of Mechanical Engineers and the American Welding Society.

Brian D. Baird. Mr. Baird currently serves as the Company's Vice President, Chief Legal Officer and Secretary, a position he has held since April 2005. Prior to joining Frank's International in 2005, Mr. Baird was Vice President, Chief Counsel and Secretary of Pantellos, a Houston-based supply chain services and electronic marketplace company owned by 20 of the largest publically owned electric utility companies. Earlier in his career, Mr. Baird practiced law with the law firms of Boyar & Miller from 1991 to 2001 and with Jenkins & Gilchrist from 1989 to 1991. He received both his Doctor of Jurisprudence in 1989 and his Bachelor of Business Administration degree in Finance in 1986 from the University of Texas. Mr. Baird's legal background is broad-based with emphasis on mergers and acquisitions, corporate finance, venture capital, technology and e-commerce, commercial real estate, oilfield services and general corporate law. For 2013, Mr. Baird served as President of the Houston Chapter of the General Counsel Forum, and has served on its Board of Directors since 2010.

Kirkland D. Mosing. Mr. Mosing was appointed to the Supervisory Board in connection with the Company's initial public offering in August 2013. Mr. Mosing has served as a technical sales representative for Frank's Casing Crew and Rental Tools, LLC (FCC) and has been involved in sales technical support efforts since 1986, with a focus on hammer sales, pipe sales and CRT tools in the Lafayette, Louisiana and Dallas, Texas areas. Mr. Mosing has a Doctor of Veterinary Medicine from Louisiana State University. Mr. Mosing was selected as a supervisory director because of his extensive experience and familiarity with the Frank's companies. Mr. Mosing is the cousin of Donald Keith Mosing

and Steven B. Mosing.

Table of Contents

Steven B. Mosing. Mr. Mosing was appointed to the Supervisory Board in connection with the Company's initial public offering in August 2013. Mr. Mosing has served on the board of directors for FCC and Frank's Tong Service, Inc. since 2000. Additionally, Mr. Mosing is currently a director of Shoreline Energy LLC, an independent exploration and production company. Mr. Brent Mosing began his career with Frank's full time in 1978 and has held various positions, including field sales, office sales, information technology and marketing. Mr. Mosing received his Bachelor of Science Degree in Economics from the University of Louisiana at Lafayette in 1978 and his Master of Business Administration from the Northwestern State University in 1993. Mr. Mosing was selected as a supervisory director because of his extensive experience and familiarity with the Frank's companies. Mr. Mosing is the cousin of Donald Keith Mosing and Kirkland D. Mosing.

Sheldon Erikson. Mr. Erikson was appointed to the Supervisory Board in connection with the Company's initial public offering in August 2013. Mr. Erikson served as the Chairman, President and Chief Executive Officer of Cameron International Corporation from the time of its creation in 1995 through 2008, and currently serves on Cameron International Corporation's board of directors. Prior to assuming his leadership role with Cameron, Mr. Erikson had a long and distinguished career in the energy and manufacturing sectors. He was Chairman of the Board, President and Chief Executive Officer of The Western Company of North America, an international petroleum service company engaged in pressure pumping, well stimulating and cementing and offshore drilling. Previously, he was President of the Joy Petroleum Equipment Group of Joy Manufacturing Company. Mr. Erikson is also a director of Endeavour International Corporation, an oil and gas exploration and production company; Rockwood Holdings, Inc., a company in the specialty chemicals and advanced materials businesses; General Partner of Red Rock Interests, a private company; and has been a director of Triton Energy Company and Spinnaker Exploration Company, both oil and gas exploration companies, Layne Christensen Co., a provider of services and related products for the water, mineral and energy markets, and NCI Building Systems, a provider of products and services for the construction industry. He also serves on the boards of the National Petroleum Council, American Petroleum Institute, National Ocean Industries Association and the Petroleum Equipment Suppliers Association, of which he is a past chairman. He also serves in positions of leadership in charitable and non-profit organizations, including The University of Texas MD Anderson Cancer Center and the Texas Heart Institute. He has an M.B.A. from the Harvard Graduate School of Business Administration and studied engineering and economics at the University of Illinois. Mr. Erikson was selected as a supervisory director because he has extensive experience in the oil and gas industry and serving on the boards of publicly traded companies.

Michael C. Kearney. Mr. Kearney was appointed to the Supervisory Board in November 2013. Mr. Kearney is currently a supervisory director for Core Laboratories, a position he has held since 2004, and is currently Chairman of the Core Laboratories Audit Committee. Mr. Kearney previously served as President and Chief Executive Officer of DeepFlex Inc., a privately held oil service company that manufactures flexible pipe used in offshore oil and gas production, from September 2009 until June 2013, and had served as the Chief Financial Officer of DeepFlex Inc. from January 2008 until September 2009. Mr. Kearney served as Executive Vice President and Chief Financial Officer of Tesco Corporation, a publicly held international oil service company, from October 2004 to January 2007. From 1998 until 2004, Mr. Kearney served as the Chief Financial Officer and Vice President Administration of Hydril Company, a manufacturer of products for petroleum drilling and production. Mr. Kearney received a Master of Science degree in Accountancy from the University of Houston as well as a Bachelor of Business Administration degree in Finance from Texas A&M University. Mr. Kearney was selected as a supervisory director because of his experience in the oil and gas industry and his experience serving on the board of directors of other companies.

Gary P. Luquette. Mr. Luquette was appointed to the Supervisory Board in November 2013. Mr. Luquette previously served as President of Chevron North America Exploration and Production Company, a position he held from April 2006 until his retirement in September 2013. Prior to serving as President of Chevron North America Exploration and Production Company, Mr. Luquette served as Managing Director of Chevron Upstream Europe from January 2003

until April 2006. Mr. Luquette has held several other positions since beginning his career with Chevron in 1978, including Vice President, Profit Center Manager, Advisor and Engineer.

Mr. Luquette graduated with a Bachelor of Science degree in civil engineering from the University of Louisiana at Lafayette in 1978 and is a former member of the American Petroleum Institute and former chair of the organization's Upstream Committee. Additionally, Mr. Luquette was a member of the Greater Houston Partnership's Executive Committee. He currently serves on the board of directors for the United Way of Greater Houston and is also a member of the board of directors of McDermott International, Inc. Mr. Luquette was selected as a supervisory director because of his experience in the oil and gas industry and his experience managing other public companies.

William B. Berry. Mr. Berry served as Executive Vice President, Exploration and Production, of ConocoPhillips Company (ConocoPhillips), a major international integrated energy company, from 2003 until his retirement on January 1, 2008. He has over 30 years of experience with ConocoPhillips and Phillips Petroleum Company, which became a part of ConocoPhillips in August 2002. While with these companies, he served at various times in other executive positions including President, Asia Pacific; Senior Vice President of Exploration and Production, Eurasia-Middle East; Vice President of Exploration and Production, Eurasia; and Vice President of International Exploration and Production, New Ventures. He has served on the boards of directors of Teekay Corporation since June 2011 and Continental Resources, Inc. since May 2014. He served on the boards of directors of Willbros Group, Inc. from February 2008 to May 2014, Nexen Inc. from December 2008 to June 2013 and Access Midstream Partners, L.P. from June 2013 to June 2014. Mr. Berry holds a Bachelor of Science and Master of Science degree in petroleum engineering from Mississippi State University. Mr. Berry brings extensive domestic and international experience in the oil and gas exploration and production industry and management expertise to the Board. Mr. Berry also brings considerable director experience from his position as a director with several other companies involved in the energy industry. We believe Mr. Berry's extensive industry, management and director expertise qualify him to serve as a supervisory director.

Status as a Controlled Company

The Company has elected to be treated as a controlled company as that term is set forth in Section 303A of the NYSE Listed Company Manual. Under Section 303A of the NYSE Listed Company Manual, a listed company of which more than 50% of the voting power for the election of directors is held by an individual, a group or another company is considered a controlled company. The Mosing family currently controls approximately 80% of the combined voting power of the Common Stock and Preferred Stock. Accordingly, the Company is a controlled company as that term is defined in Section 303A of the NYSE Listed Company Manual.

Under the NYSE rules, a controlled company may elect not to comply with certain NYSE corporate governance requirements, including: (1) the requirement that a majority of its Supervisory Board consist of independent directors; (2) the requirement that it have a nominating and governance committee composed entirely of independent directors with a written charter addressing the committee's purpose and responsibilities; and (3) the requirement that it have a compensation committee composed entirely of independent directors with a written charter addressing the committee's purpose and responsibilities. Notwithstanding the Company's status as a controlled company, the Company remains subject to the NYSE corporate governance standard that requires the Company to have an audit committee composed entirely of independent directors.

If and when the Company ceases to be a controlled company, the Supervisory Board will be required to have a compensation committee and a nominating and governance committee, each with at least one independent director. Within 90 days of ceasing to be a controlled company, the Company will be required to have each of a compensation committee and a nominating and governance committee with a majority of independent directors, and within one year of ceasing to be a controlled company, the Company will be required to have fully independent compensation and nominating and governance committees and a majority of the Company's Supervisory Board must be comprised of independent directors.

Table of Contents

Committees of the Supervisory Board

The Company's Supervisory Board currently has two standing committees: the audit committee and the compensation committee. The compensation committee was formed in August 2014. The audit committee and the compensation committee have the composition and responsibilities described below. Currently, the Company has elected not to have a nominating and governance committee because it is a controlled company within the meaning of the NYSE corporate governance standards. The Company may decide in the future to create a nominating and governance committee or additional committees.

Audit Committee

The audit committee oversees, reviews, acts on and reports on various auditing and accounting matters to the Company's Supervisory Board, including: the selection of the Company's independent accountants, the scope of the Company's annual audits, fees to be paid to the independent accountants, the performance of the Company's independent accountants and the Company's accounting practices. In addition, the audit committee oversees the Company's compliance programs relating to legal and regulatory requirements. The Company has adopted an audit committee charter defining the committee's primary duties in a manner consistent with the rules of the SEC and the NYSE market standards, which is available at www.franksinternational.com.

Mr. Erikson, Mr. Luquette and Mr. Kearney are members of the audit committee and Mr. Kearney is the chairman of the audit committee. An audit committee financial expert is defined as a person who, based on his or her experience, possesses the attributes outlined in the rules and regulations of the SEC. The Supervisory Board has determined that each of Mr. Erikson and Mr. Kearney is an audit committee financial expert as defined by the rules and regulations of the SEC.

The Company has determined that each of Messrs. Erikson, Luquette, Kearney and Berry are financially literate as defined by the rules and regulations of the SEC.

Compensation Committee

The Company's compensation committee was formed in August 2014 and currently consists of Mr. Erikson, Mr. Luquette and Mr. Kearney, with Mr. Erikson serving as the chairman. The compensation committee has not held any meetings to date. If the supervisory director nominee is elected, we anticipate that he will replace Mr. Luquette on the compensation committee.

The compensation committee oversees, reviews, acts on and reports on various compensation matters to the Company's Supervisory Board, including: the compensation of the Company's executive officers, supervisory directors and management directors; the Compensation Discussion and Analysis included in the Company's proxy statement or Annual Report on Form 10-K and the Compensation Committee Report; compensation matters required by Dutch Law; and the discharge of the Supervisory Board's responsibilities relating to compensation of the Company's executive officers, supervisory directors and managing directors. The Company has adopted a compensation committee charter defining the committee's primary duties, which is available at www.franksinternational.com.

The compensation committee is delegated all authority of the Supervisory Board as may be required or advisable to fulfill the purposes of the compensation committee. The compensation committee may form and delegate some or all of its authority to subcommittees or to its chairman when it deems appropriate. Meetings may, at the discretion of the compensation committee, include other supervisory directors, members of the Company's management, consultants or advisors, and such other persons as the compensation committee believes to be necessary or appropriate.

Table of Contents

Director Independence

Rather than adopting categorical standards, the Supervisory Board assesses director independence on a case-by-case basis, in each case consistent with applicable legal requirements and the listing standards of the NYSE. After reviewing all relationships each director has with the Company, including the nature and extent of any business relationships between the Company and each director or director nominee, as well as any significant charitable contributions the Company makes to organizations where its directors serve as board members or executive officers, the Supervisory Board has affirmatively determined each of Messrs. Erikson, Luquette, Kearney and Berry have no material relationships with the Company and are independent as defined by Section 10A of the Securities Exchange Act of 1934, as amended (the Exchange Act) and by the corporate governance standards set forth by the NYSE and, to the extent consistent therewith, the Dutch Code. If Mr. Luquette is selected as the Company's Chief Executive Officer and President, he will no longer satisfy the independence tests of Section 10A of the Exchange Act and the NYSE.

Board and Committee Meetings

Upon completion of the Company's initial public offering in August 2013, the Company created a two-tier board structure. Following the creation of the two-tier board structure, the Supervisory Board held two meetings and the audit committee of the Supervisory Board held two meetings during 2013. During 2014, the Supervisory Board held four meetings and the audit committee of the Supervisory Board held five meetings. The Management Board has not held any meetings. During that time, each of the Company's supervisory directors attended at least 75% of the Supervisory Board meetings and the meetings of the committees on which that director served. The compensation committee of the Supervisory Board was formed in August 2014 and has not held any meetings. The Company's directors are encouraged to attend the annual meeting of shareholders. Each of the Company's supervisory directors attended the 2014 annual meeting of stockholders.

Selection of Supervisory Director Nominees and Shareholder Participation

Pursuant to the Company's Articles, supervisory directors are typically appointed at the annual general meeting of shareholders. The number of members of the Company's Supervisory Board is determined from time to time at a general meeting of shareholders upon a proposal by the Supervisory Board, but will not be greater than nine. Pursuant to the Company's Articles, the Mosing family has the right to make a binding recommendation of one director for nomination to the Supervisory Board for each 10% of the outstanding Common Stock and Preferred Stock, treated as a single class, they collectively beneficially own, up to a maximum of five directors.

The general meeting is free to appoint a supervisory director if no recommendation is made by the Mosing family within three months of a position becoming vacant. A recommendation submitted on time by the Mosing Family is binding. However, the general meeting may disregard the recommendation by the Mosing family if it adopts a resolution to that effect by a majority of no less than two-thirds of the votes cast, representing over one-half of the issued capital.

In evaluating supervisory director candidates, the Company assesses whether a candidate possesses the integrity, judgment, knowledge, experience, skills and expertise that are likely to enhance the Supervisory Board's ability to oversee and direct the Company's affairs and business, including, when applicable, to enhance the ability of committees of the Supervisory Board to fulfill their duties and the quality of the Supervisory Board's deliberations and decisions. In evaluating supervisory directors, the Company considers diversity in its broadest sense, including persons diverse in perspectives, personal and professional experiences, geography, gender, race and ethnicity. The Company will consider director candidates recommended by shareholders on the same basis as candidates recommended by the Supervisory Board and other sources. For a description of the procedures and qualifications

required to submit shareholder proposals, including for nominating directors, please see Shareholder Proposals. Other than as described above, the Company does not have a policy regarding consideration of director candidates submitted by shareholders.

Communications with Directors of the Company

The Supervisory Board welcomes questions or comments about the Company and its operations. Interested parties who wish to communicate with Supervisory Board, the non-employee or independent directors, or any individual director, may write to Frank's International N.V., 10260 Westheimer Rd., Houston, Texas 77042, Attention: Corporate Secretary. If requested, any questions or comments will be kept confidential to the extent reasonably possible.

Depending on the subject matter, the Corporate Secretary, will:

forward the communication to the director or directors to whom it is addressed;

refer the inquiry to the appropriate corporate department if it is a matter that does not appear to require direct attention by the Supervisory Board or an individual director; or

not forward the communication if it is primarily commercial in nature or if it relates to an improper or irrelevant topic.

Compensation Committee Interlocks and Insider Participation

None of the Company's executive officers serve on the board of directors or compensation committee of a company that has an executive officer that serves on the Company's Supervisory Board. No member of the Company's Supervisory Board is an executive officer of a company in which one of the Company's executive officers serves as a member of the board of directors or compensation committee of that company. If the supervisory director nominee is elected to the Company's Supervisory Board, it will consist of seven members, three of whom are members of the Mosing family, including the Company's Chief Executive Officer.

For the fiscal year ended 2013, Donald Keith Mosing, John W. Sinderson, Senior Vice President of Finance and Investor Relations (the position he held during the 2013 fiscal year) and the Company's Vice President, Personnel, Compensation & Benefits of U.S. Operations participated in deliberations concerning executive officer compensation, together with Kirkland D. Mosing and Steven B. Mosing (but without Donald Keith Mosing) with respect to Donald Keith Mosing's compensation. For certain related party transactions required to be disclosed regarding Donald Keith Mosing, Kirkland D. Mosing and Steven B. Mosing, please see Certain Relationships and Related Party Transactions.

In August 2014, the Supervisory Board established a compensation committee, consisting of Messrs. Erikson, Luquette and Kearney. If the supervisory director nominee is elected, we anticipate that he will replace Mr. Luquette on the compensation committee. We expect that the compensation committee will handle compensation matters for the fiscal year ending December 31, 2015.

Risk Oversight

The Supervisory Board is actively involved in oversight of risks that could affect the Company. This oversight function is conducted primarily through the audit committee, but the full Supervisory Board retains responsibility for general oversight of risks. The audit committee is charged with oversight of the Company's system of internal controls and risks relating to financial reporting, legal, regulatory and accounting compliance. The Company's Supervisory Board will continue to satisfy its oversight responsibility through full reports from the audit committee chair regarding the committee's considerations and actions, as well as through regular reports directly from officers responsible for

oversight of particular risks. In addition, the Company has internal audit systems in place to review adherence to policies and procedures, which are supported by a separate internal audit department.

Executive Sessions of the Supervisory Board

The non-management supervisory directors have regularly scheduled meetings in executive session. In the event that the non-management supervisory directors include supervisory directors who are not independent under the listing requirements of the NYSE, then at least once a year, there will be an executive session including

Table of Contents

only independent supervisory directors. Mr. Kearney, the supervisory director who presides at these meetings (the Lead Supervisory Director), was chosen by the Supervisory Board. The Lead Supervisory Director is responsible for preparing an agenda for the meetings of the independent supervisory directors in executive session.

Board Leadership Structure

Currently, Donald Keith Mosing serves as both the Company's Chief Executive Officer and Chairman of the Supervisory Board. We expect that Gary P. Luquette will assume the role of Chief Executive Officer and President and will also serve as a director if the supervisory director nominee is elected. While the Supervisory Board believes it is important to retain the flexibility to determine whether the roles of Chairman and Chief Executive Officer should be separated or combined in one individual, the Supervisory Board believes that the current Chief Executive Officer is the individual with the necessary experience, commitment and support of the other members of the Supervisory Board to effectively carry out the role of Chairman.

The Supervisory Board believes this structure promotes better alignment of strategic development and execution, more effective implementation of strategic initiatives and clearer accountability for the Company's success or failure. Moreover, the Supervisory Board believes that combining the Chairman and Chief Executive Officer positions does not impede independent oversight of the Company.

Code of Ethics for Chief Executive Officer, Chief Financial Officer, Controller and Certain Other Officers

The Company's Supervisory Board has adopted a Code of Ethics for its Chief Executive Officer, Chief Financial Officer and all other financial and accounting officers. Any change to, or waiver from, the Code of Ethics will be promptly disclosed as required by applicable U.S. federal securities laws and the corporate governance rules of the NYSE. A copy of the Company's Code of Ethics for its Chief Executive Officer, Chief Financial Officer, Controller and Certain Other Officers is available on the Company's website at www.franksinternational.com.

Code of Conduct

The Company's Supervisory Board has adopted a Code of Business Conduct and Ethics applicable to the Company's employees, supervisory directors, managing directors and officers, in accordance with applicable U.S. federal securities laws and the corporate governance rules of the NYSE. Any change to, or waiver from, this Code of Business Conduct and Ethics may be made only by the Company's Supervisory Board and will be promptly disclosed as required by applicable U.S. federal securities laws and the corporate governance rules of the NYSE. A copy of Company's Code of Business Conduct and Ethics is available on the Company's website at www.franksinternational.com.

Corporate Governance Guidelines

The Company's Supervisory Board has adopted corporate governance guidelines in accordance with the corporate governance rules of the NYSE. A copy of the Company's Corporate Governance Guidelines is available on the Company's website at www.franksinternational.com.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (this CD&A) provides information regarding the executive compensation program for the Company's principal executive officer, principal financial officer, and three other highest compensated executive officers at the end of the last completed fiscal year, plus one additional individual who would have been among the three highest compensated executive officers at the end of the fiscal year had he continued as an executive officer (the Named Executive Officers) and is intended to provide perspective regarding the Company's executive compensation program, including the philosophy, objectives, compensation processes, and key components of compensation.

The following individuals were Named Executive Officers as of December 31, 2013:

Donald Keith Mosing, Chairman of the Supervisory Board, Director, Chief Executive Officer (CEO) and President;

Mark G. Margavio, Vice President, Chief Financial Officer (CFO) and Treasurer;

W. John Walker, Vice President of International Operations;

C. Michael Webre, Vice President of Engineering;

Brian D. Baird, Vice President, Chief Legal Officer and Secretary; and

Robert R. Gilbert, our prior Executive Vice President and Chief Operating Officer U.S. Services and Pipe and Products.

Mr. Gilbert was no longer serving as an executive officer at the end of the 2013 year, but under SEC disclosure rules he is required to be disclosed as a Named Executive Officer for the 2013 year due to his role as an executive officer during the 2013 year. Mr. Walker was appointed as our Executive Vice President, Operations on January 27, 2014, but for purposes of this CD&A and the tables that follow, we will refer to him by the position that he held during the 2013 fiscal year. In addition, in 2014, Mr. Margavio stepped down from his role as Vice President, CFO, and Treasurer but remained an employee of the Company through December 31, 2014; Mr. John W. Sindors, our Executive Vice President, Administration, became our interim CFO from July 14, 2014 through November 30, 2014; and the Management Board appointed Mr. Jeffrey J. Bird to serve as our Executive Vice President and CFO, effective December 1, 2014. Since these actions took place in 2014, they are not reflected in the tables below, but they will affect which individuals are considered to be named executive officers in future years.

Although this CD&A focuses on the Company's executive compensation program during the last fiscal year, it also describes compensation actions taken before or after the 2013 fiscal year to the extent such discussion enhances the understanding of the Company's executive compensation disclosure.

Overview of Executive Compensation and our Compensation Process

As a private company in 2012 (and for the majority of 2013), the compensation arrangements with the Named Executive Officers were determined on an individual basis, generally based on negotiations between the individual and the CEO, and in consultation with the CFO, Mr. Gilbert, or Director of Human Resources when appropriate. The CEO's compensation arrangements were historically determined based on direct negotiations with the Board of Directors of Frank's International, Inc. (the FII Board), which consisted of Kirkland D. Mosing, Steven B. Mosing, and the Company's CEO, with the CEO abstaining from all discussions and decisions related to his own compensation. Pursuant to this process, the Named Executive Officers' compensation has generally been reviewed and adjusted on an annual basis.

Although the Company has not historically had a formal compensation committee, its CEO, CFO, Mr. Gilbert and the Director of Human Resources together have historically operated as an informal compensation committee, together with the FII Board (less the CEO) with respect to the CEO's compensation,

Table of Contents

for purposes of designing the Company's compensation program. Following the completion of the initial public offering, the Company became a controlled company within the meaning of the NYSE corporate governance standards. As a controlled company, the Company is not required to have a compensation committee composed entirely of independent directors and did not have such a formal compensation committee during 2013. Until the date that a formal compensation committee comprised entirely of independent directors was formed in 2014, the Company continued to rely on its informal compensation committee process (but with new members acting in that capacity, namely the CEO, Mr. John Sindors, and the Director of Human Resources), with the Supervisory Board acting in the place of the FII Board with respect to the CEO's compensation. In order to conform to best governance practices and to help streamline administration of our executive compensation program, in August of 2014 our Supervisory Board established a compensation committee comprised entirely of independent directors (the Compensation Committee) to, among other things, oversee the compensation arrangements described below. It is accordingly expected that the newly formed Compensation Committee will begin playing a more significant role in the compensation setting process for some or all of our Named Executive Officers.

The main components of the Company's executive compensation program have historically consisted of the following components, which are described in greater detail below:

base salary;

annual cash incentive awards;

deferred compensation and long-term incentive compensation;

severance benefits; and

limited perquisites.

As described in greater detail below, the annual cash incentive award program for the 2013 year consisted of annual discretionary cash bonuses, while the long-term incentive awards consisted of equity compensation awards from our LTIP (defined below) and discretionary Company contributions to the Frank's Executive Deferred Compensation Plan (the Deferred Compensation Plan). In addition, in 2013, three of the Named Executive Officers had employment agreements that provided for severance pay in the event of certain qualifying terminations of employment. However, in 2014, two of these Named Executive Officers' employment agreements were not renewed, though those officers continued in employment with the Company following such non-renewal.

The decisions regarding the various levels and forms of compensation for the Named Executive Officers have historically been made in the discretion of the CEO (in consultation with the other members of the informal compensation committee) with respect to the other Named Executive Officers and by the FII Board (now the Supervisory Board, and with recusal of the CEO) with respect to the CEO. Factors considered in making this determination have previously included overall market conditions, the CEO's or the applicable board's sense of the amounts necessary to remain competitive in the marketplace, the particular Named Executive Officer's collaboration and teamwork skills, and for certain of the Named Executive Officers, the financial performance of the business or geographical unit led by the Named Executive Officer as compared to the performance of the market in the industry.

Consideration has also historically been given to the compensation received by the individual in prior years relative to performance in those years versus the performance of the individual in the most recent fiscal year. Since the Company has not in years prior to 2013 provided any of the Named Executive Officers with grants of equity (and did not do so in 2013 other than with respect to special IPO grants of equity-based compensation awards), the Company has previously focused on annual bonuses and Deferred Compensation Plan contributions to incentivize short-term and long-term performance. While historical compensation decisions may have been based on more of a subjective assessment, it is anticipated that the Company's future compensation decisions will be guided by more qualitative and quantitative analysis and that the Company's Compensation Committee will play a central role in this decision making process on a going-forward basis.

Table of Contents**Impact of Compensation Consultant**

Through its informal compensation committee, at the time of the initial public offering, the Company began to analyze its executive compensation program with the goal of modifying it to be more suitable for a public company. To aid in this process, the Company engaged Meridian Consultants, LLC (Meridian), a nationally recognized compensation consulting firm with experience in assisting similar U.S. companies that provide services to the oil and gas industry. The Company has been working with Meridian to refine its executive compensation arrangements to ensure that (i) total executive compensation is in line with the executive compensation among the Company's peer group and (ii) overall compensation aligns the executives' interests with those of the Company's stockholders by tying a meaningful portion of each executive's cash and equity compensation to the achievement of performance targets and by including time-based vesting requirements in the long-term equity incentive compensation awards. The process of modifying the Company's executive compensation policies and practices is still being refined with the assistance of Meridian, but the Company has implemented certain changes during 2013 and 2014, and the Company expects to continue implementing new compensation decisions during the ongoing full transition into a public company. Messrs. Mosing, Gilbert, and Webre all had existing employment agreements in 2013, which were re-evaluated in 2014. Based on that evaluation, it was determined in 2014 that Mr. Mosing's employment agreement would be replaced with a new employment agreement and that the employment agreements with Messrs. Gilbert and Webre would not be renewed for successive terms (but their employment with the Company would continue). The decision to not renew the employment agreements with Messrs. Gilbert and Webre was made in consideration of the evolution of their roles, the fact that a significant form of their compensation payable upon qualifying terminations of employment had become tied to equity awards granted at the IPO, and the fact that their prior agreements required extensive revisions to respond to changes in law that came into effect years after the agreements were first entered into. The Company expects to continue to evaluate the role that employment agreements may play in the retention of our Named Executive Officers and may make further changes to this component of compensation in the future for certain of our Named Executive Officers. For additional detail regarding the terms of the current employment agreements, see Components of the Company's Compensation Program Severance Benefits and Potential Payments Upon Termination or a Change in Control.

Goals of the Compensation Program

The Company is focused on establishing an executive compensation program that is intended to attract, motivate, and retain key executives and to reward executives for creating and increasing the value of the Company. These objectives are taken into consideration when creating the Company's compensation arrangements, when setting each element of compensation under those programs, and when determining the proper mix of the various compensation elements for each of the Named Executive Officers. The Company periodically reevaluates whether its compensation programs and the levels of pay awarded under each element of compensation achieve these objectives. For example, the Company concluded that its decision to list its shares on a public stock exchange would change the duties and responsibilities of its executive officers and may change the group of companies with which it competes for executive talent such that a formal reevaluation was advisable.

To ensure the Company continues to meet its compensation objectives as a public company, it has been working with Meridian and using market data to develop an understanding of the current compensation practices among peers and to ensure that the executive compensation program will be benchmarked against peers within the industry. In furtherance of this goal, the Company has identified, with Meridian's assistance, an initial peer group consisting of the following 17 companies in order to create a broad sample for purposes of evaluating compensation practices:

C&J Energy Services, Inc.

Core Laboratories N.V.

Dresser-Rand Group Inc.

Table of Contents

Dril-Quip, Inc.

Exterran Holdings, Inc.

Forum Energy Technologies, Inc.

Helix Energy Solutions Group, Inc.

Hercules Offshore, Inc.

Hornbeck Offshore Services, Inc.

Lufkin Industries Inc. (subsequently acquired)

Newpark Resources, Inc.

Noble Corp

Oceaneering International, Inc.

Precision Drilling Corporation

Rowan Companies plc

RPC, Inc.

SEACOR Holdings Inc.

Meridian worked with the informal compensation committee to select this group of publicly traded companies from the same or similar industry and within a certain range of our annual revenue to serve as the Company's peer group for purposes of obtaining data regarding the compensation practices of peers. In order to ensure that the Company's total compensation program is competitive with its peers, in 2013 (i) the Company's informal compensation committee continued to evaluate the data regarding the compensation practices of the Company's peers and continued to approve targeting overall compensation of the Named Executive Officers (other than the CEO) at or near a certain percentile of the peer group companies, and (ii) the Supervisory Board (minus our CEO) continued to evaluate the CEO's overall compensation in a similar fashion, which targeted a different percentile of the peer group companies. In 2014, the

Supervisory Board began making the final determinations regarding the recommended specific allocation of the CEO's total targeted compensation among the various compensation elements, and the Supervisory Board also approved the allocation of the other Named Executive Officers' compensation elements. The Company expects that the recently appointed formal Compensation Committee will make these decisions on a going-forward basis for some or all of the Named Executive Officers.

The Company is also seeking to more closely align its executives' interests with those of shareholders through the use of long-term incentive plan awards, largely through grants of equity-based awards under our new LTIP. The Company feels that this reevaluation of its compensation programs and each of the elements of its compensation scheme is necessary to ensure that its programs continue to meet the objectives that have been set in the context of a growing, publicly traded company. This review may result in substantial changes to the Company's executive compensation programs, which will be disclosed when required in connection with their implementation.

Components of the Company's Executive Compensation Program

The employment agreements that the Named Executive Officers (other than Messrs. Baird, Margavio and Walker) have previously entered into provide for three principal elements of compensation: base salary, cash bonuses, and severance pay. Cash bonuses have been paid annually on a discretionary basis for each of the Named Executive Officers except Mr. Mosing, whose annual cash bonus has been paid pursuant to a specific formula based on Company performance measures. In addition, each of the Named Executive Officers is eligible

Table of Contents

to participate in the Deferred Compensation Plan, which provides for annual discretionary Company contributions that vest at the end of a five-year period. The Company believes this mix of compensation has historically aligned its executives' compensation with the Company's short-term and long-term goals. While the Company feels that the employment agreements have historically been beneficial to both the executive and the Company, the continued suitability of these employment agreements has been and is continuing to be evaluated, resulting in the non-renewal of employment agreements for Messrs. Gilbert and Webre in 2014, as described above, and which may result in the Company entering into new employment agreements with certain of its Named Executive Officers at some time in the future. In addition, in accordance with the Supervisory Board's review of Mr. Mosing's employment agreement in effect for 2013, it was determined that the then-existing employment agreement was no longer the appropriate vehicle to govern his employment, and this agreement was terminated with a new employment becoming effective October 30, 2014, as discussed in more detail below. The Compensation Committee intends to re-evaluate Mr. Mosing's compensation in connection with his new role.

Below is a description of each of the principal elements of the Company's compensation programs in effect as of the close of our most recent fiscal year and the Company's view on these elements. The Company recognizes that in connection with the review the Supervisory Board or Compensation Committee is undertaking with Meridian, the goals themselves and the methods of implementing those goals may change.

Base Salary

Each Named Executive Officer's base salary is a fixed component of compensation for each year for performing specific job responsibilities. It represents the minimum income a Named Executive Officer may receive in any year. Base salaries have typically been reviewed in September or October of each year for each Named Executive Officer based on Company performance, cost-of-living adjustments, and personal performance. Any resulting base salary adjustments have typically occurred in November. Base salaries are also re-evaluated at the time of any promotion or significant change in job responsibilities. Historically, base salary review has been made by the informal compensation committee for each of the Named Executive Officers other than the CEO and the CFO, by the CEO for the CFO, and by the FII Board (less the CEO) for the CEO. Under the terms of Mr. Mosing's employment agreement that was in effect for 2013, his base salary could be increased, but generally not decreased (except in response to unusual economic conditions and only if the reduction is consistent with the percentage reduction applied to other executive employees), following review and determination by the FII Board (which is now to be determined by the Supervisory Board), which review was historically required to occur annually or more frequently from time to time in the discretion of the FII Board. Under the terms of the employment agreements that were in effect in 2013 for Messrs. Gilbert and Webre, base compensation (defined as including salary, bonus, automobile allowance, and benefits accrued as of the effective date of the agreements) could not be reduced during any annual review except by mutual agreement of the parties. In November 2012, the annual base salary review resulted in implementation of the following base salary adjustments for each of the Named Executive Officers that were applicable to the 2013 year: \$750,023 for Mr. Mosing; \$295,743 for Mr. Margavio; \$343,446 for Mr. Walker; \$275,027 for Mr. Baird; \$366,446 for Mr. Webre and \$397,165 for Mr. Gilbert. The amounts set forth in the Summary Compensation Table below do not reflect salaries that are set for the year, but what is earned for that year; thus they may differ slightly from these amounts due to normal payroll practices. The base salaries that were initially set for the 2014 year are as follows: \$750,023 for Mr. Mosing (which is not an increase from his 2013 salary); \$304,615 for Mr. Margavio; \$400,115 for Mr. Walker; \$283,278 for Mr. Baird; \$377,439 for Mr. Webre; and \$409,080 for Mr. Gilbert. In 2014, the Supervisory Board approved an annual salary increase for Mr. Mosing to \$850,000, effective as of October 30, 2014. In addition, the CEO approved an annual salary increase for Mr. Walker to \$500,000 later in 2014 to correlate with his new role. In the future, the Company expects the Supervisory Board or Compensation Committee will review base salaries on an annual basis to determine if the Company's financial and operating performance, as well as the executive officer's personal performance, the cost of living factor, and any other factors that the Supervisory Board or Compensation

Committee deems appropriate to consider, support any adjustment to the executive's base salary.

Table of Contents***Cash Bonus***

The Company's annual bonus program is intended to reward executives for personal and Company performance. Generally, in determining the amount of each executive's annual bonus (other than the annual bonus for the CEO), the Company has previously considered Company growth and earnings for the year, as well as the employee's performance, the employee's past bonus compensation, and market compensation. While each of these factors has been taken into account, the CEO has historically had full discretion to award any level of annual bonus, including awarding no bonus, to each of the other Named Executive Officers. In contrast, Mr. Mosing's employment agreement for 2013 provided that his annual bonus would be equal to at least 2% of the Company's annual EBITDA, but the Supervisory Board, in consultation with Meridian, has evaluated this practice and determined that his annual bonus for 2014 should generally be expressed as providing for a payment equal to 1% of the Company's annual EBITDA if the Company reaches its EBITDA target for the year, but subject to reduction or increase based on the actual amount of EBITDA achieved at below threshold, threshold, target, and maximum levels (ranging from 80% to 120% of the annual EBITDA target, and resulting in a 0% to 1.5% of EBITDA payout, as applicable), subject to a further 20% reduction in payout if the Company's return on invested capital (ROIC) goal is not achieved for the year. For 2014, our CEO retains the discretion to provide for an annual bonus for each of the other Named Executive Officers that is performance-based and takes into account personal, departmental, and Company performance, with target bonus amounts set at a percentage of the executive's base salary. These changes were made to our annual bonus program in order to provide our Named Executive Officers with a bonus opportunity that is tied to a diversified set of metrics measuring the Company's performance while remaining competitive with our peers. It is expected that the Supervisory Board or Compensation Committee will continue to review the appropriate annual bonus arrangement to recommend for Mr. Mosing and potentially other Named Executive Officers going forward.

The determination of the amount of any annual bonus that will be paid to a Named Executive Office has historically been made by the CEO with respect to the other four Named Executive Officers and by the FII Board (which is now to be determined by the Supervisory Board) with respect to Mr. Mosing (subject, for 2013, to the minimum annual bonus required by Mr. Mosing's employment agreement that was then in effect). Other than with respect to Mr. Mosing, annual bonuses have historically been paid in November of each year, based on performance for the current fiscal year.

The Company intends to continue to provide annual incentive cash bonuses to reward achievement of financial or operational goals so that total compensation reflects actual Company and individual performance. Following the conclusion of the review by the Supervisory Board of the Company's compensation policies with data supplied by Meridian, the annual bonus program has changed, as described above, and may continue to evolve as we transition fully into a publicly traded company. As has been done with Mr. Mosing's annual bonus for 2014, the Company expects that its Supervisory Board or Compensation Committee may establish performance goals in future years (with threshold, target and maximum levels) to be used in determining cash bonuses that may become payable at threshold, target, and maximum amounts and which will align the executive officers' compensation with the performance of the Company as a whole.

Deferred Compensation Plan

The Company has historically offered long-term incentives to each of the Named Executive Officers other than Mr. Mosing (whose long-term incentives have historically been achieved through his ownership interests) through discretionary Company contributions under the Deferred Compensation Plan. These contributions vest in full after five years and serve as a long-term retention tool. Historically, each April, the informal compensation committee recommends for approval by the CEO the amount of the discretionary Company contribution to be made on behalf of each Named Executive Officer other than Mr. Mosing, and this amount is contributed to the applicable Named

Executive Officer's Deferred Compensation Plan account each May. Going forward, the Company expects that the Compensation Committee will make these determinations. While Mr. Mosing is eligible, under the terms of the Deferred Compensation Plan, to receive a Company contribution in the Company's discretion, the Company has not historically credited him with any such contributions under this plan, but this practice may change in the future.

Table of Contents

The Deferred Compensation Plan also allows each Named Executive Officer, including Mr. Mosing, to elect to defer a percentage of his compensation (defined as the Named Executive Officer's base salary, bonus, commission, and any other cash or equity-based compensation approved by the plan's administrative committee) until the executive's termination of employment or until a future date specified by the executive at the time of his deferral election.

To create additional incentives for the executive officers to continue to grow the Company, the Company has established the LTIP and an employee stock purchase plan intended to satisfy the requirements of section 423 of the Internal Revenue Code of 1986, as amended (the Code, and such plan, the ESPP). Both the ESPP and the LTIP were adopted by the Company's board and approved by stockholders prior to the completion of the initial public offering, although the ESPP is not expected to be operational until January 1, 2015. The Company believes that adding an equity component to the Company's compensation program is vital to align the executive officers' interests with equity holders' interests through shared ownership.

Long-Term Incentive Plan

Based on discussions with Meridian, on July 26, 2013, the Company's board of directors adopted, and stockholders approved, an omnibus long-term incentive plan (the LTIP) that provides for the grant of a variety of awards. In connection with the closing of the initial public offering, the Company's board granted pursuant to the LTIP restricted stock unit awards to certain employees (including the Named Executive Officers) that are key to the Company's operations. More specifically, concurrently with the Company's initial public offering in 2013, the board granted under the LTIP stock-settled Restricted Stock Units (RSUs) to officers and employees valued at an aggregate of \$78,000,000. An RSU is a notional share of the Company common stock that entitles the grantee to receive a share of common stock upon the vesting of the RSU or, in the discretion of the plan administrator, the cash equivalent to the value of a share of the Company's common stock. The 2013 awards included RSUs granted to the Named Executive Officers in the following amounts: for the CEO, an RSU award valued at \$25,000,000, with the number of RSUs subject to the award calculated based on the fair market value of the Company's Common Stock on the date of grant, resulting in an award of 1,136,364 RSUs; and for the remaining Named Executive Officers, including Mr. Gilbert (as well as other executive officers and employees serving as first-level vice presidents (the Officer Group)), RSU awards valued at a total of \$17,500,000 for the entire group (with the total number of RSUs granted to this group determined under the same formula as described above for the CEO, and with each executive officer's individual RSU allocation determined by the CEO, resulting in 113,636 RSUs being awarded to each Named Executive Officer. The initial RSU awards to the CEO and the Named Executive Officers (as well as the Officer Group) will vest 20% per year over the first three years, with the remaining 40% vesting on March 31, 2017. The initial RSU awards granted to other officers and employees will vest ratably over a three-year period. It is anticipated that any such equity awards granted to officers and outside directors in the future will be subject to time-based vesting. In 2014, the Supervisory Board determined a compensation philosophy that Mr. Mosing would be entitled to annual grants of RSUs with 3-year vesting terms, with the amount of each such annual grant determined by reference to the Company's EBITDA performance for the preceding fiscal year. Except as described above with respect to the initial grants made to the Named Executive Officers in connection with the Company's initial public offering, the Compensation Committee has not yet made final determinations as to the number of awards to be granted to Named Executive Officers in the future, when the awards will be granted, or the schedule on which the awards will become vested. We are in the process of establishing a grant policy for annual equity awards. The size of the awards described above and included in the tables below were specific to our initial public offering and are not representative of the annual awards that we expect to grant in the future.

Employee Stock Purchase Plan

As described above, prior to the completion of the Company's initial public offering, the board of directors adopted, and shareholders approved, an ESPP, in order to enable eligible employees (including the Named Executive Officers) to purchase shares of the Company's Common Stock at a discount following the effective

Table of Contents

date of the ESPP, which is expected to be January 1, 2015. Purchases will be accomplished through participation in discrete offering periods. This ESPP is intended to qualify as an employee stock purchase under section 423 of the Code. A maximum of 3,000,000 shares of the Company's Common Stock has been reserved for issuance under the ESPP, subject to appropriate adjustments to reflect changes in the Common Stock caused by certain events like stock splits or a change in control. The number of shares of stock that may be granted to any single participant in any single option period will be subject to certain limitations set forth in the plan.

Severance Benefits

In 2013, the Company maintained employment agreements with each of the Named Executive Officers other than Messrs. Margavio, Walker and Baird. Mr. Mosing's employment agreement for 2013 included an initial term of six years, with automatic extensions for additional one-year periods unless either party provided at least 90 days advance written notice of its intent to terminate the employment relationship as of the end of the term. Under this automatic renewal feature, Mr. Mosing's employment agreement had previously been extended through December 31, 2014 but was terminated in October 2014 in connection with his entering into a new employment agreement, effective October 30, 2014. Mr. Gilbert and Mr. Webre had previously entered into an employment agreement with an initial term of three years, with automatic extensions on a month-to-month basis until either party provided at least 10 days advance written notice of its intent to terminate the Agreement. These two executives have concluded their initial terms and were under monthly renewal in 2013 and part of 2014, but these agreements were also terminated in 2014, resulting in continued employment without employment agreements for each of Messrs. Gilbert and Webre.

The employment agreements for 2013 for these three Named Executive Officers contained certain severance protections that are described in more detail below in Potential Payments Upon Termination or a Change in Control. Generally, the executives who were a part of these agreements for fiscal 2013 were entitled to receive, upon a qualifying termination of employment, cash payments of up to three times the sum of the executive's base salary and bonus and continued medical care coverage for a specific post-termination period. In addition, Mr. Mosing was entitled to accelerated vesting of any outstanding incentive compensation or stock option awards. In connection with the review performed by Meridian, the Company has been evaluating and is currently still evaluating the matter of employment agreements and severance to determine whether new employment agreements for some or all of the Named Executive Officers other than Mr. Mosing will better serve the Company's goals and requirements on a going-forward basis. As described above, the Company entered into a new employment agreement with Mr. Mosing effective October 30, 2014 and is continuing to evaluate the matter with respect to the other Named Executive Officers.

Perquisites and Other Compensation Elements

The Company offers participation in broad-based retirement, health, and welfare plans to all employees. The Company currently maintains a plan intended to provide benefits under section 401(k) of the Code where employees are allowed to contribute portions of their base compensation into a retirement account (the 401(k) Plan). In 2013, the Company provided a matching contribution at the rate of 75% of the first \$4,000 deferred by an employee (*i.e.*, up to \$3,000 in matching contributions). The 401(k) Plan is designed to encourage all employees, including the participating Named Executive Officers, to save for the future.

The Company has historically provided limited perquisites for its Named Executive Officers. The Company generally believes that providing perquisites such as an automobile allowance, and in some cases, club dues, is an important component of compensation and necessary to compete for top management. In 2014, as part of the Supervisory Board's review of Mr. Mosing's compensation, it was determined that he would no longer receive an automobile allowance in light of increases in his base salary. The Company's perquisite practice is also being re-evaluated as part

of the compensation evaluation process with Meridian, so the perquisites offered to the Named Executive Officers in the future may change.

Table of Contents**Accounting and Tax Considerations**

Section 162(m) of the Code limits the deductibility of certain compensation expenses in excess of \$1,000,000 to certain of executive officers in any fiscal year. Compensation that is performance based is excluded from this limitation. For compensation to be performance based, it must meet certain criteria, including being payable only upon the attainment of predetermined, objective performance goals based upon performance criteria approved by the Company's stockholders and having such goals be established and the attainment of which certified by a committee of the Supervisory Board that consists only of outside directors. While the tax impact of any compensation arrangement is one factor to be considered, such impact is evaluated in light of the Company's overall compensation philosophy and objectives. The Company believes that maintaining the discretion to evaluate the performance of executive officers is an important part of the Company's responsibilities and benefits public stockholders, and therefore, the Company may award compensation to the Named Executive Officers that is not fully deductible if it is determined that such compensation is consistent with the Company's compensation philosophy and benefits stockholders. Regardless, section 162(m) of the Code provides that certain compensation of corporations which are privately held and which become publicly held in an initial public offering will not be subject to the deduction limitations of section 162(m) for a transition period following such initial public offering. It is anticipated that the Company's annual bonuses and certain awards of equity compensation may satisfy the requirements of this exception during the transition period.

Section 409A of the Code requires that nonqualified deferred compensation be deferred and paid under plans or arrangements that satisfy the requirements of the statute with respect to the timing of deferral elections, timing of payments, and certain other matters. Failure to satisfy these requirements can expose employees and other service providers to accelerated income tax liabilities and penalty taxes and interest on their vested compensation under such plans. Accordingly, as a general matter, it is the Company's intention to design and administer its compensation and benefits plans and arrangements for all employees and other service providers, including the executive officers, so that they are either exempt from, or satisfy the requirements of, section 409A of the Code.

Any equity awards that may be granted to our employees, including executive officers, pursuant to the long-term incentive plan the Company has adopted in connection with the initial public offering will be reflected in the Company's consolidated financial statements, based upon the applicable accounting guidance, at fair market value on the grant date in accordance with FASB Accounting Standards Codification, Topic 718, Compensation - Stock Compensation.

Risk Assessment

The Company's board of directors has reviewed the Company's compensation policies as generally applicable to employees and believes that these policies do not encourage excessive and unnecessary risk-taking and that the level of risk that they do encourage is not reasonably likely to have a material adverse effect on the Company. In addition, the following specific factors, in particular, reduce the likelihood of excessive risk-taking:

the Company's overall compensation levels are competitive with the market; and

the Company's compensation mix is balanced among (i) fixed components, like salary and benefits, and (ii) annual incentives that reward the Company's overall financial and business performance, business unit financial performance, operational measures, and individual performance.

In summary, although a portion of the compensation provided to the Named Executive Officers may be based on the Company's performance and on the individual successes of the employee, the Company believes its compensation programs do not encourage excessive and unnecessary risk-taking by executive officers (or other employees) because these programs are designed to encourage employees to remain focused on both short- and long-term operational and financial goals of the Company. Further, facets of compensation that incentivize these

Table of Contents

executives but mitigate risk-taking has been and will continue to be one of the many factors considered by the Compensation Committee and the Supervisory Board (as applicable) during its review of the Company's compensation programs and during the design of new programs that have become, or may yet become, effective in connection with the Company's transition to being a publicly traded company. In the future, the Compensation Committee or the Supervisory Board will seek to ensure that any changes made to the compensation programs following the completion of the Company's initial public offering do not encourage excessive and unnecessary risk-taking and that any level of risk that they do encourage is not reasonably likely to have a material adverse effect on the Company.

Stock Ownership Guidelines

Stock ownership guidelines have not currently been implemented for our Named Executive Officers or directors. We will continue to periodically review best practices and re-evaluate our position with respect to stock ownership guidelines.

Narrative Description to the Summary Compensation Table and the Grants of Plan-Based Awards Table for the 2013 Fiscal Year

Employment Agreements. As noted above, three of the Named Executive Officers were party to an employment agreement with the Company as of the end of the 2013 fiscal year. Under these employment agreements, Messrs. Mosing, Gilbert, and Webre were entitled to certain base salary, annual bonus payment, and perquisite protections. For example, in each of these employment agreements, the Named Executive Officer's base compensation could generally be increased but not decreased during the term of the employment agreements. For this purpose, base compensation was defined in the employment agreements of Messrs. Gilbert and Webre as including the executive officer's salary, annual bonus, automobile allowance, and other accrued benefits as of the effective date of the agreement. In addition, Mr. Mosing's employment agreement provided for an annual bonus that was equal to 2% of the Company's EBITDA for the year, which annual bonus could never be less than the percentage of base salary awarded to any other executive officer as a bonus for the same year. As described more fully above, in 2014, the Company terminated the prior employment agreements with each of Messrs. Mosing, Gilbert, and Webre and entered into a new employment agreement with Mr. Mosing. Further, the Supervisory Board has reevaluated the annual bonus practice with respect to

Table of Contents

Mr. Mosing's annual bonus for 2013 and made significant changes effective for 2014, and it is expected that the Supervisory Board will continue to evaluate this practice and may make further revisions as it determines the appropriate bonus arrangement to recommend for Mr. Mosing going forward. Finally, each of these executive officers was also entitled to a monthly automobile allowance under their employment agreements in effect for 2013; however, as described above, for Mr. Mosing, this automobile allowance was removed from his new employment agreement entered into in 2014.

Grants of Plan Based Awards. The RSUs granted to the Named Executive Officers in 2013 under our LTIP are subject to a vesting schedule that will vest the awards 20% per year over the first three years, with the remaining 40% vesting on March 31, 2017. The RSUs may also be accelerated upon certain terminations of employment or our change in control, as described in more detail below in Potential Payments Upon Termination or a Change in Control.

Mr. Mosing's non-equity incentive plan award has been described in greater detail above in the CD&A.

Salary and Bonus in Proportion to Total Compensation. The table below reflects the portion of salary and discretionary bonus amounts that each Named Executive Officer received in proportion to his total compensation for the 2013 year:

- (4) This column reflects the aggregate withdrawals or distributions from the plan for each Named Executive Officer in 2013.
- (5) This column reflects the dollar amount of the total balance in each Named Executive Officer's account under the plan as of the end of 2013. Some of these amounts are attributable to Company contributions and therefore remain subject to the vesting requirements described in Note 2 to this table above. The amounts in this column that were previously reported in the Summary Compensation Table for each executive are as follows: Mr. Mosing, \$1,165,982 for 2013 and \$761,280 for 2012; Mr. Margavio, \$225,323 for 2013 and \$128,935 for 2012; Mr. Walker, \$737,299 for 2013 and \$551,881 for 2012; Mr. Baird, \$244,164 for 2013; Mr. Webre, \$232,122 for 2013 and \$112,367 for 2012; and Mr. Gilbert, \$257,954 for 2013 and \$195,795 for 2012.

The Frank's Executive Deferred Compensation Plan (the "Deferred Plan") became effective January 1, 2009. The Deferred Plan allows participants to elect to defer up to 75% of their base salary and up to 100% of bonus, commissions, or any such other cash or equity-based compensation as may be approved for deferral by the plan's administrative committee into the plan until a specified future date or a termination of employment. Amounts that a participant defers into the Deferred Plan will be 100% vested at all times. We (or an affiliate) may also provide contributions to the Deferred Plan on a participant's behalf, which will be accompanied by a vesting restriction that will last for a period of five years. However, vesting will be accelerated in the event of a participant's death, his disability, our change in control, or an involuntary termination from service without cause (each term as defined below in the section titled "Potential Payments Upon Termination or a Change in Control"). If the participant's employment is terminated for cause, or we determine that a participant has violated an agreement with us that contained non-competition or non-solicitation restrictions, the participant shall forfeit all unpaid contributions (as well as earnings thereon) that we contributed to the Deferred Plan on his behalf.

If a participant chooses to receive his account balance on a specified future date, the participant may choose to receive a lump sum payment on that date or a series of two to five installment payments that begin on that date. If a participant elects to receive his account balance upon a termination from service, all amounts other than company contributions will be paid in a single lump sum, while amounts credited to his account by us will be paid in five annual installments; however, in the event that the separation from service occurs within twenty-four months of a change in control, the amount will be paid in a single lump sum. A participant may also choose to receive his account upon his retirement, where he can choose from a single lump sum or from a series of two to ten installment payments. Payments from the Deferred Plan upon a participant's death or disability will be paid in a single lump sum payment. The Deferred Plan will allow for earlier payments, however, in the event that a participant incurs an unforeseen emergency that may not be covered by insurance or by a liquidation of the participant's assets (to the extent such a liquidation would not cause a substantial hardship in itself), or if necessary to comply with a domestic relations order.

While the participant has an account in the Deferred Plan, the participant may choose to deem his account invested in one or more of the investment options the Deferred Plan's administrator has chosen for the plan, which may include our common stock. The deemed investment options are selected by the plan's administrative committee, which can add or remove deemed investment options from the plan's menu from time to time. Participants can select and change their deemed investment allocations at any time.

Potential Payments Upon Termination or a Change in Control***2013 Employment Agreements***

Under the terms of Mr. Mosing's employment agreement that was in effect as of December 31, 2013, upon a termination by the Company without "good cause" (as such term is defined below), the executive was entitled to continue to receive his full salary and benefits (including payment of any annual bonuses) for a period of three years following his termination date, and any outstanding incentive or stock option awards held by the executive would become immediately vested. If Mr. Mosing's employment were terminated by the Company without good cause within the two-year period following a "change in control" (as such term is defined in the agreement), or if Mr. Mosing were to terminate employment following a change in control on account of certain events that constitute good reason under the employment agreement, then (a) he would be entitled to receive a cash lump sum payment equal to three times the amount of his base salary for the year of the termination, plus three times the amount of his prior year bonus payment (which bonus amount shall be deemed to equal one-fourth of the executive's base salary for the year in the event no bonus was awarded for the prior year), (b) he would receive continued medical care coverage (including for any covered spouse and/or dependents) for a period of three years following his termination of employment (or until the executive becomes employed by another employer sponsoring a medical plan, if earlier), along with a tax gross-up for

any taxable medical benefits, and (c) any outstanding incentive compensation or stock option plan awards held by Mr. Mosing would become immediately vested.

Table of Contents

In the event that Mr. Mosing's employment were terminated due to his death, he (or his estate) would be entitled to receive the compensation, including any bonus that was earned but not yet paid as of his death, that would have become payable to him during the one year period following his death. The Company would also provide his dependents with medical insurance and other benefits to which they would have been entitled to in the same one year period.

Under his employment agreement in effect for 2013, Mr. Mosing would have been subject to customary non-competition and non-solicitation restrictions for a one year period following his termination of employment with us for any reason.

The employment agreements that were in effect with Messrs. Gilbert and Webre at the end of the 2013 fiscal year (the 2013 employment agreements) provided for a severance payment equal to three (3) times the sum of the executive's base salary, automobile allowance, annual bonus, and benefits accrued on the effective date of the agreement, payable upon a termination of employment by the Company without cause (as such term is defined below), plus payment of COBRA premiums for 12 months following the termination of employment. If the executive were to resign for good reason (as such term is defined below) within three years following a change of control (as such term is defined below), he would be entitled to continue receiving his base compensation in accordance with the Company's standard payroll practices until the earlier of 12 months following termination of employment or the date that the executive commenced full-time employment with another employer (and would also receive payment of COBRA premiums during this same period). If the executive's employment were to be terminated due to his death or disability (as such term is defined in the employment agreement), he would be entitled to a lump sum payment equal to his pro-rata portion of the annual bonus for the year of such termination, based on his length of service in such year.

The following terms are defined under the employment agreements that were in effect for Messrs. Mosing, Gilbert, and Webre at the close of 2013 fiscal year, as described below:

Good Cause includes the following circumstances under Mr. Mosing's 2013 employment agreement, if such circumstances (other than item (a) below) are not cured within 10 business days following written notice from the board that describes the failure in reasonable detail and indicates the steps the employer requires as part of its cure: (a) conviction of either a felony involving moral turpitude or any crime in connection with the executive's employment with the Company that causes the Company a substantial detriment (does not include traffic offenses), (b) actions or inactions that clearly are contrary to the Company's best interests; (c) the executive's willful failure to take lawful actions that are necessary for implementation of any policies established by the board that have been communicated to the executive in writing or that are reflected in the meeting minutes of any board meeting that executive has attended; (d) the executive's continued failure to attend to his duties as an executive officer, following written notice from the board regarding this failure; or (e) any condition that resulted from the executive's substantial dependence on alcohol, any narcotic drug, or any other controlled or illegal substance.

Cause includes the following circumstances under the 2013 employment agreements for each of Messrs. Gilbert and Webre: (a) misconduct; (b) misappropriation of the Company's assets; (c) conviction of, or a plea of guilty or no contest to, any felony under any federal or state laws; (d) commission of the act of any fraud against or appropriation of any property belonging to the Company; (e) a material breach of any confidentiality or proprietary information agreement between the executive and the Company; and (f) continued unsatisfactory performance after being provided a written warning and at least 30 days to

improve performance.

Good reason shall exist under Mr. Mosing's 2013 employment agreement for a termination of employment if, following a change in control, any of the following were to occur, as compared to such circumstances existing prior to the change in control: (a) a reduction of the executive's base salary or potential bonus level or any incentive compensation or stock option plan benefit; (b) a relocation of the executive's office (or of the principal executive office) to a location that is more than 35 miles from the prior location; (c) requiring the executive to travel to a substantially greater extent to perform the same

Table of Contents

duties; (d) failing to provide the executive with substantially equivalent benefits as those enjoyed by the executive under the Company's health and welfare programs, disability plans, and incentive compensation or stock option plans in which the executive was previously participating; (e) materially reducing any such benefits or depriving the executive of any material fringe benefit enjoyed by the executive; (f) failing to provide the executive with at least the same number of paid vacation days to which the executive is entitled on the basis of years of service (giving credit for time served at prior employers); or (g) the executive's voluntary termination of employment within two years following the change in control as a result of the executive's good faith determination that as a result of the change in control, the executive could no longer adequately exercise the authorities, functions, or duties attached to the executive's position as an executive officer of the Company.

Good reason under the 2013 employment agreements of Messrs. Gilbert and Webre included a resignation within 60 days of any of the following events (a) a reduction in salary or bonus; (b) a change in the executive's position with the Company or a successor company that substantially reduced the executive's duties or responsibilities; (c) a change in title without the express written consent of the executive; or (d) a requirement that the executive relocate his place of employment outside of the United States.

Disability for purposes of the 2013 employment agreements for Messrs. Gilbert and Webre was defined to include the executive's inability to carry out his material duties under the agreement for more than six months in any 12 consecutive month period as a result of his incapacity due to mental or physical illness or injury.

Change in control for purposes of Mr. Mosing's 2013 employment agreement generally included (a) the obtaining by any party or group of 50% or more of the Company's voting shares pursuant to a tender offer; (b) members of the board failing to constitute a majority of the members of the board following a shareholder meeting that involves a contest for the election of directors; (c) the Company executing an agreement for the sale of all of its assets to an unrelated purchaser; (d) the Company adopting a plan of dissolution or liquidation; or (e) the Company entering into an agreement for a merger or consolidation in which it would not be the surviving corporation or in which less than 50% of the surviving corporation's outstanding voting stock would be held by the Company's prior shareholders.

Change of control for purposes of the 2013 employment agreements of Messrs. Gilbert and Webre was defined to include (a) the sale, transfer, or other disposition of all or substantially all of the assets of FCC, or (b) the public offering for sale of FCC's stock.

As described above in the CD&A, the employment agreements for each of Messrs. Mosing, Gilbert, and Webre were terminated in 2014, and effective as of October 30, 2014, a new employment agreement was entered into between the Company and Mr. Mosing. Therefore, the amounts described above no longer apply in 2014, and the applicable amounts payable under Mr. Mosing's new employment agreement for qualifying terminations of employment following October 30, 2014 will be disclosed when required.

Deferred Compensation Plan

Each of the Named Executive Officers is entitled to accelerated vesting of the amount of any unvested Company discretionary contributions that have been credited to the officer's account under the Deferred Compensation Plan upon the occurrence of the earliest of the death of the executive while actively employed, the disability of the executive, a

change in control, or an involuntary termination of employment other than for cause. For purposes of this accelerated vesting provision, the following definitions apply:

Disability means that the participant is, by reason of any medically determinable physical or mental impairment which can be expected to result in death or last for a continuous period of not less than 12 months: (a) unable to engage in any substantial gainful activity, or (b) receiving income replacement benefits for a period of not less than three months under one of our accident or health plans.

Table of Contents

Change in control for purposes of the Deferred Compensation Plan means a change in the ownership of the employer, a change in the effective control of the employer, or a change in the ownership of a substantial portion of the assets of the employer, all as defined under section 409A of the Code.

Cause means the participant's conviction of a felony or other crime; the participant's commission of any act against the Company constituting willful misconduct, dishonesty, fraud, theft, or embezzlement; the participant's failure to perform any material services, duties, or responsibilities or to comply with the policies or procedures established by the Company; the participant's breach of any agreement entered into with the Company prior to or within one year following a termination of employment; the participant's dependence on any addictive substance; the destruction of or material change to the Company's property caused by willful or grossly negligent conduct; or the willful engaging by the participant in any other conduct that is demonstrably injurious to the Company.

LTIP Awards (Restricted Stock Units)

The RSUs granted to the Named Executive Officers during 2013 will receive accelerated vesting upon a termination of employment due to death, disability, an involuntary termination, or a normal retirement. The awards will also accelerate in the event that we incur a change in control. As defined in the RSU award agreements, each of the terms have the following meaning:

Disability will be defined the same as in any applicable employment agreement for the executive. If the executive does not have an employment agreement, a Disability will be defined as the executive's inability to perform his duties or fulfil his obligations under the terms of his employment by reason of any medically determinable physical or mental impairment that can be expected to result in death or can be expected to last for a continuous period of not less than three months.

A Change in Control is generally defined in our LTIP as one of the following events: (i) the consummation of an agreement to acquire, or a tender offer for beneficial ownership of, 50% of more of either out then outstanding shares of common stock, or the combined voting securities that are entitled to vote in the election of directors; (ii) individuals who are on our board of directors on the effective date of our LTIP or any individuals whose election or appointment was approved by a majority of the board of directors as of that date (the Incumbent Board) cease to constitute a majority of the members of the board; (iii) a reorganization, merger or consolidation or sale or other disposition of all or substantially all of our assets, where following such transaction, (a) our outstanding common stock or voting securities are converted into or exchanged for securities which represent more than 50% of the then outstanding shares of securities of the entity resulting from the transaction, (b) no person beneficially owns 20% or more of the then outstanding securities of the entity resulting from the transaction, or (c) at least a majority of the members of the board of directors or similar governing body of the entity resulting from the transaction were members of the Incumbent Board at the time of the execution of the agreement leading to the transaction; or (iv) our stockholders approve our complete liquidation or dissolution.

An Involuntary Termination means a termination of employment without cause, or by the executive for good reason. The terms Cause and Good Reason shall have the same meaning as given in any applicable employment agreement (i.e., for 2013, for Messrs. Mosing, Webre and Gilbert). Otherwise, Cause shall

generally mean that the executive (i) has engaged in gross negligence, gross incompetence, or misconduct in the performance of his duties; (ii) has failed without proper legal reason to perform his duties and responsibilities; (iii) has breached any material provision of the award agreement or any written agreement or corporate policy or code of conduct established by us or our affiliates; (iv) has engaged in conduct that is, or could reasonably be expected to be, materially injurious to us or our affiliates; (v) has committed an act of theft, fraud, embezzlement, misappropriation, or breach of a fiduciary duty to us or our affiliates; or (vi) has been convicted of, pleaded no contest to, or received adjudicated probation or deferred adjudication in connection with a crime involving fraud, dishonesty, or moral turpitude or any felony (or a crime of similar import in a foreign jurisdiction).

Table of Contents

Good Reason (if not defined in an applicable employment agreement) will generally be found if the executive's base salary is materially decreased, there is a material diminution in his authority or responsibilities, or we require an involuntary relocation of his place of employment by more than 75 miles.

Retirement is defined as a termination of employment (other than an involuntary termination or a termination for cause) that occurs after the executive has reached the age of 59 ½ and provided at least two years of service to us or our affiliates following the grant date.

The following table quantifies the potential payments and benefits that the Company would provide to its Named Executive Officers in connection with a termination of employment and/or change in control, pursuant to the terms of the existing employment agreements that were in effect on December 31, 2013 for each of Messrs. Mosing, Gilbert, and Webre, the Deferred Compensation Plan, and the LTIP awards. Each value below represents our best estimate of the amount that could be paid upon the applicable scenario, but until an actual termination of employment or a change in control occurs, the Company cannot know with any certainty what value the executives would receive. In addition, as described above in our CD&A, the 2013 employment agreements for each of Messrs. Mosing, Gilbert, and Webre were terminated or non-renewed in 2014, and Mr. Mosing entered into a new employment agreement with us effective as of October 30, 2014; therefore, the amounts reflected below for such executives will differ in substantive ways from the amounts that will be reported in this table for later fiscal years. Stock prices were calculated based upon the closing price of our common stock on December 31, 2013 of \$27.00.

Table of Contents

- (1) Although the employment agreements for each of Messrs. Gilbert and Webre that were in effect in 2013 provided for a pro-rata annual bonus payment for the year of the executive officer's termination of employment by reason of death or disability, because such termination date is assumed for purposes of this table to be December 31, 2013, and bonuses for such year were already paid in full prior to such date, no amount is included in this column for payments made under the existing employment agreements for these executive officers.
- (2) The amounts reflected in this column for Mr. Mosing include a tax gross-up on his medical insurance premium payments, which was calculated assuming a 35% marginal tax bracket.
- (3) For purposes of calculating the potential payments to Mr. Mosing upon a qualifying termination of employment, the annual bonus payment received by Mr. Mosing with respect to 2013 would typically be used to calculate the severance amount for a termination by the Company without cause. In calculating the severance amount for a termination following a change in control, the annual bonus payment received by Mr. Mosing with respect to 2012 was used, as prescribed by the terms of his 2013 employment agreement, which require the prior year bonus amount to be included in the severance multiple for such circumstances.

Director Compensation

The Company's board believes that attracting and retaining qualified non-employee directors is critical to the Company's future value, growth, and governance. The Supervisory Board also believes that the compensation package for the Company's non-employee directors should require a significant portion of the total compensation to be equity-based to align the interests of these directors with the Company's stockholders. The Company, along with Meridian, has determined that the compensation program applicable to the non-employee directors should be comparable with the packages identified at the Company's peer group. Based on this decision, the director compensation program for the portion of 2013 that followed our initial public offering consisted of an annual retainer compensation package for the non-employee directors valued at approximately \$150,000, of which \$50,000 is paid in the form of an annual cash retainer, and the remaining \$100,000 was paid in 2014 in a grant of restricted stock units under the LTIP. In addition, the Company will pay the audit committee chairman and each audit committee member an annual amount of \$20,000 and \$10,000, respectively. In 2014, the Supervisory Board approved the payment of an additional \$20,000 to the lead supervisory director effective May 14, 2014 and the payment of an additional \$15,000 to the compensation committee chairman effective August 6, 2014. The Company currently pays meeting fees in the amount of \$1,500 for attendance at each board meeting and each committee meeting. The cash amounts paid were pro-rated for the 2013 year due to our initial public offering and the date that the directors began providing services, and varied for each director depending on the date they were appointed to the Supervisory Board and the committee on which they served in 2013. We did not grant the 2013 RSU awards to our directors until the beginning of 2014, so they will not be reflected in the table below, but we consider a portion of the grants to be attributable to services provided in the latter part of the 2013 year. Directors who are also employees of the Company will not receive any additional compensation for their service on the Supervisory Board.

receive must be disclosed within our proxy statement. The information in the table for Mr. Kirkland Mosing and Mr. Steven Mosing show the amount of compensation that each of these employee-directors received solely with respect to their service as employees during the 2013 year.

- (3) For the employee-directors, the amounts reflected here are salary amounts rather than director fees.
- (4) The amounts reflected in this column reflect the portion of the earnings that accrued under the Deferred Compensation Plan in 2013 that were determined to be above-market or preferential under the SEC's rules, using 120% of the applicable federal long-term rate as the reference rate.
- (5) The amounts in this column are comprised of a 401(k) plan matching contribution that we made on each employee's behalf in the amount of \$3,000, an automobile allowance in the amount of \$9,600 for each employee, and a gas stipend in the amount of \$5,496 for Mr. Kirkland Mosing and \$2,293 for Mr. Steven Mosing.

AUDIT COMMITTEE REPORT

The information contained in this Audit Committee Report and references in this proxy statement to the independence of the Audit Committee members shall not be deemed to be soliciting material or to be filed with the SEC, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended (the Act), or the Exchange Act, except to the extent that the Company specifically incorporates such information by reference in such filing.

During the last fiscal year, and earlier this year in preparation for the filing with the SEC of the Company's Annual Report on Form 10-K for the year ended December 31, 2013, the Audit Committee:

reviewed and discussed the Company's audited consolidated financial statements as of and for the year ended December 31, 2013 with management and with the independent registered public accountants;

considered the adequacy of the Company's internal controls and the quality of its financial reporting, and discussed these matters with management and with the independent registered public accountants;

reviewed and discussed with the independent registered public accountants (1) their judgments as to the quality of the Company's accounting policies, (2) the written disclosures and letter from the independent registered public accountants required by Public Company Accounting Oversight Board Independence Rules, and the independent registered public accountants' independence, and (3) the matters required to be discussed by the Public Company Accounting Oversight Board's AU Section 380, Communication with Audit Committees, and by the Auditing Standards Board of the American Institute of Certified Public Accountants;

discussed with management and with the independent registered public accountants the process by which the Company's chief executive officer, chief financial officer and chief accounting officer make the certifications required by the SEC in connection with the filing with the SEC of the Company's periodic reports, including its Annual Reports on Form 10-K and Quarterly Reports on Form 10-Q; and

based on the reviews and discussions referred to above, recommended to the Supervisory Board that the consolidated financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2013.

The Audit Committee also met to review and discuss the Company's audited Dutch statutory annual accounts for the financial year 2013 with management and PricewaterhouseCoopers Accountants N.V. The discussion included the observations of the independent registered public accountants during the audit as well as regulatory and financial reporting developments that may affect the Company in future years. The Audit Committee recommended that the Company's audited Dutch statutory annual accounts for the financial year 2013 be approved by the Supervisory Board.

As recommended by the NYSE's corporate governance rules, the Audit Committee also considered whether, to assure continuing auditor independence, it would be advisable to regularly rotate the audit firm itself. The Audit Committee has concluded that the current benefits to the Company from continued retention of PricewaterhouseCoopers LLP

warrant retaining the firm at this time. The Committee will, however, continue to review this issue on an annual basis.

Notwithstanding the foregoing actions and the responsibilities set forth in the Audit Committee's charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine that the Company's consolidated financial statements are complete and accurate and in accordance with generally accepted accounting principles.

Management is responsible for the Company's financial reporting process, including its system of internal controls, and for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States. The independent registered public accountants are responsible for expressing an opinion on those financial statements. Committee members are not employees of the Company or

Table of Contents

accountants or auditors by profession. Therefore, the Committee has relied, without independent verification, on management's representation that the consolidated financial statements have been prepared with integrity and objectivity and in conformity with accounting principles generally accepted in the United States and on the representations of the independent registered public accountants included in their report on the Company's consolidated financial statements.

The Committee meets regularly with management and the independent registered public accountants, including private discussions with the independent registered public accountants, and receives the communications described above. However, this oversight does not provide us with an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or policies, or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, our considerations and discussions with management and the independent registered public accountants do not assure that the Company's consolidated financial statements are presented in accordance with generally accepted accounting principles or that the audit of the Company's consolidated financial statements has been carried out in accordance with generally accepted auditing standards.

TRANSACTIONS WITH RELATED PERSONS

Limited Partnership Agreement of FICV

The Company is a holding company whose sole material assets consist of indirect general and limited partnership interests in Frank's International C.V. (FICV). As the indirect sole shareholder of the general partner of FICV, the Company is responsible for all operational, management and administrative decisions relating to FICV's business and consolidates the financial results of FICV and its subsidiaries.

FICV is a limited partnership that was formed to act as a holding company of various U.S. and foreign operating companies engaged in the Company's business. Prior to the Company's initial public offering, the Company's foreign operating companies were owned directly or indirectly by the Company, and the Company's U.S. operating companies were owned directly or indirectly by Mosing Holdings, which is owned by members of the Mosing family. In connection with the Company's initial public offering, the Company contributed all of its foreign operating subsidiaries and a portion of the proceeds from its initial public offering to FICV, and Mosing Holdings contributed all of the Company's U.S. operating subsidiaries (excluding certain assets that generated a de minimis amount of revenue, including aircraft, real estate and life insurance policies) to FICV. The Company entered into real estate lease agreements and an aviation services agreement with customary terms for continued use of the real estate and aircraft. See Transactions with Directors, Executive Officers and Affiliates.

In exchange for this contribution,

(i) The Company (indirectly) holds a 74.36% limited partnership interest and a 0.1% general partnership interest in FICV; and

(ii) Mosing Holdings holds a 25.54% limited partnership interest in FICV.

In accordance with the limited partnership agreement, net profits and net losses of FICV are allocated to its members on a pro rata basis in accordance with their respective percentage of interest in FICV. Accordingly, net profits and net losses of FICV are initially allocated 74.46% to the Company (of which 74.36% relates to the limited partnership interest and 0.1% relates to the general partnership interest held indirectly by the Company) and 25.54% to Mosing Holdings.

The Company will generally be subject to U.S. federal, state and local income taxes on its proportionate share of FICV's taxable income attributable to U.S. operations. The Company may also incur U.S. branch profits tax on its proportionate share of FICV's taxable income attributable to U.S. operations. The U.S. branch profits tax is imposed on a non-U.S. corporation's dividend equivalent amount, which generally consists of the corporation's after-tax earnings and profits (as determined under U.S. federal income tax principles) that are effectively connected with the corporation's U.S. trade or business but are not reinvested in a U.S. business. The limited partnership agreement of FICV provides for distributions to be made at the discretion of the general partner on a pro rata basis to the holders of FICV interests for purposes of funding the holders' tax obligations with respect to the income of FICV allocated to them. Generally, these tax distributions are computed based on the Company's estimate of the taxable income of FICV allocable to a holder of FICV interests multiplied by an assumed tax rate equal to the highest effective marginal combined U.S. federal, state and local income tax rate prescribed for an individual resident in Louisiana.

The Company's Articles and FICV's limited partnership agreement provide for customary mechanisms to ensure that (i) the Company's percentage interest in FICV will always equal the percentage of the total number of outstanding shares of Common Stock and Preferred Stock (collectively, FINV Stock) represented by its outstanding Common Stock and (ii) Mosing Holding's (together with any permitted transferees) percentage interest in FICV will always equal the percentage of the total number of outstanding shares of the Company's Common Stock represented by its outstanding Preferred Stock. In this regard, the FICV limited partnership agreement provides that at any time the Company issues a share of its Common Stock, the net proceeds received

Table of Contents

by the Company with respect to such share, if any, shall be concurrently transferred to FICV and FICV will issue to the Company an additional percentage interest in FICV such that the Company's total interest in FICV will be equal to (i) the total number of shares of the Company's Common Stock issued and outstanding divided by (ii) the total number of issued and outstanding FICV Stock, in each case taking into account the newly issued shares of Common Stock. Conversely, if at any time, any shares of Common Stock of the Company are redeemed, FICV shall, immediately prior to such redemption, redeem a proportionate percentage of interest in FICV held indirectly by the Company, upon the same terms and for the same price, as the shares of the Company's Common Stock are redeemed.

For purposes of any transfer or exchange of Preferred Stock and limited partnership interests in FICV, the Company's Articles and the partnership agreement of FICV contain provisions linking each share of Preferred Stock in the Company to a proportionate portion of the limited partnership interest in FICV held by Mosing Holdings or its permitted transferee, which portion at any time will equal the total limited partnership interest in FICV held by Mosing Holdings or its permitted transferee divided by the total number of issued and outstanding shares of Preferred Stock of the Company (each such portion being referred to as an "FICV Portion"). Shares of Preferred Stock cannot be transferred unless simultaneously with an equal number of FICV Portions and vice versa.

Mosing Holdings (or any of its permitted transferees) has the right to convert all or a portion of its Preferred Stock into the Company's Common Stock by delivery to the Company of an equivalent number of FICV Portions. In connection with such conversion, Mosing Holdings or its permitted transferees is also entitled to receive an amount of cash equal to the par value of each share of Preferred Stock so converted plus any accrued but unpaid dividends thereon.

The above mechanism is subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications.

Tax Receivable Agreement

Pursuant to a Tax Receivable Agreement among the Company, Mosing Holdings and FICV, Mosing Holdings and its permitted transferees may exchange their FICV Portions for cash accompanied by the conversion of such shares into shares of the Company's Common Stock on a one-for-one basis, subject to customary conversion rate adjustments for stock splits, stock dividends and reclassifications and other similar transactions (the "Exchange"). FICV intends to make an election under section 754 of the Code (the "Section 754 election"), effective for each taxable year in which an Exchange occurs. Pursuant to the Section 754 election, each future Exchange is expected to result in an adjustment to the tax basis of the tangible and intangible assets of FICV, and these adjustments will be allocated to the Company. Certain of the adjustments to the tax basis of the tangible and intangible assets of FICV described above would not have been available absent these future Exchanges. The anticipated basis adjustments are expected to reduce the amount of tax that the Company would otherwise be required to pay in the future. These basis adjustments may also decrease gains (or increase losses) on future dispositions of certain capital assets to the extent tax basis is allocated to those capital assets.

The Company has entered into a tax receivable agreement with Mosing Holdings. This agreement generally provides for the payment by the Company of 85% of actual reductions, if any, in payments of U.S. federal, state and local income tax or franchise tax (which reductions are referred to as "cash savings") in periods following its initial public offering as a result of (i) the basis increases resulting from the Exchanges and (ii) imputed interest deemed to be paid by the Company as a result of, and additional tax basis arising from, payments under the tax receivable agreement. In addition, the tax receivable agreement provides for payment by the Company of interest earned from the due date (without extensions) of the corresponding tax return to the date of payment specified by the tax receivable agreement.

Table of Contents

The payment obligations under the tax receivable agreement are the Company's obligations and are not obligations of FICV. The term of the tax receivable agreement commenced upon the completion of the Company's initial public offering and will continue until all such tax benefits have been utilized or expired, unless the Company exercises its right to terminate the tax receivable agreement.

Estimating the amount of payments that may be made under the tax receivable agreement is by its nature imprecise, insofar as the calculation of amounts payable depends on a variety of factors. The actual increase in tax basis, as well as the amount and timing of any payments under the tax receivable agreement, will vary depending upon a number of factors, including the timing of exchanges, the relative value of the Company's U.S. and international assets at the time of the exchange, the price of the Company's Common Stock at the time of the exchange, the extent to which such exchanges are taxable, the amount and timing of the taxable income the Company realizes in the future and the tax rate then applicable, the Company's use of loss carryovers and the portion of its payments under the tax receivable agreement constituting imputed interest or depreciable or amortizable basis. The Company expects that the payments that it will be required to make under the tax receivable agreement will be substantial. There may be a substantial negative impact on the Company's liquidity if, as a result of timing discrepancies or otherwise, (i) the payments under the tax receivable agreement exceed the actual benefits the Company realizes in respect of the tax attributes subject to the tax receivable agreement and/or (ii) distributions to us by FICV are not sufficient to permit the Company to make payments under the tax receivable agreement subsequent to the payment of taxes and other obligations. The payments under the tax receivable agreement will not be conditioned upon a holder of rights under a tax receivable agreement having a continued ownership interest in either FICV or the Company.

The tax receivable agreement provides that the Company may terminate it early. If the Company elects to terminate the tax receivable agreement early, it would be required to make an immediate payment equal to the present value of the anticipated future tax benefits subject to the tax receivable agreement (based upon certain assumptions and deemed events set forth in the tax receivable agreement, including the assumption that it has sufficient taxable income to fully utilize such benefits and that any FICV interests that Mosing Holdings or its transferees own on the termination date are deemed to be exchanged on the termination date). Any early termination payment may be made significantly in advance of the actual realization, if any, of such future benefits. In addition, payments due under the tax receivable agreement will be similarly accelerated following certain mergers or other changes of control. In these situations, the Company's obligations under the tax receivable agreement could have a substantial negative impact on the Company's liquidity and could have the effect of delaying, deferring or preventing certain mergers, asset sales, other forms of business combinations or other changes of control.

Payments under the tax receivable agreement will be based on the tax reporting positions that the Company will determine. Although the Company is not aware of any issue that would cause the IRS to challenge a tax basis increase or other benefits arising under the tax receivable agreement, the holders of rights under the tax receivable agreement will not reimburse the Company for any payments previously made under the tax receivable agreement if such basis increases or other benefits are subsequently disallowed, except that excess payments made to any such holder will be netted against payments otherwise to be made, if any, to such holder after the Company's determination of such excess. As a result, in such circumstances, the Company could make payments that are greater than the Company's actual cash tax savings, if any, and may not be able to recoup those payments, which could adversely affect the Company's liquidity.

Decisions made by Mosing Holdings and certain members of the Mosing family in the course of running the Company's business, such as with respect to mergers, asset sales, other forms of business combinations or other changes in control, may influence the timing and amount of payments that are received by Mosing Holdings or its permitted transferees under the tax receivable agreement. For example, the earlier disposition of assets following an exchange or acquisition transaction will generally accelerate payments under the tax receivable agreement and

increase the present value of such payments, and the disposition of assets before an exchange or acquisition transaction will increase Mosing Holdings tax liability without giving rise to any rights of Mosing Holdings to receive payments under the tax receivable agreement.

Table of Contents

Payments under the tax receivable agreement, if any, will be made pro rata among all parties to the tax receivable agreement entitled to payments on an annual basis to the extent the Company has sufficient taxable income to utilize the increased tax benefits. The availability of sufficient taxable income to utilize the increased tax benefits will not be determined until such time as the financial results for the year in question are known and tax estimates prepared, which typically occurs within 90 days after the end of the applicable calendar year.

Payments are generally due under the tax receivable agreement within five days following the determination of the applicable tax benefit, which generally is required to occur within 60 days of the filing of the Company's tax return for the taxable year with respect to which the payment obligation arises, although interest on such payments will begin to accrue at a rate of interest equal to LIBOR plus 5% from the due date. Except in cases where the Company elects to terminate the tax receivable agreement early, the tax receivable agreement is terminated early due to certain mergers or other changes of control or the Company has available cash but fails to make payments when due, generally the Company may elect to defer payments under the tax receivable agreement if it does not have available cash to satisfy its payment obligations under the tax receivable agreement or if the Company's contractual obligations limit its ability to make these payments. Any such deferred payments would accrue interest at a rate of interest equal to LIBOR plus 5%. The Company has no present intention to defer payments under the tax receivable agreement.

Because the Company is a holding company with no operations of its own, its ability to make payments under the tax receivable agreement is dependent on the ability of FICV to make distributions to it in an amount sufficient to cover the Company's obligations under such agreements; this ability, in turn, may depend on the ability of FICV's subsidiaries to provide payments to it. The ability of FICV and its subsidiaries to make such distributions will be subject to, among other things, the applicable provisions of Dutch law that may limit the amount of funds available for distribution and restrictions in the Company's debt instruments. To the extent that the Company is unable to make payments under the tax receivable agreement for any reason, such payments will be deferred and will accrue interest until paid, and the Company will be prohibited from paying dividends on its Common Stock.

FICV Management Agreement

The Company entered into the FICV management agreement with Frank's International LP B.V., Frank's International Management B.V. and Mosing Holdings, which constitute the partners in FICV, with respect to the operation and management of FICV in order to facilitate the activities of the Company as a publicly traded company. The FICV management agreement provides for the consent of the FICV partners to facilitate (i) the Company's percentage interest in FICV remaining equal to the percentage of the total number of outstanding shares of FINV Stock represented by the Company's outstanding common stock and (ii) Mosing Holdings (together with any permitted transferee(s)) percentage interest in FICV remaining equal to the percentage of the total number of outstanding shares of FINV Stock represented by the Company's outstanding Preferred Stock. Please see Limited Partnership Agreement of FICV.

Transactions with Directors, Executive Officers and Affiliates

In connection with the Company's initial public offering, Mosing Holdings caused the Company's U.S. operating subsidiaries to distribute certain assets that generated a de minimis amount of revenue, including aircraft, real estate and life insurance policies. Accordingly, these assets were not contributed to FICV in connection with the Company's initial public offering. As a result, the Company entered into real estate lease agreements with customary terms for continued use of the real estate, under which the Company incurred rental expense of \$1.3 million for the year ended December 31, 2013. The Company expects to incur rental expense of approximately \$4.3 million per year for the remainder of the real estate lease agreements. In addition, the Company entered into various aviation services agreements with customary terms for continued use of the aircraft, under which it did not incur charter service

expenses during the year ended December 31, 2013. The Company expects to incur rental expense of approximately \$2.5 million per year for the remainder of the aviation services agreements.

Table of Contents

The Company has engaged in transactions with certain of its directors, executive officers and affiliates. In 2012, the Company made distributions of two promissory notes to Ginsoma C.V. (Ginsoma) and FWW, which are entities controlled by the Mosing family, in an aggregate amount of \$484.0 million. Subsequent to its issuance, the promissory note payable to Ginsoma was assigned to FWW. The Company used a portion of the net proceeds from its initial public offering to repay in full these outstanding notes payable during the year ended December 31, 2013. At the time of repayment, the notes payable had an outstanding balance of \$415.3 million. The Company made principal payment of \$415.3 million and incurred interest expense of \$0.7 million related to the notes payable during the year ended December 31, 2013.

In addition, in 2012, the Company issued a note payable to its chief executive officer, in an amount of \$2.88 million in connection with a deferred bonus payment. The Company repaid the note in full during the year ended December 31, 2013. At the time of repayment, the note payable had an outstanding balance of \$2.88 million. For the year ended December 31, 2013, the Company made payments of principal of \$2.88 million and incurred interest expense of \$92,400.

In 2011, the Company issued various notes payable to certain members of the Mosing family in connection with its purchase of aircraft. The Company transferred these notes to Mosing Holdings in connection with its initial public offering. The table below presents information regarding these notes payable prior to transferring them to Mosing Holdings:

Related Party	Note Payable Amount	Amount Outstanding at Transfer	Payments Made During the Year Ended December 31, 2013		
			Principal	Interest	Total
Donald Keith Mosing chief executive officer	\$ 1,000,000	\$ 645,832	\$ 127,048	\$ 23,921	\$ 150,969
William B. Mosing sibling of the Company s chief executive officer	1,000,000	645,832	127,048	23,921	150,969
Gregory S. Mosing sibling of the Company s chief executive officer	500,000	322,916	63,524	11,961	75,485
Sharon M. Miller cousin of the Company s chief executive officer	500,000	322,916	63,524	11,961	75,485
Alice M. Mosing spouse of the Company s chief executive officer	100,000	64,584	12,705	2,392	15,097
Total	\$ 3,100,000	\$ 2,002,080	\$ 393,849	\$ 74,156	\$ 468,005

The Company has entered into various operating leases with Mosing Land & Cattle Company of Texas, LLC, Mosing Properties LP, Kinetic Motion, Inc. (through its wholly owned subsidiary, Western Airways, Inc.), 4-M Ranch, L.L.C. and Mosing Holdings (through its wholly owned subsidiary, Mosing Ventures, LLC), each of which are entities owned by the Company s chief executive officer and certain other members of the Mosing family to lease office space and aircraft from such entities. Rent expense related to these leases was \$5.6 million for the nine months ended September 30, 2014 and \$2.8 million, \$3.0 million and \$5.9 million for the years ended December 31, 2011, 2012 and 2013, respectively. The expiration date of the operating leases currently in place ranges from 2014 to 2023, unless otherwise extended, and the Company expects to incur approximately \$32.0 million during the remainder of the terms of these leases.

We are a party to certain agreements relating to the rental of aircraft to Western Airways (WA), an entity owned by the Mosing family. Prior to our initial public offering (the IPO), we had entered into agreements, whereby we leased the aircraft as needed for a rental fee per hour and reimbursed WA for a management fee and hangar rental. The rental fees exceeded the reimbursement costs and we recorded net charter income. Subsequent to the IPO, we entered into new agreements with WA for the aircraft that was retained by us whereby we are paid a flat monthly fee for dry lease rental and are charged block hours monthly. We recorded net charter expense of \$1.1 million for the nine months ended September 30, 2014. The Company expects to incur net charter rental expense of approximately \$1.4 million per year for the remainder of the aviation services agreements.

In connection with its initial public offering, the Company transferred receivables to subsidiaries of Mosing Holdings due from the Company's chief executive officer and certain members of the Mosing family relating to amounts owed to such subsidiaries for split-dollar life insurance policy premiums that they maintain. The table below presents additional information regarding the split-dollar life insurance policy premiums that were transferred:

Related Party	Amount Outstanding at Transfer
Donald Keith Mosing chief executive officer	\$ 1,054,866
William B. Mosing sibling of the Company's chief executive officer	1,219,871
Gregory S. Mosing sibling of the Company's chief executive officer	557,600
Alice M. Mosing spouse of the Company's chief executive officer	366,254
Kirkland D. Mosing cousin of the Company's chief executive officer and Supervisory Director	440,588
Steven B. Mosing cousin of the Company's chief executive officer and Supervisory Director	720,000
Total	\$ 4,359,179

The receivables will be collected either directly from the executive officer, if employment terminates other than by death, or from the executive officer's beneficiary, if employment terminates due to death of the executive officer.

In 2012, the Company received a death benefit payment of \$4.9 million related to the passing of Larry Mosing, the uncle of the Company's chief executive officer. In connection with the Company's initial public offering, Mosing Holdings caused the Company's U.S. operating subsidiaries to distribute these split-dollar life insurance policies and the associated accounts receivable, such that they were not contributed to FICV. Accordingly, the Company no longer maintains or records receivables related to these split-dollar life insurance policies.

In June 2013, Mosing Holdings made a distribution in an aggregate amount of \$46.5 million to its owners.

Registration Rights Agreement

Mosing Holdings and FWW and certain of their transferees entered into a registration rights agreement with the Company. The registration rights agreement covers all 52,976,000 shares of Preferred Stock and 119,024,000 shares of Common Stock owned by Mosing Holdings and FWW, respectively. Pursuant to this agreement, the parties to the agreement may cause the Company to register their shares of Common Stock under the Act and to maintain a shelf registration statement effective with respect to such shares.

Voting Agreement

Mosing Holdings, FWW and certain members of the Mosing family entered into a voting agreement pursuant to which each shareholder agreed to vote all of their shares of Common Stock and Preferred Stock for the election of directors in the manner specified by a designated shareholder representative, which is initially Donald Keith Mosing, the Company's chief executive officer.

Procedures for Approval of Related Person Transactions

A **Related Party Transaction** is a transaction, arrangement or relationship in which the Company or any of its subsidiaries was, is or will be a participant, the amount of which involved exceeds \$120,000, and in which any related person had, has or will have a direct or indirect material interest. A **Related Person** means:

any person who is, or at any time during the applicable period was, one of the Company's executive officers or one of its directors;

Table of Contents

any person who is known by the Company to be the beneficial owner of more than 5% of any class of the Company's voting securities;

any immediate family member of any of the foregoing persons, which means any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of a director, executive officer or a beneficial owner of more than 5% of any class of the Company's voting securities, and any person (other than a tenant or employee) sharing the household of such director, executive officer or beneficial owner of more than 5% of any class of the Company's common stock; and

any firm, corporation or other entity in which any of the foregoing persons is a partner or principal or in a similar position or in which such person has a 10% or greater beneficial ownership interest.

In connection with the initial public offering in August 2013, the Company's then Supervisory Board adopted a written Related Party Transactions Policy and approved the applicable related party transactions at that time. Pursuant to this policy, the audit committee will review all material facts of all Related Party Transactions and either approve or disapprove entry into the Related Party Transaction, subject to certain limited exceptions. In determining whether to approve or disapprove entry into a Related Party Transaction, the audit committee expects to take into account, among other factors, the following: (1) whether the Related Party Transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and (2) the extent of the Related Person's interest in the transaction. Further, the policy requires that all Related Party Transactions required to be disclosed in the Company's filings with the SEC be so disclosed in accordance with applicable laws, rules and regulations.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth information with respect to the beneficial ownership of the Company's Common Stock and Preferred Stock by:

each person known to the Company to beneficially own more than 5% of the Company's Common Stock or Preferred Stock;

each of the Company's Named Executive Officers;

each member of the Company's Supervisory Board and Management Board and the director nominee; and

all of the Company's directors and executive officers and the director nominee as a group.

The number of shares of the Company's Common Stock and Preferred Stock outstanding and the percentage of beneficial ownership is presented as of December 15, 2014.

Beneficial ownership is determined in accordance with the rules of the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to such securities. Except as otherwise indicated, the persons or entities listed below have sole voting and investment power with respect to all shares of the Company's Common Stock and Preferred Stock beneficially owned by them, except to the extent this power may be shared with a spouse. All information with respect to beneficial ownership has been furnished by the respective directors, executive officers, or 5% or more stockholders, as the case may be.

Unless otherwise indicated, the address of each person or entity named in the table is 10260 Westheimer Rd., Houston, Texas 77042.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The executive officers and directors of the Company and persons who own more than 10% of the Company's Common Stock are required to file reports with the SEC, disclosing the amount and nature of their beneficial ownership in Common Stock, as well as changes in that ownership. Based solely on its review of reports and written representations that the Company has received, the Company believes that all required reports were timely filed during the period in 2013 and 2014 to date that the Company's executive officers and directors were required to file such reports, except one late Form 3 and one late Form 4 was filed by Michael Frank Mosing to report the purchases of shares by his wife.

SHAREHOLDER PROPOSALS

Pursuant to the Company's Articles, general meetings of shareholders will be held in Amsterdam, The Netherlands in the municipality in which the company has its statutory seat, or at Schiphol (Municipality of Haarlemmermeer). A general meeting of shareholders shall be held at least once a year within the period required by Dutch law, which is currently no later than six months after the end of the Company's financial year, unless the Company's Articles provide for a shorter period.

The agenda for the 2015 annual meeting shall include, in addition to other matters, any matter the consideration of which has been requested by one or more shareholders, representing alone or jointly with others at least such percentage of the issued capital stock as determined by our Articles and Dutch law, which is currently set at three percent. In order for such matters to be included in the Company's proxy material or presented at the 2015 annual meeting, the qualified shareholder must submit the matter to the Company's Secretary at 10260 Westheimer Rd., Houston, Texas 77042. The request to consider such matter should have been received by us no later than on the 60th day prior to the day of the 2015 annual meeting accompanied by a statement containing the reasons for the request. Requests received later than the 60th day prior to the day of the meeting will be considered untimely. We currently expect our 2015 annual meeting to be held on or about May 20, 2015.

HOUSEHOLDING MATTERS

Shareholders who share a single address will receive only one proxy statement at that address unless the Company has received instructions to the contrary from any shareholder at that address. This practice, known as householding, is designed to reduce the Company's printing and postage costs. However, if a shareholder residing at such an address wishes to receive a separate copy of this proxy statement or of future proxy statements (as applicable), he or she may contact the Company's Corporate Secretary at (281) 966-7300, or write to Frank's International N.V., 10260 Westheimer Rd., Houston, Texas 77042, Attention: Corporate Secretary. The Company will deliver separate copies of this proxy statement promptly upon written or oral request. If you are a shareholder receiving multiple copies of this proxy statement, you can request householding by contacting the Company in the same manner. If you own your Common Stock or Preferred Stock through a bank, broker or other shareholder of record, you can request additional copies of this proxy statement or request householding by contacting the shareholder of record.
