Why am I receiving these proxy materials?

The Board of Directors of Cvent, Inc., a Delaware corporation (Cvent, the Company, we, us, or our), has made proxy materials available to you on the Internet or, upon your request, by delivering printed versions of these materials to you by mail, in connection with the solicitation of proxies for use at our 2015 Annual Meeting of Stockholders (the Annual Meeting) which will take place on June 3, 2015 at 6:00 p.m. Eastern, at 1765 Greensboro Station Place, Tysons Corner, VA 22102.

Attn: Corporate Secretary

Internet voting facilities for stockholders of record will be available 24 hours a day, and will close at 11:59 p.m. Eastern on June 2, 2015. The availability of Internet voting for beneficial owners will depend on the voting processes of your broker, bank or other nominee. Therefore, we recommend that you follow the voting instructions in the materials you receive. If you vote by the Internet, you do not need to return your proxy card or voting instruction card.

All stockholders may vote in person at the Annual Meeting. You may also be represented by another person at the Annual Meeting by executing a legal proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other nominee and present it to the inspectors of election with your ballot to be able to vote at the Annual Meeting.

All shares that have been properly voted and not revoked will be cast as votes at the Annual Meeting.

What happens if I decide to attend the Annual Meeting, but I have already voted or submitted a proxy covering my shares?

You may still attend the Annual Meeting. Please be aware that attendance at the Annual Meeting will not, by itself, revoke a proxy.

What can I do if I change my mind after I vote my shares?

If you are a stockholder of record, you can change your vote or revoke your proxy before it is exercised by:

written notice to the Corporate Secretary of the Company;

timely delivery of a valid, later-dated proxy or a later-dated vote on the Internet; or

voting in person at the Annual Meeting.

If you are a beneficial owner of shares, you should follow the instructions of your bank, broker or other nominee to change or revoke your voting instructions. You may also vote in person at the Annual Meeting if you obtain a legal proxy as described in the answer to the previous question.

What shares can I vote?

You can vote all shares that you owned on the Record Date. These shares include (1) shares held directly in your name as the stockholder of record, and (2) shares held for you as the beneficial owner through a broker, bank or other nominee.

Table of Contents**How are votes counted? How will abstentions and broker non-votes be treated at the Annual Meeting?**

Each holder of common stock is entitled to one vote per share of common stock on each matter properly brought before the Annual Meeting.

Abstentions and broker non-votes will be considered present for purposes of determining the presence of a quorum, but will not be considered votes properly cast at the Annual Meeting and therefore will have no effect on the voting results. Generally, a broker non-vote occurs on a matter when a broker is not permitted to vote on the matter without voting instructions from the beneficial owner and voting instructions are not given. Under the rules of the New York Stock Exchange, without voting instructions from the beneficial owners, brokers will have discretion to vote on proposal 2 but not on proposal 1. Therefore, in order for your voice to be heard, it is important that you vote. **We strongly encourage you to vote every vote is important.**

How many shares are required to approve the proposals being voted upon at the Annual Meeting?

The presence of the holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Assuming there is a proper quorum of shares represented at the Annual Meeting, the voting requirements for approval of the proposals at the Annual Meeting are as follows:

Proposal	Vote required	Broker discretionary voting allowed?
Election of directors	Plurality of votes cast	No
Ratification of selection of independent auditors	Majority of votes cast	Yes

Could other matters be decided at the Annual Meeting?

At the date of this proxy statement, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this proxy statement. If other matters are properly presented at the Annual Meeting for consideration, the proxy holders named on the proxy card will have the discretion to vote on those matters for you.

Who will pay for the cost of this proxy solicitation?

We will pay the cost of soliciting proxies. Our directors, senior executives or employees, acting without special compensation, may also solicit proxies. Proxies may be solicited by personal interview, mail, electronic transmission, facsimile transmission or telephone. We are required to send copies of proxy-related materials or additional solicitation materials to brokers, fiduciaries and custodians who will forward these materials to the beneficial owners of our shares. On request, we will reimburse brokers and other persons representing beneficial owners of shares for their reasonable expenses in forwarding these materials to beneficial owners.

Who will count the vote?

Cvent has designated a representative of American Stock Transfer & Trust Company LLC as the Inspector of Election who will tabulate the votes.

GOVERNANCE OF THE COMPANY

Our Principles of Corporate Governance

The Board of Directors (the Board) has adopted a set of corporate governance guidelines as a framework for the governance of the Company. The Nominating and Governance Committee regularly reviews the principles and recommend changes to the Board as appropriate. Our Corporate Governance Guidelines (the Guidelines) are available on our website at www.cvent.com under the captions Investors Governance Corporate Governance Guidelines. A free printed copy is available to any stockholder who requests it from us at the address on page 36.

Among other matters, the Guidelines contain the following items concerning the Board:

The Board, which is elected by the Company's stockholders, oversees the performance of the Chief Executive Officer (CEO) and other senior management to assure that the best interests of the stockholders are being served. The directors provide insight in the formulation of the long term strategic, financial and organizational goals of the Company and of the plans designed to achieve those goals. In addition, the Board reviews and approves standards and policies to ensure that the Company is committed to achieving its objectives through the maintenance of the highest standards of responsible conduct and ethics and to assure that management carries out their day-to-day operational duties in a competent and ethical manner.

The size of the Board is established in accordance with the Company's Bylaws. The size of the Board may vary based upon the size of the business and the availability of qualified candidates. Board size should facilitate active interaction and participation by all directors. The Board will review from time to time the appropriateness of its size.

The Board is divided into three classes, designated as Class I, Class II, and Class III, respectively, with staggered terms of three years each, so that the term of one class expires at each annual meeting of stockholders. Notwithstanding the foregoing, the initial terms of each of the three classes shall expire or have expired, respectively, at the 2014, 2015, and 2016 annual stockholders meetings.

The Board shall appoint the Chairman of the Board (Chairman) and CEO positions based upon the Board's view of what is in the best interests of the Company. The CEO and Chairman may, but need not be, the same person. The Board's leadership structure is discussed in more detail under Board Leadership below.

When a director's principal occupation or business association changes substantially during the director's tenure on the Board, the director is expected to tender his or her resignation for consideration by the Nominating and Governance Committee. The Nominating and Governance Committee shall determine whether to accept or reject such offer.

Ordinarily, directors may not serve on the boards of more than four public companies so as not to interfere with their service as a director of the Company. Directors should also advise the chair of the Nominating and

Governance Committee in advance of accepting an invitation to serve on another corporate board.

The Board does not believe that arbitrary term limits for directors based on age or years of service are appropriate, as they may sometimes force the Company to lose the contribution of directors who have over time developed increased insight into the Company and its operations. However, a director's service should not outlast his or her ability to contribute and consequently, the Board does not believe that directors should expect to be renominated continually. Each director's continued tenure shall be reconsidered at the end of his or her term, taking into account the results of the Board's most recent self-evaluation and the results of voting by stockholders in director elections. It is the Board's intent to maintain a balance of directors who have longer terms of service and those who have joined more recently.

Table of Contents

The Board shall have no less than four regularly scheduled meetings each year at which it reviews and discusses leadership continuity, management development, management reports on the performance of the Company, its plans and prospects, as well as more immediate issues facing the Company. The Chairman will set the agenda for each Board meeting. Each director is free to suggest the inclusion of items on the agenda. A representative from the Company's outside counsel may be invited by the Board, when appropriate, to attend all or a portion of Board meetings. The Board will review the Company's long-term strategic plans during at least one Board meeting per year.

It is the policy of the Board to regularly have separate meeting for independent directors without management. Such meetings should be held following regularly scheduled meetings and at such other times as requested by an independent director. The Chairman or the Lead Independent Director, as is discussed in more detail under "Lead Independent Director" below, shall preside at executive sessions.

The Board has three standing committees: the Audit Committee, the Compensation Committee, and the Nominating and Governance Committee. The Board will continue to delegate substantial responsibilities to each committee, and each committee should consist solely of independent directors, as defined by the rules of The New York Stock Exchange ("NYSE Rules"), and in the case of the Audit Committee as defined by the rules and regulations of the Securities and Exchange Commission ("SEC Rules"). The members of these committees shall also meet the other membership criteria specified in the respective charters for these committees. The Board may also establish and maintain other committees from time to time, as it deems necessary and appropriate.

Each committee shall have its own charter, which will set forth the purpose, membership requirements, authority and responsibilities of the committee. Annually, the chair of each committee should review the existing committee charter and determine, in consultation with the rest of the committee, whether any amendments are required. Committee charters should be within the scope of authority granted by the Board and should be approved by the Board. The chair of the committee, in consultation with appropriate members of management and staff, should develop the overall annual agenda to the extent it can be foreseen. In addition, each committee chair should prepare an agenda prior to each committee meeting and should consult with appropriate members of management for additional items which should be included in the agenda. Any committee of the Board is authorized to engage its own outside advisors at the Company's expense, including legal counsel or other consultants, as required, provided that the committee shall promptly advise the full Board of such engagement.

It is anticipated that certain members of management (e.g., the Chief Financial Officer, the General Counsel and Secretary and such other members of the executive staff as the CEO may from time to time designate) will attend Board meetings on a regular basis. Other members of management and staff will attend meetings and present reports from time to time. Specifically, the Board encourages management to schedule managers to be present at Board meetings who can provide additional insight into the items being discussed because of personal involvement in these areas. It is understood that Company personnel and others attending Board meetings may be asked to leave the meeting in order for the Board to meet in executive session.

The Compensation Committee should conduct an annual review of director compensation. This review will include input from the General Counsel's office and the Compensation Committee's compensation consultant in order to evaluate director compensation compared to other companies of like size in the industry. Any change in Board compensation should be approved by the full Board. Ownership of stock by the directors is encouraged.

The Compensation Committee, in consultation with the full Board, is primarily responsible for CEO succession planning. In addition, it shall monitor succession plans for other key executives. Succession planning can be critical in the event the CEO or other key executives should cease to serve for any reason, including resignation or unexpected disability. The Board believes that establishment of a strong management team is the best way to prepare for an unanticipated executive departure.

Table of Contents

The formal evaluation of the CEO and the other executive officers should be made in the context of annual compensation review by the Compensation Committee, with appropriate input from other directors, and should be communicated to the CEO by the Chairman of the Board or the Lead Independent Director and the chair of the Compensation Committee.

Meetings of the Board shall be designed to provide orientation for new directors to assist them in understanding the Company's business as well as an introduction to the Company's senior management. Further, the Company encourages directors to participate in continuing education programs focused on the Company's business and industry, committee roles and responsibilities and legal and ethical responsibilities of directors.

The Board conducts an annual self-evaluation to assess its performance. The Nominating and Governance Committee shall review these guidelines at least annually, and recommend changes to the Board as appropriate.

Board Leadership

Mr. Aggarwal is our founder and currently serves as both Chairman of our Board and our Chief Executive Officer. Our Board believes that the current board leadership structure is appropriate at this time. Four of the five directors are independent, which provides effective independent oversight of management while allowing the Board and management to benefit from Mr. Aggarwal's in-depth knowledge and understanding of Cvent and the event technology business. Mr. Aggarwal is best positioned to identify strategic priorities, lead critical discussions and execute our strategy and business plans. The Board believes that Mr. Aggarwal's combined role enables strong leadership, creates clear accountability, and enhances our ability to communicate our message and strategy clearly and consistently to our stockholders, employees, customers and partners. Combined with a lead independent director and a significant majority of independent directors, this structure provides independent oversight while avoiding unnecessary confusion regarding the board's oversight responsibilities and the day-to-day management of business operations. Our board evaluates Mr. Aggarwal annually in each of his roles. Our board also believes that its lead independent director position effectively balances any risk of concentration of authority that may exist with a combined Chairman/CEO position.

Lead Independent Director

We believe, and our Guidelines provide, that one of our independent directors should serve as a lead independent director at any time when the Chief Executive Officer serves as the Chairman of the Board. Because our Chief Executive Officer, Mr. Aggarwal, is our Chairman, our Board appointed Mr. Bansal to serve as our lead independent director (Lead Independent Director). As Lead Independent Director, Mr. Bansal

presides over periodic meetings of our independent directors outside the presence of management,

serves as a liaison between our Chairman and the independent directors,

assists the Chairman in setting the board agenda and frequency of meetings, and

performs such additional duties as our Board may otherwise determine and delegate.

Director Independence

Our Guidelines include the following provisions concerning director independence:

The Board believes that as a matter of policy there should be a majority of independent directors on the Board. Within that policy, the mix of directors should provide a range of expertise and perspective in areas relevant to the Company's business.

A director shall be considered independent for purposes of serving on the Board if he or she meets the criteria for independence established by The New York Stock Exchange (NYSE). A director shall

Table of Contents

be considered independent for purposes of serving on a Board committee based on the definition of independence used in that committee's charter, which shall conform to any requirements established for such a committee by the NYSE rules and any applicable SEC rules.

The Board has determined that, except for Mr. Aggarwal as CEO, each of the directors of the Company has no material relationship with the Company and is independent within the meaning of the standards established by the NYSE, as currently in effect. In making that determination, the Board of Directors considered all relevant facts and circumstances, including the director's commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships. The Board also adopted and applied the following standards, which provide that a director will not be considered independent if:

the director was employed by the Company, or an immediate family member of the director was employed by the Company as an executive officer;

the director or an immediate family member received more than \$120,000 per year in direct compensation from the Company, other than Board and committee fees, pensions or other forms of deferred compensation;

the director or an immediate family member had specified employment relationships with the Company's independent auditor;

the director or an immediate family member was part of an interlocking directorate in which the director or family member was employed as an executive officer of another company where any of the Company's executive officers served on the compensation committee;

the director is an employee, or an immediate family member is an executive officer, of a company that made payments to, or received payments from, the Company in excess of specified amounts during the preceding three years; or

the director or the director's spouse is an executive officer of a nonprofit organization to which the Company made contributions in excess of specified amounts during the preceding three years.

In evaluating Tony Florence's and Jeffrey Lieberman's independence, the Board considered the percentage of the Company's capital stock held by entities affiliated with New Enterprise Associates and Insight Partners, of which Messrs. Florence and Lieberman are managing directors, respectively. In evaluating Mr. Bansal's independence, the Board considered the percentage of the Company's capital stock beneficially owned by him. Under NYSE corporate governance standards, ownership of a significant amount of our stock, by itself, does not constitute a material relationship. After evaluating the facts and circumstances, the Board determined that these relationships were not material and did not preclude independence under the standards outlined above.

All members of the Audit, Compensation, and Nominating and Corporate Governance Committees must be independent directors as defined by our Guidelines. Members of the Audit Committee must also satisfy additional, heightened independence requirements under Securities and Exchange Commission and New York Stock Exchange rules, which provide that Audit Committee members may not accept directly or indirectly any consulting, advisory or

other compensatory fee from the Company (other than Board and committee fees, pensions or other forms of deferred compensation) and may not be affiliated persons of the Company. The Board determined that all members of the Audit, Compensation, and Nominating and Corporate Governance Committees are independent directors.

Director Elections

The election of directors requires a plurality of the voting power of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. Plurality means that the individuals who receive the largest number of votes cast for are elected as directors. As a result, any shares not voted for a particular nominee (whether as a result of stockholder withholding or a broker non-vote) will not be counted in such nominee's favor and will have no effect on the outcome of the election.

Risk Oversight

Risk is inherent with every business, and we face a number of risks, including strategic, financial, business and operational, legal and compliance, and reputational. We are designing and implementing processes to manage risk in our operations. Management is responsible for the day-to-day management of risks the Company faces, while, our Board, as a whole and assisted by its committees, has responsibility for the oversight of risk management. In its risk oversight role, our Board has the responsibility to satisfy itself that the risk management processes being designed and implemented by management are appropriate and functioning as designed.

Our Board believes that open communication between management and the Board is essential for effective risk management and oversight. Our Board meets with our CEO and other members of the senior management team at quarterly board meetings, where, among other topics, they discuss strategy and risks facing the Company.

While our Board is ultimately responsible for risk oversight, our board committees assist the Board in fulfilling its oversight responsibilities in certain areas of risk. The Audit Committee assists our Board in fulfilling its oversight responsibilities with respect to risk management in the areas of internal control over financial reporting, disclosure controls and procedures, and legal and regulatory compliance, and it discusses with management and the independent auditor guidelines and policies with respect to risk assessment and risk management. The Audit Committee also reviews management's assessment of the key risks facing us, including the key controls the Company relies on to mitigate those risks. Further, the Audit Committee monitors certain key risks at each of its regularly scheduled meetings, such as risk associated with internal control over financial reporting, liquidity risk, risk arising out of related party transactions, and risk related to information protection and cybersecurity. The Nominating and Governance Committee assists our Board in fulfilling its oversight responsibilities with respect to the management of risk associated with board organization, membership and structure, and corporate governance. The Compensation Committee assesses risks created by the incentives inherent in our compensation policies and risk related to succession planning. Finally, the Board reviews strategic, reputational and operational risk in the context of reports from the management team, receives reports on all significant committee activities at each regular meeting, and

evaluates the risks inherent in significant transactions.

The Board's allocation of risk oversight responsibility may change from time to time based on the evolving needs of the Company.

- (2) This column represents restricted stock units awarded to the named executive officers on December 31, 2014 in accordance with the 2013 Plan. Each restricted stock unit represents a contingent right to receive one share of Cvent Common Stock. The restricted stock units will vest in four equal annual installments beginning on March 15, 2016, in each case subject to the executive's continued employment on such date.
- (3) Market value of restricted stock units that have not vested is computed based on \$27.84 per share, which was the closing price of our common stock as reported on the New York Stock Exchange on December 31, 2014.

Potential Payments upon Termination or Change-In-Control***Potential Payments upon Change-In-Control***

Our 2011 option agreements with each of our named executive officers provided for certain vesting benefits in connection with a change in control of our Company prior to February 1, 2015. These provisions became moot on February 1, 2015, when all of the remaining options that would have been subject to accelerated vesting in connection with a change of control vested according to their terms. From and after February 1, 2015, none of the options subject to the 2011 option agreements are unvested, therefore no options would be subject to accelerated vesting upon a change in control. However, if a change in control had occurred on December 31, 2014, the key terms of our arrangements upon a change in control for these named executive officers would have been as follows:

Name	Value of Options Accelerated Upon a Change-in-Control ⁽¹⁾⁽²⁾	
Reggie K. Aggarwal	\$	1,033,468
Charles V. Ghoorah	\$	452,774
David C. Quattrone	\$	358,550

- (1) Amounts included in the table for stock option acceleration are calculated as the difference between an assumed fair market value of \$27.84 per share of our common stock, the closing price of our common stock as reported by the New York Stock Exchange on December 31, 2014, and the exercise price of the option, multiplied by the number of accelerated shares underlying the options.
- (2) Messrs. Aggarwal, Ghoorah, and Quattrone are subject to agreements whereby 35% of the then-unvested shares of stock subject to their respective options granted on March 11, 2011, each with an exercise price of \$1.80 per share, would have accelerated upon a change in control. As of February 1, 2015, all shares subject to these options have vested and none are subject to accelerated vesting. However, if a change of control had occurred on December 31, 2014, the unvested shares subject to acceleration at that time were as follows:

Name	Unvested Option Shares Subject to Acceleration
Reggie K. Aggarwal	37,122

Charles V. Ghoorah	16,263
David C. Quattrone	12,879

For purposes of these agreements, change-in-control means a change in ownership of our company that occurs on the date that any one person, or more than one person acting as a group, acquires, in a single transaction or a series of related transactions, ownership of our capital stock that, together with our capital stock held by such person, or more than one person acting as a group, constitutes more than 50% of the total voting power of our capital stock, except that any change in ownership of our capital stock as a result of a private placement of our capital stock that is approved by our board of directors will not be considered a change in control unless our board of directors affirmatively determines that such private placement shall be considered a change in control.

Table of Contents**Compensation Consultant**

Following our initial public offering, the Compensation Committee wished to seek the advice of an external compensation consultant to assist the Company with transforming its pay practices from that of a private company to pay practices appropriate for a public company operating in our competitive market for talent. In December 2013, the Compensation Committee engaged Pearl Meyer & Partners to assist with determining 2014 compensation of the named executive officers and other members of senior management. The Compensation Committee has concluded that no conflict of interest exists with Pearl Meyer & Partners, after considering the following six factors: (i) the provision of other services to us by Pearl Meyer & Partners; (ii) the amount of fees received from us by Pearl Meyer & Partners, as a percentage of the total revenue of Pearl Meyer & Partners; (iii) the policies and procedures of Pearl Meyer & Partners that are designed to prevent conflicts of interest; (iv) any business or personal relationship of the Pearl Meyer & Partners consultants with a member of the Compensation Committee; (v) any of our stock owned by the Pearl Meyer & Partners consultant; and (vi) any business or personal relationship of the Pearl Meyer & Partners consultant or Pearl Meyer & Partners with any of our executive officers. Pearl Meyer & Partners provides services only to our Compensation Committee, and none of the Pearl Meyer & Partners consultants have a business or personal relationship with a member of the Compensation Committee.

The Compensation Committee is responsible for the appointment, compensation and oversight of Pearl Meyer & Partners. Pearl Meyer & Partners reported directly to the Compensation Committee, although the Compensation Committee instructed Pearl Meyer & Partners to work with management to compile information and gain an understanding of the Company and any Company-related issues for consideration by the Compensation Committee.

In 2014, representatives from Pearl Meyer & Partners prepared and reviewed Compensation Committee materials, attended Compensation Committee meetings, assisted the Compensation Committee with total compensation program design, and generally provided advice and counsel regarding cash and equity compensation matters. The Compensation Committee also received assistance from Pearl Meyer & Partners in 2014 in assessing the competitiveness of our executive officer compensation programs.

Executive Compensation Peer Group

In order to attract, retain and motivate the best management talent, we believe that we must provide a total compensation package that is competitive relative to our peers. The Compensation Committee considers practices of specific companies identified as our peers, as well as additional sources of market intelligence. For 2014, the Compensation Committee worked with Pearl Meyer & Partners to establish our executive compensation peer group. The peer companies used for evaluating 2014 executive officer compensation were:

Aspen Technology, Inc.	Benefitfocus, Inc.
BroadSoft, Inc.	ChannelAdvisor Corporation
comScore, Inc.	Cornerstone OnDemand, Inc.
DemandWare, Inc.	Marketo, Inc.
OpenTable Inc.	PROS Holdings, Inc.
SciQuest, Inc.	SPS Commerce, Inc.
Tangoe Inc.	Textura Corporation
Zillow Inc.	

The Compensation Committee reviews the executive compensation practices of companies in the peer group and survey data described above to determine whether our executive officers' base salary, total annual cash compensation

and total direct compensation (base salary, annual cash incentive compensation and grant date fair value of equity awards) are within a reasonably competitive range. The Compensation Committee uses target percentiles from the peer group and published industry survey data as one factor when setting named executive officers' compensation, but also takes into account the experience, performance levels and potential performance levels of the executive officer, challenges facing the company and changes in duties and responsibilities. Our

Table of Contents

compensation committee believes that if an executive officer makes contributions that enable the company to achieve performance that meets goals established by the Compensation Committee, then the executive officer should have the opportunity to receive compensation that is competitive with comparable industry norms. Therefore, the Compensation Committee considers the compensation levels of our executive officers in comparison to the percentiles from survey data for similarly situated executives, but such percentiles do not on their own drive our compensation levels rather, they are used as a market reference.

Each year going forward, the Compensation Committee will review the peer group as well as other compensation data with the assistance of its compensation consultant and make changes as appropriate in order to ensure the peer group continues to appropriately reflect the competitive market to attract, retain and motivate senior management talent. For determining 2015 executive officer compensation, upon the recommendation of Pearl Meyer & Partners, the Compensation Committee has approved two changes to the executive compensation peer group: the removal of OpenTable Inc., which was acquired by Priceline.com Incorporated in 2014; and the addition of Opower, Inc., which became a public company in 2014.

Stock Selling Restrictions

We believe that it is important to align our senior management's interests with our stockholders' long-term interests and to encourage an orderly market in our common stock. For 2014, our board of directors adopted a policy governing sales of our stock by our executive officers and other members of senior management. Senior management must comply with these guidelines if they wish to trade in our common stock. These guidelines include, among others, a requirement that all members of our senior management team trade in our common stock only in accordance with a 10b5-1 stock trading plan and limitations on the maximum amount of stock that can be sold pursuant to such plans annually. The Compensation Committee considers the impact of the stock selling restrictions, together with realized and unrealized equity gains, when evaluating retention needs and senior executive compensation generally. The board of directors will revisit these guidelines annually.

Hedging and Pledging Policies

Pursuant to our Insider Trading Policy, all employees are prohibited from trading in puts or calls or other derivative or hedging transactions in our securities. Executive officers and other employees who are subject to trading blackout periods or pre-clearance requirements are also prohibited from including our securities in a margin account or pledging our securities as collateral for a loan, and other employees are discouraged from doing so. Further, it is against Company policy for any employee (including any executive officers) to engage in short sales of our common stock. Any violation of the policies may result in disciplinary action, including dismissal for cause.

Director Compensation

None of our non-employee directors was compensated for service on the board of directors prior to July 2013. In July 2013, we adopted a non-employee director compensation policy that became effective upon the closing of our IPO in August 2013. Under that policy:

Initial Equity Award. Each person who first becomes a non-employee director will be granted an award of restricted stock units with a target value of \$100,000 at the grant date.

Edgar Filing: CVENT INC - Form DEF 14A

Annual Equity Award. Each non-employee director may be granted an award of equity on the date of the annual meeting of stockholders.

Annual Cash Retainer. Each non-employee director will receive an annual cash retainer of \$35,000.

Audit Committee Chairperson Retainer Fee. Any non-employee director serving as the chairperson of the audit committee will receive an annual cash retainer of \$25,000.

Committee Member Fee. Each non-employee director serving as a member of the audit, compensation or nominating and governance committee will receive an annual cash retainer of \$5,000.

Table of Contents

For the purposes of this policy, none of Messrs. Bansal, Florence or Lieberman shall be deemed to be a non-employee director, until they no longer directly or indirectly beneficially own 5% or more of the outstanding shares of our capital stock. Accordingly, none of these three directors will be compensated for service on the board of directors unless and until their beneficial ownership falls below this percentage level.

We also reimburse director expenses for attending meetings of the board of directors.

The following table sets forth information regarding the compensation earned for service on our board of directors during the year ended December 31, 2014 by our directors who were not also our employees. Reggie K. Aggarwal, our President and Chief Executive Officer, is also a director but does not receive any additional compensation for his services as a director. Mr. Aggarwal's compensation as an executive officer is set forth above at Compensation Summary Compensation Table.

- (1) The amounts reported represent the aggregate fair value of the restricted stock units awarded to the named director at the date of grant calculated in accordance with FASB Accounting Standards Codification Topic 718. Such grant-date fair value does not take into account any estimated forfeitures related to service-vesting conditions. The assumptions used in calculating the grant date fair value of the awards reported in this column are set forth in note 8 to our audited consolidated financial statements included in our annual report on Form 10-K filed on March 16, 2015.

The table below shows the aggregate number of stock option and restricted stock unit awards outstanding for each of our non-employee directors as of December 31, 2014:

Name	Shares Subject to Options	Stock Awards
Sanjeev K. Bansal

Kevin T. Parker		9,599 ⁽¹⁾

- (1) Mr. Parker holds 4,044 restricted stock units that are subject to forfeiture until the date of the 2015 annual meeting of stockholders (or until June 16, 2015, if the annual meeting has not been held before then), pursuant to a restricted stock award granted on June 16, 2014. Mr. Parker also holds 5,555 vested shares of common stock.

Limitations on Director and Officer Liability and Indemnification

Our certificate of incorporation limits the liability of our directors to the maximum extent permitted by Delaware law. Delaware law provides that directors of a corporation will not be personally liable for monetary damages for breach of their fiduciary duties as directors, except liability for:

any breach of their duty of loyalty to the corporation or its stockholders;

acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions; or

any transaction from which the director derived an improper personal benefit.

Table of Contents

Our certificate of incorporation and our bylaws provide that we are required to indemnify our directors and officers, in each case to the fullest extent permitted by Delaware law. Any repeal of or modification to our certificate of incorporation and our bylaws may not adversely affect any right or protection of a director or officer for or with respect to any acts or omissions of such director or officer occurring prior to such amendment or repeal. Our bylaws also provide that we shall advance expenses incurred by a director or officer in advance of the final disposition of any action or proceeding, and permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in connection with their services to us, regardless of whether our bylaws permit such indemnification.

We have entered into separate indemnification agreements with our directors and executive officers, in addition to the indemnification provided for in our bylaws. These agreements, among other things, provide that we will indemnify our directors and executive officers for certain expenses (including attorneys' fees), judgments, fines, penalties and settlement amounts incurred by a director or executive officer in any action or proceeding arising out of such person's services as one of our directors or executive officers, or any other company or enterprise to which the person provides services at our request. We believe that these provisions and agreements are necessary to attract and retain qualified persons as directors and executive officers.

The limitation of liability and indemnification provisions contained in our certificate of incorporation and our bylaws may discourage stockholders from bringing a lawsuit against our directors for breach of their fiduciary duty. They may also reduce the likelihood of derivative litigation against our directors and officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be adversely affected to the extent that we pay the costs of settlement and damage awards against directors and officers as required by these indemnification provisions. There is no pending litigation or proceeding involving one of our directors or executive officers as to which indemnification is required or permitted, and we are not aware of any threatened litigation or proceeding that may result in a claim for indemnification.

COMPENSATION RISK

Our compensation programs are designed to balance risk and reward in relation to the Company's overall business strategy. Our management assesses and discusses with our compensation committee our compensation policies and practices for our employees as they relate to our risk management, and based upon this assessment, we believe that any risks arising from such policies and practices are not reasonably likely to have a material adverse effect on us in the future.

On January 1, 2015, the shares available for issuance increased 2,067,676 pursuant to this automatic share reserve increase provision.
- (2) Includes 188,875 shares of common stock underlying options that were exercised prior to vesting pursuant to an early exercise feature.
- (3) Excludes 422,263 shares of common stock underlying restricted stock units issued to our non-management directors and employees.

Benefit Plans

We provide equity based compensation awards to employees and non-employees and directors for the purpose of providing an effective means for attracting, retaining and motivating directors, officers and key employees and to provide them with incentives to enhance the Company's growth and profitability. Prior to our IPO in August 2013, these awards were provided under the 1999 Plan. Subsequent to our IPO, the 1999 Plan was replaced by the 2013 Plan.

2013 Plan

On July 5, 2013, our board of directors adopted a 2013 Equity Incentive Plan (or the 2013 Plan), which was approved by our stockholders on July 25, 2013. The 2013 Plan was effective upon the effective date of our IPO, August 8, 2013. The 2013 Plan provides for the grant of incentive stock options, within the meaning of Section 422 of the Internal Revenue Code, to employees and any parent and subsidiary corporations' employees, and for the grant of non-statutory stock options, restricted stock, restricted stock units, stock appreciation rights, performance units and performance shares to employees, directors and consultants of the Company and its subsidiaries. The 2013 Plan is administered by our board of directors or the compensation committee of our board of directors, including the ability to determine the terms of awards and the authority to amend existing awards. The 2013 Plan will automatically terminate in 2023, unless terminated sooner by the plan administrator.

The 2013 Plan generally includes the following provisions relative to the awards available for grant under the plan:

Stock Options. The exercise price of options granted under the 2013 Plan must at least be equal to the fair market value per share of our common stock on the date of grant. Upon termination, vested options are generally exercisable for three months, but in no event exercisable after the term of the option, which is generally ten years. Option awards have various terms and vest at various times from the date of grant, with most options vesting in tranches generally over four years.

Restricted Stock Units. Restricted stock units are bookkeeping entries representing an amount equal to the fair market value of one share of our common stock. The administrator determines the terms and conditions of restricted stock units, including the vesting and the form and timing of payment.

Other Key Provisions. All non-employee directors are eligible to receive all types of awards (except for incentive stock options) under the 2013 Plan and generally, awards are not transferable. In the event of a merger or change in control, as defined under the 2013 Plan, if a successor corporation does not assume or substitute an equivalent award for any outstanding award under the 2013 Plan, then such outstanding award will fully vest, all restrictions on such award will lapse, all performance goals or other vesting criteria applicable to such award will be deemed achieved at 100% of target levels and such award will become fully exercisable, for a specified period. Awards made under the 2013 Plan from and after December 31, 2014 may be forfeited if the recipient fails to provide notice of separation as

required by the terms of the award. Awards made to U.S. recipients from and after December 31, 2014 may be forfeited if the recipient fails to comply with the Company's policies, including our Code of Business Conduct and Ethics, Insider Trading Policy, and Anti-Corruption Policy.

Table of Contents

As of December 31, 2014, awards granted under the 2013 Plan consisted of stock options and restricted stock units. There were no other grants of any other award types under the plan.

The shares to be reserved for issuance under the 2013 Plan also include (a) shares reserved but unissued and not subject to awards under the 1999 Plan and (b) shares returned to the 1999 Plan as the result of expiration or termination of awards, up to a combined maximum of 4,600,000. The number of shares available for issuance under the 2013 Plan also include an annual increase on the first day of each fiscal year beginning in 2014, equal to the least of:

4,000,000 shares;

5% of the outstanding shares of our common stock as of the last day of our immediately preceding year; or

such other amount as our board of directors may determine.

At December 31, 2014, there were 5,448,769 shares available for us to grant under the 2013 Plan. On January 1, 2015, the shares available for issuance increased by 2,067,676 pursuant to the automatic share reserve increase provision under the 2013 Plan.

1999 Plan

Our board of directors adopted a stock incentive plan (the 1999 Plan). In August 1999, and our stockholders approved it in March 2000. The 1999 Plan was amended in July 2011. Our 1999 Plan was terminated on August 8, 2013, and no further awards may be granted thereunder. All outstanding awards will continue to be governed by their existing terms.

Prior to our IPO, the 1999 Plan provided for the grant of incentive stock options, within the meaning of Section 422 of the Internal Revenue Code, to employees and any parent and subsidiary corporations employees, and for the grant of nonstatutory stock options and restricted stock and stock appreciation rights to employees, directors and consultants and any parent and subsidiary corporations employees and consultants.

Authorized Shares. On August 8, 2013, the date of effectiveness of the registration statement for our initial public offering, we ceased using the 1999 Plan to grant new equity awards, and we began using our 2013 Equity Incentive Plan for grants of new equity awards. Accordingly, as of September 30, 2013, no shares were available for future grant under the 1999 Plan. However, our 1999 Plan will continue to govern the terms and conditions of outstanding awards granted thereunder. As of December 31, 2014, we reserved a total of 2,712,501 shares of our common stock for issuance pursuant to outstanding, unexercised options previously granted under the 1999 Plan.

Plan Administration. Our board of directors or the compensation committee of our board of directors administers our 1999 Plan. Subject to the provisions of our 1999 Plan, the administrator has the power to interpret and administer our 1999 Plan and any agreement thereunder and to determine the terms of awards (including the recipients), the number of shares subject to each award, the exercise price (if any), the fair market value of a share of our common stock, the vesting schedule applicable to the awards together with any vesting acceleration and the terms of the award agreement for use under our 1999 Plan. The administrator may, at any time, authorize the issuance of new awards for the surrender and cancellation of any outstanding award with the consent of a participant.

Transferability of Awards. Our 1999 Plan generally does not allow for the transfer of awards, and only the recipient of an award may exercise such an award during his or her lifetime.

Certain Adjustment. In the event of certain changes in our capitalization, the number of shares reserved under our 1999 Plan, the exercise prices of and the number of shares subject to outstanding options, and the purchase price of and the numbers of shares subject to outstanding awards will be proportionately adjusted, subject to any required action by our board of directors.

Table of Contents

Amendment, Termination. Our board of directors may amend our 1999 Plan at any time, provided that such amendment does not impair the rights under outstanding awards without the award holder's written consent, except to the extent that such amendment is required or desirable so that any award intended to qualify as an incentive stock option complies with the Code or any rule or regulation promulgated or proposed thereunder.

BENEFICIAL OWNERSHIP OF SHARES OF COMMON STOCK

The following table sets forth certain information with respect to the beneficial ownership of our common stock as of April 6, 2015 for:

each beneficial owner of 5% or more of the outstanding shares of our common stock;

each of our directors;

each of our named executive officers; and

all directors and executive officers as a group.

The number of shares of common stock beneficially owned by each person or entity is determined in accordance with the applicable rules of the SEC and includes voting or investment power with respect to shares of our common stock. The information is not necessarily indicative of beneficial ownership for any other purpose. Unless otherwise indicated, to our knowledge, all persons named in the table have sole voting and investment power with respect to their shares of common stock, except to the extent authority is shared by spouses under community property laws. The inclusion herein of any shares as beneficially owned does not constitute an admission of beneficial ownership.

Applicable percentage ownership is based on 41,539,863 shares of common stock outstanding at April 6, 2015. In computing the number of shares of common stock beneficially owned by a person or entity and the percentage ownership of such person or entity, we deemed to be outstanding all shares of common stock subject to options held by the person that are currently exercisable or exercisable within 60 days of April 6, 2015. However, we did not deem such shares outstanding for the purpose of computing the percentage ownership of any other person.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our directors, senior executives and beneficial owners of greater than 10 percent of our common stock (the Reporting Persons) to file reports of holdings and transactions in Cvent common stock with the SEC and the New York Stock Exchange.

Based solely on these reports and other information provided to us by the Reporting Persons, we believe that all Reporting Persons timely filed the required reports during fiscal year 2014.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policies and Procedures for Transactions with Related Persons

Our board of directors follows a related person transaction policy governing the policies and procedures for the review and approval or ratification of related person transactions. Related persons include any executive officer, director, nominee for director or a holder of more than five percent of our common stock, including any of their immediate family members and any entity owned or controlled by such persons. Related person transactions refers to any transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships in which we were or are to be a participant, the amount involved exceeds \$120,000, and a related person had or will have a direct or indirect material interest, including, without limitation, purchases of goods or services by or from the related person or entities in which the related person has a material interest, indebtedness, guarantees of indebtedness, and employment by us of a related person, in each case subject to certain exceptions set forth in Item 404 of Regulation S-K under the Securities Act of 1933, as amended.

The policy provides that in any related person transaction, our audit committee and board of directors shall consider all of the available material facts and circumstances of the transaction, including: the direct and indirect interests of the related persons; in the event the related person is a director (or immediate family member of a director or an entity with which a director is affiliated), the impact that the transaction will have on a director's independence; the risks, costs and benefits of the transaction to us; and whether any alternative transactions or sources for comparable services or products are available. After considering all such facts and circumstances, our audit committee and board of directors shall determine whether approval or ratification of the related person transaction is in our best interests. For example, if our audit committee determines that the proposed terms of a related person transaction are reasonable and at least as favorable as could have been obtained from unrelated third parties, it will recommend to our board of directors that such transaction be approved or ratified. In addition, if a related person transaction will compromise the independence of one of our directors, our audit committee may recommend that our board of directors reject the transaction if it could affect our ability to comply with securities laws and regulations or New York Stock Exchange listing requirements. The policies and procedures described in the foregoing for reviewing and approving related person transactions are not expected to be in writing. However, the charter for our audit committee provides that one of the committee's responsibilities is to review and approve in advance any proposed related person transactions.

Transactions and Relationships with Directors, Officers and 5% Stockholders

Other than the (a) compensation arrangements described above under Compensation Executive Compensation or Compensation Director Compensation and (b) indemnification agreements with our directors and officers described above under Limitations on Director and Officer Liability and Indemnification, since January 1, 2014 we have not entered into any agreement in which a related party had or will have a direct or indirect material interest in an amount that exceeded or will exceed \$120,000. For the purposes of the previous sentence, a related party is any director, nominee for director, executive officer or holder of more than five percent of our common stock, or any member of

the immediate family of or entities affiliated with any of them.

ITEM 2 *Ratification of Independent Registered Public Accounting Firm*

The Audit Committee has selected KPMG LLP to serve as our independent registered public accounting firm for 2015.

We are asking our stockholders to ratify the selection of KPMG LLP as our independent registered public accounting firm. Although ratification is not required by our bylaws or otherwise, we are submitting the selection of KPMG LLP to our stockholders for ratification as a matter of good corporate practice and because we value our stockholders' views on the Company's independent registered public accounting firm. In the event that our stockholders fail to ratify the selection, the Audit Committee will review its future selection of independent auditors. Even if this selection is ratified, pursuant to the Sarbanes-Oxley Act of 2002, the Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of our independent registered public accounting firm and may determine to change the firm selected at such time and based on such factors as it determines to be appropriate.

Representatives of KPMG LLP are expected to be present at the Meeting to answer appropriate questions. They also will have the opportunity to make a statement if they desire to do so.

The Board of Directors unanimously recommends a vote FOR the ratification of KPMG LLP as our independent registered public accounting firm for 2015.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Pursuant to the Audit Committee Charter, Audit Committee policy and the requirements of law, the Audit Committee pre-approves all audit and permissible non-audit services to be provided by our independent registered public accounting firm. This pre-approval applies to audit services, audit-related services, tax services and other services. In some cases, the full Audit Committee provides pre-approval for up to a year related to a particular defined task or scope of work, subject to a specific budget. In other cases, the chairman of the Audit Committee has the delegated authority from the Audit Committee to pre-approve services, and the chairman then communicates such pre-approvals to the full Audit Committee. To avoid potential conflicts of interest, the law prohibits a publicly traded company from obtaining certain non-audit services from its independent audit firm. We obtain these services from other service providers as needed.

Audit Committee Report

Cvent's management is responsible for Cvent's financial statements, internal controls and financial reporting process. Cvent's independent registered public accounting firm, KPMG LLP, is responsible for auditing the consolidated financial statements and for expressing an opinion as to whether those consolidated audited financial statements fairly present, in all material respects, the financial position, results of operations, and cash flows of the Company in conformity with U.S. generally accepted accounting principles. The Audit Committee has been established for the purpose of representing and assisting the Board of Directors in overseeing Cvent's accounting and financial reporting processes and audits of Cvent's annual financial statements, and when required, of internal control over financial reporting, including the integrity of Cvent's financial statements, Cvent's compliance with legal and regulatory authority requirements, the independent registered public accounting firm's qualifications and independence, and the performance of Cvent's internal audit function and the independent registered public accounting firm. The members of the Audit Committee are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent registered public accounting firm, nor can the Audit Committee certify that the independent registered public accounting firm is in fact independent under applicable rules.

In this context, the Audit Committee has reviewed and discussed the audited financial statements with management. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Public Company Accounting Oversight Board (PCAOB) Standard No. 16 Communications with Audit Committees. In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm regarding its communications with the Audit Committee concerning independence, as required by applicable requirements of the PCAOB, and the Audit Committee has discussed with the independent registered public accounting firm its independence.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2014, for filing with the Securities and Exchange Commission.

**REQUIREMENTS, INCLUDING DEADLINES, FOR SUBMISSION OF PROXY PROPOSALS,
NOMINATION OF DIRECTORS AND OTHER BUSINESS OF STOCKHOLDERS**

Under the rules of the SEC, if a stockholder would like us to include a proposal in our proxy statement and form of proxy for presentation at our 2016 Annual Meeting of Stockholders, the proposal must be received by us at our principal executive offices at 1765 Greensboro Station Place, 7th Floor, Tysons Corner, Virginia 22102, to the attention of the Corporate Secretary, no later than December 17, 2015.

Alternatively, under our bylaws, if a stockholder would like to propose a matter for presentation at the 2016 Annual Meeting of Stockholders rather than for inclusion in the proxy materials, or would like to nominate a person as a candidate for election to the Board at the 2016 Annual Meeting of Stockholders, the stockholder must follow certain procedures contained in our bylaws. Stockholders may request a free copy of our bylaws from:

Tysons Corner, VA 22102

Under the bylaws, notice of a nomination or other business must be delivered to the Corporate Secretary no later than the close of business on March 1, 2016 and no earlier than the close of business on January 31, 2016. The SEC has adopted rules that permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy materials with respect to two or more stockholders sharing the same address by delivering a single annual report, proxy statement and Notice of Internet Availability to those stockholders. This process, which is commonly referred to as householding, potentially provides convenience for stockholders and cost savings for companies. Although we do not household for registered stockholders, a number of brokerage firms have instituted householding for shares held in street name, delivering a single set of proxy materials to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that the broker will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, now or in the future, you no longer wish to participate in householding and would prefer to receive a separate annual report, proxy statement and Notice of Internet
