In order to ensure your representation at the meeting, whether or not you plan to attend the meeting, please vote your shares as promptly as possible. Your participation will help to ensure the presence of a quorum at the meeting and save Zendesk the extra expense associated with additional solicitation. If you hold your shares through a broker, your broker is not permitted to vote on your behalf in the election of directors unless you provide specific instructions to the broker by completing and returning any voting instruction form that the broker provides (or following any instructions that allow you to vote your broker-held shares via telephone or the Internet). For your vote to be counted, you will need to communicate your voting decision before the date of the Annual Meeting. Voting your shares in advance will not prevent you from attending the Annual Meeting, revoking your earlier submitted proxy or voting your stock in person.

In this Proxy Statement the terms **Zendesk**, **the Company**, **we**, **us**, and **our** refer to Zendesk, Inc. and its subsidiaries. The mailing address of our principal executive offices is Zendesk, Inc., 1019 Market Street, San Francisco, CA 94103.

Table of Contents

If you hold your shares through a bank or broker, please follow their instructions.

Revoking Your Proxy

Stockholders of record may revoke their proxies by attending the Annual Meeting and voting in person, by filing an instrument in writing revoking the proxy or by filing another duly executed proxy bearing a later date with our Secretary before the vote is counted or by voting again using the telephone or Internet before the cutoff time (your latest telephone or Internet proxy is the one that will be counted). If you hold shares through a bank or broker, you may revoke any prior voting instructions by contacting that firm.

Votes Required to Adopt Proposals

Each share of our common stock outstanding on the Record Date is entitled to one vote on any proposal presented at the Annual Meeting:

For Proposal One, the election of directors, the three nominees receiving the greatest number of votes will be elected as directors.

For Proposal Two, a majority of the votes properly cast is required to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016.

For Proposal Three, a majority of the votes properly cast is required to approve the compensation of our Named Executive Officers. Since this proposal is an advisory vote, the result will not be binding on our Board, the compensation committee of our Board (the compensation committee), or the Company. The Board and the compensation committee will consider the outcome of the vote when determining the compensation of our Named Executive Officers.

For Proposal Four, the frequency receiving the highest number of the votes properly cast will be considered the frequency preferred by the stockholders. Since this proposal is an advisory vote, the result will not be binding on our Board, the compensation committee, or the Company. The Board and the compensation committee will consider the outcome of the vote when determining how often we should submit to stockholders future advisory votes to approve the compensation of our Named Executive Officers.

**Effect of Abstentions and Broker
Non-Votes**

Votes withheld from any nominee, abstentions and broker nonvotes (*i.e.*, where a broker has not received voting instructions from the beneficial owner and for which the broker does not have discretionary power to vote on a particular matter) are counted as present for purposes of determining the presence of a quorum. Shares voting withheld have no effect on the election of directors. Abstentions have no effect on the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016, the advisory vote to approve the compensation of our Named Executive Officers, or the

Table of Contents

advisory vote on the frequency of future advisory votes to approve the compensation of our Named Executive Officer.

Under the rules that govern brokers holding shares for their customers, brokers who do not receive voting instructions from their customers have the discretion to vote uninstructed shares on routine matters, but do not have discretion to vote such uninstructed shares on non-routine matters. Only Proposal Two, the ratification of the appointment of Ernst & Young LLP, is considered a routine matter where brokers are permitted to vote shares held by them without instruction. If your shares are held through a broker, those shares will not be voted with regard to Proposals One, Three, or Four unless you affirmatively provide the broker instructions on how to vote. Broker non-votes also will have no effect on the outcome of these proposals.

Voting Instructions

If you complete and submit your proxy voting instructions, the persons named as proxies will follow your instructions. If you submit proxy voting instructions but do not direct how your shares should be voted on each item, the persons named as proxies will vote **FOR** the election of the nominees for director, **FOR** the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm, **FOR** the non-binding advisory vote to approve the compensation of our Named Executive Officers, and to hold future non-binding advisory votes to approve the compensation of our Named Executive Officers once every 1 YEAR. The persons named as proxies will vote on any other matters properly presented at the Annual Meeting in accordance with their best judgment, although we have not received timely notice of any other matters that may be properly presented for voting at the Annual Meeting.

Voting Results

We will announce preliminary results at the Annual Meeting. We will report final results by filing a Form 8-K within four business days after the Annual Meeting. If final results are not available at that time, we will provide preliminary voting results in the Form 8-K and will provide the final results in an amendment to the Form 8-K as soon as they become available.

Notice of Internet Availability of Proxy Materials

In accordance with the rules of the Securities and Exchange Commission (the SEC), we have elected to furnish our proxy materials, including this Proxy Statement and our 2015 Annual Report, primarily via the Internet. On or about April 6, 2016, we mailed to our stockholders a Notice of Internet Availability of Proxy Materials (the Notice) that contains instructions on how to access our proxy materials on the Internet, how to

vote at the meeting, and how to request printed copies of the proxy materials and 2015 Annual Report. Stockholders may request to receive all future proxy materials in printed form by mail or electronically by e-mail by following the instructions contained in the Notice. We encourage stockholders to take advantage of the availability of the proxy materials on the Internet to help reduce the environmental impact of our annual meetings.

Table of Contents

Additional Solicitation/Costs

We are paying for the distribution of the proxy materials and solicitation of the proxies. As part of this process, we reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to our stockholders. Proxy solicitation expenses that we will pay include those for preparation, mailing, returning and tabulating the Notice and proxies. Our directors, officers and employees may also solicit proxies on our behalf in person, by telephone, email or facsimile, but they do not receive additional compensation for providing those services.

Table of Contents

PROPOSAL ONE:

ELECTION OF DIRECTORS

Number of Directors; Board Structure

Our Board is divided into three staggered classes of directors. One class is elected each year at the annual meeting of stockholders for a term of three years. The term of the Class II directors expires at the current Annual Meeting, the term of the Class III directors expires at the 2017 annual meeting and the term of the Class I directors expires at the 2018 annual meeting. After the initial terms expire, directors are expected to be elected to hold office for a three-year term or until the election and qualification of their successors in office.

Nominees

Our Board has nominated Messrs. Carl Bass, Peter Fenton, and Dana Stalder for election as Class II directors to hold office until the 2019 annual meeting of stockholders or until their successors are duly elected and qualified, subject to their earlier resignation or removal.

Unless you direct otherwise through your proxy voting instructions, the persons named as proxies will vote all proxies received **FOR** the election of each nominee. If any nominee is unable or unwilling to serve at the time of the Annual Meeting, the persons named as proxies may vote for a substitute nominee chosen by the present Board. In the alternative, the proxies may vote only for the remaining nominees, leaving a vacancy on the Board. The Board may fill such vacancy at a later date or reduce the size of the Board. Each of the nominees is a current member of our Board and has consented to serve if elected, and we have no reason to believe that any of the nominees will be unwilling or unable to serve if elected as a director.

Recommendation of the Board

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF THE NOMINEES.

The biographies of each of the nominees, continuing directors and executive officers below contain information regarding each such person's service as a director, business experience, director positions held currently or at any time during the last five years and the experiences, qualifications, attributes or skills that caused our Board to determine that the person should serve as a director of the Company. In addition to the information presented below regarding each nominee's and continuing director's specific experience, qualifications, attributes and skills that led the Board to the conclusion that he or she should serve as a director, we also believe that each of our directors has a reputation for integrity, honesty and adherence to high ethical standards. Each of our directors has demonstrated business acumen and an ability to exercise sound judgment, as well as a commitment of service to our Company and our Board. Finally, we value our directors' experience in relevant areas of business management and on other boards of directors and board committees.

Our corporate governance guidelines also dictate that a majority of the Board be comprised of independent directors whom the Board has determined have no material relationship with the Company and who are otherwise independent directors under the published listing requirements of the New York Stock Exchange (the "NYSE").

A copy of our corporate governance guidelines can be found on our website at <https://investor.zendesk.com>.

Our Board and management are committed to good corporate governance to ensure that we are managed for the long-term benefit of our stockholders, and we have a variety of policies and procedures to promote such goals. To that end, during the past year, our management periodically reviewed our corporate governance policies and practices to ensure that they remain consistent with the requirements of the Sarbanes-Oxley Act of 2002 (the Sarbanes-Oxley Act), SEC rules and the listing standards of NYSE.

Besides verifying the independence of the members of our Board and committees (which is discussed in the section titled *Independence of the Board of Directors* below), at the direction of our Board, we also:

Periodically review and make necessary changes to the charters for our audit, compensation and nominating and corporate governance committees;

Have established disclosures control policies and procedures in accordance with the requirements of the Sarbanes-Oxley Act and the rules and regulations of the SEC;

Have a procedure for receipt and treatment of anonymous and confidential complaints or concerns regarding audit or accounting matters in place; and

Have a code of business conduct and ethics that applies to our officers, directors and employees.

In addition, we have adopted a set of corporate governance guidelines. The nominating and corporate governance committee is responsible for reviewing our corporate governance guidelines from time to time and reporting and making recommendations to the Board concerning corporate governance matters. Our corporate governance guidelines address such matters as:

Director Independence Independent directors must constitute at least a majority of our Board;

Monitoring Board Effectiveness The Board must conduct an annual self-evaluation of the Board and its committees;

Board Access to Independent Advisors Our Board as a whole, and each of its committees separately, have authority to retain independent experts, advisors or professionals as each deems necessary or appropriate; and

Board Committees All members of the audit, compensation and nominating and corporate governance committees are independent in accordance with applicable NYSE criteria.

Meetings of the Board of Directors and Annual Meeting Attendance

Our Board held seven meetings in fiscal year 2015. Each director attended at least 75% of all meetings of the Board and the committees on which they served that were held during fiscal year 2015. Under our corporate governance guidelines, directors are expected to spend the time needed and meet as frequently as our Board deems necessary or appropriate to discharge their responsibilities. Directors are also expected to make efforts to attend our annual meeting of stockholders, all meetings of the Board and all meetings of the committees on which they serve. All of our directors then serving in such capacity attended our 2015 Annual Meeting of Stockholders.

Code of Business Conduct and Ethics

Our Board has adopted a code of business conduct and ethics that applies to all of our employees, officers and directors, including our Chief Executive Officer, Chief Financial Officer, and other executive and senior financial officers. A copy of our code of business conduct and ethics is available on our Internet website at <https://investor.zendesk.com> and may also be obtained without charge by contacting our Secretary at Zendesk, Inc., 1019 Market Street, San Francisco, CA 94103. We intend to disclose any amendments to our code of business conduct and ethics, or waivers of its requirements, on our website or in filings under the Securities Exchange Act of 1934, as amended (the Exchange Act), as required by the applicable rules and exchange requirements. During fiscal year 2015, no waivers were granted from any provision of the code of business conduct and ethics.

Independence of the Board of Directors

Our Board has undertaken a review of the independence of each director. Based on information provided by each director concerning his or her background, employment, and affiliations, our Board has determined that Mmes. Marooney, Nelson, and Wilson and Messrs. Bass, Fenton, and Stalder do not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director and that each of these directors is independent as that term is defined under the applicable rules and regulations of the SEC, and the listing standards of the NYSE. In making these determinations, our Board considered the current and prior relationships that each non-employee director has with our Company and all other facts and circumstances our Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director, and the transactions involving them described in the section titled Related Party Transactions.

Board's Role in Risk Oversight

Our Board's role in overseeing the management of our risks is conducted primarily through committees of our Board, as disclosed in the descriptions of each of the committees below and in the charters of each of the committees. Our full Board (or the appropriate board committee in the case of risks that are under the purview of a particular committee) discusses with management our major risk exposures, their potential impact on our Company, and the steps we take to manage them. When a board committee is responsible for evaluating and overseeing the management of a particular risk or risks, the chairperson of the relevant committee reports on the discussion to the full Board during the committee reports portion of the next Board meeting. This enables the Board and its committees to coordinate the risk oversight role, particularly with respect to risk interrelationships.

Risks Related to Compensation Policies and Practices

As part of its oversight function, our Board, and our compensation committee in particular, along with our management team, considers potential risks when reviewing and approving various compensation plans, including executive compensation. Based on this review, our Board has concluded that such compensation plans, including

executive compensation, do not encourage risk taking to a degree that is reasonably likely to have a materially adverse impact on us or our operations.

In accordance with and pursuant to Section 10A(i)(3) of the Exchange Act, our Board has delegated to Ms. Nelson the authority to pre-approve any auditing and permissible non-auditing services to be performed by our registered independent public accounting firm, provided that all such decisions to pre-approve an activity are presented to the full audit committee at its first meeting following any such decision. Our audit committee held seven meetings during fiscal year 2015.

Compensation Committee

Our compensation committee consists of Ms. Marooney and Messrs. Bass and Fenton, with Mr. Fenton serving as Chair. The composition of our compensation committee meets the requirements for independence under the listing standards of the NYSE and SEC rules and regulations. Each member of the compensation committee is also a non-employee director, as defined pursuant to Rule 16b-3 promulgated under the Exchange Act, and an outside director, as defined pursuant to Section 162(m) of the Internal Revenue Code (the Code). The purpose of our compensation committee is to discharge the responsibilities of our Board relating to compensation of our executive officers. Our compensation committee, among other things:

reviews, approves and determines, or make recommendations to our Board regarding, the compensation of our executive officers;

administers our stock and equity incentive plans;

reviews and approves or makes recommendations to our Board regarding incentive compensation and equity plans; and

establishes and reviews general policies relating to compensation and benefits of our employees.

Our compensation committee operates under a written charter that satisfies the applicable rules of the SEC and the listing standards of the NYSE. The charter of the compensation committee permits the compensation committee to, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee of the compensation committee. The compensation committee retains and does not delegate any of its responsibilities related to the review, approval or determination of the compensation of our executive officers. Our compensation committee held five meetings during fiscal year 2015.

Nominating and Corporate Governance Committee

Our nominating and corporate governance committee consists of Mmes. Marooney, Nelson, and Wilson, with Ms. Wilson serving as Chair. The composition of our nominating and corporate governance committee meets the requirements for independence under the listing standards of the NYSE and SEC rules and regulations. Our nominating and corporate governance committee, among other things:

identifies, evaluates and selects, or makes recommendations to our Board regarding, nominees for election to our Board and its committees;

considers and makes recommendations to our Board regarding the composition of our Board and its committees;

reviews and assesses the adequacy of our corporate governance guidelines and recommend any proposed changes to our Board; and

evaluates the performance of our Board and of individual directors.

The nominating and corporate governance committee operates under a written charter that satisfies the applicable listing requirements and rules of the NYSE. Our nominating and corporate governance committee held four meetings during fiscal year 2015.

Identifying and Evaluating Director Nominees

The Board has delegated to the nominating and corporate governance committee the responsibility of identifying suitable candidates for nomination to the Board (including candidates to fill any vacancies that may occur) and assessing their qualifications in light of the policies and principles in these corporate governance guidelines and the committee's charter. The nominating and corporate governance committee may gather information about the candidates through interviews, detailed questionnaires, comprehensive background checks

Table of Contents

or any other means that the nominating and corporate governance committee deems to be appropriate in the evaluation process. The nominating and corporate governance committee then meets as a group to discuss and evaluate the qualities and skills of each candidate, both on an individual basis and taking into account the overall composition and needs of the Board. Based on the results of the evaluation process, the nominating and corporate governance committee recommends candidates for the Board's approval as director nominees for election to the Board.

Minimum Qualifications

Our nominating and corporate governance committee uses a variety of methods for identifying and evaluating director nominees and will consider all facts and circumstances that it deems appropriate or advisable. In its identification and evaluation of director candidates, our nominating and corporate governance committee will consider the current size and composition of our Board and the needs of our Board and the respective committees of our Board. Some of the qualifications that our nominating and corporate governance committee considers include, without limitation, issues of character, ethics, integrity, judgment, diversity of experience, independence, skills, education, expertise, business acumen, length of service, understanding of our business and industry, potential conflicts of interest and other commitments. Nominees must also have proven achievement and competence in their field, the ability to offer advice and guidance to our management team, the ability to make significant contributions to our success, and an understanding of the fiduciary responsibilities that are required of a director. Director candidates must have sufficient time available in the judgment of our nominating and corporate governance committee to perform all board of director and committee responsibilities. Members of our Board are expected to prepare for, attend, and participate in all board of director and applicable committee meetings. Other than the foregoing, there are no stated minimum criteria for director nominees, although our nominating and corporate governance committee may also consider such other factors as it may deem, from time to time, are in our and our stockholders' best interests.

Although our Board does not maintain a specific policy with respect to board diversity, our Board believes that our Board should be a diverse body, and our nominating and corporate governance committee considers a broad range of backgrounds and experiences. In making determinations regarding nominations of directors, our nominating and corporate governance committee may take into account the benefits of diverse viewpoints. Our nominating and corporate governance committee also considers these and other factors as it oversees the annual Board and committee evaluations. After completing its review and evaluation of director candidates, our nominating and corporate governance committee recommends to our full Board the director nominees for election to the Board.

Stockholder Recommendations

Stockholders may submit recommendations for director candidates to the nominating and corporate governance committee by sending the individual's name and qualifications to our Secretary at Zendesk, Inc., 1019 Market Street, San Francisco, CA 94103, who will forward all recommendations to the nominating and corporate governance committee. The nominating and corporate governance committee will evaluate any candidates recommended by stockholders against the same criteria and pursuant to the same policies and procedures applicable to the evaluation of candidates proposed by directors or management.

Stockholder Communications

The Board provides to every stockholder the ability to communicate with the Board as a whole, the non-employee directors as a group and with individual directors on the Board through an established process for stockholder communication. PROPOSAL TWO:

RATIFICATION OF THE APPOINTMENT OF

OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

We have appointed Ernst & Young LLP as our independent registered public accounting firm to perform the audit of our consolidated financial statements for the fiscal year ending December 31, 2016, and we are asking you and other stockholders to ratify this appointment. During our fiscal year ended December 31, 2015, Ernst & Young LLP served as our independent registered public accounting firm.

The audit committee annually reviews the independent registered public accounting firm's independence, including reviewing all relationships between the independent registered public accounting firm and us and any disclosed relationships or services that may impact the objectivity and independence of the independent registered public accounting firm, and the independent registered public accounting firm's performance. As a matter of good corporate governance, the Board is submitting the appointment of Ernst & Young LLP to stockholders for ratification. A majority of the votes properly cast is required in order to ratify the appointment of Ernst & Young LLP. In the event that a majority of the votes properly cast do not ratify this appointment of Ernst & Young LLP, we will review our future appointment of Ernst & Young LLP.

We expect that a representative of Ernst & Young LLP will attend the Annual Meeting and the representative will have an opportunity to make a statement if he or she so chooses. The representative will also be available to respond to appropriate questions from stockholders.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

In connection with our initial public offering, we adopted a policy under which the audit committee must pre-approve all audit and permissible non-audit services to be provided by the independent registered public accounting firm. As part of its review, the audit committee also considers whether the categories of pre-approved services are consistent with the rules on accountant independence of the SEC and the Public Company Accounting Oversight Board. The audit committee pre-approved all services performed since the pre-approval policy was adopted.

PROPOSAL THREE:

NON-BINDING ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Section 14A of the Exchange Act requires that we provide our stockholders with the opportunity to vote to approve, on a nonbinding, advisory basis, not less frequently than once every three years, the compensation of our Named Executive Officers as disclosed in this proxy statement in accordance with the compensation disclosure rules of the SEC. As described in detail under the heading Compensation Discussion and Analysis, we seek to closely align the interests of our Named Executive Officers with the interests of our stockholders.

Our compensation programs are designed to reward our Named Executive Officers for the achievement of short-term and long-term strategic and operational goals and the achievement of increased total stockholder return, while at the same time avoiding the encouragement of unnecessary or excessive risk-taking.

Stockholders are urged to read the Compensation Discussion and Analysis and Executive Compensation sections of this proxy statement, which discusses how our executive compensation policies and procedures implement our compensation philosophy and contains tabular information and narrative discussion about the compensation of our Named Executive Officers. Our Board and the compensation committee believe that these policies and procedures are effective in implementing our compensation philosophy and in achieving our compensation program goals.

The vote on this resolution is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our Named Executive Officers, as described in this proxy statement in accordance with the compensation disclosure rules of the Securities and Exchange Commission. The vote is advisory, which means that the vote is not binding on the Company, our Board or the compensation committee. To the extent there is any significant vote against our Named Executive Officer compensation as disclosed in this proxy statement, the compensation committee will evaluate whether any actions are necessary to address the concerns of stockholders.

Accordingly, we are asking our stockholders to vote on the following resolution at the Annual Meeting:

RESOLVED, that the compensation paid to the Company's Named Executive Officers, as disclosed pursuant to Item 402 of Regulation S-K, including in the Compensation Discussion and Analysis, the compensation tables and the narrative disclosures that accompany the compensation tables, is hereby APPROVED.

Recommendation of the Board

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF, ON AN ADVISORY BASIS, THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT.

PROPOSAL FOUR:

NON-BINDING ADVISORY VOTE ON THE FREQUENCY OF

FUTURE ADVISORY VOTES TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

Section 14A of the Exchange Act provides that stockholders must be given the opportunity to vote, on a non-binding advisory basis, for their preference as to how frequently we should seek future non-binding advisory votes to approve the compensation of our Named Executive Officers as disclosed in accordance with the compensation disclosure rules of the Securities and Exchange Commission which we refer to as an advisory vote to approve the compensation of our Named Executive Officers.

By voting with respect to this Proposal Four, stockholders may indicate whether they would prefer that we conduct future non-binding advisory votes to approve the compensation of our Named Executive Officers every one, two, or three years. Stockholders also may, if they wish, abstain from casting a vote on this Proposal Four. Our Board has determined that an annual non-binding advisory vote to approve the compensation of our Named Executive Officers will allow our stockholders to provide timely and direct input on the Company's executive compensation philosophy, policies and practices as disclosed in the proxy statement each year. The Board believes that an annual vote is therefore consistent with the Company's efforts to engage in an ongoing dialogue with our stockholders on executive compensation and corporate governance matters.

The Company recognizes that the stockholders may have different views as to the best approach for the Company, and therefore we look forward to hearing from our stockholders as to their preferences on the frequency of an advisory vote on executive compensation. This vote is advisory and not binding on the Company or our Board in any way.

The proxy card provides stockholders with the opportunity to choose among four options (holding the vote every one, two or three years, or abstaining) and, therefore, stockholders will not be voting to approve or disapprove the recommendation of our Board.

Recommendation of the Board

THE BOARD RECOMMENDS THAT YOU VOTE FOR THE OPTION OF ONCE EVERY 1 YEAR AS THE PREFERRED FREQUENCY FOR NON-BINDING ADVISORY VOTES TO APPROVE THE COMPENSATION OUR NAMED EXECUTIVE OFFICERS.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

Our Compensation Discussion and Analysis describes our executive compensation program and the decisions in fiscal year 2015 regarding the compensation for:

Mikkel Svane, our Chief Executive Officer;

Alan Black, our Senior Vice President and Chief Financial Officer;

John Geschke, our Senior Vice President, Administration, General Counsel, and Secretary;

Adrian McDermott, our Senior Vice President, Product Development; and

Amanda Kleha, our Senior Vice President, Velocity Businesses.

We refer to these executive officers collectively in this Compensation Discussion and Analysis and the accompanying compensation tables as the Named Executive Officers.

We believe the compensation program for our Named Executive Officers in 2015 was instrumental in helping us to achieve strong performance in 2015, including 64% year-over-year growth in revenue to \$208.8 million for the year ended December 31, 2015, by providing a combination of short-term and long-term incentives designed to lead to such performance.

This Compensation Discussion and Analysis provides an overview of our executive compensation philosophy, the overall objectives of our executive compensation program, and each element of compensation that we provide. In addition, we explain how and why the compensation committee arrived at the specific compensation policies and decisions involving our Named Executive Officers during fiscal year 2015.

This Compensation Discussion and Analysis contains forward-looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation plans and arrangements. The actual compensation plans and arrangements that we adopt may differ materially from currently anticipated plans and arrangements as summarized in this Compensation Discussion and Analysis.

Executive Compensation Philosophy, Objectives and Design

Our compensation philosophy is to provide an executive compensation program that rewards our management team for meeting our long-term business strategy, while rewarding the individual contributions of the team members.

Our executive compensation program is designed to achieve the following objectives:

attract, motivate and retain employees at the executive level who contribute to our long-term success;

provide compensation packages to our executives that are competitive, reward the achievement of our business objectives and effectively align their interests with those of our stockholders;

increase the incentive to achieve key strategic performance measures by linking incentive award opportunities to the achievement of performance objectives and by providing a portion of total compensation for executive officers in the form of ownership in the Company; and

promote teamwork while also recognizing the individual role each executive officer plays in our success.

Table of Contents

Our executive compensation program design uses a mix of compensation elements including base salary, performance-based incentives, long-term equity incentives, and benefits, including the acceleration of the vesting of equity awards in connection with a change in control to attract and maintain key personnel. In determining the amount of base salary, performance-based incentives, long-term equity incentives and benefits awarded to each Named Executive Officer, the compensation committee does not apply any rigorous percentage of any one element in relation to the overall compensation package. Rather, the compensation committee looks at the overall compensation package and the relative amount of each element on an individual basis for each Named Executive Officer to determine whether such amounts and mix of components further the basic principles and objectives of our overall compensation program.

A significant portion of the compensation opportunity for our Named Executive Officers is weighted towards equity, as opposed to fixed value compensation. Our compensation committee believes that making equity awards a key component of executive compensation focuses our leadership team on the achievement of our long-term strategic and financial goals, thereby aligning their interests with those of our stockholders.

We evaluate our compensation philosophy and compensation programs as circumstances require, and at a minimum, we review our executive compensation annually. As part of this review process, we apply our values and the objectives outlined above, while also considering whether our proposed compensation ensures that we remain competitive for talent, that we meet our retention objectives, and that our cost of replacement for a key employee is reasonable.

Compensation Setting Process

Role of the Compensation Committee and Executive Officers in Compensation Decisions

The compensation of our Named Executive Officers is determined by our compensation committee. Our Chief Executive Officer typically provides annual recommendations to the compensation committee and discusses with the compensation committee the compensation and performance of our executive officers, other than himself. Our Chief Executive Officer bases his recommendations in part upon his review of the performance of our executive officers. Our compensation committee may exercise its discretion in modifying any recommended compensation adjustments or awards to executives. Our compensation committee reviews the performance of our Chief Executive Officer and meets in executive session without him to determine his compensation. In addition, compensation committee meetings typically have included, for all or a portion of each meeting, not only the committee members and our Chief Executive Officer, but also our Senior Vice President, Administration and General Counsel, our Senior Vice President, Strategy, and senior members of our legal and people operations team.

Role of Compensation Consultant and Use of Market Data

The compensation committee has the authority to engage independent advisors to assist it in carrying out its responsibilities. For fiscal year 2015, the compensation committee retained the services of Compensia to review and advise on the principal aspects of the Company's executive compensation program. These services included providing recommendations regarding the determination of peer group companies, analyzing publicly-available compensation data of peer group companies, compensation survey data, and other publicly available data, and reviewing and advising on the target compensation opportunities for our executive officers, including base salaries, performance-based compensation and long-term incentives. In electing to engage Compensia, the compensation committee took into consideration, all factors relevant to Compensia's independence from the Company's management and concluded that no conflict of interest existed that would prevent Compensia from independently advising the compensation committee.

With the assistance of Compensia, the compensation committee consulted market data to better inform its determination of the key elements of our compensation program in order to develop a compensation program that

Table of Contents

the compensation committee believes will enable us to compete effectively for new employees and retain existing employees. In general, this market data consists of compensation information from both broad-based third-party compensation surveys and peer groups. The compensation data for fiscal year 2015 consisted of compensation paid by companies in our peer group to executives in positions comparable to those held by our executive officers.

For the determination of compensation of our Named Executive Officers for fiscal year 2015, our compensation committee considered the following companies as our peer group:

Barracuda Networks, Inc.	Ellie Mae, Inc.	Proofpoint, Inc.	Zillow Group, Inc.
Cornerstone OnDemand, Inc.	Imperva, Inc.	Qualys, Inc.	
Cvent, Inc.	LogMeIn, Inc.	Trulia, Inc.	
Demandware, Inc.	Marketo, Inc.	Veeva Systems, Inc.	

Because publicly-filed compensation data is generally limited to those of a company's Chief Executive Officer, Chief Financial Officer and three most highly paid executive officers (other than the Chief Executive Officer and the Chief Financial Officer), the compensation committee also utilized data from Compensia based on the Radford High-Technology Industry Survey (which is based on information for companies with revenues of \$50 million to \$200 million) in determining the compensation for our Named Executive Officers.

The compensation committee selected the companies in our peer group and utilized the Radford High-Technology Industry Survey because it believes that these companies compete with us for executive talent and were similar to us in revenue growth rate, market capitalization, industry, and size. The compensation committee also determined that the companies in the peer group generally have executive officer positions that are comparable to ours in terms of breadth, complexity and scope of responsibilities.

While we compete for executive talent to some degree with companies that have revenues significantly in excess of those represented in the surveys and peer groups, we believe that the companies represented in the surveys and peer group similarly compete with such larger companies and hence are an appropriate comparison for our employment market. Our compensation committee uses market data as one information point when making compensation decisions, understanding that such data cannot be applied formulaically. The compensation committee used this market data to ensure that no individual element of the total compensation was below a level that, in the determination of the compensation committee, would prevent the Company from effectively competing for talent. In addition to market compensation studies, our compensation committee has historically taken into account input from other sources, including input from the members of the compensation committee.

The compensation committee reviews the peer group annually and removes companies that it no longer believes are comparable and adds new companies that may now be comparable and have disclosed public information for which the compensation committee can compare. In fiscal year 2015, the compensation committee, based on recommendations of Compensia, determined to use the following peer group in its review and determination of the compensation for executive officers for fiscal year 2016:

Barracuda Networks, Inc.	Ellie Mae, Inc.	New Relic, Inc.	RingCentral, Inc.
Box, Inc.	Hubspot, Inc.	Paycom Software, Inc.	Veeva Systems, Inc.
Cornerstone OnDemand, Inc.	Imperva, Inc.	Paylocity Holding Corporation	
Cvent, Inc.	LogMeIn, Inc.	Proofpoint, Inc.	

Demandware, Inc. Marketo, Inc. Qualys, Inc.

In reviewing the peer group for appropriateness for fiscal year 2016, as compared to fiscal year 2015, Trulia, Inc. was removed from the list of comparable companies because it was acquired by Zillow Group, Inc. and Zillow was removed from the list of comparable companies because, following its acquisition of Trulia, Inc., its financial profile was no longer similar to our financial profile. Box, Inc., Hubspot, Inc., New Relic, Inc., Paycom Software, Inc., Paylocity Holding Corporation, and RingCentral, Inc. were added to the list of peer companies for fiscal year 2016 because the compensation committee determined that sufficient public information regarding the

Table of Contents

compensation for their executive officers was available and the financial, industry, and talent profiles of such companies were similar to ours.

Executive Compensation Program Elements

The following describes each element of our executive compensation program, the rationale for each and how compensation amounts and awards are determined.

Base Salaries

We provide a base salary as a fixed source of compensation for our Named Executive Officers, allowing them a degree of certainty relative to the significant portion of their compensation based on equity awards with values that are generally contingent on stock price appreciation. Our compensation committee recognizes the importance of base salaries as an element of compensation that helps to attract and retain highly qualified executive talent.

Generally, the initial base salaries of our executive officers are established through arm's-length negotiation at the time the individual executive officer is hired, taking into account his or her qualifications, experience, comparable market data and prior salary level. Thereafter, our compensation committee generally reviews, and adjusts as necessary, base salaries for each of our Named Executive Officers annually. Our compensation committee does not apply specific formulas in setting base salary levels or determining adjustments from year to year, however our compensation committee targets paying each of our Named Executive Officers base salaries that are at least greater than the first quartile of our peer group, if such information is available, or at least greater than the first quartile of salaries found in the survey data that it utilizes for similar positions.

Additionally, in setting base salary levels, our compensation committee may consider a range of factors, including:

the individual's anticipated responsibilities and experience, cash compensation for similarly situated executives at our peer group companies,

our compensation committee members' experience and knowledge in compensating similarly situated individuals at other companies,

the value of the Named Executive Officer's existing equity awards, our cash needs, and

a general sense of internal pay equity among our Named Executive Officers.

In February 2015, our compensation committee reviewed our Named Executive Officers' base salaries. In making a determination that increases to the base salaries for each of the Named Executive Officers were necessary, the compensation committee took into account the competitive market for management within our industry and geographic area and the expanded obligations of the Named Executive Officers since the Company's initial public offering. The base salaries of our Named Executive Officers prior to and following the increase approved by the compensation committee in February 2015 were as follows:

Named Executive Officer	Base Salary Prior to 2015 Increase (\$)	Base Salary Following 2015 Increase (\$)*
Mikkel Svane	300,000	350,000
Alan Black	275,000	300,000
John Geschke	265,000	285,000
Adrian McDermott	300,000	330,000
Amanda Kleha	220,000	245,000

* Since the base salaries reflected above were effective as of February 2015, the salary paid to each of the Named Executive Officers, as reflected in our Summary Compensation Table, may differ for the amounts set forth above.

Table of Contents

Performance-Based Incentives

We have adopted the Amended and Restated Executive Incentive Bonus Plan (the *Bonus Plan*) to provide for performance based incentive payments upon the attainment of performance targets related to Company financial and operational measures, Company objectives, individual performance objectives, or a combination thereof, in each case as set by the compensation committee.

Each executive officer who participates in the Bonus Plan has a target bonus opportunity set for each performance period, as well as one or more target objectives under the Bonus Plan for the performance period. The attainment level of the target objectives is measured at the end of each performance period after our financial reports have been published (or such other appropriate time as the compensation committee determines) with the payout based on such attainment level as approved by the compensation committee. The Bonus Plan also permits the compensation committee to approve additional bonuses to executive officers in its sole discretion and to adjust incentive payments (by increasing or decreasing the amount payable), in each case based on an executive officer's attainment of individual performance objectives or other conditions, as determined by the compensation committee. The compensation committee did not use peer group data to set specific performance target levels, but used its general knowledge of our industry to ensure that performance target levels were appropriate and competitive.

The compensation committee believes that the payment of performance-based incentives under the Bonus Plan allows the Company to create short-term incentives for the management team that, given the alignment of the target objectives with the Company's internal operating plan, will drive long term value creation for our stockholders by motivating each member of the management team to focus his or her efforts on successfully executing such operating plan.

For 2015, the compensation committee established a target objective under the Bonus Plan for each of the Named Executive Officers that had two weighted components. The compensation committee established two six-month performance periods for fiscal year 2015, with the first period (*1H 2015*) commencing on January 1, 2015 and ending on June 30, 2015 and the second period (*2H 2015*) commencing on July 1, 2015 and ending on December 31, 2015.

One component of the target objective, the Recurring Revenue Goal, was the percentage of achievement of the net recurring revenue added to customer accounts on our customer service platform during the period as compared to the internal operating plan. Net recurring revenue added during a period is determined by assessing the recurring revenue for all customer accounts on our customer service platform at the end of the period as compared to the recurring revenue for all customer accounts on our customer service platform at the beginning of the period. Recurring revenue for a customer account is a legal and contractual determination made by assessing the contractual terms of a customer account, as of the date of determination, as to the revenue the Company expects to generate in the next measurement period for such customer account, assuming no changes to the subscription and without taking into account any one-time discounts or any platform usage above the subscription base, if any, that may be applicable to such subscription. The Recurring Revenue Goal comprised 75% of the overall target objective for the Named Executive Officers for each of the six-month performance periods in fiscal year 2015.

The compensation committee chose the Recurring Revenue Goal as a component of the target objective for each of the Named Executive Officers because the compensation committee believes that increasing net recurring revenue has a direct impact on achieving revenue growth, a primary objective for the Company and its stockholders. Furthermore, the compensation committee believes that each of the Named Executive Officers was in a position to focus on the net addition of recurring revenue and the compensation committee desired to incentivize this focus.

The other component of the target objective, the Operating Margin Goal, was the percentage of achievement of non-GAAP operating margin for the period as compared to the internal operating plan. Non-GAAP operating

Table of Contents

margin is the ratio of the non-GAAP operating loss for a period (which excludes share-based compensation, employer tax related to employee stock transactions, amortization of share-based compensation capitalized in internal-use software, amortization of purchased intangibles, and transaction costs related to acquisitions from the GAAP operating loss for the period) to our revenue for the period. The Operating Margin Goal comprised 25% of the overall target objective for the Named Executive Officers for each of the six-month periods in 2015.

The compensation committee chose the Operating Margin Goal as a component of the target objective for each of the Named Executive Officers because the compensation committee believes that revenue growth must be achieved efficiently and with a long-term focus on achieving profitability. Further, the compensation committee believes that each of the Named Executive Officers was in a position to focus on scaling our operations efficiently and desired to incentivize this focus.

Overachievement of either of the Recurring Revenue Goal or the Operating Margin Goal has the potential to offset underachievement of the other component when determining the aggregate achievement of the target objective for each of the Named Executive Officers for a performance period. The determination of the level of achievement for the target objective is rounded to the nearest whole number. For every percentage of achievement of the target objective between the minimum threshold and full achievement of the target objective, 10% of the Named Executive Officer's target bonus amount for the period is earned. The minimum achievement threshold for both performance periods in 2015 was 90% (at which no portion of the target bonus amount for the period is earned) and with the full amount of the target bonus amount for each performance period earned upon the full achievement of the target objective. For every 1% of achievement above the target objective, the Named Executive Officer was eligible to earn an additional 10% of the Named Executive Officer's target bonus amount for the performance period, up to an aggregate maximum of 150% of the Named Executive Officer's target bonus amount upon achievement of 105% of the target objective.

For fiscal year 2015, the compensation committee elected to pay the amounts to the Named Executive Officers under the Bonus Plan in restricted stock units that were fully vested upon grant, with the value of the restricted stock units to be granted to a Named Executive Officer equal to the amounts earned under the Bonus Plan for the period, as determined by the 30-day trailing average closing price of our stock on the NYSE prior to grant date. The compensation committee chose to pay the amounts to the Named Executive Officers under the Bonus Plan in restricted stock units because the compensation committee believed that it provided a balance between aligning the interests of the Named Executive Officers with those of our stockholders and an appropriate short-term incentive to our Named Executive Officers.

Long-Term Equity Incentives

We believe that providing long-term incentives in the form of equity awards encourages our Named Executive Officers to take a long-term outlook and provides our Named Executive Officers with an incentive to manage our Company from the perspective of an owner with an equity stake in the business. By providing opportunities for our Named Executive Officers to benefit from future successes in our business through the appreciation of the value of their equity awards, the compensation committee believes that equity awards align our Named Executive Officers interests and contributions with the long-term interests of our stockholders. In addition, the compensation committee believes that offering meaningful equity ownership in our Company assists us in retaining our Named Executive Officers and other key employees.

Generally, our executive officers are granted equity awards at the time of hire, the size and form of which are determined through arm's-length negotiation at the time of hire of the individual executive officer, taking into account his or her qualifications, experience, comparable market data and prior compensation level. The vesting for the equity awards granted to our executive officers upon hire generally vest as to 25% of the award during the month of the first anniversary of the date of hire, with the remaining portion of the award vesting in equal monthly installments over the subsequent 36 months.

In addition to equity awards paid in connection with the Bonus Plan, the equity compensation for our Named Executive Officers for fiscal year 2015 consisted of annual equity awards, in the form of stock options and restricted stock units. The compensation committee believes that, since the Company's annual equity awards require an equity award holder's continued provision of services to the Company through each applicable vesting date, the annual equity awards serve as effective retention tools.

For fiscal year 2015, the compensation committee targeted providing 75% of the intended aggregate fair value of all equity awards for each Named Executive Officer in the form of stock options and the remaining 25% as restricted stock units. Since the entire value of each stock option depends on future stock price appreciation, the compensation committee decided to heavily weight the annual equity awards towards stock options. The compensation committee believes that weighting the awards in this manner motivates the management team to focus its efforts on increasing the market value of the Company's common stock through the execution of the Company's long-term objectives. The compensation committee determined the weight of the restricted stock units in the annual equity awards based on its belief that this weighting would add to the retention effect of the annual equity awards, provide moderate reward for growth in the market price of the Company's common stock, and permit the Company to use fewer shares in the grant of the annual equity awards than it would in granting annual equity awards that were comprised solely stock options.

Table of Contents

The stock options used as part of our annual equity awards generally have a ten-year term and vest in equal monthly installments over four years, subject to an equity award holder's continued provision of services to the Company through each applicable vesting date. The restricted stock unit portion of each annual equity award generally has a seven-year term and vests in equal monthly installments over four years, subject to an equity award holder's continued provision of services to the Company through each applicable vesting date.

For its analysis of the intended aggregate fair value of the equity compensation to be granted to each Named Executive Officer for the year, the compensation committee compared the fair value of the award to those made to executives within the applicable peer group using a Black-Scholes methodology valuation for options that is consistent with ASC Topic 718 and the reported value for restricted stock units. We believe these comparisons provide important additional context for assessing the competitiveness of our equity-based compensation practices with market practices.

With the exception of the equity compensation provided to Mr. McDermott, the compensation committee targeted providing each of our Named Executive Officers with equity award grants with an aggregate fair value at a level that is near the median of executives with similar roles at comparable companies. Given the competitive nature of the industry in which we operate, the compensation committee believes equity compensation at this level is generally required to retain our existing Named Executive Officers and to hire new executive officers when and as required.

In determining the equity compensation for Mr. McDermott for fiscal year 2015, the compensation committee considered a blended analysis based on the fair value of annual equity awards granted to executive officers performing similar functions as Mr. McDermott within the applicable peer group and the percentage of the number of outstanding shares and market capitalization of the applicable company represented by annual equity awards to such executive officers. Given the competitiveness of recruiting and retention for executive officers performing similar functions as Mr. McDermott and the value of such functions in our internal plans, the compensation committee targeted equity compensation for Mr. McDermott equivalent to the 75 percentile of the blended analysis reviewed by the compensation committee for fiscal year 2015.

Employee Stock Purchase Plan

Participation in the 2014 Employee Stock Purchase Plan (ESPP) is available to all Named Executive Officers on the same basis as our other employees. However, any Named Executive Officers who are 5% stockholders, or would become 5% stockholders as a result of their participation in the ESPP, are ineligible to participate in the ESPP. Under the ESPP, eligible employees are granted options to purchase shares of our common stock through payroll deductions. The ESPP provides for eighteen-month offering periods, which include three six-month purchase periods. At the end of each purchase period, employees are able to purchase shares at 85% of the lower of the fair market value of our common stock at the beginning of an offering period or the fair market value of our common stock at the end of the purchase period. Since employees that participate in the ESPP have the opportunity to benefit from any appreciation in the value of the Company's common stock due to the execution of the Company's long-term objectives between the beginning of each offering period and end of each purchase period, we believe that offering the ESPP aligns the interests of our broad employee base with the Company's long-term objectives.

Change in Control Payments

In fiscal year 2015, our compensation committee adopted a Change in Control Acceleration Plan (the Acceleration Plan) that provides participants with accelerated vesting of all outstanding and unvested equity awards in the event of the termination of the individual's employment from the Company under specified circumstances following a change in control. All executive officers were provided with the opportunity to participate in the Acceleration Plan, however,

participation was not mandatory and executive officers could elect to maintain any existing rights to the accelerated vesting of equity awards in lieu of participating in the

Table of Contents

Acceleration Plan. However, once an executive officer makes an election to participate in the Acceleration Plan, the acceleration provisions of the Acceleration Plan supersede any other arrangements then in place related to the acceleration of equity awards. Following the adoption of the Acceleration Plan, the compensation committee does not anticipate that new executive officers will be eligible for change of control arrangements other than those provided by the Acceleration Plan.

Our compensation committee (and in periods prior to our initial public offering, our Board) determined that we would provide change in control arrangements to our Named Executive Officers in order to mitigate some of the risk that exists for executives working for a company that is smaller than many of its competitors. These arrangements are intended to attract and retain qualified executives that have alternatives that may appear to them to be less risky absent these arrangements, and to mitigate a potential disincentive to consideration and execution of such an acquisition, particularly where the services of these executive officers may not be required by the acquirer. We also believe that entering into these arrangements and the level of acceleration provided by such arrangements will help these executive officers maintain continued focus and dedication to their responsibilities to help maximize stockholder value if there is a potential transaction that could involve a change in control of the Company.

Messrs. Svane, Black, and Geschke have acceleration provisions pursuant to agreements that pre-date the adoption of the Acceleration Plan. Ms. Kleha and Mr. McDermott are participants in the Acceleration Plan. The terms of the acceleration arrangements for Mr. Svane are consistent with the terms of the Acceleration Plan. The acceleration arrangements for each of Messrs. Black and Geschke were established in arm's-length negotiations in connection with the hire of Messrs. Black and Geschke.

For quantification of, and additional information regarding, the change of control arrangements of our Named Executive Officers, please see the discussion under *Executive Compensation - Potential Payments Upon Termination or Change in Control*.

Welfare and Other Benefits

We have established a tax-qualified Section 401(k) retirement plan that provides eligible U.S. employees with an opportunity to save for retirement on a tax-advantaged basis. Under this plan, employees may elect to defer their eligible compensation by up to the statutory limit and contribute to the plan. We currently do not match any contributions made to the plan by our employees, including our Named Executive Officers.

In addition, we provide other employee welfare and benefit programs to our executive officers, including the Named Executive Officers, on the same basis as all of our full-time employees in the country in which they are resident. These benefits include medical, dental, and vision benefits, medical and dependent care flexible spending accounts, short-term and long-term disability insurance, accidental death and dismemberment insurance and basic life insurance coverage.

We design our employee welfare and benefit programs to be affordable and competitive in relation to the market, as well as compliant with applicable laws and practices. We adjust our employee welfare and benefit programs as needed based upon regular monitoring of applicable laws and practices and the competitive market.

Other than payment for parking, we do not generally provide perquisites to our executive officers, except in limited situations where we believe it is appropriate to assist an individual in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment and retention purposes.

In the future, we may provide perquisites or other personal benefits in circumstances, such as where we believe it is appropriate to assist an individual executive officer in the performance of his or her duties, to make our executive officers more efficient and effective, and for recruitment, motivation, or retention purposes. All future practices with respect to perquisites or other personal benefits will be approved and subject to periodic review by the compensation committee.

Other Compensation Policies

Stock Ownership Guidelines

We do not have any equity security ownership guidelines or requirements for our Named Executive Officers or directors and we do not have any formal or informal policies or guidelines for allocating compensation between long-term and currently paid out compensation, between cash and non-cash compensation or among different forms of non-cash compensation.

Policy Regarding the Pricing and Timing of Equity Awards

All equity awards to our employees, including executive officers, and to our directors have been granted at the closing price of our stock on the New York Stock Exchange on the date of grant and reflected in our consolidated financial statements, based upon the applicable accounting guidance, based on such price. We have not adopted a policy or practice pertaining to the timing of stock option grants to executive officers relative to the timing of the release of material nonpublic information. We do not currently have any plans to implement such a policy or practice.

Insider Trading Policy and Rule 10b5-1 Sales Plans

We have an insider trading policy that prohibits our officers, directors and certain other persons from engaging in, among other things, short sales, hedging of stock ownership positions, use our securities as collateral in a margin account, the pledging of our securities as collateral for loans, and transactions involving derivative securities relating to the Company's common stock. Our insider trading policy permits our officers, directors and employees to enter into trading plans complying with Rule 10b5-1 under the Exchange Act.

Tax Considerations

Internal Revenue Code Section 162(m) limits the amount that we may deduct for compensation paid to our Chief Executive Officer and to certain other highly compensated officers (other than our Chief Financial Officer) to \$1,000,000 per person, unless certain exemption requirements are met. Exemptions to this deductibility limit may be made for various forms of performance-based compensation. In addition to salary, the fair market value of restricted stock units upon vesting and, upon the exercise of stock options, the excess of the market price over the option price, or option spread, is treated as compensation and accordingly, in any year, such exercise may cause certain executive officer's total compensation to exceed \$1,000,000. While the compensation committee cannot predict how the deductibility limit may impact our compensation program in future years, the compensation committee intends to maintain an approach to executive compensation that strongly links pay to performance. In addition, while the compensation committee has not adopted a formal policy regarding tax deductibility of compensation paid to our Named Executive Officers, the compensation committee considers tax deductibility under Section 162(m) as a factor in compensation structure. We may from time to time pay compensation or grant equity awards to our executive officers, however, that may not be deductible when, for example, we believe that such compensation is appropriate and in the best interests of our stockholders, after taking into consideration changing business conditions and/or the executive officer's performance.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors and executive officers and persons who own more than 10% of our common stock, to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership. Officers, directors and greater than 10% stockholders are required by SEC regulations to furnish us with copies of all such reports.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, we believe that for 2015, all required reports were filed on a timely basis under Section 16(a) other than (i) one report, covering a total of three transactions in 2015 by Mr. Black, which was filed late and (ii) one report, covering a total of five transactions in 2015 by Mr. McDermott, which was filed late. In addition, one report covering three transactions by Mr. Black that occurred during 2014 was filed late during 2015.

RELATED PARTY TRANSACTIONS

Certain Relationships and Transactions

Other than the transactions discussed below and the compensation agreements, equity compensation policies, grants of certain equity awards and other arrangements which are discussed above in Executive Compensation, in 2015, there was not, and there is not currently proposed, any transaction or series of similar transactions to which we were or will be a party for which the amount involved exceeds or will exceed \$120,000 and in which any director, executive officer, holder of 5% or more of any class of our capital stock or any member of their immediate family had or will have a direct or indirect material interest.

Transactions

We have granted stock options and other equity awards to our executive officers and certain of our directors. See the sections titled Grants of Plan-Based Awards in 2015, Outstanding Equity Awards at Fiscal Year-End Table 2015 and Director Compensation Table 2015 for a description of these options and equity awards.

We have entered into arrangements with certain of our executive officers that, among other things, provide for certain severance and change in control benefits.

We believe the terms of the transactions described above were comparable to terms we could have obtained in arm's-length dealings with unrelated third parties.

Indemnification of Officers and Directors

Our certificate of incorporation contains provisions that limit the liability of our directors for monetary damages to the fullest extent permitted by Delaware law. Consequently, our directors will not be personally liable to us or our stockholders for monetary damages for any breach of fiduciary duties as directors, except liability for the following:

any breach of their duty of loyalty to our Company or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law ("DGCL"); or

any transaction from which they derived an improper personal benefit.

Any amendment to, or repeal of, these provisions will not eliminate or reduce the effect of these provisions in respect of any act, omission or claim that occurred or arose prior to that amendment or repeal. If the DGCL is amended to provide for further limitations on the personal liability of directors of corporations, then the personal liability of our directors will be further limited to the greatest extent permitted by the DGCL.

In addition, our bylaws provide that we will indemnify, to the fullest extent permitted by law, any person who is or was a party or is threatened to be made a party to any action, suit or proceeding by reason of the fact that he or she is or was one of our directors or officers or is or was serving at our request as a director or officer of another corporation, partnership, joint venture, trust, or other enterprise. Our bylaws provide that we may indemnify to the fullest extent permitted by law any person who is or was a party or is threatened to be made a party to any action, suit, or proceeding by reason of the fact that he or she is or was one of our employees or agents or is or was serving at our request as an employee or agent of another corporation, partnership, joint venture, trust, or other enterprise. Our bylaws provide that we must advance expenses incurred by or on behalf of a director or officer in advance of the final disposition of any action or proceeding, subject to very limited exceptions.

Table of Contents

Further, we have entered into indemnification agreements with each of our directors and executive officers that may be broader than the specific indemnification provisions contained in the DGCL. These indemnification agreements require us, among other things, to indemnify our directors and executive officers against liabilities that may arise by reason of their status or service. These indemnification agreements also require us to advance all expenses incurred by the directors and executive officers in investigating or defending any such action, suit, or proceeding. We believe that these agreements are necessary to attract and retain qualified individuals to serve as directors and executive officers.

The limitation of liability and indemnification provisions that are included in our certificate of incorporation, bylaws, and in indemnification agreements that we enter into with our directors and executive officers may discourage stockholders from bringing a lawsuit against our directors and executive officers for breach of their fiduciary duties. They may also reduce the likelihood of derivative litigation against our directors and executive officers, even though an action, if successful, might benefit us and other stockholders. Further, a stockholder's investment may be harmed to the extent that we pay the costs of settlement and damage awards against directors and executive officers as required by these indemnification provisions. At present, we are not aware of any pending litigation or proceeding involving any person who is or was one of our directors, officers, employees or other agents or is or was serving at our request as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, for which indemnification is sought, and we are not aware of any threatened litigation that may result in claims for indemnification.

We have obtained insurance policies under which, subject to the limitations of the policies, coverage is provided to our directors and executive officers against loss arising from claims made by reason of breach of fiduciary duty or other wrongful acts as a director or executive officer, including claims relating to public securities matters, and to us with respect to payments that may be made by us to these directors and executive officers pursuant to our indemnification obligations or otherwise as a matter of law.

Certain of our non-employee directors may, through their relationships with their employers or affiliated entities, be insured or indemnified against certain liabilities incurred in their capacity as members of our Board. In our indemnification agreements with these non-employee directors, we have agreed that our indemnification obligations are primary to any such other indemnification arrangements.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling our Company pursuant to the foregoing provisions, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

Procedures for Approval of Related Party Transactions

The audit committee has the primary responsibility for reviewing and approving or disapproving related party transactions, which are transactions between us and related persons in which the aggregate amount involved exceeds or may be expected to exceed \$120,000 and in which a related person has or will have a direct or indirect material interest. For purposes of this policy, a related person will be defined as a director, executive officer, nominee for director, or greater than 5% beneficial owner of our common stock, in each case since the beginning of the most recently completed year, and their immediate family members. Our audit committee charter provides that the audit committee shall review and approve or disapprove any related party transactions.

Report of the Audit Committee of the Board of Directors

The information contained in this audit committee report shall not be deemed to be (1) soliciting material, (2) filed with the SEC, (3) subject to Regulations 14A or 14C of the Exchange Act, or (4) subject to the liabilities of Section 18 of the Exchange Act. No portion of this audit committee report shall be deemed to be incorporated by reference into any filing under the Securities Act of 1933, as amended (the Securities Act), or the Exchange Act, through any general statement incorporating by reference in its entirety the proxy statement in which this report appears, except to the extent that Zendesk specifically incorporates this report or a portion of it by reference. In addition, this report shall not be deemed filed under either the Securities Act or the Exchange Act.

This report is submitted by the audit committee of the Board. The audit committee consists of the three directors whose names appear below. None of the members of the audit committee is an officer or employee of Zendesk, and the Board has determined that each member of the audit committee is independent for audit committee purposes as that term is defined under Rule 10A-3 of the Exchange Act, and the applicable NYSE rules. Each member of the audit committee meets the requirements for financial literacy under the applicable rules and regulations of the SEC and NYSE.

The audit committee's general role is to assist the Board in monitoring our financial reporting process and related matters. Its specific responsibilities are set forth in its charter.

The audit committee has reviewed the Company's consolidated financial statements for 2015 and met with management, as well as with representatives of Ernst & Young LLP, the Company's independent registered public accounting firm, to discuss the consolidated financial statements. The audit committee also discussed with members of Ernst & Young LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended (AICPA *Performance Standards* Vol. 1. AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T.

In addition, the audit committee received the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and discussed with members of Ernst & Young LLP its independence.

Based on these discussions, the financial statement review and other matters it deemed relevant, the audit committee recommended to the Board that the Company's audited consolidated financial statements for 2015 be included in its Annual Report on Form 10-K for 2015.
