EXECUTIVE SUMMARY

BUSINESS HIGHLIGHTS

2018 was a year of evolution for Macerich as we continued to adapt to the changing retail environment. Despite continued retailer fallout stemming from unprecedented tenant bankruptcies in 2017, we posted solid operating results and earnings performance for 2018. While store closings and tenant bankruptcies have adversely impacted our short-term total stockholder return (TSR), they often present opportunities to secure more productive and contemporary tenants that will generate higher sales in the coming years. Two examples of successful redevelopment projects in 2018 include Kings Plaza, the only enclosed mall in Brooklyn, New York and Scottsdale Fashion Square in Scottsdale, Arizona. In summer 2018, we completed the redevelopment of the former four-level Sears store at Kings Plaza with Primark and Zara, both new to the Brooklyn market, and Burlington and JCPenney. This redevelopment is significantly improving retailer demand throughout Kings Plaza. At Scottsdale Fashion Square, we repurposed the former Barneys location with a two-level

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

In 2018, our Company continued to demonstrate the strength of our portfolio through consistently strong operating metrics and the delivery of stable, high-quality cash flows, despite the challenges facing the retail industry. *For additional information about the following financial metrics, see our Annual Report on Form 10-K for the year ended December 31, 2018 and Appendix I of this Proxy Statement.*

- (1) FFO per share-diluted represents funds from operations per share on a diluted basis, excluding the gain or loss on early extinguishment of debt and stockholder activism costs in 2018 and for 2015, FFO per share-diluted also excludes costs related to an unsolicited hostile takeover attempt and proxy contest. For the definition of FFO per share-diluted and a reconciliation of FFO per share-diluted to net income per share attributable to common stockholders-diluted, see Appendix I of this Proxy Statement and Management's Discussion and Analysis of Financial Condition and Results of Operations-Funds from Operations in our Annual Report on Form 10-K for the year ended December 31, 2018.

In recent years, REIT TSRs have been generally lower than the broader market, and regional mall REITs in particular underperformed other REITs. We believe that our negative TSR has been driven primarily by bearish investor sentiment for the mall REIT sector in general, in the wake of store closings and tenant bankruptcies announced by several high-profile retailers. However, our performance versus other mall REITs has been strong. Over the past five and ten years we generated a higher total return to our stockholders than all but one of our direct competitors, and over the past ten years we outperformed both the FTSE Nareit All Equity REITs Index and the S&P 500 Index, as illustrated in the following table.

	5 year (2014-2018)	10 year (2009-2018)
The Macerich Company	-5.1%	321.7%
Simon Property Group, Inc.	41.5%	378.2%
Tanger Factory Outlet Centers, Inc.	-22.3%	55.5%

Compensation Elements. The following chart summarizes, for each component of our ongoing executive compensation program, the objectives and key features and the compensation decisions made by the Committee for our named executive officers, except Mr. Healey:

Pay Element	Objectives and Key Features	2018 Highlights
Salary	Relatively low, fixed cash pay based on the scope and complexity of each position, the officer's experience, competitive pay levels and general economic conditions	For continuing named executive officers, 2018 salaries remained unchanged from 2017 levels, except for Mr. O'Hern, whose salary was increased to \$800,000 starting April 26, 2018 as part of the CEO transition Base salary for Ms. Menard was established when she was hired on January 29, 2018
Annual Incentive Bonus	Variable short-term incentive	For Messrs. O'Hern, E. Coppola, A. Coppola and Ms. Menard:
	Rewards achievement of both corporate and individual performance	Performance on the corporate objectives was below the threshold level, resulting in no bonus payment for that portion of the award
	For Messrs. O'Hern, E. Coppola, A. Coppola and Ms. Menard, performance was measured using annual scorecard designed to support our Company's short-term financial and strategic objectives:	Individual performance against pre-established goals, leadership during the CEO transition, and accomplishments of objectives not contemplated at the beginning of the year, was strong

Corporate goals (Same Center NOI growth, FFO per diluted share, and releasing spreads) were weighted 75%, and evaluated formulaically against pre-established threshold, target, and maximum goals

For individual performance, the Committee awarded \$750,000 to each of Messrs. O'Hern and E. Coppola and Ms. Menard and \$500,000 to Mr. A. Coppola

Mr. Perlmutter was not eligible for a bonus because he resigned in April 2018

May be earned from 0% to 150% of target based on our TSR over the three-year performance period compared to all publicly-traded equity REITs (the Equity Peer REITs)

None of the performance-based LTIP Units granted in 2016 were earned because our relative TSR for the 2016-2018 performance period was below the 25th percentile

Service-Based LTIP Units

Vest in equal annual installments over a three-year period to promote stockholder alignment, retention and stability of our management team

Mr. Healey was promoted to Executive Vice President, Leasing in March 2016 and became an executive officer in June 2018. During 2018, Mr. Healey participated in a different compensation program than the other named executive officers. His 2018 annual incentive bonus was earned at 100% of target, based on his significant contributions in achieving strong occupancy and double-digit releasing

spreads. In particular, the Committee considered his success in his expanded role in directing strategic leasing of our Company's entire portfolio. He participated in our Restricted Stock/Stock Unit/LTIP Unit Bonus Program, as described below, and elected in advance to convert 50% of what would otherwise have been a cash bonus into restricted stock units, with a value equal to 1.5x the value of the cash converted. These restricted stock units vest over three years; because they were granted in calendar year 2019, they will be reported in next year's proxy statement. Mr. Healey did not participate in any other long-term incentive program.

Two of our named executive officers were granted one-time special equity awards in 2018 in connection with hire or promotion.

Ms. Menard. When Ms. Menard was hired in January 2018, she received a one-time award of LTIP Units with a grant date fair value of approximately \$900,000, which vest in four equal installments on each of the first four anniversaries of the grant date. This grant was intended to offset equity interests she forfeited from her prior employer, to create immediate alignment of her interests with those of our stockholders, and to encourage her long-term retention as an executive officer of our Company.

Mr. O'Hern. On April 26, 2018, Mr. O'Hern was offered the Chief Executive Officer position, effective January 1, 2019. In connection with the determination of his compensation, and pursuant to his offer letter dated April 26, 2018, Mr. O'Hern was granted a one-time award of LTIP Units with a grant date fair value of approximately \$5,000,000, on April 26, 2018 (the "One-Time Equity Grant"). The One-Time Equity Grant was fully-vested at grant, but Mr. O'Hern will be required to repay 50% of the One-Time Equity Grant if he resigns without good reason or is terminated for cause prior to April 26, 2019. This grant was intended to strengthen the alignment of Mr. O'Hern's interests with those of our stockholders and encourage retention through the CEO transition.

LTIP Pay for Performance Alignment. The forfeiture, and tracking forfeiture, of the performance-based LTIP Unit awards for 2016 through 2018 reflects strong pay for performance alignment with respect to the applicable performance periods. The graphic below summarizes the performance periods and outcome, or projected outcome, of our performance-based LTIP Unit awards in 2016, 2017 and 2018, through December 31, 2018.

LTIP Performance Period	2016	2017	2018	2019	2020	Status	% Payout
2016 3-year LTIP	100% Complete					q Below Threshold and 100% Forfeited	0%
2017 3-year LTIP		67% Complete				q Tracking Below Threshold	0% ⁽¹⁾
2018 3-year LTIP			33% Complete			q Tracking Below Threshold	0% ⁽¹⁾

⁽¹⁾ The performance period for these awards remains open and the payout percentage for these awards has not been determined. The payout percentage is reflected as 0% in the table to indicate that, if the performance period applicable to the award had ended as of December 31, 2018, the Company's relative TSR ranking considered for purposes of the awards would have been below the applicable Threshold level and the awards would have been forfeited. We make no prediction as to the future performance of our stock.

The three-year performance period for the 2016 performance-based LTIP Unit awards has been completed and the entire award was forfeited because the Company did not achieve the Threshold relative TSR ranking.

The total amount realized with respect to the outstanding 2017 and 2018 performance-based LTIP Unit awards will be determined following the three-year performance periods ending December 31, 2019 and 2020, respectively. If the performance period had ended on December 31, 2018, the 2017 and 2018 performance-based LTIP Unit awards would have resulted in \$0 realized pay due to the failure to satisfy the Threshold relative TSR achievement level.

Target vs. Realizable CEO Compensation

As illustrated above, the majority of our Chief Executive Officer's compensation opportunity is at risk and tied to performance goals and our relative TSR. Because a significant portion of compensation opportunity is in the form of equity awards, the value is also tied to our absolute TSR. Our pay-for-performance philosophy is further illustrated by comparing target total direct compensation to realizable compensation, which after taking into account actual performance demonstrates alignment of pay and performance.

2019 PROXY STATEMENT **33**

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

Our operating performance was solid during 2016 and 2017, but fell short of targets in 2018. Annual bonuses earned in each year were aligned with operating and individual performance. As illustrated above, our TSR lagged peers, resulting in no payout for the 2016-2018 performance-based LTIP Units, and the 2017-2019 and 2018-2020 performance-based LTIP Units are tracking at no payout. Service-based LTIP Units have lost value, consistent with our negative absolute TSR.

(1) Total Direct Compensation (TDC) for 2019 includes target LTIP grant value of \$4 million, as Mr. O'Hern volunteered to reduce the size of his 2019 long-term incentive award by \$2 million, and such amount was instead used to fund an incentive bonus pool for other senior executives tied to same center growth and EBITDA growth. Target pay includes base salary, target annual incentive compensation, and the target grant-date fair value of long-term incentives in each of 2016, 2017 and 2018 for Mr. A. Coppola and in 2019 for Mr. O'Hern. Realizable pay includes: (i) annual base salary earned; (ii) actual annual incentive earned in respect of the applicable year; and (iii) the value of performance-based LTIP Units (assuming the performance period had ended December 31, 2018) and service-based LTIP Units as of December 31, 2018, including earned dividend equivalents. None of the performance-based LTIP Units granted in 2016 were earned, and none of the performance-based LTIP Units granted in 2017 and 2018 would have been earned at December 31, 2018 based on our relative TSR performance as of such date. The value of the service-based LTIP Units is based on our closing stock price on December 31, 2018, the last trading day of fiscal 2018. This chart and the total realizable pay reported in this chart provide supplemental information regarding the compensation paid to our Chief Executive Officer and should not be viewed as a substitute for the 2018 Summary Compensation Table. We believe that showing realizable compensation illustrates for stockholders the alignment between pay and performance.

With the CEO and other executive transitions, our overall 2019 compensation to our NEOs will be significantly reduced. As the table above illustrates, Mr. O'Hern's 2019 target TDC is 53% of Mr. A. Coppola's 2018 target TDC. In addition, the aggregate 2019 target TDC for our CEO, CFO and the next three highest paid executives is 63% of 2018 target TDC for Messrs. A. Coppola, E. Coppola, O'Hern, Perlmutter and Leanse.

2018 Say-on-Pay Vote

At our 2018 Annual Meeting of Stockholders' meeting, approximately 89% of the votes cast were in favor of the non-binding, advisory resolution to approve the compensation of our named executive officers. Although the results of the say-on-pay vote are advisory and not binding on our Company, our Board of Directors or the Committee, our Board of Directors and the Committee value the opinions of our stockholders and take the results of the say-on-pay vote into account when making decisions regarding the compensation of our named executive officers. Following our 2015 annual meeting, the Committee, working with FW Cook, made meaningful changes to our executive compensation program in response to our stockholders' feedback, including switching from a one-year performance period

for our performance-based LTIP Units to a three-year performance period. The Committee has considered the result of the 2018 say-on-pay vote and, in light of the strong stockholder support for our executive compensation program as evidenced by the high percentage of votes cast in favor of this proposal, the Committee believes that our current compensation program design and structure is supported by stockholders. Accordingly, the Committee decided to maintain our general approach to executive compensation and made no significant changes to our executive compensation program during 2018.

Throughout 2018, we continued engagement with stockholders on a variety of issues, including executive compensation and corporate governance. As part of our commitment to ongoing, transparent communication with our stockholders, we will continue this open dialogue to ensure we understand stockholder views on these important issues.

Compensation Governance Highlights

Our executive compensation and corporate governance programs are designed to closely link pay with operational performance and increases in long-term stockholder value while minimizing excessive risk taking. To help us accomplish these important objectives, we have adopted the following policies and practices:

No Excessive Risk Taking. Our compensation program is designed to not incentivize excessive risk taking by participants. We conduct an annual risk assessment of all of our compensation programs.

No Excise Tax Gross-Ups. None of our Company's executives are entitled to any excise tax gross-ups.

Double-Trigger Equity Vesting. Our equity awards are subject to double-trigger vesting acceleration in connection with a change of control.

Robust Stock Ownership Guidelines. We have robust stock ownership policies for our named executive officers and directors, and each individual who is subject to them is in compliance with those policies. See Stock Ownership Policies on page 44 of this Proxy Statement.

Holding Period. Until the minimum required stock ownership level is achieved, our named executive officers must retain 50% of the net-after-tax profit shares from vesting of equity compensation awards. See Stock Ownership Policies on page 44 of this Proxy Statement.

Clawback Policy. We have a clawback policy that allows us to recover cash and equity incentive compensation paid to our executive officers if the compensation was based on achieving financial results that were subsequently restated and the amount of the executive officer's incentive compensation would have been lower had the financial results been properly reported.

No Repricing. We do not permit repricing of underwater options or SARs or permit exchange of underwater options or SARs for other awards or cash, without prior stockholder approval.

Anti-Hedging Policy. We have a policy prohibiting all of our directors, officers and employees from engaging in any hedging or monetization transactions that are designed to hedge or offset any decrease in the market value of our securities. This policy also prohibits short sales and the purchase and sale of publicly traded options of our Company.

Anti-Pledging Policy. In addition, we have a policy (a) prohibiting all our directors and executive officers from pledging our securities if they are unable to meet our stock ownership requirements without reference to such pledged shares and (b) recommending that our directors and executive officers not pledge our Company's securities. Currently, no shares of our Company are pledged by our directors and executive officers.

Independent Compensation Consultant. The Committee engages an independent compensation consulting firm that provides us with no other services.

Annual Say-on-Pay. We annually submit our executive compensation program for our named executive officers to say-on-pay advisory votes for stockholder consideration.

Compensation Philosophy and Objectives

Our executive compensation program is designed to achieve the following objectives:

Attract, retain and reward experienced, highly-motivated executives who are capable of leading our Company in executing our ambitious growth strategy.

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

Link compensation earned to achievement of our Company's short-term and long-term financial and strategic goals.

Align the interests of management with those of our stockholders by providing a substantial portion of compensation in the form of equity-based incentives and maintaining robust stock ownership requirements.

Adhere to high standards of corporate governance.

The Committee believes strongly in linking compensation to corporate performance: the annual incentive awards are primarily based on overall corporate performance and vesting of 75% of the long-term incentive equity awards for most named executive officers depends on our three-year relative TSR. The Committee also recognizes individual performance in making its executive compensation decisions. The Committee believes this is the best program overall to attract, motivate and retain highly skilled executives whose performance and contributions benefit our Company and our stockholders.

The Committee does not have a strict policy for allocating a specific portion of compensation to our named executive officers between cash and non-cash or short-term and long-term compensation. Instead, the Committee considers how each component promotes retention and/or motivates performance by the executive. The Committee believes it utilizes the right blend of cash and equity to provide appropriate incentives for executives while aligning their interests with those of our stockholders and encouraging the executives' long-term commitment to our Company.

Role of the Compensation Committee

The Committee reviews and approves the compensation for our executive officers, reviews our overall compensation structure and philosophy and administers certain of our employee benefit and stock plans, with authority to authorize awards under our incentive plans. The Committee currently consists of four independent directors, Ms. Stephen (Chair) and Messrs. Brandt, Hirsch, and Soboroff.

Role of Management

Management, under the leadership of our Chief Executive Officer, develops our Company's strategy and corresponding internal business plans, which our executive compensation program is designed to support. Our Chief Executive Officer also provides the Committee with his evaluation of the performance of and his recommendations on compensation for his direct reports, including the other named executive officers.

Role of Compensation Consultant

The Committee may, in its sole discretion, retain or obtain the advice of any compensation consultant as it deems necessary to assist in the evaluation of director or executive officer compensation and is directly responsible for the appointment, compensation and oversight of the work of any such compensation consultant. The Committee retained FW Cook as its independent compensation consultant with respect to our compensation programs. FW Cook's role is to evaluate the existing executive and non-employee director compensation programs, assess the design and competitive positioning of these programs, and make recommendations for change, as appropriate. The Committee considered the independence of FW Cook and determined that its engagement of FW Cook does not raise any conflicts of interest with our Company or any of our directors or executive officers. FW Cook provides no other consulting services to our Company, executive officers or directors.

COMPENSATION DISCUSSION AND ANALYSIS

Role of Data for Peer Companies

FW Cook periodically conducts competitive reviews of our executive compensation program, including a competitive analysis of pay opportunities for our named executive officers as compared to the relevant peer group selected by the Committee. The Committee reviews compensation practices at peer companies to inform itself and aid it in its decision-making process so it can establish compensation programs that it believes are reasonably competitive. In 2017, FW Cook conducted a competitive analysis of our executive compensation program against the following U.S.-based, publicly-traded REITs:

Alexandria Real Estate Equities, Inc.	Kimco Realty Corporation
Boston Properties, Inc.	Regency Centers Corporation
Brixmor Property Group, Inc.	Simon Property Group, Inc.
Digital Realty Trust, Inc.	SL Green Realty Corp.
Douglas Emmett, Inc.	Tanger Factory Outlets
Federal Realty Investment Trust	Taubman Centers, Inc.
General Growth Properties, Inc.	VEREIT, Inc.
HCP, Inc.	Vornado Realty Trust
Kilroy Realty Corporation	

The group included our direct mall REIT competitors, both larger and smaller than us, as well as REITs in other asset classes, primarily selected based on size, as measured by total capitalization. At the time FW Cook conducted the 2017 competitive review, our one-year average total capitalization was in the median range compared to the peer group. In 2018, FW Cook used this peer group to analyze the typical mix between time-based and performance-based long-term incentive compensation. The Committee believes that these REITs best reflected a complexity and breadth of operations, as well as the amount of capital and assets managed, similar to our Company at the time the study was conducted.

The Committee does not set compensation components to meet specific benchmarks. Instead the Committee focuses on a balance of annual and long-term compensation, which is heavily weighted toward at risk performance-based compensation. Peer group data is not used as the determining factor in setting compensation because each officer's role and experience is unique. The Committee believes that ultimately the decision as to appropriate compensation for a particular officer should be made based on a full review of that officer's and our Company's performance.

COMPENSATION FOR 2018 PERFORMANCE

Compensation opportunities for each named executive officer consisted of a base salary, an annual bonus opportunity, and long-term incentives, each of which is described in more detail below.

Base Salary

As they do annually, the Committee members reviewed base salaries of the named executive officers to determine whether they remain appropriate based on the factors identified above. For named executive officers continuing in the same position, 2018 base salaries remained unchanged from 2017. Ms. Menard's base salary was established by the Committee when she was hired in January 2018.

Effective April 26, 2018, Mr. O'Hern's base salary was increased to \$800,000, pursuant to his offer letter described below under Offer Letter with Mr. O'Hern, to become Chief Executive Officer effective January 1, 2019 when Mr. A. Coppola stepped down. The Committee considered his anticipated roles and responsibilities, as well as compensation for similarly situated executives in our compensation peer group. Mr. O'Hern's 2018 base salary remained below the median of his peers and remains unchanged for 2019 at \$800,000.

2019 PROXY STATEMENT 37

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****Annual Incentives**

Each executive officer has a target annual incentive opportunity, expressed as a percentage of base salary. Target bonus was 200% of base salary for Messrs. A. Coppola and E. Coppola and 150% of base salary for Ms. Menard. Prior to April 26, 2018, target bonus for Mr. O'Hern was 150% of base salary, and from April 26 to December 31, 2018, Mr. O'Hern's target bonus was 200% of base salary. Mr. Healey participated in the EVP annual incentive program, with a target of 100% of base salary. Mr. Perlmutter forfeited his eligibility for a 2018 bonus because he resigned in April 2018. Pursuant to his Separation Agreement and Release of Claims (as described in more detail below under "Separation and Release of Claims Agreement and Consulting Agreement with Mr. Leanse"), Mr. Leanse received a pro-rata target bonus for the portion of fiscal year 2018 he was employed.

The Committee set target bonuses for Messrs. A. Coppola and E. Coppola (and after April 26, 2018 for Mr. O'Hern) at a higher percentage of base salary than the other executives because their positions are those of strategic leaders who manage and direct our other named executive officers. Actual bonuses can range from 0% to 200% of each executive's target bonus, based on the Committee's assessment of annual performance against the objectives established for the year.

Under our annual incentive program for all of the named executive officers except Mr. Healey, the Committee evaluates performance against a scorecard of performance objectives established at the beginning of the year. These rigorous scorecard goals are designed to reward the successful execution of our strategies, and were consistent with our external guidance as disclosed in the first quarter of 2018. For 2018, three corporate measures determined 75% of each participating executive's earned bonus; the remaining 25% was based on the Committee's assessment of the executive's individual performance. The 2018 corporate scorecard measures, as well as actual achievement versus each goal, are outlined in the following table:

2018 Corporate Goals Weighted 75%

Measure	2018 Goals				2018	Payout
	Weighting	Threshold	Target	Max	Actual (% of Target)	
	<i>Payout g</i>	50%	100%	200%		
Same Center NOI Growth	25%	2.00%	2.25%	2.50%	1.1% ⁽¹⁾	0%
FFO per Diluted Share ⁽²⁾	25%	\$ 3.92	\$ 3.97	\$ 4.02	\$ 3.90 ⁽³⁾	0%
Re-leasing Spreads	25%	12%	14%	16%	11.1%	0%

⁽¹⁾ Includes lease termination income

⁽²⁾ Excludes costs related to stockholder activism and the impact of acquisitions/dispositions

- (3) Actual performance excludes \$0.12 per share in activism costs and \$0.05 per share of FFO dilution from asset sales

At the time the goals were set, the Committee believed these goals were rigorous, in particular in the context of the anticipated slowing growth in the retail REIT sector and the continued retailer bankruptcies and store closures. The challenging nature of these performance requirements in the current retail environment can be seen based on no payout for the corporate financial component.

Individual Performance Weighted 25%

A portion of the annual incentive is based on an assessment of individual performance in order to reward individual achievements and contributions. The Committee evaluated the 2018 individual performance of our named executive officers and considered the following accomplishments for Messrs. O'Hern, E. Coppola and A. Coppola and Ms. Menard:

With respect to Mr. O'Hern: his leadership in supporting and executing our strategic, financial and operational initiatives. The Committee considered Mr. O'Hern's performance and leadership in:

Engagement and communication efforts with the investment communities and articulating the compelling nature of our strategic plans, financial strength and business achievements.

Capital market efforts, including the long-term refinancing of a \$450 million, 12-year loan on the expanded and renovated Broadway Plaza and a \$300 million, 12-year loan on Fashion Outlets of Chicago.

Supporting and structuring opportunities to continue to dispose of non-core assets and shape the resulting capital allocation decisions in the most impactful way in terms of net asset value creation, balance sheet metrics and portfolio quality.

COMPENSATION DISCUSSION AND ANALYSIS

Helping to source new development and redevelopment opportunities within the existing portfolio, including redevelopment of Scottsdale Fashion Square and Fashion District Philadelphia, as well as the joint venture to create Los Angeles Premium Outlets.

Addressing tenant bankruptcies and other issues, and after the resignation of the chief operating officer, working with property and asset management groups to drive NOI growth in an increasingly challenging retail environment.

Oversight of the major corporate restructuring in 2018 to gain cost savings and efficiencies.

Based on their assessment of Mr. O'Hern's individual performance and recognizing his successful transition to the Chief Executive Officer role, the Committee awarded him \$750,000, the maximum amount for the individual component.

With respect to Mr. E. Coppola: his continued leadership and achievements in our key developments and redevelopments, including:

Establishing a joint venture partnership with Simon Property Group to develop Los Angeles Premium Outlets.

The successful completion of the redevelopment of the prior Sears building at Kings Plaza with new tenant mix of Primark, Zara, Burlington and JCPenney and the first phase of a new luxury wing at Scottsdale Fashion Square.

Continued redevelopment of Fashion District Philadelphia, an 800,000 square foot retail, dining and entertainment hub spanning several city blocks in City Center.

His knowledge of the real estate markets as well as his strong relationships with real estate owners, partners and governmental officials were critical to the success of our disposition and development strategies. The Committee also recognized his support through the Chief Executive Officer transition. Based on their assessment of Mr. E. Coppola's individual performance, the Committee awarded him \$750,000, which was slightly below the maximum for the individual component.

With respect to Ms. Menard: her success in her new role as Chief Legal Officer, improving the performance of the organization through partnership with the legal group, including:

Advising management and the Board in connection with activities related to activist stockholders.

Involvement in the structure and negotiations of various disposition, development, redevelopment and leasing transactions.

Supporting the Board and executive team in all aspects of corporate governance.

Activities with respect to other ongoing legal matters.

Serving as a role model and mentor for other female professionals within our Company.

The Committee also recognized that Ms. Menard provided critical leadership at a time of considerable organizational change, including the departure of the chief operating officer, a significant restructuring, and the complex chief executive officer transition. Because 2018 was Ms. Menard's first year with the Company, and recognizing that material aspects of her work during 2018 were not contemplated when she joined the Company, the Committee awarded her a bonus of \$750,000, which equals her overall target bonus value.

With respect to Mr. A. Coppola: his accomplishments for 2018 included his leadership in our Company's efforts to continue to advance digitally native, vertically integrated retail strategies, revitalize tenant mix, nurture succession planning and upward mobility throughout our Company, and in particular Mr. O'Hern's transition to the Chief Executive Officer role. The Committee awarded Mr. A. Coppola a bonus of \$500,000, which equals the target amount for his individual component.

Earned bonuses for 2018 performance were paid in cash, whereas earned bonuses for 2017 performance were paid in fully-vested LTIP units. Under applicable SEC rules, in the tables below in this Proxy Statement, earned cash incentives are reported as compensation in the year to which the performance relates, whereas equity awards are reported as compensation in the year in which the award was granted, not the year to which the performance relates. Accordingly, both the LTIP Units awarded as annual incentive compensation based on 2017 performance and the cash paid as annual incentive compensation based on 2018 performance are reported in the Summary Compensation Table and Grants of Plan-Based Awards Table for 2018, which overstates the compensation of our named executive officers for 2018. See "2018 Total Compensation" below.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS**

Mr. Healey's Annual Incentive. Mr. Healey was promoted to Executive Vice President, Leasing in March 2016 and became an executive officer in June 2018. During 2018, Mr. Healey participated in a different compensation program than the other named executive officers. His 2018 annual incentive bonus was earned at 100% of target, based on his significant contributions in achieving strong occupancy and double-digit releasing spreads. In particular, the Committee considered his success in his expanded role in directing strategic leasing of our Company's entire portfolio. He also participated in our Restricted Stock/Stock Unit/LTIP Unit Bonus Program, through which he elected in advance to convert 50% of what would otherwise have been a cash bonus into restricted stock units, with a value equal to 1.5x the value of the cash converted. These restricted stock units vest over three years; because they were granted in calendar year 2019, they will be reported in next year's proxy statement.

Long-Term Incentives Significant Portion is Performance-Based and Tied to Achieving Strong Relative Returns

Since 2006, our Company has utilized a long-term equity-based incentive program as an important means to align the interests of our executives and our stockholders, to encourage our executives to adopt a longer-term perspective and to reward them for creating stockholder value in a pay-for-performance structure.

For 2018, the Committee approved for each named executive officer, other than Mr. Healey, an aggregate grant date fair value for these awards, to be granted in the form of LTIP Units. That amount was divided between two types of LTIP Units as follows:

Performance-Based LTIP Units. May be earned from 0% to 150% of the target number of units awarded based on our TSR performance relative to the Equity Peer REITs for the three-year performance period from January 1, 2018 through December 31, 2020. Payouts, as a percentage of target units, for the performance-based LTIP Units for various levels of relative TSR performance are outlined in the following table, with linear interpolation for performance between performance levels.

MAC's Relative TSR Percentile Ranking	Payout (% of Target LTIP Units)
<25 th Percentile	0%
25 th Percentile	50%
50 th Percentile	100%
75 th Percentile	150%

Seventy-five percent (75%) of the target annual LTIP grant value for the named executive officers other than Mr. Healey was granted in the form of performance-based LTIP Units. Prior to 2016, our performance-based LTIP Units included an absolute TSR hurdle; which was removed starting with our 2016 performance-based LTIP Unit grants based on stockholder feedback in 2015.

Service-Based LTIP Units. Vest in equal annual installments over a three-year period to promote retention and further alignment of our executives' interests with those of our stockholders. Twenty-five percent (25%) of the target

LTIP grant value for the named executive officers other than Mr. Healey was granted in the form of service-based LTIP Units.

The Committee reviewed peer group data relating to the allocation of long-term incentive equity awards between performance-based and service-based awards and determined that 75% performance-based was a higher percentage than the median mix between performance-based and service-based equity among the peer group, and therefore consistent with our emphasis on at risk compensation. For the performance-based component, the Committee considered the range of potential realizable values that our executives could earn to ensure that the awards would be both reasonably competitive and appropriate to motivate our leadership team.

Long-Term Incentives for Mr. Healey. As previously discussed, Mr. Healey was promoted to Executive Vice President, Leasing in March 2016 and became an executive officer in June 2018. During 2018, Mr. Healey participated in a different compensation program than the other named executive officers. His long-term incentive compensation was provided through our Restricted Stock/Stock Unit/LTIP Unit Bonus Program, pursuant to which he could elect in advance to convert 50% of what would otherwise have been a cash bonus into restricted stock units, with a value equal to 1.5x the cash converted. His 2018 earned bonus was \$450,000. He elected to convert 50% of that amount into restricted stock units with a value of \$337,500 which were granted March 8, 2019 and vest over three years. Because they were granted in calendar year 2019, they will be reported in next year's proxy statement. Mr. Healey did not participate in any other long-term incentive program.

Special One-Time Equity Awards. Two of our named executive officers were granted one-time special equity awards in 2018:

Ms. Menard. When Ms. Menard was hired in January 2018, she received a one-time award of LTIP Units with a grant date fair value of approximately \$900,000, which vests in four equal annual installments on each of the first four anniversaries of the grant date. This grant was intended to offset equity interests she forfeited from her prior employer, to create immediate alignment of her interests with those of our stockholders, and to encourage her long-term retention as an executive officer of our Company.

Mr. O'Hern. On April 26, 2018, Mr. O'Hern was offered the Chief Executive Officer position, effective January 1, 2019. In connection with the determination of his compensation, and pursuant to his offer letter dated April 26, 2018, Mr. O'Hern was granted a One-Time Equity Grant on April 26, 2018 with a grant date fair value of approximately \$5,000,000. The One-Time Equity Grant was fully-vested at grant, but Mr. O'Hern will be required to repay one-half of the One-Time Equity Grant if he resigns for any reason other than good reason prior to April 26, 2019. This grant was intended to strengthen the alignment of Mr. O'Hern's interests with those of our stockholders and encourage retention through the CEO transition.

2018 Total Compensation

We are including this supplemental information to provide a more meaningful view of the compensation of our named executive officers for their performance during 2018. The table below shows each named executive officer's salary, the grant date fair value of annual long-term incentive equity awards which were granted in January 2018, bonus for services performed in 2018 and all other compensation. This table, in contrast to the Summary Compensation Table on page 46 of this Proxy Statement, excludes equity awards granted under our annual incentive award program in March 2018 for services performed in 2017. It also excludes the equity awards granted to Mr. Healey in 2018 for services performed in 2017, but includes the equity awards granted to Mr. Healey in 2019 for services performed in 2018, through our Restricted Stock/Stock Unit/LTIP Unit Bonus Program.

- (1) Earned annual incentives for 2018 were paid in cash on March 8, 2019.
- (2) These amounts represent the sum of the aggregate grant date fair value of performance-based LTIP Unit awards and service-based LTIP Unit awards granted in January 2018 to each of our named executive officers, the terms of which are described above. Had the performance period for the performance-based LTIP Unit awards ended on December 31, 2018, 0% of the target number of performance-based LTIP Units would have vested because the Company's relative TSR was below the 25th percentile threshold. Also includes one-time special awards to Mr. O'Hern and Ms. Menard. For Mr. Healey, this amount represents the equity awards granted in 2019 for services in 2018.
- (3) Mr. Perlmutter resigned on April 20, 2018. He forfeited \$1,047,930 of the equity awards granted to him in 2018.
- (4) All Other Compensation for Messrs. A. Coppola and Perlmutter, includes payout of accrued but unused vacation time and personal days as of the date of termination.
- (5) All Other Compensation for Mr. Leanse includes a one-time, discretionary contribution of \$900,000 made to his account under the Company's Deferred Compensation Plan, cash in lieu of Medicare and Medigap premiums, outplacement services and a pro-rated target bonus for the portion of fiscal year 2018 he was employed in connection with his Separation Agreement and Release of Claims. The amount also includes payout of accrued but unused vacation time and personal days as of his date of termination and consulting fees earned by Mr. Leanse pursuant to the terms of his Consulting Agreement during 2018.

Executive Benefits

Certain of our named executive officers participate in our deferred compensation plan available to all Vice Presidents and above who earn more than \$120,000 annually. See the "Nonqualified Deferred Compensation" table on page 55 of this Proxy Statement for more

information. We also provide our named executive officers with life insurance, medical and disability insurance, and use of a private aircraft in which our Company owns a fractional interest, to allow them to devote more time to our business. Refer to footnote 6 to the Summary Compensation Table on page 46 of this Proxy Statement for additional detail.

Offer Letter with Mr. O'Hern

In connection with Thomas E. O'Hern's election as Chief Executive Officer effective January 1, 2019, our Company entered into a letter agreement with Mr. O'Hern on April 26, 2018 that provides Mr. O'Hern with certain compensation and benefits during the period commencing April 26, 2018 and ending April 25, 2021 (the "Term"). During the Term, Mr. O'Hern's annual base salary is \$800,000 and his target annual bonus is equal to 200% of his annual base salary. The letter agreement provides that all or a portion of his annual bonuses payable in respect of fiscal years 2018, 2019 and 2020 may be paid in cash, fully vested LTIP Units, fully vested shares or a combination thereof as determined by the Compensation Committee of the Board of Directors, with such allocation subject to Mr. O'Hern's consent. The letter agreement also specifies that Mr. O'Hern's target long-term incentive grant value is \$6,000,000 for each calendar year of the Term, with the allocation between performance-based and time-based awards, vesting provisions, and other terms the same as annual grants made to other executive officers. The letter agreement also provided Mr. O'Hern a one-time award of fully vested LTIP Units granted on April 26, 2018 with a grant date value of \$5,000,000, 50% of which will be subject to repayment if Mr. O'Hern's employment is terminated by the Company for cause or Mr. O'Hern resigns for any reason other than good reason on or prior to April 25, 2019.

Notwithstanding the terms of his letter agreement, Mr. O'Hern volunteered to reduce the size of his 2019 long-term incentive awards by \$2,000,000 and such amount was instead used to fund an incentive bonus pool of \$2,000,000 for other senior executives tied to same center growth and EBITDA growth. Even before this change, Mr. O'Hern's 2019 target total direct compensation opportunity was significantly lower than his predecessor's. The following table compares Mr. O'Hern's 2019 target total direct compensation to Mr. A. Coppola's 2018 target total direct compensation.

	Mr. A. Coppola's 2018	Mr. T. O'Hern's 2019	Mr. O'Hern (2019)
	Target Total Direct Compensation	Target Total Direct Compensation	% +/- Mr. A. Coppola (2018)
Base Salary	\$ 1,000,000	\$ 800,000	-20%
Target Annual Incentive (Bonus)	\$ 2,000,000	\$1,600,000	-20%
Target Long-Term Incentives	\$ 9,000,000	\$4,000,000 ⁽¹⁾	-56%
Target Total Direct Compensation	\$12,000,000	\$6,400,000	-47%

⁽¹⁾ Mr. O'Hern's target LTIP grant value for 2019 was \$6 million, but he volunteered to reduce the value by \$2 million as described above.

Mr. O'Hern will also continue to participate in the Severance Plan (as described below) during the Term. Upon a termination of Mr. O'Hern's employment without cause or his resignation with good reason (other than in a circumstance that would entitle him to severance benefits under the Severance Plan) during the Term, Mr. O'Hern would be entitled to receive: (a) a prorated annual bonus for the year of termination, based on actual performance, (b) an amount equal to (i) the sum of his base salary and the average of the three annual incentive bonuses awarded to him in respect of his service as Chief Executive Officer for the immediately preceding three years (or, if such termination occurred before the fiscal year 2018 bonus was payable, his target annual bonus, or, if one or two such bonuses have been awarded, the average of such bonuses) multiplied by (ii) the quotient of the number of days between his termination date and April 25, 2021, divided by 365, (c) a lump sum cash payment equal to the monthly COBRA continuation rate multiplied by 36, and (d) outplacement services for 12 months pursuant to our outplacement services for senior executives. In addition, the letter agreement provides that all long-term incentive awards granted to Mr. O'Hern shall vest upon the termination of his employment by the Company for no reason or for any reason other than for cause, termination of his employment for good reason or due to his death or disability on terms no less favorable to those contained in the award agreements for his LTIP Unit awards.

Offer Letter and Change in Control Agreement with Ms. Menard

Effective April 30, 2018, our Company entered into a letter agreement with Ms. Menard for the position of Executive Vice President, Chief Legal Officer and Secretary, which provides for an annual base salary of \$500,000 and a target annual bonus of 150% of her annual base salary. The letter agreement also specifies that Ms. Menard's target long-term incentive grant value is equal to her annual base

salary. The letter agreement also provides that Ms. Menard would receive a one-time award of LTIP Units with a grant date value of \$900,000, which vest in equal annual installments over four years from the grant date.

Pursuant to the terms of the letter agreement, upon a termination of Ms. Menard's employment without cause or her resignation with good reason during the period commencing on April 18, 2018 and ending on December 31, 2020, Ms. Menard will be entitled to receive: (a) a prorated annual bonus for the year of termination, based on actual performance, (b) an amount equal to three times (i) the sum of her base salary and the average of the three annual incentive bonuses awarded to her for the immediately preceding three years (or, if such termination occurs before the fiscal year 2018 bonus is payable, her target annual bonus, or, if one or two such bonuses have been awarded, the average of such bonuses), (c) a lump sum cash payment equal to the monthly COBRA continuation rate multiplied by 36, and (d) outplacement services for 12 months pursuant to our outplacement services for senior executives.

In addition, on February 4, 2018, our Company entered into a change in control agreement with Ms. Menard, which provides that, in the event that Ms. Menard's employment is terminated by the Company other than for cause or due to her death or total disability or Ms. Menard terminates her employment for good reason, in either case within 24 months following a change in control, subject to her execution of a release agreement, she shall be entitled to receive the severance benefits payable pursuant to her letter agreement with the Company plus a payment to cover incremental taxes on the COBRA premiums.

Separation and Release of Claims Agreement and Consulting Agreement with Mr. Leanse

Effective February 28, 2018, in connection with his retirement, the Company entered into a Separation Agreement and Release of Claims and a Consulting Agreement (together, the Leanse Agreements) with Mr. Leanse. Pursuant to the Leanse Agreements, Mr. Leanse retired from employment effective February 28, 2018 and agreed to provide consulting services to the Company from March 1, 2018 through February 28, 2020. During 2018, pursuant to his Consulting Agreement, Mr. Leanse continued to have a critical role in negotiations with the City of Carson in connection with finalizing arrangements for the Los Angeles Premium Outlets project. His historical knowledge and expertise will continue to serve the Company in the areas of the Americans with Disabilities Act, and various bankruptcy and property tax matters. Pursuant to the terms of the Separation Agreement and Release, Mr. Leanse was paid his base salary for the portion of 2018 he was employed (January 1, 2018 through February 28, 2018), a prorated 2018 target annual bonus of \$125,000, COBRA premiums for Mr. Leanse and his eligible dependents for up to 36 months and a cash payment in lieu of Medicare and Medigap premiums and outplacement services totaling \$112,036. Under the Leanse Agreements, the Company provided a contribution to Mr. Leanse's deferred compensation account in the amount of \$900,000, which is not subject to any matching, discretionary or other Company contributions and is payable in five annual installments commencing on January 15, 2026. Pursuant to the terms of the Consulting Agreement, Mr. Leanse will be paid an aggregate of \$100,000, in monthly installments during the term of the consulting agreement for his consulting services to the Company. The Leanse Agreements provide that the stock options awarded to Mr. Leanse will remain outstanding for their full original term, and unvested LTIP Units will continue to vest according to their original terms. However, if Mr. Leanse engages in competitive activities, as defined in the applicable LTIP Unit award agreements, unearned performance-based LTIP Units will be forfeited. Other than the benefits under the Leanse Agreements, Mr. Leanse is not eligible for any severance or termination benefits.

Severance Benefits

On November 2, 2017, we adopted The Macerich Company Change in Control Severance Pay Plan for Senior Executives, which we refer to as the Severance Plan, which covers our Chief Executive Officer and President. The Severance Plan provides specified payments and benefits in connection with a qualifying termination of employment following a change in control (as defined in the Severance Plan). Our goal in providing severance and change in control payments and benefits is to offer sufficient cash continuity protection such that our named executive officers will focus their full time and attention on the requirements of the business rather than potential implications for their respective positions. We prefer to have certainty regarding the potential severance amounts payable to our named executive officers following a change in control, rather than negotiating severance at the time that a named executive officer's employment with us terminates. We have also determined that accelerated vesting provisions with respect to equity awards in connection with a change in control of our Company are appropriate because they encourage our named executive officers to stay focused on the business in those circumstances, rather than focusing on the potential implications for them personally. For a description of our severance and change in control agreements with certain of our named executive officers, see Potential Payments Upon Termination or Change in Control below.

2019 PROXY STATEMENT 43

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****Stock Ownership Policies**

Our Board believes that our directors and executive officers should have a meaningful investment in our Common Stock in order to more closely align their interests with those of our stockholders. Accordingly, our Board has established stock ownership policies for executives and non-employee directors.

Executive Stock Ownership Requirements. Executives must own Company Common Stock or any class of our equity securities or units of our Operating Partnership with a value equal to at least the following multiples of their respective base salaries.

Ownership Requirement as

Position	Multiple of Base Salary
Chief Executive Officer	6x
Other Named Executive Officers	3x

Non-Employee Director Stock Ownership Requirements. Non-employee directors must own Common Stock or any class of our equity securities with a value equal to at least five times the annual cash retainer for Board service.

Until the required ownership level is achieved, executives and non-employee directors subject to the guidelines must retain at least 50% of net-after-tax profit shares from equity compensation awards. Net-after-tax profit shares are shares from vesting of equity grants and/or shares received upon exercise of stock options, net of shares tendered or withheld for payment of the exercise price and net of taxes. This retention requirement will also apply if an executive or director becomes non-compliant due to a reduction in stock price.

These policies also set forth the forms of equity interests in our Company which count toward stock ownership (any pledged securities do not count) and allow our Board to approve exceptions from time to time for this stock ownership policy. Our policy further provides that a non-employee director who is prohibited by law or by the regulations of his or her employer from having an ownership interest in our Company's securities shall be exempt. Refer to our Guidelines on Corporate Governance, which are posted on our website. All of our directors and named executive officers that are subject to these stock ownership policies are in compliance with them.

Clawback Policy

We have a clawback policy that allows us to recover cash and equity incentive compensation paid to our executive officers if the compensation was based on achieving financial results that were subsequently restated and the amount of the executive officer's incentive compensation would have been lower had the financial results been properly reported.

Anti-Hedging/Anti-Pledging Policy

We have a policy prohibiting all of our directors, officers and employees from engaging in any hedging or monetization transactions that are designed to hedge or offset any decrease in the market value of our securities. This policy also prohibits short sales and the purchase and sale of publicly traded options of our Company. In addition, we have a policy (a) prohibiting all our directors and executive officers from pledging our securities if they are unable to meet our stock ownership requirements without reference to such pledged shares and (b) recommending that our directors and executive officers not pledge our securities. Currently, no shares of our Company are pledged by our directors and executive officers.

Accounting and Tax Issues

The Committee considers both the accounting and tax issues raised by the various compensation elements for our Company and our executives.

LTIP Units. As described on pages 52-53 of this Proxy Statement, LTIP Units of our Operating Partnership are intended to qualify as profits interests for federal income tax purposes and as such initially do not have full parity, on a per unit basis, with our common OP Units with respect to liquidating distributions. Such parity can be achieved over time through priority allocations of book-up gains attributable to appreciation of the Operating Partnership's assets. LTIP Units, regardless of when they were issued, are eligible to share in allocable book-up gains since the most recent book-up or book-down of the limited partners' capital accounts.

COMPENSATION DISCUSSION AND ANALYSIS

Tax Deductibility of Compensation Expense. Prior to December 22, 2017, when the Tax Cuts and Jobs Act of 2017 (TCJA) was signed into law, Section 162(m) of the Internal Revenue Code generally disallowed a tax deduction to publicly held companies for compensation paid to certain executive officers in excess of \$1 million per officer in any year that did not qualify as performance-based. In connection with fiscal 2017 compensation decisions, the Committee considered the potential tax deductibility of executive compensation under Section 162(m) and sought to qualify certain elements of these applicable executives' compensation as performance-based while also delivering competitive levels and forms of compensation.

Under the TCJA, the performance-based exception has been repealed and the \$1 million deduction limit now applies to anyone serving as the chief executive officer or the chief financial officer at any time during the taxable year and the top three other highest compensated executive officers serving at fiscal yearend. Additionally, any executive subject to the limit in one year will be subject to the limit in future years, even if the executive would not otherwise have been subject to the limit for the future year. The new rules generally apply to taxable years beginning after December 31, 2017, but do not apply to remuneration provided pursuant to a written binding contract in effect on November 2, 2017 that is not modified in any material respect after that date.

Because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, including the uncertain scope of the transition relief under the legislation repealing Section 162(m)'s exception to the deduction limit for performance-based compensation, no assurance can be given that compensation intended to satisfy the requirements for exception from the Section 162(m) deduction limit will, in fact, satisfy the exception. The Committee reserves the right to grant or pay compensation that is not deductible as a result of Section 162(m), as well as the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with the Company's business needs.

(2) *SEC Reporting of Cash and Equity Awards*

In reviewing the Summary Compensation Table, it is important to note that under SEC rules, cash incentive awards are generally reported in the table for the year that they are earned regardless of when they are paid, while equity awards are generally reported in the table for the year that they are granted (as determined in accordance with applicable accounting rules) regardless of when they are earned.

(3) *Bonuses Reported in Year 2018*

Messrs. O'Hern, E. Coppola and A. Coppola and Ms. Menard. As described in the Compensation Discussion and Analysis above, the annual incentive compensation awards for Messrs. O'Hern, E. Coppola and A. Coppola and Ms. Menard for their 2018 performance were paid in cash in March 2019. Under SEC rules, cash incentive awards are reported in the Summary Compensation Table for the year that they are earned regardless of when they are paid. Accordingly, the cash bonuses paid to these executive officers for 2018 performance are reported in the Bonus column for 2018.

Mr. Healey. Pursuant to our Restricted Stock/Stock Unit/LTIP Unit Bonus Program, participants, including Mr. Healey, were offered the opportunity to elect to receive up to 50% of their cash bonus in the form of an equity award that vests over three years. Subject to certain conditions, if a participant timely elected to receive an equity award instead of cash, he or she received an equity award that has a market value (not considering the effect of vesting restrictions) as of the date of the award equal to 1.5 times the amount he or she would otherwise have received in cash. Mr. Healey elected in advance to participate in the Restricted Stock/Stock Unit/LTIP Unit Bonus Program and therefore received equity in lieu of 50% of his incentive cash bonus for 2018 performance. The

Bonus column for 2018 for Mr. Healey shows the amount of the incentive bonus awarded for his 2018 performance that was paid in cash. The equity award was granted to Mr. Healey on March 8, 2019 for 2018 performance and was in the form of a stock unit award that vests over three years and will be reported in next year's tables. The amount in the Stock Awards column for 2018 reflects the grant date fair value of a portion of the equity annual incentive award granted in March 2018 for Mr. Healey's performance in 2017. See also footnote (4) below.

Bonuses Reported in Year 2017

Messrs. O'Hern, E. Coppola, A. Coppola, Perlmutter and Leanse. Annual incentive compensation awards for Messrs. O'Hern, E. Coppola, A. In accordance with SEC rules, the LTIP Unit bonuses granted to these executive officers for their 2017 performance were reported in the Stock Awards column for 2018. See also footnote (4) below.

⁽¹⁾ Represents awards of performance-based LTIP Units granted under our LTIP and 2003 Incentive Plan as more fully described on pages 52-53 of this Proxy Statement. Performance will be measured on a cumulative basis at the end of the three-year performance period from January 1, 2018 through December 31, 2020. The number of LTIP Units reported under the Threshold (#) subcolumn represents the number of LTIP Units that would be awarded if our performance relative to our Equity Peer REITs was at the 25th percentile, which represents the minimum percentile rank that would entitle recipients to awards under the LTIP. The number of LTIP Units reported under the Target (#) subcolumn represents the number of LTIP Units that would be awarded if our performance relative to our Equity Peer REITs was at the 50th percentile. The number of LTIP Units reported under the Maximum (#) subcolumn represents the number of LTIP Units that would be awarded if our performance relative to our Equity Peer REITs was at or above the 75th percentile.

- (2) The amounts reflected in this column represent the grant date fair value of these awards computed in accordance with FASB ASC Topic 718 as described in note (4) to the Summary Compensation Table above. Discussion of Summary Compensation and Grants of Plan-Based Awards Table

Our executive compensation policies and practices, pursuant to which the compensation set forth in the Summary Compensation Table and the Grants of Plan-Based Awards Table was paid, awarded or earned, are generally described under "Compensation Discussion and Analysis" and in the footnotes to the compensation tables. The material terms of our LTIP, pursuant to which LTIP Units are granted, are described below. Our Company entered into a Consulting Agreement and Release of Claims with Mr. A. Coppola whereby he retired from employment with our Company effective December 31, 2018. In addition, our Company entered into a Separation Agreement and Release of Claims with Mr. Leanse whereby he retired from employment with our Company effective February 28, 2018 and received certain severance benefits. For a description of our severance and change of control agreements with certain of our named executive officers, see "Potential Payments Upon Termination or Change of Control" below.

LTIP Unit Awards

LTIP Units of our Operating Partnership are structured to qualify as "profits interests" for federal income tax purposes. Accordingly, LTIP Units initially do not have full parity, on a per unit basis, with our Operating Partnership's common OP Units with respect to liquidating distributions. Upon the occurrence of specified events, the LTIP Units can over time achieve full parity with the common OP Units, at which time LTIP Units are convertible, subject to the satisfaction of applicable vesting conditions, on a one-for-one basis into common OP Units. LTIP Units that have been converted into common OP Units and have become vested are redeemable by the holder for shares of Common Stock on a one-for-one basis or the cash value of such shares, at our Company's election. LTIP Units generally may be subject to performance-based vesting or service-based vesting.

2018 Performance-Based and Service-Based LTIP Units. Certain of our named executive officers were granted LTIP Units effective January 1, 2018, with 75% of the total award consisting of performance-based LTIP Units and 25% consisting of service-based LTIP Units.

a. *Performance-Based LTIP Units.* Performance-based awards were granted in 2018 to encourage executives to a longer-term perspective and to reward them for creating stockholder value in a pay-for-performance structure. The 2018 performance-based LTIP Units are subject to performance-based vesting over the three-year period from January 1, 2018 through December 31, 2020, with the number of LTIP Units vesting, if any, depending on our relative total stockholder return over the performance period as described below. These LTIP Units are subject to forfeiture to the extent the applicable performance requirements are not achieved. Vesting of the LTIP Units is based on the percentile ranking of our total stockholder return per share of Common Stock relative to our Equity Peer REITs, as measured at the end of the performance period. Total stockholder return will be measured by the compounded total annual return per share achieved by the shares of common stock of our Company or such Equity Peer REIT and assumed reinvestment of all dividends and distributions.

Depending on our total stockholder return relative to the total stockholder return of our Equity Peer REITs, vesting of these LTIP Units will occur in accordance with the schedule below, with linear interpolation between performance levels. Determination of the vesting of our performance-based LTIP Units will occur earlier in the event of a change of control or qualified termination of employment (which generally includes a termination by our Company without cause or by the executive for good reason) based on our performance through the date of such event.

Company Percentile Ranking Relative to the Equity Peer REITs	Percentage of Target LTIP Units That Vest*
Below the 25 th	0%
At the 25 th	50%
At the 50 th	100%
At or above the 75 th	150%

* Linear interpolation between performance levels.

Prior to the vesting of the 2018 performance-based LTIP Units, holders of the 2018 performance-based LTIP Units will be entitled to receive per unit distributions equal to 10% of the regular periodic distributions payable on a common OP Unit, but will not be entitled to

52 2019 PROXY STATEMENT

Table of Contents**EXECUTIVE COMPENSATION TABLES**

receive any special distributions. Distributions on vested LTIP Units are equal in amount to the regular distributions paid on an equal number of common OP Units, which are equal in amount to the dividends paid on an equal number of shares of Common Stock.

b. *Service-Based LTIP Units.* Service-based awards were granted in 2018 to support the long-term retention of our executives. The 2018 service-based LTIP Units vest in equal annual installments over a three-year period. Vesting is conditioned upon the executive remaining an employee of our Company through the applicable vesting dates, and subject to acceleration of vesting in the event of a change of control of our Company or the executive's death or disability. Following the termination of the executive's service relationship with our Company under specified circumstances, including termination by our Company without cause, or by the executive for good reason, his or her service-based LTIP Units will continue to vest in accordance with the vesting schedule.

Regular and other non-liquidating distributions were made with respect to the service-based LTIP Units from the date of their issuance to the executive. Distributions were in the same amount and at the same time as those made with respect to common OP Units. At the end of the vesting period, distributions will continue to be made only to the extent that the service-based LTIP Units have become vested.

2019 Performance-Based and Service-Based LTIP Units. The Committee continued the LTIP program for 2019 and awarded LTIP Units to our Chief Executive Officer and President, with 75% of the total award consisting of performance-based LTIP Units and 25% consisting of service-based LTIP Units. The Committee awarded LTIP Units to our other named executive officers, with 50% of the total award consisting of performance-based LTIP Units and 50% consisting of service-based LTIP Units. The performance period for the 2019 performance-based LTIP Unit awards is January 1, 2019 through December 31, 2021. For purposes of determining the vesting of the performance-based LTIP Units, the peer group will be publicly-traded, U.S.-based equity REITs in the Nareit Index which are categorized as mall or shopping center REITs. The number of 2019 performance-based LTIP Units that will vest will depend solely on our relative TSR versus the peer group.

Table of Contents

EXECUTIVE COMPENSATION TABLES

- (3) Includes the unvested portion of the 2018 service-based LTIP Units that will vest on December 31, 2019 and December 31, 2020 and one-time award of 13,632 service-based LTIP Units which vest in four equal installments, 3,408 which vested on February 1, 2019 and the remainder which will vest on February 1, 2020, February 1, 2021 and February 1, 2022.
- (4) Includes 4,899 stock units that vested on March 15, 2019, 3,479 stock units that will vest on March 15, 2020 and 1,620 stock units that will vest on March 15, 2021.
- (5) Represents the unvested portion of the 2017 service-based LTIP Units that will vest on December 31, 2019.
- (6) Based on a price of \$43.28 per unit, which was the closing price on the NYSE of one share of our Common Stock on December 31, 2018. Assumes that the value of LTIP Units on a per unit basis is equal to the per share value of our Common Stock.
- (7) Represents awards of performance-based LTIP Units granted on January 1, 2017 and January 1, 2018 to our named executive officers under our LTIP and 2003 Incentive Plan. The number of LTIP Units reported in this table represents 25% of the target number of performance-based LTIP Units granted in 2017 and 2018, which is based on our performance relative to our Peer REITs during 2018 at the 25th percentile, which is the minimum percentile rank that would entitle recipients to awards under the LTIP. As discussed in the Compensation Discussion and Analysis above, none of the performance-based LTIP Units granted in 2017 and 2018 would have been earned assuming the performance period ended on December 31, 2018 based on our relative TSR performance through such date.
- (8) The vesting of the 2017 performance-based LTIP Units will be measured on a cumulative basis at the end of the three-year performance period from January 1, 2017 through December 31, 2019 and the 2018 performance-based LTIP Units will be measured on a cumulative basis at the end of the three-year performance period from January 1, 2018 through December 31, 2020. Although these LTIP Units have not vested, for purposes of this table, it is assumed that one performance-based LTIP Unit represents the economic equivalent of one share of Common Stock. The market value is based upon the closing price of our Common Stock on the NYSE on December 31, 2018 of \$43.28.

OPTION EXERCISES AND STOCK VESTED FISCAL 2018

An individual, upon the vesting of an equity award, does not receive cash equal to the amount contained in the Value Realized on Vesting column of this table. Instead, the amounts contained in the Value Realized on Vesting column reflect the market value of our Common Stock on the applicable vesting date. For purposes of this table, it is assumed one LTIP Unit represents the economic equivalent of one share of Common Stock. The LTIP Units do not realize their full economic value until certain conditions are met, as described on pages 52-53 of this Proxy Statement, and such conditions have been met for the 2016 and 2017 service-based LTIP Units included in this table.

Description of Our Deferred Compensation Plan

As of December 31, 2018, Messrs. O'Hern, E. Coppola, Perlmutter and Leanse had account balances under our Deferred Compensation Plan. Under the Deferred Compensation Plan, our key executives who satisfy certain eligibility requirements may make annual irrevocable elections to defer a specified portion of their base salary and bonus to be earned during the following calendar year. Deferral of amounts earned in 2018 by participants were limited to 85% of base salary and 85% of bonus. Our Company will credit an amount equal to the compensation deferred by a participant to that participant's deferral account under the Deferred Compensation Plan. In addition, our Company may credit matching amounts to an account established for each participant in an amount equal to a percentage, established by our Company in its sole discretion prior to the beginning of the plan year, of the amount of compensation deferred by each participant under the plan. For 2018, our Company matched 25% of the amount of salary and bonus deferred by a participant up to a limit of 5% of the participant's total salary and bonus.

Account balances under the Deferred Compensation Plan will be credited with income, gains and losses based on the performance of investment funds selected by the participant from a list of funds designated by our Company. The amounts credited to participants' deferred accounts and Company matching accounts are at all times 100% vested. Participants will be eligible to receive distributions of the amounts credited to their accounts, at up to six different times that they may specify, in a lump sum or installments pursuant to elections made under the rules of the Deferred Compensation Plan. Changes to these elections under the plan may be made under limited circumstances. Under the Deferred Compensation Plan, key employees who have elected a payment at termination of employment must generally wait six months after termination, other than as a result of death, to receive a distribution. Our Company is contributing assets to a trust, which assets remain subject to the claims of our Company's general creditors, to provide a source of funds for payment of our Company's obligations under the Deferred Compensation Plan. Employees who are eligible to participate in the Deferred Compensation Plan may also be eligible for life insurance coverage in an amount equal to two times their annual salaries.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Potential Payments Upon Termination or Change in Control

The following section describes potential payments and benefits to our named executive officers under our current compensation and benefit plans and arrangements had a termination of employment or a change in control of our Company occurred on December 31, 2018.

On November 2, 2017, we adopted the Change in Control Severance Pay Plan for Senior Executives (the "Severance Plan") which provides for the payment and benefits set forth below upon a qualifying termination of employment following a change in control. We also entered into a change in control agreement with Ms. Menard in connection with her hire.

In addition, our 2003 Incentive Plan contains provisions regarding the acceleration of vesting and modification of equity awards. The Compensation Committee is authorized to accelerate the vesting of and modify outstanding awards as well as authorize discretionary severance payments to our named executive officers upon termination.

Regardless of the manner in which a named executive officer's employment terminates, they are entitled to receive all accrued, vested or earned but deferred compensation and benefits during their term of employment. The information below sets forth the additional payments and/or benefits to our named executive officers under the specified circumstances.

Change in Control Severance Pay Plan for Senior Executives

Under the Severance Plan, in the event that the employment of any of the named executive officers is terminated by us other than for "cause" (as defined in the Severance Plan) or due to the executive's death or "total disability" (as defined in the Severance Plan) or by the executive for "good reason" (as defined in the Severance Plan), in each case upon or within 24 months following a change in control, the named executive officer will be entitled to the following: (i) a lump sum payment equal to three times the sum of (A) the higher of the executive's annual base salary as of the date of termination or the date of the change in control and (B) the average annual incentive bonus award to the executive in respect of the immediately preceding three fiscal years, (ii) a pro-rated portion of the executive's target annual incentive bonus for the year of termination, payable in a lump sum, (iii) outplacement services pursuant to our Company's outplacement services plan for a period of 12 months following termination and (iv) a lump sum payment equal to the product of (A) the total amount of COBRA continuation monthly premium rate that would have otherwise been payable by the executive for COBRA continuation for medical, vision and dental coverage for the executive and his eligible dependents and (B) 36. The Severance Plan does not provide for an excise tax gross-up payment to any eligible participant. Instead, if any payment by our Company would subject an executive to the excise tax under Section 4999 of the Internal Revenue Code of 1986, as amended, such payments shall be reduced or the full amount of such payments shall be made, whichever leaves the executive in the best net after-tax position. Receipt of the payments and benefits set forth above is subject to the execution and effectiveness of a general release of claims in favor of our Company and its affiliates.

Offer Letter with Mr. O'Hern

Our Company entered into an offer letter with Mr. O'Hern on April 26, 2018 which provides for certain benefits upon a qualifying termination of employment, which are described above in the Compensation Discussion and Analysis under Offer Letter with Mr. O'Hern.

Offer Letter and Change in Control Agreement with Ms. Menard

Our Company entered into a change in control agreement with Ms. Menard on February 4, 2018 and an offer letter with Ms. Menard on April 30, 2018 which provide for certain benefits upon a qualifying termination of employment, which are described above in the Compensation Discussion and Analysis under Offer Letter and Change in Control Agreement with Ms. Menard.

Separation Agreement and Release of Claims Agreement with Mr. Leanse

Our Company entered into a Separation Agreement and Release of Claims with Mr. Leanse effective February 28, 2018 pursuant to which Mr. Leanse received certain severance benefits upon the termination of his employment. The material terms of the Separation Agreement and Release of Claims are described above in the Compensation Discussion and Analysis under Separation Agreement and Release of Claims and Consulting Agreement with Mr. Leanse.

the executive will have three months (or such other period in the Compensation Committee's discretion) from the termination date to exercise vested options and SARs, subject to specified limitations,

the executive's unvested performance-based LTIP Units will be eligible to vest based on performance through the executive's termination date (this will also occur if the executive terminates the executive's employment for good reason), and

the executive's unvested service-based LTIP Units will continue to vest in accordance with the vesting schedule (this will also occur if the executive terminates the executive's employment for good reason).

Upon Resignation by the Named Executive Officer

In the event of the resignation of a named executive officer,

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Termination/Change in Control Payments Table

The following table provides the potential payments and benefits to the named executive officers, upon termination of employment or a change in control, assuming such event occurred on December 31, 2018. These numbers do not reflect the actual amounts that may be paid to such persons, which will only be known at the time that they become eligible for payment and will only be payable if the specified event occurs.

Items Not Reflected in Table

The following items are not reflected in the table set forth below:

Accrued salary, bonus, personal time and vacation.

Costs of COBRA or any other mandated governmental assistance program to former employees.

Welfare benefits, including life insurance, provided to all salaried employees.

Amounts outstanding under our 401(k) plan or any deferred compensation plan. There are no special or enhanced benefits under these plans for our named executive officers, and all of such participating officers are fully vested in these plans. See Nonqualified Deferred Compensation table.

Other Notes Applicable to the Table

For the accelerated vesting of the unvested service-based LTIP Units, the table reflects the intrinsic value of such acceleration. The value for each unvested LTIP Unit is \$43.28, which represents the closing price of our Common Stock on the NYSE on December 31, 2018.

Life insurance amounts only reflect policies paid for by our Company and in effect on December 31, 2018.

The table assumes that a disability is of a long-term nature, which triggers vesting of unvested equity awards and the accelerated vesting determination of any unvested performance-based LTIP Units.

Messrs. A. Coppola and E. Coppola also have death benefit coverage under a split-dollar life insurance policy. No premiums have been paid by our Company under this policy since July 30, 2002. At the time of their death, the total premiums our Company previously paid for the policies will be recovered and the remaining death benefits will be paid to their designated beneficiaries.

The Termination without cause and Change in Control/Termination rows in the following table include a termination by our Company without cause and a termination for good reason by the named executive officer.

The amounts shown are only estimates of the amounts that would be payable to the executives upon termination of employment and do not reflect tax positions we may take or the accounting treatment of such payments. Actual amounts to be paid can only be determined at the time of separation.

Messrs. Perlmutter and Leanse have been omitted from this table as their employment with our Company terminated on April 20, 2018 and February 28, 2018, respectively. All severance benefits provided to Messrs. Perlmutter and Leanse are reflected in the Summary Compensation Table.

CEO COMPENSATION PAY RATIO

In August 2015, pursuant to a mandate of the Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act), the SEC adopted a rule requiring annual disclosure of the ratio of the median employee's annual total compensation to the total annual compensation of the Chief Executive Officer. We believe that executive pay should be internally consistent and equitable to motivate our employees to create stockholder value. The annual total compensation for 2018 for Mr. A. Coppola, who retired as our Chief Executive Officer effective December 31, 2018, was \$12,873,426 as reported under the heading Summary Compensation Table. Our median employee's total compensation for 2018 was \$86,698. As a result, we estimate that Mr. A. Coppola's 2018 total compensation was approximately 148 times that of our median employee.

Our Chief Executive Officer to median employee pay ratio was calculated in accordance with Item 402(u) of Regulation S-K. We identified the median employee by examining 2018 total compensation consisting of base salary, annual bonus amounts, stock-based compensation (based on the grant date fair value of awards during 2018) and other incentive payments for all full-time, part-time, seasonal and hourly employees who were employed by our Company on December 31, 2018, other than our Chief Executive Officer. After identifying the median employee based on 2018 total compensation, we calculated annual total compensation for such employee using the same methodology we use for our named executive officers as set forth in the Total column in the Summary Compensation Table.

The pay ratio reported above is a reasonable estimate calculated in a manner consistent with SEC rules, based on our internal records and the methodology described above. The SEC rules for identifying the median compensated employee allow companies to adopt a variety of methodologies, to apply certain exclusions and to make reasonable estimates and assumptions that reflect their employee populations and compensation practices. Accordingly, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies have different employee populations and compensation practices and may use different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

EQUITY COMPENSATION PLAN INFORMATION

Our Company currently maintains two equity compensation plans for the granting of equity awards to directors, officers and employees: our 2003 Incentive Plan and our Director Phantom Stock Plan. Our Company also maintains our Employee Stock Purchase Plan (ESPP). Except as described in footnote 4 to the table, each of these plans has been approved by our Company's stockholders.

The following table sets forth, for each of our Company's equity compensation plans, the number of shares of Common Stock subject to outstanding awards, the weighted-average exercise price of outstanding options, and the number of shares remaining available for future award grants as of December 31, 2018.

Plan category	Number of shares of Common Stock to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights⁽¹⁾	Number of shares of Common Stock remaining available for future issuance under equity compensation plans (excluding shares reflected in the first column)

- (2) Includes (a) 35,565 outstanding options with a weighted average exercise price of \$57.32 and a weighted average term to expiration of 7.02 years and (b) 129,457 unvested restricted stock units. Also includes 3,531,926 LTIP Units (of which 661,578 were unvested and 2,870,348 were vested) which may be redeemed for shares under our 2003 Incentive Plan, and 20,489 fully vested shares subject to stock units credited under our Director Phantom Stock Plan. This number of shares is presented before giving effect to the shares that will be purchased under our ESPP for the purchase period ending May 31, 2019.
- (3) Of these shares, 6,243,447 were available for options, SARs, restricted stock, stock units, stock bonuses, performance-based awards, dividend equivalent rights and OP Units or other units convertible into or exchangeable for Common Stock under our 2003 Incentive Plan and 415,013 were available for issuance under our ESPP.
- (4) In February 2010, our Board of Directors approved an amendment to our Director Phantom Stock Plan to increase the number of shares of Common Stock that may be issued pursuant to the plan. In accordance with applicable NYSE listing rules, this share increase was not required to be approved by our stockholders because the shares of Common Stock issued under the plan are issued solely in payment of deferred compensation in accordance with the terms of the plan.
- (5) These shares were available for the issuance of stock units under our Director Phantom Stock Plan. See Compensation of Non-Employee Directors on page 21 of this Proxy Statement for a description of our Director Phantom Stock Plan.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Messrs. Brandt, Hash and Soboroff and Ms. Stephen each served as a member of the Compensation Committee during 2018. No member of the Compensation Committee is a past or present officer or employee of our Company or had any relationship with us requiring disclosure under SEC rules requiring disclosure of certain transactions with related persons. In addition, none of our executive officers served as a director or a member of a compensation committee (or other committee serving an equivalent function) of any other entity, the executive officer of which served as a director or member of the Compensation Committee during 2018.

CERTAIN TRANSACTIONS

The following provides a description of certain relationships and related transactions between our executive officers or members of their immediate families and our Company or our subsidiaries and affiliates. All of these relationships and related transactions were approved or ratified by the Audit Committee in accordance with our Related Party Transaction Policies and Procedures.

Macerich Management Company employs Mr. A. Coppola's son-in-law as a Senior Vice President of Leasing. He receives compensation commensurate with his level of experience and other employees having similar

responsibilities, and based upon an annual review of his individual performance conducted in the same manner as for all employees. The total compensation and benefits paid to Mr. A. Coppola's son-in-law for 2018 did not exceed \$728,130 and he is not considered an officer under Section 16 of the Exchange Act.

AUDIT COMMITTEE MATTERS

The Audit Committee presently is comprised of Ms. Alford (Chair) and Messrs. Alschuler and Soboroff. Ms. Alford was appointed to the Audit Committee on March 29, 2018 and became the Committee's Chair on January 30, 2019. Mr. Alschuler was appointed to the Audit Committee on January 31, 2019. The Audit Committee met eight times in 2018. The principal responsibilities of and functions to be performed by the Audit Committee are established by the Audit Committee charter. The Audit Committee and our Board of Directors amended and restated the Audit Committee charter in February 2017 and such charter complies with the requirements of the Sarbanes-Oxley Act of 2002 and the NYSE listing standards. The Committee reviews and reassesses the adequacy of its charter annually. Our Board of Directors has determined that each Committee member is an independent director as defined by the New York Stock Exchange listing standards for audit committee members and meets the financial literacy requirements of the NYSE listing standards. Our Board of Directors also has determined that Ms. Alford and Mr. Alschuler are audit committee financial experts as defined by the Exchange Act. (See The Board of Directors and its Committees' Director Independence and Committee Charters.)

The following Report of the Audit Committee shall not be deemed soliciting material or to be filed under the Securities Act or the Exchange Act, or subject to Regulation 14A or 14C or the liabilities of Section 18 of the Exchange Act, except to the extent our Company specifically requests that this Report be treated as soliciting material or specifically incorporates this Report by reference into a filing under either of such Acts. The Audit Committee members whose names appear on the Audit Committee Report were committee members during 2018.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of the Board of Directors of The Macerich Company, a Maryland corporation, assists our Board of Directors in performing its oversight responsibilities for our financial reporting process, audit process and internal controls, as more fully described in the Audit Committee's charter. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. Our independent registered public accounting firm is responsible for auditing our financial statements and expressing an opinion as to their conformity to accounting principles generally accepted in the United States.

In the performance of its oversight function, the Audit Committee reviewed and discussed our audited financial statements for the year ended December 31, 2018 with management and with our independent registered public accounting firm. In addition, the Audit Committee discussed with our independent registered public accounting firm the matters required to be discussed by Auditing Standard No. 1301, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board. The Committee has also received and reviewed the written disclosures and the letter from our independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and has discussed with the independent registered public accounting firm their independence from our Company.

Based on the review and discussions with management and our independent registered public accounting firm described above, the Audit Committee recommended to our Board of Directors that the audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2018 for filing with the SEC.

AUDIT COMMITTEE PRE-APPROVAL POLICY

Consistent with the SEC rules regarding independence, the Audit Committee has responsibility for appointing, setting compensation and overseeing the work of our independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. The Audit Committee approves a list of services and related fees expected to be rendered during any fiscal-year period within each of four categories of service:

Audit Services include audit work performed on the financial statements, including audit of the effectiveness of internal controls over financial reporting pursuant to Section 404 of the Sarbanes-Oxley Act of 2002, as well as work that generally only our

independent registered public accounting firm can reasonably be expected to provide, including work associated with registration statements under the Securities Act, periodic reports and other SEC documents, statutory or other financial audit work for subsidiaries and consultations surrounding the proper application of financial accounting and/or reporting standards.

Audit-Related Services include assurance and related services that are reasonably related to performance of an audit or traditionally performed by our independent registered public accounting firm, including due diligence or agreed-upon procedures related to mergers, acquisitions, dispositions or refinancings, special procedures required to meet certain financial, accounting or regulatory requirements and accounting, regulatory or disclosure consultations.

Other Services include those permissible non-audit services that do not fall within the above categories and are routine and recurring services that would not impair the independence of our accountants.

The Audit Committee pre-approves our independent registered public accounting firm's services within each category. In 2018, the Audit Committee pre-approved the retention of KPMG LLP to perform various audit and audit-related services for our Company as described above. For each proposed service, our independent registered public accounting firm is generally required to provide documentation at the time of approval to permit the Audit Committee to make a determination whether the provision of such services would impair our independent registered public accounting firm's independence. The fees are budgeted and the Audit Committee requires our independent registered public accounting firm and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage our independent registered public accounting firm for additional services not contemplated in the original pre-approval categories. In those instances, the Audit Committee requires specific pre-approval before engaging our independent registered public accounting firm. The Audit Committee may delegate pre-approval authority to one or more of its members. The member to whom such authority is delegated must report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

**PROPOSAL 2: RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR COMPANY'S
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed KPMG LLP as our independent registered public accounting firm to audit our financial statements for the year ending December 31, 2019.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm. KPMG LLP has served as our independent registered public accounting firm continuously since 2010. In order to assure continuing external auditor independence, the Audit Committee periodically considers whether it is appropriate to adopt a policy of rotating the independent registered public accounting firm. Further, in conjunction with the mandated rotation of the independent registered public accounting firm's lead engagement partner, the Audit Committee and its Chairperson are directly involved in the selection of KPMG LLP's new lead engagement partner. Based on its most recent evaluation of KPMG LLP, the members of the Audit Committee believe that the continued retention of KPMG LLP as our independent registered public accounting firm is in the best interests of our Company and its stockholders and has recommended that the stockholders ratify the appointment of KPMG LLP as our Company's independent registered public accounting firm for the year ending December 31, 2019.

Although ratification by stockholders is not required by law, our Board has determined that it is desirable to request approval of this appointment by our stockholders. If our stockholders do not ratify the appointment, the Audit Committee will reconsider whether to retain KPMG LLP, and may decide to retain the firm notwithstanding the vote. Even if the appointment is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that such a change would be in the best interests of our Company. In addition, if KPMG LLP should decline to act or otherwise become incapable of acting, or if the appointment should be discontinued, the Audit Committee will appoint substitute independent public accountants. A representative of KPMG LLP will be present at our Annual Meeting, will be given the opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE PROPOSAL TO RATIFY THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE YEAR ENDING DECEMBER 31, 2019. PROXIES RECEIVED WILL BE VOTED FOR RATIFICATION UNLESS STOCKHOLDERS SPECIFY OTHERWISE IN THE PROXY.

PROPOSAL 3: NON-BINDING ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR COMPANY'S NAMED EXECUTIVE OFFICERS

We are providing our stockholders with the opportunity to cast a non-binding, advisory vote on the compensation of our named executive officers as disclosed pursuant to the SEC's executive compensation disclosure rules and set forth in this Proxy Statement (including in the compensation tables and the narrative discussion accompanying those tables as well as in the Compensation Discussion and Analysis).

As described more fully under the Compensation Discussion and Analysis section beginning on page 27 of this Proxy Statement, our executive compensation program is guided by the following philosophy and objectives:

Our objective is to closely align executive compensation with the creation of stockholder value, with a balanced focus on both short-term and long-term performance and a substantial emphasis on total stockholder return. We believe our executive compensation policies and practices appropriately align the interests of our executives with those of our stockholders through a combination of base salary, annual incentive compensation awards and long-term incentive equity awards.

Our executive compensation program is designed to attract, retain and reward experienced, highly motivated executives who are capable of leading our Company effectively. The Compensation Committee believes strongly in linking compensation to performance, and has designed our compensation program to deliver total pay that is primarily linked to overall business results while also recognizing individual performance. The Compensation Committee utilizes a combination of cash and equity-based compensation to provide appropriate incentives for executives to achieve our business objectives as well as further align their interests with our stockholders and encourage their long-term commitment to our Company.

We urge our stockholders to read the Compensation Discussion and Analysis section of this Proxy Statement, which describes in more detail how our executive compensation policies and practices are designed to achieve our compensation objectives, as well as the Summary Compensation Table and related compensation tables and narrative discussion that accompanies the compensation tables which provide detailed information on the compensation of our named executive officers. The Compensation Committee and our Board believe that the policies and procedures described in the Compensation Discussion and Analysis have enabled our Company to attract, motivate and retain highly skilled executives whose performance and contributions have contributed to our Company's success.

In accordance with the requirements of Section 14A of the Exchange Act (which was added by the Dodd-Frank Act) and the related rules of the SEC, our Board will request your non-binding, advisory vote on the following resolution at our Annual Meeting:

RESOLVED, that the compensation paid to our named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the narrative discussion that accompanies the compensation tables), is hereby approved.

This proposal to approve the compensation paid to our named executive officers is advisory in nature and, therefore, not binding on our Company, our Board or our Compensation Committee and will not be construed as overruling a decision by, or creating or implying any additional duty for, our Company, our Board or our Compensation Committee. However, the Compensation Committee, which is responsible for reviewing and approving the compensation for our executive officers and reviewing our overall compensation structure and philosophy, values

input from our stockholders and will consider the result of the vote when making future compensation decisions for our named executive officers. Our Company's current policy is to hold a non-binding, advisory vote on the compensation of our named executive officers every year. It is expected that the next such vote will occur at our 2020 annual meeting of stockholders.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL, ON A NON-BINDING, ADVISORY BASIS, OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS, AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE SEC'S EXECUTIVE COMPENSATION DISCLOSURE RULES. PROXIES RECEIVED WILL BE VOTED FOR APPROVAL OF THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS UNLESS STOCKHOLDERS SPECIFY OTHERWISE IN THE PROXY.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single set of proxy materials addressed to those stockholders. This process, which is commonly referred to as "householding" potentially means extra convenience for stockholders and cost savings for companies.

A number of banks and brokers with account holders that are beneficial holders of our Company's Common Stock will be householding our Company's proxy materials. If you have received notice from your bank or broker that it will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive separate proxy materials, please notify your bank or broker, or contact Broadridge Financial Solutions, Inc., toll-free at 1-800-542-1061 or at Broadridge Financial Solutions, Inc., Attn: Household Department, 51 Mercedes Way, Edgewood, New York 11717. Our Company undertakes, upon oral or written request, to deliver promptly a second copy of our Company's proxy materials to a stockholder at a shared address to which a single copy of the document

Officers, directors and greater than 10% stockholders are required by the SEC's regulations to furnish our Company with copies of all Section 16(a) forms they file. OTHER MATTERS

Our Board of Directors does not know of any matter other than those described in this Proxy Statement which will be presented for action at our Annual Meeting. If other matters are presented, Proxies will be voted in accordance with the discretion of the Proxy holders.

APPENDIX I

RECONCILIATION OF NON-GAAP MEASURES**FUNDS FROM OPERATIONS (FFO)**

Our Company uses FFO in addition to net income to report our operating and financial results and considers FFO and FFO-diluted as supplemental measures for the real estate industry and a supplement to Generally Accepted Accounting Principles (GAAP) measures. The National Association of Real Estate Investment Trusts (Nareit) defines FFO as net income (loss) (computed in accordance with GAAP), excluding gains (or losses) from sales of properties, plus real estate related depreciation and amortization, impairment write-downs of real estate and write-downs of investments in an affiliate where the write-downs have been driven by a decrease in the value of real estate held by the affiliate and after adjustments for unconsolidated joint ventures. As a result of changes in the accounting standard ASC 606 effective January 1, 2018, our Company began treating its joint venture in Chandler Freehold as a financing arrangement for accounting purposes. In connection with this treatment, our Company recognizes financing expense on (i) the changes in fair value of the financing arrangement obligation, (ii) any payments to the joint venture partner equal to their pro rata share of net income and (iii) any payments to the joint venture partner less than or in excess of their pro rata share of net income. Our Company excludes from its definition of FFO the noted expense related to the changes in fair value and for the payments to the joint venture partner less than or in excess of their pro rata share of net income. Although the Nareit definition of FFO predates this guidance for accounting for financing arrangements, our Company believes that excluding the noted expense resulting from the financing arrangement is consistent with the key objective of FFO as a performance measure and it allows our Company's current FFO to be comparable with our Company's FFO from prior quarters. Adjustments for unconsolidated joint ventures are calculated to reflect FFO on the same basis. Our Company also presents FFO excluding early extinguishment of debt, net and costs related to stockholder activism and costs related to unsolicited takeover offer.

FFO and FFO on a diluted basis are useful to investors in comparing operating and financial results between periods. This is especially true since FFO excludes real estate depreciation and amortization, as our Company believes real estate values fluctuate based on market conditions rather than depreciating in value ratably on a straight-line basis over time. Our Company believes that such a presentation also provides investors with a more meaningful measure of our operating results in comparison to the operating results of other REITs. Our Company believes that FFO excluding early extinguishment of debt, net and costs related to stockholder activism and costs related to unsolicited takeover offer provides useful supplemental information regarding our Company's performance as it shows a more meaningful and consistent comparison of our Company's operating performance and allows investors to more easily compare our Company's results. Our Company believes that FFO on a diluted basis is a measure investors find most useful in measuring the dilutive impact of outstanding convertible securities.

Our Company believes that FFO does not represent cash flow from operations as defined by GAAP, should not be considered as an alternative to net income as defined by GAAP, and is not indicative of cash available to fund all cash flow needs. Our Company also cautions that FFO, as presented, may not be comparable to similarly titled measures reported by other real estate investment trusts.

Management compensates for the limitations of FFO by providing investors with financial statements prepared according to GAAP, along with this detailed discussion of FFO and a reconciliation of FFO and FFO-diluted to net income available to common stockholders. Management believes that to further understand our Company's performance, FFO should be compared with our Company's reported net income, as presented in our Company's consolidated financial statements. See our Company's Annual Report on Form 10-K for the year ended December 31, 2018.

ADJUSTED EBITDA, NET OPERATING INCOME (NOI) AND NOI SAME CENTERS

Adjusted EBITDA represents earnings before interest, income taxes, depreciation, amortization, noncontrolling interests in the Operating Partnership, extraordinary items, loss (gain) on remeasurement, sale or write down of assets, loss (gain) on extinguishment of debt and preferred dividends and includes joint ventures at their pro rata share. Management considers Adjusted EBITDA to be an appropriate supplemental measure to net income because it helps investors understand the ability of our Company to incur and service debt and make capital expenditures. Our Company believes that Adjusted EBITDA should not be construed as an alternative to operating income as an indicator of our Company's operating performance, or to cash flows from operating activities (as determined in accordance with GAAP) or as a measure of liquidity. Our Company also cautions that Adjusted EBITDA, as presented, may not be comparable to similarly titled measurements reported by other companies.

Our Company presents Same Center NOI because we believe it is useful for investors to evaluate the operating performance of comparable centers. Same Center NOI is calculated using total Adjusted EBITDA and eliminating the impact of the management companies' revenues and operating expenses, our general and administrative expenses, costs related to stockholder activism, costs related to unsolicited takeover offer and the straight-line and above/below market adjustments to minimum rents and subtracting out NOI from Non-Same Centers.

The changes in Same Center NOI is calculated by dividing the change in NOI year-over-year by the preceding period's NOI based on the Same Center population for the year most recently presented. For purposes of the comparison, our Company defines Same Centers as those Centers that are substantially complete and in operation for the entirety of both periods of the comparison. Non-Same Centers for comparison purposes, include those Centers or properties that are going through a substantial redevelopment, those properties that have recently transitioned to or from equity method joint ventures to consolidated assets, properties recently acquired and properties that have been disposed of. Our Company moves a Center in and out of Same Centers based on whether the Center is substantially complete and in operation for the entirety of both periods of the comparison. Accordingly, the adjustments reflect movement of Centers in and out of Same Centers for periods of comparison.

The following reconciles net income attributable to our Company to Adjusted EBITDA, NOI and NOI Same Centers for the years ended December 31, 2018 and 2017 (dollars in thousands).
