### (1) Shares sold to cover option exercise price and/or tax liability of stock option exercised.

As previously reported, a total of 55,000 shares were sold on 9/22/08. However, as a result of a computer network outage at the clearinghouse, these shares were not sold at the price originally reported. On 9/30/08, the clearinghouse notified Mr. Patterson that the shares were sold at a price of \$30.41 per share instead of \$29.75 per share, as originally reported. Based on the corrected sales price, the number of shares required to be sold to cover the option exercise price and/or tax liability was determined to be 54,240 instead of 55,000. The difference between the number of shares reported on 9/22/08 and the number actually required to be sold to cover the option exercise price and/or tax liability (760 shares) is now being reported as an open market sale.
