Dear Fellow Shareholders,

2016 was an exceptionally busy year for Ritchie Bros., as we built out our multichannel strategy, and grew our regional and sector penetration in our core auction business. We acquired Mascus our new equipment sales listing service. We obtained 100% ownership of Ritchie Bros. Financial Services. We acquired Petrowsky Auctioneers and Kramer Auctions. We grew our Private Treaty sales offering. And we announced the impending acquisition of IronPlanet. All of these activities have significantly strengthened our sales offering, and provided even more transaction and financing options to our valued customers. We truly believe Ritchie Bros. is better positioned today than ever before, to meet the asset management and disposition needs of all equipment owners especially those in the construction, transportation and agricultural sectors.

On May 1, 2017, Ritchie Bros. Auctioneers will host its Annual and Special Meeting of Shareholders in Toronto. We invite all registered shareholders to attend the meeting, which will be held at the Fairmont Royal York Hotel (100 Front Street West, Toronto) at 11:00 am Eastern. During the meeting, we will provide a brief review of our 2016 achievements and our growth strategy, conduct the official business of the meeting, and welcome questions from registered shareholders.

The attached Notice of Annual Shareholders Meeting and Proxy Statement contain details of the business to be conducted at the meeting. Whether or not you attend the meeting in person, it is important your shares be represented and voted. We encourage you to read the accompanying proxy statement as it contains important information about the meeting, who is eligible to vote, how to vote, the nominated directors, our governance practices and compensation of our executives and directors.

On behalf of the Board of Directors and company management, we thank you for your continued investment in Ritchie Bros. Auctioneers and look forward to serving you in the future.

Sincerely,

Beverley Briscoe
Chair of the Board

You are invited to attend the Meeting at the above stated time and location. If you plan to attend and your shares are held in street name in an account with a bank, broker, or other nominee you should follow the procedures in the materials and request for voting instructions provided by or on behalf of such broker, bank or other nominee and arrange to be appointed as a proxy holder.

You can vote your shares by completing and returning the proxy card, or, if you are a non-registered/beneficial holder, by following the instructions set forth in the voting instruction form provided by or on behalf of your broker, bank or other nominee.

TABLE OF CONTENTS

Questions and Answers About the Meeting, Proxy Materials and Voting

Why am I receiving this Proxy Statement and proxy card?

The Company is providing the Notice of Annual and Special Meeting of Shareholders, this Proxy Statement and proxy card directly to shareholders who are shareholders of record at the close of business on March 16, 2017 and are entitled to vote at the Meeting. This Proxy Statement describes issues on which the Company would like you, as a shareholder, to vote. It provides information on these issues so that you can make an informed decision. You do not need to attend the Meeting to vote your shares.

When you submit your executed proxy card, you appoint the proxy holders nominated by management, Beverley A. Briscoe, Chair of the Board, or Ravi K. Saligram, Chief Executive Officer (the CEO) of the Company, with full power of substitution, your representatives at the Meeting. **A shareholder has the right to appoint a person other than the nominees of management named in the enclosed instrument of proxy to represent the shareholder at the Meeting. To exercise this right, a shareholder should insert the name of its nominee in the blank space provided. A person appointed as a proxy holder need not be a shareholder of the Company.** As your representative(s), your proxy holder(s) will vote or withhold from voting the shares represented by the proxy at the Meeting (or any adjournments or postponements) in accordance with your instructions on any ballot that may be called for. If you specify a choice in the proxy as to how your shares are to be voted with respect to any matter to be acted upon, the shares will be voted accordingly. With proxy voting, your shares will be voted whether or not you attend the Meeting. Even if you plan to attend the Meeting, we recommend that you return your proxy card in advance of the Meeting.

The proxy in the accompanying form, when properly completed and delivered and not revoked, will confer discretionary authority upon a proxy holder named therein to vote your shares on any amendments or variations to matters identified in the accompanying Notice of Annual and Special Meeting of Shareholders and any other matter which may properly come before the meeting in respect of which such proxy has been granted, subject to any limitations imposed by law.

Why does my name not appear as a shareholder of record?

Many, if not most, investors own their shares through a broker dealer or other nominee. Broker dealers frequently clear their transactions through other broker dealers, and may hold the actual certificates for shares in the name of securities depositories, such as Cede & Co. (operated by the Depository Trust Company) in the U.S. or CDS Clearing and Depository Services Inc. in Canada. In such a case, only the ultimate certificate holder appears on our records as a shareholder, even though that nominee may not have any economic interest in the shares that you actually own through your broker dealer. You should contact your broker dealer for more information about this process.

If your shares are held in an account with a brokerage firm, bank, dealer, or other similar organization, then you are the non-registered/beneficial owner of shares held in street name and these proxy materials are being forwarded to you by or on behalf of that organization. The registered holder of the shares is considered the shareholder of record for purposes of voting at the Meeting. As a beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote the shares in your account by following the instructions on the voting instruction form that is provided by or on behalf of the intermediary. You are also invited to attend the Meeting. However, since you are not

the shareholder of record, you may not attend the Meeting and vote your shares in person at the Meeting unless you arrange with your broker, bank, or other nominee to be appointed as proxy holder.

TABLE OF CONTENTS

Who is making this solicitation and who will pay the related costs?

This solicitation is made on behalf of the management of the Company. No director has given management notice that he or she intends to oppose any action intended to be taken by management at the Meeting. The Company will bear the cost of soliciting proxies. In an effort to have as large a representation at the Meeting as possible, the Company's directors, officers and employees may solicit proxies by telephone or in person in certain circumstances. These individuals will receive no additional compensation for their services other than their regular salaries. Upon request, the Company will reimburse brokers, dealers, banks, voting trustees and their nominees who are holders of record of the Company's common shares on the record date for the reasonable expenses incurred for mailing copies of the proxy materials to the beneficial owners of such shares.

When is the record date?

The Board has fixed March 16, 2017, as the record date for the Meeting. Only holders of our common shares as of the close of business on that date will be entitled to vote at the Meeting.

How many shares are outstanding and how many votes can be cast by all shareholders?

A total of 106,920,873 common shares were outstanding as of March 16, 2017. Votes may be cast on each matter presented, consisting of one vote for each common share of the Company outstanding as of the record date.

Are there any shareholders that hold more than 10% of the shares that may be voted?

To the knowledge of the Company's directors or executive officers, based on filings with Canadian securities regulators and the U.S. Securities and Exchange Commission (the "SEC"), no person beneficially owns, or controls or directs, directly or indirectly, common shares of the Company carrying more than 10% of the voting rights attached to all voting shares of the Company other than Baillie Gifford & Co., which reported beneficial ownership of 11,899,567 common shares as of December 31, 2016, representing 11.13% of the issued and outstanding common shares of the Company as of March 16, 2017.

What items of business will be voted on at the Meeting and how does the Board recommend that I vote?

Shareholders will be being asked to vote on the following:

the election of eight directors for terms expiring in 2018;
an advisory vote on executive compensation;
the appointment of Ernst & Young LLP as the Company's auditor for the fiscal year ending December 31, 2017 and to authorize the Audit Committee of the Board to fix the remuneration to be paid to the auditors;
the 2013 PSU Plan Amendment; and

any other business that may properly come before the Meeting.
The Board recommends a vote:

FOR each of the nominees to the Board;

FOR the advisory vote on executive compensation;

FOR the appointment of Ernst & Young LLP as our auditors for the fiscal year ending December 31, 2017 and authorization of the Audit Committee to fix the remuneration to be paid to the auditors; and

FOR the approval of the 2013 PSU Plan Amendment.

TABLE OF CONTENTS

What are my voting rights if I hold common shares?

Each common share is entitled to one vote. No cumulative rights are authorized, and dissenters' rights are not applicable to any of the matters being voted upon.

How do I vote if I am a registered shareholder?

If you are a registered shareholder, you may vote your shares by promptly completing, signing and returning the enclosed proxy card in the enclosed envelope, by using the internet following the instructions on the form of proxy or by attending the Meeting in person and voting. Joint owners wishing to complete a proxy form must each sign the proxy card.

How do I vote if I am a non-registered/beneficial holder?

If you are a non-registered/beneficial holder, you should receive a voting instruction form from a broker dealer or other nominee that you may use to instruct such persons how to vote your shares. If you receive a voting instruction form, you may exercise voting rights in respect of those shares in accordance with the procedures provided by the broker dealer or other nominee, which may include voting by mail, telephonically by calling the telephone number shown on the voting form or via the internet at the web site shown on the voting instruction form. If you are a non-registered/beneficial holder, you are not considered to be a shareholder of record, and you will not be permitted to vote your shares in person at the Meeting unless you have obtained a proxy for those shares from the person who holds your shares of record. Should you require additional information regarding the Meeting, please contact our Corporate Secretary at 9500 Glenlyon Parkway, Burnaby, British Columbia V5J 0C6, Canada or by calling us at 778-331-5500.

Can shareholders vote in person at the Meeting?

If you prefer, you may vote at the Meeting. If you hold your shares through a brokerage account but do not have a physical share certificate, or the shares are registered in someone else's name, you should arrange with your stockbroker or the registered owner to be appointed as proxy holder entitling you to vote at the Meeting.

What does it mean if I receive more than one proxy card?

If you receive more than one proxy card, it likely means that you have multiple accounts with the Company's transfer agent and/or with stockbrokers. Please vote or arrange for voting of all of the shares.

What if I share an address with another shareholder and we received only one copy of the proxy materials or what if I receive multiple copies?

SEC rules permit companies and intermediaries such as brokers to satisfy delivery requirements for proxy statements and notices with respect to two or more shareholders sharing the same address by delivering a single proxy statement or a single notice addressed to those shareholders. This process, which is commonly referred to as "householding",

provides cost savings for companies. Some brokers household proxy materials, delivering a single proxy statement or notice to multiple shareholders sharing an address unless contrary instructions have been received from the affected shareholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or notice, or if you are receiving duplicate copies of these materials and wish to have householding apply, please notify your broker. You may also call (800) 542-1061 or write to: Householding Department, 51 Mercedes Way, Edgewood, New York 11717, and include your name, the name of your broker or other nominee, and your account number(s). You can also request prompt delivery of a copy of this proxy statement and the annual report by written request to our Corporate Secretary at 9500 Glenlyon Parkway, Burnaby, British Columbia V5J 0C6, Canada or by calling us at 778-331-5500.

TABLE OF CONTENTS

May I revoke my proxy or change my vote?

Yes. If you are a registered shareholder, you may revoke your proxy by:

signing another proxy with a later date and delivering it to Computershare Investor Services, Inc., 100 University Avenue, Toronto, Ontario, Canada, M5J 2Y1 (according to the instructions on the proxy), not less than 48 hours (excluding Saturdays, Sundays and holidays) before the time for holding the Meeting;

attending the Meeting in person and registering with the scrutineer of the Meeting as a shareholder present in person and by signing and dating a written notice of revocation;

signing and dating a written notice of revocation and delivering it to the registered office of the Company, 9500 Glenlyon Parkway, Burnaby, British Columbia V5J 0C6, Canada, at any time up to and including the last business day preceding the day of the Meeting or to the Chair of the Meeting on the day of the Meeting; or in any other manner provided by law.

In addition, if you are a registered shareholder and received a proxy and have voted using the internet following the instructions as described in the form of proxy you may change your vote by following the procedures described in the form of proxy.

If you are not a registered shareholder, and wish to change your proxy nominee or your vote, you should consult your broker or nominee with respect to submitting new voting instructions. Intermediaries may set deadlines for the receipt of revocation notices that are farther in advance of the Meeting than those set out above and, accordingly, any such revocation should be completed well in advance of the deadline prescribed in the form of proxy or voting instruction form to ensure it is given effect at the Meeting.

How many votes do you need to hold the Meeting?

To conduct the Meeting, the Company must have a quorum, which means that two persons must be present in person, and each entitled to vote and holding or representing by proxy not less than 33% of the votes entitled to be cast at the Meeting.

How are abstentions and broker non-votes counted?

Shares held or represented by proxy by persons present at the Meeting in respect of which the holder or proxy holder does not vote, or abstains from voting, with respect to any proposal are counted for purposes of establishing a quorum. If a quorum is present, abstentions will not be included in vote totals and will not affect the outcome of the vote of any proposal contained in this year's Proxy Statement. Broker non-vote shares held in street name by brokers or nominees, who do not have discretionary authority to vote such shares as to a particular matter, which are held or represented by proxy by a person present at the meeting will be counted for purposes of establishing a quorum. If a quorum is present, broker non-votes will not be counted as votes in favor of such matter or, in the case of election of directors, as votes withheld with respect to such election, and also will not be counted as shares voting on such matter.

Accordingly, abstentions and broker non-votes will have no effect on the voting on a matter that requires the affirmative vote of a certain percentage of the shares voting on the matter.

Under the rules of the New York Stock Exchange (NYSE), brokers or nominees are entitled to vote shares held for a beneficial owner on routine matters, such as the appointment of Ernst & Young LLP as our independent auditors, without instructions from the beneficial owner of those shares. However, absent instructions from the beneficial owner of such shares, a nominee is not entitled to vote shares held for a beneficial owner on certain non-routine matters. The

election of our directors, the advisory vote on executive compensation and the approval of the 2013 PSU Plan Amendment are considered non-routine matters. Accordingly, if you hold your shares in street name, it is critical that you arrange to exercise your voting right if you want it to count on all matters to be decided at the Meeting.

5

TABLE OF CONTENTS

How many votes are needed to elect directors?

A plurality of the votes cast at the Meeting are required to elect Board nominees. The eight nominees receiving the highest number of affirmative votes cast at the Meeting will be elected as our directors; provided, however, that the Board has adopted a majority voting policy applicable to any uncontested election of directors which requires a nominee who receives a greater number of votes marked WITHHOLD than votes FOR to promptly tender his or her resignation. See Proposal One: Election of Directors Questions and Answers about the Election of Directors Might directors elected be required to resign? on page 9 for more information on the majority voting policy. A properly executed proxy card or voting instruction form marked withheld with respect to the election of any director nominee will not be voted and will not count for or against such nominee, except as provided in the majority voting policy.

How many votes are needed to approve the advisory vote on executive compensation?

Approval, on an advisory basis, of the overall compensation of our Named Executive Officers (as defined below) and our compensation philosophy, policies and practices requires the affirmative vote of a majority (greater than 50%) of the votes cast at the Meeting.

While we intend to carefully consider the voting results of this proposal, the final vote is advisory in nature and therefore not binding on us, our Board or the Compensation Committee. Our Board and Compensation Committee value the opinions of all of our shareholders and will consider the outcome of this vote when making future decisions on executive compensation.

How many votes are needed to appoint Ernst & Young LLP as the Company's auditor for the fiscal year ending December 31, 2017 and to authorize the Audit Committee to fix the remuneration of the authors?

The appointment of Ernst & Young LLP as our auditor and authorization of the Audit Committee to fix the remuneration of the auditors requires a majority (greater than 50%) of the votes cast at the Meeting, and votes cast includes only those votes cast FOR this proposal. A properly executed proxy card or voting instruction form marked WITHHOLD with respect to this proposal will not be voted and will not count for or against this proposal.

How many votes are needed to approve the 2013 PSU Plan Amendment?

The ordinary resolution approving the 2013 PSU Plan Amendment requires the affirmative vote of a majority (greater than 50%) of the votes cast at the Meeting.

Will my shares be voted if I do not sign and return my Proxy Card or Voting Instruction Form?

If your shares are registered in your name and you do not sign and return your proxy card, or attend and vote in person, your shares will not be voted at the Meeting. If your shares are held through an account with a brokerage firm, bank, dealer or other nominee, your brokerage firm or other nominee, under certain circumstances, may vote your shares.

How are votes counted?

If your instructions as to voting in any proxy card or voting instruction form are certain, your shares will be voted or withheld from voting in accordance with your instructions. If you do not specify a choice in the proxy card or voting instruction form as to any of the following matters, and one of the proxy holders recommended by management is appointed as proxy holder, your shares will be voted:

FOR the election of each director nominee named in this Proxy Statement;
FOR the advisory vote on executive compensation;

6

TABLE OF CONTENTS

FOR appointment of Ernst & Young LLP as the Company's auditor for the fiscal year ending December 31, 2017 and authorization of the Audit Committee to fix the auditors' remuneration; and

FOR the approval of the 2013 PSU Plan Amendment.

Voting results will be tabulated and certified by a representative of Computershare Investor Services, Inc., scrutineer of the Meeting.

What happens if additional matters are presented at the Meeting?

Management of the Company is not aware of any amendments to or variations of any of the matters identified in the enclosed Notice of Annual and Special Meeting of Shareholders nor of any other business which may be brought before the Meeting. The proxy in the accompanying form, when properly completed and delivered and not revoked, will confer discretionary authority upon a proxy holder named therein to vote your shares on any amendments or variations of any of the matters identified in the accompanying Notice of Annual and Special Meeting and on any other matter that may properly be brought before the Meeting in respect of which such proxy has been granted, subject to any limitations imposed by law.

Where can I find the voting results of the Meeting?

The Company intends to publish the voting results of the Meeting in a Current Report on Form 8-K, which will be filed with the SEC at www.sec.gov within four business days after the date of the Meeting and on SEDAR at www.sedar.com.

How can I obtain additional information, including a copy of the Proxy Statement and the 2016 Annual Report on Form 10-K?

The Company will mail, without charge to any registered holder or beneficial owner of common shares, upon written request, a copy of its Annual Report on Form 10-K for the fiscal year ended December 31, 2016, including the consolidated financial statements, management's discussion and analysis of financial condition and results of operations, schedules and list of exhibits, and any particular exhibit specifically requested, any interim financial statements of the Company and the relevant management's discussion and analysis of financial condition and results of operations that have been filed with securities regulators for any period after the end of the Company's most recently completed financial year and the Company's information circular/proxy statement in respect of its most recent annual and special meeting of shareholders. Requests should be sent to our Corporate Secretary at 9500 Glenlyon Parkway, Burnaby, British Columbia V5J 0C6, Canada. The Company may require payment of a reasonable charge for reproduction if a person that is not a registered shareholder or beneficial owner of common shares makes the request. Proposal One: Election of Directors

Questions and Answers about the Election of Directors

What is the current composition of the Board?

The Company's Articles of Amalgamation require the Board to have at least three and no more than ten directors and provide that the Board is authorized to determine the actual number of directors within that range. The current Board is composed of the following eight directors: Ravichandra (Ravi) K. Saligram, Beverley Briscoe, Robert G. Elton, Erik Olsson, Eric Patel, Edward B. Pitoniak, Sarah Raiss and Christopher Zimmerman. The Board has determined that the number of directors following the Meeting shall be eight, which is the number of directors to be elected at the Meeting.

Is the Board divided into classes? How long is the term?

No, the Board is not divided into classes. All directors are elected for one-year terms to hold office until the next annual meeting of shareholders unless he or she sooner ceases to hold office.

Who can nominate individuals for election as directors?

Shareholders may nominate director candidates pursuant to and in accordance with the provisions of the Company's by-laws, which includes advance notice provisions for nominations of directors by shareholders, and of the Canada Business Corporations Act (the "CBCA"). The advance notice provisions require advance notice to the Company of nominations for persons for election to the Board in circumstances where nominations are made other than pursuant to a shareholder proposal made in accordance with the provisions of the CBCA or a requisition of shareholders made in accordance with the CBCA. Shareholders should note that nominations for directors must be made in compliance with the procedures in the Company's by-laws, which include requirements to notify the Company in writing in advance of an intention to nominate directors for election to the Board prior to any annual or special meeting of shareholders and sets forth the information that a shareholder must include in such notice. Please see the information under "Shareholder Proposals and Director Nominations" on page 109.

The Company has not received any director nominations in connection with the Meeting.

Who is standing for election this year?

The following eight current Board members are being nominated by or at the direction of the Board, based on the recommendation of the Nominating and Corporate Governance Committee:

Ravi K. Saligram
Beverley Briscoe
Robert G. Elton
Erik Olsson
Eric Patel
Edward B. Pitoniak
Sarah Raiss

Christopher Zimmerman

Each of the nominees, except Mr. Saligram, qualifies as independent under applicable NYSE listings standards and Canadian securities laws and regulations and the rules of the Toronto Stock Exchange (the "TSX"). See Corporate Governance Independence of the Directors on page 23 for a summary of how independence is determined. Additional information concerning the above nominees, including their ages, positions and offices held with the Company, and terms of office as directors, is set forth below under Information Concerning the Nominees to the Board of Directors on page 10.

8

TABLE OF CONTENTS

What if a nominee is unable or unwilling to serve?

If any one or more of the nominees named in this Proxy Statement is unable to serve or for good cause will not serve, then the persons voting the accompanying proxy may in their discretion vote for a substitute. The persons named in the enclosed form of proxy intend to vote for the election of any such substitute nominee. Each of the nominees has agreed to serve, if elected, and the Board is not presently aware of any reason that would prevent any nominee from serving as a director if elected.

How are nominees elected?

In the election of directors you may vote **FOR** each or any of the nominees, or you may **WITHOLD** from voting for each or any of the nominees. The eight nominees receiving the highest number of votes **FOR** cast in person or by proxy at the Meeting will be elected as directors.

Might directors elected be required to resign?

Yes. The Board has adopted a majority voting policy that will apply to any uncontested election of directors. Pursuant to this policy, any nominee for director who receives a greater number of votes marked **WITHHOLD** than votes **FOR** such election will promptly tender his or her resignation to the Chair of the Board following the Meeting. The Board's Nominating and Corporate Governance Committee will consider the offer of resignation and make a recommendation to the Board whether to accept it.

In making its recommendation with respect to a director's resignation, the Nominating and Corporate Governance Committee will consider, in the best interests of the Company, the action to be taken with respect to such offered resignation. The recommended action may include (i) accepting the resignation; (ii) recommending that the director continue on the Board but addressing what the Nominating and Corporate Governance Committee believes to be the underlying reasons why shareholders withheld votes for election from such director; or (iii) rejecting the resignation.

The Nominating and Corporate Governance Committee would be expected to recommend that the Board accept the resignation except in extenuating circumstances. The Board will consider the Nominating and Corporate Governance Committee's recommendation within 90 days following the Company's annual meeting, and in considering such recommendation, the Board will consider the factors taken into account by the Nominating and Corporate Governance Committee and such additional information and factors that the Board considers to be relevant. The Board will promptly disclose its decision by a press release, such press release to include the reasons for rejecting the resignation, if applicable. A director who tenders his or her resignation pursuant to the majority voting policy will not be permitted to participate in any meeting of the Board or the Nominating and Corporate Governance Committee at which the resignation is considered. If the resignation is accepted, subject to applicable law, the Board may leave the resultant vacancy unfilled until the next annual general meeting, fill the vacancy through the appointment of a new director whom the Board considers to merit the confidence of the shareholders, or call a special meeting of shareholders at which there will be presented one or more nominees to fill any vacancy or vacancies.

May additional directors be appointed by the Board between annual general meetings?

The Articles of Amalgamation of the Company provide that the Board has the power to increase the number of directors at any time between annual meetings of shareholders and appoint one or more additional directors, provided that the total number of directors so appointed shall not exceed one-third of the number of directors elected at the previous annual meeting.

Corporate Governance

Overview

The Board and the Company believe that excellent corporate practices are essential for the effective and prudent operation of the Company and for enhancing shareholder value. The Board's Nominating and Corporate Governance Committee is responsible for reviewing and, if deemed necessary, recommending changes to the Company's corporate governance practices.

Structure and Members of the Board

The Company's Articles of Amalgamation require the Board to have at least three and no more than ten directors and provide that the Board is authorized to determine the actual number of directors within that range. The current Board is comprised of the following eight directors:

Ravi K. Saligram
Beverley Briscoe
Robert G. Elton
Erik Olsson
Eric Patel
Edward B. Pitoniak
Sarah Raiss
Christopher Zimmerman

Independence of the Directors

The Board is comprised of a majority of independent directors as defined under the applicable rules of the NYSE and National Instruments 58-101 (NI 58-101) and 52-110 (NI 52-110) adopted by the Canadian Securities Administrators.

The NYSE listing standards provide that no director qualifies as independent unless the Board affirmatively determines that such director has no material relationship with the Company and NI 58-101 and NI 52-110 provide, in effect, that an independent director is a person that has no direct or indirect material relationship with the Company (defined to mean a relationship which could in the view of the Board, be reasonably expected to interfere with the exercise of the director's independent judgment). The NYSE listing standards and NI 52-110 set forth specific categories of relationships that disqualify a director from being independent.

The Board has reviewed the independence of each director and considered whether any director has a material relationship with the Company. As a result of this review, the Board affirmatively determined that Beverley Briscoe, Robert G. Elton, Erik Olsson, Eric Patel, Edward B. Pitoniak, Christopher Zimmerman and Sarah Raiss, representing seven of the eight directors, are independent within the meaning of the applicable rules of the NYSE and NI 58-101 and NI 52-110. Mr. Saligram is not independent given his employment as CEO of the Company. The Board also determined that Lisa Anne Pollina, who did not stand for re-election at the 2016 Annual and Special Meeting of Shareholders and, therefore, ceased to be a director of the Company on May 2, 2016, was independent during the portion of fiscal 2016 during which she served on the Board.

The Board's independence determination was based on information provided by the directors.

Such meetings are scheduled regularly during the year, usually immediately after the Board' s regular quarterly meetings.

Independent Chair

Beverley Briscoe is the Chair of the Board and is an independent director. Under the description of the position adopted by the Board, Ms. Briscoe is responsible for overseeing the management, development and effective performance of the Board, and taking all reasonable measures to ensure that the Board fully executes its mandate and that directors clearly understand and respect the boundaries between the Board's and management's responsibilities.

The Nominating and Corporate Governance Committee is responsible for reviewing the governance principles of the Company, recommending any changes to these principles, and monitoring their disclosure. This committee is responsible for the report on corporate governance included in the Company's Proxy Statement. Through industry forums and access to professional advisors, the committee keeps abreast of best practices to ensure the Company continues to carry out high standards of corporate governance. The Board has adopted Corporate Governance Guidelines, which are available on our website at www.rbauktion.com.

As provided in the Company's Corporate Governance Guidelines, the Board, with the assistance of the Nominating and Corporate Governance Committee, determines from time to time the number of directors on the Board, within a range specified in the Company's charter documents. The Board believes that given the size and scope of the Company, the Board should include at least eight directors. Further, the Board feels that the size of eight to nine members is reasonable given the current size and complexity of the Company. The Board believes that the current membership of the Board reflects appropriate experience and an appropriate number of unrelated and independent directors, and permits the Board to operate in an efficient manner. As described below, in February 2015 the Board adopted a diversity policy, including a target for the number of women on the Board.

Position Descriptions

The entire Board is responsible for the overall governance of the Company. Any responsibility that is not delegated to senior management or a Board committee remains with the entire Board. The Board has adopted position descriptions for the CEO and the Chair of the Board. The charters of the committees of the Board are considered to be position descriptions for the chairs of the committees. The CEO position description was reviewed and revised in connection with the process of hiring Mr. Saligram. The CEO has overall responsibility for all Company operations, subject to Board oversight.

The Board reviews and approves the corporate objectives for which the CEO is responsible and such corporate objectives form a key reference point for the review and assessment of the CEO's performance.

The Board has defined the limits to management's authority. The Board expects management, among other things, to:

- set the appropriate tone at the top for all employees of the Company;

- carry out a comprehensive planning process and monitor the Company's financial performance against the annual plan approved by the Board; and
- identify opportunities and risks affecting the Company's business, develop and provide relevant reports to the Board related thereto and, in consultation with the Board, implement appropriate mitigation strategies.

The Board and management review and discuss from time to time the effectiveness of the Code of Business Conduct and Ethics and any areas or systems that may be further improved. The Company performs a Code of Business Conduct and Ethics compliance review on an annual basis, and seeks annual confirmation of understanding of and adherence to the Code from all employees throughout the Company and from directors. The Company, through directors' and officers' questionnaires and other systems, gathers and monitors relevant information in relation to potential conflicts of interest that a director or officer may have.

The Company has implemented procedures for the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters, and for the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters or reports of wrongdoing or violations of the Code of Business Conduct and Ethics.

Exemptions or waivers from our Code of Conduct and Business Ethics may only be granted by formal approval of senior management and/or the Audit Committee. Further, during 2016, the Company had no transactions where the policies and procedures summarized above required review, approval, or ratification, or where such policies and procedures were not followed.

Shareholder Communications to the Board

All relevant correspondence, with the exception of solicitations for the purchase or sale of products and services and other similar types of correspondence, will be forwarded to the Chair. Purely for administrative purposes, correspondence to the Chair may be opened or viewed by the Company's Corporate Secretary. A copy of the Company's Shareholder Engagement Policy is available on the Company's website at www.rbauction.com.

Executive & Chief Executive Officer Succession Planning

The Board is responsible for ensuring that the Company has an appropriate organizational structure in place, including a CEO and other key executives who have the skills and expertise to ensure the effective management of the Company. The Board is supported in this function by the Compensation Committee which has the responsibility to ensure that management has a robust process in place for CEO and senior executive succession planning.

Under the oversight of the Compensation Committee, Mr. Saligram and the Chief Human Resources Officer have implemented a talent review process building on the Company's annual performance management process. This process, in addition to identifying the high-potential and high-performing talent, assists Mr. Saligram and the Chief Human Resources Officer to review succession plans at key levels and establish development plans for key talent. This process is the basis for enterprise succession planning and will continue to evolve and improve in the coming years with the aim of ensuring that the Company has the appropriate level of executive bench strength necessary to drive growth and ensure long-term profitability. The CEO reviews the succession plan for his role as well as other key executive roles with the full Board, formally, once a year in addition to having periodic discussions of talent progression throughout the year. In addition to ordinary course CEO succession planning, the Company's Nominating & Corporate Governance Committee has, in consultation with the CEO, also implemented a succession plan to

address unanticipated emergency situations. The emergency succession plan is reviewed annually.

TABLE OF CONTENTS

Following his appointment as CEO in 2014, Mr. Saligram, in consultation and with the approval of the Board, implemented a new organizational structure for the Company. As part of the implementation of this new organization structure, the Company has added seven new senior executives (comprising over 50% of the executive committee) since November 2014, which has significantly strengthened the succession pool of the Company. At the same time, the Company has engaged external consultants to assist with pre-hire assessments as well as integration plans to support the successful integration of these new executives into the Company.

Further to the above, the Board encourages senior management to participate in professional and personal development activities, courses and programs, and supports management's commitment to training and developing its employees with a special focus on areas of strategic importance.

In addition, the committee meets with the independent auditors on at least a quarterly basis to review and discuss the annual audit or quarterly review of our financial statements.

Compensation Committee

The Board has established a Compensation Committee, the current members of which are Eric Patel, Robert G. Elton, Erik Olsson and Sarah Raiss. Mr. Patel is Chair of the Compensation Committee. The Board has determined that the current committee members, as well as Ms. Pollina, who was a member of the Compensation Committee until the 2016 Annual and Special Meeting of the Shareholders, at which she did not stand for re-election, each qualify as independent directors for compensation committee purposes under the applicable NYSE standards, SEC rules and NI 58-101 and a non-employee director under the SEC rules. The Compensation Committee held nine meetings during 2016.

The Compensation Committee reviews and assesses its charter at least annually and, if appropriate, proposes changes to the Board. The charter was most recently updated in August 2015. A copy of the charter is available on our website at www.rbauction.com.

The Compensation Committee, acting pursuant to its charter is responsible for, among other matters:

recommending to the Board the Company's compensation philosophy for the Company's executive officers, and overseeing the implementation of such compensation policies and programs;

reviewing and approving the CEO's recommendations regarding annual compensation for the Company's other executive officers;

considering the implications of the risks associated with the Company's compensation policies, practices and programs and reporting to the Board annually regarding such considerations; and

reviewing and recommending to the Board for its approval and, where required, submission to the Company's shareholders, annual and long-term incentive and equity-based compensation plans for the Company's executive officers and others and relevant changes to such plans, and overseeing the administration of such plans.

The Compensation Committee's charter allows the committee to form and delegate authority to subcommittees and to delegate authority to one or more designated members of the Board or Company officers, provided that any such delegation complies with all applicable laws, regulations and stock exchange rules. See Compensation Discussion and Analysis on page 44 for additional discussion regarding the process and procedures of the Compensation Committee with respect to compensation.

Nominating and Corporate Governance Committee

The Board has established a Nominating and Corporate Governance Committee, the current members of which are Edward B. Pitoniak, Beverley A. Briscoe and Christopher Zimmerman. Mr. Pitoniak is Chair of the committee. The Board has determined that the current committee members each qualify as an independent director for nominating and corporate governance committee purposes under the applicable NYSE standards and NI 58-101. The committee held eleven meetings during 2016.

The Nominating and Corporate Governance Committee reviews and assesses its charter at least annually and, if appropriate, proposes changes to the Board. The charter was most recently updated in November 2015. The charter is available on our website at www.rbauction.com.

The Nominating and Corporate Governance Committee, acting pursuant to its charter, serves the following purposes:

to address Board succession issues and identify individuals qualified to become members of the Board, consistent with criteria approved by the Board;

to select and recommend to the Board director and committee member candidates;

to develop, update as necessary and recommend to the Board corporate governance principles and policies applicable to the Company, including the Corporate Governance Guidelines, and to monitor compliance with such principles and policies;

to oversee the evaluation of the Board;

to facilitate and encourage director orientation and continuing education;

to review and recommend to the Board annual Board compensation;

to review and recommend for the Board's approval annual director and officer insurance policies; and

to ensure the adoption and maintenance of a short term or emergency succession plan for the CEO.

TABLE OF CONTENTS

Annually, the Nominating and Corporate Governance Committee follows a process designed to consider the election of directors, in accordance with the guidelines articulated in its charter and the Company's Corporate Governance Guidelines, including, if applicable, to seek individuals qualified to become new Board members for recommendation to the Board to fill any vacancies. In assessing the qualification of a candidate, the committee adheres to the director selection guidelines set forth in the committee's Charter, which include, among other things:

the candidate's personal and professional ethics, integrity and values;
the candidate's training, experience and ability at making and overseeing policy in the business, government or education sectors;
the candidate's willingness and ability to devote the required time and effort to fulfill effectively the duties and responsibilities related to Board and committee membership, and the candidate's willingness and ability to serve on the Board for multiple terms, if nominated and elected; and
the candidate's independence under SEC, Canadian securities laws or applicable stock exchange rules on independence.

The Nominating and Corporate Governance Committee believes that having directors with, among other things, relevant professional experience, industry knowledge, functional skills and expertise, geographic experience and exposure, leadership qualities and public company board and committee experience is beneficial to the Board as a whole. Directors with such backgrounds can provide a useful perspective on significant risks and competitive advantages and an understanding of the challenges the Company faces. The committee monitors the mix of skills and experience of directors and committee members to assess whether the Board has the appropriate tools to perform its oversight function effectively. With respect to nominating existing directors, the committee reviews relevant information available to it and assesses their continued ability and willingness to devote the required time and effort to serve as a director, taking into consideration any other engagements they may have, including any other public boards on which they serve. The committee also assesses each person's contribution in light of the mix of skills and experience the committee deems appropriate for the Board. As a reflection of the Board's commitment to diversity, the Board has established, in the Company's Diversity Policy and Directors Selection Guidelines, an objective that at least 25% of the directors, at a full complement of eight directors, be female. The Nominating and Corporate Governance Committee takes into account the diversity objectives set forth in the Diversity Policy and Directors Selection Guidelines, in addition to the relevant skills and experience required by the Board, in selecting candidates for filling Board vacancies and changing its composition.

With respect to considering nominations of new directors, including nominations by shareholders, the Nominating and Corporate Governance Committee identifies candidates based upon the criteria set forth above and in its charter. The committee reviews selected candidates and makes a recommendation to the Board. The committee may also seek input from other directors or from senior management when identifying candidates.

The Nominating and Corporate Governance Committee has the responsibility for establishing corporate governance guidelines and overseeing the evaluation and effectiveness of the Board as a whole, as well as the committees of the Board and the contribution of individual directors. The committee maintains and updates from time to time an inventory of the competencies, capabilities and skills of current non-executive Board members. The following matrix is used as a reference tool for the ongoing assessment of Board composition, to ensure that desired skills and attributes are considered as new Board members are being assessed and to identify any gaps in the competencies that are required to successfully advance the overall strategy of the Company.

Pursuant to our by-laws, in addition to nomination of directors by or at the direction of the Board, shareholders may nominate director candidates pursuant to and in accordance with the provisions of the Company’s by-laws, which includes advance notice provisions for nominations of directors by shareholders, and of the CBCA. The advance notice provisions in the Company’s by-laws are described under Shareholder Proposals and Director Nominations on page 109.

The Nominating and Corporate Governance Committee does not have a formal policy on consideration of recommendations for candidates to the Board from registered shareholders. The Nominating and Corporate Governance Committee believes the evaluation of potential members of the Board is by its nature a case-by-case process, depending on the composition of the Board at the time, the needs and status of the business of the Company, and the experience and qualification of the individual. Accordingly, the Nominating and Corporate Governance Committee would consider any such recommendations on a case-by-case basis in their discretion, and, if accepted for consideration, would evaluate any such properly submitted nominee.

The Nominating and Corporate Governance Committee periodically reviews the Company’s director compensation practices and recommends to the Board the form and amount of compensation and benefits for directors. The committee from time to time retains independent consultants to provide advice regarding compensation for the directors of the Company. Please refer to the discussion of director compensation under Non-Executive Director Compensation on page 39.

Director Assessments

The Board has an annual assessment process for the Board and its committees. The process is administered by the Nominating and Corporate Governance Committee. The process considers Board and committee performance relative

to the Board mandate or relevant committee charters, as appropriate, and provides a mechanism for all directors to assess and provide comments on Board, committee and Chair of the Board performance. In February 2016, as part of its continuing effort to advance and refine its annual assessment process, the Board included a peer-to-peer review as part of its 2016 evaluation. The Board periodically engages external advisors to provide an independent evaluation of the Board, most recently in 2012, when the Board engaged the National Association of Corporate Directors Board Advisory Services for this purpose. The results of each annual assessment are shared with all directors.

TABLE OF CONTENTS

Director Term Limits and Board Renewal

The Company has determined not to adopt any formal term limit for the members of the Board (other than a mandatory retirement age of 72 as set out in the Company's Corporate Governance Guidelines), but generally views a term of 10-15 years as an appropriate guideline to allow for the development of sufficient continuity and experience on the Board, while also ensuring adequate Board renewal. This guideline is set forth in the Company's Corporate Governance Guidelines.

The Nominating and Corporate Governance Committee reviews the composition of the Board on a regular basis in relation to approved director criteria and skill requirements and recommends changes as appropriate to renew the Board.

Representation of Women on the Board and in the Director Identification and Selection Process

The Company has adopted a Diversity Policy and amended the Director Selection Guidelines forming part of the Nominating and Corporate Governance Committee Charter (the Director Selection Guidelines) to implement the provisions of such Diversity Policy. The Company values diversity and recognizes the organizational strength, deeper problem solving ability and opportunity for innovation that diversity brings to the Board. The Company believes diversity is an important element of corporate governance and is good for the business.

Diversity contributes to the achievement of the Company's corporate objectives. It enables the Company to attract people with the best skills and attributes, and to develop a workforce whose diversity reflects that of the communities in which it operates.

The Company's Diversity Policy and Director Selection Guidelines established, as a measurable objective for improving gender diversity, that by 2016 at least 25% of the Board will be comprised of women, given a full complement of eight directors. In addition to a candidate's independence, industry knowledge, skills, experience, leadership qualities and other factors, the Nominating and Corporate Governance committee takes into account the diversity objectives set forth in the Diversity Policy and Director Selection Guidelines in selecting candidates for filling nomination and appointment to the Board, and Director Selection Guidelines require that the committee strive to ensure that the target level of female representation be maintained.

The Company has achieved this target and currently has two female directors on the Board, including the Chair of the Board, representing 25% of the Board.

Representation of Women in Executive Officer Appointments

The Company is committed to improving the level of diversity, including the representation of women in executive officer appointments. The Company currently has three female executive officers: Sharon Driscoll, our Chief Financial Officer, Becky Alseth, our Chief Marketing Officer and Marianne Marck, our Chief Information Officer representing 25% of the Company's executive officers, up from 14.2% in the prior year and up from 0% since the appointment of Mr. Saligram as CEO in July of 2014.

The Company has not adopted any specific target regarding women in executive positions. The Company believes that it has a balanced approach in its executive selection process and has given emphasis to gender representation in its

executive search program. The Company considers the level of representation of women in executive officer positions when making executive officer appointments and diversity, including gender diversity, is a key factor in the Company's executive position selection process. Pursuant to the Company's Diversity Policy, the Company's management is responsible for implementing the Diversity Policy, achieving the diversity initiatives established by the Company and reporting to the Board on progress toward and achievement of diversity initiatives.

In addition, management has embarked on a process to assess and improve diversity within the organization and will continue to focus on the development of a diversity and inclusion strategy during 2017. Since 2011, the Company has sponsored various leadership development initiatives including the Women's Go Networking and Mentoring program and the Company's Women in Leadership program open to all female employees aspiring to leadership roles.

TABLE OF CONTENTS

Further, as noted above, since the appointment of Mr. Saligram as the Company's CEO in July of 2014, female representation at the executive officer level has increased from 0% to 25%. Mr. Saligram also recognizes that it is equally important to increase female representation at the mid-management level as these positions are the Company's pipeline for future executive officer roles. As such, the Company has deliberately focused on recognizing high-potential women in our organization and, as a result, female representation at the Company's mid-management level and above has increased from 7.69% to 21.92% since July of 2014. In order to implement this initiative, the Company has:

established a global diversity and inclusion function supported by executive officers to anchor diversity and inclusion in the business strategy and to connect talent strategies;

structured a women's employee resource group to implement Company-wide innovative diversity initiatives relating to women. These initiatives provide networking, training, development and mentoring opportunities for women to realize opportunities for personal and professional growth, and further develop confidence in leadership roles; provided gender intelligence training to director level and above to identify conscious and unconscious biases, with the aim of enhancing their appreciation of the value of diversity for the Company's shareholders, customers, employees and the communities we serve;

developed a career website and recruiting collateral to include representation of the Company's diverse workforce which demonstrates our commitment to diversity and inclusiveness. The talent acquisition team was trained on diversity recruiting tactics, and the Company ensures female candidates are identified and interviewed during the recruiting process; and

developed its talent management strategy to ensure diversity and inclusion integration into every aspect of its programs including succession planning, leadership development, learning, and identification and development of high potential talent using 360 degree assessments and coaching.

The Company's management believes these initiatives and efforts will ensure a pipeline of diverse candidates, and improve representation of women to be considered when making leadership and executive officer appointments. The Company is committed to providing an environment in which all employees are treated with fairness and respect, and have equal access to opportunities for advancement based on skills and aptitude.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines addressing, among other things, Board and management roles, Board functions and responsibilities, director qualifications, director independence, Board structure and performance evaluations. The guidelines are available on our website at www.rbaction.com.

Board Leadership Structure

The Board does not have a formal written policy regarding the separation of the roles of CEO and Chair of the Board. The Board believes that separating the Chair of the Board and CEO positions is the most effective leadership structure for the Company. The Board has determined that having an independent director serve as the Chair of the Board is in the best interests of the shareholders at this time and allows the Chair of the Board to focus on the effectiveness of the

Board while the CEO focuses on executing the Company's strategy and managing the Company's operations and performance.

As required under the Corporate Governance Guidelines, the Board holds at least four scheduled meetings each year of the non-executive directors without management present. Additional executive sessions may be held from time to time as required. Ms. Briscoe, as independent Chair of the Board, presides at executive sessions. The non-executive directors held 7 meetings and several information sessions in 2016 without management present.

Board's Role in Risk Oversight

The Board oversees the Company's enterprise risk management program, which focuses on the identification, assessment and mitigation of risks associated with achievement of the Company's strategic objectives. Principal risks are identified and evaluated relative to their potential impact and likelihood of occurrence, including consideration of mitigating activities. The Company's annual risk assessment process is linked to the annual strategic planning process, with periodic updates conducted to identify potential emerging risks, such as those associated with major business decisions, key initiatives and external factors. The Company's enterprise risk management program is overseen at the senior executive level in conjunction with the Company's risk management and internal audit group. Reports on principal risks and mitigation strategies are reviewed by the Company's executive officers, the Audit Committee and the Board.

Oversight of the Company's management of principal risks forms part of the mandate of the Board and its committees. The Board has primary responsibility for oversight of the enterprise risk management program. Each of the Company's principal risks is the responsibility of either a specific committee or the entire Board, as appropriate. The Audit Committee is responsible for reviewing, including with management and the Company's independent auditor, if appropriate, the guidelines and policies with respect to risk assessment and risk management, specifically the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures. The Audit Committee is also responsible for overseeing the Company's activities with respect to the identification, assessment and mitigation of cybersecurity and technology risks. The Compensation Committee is responsible for compensation risk and accordingly, has considered the implications of the risks associated with the Company's compensation policies and practices to ensure they do not encourage inappropriate risk taking by the Company's executive officers.

Compensation Committee Interlocks and Insider Participation

There were no compensation committee or board interlocks among the directors during 2016.

TABLE OF CONTENTS**Non-Executive Director Compensation**

The Nominating and Corporate Governance Committee periodically reviews the Company's director compensation practices and recommends to the Board the form and amount of compensation and benefits for directors. In 2015, the Nominating and Corporate Governance Committee engaged Towers Watson (now Willis Towers Watson, Towers Watson) to perform a review of Board compensation. Based on the results of such review, the Nominating and Corporate Governance Committee recommended, and the Board approved, a number of increases to Board compensation. Effective April 1, 2015, the annual fee paid to non-executive directors, other than the Board Chair, was increased from \$100,000 to \$115,000, the annual fee paid to the Board Chair was increased from \$240,000 to \$260,000, the additional annual fee paid to the Chair of the Audit Committee was increased from \$15,000 to \$20,000 and the additional annual fee paid to the chair of the Compensation Committee was increased from \$10,000 to \$15,000.

Beginning in 2016, non-executive directors filing tax returns in jurisdictions outside of Canada are entitled to reimbursement by the Company for expenses related to obtaining tax advice in connection with their engagement as a director of the Company, up to a maximum of \$5,000 per calendar year.

Non-executive directors also receive a \$1,500 fee per minuted meeting, in person or by teleconference, in excess of 30 minutes. The Chair of the Board is not entitled to meeting fees. Non-executive directors, other than the Chair of the Board, required to travel on a day other than a meeting date when scheduling does not permit travel on the day of the meeting are also entitled to receive, in addition to reimbursement for travel expenses, a \$1,500 travel fee.

Under the Company's Non-Executive Director Deferred Share Unit Plan (the DSU Plan), non-executive directors receive 60% of their annual Board retainer (the annual fees paid to a director for service on the Board, including the annual fee paid to the Chair of the Board, but excluding fees for chairmanship of Board committees and other fees) in DSUs unless a director meets the Company's share ownership guidelines and elects to receive cash in lieu of DSUs.

For a discussion of DSUs, see Non-Executive Director Deferred Share Unit Plan on page 41.

The number of DSUs granted and the fair value on each grant date calculated in accordance with ASC 718 are as follows:

All other compensation includes the value of additional DSUs credited to non-executive directors during 2016 corresponding to dividends declared and paid by the Company on common shares during 2016, and reimbursement of expenses for tax advice. The value of such dividend equivalent DSUs was calculated by multiplying the number of such additional DSUs credited by the fair market value of a common share on the date the dividend was paid.

Amounts for Ms. Pollina reflect fees earned for her services through the date of the 2016 Annual and Special Meeting of Shareholders, at which Ms. Pollina did not stand for re-election.

(5) Ms. Raiss was appointed to the Board on July 1, 2016.

Director Share Ownership Guidelines

In January 2012, the Board adopted share ownership guidelines for the non-executive directors of the Company. The Board believes that share ownership aligns the interests of its directors with the interests of the Company's shareholders, promotes sound corporate governance and demonstrates a commitment to the Company. Pursuant to the director share ownership guidelines, non-executive directors are to hold common shares and/or DSUs with a combined value of not less than three times the annual fixed retainer paid to such directors and such directors are to achieve this level within five years of becoming subject to the guidelines. In the event a share price change or an increase in a director's annual Board retainer results in a director ceasing to meet the guidelines, the director is to work toward meeting the guidelines within one year. Since the value of DSUs increase or decrease in lock-step with the price of the Company's common shares, DSUs reflect a philosophy of aligning the interests of the directors with those of the shareholders by tying compensation to share price performance.

The following table sets out the applicable equity ownership guideline and equity ownership for each current non-executive director.

(1) Represents the number of common shares held as of March 10, 2017.

(2) Represents the number of DSUs held as of March 10, 2017 and dividend equivalents credited to each non-executive director.

(3) The total value of equity ownership is based on the closing price of the Company's common shares on the NYSE on March 10, 2017 of \$31.54 and includes the value of both common shares and DSUs.

(4) The share ownership guidelines were implemented in January 2012, and each of the non-executive directors, other than Mr. Olsson and Ms. Raiss, have until 2017 to meet these thresholds. Mr. Olsson became a director in June 2013 and has until June 2018 to meet the threshold. Ms. Raiss, a director since July, 2016 has until July 2021 to meet the threshold.

Non-Executive Director Deferred Share Unit Plan

At the time that the Board introduced the share ownership guidelines described above, the Board approved, effective January 1, 2012, the adoption of the DSU Plan to further align the interests of directors with the interests of the Company's shareholders and provide a tax effective way for directors to build share ownership (or the equivalent thereof).

In respect of calendar years ending on or before December 31, 2014, if a non-executive director had not, prior the commencement of the current year, satisfied share ownership guidelines, the director was required to receive 60% of his or her annual Board retainer (the annual fees paid to a director for service on the Board, including the annual fee paid to the Chair of the Board and (while applicable) Deputy Chairperson, but excluding fees for chairmanship of Board committees and other fees) in the form of DSUs, rather than in cash. The remainder of the annual Board retainer was paid in cash, quarterly in arrears. If a non-executive director had satisfied share ownership guidelines, the

director could elect not to receive DSUs, and to instead receive cash. The portion of the annual Board retainer which was paid in the form of DSUs was credited annually in arrears, following the end of the year to which the fees relate.

Effective October 30, 2014, the Board approved amendments to the DSU Plan pursuant to which, in respect of calendar years commencing on or after January 1, 2015, the portion of the annual Board

TABLE OF CONTENTS

retainer which is payable in the form of DSUs as contemplated in the plan is payable and credited quarterly in arrears. For such years, on each quarterly date on which the annual Board retainer for the prior completed calendar quarter is payable, if the non-executive director has not at such time satisfied share ownership guidelines, the director must receive 60% of the portion of the annual Board retainer that is then payable in the form of DSUs, rather than in cash.

The remainder of the Board retainer payment is paid in cash.

The Board approved amendments to the DSU Plan, effective November 4, 2015, to set the number of days after the end of each quarter upon which a director is credited with DSUs in order to facilitate compliance with Section 16 of the Exchange Act. Beginning with the quarter commencing October 1, 2015, DSUs are credited on the 65th day (or the next business day if the 65th day is not a business day) after the end of the quarter in relation to the portion of the annual Board retainer payable for any fourth calendar quarter and DSUs are credited on the 45th day (or next business day if the 45th day is not a business day) after the end of the quarter in relation to the portion of the annual Board retainer payable for any other calendar quarter.

If a non-executive director has satisfied the Company's share ownership guidelines, the director may elect not to receive DSUs and instead receive cash.

The number of DSUs credited to a director is calculated by dividing the dollar amount of the portion of the Board retainer to be paid in the form of DSUs by the fair market value of a common share on the date the DSUs are credited, being the volume weighted average price of the Company's common shares reported by the NYSE for the immediately preceding twenty trading days.

Although DSUs vest immediately upon being granted under the DSU Plan, no amount is payable to the non-executive director holding the DSUs until the director ceases to be a director, following which the director will be entitled to receive a lump sum cash payment, net of any applicable withholdings, equal to the number of DSUs held multiplied by the fair market value of one common share (determined as described above) as of the 24th business day after the first publication of the Company's interim or annual financial statements and management's discussion and analysis for the fiscal quarter of the Company next ending following the director ceasing to hold office. Additional DSUs are credited under the DSU Plan corresponding to dividends declared on the common shares. DSUs are considered equivalent to common shares for purposes of determining whether a director is complying with or satisfying share ownership guidelines.

Non-Executive Directors Long-term Incentive Plan

The Company adopted the long-term incentive plan for non-executive directors (the Non-Executive Director LTIP) in 2009. Under the Non-Executive Director LTIP part of the annual retainer of non-executive directors was used prior to 2012 to purchase common shares. Such shares were purchased by the administrator of the Non-Executive Director LTIP through open market purchases and held by the plan administrator on behalf of the participants.

In connection with the adoption of the DSU Plan, the Non-Executive Director LTIP was amended to provide that the Company would cease to pay contributions for participants under such plan to the plan administrator in respect of annual fees earned after January 1, 2012. Participants are not permitted to withdraw any common shares held in the Non-Executive Director LTIP unless a certain event occurs or certain conditions are satisfied (e.g. the termination, retirement or resignation of the participant as a director of the Company).

PROPOSAL TWO: ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Board of Directors believes that the Company's operating success and shareholder value depend to a large extent on the ability of the Company's leadership. Accordingly, our executive compensation program is designed to provide a competitive level of compensation necessary to:

attract and retain the talent needed to lead a strategic transformation to grow the Company's business; provide a strong incentive for executives and key employees to work toward the achievement of the Company's goals, including long-term earnings growth and sustained value creation; and ensure that the interests of management and the Company's shareholders are aligned and that the compensation packages are fair to senior management, employees, the shareholders and other stakeholders.

In accordance with Section 14A of the Exchange Act and Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the following resolution, commonly known as a "Say on Pay" proposal, gives our shareholders the opportunity to vote to approve or not approve, on an advisory basis, the compensation of our Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and our compensation philosophy, policies and practices, as disclosed in this Compensation Discussion and Analysis beginning on page 44. Shareholders will be given an opportunity to cast an advisory vote on this topic annually, with the next opportunity occurring in connection with the Company's annual meeting in 2017.

While the final vote is advisory in nature and therefore not binding on us, or our Directors, we value the opinions of all our shareholders and will carefully consider the outcome of this vote when making future compensation decisions for our Named Executive Officers.

We encourage our shareholders to carefully read this Compensation Discussion and Analysis, which explains specifically how, what and why we pay our executives, and will equip shareholders to cast an informed vote.

Our Board believes that our current compensation program appropriately links executive pay to achievement of corporate goals, properly aligns management and shareholder interests, and is fair, reasonable and competitive relative to market practice. We therefore recommend that shareholders vote in favor of the following resolution:

RESOLVED, that the compensation paid to the Named Executive Officers, as disclosed in the Compensation Discussion and Analysis, the Execution Compensation Tables and the accompanying narrative discussion in the proxy statement of the Company, dated March 20, 2017, is hereby approved.

Board Recommendation: The Board recommends a vote FOR the adoption of the above resolution indicating approval of the compensation of the Company's Named Executive Officers.

A Letter from our Compensation Committee Chair

Dear fellow shareholders,

With the hiring of Ravi Saligram as CEO in 2014, Ritchie Bros. began a transformation from our roots as an unreserved auctioneer to become a customer-centric, multi-channel provider of disposition services for the industrial equipment industry. In 2016, we achieved significant milestones along that journey of transformation, and saw the benefits in both our bottom line and shareholder returns. 2016 was a watershed year for the Company, as the executive team laid a strong foundation for long-term growth with several announced acquisitions, including that of IronPlanet. As a board, we are pleased with the progress the Company has made in its transformation, and with the value being created for our shareholders. The total shareholder return (TSR⁽¹⁾) since Mr. Saligram's arrival in 2014 is 43.9%, versus 19.2% for the S&P 500⁽²⁾. Several key achievements of 2016 were:

The Company generated a TSR of 49.4%; versus an annual return on the S&P 500 of 11.35%⁽¹⁾;

The Company returned \$107.2 million to shareholders through dividends and share repurchases during 2016; Revenue grew 10% over 2015 and Revenue Rate⁽³⁾ increased 93 basis points to 13.07%, primarily through the expansion of fee-based revenue streams and disciplined execution of underwritten commission contracts;

Net cash provided by operating activities of \$178 million.

The Board's Compensation Committee is committed to ensuring Ritchie Bros.' executive compensation practices are well-aligned with the interests of our shareholders. We have designed our reward structures to attract the right caliber of executives to execute our transition, and to provide them with appropriate rewards as our performance and growth targets are achieved. Working alongside Meridian Compensation Partners to benchmark against an appropriate peer group, we are confident the compensation programs in place today appropriately incent the Ritchie Bros. executive team to drive our transformation, long-term growth and shareholder value.

This year, we have made a concerted effort to improve the depth of our disclosure. Here is what the Committee believes are the primary points in the material:

Choice of peer group: We have stated (page 72) why we believe the complexity and size of our business is more aligned with our Gross Auction Proceeds (GAP⁽⁴⁾) rather than revenue

Total shareholder return represents the total Company share price appreciation over a three-year period, including (1) dividends per share distributed, where share price is based on the NYSE-trading price and dividends paid per share in U.S. dollars.

(2) Assumes dividend distributions are reinvested during the period July 7, 2014 through Dec. 31, 2016.

(3) Revenue Rate is calculated by dividing revenues by GAP (defined in footnote 4) to determine the amount of Gross Auction Proceed changes that flow through to the Company's revenues.

(4) GAP represents the total proceeds from all items sold at the Company's auctions together with the gross transaction value sold through the Company's online marketplaces. GAP is a measure of operational performance and is not a measure of our financial performance, liquidity or revenue. GAP is not presented in our consolidated income

statements.

(which is largely generated as a percent commission of the assets we sell). Our physical plant as well as our entire support infrastructure including our sales, marketing, operations, and administrative teams and systems have been built to facilitate the *volume* and *value* of transactions completed through our sales channels, not simply the revenue we report. In addition, the Committee reviews the entire peer group against seven key metrics to ensure Ritchie Bros. is appropriately sized to its peers. Those seven key metrics are: revenues, GAP, market capitalization, cashflow, earnings before interest and income taxes (EBIT), earnings before interest, income taxes, depreciation and amortization (EBITDA), and gross margin. Given that we fall about the median or above on virtually all these metrics, we believe our peer group represents a fair and appropriate comparator set for compensation purposes.

Pay for performance (page 58): Our compensation structures are designed to attract the top-level executive talent necessary for our transformation strategy, and to link, as much as possible, their compensation to shareholder interests. Over the last two years, we have re-designed our compensation so the bulk of executive compensation is at risk it is only paid if we achieve the stated performance goals. Our CEO has 78% of his compensation at risk, and our other Named Executive Officers as a group have 62% at-risk. In addition, we have eliminated restricted stock units as a regular part of our compensation programs, as these are not an at-risk vehicle. In 2016, management successfully delivered 10% revenue growth and achieved critical milestones for our transformation strategy. In doing so, the Company achieved a TSR of 49.4% in 2016, providing a strong reward for our shareholders. Given this performance, and following our compensation structure design, our CEO received a payout of 97.4% of his target short-term incentive, and our other Named Executive Officers in aggregate received 66.9% of their target short-term incentive.

Earnings adjustments (pages 60 -61):

The Committee considers unusual, unbudgeted items for potential adjustment in calculating operating results for determining incentive payouts. During 2016, we adjusted in full for direct expenses and interest costs related to the IronPlanet acquisition, and in part for the non-cash write down of EquipmentOne (E1). Our approach to adjustments is driven by several overarching principles, including ensuring management is rewarded for driving operating performance, largely independent of one-time, unbudgeted non-cash accounting entries, and incenting management for making the right long-term decisions for shareholders.

We have also taken your feedback into consideration. We conducted a broad shareholder outreach in 2016, holding over 110 meetings with shareholders and institutions and we received specific feedback on compensation from most of our top 20 shareholders. We have considered the feedback you provided us, and have made the following changes to our compensation practices:

Modified our compensation philosophy to target the *median* of our peer group

Reviewed and modified the companies comprising our peer group (page 75)

Reviewed our 1999 Employee Stock Purchase Plan as amended (ESPP) and capped the Company contribution (page 70)

Significantly enhanced our proxy circular disclosure

(5) Gross margin is calculated as revenues less costs of services divided by revenues.

TABLE OF CONTENTS

In addition, the following changes have been initiated for 2017:

A proposal (for shareholder approval) to approve certain amendments to the 2013 PSU Plan and the Sign-On Grant Agreement, including provisions permitting the Company to pay vested PSUs under the Sign-On Grant Agreement either in cash or by issuing common shares as opposed to payment only in cash, which we believe will better align with shareholder interests, lower the execution cost of this program for the Company and allow Mr. Saligram to build his share ownership in Ritchie Bros. (page 108).

The adjustment of our TSR modifier, which refers to the modifications (upward and downward) to our PSU incentive compensation payouts based on Ritchie Bros. TSR relative to the TSR of a group of 28 similar auction, industrial, machinery and market-making companies (see page 64 for a list of TSR companies).

We hope you agree that the compensation programs we have put in place are appropriately aligned with the interests of our shareholders, and properly structured to drive long-term, profitable Company growth. We welcome your feedback, and look forward to continuing to serve you in 2017.

Sincerely,

Eric Patel

Chair, Compensation Committee

Executive Compensation Principles and Framework

The Company has built its compensation policy on four principles: Strategy, Talent, Alignment, and Responsibility. These principles are the foundation for a compensation framework that focuses management's best efforts on achieving the Company's goals and generating sustainable shareholder value.

Our compensation principles and practices are summarized in the table below and described more fully in this section.

Strategy Advance company strategy and create long-term value

Our compensation policy supports the Company's strategy and business goals.

CEO target compensation: 78% at-risk.

The CEO's target compensation is payable based on achievement of performance targets linked directly to The Company's Strategic Roadmap and to long-term shareholder value creation.

Executive target compensation: 62% at-risk.

Majority of executives' target compensation is in the form of at-risk incentive compensation that is awarded and paid out based on the achievement of Company goals, corporate and business-unit financial performance, and the creation of long-term sustainable shareholder value. The proportion of variable versus fixed compensation increases along with an executive's responsibility and ability to affect the Company's strategic results. See graph below:

Talent Attract, motivate and retain talent

Our policy is designed to attract and retain the superior leadership we need to lead and grow the business.

To ensure our compensation practices remain competitive, we benchmark Named Executive Officers compensation against the compensation offered by companies in our peer group. We engage independent compensation consultants to assess the appropriateness of the peer group and to advise on compensation structure and levels.

What We Don't Do

TABLE OF CONTENTS

Effective for 2017

During 2016 we thoroughly reviewed our peer group with the assistance of our independent compensation consultants (Meridian Compensation Partners) and have revised the group for the 2017 year (see Peer Group Comparisons , pages 71 -76).

Alignment Align management and shareholder interests

Our compensation policy promotes alignment of interest between management and shareholders through equity ownership requirements, at-risk pay elements, and long-term incentive compensation. As well, we actively seek our shareholders' opinions on our executive compensation program, and we carefully consider their feedback when making compensation decisions.

Equity Ownership Requirements

Our share ownership guidelines require all Named Executive Officers as well as all other executives to build and hold meaningful levels of equity in the Company. Executives must hold common shares with a minimum value equal to a multiple of their base salary, they must retain a portion of the underlying common shares received on exercise of options and redemption of equity until guidelines are met, and they must adhere to a series of constraints controlling their disposition of The Company's shares. Most members of the executive team have joined the Company since 2014, so the group is building up its equity ownership.

Extended Post-Employment Equity Holding Requirements for the CEO

In association with his appointment as CEO, Mr. Saligram is required to hold 100% of the after-tax value from any payouts or gains resulting from awards under the annual long-term incentive program and his sign-on grant until the share ownership guidelines are satisfied. Thereafter, 50% of the after-tax value of each payout/gain is to be held for a period of at least two years following the payout date. In addition, post-employment, Mr. Saligram is required to hold common shares with a value equal to the sum of his annual base salary and short-term incentive bonus for a period of at least one year.

Shareholder-Oriented Long-Term Incentives

Long-term incentives make up a significant portion of total direct compensation (36 - 56%), and both short- and long-term variable pay is contingent on performance.

We have eliminated RSU s from our annual long term incentive award mix, to better align the fortunes of our executives with the outcomes for our shareholders.

Shareholder Feedback

The Company solicits and considers shareholders' views on executive compensation. In 2016, the Company held more than 110 in-person meetings with investors, and specifically obtained feedback on the Company's compensation program from most of its top 20 shareholders. Through this exercise, we confirmed that the majority of the Company's shareholders agree with our approach and peer group selected for our compensation program. The feedback obtained through these discussions also indicated some ways our executive compensation programs could be enhanced. After careful consideration of all shareholder feedback, as well as advice from our independent compensation consultants, the Compensation Committee, decided to make several adjustments to our peer group and to the executive pay structure which will take effect in 2017. These modifications are disclosed in this document on pages [71](#) - [74](#).

We held a non-binding advisory stockholder vote on the compensation program for our named executive officers, commonly referred to as a say on pay vote, at our 2016 Annual and Special Meeting of Shareholders. Over 80% of the voting power of shares voted at the 2016 Annual and Special Meeting of Shareholders were cast in favor of our say on pay proposal. Our compensation

TABLE OF CONTENTS

committee has considered and will continue to consider the outcome of our say on pay votes and our shareholder views when making compensation decisions for our named executive officers, including the outcome of Proposal Two (advisory vote on executive compensation) at this Annual and Special Meeting.

Responsibility Promote accountability; discourage excessive risk-taking

Our compensation program discourages excessive risk-taking. The Company enforces this principle through the share-ownership requirements described above, as well as hedging and trading restrictions and a clawback policy. Each year the Compensation Committee reviews compensation policies and practices to ensure they do not encourage executive officers to take excessive or inappropriate risks.

Hedging and Trading Restrictions

The Company maintains a policy that prohibits forms of hedging or monetization transactions that could limit an employee's economic risk with respect to their ownership or interest in Company securities, including common shares, outstanding stock options, PSUs or RSUs, or other compensation awards the value of which are derived from, referenced to or based on the value or market price of Ritchie Bros' common shares. Prohibited transactions include the purchase of financial instruments, including prepaid variable forward contracts, equity swaps, collars, puts, calls or other derivative securities that are designed to hedge or offset a decrease in market value of the Company's equity securities.

Clawback Policy

The Company has an Incentive Compensation Clawback Policy, which permits recovery of both short and long-term equity Incentive Compensation from all executive officers, under appropriate circumstances (the Clawback Policy).

If the Company must restate financial results, for any reason other than a change in applicable accounting rules or interpretations, the Compensation Committee may review any performance-based compensation, both short- and long-term, paid or awarded during the three years preceding such restatement.

If the Compensation Committee determines that the amount of the performance-based compensation paid or awarded to an executive officer would have been a lower amount had it been calculated based on such restated financial statement, then the Board may seek to recover for the benefit of the Company the excess compensation.

Compensation risk and governance review

Oversight of the Company's management of principal risks forms part of the mandate of the Board and its committees.

Each of the Company's principal risks is the responsibility of either a specific committee or the entire Board, as appropriate. The Compensation Committee is responsible for compensation risk and, accordingly, has considered the implications of the risks associated with the Company's compensation policies and practices to ensure they do not encourage inappropriate risk-taking by the Company's executive officers.

The Compensation Committee has implemented a formal decision-making process that involves management, the Committee and the Board. The Committee uses a multi-step review process for all compensation matters, first

adopting goals and metrics of performance, reviewing how performance compares to the pre-established metrics and then seeking Board input as to the reasonableness of the results. The Committee uses independent external compensation consultants to provide advice in connection with executive pay benchmarking, incentive plan design, compensation governance and pay for performance.

The Committee believes that the current executive compensation program strikes an appropriate balance between short-term and long-term incentives, adopting multiple distinct metrics for each

TABLE OF CONTENTS

component that are aligned with the Company's overall strategic objectives. The program ensures that executives are compensated fairly and in a way that does not encourage executives to take inappropriate risks.

The Compensation Committee

The Compensation Committee is comprised of Eric Patel, Robert G. Elton, Erik Olsson and Sarah Raiss, each of whom is an independent director, with Mr. Patel serving as the Chair. Details of the Compensation Committee's duties are summarized under Corporate Governance Board Committees Compensation Committee on page 30 and are fully set out in the Compensation Committee's charter, which can be found on our website at www.rbauction.com. The Compensation Committee held 9 meetings during 2016, and routinely holds in-camera sessions as part of its scheduled meetings.

Advisors to the Compensation Committee

The Compensation Committee retains independent consultants to provide advice and recommendations regarding executive compensation matters. However, the Compensation Committee is ultimately responsible for its decisions and, in making its determinations and decisions, or recommendations to the Board, takes into consideration information and considerations other than the information, advice and recommendations provided by consultants.

During 2016, the Compensation Committee retained three independent advisors:

Willis Towers Watson, who assisted through July 2016 providing oversight of the executive compensation programs. Meridian Compensation Partners, was engaged in August 2016 to review executive compensation programs, advise on an appropriate peer group and provide oversight and advice related to the executive compensation programs. Meridian Compensation Partners is fully independent and provides no advice or services to the Company's management.

Steven Hall and Partners provided support for a review of the Company's compensation philosophy, the comparison group of companies for executive compensation benchmarking and the development of market benchmarking for the executive officer positions utilizing the newly established comparison group of companies and market data.

The aggregate fees billed to the Company for consultation over the past two years are set out below.

Compensation framework

The compensation paid to each of our Named Executive Officers in 2016 generally consisted of the four elements shown below. The Company believes that the mix of base salary, performance-based bonus, and participation in long-term incentive plans creates a balanced approach to executive compensation consistent with the compensation principles and good governance practices. The Compensation Committee annually reviews the relative emphasis of each of these elements to

52

ensure the overall compensation structure remains consistent with the compensation principles and provides the appropriate level of reward for past achievements and incentive for future performance. As well, the Compensation Committee annually assesses the competitiveness of the Company's compensation program relative to programs among selected peer companies. CEO Compensation Summary

Ravi Saligram, Chief Executive Officer

The graph below displays the link between our executive compensation plans and Company performance. We have compared our CEO's total direct pay as reported in the Summary Compensation Table (excluding all other compensation value) to his realizable pay over four cycles of three fiscal years each. The Company's TSR over the same 3-year cycles illustrates the impact of share price performance on realizable pay.

The above graph demonstrates a strong alignment between executive pay and the Company's share price performance. This alignment is consistent with our philosophy of tying a significant portion of total direct compensation to the attainment of performance objectives and value creation.

57

TABLE OF CONTENTS

For purposes of the assessment, total direct pay is defined as the sum of base salary, actual short-term incentive (bonus) payouts and the grant date value of long-term incentives (with PSUs valued at target performance levels).

Realizable pay is defined as the sum of the following pay elements:

Pay Element Methodology	Calculation
Base Salary	Salary received during the cycle
Annual Incentive	Actual short-term incentive earned during the performance cycle
Performance Share Units	Value of awards granted during the cycle that vested and were paid out during the cycle Value of unvested awards granted during the cycle, calculated on the last day of the cycle assuming 100% vesting and at target performance levels
Stock Options	Value of gains realized upon exercise of options granted during the cycle In-the-money value of unvested or unexercised options granted during the cycle, calculated on the last day of the cycle
Restricted Share Units	Value of awards granted during the cycle that vested and were paid out during the cycle Value of unvested awards granted during the cycle, calculated on the last day of the cycle assuming 100% vesting
New Hire Awards	Included for Mr Saligram in 2014 (Stock Options and PSUs)

Pay-for-performance design

The Company's objective in setting compensation is to create shareholder value over the long term, represented by the Company's earnings performance. To align executive pay with both the Company's financial performance and the creation of sustainable shareholder value, a significant portion of compensation paid to our Named Executive Officers is allocated to performance-based, short-term and long-term incentive programs. This structure makes the majority of executive pay at-risk and dependent on the Company's performance over the short and long term. The portion of total compensation deemed at risk increases in line with the expansion of our executive officers' responsibilities and their ability to affect the Company's financial results.

Each year, the Compensation Committee identifies and considers a range of measures for Company performance and, as appropriate, measures tied to individual performance. The Compensation Committee then selects the measures it believes most closely align with the Company's Strategic Roadmap and defines specific performance goals for short-term and long-term incentive compensation based on those metrics. These performance measures may include, among other measures, revenue, adjusted operating income margin, adjusted operating income, diluted adjusted earnings per share (EPS) attributable to stockholders⁽¹⁰⁾, operating free cash flow (OFCF)⁽¹¹⁾, return on invested capital, capital performance⁽¹²⁾, revenue growth, Compensation EBITDA⁽¹³⁾, EBITDA, RONA, operating profit, net income, adjusted net income, earnings growth, GAP, safety metrics and TSR.

TABLE OF CONTENTS**Elements of Executive Compensation**

The 2016 compensation awards for each of our Named Executive Officers generally consisted of the four elements described in the Compensation Framework section on page 52: base salary; a short-term cash incentive bonus; performance-based share units (PSUs) that vest over three years, subject to performance targets; and stock options with a ten-year term. Following is a summary of the compensation of the Named Executive Officers and the at-target incentive.

Name	Position	Current Base	STI at Target	LTI at Target	Total Direct Compensation

(2) Mr. Dolan ceased to serve as the President, USA & LATAM as of December 31, 2016.

Following is a more detailed description of the amount of each type of compensation element awarded to our Named Executive Officers, the performance measures upon which the awards were based, and the longer-term performance targets that determine the vesting and value of the long-term, equity-based compensation elements.

Base salary

The Compensation Committee reviewed the base salaries of the CEO and other Named Executive Officers, comparing them to salaries paid to those in similar positions within our selected peer-group companies. The Company adjusted Mr. Barr's and Mr. Wohler's base salary effective January 1, 2016 based on this review and their respective business unit performance. Named Executive Officer salaries target and generally fell around the median of the peer group. The referenced base salaries are noted in the table above.

TABLE OF CONTENTS**Short-term performance-based non-equity incentive compensation**

Short-term incentive bonuses are awarded to Named Executive Officers based on successful achievement of corporate performance targets. For those executives who lead a business unit, a portion of the short-term cash incentive award is tied to the business unit's performance, as shown in the table below.

Name	Target Bonus (% of Base Salary)		Performance Factor Weighting			
			Corporate		Business Unit	
Ravi K. Saligram	100	%	100	%		
Sharon Driscoll	65	%	100	%		
Jim Barr	75	%	30	%	70	%
Terry Dolan ⁽¹⁾	75	%	30	%	70	%
Todd Wohler	50	%	100	%		

(1) Mr. Dolan ceased to serve as the President, USA & LATAM as of December 31, 2016.

Corporate performance targets are set based on the objectives laid out in the Company's Strategic Roadmap, as measured by three key financial results: Revenue, Diluted Adjusted EPS attributed to stockholders, and Operating Free Cash Flow. The Company must meet a threshold level in each of these measures before a bonus payout is earned for that measure, and a maximum payout level is set for each measure. The target, minimum and maximum levels for each metric are based on the Board-approved budget for the year.

New in 2016

We reduced the number of financial metrics in our annual short term incentive plan (STI) from four to three (Revenue, Diluted Adjusted EPS attributed to stockholders, and Operating Free Cash Flow) to enhance executive compensation alignment to shareholder interests and to tie more closely to our overall Strategic Roadmap.

The table below shows the weightings and target, minimum and maximum performance level for each measure for 2016.

Measure	Weight	Threshold	Target	Maximum
Revenue (\$ millions)	35 %	516	551	586
Diluted Adjusted EPS attributed to stockholders	40 %	\$1.13	\$1.22	\$1.34
Operating Free Cash Flow ⁽¹⁾ (\$ millions)	25 %	130	137	164

(1) Operating Free Cash Flow is targeted to be equal or greater than net earnings, and as such the minimum threshold for the 2016 STI for this measure was set to be 100% of budgeted net income.

In assessing actual corporate performance against stated metrics, the Compensation Committee considers unusual, unbudgeted items for potential adjustment in calculating operating financial results and determining incentive payouts.

The Committee bases any adjustments on a consideration of the particular facts, as well as certain underlying principles. In particular, we seek to create a strong

TABLE OF CONTENTS

alignment between compensation and shareholder value creation, where management is consistently incented to make the right long-term decisions for shareholders, and is not inadvertently dis-incented from doing so. As part of this process, we will consider unbudgeted items, non-cash accounting entries, certain asset disposals and other items not in the normal course of business for potential adjustment.

In determining actual 2016 corporate performance against the above-mentioned targets, and the resulting STI payouts, the Compensation Committee exercised its discretion to make certain adjustments to the Company's operating results to eliminate the impact of certain non-recurring and extraordinary items as follows:

The Compensation Committee mitigated the effect of direct expenses and interest costs related to the IronPlanet acquisition and integration planning.

The Compensation Committee mitigated, in part, the effect of the non-cash write down of EquipmentOne. Consistent with the principles described above, the Committee recognized that the unbudgeted expenses related to the acquisition of IronPlanet, as well as the integration planning efforts related thereto, were necessary and highly value-creating. With respect to the EquipmentOne write-down, the Committee recognized that the amount paid for EquipmentOne was outside of the control of current management, and that including the write-down would have a disproportionate impact on 2016 operating results. At the same time, the Committee recognized that had management further improved EquipmentOne's performance, this write-down may have been avoided. Thus, the Committee believes that the write-down was to some degree under the control of current management and should be reflected in the final STI payout amount. Hence, the Compensation Committee decided to include a portion of the write-down in management's STI payout calculations, and exclude the balance.

Giving effect to the above-described adjustments for the purposes of determining STI performance: (i) the as-reported revenue was reduced from \$566.4 million to \$543.7 million; (ii) Diluted Adjusted EPS attributed to stockholders was reduced from \$1.22 to \$1.19; and (iii) Operating Free Cash Flow was increased from \$137 million to \$154.6 million, resulting in a total corporate performance factor of 97.4%.

Long-term equity-based incentive compensation

The Compensation Committee and the Board believe that the use of equity-based compensation, combined with share ownership guidelines, aligns the interests of executives with those of shareholders, and rewards the creation of sustainable, long-term shareholder value. The Company makes two types of equity awards to Named Executive Officers: performance-based share units (PSUs) and stock options. This equity based incentive plan is market competitive, performance linked, and thus aligned with shareholder interests.

The Compensation Committee may make isolated grants of RSUs on occasion to new employees as a means of compensating such new employees for forfeited awards related to their prior employment while providing greater incentive to remain with the Company than a cash sign-on bonus.

Grants of PSUs and stock options under our long-term incentive plans are based on corporate performance goals and set as target percentages of participants' base salaries. For 2016 Named Executive Officers grants range from 100% to 250% of annual base salary.

TABLE OF CONTENTS**2016 PSU awards**

The Company generally grants PSUs annually, early in the year. PSU awards vest on the third anniversary of the effective date of the grant contingent on achievement of performance targets measured over three fiscal years.

The 2016 PSU awards, granted in March 2016, vest based on performance factors related to RONA, earnings CAGR, and TSR over a three-year period. These three performance areas are critical elements of our Strategic Roadmap, as they represent growth and operational efficiency and contribute to increased shareholder value over the long term. The number of PSUs eligible for vesting will be calculated by interpolating between the minimum, target and maximum thresholds depending on actual performance.

Performance Factor	Target Level	Weighting Factor

Earnings CAGR	12.00 %	50 %

New in 2017

We will be implementing the following changes in 2017:

To align with market best practices, we are adding to the TSR modifier an enhancement feature. Currently our modifier is:

If the Company's TSR is in the bottom quartile relative to the TSRs of a group of selected industrial companies, vested PSUs will be reduced by 25%.

Effective January 1, 2017, with respect to the new PSU awards the TSR modifier became:

If the Company's TSR is in the bottom quartile relative to the TSRs of a group of selected industrial companies, vested PSUs will be reduced by 25%; or, if the Company's TSR is in the top quartile relative to the TSRs of a group of selected industrial companies, vested PSUs will be increased by 25% (the 200% cap is still maintained).

2015 PSU awards

For awards made in 2015, performance is measured over three calendar years and awards have a single three-year vesting period ending on the third anniversary of the effective date of the grant.

For PSUs granted in 2015, awards were subject to performance factors related to RONA, earnings CAGR and TSR.

Performance Factor	Target Level	Weighting Factor
RONA ⁽¹⁾	17.48 %	50 %

Earnings CAGR	12.00 %	50 %
The Company's TSR relative to the TSRs of a group of selected industrial companies	If the Company's TSR is in the bottom quartile relative to the TSRs of the group, vested PSUs will be reduced by 25% (the TSR modifier).	

(1) Target for the three-year period ending December 31, 2017.

These factors were selected for 2015 because they represent appropriate progress in achieving our Strategic Roadmap, growth, and operational efficiency goals and can drive shareholder value over the long-term.

The percentage of PSUs that will vest at the end of the three-year vesting period will be determined in accordance with the following definitions and targets. With respect to the RONA and earnings targets, the number of PSUs eligible for vesting will be calculated by interpolating between the minimum, target and maximum thresholds depending on actual performance.

	RONA	Associated Level of Vesting (% of target award subject to RONA)

(1) The TSR comparison group comprises the companies described on page 64. Awards made in 2015 under the 2015 Senior Executive Performance Share Unit Plan (Senior Executive PSU Plan) were subject to performance factors related to RONA, earnings CAGR, and TSR, replacing the previous factors of capital performance and compensation EBITDA targets. The vesting will be determined in early 2018 based on the overall performance for the three-year period ending December 31, 2017.

2014 PSU awards under the 2013 PSU Plan

For awards made in 2014, the vesting of PSUs was contingent on performance against consecutive annual targets over a three-year period, set at the start of each performance year. For each year during the three-year performance period, one-third of the PSUs under the grant are potentially eligible for vesting, at a rate ranging from 0% to 200%, based on performance against the annual targets for such year.

TABLE OF CONTENTS

Awards made in 2014 were subject to capital performance and compensation EBITDA performance targets over 2014, 2015 and 2016 as follows:

Measure		2014	2015	2016	Vesting (% of target)
Capital performance	Threshold	≤ 15%	≤ 15.6%	19.1%	0%
	Target	18%	18.6%	22.1%	100%
	Maximum	21% or greater	21.6% or greater	25.1%	200%
	Actual	17%	21.0%	21.9%	112.1%
Compensation EBITDA	Threshold	≤ \$195 million	≤ \$192 million	≤ \$216 million	0%
	Target	\$205 million	\$202 million	\$227 million	100%
	Maximum	\$216 million or greater	\$212 million or greater	\$239 million or greater	200%
	Actual	\$180.5 million	\$204.9 million	\$215.8 million	42.1%

As a result of the performance in each of these years, and after applying the appropriate weighting to the above-mentioned performance measures, the 2014 PSU awards vested in March 2017 at 77.10% of target.

2016 stock option awards

The Company generally grants stock options annually, within the time and manner set out under the Stock Option Policy, as discussed under Executive Compensation Tables Stock Option Plan on page 81. Stock options have an exercise price equal to the grant price, which is defined as the closing price of the Company's common shares on the NYSE on the date of the grant. Awards vest in equal amounts annually over three years from the date of the grant and are subject to a term of 10 years.

The Named Executive Officers were awarded the following stock options for 2016:

TABLE OF CONTENTS

New-hire awards granted in 2014

In connection with the hiring of Mr. Saligram as CEO in July 2014 and of Ms. Driscoll as CFO in July 2015, the Company granted one-time stock option awards to Mr. Saligram and Ms. Driscoll.

CEO 2014 new-hire awards

Stock Options

The Company made a one-time grant of stock options to Mr. Saligram in 2014 upon his appointment as CEO.

The stock options

have a term of ten years;

vest at a rate of 20% per year; and

in the event of termination without cause, excluding resignation (other than retirement), during the first 36 months of employment, do not accelerate vesting and will be exercisable for 90 days after termination, subject to the terms and conditions of the Company's Amended and Restated Stock Option Plan ("Stock Option Plan") (see [page 81](#)).

All of the stock options granted to Mr. Saligram in connection with his hiring:

will vest immediately and be exercisable for 90 days after termination in the event of termination without cause after the first 36 months of employment, subject to the terms and conditions of the Stock Option Plan;

will be void in the event of resignation (other than retirement) if unvested, and, if vested, must be exercised within 90 days of termination;

will continue to vest in accordance with the original grant schedule and, if unvested be exercisable until the earlier of the original expiry date or the third anniversary of retirement in the event of retirement, after July 7, 2019 (entitlement to such retirement-related benefits will not apply in the event of retirement prior to July 7, 2019);

in the event of termination for cause, will be void, if unvested, and, if vested, must be exercised within 30 days of termination, subject to the terms and conditions of the Stock Option Plan; and

will vest and be exercisable in the event of his death.

PSUs

In addition to the sign-on stock option grant, Mr. Saligram also received a SOG PSUs. These SOG PSUs become eligible for vesting at a rate of 25% per year starting on the second anniversary of the grant date, with the actual number of units to vest to be determined based on achievement of pre-established performance criteria. The number of SOG PSUs that vest will be determined by the Board based on the Company's absolute TSR performance over applicable rolling two, three, four and five year periods.

The first tranche of Mr. Saligram's sign on grant PSUs vested on August 10, 2016 and he received a payment of \$1,224,308.38. The award was determined based on the Company's absolute TSR performance over the applicable rolling two-year period. The absolute TSR performance for this period was 141.6% of target.

The SOG PSUs granted to Mr. Saligram on his hiring are currently cash-settled. See, however, "Proposal Four: 2013 PSU Plan Amendment" on [page 101](#).

TABLE OF CONTENTS

CFO new-hire awards granted in 2015

As part of the compensation arrangement agreed to with Ms. Driscoll, to compensate for equity awards from her previous employer that she forfeited upon joining the Company Ms. Driscoll received a one-time sign-on grant of \$225,000 payable as follows:

\$75,000 in the form of stock options, with the number of options calculated as of the grant date using the Black-Scholes option pricing model;

\$75,000 in the form of PSUs, with the number of PSUs calculated by reference to the volume-weighted average trading price of the Company's common shares in accordance with the Senior Executive PSU Plan (details of this plan can be found on page 82); and

\$75,000 in the form of RSUs granted pursuant to the Senior Executive Restricted Share Unit Plan (the Senior Executive RSU Plan) (details of this plan can be found on page 83), with the number of RSUs calculated by reference to the volume-weighted average trading price of the Company's common shares in accordance with the Senior Executive RSU Plan. The RSUs vest ratably over three years, beginning on August 11, 2016, and annually thereafter.

10-10 Retirement Savings Program

In 2013, the Company implemented a new retirement savings program, which we refer to as the 10-10 Program, designed to promote saving for retirement or long-term investment. Effective September 2016 this program is no longer offered to newly hired and promoted executives but continues to be offered to executives hired before this date.

The 10-10 Program is composed of two parts:

The Canada and All Non-US Locations 10/10 Compensation Arrangement, which we refer to as the Canada 10-10 Program.

Under the Canada 10-10 Program, which is not a deferred compensation plan, selected executives that make certain approved investments are provided matching funds, up to 10% of a participant's annual base salary, less any matching funds provided under other retirement plans.

The Ritchie Bros. Auctioneers (America) Inc. Deferred Compensation Plan, which we refer to as the U.S. 10-10 Program.

Under the U.S. 10-10 Program, which is a nonqualified deferred compensation plan, selected executives may defer the receipt of up to 10% of their annual base salary, with a company match. An employee's deferred contributions and the Company's match are credited to notional accounts of the participant. A participant's deferred compensation account is credited with deemed investment returns until distributed. Deemed investment returns are determined by notionally shadowing the investments selected.

See Tabular Executive Compensation Disclosure Non-Qualified Deferred Compensation for 2016 U.S. 10-10 Program on page 87 for a summary of the material terms of the U.S. 10-10 Program and Executive Compensation Tables Non-Qualified Deferred Compensation for 2016 Canada 10-10 Program on page 88 for a summary of the material terms of the Canada 10-10 Program.

Other compensation

The Named Executive Officers are eligible to participate in the ESPP under the same terms and conditions as all eligible employees. Employees can contribute up to 4% of their base salary and will receive an employer match that ranges from 50% - 100% based on their length of service and an overall company match maximum. Shares are purchased monthly on the open market at prevailing market prices.

In the United States, we offer a tax-qualified 401(k) plan to all employees. Our 401(k) plan provides for an employer to match 50% of all eligible contributions up to \$3,500, provided that employees at the level of Vice-President and above, including the Named Executive Officers, are not eligible to receive any match as they are eligible to participate in the 10-10 Program and receive an employer match under that program (see page 87 for details on the 10-10 Program).

In Canada, we offer the RRSP to all full-time employees. The RRSP provides for an employer matching contribution of 50% for up to \$3,500 of all eligible contributions. The employer match for Named Executive Officers eligible to participate in the RRSP and the Canada 10-10 Program is subject to an aggregate cap of 10% of base salary.

We also provide certain other compensation to our Named Executive Officers. We provide a company car to Mr. Barr for business and personal use. We give a car allowance to Mr. Saligram, Ms. Driscoll, Mr. Dolan, and Mr. Wohler. We provided a housing allowance to Ms. Driscoll (through to June 30, 2016), Mr. Dolan (through to May 31, 2016), and Mr. Wohler (through to Jan 31, 2016) for their respective residences. We reimburse, subject to an annual limit, the Named Executive Officers, as well as other employees at the Vice-President level and above, for the cost of an annual executive medical consultation and professional advice concerning tax planning and compliance when Executives are required to work outside of their country of residence.

All perquisites and personal benefits that, in 2016, in aggregate exceeded \$10,000 in value for any Named Executive Officer are identified and quantified under All Other Compensation in the Summary Compensation Table on page 78. The Compensation Committee believes the foregoing elements of compensation are aligned with market practice and appropriate given the relatively low cost to the Company.

TABLE OF CONTENTS**Peer Group Comparison**

The Company's executive compensation program is designed to attract and retain the exceptional leaders we expect and to motivate them to achieve the Company's goals, including return on invested capital, long-term earnings growth, and creation of sustainable shareholder value.

The Company auctioned more than \$4.43 billion of machinery in 2016. Our teams manage the acquisition, transportation, maintenance, financing, sale, and delivery of this equipment in a global marketplace that operates both on-site and online across four continents in 21 languages. They also manage the funds the auctions generate.

Executives who can manage operations of this scale and complexity, have experience in the relevant geographic markets, drive cash flow and execute our transformation roadmap to invigorate earnings growth, expect and deserve compensation commensurate with their capabilities.

To ensure our compensation levels and practices are appropriate and market competitive, we benchmark them against a group of peers of similar size in related sectors.

For 2016 our Peer Group was as follows:

Over the past two years, the Compensation Committee has been analyzing and refining its approach to identifying and selecting fair and appropriate market data peers against which to benchmark the

TABLE OF CONTENTS

Company's compensation program. As a result of this rigorous analysis, we are making several changes to our peer group for 2017. These changes include:

Using multiple financial metrics, in addition to revenue, to identify and select appropriate peer companies
Modifying the sectors from which we draw peers and reducing the number of companies in our peer group
Targeting Named Executive Officer compensation within the median reported by companies in the selected peer group.

Benchmarking Refinements for 2017 Onward

Ø Multiple, balanced, and appropriate metrics, including GAP, revenue, market capitalization, EBIT, EBITDA, and gross margin in addition to GAAP revenue, used to select peers

Ø Fewer peer companies in wider range of related sectors

Ø 2017 Named Executive Officer compensation will be targeted to median of peer-group companies

Fair and appropriate criteria for peer-company selection

The Company faces two primary issues in establishing its peer group:

1) There are no directly comparable, publicly traded auction companies to benchmark against. This factor alone prevents us from assembling a peer group based solely on revenue.

The size and complexity of companies are usually measured by their reported revenue. In the Company's case, 2) revenue is not an appropriate metric, as our reported revenue is only a percent commission of the total value of the assets we market, transact and sell through our sales channels (GAP).

The following illustration of the multiple customer touchpoints, highlights that the Company takes custody and care of virtually all inventory sold, and establishes title to all assets. Despite the fact that we act and require the infrastructure of an equipment dealer, our revenue calculations resemble those of a broker (commission only). Thus our revenue is an inadequate indicator of our scope and size relative to other companies.

(1)

Trailing twelve months (Sept. 30, 2016)

72

TABLE OF CONTENTS

Our support infrastructure, including our physical plant, sales, marketing, operations, finance, and legal teams, have been built to facilitate the volume and value of transactions through our sales channels not simply the percent commission we retain as revenue. Our GAP is more akin to Gross Revenue at other equipment distributors, who sell from inventory. For this reason, when building an appropriate peer group, the Compensation Committee working with independent advisers, selected companies with revenue levels similar to our reported GAP. In addition, the Committee examined comparable trading multiples of peer companies. This analysis indicates that the financial market also views GAP as a meaningful comparative measure of operational performance. The Company trades at a multiple of 0.9 x GAP, and a multiple of 6.8 x revenue. Other peers trade at 1.19 x revenue (at median), and only four peers trade at a multiple greater than 2.0 x revenue. These results strongly suggest that, for a company like ours, the market views GAP as a proxy for reported revenue.

Hence, the Compensation Committee has determined that, for the purposes of peer selection and comparison, GAP and a multiple of revenue more accurately reflect the magnitude and complexity of the enterprise, and therefore the scope of our Named Executive Officers' responsibilities, than reported revenue does alone.

With no direct peers among Industrial Auction firms, we consider candidates from related sectors such as Construction and Engineering, or Diversified Support Services. Because revenue understates our size and complexity from an operational and management perspective, we examine multiple metrics in addition to reported revenue including GAP, market capitalization, net income, EBIT, EBITDA, and gross margin to compare our size against that of peer group candidates. Given the unique operating margins we generate as a result of reporting our commission as revenue, we also evaluated our placement in the peer group by comparing our peers' reported revenue to a multiple of our revenue, which was calculated as our net income divided by the median net income to revenue ratio from the ISS published peer group for the Company in 2015.

On the qualitative level, we favor growth companies with the following characteristics:

- global auction/marketplace operations
- serving a similar customer base
- competing for a similar pool of talent

To reflect our shareholders' primary source of financial value, we focus on the following quantitative metrics:

- market capitalization
- net income
- revenue which we compare against the Company's GAP and a multiple of revenue
- EBIT

While GAP is not considered a measure of financial performance or liquidity, and is not presented in the Company's consolidated financial statements, it is highly relevant in measuring the health, size and growth of the business, and can often be a stronger indicator of company size than reported revenue alone. Management and the Compensation Committee believe that comparing GAP over different financial periods provides useful comparative information about our revenue and net income.

Refined peer group

In accordance with the rigorously defined qualitative and quantitative criteria described above, and in consultation with independent advisers as well as the CEO, and the CHRO, the Compensation Committee has refined the peer group to include the companies listed in the table below. The peer group includes 16 companies from seven sectors: Diversified Support Services; Trading and Distribution; Construction and Engineering; Oil & Gas Equipment Services; Specialized Consumer Services (Sotheby's), Trucking (Swift Transportation), and a financial-market exchange (TMX).

The table on the following page examines both the non-financial and financial components that were evaluated when determining our choice of peers. In the non-financial columns, check marks indicate companies that share our non-financial considerations; in the financial columns, a check mark shows that the relevant metric for that company was considered to fall within an appropriate range by the Company.

- (1) Amounts reported reflect the base salary earned by the Named Executive Officers.
- (2) Amounts paid under the Company's short-term incentive plan are reported in the Non-Equity Incentive Plan Compensation column.

(3) The dollar amounts represent the aggregate grant date fair value of PSUs and RSUs granted during each of the years presented, measured in accordance with ASC 718 utilizing the assumptions discussed in Note 2(d) and Note 26 to our financial statements for the fiscal year ended December 31, 2016, without taking into account estimated forfeitures.

With respect to PSUs and RSUs, the estimate of the grant date fair value determined in accordance with ASC 718 assumes the at target vesting of 100% of the PSUs and RSUs awarded. Assuming the highest level of performance is achieved, which would result in the

vesting of 200% of all PSUs and 100% of all RSUs, the aggregate grant date fair value of the share awards set forth in the Summary Compensation Table would be:

Named Executive Officer	2016	2015	2014
Ravi K. Saligram	\$ 2,949,547	\$ 2,332,512	\$ 4,171,956

The dividend equivalents attributable to PSUs and RSUs are deemed reinvested in PSUs and RSUs and will only be distributed upon the vesting, if any, of the PSUs and RSUs under the terms of the respective plans.

The dollar amounts represent the aggregate grant date fair value of stock option awards granted during each of the years presented. The grant date fair value of a stock option award is measured in accordance with ASC 718 (4) utilizing the assumptions discussed in Note 2(d) and Note 26 to our financial statements for the fiscal year ended December 31, 2016, without taking into account estimated forfeitures. Stock Option Plan

The Company's Stock Option Plan permits the Company to grant to eligible persons options that are exercisable to purchase common shares of the Company at a specified exercise price. Up to 13,700,000 common shares may be issued pursuant to the Stock Option Plan. While the Stock Option Plan provides flexibility regarding the terms of individual grants, all grants to the Named Executive Officers in 2016 were made in accordance with the Company's current stock option policy (the Stock Option Policy), which provides that:

The exercise price of each option will be equal to the closing price of the Company's common shares on the NYSE on the date of grant;
Vesting of options will occur over three years from the date of grant, with 1/3 vesting on each of the first three anniversaries of the grant date; and
Options will expire ten years after the date of grant, subject to a provision of the Stock Option Plan that provides, subject to certain exceptions, that if the tenth anniversary of the grant falls within, or within five business days after the end of, a blackout period, the date will be extended to the fifth business day after the end of such blackout period.
The circumstances under which an option will be exercisable in the event that the optionee ceases to be employed or to provide services to the Company or one of its subsidiaries are set forth in the option agreement, which may be waived or modified by the Compensation Committee at any time. The Stock Option Policy provides for the following terms, unless otherwise determined by the Compensation Committee, and such terms were incorporated into the 2016 option grants to Named Executive Officers:

in the case of termination without cause, excluding voluntary termination, immediate vesting of all unvested options, and the optionee has 90 days from the date on which the optionee ceases to be employed by the Company to exercise all options;
in the case of voluntary termination, other than retirement, immediate cancellation of all unvested options, and the optionee has 90 days to exercise vested options;
in the case of retirement, all unvested options continue to vest after retirement in accordance with the existing vesting schedule for those particular options and all options expire on the earlier of three years from the date of retirement and the option 10-year expiry date;
in the case of death, all unvested options vest immediately, and the optionee's legal representative has 365 days from the date of death to exercise the options if the optionee's employment or eligibility ceases by reason of his or her death or if the optionee dies prior to the expiration of the periods described in the three bullet points above; or
in the case of termination with cause, all options expire immediately upon termination.

The Compensation Committee may incorporate into any option agreement terms which will, notwithstanding the time or time specified in such option agreement for the exercise of the option granted thereunder, allow the optionee to elect to purchase all or any of the common shares then subject to such option if the Compensation Committee in its discretion determines to permit the optionee to exercise the option in respect of such shares; provided, that the Stock Option Plan imposes restrictions on the acceleration of vesting of options in connection with a change of control.

The Stock Option Policy prohibits the granting of options during a blackout period. In addition, it prohibits the granting of options to our non-executive directors. With respect to continuing employees that are to receive options, the Company's policy is to make such grants annually, as of the fifth business day following the release of the Company's results for the most recently completed fiscal year.

TABLE OF CONTENTS

2015 Senior Executive Performance Share Unit Plan and Employee Performance Share Unit Plan

The Company's Senior Executive PSU Plan and Employee Performance Share Unit Plan (together with the Senior Executive PSU Plan, the 2015 PSU Plans) permit the Company to grant PSUs to employees. The PSUs, following vesting, entitle the participant to receive, at the election of the Compensation Committee, either cash or common shares of the Company, net of applicable withholding taxes. The amount of the payment to be made is calculated based on the number of vested PSUs multiplied by the fair market value of one common share as at the date of vesting, based on the volume weighted average price of the common shares reported by the NYSE for the twenty trading days prior to the date of vesting.

If the Compensation Committee determines to satisfy the payment in common shares of the Company, the amount of the payment, net of applicable withholding taxes, will either be satisfied by the issuance of common shares to the participant at an issue price equal to the fair market value of one common share as at the date of vesting, or applied to make open market purchases of common shares on behalf of the participant, as determined by the Compensation Committee, subject to certain restrictions including that vested PSUs held by our Named Executive Officers may not be satisfied through open market purchased common shares. The maximum number of common shares that may be issued under the 2015 PSU Plans is 1,000,000. There is no limit on the number of common shares that may be purchased in the open market under the 2015 PSU Plans.

The 2015 PSU Plans provide the Compensation Committee and the Board with significant discretion regarding the vesting terms and criteria for PSUs, including the waiver of any vesting restrictions. Additional PSUs are credited on PSUs held by participants corresponding to dividends declared on the common shares. Unless the Board or Compensation Committee otherwise determines, in the event of termination of a participant's employment by the Company or an affiliate:

without cause, including following the incapacity of the participant, the participant will be entitled to receive payment in respect of PSUs recorded in the participant's account as at the last day of active employment that subsequently vest, on a prorated basis to reflect the portion of the vesting period during which the participant was employed;

for cause, unvested PSUs will not vest and be forfeited;

as a result of voluntary resignation by the participant (other than retirement), unvested PSUs will not vest and be forfeited;

as a result of retirement of the participant (when the participant is at least 55 years old), the participant will be entitled to receive payment in respect of PSUs recorded in the participant's PSU account as at the last day of active employment that subsequently vest; and

upon the death of a participant, the beneficiary or legal representatives of the participant will be entitled to receive payment in respect of PSUs recorded in the participant's account as at the date of death that vest thereafter, which payment shall be payable by a lump sum cash payment, net of applicable tax withholding.

For participants in the Senior Executive PSU Plan, if a participant's employment with the Company or a subsidiary of the Company is terminated (i) by the Company or subsidiary, other than for cause, upon a change of control or within two years following a change of control or (ii) by the participant for good reason, as defined in the Senior Executive PSU Plan, upon a change of control or within one year following a change of control, then all PSUs recorded in the participant's PSU account as at the date of termination shall vest, and the participant will be entitled to receive a cash payment in respect of all vested PSUs, net of all applicable tax withholdings, within 30 days of the date of termination.

TABLE OF CONTENTS

For purposes of the Senior Executive PSU Plan, a change of control, unless otherwise defined in the applicable grant agreement or grant letter, means the occurrence of any one of the following events:

a person or group of persons acting jointly or in concert, acquiring or accumulating beneficial ownership of more than 50% of the Company's common shares;

a person or group of persons acting jointly or in concert, holding or beneficially owning at least 25% of the Company's common shares and being able to change the composition of the Board by having the person's or group of persons nominees elected as a majority of the Board; or

the arm's length sale, transfer, liquidation or other disposition of all or substantially all of the assets of the Company, over a period of one year or less, in any manner whatsoever.

2013 Performance Share Unit Plan

The 2013 PSU Plan governs PSUs granted to employees in 2013 and 2014. For a description of the material terms of the 2013 PSU Plan, see Proposal Four: 2013 PSU Plan Amendment on page 101.

Senior Executive Restricted Share Unit Plan and Employee Restricted Share Unit Plan

The Senior Executive RSU Plan and the Employee Restricted Share Unit Plan (together with the Senior Executive RSU Plan, the RSU Plans) permit the Company to grant RSUs to employees. The Company no longer awards RSUs as a regular part of executive compensation but may grant RSUs in individual cases. Additional RSUs are credited on RSUs held by participants corresponding to dividends declared on the common shares. RSUs entitle the participant, following vesting of the RSUs, to a lump sum cash payment, net of applicable withholdings, equal to the number of RSUs multiplied by the fair market value of one common share, based on the volume weighted average price of the common shares reported by the NYSE for the twenty trading days prior to the date of vesting.

The RSU Plans provide the Compensation Committee and the Board with significant discretion regarding the vesting terms and criteria for RSUs, including the waiver of any vesting restrictions. Unless the Board or Compensation Committee otherwise determines, RSUs will vest following a three-year vesting period, subject to the following conditions:

in the event of termination without cause, including following the incapacity of the participant, the participant will be entitled to receive payment in respect of RSUs recorded in the participant's account as at the last day of active employment that subsequently vest, on a prorated basis to reflect the portion of the vesting period during which the participant was employed;

in the event of termination of a participant's employment by the Company for cause, unvested RSUs will not vest and be forfeited;

in the event of termination of a participant's employment by the Company as a result of voluntary resignation by the participant (other than retirement), unvested RSUs will not vest and be forfeited;

in the event of termination of a participant's employment by the Company as a result of retirement of the participant (when the participant is at least 55 years old), the participant will be entitled to receive payment in respect of RSUs recorded in the participant's RSU account as at the last day of active employment that subsequently vest;

in the event of death of a participant, the beneficiary or legal representatives of the participant will be entitled to receive payment in respect of RSUs recorded in the participant's account as at the date of death that vest thereafter;

and

83

TABLE OF CONTENTS

in the event of a change of control, all RSUs recorded in the participant's RSU account as at the date of termination will vest, and the participant will be entitled to receive a cash payment in respect of all vested RSUs, net of all applicable tax withholdings, within 30 days of the date of change of control.

For purposes of the Senior Executive RSU Plan, a change of control, unless otherwise defined in the applicable grant agreement or grant letter, means the occurrence of any one of the following events:

a person or group of persons acting jointly or in concert, acquiring or accumulating beneficial ownership of more than 50% of the Company's common shares;

a person or group of persons acting jointly or in concert, holding or beneficially owning at least 25% of the Company's common shares and being able to change the composition of the Board by having the person's or group of persons nominees elected as a majority of the Board; or

the arm's length sale, transfer, liquidation or other disposition of all or substantially all of the assets of the Company, over a period of one year or less, in any manner whatsoever.

TABLE OF CONTENTS

U.S. 10-10 Program

The following is a summary of the material terms of the U.S. 10-10 Program. Effective September 2016 this program is no longer offered to newly hired or promoted executives in the company.

Purpose of the plan and administration

Ritchie Bros. Auctioneers (America) Inc. (RBAA) adopted the U.S. 10-10 Program in 2013 to provide deferred compensation and retirement benefits for a select group of executives. Through the program participating executives may elect to defer receipt of current compensation, and as a result become eligible to receive discretionary matching allocations by RBAA. It is an unfunded plan and is administered by a committee appointed by the board of directors of RBAA.

Eligible participants and participation agreement

The committee in its discretion designates those employees of RBAA and selected affiliates (either of which may be referred to herein as Employer) who are eligible to participate in the plan; each such individual must be a highly compensated or executive employee within the meaning of Sections 201(2), 301(a)(3) and 401(a)(1) of the U.S. Employee Retirement Income Security Act of 1974, as amended. An individual selected as eligible for participation in the plan will become a participant following the timely execution and delivery of a written participation agreement.

Participation agreements specify the amount and types of compensation the participant elects to defer, the form of distribution of benefits (lump sum or annual installments) and certain qualifying distribution events. Qualifying distribution events are a participant's separation from service, death or disability, a specified payment date or year, a change of control of RBAA and an unforeseen emergency, as defined under Section 409A of the U.S. Internal Revenue Code of 1986, as amended (the Code).

Types of compensation permitted to be deferred

A participant may elect to defer up to 10% of base salary by timely execution and delivery of a written Participant Agreement. Such participant-elected deferrals are referred to as participant deferral credits. The Employer, in its sole discretion, may make employer discretionary credits in an amount determined each plan year by the Employer. It has been the Employer's practice to make employer discretionary credits, matching the participant's deferral each year up to a maximum amount of 10% of a participant's base salary. Participant deferral credits and employer discretionary credits are immediately 100% vested.

Deferred compensation accounts

The amount of a participant deferral credits and the amount of any employer discretionary credits are credited to a participant's deferred compensation account, which is a notional bookkeeping account. The plan has been established as a non-qualified plan, which means that the Employer does not fund amounts deferred under the plan. The plan is an unfunded and unsecured liability of the Employer, and benefits will be paid only from the Employer's general assets.

The benefits payable are future obligations of the Employer and their eventual payment is dependent on the Employer's financial condition and creditworthiness.

Deemed investment gain or loss

The participant's deferred compensation account is credited or debited with an investment return as if the notional account were invested in one or more investment funds selected by the committee. Participants may elect the investment funds (from those authorized by the committee) in which his or her deferred compensation account is deemed to be invested. Such election will be in the manner prescribed by the committee, will take effect upon the participant's entry into the plan, and will remain in effect until the participant makes a new election. If the participant fails for any reason to make an effective election of deemed investments, the investment return will be determined by the committee. RBAA is not required to invest any amounts as a result of a participant's selection of deemed

TABLE OF CONTENTS

investments. The deemed investment funds are merely measuring tools to determine the amount by which a participant's deferred compensation account will be debited or credited to reflect deemed investment returns on the deferred compensation.

Distribution of benefits

The participation agreement designates the time at which a participant's deferred compensation account will be distributed and the qualifying distribution event(s). The participation agreement also designates the form of payment (lump sum or annual installments over a period of years). Payments are made in the manner elected by the participant and commence as soon as practicable (but no more than 60 days after) the distribution date elected or for the qualifying distribution event.

Canada 10-10 Program

The following is a summary of the material terms of the Canada 10-10 Program, which is not a deferred compensation plan. Effective September 2016 this program is no longer offered to newly hired or promoted executives in the company.

Purpose of the program and administration

The Company adopted the Canada 10-10 Program in 2013 to encourage participants to make long-term investments. Under the program, certain senior-level employees may contribute up to 10% of their received annual base salary into eligible long-term investment vehicles and may receive matching contributions from the employer. The program is administered by the Director of Global Total Rewards (GTR).

Eligible participants

All employees of the Company at or above the Vice-President level that are selected by the employer are eligible to participate in the program. Participants can begin to participate in the program on the first day of employment. Participation is voluntary and participants must decide how much money they wish to invest in approved long-term investments. Participants can participate in the program at any time during the calendar year by providing the Director of GTR with evidence of an investment having been made in an eligible long-term investment vehicle.

Description of benefits

Participants may invest up to 10% of their received annual base salary into eligible long-term investment vehicles and, upon the approval of the Director of GTR, the Company will match such contributions, less any matching contributions made to retirement plans, in cash on a dollar-for-dollar basis to be paid directly to such employees during the next applicable pay period, subject to all applicable statutory deductions. The Company's matching amount will be based on the amount actually invested by the participant and will be capped at 10% of the participant's received annual base salary for that calendar year (the Maximum Contribution Amount). The Company's Maximum Contribution Amount of 10% is a combined maximum for both the Canada 10-10 Program and any retirement saving program to which the Company contributes up to a maximum of 10% of the employee's base earnings. Any portion of a participant's Maximum Contribution Amount that is not used during any calendar year cannot be carried forward.

Eligible long-term investments

The goal of the program is to provide participants with a certain level of flexibility with respect to their desired long-term investment vehicle. The Director of GTR has the discretion to decide whether or not a particular investment qualifies. Common examples of an eligible investment vehicle include (i) payments made on an investment property that is not the primary residence of the participant or lump sum payments made on a property that is the primary residence of the participant; (ii) investments made in securities listed on a recognized stock exchange or recognized mutual fund; and (iii) any investment that is long-term in nature. Company securities are not an eligible investment.

The plan does not restrict the disposition of investments, once made.

Executive Employment Agreements

The employment agreements continue for an indefinite term period of time until terminated in accordance with the terms of such agreements. The following is a summary of the material terms of those agreements.

Compensation and benefits

The Named Executive Officers earn an annual base salary and may earn annual short-term and long-term incentive grants determined as a percentage of base salary. In addition, the Named Executive Officers may participate in the Company's other long-term plans, including the 10-10 Program, the ESPP, the RRSP and the 401(k) plan, as applicable. For a discussion of the compensation earned by or awarded to the Named Executive Officers in 2016, see 2016 Compensation for Named Executive Officers on page 56. The Named Executive Officers are eligible to participate in the Company's group benefit plans.

Confidentiality, non-solicitation and non-competition

Pursuant to their respective employment agreements, the Named Executive Officers are prohibited at all times from disclosing confidential information related to the Company. Each Named Executive Officer, with the exception of Mr. Saligram and Ms. Driscoll, is subject to provisions prohibiting his or her solicitation of the Company's employees for 12 months following termination for any reason. Mr. Saligram's and Ms. Driscoll's prohibitions extend for 24 months and 18 months, respectively, following termination for any reason. Each Named Executive Officer is also subject to provisions prohibiting competition with the Company during the term of his or her employment agreement and for a period following termination for any reason of 18 months for Ms. Driscoll, and 12 months for Mr. Barr, Mr. Wohler, and Mr. Dolan. Mr. Saligram is prohibited under the provisions of his employment agreement from competing against the Company during the term of his employment and for either (i) the greater of 12 months or the period for which base salary is paid following his termination by the Company without cause or his voluntary termination for good reason, or (ii) 12 months following his termination for any other reason.

Termination for cause

The Company may terminate Mr. Saligram's employment at any time for cause, as defined in his employment agreement, without notice or any payment in lieu thereof. No incentive or bonus payment will be payable to Mr. Saligram in the event of his termination for cause. In the event of his termination for cause, all unvested stock options granted to Mr. Saligram will be void as of the date of his termination and Mr. Saligram will have 30 days from the date of his termination to exercise any stock options that have vested prior to his termination, subject to the terms and conditions of our Stock Option Plan and the applicable stock option agreements. Mr. Saligram's rights with respect to PSUs and RSUs in the event of his termination for cause are determined in accordance with the applicable PSU and RSU grant agreements and the terms and conditions of the respective PSU Plan and RSU Plans.

The Company may terminate the employment of the Named Executive Officers, other than Mr. Saligram and Mr. Dolan, for cause, as defined in the employment agreements, at any time after providing the executive with at least 30 days' notice of such proposed termination and allowing the executive 15 days to remedy the alleged defect. The Company may terminate the employment of Mr. Dolan for cause, as defined in his employment agreement, at any time without notice or payment in lieu thereof; provided that, where cause is defined as Mr. Dolan's (i) intentional

refusal to carry out or follow lawful instructions or assignments commensurate with his position with the Company, (ii) willful dereliction of the duties commensurate with his position with the Company assigned to him, (iii) intentional misconduct in connection with working for the Company, that materially harms the Company or its reputation, or (iv) act, omission or behavior that constitutes cause for dismissal at common law, the Company may terminate Mr. Dolan's employment only after providing written notice of the circumstances giving rise to the basis for termination and allowing

TABLE OF CONTENTS

Mr. Dolan 30 days to remedy the alleged defect. The employment agreements with the Named Executive Officers other than Mr. Saligram state that no short-term incentive or bonus payment will be payable to such Named Executive Officer in the event of his or her termination for cause. In the event of termination for cause, sign-on stock options granted to the terminated Named Executive Officer will be void as of the date of his or her termination, and the Named Executive Officer will have 30 days from the date of his or her termination to exercise any options that have vested prior to his or her termination, subject to the terms and conditions of the Company's Stock Option Plan and the applicable option agreements. Under the Company's Stock Option Plan, unvested stock options expire immediately upon termination for just cause. A terminated Named Executive Officer's rights with respect to PSUs and RSUs held are determined in accordance with the applicable PSU and RSU grant agreements and the terms and conditions of the respective PSU Plan and RSU Plans.

Termination without cause or voluntary termination for good reason

In the event of termination of Mr. Saligram's employment without cause, as defined in his employment agreement, or his voluntary termination for good reason, as defined in his employment agreement, Mr. Saligram will be entitled to:

two year's base salary;

two year's short-term incentive bonus based at the target;

all earned and unpaid salary and short- and long-term incentive awards, up to and including Mr. Saligram's final day of active employment with the Company;

immediate accelerated vesting of all unvested stock options (excluding sign-on stock options if termination occurs prior to July 7, 2017), with Mr. Saligram given 90 days from the date of termination to exercise such options, subject to the terms of the Company's Stock Option Plan and the applicable stock option agreements;

continuation of PSUs and RSUs awarded (excluding SOG PSUs if termination occurs prior to July 7, 2017), in accordance with applicable PSU and RSU grant agreements and the terms and conditions of the respective 2013 PSU Plan, Senior Executive PSU Plan and RSU Plan; and

continued extended health and dental benefits coverage for up to one year after termination of his employment or the date on which he begins new full-time employment.

In the event that a Named Executive Officer, other than Mr. Saligram, is terminated without cause, as defined in the employment agreements, such Named Executive Officer will be entitled to:

TABLE OF CONTENTS

Under the terms of the employment agreements with the Named Executive Officers, other than Mr. Saligram, Named Executive Officers may terminate their respective employments with the Company for good reason, as defined in the employment agreements, and, in the event of good reason, will receive pay and benefits as if terminated by the Company without cause, and the termination will be regarded as a termination without cause for purposes of the Company's Stock Option Plan, PSU Plans and RSU Plans. Under the employment agreements, Named Executive Officers other than Mr. Saligram may terminate their employments for good reason by delivery of written notice, including the basis for such good reason, to the Company within 60 days commencing upon the occurrence of good reason. Termination for good reason will be effective 30 days after delivery in the event the Company fails or is unable to cure such good reason within that period.

Resignation

Under the terms of the employment agreements with the Named Executive Officers, Named Executive Officers may resign by providing three months' written notice to the Company to that effect. If a Named Executive Officer provides the Company with written notice of resignation, the Company may waive such notice, in whole or in part, in which case the Company will pay the Named Executive Officer his or her base salary for only the amount of time remaining in that notice period and such Named Executive Officer's employment will terminate on the earlier date specified by the Company without any further compensation. The employment agreements with the Named Executive Officers state that no short-term incentive or bonus payment will be payable to a Named Executive Officer in the event of his or her resignation. In the event of resignation, all unvested stock options held by the resigning Named Executive Officer will be immediately void on the termination date and such Named Executive Officer will have 90 days from such date to exercise any vested stock options. Under the Company's Stock Option Plan, unvested stock options granted on or after February 24, 2009 to a Named Executive Officer, other than Mr. Saligram, are immediately cancelled. Under the RSU Plans and the PSU Plans, in the event of resignation of a participant other than by retirement in accordance with the normal retirement policy of the Company (or its affiliates), RSUs and PSUs that had not vested prior to the last day of active employment will not vest and shall be forfeited and cancelled without payment.

Retirement

The employment agreements with the Named Executive Officers provide that in the event of retirement, which, for such purpose, means retirement in accordance with the normal retirement policy of the Company (or its affiliates) when the participant is not less than 55 years of age:

the Company will pay a pro-rated short-term incentive bonus for the year of termination, up to and including the last day of active employment, to such Named Executive Officers in the event of retirement; all unvested stock options will continue to vest according to their initial grant schedules and will remain exercisable up to the earlier of the original grant expiry date and the third anniversary of the date of retirement; and RSUs and PSUs will continue to vest and be paid in accordance with the original grant schedule applicable thereto. Notwithstanding the foregoing, Mr. Saligram will not be entitled to exercise or receive any retirement-related benefits or rights if he retires prior to July 7, 2019.

Change of control

The Compensation Committee believes that change of control arrangements are necessary to attract and retain the talent necessary for the Company's long-term success. The Company has entered into change of control agreements

TABLE OF CONTENTS

For purposes of the Change of Control Agreements, a change of control means:

the acquisition or accumulation of beneficial ownership of more 50% of the Company's voting shares by a person or a group of persons acting jointly or in concert;

a person, or a group of persons acting jointly or in concert, holding at least 25% of the Company's voting shares and being able to change the composition of the Board by having their nominees elected as a majority of the Board;

the arm's length sale, transfer, liquidation or other disposition of all or substantially all of the assets of the Company, over a period of one year or less, in any manner whatsoever and whether in one transaction or in a series of transactions or by plan of arrangement; or

other than for Mr. Saligram, a reorganization, merger or consolidation or sale or other disposition of substantially all the assets of the Company, unless the Company beneficially owns all or substantially all of the Company's assets either directly or through one or more subsidiaries following such event.

The Change of Control Agreements provide for payment and accelerated vesting upon a double-trigger, which requires a change of control and either (i) termination by the Company without cause or within two years following a change of control; or (ii) termination by the Named Executive Officer for good reason upon a change of control or within one year following a change of control. Following a double-trigger event, each Named Executive Officer will be entitled to a lump-sum cash amount equal to the aggregate of:

in the case of Mr. Saligram, two times annual base salary, two times the short-term incentive bonus at target plus pro rata target bonus for year of termination, and two times the annual premium cost that would be incurred by the Company to continue to provide to Mr. Saligram all health, dental and life insurance benefits provided immediately before his termination;

in the case of Ms. Driscoll, Mr. Barr, Mr. Dolan and Mr. Wohler one and one-half times annual base salary, one and one-half times the short-term incentive bonus at target plus pro rata target bonus for year of termination, and one and one-half times the annual premium cost that would be incurred by the Company to continue to provide to them all health, dental and life insurance benefits provided immediately before their termination.

Each of the Named Executive Officers is entitled, following a double-trigger event, to:

accelerated vesting of RSU and PSU awards; and

immediate vesting of all unvested stock options, with a 90-day exercise period.

The employment agreements with the Named Executive Officers, provide that, notwithstanding provisions to the contrary in plan documents, any accelerated vesting of annual long-term incentive awards upon a change of control, as defined in the Change of Control Agreements, requires both a change of control and the termination of employment without cause or for good reason, each as defined in the respective employment agreements.

In the case of Ms. Driscoll, Mr. Barr, Mr. Dolan, and Mr. Wohler the Change of Control Agreements provide that no such payments will be made unless the Named Executive Officer signs within 60 days and does not revoke a full and general release of any and all claims against the Company, affiliates, and past and then current officers, directors, owners, managers, members, agents and employees.

Indemnity agreements

The Company has entered into indemnity agreements with each Named Executive Officer pursuant to which the Company agrees to indemnify each Named Executive Officer in connection with claims or proceedings involving the officer (by reason of serving as a director or officer of the Company or its subsidiaries), as provided in the agreement.

TABLE OF CONTENTS**Potential Payments Upon Termination or Change in Control**

The following table describes the estimated potential payments and benefits under the Company's compensation and benefit plans and contractual agreements to which the Named Executive Officers would have been entitled if a termination of employment or change in control occurred on December 31, 2016. The actual amounts to be paid out can only be determined at the time of the Named Executive Officer's departure from the Company. The amounts reported in the table below do not include payments and benefits to the extent they are provided generally to all salaried employees upon termination of employment and do not discriminate in scope, terms or operation in favor of the Named Executive Officers or include distributions of plan balances under our 401(k) Plan, the RRSP and the 10-10 Programs. The amounts reported assume payment of all previously earned and unpaid salary, vacation pay and short- and long-term incentive awards.

The market vesting condition is based on the relative performance of our share price in comparison to the performance of a pre-determined portfolio of other companies' share prices. The non-market vesting conditions are based on the achievement of specific performance measures and can result in participants earning between 0% and 200% of the target number of PSUs granted.

Security Ownership of Certain Beneficial Owners and Management and Related Shareholder Matters

The following table sets forth certain information regarding the beneficial ownership our common shares as of March 13, 2017 by:

Proposal Two: Advisory Vote on Executive Compensation

Overview

In accordance with Section 14A of the Exchange Act and Section 951 of the Dodd-Frank Wall Street Reform and Consumer Protection Act, the following proposal, commonly known as a “Say on Pay” proposal, gives our shareholders the opportunity to vote to approve or not approve, on an advisory basis, the compensation of our Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and our compensation philosophy, policies and practices, as disclosed under “Compensation Discussion and Analysis” on page 44.

Our executive compensation program is designed to provide a competitive level of compensation necessary to:

attract and retain the talent needed to lead and grow the Company’s business;
provide a strong incentive for executives and key employees to work towards the achievement of the Company’s goals; and
ensure that the interests of management and the Company’s shareholders are aligned and that the compensation packages are fair to senior management, employees, the shareholders and other stakeholders.

In order to align executive pay with both the Company’s financial performance and the creation of sustainable shareholder value, a significant portion of compensation paid to our Named Executive Officers is allocated to performance based, short-term and long-term incentive programs to make executive pay dependent on the Company’s performance (or “at-risk”). In addition, as an executive officer’s responsibility and ability to affect the financial results of the Company increases, the portion of his or her total compensation deemed “at-risk” increases. Shareholders are urged to read the information under “Compensation Discussion and Analysis”, which more thoroughly discusses how our compensation policies and procedures implement our compensation philosophy.

Shareholder Approval and Board Recommendation

We are asking our shareholders to indicate their support for our Named Executive Officer compensation as described in this Proxy Statement by voting **FOR** the following resolution:

RESOLVED, that the compensation paid to the named executive officers, as disclosed in the proxy statement of the Company, dated March 20, 2017 (the “Proxy Statement”), pursuant to the SEC’s executive compensation disclosure rules (which disclosure includes the Compensation Discussion and Analysis, the compensation tables and the narrative discussion that accompanies the compensation tables), is hereby approved.

While we intend to carefully consider the voting results of this proposal, the final vote is advisory in nature and therefore not binding on us, our Board of Directors or the Compensation Committee. Our Board of Directors and Compensation Committee value the opinions of all of our shareholders and will consider the outcome of this vote when making future compensation decisions for our Named Executive Officers. Shareholders will be given an opportunity to cast an advisory vote on this topic annually. The Board recommends a vote **FOR** the adoption of the above resolution indicating approval of the compensation of the Company’s Named Executive Officers.

Proposal Three: Appointment of Ernst & Young LLP

Overview

We are asking our shareholders to appoint Ernst & Young LLP as our auditor for the year ending December 31, 2017 and that the Audit Committee be authorized to fix their remuneration. Ernst & Young LLP has been our auditor since April 25, 2013. The Audit Committee is satisfied that Ernst & Young LLP meets the relevant independence requirements and is free from conflicts of interest that could impair their objectivity in conducting an audit of the Company.

To the Company's knowledge, a representative from Ernst & Young LLP will be present at the Meeting to take questions, and the firm will be permitted to make a statement if it so desires.

Fees Billed by Independent Auditors

The fees billed to us by Ernst & Young LLP, our independent auditor, in each of the last two fiscal years are set forth in the following table. All services and fees, including tax service fees, were pre-approved by the Audit Committee.

Item	Year Ended December 31,	
	2016 ⁽⁵⁾	2015 ⁽⁵⁾
Audit Fees ⁽¹⁾	\$ 1,051,004	\$ 964,050
Audit-Related Fees ⁽²⁾	\$ 125,866	
Tax Fees ⁽³⁾		
All Other Fees ⁽⁴⁾		
Total	\$ 1,176,870	\$ 964,050

Audit Fees represents fees billed for the audit of our annual financial statements and review of our quarterly (1) financial statements and for services that are normally provided in connection with statutory and regulatory filings or engagements. Audit fees are billed and paid in Canadian dollars.

(2) Audit-Related Fees represents fees for assurance and related services that are reasonably related to the performance of the audit or review of our financial statements and are not reported under Audit Fees.

(3) Tax Fees include fees for tax compliance, tax advice and tax planning.

(4) All Other Fees include all other non-audit services.

(5) The amounts reported are converted from Canadian dollars to U.S. dollars based on the average Canadian and U.S. dollar exchange rate of CA\$1 to \$0.7544 for 2016 and CA\$1 to \$0.7820 for 2015.

Pre-Approval Policies and Procedures

The Audit Committee Charter provides that the Audit Committee is responsible for the selection, appointment, and retention of the independent auditor, subject to annual shareholder approval, and evaluation and, where appropriate, replacement of the independent auditor. In addition, the Audit Committee approves compensation of the independent auditor. The Audit Committee also has responsibility for pre-approving the retention of the independent auditor for all audit and non-audit services the independent auditor is permitted to provide the Company and approve the fees for such services, other than any *de minimis* non-audit services allowed by applicable law or regulation. The Audit

Committee is required to pre-approve all non-audit related services performed by the auditors. The Audit Committee's pre-approval policy outlines the procedures and the conditions pursuant to which permissible services proposed to be performed by the auditors are pre-approved, provides a general pre-approval for certain permissible services and outlines a list of prohibited services. For 2015 and 2016, all of the services related to amounts billed by the Company's external accountants were pre-approved by the Audit Committee.

Recommendation of the Board

The Board recommends a vote **FOR** the appointment of Ernst & Young LLP as the Company's auditor for the fiscal year ending December 31, 2017 and the authorization of the Audit Committee to fix the auditor's remuneration.

Report of the Audit Committee

To the Shareholders of Ritchie Bros. Auctioneers Incorporated:

The Audit Committee reviewed and discussed with management and the Company's independent auditors the audited consolidated financial statements included in the Company's Annual Report on Form 10-K for the year ended December 31, 2016. The Audit Committee has discussed with the independent registered public accountants matters required to be discussed by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, and considered the compatibility of non-audit services with the auditors' independence. In addition, the Audit Committee discussed the matters required to be discussed by Public Company Accounting Oversight Board (PCAOB) Auditing Standard No. 1301. The Audit Committee also has received the written disclosures and the letter from the independent accountant required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence and has also discussed with the independent accountant the accountant's independence. Based on the review and discussions, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2016 for filing with the SEC.

Proposal Four: 2013 PSU Plan Amendment

Overview

We are asking our shareholders to approve the 2013 PSU Plan Amendment, which is comprised of an amendment to the 2013 PSU Plan, which governs the Sign-On Grant Agreement dated August 11, 2014 with our CEO, Ravichandra Saligram, as well as an amendment to the Sign-On Grant Agreement. The 2013 PSU Plan Amendment would permit the Company to pay PSUs that vest under the Sign-On Grant Agreement either in cash or by issuing common shares, as opposed to requiring payment only in cash, and would set the aggregate maximum number of the Company's common shares reserved for issuance pursuant to the Sign-On Grant Agreement at 150,000 common shares (representing approximately 0.14% of the issued and outstanding common shares as of March 16, 2017), as further described in Appendix A hereto. The 2013 PSU Plan Amendment would also amend the Sign-On Grant Agreement by adding certain securities representations, warranties and legending requirements in respect of any common shares issued as settlement for the vested PSUs.

The driving purpose behind the 2013 PSU Plan Amendment is to allow the Company to settle our CEO's future-vested PSUs under the Sign-On Grant Agreement in the Company's common shares, which would further align his interests with our shareholders' interests. Although we consider our CEO's interests to currently be aligned with our shareholders' interests, as also reflected in our compensation program and philosophy, we believe our ability to satisfy our CEO's future-vested PSUs under the Sign-On Grant Agreement by issuing common shares will further incentivize him to continue to perform on behalf of shareholders and create additional long-term shareholder value. By analogy, at the Annual and Special Meeting of Shareholders in May 2016, shareholders approved the 2015 PSU Plans, which were each first adopted by the Board in March 2015, including the provisions of the 2015 PSU Plans that permit the Company to satisfy PSUs vested under the 2015 PSU Plans in the Company's common shares. Similarly, the Company now wishes to further align our CEO's interests with our shareholders' interests by having the option to settle future-vested PSUs under the Sign-On Grant Agreement in the Company's common shares, as well.

In February 2017, our Board approved the 2013 PSU Plan Amendment, including the amendment to the 2013 PSU Plan and the amendment to the Sign-On Grant Agreement with our CEO, subject to the approval of our shareholders and subject to the execution of the 2013 PSU Plan Amendment by the Company and by our CEO, in his personal capacity as a participant in the 2013 PSU Plan. Under the rules of the NYSE and the TSX, the Company may not issue or deliver common shares in settlement of PSUs granted under the 2013 PSU Plan absent shareholder approval. If a majority of shareholders voting at the Meeting do not vote in favor of the proposal, then the 2013 PSU Plan Amendment will not become effective and the Company will not issue or deliver any common shares under the 2013 PSU Plan but will pay vested PSUs in cash. If a majority of shareholders voting at the Meeting vote in favor of the proposal, we expect to execute and enter into the 2013 PSU Plan Amendment immediately thereafter. The closing price for the Company's common shares as reported on the NYSE on March 10, 2017 was \$31.54.

The 2013 PSU Plan Amendment only amends the 2013 PSU Plan with respect to the Sign-On Grant Agreement with our CEO and does not affect any other awards, grants or agreements under the 2013 PSU Plan. All other awards under the 2013 PSU Plan are expected to be settled prior to the date of the Meeting, in cash, and with the adoption of the 2015 PSU Plans, the Company does not anticipate making any future awards under the 2013 PSU Plan.

TABLE OF CONTENTS

Summary of the 2013 Performance Share Unit Plan, as currently in effect

The following is a summary of the material terms of the 2013 PSU Plan, as currently in effect. The following does not purport to be a complete description of the 2013 PSU Plan and is qualified in its entirety by reference to the full text of the 2013 PSU Plan, included as Appendix B hereto.

Performance Share Unit

A PSU is an award under which the recipient is eligible to earn, for the purposes of the 2013 PSU Plan as currently in effect, a cash payment, during an applicable performance period based upon the performance of the Company against certain criteria during and at the end of such performance period. No awards other than PSUs will be available for issuance under the 2013 PSU Plan.

Eligibility

The 2013 PSU Plan provides for the grant or award of PSUs which entitle participants, following vesting of the PSUs, to payment in cash. Participants may include any person designated by the Board or by the Compensation Committee who is an employee of the Company or any affiliate of the Company.

Administration

Unless otherwise determined by the Board, the 2013 PSU Plan will be administered by the Compensation Committee.

Type of award

The Board or the Compensation Committee may grant PSUs under the 2013 PSU Plan that will following vesting, entitle the recipient to a specified amount of cash, net of all applicable withholding taxes. The payment to be received is based on the number of vested PSUs (which will depend on the extent to which the applicable performance criteria are met) multiplied by the fair market value of one common share as at the date of vesting. The foregoing is subject to provisions of the 2013 PSU Plan which may result, if the participant or the Company may be in possession of undisclosed material information, or the ability to trade in securities of the Company may be restricted under any insider or securities trading policy, in the fair market value of common shares instead being determined as at a subsequent date where that is no longer the case. Each award or grant of PSUs will be evidenced by a written agreement between the Company and the participant or a letter issued by the Company to a participant.

Whenever a dividend is paid on the Company's common shares, additional PSUs will be credited to a participant's account. The number of such additional PSUs will be calculated by dividing the dividend that would have been paid to the participant if the participant's PSUs as at the record date for the dividend had been common shares, whether vested or not vested, by the fair market value of a common share on the date on which the dividend is paid, with fractional PSUs calculated and rounded to two decimal places.

Terms of PSU grants

Unless otherwise determined by the Compensation Committee, the PSUs granted to a participant will vest at the time and in the manner determined by the Board or the Compensation Committee at the time of the award or grant and as set out in the grant agreement or grant letter evidencing the award.

Subject to the right of a participant to designate beneficiaries entitled to receive benefits under the 2013 PSU Plan following the death of the participant, PSUs are not assignable or transferable by a participant other than by will or the laws of descent and distribution.

PSUs that fail to vest in accordance with the 2013 PSU Plan will be cancelled as of the date of the failure to vest. Upon failure to vest, the participant will have no further right, title or interest in or to such PSUs.

102

TABLE OF CONTENTS

Adjustment of common shares subject to the 2013 PSU Plan

In the event of any share dividend, subdivision or consolidation of the Company's common shares, reclassification or conversion of the Company's common shares, or any combination or exchange of securities, merger, consolidation, recapitalization, amalgamation, plan of arrangement, reorganization, spin off or other distribution of the Company's assets to shareholders which the Compensation Committee determines affects the common shares such that an adjustment is appropriate to prevent dilution or enlargement of participants' rights under the 2013 PSU Plan, then, subject to any relevant resolutions of the Board, the Compensation Committee may, in its discretion, make adjustments as it deems appropriate to preserve proportionately the interests of participants as a result of the change.

Cessation

Unless the Board or Compensation Committee otherwise determines, in the event of termination of a participant's employment by the Company or an affiliate:

without cause, including following the incapacity of the participant, the participant will be entitled to receive payment in respect of PSUs recorded in the participant's account as at the last day of active employment that subsequently vest, on a prorated basis to reflect the portion of the vesting period during which the participant was employed;

for cause, unvested PSUs will not vest and be forfeited;

as a result of voluntary resignation by the participant (other than retirement), unvested PSUs will not vest and be forfeited;

as a result of retirement of the participant (when the participant is at least 55 years old), the participant will be entitled to receive payment in respect of PSUs recorded in the participant's PSU account as at the last day of active employment that subsequently vest; and

upon the death of a participant, the beneficiary or legal representatives of the participant will be entitled to receive payment in respect of PSUs recorded in the participant's account as at the date of death that vest thereafter, which payment shall be payable by a lump sum cash payment, net of applicable tax withholding.

Consequences of a change of control

In the event of a change of control, all PSUs recorded in the participant's PSU account as at the date of termination shall vest, and the participant will be entitled to receive a cash payment in respect of all vested PSUs, net of all applicable tax withholdings, within 30 days of the change of control, in the amount equal to the number of such vested PSUs multiplied by (1) the price or value at which a common share of the Company is valued for purposes of the transaction or series of transactions giving rise to or constituting the change of control, as determined by the Compensation Committee, or (2) if there is no such transaction or transactions, the fair market value of one common share as at the date of vesting, which under the 2013 PSU Plan will normally be the volume weighted average price of the Company's common shares reported by the NYSE for the twenty trading days immediately preceding that day.

For purposes of the 2013 PSU Plan, a change of control, unless otherwise defined in the applicable grant agreement or grant letter, means the occurrence of any one of the following events:

a person or group of persons acting jointly or in concert, acquiring or accumulating beneficial ownership of more than 50% of the Company's common shares;

a person or group of persons acting jointly or in concert, holding or beneficially owning at least 25% of the Company's common shares and being able to change the composition of the Board by having the person's or group of persons nominees elected as a majority of the Board; or

the arm's length sale, transfer, liquidation or other disposition of all or substantially all of the assets of the Company, over a period of one year or less, in any manner whatsoever.

103

TABLE OF CONTENTS**Amendment and termination of the plan**

Subject to certain restrictions, the Board or the Compensation Committee may, from time to time, amend, suspend or terminate the 2013 PSU Plan without the consent or approval of any participant or the Company's shareholders. Nonetheless, unless required by applicable laws, no amendment may adversely affect the rights of any participant at the time of the amendment with respect to PSUs credited to such participant's PSU account without the consent of the participant.

Summary of the Sign-On Grant Agreement, as currently in effect

The following is a summary of the material terms of the Sign-On Grant Agreement, as currently in effect. The following does not purport to be a complete description of the Sign-On Grant Agreement and is qualified in its entirety by reference to the full text of the Sign-On Grant Agreement, included as Appendix C hereto. In the event of any inconsistency between the terms of the 2013 PSU Plan and the Sign-On Grant Agreement, the terms of the Sign-On Grant Agreement will prevail. Terms not contained in the Sign-On Grant Agreement are governed by the 2013 PSU Plan.

Grant

In connection with his appointment as CEO in July 2014, pursuant to the 2013 PSU Plan, Ravichandra Saligram was granted approximately 102,375 PSUs on August 11, 2014, as evidenced by the Sign-On Grant Agreement.

Vesting

PSUs evidenced by the Sign-On Grant Agreement vest at a rate of 25% per year starting on the second anniversary of the grant date, with the actual number of units to vest to be determined by the Board based on achievement of pre-established performance criteria. The pre-established performance criteria includes vesting based on absolute TSR performance over the applicable rolling two, three, four and five year performance periods following the grant date, as follows:

	TSR (CAGR)		PSU Payout %* (% of target units)	
Threshold	5	%	0	%
Target	15	%	100	%
Maximum	20	%	200	%

*

Results interpolated between the points

CAGR means Compound Annual Growth Rate. For the purpose of calculating the TSR measure set forth above, the CAGR for any particular performance period shall be calculated using the compound annual return over the applicable performance period using values at the beginning and end of the performance period based on the prior 20-trading day average and based on reinvestment of any dividends paid on the common shares of the Company during the period into additional common shares.

Consideration will be given by the Board to enhancing the vesting from prior tranches based on subsequent performance experienced for later tranches. If additional PSUs are credited due to dividend equivalents, then such PSUs will vest at the time when the PSUs in respect of which dividend equivalents were credited vest.

Further, to the extent that the vesting criteria set out above result in the vesting of greater than 100% of the number of PSUs granted or awarded, such additional PSUs shall be deemed to have been granted and shall be credited, unless otherwise determined by the Board or Compensation Committee.

TABLE OF CONTENTS

Cessation

Unless the Board or Compensation Committee otherwise determines, in the event of termination of a participant's employment by the Company or an affiliate:

without cause, or termination by the participant for any reason, in each case prior to July 7, 2017, the participant will be entitled to receive payment in respect of PSUs that had vested as at the last day of active employment, and unvested PSUs will not vest and be forfeited;

without cause, or termination by the participant for any reason, in each case on or subsequent to July 7, 2017, the participant will be entitled to receive payment in respect of PSUs that had vested as at the last day of active employment and that vest after the last day of active employment, provided that payment in respect of PSUs that vest after the last day of active employment will be prorated to reflect the percentage of the vesting period which the period, commencing on the first day of the vesting period or, if the Compensation Committee so determines, on the grant date and ending on the last day of active employment of such participant, bears to the vesting period; and for cause, the participant will be entitled to receive payment in respect of PSUs that had vested as at the last day of active employment, and unvested PSUs will not vest and be forfeited.

Cause is as defined in the participant's employment agreement.

Summary of the 2013 PSU Plan Amendment and its effects

The following is a summary of the material terms of the 2013 PSU Plan Amendment and its material effects on the 2013 PSU Plan and the Sign-On Grant Agreement if approved by shareholders at the Meeting. The following does not purport to be a complete description of the 2013 PSU Plan Amendment and is qualified in its entirety by reference to the full text of the 2013 PSU Plan Amendment, included as Appendix A hereto.

Form of Payment. Solely with respect to PSUs granted or awarded under the Sign-On Grant Agreement that had not yet vested as of June 30, 2017, the form of payment of vested PSUs may now be, as determined by the Compensation Committee, either (i) a lump sum cash payment, net of applicable withholdings, or, (ii) subject to the rules, policies or requirements of any stock exchange on which the Company's common shares are listed or quoted, by the issuance from treasury to the participant of common shares, to be paid or satisfied net of applicable withholdings (the Net Payment Amount), which such number of common shares to be issued shall be equal to the whole number of common shares of the Company that is determined by dividing the Net Payment Amount by the fair market value of one common share, as further contemplated in Appendix A. Any fractional share entitlement will be satisfied by a cash payment to the participant in an amount equal to such fractional share entitlement multiplied by the fair market value of one common share.

Aggregate Maximum Number of Common Shares. The aggregate maximum number of common shares of the Company that may be issued pursuant to the 2013 PSU Plan, as proposed to be amended, is 150,000 common shares, subject to adjustment as provided therein.

Additional Limitations on Common Shares. The number of the Company's common shares issuable to insiders, at any time, pursuant to the 2013 PSU Plan or any other securities compensation arrangement, including the 2015 PSU Plans and the Company's Stock Option Plan, cannot exceed 10% of the issued and outstanding common shares, and the number of the Company's common shares issuable to insiders, within any one year, under the 2013 PSU Plan and such other securities compensation arrangements cannot exceed 10% of the issued and outstanding common shares. For these purposes, insiders has the meaning given to that term in the Securities Act (Ontario) who are reporting insiders under applicable Canadian securities laws and includes directors and certain officers of the Company, significant

shareholders, associates and affiliates. No common shares of the Company may be issued or reserved for issuance under the 2013 PSU Plan to any non-employee director of the Company.

TABLE OF CONTENTS

Further Amendments to 2013 PSU Plan. Further amendments to the 2013 PSU Plan that affect the issuance or potential issuance of the Company's common shares from treasury must be approved by at least a majority of the Board. In addition, shareholder approval will be required for any further amendment of the 2013 PSU Plan to:

reduce the issue or purchase price of common shares under the plan;
extend the term of any PSU under the Sign-On Grant Agreement where such PSU entitles or potentially entitles the holder to be issued common shares from treasury under the plan;
amend or remove the limits on the amount of grants to insiders contained in the plan, as proposed to be amended;
increase the maximum number of common shares issuable under the plan;
permit non-employee directors to participate in the plan and be entitled or potentially entitled to be issued common shares from treasury under the plan;
permit assignment or transfer of rights or interests under the plan to be entitled or potentially entitled to be issued common shares from treasury under the plan, subject to certain exceptions;
amend the provisions specifying which amendments require shareholder approval; or
amend other matters that require shareholder approval under the rules or policies of any stock exchange on which the Company's common shares may be listed or posted for trading.

Rights as a Shareholder. The participant will only have rights as a shareholder of the Company with respect to common shares underlying PSUs granted pursuant to the 2013 PSU Plan insofar as such common shares are issued to the participant pursuant to and in accordance with the 2013 PSU Plan.

Death. In respect of vested PSUs granted or awarded under the Sign-On Grant Agreement, notwithstanding the Board's or Compensation Committee's option to settle such PSUs by lump sum cash payment or by issuance of common shares of the Company, each net of applicable withholdings, all PSUs that had vested as at the date of participant's death, and all PSUs recorded in the participant's PSU account as at the date of death that vest after the date of death, shall be payable only by lump sum cash payment, net of applicable withholdings.

Sign-On Grant Agreement. Pursuant to the 2013 PSU Plan Amendment, the Sign-On Grant Agreement between the Company and the participant (our CEO), as amended, provides certain representations and warranties made by the participant, including as to the lack of registration of the PSUs, and common shares underlying such PSUs, under the United States Securities Act of 1933, as amended, and the lack of transferability of such PSUs and common shares without demonstrated exemptions from registration requirements, all as further described in Appendix A. The Company anticipates relying on the exemption from registration requirements provided by Section 4(a)(2) of such Act, in connection with the securities to be issued to Mr. Saligram. The Sign-On Grant Agreement, as amended, provides legending for all certificates for the Company's common shares issued pursuant to such settlement of the participant's PSUs.

TABLE OF CONTENTS**New Plan Benefits**

On August 11, 2014, the Board approved the grant of the PSU awards to our CEO pursuant to the Sign-On Grant Agreement under the terms of the 2013 PSU Plan. The performance factors, targets and weighting applicable to the PSU awards are described above under Summary of Sign-On Grant Agreement and included as Appendix C hereto.

The table below sets forth, as of March 10, 2017, the number of PSU awards then outstanding pursuant to the Sign-On Grant Agreement, under the 2013 PSU Plan, and PSUs credited as dividend equivalents thereunder. No other PSU awards under the 2013 PSU Plan will be affected by the 2013 PSU Plan Amendment.

Reported at 100% of target. To the extent that (i) the vesting criteria results in the vesting of greater than 100% of the number of PSUs granted or awarded, (ii) the vesting criteria results in the vesting of additional PSUs following (1) the end of prior rolling performance periods, or (iii) the participant is credited with additional PSUs in respect of each dividend payment by the Company, additional PSUs may be awarded or granted in relation to the Sign-On Grant Agreement under the 2013 PSU Plan.

Excludes 25,594 PSU awards and 1,191 dividend equivalents that vested and were settled through the payment of \$1,224,308 in cash (including tax withholding of \$574,482, for a net after-tax payment of \$649,826) during 2016.

(2) Had the 2013 PSU Plan Amendment been effective prior to such payment, the Compensation Committee could have determined to satisfy the net after-tax payment of \$649,826 by the issuance of 20,131 common shares of the Company.

The number of those PSUs awarded under the Sign-On Grant Agreement under the 2013 PSU Plan eligible for vesting will depend on actual performance results compared to minimum, target and maximum amounts for the applicable performance criteria or factors, and, under the terms of the outstanding awards of PSUs granted under the 2013 PSU Plan, the participant may potentially earn between 0% and 200% of the target number of PSUs granted (and dividend equivalent PSUs that may be credited thereon). In addition, the number of common shares of the Company to be issued or delivered following vesting will reflect that entitlement to payment in respect of vested PSUs will be net of all applicable withholding taxes. As a result, the number of common shares of the Company that may be issued or delivered following vesting of the Sign-On Grant Agreement PSUs, and the dollar value of such common shares, cannot be determined at this time. However, as provided in the 2013 PSU Plan Amendment, if approved, the aggregate maximum number of common shares of the Company that may be issued pursuant to the 2013 PSU Plan will be 150,000 common shares, subject to adjustment in the event of certain corporate reorganizations as described in the 2013 PSU Plan.

As a result, unless the 2013 PSU Plan Amendment, including the provisions permitting the Company to issue common shares in respect of the Sign-On Grant Agreement, is approved by the shareholders, all PSUs in respect of the Sign-On Grant Agreement will be settled in cash following vesting.

TABLE OF CONTENTS

Shareholder Proposals and Director Nominations

To be considered for inclusion in the proxy statement distributed to shareholders prior to our annual meeting in 2018, pursuant to the mechanism provided by the Exchange Act, a shareholder proposal (other than in respect of the nomination of directors) must be received by us no later than November 20, 2017, which corresponds to the date that is 120 calendar days before the anniversary date on which our proxy statement was released to shareholders in connection with the Meeting, and must comply with the requirements of Rule 14a-8 of the Exchange Act. If the date of our annual meeting in 2018 is changed by more than 30 calendar days from the anniversary date of the Meeting, then the deadline to submit a proposal to be considered for inclusion in next year's proxy statement and form of proxy is a reasonable time before we begin to print and mail proxy materials.

Shareholders who do not wish to use the mechanism provided by the Exchange Act may submit proposals to be considered at the Company's annual meeting in 2018 under the provisions of the CBCA. In order to make a proposal under the CBCA (other than in respect of the nomination of directors), a shareholder must hold, or have the support of persons who, in the aggregate, including or not including the shareholder, hold, at least 1% of the outstanding voting shares, or the fair market value of the shares held must be at least C\$2,000 and such shares must have been held for at least six months. A shareholder proposal to nominate a director must be signed by one or more holders of shares representing in the aggregate not less than 5% of the shares entitled to vote at the meeting. Such shareholder proposals must be received by us no later than December 19, 2017, in order to be included in the proxy materials for the Company's annual meeting in 2018. Upon receipt of a proposal in compliance with the requirements of the CBCA, the Company will set out such proposal in the proxy statement distributed to shareholders prior to the Company's annual meeting in 2018.

In addition, our by-laws contain an advance notice provision which requires advance notice to the Company of nominations of persons for election to the Board in circumstances where nominations are made by shareholders other than pursuant to a shareholder proposal made pursuant to the provisions of the CBCA or a requisition of shareholders made in accordance with the CBCA. The advance notice provision, among other things, provides for a deadline by which shareholders must notify the Company in writing of an intention to nominate directors for election to the Board prior to any annual or special meeting of shareholders and sets forth the information that a shareholder must include in such notice. In the case of an annual meeting of shareholders, notice to the Company must be made not less than 30 days prior to the date of the annual meeting; provided, however, that in the event that the annual meeting is called for a date that is less than 50 days after the date on which the first public announcement of the date of the annual meeting was made, notice may be made not later than the close of business on the 10th day following such public announcement.

Shareholders wishing to put forward a proposal or nominate a director for election should carefully review the relevant provisions of the Exchange Act, the CBCA and our amended and restated by-laws. Our by-laws, including the advance notice provisions, were approved by the Company's shareholders at the annual and special meeting in 2015, and were set out in Schedule A to the information circular relating to such meeting. A copy of the by-laws is available on request from the Corporate Secretary of the Company and the information circular for our annual and special meeting in 2015 may be accessed through SEDAR at www.sedar.com or EDGAR at www.sec.gov

Shareholders must submit written proposals, in accordance with the foregoing procedures, to the following address:

Annex: Selected Definitions of Non-GAAP Financial Measures to GAAP Measures

Certain Definitions

The following defines non-GAAP financial measures used in this Proxy Statement.

Capital performance is calculated as earnings before interest and income taxes for the applicable period excluding the pre-tax effects of items that the Compensation Committee or the Board determines, for this purpose, to be non-recurring or unusual, divided by adjusted average invested capital. For this purpose, adjusted average invested capital means average long-term debt excluding long-term debt held in escrow, plus average stockholders' equity excluding items that the Compensation Committee or the Board determines, for this purpose, to be non-recurring or unusual.

Compensation earnings before interest, income taxes, depreciation and amortization (EBITDA) means EBITDA excluding the pre-tax effects of significant items that the Company does not consider to be part of normal operating results, such as management reorganization costs, severance, gains/losses on sale of certain property, plant and equipment, impairment losses and certain other items that the Company refers to as adjusting items, as well as items that the Compensation Committee or the Board determines, for this purpose, to be non-recurring or unusual.

Diluted adjusted earnings per share attributable to stockholders is calculated by dividing net income attributable to stockholders excluding the after-tax effects of adjusting items by the weighted average number of diluted shares outstanding.

Earnings growth means the compounded annual growth rate over three years of the Company's net income attributable to stockholders excluding after-tax adjusting items and items that the Compensation Committee or the Board determines, for this purpose, to be non-recurring or unusual.

Operating free cash flow is calculated as cash provided by operating activities minus net capital spending. Net capital spending is a GAAP measure that is calculated as property, plant and equipment additions plus intangible asset additions less proceeds on disposition of property, plant and equipment.

Return on net assets is calculated as net income attributable to stockholders excluding the after-tax effects of adjusting items, plus net finance costs, less the income tax effect of net finance costs, and excluding items that the Compensation Committee or the Board determines, for this purpose, to be non-recurring or unusual, divided by adjusted net assets. For this purpose, adjusted net assets means total assets, minus cash and cash equivalents, restricted cash, and current liabilities, and excluding items that the Compensation Committee or the Board determines, for this purpose, to be non-recurring or unusual.

multiplied by the Fair Market Value of one Common Share as at the date of vesting, payable or to be satisfied, as determined by the Committee:

- (i) by a lump sum payment in cash, net of all Applicable Tax Withholdings; or
- subject to the rules, policies or requirements of any stock exchange on which the Common Shares are listed or
- (ii) quoted, by the issuance from treasury to the Participant of Common Shares in accordance with Appendix A Section 3.
- (b) Subject to Section 6.4 of the Plan, notwithstanding the foregoing, if at the date of vesting of any Sign-on PSUs, the Participant or the Corporation may be in possession of undisclosed material information regarding the Corporation, or on such date of vesting, pursuant to any insider or securities trading policy of the Corporation, the ability of the Participant or the Corporation to trade in securities of the Corporation may be restricted, the Committee may, in its discretion, determine that the payment to be paid to the Participant in respect of any Vested Sign-on PSUs shall be an amount equal to the number of Vested Sign-on PSUs multiplied by the Fair Market Value of one Common Share as at such date (the **Valuation Date**), following the date of vesting, which is after the later of (i) the date on which the Participant or the Corporation is no longer in possession of material undisclosed information and (ii) the date on which the ability of the Participant or the Corporation to trade in securities of the Corporation is not restricted, as may be determined by the Committee.
- (c) The Committee may, at the time of any award or grant of Sign-on PSUs under the Plan, or at any time thereafter, determine, subject to the provisions of Appendix A Sections 2(a) and 3(a), and without prejudice to the discretion of the Committee pursuant to Appendix A Section 3(g), or otherwise in the Plan, whether payment of the amount referred to in Appendix A Section 2(a) is to be paid or satisfied (i) as contemplated in Appendix A Section 2(a)(i) or (ii) as contemplated in Appendix A Section 2(a)(ii) and may from time to time after any such determination, change such determination.
- (d) For greater certainty, and without limiting any other provisions of the Plan, including Section 9.9, the Corporation shall be entitled to withhold, or cause to be withheld, and deduct, or cause to be deducted, from the amount payable pursuant to Appendix A Section 2(a) an amount that the Corporation estimates is equal to Applicable Tax Withholdings in respect of such payment, prior to the determination of the amount of such Applicable Tax Withholding, and pay or satisfy the balance of such payment to be applied in accordance with Appendix A Section 2 or Appendix A Section 3, as applicable.

3. Issuance of Common Shares Sign-on Grant.

- (a) Notwithstanding Appendix A Section 2(a), and the other provisions of this Appendix A Section 3, no Common Shares shall be issued pursuant to this Appendix A Section 3, unless the number of Common Shares to be issued will not result in the restrictions referred to in Appendix A Section 3(i), (l) or (m) being contravened.
- (b) Subject to Appendix A Section 3(a) and notwithstanding Section 6.2 of the Plan, the payment referred to in Appendix A Section 2(a)(ii), net of Applicable Tax Withholdings, is to be paid or satisfied by the application of the amount referred to in Appendix A Section 2(a)(ii), net of Applicable Tax Withholdings (the **Net Payment Amount**) to the subscription by the Participant for, and issuance by the Corporation to the Participant of, Common Shares at an issue price per share equal to the Fair Market Value of one Common Share as at the date of vesting (or, if Appendix A Section 2(b) is applicable, the Fair Market Value of one Common Share as at the Valuation Date determined pursuant to Appendix A Section 2(b)). The number of Common Shares to be so issued shall be equal to the whole number of Common Shares that is determined by dividing the Net Payment Amount by the Fair Market Value of one Common Share as contemplated in this Appendix A Section 3(b). Where dividing the Net Payment Amount by such Fair

Market Value would otherwise result in a fraction of a Common Share potentially being required to be issued, the number of Common Shares to be issued shall be rounded down to the next whole number of Common Shares. No fractional Common Shares shall be issued and any fractional share entitlement will be satisfied by a cash payment to the

Appendix A-4

TABLE OF CONTENTS

Participant in an amount equal to such fractional share entitlement multiplied by the Fair Market Value of one Common Share as contemplated in this Appendix A Section 3(b). Common Shares issued by the Corporation pursuant to this Appendix A Section 3 shall be considered fully paid in consideration of application of the Net Payment Amount, less any cash payment in respect of any fractional share entitlement as contemplated in this Appendix A Section 3(b), to the subscription by the Participant for Common Shares issued at an issue price equal to the Fair Market Value of one Common Share as contemplated in this Appendix A Section 3(b).

(c) Subject to the provisions of Appendix A Sections 3(a) and (b), Common Shares issued pursuant to this Appendix A Section 3 are to be issued in such manner, and to be held on such terms, as the Committee may from time to time determine or approve.

(d) Without limiting the generality of the foregoing, such manner, and terms, referred to in Appendix A Section 3(c) may (but need not) include providing for any requirements that may be applicable under any Applicable Laws, including any requirement that may restrict the transferability of any Common Shares issued pursuant to this Appendix A Section 3 and held by or on behalf of the Participant.

(e) Notwithstanding Appendix A Sections 3(c) and (d), unless the Committee otherwise determines, the Corporation will not be responsible for brokerage fees and other administration or transaction costs relating to the transfer, sale or other disposition of Common Shares held by or on behalf of the Participant that have been issued pursuant to Appendix A Section 3.

(f) Unless the Committee otherwise determines, Common Shares issued pursuant to this Appendix A Section 3 shall be issued to the Participant (or, if applicable, the Participant's Beneficiary) and one or more certificates representing the Common Shares so issued shall be delivered to the Participant (or, if applicable, the Participant's Beneficiary), or, if the Participant (or, if applicable, the Participant's Beneficiary) may so direct, to the investment dealer for the Participant (or, if applicable, the Participant's Beneficiary) as the Participant (or, if applicable, the Participant's Beneficiary) may direct, which is acceptable to the Corporation, acting reasonably.

(g) Notwithstanding Appendix A Section 2(a) and the foregoing provisions of this Appendix A Section 3, the Committee may, in its discretion, determine that a payment referred to in Appendix A Section 2(a)(ii) shall not be paid or satisfied by the issuance of Common Shares, pursuant to this Appendix A Section 3, including, without limitation, if the Committee is not satisfied that such issuance will be exempt from all registration or qualification requirements of any applicable securities laws of Canada (including the provinces thereof) or of the United States of America (including the states thereof) or any other foreign jurisdiction and applicable by-laws, rules or regulations of any stock exchange on which the Common Shares may be listed or posted for trading. If the Committee makes such a determination, notwithstanding Appendix A Section 2(a), the payment required pursuant to Appendix A Section 2(a)(ii) shall be payable by a lump sum payment in cash, net of all Applicable Tax Withholdings.

(h) Notwithstanding the other provisions of this Appendix A Section 3, in the event Common Shares issued pursuant to this Appendix A Section 3 are to be held by any trustee, administrator, administrative agent or other person on behalf of any Participant, the trustee, administrator, administrative agent or other person will receive and hold such Common Shares as nominee and agent on behalf of the Participant, and such Common Shares, and distributions which may be received in respect thereof, shall be the property of the Participant and be held by such person as nominee and agent on behalf of the Participant as the Participant's property, and subject to the Participant's direction.

(i) The aggregate maximum number of Common Shares that may be issued pursuant to the Plan, is 150,000 Common Shares, subject to the adjustment of such maximum number by the Committee in connection with an event described in Section 4.3(a) of the Plan.

(j) The Board will reserve for allotment from time to time out of the authorized but unissued Common Shares sufficient Common Shares to provide for issuance of all Common Shares which are issuable under this Appendix A Section 3 and may from time to time reserve for allotment out of the unissued

Appendix A-5

TABLE OF CONTENTS

Common Shares such number of Common Shares as the Committee may from time to time estimate or determine is the number of Common Shares that may be issued under this Appendix A Section 3.

(k) For greater certainty, nothing in the Plan shall be construed as to confer on the Participant any rights as a shareholder of the Corporation with respect to any Common Shares which may be reserved for issuance under this Appendix A Section 3. The Participant will only have rights as a shareholder of the Corporation with respect to Common Shares that are issued to the Participant pursuant to and in accordance with the provisions of this Appendix A Section 3.

(l) The number of Common Shares issuable to Insiders, at any time, pursuant to (i) the Plan, or (ii) any other Securities Compensation Arrangement, including (A) the Employee Performance Share Unit Plan, (B) the Senior Executive Performance Share Unit Plan and (C) the Stock Option Plan, cannot exceed 10% of the issued and outstanding Common Shares.

(m) The number of Common Shares issuable to Insiders, within any one year period, under the Plan, and (ii) any other Securities Compensation Arrangement, including (A) the Employee Performance Share Unit Plan, (B) the Senior Executive Performance Share Unit Plan and (C) the Stock Option Plan, cannot exceed 10% of the issued and outstanding Common Shares.

(n) For greater certainty, no Common Shares may be issued or reserved for issuance under the Plan to any non-employee director of the Corporation.

4. Death.

Notwithstanding Appendix A Section 2, and subject to Section 6.4 of the Plan, in respect of all Sign-on PSUs recorded in such Participant's PSU Account as at the date of death that had vested as at the date of death, and all Sign-on PSUs recorded in the Participant's PSU Account as at the date of death (and, if applicable, any PSUs referred to in Section 4.2 or Section 5.2 of the Plan credited to the Participant's PSU Account after the date of death in relation to any Sign-on PSUs recorded in such Participant's PSU Account as at the date of death) that vest after the date of death, the Participant will be entitled to receive a cash payment in an amount equal to the number of such Vested Sign-on PSUs multiplied by the Fair Market Value of one Common Share as at the date of vesting, subject to the provisions of Appendix A Section 2(b), payable by a lump sum payment in cash, net of all Applicable Tax Withholdings.

5. Legal Compliance.

The issuance of Common Shares pursuant to the provisions of Appendix A Section 3 shall be subject to compliance with Applicable Laws. The issuance of any Common Shares pursuant to the provisions of the Plan shall be subject to the requirement that, if at any time the Committee, or legal counsel to the Corporation, determines that the registration, listing or qualification of Common Shares to be issued pursuant to the provisions of the Plan upon any securities exchange or under any Canadian or foreign federal, state, provincial, local or other law, or the consent or approval of any governmental regulatory body, or securities exchange, is necessary or desirable as a condition of, or in connection with, the award of any Sign-on PSUs, the issuance of any Common Shares pursuant to Appendix A Section 3, or any transfer of Common Shares which may be held by or on behalf of a Participant, the Committee may, by notice to the Participant, impose a requirement that no Common Shares may be issued pursuant to Appendix A Section 3, or that no Common Shares which may be issued pursuant to Appendix A Section 3 in connection with any Sign-on PSUs may be sold or transferred, unless and until such registration, listing, qualification, consent or approval

shall have been effected or obtained free of any condition not acceptable to the Committee. If Common Shares may not be issued pursuant to Appendix A Section 3 as provided in this Appendix A Section 5, then the payment required to be made pursuant to Appendix A Section 2 that is not satisfied by the issuance of Common Shares pursuant to Appendix A Section 3, shall be paid by a lump sum payment in cash, net of Applicable Tax Withholding. The Corporation may from time to time take such steps as the Committee may from time to time determine are necessary or desirable to restrict transferability of any Common Shares that may be issued pursuant to Appendix A Section 3, in order to ensure compliance with Applicable Laws, including the endorsement of a legend on any certificate

representing Common Shares so acquired or issued to the effect that the transferability of such Common Shares is restricted. Nothing herein shall be deemed to require the Corporation to take any action, or refrain from taking any action or to apply for or to obtain any registration, listing, qualification, consent or approval in order to comply with any condition of any law or regulation applicable to the issuance of any Common Shares under Appendix A Section 3.

6. Compliance with Income Tax Requirements.

- (a) The Participant shall be responsible for reporting and paying all income and other taxes applicable to or payable in respect of transactions involving Common Shares issued pursuant to Appendix A Section 3 and held by any trustee, administrator, broker or other person on the Participant's behalf, or distributions in respect thereof, including, without limitation, any taxes payable on (i) any transfer of the Common Shares held by or on behalf of Participant, (ii) distributions paid on Common Shares held by or on behalf of Participant, and (iii) the sale or other disposition of Common Shares held by or on behalf of the Participant.

- (ii) the full powers of the Board and of the Committee as provided for in the Plan will survive the termination of the Plan until any Common Shares issued pursuant to Appendix A Section 3 that are held by or on behalf of a Participant which are subject to any terms or conditions determined or approved pursuant to Appendix A Section 3 are no longer subject to such terms or conditions.

ARTICLE 4

PERFORMANCE SHARE UNIT ACCOUNTS

4.1 Performance Share Unit Accounts

A notional account will be established for each Participant, to reflect such Participant's interest under this Plan. The account so established shall be (i) credited with the number of PSUs (including, if applicable, fractional PSUs) credited pursuant to section 3.1 and (ii) adjusted to reflect additional PSUs (including, if applicable, fractional PSUs) credited pursuant to section 4.2 or 5.2, and the cancellation of PSUs (including, if applicable, fractional PSUs) with respect to which payments are made pursuant to section 6.1 or which fail to vest as contemplated in Article 5 or Article 7. PSUs that fail to vest in a Participant pursuant to Article 5 or Article 7, or that are paid out to the Participant or the Participant's Beneficiary or legal representatives, shall be cancelled and cease to be recorded in the Participant's PSU Account as of the date on which such PSUs are forfeited or cancelled under this Plan or are paid out, as the case may be. Each such account shall be established and maintained for bookkeeping purposes only. Neither this Plan nor any of the accounts established hereunder shall hold any actual funds or assets.

4.2 Dividend Equivalents

The PSU Account of each Participant will be credited with additional PSUs (including, if applicable, fractional PSUs) (**Dividend Equivalents**) on each dividend payment date in respect of which Dividends are paid by the Corporation on the Common Shares. Such Dividend Equivalents will be computed by dividing: (i) the product obtained by multiplying the amount of the Dividend declared and paid by the Corporation on the Common Shares on a per share basis by the number of PSUs recorded in the Participant's PSU account on the record date for the payment of such Dividend, by (ii) the Fair Market Value of a Common Share on the date the Dividend is paid by the Corporation, with fractional PSUs calculated and rounded to two decimal places. Notwithstanding the foregoing, no additional PSUs shall be credited to the account of one or more Participants pursuant to this section 4.2 from and after the date on which the Participant ceases to be Employed.

4.3 Reorganization Adjustments

In the event of any declaration of any stock dividend payable in securities (other than a dividend which may be paid in cash or in securities at the option of the holder of Common Shares), or any subdivision or consolidation of Common Shares, reclassification or conversion of Common Shares, or any combination or exchange of securities, merger, consolidation, recapitalization, amalgamation, plan of arrangement, reorganization, spin off involving the Corporation or other distribution (other than normal course cash dividends) of Corporation assets to holders of Common Shares or any other similar corporate transaction or event, which the Committee determines affects the Common Shares such that an adjustment is appropriate to prevent dilution or enlargement of the rights of

(a) Participants under this Plan, then, subject to any relevant resolutions of the Board (if required in the opinion of the Corporation's counsel) the Committee, in its sole discretion, and without liability to any person, shall make such equitable changes or adjustments, if any, as it considers appropriate, in such manner as the Committee may consider equitable, to reflect such change or event including, without limitation, adjusting the number of PSUs outstanding under this Plan, provided that the value of the PSUs credited to a Participant's PSU Account immediately after such an adjustment shall not exceed the value of the PSUs credited to such account immediately prior thereto.

The Corporation shall give notice to each Participant in the manner determined, specified or approved by the
(b) Committee of any change or adjustment made pursuant to this section and, upon such notice, such adjustment shall be conclusive and binding for all purposes.

The Committee may from time to time adopt rules, regulations, policies, guidelines or conditions with respect to
(c) the exercise of the power or authority to make changes or adjustments pursuant to section 4.3(a). The Committee, in making any determination with respect to changes or adjustments pursuant to section 4.3(a), shall be entitled to impose such conditions as it

Appendix B-8

TABLE OF CONTENTS

considers or determines necessary in the circumstances, including conditions with respect to satisfaction or payment of all applicable taxes (including, but not limited to, withholding taxes).

The existence of outstanding PSUs shall not affect in any way the right or power and authority of the Corporation or its shareholders to make or authorize any alteration, recapitalization, reorganization or any other change in the Corporation's capital structure or its business or any merger, amalgamation, combination or consolidation of or involving the Corporation, or to create or issue any bonds, debentures, shares or other securities of the Corporation, (d) or the rights and conditions attaching thereto, or to amend the terms and conditions or rights and restrictions thereof (ranking ahead of the Common Shares or otherwise), or any right thereto, or to effect the dissolution or liquidation of the Corporation or any sale or transfer of all or any part of its assets or business or any other corporate act or proceeding, whether of a similar nature or character or otherwise.

ARTICLE 5 VESTING

5.1 Vesting General

Subject to section 5.3 and section 7.8, unless the Board or Committee otherwise determines, all PSUs awarded pursuant to section 3.1 to any Participant shall vest at the time and in the manner determined by the Board or Committee at the time of the award or grant and shall be set out in (or in a Schedule or Exhibit to) the Grant Agreement or Grant Letter evidencing the award of such PSUs, provided that, subject to the provisions of Article 7, such Participant remains Employed by the Corporation or an Affiliate at the expiry of the Vesting Period applicable to such PSUs. For greater certainty, PSUs that have been granted or awarded to a Participant and which do not vest in accordance with this Article 5 or Article 7, as applicable, shall be forfeited by the Participant and the Participant will have no further right, title or interest in such PSUs and shall have no right to receive any cash payment with respect to any PSU that does not become a vested PSU. All PSUs referred to in section 4.2 shall vest at the time when the PSUs in respect of which such Dividend Equivalents were credited vest. Except where the context requires otherwise, each

PSU which vests pursuant to this section 5.1 or section 7.8 (and each additional PSU which may be granted or credited pursuant to section 5.2 which vests pursuant to section 5.2 or section 7.8) shall be referred to as a **Vested Performance Share Unit** or **Vested PSU** and collectively as **Vested Performance Share Units** or **Vested PSUs**.

5.2 Vesting of Additional PSUs

5.3 Waiver of Vesting Criteria

Subject to section 6.4, the Board or Committee may, in its discretion, waive any restrictions with respect to vesting criteria, conditions, limitations or restrictions with respect to any PSUs granted or awarded to any Participant (including reducing or eliminating any Performance Period or Vesting Period originally determined) and may, in its discretion, at any time permit the acceleration of vesting of any or all PSUs or determine that any PSU has vested, in

whole or in part, all in such manner and on such terms as may be approved by the Board or Committee, where in the opinion of the Board or Committee it is reasonable to do so and does not prejudice the rights of the Participant under the Plan.

ARTICLE 6

PAYMENT FOLLOWING VESTING

6.1 Payment Following Vesting

Subject to Article 7, following vesting of any PSU recorded in any Participant's PSU Account, the Corporation will pay the Participant a cash payment in an amount equal to the number of such Vested PSUs multiplied by the Fair Market Value of one Common Share as at the date of vesting, payable by a lump sum payment in cash, net of all Applicable Tax. Notwithstanding the foregoing, if at the date of vesting of any PSUs, a Participant or the Corporation may be in possession of undisclosed material information regarding the Corporation, or on such date of vesting, pursuant to any insider or securities trading policy of the Corporation, the ability of a Participant or the Corporation to trade in securities of the Corporation may be restricted, the Committee may, in its discretion, determine that the cash payment to be paid to any Participant in respect of any Vested PSUs shall be an amount equal to the number of Vested PSUs multiplied by the Fair Market Value of one Common Share as at such date, following the date of vesting, which is after the later of (i) the date on which the Participant or the Corporation is no longer in possession of material undisclosed information and (ii) the date on which the ability of the Participant or the Corporation to trade in securities of the Corporation is not restricted, as may be determined by the Committee.

6.2 Restriction

For greater certainty, no terms or conditions determined by the Board or the Committee pursuant to section 3.1 or 3.2 may have the effect of causing payment of the value of a PSU to a Participant, or the personal representatives of a Participant, after December 31 of the third calendar year following the calendar year in respect of which such PSU (or, in the case of any additional PSU credited pursuant to section 4.2 or section 5.2, the PSU in respect of which such additional PSU was credited) was granted or awarded.

6.3 Time of Payment

Subject to section 6.2, amounts payable pursuant to section 6.1 will be paid as soon as practicable following the end of the month in which the PSUs vest after the Corporation has determined the number of PSUs that have vested. Notwithstanding the foregoing, if payment of any amount pursuant to this section 6.3 would otherwise occur at any time during which a Participant may be in possession of undisclosed material information regarding the Corporation, or at any time during which, pursuant to any insider or securities trading policy of the Corporation, the ability of a Participant to trade in securities of the Corporation may be restricted, unless the Committee otherwise determines, payment will be postponed to the date which is five days after the later of (i) the date on which the Participant is no longer in possession of material undisclosed information or (ii) the date on which the ability of the Participant to trade in securities of the Corporation is not restricted.
