Petros Supplementary Pension Plan

Rio de Janeiro, June 23, 2016 – Petróleo Brasileiro S.A. – Petrobras announces that the Deliberative Board of Petros approved, at a meeting held today, the Actuarial Statement of the Petros Plan of the Petrobras System (PPSP), related to 2015, having been confirmed the disclosure of a deficit of the Plan above the tolerance limit set out in the Resolution No. 22/2015 of the National Council for Supplementary Pension Plans (CNPC).

As established in the current legislation, the total deficit of the PPSP in 2015 amounting to R\$22.6 billion, must be excluded from the tolerance limit called Limit of the Accumulated Technical Deficit - LDTA, in the amount of R\$6.5 billion, thus resulting in the net amount to be equated of R\$16.1 billion that must be divided equally between the sponsors (50%) and the participants and beneficiaries of the Plan (50%), pursuant to the parity rule established by the Constitutional Amendment No. 20/1998.

Therefore, throughout the year of 2016, Petros must develop a Deficit Equationing Plan, which will increase the contributions of the sponsors, of the participants and of the beneficiaries of the Plan from 2017.

The Equationing Plan will present an actuarial study that will disclose the deficit's causes, as well as establish the payment method and term. Some additional percentages of the contributions will be established in the equationing, which will be charged over time, up to a maximum term of about 18 years.

PPSP is a plan of Established Benefits, which covers approximately 21,000 active participants and 55,000 assisted participants, and is subject to the risks of the pension plan and actuarial and market fluctuation risks, which can affect the estimation of actuarial liabilities and the vested assets. Thus, this plan may present financial shortcomings throughout its existence.

The deficit presented above is already included in the financial statements of Petrobras disclosed to the market. Additional contributions from the sponsor for addressing the deficit will be reflected in the statements, as they are actually performed.

It is noteworthy that the audited financial statements of Petros for the year 2015 are nearing completion, with the deadline for submission to the National Superintendency of Pension Funds (PREVIC) until 31 July 2016.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
