RELEVANT FACT

Vivo Participações S.A., the holding company of Personal Mobile Service companies that operate under Brazilian leading brand “**Vivo**”, hereby informs, in the manner and for the purposes set forth in CVM Instruction No. 358/02, that its Operators, which provide services in 19 States and in the Federal District, will start studies with a view to achieve technological evolution towards the W-CDMA pattern, which shall be implemented through the construction of a GSM-EDGE network to be possibly overlaid to W-CDMA, to be added to its current CDMA network, which will continue in full operation and expansion. The Company informs that the results of said studies will be submitted to the Executive Committee and to the Board of Directors for their appraisal and resolution.

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
