Notes to Condensed Consolidated Financial Statements (Unaudited)

Note 1 - The accompanying unaudited interim condensed consolidated financial statements, included herein, have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to such rules and regulations. These condensed consolidated statements have been prepared in accordance with the Company's accounting policies described in its Annual Report on Form 10-K for the year ended December 31, 2012 and should be read in conjunction with the audited consolidated financial statements and the notes thereto included in that report. Unless the context indicates otherwise, references to the "Company" mean Noble Roman's, Inc. and its subsidiaries.

In the opinion of the management of the Company, the information contained herein reflects all adjustments necessary for a fair presentation of the results of operations and cash flows for the interim periods presented and the financial condition as of the dates indicated, which adjustments are of a normal recurring nature. The results for the three-month period ended March 31, 2013 are not necessarily indicative of the results to be expected for the full year ending December 31, 2013.

Note 2 - Royalties and fees include \$74,833 and \$110,000 for the three-month periods ended March 31, 2012 and 2013, respectively, of initial franchise fees. Royalties and fees included \$9,345 and \$13,327 for the three-month periods ended March 31, 2012 and 2013, respectively, of equipment commissions. Royalties and fees, less initial franchise fees and equipment commissions were \$1,619,388 and \$1,658,979 for the three-month periods ended March 31, 2012 and 2013, respectively. Most of the cost for the services required to be performed by the Company are incurred prior to the franchise fee income being recorded, which is based on a contractual liability for the franchisee. For the most part, the Company's royalty income is paid by the Company initiating a draft on the franchisee's account by electronic withdrawal. The Company has no material amount of past due royalties.

There were 1,847 outlets in operation on December 31, 2012 and 1,895 outlets in operation on March 31, 2013. During the three-month period ended March 31, 2013, there were 59 new outlets opened and 11 outlets closed. In the ordinary course, grocery stores from time to time add products, remove and frequently re-offer them. Therefore, it is unknown how many grocery store licenses have left the system.

Note 4 - The Company was a Defendant in a lawsuit styled Kari Heyser, Fred Eric Heyser and Meck Enterprises, LLC, et al v. Noble Roman's, Inc. et al, filed in Superior Court in Hamilton County, Indiana in June 2008 (Cause No. 29D01 0806 PL 739). The Plaintiffs' allegations of fraud against the Company and certain of its officers were determined to be without merit and Plaintiffs have exhausted their rights of appeal. The separate claim by one of the Plaintiffs under the Indiana Franchise Act was settled. There are no longer any claims pending against the Company in this case.

Edgar Filing: NOBLE ROMANS INC - Form 10-Q

The Company asserted counterclaims for damages for breach of contract against the Plaintiffs. The Company proceeded to trial against two of the Plaintiffs and obtained damage awards against each. In addition to direct and consequential damages in the Court's summary judgment Order, the Court determined that as a matter of law Noble Roman's is entitled to recover attorneys' fees associated with obtaining preliminary injunctions, fees resulting from the prosecution of Noble Roman's counterclaims, and fees for defending against the various claims against the Company. A hearing was set for March 21, 2013 on the amount of

8

attorneys' fees to be awarded, however the hearing date was extended and the Court has not yet issued an Order setting a new hearing date. Sometime after the hearing on attorney fees, the Court is expected to issue an Order for a judgment amount to be awarded to the Company against the two remaining Plaintiffs.

Note 5 - The Company evaluated subsequent events through the date the financial statements were issued and filed with the S.E.C. There were no subsequent events that required recognition or disclosure beyond what is disclosed in this report.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

General Information

Noble Roman's, Inc., an Indiana corporation incorporated in 1972 with two wholly-owned subsidiaries, Pizzaco, Inc. and N.R. Realty, Inc., sells and services franchises and licenses for non-traditional foodservice operations under the trade names "Noble Roman's Pizza", "Noble Roman's Take-N-Bake" and "Tuscano's Italian Style Subs". The concepts' hallmarks include high quality pizza and sub sandwiches, along with other related menu items, simple operating systems, fast service times, labor-minimizing operations, attractive food costs and overall affordability. Since 1997, the Company has focused its efforts and resources primarily on franchising and licensing for non-traditional locations and now has awarded franchise and/or license agreements in 49 states plus Washington, D.C., Puerto Rico, the Bahamas, Italy, the Dominican Republic and Canada. Although from 2005 to 2007 the Company sold some franchises for its concepts in traditional restaurant locations, the Company is currently focusing all of its sales efforts on (1) franchises for non-traditional locations primarily in convenience stores and entertainment facilities, (2) franchises for stand-alone Noble Roman's Take-N-Bake Pizza retail outlets and (3) license agreements for grocery stores to sell the Noble Roman's Take-N-Bake Pizza. Pizzaco, Inc. is the owner and operator of the two Company locations used for testing and demonstration purposes. The Company has no plans to operate any other locations. References in this report to the "Company" are to Noble Roman's, Inc. and its subsidiaries, unless the context requires otherwise.

Products & Systems

The Company's non-traditional franchises provide high-quality products, simple operating systems, labor minimizing operations and attractive food costs.

Noble Roman's Pizza

The hallmark of Noble Roman's Pizza is "Superior quality that our customers can taste." Every ingredient and process has been designed with a view to produce superior results.

Edgar Filing: NOBLE ROMANS INC - Form 10-Q

- o Crust made with only specially milled flour with above average protein and yeast.
- o Fresh packed, uncondensed sauce made with secret spices, parmesan cheese and vine-ripened tomatoes.
- o 100% real cheese blended from mozzarella and Muenster, with no soy additives or extenders.
- o 100% real meat toppings, with no additives or extenders - a distinction compared to many pizza concepts.
- o Vegetable and mushroom toppings that are sliced and delivered fresh, never canned.

9

- o An extended product line that includes breadsticks and cheesy stix with dip, pasta, baked sandwiches, salads, wings and a line of breakfast products.
- o A fully-prepared pizza crust that captures the made-from-scratch pizzeria flavor which gets delivered to the franchise location shelf-stable so that dough handling is no longer an impediment to a consistent product.

Noble Roman's Take-N-Bake

The Company developed a take-n-bake version of its pizza as an addition to its menu offerings. The take-n-bake pizza is designed as an add-on component for new and existing convenience stores, as a stand-alone offering for grocery stores and as a stand-alone take-n-bake retail outlet. The Company offers the take-n-bake program in grocery stores as a license agreement rather than a franchise agreement. The stand-alone take-n-bake pizza format is offered under a franchise agreement. In convenience stores, take-n-bake is an available menu offering under the existing franchise agreement. The Company uses the same high quality pizza ingredients for its take-n-bake pizza as with its standard pizza, with slight modifications to portioning for increased home baking performance.

Tuscano's Italian Style Subs

Tuscano's Italian Style Subs is a separate concept that focuses on sub sandwich menu items. Tuscano's was designed to be comfortably familiar from a customer's perspective but with many distinctive features that include an Italian-themed menu. The franchise fee and ongoing royalty for a Tuscano's is identical to that charged for a Noble Roman's Pizza franchise. For the most part, the Company awards Tuscano's franchises for some of the same facilities as Noble Roman's Pizza franchises, although Tuscano's franchises are also available for locations that do not have a Noble Roman's Pizza franchise. Noble Roman's has developed a grab-n-go service system for a selected portion of the Tuscano's menu. The grab-n-go system is designed to add sales opportunities at existing non-traditional Noble Roman's Pizza and/or Tuscano's Subs locations. Franchisees that opened prior to the development of the grab-n-go service system may add it as an option. New, non-traditional franchisees have the opportunity to open with both take-n-bake pizza and grab-n-go subs when they acquire a Noble Roman's franchise or license.

Business Strategy

The Company's business strategy includes the following four elements:

1. Focus on revenue expansion through three primary growth vehicles:

Sales of Non-Traditional Franchises and Licenses. The Company believes it has an opportunity for increasing unit growth and revenue within its non-traditional

Edgar Filing: NOBLE ROMANS INC - Form 10-Q

venues, particularly with convenience stores, travel plazas and entertainment facilities. The Company's franchises in non-traditional locations are foodservice providers within a host business, and usually require a substantially lower investment compared to a stand-alone traditional location. Non-traditional franchises and licenses are most often sold into pre-existing facilities as a service and/or revenue enhancer for the underlying business. Although the Company's current focus is on non-traditional franchise or license expansion and franchising stand-alone take-n-bake pizza retail outlets, the Company will still seek to capitalize on other franchising opportunities as they present themselves.

As a result of the Company's major focus on non-traditional franchising, franchising stand-alone take-n-bake retail outlets and licensing take-n-bake pizzas for grocery stores, Company overhead and operating costs are

10

significantly less than if it were focusing on franchising traditional locations. In addition, the Company does not operate restaurants except for two restaurants it uses for product testing, demonstration and training purposes. This allows for a more complete focus on selling and servicing franchises and licenses to pursue increased unit growth.

Licensing and Franchising the Company's Take-N-Bake Program. In late 2009, the Company introduced a take-n-bake pizza as an addition to its menu offering. The take-n-bake pizza is designed as a stand-alone offering for grocery stores and an add-on component for new and existing convenience store franchisees or licensees and stand-alone franchise locations. Since the Company started offering take-n-bake pizza to grocery store chains in late 2009, through May 6, 2013, the Company has signed agreements for approximately 1,550 grocery store locations to operate the take-n-bake pizza program and has opened the take-n-bake pizza program in approximately 1,150 of those locations. The Company is currently in discussions with several grocery store operators for numerous locations for additional take-n-bake license agreements. The Company has six "Signature Specialty Take-N-Bake Pizza" combinations in its current standard offerings. These pizzas feature unique, fun combinations of ingredients with proven customer appeal in other Company venues, and include Hawaiian pizza, Four Cheese pizza, BBQ Pork pizza, BBQ Chicken pizza, Hoppin' Jalapeno pizza and Parmesan Tomato pizza. The Company's strategy with these specialty pizzas is to secure more shelf space in existing locations, to add appeal of the program in order to attract new locations, and to generally increase sales of the Company's products.

In January 2013, in an attempt to increase sales in existing grocery stores, the Company added two optional variations to the standard grocery store take-n-bake program. The licensee may purchase a Noble Roman's branded display warmer and a small commercial pizza oven for approximately \$500 and offer a Noble Roman's SuperSlice hot pizza program. The other variation is for grocery store deli departments to install a menu board and offer the Company's Make-It-Your-Way pizza program. With this variation, the customer can choose to purchase one of the standard take-n-bake pizzas in the display cooler or can have the deli staff make a pizza with the toppings of the customer's choice.

Franchising the Company's Take-N-Bake Program for Stand-Alone Locations. In 2012, the Company developed a stand-alone take-n-bake pizza prototype and has entered into agreements for 11 locations as of May 6, 2013. The first stand-alone take-n-bake pizza location opened in October 2012, the second location in December 2012, the third location opened in January 2013 and the fourth and fifth locations opened in April 2013. Three additional locations are scheduled to open in May 2013 and the remaining three locations are planned to open in the next few months. The Company's stand-alone take-n-bake program

Edgar Filing: NOBLE ROMANS INC - Form 10-Q

features the chain's popular traditional Hand-Tossed Style pizza, Deep-Dish Sicilian pizza, SuperThin pizza, all with a choice of three different types of sauce, and Noble Roman's famous breadsticks with spicy cheese sauce, all in a convenient cook-at-home format. Additional menu items include such items as fresh salads, cookie dough, cinnamon rounds, bake-able pasta and more. The Company is currently in discussions with several other prospects for its stand-alone program and is advertising for additional franchisees through various web-based franchise referral systems. In addition, the Company will demonstrate Noble Roman's stand-alone Take-N-Bake Pizza concept at the National Restaurant Association Show in May 2013.

11

2. Leverage the results of extensive research and development advances.

The Company has invested significant time and effort to create what it considers to be competitive advantages in its products and systems for non-traditional and take-n-bake locations. The Company will continue to make these investments the focal point in its marketing process. The Company believes that the quality of its products, their cost-effectiveness, relatively simple production and service systems, and its diverse, modularized menu offerings all contribute to the Company's growth potential. Every ingredient and process was designed with a view to producing superior results. The menu items were developed to be delivered in a ready-to-use form requiring only on-site assembly and baking except for take-n-bake pizza, which is sold to bake at home, and certain other menu items which require no assembly. The Company believes this process results in products that are great tasting, quality consistent, easy to assemble, relatively low in food cost, and require very low amounts of labor, thus allowing for a significant competitive advantage due to the speed at which the products can be prepared, baked and served to customers.

For example, in convenience stores and travel plazas, at competitive retail prices, gross margins on Noble Roman's products, after cost of product and royalty, can range from approximately 65% to 70%. The Company believes it maintains a competitive advantage in product cost by using carefully selected, independent third-party manufacturers and independent third-party distributors. This allows the Company to contract for production of proprietary products and services with highly efficient suppliers that have the potential of keeping costs low compared to many competing systems whereby the franchisor owns and operates production and distribution systems much less efficiently.

3. Expand the Company's overall capacity to generate new franchises and licenses.

The Company's Chairman and CEO has assumed the lead position at all of the Company's trade shows across the country, which is the primary means for demonstrating its product and system advantages to thousands of prospective non-traditional and grocery operators. This focus has underscored the Company's current, overriding orientation towards new revenue generation.

4. Aggressively communicate the Company's competitive advantages to its target market of potential franchisees and licensees.

The Company utilizes four basic methods of reaching potential franchisees and licensees and to communicate its product and system advantages. These methods include: 1) calling from both acquired and in-house prospect lists; 2) frequent direct mail campaigns to targeted prospects; 3) web-based lead capturing; and 4) live demonstrations at trade and food shows. In particular, the Company has found that conducting live demonstrations of its systems and products at selected trade and food shows across the country allows it to demonstrate

Edgar Filing: NOBLE ROMANS INC - Form 10-Q

advantages that can otherwise be difficult for a potential prospect to visualize. There is no substitute for actually tasting the difference in a product's quality to demonstrate the advantages of the Company's products. The Company carefully selects the national and regional trade and food shows where it either has an existing relationship or considerable previous experience to expect that they offer opportunities for successful lead generation.

Business Operations

Distribution

Primarily all of the Company's products are manufactured pursuant to the Company's recipes and formulas by third-party manufacturers under contracts between the Company and its various manufacturers. These contracts require the

12

manufacturers to produce products with specific specifications and to sell them to Company-approved distributors at a price negotiated between the Company and the manufacturer.

At present, the Company has distribution agreements with 11 primary distributors strategically located throughout the United States. The distribution agreements require the primary distributors to maintain adequate inventories of all products necessary to meet the needs of the Company's franchisees and licensees for weekly deliveries to the franchisee/licensee locations plus the grocery store distributors in their respective territories. Each of the primary distributors purchases the products from the manufacturer, under payment terms agreed upon by the manufacturer and the distributor, and distributes the products to the franchisee/licensee at a price fixed by the distribution agreement, which is landed cost plus a contracted mark-up for distribution. Payment terms to the distributor are agreed upon between each franchisee/licensee and the respective distributor. In addition, the Company has agreements with several grocery store distributors located in various parts of the country which agree to buy their products from one of the primary distributors and to distribute take-n-bake products to their grocery store customers.

Franchising

The Company sells franchises into various non-traditional and traditional venues.

The initial franchise fees are as follows:

Franchise	Non-Traditional, except Hospitals	Hospitals	Traditional Stand-Alone
Noble Roman's Pizza	\$ 6,000	\$10,000	\$15,000
Tuscano's Subs	\$ 6,000	\$10,000	\$15,000
Noble Roman's & Tuscano's	\$10,000	\$18,000	\$18,000

The initial franchise fee for a Noble Roman's stand-alone take-n location is \$15,000.

Edgar Filing: NOBLE ROMANS INC - Form 10-Q

The franchise fees are paid upon signing the franchise agreement and, when paid, are deemed fully earned and non-refundable in consideration of the administration and other expenses incurred by the Company in granting the franchises and for the lost and/or deferred opportunities to grant such franchises to any other party.

Licensing

Noble Roman's Take-n-Bake Pizza licenses for grocery stores are governed by a supply agreement. The supply agreement generally requires the licensee to: (1) purchase proprietary ingredients from a Noble Roman's-approved distributor; (2) assemble the products using only Noble Roman's approved ingredients and recipes; and (3) display products in a manner approved by Noble Roman's using Noble Roman's point-of-sale marketing materials. Pursuant to the distribution agreements, the distributors place an additional mark-up, as determined by the Company, above their normal selling price on the key ingredients as a fee to the Company in lieu of a royalty. The distributors agree to segregate this additional mark-up upon invoicing the licensee, to hold the amount in trust for the Company and to remit such fees to the Company within ten days after the end of each month.

Financial Summary

The preparation of the consolidated financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the consolidated financial statements and accompanying notes. Actual results may differ from those estimates. The Company periodically evaluates the carrying values of its assets, including property, equipment and related costs, accounts receivable and deferred tax assets, to assess whether any impairment indications are present due to (among other factors) recurring operating losses, significant adverse legal developments, competition, changes in demand for the Company's products or changes in the business climate which affect the recovery of recorded value. If any impairment of an individual asset is evident, a charge will be provided to reduce the carrying value to its estimated fair value.

The following table sets forth the percentage relationship to total revenue of the listed items included in Noble Roman's consolidated statements of operations for the three-month periods ended March 31, 2012 and 2013, respectively.

Results of Operations

Total revenue increased from \$1.84 million to \$1.89 million for the three-month period ended March 31, 2013 compared to the corresponding period in 2012. However, revenues in the first quarter 2012 included a \$200,000 adjustment to increase the estimated net realizable value of receivables in the Heyser case. Without the adjustment revenue would have increased from \$1.64 million to \$1.89 million for the three-month period ended March 31, 2013 compared to the corresponding period in 2012, or 15.5%. One-time fees, franchisee fees and equipment commissions ("upfront fees") increased from \$84,000 to \$123,000 in the first quarter 2013 compared to the first quarter 2012. Royalties and fees increased from \$1.62 million, or \$1.42 million without the adjustment to the Heyser case referenced above, to \$1.66 million for the three-month period ended March 31, 2013 compared to the corresponding period in 2012. The breakdown of

14

royalties and fees, less upfront fees, for the three month periods ended March 31, 2012 and 2013, respectively, was: royalties and fees from non-traditional franchises other than grocery stores were \$1.01 million and \$1.16 million; fees from the grocery stores were \$324,000 and \$397,000; royalties and fees from traditional locations were \$280,000, or \$80,000 without the adjustment related to the Heyser case referenced above, and \$77,000; and royalties and fees from stand-alone take-n-bake locations were \$0 and \$24,000. Included in royalties and fees from traditional locations were \$200,000 in the three-month period ended March 31, 2012 for royalties and fees recognized as collectible from traditional locations which are no longer operating.

Restaurant revenue decreased from \$127,000 to \$107,000 for the three-month period ended March 31, 2013 compared to the corresponding period in 2012. The Company only operates two restaurants which it uses for demonstration, training and testing purposes.

Salaries and wages remained approximately the same at 13.2% of total revenue for both the three-month periods ended March 31, 2013 and 2012. Actual salaries and wages increased from \$243,000 to \$249,000 but were offset by an increase in total revenue.

Trade show expenses increased from 6.6% of total revenue to 6.9% of total revenue for the three-month period ended March 31, 2013 compared to the corresponding period in 2012. This increase was the result of scheduling more trade shows for grocery stores consistent with the Company's strategy of accelerating the growth in the number of grocery store locations for its

Edgar Filing: NOBLE ROMANS INC - Form 10-Q

take-n-bake offering.

Travel expenses decreased from 2.7% of total revenue to 2.3% of total revenue for the three-month period ended March 31, 2013 compared to the corresponding period in 2012. Actual travel expense decreased from \$49,000 to \$44,000 for the three-month period ended March 31, 2013 compared to the corresponding period in 2012. The primary reason for the decrease was by more efficient scheduling of Franchise Managers by grouping openings in the same geographic area.

Other operating expenses decreased, as a percentage of total revenue, from 9.7% to 9.6% for the three-month period ended March 31, 2013 compared to the corresponding period in 2012. Actual operating expenses increased from \$178,000 to \$181,000. The reduction in operating expenses as a percentage of total revenue was a result of the Company's continuing efforts to control costs and to increase revenue.

Restaurant expenses decreased as a percentage of total revenue from 6.5% to 5.6% for the three-month period ended March 31, 2013 compared to the corresponding period in 2012. The Company only operates two restaurants which it uses for demonstration, training and testing purposes.

General and administrative expenses as a percentage of total revenue remained approximately the same at 21.5% for both the three-month period ended March 31, 2013 and 2012. Actual general and administrative expense increased from \$396,000 to \$407,000 for the three-month period ended March 31, 2013 compared to the corresponding period in 2012. The actual increase was primarily the result of the Company's hiring an investor relations firm with all other expenses remaining approximately the same.

Total expenses decreased as a percentage of total revenue from 61.9% to 60.6% for the three-month period ended March 31, 2013 compared to the corresponding period in 2012. Actual expenses remained approximately the same at \$1.14 million for both the three-month periods ended March 31, 2013 and 2012. This resulted

15

from the Company's commitment to continue to tightly control expenses while increasing total revenue.

Operating income increased as a percentage of total revenue from 38.1% to 39.4% for the three-month period ended March 31, 2013 compared to the corresponding period in 2012. Actual operating income increased from \$700,000 to \$746,000 for the three-month period ended March 31, 2013 compared to the corresponding period in 2012. This increase was a result of the Company's strategy of seeking to increase revenue while controlling expenses.

Interest expense decreased as a percentage of total revenue from 5.2% to 2.8% for the three-month period ended March 31, 2013 compared to the corresponding period in 2012. This decrease was primarily the result of a decrease in the principal amount of notes payable outstanding and the Company's refinancing of its debt in May 2012 resulting in lowering the effective interest rate on its outstanding debt.

Net income increased from \$365,000 to \$418,000 for the three-month period ended March 31, 2013 compared to the corresponding period in 2012. This increase was primarily the result of the Company's continuing efforts to increase revenue while controlling expenses and the Company continuing to reduce its outstanding debt.

Liquidity and Capital Resources

Edgar Filing: NOBLE ROMANS INC - Form 10-Q

The Company's current strategy is to grow its business by concentrating on franchising/licensing new non-traditional locations, licensing grocery stores to sell take-n-bake pizza and other retail products, and franchising stand-alone take-n-bake locations. This strategy is intended to not require any significant increase in expenses. The Company previously announced the development of the take-n-bake program, which it has been distributing through grocery stores, and it has also created a stand-alone take-n-bake program for an added revenue growth opportunity. The Company has signed agreements for 11 such locations, the first of which opened in October 2012, the second opened in December 2012, the third opened in January 2013 and the fourth and fifth units opened in April 2013. Three additional locations are scheduled to open in May 2013 and the remaining three locations will open in the next few months. The strategy is to continue franchising the stand-alone take-n-bake retail outlets, which the Company believes can be done within its existing overhead structure. Additionally, the Company does not operate any restaurants except for two locations for testing and demonstration purposes. This strategy requires limited overhead and operating expense and does not require significant capital investment.

The Company's current ratio was 2.3-to-1 as of March 31, 2013 compared to 0.9-to-1 as of March 31, 2012. This significant improvement was achieved by refinancing all of its debt into one 48-month amortizing term loan, combined with net income from operating activities.

On May 15, 2012, the Company entered into a Credit Agreement with a bank for a term loan in the amount of \$5.0 million which is repayable in 48 equal monthly principal installments of approximately \$104,000 plus interest with a final payment due on May 15, 2016. Interest on the unpaid principal balance is payable at a rate per annum of LIBOR plus 4%. The proceeds from the term loan, net of certain fees and expenses associated with obtaining the term loan, were used to repay existing bank indebtedness and borrowings from an officer of the Company.

As a result of the financial arrangements described above and the Company's cash flow projections, the Company believes it will have sufficient cash flow to meet its obligations and to carry out its current business plan for the foreseeable

16

future. The Company's cash flow projections are based on the Company's strategy of focusing on growth in non-traditional venues, growth in the number of grocery store locations licensed to sell the take-n-bake pizza and the anticipated growth from franchising the new stand-alone take-n-bake locations.

The Company does not anticipate that any of the recently issued Statement of Financial Accounting Standards will have a material impact on its Statement of Operations or its Balance Sheet.

Forward Looking Statements

The statements contained above in Management's Discussion and Analysis concerning the Company's future revenues, profitability, financial resources, market demand and product development are forward-looking statements (as such term is defined in the Private Securities Litigation Reform Act of 1995) relating to the Company that are based on the beliefs of the management of the Company, as well as assumptions and estimates made by and information currently available to the Company's management. The Company's actual results in the future may differ materially from those projected in the forward-looking statements due to risks and uncertainties that exist in the Company's operations and business environment, including, but not limited to competitive factors and

Edgar Filing: NOBLE ROMANS INC - Form 10-Q

pricing pressures, non-renewal of franchise agreements, shifts in market demand, the success of new franchise programs including the stand-alone take-n-bake locations, general economic conditions, changes in demand for the Company's products or franchises, the success or failure of individual franchisees and changes in prices or supplies of food ingredients and labor as well as the factors discussed under "Risk Factors" as contained in the Company's annual report on Form 10-K. Should one or more of these risks or uncertainties materialize, or should underlying assumptions or estimates prove incorrect, actual results may vary materially from those described herein as anticipated, believed, estimated, expected or intended.

ITEM 3. Quantitative and Qualitative Disclosures about Market Risk

The Company's exposure to interest rate risk relates primarily to its variable-rate debt. As of March 31, 2013, the Company had outstanding variable interest-bearing debt in the aggregate principal amount of \$4.0 million. The Company's current borrowings are at a variable rate tied to the London Interbank Offered Rate ("LIBOR") plus 4% per annum adjusted on a monthly basis. Based on its current debt structure, for each 1% increase in LIBOR the Company would incur increased interest expense of approximately \$33,000 over the succeeding twelve-month period.

ITEM 4. Controls and Procedures

Based on his evaluation as of the end of the period covered by this report, Paul W. Mobley, the Company's Chief Executive Officer and Chief Financial Officer, has concluded that the Company's disclosure controls and procedures and internal controls over financial reporting (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended) are effective. There have been no changes in internal controls over financial reporting during the period covered by this report that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II - OTHER INFORMATION

ITEM 1. Legal Proceedings.

The Company, from time to time, is or may become involved in various litigation relating to claims arising out of its normal business operations.

The Company was a Defendant in a lawsuit styled Kari Heyser, Fred Eric Heyser and Meck Enterprises, LLC, et al v. Noble Roman's, Inc. et al, filed in Superior Court in Hamilton County, Indiana in June 2008 (Cause No. 29D01 0806 PL 739). The Plaintiffs' allegations of fraud against the Company and certain of its officers were determined to be without merit and Plaintiffs have exhausted their rights of appeal. The separate claim by one of the Plaintiffs under the Indiana Franchise Act was settled. There are no longer any claims pending against the Company in this case.

The Company asserted counterclaims for damages for breach of contract against the Plaintiffs. The Company proceeded to trial against two of the Plaintiffs and obtained damage awards against each. In addition to direct and consequential damages in the Court's summary judgment Order, the Court determined that as a matter of law Noble Roman's is entitled to recover attorneys' fees associated with obtaining preliminary injunctions, fees resulting from the prosecution of Noble Roman's counterclaims, and fees for defending against the various claims

Edgar Filing: NOBLE ROMANS INC - Form 10-Q

against the Company. A hearing was set for March 21, 2013 on the amount of attorneys' fees to be awarded, however the hearing date was extended and the Court has not yet issued an Order setting a new hearing date. Sometime after the hearing on attorneys' fees, the Court is expected to issue an Order for a judgment amount to be awarded to the Company against the two remaining Plaintiffs.

Other than as disclosed above, the Company is involved in no other material litigation.
