PROXY STATEMENT
FOR
SPECIAL MEETING OF STOCKHOLDERS
TO BE HELD ON DECEMBER 8, 2014

GENERAL

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of Cornerstone Strategic Value Fund, Inc., a Maryland corporation (the "Fund") for use at the Special Meeting of Stockholders (the "Meeting") to be held at 11:00 a.m., eastern time, on December 8, 2014, 1075 Hendersonville Road, Suite 250, Asheville, North Carolina, 28803, and at any and all adjournments thereof. A form of proxy is enclosed herewith. This Proxy Statement and the accompanying form of proxy are being first mailed to stockholders of the Fund ("Stockholder(s)") on or about November 3, 2014.

Any Stockholder who executes and delivers a proxy may revoke it by written communication to the Secretary of the Fund at any time prior to its use or by voting in person at the Meeting. Attendance by a Stockholder at the Meeting does not, in itself, revoke a proxy. Unrevoked proxies will be voted in accordance with the specifications thereon and, unless specified to the contrary, will be voted FOR the approval of the proposed reverse stock split and the related amendment to the Articles of Incorporation.

In general, abstentions and broker non-votes, as defined below, count for purposes of obtaining a quorum but do not count as votes cast with respect to any proposal where the broker does not have discretion. Since Proposal 1 is considered routine, broker non-votes will be counted as votes cast. A broker non-vote is a proxy from a broker or nominee indicating that such person has not received instructions from the beneficial owner or other person entitled to vote shares on a particular matter with respect to which the broker or nominee does not have discretionary voting power.

At least one-third of the Fund's Stockholders must be present at the Meeting in person or by proxy to constitute a quorum for the transaction of business by the Fund. In the event that a quorum is not present at the Meeting, the persons named as proxies may propose one or more adjournments of the Meeting from time to time. Any such adjournment will require the affirmative vote of a majority of those shares represented at the Meeting in person or by proxy. The persons named as proxies will vote those proxies which they are entitled to vote FOR or AGAINST any such proposal in their discretion.

The cost of soliciting the proxies will be borne by the Fund. Proxy solicitations will be made primarily by mail, but solicitations may also be made by telephone, telegraph or personal interviews conducted by officers of the Fund or AST Fund Solutions, LLC, the administrator to the Fund (the "Administrator").

Only holders of issued and outstanding shares of the Fund's common stock of record at the close of business on October 27, 2014 are entitled to notice of, and to vote at, the Meeting. Each such holder is entitled to one vote per share of common stock so held. The number of shares of common stock outstanding on October 27, 2014 was [32,659,069]. The Fund is a diversified closed-end management investment company.

Copies of the Fund's most recent annual and semi-annual reports may be ordered free of charge to any Stockholder by writing to the Fund, c/o AST Fund Solutions, LLC, 48 Wall Street, 22nd Floor, New York, NY 10005, or by calling (866) 668-6558. These reports are not to be regarded as proxy-soliciting material.

This Proxy Statement is first being mailed to Stockholders on or about November 3, 2014.

PROPOSAL NO. 1

APPROVAL OF A ONE-FOR-FOUR REVERSE STOCK SPLIT OF THE ISSUED AND
OUTSTANDING SHARES OF COMMON STOCK AND THE RELATED AMENDMENT
TO THE ARTICLES OF INCORPORATION

The Board of Directors has determined that the Fund would benefit if its shares of common stock traded at a higher market price than the current market price per share. To support this purpose, the Board of Directors has further determined that it is in the best interests of the Fund and the stockholders to approve an amendment to the Fund's Articles of Incorporation to effect a reverse stock split of the Fund's common stock on the basis of one new share of common stock for each four shares (1-for-4) of presently outstanding common stock. The amendment to the Articles of Incorporation, attached hereto as Exhibit A, would reduce the number of shares that are issued and outstanding as of the date of the amendment but would not have any other effect or change the Fund's Articles of Incorporation or the rights of stockholders in any other way.

On October 14, 2014, the Board discussed the Fund's current market price per share and compared it to the Fund's historical market prices per share. Although no assurances can be given, the Board believes that a reverse stock split may have the effect of increasing the Fund's market price and will have the effect of increasing the Fund's net asset value ("NAV") per share. The Board also considered that during the five years from June 30, 2009 through June 30, 2014, the Fund's net assets have grown from \$53.2 million to \$181.5 million, net of distributions totaling \$7.40 per share, due to portfolio performance, the results of rights offerings and distribution reinvestments for the period. Please refer to the section entitled "Potential Effects of the Reverse Stock Split" below for the risks associated with the reverse stock split.

Upon receiving the requisite stockholder approval, the Articles of Amendment will, subject to the discretion of the Board, be thereafter filed with the State Department of Assessments and Taxation of Maryland. The amendment and the proposed reverse stock split would become effective as of the date of such filing which is anticipated to be in December, 2014 (the "Effective Date").

The Articles of Amendment to the Articles of Incorporation will not reduce the total number of authorized shares of capital stock of 100,000,000 shares, or the par value of the Fund's common stock. As of October 27, 2014, [32,659,069] shares of common stock were issued and outstanding.

HYPOTHETICAL EXAMPLE OF THE REVERSE STOCK SPLIT

This Example is intended to help stockholders understand how the reverse stock split will affect the number of shares held by a stockholder and the Fund's NAV per share. The Example assumes the reverse stock split became effective on September 30, 2014, at which time the stockholder held 1,000 shares of the Fund's common stock and the Fund's NAV was \$5.28 per share. The actual NAV of the Fund's shares may be higher or lower on the Effective Date.

NUMBER OF SHARES HELD IMMEDIATELY PRIOR TO THE REVERSE STOCK SPLIT	FUND'S NAV PER SHARE IMMEDIATELY PRIOR TO REVERSE STOCK SPLIT	NUMBER OF SHARES HELD IMMEDIATELY AFTER THE REVERSE STOCK SPLIT	FUND'S NAV PER SHARE IMMEDIATELY AFTER THE REVERSE STOCK SPLIT
1,000	\$5.28	250	\$21.12

Any distributions that had been declared prior to the reverse stock split for record dates after the reverse stock split would be increased accordingly.

POTENTIAL EFFECTS OF THE REVERSE STOCK SPLIT

The immediate effect of a reverse stock split would be to reduce the number of shares of common stock outstanding, thereby increasing the NAV per share. A reverse stock split may result in an increase in the market price of the Fund's common stock. However, the effect of any reverse stock split upon the market price of the Fund's common stock cannot be predicted. The Fund cannot assure stockholders that the market price of its common stock after the reverse stock split will rise in exact proportion to the reduction in the number of shares of common stock outstanding. Also, there can be no assurance that a reverse stock split would lead to a sustained increase in the market price of the Fund's common stock, that the market price would remain above the thresholds required by the NYSE MKT LLC ("NYSE MKT"), or that the Fund will be able to continue to meet any other continued listing requirements of the NYSE MKT.

EFFECTS ON OWNERSHIP BY INDIVIDUAL STOCKHOLDERS

If the Fund implements a reverse stock split, the number of shares of common stock held by each stockholder would be reduced by dividing the number of shares held immediately before the reverse split by the 1 for 4 exchange ratio. The Fund will not issue fractional shares. Instead, the Fund will pay cash in lieu of any fractional interest in a share to which such stockholder would otherwise be entitled as a result of the reverse stock split. The reverse stock split would affect the Fund's common stock uniformly and would not affect any stockholder's percentage ownership interests in the Fund or proportionate voting power.

OTHER EFFECTS ON OUTSTANDING SHARES

The reverse stock split may result in some stockholders owning "odd-lots" of less than 100 shares of common stock. Brokerage commissions and other costs of transactions in odd-lots may be higher than the costs of transactions in "round-lots" of even multiples of 100 shares. The reverse stock split may also have an impact on the liquidity of the shares of common stock due to the fact that the number of shares of common stock trading on the market will decrease.

PROCEDURE FOR EFFECTING THE REVERSE STOCK SPLIT AND EXCHANGE OF STOCK CERTIFICATES

If the stockholders approve the proposed amendment to the Fund's Articles of Incorporation, the Board of Directors may elect whether or not to declare the reverse stock split at any time after the Meeting. The reverse stock split would be implemented by filing the Articles of Amendment to the Articles of Incorporation with the State Department of Assessments and Taxation of Maryland, and the reverse stock split would become effective on the date of the filing which is anticipated to be in December, 2014. As of the effective date of a reverse stock split, each certificate representing shares of the Fund's common stock before the reverse stock split would be deemed, for all corporate purposes, to evidence ownership of the reduced number of shares of common stock resulting from the reverse stock split. The Fund expects that its transfer agent would act as the exchange agent for purposes of implementing the exchange of stock certificates. As soon as practicable after the effective date, stockholders would be notified of the effectiveness of the reverse split. Stockholders of record would receive a letter of transmittal requesting them to surrender their stock certificates for stock certificates reflecting the adjusted number of shares as a result of the reverse stock split. Persons who hold their shares in brokerage accounts or "street name" would not be required to take any further actions to effect the exchange of their certificates. No new certificates would be issued to a stockholder until the stockholder has surrendered the stockholder's outstanding certificate(s) together with the properly completed and executed letter of transmittal to the exchange agent. Until surrender, each certificate representing shares before the reverse stock split would continue to be valid and would represent the adjusted number of shares based on the exchange ratio of the reverse stock split. Stockholders should not destroy any stock certificate and should not submit any certificates until they receive a letter of transmittal.

FRACTIONAL SHARES

The Fund will not issue fractional shares. Instead, the Fund will pay cash in lieu of any fractional interest in a share to which such stockholder would otherwise be entitled as a result of the reverse stock split.

NO APPRAISAL RIGHTS

No appraisal rights are available under the Maryland General Corporation Law with respect to the reverse stock split, and we will not independently provide stockholders with any such rights. There may exist other rights or actions under state law for stockholders who are aggrieved by reverse stock splits generally.

ACCOUNTING CONSEQUENCES

The reverse stock split will not affect the par value of our common stock. As a result, on the effective date of the reverse stock split, the stated capital on our balance sheet attributable to our common stock will be reduced in proportion with the exchange ratio, and the additional paid-in capital account will be credited with the amount by which the stated capital is reduced.

U.S. FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of material U.S. federal income tax consequences of the reverse stock split and does not purport to be complete. It does not discuss any state, local, or foreign income or other tax consequences. Also, it does not address the tax consequences to holders that are subject to special tax rules, including banks, insurance companies, regulated investment companies, personal holding companies, foreign entities, nonresident alien individuals, broker-dealers and tax-exempt entities. The discussion is based on the provisions of the United States federal income tax law as of the date hereof, which is subject to change retroactively as well as prospectively. This summary also assumes that the shares are held as a "capital asset," as defined in the Internal Revenue Code of 1986, as amended (generally, property held for investment). The tax treatment of a stockholder may vary depending upon the particular facts and circumstances of the stockholder. Each stockholder is urged to consult with the stockholder's own tax advisor with respect to the consequences of the reverse stock split. The Fund intends to treat the exchange of shares pursuant to the reverse stock split as a recapitalization under Section 368(a)(i)(E) of the Code. No gain or loss should be recognized by a stockholder upon the stockholder's exchange of shares pursuant to the reverse stock split. The aggregate tax basis of the shares received in the reverse stock split, including any fraction of a share deemed to have been received, would be the same as the stockholder's aggregate tax basis in the shares exchanged. The stockholder's holding period for the shares would include the period during which the stockholder held the pre-split shares surrendered in the reverse stock split. Our view regarding the tax consequence of the reverse stock split is not binding upon the Internal Revenue Service or the courts, and there can be no assurance that the Internal Revenue Service or the courts will accept the positions expressed above. The state and local tax consequences of the reverse stock split may vary significantly as to each stockholder, depending upon the state in which he or she resides.

ACCORDINGLY, EACH STOCKHOLDER SHOULD CONSULT WITH HIS OR HER OWN TAX ADVISOR WITH RESPECT TO ALL OF THE POTENTIAL TAX CONSEQUENCES OF THE REVERSE STOCK SPLIT.

The following notice is based on U.S. Treasury Regulations governing practice before the Internal Revenue Service: (1) any U.S. federal tax advice contained herein is not intended or written to be used, and cannot be used by any taxpayer, for the purpose of avoiding U.S. federal tax penalties that may be imposed on the taxpayer, (2) any such advice is written to support the promotion of the transactions described in this proxy statement, and (3) each taxpayer should seek advice based on the taxpayer's particular circumstances from an independent tax advisor.

REQUIRED VOTE

The affirmative vote of a two-thirds majority of all outstanding shares of common stock of the Fund entitled to vote at the Meeting is required for approval of the reverse stock split and the related amendment to the Articles of Incorporation. Abstentions will have the same effect as a vote against the proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" APPROVAL OF THE PROPOSED REVERSE STOCK SPLIT AND THE RELATED AMENDMENT TO THE ARTICLES OF INCORPORATION.
