CORPORATE GOVERNANCE

General

Our Board of Directors believes that good corporate governance is important to ensure that the Company is managed for the long-term benefit of our stockholders. This section describes key corporate governance guidelines and practices that we have adopted. Complete copies of our corporate governance guidelines, committee charters and code of ethical conduct described below are available under the investor information section of our website at www.cescatherapeutics.com.

Board Operating and Governance Guidelines

Our Board of Directors has adopted a number of operating and governance guidelines, including the following:

- Majority of the members of our Board of Directors should be independent directors;
- Formalization of the ability of each committee to retain independent advisors;
- Performance of an annual assessment of our Board of Director's performance by the Governance and Nominating Committee;
- Directors have open access to the Company's management; and
- Independent directors may meet in executive session prior to or after each regularly scheduled Board meeting without management present.

As a result of the resignation of Dr. Mahendra Rao from our Board of Directors on October 19, 2017, our Board of Directors is no longer comprised of a majority of independent directors. Although we intend to seek a new independent director to fill the vacancy created by Dr. Rao's resignation, we are a "controlled company" under NASDAQ rules and will rely on the exemption from NASDAQ's requirement to have a majority of independent directors if we are unable to fill the vacancy within the time period otherwise required by NASDAQ rules.

Board Leadership Structure

Dr. Chris Xu serves as both our Chairman of the Board and CEO. The Board and its independent members believe the most effective Board leadership structure at the present time is for the CEO to serve as Chairman of the Board. The

independent members of the Board believe because the CEO is ultimately responsible for executing our strategy and because our performance is an integral part of the deliberations undertaken by the Board, the CEO is the director best qualified to act as our Chairman of the Board at this time. The Board reserves the authority to modify this structure to best address and advance the interests of all stockholders, as and when appropriate.

Risk Oversight

The Board has an active role, as a whole and also at the committee level, in overseeing risk management. The Board regularly reviews information regarding the Company's liquidity and operations, as well as the risks associated with each. The Company's Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Audit Committee oversees management of risks relating to financial reporting, internal controls and compliance with legal and regulatory requirements. The Governance and Nominating Committee oversees the management of risks associated with corporate governance, the independence of the Board of Directors and potential conflicts of interest. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the entire Board of Directors is regularly informed through committee reports about such risks.

Governance and Nominating Committee

The Governance and Nominating Committee was formed to address general governance and policy oversight; succession planning; to identify qualified individuals to become prospective members of our Board of Directors and make recommendations regarding nominations for the Board of Directors; to advise the Board with respect to appropriate composition of Board committees; to advise the Board about and develop and recommend to the Board appropriate corporate governance documents and assist the Board in implementing guidelines; to oversee the annual evaluation of the Board and the Company's Chief Executive Officer, and to perform such other functions as the Board may assign to the committee from time to time. The Governance and Nominating Committee has a Charter which is available on our website at www.cescatherapeutics.com. The Governance and Nominating Committee currently consists of the following three independent directors: Dr. Medford (Governance and Nominating Committee Chairman), Dr. Thomis and Mr. Westgate. Mr. Westgate replaced Dr. Rao as a member of the Governance and Nominating Committee upon Dr. Rao's resignation from the Board of Directors on October 19, 2017.

Audit Committee

The Audit Committee of the Board of Directors makes recommendations regarding the retention of the independent registered public accounting firm, reviews the scope of the annual audit undertaken by our independent registered public accounting firm and the progress and results of their work, reviews our financial statements, and oversees the internal controls over financial reporting and corporate programs to ensure compliance with applicable laws. The Audit Committee reviews the services performed by the independent registered public accounting firm and determines whether they are compatible with maintaining the registered public accounting firm's independence. The Audit Committee has a Charter, which is reviewed annually and as may be required due to changes in industry accounting practices or the promulgation of new rules or guidance documents. The Audit Committee Charter is available on the Company's website at www.cescatherapeutics.com. The Audit Committee currently consists of the following three independent directors: Mr. Westgate (Audit Committee Chairman) and Drs. Medford and Thomis. Mr. Westgate and Dr. Thomis are qualified as Audit Committee Financial Experts as defined in Regulation S-K Item 407(d)(5)(ii) and applicable NASDAQ rules. Dr. Medford replaced Dr. Rao as a member of the Audit Committee upon Dr. Rao's resignation from the Board of Directors on October 19, 2017.

Compensation Committee

The Compensation Committee of the Board of Directors reviews and approves executive compensation policies and practices, reviews salaries and bonuses for our Chief Executive Officer, Principal Financial and Accounting Officer and other Named Executive Officers (as defined below), administers the Company's stock option plans and other benefit plans, and considers other matters as may, from time to time, be referred to them by the Board of Directors. The Compensation Committee has a charter which is available on the Company's website at www.cescatherapeutics.com. The Compensation Committee currently consists of the following three independent directors: Dr. Thomis (Compensation Committee Chairman), Mr. Westgate and Dr. Medford.

Material Changes to Nominee Recommendation Procedures

There are no material changes to the procedures by which stockholders may recommend nominees to our Board of Directors.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than 10% of our common stock, to file reports regarding ownership of, and transactions in, our securities with the Securities and Exchange Commission and to provide us with copies of those filings. Based solely on our review of the copies of such forms received by us we believe that during the year ended June 30, 2017, all filing requirements applicable to our officers, directors and greater than 10% beneficial owners were complied with the following exceptions: (1) Ms. Ellner filed one late report that reported two transactions; (2) Mr. Westgate filed one late report that reported one transaction; and (3) Dr. Xu filed two late reports that reported, in the aggregate, two transactions.

Code of Ethics

A copy of our code of ethics can be found on our website at www.cescatherapeutics.com. The Company will report any amendment or waiver to the code of ethics on our website within five (5) days.

Potential Payments upon Termination or Change in Control

Certain of our Named Executive Officers have certain change of control rights under their employment agreements. The Compensation Committee considers these rights, on a case by case basis, to provide Named Executive Officers with the ability to make appropriate, informed decisions on strategy and direction of the Company that may adversely impact their particular positions, but nevertheless are appropriate for the Company and its stockholders. Our Compensation Committee believes that the Company should provide reasonable severance benefits to certain of its executive officers, recognizing that it may be difficult for such officers to find comparable employment within a short period of time and that severance arrangements may be necessary to attract highly qualified officers in a competitive hiring environment.

None of our current NEOs are currently entitled to severance upon termination of employment with the Company other than Ms. Liu, who is entitled to severance in certain instances under the terms of her employment agreement, as described under "Employment Agreements" above.

The following table describes the potential payments upon a hypothetical termination without cause, resignation for good reason or due to a change in control of the Company on June 30, 2017 for the NEOs. The actual amounts that may be paid upon an executive's termination of employment can only be determined at the actual time of such termination.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

For the fiscal years ended June 30, 2017 and 2016, there were the following related party transactions reportable under Item 404 of Regulation S-K.

Bill Payment Arrangement

The Company entered into a bill payment arrangement whereby Boyalife Group Ltd. ("Payor"), the Company's largest shareholder, agreed to pay the Company's legal expenses payable to the Company's attorney related to certain litigation involving SynGen Inc. (the "Bill Payment Arrangement"), although the Company remains jointly and severally liable for the payment of such legal fees. The terms of the Bill Payment Arrangement provided that the Company will reimburse Payor for any and all amounts paid by Payor in connection with the Bill Payment Arrangement under certain specified events. There is no interest payable on outstanding balance of related party payable. As the Company is using a different attorney than specified in the bill payment arrangement for this litigation, the arrangement is no longer active. As of June 30, 2017, invoices totaling \$606,000 had been paid by Payor and are included in related party payable as the Company anticipates repaying this within a year.

Revolving Credit Agreement

On March 6, 2017, Cesca entered into the Credit Agreement with Boyalife Investment Fund II, Inc. (the “Lender”). The Lender is a wholly owned subsidiary of Boyalife Group Inc., which is owned and controlled by the Company’s Chief Executive Officer and Chairman of the Board of Directors. The Credit Agreement grants to the Company the right to borrow up to \$5,000,000 in amounts of \$500,000 per advance on an unsecured basis (the “Loan”) at any time prior to March 6, 2022 (the “Maturity Date”). On the date of the Credit Agreement, the Company made an initial draw of \$1,500,000 and drew down an additional \$2,000,000 during the quarter ended June 30, 2017, and \$1,500,000 during the quarter ended September 30, 2017.

The Credit Agreement and the Convertible Promissory Note issued thereunder (the “Note”) provide that the principal and all accrued and unpaid interest under the Loan will be due and payable on the Maturity Date, with payments of interest-only due on the last day of each calendar year. The Loan bears interest at 22% per annum, simple interest, except that certain borrowed amounts used to pay legal expenses under the bill payment arrangement will not bear interest. The Note can be prepaid in whole or in part by the Company at any time without penalty. If the Note is not repaid in full on or before the Maturity Date, the Lender has the right after the Maturity Date to convert any unpaid principal and accrued interest into shares of the Company’s common stock at a conversion price equal to 90% of the average daily volume-weighted average trading price of the Company’s common stock during the 10 trading days immediately prior to the Maturity Date, provided that the number of shares issuable upon such conversion may not exceed 19.99% of the number of outstanding shares of common stock of the Company on the date of the Credit Agreement (unless the Company obtains stockholder approval for such issuance in the manner required by the Marketplace Rules of the Nasdaq Stock Market, Inc.).

The Maturity Date of the Note is subject to acceleration at the option of the Lender upon customary events of default, which include a breach of the Loan documents, termination of operations, or bankruptcy. The Lender’s obligation to make advances under the Loan is subject to the Company’s representations and warranties in the Credit Agreement continuing to be true at all times and there being no continuing event of default under the Note. The Credit Agreement provides that if the Lender at any time in the future purchases the Company’s blood and bone marrow processing device business, the Lender would refund to the Company legal fees expended by the Company in connection with certain litigation expenses funded by the Company with proceeds of the Loan. No default has occurred through the date of filing.

On September 13, 2017, the Company entered into Amendment No. 1 to the Credit Agreement (the “Amended Credit Agreement”). The Amended Credit Agreement amends the Credit Agreement originally entered into by the Company and Lender on March 6, 2017, by increasing the Company’s maximum borrowing availability thereunder from \$5.0 million to \$10.0 million. In connection with such amendment, the Company and Lender entered into an amended and restated convertible promissory note to reflect the new aggregate maximum principal amount of \$10.0 million.

Distributor Agreement

On August 21, 2017, ThermoGenesis entered into an International Distributor Agreement with Boyalife W.S.N. Under the terms of the agreement, Boyalife W.S.N. was granted the exclusive right, subject to existing distributors and customers (if any), to develop, sell to, and service a customer base for ThermoGenesis’ AXP[®] (AutoXpress[®]) System and BioArchive System in the People’s Republic of China (excluding Hong Kong and Taiwan), Singapore, Indonesia, and the Philippines (the “Territories”). Boyalife W.S.N. is an affiliate of our Chief Executive Officer and Chairman of our Board of Directors, and Boyalife (Hong Kong) Limited, our largest stockholder. Boyalife W.S.N.’s rights under the agreement include the exclusive right to distribute AXP[®] Disposable Blood Processing Sets and use rights to the AXP[®] (AutoXpress[®]) System, BioArchive System and other accessories used for the processing of stem cells from cord blood in the Territories. Boyalife W.S.N. is also appointed as the exclusive service provider to provide repairs and preventative maintenance to ThermoGenesis products in the Territories.

The term of the agreement is for three years with ThermoGenesis having the right to renew the agreement for successive two-year periods at its option. However, ThermoGenesis has the right to terminate the agreement early if Boyalife W.S.N. fails to meet specified minimum purchase requirements.

Revenues
