Newman Auditorium, located in our offices at 8283 Greensboro Drive, McLean, VA 22102. This proxy statement and the accompanying materials are being mailed to stockholders beginning June 20, 2014.

We will bear all costs of soliciting proxies. Pursuant to rules adopted by the Securities and Exchange Commission, or SEC, we have elected to deliver a notice of Internet availability of proxy materials to stockholders and provide Internet access to those proxy materials. Stockholders may obtain paper copies of the proxy materials free of charge by following the instructions provided in the notice of Internet availability of proxy materials.

Unless the context otherwise indicates or requires, as used in this proxy statement, references to: (i) the “Company,” “we,” “us,” “our” or our “company” refer to Booz Allen Hamilton Holding Corporation, its consolidated subsidiaries and predecessors; (ii) “Booz Allen Holding” refers to Booz Allen Hamilton Holding Corporation exclusive of its subsidiaries; (iii) “Booz Allen Hamilton” refers to Booz Allen Hamilton Inc., our primary operating company and a wholly-owned subsidiary of Booz Allen Holding; (iv) “our Board” or “the Board” means the Board of Directors of the Company; (v) “stockholder” means holders of our common stock; (vi) “fiscal,” refers to our fiscal years ended March 31; and (vii) “you,” “your,” “yours” or other words of similar import in this proxy statement refers to stockholders entitled to vote on the matters to be presented at the annual meeting.

Do I need an admission ticket to attend the annual meeting?

No; however, you must present both proof of ownership and valid photo identification to attend the annual meeting.

- If you hold shares through an account with a bank or broker, contact your bank or broker to request a legal proxy from the owner of record to vote your shares in person. This will serve as proof of ownership.
- A recent brokerage statement or letter from your broker showing that you owned shares in your account as of the record date, June 9, 2014, also serves as proof of ownership.

If you do not have proof of ownership and valid photo identification, you will not be admitted into the annual meeting.

Who is entitled to vote at the annual meeting?

Holders of the following classes of the Company’s common stock are entitled to vote at the annual meeting: Class A common stock, Class C restricted common stock and Class E special voting common stock. The Board has established the record date for the annual meeting as June 9, 2014. Only holders of record of the Company’s Class A common stock, Class C restricted common stock, and Class E special voting common stock on the record date are entitled to receive notice of the meeting and to vote at the meeting.

How many shares must be present to hold the annual meeting?

In order for us to lawfully conduct business at the annual meeting, the holders of stock representing a majority of the voting power of all shares issued and outstanding and entitled to vote at the meeting must be present in person or represented by proxy. This is referred to as a quorum.

How many shares may I vote?

On June 9, 2014, 144,451,573, 914,101, and 4,424,814 shares of our Class A common stock, Class C restricted common stock, and Class E special voting common stock, respectively, were outstanding. Each share of Class A common stock, Class C restricted common stock, and Class E special voting common stock is entitled to one vote, and

stockholders do not have the right to cumulate their votes for the election of directors.

1

What am I voting on and what are the Board’s recommendations?

Proposal	Description	Board’s Voting Recommendation
1	Election of 4 director nominees	FOR all nominees
2	Advisory vote to approve the compensation program for the Company’s Named Executive Officers, as disclosed in the Compensation Discussion and Analysis section of the proxy statement (a “say-on-pay” vote)	FOR Proposal 2
3	Management proposal to approve the Second Amended and Restated Equity Incentive Plan of the Company	FOR Proposal 3
4	Management proposal to approve the Amended and Restated Annual Incentive Plan of the Company	FOR Proposal 4
5	Management proposal to approve the Company’s Third Amended and Restated Certificate of Incorporation to convert all outstanding shares of Class B non-voting common stock and Class C restricted common stock to Class A common stock	FOR Proposal 5
6	Ratification of appointment of Ernst & Young LLP as the Company's independent registered accounting firm for fiscal year 2015	FOR Proposal 6

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

If your shares are registered directly in your name with the Company’s registrar and transfer agent, Computershare, you are considered a “stockholder of record” with respect to those shares. We mail the proxy materials and our annual report to you directly.

If your shares are held in a brokerage account or bank, you are considered the “beneficial owner” of those shares, which are held in “street name.” In this case, the proxy materials and our annual report were forwarded to you by your broker or bank. As the beneficial owner, you have the right to direct your broker or bank how to vote your shares by following the voting instructions included in the mailing.

What is the procedure for voting?

If you are a stockholder of record of Class A common stock, Class C restricted common stock, or Class E special voting common stock, you can vote your shares at the annual meeting by attending the meeting and completing a ballot or you can give a proxy to be voted at the annual meeting in one of three ways: (1) over the telephone by calling a toll-free number provided on the enclosed proxy card, (2) electronically via the Internet as described in the enclosed proxy card, or (3) date, sign, and complete the proxy card and return it in the enclosed envelope, which requires no postage stamp if mailed in the United States.

If you are a beneficial owner of Class A common stock, you can vote your shares at the annual meeting by attending the meeting in person if you have requested and received a legal proxy from your bank or broker which you must bring with you to the meeting, or you can give a proxy to be voted at the annual meeting in one of three ways: (1) over the telephone by calling a toll-free number provided on the enclosed proxy card, (2) electronically via the Internet as described in the enclosed proxy card, or (3) date, sign, and complete the proxy card and return it in the enclosed envelope, which requires no postage stamp if mailed in the United States.

Can I change my proxy?

Edgar Filing: Booz Allen Hamilton Holding Corp - Form PREM14A

You may revoke your proxy before it is voted at the annual meeting by delivering a signed revocation letter to the Secretary at 8283 Greensboro Drive, McLean, VA 22102 or by submitting a new proxy, dated later than your first proxy, in one of the ways described in the answer to the previous question. If you are attending in person and have previously mailed your proxy card, you may revoke your proxy and vote in person at the meeting.

2

Can other matters be decided at the annual meeting?

The Board is not aware of any other matters to be presented at the annual meeting. If any other matter proper for action at the meeting should be presented, the holders of the accompanying proxy will vote the shares represented by the proxy on such matter in accordance with their best judgment. If any matter not proper for action at the meeting should be presented, the holders of the proxy will vote against consideration of the matter or the proposed action.

What is the vote required for each proposal?

For each of the proposals being considered at the annual meeting, approval of the proposal requires the affirmative vote of a majority of the shares entitled to vote at the annual meeting represented either in person or by proxy at the annual meeting, except that directors shall be elected by a plurality of the votes validly cast at the annual meeting.

As of the record date, an entity controlled indirectly by senior employees of the The Carlyle Group, or Carlyle, controlled shares of our voting common stock representing greater than 50% of the combined voting power of our Class A common stock, Class C restricted common stock, and Class E special voting common stock. As a result, Carlyle controls sufficient shares of our voting common stock to assure the approval and adoption of the proposal to elect the four director nominees named in this proxy statement.

What if I am a stockholder of record and do not provide voting instructions when returning a proxy?

Stockholders should specify their choice for each matter on the proxy card. Proxies that are signed and returned but do not contain voting instructions will be voted:

FOR the election of all director nominees as set forth in this proxy statement;
 FOR the advisory vote to approve the compensation program for the Company's Named Executive Officers, as disclosed in the Compensation Discussion and Analysis section of the proxy statement (a "say-on-pay" vote);
 FOR the management proposal to approve the Second Amended and Restated Equity Incentive Plan of the Company;
 FOR the management proposal to approve the Amended and Restated Annual Incentive Plan of the Company;
 FOR the management proposal to approve the Company's Third Amended and Restated Certificate of Incorporation to convert all shares of Class B non-voting common stock and Class C restricted common stock to Class A common stock; and
 FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered accounting firm for fiscal year 2015.

What if I am a beneficial owner and do not give voting instructions to my broker?

If your shares are held by a broker in "street name," your brokerage firm may vote your shares on certain "routine" matters if you do not provide voting instructions. The ratification of an independent registered public accounting firm is an example of a routine matter. If you do not provide voting instructions, your brokerage firm may either vote your shares on routine matters or leave your shares unvoted. When a brokerage firm votes its customers' shares on a routine matter without receiving voting instructions, these shares are counted both for establishing a quorum to conduct business at the meeting and in determining the number of shares voted for or against the routine matter. A brokerage firm cannot vote your shares on non-routine matters, such as the election of directors, the advisory vote to approve executive compensation, the management proposal to approve the Second Amended and Restated Equity Incentive Plan of the Company, the management proposal to approve the Amended and Restated Annual Incentive Plan of the Company, and the proposal to approve the Company's Third Amended and Restated Certificate of Incorporation to convert all of the outstanding shares of Class B non-voting common stock and Class C restricted common stock to Class A common stock. If your brokerage firm has not received voting instructions on a non-routine matter, these

shares will be considered “broker non-votes” to the extent that the brokerage firm submits a proxy.

How are abstentions and broker non-votes counted?

Abstentions will be treated as present for purposes of determining a quorum but will not be included in vote totals and will not affect the outcome of the vote.

3

Broker non-votes are counted for purposes of establishing a quorum but will have no effect on the outcome of the non-routine proposals.

Who will count the votes?

A representative from Broadridge Financial Services will tabulate the votes and act as the inspector of election for the annual meeting.

When will the Company announce the voting results?

The preliminary voting results will be announced at the annual meeting. The Company will report the final results on our website and in a Current Report on Form 8-K filed with the SEC.

Can I receive a copy of the Annual Report?

The annual report of the Company on Form 10-K for the fiscal year ended March 31, 2014 is being furnished concurrently with this proxy statement to persons who were stockholders of record as of June 9, 2014, the record date for the annual meeting. These materials do not form part of the material for the solicitation of proxies.

What is “householding” and how does it affect me?

In some cases, stockholders holding their shares in a brokerage or bank account who share the same surname and address and have not given contrary instructions are receiving only one copy of our annual report and this proxy statement. This reduces the volume of duplicate information received at your household and helps to reduce costs. If you would like to have additional copies of these documents mailed to you, please call or write our Secretary at 8283 Greensboro Drive, McLean, Virginia 22102, telephone: (703) 902-5000. If you want to receive separate copies of the proxy statement, annual report to stockholders, or Notice of Internet Availability of Proxy Materials in the future, or if you are receiving multiple copies and would like to receive only one copy per household, you should contact your bank, broker, or other nominee record holder.

How do I submit a proposal for action at the annual of meeting of stockholders in 2015?

Under applicable SEC rules and regulations, the Company will review for inclusion in next year’s proxy statement stockholder proposals received by February 20, 2015. Proposals should be sent to the Secretary of the Company at 8283 Greensboro Drive, McLean, Virginia 22102.

Pursuant to our second amended and restated bylaws, stockholder proposals not included in next year’s proxy statement may be brought before the 2015 Annual Meeting of Stockholders by a stockholder of the Company who is entitled to vote at the meeting, who has given a written notice to the Secretary of the Company at 8283 Greensboro Drive, McLean, Virginia 22102 containing certain information specified in the bylaws and who was a stockholder of record at the time such notice was given. Such notice must be delivered to or mailed and received at the address in the preceding paragraph no earlier than April 2, 2015 and no later than May 2, 2015, except that if the date of the 2015 Annual Meeting of Stockholders is changed, and the meeting is held before July 1, 2015 or after October 9, 2015, such notice must be delivered at the address in the preceding paragraph no earlier than 120 days prior to the new date of such annual meeting and not later than the close of business on the later of (i) the ninetieth day prior to the new date of such annual meeting and (ii) the tenth day following the day on which a public announcement of the new date of such annual meeting is first made.

CORPORATE GOVERNANCE AND GENERAL INFORMATION CONCERNING THE BOARD OF DIRECTORS AND ITS COMMITTEES

Board of Directors

The primary focus of the Board is promoting shareholder value by fostering the long-term success of the Company. The Board is responsible for supporting and overseeing management, which is responsible for the Company's strategy and operations.

The Board generally holds four regular meetings per year, and special meetings as necessary. The Board meets in executive session during each regular meeting; non-management directors also typically meet in executive sessions during each regular meeting. In accordance with the Company's Corporate Governance Guidelines, if no lead director has been selected to preside over the executive sessions of the non-management directors, a presiding director shall be selected among the non-management directors. Mr. Clare was appointed by the non-management directors to serve as the presiding director on May 23, 2013. The presiding director presides over executive sessions at which the Chairman is not present. At least annually, independent directors also meet in executive session during a regular Board meeting. The Board and its committees establish annual calendars of activities to guide the development of their agendas during the year. All directors are invited to propose agenda topics when the annual calendars are established as well as in advance of each regular Board meeting. In addition, directors are free to raise topics that are not on a meeting agenda or suggest topics for future agendas. Each director is provided written materials in advance of each meeting, and the Board and its committees provide feedback to and make requests of management at each of their meetings.

Directors are expected to attend each Board meeting, each meeting of the committees on which they serve, and the Annual Meeting of Stockholders. During fiscal 2014, the Board met six times, including four regular meetings and two special meetings. The average director attendance at Board and Board committee meetings was 93% and 98%, respectively, during fiscal 2014. Each of our directors who served as a director during fiscal 2014, except for Mr. Holt, attended 75% or more of the aggregate total number of meetings of the Board held during fiscal 2014. In addition, each of our directors who served as a director during fiscal 2014 attended 75% or more of the total number of meetings held by all Board committees on which he or she served. All directors attended the Annual Meeting of Stockholders on August 1, 2013.

As noted above, the Board has adopted Corporate Governance Guidelines. The Board and the Nominating and Corporate Governance Committee are responsible for reviewing and amending these guidelines as they deem necessary and appropriate. The Nominating and Corporate Governance Committee is responsible for overseeing the system of corporate governance of the Company. The Corporate Governance Guidelines are available without charge on the Investor Relations portion of our website, www.boozallen.com. This website also includes the Company's Code of Business Ethics and Conduct, which is applicable to our directors and all employees, and the Company's Code of Ethics for Senior Financial Officers, each of which was adopted by the Board and each of which may be accessed without charge. The Code of Ethics for Senior Financial Officers applies to the Company's Chief Executive Officer, Chief Financial Officer, Controller and any other persons performing similar functions. We will disclose on the Investor Relations portion of our website any amendments to the Code of Business Ethics and Conduct or Code of Ethics for Senior Financial Officers and any waiver granted to an executive officer or director under these codes. The information found on the Company's website is not part of this Proxy Statement nor is it incorporated into any other filings the Company makes with the SEC.

Board Leadership Structure

As noted in our Corporate Governance Guidelines, the Board has no policy with respect to the separation of the offices of Chairman and Chief Executive Officer. The Board believes that it is important to retain its flexibility to allocate the responsibilities of the offices of the Chairman and Chief Executive Officer in any way that is in the best interests of the Company at a given point in time. The Board has concluded that it currently is in the best interests of stockholders for Dr. Shrader to serve as both our Chairman and Chief Executive Officer. The Board believes that the combination of these roles enables the effective and efficient execution of the Company's strategy by permitting the most senior executive of the Company, who has an in-depth understanding of, and is responsible for, the Company's operations, leads our executive management committee, and with over 40 years of service to the Company and experience in industry, to work closely with the Board in establishing the overall strategy and direction of the

Company, and to effectively communicate our strategy to our stockholders, clients and employees.

11

Succession Planning and Talent Reviews

The Board periodically undertakes executive succession planning and talent reviews. On an annual basis, the Chairman leads the Board in an in-depth discussion concerning Chief Executive Officer and senior management succession. Chief Executive Officer succession is also discussed by the Board in an executive session outside the presence of any management directors. Management also updates the Board on key talent indicators such as recruiting and retention for the overall employee population throughout the year.

The Board approved several senior management changes in fiscal 2014. Our Chief Operating Officer, Horacio D. Rozanski, was appointed to the additional position of President effective January 1, 2014. In connection with the appointment of Mr. Rozanski as President, Dr. Shrader resigned as President effective January 1, 2014, but continues to serve as Chairman and Chief Executive Officer. In addition, on January 31, 2014, the Board accepted the resignation of our Chief Financial Officer and Chief Administrative Officer, Mr. Strickland, effective on June 30, 2014. In connection with the planned resignation of Mr. Strickland, the Board approved the appointment of Kevin L. Cook, currently our Controller, to the position of Chief Financial Officer, effective on July 1, 2014.

Risk Oversight

The Board and its committees play an important role in overseeing the Company's risk management processes, and risk management considerations form a regular element of the Board's dialogue with management. One of the primary tools that facilitates the Board's oversight of risk (and actions being taken to mitigate it) is the Company's Enterprise Risk Management Framework, or ERM Framework. Under the leadership of our President and Chief Operating Officer, the Company undertook an effort to identify and classify into tiers the top risks facing its business; as part of this effort, management and the Board discussed the Company's risk appetite with respect to different types of risk and developed action plans to mitigate and monitor risk. The process for regularly updating the ERM Framework enables effective and efficient identification of risks and facilitates the incorporation of risks into decision making. Under the ERM Framework, our President and Chief Operating Officer prepares a quarterly update for the Board of our enterprise risks and leads an annual risk analysis and mitigation planning process with the Board. In addition to updates provided through the ERM Framework, the Board receives other information and briefings as part of its risk oversight role. During the course of the year, the lead management official with responsibility for each of our major markets provides a comprehensive overview of the market, including risks and challenges. The Board is also regularly updated by other elements of management, including the Chief Financial Officer, General Counsel, Controller, and Director of Internal Audit concerning significant risks facing the Company and processes that have been implemented to mitigate these risks. In addition to this dialogue between management and the entire Board, the Board's committees have more specific roles concerning elements of the Company's risk management processes. For example, the Audit Committee receives regular reports concerning the status of the Company's ethics and compliance program, its controls over internal controls over financial reporting, and significant communications from the Company's regulators. The Board's Compensation Committee is responsible for overseeing risks related to the Company's compensations policies and practices, as well as its executive succession plans, while its Nominating and Corporate Governance Committee oversees risks arising from the Company's governance processes.

Annual Board Performance Assessment

Annually, the Board and each of its committees perform an assessment of their operations and effectiveness, and set goals for the future. The core of this process involves our Secretary interviewing each director individually. The comments of the directors are compiled and presented, as applicable, to the full Board or the appropriate committee. Each committee and the Board identify key matters to be addressed, and these matters become part of future agendas for the Board and its committees.

Board Independence

As a controlled company, as that term is defined under the rules of the New York Stock Exchange, we are not required to have a majority of independent directors. The Board has determined that Messrs. Odeen, Gaumond and Johnson

and Ms. Amble are independent under the independence criteria for directors established by the New York Stock Exchange, Rule 10A-3 under the Securities Exchange Act of 1934, or the Exchange Act, and the independence criteria adopted by the Board. The independence criteria adopted by the Board are set forth in the Company's Corporate Governance Guidelines.

Selection of Nominees for Election to the Board

12

The Nominating and Corporate Governance Committee recommends to the Board appropriate criteria for the selection of new directors based on the strategic needs of the Company and the Board, and periodically reviews the criteria adopted by the Board and, if deemed desirable, recommends to the Board changes to such criteria. The Board seeks members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. The Board does not have a formal policy with respect to diversity; however, it affirms the value the Company places on diversity and inclusion within its entire employee population. Diversity is one of many factors the Nominating and Corporate Governance Committee considers when recommending director nominees to the Board. The Committee defines diversity in an expansive way to be reflective of the diversity of the Company and representative of the clients it serves. Exceptional candidates who do not meet all of these criteria may still be considered. The Board seeks director candidates who have experience in positions with a high degree of responsibility, are, or have been, leaders in the companies or institutions with which they are, or were, affiliated, and are selected based upon the contributions they can make to the Company.

Stockholders wishing to nominate a candidate for director must provide written notice in care of the Secretary, to 8283 Greensboro Drive, McLean, Virginia 22102, not fewer than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting.

Director Orientation and Continuing Education

New directors are provided a multi-stage orientation generally timed to coincide with our Board meetings as part of our effort to integrate them in their role as directors and familiarize them with the Company. Orientation sessions are led by members of management and are focused on various elements of our business strategy, client service offerings, internal business operations, and corporate governance among other areas. During the course of the year, representatives of management brief the Board on topics designed to provide directors a deeper understanding of various aspects of our business such as applicable legal developments, ethics and compliance programs and the evolving regulatory environment. In addition, directors are encouraged to participate in continuing education programs to better understand and execute their duties and responsibilities.

Communications with the Board

Stockholders, or other interested third parties, who wish to contact our Board may send written correspondence, in care of the Secretary, to 8283 Greensboro Drive, McLean, Virginia 22102. Communications may be addressed to an individual director, to the non-management directors as a group, or to the Board as a whole, marked as confidential or otherwise. Communications not submitted confidentially, which are addressed to directors that discuss business or other matters relevant to the activities of our Board, will be preliminarily reviewed by the office of the Secretary and then distributed either in summary form or by delivering a copy of the communication. Communications marked as confidential will be distributed, without review by the office of the Secretary, to the director, or group of directors, to whom they are addressed. With respect to other correspondence received by the Company that is addressed to one or more directors, the Board has requested that the following items not be distributed to directors, because they generally fall into the purview of management, rather than the Board: junk mail and mass mailings, service complaints and inquiries, resumés and other forms of job inquiries, solicitations for charitable donations, surveys, business solicitations, and advertisements.

Board Committees

Our Board has four standing committees: an Executive Committee, an Audit Committee, a Compensation Committee and a Nominating and Corporate Governance Committee. The charter of each committee is available without charge on the Investor Relations portion of our website, www.boozallen.com. The following chart identifies the members and chair of each standing committee.

² Audit Committee Financial Expert

The following is a brief description of our committees.

The Executive Committee

Our Executive Committee is responsible, among its other duties and responsibilities, for assisting our Board in fulfilling its responsibilities. Our Executive Committee is responsible for approving certain corporate actions and transactions, including acquisitions of assets other than in the ordinary course of business and outside hires of certain senior officers or the termination of such employees. The members of our Executive Committee are Dr. Shrader (Chairman) and Messrs. Clare and Fujiyama. The Executive Committee did not meet during fiscal 2014.

The Audit Committee

Our Audit Committee is responsible, among its other duties and responsibilities, for overseeing our accounting and financial reporting processes, the audits of our financial statements, the qualifications and independence of our independent registered public accounting firm, the effectiveness of our internal control over financial reporting, and the performance of our internal audit function and independent registered public accounting firm. Our Audit Committee reviews and assesses the qualitative aspects of our financial reporting, our processes to manage business and financial risks, and our compliance with significant applicable legal, ethical and regulatory requirements. Our Audit Committee is directly responsible for the appointment, compensation, retention, and oversight of our independent registered public accounting firm.

The members of our Audit Committee are Messrs. Gaumond (Chairman) and Johnson and Ms. Amble, each of whom is an independent director as required by New York Stock Exchange listing standards and Rule 10A-3 of the Exchange Act. The Board has determined that each member of our Audit Committee is financially literate and has determined that Mr. Gaumond and Ms. Amble are each an “audit committee financial expert” as such term is defined under Item 407(d)(5) of Regulation S-K promulgated under the Securities Act. Mr. Gaumond and Ms. Amble currently serve on the audit committees of three public companies (including us), and Mr. Johnson currently serve on the audit committees of two public companies (including us). In accordance with our Audit Committee Charter, Messrs. Gaumond’s and Johnson’s and Ms. Amble’s obligations as members of other audit committees have been disclosed to the Board.

The Audit Committee met eight times during fiscal 2014.

The Compensation Committee

Our Compensation Committee is responsible, among its other duties and responsibilities, for reviewing and approving all forms of compensation to be provided to, and employment agreements with, the executives and directors of our company and its subsidiaries (including the Chief Executive Officer), establishing and reviewing the general compensation philosophy of our Company and its subsidiaries, and reviewing, approving, and overseeing the administration of the employee benefits plans of our Company and its subsidiaries.

The members of our Compensation Committee are Messrs. Odeen (Chairman), Clare and Fujiyama. Mr. Odeen is an independent director. Messrs. Clare and Fujiyama are not independent directors. As a controlled company, as that term is defined under the rules of the New York Stock Exchange, we are not required to have an independent Compensation Committee. The Compensation Committee charter requires that at least two members of the Compensation Committee must satisfy the requirements of “non-employee director” for purposes of Rule 16b-3 under the Exchange Act. Messrs. Odeen and Fujiyama currently satisfy these requirements.

The Compensation Committee has the authority to delegate any of its responsibilities to subcommittees as the Compensation Committee may deem appropriate, provided that the subcommittees are composed entirely of directors satisfying the independence standards then applicable to the Compensation Committee generally. The Compensation Committee has delegated to a Rule 16b-3 subcommittee its responsibility under the Company's Amended and Restated Equity Incentive Plan with respect to the approval of acquisitions and dispositions of Company securities by officers and directors of the Company for purposes of Section 16(b) of the Exchange Act. The members of the Rule 16b-3 subcommittee are Messrs. Odeen and Fujiyama.

The Compensation Committee has not engaged a compensation consultant; however, the Compensation Committee is briefed by management, which consults with Mercer HR Consulting, or Mercer, which provides executive compensation design and best practice data and assists us in determining market competitive positioning. During fiscal 2014, Mercer provided data analyses, market assessments regarding executive compensation, and counsel regarding proxy disclosure and preparation of related reports. Additionally, Mercer provided design guidance and subject matter expertise on the development of our people model. This design and guidance focused on our career architecture including the definition of performance expectations. The Compensation Committee assessed the independence of Mercer and concluded that Mercer's work for the Company does not raise any conflict of interest issues.

Each of our executive officers, who collectively comprise our Executive Management Committee, participates in the discussion and consideration of compensation to be awarded to all executives. See “Executive Compensation.” A special committee of the Board composed of Messrs. Gaumond and Odeen, rather than the Compensation Committee, approves equity grants for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended. We determined it would be advisable to set up this special committee to review and approve certain compensation that is intended to be performance based compensation for purposes of Section 162(m) of the Code.

The Compensation Committee met four times during fiscal 2014.

Nominating and Corporate Governance Committee

Our Nominating and Corporate Governance Committee is responsible, among its other duties and responsibilities, for identifying and recommending candidates to the Board for election to our Board (including candidates proposed by stockholders), reviewing the composition of the Board and its committees, developing and recommending to the Board corporate governance guidelines that are applicable to us, and overseeing Board and Board committee evaluations.

The members of our Nominating and Corporate Governance Committee are Dr. Shrader (Chairman) and Messrs. Clare and Odeen. Mr. Odeen is an independent director. Dr. Shrader and Mr. Clare are not independent directors. As a controlled company, as that term is defined under the rules of the New York Stock Exchange, we are not required to have an independent Nominating and Corporate Governance Committee.

Under the terms of the Amended and Restated Stockholders Agreement, as amended, a maximum of three nominees for election to our Board, who may be full-time employees of Carlyle, are to be designated by Carlyle and a maximum of two members of the Board, who must be full-time employees of Booz Allen Hamilton, are to be designated by Booz Allen Holding's Chief Executive Officer, subject to certain conditions and restrictions. Under the terms of the Amended and Restated Stockholders Agreement, as amended, Carlyle and our executive officers will be required to vote the voting shares over which they have voting control in favor of Carlyle's and the Chief Executive Officer's designees. See “Certain Relationships and Related Party Transactions — Related Person Transactions — Stockholders Agreement.” Mr. Clare has been designated for election by Carlyle. Dr. Shrader has been designated for election by our Chief Executive Officer.

Except as described above, there is no difference in the manner in which the Nominating and Corporate Governance Committee evaluates a nominee for director designated by Carlyle or our Chief Executive Officer or recommended by a stockholder.

15

The Nominating and Corporate Governance Committee met four times during fiscal 2014.

Director Ownership Guidelines

Equity ownership guidelines for all of our non-employee directors are in place to further align their interests to those of our stockholders. Each of our non-employee directors has five years from the later of commencement of service on the Board or adoption of the guidelines on February 23, 2012, to achieve equity ownership with a value equivalent to three times their annual retainer. In calculating a director's ownership, Class A common stock, and vested in-the-money options and vested and unvested restricted stock issued under the Equity Incentive Plan will be considered owned by the non-employee director.

COMPENSATION COMMITTEE INTERLOCKS
AND INSIDER PARTICIPATION

The current members of our Compensation Committee are Messrs. Odeen (Chairman), Clare and Fujiyama. Messrs. Clare and Fujiyama are employed by The Carlyle Group. Explorer Coinvest LLC, or Coinvest, is controlled indirectly by senior employees of the The Carlyle Group. Coinvest is a party to a stockholders agreement with Booz Allen Holding and other stockholders. The Carlyle Group is an affiliate of Carlyle Investment Management L.L.C., which is party to a management agreement with Booz Allen Holding and Booz Allen Hamilton pursuant to which Carlyle Investment Management provides Booz Allen Holding and its subsidiaries, including Booz Allen Hamilton, with advisory, consulting and other services for a fee. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table indicates information as of June 3, 2014 regarding the beneficial ownership of our common stock by:

- each person, or group of persons, who is known to beneficially own more than 5% of any class of our common stock;
- each of our directors;
- each of the named executive officers; and
- all of our directors and executive officers as a group.

The percentages shown are based on 144,433,541, 525,370, 914,101 and 4,419,184 shares of Class A common stock, Class B non-voting common stock, Class C restricted common stock and Class E special voting common stock outstanding as of June 3, 2014. The rights of the holders of Class A common stock, Class C restricted common stock and Class E special voting common stock are identical, except with respect to dividend and other distributions, vesting and conversion. Class A common stock, Class C restricted common stock and Class E special voting common stock are entitled to one vote per share on all matters voted on by our stockholders. The Class B common stock is non-voting common stock. Upon a transfer of Class B non-voting common stock and Class C restricted common stock, we will issue shares of Class A common stock to the transferee on a one-for-one basis. Class E special voting common stock underlies certain outstanding options. When each option is exercised and a share of Class A common stock is issued to the option holder in respect thereof, we will repurchase the underlying share of Class E special voting common stock.

The amounts and percentages owned are reported on the basis of the SEC's rules governing the determination of beneficial ownership of securities. The SEC's rules generally attribute beneficial ownership of securities to each person who possesses, either solely or shared with others, the voting power or investment power, which includes the power to dispose of those securities. The rules also treat as outstanding all shares of capital stock that a person would receive upon exercise of stock options or warrants held by that person that are immediately exercisable or exercisable within 60 days. These shares are deemed to be outstanding and to be beneficially owned by the person holding those options for the purpose of computing the number of shares beneficially owned and the percentage ownership of that person, but they are not treated as outstanding for the purpose of computing the percentage ownership of any other person. Under these rules, one or more persons may be a deemed beneficial owner of the same securities and a person may be deemed a beneficial owner of securities to which such person has no economic interest. Unless otherwise indicated, the persons or entities identified in this table have sole voting and investment power with respect to all shares shown as beneficially owned by them, subject to applicable community property laws.

Information with respect to beneficial ownership has been furnished by each director, executive officer, or beneficial owner of more than 5% of the shares of a class of our voting common stock. Except as otherwise noted below, the address for each person listed on the table is c/o Booz Allen Hamilton Inc., 8283 Greensboro Drive, McLean, Virginia 22102.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

Policies and Procedures for Related Person Transactions

We adopted a written related person transactions policy pursuant to which related persons, namely our executive officers, directors and principal stockholders, and their immediate family members, are not permitted to enter into certain transactions, or materially modify or amend an ongoing transaction, with us, in which the amount involved exceeds \$120,000, without the consent of our Audit Committee or any designated member of the Audit Committee. Any request for us to enter into or materially modify or amend certain such transactions is required to be presented to our Audit Committee for review, consideration and approval. All of our directors and executive officers are required to report to our Audit Committee any such related person transaction. In approving or rejecting the proposed transaction, our Audit Committee will take into account, among other factors it deems appropriate, whether the proposed related person transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances, the extent of the related person's interest in the transaction and, if applicable, the impact on a director's independence. Under the policy, if we should discover related person transactions that have not been approved, our Audit Committee will be notified and will determine the appropriate action, including ratification, rescission, or amendment of the transaction.

Related Person Transactions

Stockholders Agreement

In connection with the acquisition of Booz Allen Hamilton by Carlyle on July 31, 2008, Booz Allen Holding, Explorer Coinvest LLC, an entity controlled indirectly by senior employees of Carlyle, certain members of the management of Booz Allen Holding and certain other stockholders of Booz Allen Holding entered into the stockholders agreement. Effective November 16, 2010, the stockholders agreement was amended and restated and, on June 12, 2012, the amended and restated stockholders agreement was further amended. While our second amended and restated bylaws do not limit the Board from increasing the number of directors, under the amended and restated stockholders agreement, as amended, the number of directors on the Board of Booz Allen Holding was set at a minimum of six directors and may be increased, by action of the Board, to not more than twelve directors. The number of directors on the Board is currently set at ten. Subject to certain conditions and restrictions, a maximum of three of the nominees for election to our Board, who may be full-time employees of Carlyle, are to be designated by Coinvest, and a maximum of two members of the Board, who must be full-time employees of Booz Allen Hamilton, are to be designated by Booz Allen Holding's Chief Executive Officer. Under the terms of the amended and restated stockholders agreement, as amended, Coinvest and our executive officers will be required to vote the voting shares over which they have voting control in favor of Coinvest's and the Chief Executive Officer's designees. At such time as Coinvest ceases to own at least 40% of the economic interests in Booz Allen Holding represented by its issued and outstanding common stock, Coinvest and our executive officers will use commercially reasonable efforts to amend the Board representation provisions of the amended and restated stockholders agreement, as amended, consistent with the reduced ownership position of Coinvest at that time.

Under the terms of the amended and restated stockholders agreement, as amended, Coinvest may compel each executive officer who is a party to the amended and restated stockholders agreement, as amended, to sell a certain number of securities issued by Booz Allen Holding in the event that Coinvest proposes to transfer securities issued by Booz Allen Holding to a third party purchaser.

Under the amended and restated stockholders agreement, as amended, in the event of any sale of shares of Class B non-voting common stock or Class C restricted common stock pursuant to the exercise of bring-along rights by Carlyle, certain transfers following an initial public offering, or pursuant to the exercise of registration rights (discussed below), such shares will be converted into shares of Class A common stock.

Coinvest has registration rights under the amended and restated stockholders agreement, as amended, with respect to 65,660,000 shares of Class A common stock that it owned as of June 3, 2014 and, in certain circumstances, other stockholders of Booz Allen Holding who are a party to the amended and restated stockholders agreement, as amended, may have the right, subject to certain exceptions, to request that certain securities (including shares of Class A common stock held by such stockholders and shares of Class A common stock issuable upon exercise of options or upon conversion from Class B or Class C common stock) be registered. To the extent that Coinvest acquires shares of

Class B or Class C common stock or options exercisable for shares of Class A common stock, it would have registration rights with respect to the shares of Class A common stock issuable upon conversion or exercise thereof. Booz Allen Holding has agreed to indemnify the stockholders that are a party to the amended and restated stockholders

agreement, as amended, and their affiliates from liabilities resulting from the registration of securities of Booz Allen Holding pursuant to the amended and restated stockholders agreement, as amended.

Booz Allen Holding has certain repurchase rights under the amended and restated stockholders agreement, as amended, with respect to Class A, Class B, Class C and Class E common stock and options issued to a management stockholder under the Equity Incentive Plan for up to nine months after the occurrence of certain events specified in the amended and restated stockholders agreement, as amended. Similar repurchase rights exist for Class A, Class B, Class C and Class E common stock and options held by other stockholders of Booz Allen Holding that become an employee, consultant or independent contractor for certain competitors of Booz Allen Hamilton.

The amended and restated stockholders agreement, as amended, includes a waiver by management stockholders of certain rights to receive payments or other benefits that would constitute a “parachute payment” made in connection with a “change in ownership or control” of a corporation, within the meaning of Section 280G of the Internal Revenue Code of 1986, or the Code, as amended, which could reasonably be expected to result in the imposition of an excise tax on the management stockholder under Section 4999 of the Code or in the loss of any income tax deductions by Booz Allen Holding or the person making such payment under Section 280G of the Code. This waiver does not apply in certain circumstances, including at such time as Booz Allen Holding has publicly traded securities and where Booz Allen Holding obtains the requisite stockholder approval of such payments or the unaffiliated directors determine the waiver should not apply.

The amended and restated stockholders agreement, as amended, will terminate upon a sale or change of control of Booz Allen Holding or such time as more than 60% of its equity securities have been sold to the public.

Irrevocable Proxy and Tag-Along Agreements

In connection with the amendment and restatement of the stockholders agreement, Coinvest made a unilateral offer to each individual stockholder who was a party to the original stockholders agreement to grant such stockholder a new pro rata tag-along right on certain transfers by Coinvest to third-party purchasers. In exchange for this tag-along right, Coinvest has received an irrevocable proxy from each stockholder who entered into such agreement to vote such stockholders’ securities with respect to the election and removal of directors and to approve any company sale that has already been approved by the Board of Booz Allen Holding and the holders of a majority of our voting shares. This new tag-along right and proxy have been granted pursuant to separate irrevocable proxy and tag-along agreements entered into between Coinvest and each such individual stockholder and became effective on November 16, 2010. These arrangements will terminate at such time as Coinvest ceases to own at least 25% of the economic interests in Booz Allen Holding represented by its issued and outstanding common stock or such time as more than 60% of its equity securities have been sold to the public.

The Management Agreement and Indemnification Agreements

On July 31, 2008, Booz Allen Holding and Booz Allen Hamilton entered into a management agreement with TC Group V US, L.L.C., a company affiliated with Carlyle, or TC Group. On June 7, 2012, TC Group assigned all of its right, title and interest in, and obligations under, the management agreement to Carlyle Investment Management L.L.C., or Carlyle Investment Management. Pursuant to the management agreement, Carlyle Investment Management, as the assignee of TC Group, provides Booz Allen Holding and its subsidiaries, including Booz Allen Hamilton, with advisory, consulting and other services. Booz Allen Holding pays Carlyle Investment Management an aggregate annual fee of \$1.0 million for such services, plus expenses. Furthermore, in consideration for any additional investment banking services provided by Carlyle Investment Management and other services other than advisory and consulting services described above, Carlyle Investment Management is entitled to receive additional reasonable compensation as agreed by the parties.

The management agreement also provides that Booz Allen Hamilton will indemnify Carlyle Investment Management and its officers, employees, agents, representatives, members and affiliates against certain liabilities relating to or arising out of the performance of the management agreement and certain other claims and liabilities. We have entered into indemnification agreements with each of our directors and executive officers. The indemnification agreements provide the directors and our executive officers with contractual rights to the indemnification and expense advancement rights provided under our second amended and restated bylaws, as well as contractual rights to additional indemnification as provided in the indemnification agreements.

We believe that the management and indemnification agreements are, in form and substance, substantially similar to those commonly entered into in transactions of like size and complexity sponsored by private equity firms. We further believe that the fees incurred by us under the management agreement are customary and within the range charged

by similarly situated sponsors. In addition, from time to time and in the ordinary course of business and at arms-length, we engage other Carlyle portfolio companies as subcontractors or service providers and they engage us as subcontractors or service providers. The cost and revenue associated with these related party transactions were approximately \$368 thousand and \$444 thousand, respectively, for fiscal 2014.

The Acquisition

In connection with the acquisition of Booz Allen Hamilton by Carlyle, our current and former executive officers (or their related family trusts) received a combination of current and deferred cash consideration as well as stock and options in Booz Allen Holding. Of the overall cash consideration, \$158.0 million was structured as an interest in the deferred payment obligation and \$80.0 million was deposited into escrow to fund certain purchase price adjustments, future indemnification claims under the merger agreement and for certain other adjustments. The remainder of the cash consideration was paid on the closing date as part of the acquisition. The current and former executive officers (or their related family trusts) receive their pro rata share of any payments of the deferred payment obligation and any releases of funds held in escrow to selling stockholders.

As of March 31, 2014, there was approximately \$81.3 million of the deferred payment obligation outstanding, which includes accrued interest of \$1.3 million, with approximately \$38.6 million of indemnified pre-acquisition claims outstanding against the deferred payment obligation that may offset the future amount paid back to selling stockholders should such claims settle unfavorably. The ultimate value of our current and former executive officers' (or their related family trusts') interests in the deferred payment obligation will not be known until all such claims are resolved.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis provides a detailed description of our executive compensation philosophy and programs, the compensation decisions the Compensation Committee has made under those programs and the factors considered in making those decisions. The following discussion of compensation arrangements of our named executive officers for fiscal 2014 should be read together with the compensation tables and related disclosures set forth below. Although this Compensation Discussion and Analysis focuses on our named executive officers for fiscal 2014, the structure of our compensation programs is consistent for all Executive and Senior Vice Presidents. Our named executive officers for fiscal 2014 were:

	Title
Dr. Ralph W. Shrader	Chairman and Chief Executive Officer
Horacio D. Rozanski	President and Chief Operating Officer
Samuel R. Strickland	Executive Vice President, Chief Financial Officer and Chief Administrative Officer
Joseph Logue	Executive Vice President
John D. Mayer	Executive Vice President

Compensation Philosophy

Our executive compensation programs are based on the core belief that:

• Transparency and collaboration increase overall performance.
 • Executive performance must be measured over both a short- and long-term horizon in order to maximize stockholder value creation.

• Although we are a corporation, we use a partnership-style culture and compensation model which fosters internal collaboration through a single profit center and a firm-wide compensation pool.

The compensation of our named executive officers is performance-based and centered around a single profit center and firm-wide compensation pool. As further described below, each of our executives (including the named executive officers), which we define to include our Executive Vice Presidents and Senior Vice Presidents, were assigned to a cohort level (plus a separate and distinct level for our Chief Executive Officer), and all executives within each level are provided the same number of “points” and, generally, receive the same compensation. The separate level for our Chief Executive Officer is assigned 10% more points than executives in the highest cohort level, recognizing the Chief Executive Officer's unique role. We periodically undertake an evaluation of all of our executives, who are then assigned to a cohort level based on a review of each of their roles, responsibilities, competencies, and performance. From time to time, we may also pay additional amounts to one or more executives to recognize special roles or responsibilities. This distinctive system allows us to motivate our executives to act in the best interests of the Company through an emphasis on client service and by encouraging the rapid and efficient allocation of our people across markets, clients and opportunities.

Utilizing this philosophy, our executive compensation program has been designed to:

- Attract, motivate and retain executives of outstanding ability to meet and exceed the demands of our clients;
- Focus on optimizing stockholder value and fostering an ownership culture; and
- Create appropriate firm-level rewards and penalties for exceeding or falling short of performance targets.

Setting Executive Compensation

Our compensation program allows us to attract and retain top tier talent and provide significant incentives for exceeding our performance targets, while also providing significant penalties for under-performance. The Chief Executive Officer, President and Chief Operating Officer, Chief Financial Officer, and Chief Personnel Officer together recommend the target compensation for each level by reviewing historical compensation and considering factors such as projected financial performance, growth, and market conditions for the coming fiscal year. The

recommendation is then reviewed with the Company's Executive Management Committee. The result is the dollar value per point multiplied by the number of points assigned to each executive to determine target compensation. Based upon their collective experience and reasoned business judgment, our Compensation Committee considers the recommendation from management and approves the final targeted monetary value per point.

Benchmarking Compensation

We use relevant quantitative and qualitative measures to evaluate compensation for the fiscal year based on overall performance objectives and broad market parameters to include:

- Peer Market Analysis (from proxy statements of peer companies); and
- Technical Industry Market Survey Analysis (cross industry surveys for companies of similar size).

Our management consults with Mercer HR Consulting, which provides peer group analysis of market position and executive compensation design. For fiscal 2014, peer comparisons were performed against five companies which were selected based on similarities to the Company in size and/or industry as well as operational similarities. The selected companies were Accenture, ICF International, Leidos Holdings, Inc., ManTech International, and CACI International. In addition, management obtains market analysis and executive compensation survey data from nationally recognized survey providers, including Mercer U.S. Long Term Incentive and Equity Compensation Survey, Towers Watson Top Management Survey, and Towers Watson Professional Services Executive Survey. Salary, cash incentive compensation, and long-term stock incentives are considered in these analyses; however, we do not use survey data to set compensation; instead, we use it to confirm that our compensation is within a competitive range.

Compensation Elements

Our executive compensation consists of the following components, which are designed to provide a mix of fixed and at-risk compensation that is heavily tied to the achievement of our short and long-term financial goals and designed to promote a long-term career with the Company:

Element	Objective
Base Draw	Reflects the requirements of the marketplace to attract and keep our executive talent
Annual Incentives	Rewards our executives for performance against key operational and financial targets
Long Term Equity Incentives	Rewards our executives for growing our Company over the long term and aligns their interests with our stockholders
Benefits	Provides for the health and welfare of our executives
Retirement Benefits	Promotes long term commitment of our executives to the Company and builds financial security

A substantial amount of each executive's total annual compensation opportunity, including base draw and annual incentives, is at-risk and is directly tied to our annual financial performance. Our Chief Executive Officer and each of the other named executive officers' target annual compensation mix is approximately 60% base draw and approximately 40% annual incentives with both compensation elements tied to our performance. Other than as required by applicable federal, state and local labor law requirements, 100% is at risk based on annual performance targets and is delivered in a mix of cash and restricted stock as described below.

Base Draw

Our executives receive a monthly base draw payment, which is comparable to salary. In the event that annual Company performance is significantly below expectations, the base draw paid to each executive is at risk and any excess draw payments could be required to be returned, subject to the limitations established by applicable federal, state and local labor law requirements. For fiscal 2014, base draw was set at \$2,500 per point and paid monthly. The base draw payout per point has remained constant for the past 7 years, and is expected to remain the same for fiscal 2015. For fiscal 2014, each of our named executive officers earned the base draw set forth in the "Salary" column of the Summary Compensation Table.

Annual Incentive

The annual incentive portion of our executives' compensation is provided through our annual bonus program, which is delivered in cash and restricted stock, based on achievement of the Company's performance target metric with upward or downward adjustments for exceeding or falling below the targets. The performance target metric is set at or near the beginning of each fiscal year. For fiscal 2014, the annual incentive is based on actual Bonus EBITDA as compared to the target Bonus EBITDA. Payment of the annual incentive payments at target levels would generally occur when actual Bonus EBITDA is equal to the target Bonus EBITDA. A portion of any variance between target and actual Bonus EBITDA is reflected as an adjustment to the pool of funds available for the annual incentive payment, or the bonus pool. The amount of the adjustment is determined by the Compensation Committee in its sole discretion. A positive variance between the target and actual Bonus EBITDA would generally result in an increase in the bonus pool and a negative variance would generally result in a decrease in the bonus pool.

Bonus EBITDA is defined as our consolidated earnings before subtracting interest, taxes, depreciation, amortization, stock-option based and other equity-based compensation expenses, management, transaction and similar fees paid to the principal stockholders or their affiliates, as reflected on our audited consolidated financial statements for such fiscal year, and adjusting for certain extraordinary and non-recurring items as determined by the Compensation Committee. We base the annual incentive portion of our executives' compensation on Bonus EBITDA because we believe it is a direct reflection of the cash flow and operating profitability of our business and represents the element of our performance that executives can most directly impact through their management of the business.

Our Compensation Committee reviews the Bonus EBITDA result and approves any adjustments to the plan bonus pool based on year end operating results. The final bonus pool as approved by our Compensation Committee is distributed to our executives on a consistent per point basis.

FY14 Target Bonus EBITDA	\$ 553.0 million
FY14 Actual Bonus EBITDA	\$549.8 million

The target bonus pool for the achievement of fiscal year 2014 target Bonus EBITDA was \$30.1 million. Based upon the actual results, the Compensation Committee approved a bonus pool of \$30.45 million. The Compensation Committee approved a slight increase to the bonus pool notwithstanding actual results being less than one percent under target, given the relatively strong performance of the Company, which exceeded that of many others in the U.S. Government services industry, in the face of substantial challenges in the U.S. Government contracting environment. In approving a \$30.45 million bonus pool, the Compensation Committee took into consideration the difficult competitive and economic environment the Company faced last year, including the October 2013 U.S. Government shutdown during which the Company maintained all of its staff, thereby generating employee goodwill, and the unprecedented weather-related closures in the fourth quarter. Despite these challenges, the Company still increased net income and EBITDA as compared to the prior fiscal year by increasing the productivity of consulting staff and aggressively managing costs, while continuing to make strategic and tactical investments necessary for the long term health of the business.

Annual Incentive - Cash Component

The cash component of the annual incentive is the same for each executive within the same level. For the named executive officers, 55% of the annual incentive is provided in cash with the remainder delivered in restricted stock as described below. Executives who announce their retirement, which shall occur before the end of the calendar year, or whose expected termination is known before the issuance of the equity portion of the annual bonus and under circumstances that entitle them to a full or pro-rated bonus will be paid their annual bonus entirely in cash.

As explained below in the Defined Contribution Retirement Plan and Other Retirement Benefits section, as part of the annual bonus program we have developed a "supplemental bonus" to transition the prior Excess ECAP plan. The amount of the supplemental bonus is tied to Company performance and will vary based on total compensation per point.

Annual Incentive - Equity Component

The equity component of the annual incentive award is granted in restricted stock and vests ratably over three years, subject to certain exceptions. The equity portion is intended to enable executives to own meaningful amounts of our stock.

For the named executive officers, 45% of the annual incentive is delivered in the form of restricted stock. The Company determines the number of shares of restricted stock to be granted to each executive by multiplying the total annual bonus amount by 45% and then applying a 20% premium to reflect the decreased liquidity and increased risk associated with the restricted stock. The resulting amount is divided by the fair market value of our stock on the date of grant to determine the number of shares granted.

Beginning in fiscal year 2015, the equity component of the annual incentive will be granted in restricted stock units instead of restricted stock. The restricted stock units are substantially similar to restricted stock with the actual shares being delivered at settlement as opposed to grant. Based on a review of our peer group and other public companies, restricted stock units are more common than restricted stock awards.

Annual Incentive - Fiscal 2014 Payments

The cash payments received by each of our named executive officers for fiscal 2014 is reflected in the "Non-Equity Incentive Plan Compensation" column of the Summary Compensation Table. The equity grants for fiscal 2013 performance granted in fiscal 2014 are reflected in this year's "Stock Awards" column of the Summary Compensation Table. The equity grants for fiscal 2014 performance granted in fiscal 2015 will be reflected in next year's "Stock Awards" column of the Summary Compensation Table. Total payments for fiscal 2014 for each of our named executive officers under the annual bonus program are reflected below:

Name	Total Annual Incentive ¹ (\$)	Amount Paid in Cash ¹ (\$)	Amount to be Delivered in Restricted Stock Units ² (\$)
Dr. Ralph W. Shrader	1,281,375	779,175	502,200
Horacio D. Rozanski	1,155,229	701,629	453,600
Samuel R. Strickland ³	840,000	840,000	—
Joseph Logue	1,155,229	701,629	453,600
John D. Mayer	889,891	533,491	356,400

(1) Includes supplemental cash bonus payment.

(2) Includes 20% premium.

(3) Mr. Strickland retires on June 30, 2014 and his annual incentive was paid entirely in cash.

Certain of our named executive officers will be eligible to receive special cash bonuses for fiscal 2015 as described below under "Employment Agreements."

Long Term Incentives

We believe that our executives should hold meaningful amounts of equity to align their interests to those of our stockholders, and, accordingly, long-term equity compensation is an important component of our compensation program. Our long-term incentive program consists of awards of stock options to our executives under the Equity

Incentive Plan. We believe stock options further our objective of aligning the interests of our executives with those of our stockholders by providing our executives with a continuing stake in our long-term success and by rewarding them based on the future growth in our equity value. We award stock options only upon hire of an executive and/or upon promotion, so that each executive within the same level would receive the same award value of options and total compensation. We do not grant stock options on an annual basis. Messrs. Rozanski and Logue received a grant of options, as reflected in the Grants of Plan Based Awards table below, upon each their promotion to a higher cohort.

For options granted on or after February 23, 2012, the vesting of stock options is time-based over 5 years. For options granted before February 23, 2012, the terms of the options granted to our named executive officers under the Equity Incentive Plan were negotiated between members of management and Carlyle at the time Carlyle acquired

a majority equity interest in our company. A portion of the options vest based on continued service and the remainder vest based on achievement of EBITDA and cumulative cash flow performance goals.

The EBITDA target for option vesting for fiscal 2013 was \$413.8 million, with the annual target level increasing by 12% each year thereafter. The annual cash-flow target for fiscal 2013 before adjustment was \$267.6 million, with future annual targets increasing by approximately 12% per year, and subject to upward or downward adjustments for changes in net revenue growth.

For purposes of the options, "EBITDA" is calculated in the same manner as Bonus EBITDA under the annual performance bonus program; and "cash flow" means (i) EBITDA for a fiscal year less (ii) the increase in adjusted working capital (accounts receivable (net) less accounts payable, less other accrued expenses) in the fiscal year (which may be a positive or a negative number) less (iii) any overruns in the annual budget for capital expenditures in the financial plan approved by the Board for that fiscal year.

Certain of our named executive officers received special restricted stock grants in fiscal 2015 as described below under "Employment Agreements."

Benefits and Perquisites

Our employees are eligible to participate in a full complement of benefit plans. Our executives also participate in enhanced medical and dental plans, life insurance, AD&D and personal liability coverage at the Company's expense. Our executives receive perquisites including initiation fees for club memberships and reasonable dues on an annual basis, up to \$15,000 per year for financial counseling, up to \$7,500 every three years to update an estate plan, up to \$3,000 for preparation of estate plans following relocation to a new tax jurisdiction and a one-time reimbursement of up to \$5,000 for retirement financial planning. We believe that our executive benefits and perquisite programs are reasonable and necessary to sustain a fully competitive executive compensation program. For more detail on the perquisites that our named executive officers receive, see footnote 6 to the Summary Compensation Table below.

Other Payments

Some of our executives received options in 2008 pursuant to our Officers' Rollover Stock Plan to replace compensatory stock options previously granted by our predecessor. Holders of these options received dividend equivalent rights in connection with the payment of certain special dividends. The dividend equivalent rights entitle the executive to receive a cash payment on the option's fixed exercise date. The amount of the cash payment is based on the difference between adjustments made to the option exercise price in connection with the special dividends and the amount of the special dividends. The amount of the dividend equivalent payment credited for the two special dividends declared in fiscal 2013 is included in the Non-Qualified Deferred Compensation Table below.

In connection with the payment of the two \$1.00 special dividends in fiscal 2014, holders of certain options granted pursuant to our Equity Incentive Plan received dividend equivalent rights that entitle the executive to receive, on the option's fixed vesting date, a cash payment based on the amount of the special dividend, subject to vesting of the related option. The amount of the dividend equivalent payment credited for the two special dividends declared in fiscal 2014 is included in the "All Other Compensation" column of the Summary Compensation Table below.

Defined Contribution Retirement Plan and Other Retirement Benefits

We provide retirement benefits to our executives (including our named executive officers) in order to help them build financial security for retirement, while allowing them to direct the investment of their retirement savings as they choose.

Employees' Capital Accumulation Plan

All employees, including our named executive officers, were automatically eligible to participate in the tax-qualified Employees' Capital Accumulation Plan, or ECAP. We funded contributions to ECAP annually for each of our named executive officers. Effective April 1, 2014, ECAP transitioned from a discretionary contribution plan to an annual 401(k) matching program. All employees, including our named executive officers, will be eligible for an annual matching contribution of up to 6% of their eligible annual income as determined by the Internal Revenue Code. Each executive is also eligible to receive a payment that is equivalent to the annual tax-deferred contribution he or she is permitted to

make to ECAP under the Internal Revenue Code. Executives may elect to have these funds deposited into a pre-tax or Roth 401(k), or the executive may simply receive the funds as a cash payment and taxed accordingly.

Our executives also historically received a supplemental cash payment equal to a percentage of eligible compensation in excess of the annual compensation limit of the Internal Revenue Code, plus an additional 23% investment incentive, which was intended to supplement the retirement plan contribution. In order to further tie the compensation of our executives to the performance of the Company, this supplemental cash payment, or Excess ECAP, was replaced last year with a separate bonus plan to deliver additional cash in connection with the annual incentive bonus which is dependent upon overall Company performance. The final Excess ECAP payment occurred in June 2013.

Additional Retirement Benefits

We provide additional retirement benefits to our executives (including our named executive officers) in order to provide them with additional security in retirement and promote a long-term career with our company. Our executives participate in the Officers' Retirement Plan, under which the executive may retire with full benefits after a minimum of either (x) age 60 with five years of service as an executive or (y) age 50 with ten years of service as an executive. An eligible executive who retires and does not receive severance benefits is entitled to receive a single lump sum retirement payment equal to \$10,000 for each year of service as an executive, pro-rated as appropriate, and an annual allowance of \$4,000 for financial counseling and tax preparation assistance. Our retirees are also eligible to receive comprehensive coverage for medical, pharmacy and dental health care. The premiums for this health care coverage are paid by the Company.

Employment Agreements

Historically, we have not entered into employment agreements with our executive officers. However, in January 2014, the Compensation Committee determined that it was appropriate to enter into employment agreements, effective April 1, 2014, with certain of our senior level executives, including Messrs. Rozanski and Logue to reflect recent leadership changes, to align their compensation to the market for similarly situated executives and to ensure retention of these critical leaders.

Under the employment agreements, each of Messrs. Rozanski and Logue will be entitled to receive a special cash bonus for fiscal 2015 in the amount of \$525,000 and \$425,000, respectively (such amount, the "Special Cash Bonus"). The payment of the Special Cash Bonus is subject to the continued employment of each executive through March 31, 2015, compliance with the terms of the employment agreements, and the Company generating more than \$1.00 of net income. Each of Messrs. Rozanski and Logue also received a special grant of restricted common stock of 268,818 shares. The restricted stock will vest 33% on March 31, 2016, 34% on March 31, 2017, and 33% on March 31, 2018, subject to the executive's continued employment through such dates.

The employment agreements provide for base salary and annual incentives that are consistent with that currently provided to the executives (and described above). Each executive officer will be eligible to participate in the employee benefit and executive perquisite programs of the Company on the same terms as similarly situated executive officers of the Company. Payments upon termination of employment will be governed by the Company's severance, transition, retirement, disability or other policies, as applicable, as in effect from time to time, and subject the terms and conditions of such policies. The officer is required to provide the Company with not less than 90 days' notice of termination of employment for any reason other than death or disability (or such longer notice period as is provided in the relevant officer policy). In addition, each executive agreed to be bound by perpetual confidentiality provisions and non-compete and non-solicit covenants while employed with us and for one year following termination of employment.

Frequency of Advisory Vote to Approve Executive Compensation

At the 2011 Annual Meeting of Stockholders, over 99% of the votes cast were in favor of our executive compensation structure and the stockholders elected to hold future votes on a three year cycle. There is an advisory vote scheduled for this Annual Meeting of Stockholders.

Executive Holding Requirements

Equity holding requirements for all of our executives are in place to further align their interests to those of our stockholders. Until an executive has satisfied the holding requirements set forth below, the executive can not sell any equity granted as equity compensation by the firm. The applicable multiples for our named executive officers are set forth in the following table:

Named Executive Officers:	Ownership Guideline:
Chief Executive Officer	5x base draw
Other Named Executive Officers	3x base draw

In calculating an executive's ownership, Class A Common Stock, Class B Non-Voting Common Stock, and Class C Restricted Stock, vested in-the-money stock options and vested and unvested restricted stock issued under the Equity Incentive Plan, and all stock options issued under the Officers' Rollover Stock Plan will be considered owned by the executive.

Risk Assessment

We conducted an internal risk assessment of our compensation programs. Based on our approach of compensating our executives to foster the financial success of the Company as a whole and other elements of our compensation system, our Company's Executive Management Committee and the Compensation Committee of the Board, with the information from our internal review, concluded that our executive compensation program does not encourage undue risk-taking.

Government Limitations on Reimbursement of Compensation Costs

As a government contractor, we are subject to applicable federal statutes and the Federal Acquisition Regulation, or the FAR, both of which govern the reimbursement of costs by our government clients. FAR 31.205-6(p) limits the allowability of senior executive compensation to a benchmark compensation cap established each year by the Administrator of the Office of Federal Procurement Policy under Section 39 of the Office of Federal Procurement Policy Act (41 U.S.C. 435). The benchmark cap applies to the five most highly compensated employees in management positions. When comparing senior executive compensation to the benchmark cap, all wages, salary, bonuses and deferred compensation, if any, for the year, as recorded in our books and records, must be included. The current benchmark compensation cap, effective after January 1, 2012 and as published in the Federal Register, is \$952,308. Any amounts over the cap are considered unallowable and are therefore not recoverable under our government contracts. The FAR also limits the allowability of reimbursement for non-senior executive compensation. On December 31, 2011 the National Defense Authorization Act for Fiscal Year 2012 (NDAA or Act) was enacted. The Act extends the current executive compensation cap on the five most highly compensated executives to cover all employees of Department of Defense (DoD) contractors. The FAR was amended on June 26, 2013 to impose this limitation on all contracts awarded by DoD, NASA, or the Coast Guard. On December 26, 2013, the Bipartisan Budget Act was enacted. This Act reduced the current executive compensation cap on the five most highly compensated executives to \$487,000 and extended to cover all employees of federal contractors. To date, the FAR has not been amended to impose this limitation.

Policy on Recovering Bonuses in the Event of a Restatement

We have included provisions in our Annual Incentive Plan and our Equity Incentive Plan that provide us with the ability to impose the forfeiture of bonuses and equity compensation and the recovery of certain bonus amounts and gains from equity compensation awarded under those plans in the event of an accounting restatement due to material non-compliance with any financial reporting requirements under the securities laws with respect to individuals who engage in misconduct or gross negligence that results in a restatement of our financial statements, individuals subjected to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002, and, to the extent that, based

on erroneous data, any award or payment is in excess of what would have been paid under the accounting restatement during the three-year period preceding the date on which a financial restatement is required, current or former executives, or as otherwise required under applicable laws or regulations. In addition, if an individual engages in certain other misconduct, we have the discretion to suspend vesting of all or a portion of any award and/or require the forfeiture or disgorgement to us of any equity award (including gains on the sale of the stock, if any) that vested, was paid or settled in the twelve months prior to or any time after the individual engaged in such misconduct.

Certain Change in Control Provisions

Options granted under our Equity Incentive Plan prior to our initial public offering contain provisions that accelerate vesting in connection with certain change in control events. Under the Equity Incentive Plan, “change in control” is generally defined as the acquisition by any person (other than Carlyle) of 50% or more of the combined voting power of our company's then outstanding voting securities, the merger of our company if its stockholders immediately prior to the merger together with Carlyle do not own more than 50% of the combined voting power of the merged entity, the liquidation or dissolution of our company (other than in a bankruptcy proceeding or for the purposes of effecting a corporate restructuring or reorganization) or the sale of all or substantially all the assets of our company to non-affiliates. Vesting of options granted under our Equity Incentive Plan prior to our initial public offering is accelerated only as a result of events that result in liquidity to Carlyle. These provisions were negotiated at the time of Carlyle's investment in our company and are designed to motivate management to assist our principal stockholders in achieving a favorable return on their investment in our company.

Options granted under the Officers' Rollover Stock Plan vest upon a change in control.

For options granted after our initial public offering, in the event of a change in control, unless the plan administrator determines otherwise, all time-vesting awards under the Equity Incentive Plan will fully vest and a pro-rated portion of outstanding performance-vesting awards will vest based on the performance achieved as of the change in control.

In addition, if during the five year period after a change in control our executives' retiree medical plan is terminated or modified in a manner that is materially adverse to our executives, our executives, including our named executive officers, will be guaranteed their existing benefits under the plan through the fifth anniversary of the change in control and receive at the end of the five-year period a cash payment equal to the excess of the actuarial cost of the executive's benefits under the plan that would be accrued on the company's financial statements on the fifth anniversary of the change in control in the absence of the termination or modification over the amount that is accrued on our financial statements on the fifth anniversary of the change in control giving effect to the termination or modification (but excluding the accrual on the payment itself).

Policies on Timing of Equity Grants

It is our policy not to time the granting of equity awards in relation to the release of material, non-public information. Accordingly, regularly scheduled awards are permitted to be granted at times when there is material non-public information. We expect that we will generally grant awards to new hires and promotion awards effective at the time of the next scheduled Compensation Committee or Board of Directors meeting, and annual awards in June. In addition, it is our policy not to grant equity awards with effect from, or with an exercise price based on market conditions as they existed on, any date prior to the date on which the party in which granting authority is vested (typically our Compensation Committee or our Board of Directors) takes formal action to grant them.

Effect of Accounting and Tax Treatment on Compensation Decisions

Section 162(m) of the Internal Revenue Code imposes a limit on the amount of compensation that we may deduct in any one year with respect to certain “covered employees,” unless certain specific and detailed criteria are satisfied. Performance-based compensation, as defined in the Internal Revenue Code, is fully deductible if the programs are approved by stockholders and meet other requirements. As described above, all of our short-term non-equity incentive compensation is determined based upon the achievement of certain predetermined financial performance goals and follow criteria that generally permit us to deduct such amounts without being subject to limits under Section 162(m). Pursuant to applicable Treasury regulations, Section 162(m) does not apply to compensation paid or stock options or restricted stock granted under the compensation agreements and plans described in our initial public offering prospectus during the reliance transition period ending on the earlier of the date the agreement or plan is materially modified or the first stockholders meeting at which directors are elected during 2014. While we will continue to

monitor our compensation programs in light of Section 162(m) and seek to pay deductible compensation whenever possible consistent with our overall compensation philosophy, our Compensation Committee considers it important to retain the flexibility to design compensation programs that are in the best long-term interests of our company and our stockholders, particularly as we continue our transition from a private to a public company. As a result, we have not adopted a policy requiring that all compensation be deductible and our Compensation Committee may conclude that paying compensation at levels that are subject to limits under Section 162(m) is nevertheless in the best interests of our company and our stockholders.

Other provisions of the Internal Revenue Code can also affect compensation decisions. Section 409A of the Internal Revenue Code, which governs the form and timing of payment of deferred compensation, imposes sanctions, including a 20% penalty and an interest penalty, on a recipient of deferred compensation that does not comply with Section 409A. Our Compensation Committee takes into account the potential implications of Section 409A in determining the form and timing of compensation awarded to our executives and strives to structure its nonqualified deferred compensation plans to meet these requirements.

Section 280G of the Internal Revenue Code disallows a company's tax deduction for payments received by certain individuals in connection with a change in control to the extent that the payments exceed an amount approximately three times their average annual compensation and Section 4999 of the Internal Revenue Code imposes a 20% excise tax on those payments. As described above, options and restricted stock awarded under our Officers' Rollover Stock Plan and options granted under our Equity Incentive Plan have or will contain provisions that accelerate vesting of all or a portion of the awards in connection with a change in control. To the extent that payments upon a change in control are classified as excess parachute payments, our company's tax deduction would be disallowed under Section 280G.

See "Compensation Discussion and Analysis -- Compensation Elements -- Annual Incentive." The aggregate fair value of the awards was computed in accordance with FASB ASC Topic 718 using the valuation methodology and assumptions set forth in Note 17 to our financial statements for the fiscal year ended March 31, 2014, which are incorporated by reference herein, modified to exclude any forfeiture assumptions related to service-based vesting conditions. The amounts in this column do not reflect the value, if any, that ultimately may be realized by the executive.

(4) This column reflects the cash portion of the annual bonus and supplemental bonus under our annual performance bonus program, which provides awards based on the achievement of corporate performance objectives. The portion

of the award paid in cash is reported in the Summary Compensation Table with respect to the year in which the bonus is earned. The portion of the award paid in restricted stock is reported in the Summary Compensation Table with respect to the year in which the restricted stock is granted (which occurs in the following fiscal year). The annual performance bonus program is described more fully at "Compensation Discussion and Analysis - Annual Incentive."

(5) This column reflects the change in value of the cash retirement benefit accrued under the Officers' Retirement Plan for each of our named executive officers.

(6) Messrs. Rozanski and Logue were not designated as named executive officers prior to 2014. Mr. Mayer was designated as a named executive officer in 2011 and 2013, but not in 2012.

(7) The table below describes the elements included in All Other Compensation. The amounts reported in this column for years 2012 and 2013 have been updated from what was previously reported to reflect a reallocation among the reported fiscal years of a portion of the Company Non-Qualified Retirement Contribution. This change is based on reporting these contributions in the year of approval as opposed to the year of payment.

(1) Reflects the portion of the target bonus levels for fiscal 2014 under our annual performance bonus plan, which provides awards based on the achievement of corporate performance objectives, payable in cash. The annual performance bonus plan is described more fully at “Compensation Discussion and Analysis - Compensation Elements - Annual Incentive.” Non-equity incentive plan awards have no minimum threshold or maximum cap payouts. The actual cash bonuses paid under the plan for fiscal 2014 are reflected in the Summary Compensation Table.

(2) Reflects the dollar value of the portion of the target bonus levels for fiscal 2014 under our annual performance bonus plan that is delivered in restricted stock, including a 20% premium. Equity incentive plan awards have no minimum threshold or maximum cap payouts. The actual number of shares of restricted stock awarded under the plan with

respect to fiscal 2014 performance will be granted in the 2015 fiscal year based on the fair market value of our Class A common stock on the date of grant and will be reflected in the 2015 Summary Compensation Table. The annual performance bonus plan is described more fully under “Compensation Discussion and Analysis - Compensation Elements - Annual Incentive.”

(3) Reflects the portion of the fiscal 2013 bonus under our annual performance bonus plan delivered in the form of restricted stock in July 2013.

The options vest and become exercisable, subject to continued employment, ratably on June 30, 2014, 2015, 2016, (4) 2017 and 2018. These options fully vest and become exercisable immediately prior to the effective date of certain change in control events.

In addition, any unvested options vest immediately prior to the effective date of certain change in control events if Carlyle achieves a specified internal rate of return as a result of the event or the investment proceeds to Carlyle are at least a specified multiple of its invested capital.

In addition, any unvested options vest immediately prior to the effective date of certain change in control events if Carlyle achieves a specified internal rate of return as a result of the event or the investment proceeds to Carlyle are at least a specified multiple of its invested capital.

Options must be exercised between June 30 and September 15 in the year in which the option expires unless a (4) named executive officer receives written consent from the administrator, in which case such options may be exercised through the end of the year in which they expire.

The options were granted pursuant to the Officers’ Rollover Stock Plan to replace compensatory stock options initially granted by our predecessor. In connection with special dividends paid to holders of our common stock in fiscal 2010, 2013, and 2014 in accordance with the terms of the Officers’ Rollover Stock Plan, the exercise price per share of each outstanding option was reduced in an amount equal to the reduction in the value of the common stock as a result of each dividend. Because the reduction in share value exceeded the exercise price for certain of the options granted under the Officers’ Rollover Stock Plan, the exercise price for those options was reduced to the par value (\$0.01) of the shares issuable on exercise, and the holders became entitled to receive on the option’s fixed exercise date a cash payment equal to the excess of the reduction in share value as a result of the dividend over the reduction in exercise price, subject to vesting and forfeiture on the same terms as the related option. Payments of such amounts to our named executive officers will be made as follows:

Name	June 30, 2014 (\$)	June 30, 2015 (\$)

Joseph Logue	659,390	659,390
John D. Mayer	349,233	—

Upon exercise of an option, the named executive officer must sell to us, and we must repurchase, at par value, one share of Class E special voting stock for each option exercised. If the named executive officer fails to complete the purchase of shares on exercise of the options within the time period set forth in the Officers' Rollover Stock Plan or fails to file an election under Section 83(b) of the Code with the Internal Revenue Service within thirty (30) days after exercise, the related shares of common stock will be deemed to have been forfeited by that named executive officer, and the named executive officer must sell to us, and we must repurchase, at par value, the related number of shares of Class E special voting stock held by the named executive officer.

(5) The named executive officers' restricted stock vests as set forth in the table below. The restricted stock becomes fully vested upon certain change in control events, unless otherwise determined by our Compensation Committee.

(6) Market value has been determined based on the fair market value of our stock on March 31, 2013 of \$22.00.

(7) Exercise price reflects adjustment in connection with \$6.50 special dividend paid in August 2012.

Pension Benefits Table

The Officers' Retirement Plan is an unfunded defined benefit retirement plan that we maintain for our executives. Under the Officers' Retirement Plan, if an executive retires of his or her own volition (and is not entitled to severance) after a minimum of either (x) age 60 with five years of service as an executive or (y) age 50 with ten years of service as an executive, he or she will be entitled to receive a single lump sum retirement payment equal to \$10,000 for each year of service as an executive, pro-rated as appropriate. Currently, Messrs. Shrader, Strickland, and Mayer are eligible to receive benefits under the Officers' Retirement Plan upon retirement.

Joseph Logue	Officers' Retirement Plan	2.5	121,005	—
John D. Mayer	Officers' Retirement Plan	4.5	145,000	—

The present value of accumulated benefits has been calculated in a manner consistent with our reporting of the Retired Officers' Bonus Plan under Statement of Financial Accounting Standards No. 87, using the Accumulated Benefit Obligation with the exception of the retirement rate assumptions. The amounts shown above reflect an assumption that each participant collects his benefit at the earliest age at which an unreduced benefit is available.

Non-Qualified Deferred Compensation

In connection with the payment of each special dividend in fiscal 2010, 2013, and 2014 holders of certain options (including our named executive officers) granted pursuant to our Officers' Rollover Stock Plan to replace compensatory stock options initially granted by our predecessor received dividend equivalent rights that entitle the executive to receive, on the option's fixed exercise date, a cash payment based on difference between adjustments made to the option exercise price in connection with the dividend and the amount of the special dividend. This payment is subject to vesting and forfeiture on the same terms as the related option and is paid in the same calendar year as the related option is required to be exercised. For a description of these dividend adjustment payments, see footnote 4 to the Outstanding Equity Awards at Fiscal Year-End Table above. Vested rights to these cash payments are reflected in the table below.

(1) Registrant contributions represent, for each vested stock option issued under the Officers' Rollover Stock Plan held by the named executive officer on the record date with respect to each special dividend declared since the grant of

40

the option, the difference between the value of the dividend paid and the amount by which the exercise price of the stock option was reduced. Amounts in this column are not included in the Summary Compensation Table. Employment Arrangements and Potential Payments upon Termination or a Change in Control

Historically, we have not entered into employment agreements with our executive officers. However, in January 2014, we entered into employment agreements, effective April 1, 2014, with certain of our senior level executives, including Messrs. Rozanski and Logue as described above under "Employment Agreements." Pursuant to the employment agreements, payments upon termination of employment will be governed by the Company's severance, transition, retirement, disability or other policies, as applicable, as in effect from time to time, and subject to the terms and conditions of such policies. Consistent with our Transition Policy, which deals with departures other than retirement, resignation, death, disability and terminations for cause, each named executive officer is eligible for transition pay equal to four months of base pay, plus one additional month for each year of service as an executive, up to a maximum of twelve months' base pay. Under the terms of our Transition Policy and Retirement Policy, all departure payments and benefits are contingent upon the executives' signing of a general release.

Termination Payments

Officers' Retirement Plan

If our named executive officers retire, they will each be entitled to receive a single lump sum retirement payment equal to \$10,000 for each year of service as an executive, pro-rated as appropriate, and an annual allowance of \$4,000 for financial counseling and tax preparation assistance. In addition, each of our named executive officers and their spouses will be entitled to receive the benefit of employer-paid retiree medical and dental coverage for life.

Officers' Rollover Stock Plan

If a named executive officer's employment is terminated due to the executive's death, any stock options become immediately exercisable. If a named executive officer's employment is terminated by us without cause, by reason of disability or in a "company approved termination," awards under the Officers' Rollover Stock Plan will be exercisable in accordance with the terms of the plan, subject to forfeiture if the named executive officer engages in competitive activity following the termination.

Stockholders Agreement

If a named executive officer's employment is terminated for any reason, then we may repurchase the common stock that the executive holds and that was issued pursuant to the Equity Incentive Plan at the price set forth in the Stockholders Agreement. See "Certain Relationships and Related Party Transactions — Related Person Transactions — Stockholders Agreement."

Change in Control Protections

We do not have change in control agreements with any of our employees.

Under the Equity Incentive Plan, if a change in control occurs, outstanding service-vesting options will vest immediately prior to the change in control, unvested performance-vesting options that are scheduled to vest in the year of the change in control, or that are subject to vesting under a catch-up vesting provision, vest immediately prior to the change in control if certain performance conditions are satisfied in the change in control and, unless determined otherwise by our Compensation Committee, restricted stock will vest upon the change in control.

In addition, if during the five year period after a change in control our executives' retiree medical plan is terminated or modified in a manner that is materially adverse to our executives, our executives, including our named executive officers, will be guaranteed their existing benefits under the plan during such five-year period and will receive a cash payment equal to the excess of the actuarial cost of the executive's benefits under the plan that would be accrued on the company's financial statements on the fifth anniversary of the change in control in the absence of the termination or modification over the amount that is accrued on our financial statements on the fifth anniversary of the change in control after giving effect to the termination or modification (but excluding the accrual on the payment itself).

The following table presents potential payments to each named executive officer as if the named executive officer's employment had been terminated or a change in control had occurred as the last day of fiscal 2014. If applicable, amounts in the table were calculated using \$22.00, the closing fair market value of our common stock on March 31, 2014. The actual amounts that would be paid to any named executive officer can only be determined at the time of an

actual termination of

41

employment or change in control and would vary from those listed below. The estimated amounts listed below are in addition to any retirement, welfare and other benefits that are available to our salaried employees generally. The estimated amounts do not include any benefits under the Employment Agreements described under "Employment Agreements" as such agreements were not in effect on March 31, 2014.

Edgar Filing: Booz Allen Hamilton Holding Corp - Form PREM14A

Each named executive officer is eligible for transition pay under our Transition Policy equal to four months of base (1) pay, plus one additional month for each year of service as an executive, up to a maximum of twelve months' base pay.

(2) This column includes the value of the equity with accelerated vesting calculated using \$22.00, the closing fair market value of our common stock on March 31, 2014, and the value of the deferred cash payment due to the named executive officers as a result of the special dividends paid on July 29, 2009, December 11, 2009, June 29, 2012,

August 31, 2012, November 29, 2013, and February 28, 2014 as described in footnote 4 to the Outstanding Equity at Fiscal Year-End Table and footnote (a) to the Other Compensation Table above. The accelerated vesting for a change in control is described in more detail under "Change in Control Protections." In the event of death, all outstanding service-vesting and performance-vesting options immediately vest.

(3) Each named executive officer has a \$2 million life insurance policy. If the death was accidental, an additional \$1.5 million would be paid. Survivors also receive one month's base pay.

Includes present value of disability insurance payments that cover up to 60% of base salary and bonus with a maximum benefit of \$25,000 per month (\$300,000 per year). The amounts in this column were calculated by (4) valuing the benefit as a standard annuity benefit based on the incidence of disability, using assumptions consistent with FAS 87/106 accounting for our other benefit programs and, for the assumption of a rate of disability, the 1977 Social Security Disability Index table.

Amount includes actuarial present value of retiree medical benefits. The present value of accumulated benefits has (5) been calculated in a manner consistent with our reporting of the Retired Officers' Welfare Plan under Statement of Financial Accounting Standards No. 106, using the Accumulated Postretirement Benefit Obligation with an adjustment made to retirement age assumptions as required by SEC regulations.

(6) Amount includes \$30,000 outplacement assistance and retiree medical benefits if retirement eligible.

Amount includes actuarial present value of up to \$4,000 per year for financial counseling assistance and retiree (7) medical benefits. The amounts in this column that represent the present value of the financial counseling allowance were calculated with the same assumptions we use to disclose our Retired Officers' Bonus Plan, consistent with FAS 87, with an adjustment to the rate of retirement; the valuation is based on the discounted value of the full \$4,000. The amounts in the column that represent the actuarial present value of retiree medical benefits were calculated as described in footnote 5 above. Includes a retirement gift of \$10,000, which is grossed up for taxes.

(8) Benefits under the Officers' Retirement Plan. This amount has been calculated using the methodology and assumptions described in footnote 1 to the Pension Benefits Table above.

Reflects the present value of the guaranteed benefits and cash payment of the actuarial cost of the executive's (9) benefits under the executives' retiree medical plan, assuming that the plan was terminated during the five years following a change in control.

(10) Messrs. Rozanski and Logue are not retirement eligible as of March 31, 2014.

AUDIT COMMITTEE REPORT

Management has the primary responsibility for the Company's financial statements and accounting and reporting processes, including the systems of internal accounting control. The Company's independent registered public accounting firm, Ernst & Young LLP, is responsible for performing an independent audit of the consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board and issuing a report thereon.

The Audit Committee is composed of three directors identified below, each of whom is an independent director as defined by applicable SEC rules and NYSE listing standards. Two committee members, Mark Gaumond and Joan Amble, have been designated by the Board as "audit committee financial experts" under applicable SEC rules. For further description of each committee member's background and expertise, please refer to the director qualification section of our proxy statement beginning on page 5.

The Audit Committee operates under a written charter that it reviews annually and which is available free of charge on our website, www.boozallen.com. In accordance with its charter, the Audit Committee appoints the Company's independent registered public accounting firm, subject to shareholder ratification, and conducts an annual review of its performance. In addition, the Audit Committee pre-approves all audit and permissible non-audit services provided by Ernst & Young LLP, and the fees for those services. The Audit Committee also oversees the Company's internal audit function, including its annual audit plan, budget and staffing. As part of its oversight role, the Audit Committee meets throughout the year, separately and together, with each of management, the Company's internal auditors and Ernst & Young LLP.

The Audit Committee has reviewed and discussed with management of the Company and Ernst & Young LLP, the audited consolidated financial statements of the Company for the fiscal year ended March 31, 2014 (the "Audited Financial Statements").

The Audit Committee has discussed with Ernst & Young LLP the matters required to be discussed under Public Company Accounting Oversight Board ("PCAOB") Auditing Standard No. 16, Communications with Audit Committees.

The Audit Committee has: (i) considered whether non-audit services provided by Ernst & Young LLP are compatible with its independence; (ii) received the written disclosures and the letter from Ernst & Young LLP required by the applicable requirements of the PCAOB regarding Ernst & Young LLP's communications with the Audit Committee concerning independence; and (iii) discussed with Ernst & Young LLP its independence. The Audit Committee has reviewed significant audit findings prepared by Ernst & Young LLP, and those prepared by the Company's internal auditors as well as management's responses thereto.

Based on the reviews and discussions described above, the Audit Committee recommended to the Board that the Audited Financial Statements be included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2014 for filing with the Securities and Exchange Commission.

PRE-APPROVAL OF SERVICES BY INDEPENDENT REGISTERED ACCOUNTING FIRM

The Audit Committee pre-approves specific categories of services up to pre-established fee thresholds. Unless the type of service had previously been pre-approved, the Audit Committee must approve that specific service before the independent auditors may perform it. In addition, separate approval is required if the amount of fees for any pre-approved category of service exceeds the fee thresholds established by the Audit Committee. The Audit Committee has delegated to the chair of the committee pre-approval authority with respect to permitted services, provided that the chair must report any pre-approval decisions to the Audit Committee at its next scheduled meeting. All fees described below were pre-approved by the Audit Committee.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Company is providing stockholders with an advisory vote on compensation programs for our Named Executive Officers (a “say-on-pay”). Accordingly, you may vote on the following resolution at the 2014 annual meeting:

“Resolved, that the stockholders approve, on an advisory basis, the compensation of the Company’s Named Executive Officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure in the Company’s proxy statement for the 2014 annual meeting.”

This vote is nonbinding. The Board and the Compensation Committee expect to take into account the outcome of the vote when considering future executive compensation decisions to the extent they can determine the cause or causes of any significant negative voting results.

As described in detail under “Compensation Discussion and Analysis,” our compensation programs are designed to attract, motivate, and retain executives of outstanding ability to meet and exceed the demands of our clients, focus management on optimizing stockholder value and fostering an ownership culture, create appropriate rewards for outstanding performance and penalties for under-performance, and provide competitive rewards that foster collaboration by rewarding executives for their contribution to our overall performance and financial success, while determining and allocating incentives based on our performance as a whole in recognition of the spirit and culture of collaboration that has defined us throughout our history. Stockholders are encouraged to read the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative disclosure.

The Board of Directors recommends a vote FOR the approval, on an advisory basis, of the compensation of our Named Executive Officers as disclosed in the Compensation Discussion and Analysis, the accompanying compensation tables and the related narrative disclosure.

APPROVAL OF THE SECOND AMENDED AND RESTATED EQUITY INCENTIVE PLAN

The Amended and Restated Equity Incentive Plan of Booz Allen Hamilton Holding Corporation, or Equity Incentive Plan, was initially adopted in 2010 and has been a principal component of our compensation program since its adoption. Our Board believes that granting equity awards under the Equity Incentive Plan has served to align the interests of the employees of the Company with the stockholders and that it would be in the best interest of the Company and its stockholders to continue to make such grants. As of June 6, 2014, 8,248,629 shares remained available for issuance under the Equity Incentive Plan. We believe that the remaining amount may be insufficient to meet our needs over the next three years.

Accordingly, on May 22, 2014, upon recommendation of our Compensation Committee, our Board adopted the Second Amended and Restated Equity Incentive Plan of Booz Allen Hamilton Holding Corporation, subject to the approval of our stockholders, and directed the plan be submitted to our stockholders for approval. The amendment of the Equity Incentive Plan will increase the number of shares issuable under the plan by 5,000,000 shares to a maximum of 33,000,000 shares. The amendment will also make certain technical and administrative revisions as well as revise the clawback provisions to provide greater flexibility to adopt and enforce policies for recovery of compensation by the Company under certain circumstances. The approval by our stockholders will also act as a stockholder approval of the material terms under which performance based compensation is to be paid, including the performance goals, so that payments under the Equity Incentive Plan may qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code, or Section 162(m) of the Code, to the extent applicable. The Equity Incentive Plan, as proposed to be amended, is set forth in Appendix B to this proxy statement.

Section 162(m) of the Code places a limit of \$1,000,000 per individual on the amount of remuneration the Company may deduct in any given year with respect to certain high-level executives of the Company. There is, however, an exception that generally allows the Company to obtain tax deductions without this limitation if the compensation paid qualifies as performance-based compensation. There are a number of requirements that need to be met in order for compensation to qualify as performance-based compensation, including stockholder approval of the material terms under which performance based compensation is to be paid, including the performance goals. Accordingly, approval of the amended and restated Equity Incentive Plan by the stockholders will allow us to continue to make performance-based awards under the plan while preserving a federal income tax deduction under Section 162(m) of the Code.

As of June 6, 2014, the closing price of our common stock was \$22.18.

The Board recommends a vote FOR the approval of the Second Amended and Restated Equity Incentive Plan of Booz Allen Hamilton Holding Corporation.

Summary of the Equity Incentive Plan

The following summary of the material terms of the Equity Incentive Plan, as proposed to be amended, is qualified in its entirety by reference to the full text of the plan, which is attached as Annex B to this proxy statement.

Administration. Our Board has the power and authority to administer the Equity Incentive Plan. In accordance with the terms of the Equity Incentive Plan, our Board has delegated this power and authority to our Compensation Committee.

Eligible Employees. Employees (including officers) of the Company, directors who are not also employees of the Company and consultants to the Company are eligible to participate in the Equity Incentive Plan. All of our employees and directors are eligible to participate, and approximately 168 employees and directors currently participate, in the Equity Incentive Plan.

Awards. Awards under the Equity Incentive Plan may be made in the form of stock options (either incentive or non-qualified); stock purchase rights; restricted stock; restricted stock units; performance shares; performance units;

stock appreciation rights; dividend equivalents; deferred share units; dividend equivalents; and other stock-based awards.

Shares Subject to the Plan. Subject to adjustment as described below, a total of 33,000,000 shares of our common stock will be available for issuance under the Equity Incentive Plan. Shares issued under the Equity Incentive Plan may be authorized but unissued shares or reacquired shares. At such time as Section 162(m) of the Code is applicable to our company and the plan, (i) a participant may receive a maximum of 450,000 performance shares, shares of

performance-based restricted stock and restricted stock units and performance-based deferred share units in any calendar year, (ii) the maximum dollar amount of cash that may be earned in connection with the grant of performance units during any calendar year may not exceed \$5,000,000, and (iii) the maximum number of stock options, SARs or other awards based solely on the increase in the value of common stock that a participant may receive in a calendar year is 700,000. Any shares covered by an award, or portion of an award, granted under the plan that terminates, is forfeited, is repurchased (other than the repurchase of shares issued with respect to a vested award), expires, or lapses for any reason shall again be available for the grant of an award under the plan. Additionally, any shares tendered or withheld to satisfy the grant or exercise price or tax withholding obligations pursuant to any award shall again be available for issuance.

Terms and Conditions of Options and Stock Appreciation Rights. An “incentive stock option” is an option that meets the requirements of Section 422 of the Code, and a “non-qualified stock option” is an option that does not meet those requirements. A “stock appreciation right” (or SAR) is the right of a participant to a payment, in cash, shares of common stock, or a combination of cash and shares equal to the amount by which the market value of a share of common stock exceeds the exercise price of the stock appreciation right. The exercise price per share under each option or SAR granted under the plan may not be less than 100% of the fair market value of our common stock on the grant date. An option or SAR granted under the Equity Incentive Plan will be exercisable only to the extent that it is vested on the date of exercise. No option or SAR may be exercisable more than ten years from the grant date or five years from the grant date in the case of an award granted to a ten percent stockholder. Our Compensation Committee may include in the option agreement the period during which an option may be exercised following termination of employment or service. The aggregate fair market value of all shares with respect to which incentive stock options are first exercisable by an award recipient in any calendar year may not exceed \$100,000 or such other limitation as imposed by Section 422(d) of the Code.

Terms and Conditions of Restricted Stock and Restricted Stock Units. “Restricted stock” is an award of common stock on which certain transfer and other restrictions are imposed over specified periods. A restricted stock unit is a unit, equivalent in value to a share of common stock, credited by means of a bookkeeping entry in our books to a participant’s account, which is settled in stock or cash upon vesting. Subject to the provisions of the equity plan, our Compensation Committee will determine the terms and conditions of each award of restricted stock or restricted stock units, including the restricted period for all or a portion of the award, vesting conditions (whether service-based or performance-based) and any other restrictions applicable to the award.

Terms and Conditions of Performance Shares and Performance Units. A “performance share” is an award of common stock that is subject to transfer restrictions until predetermined performance conditions have been achieved. A “performance unit” is a unit, equivalent in value to a share of common stock, that represents the right to receive a share of common stock or the equivalent cash value of a share of common stock if predetermined performance conditions are achieved. Vested performance units may be settled in cash, stock or a combination of cash and stock, at the discretion of the administrator. Performance shares and performance units will vest based on the achievement of pre-determined performance goals established by the Equity Incentive Plan administrator.

At the discretion of the administrator, the performance goals may be based upon the total return to the Company’s shareholders, inclusive of dividends paid, during the applicable performance cycle (determined either in absolute terms or relative to the performance of one or more similarly situated companies or a published index covering the performance of a number of companies), or upon the relative or comparative attainment of one or more of the following criteria, whether in absolute terms or relative to the performance of one or more similarly situated companies or a published index covering the performance of a number of companies and whether gross or net, before or after taxes and/or before or after any other adjustments: earnings before interest, taxes, depreciation and amortization, with or without adjustments for stock-option based and other equity-based compensation expenses, and/or management, transaction and/or similar fees paid to the principal stockholders or their affiliates; operating earnings, net earnings, income, earnings before interest and taxes, total shareholder return, return on the Company’s assets, increase in the Company’s earnings or earnings per share (basic or diluted), revenue growth, share price

performance, return on invested capital, operating income, pre- or post-tax, income, net income, economic value added, profit margins, cash flow, improvement in or attainment of expense or capital expenditure levels, improvement in or attainment of working capital levels, return on equity, debt reduction, gross profit, market share, cost reductions, workforce satisfaction and diversity goals, workplace health and safety goals, employee retention, completion of key projects and strategic plan development and/or implementation, job profit or performance against a multiplier, or for persons whose compensation is not subject to Section 162(m) of the Code such other criteria as may be determined by the administrator.

Performance goals may be established on a Company-wide basis or with respect to one or more business units, divisions, Subsidiaries, or products. When establishing performance goals for a performance cycle, the administrator may exclude any or all “extraordinary items” as determined under U.S. generally accepted accounting principles and as identified in the financial statements, notes to the financial statements or management’s discussion and analysis in the annual report, including, without limitation, the charges or costs associated with restructurings of the Company, discontinued operations, extraordinary items, capital gains and losses, dividends, share repurchases, other unusual or non-recurring items, and the cumulative effects of accounting changes. Except in the case of awards intended to be performance-based compensation under Section 162(m) of the Code, the administrator may also adjust the performance goals for any performance cycle as it deems equitable in recognition of unusual or non-recurring events affecting the Company, changes in applicable tax laws or accounting principles, or such other factors as the administrator may determine (including, without limitation, any adjustments that would result in the Company paying non-deductible compensation to a participant).

Terms and Conditions of Deferred Share Units. A “deferred share unit” is a unit credited to a participant’s account in our books that represents the right to receive a share of common stock or the equivalent cash value of a share of common stock upon a predetermined settlement date. Deferred share units may be granted by the administrator independent of other awards or compensation, or they may be received at the participant’s election instead of other compensation.

Other Stock-Based Awards. The plan administrator may make other equity-based or equity-related awards not otherwise described by the terms of the plan.

Dividend Equivalents. A dividend equivalent is the right to receive payments in cash or in stock, based on dividends with respect to shares of stock. Dividend equivalents may be granted to participants in tandem with another award or on their own.

Termination of Employment. Except as otherwise determined by the administrator at or after the time of grant, in the event a participant’s employment terminates for any reason other than cause, all unvested awards will be forfeited and all options and SARs that are vested and exercisable will remain exercisable until the first anniversary of the participant’s termination of employment, in the case of death or disability, or until the 60th day after the date of termination in the case of any other termination (or the expiration of the award’s term, whichever is earlier). In the event of a participant’s termination for cause, all unvested or unpaid awards, and all options and SARs, whether vested or unvested, will immediately be forfeited and canceled. In addition, any award that vested or was paid or otherwise settled during the twelve months prior to or any time after the participant engaged in the conduct that gave rise to the termination for cause is subject to forfeiture and disgorgement to us together with all gains earned or accrued due to the exercise of awards or sale of any of our common stock issued pursuant to the award upon demand by the administrator. The foregoing provision does not apply to options granted before our initial public offering in November 2010.

Other Forfeiture and Clawback Provisions. If we are required to prepare an accounting restatement due to material noncompliance with any financial reporting requirement under the securities laws, and if a participant knowingly or grossly negligently engaged in the misconduct or knowingly or grossly negligently failed to prevent the misconduct, or if the participant is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002, then the participant must forfeit and disgorge (i) any awards granted or vested and all gains earned or accrued due to the exercise of stock options or SARs or the sale of any common stock during the twelve months following the filing of the financial document embodying such financial reporting requirement and (ii) any other awards that vested based on the materially non-complying financial reporting. In addition, any award paid to a current or former executive officer during the three-year period preceding the date on which the restatement is required, based on erroneous data, must be forfeited and disgorged to us to the extent the award is in excess of what would have been paid to the participant under the accounting restatement. To the extent permitted or required by applicable law or regulations, awards granted or vested and any gains earned or accrued due to the exercise of options or SARs or sale

of common stock must be forfeited to us and the administrator shall have the authority to implement any policies or procedures necessary to comply with applicable law.

Unless otherwise determined by the administrator, if (i) the participant's performance is deemed to contribute substantially to significant financial losses, (ii) the participant's performance is deemed to contribute substantially to a significant downward restatement of any published results of our company or a subsidiary, (iii) the participant's conduct results in or contributes substantially to significant reputational harm to our company, (iv) the participant materially breaches applicable legal and/or regulatory requirements, (v) the participant's conduct constitutes cause (as defined

in the plan) or (vi) the participant's conduct results in or contributes substantially to a material breach of our applicable internal policies and procedures, the administrator may suspend the vesting of a participant's unvested awards or subject any award vested, paid or otherwise settled in the twelve months prior to the date that the participant engaged in the misconduct or at any time thereafter to forfeiture and disgorgement to us together with all gains earned or accrued due to the exercise of awards or sale of any of our common stock issued pursuant the award upon demand by the administrator. This provision does not apply to any options granted prior to our initial public offering in November 2010.

Unless otherwise determined by the administrator, if a participant engages in competitive activity (as defined in the plan), (i) all options and SARs, whether vested or unvested, and all other awards that are unvested or unexercisable or otherwise unpaid shall be immediately forfeited (other than awards that vested or were paid to the participant more than 12 months prior to the date the participant engaged in competitive activity). Any award vested, paid or otherwise settled in the 12 months prior to the date that the participant engaged in the competitive activity or at any time thereafter is subject to forfeiture and disgorgement to us together with all gains earned or accrued due to the exercise of awards or sale of any of our common stock issued pursuant the award upon demand by the administrator. This provision does not apply to any options granted prior to our initial public offering in November 2010.

Awards under the Equity Incentive Plan (and gains earned or accrued in connection with awards) are also subject to generally applicable policies regarding forfeiture and recoupment of compensation as may be adopted by the administrator or our Board.

Change in Capitalization or Other Corporate Event. The number and kind of shares of common stock covered by outstanding awards, the number and kind of shares of common stock that have been authorized for issuance under the plan, the exercise or purchase price of each outstanding award, and the like, shall be proportionally adjusted by the administrator in the event of any recapitalization, reclassification, stock split, special dividend, reverse stock split, reorganization, merger, consolidation, acquisition, disposition, split-up, spin off, combination, repurchase liquidation, dissolution, or sale, transfer, exchange or any disposition of all or substantially all of our capital stock or assets to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the plan or with respect to an award. All determinations and adjustments made by the administrator shall be final and binding.

Change in Control. Upon a change in control, unless otherwise determined by the administrator, all time-vesting awards fully vest and a portion of outstanding performance-vesting awards vest based on the performance achieved as of the change in control.

Federal Income Tax Consequences

Non-Qualified Stock Options and Stock Appreciation Rights

In general, neither the grant of an option or a stock appreciation right under the Equity Incentive Plan nor its vesting will give rise to any U.S. Federal income tax consequences to a participant or the Company. A U.S. citizen or tax resident, or a U.S. Participant, who is granted an option or a stock appreciation right will generally recognize ordinary income for U.S. Federal income tax purposes at the time the option or stock appreciation right is exercised or settled in an amount equal to, in the case of options, the excess of the aggregate fair market value of the shares of common stock for which the option is exercised at such time over the aggregate exercise price for such shares and in the case of stock appreciation rights, the amount of cash or the fair market value of common stock received on settlement (i.e. the spread between the then current market value of the common stock and the exercise or base price of the stock appreciation right). In the case of both options and stock appreciation rights, the Company will be entitled to a deduction equal to the U.S. Participant's ordinary income.

Incentive Stock Options

Generally, if a U.S. Participant is awarded an option that qualifies as an incentive stock option under Section 422 of the Code, he or she will not recognize any taxable income at the time of grant or exercise. However, the excess of the fair market value of the shares of common stock acquired at the time of exercise over the exercise price will be

included in the U.S. Participant's alternative minimum taxable income and may cause the U.S. Participant to be subject to, or may increase liability for, alternative minimum tax. When the shares acquired on exercise of incentive stock options are sold, the U.S. Participant will recognize long-term capital gain or loss, measured by the difference between the stock sale price and the exercise price, if the U.S. Participant meets certain holding period requirements. The Company will not be entitled to any deduction by reason of the grant or exercise of an incentive stock option. However, if a U.S. Participant does not satisfy the required holding periods with respect to shares acquired through the exercise

of an incentive stock option before selling the shares and consequently recognizes ordinary income, the Company will be allowed a deduction corresponding to the U.S. Participant's ordinary income.

Different tax rules apply if the U.S. Participant holds more than 10% of the Company's total voting power or if the U.S. Participant pays any part of the exercise price with shares acquired upon exercise of an incentive option or if the shares are not held for the required holding periods.

Restricted Stock and Performance Shares

Generally, a U.S. Participant will not recognize taxable income upon the grant of restricted stock or performance shares. At the time the stock is no longer subject to a substantial risk of forfeiture (as defined in Section 83 of the Code) or, if earlier, becomes transferable, a U.S. Participant will recognize ordinary income in an amount equal to the fair market value of the shares which have become nonforfeitable or transferable and the Company will be entitled to a deduction in the same amount so long as the Company complies with applicable income tax reporting requirements. However, a U.S. Participant may make an income recognition election under Section 83(b) of the Code, or an 83(b) Election, within 30 days of the grant of restricted or performance stock to recognize taxable ordinary income in the year the stock is awarded in an amount equal to its fair market value at the time of the award, determined without regard to the restrictions. In that event, any gain or loss realized upon the subsequent disposition of shares will be treated as capital gain or loss and the Company will be entitled to a deduction in the same amount so long as the Company complies with applicable income tax reporting requirements.

Restricted Stock Units, Performance Units and Deferred Share Units

Generally, a U.S. Participant who receives restricted stock units, performance units and deferred share units will not have taxable income under U.S. Federal income tax laws at the time the units or any dividend equivalents awarded thereon are credited to the participant's account. A U.S. Participant will recognize ordinary income under U.S. Federal income tax laws equal to (i) the amount of cash paid and/or (ii) the fair market value of the shares or other property on the respective payment dates when such cash, shares, and/or other property are delivered or paid in accordance with the terms of the award. The same amount will be deductible by the Company. A U.S. Participant will also recognize ordinary income to the extent the participant receives current payments of dividend equivalents in respect of the above units. A U.S. Participant will recognize income for social security and Medicare tax purposes when the units are no longer subject to a substantial risk of forfeiture.

Limits on Deductibility. In order for the amounts awarded under the Equity Incentive Plan to be deductible by the Company, the amounts must constitute reasonable compensation for services rendered or to be rendered and must be ordinary and necessary business expenses. The Company's ability to obtain a deduction for future payments under the Equity Incentive Plan could be limited by Section 280G of the Code, which provides that certain excess parachute payments made in connection with a change in control of an employer are not deductible. The Company's ability to obtain a deduction for amounts paid under the Equity Incentive Plan could also be affected by Section 162(m) of the Code, which limits the deductibility of compensation paid to certain of our employees to \$1 million during any taxable year. However, certain exceptions apply to this limitation in the case of performance-based compensation. It is intended that the approval of the Equity Incentive Plan by our stockholders will allow certain grants under the Equity Incentive Plan to satisfy the requirements for performance-based compensation. However, it may not be possible in all cases to satisfy all of the requirements for the exception, and the Company may determine that in one or more cases it is in our best interests to not satisfy the requirements for the performance-based compensation exception.

The foregoing general tax discussion is intended for the information of stockholders considering how to vote with respect to this proposal and not as tax advice to participants in the Equity Incentive Plan. Participants in the Equity Incentive Plan are strongly urged to consult their own tax advisors with respect to any federal, state, local, foreign or other tax consequences that may arise as a result of their participation in the plan.

New Plan Benefits. Participation in the Equity Incentive Plan is determined on an individual basis by the Compensation Committee. Accordingly, future benefits under the plan are not currently determinable. Equity grants made to our Named Executive Officers in fiscal year 2014 under the Equity Incentive Plan are set forth in the Grants of Plan-based Awards table on page 36 of this proxy statement. The awards previously granted are not conditioned on approval by the stockholders.

APPROVAL OF THE AMENDED AND RESTATED ANNUAL INCENTIVE PLAN

The Booz Allen Hamilton Holding Corporation Annual Incentive Plan, or Annual Incentive Plan, was initially adopted in 2010 and has been a principal component of our compensation program since its adoption. On May 22, 2014, upon recommendation of our Compensation Committee, our Board of Directors adopted the Amended and Restated Booz Allen Hamilton Holding Corporation Annual Incentive Plan, subject to the approval of our stockholders and directed that the material terms of the performance-based compensation to be paid under the amended and restated Annual Incentive Plan, including the performance goals, be submitted to our stockholders for approval so that payments under the Annual Incentive Plan may qualify as performance-based compensation under Section 162(m) of the Code to the extent applicable. The Annual Incentive Plan, as proposed to be amended, is set forth in Appendix C to this proxy statement.

The amendment of the Annual Incentive Plan makes certain technical and administrative revisions and revises the clawback provisions to provide greater flexibility to adopt and enforce policies for recovery of compensation by the Company.

As described above under Proposal 3, Section 162(m) of the Code places a limit of \$1,000,000 per individual on the amount of remuneration the Company may deduct in any given year with respect to certain high-level executives of the Company and provides an exception that generally allows the Company to obtain tax deductions without this limitation if the compensation paid qualifies as performance-based compensation. Approval of the amended and restated Annual Incentive Plan by the stockholders will allow us to continue to make awards under the plan while preserving a federal income tax deduction under Section 162(m) of the Code.

The Board recommends a vote FOR the approval of the performance based compensation to be paid (including the performance goals) under the Amended and Restated Booz Allen Hamilton Holding Corporation Annual Incentive Plan.

Summary of the Annual Incentive Plan

The following summary of the material terms of the Annual Incentive Plan, as proposed to be amended, is qualified in its entirety by reference to the full text of the plan, which is attached as Appendix C to this proxy statement.

Purpose. The purpose of the Annual Incentive Plan is to enable our company and its subsidiaries to attract, retain, motivate and reward executive officers and key employees by providing them with the opportunity to earn competitive compensation directly linked to our company's performance. The Annual Incentive Plan is designed to meet the requirements of the performance-based compensation exemption from Section 162(m) of the Code to the extent that it is applicable to our company and the plan. We intend to comply with the Section 162(m) limits to the extent applicable.

Administration. The Annual Incentive Plan is administered by our Compensation Committee or another committee of the Board comprised of solely outside directors. The administrator may delegate its authority under the Annual Incentive Plan to a subcommittee, other than with respect to awards to any employee whose compensation is subject to Section 162(m) of the Code.

Eligible Employees. Employees (including officers) of the Company are eligible to participate in the Annual Incentive Plan. The Compensation Committee has the authority to determine the employees to whom awards will be granted under the Annual Incentive Plan.

Performance Criteria. To the extent Section 162(m) of the Code is applicable to our company and the plan, our Compensation Committee establishes the performance objective or objectives applicable to any award under the plan prior to the 91st day after the beginning of each performance period under the Annual Incentive Plan (and no later than the date on which 25% of the performance period has lapsed). Unless our Compensation Committee determines that an award will not qualify as performance-based compensation under Section 162(m) of the Code, the performance

criteria will be based upon the relative or comparative achievement of one or more of the following criteria, whether in absolute terms or relative to the performance of one or more similarly situated companies or a published index covering the performance of a number of companies and whether gross or net, before or after taxes and/or before or after other adjustments, as determined by the Committee for the Performance Period: earnings before interest, taxes, depreciation and amortization, with or without adjustments for stock-option based and other equity-based compensation expenses, and/or management, transaction and/or similar fees paid to the principal stockholders or their affiliates; operating earnings; net earnings; income; earnings before interest and taxes; total shareholder return; return on the

Company's assets; increase in the Company's earnings or earnings per share (basic or diluted); revenue growth; share price performance; return on invested capital; operating income; pre- or post-tax income; net income; economic value added; profit margins; cash flow; improvement in or attainment of expense or capital expenditure levels; improvement in or attainment of working capital levels; return on equity; debt reduction; gross profit; market share; cost reductions; workforce satisfaction and diversity goals; workplace health and safety goals; employee retention; completion of key projects and strategic plan development and/or implementation; job profit or performance against a multiplier, or in the case of persons whose compensation is not subject to Section 162(m) of the Code, such other criteria as may be determined by our Compensation Committee. Performance objectives may be established on a Company-wide basis or with respect to one or more business units, divisions, subsidiaries, or products; and in either absolute terms or relative to the performance of one or more comparable companies or an index covering multiple companies.

When establishing performance objectives for a performance period, the Compensation Committee may exclude any or all "extraordinary items" as determined under U.S. generally accepted accounting principles and as identified in the financial statements, notes to the financial statements or management's discussion and analysis in the annual report, including, without limitation, the charges or costs associated with restructurings of the Company or any subsidiary, discontinued operations, extraordinary items, capital gains and losses, dividends, share repurchase, other unusual or non-recurring items, and the cumulative effects of accounting changes. Except in the case of awards intended to qualify as performance-based compensation under Section 162(m), the Compensation Committee may also adjust the performance objectives for any performance period as it deems equitable in recognition of unusual or non-recurring events affecting the Company, changes in applicable tax laws or accounting principles, or such other factors as the Compensation Committee may determine (including, without limitation, any adjustments that would result in the Company paying non-deductible compensation to a participant).

Payment. Payment of awards will be made as soon as practicable after our Compensation Committee certifies that one or more of the applicable performance criteria have been attained. Our Compensation Committee will determine whether any award under the Annual Incentive Plan will be paid in cash, stock (including restricted stock or restricted stock units) or other awards under the Equity Incentive Plan, or in a combination of cash, stock, and other awards, including conditioning the vesting of such shares or other awards on the performance of additional service.

Maximum Award; Discretion. The maximum award amount payable per fiscal year under the Annual Incentive Plan is \$5,000,000. Our Compensation Committee has the discretion to reduce awards under the Annual Incentive Plan for any reason or increase awards to employees whose compensation is not subject to limitations on deduction under Section 162(m) of the Code. Awards to employees whose compensation is subject to limitations on deduction under Section 162(m) of the Code cannot be increased beyond the maximum award.

Termination of Employment. Unless otherwise determined by our Compensation Committee when the performance criteria are selected, any participant in the Annual Incentive Plan whose employment terminates will forfeit all rights to any unpaid award. However, (i) if a participant's employment terminates due to death, disability or "company approved departure" (as defined in the Annual Incentive Plan), our Compensation Committee may pay a partial award to the participant with respect to the portion of the performance period prior to the participant's termination of employment and (ii) if the participant's employment terminates for any reason prior to payment of the Annual Incentive Plan award, our Compensation Committee may waive the forfeiture feature, but may not waive the requirement to satisfy the performance criteria for participants whose compensation is subject to limitations on deduction under Section 162(m) of the Code.

Forfeiture. If we are required to prepare an accounting restatement due to material noncompliance with any financial reporting requirement under the securities laws, and if a participant knowingly or grossly negligently engaged in the misconduct or knowingly or grossly negligently failed to prevent the misconduct, or if the participant is one of the individuals subject to automatic forfeiture under Section 304 of the Sarbanes-Oxley Act of 2002, then the participant must forfeit and disgorge (i) any awards received during the twelve months following the filing of the financial document embodying such financial reporting requirement and (ii) any other awards that was earned based on the

materially non-complying financial reporting. In addition, any award paid to a current or former executive officer during the three-year period preceding the date on which the restatement is required, based on erroneous data, must be forfeited and disgorged to us to the extent the award is in excess of what would have been paid to the participant under the accounting restatement. To the extent permitted or required by applicable law or regulations, awards paid must be forfeited to us and the administrator shall have the authority to implement any policies or procedures necessary to comply with applicable law.

Unless otherwise determined by the administrator, if (i) the participant's performance is deemed to contribute substantially to significant financial losses, (ii) the participant's performance is deemed to contribute substantially to a significant downward restatement of any published results of our company or a subsidiary, (iii) the participant's conduct results in or contributes substantially to significant reputational harm to our company, (iv) the participant materially breaches applicable legal and/or regulatory requirements, (v) the participant's conduct constitutes cause (as defined in the plan) or (vi) the participant's conduct results in or contributes substantially to a material breach of our applicable internal policies and procedures, the administrator may suspend the payment of a participant's awards or subject any award paid or otherwise settled in the twelve months prior to the date that the participant engaged in the misconduct or at any time thereafter to forfeiture and disgorgement to us together with all gains earned or accrued due to the exercise of any award or the sale of any of our common stock issued pursuant the award upon demand by the administrator.

Awards under the Annual Incentive Plan (and gains earned or accrued in connection with awards) are also subject to generally applicable policies regarding forfeiture and recoupment of compensation as may be adopted by the administrator or our Board.

New Plan Benefits. The amount of awards that may become payable in fiscal year 2015 and subsequent years under the Annual Incentive Plan will be dependent upon the performance goals established by the Compensation Committee and will be subject to the Compensation Committee's discretion to reduce any award by any amount. As a result, it is not possible to determine the amounts of awards for future years.

ADOPTION OF THIRD AMENDED AND RESTATED CERTIFICATE OF INCORPORATION AND CONVERSION OF CLASS B NON-VOTING COMMON STOCK AND CLASS C RESTRICTED COMMON STOCK INTO CLASS A COMMON STOCK

Our Board has authorized, and recommends for approval, the conversion of our issued and outstanding shares of Class B non-voting common stock and Class C restricted common stock into shares of our Class A common stock, thereby eliminating all of the shares of Class B non-voting common stock and Class C restricted common stock. Pursuant to the conversion, each issued and outstanding share of our Class B non-voting common stock and Class C restricted common stock will be converted on a one-for-one basis into shares of our Class A common stock. The Conversion Proposal, if approved by our stockholders, would simplify our capital structure and is expected to have the other benefits discussed under “Reasons for the Conversion” below.

In order for the Conversion Proposal to be approved, it must receive the affirmative vote of the holders of a majority of the voting power of the outstanding shares of Class A common stock, Class C restricted common stock and Class E special voting common stock, voting together as a single class, with each share having one vote. If the Third Amended and Restated Certificate of Incorporation is approved, the change will become effective upon the filing of an amendment and restatement to the Company’s Certificate of Incorporation with the Secretary of State of the State of Delaware, in substantially the form of Appendix D attached hereto.

Background of our Current Capital Structure and the Conversion Proposal

In connection with the acquisition of Booz Allen Hamilton by Carlyle on July 31, 2008, Booz Allen Hamilton securities were converted into the following classes of common stock of Booz Allen Holding: (i) Class A common stock, (ii) Class B non-voting common stock, (iii) Class C restricted common stock and (iv) Class E special voting common stock, as well as stock options under our officer’s rollover stock plan, and we have maintained this capital structure since such time. In connection with the acquisition, shares of Class B non-voting common stock were issued to certain former officers of Booz Allen Hamilton in exchange for stock of Booz Allen Hamilton, and shares of Class C restricted common stock were issued to certain officers in exchange for certain stock rights under the Booz Allen Hamilton stock plan. Class C restricted common stock was restricted in that a record holder’s shares vested as set forth in our officer’s rollover stock plan, an equity compensation program established in connection with Carlyle’s investment in the Company.

Our existing certificate of incorporation, among other things, provides that holders of Class A common stock, Class C restricted common stock and Class E special voting common stock are entitled to one vote for each share on all matters to be voted on by stockholders. Except as otherwise provided in General Corporation Law of the State of Delaware, the holders of Class B non-voting common stock have no voting rights of any nature whatsoever.

Reasons for the Conversion

In determining to approve the conversion and recommend the Conversion Proposal to our stockholders, our Board considered our current capital structure and a number of factors, including the possible benefits that we and our stockholders may derive from each of the following:

- alignment of voting rights with the economic benefits and risks of ownership for holders of our Class B non-voting common stock;
- because all of the Class C restricted common stock is now vested and transferable, there is no need to maintain such interests as a separate class of stock;
- reduction in the complexity of corporate governance related to voting on matters by only certain stockholders;
- improvement in the liquidity of our Class A common stock; and
- the conversion is not expected to result in taxable income to the Company or to the holders of our Class A common stock, Class B non-voting common stock or Class C restricted common stock.

This discussion of information and factors considered by our Board is not intended to be exhaustive, but includes the material factors considered by our Board in making its decision. In view of the nature of the factors considered by our Board in connection with its evaluation of the Conversion Proposal, our Board did not consider it practicable to, nor did it attempt to quantify, rank or otherwise assign relative weights to the specific factors it considered in reaching its decision. We cannot assure you when or if any specific potential benefits considered by our Board will be realized.

Certain Effects of the Conversion

If the conversion is completed, each issued and outstanding share of each series of our outstanding Class B non-voting common stock and Class C restricted common stock will each be automatically converted into one fully paid and non-assessable share of Class A common stock.

Voting Power. As to all matters on which our stockholders are entitled to vote, the holders of our Class B non-voting common stock currently have no voting rights whatsoever, other than as required by the General Corporation Law of the State of Delaware, and the holders of our Class C restricted common stock currently have the right to cast one vote per share on all matters to be voted on by stockholders. After the conversion, all holders of our outstanding shares of capital stock (which will include Class A common stock and Class E special voting common stock only) will have identical voting rights on all matters. As a result, existing holders of our Class B non-voting common stock will have the right to cast one vote per share on all matters to be voted on by stockholders. The conversion will have no impact on the voting power of holders of Class C restricted common stock.

Economic Equity Interests. The proposed conversion will have no impact on the economic equity interests of holders of our Class A common stock, Class B non-voting common stock, Class C restricted stock and Class E special voting common stock, including with regard to dividends, liquidation rights or redemption. As of the record date for the annual meeting, the shares held by the holders of our Class A common stock, Class B non-voting common stock, Class C restricted stock and Class E special voting common stock represented approximately 96.1%, 0.4%, 0.6% and 2.9%, respectively, of the total outstanding shares of our capital stock. After the conversion of our Class B non-voting common stock and Class C restricted common stock, the shares of Class A common stock to be held by the current holders of our Class B non-voting common stock and Class C restricted common stock held by existing holders would represent the same proportions of the total outstanding shares of our capital stock as they had immediately prior to the conversion.

Capitalization. The conversion will have no impact on the total issued and outstanding shares of our capital stock, but rather will only increase the number of shares of Class A common stock outstanding in an amount equivalent to the aggregate number of shares of Class B non-voting common stock and Class C restricted common stock outstanding prior to the conversion.. As of the record date for the annual meeting, there were 149,790,488 shares of our capital stock issued, outstanding and eligible to vote, consisting of 144,451,573 shares of Class A common stock, 914,101 shares of Class C restricted common stock and 4,424,814 shares of Class E special voting common stock, as well as 525,370 shares of Class B non-voting common stock. As a result of the conversion, there would be 145,891,044 shares of Class A common stock outstanding immediately after the effective time of the conversion, 4,424,814 shares of Class E special voting common stock and no shares of Class B non-voting common stock or Class C restricted common stock outstanding. In addition, the conversion will not change the number of authorized shares of our capital stock. Accordingly, immediately after the conversion, our authorized capital stock will consist of 600,000,000 shares of Class A common stock, 16,000,000 shares of Class B non-voting common stock, 5,000,000 shares of Class C restricted common stock, 25,000,000 shares of Class E special voting common stock and 54,000,000 shares of preferred stock.

NYSE Listing. The NYSE has approved, subject to official notice of issuance, the listing of the shares of Class A common stock scheduled to be issued as result of the conversion. Our common stock is listed on the NYSE under the symbol "BAH."

Market Price. Our Class B non-voting common stock and Class C restricted common stock are not listed on any securities exchange. On June 6, 2014, the last practicable trading date prior to the filing of the preliminary Proxy Statement relating to this proposal, the closing price per share of our Class A common stock on the NYSE was \$22.18.

Operations. The proposed conversion will have no impact on our business operations.

Certain U.S. Federal Income Tax Consequences

We have summarized below certain U.S. federal income tax consequences of the conversion based on the Internal Revenue Code, or the Code, to the holders of Class B non-voting common stock and Class C restricted common stock. This summary does not discuss all aspects of U.S. federal income taxation that may be relevant to a holder of Class B non-voting common stock or Class C restricted common stock in light of such stockholder's individual circumstances. In addition, this summary does not address any state, local or foreign tax consequences of the proposed conversion.

This summary is included for general information purposes only and is not intended to constitute advice

57

regarding the U.S. federal income tax consequences of the proposed conversion. Since the tax consequences to the holder of Class B non-voting common stock or Class C restricted common stock will depend on such stockholder's particular facts and circumstances, such stockholder is urged to consult its own tax advisor with respect to the tax consequences of the conversion, including tax reporting requirements.

We believe that as a result of the conversion:

- no gain or loss will be recognized for U.S. federal income tax purposes by any of the holders of Class B non-voting common stock or Class C restricted common stock upon the conversion of such stock into Class A common stock; a stockholder's basis in its shares of Class A common stock received in the conversion will be the same as such stockholder's basis in Class B common stock or Class C restricted common stock, as applicable, converted to Class A common stock pursuant to the conversion;
- a stockholder's holding period for its shares of Class A common stock received in the conversion will include such stockholder's holding period for its Class B non-voting common stock or Class C restricted common stock, as applicable, converted to Class A common stock pursuant to the conversion; and
- no gain or loss will be recognized for U.S. federal income tax purposes by us upon the conversion of Class B non-voting common stock and Class C restricted common stock into Class A common stock.

EACH TAXPAYER IS HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF U.S. FEDERAL TAX ISSUES HEREIN IS NOT INTENDED OR WRITTEN TO BE USED, AND CANNOT BE USED BY THE TAXPAYER, FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON THE TAXPAYER UNDER U.S. FEDERAL TAX LAW; (B) ANY SUCH DISCUSSION IS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) THE TAXPAYER SHOULD SEEK ADVICE BASED ON ITS PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.

Accounting Considerations

We do not expect that the conversion will have any effect on our earnings or book value per share.

Required Vote

All holders of record of shares of Class A common stock, Class C restricted common stock and Class E special voting common stock on the record date are entitled to cast one vote per share with regard to the conversion. Approval of the Conversion Proposal requires the affirmative vote of the holders of a majority of the voting power of the outstanding shares of Class A common stock, Class C restricted common stock and Class E special voting common stock, voting together as a single class, with each share having one vote.

No Appraisal Rights

Holders of our Class A common stock, Class B non-voting common stock and Class C restricted common stock do not have appraisal rights under Delaware law or under our certificate of incorporation or bylaws in connection with the Conversion Proposal.

The Board of Directors recommends a vote FOR the approval of the conversion and the Third Amended and Restated

Articles of Incorporation.

RATIFICATION OF APPOINTMENT OF ACCOUNTANTS

The Audit Committee has appointed Ernst & Young LLP, an independent registered public accounting firm, as the independent auditors to perform an integrated audit of the Company for the fiscal year ending March 31, 2015. Ernst & Young LLP served as our independent auditors for the fiscal year ending March 31, 2014. Stockholder approval of the appointment is not required.

The Board believes that obtaining stockholder ratification of the appointment is a sound corporate governance practice. If the stockholders do not vote on an advisory basis in favor of Ernst & Young LLP, the Audit Committee will reconsider whether to hire the firm and may retain Ernst & Young LLP or hire another firm without resubmitting the matter for stockholders to approve. The Audit Committee retains the discretion at any time to appoint a different independent auditor.

Representatives of Ernst & Young LLP are expected to be present at the annual meeting, available to respond to appropriate questions, and will have the opportunity to make a statement if they desire.

The Board of Directors recommends a vote FOR ratification of the appointment of Ernst & Young LLP as the independent registered public accounting firm for the Company for fiscal year 2015.

OTHER BUSINESS

The Board is not aware of any other matters to be presented at the annual meeting. If any other matter proper for action at the meeting should be presented, the holders of the accompanying proxy will vote the shares represented by the proxy on such matter in accordance with their best judgment. If any matter not proper for action at the meeting should be presented, the holders of the proxy will vote against consideration of the matter or the proposed action.

Non-GAAP Measures

We publicly disclose certain non-GAAP financial measurements, including Adjusted Operating Income, Adjusted EBITDA, Adjusted Net Income, and Adjusted Diluted Earnings Per Share, or EPS, because management uses these measures for business planning purposes, including to manage our business against internal projected results of operations and measure our performance. We view Adjusted Operating Income, Adjusted EBITDA, Adjusted Net Income, and Adjusted Diluted EPS as measures of our core operating business, which exclude the impact of the items detailed below, as these items are generally not operational in nature. These non-GAAP measures also provide another basis for comparing period to period results by excluding potential differences caused by non-operational and unusual or non-recurring items. We also utilize and discuss Free Cash Flow, because management uses this measure for business planning purposes, measuring the cash generating ability of the operating business, and measuring liquidity generally. We present these supplemental measures because we believe that these measures provide investors with important supplemental information with which to evaluate our performance, long term earnings potential, or liquidity, as applicable, and to enable them to assess our performance on the same basis as management. These supplemental performance measurements may vary from and may not be comparable to similarly titled measures by other companies in our industry. Adjusted Operating Income, Adjusted EBITDA, Adjusted Net Income, Adjusted Diluted EPS, and Free Cash Flow are not recognized measurements under accounting principles generally accepted in the United States, or GAAP, and when analyzing our performance or liquidity, as applicable, investors should (i) evaluate each adjustment in our reconciliation of operating and net income to Adjusted Operating Income, Adjusted EBITDA and Adjusted Net Income, and cash flows to Free Cash Flows, and the explanatory footnotes regarding those adjustments, each as defined under GAAP, (ii) use Adjusted Operating Income, Adjusted EBITDA, Adjusted Net Income, and Adjusted Diluted EPS in addition to, and not as an alternative to, operating income, net income or diluted EPS, as a measure of operating results, and (iii) use Free Cash Flows in addition to, and not as an alternative to, net cash generated from operating activities as a measure of liquidity, each as defined under GAAP. We have defined the aforementioned non-GAAP measures as follows:

“Adjusted Operating Income” represents operating income before (i) certain stock option-based and other equity-based compensation expenses, (ii) adjustments related to the amortization of intangible assets, and (iii) any extraordinary, unusual, or non-recurring items. We prepare Adjusted Operating Income to eliminate the impact of items we do not consider indicative of ongoing operating performance due to their inherent unusual, extraordinary, or non-recurring nature or because they result from an event of a similar nature.

“Adjusted EBITDA” represents net income before income taxes, net interest and other expense, and depreciation and amortization and before certain other items, including: (i) certain stock option-based and other equity-based compensation expenses, (ii) transaction costs, fees, losses, and expenses, including fees associated with debt prepayments, and (iii) any extraordinary, unusual, or non-recurring items. We prepare Adjusted EBITDA to eliminate the impact of items we do not consider indicative of ongoing operating performance due to their inherent unusual, extraordinary, or non-recurring nature or because they result from an event of a similar nature.

“Adjusted Net Income” represents net income before: (i) certain stock option-based and other equity-based compensation expenses, (ii) transaction costs, fees, losses, and expenses, including fees associated with debt prepayments, (iii) adjustments related to the amortization of intangible assets, (iv) amortization or write-off of debt issuance costs and write-off of original issue discount, and (v) any extraordinary, unusual, or non-recurring items, in each case net of the tax effect calculated using an assumed effective tax rate. We prepare Adjusted Net Income to eliminate the impact of items, net of tax, we do not consider indicative of ongoing operating performance due to their inherent unusual, extraordinary, or non-recurring nature or because they result from an event of a similar nature.

“Adjusted Diluted EPS” represents diluted EPS calculated using Adjusted Net Income as opposed to net income. Additionally, Adjusted Diluted EPS does not contemplate any adjustments to net income as required under the two-class method as disclosed in the footnotes to the financial statements.

“Free Cash Flow” represents the net cash generated from operating activities less the impact of purchases of property and equipment.

ARTICLE I.

DEFINITIONS

Whenever the following terms are used in this Plan, they shall have the meaning specified below unless the context clearly indicates to the contrary. The singular pronoun shall include the plural where the context so indicates.

The Administrator, acting in its sole discretion, may from time to time designate one or more Service Providers to whom an offer to sell Shares shall be made and the terms and conditions thereof, provided, however, that the price per Share shall not be less than the Fair Market Value of such Shares on the date any such offer is accepted. (b) Except as otherwise provided by the Administrator or in the applicable Award Agreement, no portion of an Option or SAR which is unexercisable on the date that an Optionee incurs a termination of service as a Service Provider shall thereafter become exercisable.

(c) The aggregate Fair Market Value (determined as of the time the Option is granted) of all Shares with respect to which Incentive Stock Options are first exercisable by a Service Provider in any calendar year may not exceed \$100,000 or such other limitation as imposed by Section 422(d) of the Code, or any successor provision. To the extent that Incentive Stock Options are first exercisable by a Participant in excess of such limitation, the excess shall be considered Non-Qualified Stock Options.

(d) Stock Appreciation Rights granted in tandem with an Option shall become vested and exercisable on the same date or dates as the Options with which such Stock Appreciation Rights are associated vest and become exercisable. Stock Appreciation Rights that are granted in tandem with an Option may only be exercised upon the surrender of the right to exercise such Option for an equivalent number of Shares, and may be exercised only with respect to the Shares for which the related Option is then exercisable.

Section 4.3 Option Price and Base Price. The per Share purchase price of the Shares subject to each Option (the "Option Price") and the Base Price of each Stock Appreciation Right shall be set by the Administrator and shall be not less than 100% of the Fair Market Value of such Shares on the date such Option or SAR is granted.

Section 5.3 Manner of Exercise. An exercisable Option or SAR, or any exercisable portion thereof, may be exercised solely by delivery to the Secretary of all of the following prior to the time when such Option or SAR or such portion becomes unexercisable under the Plan or the applicable Award Agreement:

(e) Such representations and documents as the Administrator deems necessary or advisable to effect compliance with all applicable provisions of the Securities Act and any other federal or state securities laws or regulations. The Administrator may, in its sole discretion, also take whatever additional actions it deems appropriate to effect such compliance including, without limitation, placing legends on share certificates and issuing stop-transfer orders to transfer agents and registrars and

Section 5.4 Optionee Representations. The Administrator, in its sole discretion, may require an Optionee to make certain representations or acknowledgements, on or prior to the purchase of any Shares pursuant to any Option or SAR granted under this Plan, in respect thereof including but not limited to that the Optionee is acquiring the Shares for an investment purpose and not for resale, and, if the Optionee is an Affiliate, additional acknowledgements regarding when and to what extent any transfers of such Shares may occur.

Section 5.5 Settlement of SARs. Unless otherwise determined by the Administrator, upon exercise of a Stock Appreciation Right, the Participant shall be entitled to receive payment in the form, determined by the Administrator, of Shares, or cash, or a combination of Shares and cash having an aggregate value (based in the case of Shares on Fair Market Value) equal to the amount determined by multiplying:

(c) provided, however, that on the grant date, the Administrator may establish, in its sole discretion, a maximum amount per Share that may be payable upon exercise of a Stock Appreciation Right, and provided, further, that in no event shall the value of the Company Common Stock or cash delivered on exercise exceed the excess of the Fair Market Value of the Shares with respect to which the Stock Appreciation Right is exercised over the Fair Market Value of such Shares on the grant date of such Stock Appreciation Right.

Section 5.6 Conditions to Issuance of Stock Certificates. The Shares issuable and deliverable upon the exercise of an Option or SAR, or any portion thereof, may be either previously authorized but unissued Shares or issued Shares which have then been reacquired by the Company, subject to Section 2.1(b). The Company shall record shares delivered upon exercise of an Option or SAR in the books and records of the Company or a certificate of Shares

Notwithstanding the above, the Company shall not be required to issue or deliver any certificate or certificates for Shares purchased upon the exercise of any Option or SAR or portion thereof prior to fulfillment of all of the following conditions:

(a) The admission of such Shares to listing on any and all stock exchanges on which such class of Company Common Stock is then listed;

The Administrator shall not have any liability to any Optionee for any delay in the delivery of Shares to be issued upon an Optionee's exercise of an Option or SAR.

Section 5.7 Rights as Stockholders. The holder of an Option or SAR shall not be, nor have any of the rights or privileges of, a stockholder of the Company in respect of any Shares purchasable upon the exercise of any part of an Option or SAR unless and until such holder has, to the extent required by the Administrator, signed a Stockholders Agreement and certificates representing such Shares have been issued by the Company to such holder.

Section 5.8 Transfer Restrictions. Shares acquired upon exercise of an Option or SAR may be subject to the terms and conditions of a Stockholders Agreement. In addition, the Administrator, in its sole discretion, may impose further restrictions on the transferability of the Shares purchasable upon the exercise of an Option or SAR as it deems appropriate. Any such restriction shall be set forth in the respective Award Agreement and may be referred to on the certificates evidencing such Shares. Section 6.1 Restricted Stock.

(a) **Grant of Restricted Stock.** The Administrator is authorized to make Awards of Restricted Stock to any Service Provider selected by the Administrator in such amounts and subject to such terms and conditions as determined by the Administrator. All Awards of Restricted Stock shall be evidenced by an Award Agreement.

(b) **Issuance and Restrictions.** Restricted Stock shall be subject to such restrictions on transferability and other restrictions as the Administrator may impose (including, without limitation, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions may lapse separately or in combination at such times, pursuant to such circumstances, in such installments, or otherwise, as the Administrator determines at the time of the grant of the Award or thereafter.

(c) **Certificates for Restricted Stock.** Restricted Stock granted pursuant to the Plan may be evidenced in such manner as the Administrator shall determine. If certificates representing shares of Restricted Stock are registered in the name of the Participant, certificates must bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock, and the Company may, at its discretion, retain physical possession of the certificate until such time as all applicable restrictions lapse.

Section 6.2 Restricted Stock Units. The Administrator is authorized to make Awards of Restricted Stock Units to any Service Provider selected by the Administrator in such amounts and subject to such terms and conditions

as determined by the Administrator. At the time of grant, the Administrator shall specify the date or dates on which the Restricted Stock Units shall become fully vested and nonforfeitable, and may specify such conditions to vesting as it deems appropriate. At the time of grant, the Administrator shall specify the maturity date applicable to each grant of Restricted Stock Units which shall be no earlier than the vesting date or dates of the Award and may be determined at the election of the grantee. On the maturity date, the Company shall, subject to the terms of this Plan, transfer to the Participant one Share for each Restricted Stock Unit scheduled to be paid out on such date and not previously forfeited. The Administrator shall specify the purchase price, if any, to be paid by the grantee to the Company for such Shares.

Section 6.3 Rights as a Stockholder. A Participant shall not have any rights as a stockholder in respect of Restricted Stock Units awarded pursuant to the Plan (including but not limited to the right to vote on any matter submitted to the Company's stockholders) until such time as the Shares attributable to such Restricted Stock Units have been issued to such Participant or his or her beneficiary.

PERFORMANCE SHARES AND PERFORMANCE UNITS

Section 7.1

(a) Grant of Performance Awards. The Administrator is authorized to make Awards of Performance Shares and Performance Units to any Participant selected by the Administrator in such amounts and subject to such terms and conditions as determined by the Administrator. All Performance Shares and Performance Units shall be evidenced by an Award Agreement.

(b) Issuance and Restrictions. The Administrator shall have the authority to determine the Participants who shall receive Performance Shares and Performance Units, the number of Performance Shares and the number and value of Performance Units each Participant receives for any Performance Cycle, and the Performance Goals applicable in respect of such Performance Shares and Performance Units for each Performance Cycle. Any adjustments to such Performance Goals shall be approved by the Administrator. The Administrator shall determine the duration of each Performance Cycle (the duration of Performance Cycles may differ from one another), and there may be more than one Performance Cycle in existence at any one time. Unless otherwise determined by the Administrator, the Performance Cycle for Performance Shares and Performance Units shall be three (3) years. An Award Agreement evidencing the grant of Performance Shares or Performance Units shall specify the number of Performance Shares and the number and value of Performance Units awarded to the Participant, the Performance Goals applicable thereto, and such other terms and conditions not inconsistent with the Plan as the Administrator shall determine. No Company Common Stock will be issued at the time an Award of Performance Shares is made, and the Company shall not be required to set aside a fund for the payment of Performance Shares or Performance Units.

Section 7.2 Earned Performance Shares and Performance Units. Performance Shares and Performance Units shall become earned, in whole or in part, based upon the attainment of specified Performance Goals or the occurrence of any event or events, including a Corporate Event, as the Administrator shall determine, either at or after the grant date. In addition to the achievement of the specified Performance Goals, the Administrator may, at the grant date, condition payment of Performance Shares and Performance Units on such conditions as the Administrator shall specify. The Administrator may also require the completion of a minimum period of service (in addition to the achievement of any applicable Performance Goals) as a condition to the vesting of any Performance Share or Performance Unit Award.
