This Proxy Statement is first being sent to the shareholders of the Company on or about April 24, 2017, and is accompanied by a proxy card that is being solicited by the Company for use at the Annual Meeting.

Unless otherwise specified, all ownership interests or voting power referenced herein, either in percentage terms or number of shares, in respect of the Company's outstanding shares, have been calculated in accordance with Rule 13d-3 under the Securities Exchange Act of 1934, as amended (the "Exchange Act") as reflected in the beneficial ownership table shown in the "Principal Shareholders" section elsewhere in this Proxy Statement.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND ANNUAL MEETING

Why am I receiving these materials?

Our Board has sent you this Proxy Statement and the accompanying proxy card to ask for your vote, as a shareholder of HomeStreet, on certain matters that will be voted on at the Annual Meeting. As a shareholder of record, you are invited to attend and are entitled to and requested to vote on the proposals set forth in this Proxy Statement. The reasons for, and further information in relation to, each of these proposals are described in more detail in the questions and answers and other materials that follow.

Who is entitled to vote?

All shareholders of record of HomeStreet common stock at the close of business on April 20, 2017 (the "Record Date") are entitled to notice and to vote at the Annual Meeting.

Who is a shareholder of record?

A shareholder of record is a person or entity whose name appears on or in our records as an owner of one or more shares of our common stock as of the close of business on the Record Date.

How many shares are entitled to vote at the meeting?

As of the Record Date, 26,865,431.6 shares of our common stock were issued, outstanding and entitled to vote at the Annual Meeting.

How many votes do I have?

Each common share you owned of record on the Record Date is entitled to one vote for each director candidate. You may NOT cumulate votes relating to the election of directors. For the other proposals presented at this meeting, you are entitled to one vote for each common share you owned of record on the Record Date.

What proposals will be voted on at the Annual Meeting?

The proposals scheduled to be voted on at the Annual Meeting are:

• The election of the three Class III directors listed in this Proxy Statement to serve for a term of three years or until their respective successors are duly elected and qualified;

• The ratification on an advisory basis (non-binding) of Deloitte & Touche LLP as HomeStreet's independent registered public accounting firm for the fiscal year ending December 31, 2017; and

• An amendment to the HomeStreet, Inc. 2014 Equity Incentive Plan (the "2014 Plan") to increase the number of shares available for issuance thereunder by 975,000 shares and approve certain additional performance measures for purposes of Section 280G of the Internal Revenue Code.

What is the voting requirement to approve each of the proposals?

Proposal	Vote Required	Broker Discretionary Voting Allowed
Proposal 1: Election of Directors	Majority of votes cast	No
Proposal 2: Ratification on an advisory basis (non-binding) of appointment of independent registered public accounting firm	Number of votes cast in favor exceed number of votes cast against	Yes
Proposal 3: Amendment to increase number of shares available for issuance under our 2014 Plan by 975,000 shares and approve certain additional performance measures for purposes of Section 280G of the Internal Revenue Code	Number of votes cast in favor exceed number of votes cast against	No

How does the Board of Directors recommend I vote?

Our Board recommends that you vote your shares:

•“FOR” the three Class III director nominees;

•“FOR” the ratification on an advisory basis (non-binding) of appointment of Deloitte & Touche LLP as HomeStreet’s independent registered public accounting firm for the fiscal year ending December 31, 2017; and

•“FOR” the amendment to the 2014 Plan to increase the number of shares available for issuance thereunder by 975,000 shares and approve certain additional performance measures for purposes of Section 280G of the Internal Revenue Code.

How long will each of the directors elected at the Annual Meeting continue to serve?

Our Second Amended and Restated Articles of Incorporation, as amended (our “Articles of Incorporation”) provide that our directors will serve a term of three years or until their respective successors are duly elected and qualified. Our Board is divided into three classes of directors, with the members of each class serving a three-year term. Typically at each annual meeting, our shareholders elect directors within one class, and each class is staggered in a manner that causes approximately one-third of our directors to be elected annually, an arrangement commonly known as a staggered board. However, our Articles of Incorporation also provide that if the number of directors is changed, the classes shall be apportioned among the groups so as to maintain the number of directors in each group as nearly equal as possible. In addition, if a new director is appointed to the Board by the directors, that individual must stand for election by the shareholders at our next annual meeting, even if he or she is a member of a different class. The three director nominees for Class III will, if elected, serve until the 2020 annual meeting.

How do I vote?

You can vote on matters that properly come before the Annual Meeting in one of four ways:

You may vote by mail.

You do this by marking, signing and dating the proxy card and mailing it in the enclosed, prepaid and addressed envelope or otherwise mailing it to us at our mailing address on the cover page of this Proxy Statement prior to the Annual Meeting. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct.

You may vote in person at the meeting.

You can vote in person at the meeting. However, if you hold your shares in street name (in the name of a bank or some other nominee), you must request and receive a legal proxy from the record owner prior to the meeting in order to vote at the meeting.

In order to facilitate an orderly Annual Meeting, we request that you provide the Board your vote prior to the Annual Meeting by completing and returning the enclosed proxy card as soon as possible.

You may vote on the Internet.

Go to www.voteproxy.com and follow the instructions. You should have your proxy card, including your control number, in hand when you access the website.

You may vote by telephone.

Call the toll-free number listed on the proxy card from any touch-tone telephone and follow the instructions. You should have your proxy card, including your control number, in hand when you call.

If you own your shares through a brokerage account or in other nominee form, you should follow the instructions you receive from the record holder with regard to which voting methods are available.

What if my shares are held in street name?

If you are the beneficial owner of shares held by a broker in street name, your broker, as the record holder of the shares, is required to vote the shares in accordance with your instructions. Under certain circumstances banks and brokers are prohibited from exercising discretionary authority for beneficial owners who have not provided voting instructions to the bank or broker, which is referred to as a "broker non-vote." In these cases, those shares will be counted for the purpose of determining whether a quorum is present. Pursuant to applicable regulations, if you do not give instructions to your broker, your broker will not be permitted to vote your shares with respect to Proposal 1, Election of Directors, or Proposal 3, Amendment to the 2014 Plan, as described in this Proxy Statement.

If your shares are held in street name, you will need proof of ownership to be admitted to the Annual Meeting. A recent brokerage statement or a letter from the record holder of your shares is an example of proof of ownership. If you want to vote your shares of common stock held in street name in person at the Annual Meeting, you will have to get a written proxy in your name from the broker, bank or other nominee who holds your shares.

What happens if I sign and return my proxy card, but don't mark my votes?

If you do not mark your vote on your proxy, Scott Boggs, Lead Independent Director, and Godfrey B. Evans, our Corporate Secretary, General Counsel and Chief Administrative Officer, will vote your shares as recommended by the Board on each of Proposals 2 and 3: FOR the ratification of our independent auditors and FOR the proposal to increase the number of shares available for issuance under our 2014

Plan. If your proxy does not provide direction with respect to the election of directors, your vote will not be cast for Proposal 1, Election of Directors.

Can I revoke my proxy?

You have the power to revoke your proxy at any time before the polls close at the Annual Meeting. You may do this by either:

- a. submitting another proxy with a later date prior to the date of the Annual Meeting, over the internet, by telephone or to our Corporate Secretary, Godfrey B. Evans, at our mailing address on the cover page of this Proxy Statement, or
- b. sending a written notice of your revocation to our Corporate Secretary at our mailing address on the cover page of this Proxy Statement, or
- c. voting in person at the Annual Meeting.

What happens if additional matters are presented at the Annual Meeting?

If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named as proxy holders, Scott Boggs and Godfrey B. Evans, will have discretion to vote on those matters in accordance with their best judgment. We do not currently anticipate that any other matters will be raised at the Annual Meeting.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify an individual shareholder are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties, except: (1) as necessary to meet applicable legal requirements, (2) to allow for the tabulation of votes and certification of the vote and (3) to facilitate a successful proxy solicitation. If you provide written comments on your proxy card, such comments may be forwarded to the Company's management, however, there can be no guarantee that such comments will be forwarded or reviewed. We encourage any shareholders who would like to provide comments to management to contact us directly at the address provided on the cover page of this Proxy Statement.

Who will count the votes?

Broadridge Financial Solutions, Inc., our stock transfer agent will serve as the inspector of elections and in that capacity will count and tabulate the votes.

Where can I find the results of the Annual Meeting?

We intend to announce preliminary voting results at the Annual Meeting and will publish final results in a Current Report on Form 8-K, which we will file with the Securities and Exchange Commission (the "SEC") within four (4) business days after the Annual Meeting.

What does it mean if I get more than one proxy card?

It means that your shares may be owned through more than one brokerage or other share ownership account. Please mark, sign and return all proxy cards to ensure that all your shares are voted.

What constitutes a "quorum"?

A "quorum" refers to the number of shares that must be represented at a meeting in order to lawfully conduct business. A majority of the outstanding common shares entitled to vote at the Annual Meeting,

present in person or represented by proxy, will constitute a quorum at the Annual Meeting. Without a quorum, no business may be transacted at the Annual Meeting. However, whether or not a quorum exists, a majority of the voting power of those present at the Annual Meeting may adjourn the Annual Meeting to another date, time and place.

What vote is required to elect directors?

In an uncontested election, a nominee for election to a position on the Board will be elected as a director if the votes cast For the nominee exceed the votes cast Against the nominee (known as majority voting). The term of any director who does not receive a majority of votes cast in an election held under that standard terminates on the earliest to occur of: (i) 90 days after the date election results are certified; (ii) the date the director resigns; or (iii) the date the Board fills the position. Our Bylaws provide that an election is considered “contested,” and will be held under a plurality standard, if there are shareholder nominees for director pursuant to the advance notice provision in Section 1.13 of our Bylaws who are not withdrawn by the advance notice deadline set forth in that section. You may vote For, Against, or Abstain from voting for the listed nominees. The following will not be votes cast and will have no effect on the election of any director nominee: (i) a share whose ballot is marked as abstain; (ii) a share otherwise present at the meeting but for which there is an abstention; and (iii) a share otherwise present at the meeting as to which a shareholder gives no authority or direction. Shareholders may not cumulate their votes in the election of directors.

What vote is required to approve the advisory (non-binding) proposal on the ratification of the appointment of the Company’s independent registered public accountants?

The proposal to approve, on an advisory basis (non-binding), the appointment of Deloitte as HomeStreet’s independent registered public accounting firm will be adopted if a majority of the votes present in person or by proxy and voting on this matter are cast For the proposal. You may vote For, Against or Abstain from approving the proposal.

Abstentions and broker non-votes will have no effect on the outcome of the proposal.

What vote is required to approve the proposed amendments to the 2014 Plan?

The proposal to approve the proposed amendment to the 2014 Plan to increase the number of shares available for issuance thereunder by 975,000 shares and to add certain language to the definition of “performance criteria” will be adopted if a majority of the votes present in person or by proxy and voting on this matter are cast For the proposal.

You may vote For, Against or Abstain from approving the proposal. Abstentions and broker non-votes will have no effect on the outcome of the proposal.

Can I vote on other matters?

We have not received timely notice of any shareholder proposals to be considered at the Annual Meeting, and the Board does not know of any other matters to be brought before the Annual Meeting.

What percentage of outstanding shares do the directors and executive officers own?

Together these persons had or shared the right to vote or dispose of approximately 1.64% of our common stock as of the Record Date.

Who is paying the cost of preparing, assembling and mailing the notices of the Annual Meeting, Proxy Statement and form of proxy and the solicitation of the proxies?

The Company is paying all such costs. We may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners for their reasonable expenses in forwarding solicitation material to such beneficial owners. Our directors, officers and employees may also solicit

proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation.

What is the deadline for submitting shareholder proposals for consideration at the Company's next annual meeting of the shareholders or to nominate individuals to serve as directors?

For inclusion in HomeStreet's proxy materials: Shareholders may present proper proposals for inclusion in HomeStreet's Proxy Statement and for consideration at the next annual meeting of shareholders by submitting such proposals in writing to our Corporate Secretary in a timely manner. In order to be included in the Proxy Statement for the 2017 annual meeting of shareholders, shareholder proposals must be received by HomeStreet's Corporate Secretary no later than December 25, 2017, and must otherwise comply with the requirements of Rule 14a-8 of the Exchange Act and of HomeStreet's bylaws.

To be brought before an annual meeting: In addition, our bylaws establish an advance notice procedure for shareholders who wish to present certain matters before an annual meeting of shareholders.

In general, nominations for the election of directors may be made (1) by or at the direction of the Board, or (2) by a shareholder who has delivered written notice to HomeStreet's Corporate Secretary within the Notice Period (as defined below) and who was a shareholder at the time of such notice and as of the Record Date. The notice must contain specified information about the nominees and about the shareholder proposing such nominations.

Our bylaws also provide that the only business that may be conducted at an annual meeting is business that is (1) specified in the notice of meeting given by or at the direction of the Board, (2) properly brought before the meeting by or at the direction of the Board or (3) properly brought before the meeting by a shareholder who has delivered written notice to our Corporate Secretary within the Notice Period (as defined below) and who was a shareholder at the time of such notice and as of the Record Date. The notice must contain specified information about the matters to be brought before such meeting and about the shareholder proposing such matters, including information related to the shareholder's ownership interest in the Company and any material interests of the shareholder in the business desired to be brought before the meeting.

The "Notice Period" is defined as that period not less than 90 days nor more than 120 days prior to the one year anniversary of the previous year's annual meeting date. As a result, the Notice Period for the 2018 annual meeting of shareholders will start on January 25, 2018 and end on February 24, 2018. However, if the annual meeting for 2017 is more than 30 days before or 60 days after May 25, 2017, in order to be timely notice must be delivered not less than 90 days nor more than 120 days prior to the actual date of the 2017 meeting; provided, that if the notice of such meeting is less than 100 days before the date of such meeting, notice of such proposal must be made not less than 10 days after the date of the notice of the meeting in order to be timely.

If a shareholder who has notified the Company of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, the Company need not present the proposal for vote at such meeting.

A copy of the full text of the bylaw provisions discussed above may be obtained by writing to our Corporate Secretary at our principal executive offices or by accessing our filings on the SEC's website at www.sec.gov. All notices of proposals by shareholders, whether or not included in our proxy materials, should be sent to our Corporate Secretary at our principal executive offices.

PROPOSAL 1

ELECTION OF DIRECTORS

Introduction

Our bylaws permit our Board of Directors to establish by resolution the authorized number of directors, which shall be between seven and 13 directors. The Board is currently composed of nine members. Our Articles of Incorporation provide that directors are elected for three-year terms, with one-third of the Board elected at each annual meeting of shareholders. Each director holds office until that director's successor is duly elected and qualified or until his earlier death or resignation. Our directors are currently classified into the following three classes:

• Class I directors are Scott M. Boggs, Douglas I. Smith and Timothy R. Chrisman and their terms will expire at the annual meeting of the shareholders to be held in 2018;

• Class II directors are Mark K. Mason, Victor H. Indiek and Donald R. Voss and their terms will expire at the annual meeting of the shareholders to be held in 2019; and

• Class III directors are David A. Ederer, Thomas E. King and George "Judd" Kirk and their terms will expire at the Annual Meeting.

The three directors standing for election to our Board of Directors are all of our current Class III directors. All nominees are incumbent directors of the Company.

Nominees for Director

Upon recommendation of the Human Resources and Corporate Governance Committee, the Board has nominated David A. Ederer, Thomas E. King and George "Judd" Kirk for re-election to the Board as Class III directors with a term set to expire at the Company's annual meeting of shareholders to be held in 2020. Biographical information about each of the nominees is contained in the following section.

A discussion of the qualifications, attributes and skills of each nominee that led our Board of Directors and the Human Resources and Corporate Governance Committee to the conclusion that he should continue to serve as a director has been added following each of the director and nominee biographies.

If you are a shareholder of record and you sign your proxy card but do not give instructions with respect to the voting of directors, your shares will not be voted with respect to Proposal 1. Therefore, please be sure to give specific instructions with respect to the voting of directors by indicating your instructions on your proxy card. If you hold your shares in street name and you do not give voting instructions to your broker, your broker will leave your shares unvoted on this matter. Only shares voted "For" or "Against" a candidate will be counted for purposes of assessing compliance with HomeStreet's majority-voting requirement.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF DAVID A. EDERER, THOMAS E. KING AND GEORGE "JUDD" KIRK.

HomeStreet, Inc.’s Board of Directors currently consists of nine members. In 2016, the Company’s Board of Directors met 16 times. Our Board of Directors is divided into three classes and one-third of our directors are elected each year to serve for a three year-term or until a successor is duly elected and qualified. Under our present bylaws, directors must comply with all applicable laws and regulations, including any required approvals from our regulators.

The number of directors may be increased or decreased from time to time by our Board of Directors, provided that a reduction in the number of directors may not shorten the term of an incumbent. Newly created directorships resulting from any increase in the authorized number of directors or any vacancies in the Board may be filled solely by the affirmative vote of a majority of the remaining directors then in office, unless otherwise provided by law or by resolution of the Board. A majority of our directors satisfy the definition of “independent director” under the corporate governance rules of Nasdaq.

PROPOSAL 2

ADVISORY (NON-BINDING) RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

General

The Audit Committee has selected Deloitte & Touche LLP as the Company’s independent registered public accounting firm to audit the consolidated financial statements of HomeStreet and its subsidiaries for the fiscal year ending December 31, 2017. We have used Deloitte & Touche LLP as our independent registered public accounting firm since January 1, 2013.

Shareholder ratification of the selection of Deloitte & Touche LLP is not required by our bylaws or other applicable legal requirements, however, we are submitting this proposal to our shareholders on an advisory (non-binding) basis as a matter of good corporate practice. The outcome of the vote will not be binding on the Company. In the event that this selection of Deloitte & Touche LLP as our independent registered public accounting firm is not ratified by our shareholders at the Annual Meeting, the appointment of Deloitte & Touche LLP as our independent registered public accounting firm will be reconsidered by the Audit Committee. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its shareholders.

Representatives of Deloitte & Touche LLP are expected to be present at the Annual Meeting and will be given the opportunity to make a statement at the Annual Meeting if they desire to do so and respond to questions about the financial statements and related matters for the 2014, 2015 and 2016 fiscal years.

Principal Accounting Fees and Services

The following table presents fees billed for professional audit services and other services rendered to the Company by Deloitte & Touche LLP for the years ended December 31, 2016 and 2015. Amounts in this table are presented in thousands.

	2016	2015
Audit Fees (1)	\$1,833	\$1,353
Audit-Related Fees (2)	232	297
Tax Fees (3)	225	170
Total	\$2,290	\$1,820

(1) Audit Fees consist of fees billed for professional services rendered for the audit of our consolidated financial statements included in our Annual Report on Form 10-K and for the review of our quarterly financial statements, as well as services that generally only our independent registered public accounting firm can reasonably provide, including statutory audits and services rendered in connection with SEC filings.

Audit-Related Fees consist of fees billed for professional services rendered for the audit of our consolidated (2) financial statements in connection with acquisition transactions completed by the Company during the reported fiscal year.

(3) Tax Fees consists of fees billed for professional services rendered for tax compliance, tax advice and tax planning.

Pre-Approval of Audit and Non-Audit Services

It is the responsibility of HomeStreet's Audit Committee to pre-approve all audit and non-audit services provided by our independent auditor. The Audit Committee has adopted a policy authorizing certain permissible audit and non-audit services to be performed by our independent auditor with subsequent reporting and oversight required by the Audit Committee. Permissible services, not pre-approved pursuant to this policy, require specific review and approval prior to the engagement by the Audit Committee, or a designated member. All services rendered by and fees paid to our independent auditor are reported to and monitored quarterly by the Audit Committee. The Audit Committee considers whether the provision of related audit services is compatible with maintaining the independent registered public accounting firm's independence. To assist the Audit Committee in its oversight responsibilities, the pre-approval policy identifies the three basic principles of independence with respect to services provided by the independent registered public accounting firm, as well as the non-audit services the independent registered public accounting firm is prohibited from providing. All services provided by Deloitte & Touche LLP in each of the last two fiscal years were pre-approved by the Audit Committee.

THE BOARD OF DIRECTORS RECOMMENDS SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF DELOITTE & TOUCHE LLP AS HOMESTREET'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2017.

PROPOSAL 3 AMENDMENTS TO 2014 EQUITY INCENTIVE PLAN

Background

Our 2014 Equity Incentive Plan (the “2014 Plan”) allows us to grant equity awards to our directors, officers and employees in the form of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock awards, restricted stock units, unrestricted stock grants, performance share awards and performance compensation awards. Our purpose in making grants of equity awards under the 2014 Plan is to promote the long-term success of the Company and the creation of shareholder value by encouraging the attraction and retention of employees and non-employee directors with exceptional qualifications, encouraging them to focus on critical long-range objectives of the Company and linking their interests directly to the interest of the Company’s shareholders through ownership in shares of the Company’s common stock. While we primarily grant restricted stock units and performance share awards to our employees and make unrestricted stock grants to our directors as part of their annual compensation, we maintain the flexibility to grant various types of equity incentive awards to its employees so that it can react appropriately to the changes in the economic environment. By having the ability to tailor its equity compensation awards to specific economic situations, the Company can ensure that such awards are structured so as to maximize their effectiveness in incentivizing employees.

Summary of the Proposal

On March 8, 2017, our Board of Directors approved certain amendments to the 2014 Plan, subject to shareholder approval at the Annual Meeting. We are seeking shareholder approval of an amendment to (a) increase the number of shares reserved for issuance thereunder by 975,000 shares and (b) revise the performance measures approved by shareholders for purposes of Section 280G of the Internal Revenue Code to allow performance measures based on return on assets, capital, invested capital, equity, or sales to be calculated on a “core” basis, which would provide adjustments to eliminate impacts of acquisition activity in the period.

Increase in Shares

We believe the ability to grant competitive equity awards is an important tool for the attracting and retaining employees and non-employee directors with exceptional qualifications, encouraging them to focus on critical long-range objectives of the Company while linking their interests directly to the interest of the Company’s shareholders through ownership in shares of the Company’s common stock. If we are unable to offer competitive equity packages to retain and hire employees and non-employee directors, this could significantly hamper our plans for growth and adversely affect our ability to operate our business. In addition, if we are unable to grant competitive equity awards, we may be required to offer additional cash-based incentives to replace equity as a means of competing for talent.

Addition to Performance Measures

The 2014 Plan is designed to ensure that certain awards granted under such plan will qualify as “performance-based compensation” within the meaning of Section 162(m) under the Internal Revenue Code of 1986, as amended (“Section 162(m”). Section 162(m) provides that compensation paid to a “covered employee” in excess of \$1 million in a taxable year is not deductible by the Company for federal income tax purposes. However, certain types of compensation, including performance-based compensation, are not subject to this limit. When the 2014 Plan was adopted, the “Performance Criteria” set forth in the 2014 Plan was approved by the shareholders in compliance with Section 162(m) to allow

the Company to deduct compensation paid in any tax year in excess of \$1 million to a covered employee as an expense for federal income tax purposes to the extent it was earned on the basis of achievement of such Performance Criteria.

The second part of the proposed amendment would revise the definition of “Performance Criteria” in the 2014 Plan to include not only a return on assets, capital, invested capital, equity or sales (each of which are currently considered Performance Criteria under the 2014 Plan) but also any of those measures calculated on a “core” basis, which would provide adjustments to those return calculations to eliminate the impacts of acquisition activity in the performance period. Management believes that core returns on assets, capital, invested capital, equity or sales has the potential to provide a more appropriate measure of the overall performance of the Company during the measurement period.

The Company has grown considerably by acquisition in past five years, with four whole-bank acquisitions and seven stand-alone branch acquisitions from 2013 through the end of 2016, and we anticipate that the Company will continue to grow through strategic acquisitions in addition to organic growth, in the near term. Both the Board of Directors and management believes that measuring return on assets, capital, invested capital, equity or sales without inclusion of the acquisition-related items provides for a more appropriate comparison of growth during the period as it smooths over the variances in financial results that are attributable solely to non-recurring acquisition related expenses and benefits.

For these and other related reasons, the Company’s Board of Directors has determined that it is in the best interests of the Company and its shareholders to approve the proposed amendments to the 2014 Plan. The following summary of the 2014 Plan is qualified in its entirety by reference to the full text of the 2014 Plan as proposed to be amended, a copy of which is attached as Appendix A to this Proxy Statement.

Additional Amendments to 2014 Plan

In addition to the proposed amendments to increase the number of shares available under the 2014 Plan and to add “core” measurements for return on assets, capital, invested capital, equity or sales, our Board of Directors has also approved certain non-material amendments to the 2014 Plan that do not require shareholder approval and are intended to bring the terms of the Plan in accordance with our practices. These amendments include:

Requiring that all awards granted under the 2014 Plan have a minimum vesting period or Restricted Period, as that term is defined in the 2014 Plan, of at least one year from the date of grant (provided that up to 5% of the total number of shares reserved for issuance under the 2014 Plan may be issued without regard to the minimum vesting requirement);

Providing clarification that the prohibition on repricing options and stock appreciation rights without shareholder approval includes certain actions that effectively act as a repricing of those awards even if those actions would not be considered repricing under generally accepted accounting practices;

Making all awards under the 2014 Plan nontransferable without the consent of the committee that administers the 2014 Plan (currently the HRCG Committee), except by law upon death;

Prohibiting the payment of dividends or dividend equivalents (whether declared in cash or stock) on unvested awards under the 2014 Plan. Dividends may be earned by participants prior to the vesting of such awards, but would not be paid until vesting.

Share Information

As of April 20, 2017, the 2014 Plan had 416,318 shares subject to currently outstanding equity awards, including 167,957 shares subject to outstanding restricted stock units, 248,361 shares subject to outstanding performance share units (assuming maximum performance targets are reached) and performance share awards and 337,375 shares available for future issuance. In addition, there are 256,747 shares subject to currently outstanding options under our 2010 Equity Incentive Plan (the “2010 Plan” which was terminated effective upon the adoption of the 2014 Plan in May 2014) and 10,800 shares subject to currently outstanding options that were part of certain “retention grants” that were made in 2010 outside of any equity incentive plan but subject to the terms and conditions of the 2010 Plan.

Summary of Equity Plan

Under the 2014 Plan, the Company may grant incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock awards, restricted stock units, unrestricted stock, performance share awards and performance compensation awards. The initial plan allowed for the grant of awards for up to 900,000 shares of common stock, of which 337,375 remain available for issuance. If the proposed amendments are approved by the shareholders, an additional 975,000 shares will be available for issuance, making the total available for issuance 1,312,375 shares plus any shares that are returned to the 2014 Plan on the cancellation or forfeiture of any currently outstanding awards prior to vesting.

Under the 2014 Plan, the maximum aggregate number of shares of common stock subject to awards granted to any individual cannot exceed 100,000 shares of common stock during any calendar year. Each participant is also subject to a separate 50,000 share limit for full-value restricted stock awards or unrestricted stock grants. No participant who is a non-employee director shall be granted awards of common stock exceeding an aggregate value of \$200,000 during any calendar year.

As of April 20, 2017 the per share closing price of the Company’s common stock on the Nasdaq Global Select Market was \$27.25. Based on that value, the 1,312,375 shares of common stock that would be available for grants under the 2014 Plan (assuming approval of the proposal to amend the plan by the shareholders) would have had a total value of \$35,762,218.

Eligibility

All employees, directors, and consultants are potentially eligible to receive awards under the 2014 Plan. As of April 20, 2017, 53 employees are participants in the 2014 Plan, including all 11 executive officers and all eight of our non-employee directors. In addition, our directors receive regular grants of stock under the 2014 Plan as part of their compensation.

Plan Administration

The 2014 Plan is administered by the Company’s Human Resources and Corporate Governance Committee (the “HRCG Committee”). Subject to limits outlined in the 2014 Plan, the HRCG Committee will determine which individuals will receive awards, the number of shares or units to be granted, the exercise or purchase price for awards, the vesting schedule for each award, any performance criteria for an award, and the maximum term of each award. The HRCG Committee has the power to adopt any rules

deemed necessary or desirable for the administration of the 2014 Plan, as well as the exclusive discretionary authority to construe, interpret and make all other determinations necessary or advisable for the administration of the 2014 Plan. The HRCG Committee also may modify the purchase price or the exercise price of any outstanding award, but if the modification effects a repricing, shareholder approval shall be required before the repricing is effective. The HRCG Committee also may not replace or cash out underwater stock options or stock appreciation rights without prior shareholder approval. The HRCG Committee may exercise its discretion to reduce (but not increase) any performance award. All decisions made by the HRCG Committee in connection with the 2014 Plan will be final and binding unless found by a court to be arbitrary and capricious.

Awards to Participants

Awards granted under that plan may consist of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock awards, restricted stock units, unrestricted stock grants, performance share awards and performance compensation awards.

Stock Options. The 2014 Plan provides for the grant of incentive stock options (commonly referred to as ISOs) to employees and non-qualified stock options (commonly referred to as NSOs) to employees, directors and consultants. The HRCG Committee determines the terms of options, such as price, expiration date and other material conditions, provided that ISOs are subject to statutory limitations. The HRCG Committee determines the exercise price for a stock option, within the terms and conditions of the 2014 Plan and applicable law. The exercise price of a nonqualified stock option may not be less than 100% of the fair market value of our common stock on the date of grant unless in substitution for another option. The exercise price of an ISO may not be less than 100% (or 110% in the case of a recipient who is also a 10% shareholder) of the fair market value of our common stock on the date of grant. An option may be exercised by payment of the exercise price in cash, by a “cashless” exercise established with a broker, by reduction in the number of shares issued or other methods acceptable to the HRCG Committee.

Options granted under the 2014 Plan will vest at the rate specified by the HRCG Committee (subject to the limitation on vesting in the amendments to the 2014 plan, which requires that all awards have a vesting period of at least one year from the date of grant, with an exception for awards representing up to 5% the total number of shares authorized for grant under the 2014 Plan (the “Vesting Restrictions”), with the vesting schedule or performance conditions for each stock option to be set forth in the stock option agreement for such option grant. Generally, the HRCG Committee determines the term of stock options granted under the 2014 Plan, up to a maximum term of 10 years.

After termination of an optionee’s service relationship with the Company, the optionee may exercise the vested portion of each option for the period of time stated in the option agreement to which such option relates, provided that all outstanding options shall terminate immediately if the optionee’s service relationship is terminated for cause. The HRCG Committee also has the discretion to permit exercise of the unvested portion of an option in the event of voluntary resignation or retirement. Generally, if termination is due to disability, the vested portion of each option will remain exercisable for one year following the date of disability, and in the event of death of an optionee, the vested portion of each option will remain exercisable by such optionee’s beneficiary for one year. In all other cases other than termination for cause, the vested portion of each option will generally remain exercisable for three months following termination of the service relationship. However, an option may not be exercised later than its expiration date even if the relevant post-termination exercise period has not yet come to an end.

Notwithstanding the above, in the event of a change in control of the Company, followed by termination without cause or constructive termination of an optionee within 12 months of the change in control, the 2014 Plan provides that all outstanding stock options under the plan will become 100% vested and exercisable.

Stock Appreciation Rights. Stock appreciation rights provide for a payment or payments, in cash or shares of common stock, to the participant based upon the difference between the fair market value of our common stock on the date of exercise and the stated exercise price. The exercise price of a stock appreciation right may not be less than 100% of the fair market value of our common stock on the date of grant of the stock appreciation right. Stock appreciation rights are otherwise generally subject to the same terms and limitations as described above for stock options, including vesting and acceleration upon termination following a change in control.

Restricted Stock Awards. A restricted stock award is a grant of shares or an offer by us to sell shares of our common stock subject to a risk of forfeiture and/or a right of repurchase by us upon the termination of the participant's service relationship with the Company on such terms (including price and timing) as may be determined by the HRCG Committee. This risk of forfeiture and/or right of repurchase may lapse according to vesting conditions, which may include performance conditions, a time-based schedule or a combination thereof, to be determined in each case by the HRCG Committee, subject to the Vesting Restrictions. The holder of restricted stock has the rights of a shareholder, including voting and dividend rights, but as with dividend or dividend equivalents that may be payable on all awards, dividends on restricted stock will be withheld and distributed upon the release of restrictions. If the stock is forfeited, the holder will have no right to the dividends. In the event of death or disability of a holder of restricted stock subject to vesting other than monthly vesting, the risk of forfeiture and/or our right to repurchase such shares shall lapse with respect to a pro-rata portion of the shares of restricted stock equal to the percentage of the vesting period that has elapsed. The HRCG Committee also has the discretion to waive all or a portion of the risk of forfeiture and/or our right to repurchase shares of restricted stock in the event of a participant's voluntary resignation or retirement. In the event of a change in control followed by termination without cause or constructive termination of the participant within 12 months, the restrictions on such participant's restricted stock will lapse.

Restricted Stock Units. Restricted stock units represent the right to receive, without payment to the Company, an amount of shares of our common stock equal to the number of shares underlying the restricted stock units, or the cash equivalent. The HRCG Committee may, at its discretion, impose vesting conditions, subject to Vesting Restrictions, which may include performance conditions, a time-based vesting schedule or a combination thereof, on the exercise of such units. The holder of restricted stock units does not have voting rights, but may be credited with dividend equivalents which will be withheld and distributed upon the release of restrictions. If the units are forfeited, the holder will have no right to the dividends. A participant's restricted stock units generally terminate in the event the participant's service relationship terminates prior to payment with respect to the units. However, in the event of death or disability of a holder of restricted stock units that are subject to vesting other than monthly vesting, or in the event of retirement if the award agreement so provides, the holder will receive payment for a pro-rata percentage of the unvested units equal to the percentage of the vesting period that has elapsed. The HRCG Committee also has the discretion to make payment with respect to all or a portion of the unvested restricted stock units held by a participant in the event of such participant's voluntary resignation or retirement. In the event of a change in control followed by termination without cause or constructive termination of the participant within 12 months, such participant's restricted stock units that were outstanding on the date of termination will be cancelled and such participant will receive a cash payment

equal to the product of the number of restricted stock units and the fair market value of a share of our common stock on the date of termination.

Unrestricted Stock Grants. The HRCG Committee also has the discretion under the 2014 Plan to issue grants of fully vested shares of common stock (valued at fair market value as of the date of payment), in such amounts and subject to such terms and conditions established by the HRCG Committee. Due to the Vesting Restrictions, no more than 5% of the total number of shares authorized for issuance under the 2014 Plan may be issued as unrestricted stock grants.

Performance Shares/Compensations. A performance share award entitles a participant to receive all or part of a specified number of hypothetical shares (or the value of stock-denominated units) if specified performance objectives, as determined by the HRCG Committee, are satisfied during a specified award period. The payout under a performance share award is the product of (i) the target number of performance shares subject to award; (ii) the performance percentage; and (iii) for stock units, the fair market value of a share on the date the award is paid or becomes payable to the participant.

Performance Awards are similar to performance shares, except that the value is based on a fixed dollar value or formula specified by the HRCG Committee, rather than the fair market value of a share on the date the award is paid or payable (as with performance shares). The HRCG Committee may designate any award other than an option, including a cash bonus, as a performance award. The maximum value of performance shares that may be earned by a participant for any single award period of one year or longer may not exceed 50,000 shares and the value of performance compensation shall not exceed \$3 million.

Within the first 90 days of a performance period of at least one year, the HRCG Committee chooses performance goals for the performance shares or award at the time of grant based on one or more of the following criteria: (a) net earnings or net income (before or after taxes); (b) basic or diluted earnings per share (before or after taxes); (c) net revenue or net revenue growth; (d) gross revenue; (e) gross profit or gross profit growth; (f) net operating profit (before or after taxes); (g) return on assets, capital, invested capital, equity, average equity or sales, which, assuming approval of the proposal to amend the 2014 Plan by the shareholders at the Annual Meeting will include returns calculated on a “core” basis which would provide for adjustments to eliminate impacts of acquisition activity in the period; (h) cash flow (including, but not limited to, operating cash flow, free cash flow, and cash flow return on capital); (i) earnings before or after taxes, interest, depreciation and/or amortization; (j) gross or operating margins; (k) improvements in capital structure; (l) budget and expense management; (m) productivity ratios; (n) economic value added or other value added measurements; (o) share price (including, but not limited to, growth measures and total shareholder return); (p) expense targets; (q) margins; (r) operating efficiency; (s) working capital targets; (t) enterprise value; (u) safety record; (v) completion of acquisitions or business expansion; (w) asset quality; (x) efficiency ratio; (y) loan growth; (z) deposit growth, and (aa) net interest margin. At the end of the award period for performance shares or performance units, the HRCG Committee determines the extent to which the applicable performance objectives were met during the award period. A participant shall be eligible for payment only if he or she is an employee, director or consultant on the last day of the performance period and only to the extent the performance goal are achieved. The Committee may exercise “negative discretion” to reduce a performance award in its discretion. Performance shares and awards may be settled in cash, shares of our common stock, other securities, other awards, other property or any combination thereof, as determined by the HRCG Committee.

In the event of a change in control followed by termination without cause or constructive termination of the participant within 12 months, the participant’s performance share or award shall be paid out with a performance percentage of 100%.

The Board may amend or terminate the 2014 Plan in any respect at any time, except that shareholder approval will be required for certain material amendments to the 2014 Plan.

Represents immediately vested shares issued to directors as the stock portion of their annual compensation for (1) fiscal year 2016 as disclosed in the section of this proxy statement titled “Corporate Governance - Director Compensation”.

Indicates target number of shares subject to a three-year performance share award. The actual number of shares (2) that will vest depends on the level of performance against the performance objectives. The maximum number of shares issuable pursuant to performance shares awards equals 150% of target.

(3) Based on the grant date fair value of the award on the date of grant. Unrestricted stock awards, restricted stock units and performance share awards are full value awards.

New Plan Benefits. Since specific grants under the 2014 Plan are discretionary, the actual number of awards to be paid under the 2014 Plan in the future cannot be determined at this time.

Taxation of Awards

Performance unit and performance share awards and stock appreciation rights are taxable as ordinary income only when and if paid. There is no taxation on stock options when granted. When a non-statutory option is exercised, the difference between the exercise price and the stock price on the date of exercise is taxable as ordinary income, and the Company is entitled to a tax deduction in the same amount, while any subsequent increase in the stock price is taxable as a capital gain. For an incentive stock option, there is no taxation on exercise of the option and all the gain is taxed on disposition of the stock by the participant as capital gain, so long as the participant holds the stock for at least one year after exercise and two years after the date of grant. If such holding period requirements are not met, the option exercise will be retroactively treated as the exercise of a non-statutory option for tax purposes and the participant will incur ordinary income tax. The exercise of an incentive stock option may also cause the participant to be subject to the alternative minimum tax upon exercise, which would require the participant to include the difference between the exercise price and the value of the stock on the date of exercise in the participant's taxable income for the purposes of calculating the amount of alternative minimum tax that would be owed. The Company is not allowed a tax deduction for an incentive stock option unless the participant sells the stock after exercise in a disqualifying disposition.

Restricted stock is taxable on its value at the date it vests, unless the participant made an election to pay tax on its value at the time it was granted. Unrestricted stock grants are taxable at their value on the date granted. No income will generally be recognized in connection with the grant of a restricted stock unit. A participant is subject to withholding under the Federal Insurance Contributions Act on the value of a restricted stock unit at the time the restricted stock unit becomes vested. The value of the stock and/or any cash received should generally be taxable to the participant as ordinary income and deductible by the Company at the time of settlement of the restricted stock unit, and any subsequent change in the stock value upon resale of the stock will be treated as a capital gain or loss.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE "FOR" APPROVAL OF THE PROPOSED AMENDMENTS TO THE COMPANY'S 2014 EQUITY INCENTIVE PLAN.

CORPORATE GOVERNANCE

Code of Ethics

The Board has established a code of ethics as defined under the Exchange Act that applies to all HomeStreet directors, officers and employees, including our principal executive officer, principal financial officer and principal accounting officer or controller. A copy of our Code of Business Conduct and Ethics (“Code of Ethics”) is available on our website at <http://ir.homestreet.com>. We will post on our website any amendments to, or waivers (with respect to our principal executive officer, principal financial officer and principal accounting officer or controller) from, this Code of Ethics within four business days of any such amendment or waiver. Among other things, the Code of Ethics addresses the following principles:

- complying with laws and regulations;
- prohibiting insider trading;
- avoiding conflicts of interest;
- avoiding questionable gifts or favors;
- maintaining accurate and complete records;
- treating others in an ethical manner;
- maintaining integrity of consultants, agents and representatives; and
- protecting proprietary information and proper use of assets.

Compliance with Section 16(a) of the Exchange Act

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities (our “Reporting Persons”), to file with the Securities and Exchange Commission reports of ownership and reports of changes in ownership of common stock and our other equity securities. Reporting Persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file. Based solely on our review of such reports received or written representations from certain Reporting Persons, the Company believes that during fiscal 2016 all Reporting Persons complied with all applicable requirements except that 12 Forms 4 relating to the grant of restricted stock units to executive officers and one Form 4 for a director were filed late.

Principles of Corporate Governance

The Company has adopted Principles of Corporate Governance, which are available on the Company’s website at <http://ir.homestreet.com>. Shareholders may request a free copy of the Principles of Corporate Governance at the address and phone numbers set forth above.

Director Independence

The Board has determined that, with the exception of Mark Mason, during the year ended December 31, 2016 all of its members were “independent directors” as that term is defined in the listing standards of Nasdaq and, where applicable, the regulations adopted under Sections 10A and 14C of the Securities Exchange Act of 1934, as amended. In the course of determining the independence of each nonemployee director, the Board considered the annual amount of HomeStreet’s sales to, or purchases from, any company where a nonemployee director serves as an executive officer as well as all other relevant facts

and circumstances, including the director's commercial, accounting, legal, banking, consulting, charitable and familial relationships. Without limiting the generality of the foregoing, the Board considered various aspects of the relationship between the Company and an entity controlled by Director Timothy R. Chrisman that provides executive search and related consulting services to the Company and the Bank, in concluding that Mr. Chrisman was an independent director within the meaning of the applicable corporate governance standards during 2016. Mr. Chrisman stepped down from the Human Resources and Corporate Governance Committee of HomeStreet, Inc. and HomeStreet Bank in February 2017. In April 2017, the Company entered into certain agreements with Chrisman & Company, an executive search firm owned by Mr. Chrisman, as described below in "Related Persons". Upon the Company's entry into these agreements with Chrisman & Company, Mr. Chrisman is no longer considered to be an independent director of the Company.

Board Leadership Structure

Our Board of Directors believes that it is in the best interests of the Company for the Board to retain discretion to make a determination regarding whether or not to separate the roles of Chairman of the Board and Chief Executive Officer based upon varying circumstances. The Board of Directors is currently chaired by Mr. Mason, our Chief Executive Officer, who is subject to re-appointment as Chairman of the Board each year by the Board of Directors. Since our initial public offering in 2012, the Board has maintained a Lead Independent Director to coordinate and reflect the views of the independent board members. Mr. Boggs currently serves in that role and is subject to reappointment each year by the Board.

Board Role in Risk Oversight

The Board is responsible for overseeing the major risks facing the Company while management is responsible for assessing and mitigating the Company's risks on a day-to-day basis. In addition, the Board has delegated oversight of certain categories of risk to the Audit Committee, the Enterprise Risk Management Committee, and the Human Resources and Corporate Governance, or HRCG Committee. The Audit Committee reviews and discusses with management significant financial and nonfinancial risk exposures and the steps management has taken to monitor, control and report such exposures. The Enterprise Risk Management Committee oversees and assesses the adequacy of the Company's management of key enterprise-wide risks and monitors the Company's risk profile and exposure to various types of risks. The HRCG Committee oversees management of risks relating to the Company's governance, compensation plans and programs. The Audit Committee, the Enterprise Risk Management Committee and the HRCG Committee report to the Board as appropriate on matters that involve specific areas of risk that each committee oversees, and with the Board, each committee periodically discusses with management the Company's policies with respect to risk assessment and risk management.

Employee Compensation Risks

HomeStreet's management and the HRCG Committee have assessed the risks associated with our compensation policies and practices for all employees, including non-executive officers. Based on the results of this assessment, we do not believe that our compensation policies and practices for all employees, including non-executive officers, create excessive risks or other risks that are reasonably likely to have a material adverse effect on HomeStreet.

Board Meetings and Committees

During the year ended December 31, 2016, the Board held 16 meetings. Each of our directors attended or participated in 75% or more of the aggregate of the total number of meetings of the Board and the total

number of meetings held by all committees of the Board on which that director served during the past fiscal year. The Board of Directors has three standing committees: an Audit Committee, an Enterprise Risk Management Committee and a Human Resources and Corporate Governance Committee.

Audit Committee

The Audit Committee of HomeStreet, Inc. is composed solely of independent directors as required by the Nasdaq corporate governance standards, and each of Messrs. Boggs, Ederer, King, Smith and Voss meets the independence requirements set forth in all applicable Nasdaq corporate governance standards and Rule 10A-3 under the Exchange Act. Mr. Boggs is also qualified as an "audit committee financial expert."

The Company's Board of Directors has adopted a written Audit Committee charter that meets the requirements of the applicable Exchange Act rules and the applicable Nasdaq corporate governance standards. A copy of this charter is available on our website at <http://ir.homestreet.com>. Among other things, the Audit Committee charter requires the Audit Committee to:

- oversee the financial reporting process on behalf of our board of directors, review and discuss the audited financial statements, including significant financial reporting judgments, with management and the Company's auditors and report the results of its activities to the board;
- be responsible for the appointment, retention, compensation, oversight, evaluation and termination of our auditors and review the engagement and independence of our auditors;
- review and approve non-audit services, including a reconciliation of fees actually paid for non-credit services as compared to fees previously approved for such services;
- review the adequacy of our internal accounting controls and financial reporting processes;
- approve and monitor our internal audit plans and policies;
- review the performance compensation and independence of our Chief Audit Officer; and

annually evaluate the performance of the Audit Committee and assess the adequacy of the Audit Committee charter.

The Audit Committee held eight meetings during the last fiscal year. The Audit Committee Report is included in this Proxy Statement.

Enterprise Risk Management Committee

The membership of the Enterprise Risk Management Committee is limited to persons who meet the independence standards established by the Nasdaq corporate governance rules and is currently comprised solely of independent directors as defined by such rules. The Enterprise Risk Management Committee oversees and assesses the adequacy of the Company's tolerance and management of key enterprise-wide risks, including credit, interest rate risk, liquidity, price, operational, compliance/legal, strategic and reputational risks. The Enterprise Risk Management Committee is also responsible for monitoring the Company's risk profile and exposure to various types of risks, as well as reviewing management's adherence to the Company's established risk management policies and benchmarks. The Enterprise Risk Management Committee is required to meet at least quarterly.

The Board has adopted a written Enterprise Risk Management Committee charter, a current copy of which is available on our website at <http://ir.homestreet.com>. Among other things, this charter requires the Enterprise Risk Management Committee to:

- define, in conjunction with the Board and management, the Company's risk appetite and tolerances for risk of the Company and its subsidiaries;
- review and approve the Company's enterprise risk assessments prepared in connection with the Company's strategic plan including the capital plan;
- monitor the implementation of changes in significant regulations and the impact of such changes upon the Company's significant risks;
- monitor overall capital adequacy and capacity within the context of the approved risk limits and actual results;
- provide a forum for evaluating and integrating risk issues, processes and events arising within the Company and its subsidiaries;
- coordinate with various Board committees a discussion of the Company's significant processes for risk assessment, risk management and actions taken by management to monitor, control and remediate risk exposures; and
- review the performance, compensation and independence of the Enterprise Risk Management Director.

The Enterprise Risk Management Committee held four meetings during the last fiscal year.

Human Resources and Corporate Governance Committee

The HRCG Committee acts as both our nominating and corporate governance committee and our compensation committee. The HRCG Committee has the authority to establish and implement our corporate governance practices, nominate individuals for election to the board of directors and evaluate and set compensation with respect to our directors and executive officers, among other things. The HRCG Committee is composed solely of independent directors under Nasdaq corporate governance rules, each of whom has also been determined to be independent pursuant to Rule 10C-1(b)(1) of the Exchange Act describing independence standards relating to members of the compensation committee.

Our Board of Directors has adopted a written charter for the HRCG Committee that satisfies the applicable standards of Nasdaq Corporate Governance rules as to both compensation and nominating

committee requirements. A copy of this charter is available on our website at <http://ir.homestreet.com>. Among other things, this charter calls upon HRCG Committee to:

- develop and recommend to the Board criteria for identifying and evaluating candidates to become Board and committee members;
- identify, review the qualifications of, and recruit candidates for election to the Board;
- assess the contributions and independence of incumbent directors in determining whether to recommend them for reelection to the Board and appointment to one or more committees of the Board;
- function as a compensation committee for the purpose of Nasdaq Listing Rule 5605(d);
- select and recommend to the Board director nominees for election or reelection to the Board at each annual meeting of shareholders;
- develop and recommend to the Board a set of corporate governance principles applicable to the corporation, including periodic review and reassessment of such principles;
- make recommendations to the Board concerning the structure, composition and functioning of the Board and its committees;
- review and assess the channels through which the Board receives information, and the quality and timeliness of the information received;
- oversee the evaluation of the Board and its committees;
- review and recommend changes as appropriate to the Board in the Code of Business Conduct and Ethics, and biannually review this Code;
- review and oversee the Company's overall compensation structure, philosophy, policies, benefit plans and programs (including for directors and management) and assess whether the Company's compensation structure establishes appropriate incentives for management and employees;
- review and approve the corporate goals and objectives relevant to the compensation of the Chief Executive Officer ("CEO"), evaluate the CEO's performance in light of those goals and objectives, and recommend to the independent directors the CEO's compensation level based on this evaluation. The CEO cannot be present during any voting or deliberations by the HRCG on his or her compensation;
- oversee the evaluation of Bank executive officers and set the compensation of such officers;
- review, approve and recommend to the Board employment agreements and severance agreements for executive officers, including change-in-control provisions, plans or agreements; and
 - review succession plans relating to positions held by executive officers, and make recommendations to the Board regarding the selection of individuals to fill these positions.

The HRCG Committee held eight meetings during the last fiscal year. The HRCG Committee Report is included in this Proxy Statement.

Interaction with Consultants

Pursuant to its charter, the HRCG Committee has the sole authority to retain, terminate, obtain advice from, oversee and compensate its outside advisors, including its compensation consultant. The Company has provided appropriate funding authority to the HRCG Committee to do so.

In November 2012, the HRCG Committee retained Pearl Meyer & Partners ("PM&P") as its independent executive compensation consultant. None of the Company's management participated in the Committee's decision to retain PM&P. PM&P reports directly to the HRCG Committee and the HRCG Committee may replace PM&P or hire additional consultants at any time. PM&P attends meetings of the HRCG Committee, as requested, and communicates with the Chair of the HRCG Committee between meetings;

however, the HRCG Committee makes all decisions regarding the compensation of the Company's executive officers. PM&P provides various executive compensation services to the HRCG Committee with respect to HomeStreet's executive officers and other key employees pursuant to a written consulting agreement with the HRCG Committee. The services PM&P provides under the agreement include advising the HRCG Committee on the principal aspects of HomeStreet's executive compensation program and evolving best practices given the Company's particular circumstances, and providing market information and analysis regarding the competitiveness of HomeStreet's program design and HomeStreet's award values in relationship to its performance.

The HRCG Committee regularly reviews the services provided by its outside consultants and believes that PM&P is independent in providing executive compensation consulting services. The HRCG Committee conducted a specific review of the Company's relationship with PM&P at the time of their initial engagement in 2012 with regard to among other things the requirements of Nasdaq rules related to the selection and assessment of conflicts of interest pertaining to compensation consultants, and determined that PM&P's work for the HRCG Committee did not raise any conflicts of interest.

The HRCG Committee continues to monitor the independence of its compensation consultant on a periodic basis.

Human Resources and Corporate Governance Committee Interlocks and Insider Participation

None of the members of the HRCG Committee served as an officer or employee of the Company during fiscal year 2016 or any of the three previous years or has had any relationships or participated in any related party transactions that qualify as "interlocking" or cross-board memberships that are required to be disclosed under the rules of the SEC. See also the "Certain Relationships and Related Transactions" section in this Proxy Statement.

Process for Recommending Candidates for Election to the Board of Directors

The HRCG Committee is responsible for, among other things, determining the criteria for membership to the Board and recommending candidates for election to the Board. It is the policy of the HRCG Committee to consider recommendations for candidates to the Board from shareholders. Shareholder recommendations for candidates to the Board must be directed in writing to HomeStreet, Inc., 601 Union Street, Suite 2000, Seattle, Washington 98101, Attention: General Counsel, and must include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and the Company within the last three years and evidence of the nominating person's ownership of the Company's common stock. Such recommendations must also include a statement from the recommending shareholder in support of the candidate, particularly within the context of the criteria for Board membership, including issues of character, judgment, diversity, age, independence, background, skills, expertise, corporate experience, length of service, other commitments and the like, personal references, and an indication of the candidate's willingness to serve. Nominees for our Board of Director must also meet any approval requirements set forth by our regulators.

The HRCG Committee regularly reviews the current composition and size of the Board. The HRCG Committee's criteria and process for evaluating and identifying the candidates that it recommends to the full Board, for selection as director nominees are as follows:

In its evaluation of director candidates, including the members of the Board eligible for re-election, the HRCG Committee seeks to achieve a balance of knowledge, experience and

capability on the Board and considers (1) the current size and composition of the Board and the needs of the Board and the respective committees of the Board, (2) such factors as issues of character, integrity, judgment, diversity of experience, independence, area of expertise, corporate experience, length of service, potential conflicts of interest, other commitments and the like, and (3) such other factors as the HRCG Committee may consider appropriate. While we have not established specific minimum qualifications for director candidates, we believe that candidates and nominees must reflect a Board of Directors that is comprised of directors who: (1) are predominantly independent, (2) are of high integrity, (3) have broad, business-related knowledge and experience at the policy-making level in business or technology, including their understanding of the Company's business in particular, (4) have qualifications that will increase the overall effectiveness of the Board and (5) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members. With regard to candidates who are properly recommended by shareholders or by other means, the HRCG Committee will review the qualifications of any such candidate, which review may, in the HRCG Committee's discretion, include interviewing references for the candidate, direct interviews with the candidate, requesting additional information to be shared with our regulators or other actions that the HRCG Committee deems necessary or proper. In evaluating and identifying candidates, the HRCG Committee has the authority to retain and terminate any third-party search firm that is used to identify director candidates and has the authority to approve the fees and retention terms of any search firm. The HRCG Committee will apply these same principles when evaluating Board candidates who may be elected initially by the full Board to fill vacancies or add additional directors prior to the annual meeting of shareholders at which directors are elected. After completing its review and evaluation of director candidates, the HRCG Committee recommends the director nominees to the full Board.

Attendance at Annual Meetings of Shareholders by the Board of Directors

Although HomeStreet does not have a formal policy regarding attendance by members of the Board at our annual meeting of shareholders, we encourage, but do not require, directors to attend. All of our directors attended our last annual meeting held in May 2016.

Insider Trading Policy and Rule 10b5-1 Trading Plans

HomeStreet has an insider trading policy that prohibits, among other things, short sales, hedging of stock ownership positions and transactions involving derivative securities relating to our common stock. The Company does not undertake any obligation to report Rule 10b5-1 trading plans that may be adopted by any of its officers and directors in the future, or to report any modifications or terminations of any publicly announced plan, except to the extent required by law.

Contacting the Board of Directors

Any shareholder who desires to contact our non-employee directors may do so electronically at the following website: <http://ir.homestreet.com>. Such shareholders who desire to contact our non-employee directors by mail may do so by writing HomeStreet's Corporate Secretary at HomeStreet, Inc., 601 Union Street, Suite 2000, Seattle, Washington 98101. Our Corporate Secretary receives these communications unfiltered by HomeStreet, forwards communications to the appropriate committee of the Board or non-employee director, and facilitates an appropriate response. Please note that requests for investor relations materials should be sent to ir@homestreet.com.

Director Compensation

Non-Employee Director Compensation

All directors of the Company also serve as directors of the Bank. Non-employee directors each earn an annual retainer of \$40,000, while committee chairs each earn an additional annual retainer of \$10,000 for each committee chaired. Scott Boggs, who serves as lead independent director, earns an annual retainer of \$10,000 for that role. In addition, each non-employee director earns a fee of \$1,000 per board meeting attended (other than for short, telephonic board meetings for which the fee is \$500 per meeting), and each non-employee committee member earns an additional fee of \$500 per committee meeting attended (other than for short, telephonic committee meetings, for which the fee is \$250 per meeting attended). Each director has the option to have up to 100% of their fees paid in stock of the Company under the 2014 Equity Incentive Plan. For 2016, Mr. Kirk and Mr. Smith elected to receive substantially all of their fees in stock. Mark Mason, who serves as chairman and is an executive of the Company, is not paid any additional retainer or compensation for his services as a director and chairman.

We believe that our overall non-employee director compensation program is reasonable and appropriate based on our review of peer financial institution data and the data provided by our outside compensation consultants.

Directors' Deferred Compensation Plan

In 1999, we adopted a plan to permit directors to defer all or a portion of their fees received for services as a director that would otherwise be payable in cash (with a minimum \$2,500 deferral in a plan year for those who elect to make such deferrals). Interest earned on participant deferrals is equal to the average five year daily treasury rate for the quarter. A participant or his or her beneficiary will begin receiving a distribution of his or her deferrals for a particular plan year upon the earliest of (1) a future date specified by the participant, (2) the participant's death or (3) the date the participant ceases to be a director. The form of payment includes either a single lump sum payment or annual installment payments over a period of up to ten years. The participant has a limited ability to change these elections. This plan was suspended from 2008 through 2012 due to HomeStreet's financial condition. As a result, none of our directors were participants in this plan for the year ended December 31, 2012. The plan was reintroduced on January 1, 2013; however, no directors have participated in the plan since that reintroduction, including in the fiscal years ended December 31, 2014, 2015 and 2016.

Compensation for Employee Directors

Employee directors do not receive compensation for serving on our Board of Directors.

Director Compensation Table

The following table shows the compensation earned by, or paid to, our non-employee directors for 2016, including Bruce Williams, who resigned from his role as a director effective May 26, 2016. EXECUTIVE COMPENSATION

We are an “Emerging Growth Company,” as defined in the Jumpstart Our Business Startups Act, or “JOBS Act”, and are eligible to take advantage of certain exemptions from various reporting requirements that are applicable to other public companies that are not Emerging Growth Companies. These include, but are not limited to, reduced disclosure obligations regarding executive compensation in our proxy statements, including the requirement to include a specific form of Compensation Discussion and Analysis, as well as exemptions from certain requirements under the Dodd-Frank Act, including the requirement to hold a non-binding advisory vote on executive compensation and the requirement to obtain shareholder approval of any golden parachute payments not previously approved. We have elected to comply with the scaled disclosure requirements applicable to Emerging Growth Companies.

Compensation Program Objectives and Philosophy

We believe it is critical to the Company’s success to attract, retain and incentivize highly qualified executives and to promote a high-performance culture. We have therefore adopted compensation policies that we believe reward executives for achieving and maintaining short-term and long-term performance that builds shareholder value. The principles underlying our executive compensation policies and programs include:

- provide levels of compensation competitive with those offered by our peers and competitors and consistent with our level of performance;
- attract and retain the most qualified and experienced individuals available to further our success;
- align the interests of executives and shareholders by linking a significant portion of an executive’s compensation to the Company’s short-term and long-term financial performance;
- reward and motivate appropriate behavior that produces strong financial results while managing risks and promoting regulatory compliance; and
- review plans to ensure incentive payouts do not steer consumers to products based on greater personal compensation gain by employees

This philosophy pertains to executive compensation as well as employee compensation at all other levels throughout our organization. In particular, HomeStreet monitors its incentive compensation plans to ensure that they operate in such a manner to reward quality customer service and prevent customer harm. Specifically, we examine sales practices to ensure that customers provide consent for opening accounts, that benefits of products are not misrepresented and that employees do not steer consumers to transactions that may not benefit them or may harm them. We do not compensate Bank salespersons based on the terms or conditions of transactions (such as interest rate), nor do we pay more compensation for some types of transactions than for others that were or could have been offered to meet consumer needs. Sales quotas are set to be realistic and not to incentivize employees to achieve results without actual consent or by means of deception. All new incentive plans and processes are reviewed by Human Resources for sound sales practices, and the HRCG Committee is charged with oversight of these plans.

Notwithstanding our overall compensation objectives, incentive compensation opportunities for specific individuals may vary based on a number of factors, including competing compensation programs available for similar positions, scope of duties, tenure, specialized experience, institutional knowledge and performance. We believe a portion of each executive’s potential compensation should be tied to individual performance as evaluated by the HRCG Committee and the Chief Executive Officer (other than for our Chief Executive Officer, whose performance is evaluated solely by the HRCG Committee). In addition, we believe a meaningful portion of each executive’s total compensation opportunity should be linked to our long-term company-wide goals of safety and soundness, increased shareholder value and risk management. Actual compensation in a given year will vary from the target compensation levels based

primarily on the attainment of operating goals, the Company's overall performance, and changes in shareholder value. In some instances, the amount and structure of compensation results from arm's-length negotiations with executives, which terms reflect an increasingly competitive market for proven expertise and managerial talent. We design our compensation programs and make individual pay decisions and adjustments in the context of this philosophy.

Decision Making and Policy Making

The HRCG Committee is responsible for setting the policies and compensation for our directors and Named Executive Officers and for determining the compensation of our Chief Executive Officer. See "Corporate Governance-Human Resources and Corporate Governance Committee." Certain members of senior management, including the Chief Executive Officer, Chief Human Resources Officer, and General Counsel regularly participate in the HRCG Committee process for compensating Named Executive Officers. Executive officers in attendance may provide their insights and suggestions, but only independent committee members may vote on decisions regarding executive compensation, and executive officers are excluded from deliberations regarding their own compensation. In particular, the Chief Executive Officer provides recommendations relating to other executive officers; however, after the HRCG Committee reviews and discusses the Chief Executive Officer's compensation with him, final deliberations and all votes regarding his compensation are made in executive session, without the Chief Executive Officer present. In addition, the Committee may review compensation decisions with the full Board. The committee also ordinarily reviews recommendations and input from compensation consultants regarding executive officers' compensation. Participation levels in all incentive programs for our Chief Executive Officer and our two other most highly compensated executive officers (collectively referred to as the "Named Executive Officers") are established by the HRCG Committee at the beginning of each fiscal year. These participation levels may be increased or decreased after the beginning of a fiscal year at the discretion of the committee. However, it has been the practice of the HRCG Committee to do so only in the event of a material change in an executive officer's responsibilities. In establishing incentive plan participation levels, the HRCG Committee considers market data relating to compensation practice of our peers as well as internal parity. We do not follow formal guidelines for establishing internal parity, but we do seek to correlate organizational responsibility with participation level.

Summary Components of Compensation

Currently, the compensation package for our Named Executive Officers is comprised of base salary, an annual short-term cash incentive plan, equity opportunity awards, a 401(k) plan, health and welfare benefits plan and perquisites.

Base Salary

Base salaries are provided for each Named Executive Officer for performing specific job responsibilities, giving consideration to the knowledge, skills, abilities and experience of each executive as well as competitive market pay. Mr. Mason's base compensation was \$550,000 for 2015 and \$650,000 for 2016. Ms. David earned a base salary of \$200,000 per annum for each of 2015 and 2016. As of March 2016, concurrent with his promotion to Executive Vice President, Commercial Real Estate and Commercial Capital President, Mr. Endresen received a base salary of \$300,000.

Short-Term Incentive Compensation

HomeStreet maintains the Performance-Based Annual Incentive Plan (the "Annual Incentive Plan") to provide employees with incentive awards upon the attainment of pre-defined annual performance goals that are designed to align eligible employees with the short-term objectives of HomeStreet. Mr. Mason

participates in the Annual Incentive Plan. Mr. Endresen and Ms. David each participate in an incentive compensation plan that is different from the Annual Incentive Plan as described in greater detail below.

Each eligible participant in the Annual Incentive Plan is assigned threshold, target and maximum incentive award opportunities, expressed as a percentage of base salary. The specific level and range of opportunities varies by individual, and reflects each participant's past and expected future contributions to the success of HomeStreet, as well as market-competitive opportunities for employees with similar skills, experience and responsibilities at companies comparable to HomeStreet. The target incentive opportunity for each of 2015 and 2016 was 75% of base salary for Mr. Mason and 20% to 50% for other participants with a title of senior vice president or above. The maximum incentive opportunity in 2015 and 2016 was 150% of target. Therefore, the maximum incentive opportunity as a percentage of base salary was 112.5% for Mr. Mason and 30% to 75% for other participants with a title of senior vice president or above.

Pre-defined corporate, department and/or individual performance goals are assigned to each participant and weighted according to the importance of Company or Department strategies. Corporate performance goals are established each year by the HRCG Committee, with input from our Chief Executive Officer. Individual goals for Mr. Mason are established by the HRCG Committee, and department and individual goals for the other executive officer participants are approved by Mr. Mason.

2016 Performance Goals and Actual Results for Mr. Mason: Mr. Mason serves as Chairman, Chief Executive Officer and President of HomeStreet, Inc. and the Bank.

Mr. Mason's 2016 incentive opportunity was weighted 80% to corporate goals and 20% to individual goals. The corporate performance goals (80% of total) established for Mr. Mason included threshold, target and stretch performance goals for overall return on tangible equity (18.3% weight), mortgage return on tangible equity (18.3% weight), commercial and consumer return on tangible equity (18.3% weight), classified assets to total assets (10% weight), core deposit growth (15% weight) and non-single family loan origination (20% weight). The individual goals (20% of total) established for Mr. Mason were related to diversification of revenue, profitability of our mortgage banking segment, technology advancement and investments, audit process improvements and completion of certain acquisition goals. Individual goals for Mr. Mason were not assigned specific weights in 2016. The following table summarizes Mr. Mason's 2016 corporate performance goals, as established by the HRCG Committee, and actual results for 2016:

Corporate Performance Area	Weight	Corporate Performance Goals				Actual Result	% of Achievement	Payout
		Threshold (50% of Target Payout)	Target	Maximum (150% of Target Payout)				
Overall Consolidated Return on Tangible Equity (%)	18.3%	9.18%	11.95%	13.35%	11.68%	95.1%	\$68,015	
Mortgage Banking Segment Return on Tangible Equity (%)	18.3%	10.00%	25.00%	40.00%	26.78%	105.9%	\$75,742

Non-Single Family Loan Originations (Millions) (\$)	20%	\$1,649	\$2,356	\$2,827	\$2,561	121.8%	\$94,975	
Corporate: (80% Total Weight)							\$458,809	
Individual Performance Area	Weight	Individual Performance Goals				Actual Results	% of Achievement	Payout
		Far Below Target	Below Target	Target	Exceeds Target			
Individual: (20% Total Weight)	100%	—%	7.50%	15%	22.5%	20.00%	133.33%	\$130,000

The HRCG Committee determined that Mr. Mason performed at 133% of target for his individual goals for 2016, which is 20% of his total incentive. Therefore, Mr. Mason received a payout of \$130,000 for his individual goals. With respect to the corporate performance goals for Mr. Mason, overall return on tangible equity was below target, but above threshold at 95.1% achievement. The other corporate metrics were all above target, including mortgage return on tangible equity (105.9% achievement), commercial and consumer return on tangible equity (103.5% achievement), classified assets to total assets (150% achievement), core deposit growth (149.7% achievement) and non-single family loan originations (121.8% achievement). Mr. Mason received a payout of \$458,809 for the corporate goals and \$130,000 for individual achievement, resulting in a total cash incentive under the Annual Incentive Plan equal to \$588,809 or 90.59% of salary.

2016 Performance Goals and Actual Results for Mr. Endresen: Mr. Endresen serves as Executive Vice President, Commercial Real Estate and Commercial Capital President.

Mr. Endresen's incentive compensation plan consists of two components: volume and profitability. The monthly volume incentive is paid on achievement relative to three tiers and is calculated based on Commercial Real Estate and Commercial Capital production volume. The lowest tier paid out at 1.90 basis points for the first \$80 million in volume. The second tier paid out at 2.85 basis points on production

over \$80 million and up to \$100 million. The third tier paid out at 5.55 basis points on production over \$100 million. The quarterly profitability incentive paid 0.85% of combined HomeStreet Commercial Real Estate and Commercial Capital segment pre-tax income (post allocations). Although the incentive was earned entirely in 2016, 50% of each quarter's incentive was withheld and paid at year end. Additionally, the incentive is subject to a discount based on the ratio, expressed as a percentage, of Commercial Real Estate and Commercial Capital classified loans to Commercial Real Estate and Commercial Capital total loans as defined by the Credit Administration department of the Bank. This incentive discount is intended to encourage loan production consistent with the safety and soundness of the Bank. Mr. Endresen received a total of \$570,048 under the cash incentive plan in 2016.

2016 Performance Goals and Actual Results for Ms. David: Ms. David serves as Senior Executive Vice President, Mortgage Lending Director.

Ms. David's incentive compensation plan consists of two components, volume and profitability, with each weighing 50% of the total incentive. The quarterly volume incentive is paid on achievement relative to five (5) tiers of achievement. The lowest tier paid out 1.750 basis points on purchase loans and 1.000 basis points on refinance loans for the first \$300 million of volume. The highest tier pays out on a declining basis at 1.000 basis point of purchase loans and .500 basis points on refinance loans for volume over \$975,000,000. The quarterly profitability incentive paid 1.356% of HomeStreet mortgage banking segment pre-tax income (post allocations and excluding income and expense for WMS Series LLC). Beginning October 1, 2016, 10% of the quarterly incentive is held back to capture performance quality metrics such as audit ratings and accuracy scores at year-end. Ms. David received a total of \$1,651,565 under the cash incentive plan in 2016.

Incentive Plan Risk Management

The HRCG Committee regularly reviews our incentive compensation arrangements for all executives and non-executive employees who, either individually or as part of a group, have the ability to expose HomeStreet to material amounts of risk ("covered employees" under the interagency Guidance on Sound Incentive Compensation Policies). In addition to rigorous company-wide internal controls processes, the HRCG Committee takes the following measures to ensure that incentive compensation arrangements for covered employees do not encourage participants to expose HomeStreet to unnecessary or excessive risks:

- Annual HRCG Committee approval of incentive plan payouts;
 - HRCG Committee approval of any material changes to plan terms;
 - HRCG Committee oversight of annual incentive plan risk assessments;
 - Allowance for HRCG Committee discretion, if necessary, to address extraordinary events or circumstances;
 - Caps and/or deferral mechanisms to avoid "run-away" short-term incentive opportunities;
 - Balanced performance metrics, including safety and soundness goals;
 - Delivery of a meaningful portion of executive compensation in the form of equity instruments that vest over multiple years, encouraging a natural interest in the long-term financial health of HomeStreet;
 - Clear communication and transparency in the establishment, administration and monitoring of incentive arrangements
- "Clawback" Provisions: Each of HomeStreet's incentive compensation arrangements includes provision for the reduction or recovery of awards if the HRCG Committee determines that materially inaccurate

financial information was used in determining award payouts or if it was determined that the recipient's activities exposed HomeStreet to imprudent risks. Should it be necessary, the HRCG Committee will determine the amount of any award that was overpaid as a result of inaccurate information and will send the participant a recovery notice specifying the overpayment amount and the terms for repayment.

In addition, Section 304 of the Sarbanes Oxley Act of 2002 provides a basis to recover incentive awards in certain circumstances. If we are required to restate our financials due to noncompliance with any financial reporting requirements as a result of misconduct, our Chief Executive Officer and Chief Financial Officer must reimburse the Company for: (1) any bonus or other incentive or equity based compensation received during the 12 months following the first public issuance of the non-complying document, and (2) any profits the executive realized from sales of HomeStreet securities during that period.

Based on the findings from its ongoing monitoring and oversight efforts, the HRCG Committee has determined that none of our incentive compensation arrangements expose HomeStreet to unnecessary or excessive risks that could materially threaten the value of HomeStreet.

Equity Incentive Compensation

2014 Equity Incentive Plan. On May 29, 2014, the shareholders approved the 2014 Equity Incentive Plan (the "2014 Plan"), which authorizes the grant of nonqualified and incentive stock options, stock appreciation rights ("SARs"), restricted stock awards, restricted stock units, performance stock units, stock bonus awards and cash incentive bonus awards. At the time the 2014 Plan was initially approved, the plan had a pool of 900,000 shares of our common stock that could be issued under awards granted pursuant to the 2014 Plan. We are requesting shareholder approval at the Annual Meeting of an amendment to the 2014 Plan to increase the number of shares available under that plan by 975,000 shares. As of April 20, 2017, there were 337,375 shares remaining available for issuance under the 2014 Plan that were not subject to then-outstanding awards and an additional 416,318 shares subject to outstanding restricted stock units and performance share awards. The purpose of the 2014 Plan is to give us a competitive position in attracting, retaining and motivating officers, employees, directors and consultants and to provide a means whereby officers, employees, directors and consultants can acquire common stock or earn incentive compensation based on the value of our common stock, thereby strengthening their commitment to HomeStreet and promoting an identity of interest with our shareholders. We do not believe that any element of the 2014 Plan encourages excessive or unnecessary risks to HomeStreet's assets or reputation. The 2014 Plan is administered by the HRCG Committee. At present we issue restricted stock units and performance share units. The restricted stock units have a time based vesting schedule where the units vest incrementally in three equal installments on the one, two and three year anniversaries from the grant date. The performance share units are vested based on achieving a specified company performance measure. In 2016, the performance measure was based on Return on Tangible Equity, excluding certain items related to mergers and acquisitions ("ROTE") as measured over the performance period of 12 fiscal quarters beginning January 1, 2016 and ending December 31, 2018. Reaching an average ROTE performance threshold equal to or less than 9.18% will result in 0 shares vesting at the end of the Performance Period. Reaching an average ROTE performance target of 11.95% will result in 100% of the target number of performance share units vesting. Reaching an average ROTE performance of greater than or equal to 13.35% will result in 150% of the target number of performance share units vesting.

Other Benefit Plans

401(k) Savings Plan

Our 401(k) Savings Plan (the “401(k) Plan”) also includes an account holding employer stock from our prior ESOP which merged into the 401(k) plan. Effective January 1, 2013, the employer matching structure and vesting qualified the 401(k) Plan as a “Safe Harbor Plan” under the Small Business Job Protection Act of 1996. The waiting period for receiving the Company match was changed from six months to the pay period following an employee’s hire date and eligible compensation for the Company match changed to include all compensation (subject to IRS limits), with the exception of employee referral bonuses and vacation payout, at separation. Effective November 1, 2014 compensation for purposes of plan contributions will only include post-severance compensation if such compensation is received by the employee in the paycheck immediately following termination. All employees, including our Named Executive Officers, are eligible to make pre-tax 401(k) Plan contributions and may be eligible to receive a discretionary matching contribution. An employer matching contribution may begin immediately after enrollment in the 401(k) Plan for employees who are at least 18 years of age and meet applicable service requirements. Currently, the company matches 100% on the first 3% and 50% on the next 2% of deferrals (maximum of 4%). This matching contribution is taxable when the employee withdraws the money whether they have contributed on a pre-tax or post-tax basis.

Executive Deferred Compensation

In 2004, we adopted a deferred compensation plan which allows designated executive officers to defer annually all or part of their incentive bonus and to receive an employer contribution equal to the additional employer contributions, if any, that would have been made to the 401 (k) Plan based on participants’ eligible compensation if certain IRS limitations on compensation and benefits did not apply. Interest earned on participant deferrals and employer contributions under the plan is equal to the average five-year daily treasury rate for the relevant quarter.

A participant or his or her beneficiary receives a distribution of his or her plan deferrals and Company contributions for a particular plan year upon the earliest of: (1) a future date specified by the participant, (2) the participant’s death, (3) the participant’s permanent disability, (4) the participant’s retirement on or after age 65 or (5) the participant’s termination of employment. The form of payment includes either a single lump- sum payment or annual installment payments over a period of years, but not more than ten years.

We suspended this plan in 2008 due to HomeStreet’s financial condition and as a result none of our Named Executive Officers were participants in this plan for the year ended December 31, 2016.

Health and Welfare Benefits

All Named Executive Officers are provided with the same medical, dental, vision and life insurance programs as all other benefits-eligible employees of HomeStreet on the same terms and conditions as applicable to these employees generally.

Perquisites and other Personal Benefits

We provide our Named Executive Officers with benefits that we believe are reasonable and consistent with our overall compensation program and beneficial to the Company in attracting and retaining qualified executives. Perquisites include health club membership and parking.

Executive Employment Agreements

We use employment agreements to retain certain executives and the talent, skills, experience and expertise that they provide to HomeStreet, with a goal of protecting the Company and the shareholders and providing necessary stability and skilled leadership for the Company. In 2011, we entered into an executive employment agreement with Mr. Mason. This agreement became effective upon lifting of the Federal Deposit Insurance Corporation's cease and desist order for HomeStreet Bank on March 26, 2012 and was replaced with a new agreement in March 2015 with an effective date of March 26, 2015, which was amended in March 2017 as described below. Mr. Endresen entered into an Employment Agreement with the Bank effective March 15, 2015. We refer to the current agreements with Mr. Mason (as amended) and Mr. Endresen as the "2015 Employment Agreement". Ms. David does not have an employment agreement with the Company.

The 2015 Employment Agreements continues for a term of three years from the effective date, with an automatic renewal for additional one-year periods thereafter unless either party gives notice of termination 180 days prior to the expiration of the then-current term for Mr. Mason and 60 days prior to the expiration date of the then-current term for Mr. Endresen.

Mr. Mason's 2015 Employment Agreement provides for a base salary of not less than \$500,000. In addition, Mr. Mason's agreement requires the Company to establish performance-based target bonuses under the Company's bonus incentive plan (discussed above under Short Term Incentive Compensation – Performance-Based Annual Incentive Plan), pursuant to which Mr. Mason may receive, subject to completion of objectives, no less than 50% of salary (or such higher amount as the HRCG may approve), less required withholding and authorized deductions. The Board of Directors or the HRCG Committee and Mr. Mason are required to establish mutually acceptable performance objectives and related payout ratios no later than March 30 of each fiscal year. In addition, Mr. Mason may be awarded additional stock options, restricted stock units or performance share units under the 2014 Equity Incentive Plan or its successor. Mr. Endresen's 2015 Employment Agreement provides for a base salary of not less than \$265,000. In addition, the agreement requires the Bank to establish performance-based target incentives based on loan production volume, pre-tax incentive division income, credit quality or other targets. Subject to Board oversight, the Chief Executive Officer or his designee is responsible for determining the extent to which the target incentive payment set for Mr. Endresen has been earned and further is responsible for ensuring that any incentive payment complies with sound incentive compensation planning guidelines mandated by our regulators and other regulations or restrictions applicable to the Bank.

For Mr. Mason, in addition to the payment of earned and unpaid salary and incentive compensation, unused vacation time, and unreimbursed business expenses, in the event of termination of employment within one year or during the 90 days immediately preceding a "change of control" by the Company other than for "cause" or by the executive for "good reason," in conjunction with a mutual release agreement, Mr. Mason will receive an amount equal to the sum of: (1) two-and-one-half times his then current base salary, (2) an amount equal to two-and-one-half times the greater of his annual incentive payment earned by Mr. Mason in the year prior to termination or the contracted executive's target incentive payment for the current year and (3) payment of health insurance premiums for Mr. Mason and his dependents for up to 18 months. Mr. Endresen will receive an amount equal to the sum of 150% of his then current salary plus an amount equal to the greater of his last incentive bonus and the then-current year target incentive payment. In addition, all of Mr. Mason's and Mr. Endresen's unvested restricted stock, restricted stock units and stock options will immediately vest and remain exercisable according to any stock option grant or plan. Performance share units will vest if the Committee certifies his attainment of the Performance

Goal, which will be based on actual performance during the full quarters employed during the Performance Period. In the event of a termination without cause or resignation for good reason not involving a change in control, in addition to the payment of accrued and unpaid salary and incentive compensation, unused vacation time and unreimbursed business expenses, in exchange for executing a release, Mr. Mason will receive: (1) two times his then current base salary, (2) an amount equal to two times the greater of his annual incentive payment earned in the year prior to termination or his target incentive payment for the current year and (3) payment of health insurance premiums for Mr. Mason's dependents for up to 18 months. In addition, Mr. Mason's unvested equity grants will immediately vest and remain exercisable consistent with any such grant or applicable plan. Performance share units will vest if the Committee certifies the covered employee's attainment of the Performance Goal, which will be based on actual performance during the full quarters employed during the Performance Period. For Mr. Endresen, in addition to the payment of accrued and unpaid salary and incentive compensation, unused vacation time and unreimbursed business expenses, in the event of a termination without cause or resignation for good reason not involving a change in control, Mr. Endresen will receive: (1) one-and one-half times his then current base salary, and (2) the greater of the last incentive bonus and then-current year Target Incentive Payment. In addition, Mr. Endresen's unvested equity grants will immediately vest and remain exercisable consistent with any such grant or applicable plan. Performance share units will vest if the Committee certifies the covered employee's attainment of the Performance Goal, which will be based on actual performance during the full quarters employed during the Performance Period.

In Mr. Mason's 2015 Employment Agreements, termination for "Good Reason" is defined as (1) the assignment to the executive of any duties materially diminished from those in effect immediately prior to such assignment; (2) a change in the executive's authority, duties or responsibilities which represents a material adverse change from those in effect immediately prior to such change; (3) material decrease in his annual Salary or deprivation of any benefit conferred on executives of similar or senior rank without his or her prior written agreement including, but not limited to, non-renewal of his 2015 Employment Agreement if it results in a material adverse change to his annual salary or material benefits, subject to certain exceptions; (4) relocation of the executive's principal place of employment to a location that increases his or her commute from his or her primary residence by more than 30 miles one way; or (5) any other action or inaction that constitutes a material breach of the terms of such 2015 Employment Agreement by the Company.

In Mr. Endresen's 2015 Employment Agreements, termination for "Good Reason" shall mean that Executive, without his consent, has experienced one of the following events or circumstances: (1) a material decrease (more than 15%) in the Executive's annual Salary without his prior agreement; (2) relocation of Executive's primary workplace outside of Orange County, Southern California; (3) material breach of this Agreement by the Company. or deprivation of any benefit conferred on executives of similar or senior rank without his prior written agreement including, but not limited to, non-renewal of the relevant 2015 Employment Agreement material decrease in his annual Salary or deprivation of any benefit conferred on executives of similar or senior rank without his or her prior written agreement including, but not limited to, non-renewal of his 2015 Employment Agreement if it results in a material adverse change to his annual salary or material benefits, subject to certain exceptions; (4) relocation of the executive's principal place of employment to a location that increases his or her commute from his or her primary residence by more than 30 miles one way; or (5) any other action or inaction that constitutes a material breach of the terms of such 2015 Employment Agreement by the Company.

To comply with Section 409A of the Code, Mr. Mason and Mr. Endresen must give written notice of termination of employment within 60 days after the occurrence of the circumstances constituting Good Reason, and the Company will have 30 days to cure the circumstances constituting Good Reason, and

“separation from service” must occur no later than six months following the initial existence of the circumstances giving rise to Good Reason.

Payment for Mr. Mason shall be made in a lump sum on the earlier of the 90 days following Mr. Mason’s termination of employment or March 15 of the year following the year in which the termination occurred, provided that Mr. Mason has executed and submitted a release of claims and the statutory period during which Mr. Mason is entitled to revoke the release of claims has expired before the payment date. Payment for Mr. Endresen shall be made in a lump sum on the first business day after the date that is six (6) months following Executive’s separation from service. In addition to the prohibitions against solicitation of customers and employees and the diversion of corporate opportunities, Mr. Mason’s 2015 Employment Agreement contains a six-month non-competition agreement and Mr. Endresen’s 2015 Employment Agreement contains an eighteen-month non-competition agreement. Both agreements which restricts certain competitive acts on behalf of another bank or thrift located in Washington, Oregon, Idaho, California or Hawaii or any other state where the Company has an office or branch and employs fifteen or more people.

Following an amendment to Mr. Mason’s employment contract in March of 2017, Mr. Mason’s 2015 Employment Agreements now provides that in the event any payment or benefits to be provided to Mr. Mason under his 2015 Employment Agreement would constitute “parachute payments” within the meaning of Section 280G of the Internal Revenue Code of 1986 (the “Code”), as amended, Mr. Mason would be entitled to receive either (a) the full amount of such payment or benefit, taking into account the amount that would actually be received by Mr. Mason after application of all taxes and the excise tax imposed by Section 4999 of the Code, or (b) an amount reduced to the minimum extent necessary to avoid such payment or benefit being a “parachute payment”, depending on which alternative provided Mr. Mason the highest payment net of tax treatment. Mr. Mason would be responsible for any excise tax owing on any “parachute payments” paid under the 2015 Employment Agreement.

Severance and Change in Control Arrangements

Beginning in 2013, HomeStreet has entered into Change in Control Agreements with certain senior officers who do not have this provision as part of an employment agreement. The Change in Control Agreement provides an enhanced severance payment, if within twelve (12) months following a change in control or 90 days prior to such change in control, the employee is terminated by the Company for any reason except for “Cause” (as defined in the agreement) or the employee resigns for “Good Reason” (as defined in the agreement), HomeStreet will pay a severance as follows: Senior Executive Vice Presidents and Executive Vice Presidents who have entered into such Change in Control Agreements and who do not have other terms in their employment agreements will receive 150% to 200% times their current salary plus an amount equal to one times their last annual bonus or their target incentive compensation for the current year, whichever is greater, provided a release agreement is signed at the time of termination.

Senior Vice Presidents who have entered into such Change in Control Agreements will receive 100% to 150% of their current salary plus an amount equal to either their last annual bonus or their target incentive compensation for the current year, whichever is greater, provided a release agreement is signed at the time of termination.

Mr. Mason and Mr. Endresen are not covered by these Change in Control Agreements as each of their 2015 Employment Agreements has a change-in-control provision.

Human Resources and Corporate Governance Committees Report

The HRCG Committee has reviewed the information in the executive compensation section and has recommended to the Board of Directors that it be included in the Proxy Statement.

This report is submitted by the Company's Human Resource and Corporate Governance Committee consisting of Doug Smith (Chair), Victor Indiek, Thomas King and George "Judd" Kirk.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In addition to the compensation arrangements with directors and executive officers described in “Executive Compensation” above, the following is a description of each transaction since January 1, 2016, and each proposed transaction in which:

- we have been or are to be a participant;
- the amount involved exceeds or will exceed \$120,000; and
- any of our directors, executive officers or beneficial holders of more than 5% of our capital stock, or any immediate family member of or person sharing the household with any of these individuals (other than tenants or employees), had or will have a direct or indirect material interest.

Loans

From time to time, the Bank makes loans to directors, executive officers and other affiliates in compliance with Regulation O issued by the Federal Deposit Insurance Corporation. These loans are made in the ordinary course of business on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable loans with persons not related to us, and do not involve more than the normal risk of collectability or present other features unfavorable to us.

Indemnification Agreements

We have entered into indemnification agreements with each of the current and former directors and executive officers of HomeStreet, Inc. Subject to certain limitations, these agreements require us to indemnify these individuals to the fullest extent permitted under applicable law against liabilities that may arise by reason of their service to us, and to advance expenses incurred as a result of any proceedings against them as to which they could be indemnified. We also intend to enter into indemnification agreements with our future directors and executive officers.

Consulting Agreements with Chrisman & Company, Inc.

In April 2017, HomeStreet entered into two agreements with Chrisman & Company, Inc. (“Chrisman & Company”) pursuant to which that entity was engaged to assist in the recruitment of certain senior officers of HomeStreet and HomeStreet Bank. Timothy Chrisman, who is a director of the Company, is the controlling owner, president and chief executive officer of Chrisman & Company.

The first of these agreements was a contingent fee search for a Financial Planning and Analysis Director for HomeStreet Bank; Chrisman & Company identified a candidate that was hired by the Bank and therefore earned professional fees equal to 30% of the total expected annual compensation for that position. The second is a retained search agreement for a new Chief Financial Officer of HomeStreet, pursuant to which Chrisman & Company will be paid professional fees equal to 30% of the anticipated total annual compensation of a new Chief Financial Officer plus reimbursement of direct expenses and an additional 10% of fees earned to cover indirect expenses regardless of whether or not Chrisman & Company ultimately provides the candidate who is hired for that position. The total value of the professional fees and indirect cost reimbursement to be earned under these two agreements (not including reimbursed direct expenses) is expected to be approximately \$288,600.

Management has reviewed these agreements and determined that the terms of the agreements are consistent with the terms offered by one or more third-party providers of recruitment services in one or more arm's-length transactions. The agreements were approved by the chair of the audit committee for ratification by the full audit committee at the next committee meeting in accordance with the Company's Related Person Transaction Policies and Procedures.

Procedures for Approval of Related Party Transactions

The Bank is subject to the requirements of Regulation O, which places certain restrictions on loan transactions between the Bank and its directors, executive officers and principal shareholders (or any of their related interests). Regulation O generally defines a principal shareholder as a person that directly or indirectly, or acting through or in concert with one or more other persons, owns, controls or has the power to vote more than 10% of any class of voting shares. The Bank surveys Company and Bank directors and senior and executive officers each year to identify their related interests. The board of directors has adopted a policy for lending to our employees, directors and executive officers to ensure compliance with Regulation O loans by the Bank to our employees, directors and executive officers that exceed \$500,000 in aggregate require the approval of the Bank's board of directors.

Prior to the completion of our initial public offering, in addition to the application of Regulation O to certain related-party transactions, we followed formal conflict of interest policies requiring the review and pre-approval of transactions with a related party by the chief executive officer and audit committee where the related party is a director or by the chairman, chief executive officer or general counsel for non-director employees. Following the completion of our initial public offering in February 2012, in accordance with the audit committee's charter, the audit committee reviews and pre-approves in writing any proposed related party transactions; however, certain types of transactions, including Regulation O Loans, executive officer employment arrangements and director compensation required to be disclosed in our Proxy Statements, certain charitable contributions, transactions where all shareholders receive a proportional benefit and transaction entered into through a competitive bid prices, may be automatically deemed pre-approved as related party transactions under our Related Person Transaction Policies and Procedures, a copy of which is available on our website at www.homestreet.com. In the case of a loan requiring board approval under Regulation O, however, review and approval by our Board of Directors is still required to approve such loan under Regulation O despite any such pre-approval as a related party transaction.

PRINCIPAL SHAREHOLDERS

The following table sets forth the beneficial ownership of our common stock as of April 20, 2017, by:

- each of the directors and Named Executive Officers of HomeStreet, Inc.;
- all of our directors and executive officers as a group; and
- each person known to us to be the beneficial owner of more than 5% of any class of our securities.

The amounts and percentage of our common stock beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. The SEC has defined “beneficial” ownership of a security to mean, generally, the possession, including shared possession, directly or indirectly, of voting power or investment power. A shareholder is also deemed to be, as of any date, the beneficial owner of all securities that such shareholder has the right to acquire within 60 days after that date through (1) the exercise of any option, warrant or right, (2) the conversion of a security, (3) the power to revoke a trust, discretionary account or similar arrangement or (4) the automatic termination of a trust, discretionary account or similar arrangement. Under these rules, more than one person may be deemed a beneficial owner of the same securities, and a person may be deemed a beneficial owner of securities as to which he has no economic interest. Unless otherwise indicated, we believe that each of the shareholders listed has sole voting and investment power with respect to their beneficially owned shares of our common stock.

The percentages reflect beneficial ownership as of April 20, 2017, as determined under Rule 13d-3 under the Exchange Act and are based on 26,865,431.6 shares of our common stock outstanding as of that date. In addition, any options exercisable within 60 days of April 20, 2017 will be included in the beneficial ownership of the holder of such option, and the percentage ownership for that holder will be calculated by adding the aggregate number of options exercisable within 60 days of April 20, 2017 to both the number of shares held by that specific shareholder and the total number of shares outstanding. Unless otherwise set forth in the following table, the address of the listed shareholders is c/o HomeStreet, Inc., 601 Union Street, Suite 2000, Seattle, Washington 98101.
