 Prospectus Supplement dated
 January 20, 2016 and
 Product Supplement EQUITY
 INDICES LIRN-1 dated January
 22, 2016**

| | | |
|--------------------------------|-----------------|----------------|
| 8,964,467 Units | Pricing Date | April 28, 2016 |
| \$10 principal amount per unit | Settlement Date | May 5, 2016 |
| CUSIP No. 06053Y751 | Maturity Date | April 27, 2018 |

Capped Leveraged Index Return Notes[®] Linked to the S&P 500[®] Index

Maturity of approximately two years

2-to-1 upside exposure to increases in the Index, subject to a capped return of 14.80%

1-to-1 downside exposure to decreases in the Index beyond a 10.00% decline, with up to 90.00% of your principal at risk

All payments occur at maturity and are subject to the credit risk of Bank of America Corporation

No periodic interest payments

In addition to the underwriting discount set forth below, the notes include a hedging-related charge of \$0.075 per unit. See Structuring the Notes .

Limited secondary market liquidity, with no exchange listing

The notes are being issued by Bank of America Corporation (BAC). There are important differences between the notes and a conventional debt security, including different investment risks and certain additional costs. See

Risk Factors beginning on page TS-6 of this term sheet and beginning on page PS-6 of product supplement EQUITY INDICES LIRN-1.

The initial estimated value of the notes as of the pricing date is \$9.65 per unit, which is less than the public offering price listed below. See Summary on the following page, Risk Factors beginning on page TS-6 of this term sheet and Structuring the Notes on page TS-10 of this term sheet for additional information. The actual value of your notes at any time will reflect many factors and cannot be predicted with accuracy.

None of the Securities and Exchange Commission (the SEC), any state securities commission, or any other regulatory body has approved or disapproved of these securities or determined if this Note Prospectus (as defined below) is truthful or complete. Any representation to the contrary is a criminal offense.

| | <u>Per Unit</u> | <u>Total</u> |

Capped Leveraged Index Return Notes®

Linked to the S&P 500® Index, due April 27, 2018

Summary

The Capped Leveraged Index Return Notes® Linked to the S&P 500® Index, due April 27, 2018 (the notes) are our senior unsecured debt securities. The notes are not guaranteed or insured by the Federal Deposit Insurance Corporation or secured by collateral. **The notes will rank equally with all of our other unsecured and unsubordinated debt. Any payments due on the notes, including any repayment of principal, will be subject to the credit risk of BAC.** The notes provide you a leveraged return, subject to a cap, if the Ending Value of the Market Measure, which is the S&P 500® Index (the Index), is greater than its Starting Value. If the Ending Value is less than the Threshold Value, you will lose a portion, which could be significant, of the principal amount of your notes. Payments on the notes, including the amount you receive at maturity, will be calculated based on the \$10 principal amount per unit and will depend on the performance of the Index, subject to our credit risk. See Terms of the Notes below.

The economic terms of the notes (including the Capped Value) are based on our internal funding rate, which is the rate we would pay to borrow funds through the issuance of market-linked notes and the economic terms of certain related hedging arrangements. Our internal funding rate is typically lower than the rate we would pay when we issue conventional fixed or floating rate debt securities. This difference in funding rate, as well as the underwriting discount and the hedging related charge described below, reduced the economic terms of the notes to you and the initial estimated value of the notes on the pricing date. Due to these factors, the public offering price you pay to purchase the notes is greater than the initial estimated value of the notes.

On the cover page of this term sheet, we have provided the initial estimated value for the notes. This initial estimated value was determined based on our and our affiliates' pricing models, which take into consideration our internal funding rate and the market prices for the hedging arrangements related to the notes. For more information about the initial estimated value and the structuring of the notes, see Structuring the Notes on page TS-10.

Terms of the Notes

| | | |
|----------------------------|--|--|
| Issuer: | Bank of America Corporation (BAC) | Redemption Amount Determination On the maturity date, you will receive a cash payment per unit determined as follows: |
| Principal Amount: | \$10.00 per unit | |
| Term: | Approximately two years | |
| Market Measure: | The S&P 500® Index (Bloomberg symbol: "SPX"), a price return index | |
| Starting Value: | 2,075.81 | |
| Ending Value: | The average of the closing levels of the Market Measure on each scheduled calculation day occurring during the maturity valuation period. The calculation days are subject to postponement in the event of Market Disruption Events, as described beginning on page PS-18 of product supplement EQUITY INDICES LIRN-1. | |
| Threshold Value: | 1,868.23 (90% of the Starting Value, rounded to two decimal places). | |
| Participation Rate: | 200% | |
| Capped Value: | \$11.48 per unit of the notes, | |

| | |
|-----------------------------------|--|
| | which represents a return of 14.80% over the principal amount. |
| Maturity Valuation Period: | April 18, 2018, April 19, 2018, April 20, 2018, April 23, 2018 and April 24, 2018 |
| Fees and Charges: | The underwriting discount of \$0.20 per unit listed on the cover page and the hedging related charge of \$0.075 per unit described in Structuring the Notes on page TS-10. |
| Calculation Agent: | Merrill Lynch, Pierce, Fenner & Smith Incorporated (MLPF&S), a subsidiary of BAC. |

These documents (together, the Note Prospectus) have been filed as part of a registration statement with the SEC, which may, without cost, be accessed on the SEC website as indicated above or obtained from MLPF&S by calling 1-800-294-1322. Before you invest, you should read the Note Prospectus, including this term sheet, for information about us and this offering. Any prior or contemporaneous oral statements and any other written materials you may have received are superseded by the Note Prospectus. Capitalized terms used but not defined in this term sheet have the meanings set forth in product supplement EQUITY INDICES LIRN-1. Unless otherwise indicated or unless the context requires otherwise, all references in this document to we, us, our, or similar references are to BAC. Investor Considerations

You may wish to consider an investment in the notes if:

The notes may not be an appropriate investment for you if:

You anticipate that the Index will increase moderately from the Starting Value to the Ending Value.

You believe that the Index will decrease from the Starting Value to the Ending Value or that it will not increase sufficiently over the term of the notes to provide you with your desired return.

You are willing to risk a loss of principal and return if the Index decreases from the Starting Value to an Ending Value that is below the Threshold Value.

You seek 100% principal repayment or preservation of capital.

You accept that the return on the notes will be capped.

You seek an uncapped return on your investment.

You are willing to forgo the interest payments that are paid on conventional interest bearing debt securities.

You seek interest payments or other current income on your investment.

You are willing to forgo dividends or other benefits of owning the stocks included in the Index.

You want to receive dividends or other distributions paid on the stocks included in the Index.

You are willing to accept a limited or no market for sales prior to maturity, and understand that the market prices for the notes, if any, will be affected by various factors, including our actual and perceived creditworthiness, our internal funding rate and fees and charges on the notes.

You seek an investment for which there will be a liquid secondary market.

You are unwilling or are unable to take market risk on the notes or to take our credit risk as issuer of the notes.

You are willing to assume our credit risk, as issuer of the notes, for all payments under the notes, including the Redemption Amount.

We urge you to consult your investment, legal, tax, accounting, and other advisors before you invest in the notes.

Capped Leveraged Index Return Notes®

Linked to the S&P 500® Index, due April 27, 2018

Hypothetical Payout Profile and Examples of Payments at Maturity

Capped Leveraged Index Return Notes

This graph reflects the returns on the notes based on the Participation Rate of 200%, the Threshold Value of 90% of the Starting Value and the Capped Value of \$11.48. The green line reflects the returns on the notes, while the dotted gray line reflects the returns of a direct investment in the stocks included in the Index, excluding dividends.

This graph has been prepared for purposes of illustration only.

The following table and examples are for purposes of illustration only. They are based on hypothetical values and show hypothetical returns on the notes. They illustrate the calculation of the Redemption Amount and total rate of return based on a hypothetical Starting Value of 100, a Threshold Value of 90, the Participation Rate of 200%, the Capped Value of \$11.48 per unit and a range of hypothetical Ending Values. **The actual amount you receive and the resulting total rate of return will depend on the actual Starting Value, Threshold Value, Ending Value, and whether you hold the notes to maturity.** The following examples do not take into account any tax consequences from investing in the notes.

For recent actual levels of the Market Measure, see The Index section below. The Index is a price return index and as such the Ending Value will not include any income generated by dividends paid on the stocks included in the Index, which you would otherwise be entitled to receive if you invested in those stocks directly. In addition, all payments on the notes are subject to issuer credit risk.

| Ending Value | Percentage Change from the Starting Value to the Ending Value | Redemption Amount per Unit | Total Rate of Return on the Notes |
|-----------------------|--|---------------------------------------|--|
| 0.00 | -100.00% | \$1.00 | -90.00% |
| 50.00 | -50.00% | \$6.00 | -40.00% |
| 80.00 | -20.00% | \$9.00 | -10.00% |
| 90.00 ⁽¹⁾ | -10.00% | \$10.00 | 0.00% |
| 94.00 | -6.00% | \$10.00 | 0.00% |
| 95.00 | -5.00% | \$10.00 | 0.00% |
| 97.00 | -3.00% | \$10.00 | 0.00% |
| 100.00 ⁽²⁾ | 0.00% | \$10.00 | 0.00% |
| 102.00 | 2.00% | \$10.40 | 4.00% |
| 104.00 | 4.00% | \$10.80 | 8.00% |
| 105.00 | 5.00% | \$11.00 | 10.00% |
| 110.00 | 10.00% | \$11.48 ⁽³⁾ | 14.80% |
| 120.00 | 20.00% | \$11.48 | 14.80% |
| 130.00 | 30.00% | \$11.48 | 14.80% |
| 140.00 | 40.00% | \$11.48 | 14.80% |
| 150.00 | 50.00% | \$11.48 | 14.80% |
| 160.00 | 60.00% | \$11.48 | 14.80% |

(1) This is the **hypothetical** Threshold Value.

(2) The **hypothetical** Starting Value of 100 used in these examples has been chosen for illustrative purposes only.

(3) The actual Starting Value is 2,075.81 which was the closing level of the Market Measure on the pricing date.

(3) The Redemption Amount per unit cannot exceed the Capped Value.

Capped Leveraged Index Return Notes®

TS-4

Capped Leveraged Index Return Notes®

Linked to the S&P 500® Index, due April 27, 2018

Redemption Amount Calculation Examples

Example 1

The Ending Value is 80.00, or 80.00% of the Starting Value:

Starting Value: 100.00

Threshold Value: 90.00

Ending Value: 80.00

Redemption Amount per unit

Example 2

The Ending Value is 95.00, or 95.00% of the Starting Value:

Starting Value: 100.00

Threshold Value: 90.00

Ending Value: 95.00

Redemption Amount (per unit) = **\$10.00**, the principal amount, since the Ending Value is less than the Starting Value but equal to or greater than the Threshold Value.

Example 3

The Ending Value is 104.00, or 104.00% of the Starting Value:

Starting Value: 100.00

Ending Value: 104.00

= **\$10.80** Redemption Amount per unit

Example 4

The Ending Value is 130.00, or 130.00% of the Starting Value:

Starting Value: 100.00

Ending Value: 130.00

= **\$16.00**, however, because the Redemption Amount for the notes cannot exceed the Capped Value, the Redemption Amount will be **\$11.48** per unit

Risk Factors

There are important differences between the notes and a conventional debt security. An investment in the notes involves significant risks, including those listed below. You should carefully review the more detailed explanation of risks relating to the notes in the Risk Factors sections beginning on page PS-6 of product supplement EQUITY INDICES LIRN-1, page S-5 of the Series L MTN prospectus supplement, and page 9 of the prospectus identified above. We also urge you to consult your investment, legal, tax, accounting, and other advisors before you invest in the notes.
