NOTE 1 — BACKGROUND AND BASIS OF PRESENTATION

The consolidated financial statements include the accounts of Emerson Radio Corp. ("Emerson", consolidated — the "Company"), and its subsidiaries. The Company designs, sources, imports and markets certain houseware and consumer electronic products, and licenses the Company's trademarks for a variety of products domestically and internationally.

The unaudited interim consolidated financial statements reflect all normal and recurring adjustments that are, in the opinion of management, necessary to present a fair statement of the Company's consolidated financial position as of June 30, 2016 and the results of operations for the three month periods ended June 30, 2016 and June 30, 2015. In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary in order to make the financial statements not misleading have been included. All significant intercompany accounts and transactions have been eliminated in consolidation. The preparation of the unaudited interim consolidated financial statements requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes; actual results could materially differ from those estimates. The unaudited interim consolidated financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission and accordingly do not include all of the disclosures normally made in the Company's annual consolidated financial statements. Accordingly, these unaudited interim consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto for the fiscal year ended March 31, 2016 ("fiscal 2016"), included in the Company's annual report on Form 10-K, as amended, for fiscal 2016.

The results of operations for the three month period ended June 30, 2016 are not necessarily indicative of the results of operations that may be expected for any other interim periods or for the full year ended March 31, 2017 ("fiscal 2017").

Whenever necessary, reclassifications are made to conform the prior year's financial statements to the current year's presentation.

Unless otherwise disclosed in the notes to these financial statements, the estimated fair value of the financial assets and liabilities approximates the carrying value.

Sales Allowance and Marketing Support Expenses

Sales allowances, marketing support programs, promotions and other volume-based incentives which are provided to retailers and distributors are accounted for on an accrual basis as a reduction to net revenues in the period in which the related sales are recognized in accordance with ASC topic 605, "Revenue Recognition", subtopic 50 "Customer Payments and Incentives" and Securities and Exchange Commission Staff Accounting Bulletins 101 "Revenue Recognition in Financial Statements," and 104 "Revenue Recognition, corrected copy" ("SAB's 101 and 104").

At the time of sale, the Company reduces recognized gross revenue by allowances to cover, in addition to estimated sales returns as required by ASC topic 605, "Revenue Recognition", subtopic 15 "Products", (i) sales incentives offered to

customers that meet the criteria for accrual under ASC topic 605, subtopic 50 and (ii) under SAB's 101 and 104, an estimated amount to recognize additional non-offered deductions it anticipates and can reasonably estimate will be taken by customers which it does not expect to recover. Accruals for the estimated amount of future non-offered deductions are required to be made as contra-revenue items because that percentage of shipped revenue fails to meet the collectability criteria within SAB 104's and 101's four revenue recognition criteria, all of which are required to be met in order to recognize revenue.

If additional marketing support programs, promotions and other volume-based incentives are required to promote the Company's products subsequent to the initial sale, then additional reserves may be required and are accrued for when such support is offered.
