## Item 8.01 Other Events

McDermott International, Inc. (“McDermott”, “we” or “us”) is filing this Current Report on Form 8-K to provide a recast of the presentation of the historical financial statements contained in our Annual Report on Form 10-K for the year ended December 31, 2017 (the “2017 Form 10-K”) filed with the Securities and Exchange Commission (the “SEC”), to reflect changes to our financial reporting structure, as detailed below. In this report, unless the context otherwise indicates, “we,” “us” and “our” mean McDermott and its consolidated subsidiaries, and references to any of the Notes to the accompanying Consolidated Financial Statements refer to the Notes to the Consolidated Financial Statements included in Item 8 of Part II of Exhibit 99.1 to this report.

In connection with the closing of our previously announced business combination with Chicago Bridge & Iron Company N.V. (“CB&I”) on May 10, 2018, we implemented changes to our financial reporting structure, as follows:

**Segments**—We completed changes to our organizational structure that resulted in the re-classification of our reporting segments. Europe and Africa operations previously were aggregated into our Americas, Europe and Africa reporting segment, and Russia and Caspian operations previously were aggregated into our Middle East reporting segment. However, in the second quarter of 2018, the responsibilities for business decisions relating to Europe, Africa, Russia and Caspian (“EARC”) were consolidated and are now reflected in our EARC segment. As a result, the periods presented in Exhibit 99.1 hereto are reported with financial results under four reporting segments consisting of (1) North, Central and South America (“NCSA”); (2) EARC; (3) the Middle East and North Africa (“MENA”); and (4) Asia Pacific (“APAC”).

**Income (loss) from Investments in Unconsolidated Affiliates**— We reclassified equity earnings and losses associated with our Oil and Gas and Qingdao McDermott Wuchuan Offshore Engineering Company Ltd. unconsolidated joint ventures to operating income. Previously, results from these unconsolidated joint ventures were presented below the operating income (loss) line in our Consolidated Statements of Operations, as we did not consider the activities of the unconsolidated joint ventures to be integral to our operations. Based on expected expansion in activity of these unconsolidated joint ventures with us in 2018 and in future years, we now believe the activities of these unconsolidated joint ventures are integral to our ongoing operations and are most appropriately reflected in operating income. Prior periods have been reclassified to be consistent with our 2018 presentation. Equity earnings and losses for unconsolidated joint ventures that are not integral to our operations will continue to be presented below the operating income (loss) line.

**Reverse Common Stock Split**—We amended our amended and restated articles of incorporation to effect a three-to-one reverse stock split of McDermott common stock, effective May 9, 2018. Common stock, capital in excess of par, share and per share (except par value per share, which was not affected) information for all periods presented has been recast in the Financial Statements and the accompanying Notes to reflect the reverse stock split.

Additionally, in the first quarter of 2018, we adopted Accounting Standards Update (“ASU”) 2017-07, Compensation—Retirement Benefits (Topic 715): Improving the Presentation of Net Periodic Pension Cost and Net Periodic Postretirement Benefit, as noted below:

**Pension and Postretirement Benefits**—In March 2017, the Financial Accounting Standards Board (the “FASB”) issued ASU 2017-07, which requires bifurcation of certain components of net pension and postretirement benefit cost in the Consolidated Statements of Operations. We adopted this ASU effective as of January 1, 2018. As a result, benefit costs, excluding any service costs component, previously included in Selling, general and administrative expenses, are now included in other non-operating income (expense), net in our Consolidated Statements of Operations. All comparable periods have been revised to reflect this change.

We are filing this report to recast our Consolidated Financial Statements as of December 31, 2017 and 2016 and for each of the years ended December 31, 2017, 2016 and 2015, to reflect the changes described above. The recast Consolidated Financial Statements and accompanying Notes are included in Exhibit 99.1 to this report, which is incorporated by reference into this Item 8.01. Also included in Exhibit 99.1 to report is the report of Deloitte & Touch LLP on the Consolidated Financial Statements, which is unchanged from the report included in the 2017 Form 10-K, other than the dual date to reflect the recast and reissuance.

The following items of the 2017 Form 10-K are being revised as reflected in Exhibit 99.1 to this report:

Part I, Item 1. Business;

Part II, Item 6. Selected Financial Data;

Part II, Item 7. Management's Discussion and Analysis of Financial Condition and Results of Operations (MD&A"); and

Part II, Item 8. Financial Statements and Supplementary Data.

Except for minor, non-substantive revisions, only the following notes within Part II, Item 8, Financial Statements and Supplementary Data have been revised from their previous presentation:

Note 1, Basis of Reporting and Significant Accounting Policies;

Note 4, Use of Estimates;

Note 16, Stock-Based Compensation;

Note 17, Income Taxes;

Note 18, Earnings per Share;

Note 19, Stockholders' Equity;

Note 21, Segment Reporting; and

Note 22, Quarterly Financial Data (unaudited).

The changes referred to above had no impact on our historical consolidated financial position, results of operations or cash flows, as reflected in the recast Consolidated Financial Statements contained in Exhibit 99.1 to this report. The recast Consolidated Financial Statements do not represent a restatement of previously issued consolidated financial statements.
