PROXY MATERIALS FOR THE ANNUAL MEETING

May 19, 2016

We are furnishing you this proxy statement in connection with the solicitation of proxies by our Board of Directors (“Board”) for our 2016 Annual and Special Meeting of Shareholders (“Annual Meeting”). The Annual Meeting will be held on May 19, 2016, at 10:00 a.m. Central Daylight Time. The proxy materials, including this proxy statement, the proxy card or voting instruction form, and our 2015 annual report, are being distributed and made available to our shareholders on or about April 8, 2016.

This year, in accordance with the rules and regulations of the U.S. Securities and Exchange Commission (the “SEC”), the Alberta Securities Commission and Office of the Yukon Superintendent of Securities, we are furnishing our proxy materials to most of our shareholders over the internet, unless we are otherwise instructed by the shareholder.

Accordingly, we plan to mail a Notice of Internet Availability of Proxy Materials (the “Notice”) to most of our shareholders on or about April 8, 2016. Shareholders who receive a Notice may access and review all of the information contained in our proxy materials on the website referred to in the Notice. Shareholders who receive a Notice may also request delivery of a printed set of the proxy materials by following the instructions in the Notice. We plan to mail printed copies of our proxy materials to some of our shareholders on or about April 8, 2016.

Alliance Advisors, LLC is the approved intermediary for making our proxy materials available to our registered shareholders and our beneficial owners.

Questions and Answers About the Annual Meeting

WHO IS ENTITLED TO VOTE AT THE ANNUAL MEETING?

Shareholders who own common shares as of March 23, 2016 may vote at the meeting. In addition, as provided in the Yukon Business Corporations Act, if one of our shareholders of record transfers ownership of shares after the Record Date, the transferee thereof may be entitled to vote those shares at the Annual Meeting. In order to be entitled to vote those shares, the transferee must demand in writing, at least ten days before the Annual Meeting, that the transferee’s name be included in the list of shareholders, and the transferee must also establish that the transferee is the owner of the transferred shares. There are no cumulative voting rights associated with our common shares. Each of our common shares is entitled to one vote.

WHY DID I RECEIVE A NOTICE IN THE MAIL REGARDING INTERNET AVAILABILITY OF THE COMPANY’S PROXY MATERIALS INSTEAD OF PRINTED COPIES OF THE PROXY MATERIALS?

We are providing access to our proxy materials over the internet. As a result, we mailed most of our shareholders a Notice instead of a paper copy of the proxy materials. The Notice contains instructions on how to access our proxy materials over the internet and how to request a paper copy of our proxy materials.

WHY DIDN’T I RECEIVE A NOTICE IN THE MAIL REGARDING INTERNET AVAILABILITY OF THE COMPANY’S PROXY MATERIALS?

We are sending paper copies of our proxy materials to some of our shareholders, including some of our registered shareholders and any of our shareholders who have previously requested paper copies of our proxy materials.

Shareholders who receive paper copies of our proxy materials will not receive a Notice.

CAN I VOTE MY SHARES BY FILLING OUT AND RETURNING THE NOTICE?

No. The Notice is not a proxy card or voting form. The Notice does, however, provide instructions on how to vote by the internet or by telephone. The Notice also describes how you can request a paper proxy card and how you can submit a ballot in person at the Annual Meeting.

TABLE OF CONTENTS

WHAT AM I VOTING ON, AND WHAT ARE THE BOARD'S RECOMMENDATIONS?

You are voting on the following:

1.
Electing five directors to serve until the next Annual Meeting or until their successors are duly elected and qualified;
2.
Appointing Ernst & Young LLP as our independent auditor for our fiscal year ending December 31, 2016;
3.
An advisory vote regarding executive compensation as set forth in these materials; and
4.
Such other business as may properly be brought before the Annual Meeting or any adjournments or postponements thereof.

The Board recommends that shareholders vote:

1.
"FOR" the election of directors (Proposal 1);
2.
"FOR" appointing Ernst & Young LLP as our independent auditor for our fiscal year ending December 31, 2016 (Proposal 2); and
3.
"FOR" the resolution regarding the advisory vote on executive compensation (Proposal 3).

WHAT CONSTITUTES A QUORUM OF SHAREHOLDERS, AND WHY IS IT IMPORTANT?

A quorum is the presence at the Annual Meeting in person or by proxy of one or more shareholders holding 5% of the total common shares issued and outstanding on the Record Date. Under Yukon law, broker non-votes and abstentions count towards the establishment of a quorum. A quorum must be present for us to conduct the meeting.

HOW DO I VOTE?

You may vote by any of the following four methods:

- Internet. Vote on the internet at <http://www.cesvote.com> or <http://www.proxyvote.com>. Follow the instructions on the Notice, or if you received a proxy card by mail, follow the instructions on the proxy card, and you can confirm that your vote has been properly recorded. If you vote on the internet, you can request electronic delivery of future proxy materials. Internet voting facilities for shareholders of record will be available 24 hours a day and will close at 10:00 a.m., CDT, on Tuesday, May 17, 2016.
- Telephone. Vote by telephone by following the instructions on the Notice or, if you received a proxy card, by following the instructions on the proxy card. Easy-to-follow voice prompts allow you to vote your shares and confirm that your vote has been properly recorded. Telephone voting facilities for shareholders of record will be available 24 hours a day and will close at 10:00 a.m., CDT, on Tuesday, May 17, 2016.
- Mail. If you received a proxy card by mail, vote by mail by completing, signing, dating and returning your proxy card in the pre-addressed, postage-paid envelope provided. If you vote by mail and your proxy card is returned unsigned, then your vote cannot be counted. If you vote by mail and the returned proxy card is signed without indicating how you want to vote, then your proxy will be voted as recommended by the Board. If mailed, your

completed and signed proxy card must be received by Tuesday, May 17, 2016.

•

Meeting. You may attend and vote at the Annual Meeting. If your shares are held in “street name” (for example, in the name of a bank, broker or other holder of record), and you plan to attend and vote at the meeting, then you must obtain a proxy executed in your favor by your holder of record to attend and vote at the meeting.

TABLE OF CONTENTS

IF MY SHARES ARE HELD IN “STREET NAME” BY MY BROKER, WILL MY BROKER VOTE FOR ME?

Under New York Stock Exchange (“NYSE”) rules, if your shares are held by your broker in “street name” and you do not vote your shares by following the instructions provided by your broker, your broker can vote your shares with respect to the resolution in Proposal 2 regarding the appointment of Ernst & Young LLP as our independent auditors.

However, your broker cannot vote your shares with respect to any of the other proposals. If you do not instruct your broker how to vote your shares, and if your broker is not permitted to vote on the proposals without instructions from you, then your shares will be counted as “broker non-votes” for those proposals.

WHAT VOTE IS REQUIRED TO APPROVE EACH OF THE PROPOSALS?

- Proposal 1, Election of Directors. In an uncontested election (like this one), nominees are elected as directors if they receive more “for” votes than “against” votes. For this proposal, abstentions and broker non-votes as to a nominee are not counted as a vote for or against the nominee, and abstentions and broker non-votes are also not counted as shares entitled to vote for the proposal. If a nominee who is a current member of our Board receives more votes “against” his election than the number of votes “for” his election, then promptly after the election results are certified, our corporate governance guidelines provide that he or she must tender his or her resignation to the Board, and our Nominating and Corporate Governance Committee and our Board will address the proposed resignation according to the procedures set forth in our corporate governance guidelines.

- Proposal 2, Appointment of Auditors. Approval of this proposal requires the affirmative vote of a majority of the shares that cast a vote with respect to this proposal. For this proposal, abstentions and any broker non-votes are not counted as a vote for or against the proposal, and abstentions and any broker non-votes are also not counted as shares entitled to vote for the proposal.

- Proposal 3, Advisory Vote on Executive Compensation. The advisory vote will be deemed approved if a majority of the shares that cast a vote with respect to this proposal vote in favor of it. For this proposal, consistent with Yukon law and our by-laws, abstentions and any broker non-votes are not counted as a vote for or against the proposal, and abstentions and any broker non-votes are also not counted as shares entitled to vote for the proposal.

HOW WILL MY PROXY VOTE MY SHARES?

Your proxies will vote in accordance with your instructions if duly completed and deposited. If you complete and return your signed proxy card but do not provide instructions on how to vote, your proxies will vote “FOR” each of the director nominees, “FOR” the resolution to appoint Ernst & Young LLP as independent auditor of the Company for the fiscal year ended December 31, 2016, and “FOR” the resolution regarding the advisory vote on executive compensation. The accompanying form of proxy or your vote by phone or internet also confers discretionary authority on the persons named therein to vote shares and otherwise act in the proxy holder’s discretion with respect to any amendments or variations to matters identified in the Notice of Meeting and with respect to any other matters that may properly come before the Annual Meeting or any adjournment thereof.

CAN I CHANGE MY VOTE?

Yes. You may change your vote in any manner permitted by applicable law. In addition, subject to the deadlines listed below, if you are a shareholder of record, you may revoke your proxy by the following methods:

- If you voted on the internet or by telephone, you may change your vote and vote again at a later time by internet or telephone, until 10:00 a.m., CDT, on Tuesday, May 17, 2016, or you may attend the Annual Meeting and vote your shares in person;

TABLE OF CONTENTS

•

If you voted by sending in a paper proxy card, you may change your vote by delivering a written revocation of your most recent proxy card to our Corporate Secretary along with a new paper proxy card setting out your changed votes, provided your new paper proxy card is received no later than 10:00 a.m., CDT, on Tuesday, May 17, 2016, or you may attend the Annual Meeting and vote your shares in person;

If you are a street name shareholder (for example, if your shares are held in the name of a bank, broker, or other holder of record) and you vote by proxy, you may change your vote by informing your nominee that you wish to change your vote in accordance with your nominee's procedures. Changed votes by street name shareholders must be received no later than 10:00 a.m., CDT, on Tuesday, May 17, 2016.

WHO WILL TABULATE THE VOTE?

Our Corporate Secretary will serve as inspector of election and will tabulate and certify the vote at the Annual Meeting.

WHO IS SOLICITING MY PROXY, HOW IS IT BEING SOLICITED, AND WHO PAYS THE COSTS?

Your proxy is being solicited by Ultra Petroleum Corp., on behalf of our Board of Directors, through our officers and employees. Solicitations may be supplemented by telephone or other personal contact without special compensation by our regular officers and employees. No solicitation will be made by specifically engaged employees or soliciting agents. We will pay the costs of soliciting your proxy. We will also reimburse costs incurred by our shareholders of record who incur costs distributing our proxy materials to our beneficial owners.

VOTING RESULTS

The report of the inspector of elections will be included in a Current Report on Form 8-K and published on our website (www.ultrapetroleum.com) within four business days following the Annual Meeting. Copies of the report of the inspector of elections and the Current Report on Form 8-K with respect thereto may be accessed through www.ultrapetroleum.com or obtained by writing to us, c/o Corporate Secretary, Ultra Petroleum Corp., 400 N. EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

This section discusses our compensation objectives and outlines the decisions regarding 2015 compensation for our named executive officers and the rationales behind those decisions.

Our Named Executive Officers

Name	Title
Michael D. Watford	Chairman of the Board, CEO & President
Brad Johnson	Senior Vice President, Operations
Garland R. Shaw	Senior Vice President and Chief Financial Officer
Douglas B. Selvius	Vice President, Exploration and Land
Kent Rogers	Vice President, Drilling and Completions

Executive Summary

We are an independent energy company engaged in domestic natural gas and oil exploration, development and production. Our principal business activity is developing our long-life natural gas reserves in a tight-gas trend located in the Green River basin of southwest Wyoming — the Pinedale and Jonah fields. We also own tight-sand oil reserves and production in Utah’s Uinta basin and natural gas reserves and production in the north-central Pennsylvania area of the Appalachian Basin.

In 2015, crude oil and natural gas prices fell dramatically creating a challenging environment. Despite continued weak commodity prices during 2015, we achieved many of our operational and financial goals for the year. We focused on allocating expenditures toward high return projects in the Pinedale field; improving capital efficiency (declining costs with improved drilling time) and production performance. Well costs were down 19% and our Pinedale asset continued to generate healthy returns in this depressed commodity price environment. We reduced the number of operated rigs from 5 to 3 during 2015 while our production increased to 290.1 Bcfe.

Compensation Program

Our compensation program is designed to attract, retain, and motivate employees in order to effectively execute our business strategy.

What We Do

Pay for performance — We link pay to performance. We set clear financial and operational goals for corporate performance, and we differentiate on individual achievements so that a substantial component of our executive compensation is not guaranteed.

Total Shareholder Return (TSR) — We link pay to total shareholder return. We have included TSR as a performance metric for executive officers in our Long-Term Incentive Plans since 2013.

Mitigate undue risk — We mitigate undue risk associated with compensation by using multiple performance targets and joint Board and management processes to identify risk.

Share ownership guidelines — We have adopted share ownership guidelines for our executive officers and directors.

Reasonable post-employment/change in control provisions — We believe we have reasonable post-employment and change of control provisions that generally apply to executive officers in the same manner as the applicable broader employee population.

Independent compensation firm — Every other year, our Compensation Committee uses an independent compensation consulting firm which provides no other services to us or our management.

All directors are elected every year.

2015 Advisory Vote on Executive Compensation

At our annual meeting in 2015, we offered our shareholders an opportunity for an advisory, non-binding vote on our executive compensation through our “say on pay” proposal. Over 89% of the shareholders who voted on the proposal last year approved the compensation for our named executive officers. Based on the support demonstrated by the “say-on-pay” vote, our 2015 compensation program included performance-based measures similar to those included in our compensation program in 2014. The Committee will continue to consider the outcome for our “say-on-pay” votes and shareholder views when making future compensation decisions for our executive officers.

TABLE OF CONTENTS

Compensation Philosophy and Considerations

Our executive compensation programs are designed to attract and retain the exceptional technical and operational talent needed to efficiently execute our business strategy. Our programs are designed to align executive compensation with the long-term interests of our shareholders in the following ways:

- Our compensation is directly linked to our operational and financial performance;
- Our compensation rewards employees for contributing to the achievement of our short-term and long-term objectives, and
- We provide competitive pay levels commensurate with our employees' qualifications, skills, experience and responsibilities.

Compensation Practices and Enterprise Risk

We do not believe our compensation policies and practices create risks that are reasonably likely to have a material adverse effect on our company or our business. In addition, we believe that the mix and design of the elements of compensation do not encourage our management to assume excessive risks.

Benchmarking Process and Competitive Positioning

In 2015, our Compensation Committee retained Meridian Compensation Partners, LLC as an independent consultant to provide advice on executive compensation matters. In 2015, Meridian provided the Compensation Committee with market analyses, including peer data. In addition, Meridian advised the Compensation Committee on the following matters: the design and structure of our executive compensation programs to ensure linkage between pay and performance; setting the pay for our CEO; and compensation recommendations for the other executive officers, in consultation with the CEO.

In 2015, the Compensation Committee reviewed the target total compensation of our executive officers relative to the compensation paid by our peer companies for similar positions. The Compensation Committee's independent compensation consultant provided the primary market data for this purpose. Additionally, management provided the Committee with compensation information obtained from the following three industry survey sources: Southwest Energy Group, Effective Compensation, Inc. (ECI) and Meridian. The Compensation Committee considers market data as one reference tool used in making compensation decisions. Generally, our compensation program targets the 50th percentile base salary level relative to our peers and actual total compensation level reflective of both the company and individual actual performance.

Peer Group

The Compensation Committee, in consultation with Meridian, considered several factors in selecting an industry-specific peer group for external benchmarking. Considerations included the following:

- size measures such as enterprise value, market capitalization, and assets;
- operational measures such as business complexity, geographic location, mix of oil/gas focus, and
- market competitiveness for executive talent.

Our compensation peer group for 2015 included the following companies:

- Bill Barrett Corp.
- Cabot Oil & Gas Inc.
- Carrizo Oil & Gas Inc.

- Cimarex Energy Co.
- Energen Corp.
- Halcon Resources Corp.
- Laredo Petroleum Inc.
- Newfield Exploration Co.
- Oasis Petroleum Inc.
- Penn Virginia Corp.
- Range Resources Inc.
- WPX Energy Inc.
- SM Energy Co.
- Stone Energy Co.

Base Salary

Provides regular-paid income based on the responsibilities, experience and contributions of each of our executive officers. We consider how the current base salary for each of our executive officers aligns with market conditions and

the median of our peer group. Mr. Watford's base salary is determined under the employment agreement between us and Mr. Watford, which was approved by the Compensation Committee and the Board of Directors. For 2015, Mr. Watford's base salary remained at \$800,000 to recognize his consistent leadership and to remain competitive with the market. Mr. Johnson and Mr. Shaw's base salaries remained at \$400,000 and \$375,000, respectively, to recognize performance and to remain competitive with the market. Our Compensation Committee also awarded base salary increases to Mr. Selvius and Mr. Rogers based on their performance and the peer group and market condition factors referenced above.

Annual Incentive Plan

Under our AIP, the Compensation Committee establishes performance metrics and goals each year. The metrics are designed to measure key deliverables critical to our sustained short and longer-term success. The Committee, in its discretion, may consider additional factors such as commodity prices and significant corporate transactions in determining the actual amount of any annual incentive award. The Compensation Committee may adjust the initial incentive pool by 20% to reflect its overall assessment of our results at the end of the year.

Our executive officers have the potential to receive meaningful cash incentive compensation under the AIP. The AIP opportunity ranges from 0% to 200% of target with payouts based on actual level of performance achieved and the Compensation Committee's discretion on overall performance. The total of all individual incentive awards may not exceed the funded and approved incentive pool.

TABLE OF CONTENTS

The table below describes the targets established by the Compensation Committee in February 2015 and the actual performance level achieved during 2015.

Performance Metric	Weight	Threshold	Target	Above Expectations	Actual Performance
Debt Repayment	25%	\$0	\$250 million	\$500 million	N/A
EBITDA	25%	\$550 million	\$580 million	\$610 million	\$610 million
Production	25%	255 bcfe	265 bcfe	275 bcfe	290 bcfe
Cash Costs	25%	\$2.40/mcfe	\$2.25/mcfe	\$2.10/mcfe	\$1.90/mcfe

For 2015, the Company's actual performance exceeded the Above Expectations levels for three (EBITDA, Production and Cash Costs) of the four measures, and was below the Threshold level for one measure (Debt Repayment). The Compensation Committee recognized the combined performance against these measures and elected to fund the 2015 AIP compensation at 1.5 times the Target level.

Individual AIP Opportunity and Actual AIP Payout

Name	Officer Level	Target AIP (% of Salary)	Actual 2015 AIP Earned
Michael D. Watford	Level I	100%	\$1,200,000
Brad Johnson	Level II	90%	\$540,000
Garland R. Shaw	Level II	90%	\$506,250
Douglas B. Selvius	Level III	60%	\$245,000
Kent Rogers	Level III	60%	\$290,000

2015 Long-Term Incentive Plan

At the regularly scheduled February 2015 meeting, the Compensation Committee granted awards of long-term equity-based incentives to our executive officers after considering competitive market data, cost considerations and the performance of the Company and the named executive officers. Fifty percent of the target LTI value was issued in the form of time-based contingent restricted stock units, and fifty percent was issued in performance-based contingent restricted stock units. The performance-based awards are measured over a three-year performance period based on the performance measures established by the Compensation Committee as set forth in the table below. The Committee believes these performance measures encourage our management to focus on critical drivers of current and future value growth for our shareholders. All contingent restricted stock units granted to our named executive officers in 2015 vest, if at all, only after the end of the three-year performance period.

Metric	Threshold	Target	Above Expectations
Return on Capital Employed (average annual)	5%	8%	10%
Debt Level (average annual)	<4.0 x EBITDA	<3.75 x EBITDA	<3.5 x EBITDA
Reserve Replacement Ratio (average annual)	75%	100%	125%
Relative Total Shareholders' Return (Officer's Only)	>25th percentile	>50th percentile	>75th percentile

During 2015, the Compensation Committee approved the award of an aggregate of 919,709 contingent restricted stock units to our officers and employees, representing less than 0.60% of our outstanding common shares on the dates the contingent restricted stock units were granted. Our named executive officers were awarded an aggregate of 455,120 contingent restricted stock units during 2015, or 49% of the total contingent restricted stock units granted in fiscal 2015. During 2015, contingent restricted stock units were awarded to all our named executive officers who held their offices during 2015. All contingent restricted stock units granted to our named executive officers in 2015 vest, if at all, only after the end of the three-year performance period for the 2015 LTIP.

2013 Long-Term Incentive Plan

The performance period for the 2013 LTIP began on January 1, 2013 and ended on December 31, 2015. The 2013 LTIP was our first long-term incentive plan to include time-based and performance-based measures. Based on our achievements relative to the 2013 LTIP's performance-based measures and continued employment with the Company by those participants who received an award in connection with the 2013 LTIP relative to the 2013 LTIP's time-based measures, during the first quarter of 2016 our Compensation Committee determined a final payout of the 2013 LTIP at the target level and awarded payouts to eligible executives. Because this was the first payment of an LTIP award since our LTIPs were modified in 2013 to include time-based and performance-based measures, the Compensation Committee elected to pay the time-based portion of the LTIP awards in cash and the performance-based portion of the LTIP awards in shares of our common stock. With respect to all LTIPs we have adopted, awards vest at the time the awards are paid, and participants must be our employees when the awards are distributed in order to receive an award. If the participant is not employed by us on the distribution date, then he/she will not receive the award.

Benefits

We provide benefits to our permanent, full-time employees, including executive officers. These benefits, which are ordinary and customary in our industry, consist of a group medical and dental insurance program for employees and their qualified dependents, group life insurance for employees and their spouses, accidental death and dismemberment coverage for employees, a cafeteria plan which we sponsor and a 401(k) employee savings and protection plan. The costs of these benefits are paid for largely by the Company. We also match employee 401(k) deferral amounts up to a total of 5% of eligible compensation. Our discretionary 401(k) contribution to each qualified participant was calculated based on 8% of the employee's eligible salary during 2015. We pay all administrative costs to maintain the plan. We do not provide a pension or other non-qualified retirement plans, and we do not gross up excise tax on severance payments.

How Elements of Our Compensation Program are Related to Each Other

The various components of our compensation program are related but distinct and are designed to emphasize "pay for performance" with a significant portion of total compensation reflecting a risk aspect tied to our long- and short-term financial and strategic goals. Our compensation philosophy is designed to foster entrepreneurship at all levels of the organization and is focused on employee value and retention by making long-term equity-based incentives a substantial component of our executive compensation. The appropriate level for each compensation component is based in part, but not exclusively, on internal equity and consistency, and other relevant considerations such as rewarding extraordinary performance. Our Compensation Committee has not adopted any formal or informal policies or guidelines for allocating compensation between long-term and currently paid out compensation, between cash and non-cash compensation, or among different forms of non-cash compensation.

Accounting and Tax Considerations

Our compensation program is structured to comply with Internal Revenue Code Sections 162(m) and 409A, with limited exceptions. Under Section 162(m) of the Internal Revenue Code, a limitation was placed on tax deductions of any publicly-held corporation for individual compensation to certain executives of such corporation exceeding \$1,000,000 in any taxable year, unless the compensation is performance-based. If an executive is entitled to nonqualified, deferred compensation benefits that are subject to Section 409A, and such benefits do not comply with Section 409A, then the benefits are taxable in the first year they are not subject to a substantial risk of forfeiture. In such case, the service provider is subject to regular federal income tax, interest and an additional federal income tax of 20% of the benefit includible in income. In addition, we may authorize compensation that does not comply with the exemptions in Section 162(m) when we believe that such compensation is appropriate and in the best interest of our shareholders.

All equity awards to our employees, including executive officers, and to our directors have been granted and reflected in the consolidated financial statements, based upon the applicable accounting guidance, at fair market value on the grant date in accordance with Financial Accounting Standards Board ("FASB")

Stock Ownership Policy

Our stock ownership policy requires: Mr. Watford to own common shares in us having a value at least six times his base salary; our Senior Vice Presidents to own common shares in us having a value at least three times their base salary; our Vice Presidents to own common shares in us having a value at least two times their base salary; and each of our directors to own common shares in us having a value at least three times the value of their cash retainer. Newly-appointed executives and directors have five years to comply with the policy’s guidelines. Until compliance with the stock ownership guideline is achieved, each of our officers is expected to retain 100% of the “net shares” received under our incentive compensation plans. Our CEO will address any shortfall of the required ownership levels on a case by case basis after consideration of the executive’s historical ownership, the reason for the shortfall and the expected period of time for restoring compliance.

Compensation Committee Report

Our senior management and our Compensation Committee have reviewed the Compensation Discussion and Analysis provisions to be included in our year-end 2015 proxy statement filed pursuant to Section 14(a) of the Securities Exchange Act of 1934, as amended, and recommend to our Board that the foregoing compensation discussion and analysis be included in our Annual Report on Form 10-K for our fiscal year ended December 31, 2015 and the year-end 2015 proxy statement.

The amounts in this column represent amounts in addition to the maximum estimated future payout awarded in 2015, 2014 and 2013, respectively, under the AIP.

(2)

The amounts in this column relate to total estimated payouts attributable to 2015, 2014 and 2013, respectively, under our Long-Term Incentive Plans described in “Compensation Discussion and Analysis.” Actual awards under our LTIPs are not payable to the named executive officers until after the end of the three-year performance cycle and adequate time has elapsed to allow for performance measurement. The assumptions utilized in the calculation of amounts related to stock awards are set forth in Footnote 6 to our consolidated financial statements included in our Annual Report on Form 10-K for the year-ended December 31, 2015.

The amounts reflected for the years ended December 31, 2015, 2014 and 2013 assume that the threshold level of performance conditions will be achieved. If the Company ultimately attains the maximum, target, or threshold performance objectives, the associated aggregate compensation, estimated at the grant date, is set forth in the table below. If the actual performance is below the threshold performance objectives, the resulting award may be zero.

Plan

(1)

Represents potential payouts under our 2015 Annual Incentive Plan for the one-year period ending December 2015. Pursuant to the 2015 AIP, the Compensation Committee determined threshold, target and maximum payout amounts for each named executive officer in February 2015. Awards are paid after the end of the one-year period based on the attainment of pre-established performance measures and other factors. The AIP is discussed in further detail under the heading "Compensation Discussion and Analysis."

(2)

Represents potential payouts under our 2015 LTIP awards of contingent restricted stock units for the three-year period ending December 2017. Pursuant to the 2015 LTIP, the Compensation Committee determined target payout amounts for each named executive officer in February 2015. Awards are paid after the end of the three-year period based on the attainment of pre-established performance measures and other factors. The LTIP is discussed in further detail under the heading "Compensation Discussion and Analysis." The assumptions utilized in the calculation of these amounts are set forth in Footnote 6 to our consolidated financial statements included in the Annual Report on Form 10-K for the year ended December 31, 2015.

All contingent restricted stock units granted to our named executive officers in 2015 were awarded under the 2015 Stock Incentive Plan and have an award price based on the fair market value of our common shares on the date of grant. The fair market value, as described in the 2015 Stock Incentive Plan, is the average high and low price of our shares on the date of grant.

Employment Agreement

Together with Mr. Watford, our Chairman, President and Chief Executive Officer, we are parties to an employment agreement that became effective February 1, 2007. The agreement had an initial term of three years and automatically extends for successive one-year periods unless we notify Mr. Watford at least ninety days before the term ends of our intention not to renew the agreement. For each one-year extension, the terms of employment are subject to our approval and the approval of Mr. Watford. In February 2015, we agreed with Mr. Watford to terms of his continued employment for a one-year period. The employment agreement was renewed again in February 2016 for a one-year period ending February 2017.

16

TABLE OF CONTENTS

Under the agreement, Mr. Watford's base salary is reviewed by our Compensation Committee annually for appropriate increases based on Mr. Watford's performance and the then current market conditions for comparable positions. Mr. Watford also participates in our incentive compensation plans. In addition, the agreement provides that any such plans we adopt in the future will be at least as favorable to Mr. Watford as the plans in effect when the agreement was signed. Mr. Watford prepares the applicable performance targets, goals and rewards under such plans for review and approval by our Compensation Committee. We provide Mr. Watford an automobile, and we reimburse him for reasonable business expenses. Mr. Watford is also entitled to participate in any life insurance, disability and health insurance plans we maintain during the term of the agreement.

We may terminate the agreement at any time for any reason or for just cause. Just cause is defined as a breach of the agreement by Mr. Watford or the commission by Mr. Watford of certain illegal acts. Additionally, Mr. Watford may terminate the agreement within two years after any of the following: (i) assignment to Mr. Watford of duties inconsistent with his position as of the date of the agreement; (ii) if we experience a change of control; (iii) our failure to continue to provide Mr. Watford the level of compensation to which he is entitled as of the date of the agreement; (iv) our requiring Mr. Watford to relocate outside of Houston, Texas; or (v) our breach of the agreement.

If the agreement is terminated other than for just cause, if we fail to extend it at the end of the initial term or any one-year extension, or if we and Mr. Watford are unable to agree on the terms of employment for any one-year extension, we are required to pay Mr. Watford a lump sum equal to his most recent annual salary plus his most recent payment under our AIP. In addition, all of Mr. Watford's unvested equity awards will immediately vest upon such termination (or expiration), and be exercisable for one year. We have also agreed to indemnify Mr. Watford for liabilities to which he may be subject as a result of acting as an officer on our behalf or on the behalf of any of our subsidiaries, and to maintain director and officer liability insurance coverage.

Equity Incentive Plan Awards

Our incentive compensation plans are administered by our Compensation Committee as the "Plan Administrator." The Plan Administrator may make awards of shares to our employees, directors, officers and consultants as long as the aggregate number of common shares issuable to any one person pursuant to incentives does not exceed 5% of the number of common shares outstanding at the time of the award. In addition, no participant may receive during any fiscal year awards of incentives covering an aggregate of more than 500,000 common shares. The Plan Administrator determines the vesting requirements and any vesting restrictions or forfeitures that occur in certain circumstances. Incentives may not have an exercise period longer than 10 years. The exercise price of the shares may not be less than the fair market value of the common shares at the time of award, where "fair market value" means the average high and low trading price of the common shares on the date of the award. If we experience a change of control (as defined in our incentive compensation plans) and if our employees are terminated following such a change of control, all outstanding awards are payable in cash at the maximum levels.

CORPORATE GOVERNANCE

Statement of Corporate Governance Practices

We have long believed that good corporate governance is important to ensure our business is managed for the long-term benefit of our shareholders. We periodically review our corporate governance policies and practices and compare them to those suggested by various authorities in corporate governance and to the practices of other public companies. We also continuously review the rules and regulations promulgated under the Sarbanes-Oxley Act of 2002, all new and proposed rules of the Securities and Exchange Commission and all new and proposed listing and compliance standards of the NYSE.

Corporate Governance Guidelines. Our Board adopted the Corporate Governance Guidelines to assist it in the exercise of its responsibilities. These Guidelines are interpreted in the context of all applicable laws and our Certificate of Continuance, Articles of Incorporation, By-laws and other corporate governance documents. The Guidelines are intended to serve as a flexible framework within which the Board may conduct its business and not as a set of legally binding obligations. The Guidelines are available free of charge to the public on our website at <http://www.ultrapetroleum.com>. You may also request a copy of the Guidelines at no cost by making a written or telephone request for copies to Ultra Petroleum Corp., Corporate Secretary, 400 N. Sam Houston Pkwy E., Suite 1200, Houston, TX 77060, (281) 876-0120.

Code of Business Conduct and Ethics. In February 2003, our Board adopted a Code of Business Conduct and Ethics which applies to all of our directors, officers and employees. In connection with the listing of our shares on the NYSE, the Code of Business Conduct and Ethics was amended by the Board in August 2008 to comply with the requirements of the NYSE. As of the date of this report, our Board has not granted any waivers to the Code of Business Conduct and Ethics. The Code of Business Conduct and Ethics is available free of charge on our website at <http://www.ultrapetroleum.com>. You may also request a copy of the Code of Business Conduct and Ethics at no cost by making a written or telephone request for copies to Ultra Petroleum Corp., Corporate Secretary, 400 N. Sam Houston Pkwy E., Suite 1200, Houston, TX 77060, (281) 876-0120. Any amendments to or waivers of the Code of Conduct and Business Ethics will also be posted on our website.

Mandate of the Board and Role in Risk Oversight

Our Board of Directors has explicitly acknowledged its responsibility for the management of our business and affairs and to act with a view to our best interests. The mandate of the Board includes, among other matters: the adoption of a strategic planning process; the assessment of management performance, considering succession planning, and taking responsibility for appointing, training and monitoring senior management; establishing a policy to facilitate communications with shareholders and others involved with us; and addressing the integrity of our internal control and management information systems.

While our full board of directors, with input from each of its committees, oversees our management of risks, our management team is responsible for our day-to-day risk management process. Our Audit Committee reviews, with management as well as our internal and external auditors, our business risk management process, including the adequacy of our overall control environment and controls in selected areas representing significant financial and business risk. The audit committee receives reports from management at least quarterly regarding management's assessment of various risks and considers the impact of risk on our financial position and the adequacy of our risk-related internal controls. In addition, each of the committees of our Board of Directors as well as senior management reports regularly to our full Board regarding risks we face and the steps taken to mitigate those risks. Our Board of Directors met formally five times during the fiscal year ended December 31, 2015. During 2015, all directors attended 100% of the Board meetings. In addition, each committee member attended 100% of committee meetings that occurred during 2015. Two of our directors attended our annual meeting in 2015. We do not currently have a formal policy regarding directors attending our annual meeting.

Board Composition and Independence from Management

The Board has determined that four of our five current directors, Dr. Helton, Mr. McDaniel, Mr. Brown, and Mr. Keeffe, and four of the five nominated directors, Dr. Helton, Mr. McDaniel,

TABLE OF CONTENTS

Mr. Brown, and Mr. Keeffe, are “independent directors” pursuant to the corporate governance standards for companies listed on the NYSE. It is a policy of our Board that a majority of the members of the Board be independent of our management. For a director to be “independent,” the Board affirmatively determines that the director has no material relationship with us that would interfere with the exercise of his or her independent judgment. The director may not be one of our officers or employees or be an officer or employee of any of our affiliates and may not have served in such capacity during the past three years. In addition, a director will not be deemed independent if he or she:

- Has accepted or has an immediate family member who has accepted any payments from us or from any of our affiliates in excess of \$120,000 during the current or any of the past three years. Compensation for board service, payments arising solely from investments in our securities, compensation paid to an immediate family member who is a non-executive employee of ours or of any affiliate of ours, compensation received for former service as an interim Chairman or CEO, or benefits under a tax-qualified retirement plan or non-discretionary compensation are not included in the \$120,000.

- Is an employee of, or has an immediate family member who is an executive officer of, any organization to which we made, or from which we received, payments (other than those arising solely from investments in our securities or payments under non-discretionary charitable contribution matching programs) that exceed 2% of such organization’s consolidated gross revenues for that year, or \$1,000,000, whichever is more, in any of the most recent three fiscal years.

- Is an immediate family member of an individual who is or has been employed by the Company or any parent or subsidiary of the Company as an executive officer during any of the past three years.

- Is an executive officer of another entity where any of our executive officers serve on the compensation committee.

- Is or has an immediate family member who is a current partner of our outside auditor, or was a partner or employee of our outside auditor who worked on our audit at any time during any of the past three years.

Consistent with NYSE requirements and to promote open discussion among our non-management directors, our non-management directors meet in separate executive (private) sessions following each regularly scheduled meeting of our Board. The chairman of such executive sessions, as elected by the independent directors, is Dr. Helton, and he presides at executive sessions of our Board.

Board of Directors’ Leadership Structure

Michael D. Watford is our Chief Executive Officer and Chairman of our Board of Directors. He has served in those positions since January 1999. Mr. Watford is also our largest individual shareholder, controlling nearly 4.0 million shares of our common stock. It is Mr. Watford’s opinion, an opinion shared by our full Board, that our largest individual shareholder and chief executive who is active in the business, as is currently the case and has been the case with Mr. Watford for more than the past 17 years, should hold both roles. In addition, our Board believes that we benefit because our leadership structure (combined Chairman/CEO position, experienced independent directors and Board committees, and regular executive sessions of the non-management directors) provides a strong, unified leadership for our management team and the Board. In addition, during 2012, the Board appointed Dr. Helton as the lead independent director of our Board.

Communication with the Board of Directors

In order to provide our shareholders and other interested parties with a direct and open line of communication to our Board, the Board has adopted the following procedures for communications to directors. Shareholders and other interested persons may communicate with the Chairman of our Audit Committee or with our non-management

directors as a group by written communications addressed in care

22

of Corporate Secretary, Ultra Petroleum Corp., 400 N. Sam Houston Pkwy E., Suite 1200, Houston, TX 77060.

All communications received in accordance with these procedures will be reviewed initially by our senior management. Senior management will relay all such communications to the appropriate director or directors unless it is determined that the communication (i) does not relate to our business or affairs or the functioning or constitution of our Board of Directors or any of its committees; (ii) relates to routine or insignificant matters that do not warrant the attention of the Board of Directors; (iii) is an advertisement or other commercial solicitation or communication; (iv) is frivolous or offensive; or (v) is otherwise not appropriate for delivery to directors.

The director or directors who receive any such communication will have discretion to determine whether the subject matter of the communication should be brought to the attention of the full Board or one or more of its committees and whether any response to the person sending the communication is appropriate. Any such response will be made only in accordance with applicable law and regulations relating to the disclosure of information.

The Corporate Secretary will retain copies of all communications received pursuant to these procedures for a period of at least one year. The Board of Directors will review the effectiveness of these procedures from time to time and, if appropriate, recommend changes.

Board Committees

Our Board has three committees: the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee. The Board may add new committees or remove existing committees as it deems advisable for purposes of fulfilling its primary responsibilities. Each committee will perform its duties as assigned by the Board of Directors in compliance with our by-laws. The committees and their mandates are outlined below.

Audit Committee. The purpose of the Audit Committee is to oversee: the integrity of our financial statements and disclosures; our compliance with legal and regulatory requirements; the qualifications, independence and performance of our independent auditors; the performance of our internal audit function and independent auditors; our internal control systems; and our procedures for monitoring compliance with our Code of Business Conduct and Ethics.

The principal function of the Audit Committee is to assist our Board of Directors in the areas of financial reporting and accounting integrity. As such, it meets periodically with the independent auditors and management, including each in executive session. Management is solely responsible for the financial statements and the financial reporting process, including the system of internal controls. Our independent auditors are responsible for expressing an opinion on the conformity of these financial statements, in all material respects, with accounting principles generally accepted in the United States of America.

Our Audit Committee is responsible for retaining and compensating our independent auditors. The Audit Committee annually reviews and pre-approves the audit, review, attest and permitted non-audit services to be provided during the next audit cycle by our independent auditors. To the extent practicable, at the same meeting the Audit Committee also reviews and approves a budget for each of such services. Services proposed to be provided by the independent auditor that have not been pre-approved during the annual review and the fees for such proposed services must be pre-approved by the Audit Committee. The Audit Committee has delegated to the Chairman of the Audit Committee authority to approve permitted services provided that the Chairman reports any decisions to the Audit Committee at its next scheduled meeting.

All requests or applications for the independent auditor to provide services to us must be submitted to the Audit Committee by the independent auditor and management and must state whether, in the view of the submitting party, the request or application is consistent with applicable laws, rules and regulations relating to auditor independence. In the event that any member of management or the independent auditor becomes aware that any services are being, or have been, provided to us by the independent auditor without the requisite pre-approval, such individual must immediately notify the Chief Financial Officer, who must

TABLE OF CONTENTS

promptly notify the Chairman of the Audit Committee and appropriate management so that prompt action may be taken to the extent deemed necessary or advisable.

For meetings held during 2015, the Audit Committee was comprised of Messrs. Keffe, McDaniel, Helton and Brown. The Board of Directors has affirmatively determined that each of the members is financially literate and is “independent” for purposes of NYSE rules applicable to members of the audit committee, meaning that the director has no relationship with us that may interfere with his independence from us and our management. Additionally, our Board of Directors has determined that Mr. McDaniel and Mr. Keffe are each an “audit committee financial expert.” The Audit Committee held four meetings during 2015, and all members attended all meetings during the year. The Audit Committee Charter is available free of charge to the public on our website at <http://www.ultrapetroleum.com>. You may also request a copy of the Audit Committee Charter at no cost by making a written or telephone request for copies to Ultra Petroleum Corp., Corporate Secretary, 400 N. Sam Houston Pkwy E., Suite 1200, Houston, TX 77060, (281) 876-0120.

Compensation Committee. The purpose of our Compensation Committee is to: assist the Board in the discharge of its fiduciary responsibilities relating to the compensation of our Chief Executive Officer and other executives; approve and administer our incentive compensation plans; establish targets and measure performance against those targets; and prepare an annual report on executive compensation. For meetings held during 2015, the members of our Compensation Committee were Messrs. Helton, McDaniel, Brown and Keffe. The Board determined that each of the members is independent for purposes of NYSE rules. Our Compensation Committee held four meetings during 2015, and all members attended all meetings during the year. The Compensation Committee Charter is available free of charge to the public on our website at <http://www.ultrapetroleum.com>. You may also request a copy of the Compensation Committee Charter at no cost by making a written or telephone request for copies to Ultra Petroleum Corp., Corporate Secretary, 400 N. Sam Houston Pkwy E., Suite 1200, Houston, TX 77060, (281) 876-0120.

Nominating and Corporate Governance Committee. The purpose of the Nominating and Corporate Governance Committee (“Nominating Committee”) is to: identify and recommend to the Board individuals qualified to be nominated for election to the Board; recommend to the Board the members and Chairperson for each Board committee; and periodically review and assess our Corporate Governance Principles and Code of Business Conduct and Ethics and make recommendations for changes thereto to the Board. The Board of Directors has determined that each member of this Committee is independent for purposes of NYSE rules. During 2015, this Committee was comprised of Messrs. Brown, Helton, McDaniel, and Keffe. The Nominating Committee met one time during 2015 and all members attended the meeting. In accordance with our Corporate Governance Principles and with the Nominating Committee’s Charter, the Nominating Committee performs the functions listed above, which includes an assessment of whether our Board has the necessary diversity of skills, backgrounds, and experiences to meet our ongoing needs. The Nominating Committee Charter is available free of charge to the public in print or on our website at <http://www.ultrapetroleum.com>. You may also request a copy of the Nominating Committee Charter at no cost by making a written or telephone request for copies to Ultra Petroleum Corp., Corporate Secretary, 400 N. Sam Houston Pkwy E., Suite 1200, Houston, TX 77060, (281) 876-0120.

Identifying and Evaluating Director Nominees.

The Board of Directors has established certain criteria that it and the Nominating Committee use as guidelines in considering nominations to our Board. The criteria include: personal characteristics, including such matters as integrity, age, education, financial independence, diversity of background, gender and ethnic diversity, skills and experience, absence of potential conflicts of interest with us and our operations, willingness to exercise independent judgment, and the availability and willingness to devote sufficient time to the duties as one of our directors; experience in corporate management; experience as a board member of another company; practical and mature business judgment; and in the case of an incumbent director, past performance on our Board. The criteria are not exhaustive and the Board of Directors and the Nominating Committee may consider other qualifications and attributes which they believe are appropriate

TABLE OF CONTENTS

in evaluating the ability of an individual to serve on our Board. Our goal is to assemble a board of directors with a variety of perspectives and skills derived from high quality business and professional experience. In doing so, the Board of Directors and the Nominating Committee also consider candidates with appropriate non-business backgrounds.

The Board of Directors and our Nominating Committee believe that, based on their knowledge of our corporate governance principles and the needs and qualifications of the Board at any given time, the Board, with the help of the Nominating Committee, is best equipped to select nominees that will result in a well-qualified and well-rounded board of directors. Accordingly, it is the policy of the Board not to accept unsolicited nominations from shareholders. In making its nominations, the Board and the Nominating Committee identify nominees by first evaluating the current members of the Board willing to continue their service. Current members with qualifications and skills that are consistent with the criteria for Board service are re-nominated. As to new candidates, the Board and the Nominating Committee members discuss among themselves and members of management their respective recommendations. The Board and the Nominating Committee may also review the composition and qualification of the boards of directors of our competitors, seek input from industry experts or analysts and commission a formal director search to help identify qualified candidates. The Board and the Nominating Committee review the qualifications, experience and background of the candidates. Final candidates are interviewed by the independent directors and executive management. In making determinations, the Board and the Nominating Committee evaluate each individual in the context of the Board as a whole, with the objective of assembling a group that can best represent shareholder interests through the exercise of sound judgment. After review and deliberation of all feedback and data, the Board of Directors slates the nominees. The Nominating Committee, and the Board as a whole, believes each slated nominee possesses some or all of the desired qualifications and attributes.

In the section below entitled “Proposal 1 — Election of Directors,” biographical information is furnished with respect to each of the nominees for election at the upcoming Annual Meeting, together with a discussion of how each nominee’s experience, qualifications, attributes and skills led us to conclude such nominee should serve as one of our directors.

Compensation Committee Interlocks and Insider Participation

There were no Compensation Committee interlocks nor insider (employee) participation during 2015.

Certain Transactions

In the ordinary course of our business, we purchase products or services from, or engage in other transactions with, various third parties. Occasionally, these transactions may involve entities that are affiliated with one or more members of our Board. When they occur, these transactions are conducted in the ordinary course and on an arms-length basis.

Review and Approval of Related Party Transactions.

We review all relationships and transactions in which we and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. We have developed and implemented processes and controls to obtain information from our directors and executive officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether we or a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to us or a related person are disclosed in our annual proxy statement. In addition, our Nominating and Corporate Governance Committee or our Board (if appropriate) reviews and approves or ratifies any related person transaction that is required to be disclosed. In the course of its review and approval or ratification of a disclosable related person transaction, consideration is given to:

- the nature of the related person’s interest in the transaction;
- the material terms of the transaction, including, without limitation, the amount and type of transaction;

TABLE OF CONTENTS

- the importance of the transaction to the related person;
- the importance of the transaction to us;
- whether the transaction would impair the judgment of a director or executive officer to act in our best interest; and
- any other matters deemed appropriate.

Any director who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction; provided, however, that such director may be counted in determining the presence of a quorum at the meeting where the transaction is considered.

Related Party Transactions.

Since the beginning of fiscal year 2015, there have been no transactions in excess of \$120,000 between us and a related person in which the related person had a direct or indirect material interest.

Acting pursuant to its Charter, our Audit Committee reviewed and discussed our audited financial statements at, and for the year ended, December 31, 2015 with management and our independent auditors and recommended to our Board of Directors that the financial statements be included in our Annual Report on Form 10-K for 2015. PROPOSAL 3

ADVISORY VOTE REGARDING EXECUTIVE COMPENSATION

As required by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, we are providing our shareholders with an advisory (non-binding) vote on the compensation of our named executive officers (sometimes referred to as “say on pay”).

We encourage our shareholders to read the “Compensation Discussion and Analysis” and “Executive Compensation and Other Related Information” sections of this proxy statement for a detailed discussion of our compensation programs and policies, compensation and governance-related actions we have taken during 2015 and the compensation awarded to our named executive officers. We are focused on compensating our named executive officers fairly and in a manner that promotes our compensation philosophy as described in the “Compensation Discussion and Analysis” section of this proxy statement.

Our Board believes our executive compensation program satisfies these objectives, properly aligns the interests of our executive officers with our shareholders’ interests, and is worthy of shareholder support.

Accordingly, the Board recommends shareholders vote in favor of the following resolution:

Resolved, the shareholders of Ultra Petroleum Corp. hereby approve, on an advisory basis, the compensation paid to its named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the accompanying compensation tables, and the related narrative discussion, in its most recent proxy statement.

This is an advisory vote; it is not binding on our Board or the Company. Although this vote is advisory, our Board and our Compensation Committee, which is comprised entirely of independent directors, will review the results of the vote and take the results of the vote into consideration in future executive compensation decisions.

In the absence of instructions to the contrary, shares represented by a properly completed and deposited proxy will be voted “FOR” the resolution.

SHAREHOLDER PROPOSALS FOR 2017 ANNUAL MEETING

Any shareholder who intends to present a proposal at the 2017 Annual Meeting of Shareholders for inclusion in the proxy statement and proxy card relating to that meeting is advised that the proposal must be received by us at our principal executive offices not later than December 13, 2016. We will not be required to include in our proxy statement or proxy card any shareholder proposal which is received after that date or which otherwise fails to meet requirements for shareholder proposals established by regulations of the SEC. If the date of the 2017 Annual Meeting is changed by more than 30 days from the first anniversary of the date of the 2016 Annual Meeting, the deadline for submitting proposals to be included in our year-end 2016 proxy statement is a reasonable time before we begin to print and mail proxy materials for our 2017 Annual Meeting. In order to avoid controversy as to the date on which we receive any such proposal, we suggest shareholders submit their proposals by certified mail, return receipt requested, or other means that permit them to prove the date of delivery.

The persons named in our proxy card for the Annual Meeting will have discretionary authority to vote any proxies they hold at such meeting on any matter for which we do not receive notice by February 27, 2016. If we change the date of the Annual Meeting by more than 30 days from the first anniversary of the date of the prior Annual Meeting, the persons named in our 2015 proxy statement will be able to exercise discretionary authority if notice of the matter has not been received in a reasonable time before we mail our proxy materials for the Annual Meeting. If the date of the Annual Meeting is advanced or delayed by more than 30 calendar days from the first anniversary of the date of the prior Annual Meeting, we shall, in a timely manner, inform shareholders of such change, by including a notice, under Item 5, in our earliest possible quarterly report on Form 10-Q. The notice will include the new deadline for submitting proposals to be included in our proxy statement and the new date for determining whether we may exercise discretionary voting authority because we have not received timely notice of a matter.

DELIVERY OF DOCUMENTS TO SHAREHOLDERS SHARING AN ADDRESS

In some cases, only one copy of our proxy materials is being delivered to multiple shareholders sharing an address. Upon written or oral request, we will promptly deliver a separate copy of our proxy materials to a shareholder at a shared address to which a single copy of the document was delivered. To request separate or multiple delivery of these materials now or in the future, a shareholder may submit a written request to the Corporate Secretary, Ultra Petroleum Corp., 400 N. Sam Houston Pkwy E., Suite 1200, Houston, TX 77060 or an oral request by calling the Corporate Secretary at (281) 876-0120.

OTHER MATTERS

At the Annual Meeting, shareholders will receive and consider our consolidated financial statements for the year ended December 31, 2015 and the auditor's report thereon, but no vote by the shareholders with respect thereto is required or proposed to be taken. Management knows of no amendment or other matters to come before the Annual Meeting other than the matters referred to in the Notice of Annual Meeting. However, if any other matter properly comes before the Annual Meeting, the accompanying proxy will be voted on such matter at the discretion of the person or persons voting the proxy. All information contained in this proxy statement relating to the occupations, affiliations and securities holdings of our directors and officers and their relationship and transactions with us is based upon information received from the individual directors and officers.
