PROXY STATEMENT
2019 ANNUAL MEETING OF STOCKHOLDERS

General

We are furnishing this proxy statement and the enclosed proxy in connection with the solicitation of proxies by our Board of Directors (the “Board”) for use at the Annual Meeting of Stockholders of Corcept Therapeutics Incorporated (the “Company”) to be held on Tuesday, June 18, 2019 at 7:30 a.m. local time, at 149 Commonwealth Drive, Menlo Park, California 94025 and at any adjournments thereof (the “Annual Meeting”). This proxy statement and accompanying proxy card are being first mailed to stockholders on or about April 26, 2019.

Who Can Vote

Only holders of our common stock at the close of business on April 22, 2019 (the “Record Date”) are entitled to vote at the Annual Meeting. Stockholders who hold shares of our common stock in “street name” may vote at the Annual Meeting only if they hold a valid proxy from their broker.

Shares Outstanding and Quorum

As of the Record Date, there were 114,825,732 shares of our common stock outstanding. A majority of the outstanding shares of our common stock entitled to vote at the Annual Meeting must be present in person or by proxy in order for there to be a quorum at the meeting. Stockholders of record who are present at the meeting in person or by proxy and who withhold votes or abstain from voting and broker non-votes will be included in the number of shares present at the meeting for purposes of determining whether a quorum is present.

Voting Rights

Each stockholder of record is entitled to one vote at the Annual Meeting for each share of common stock held by such stockholder on the Record Date. Stockholders may vote their shares by using the proxy card enclosed with this proxy statement. Stockholders do not have cumulative voting rights. All proxies we receive which are properly voted, whether by signed proxy card or by telephonic or internet voting, that have not been revoked will be voted in accordance with the instructions contained in the proxy. If a proxy is received which does not specify a vote or an abstention, the shares represented by that proxy will be voted (a) for each of the nominees to the Board listed on the proxy card and in this proxy statement and (b) for the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019. We are not aware, as of the date hereof, of any matters to be voted upon at the Annual Meeting other than those stated in this proxy statement and the accompanying Notice of Annual Meeting of Stockholders. If any other matters are properly brought before the Annual Meeting, the enclosed proxy card gives discretionary authority to the persons named as proxies to vote the shares represented by the proxy card in their discretion.

Votes Required to Approve Each Proposal

The holders of a majority of the outstanding shares of common stock entitled to vote at the meeting, present in person or by proxy, shall constitute a quorum for the Annual Meeting. If a quorum is not present at the meeting, the chairman of the meeting may adjourn the meeting to another place, date or time. If a quorum exists at the Annual Meeting, the stockholders will be entitled to vote on the following proposals:

- election of directors (Proposal No. 1); and
- ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019 (Proposal No. 2)

Directors will be elected by a plurality of the votes cast, which means that the five director nominees who receive the highest number of shares voted “FOR” their election will be elected.

Adoption of all other proposals requires the affirmative vote of a majority of the votes cast affirmatively or negatively, meaning that the number of shares voted “FOR” a proposal must exceed the number of shares voted “against” such proposal.

Withhold votes, abstentions and broker non-votes will have no impact on the outcome of the proposals and will only be counted for purpose of determining whether a quorum exists.

Revocability of Proxies

A stockholder of record may revoke a proxy at any time before it is voted at the Annual Meeting by (a) delivering a proxy revocation or another duly executed proxy bearing a later date to the Secretary of our company at 149 Commonwealth Drive, Menlo Park, California 94025 or (b) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not revoke a proxy unless the stockholder votes in person at the meeting.

Solicitation of Proxies

The proxy card accompanying this proxy statement is solicited by our Board. We will pay the costs of soliciting proxies. In addition to solicitation by mail, our officers, directors and employees may solicit proxies personally or by telephone without receiving additional compensation. If requested, we will pay brokers, banks and other fiduciaries that hold shares of common stock for beneficial owners the reasonable out-of-pocket cost of forwarding the proxy statement and proxy card to stockholders.

Householding of Proxy Materials

“Householding” is a procedure approved by the Securities and Exchange Commission (the “SEC”) under which stockholders who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our proxy statement from us or a bank, broker or other intermediary, unless one or more of these stockholders notifies us, the bank, broker or other intermediary that they wish to continue to receive individual copies. We do not “household” for any of our stockholders of record. However, as explained below, your bank, broker or other intermediary may be householding your account if you hold your shares in street name.

If you hold shares in street name, your bank, broker or other intermediary may deliver only one copy of our proxy statement to multiple stockholders of the same household who share the same address, and may continue to do so, unless your bank, broker or other intermediary has received contrary instructions from one or more of the affected stockholders in the household. If you are such a beneficial holder, contact your bank, broker or other intermediary to receive a separate set of our proxy materials.

DIRECTOR NOMINATION

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee is responsible for, among other things, identifying individuals qualified to serve as members of the Board, recommending to the Board nominees for election as directors and providing oversight with respect to corporate governance and ethical conduct. The Corporate Governance and Nominating Committee's charter is available at www.corcept.com. The Committee currently consists of David L. Mahoney (Chairman), Daniel M. Bradbury and Renée D. Galá. Following the 2019 Annual Meeting of Stockholders, assuming the election of each director nominee herein, the Corporate Governance and Nominating Committee will consist of G. Leonard Baker, Jr. (Chairman) and David L. Mahoney. The Board has determined that all members of the Corporate Governance and Nominating Committee are independent under the rules of the Nasdaq Stock Market. The Corporate Governance and Nominating Committee met four times during 2018. In accordance with the requirements of the Nasdaq Stock Market, the Corporate Governance and Nominating Committee recommends director candidates to the Board for review and approval.

The information below describes the criteria the Corporate Governance and Nominating Committee applies and the process it uses to evaluate candidates for director.

Board Membership Criteria. The Corporate Governance and Nominating Committee's goal is to identify director candidates with the skills and judgment to serve on our Board and to seek out candidates with a broad diversity of background and experience. The Corporate Governance and Nominating Committee also seeks to ensure that a majority of the directors are independent under the rules of the Nasdaq Stock Market, that the Audit Committee and Compensation Committee are each composed of independent directors, and that members of the Audit Committee possess the accounting and financial expertise the Nasdaq Stock Market and SEC rules require.

Process for Identifying and Evaluating Nominees. The Corporate Governance and Nominating Committee initiates the process for identifying and evaluating nominees to the Board by identifying a slate of candidates who meet the criteria for selection as nominees and have the specific qualities or skills being sought based on input from members of the Board, management and, if the Corporate Governance and Nominating Committee deems appropriate, a third-party search firm. The Corporate Governance and Nominating Committee will also consider recommendations for nominees by stockholders on the same basis.

With respect to candidates for initial election to the Board, the Corporate Governance and Nominating Committee also reviews biographical information and qualifications and checks the candidate's references. Qualified candidates are interviewed by at least one member of the Corporate Governance and Nominating Committee. Serious candidates meet, either in person or by telephone, with all members of the Corporate Governance and Nominating Committee and as many other members of the Board as practicable.

Based on interviews and other information, the Corporate Governance and Nominating Committee evaluates which of the prospective candidates is qualified to serve as a director and whether the Committee should recommend to the independent members of the Board that the Board nominate, or elect to fill a vacancy with, a prospective candidate. Candidates recommended by the Corporate Governance and Nominating Committee are presented to the Board for selection as nominees to be presented for the approval of the stockholders or for election to fill a vacancy. The Corporate Governance and Nominating Committee expects that a similar process will be used to evaluate nominees recommended by stockholders.

Stockholders Proposals for Nominees. The Corporate Governance and Nominating Committee will consider written proposals from stockholders for nominees for director. Such nominations should be submitted to the Secretary of our Company and should include the following information: (a) all information required by Regulation 14A of the Securities Exchange Act of 1934, as amended ("Exchange Act"), including such person's written consent to being named in the proxy statement as a nominee and willingness to serve as a director; (b) the name(s) and address(es) of the stockholder(s) making the nomination and the number of shares of our common stock which are owned beneficially and of record by such stockholder(s); and (c) biographical information and a statement as to the qualifications of the nominee. Our Amended and Restated Bylaws provide that advance notice of a stockholder's proposal to be brought

before the 2020 Annual Meeting of Stockholders, including director nominations, must be delivered to the Secretary of our company at our principal executive offices not earlier than 120 days (December 28, 2019) and not later than 90 days (January 27, 2020) prior to the anniversary of the mailing date of the proxy materials for the previous year's annual meeting. Our Amended and Restated Bylaws also provide that in the event that the annual meeting is advanced by more than 30 days prior to or delayed by more than 60 days after the anniversary date of the preceding year's annual meeting, this advance notice must be received not later than the close of business on the later of (i) the 120th day prior to such annual meeting or (ii) the 10th day following the day on which public announcement of the date of such meeting is first made.

Nominees to the Board of Directors for the Annual Meeting. The nominees for the Annual Meeting were recommended for selection by the Corporate Governance and Nominating Committee and were selected by the Board.

BOARD MEETINGS AND COMMITTEES

The Board met four times in 2018. In addition to the Corporate Governance and Nominating Committee, which is described above, the Board has Audit and Compensation Committees. The Audit Committee met five times and the Compensation Committee met one time in 2018. Each member of the Board attended 75 percent or more of the total number of Board meetings and meetings of Board committees on which such Board member served. The independent directors of the Board met in executive sessions four times in 2018.

We encourage our directors to attend the annual stockholder meetings. Two of them attended the 2018 annual stockholder meeting.

Audit Committee. In 2018, the Audit Committee consisted of Daniel N. Swisher, Jr. (Chairman), Renée D. Galá and David L. Mahoney. Following the 2019 Annual Meeting of Stockholders, assuming the election of each director nominee herein, the Audit Committee will consist of Daniel Swisher Jr. (Chairman), David L. Mahoney and James N. Wilson. The Board has determined that all members of the Audit Committee are independent under the rules of the Nasdaq Stock Market and that each of them can read and understand financial statements. In addition, the Board has determined that each member of the Audit Committee satisfies the independence requirements of Rule 10A-3(b)(1) of the Exchange Act. The Board has determined that each of Messrs. Swisher, Mahoney and Wilson and Ms. Galá qualifies as an “Audit Committee financial expert” as defined by Item 407(d)(5) of Regulation S-K of the Securities Act and the Exchange Act. The purpose of the Audit Committee is to oversee the accounting and financial reporting processes and financial statements audits. The responsibilities of the Audit Committee include appointing and providing for the compensation of the independent registered public accounting firm to conduct the annual audit of our accounts, reviewing the scope and results of the independent audits, reviewing and evaluating internal accounting policies, and approving all professional services to be provided to us by our independent registered public accounting firm. The Audit Committee charter is available at www.corcept.com.

Compensation Committee. In 2018, the Compensation Committee consisted of G. Leonard Baker, Jr. (Chairman), Daniel M. Bradbury and Daniel N. Swisher, Jr. Following the 2019 Annual Meeting of Stockholders, assuming the election of each director nominee herein, the Compensation Committee will consist of David L. Mahoney (Chairman), G. Leonard Baker, Jr. and Daniel Swisher Jr. The Board has determined that all members of the Compensation Committee are independent under the rules of the Nasdaq Stock Market. The Compensation Committee reviews and approves, subject to stockholder or Board approval as required, (i) our incentive, equity-based compensatory plans and (ii) any benefit, compensation or severance arrangements with our named executive officers or in which they participate. In addition, the Committee reviews and approves corporate goals relevant to our chief executive officer’s compensation and recommends the structure and amount of such compensation to the Board for its review and approval. The Committee also reviews the compensation and benefits offered to nonemployee directors and recommends changes to the Board, as appropriate. The Committee’s charter permits it to delegate its authority and responsibilities as it deems appropriate to individual members of the Committee or to a subcommittee of Committee members. The Compensation Committee’s charter is available at www.corcept.com.

BOARD LEADERSHIP STRUCTURE AND ROLE IN RISK OVERSIGHT

Board Leadership Structure. We are committed to sound corporate governance practices and value independent board oversight as an essential component of strong corporate performance. Five of our seven directors qualify as independent under the rules of the Nasdaq Stock Market, and, following the 2019 Annual Meeting of Stockholders, assuming the election of each director nominee herein, four of our five directors will qualify as independent under the rules of the Nasdaq Stock Market. In February 2019, our Board reviewed the independence of each director and considered whether any director has a material relationship with us that could compromise his or her ability to exercise independent judgment in carrying out his or her responsibilities. As a result of this review, our Board determined that the following directors are “independent” under the rules of the Nasdaq Stock Market:

G. Leonard Baker, Jr.

Daniel M. Bradbury

Renée D. Galá

David L. Mahoney

Daniel N. Swisher, Jr.

Our Board also determined that, as of June 1, 2019, James N. Wilson will be “independent” under the rules of the Nasdaq Stock Market, provided that there is no intervening event that would affect Mr. Wilson’s independence between the date of the Board’s determination and June 1, 2019.

In accordance with our Amended and Restated Bylaws, our Board appoints our officers, including our Chief Executive Officer. Our Board does not have a policy on whether the role of the Chairman of the Board and Chief Executive Officer should be separate and whether a lead independent director should be selected. Currently, we separate the roles of Chief Executive Officer and Chairman of the Board. The Chief Executive Officer is responsible for setting Corcept’s strategic direction and its day-to-day leadership and performance. The Chairman of the Board provides guidance to the Chief Executive Officer, sets the agenda for Board meetings and presides over meetings of the full Board. Our Chief Executive Officer, Joseph K. Belanoff, M.D., is an employee of our company and is therefore not “independent” under the rules of the Nasdaq Stock Market. Our Board believes that its current leadership structure is appropriate for Corcept and its stockholders.

Risk Oversight. The Board oversees our risk exposure and the steps management has undertaken to control our business, financial and other risks. The Board continuously assesses the risks we face and reviews our strategic plan at least annually. Although the Board bears ultimate responsibility for the Company’s risk management, the Audit Committee oversees management of risks arising from our accounting policies and practices, financial reporting, SEC compliance and potential director or named executive officer conflicts of interest. The Compensation Committee oversees director and executive officer compensation and strives to create compensation incentives that discourage risk-taking inconsistent with our business strategy. The Corporate Governance and Nominating Committee oversees management of risks associated with corporate governance and regulatory compliance. Each committee regularly reports to the full Board.

COMMUNICATIONS WITH DIRECTORS

Stockholders or other interested parties may communicate with any director or committee of our Board by writing to them c/o Secretary, Corcept Therapeutics Incorporated, 149 Commonwealth Drive, Menlo Park, California 94025. Comments or questions regarding our accounting, internal controls or auditing matters will be referred to the Audit Committee. Comments or questions regarding the nomination of directors and other corporate governance matters will be referred to the Corporate Governance and Nominating Committee.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Our Compensation Committee consists of G. Leonard Baker, Jr. (Chairman), Daniel M. Bradbury and Daniel N. Swisher, Jr., none whom is currently, or has been, an officer or employee of our company. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

As a matter of policy, all related party transactions between us and any of our officers, directors or principal stockholders are reviewed and approved by our Audit Committee, as set forth in its charter, or a majority of the independent and disinterested members of our Board, to ensure they are on terms no less favorable to us than could be obtained from unaffiliated third parties and have bona fide business purposes. In 2018, there were no related party transactions.

Severance and Change in Control Agreements. We have entered into severance and change in control agreements with our executive officers. The agreements provide that, if employment is terminated without cause or for good reason regardless of whether it is in connection with a change in control, the executive will continue to receive, for 12 months, his or her base salary and continued health insurance coverage. The agreements also provide for full vesting of the terminated executive's outstanding equity awards in the event the termination occurs, with or without cause, within 18 months following a change in control.

Director Indemnification Agreements. We have entered into indemnification agreements with our directors and executive officers. Such agreements require us, among other things, to indemnify our officers and directors, for any event or occurrence related to the fact that the indemnified officer and/or director is or was a director, officer, employee, consultant, agent or fiduciary of or to the Company, or is or was serving at the request of the Board as a director, officer, employee, trustee, agent or fiduciary of another corporation, partnership, joint venture, employee benefit plan, trust or other enterprise, or by reason of anything done or not done by such indemnified person in any such capacity, other than for liabilities arising from willful misconduct, and to advance any expenses incurred as a result of any proceeding subject to indemnification.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our goal is to offer competitive compensation that rewards good performance in both the short- and long-term. We pay direct compensation consisting of base salary, cash bonuses for the achievement of significant corporate goals and long-term equity incentive awards. The Compensation Committee has primary responsibility for the design and administration of our executive compensation program.

This section discusses the principles underlying our policies with respect to the compensation of the named executive officers included in the “Summary Compensation Table” and the factors that determined the compensation decisions we made in 2018. Our named executive officers for 2018 were Joseph K. Belanoff, M.D., Chief Executive Officer and President; G. Charles Robb, Chief Financial Officer and Secretary; Sean Maduck, Senior Vice President, Commercial; and Robert S. Fishman, Chief Medical Officer.

Mr. Maduck was appointed as an executive officer on February 7, 2018. On November 13, 2018, Dr. Fishman announced his intention to resign. His last day at Corcept was January 31, 2019.

Executive Summary

In 2018, we achieved significant clinical, commercial and financial goals:

Generated strongly positive efficacy and safety data in the Phase 2 trial of our proprietary selective cortisol modulator, relacorilant, to treat patients with hypercortisolism. We also started its Phase 3 trial.

Successfully completed the Phase 1 trial of our proprietary selective cortisol modulator, CORT118335, which has shown promise as a potential treatment for two wide-spread, life-threatening diseases - antipsychotic-induced weight gain and non-alcoholic steatohepatitis (commonly referred to as “NASH”).

Generated encouraging data in our Phase 1/2 trial of relacorilant in combination with nab-paclitaxel (Celgene Corporation’s drug, Abraxan®) to treat patients with a variety of solid tumors, in particular advanced ovarian cancer and metastatic pancreatic cancer.

Increased revenue from the sale of Korlym® for the treatment of patients with hypercortisolism from \$159.2 million in 2017 to \$251.2 million in 2018.

Increased our cash and investments by 98.8 percent, to \$206.8 million.

Executive Compensation 2018 Program Overview

Based on our compensation principles and in light of both company and individual performance, the Compensation Committee took the following actions with respect to the compensation for our named executive officers for 2018: Base Salary. Effective February 1, 2018, the Compensation Committee recommended, and the Board approved, a 5.0 percent increase to the annual base salary of Dr. Belanoff, a 10.0 percent increases to the annual base salaries of Mr. Robb and Mr. Maduck and a 4.0 percent increase to the base salary of Mr. Fishman.

Bonuses. In accordance with our practice of awarding cash bonuses for the achievement of significant corporate goals, in February 2019, we paid bonuses to all employees of the company, including our named executive officers, in recognition of the accomplishments described above.

Equity Awards. In February 2018, the Compensation Committee recommended, and the Board approved, the grant of options to each of our named executive officers. These awards vest monthly over a four-year period, subject to the named executive officer’s continued employment. The Board made these grants as an incentive for the recipients’ continued service and to align their interests with the interests of the company’s stockholders.

Strong Stockholder Support for our Compensation Decisions

Ninety-five percent of the voting stockholders at our 2017 annual meeting voted to approve the 2016 compensation of our named executive officers. Fifty-eight percent approved our practice of submitting the compensation of named executive officers to a non-binding stockholder vote once every three years. In light of this support, the Compensation Committee did not change the design of our compensation programs during 2018. The Compensation Committee's objective will continue to be aligning management's interests with those of our stockholders' in long-term value creation. We plan to hold our next advisory vote with respect to named executive officer compensation at our 2020 annual meeting.

Compensation Principles and Objectives

Our compensation program is meant to attract, motivate and retain highly-qualified executive officers by paying them competitively and in a manner that reflects Corcept's performance and their contributions to Corcept's success. Each year the Board sets goals designed to link each named executive officer's compensation to significant increases in Corcept's long-term value. These goals reference the attainment of research, development, commercial and financial objectives, which the Board evaluates at end of the year. Because drug development can take many years, the largest portion of our named executives' compensation consists of option grants that are subject to extended vesting periods and reward achievements that increase stockholder value in the long term.

Except for their salaries, compensation for our named executive officers is performance-based. The Compensation Committee determines the structure and amount of performance-based compensation based on the its members' knowledge of the most effective practices in the biotechnology and specialty pharmaceutical industries.

These are the Compensation Committee's objectives:

- Align executive and stockholder interests by providing equity awards and bonuses that are tied to company and individual performance in both the short- and long-term;
- Make sure compensation is competitive by relying on the Compensation Committee members' expertise and many years' experience with companies both inside and outside the pharmaceutical industry, recognizing that because of our business model, there may be few directly comparable companies; and
- Recognize that optimum compensation practices for a company with relatively few employees may be substantially different than those for a larger company.

The Chairman of the Board and the members of the Compensation Committee are seasoned executives of, consultants to, or venture capitalists with investments in, the biotechnology and specialty pharmaceutical industry. Collectively the Chairman of the Board and members of the Compensation Committee in 2018 have served as board and compensation committee members of many public and privately held companies including NuGen, Jazz Pharmaceuticals, Aimmune Therapeutics, Symantec, Sunesis Pharmaceuticals, Adamas Pharmaceuticals, Intercept Pharmaceuticals, Geron Corporation and Cerus Corporation. As a result of this extensive involvement in the compensation of executives at these and other companies, we believe that the Chairman of the Board and the members of the Compensation Committee (as well as our other Board members) clearly understand the compensation structures and amounts that are necessary to attract, motivate and retain management talent in our industry.

Determination of Compensation

The Compensation Committee reviews the performance of our named executive officers annually. To aid the Compensation Committee in its deliberations, our Chief Executive Officer reviews the performance of all executives other than himself and makes compensation recommendations regarding them. The Compensation Committee bases its review on the Chief Executive Officer's input and on its independent evaluation of the achievements of Corcept and of each executive during the period. The Compensation Committee or, with the Compensation Committee's input, the Board then sets salaries, performance bonuses and grants of stock options, taking into account its members' understanding of compensation practices in the biotechnology and pharmaceutical industry and the members' experiences as executives, consultants, board and compensation committee members, and investors in such

companies.

Tax Considerations

In making its compensation determinations, our Compensation Committee considers the impact of Section 162(m) of the Internal Revenue Code of 1986, as amended, which limits the tax deductibility by us of annual compensation in excess of \$1,000,000 paid to our named executive officers.

While the tax impact of any compensation arrangement is one factor to be considered, such impact is evaluated in light of the Compensation Committee's overall compensation philosophy and objectives. The Compensation Committee considers ways to maximize the deductibility of executive compensation, while retaining the flexibility to compensate officers in a manner commensurate with their performance and the competitive market for executive talent. The Compensation Committee may award compensation to our named executive officers that may not be fully deductible if it determines that such compensation is in our stockholders' best interests and is consistent with our compensation principles.

Elements of Executive Compensation

Base Salary

The Compensation Committee or, with Compensation Committee input, the Board determines our executives' salaries based on its members' many years of assessing competitive market rates and the salaries required to attract, motivate and retain talented executives. Each year the Compensation Committee and the Board reviews the Chief Executive Officer's base salary to determine if a change is appropriate based on its assessment of market trends and our company's commercial and clinical performance. The Compensation Committee applies similar scrutiny to the salaries of our other officers, with input from the Chief Executive Officer. Base salary increases are not determined formulaically. Based on the Compensation Committee's and the Board's assessment of market trends, the Compensation Committee recommended and the Board approved the following base salary increases effective February 1, 2018: a 5.0 percent increase to the annual base salary of Dr. Belanoff, a 10.0 percent increase to the annual salaries of Mr. Robb and Mr. Maduck and a 4.0 percent increase to the base salary of Mr. Fishman.

Performance-Based Compensation

Cash Bonus. We pay discretionary bonuses annually based on the Compensation Committee's or, with the Compensation Committee's input, the Board's assessment of our company's achievement of significant corporate goals and each named executive officer's contribution to such achievements. The Compensation Committee and the Board believe that the best way to ensure that our executives' compensation is aligned with our business objectives and the interests of stockholders is to retain the discretion to pay bonuses when significant goals are met, such as the successful completion of a clinical trial, approval of a new product, a significant increase in revenue or profitability, and substantial improvements in our management or operational capabilities.

In February 2019, the Compensation Committee and the Board evaluated the performance of our company and each of our named executive officers with respect to our short- and long-term goals. The Compensation Committee and the Board reviewed the accomplishments set forth in the Executive Summary above, including generation of strong positive efficacy and safety data in the Phase 2 trial and initiation of the Phase 3 trial of relacorilant to treat patients with hypercortisolism, successful completion of the Phase 1 trial of CORT118335, generation of encouraging data in our Phase 1/2 trial of relacorilant to treat patients with a variety of solid tumors, in particular advanced ovarian cancer and metastatic pancreatic cancer, and significant growth in our revenue, cash and investments. In light of these achievements, the Compensation Committee recommended, and the Board approved, bonus payments in the following amounts: Dr. Belanoff: \$477,750; Mr. Maduck: \$198,000; Mr. Robb: \$237,600; and Dr. Fishman: \$200,529.

Long-Term Equity Incentive Program. All of our employees, including our named executive officers, are eligible to receive grants of stock options under our 2012 Incentive Award Plan. We believe that equity incentives are necessary to link executive compensation to the performance of our stock and our sustained growth. We have used stock options as our long-term performance-based equity incentive vehicle, because the Compensation Committee believes that stock options maximize an executive's incentive to increase stockholder value, since there is no financial gain to an executive officer unless our stock price appreciates and the full value of the option award is only realized if any stock price increase is sustained over the award's vesting period.

The Compensation Committee and the Board typically grant stock options upon a named executive officer joining our company and once per year in connection with its determination of the named executive officer's potential future performance. The Compensation Committee and the Board also typically grant stock options following a significant change in job responsibility or in recognition of a significant achievement. The Compensation Committee or, with input from the Compensation Committee, the

14

Board determines the number of shares underlying each stock option grant based on a number of factors, including the scope of the executive officer's responsibilities and anticipated contributions to achievement of our goals, the value of the stock option at the time of grant and the Compensation Committee's or the Board's understanding of industry practices and norms and other competitive factors. The relative weight given to each of these considerations is at the Compensation Committee's or the Board's discretion. There is no set formula.

To maximize the incentive for continued employment, stock options granted to our named executive officers generally vest over four years, measured from the date of grant. We have occasionally granted stock options that vest based on the attainment of performance goals. Stock option awards generally expire ten years from the date of the grant, which allows the executive to focus on the creation and sustainment of long-term stockholder value and to have a reasonable opportunity to benefit from price appreciation in our shares. The exercise price is set at 100 percent of the fair market value of our stock on the date of grant.

In February 2018, the Board approved grants of options to our named executive officers to purchase shares of our common stock as follows: 475,000 shares to Dr. Belanoff; 200,000 shares to Mr. Maduck; 200,000 shares to Mr. Robb; and 150,000 shares to Dr. Fishman. These stock option awards vest in substantially equal monthly installments over a four-year period from the grant date, subject to the named executive officer's continued employment through each applicable vesting date. These awards were granted to our named executive officers as an incentive toward their continued service to the company and to further align their interests with the interests of our stockholders. The size of each award was based on the Compensation Committee's and Board's determination of the recipient's ability to contribute to our future success.

Severance and Change in Control Arrangements

We entered into Severance and Change in Control Agreements with each of our named executive officers to encourage continued attention and dedication to duties without distraction should there arise the possibility of a change in the control of our company and to help ensure a smooth transition should such a change in control occur. The terms of the agreements are identical. For a detailed description of the Severance and Change in Control Agreements, see "Potential Payments Upon Termination or Change in Control - Severance and Change in Control Agreements" below.

Other Elements of Compensation

Our executives are eligible to receive retirement and insurance benefits on the same terms as our other employees, as set forth below. Eligibility for all employees begins on the first day of the month coinciding with or immediately following the first business day of employment. These benefits help us attract and retain talented employees in a competitive market, where such benefits are common. Each year, we review the benefits package we offer.

401(k) Plan. We have a Section 401(k) Savings/Retirement Plan, or 401(k) Plan, to cover eligible employees of the company and any designated affiliate. The 401(k) Plan permits eligible employees to defer up to 100 percent of their annual compensation, subject to limitations imposed by the Internal Revenue Code. All contributions are immediately vested and non-forfeitable. We make no matching contributions

Medical Insurance. At our sole cost, we provide each eligible employee, including each named executive officer, and his or her spouse and children with health, dental and vision insurance.

Life and Disability Insurance. At our sole cost, we provide each eligible employee, including each named executive officer, disability and life insurance.

Policies with Respect to Equity Compensation Awards

Our policy is to grant stock option awards based on the fair market value as of the date of grant. The exercise price for each stock option grant is based on the last quoted price per share on the Nasdaq Capital Market on the date of grant. We do not have not and do not intend to select option grant dates for named executive officers in coordination with the release of material non-public information.

We also have an insider trading policy that prohibits our named executive officers and Board members from engaging in certain transactions in our stock, including short sales, and in derivative securities related to our stock.

Potential Payments Upon Termination or Change in Control

Severance and Change in Control Agreements

We have entered into Severance and Change in Control Agreements with each of our named executive officers. The terms of the agreements are identical. The agreements provide that, if the executive's employment is terminated by us without "cause" or by the executive for "good reason" (as each term is defined in the agreements) prior to or more than 18 months following a change in control, the executive will be eligible to receive 12 months of his or her then-current base salary, payable in substantially equal installments in accordance with the company's customary payroll procedures and continued health insurance coverage for up to 12 months following the date of termination. In addition, the agreements provide that in the event the executive's employment is terminated by us without "cause" or by the executive for "good reason" within 18 months following a change in control, the executive will be eligible to receive an amount equal to 12 months of his or her then-current base salary payable in a lump sum, continued health insurance coverage for up to 12 months following the date of termination, and full vesting of all outstanding equity awards. The receipt of any severance will be subject to the executive signing and not revoking a separation agreement and release of claims in a form reasonably acceptable to us within 60 days following executive's termination of employment. No severance will be paid or provided until the separation agreement and release of claims becomes effective.

The following table reflects compensation payable to each of Drs. Belanoff and Fishman and Messrs. Robb and Maduck upon a change in control or various employment termination events. The amounts shown below assume that (i) the named executive officer experienced a qualifying termination effective as of December 31, 2018 or (ii) a change in control of our company occurred and the named executive officer experienced a qualifying termination on December 31, 2018.

For unvested options held by named executive officers as of December 31, 2018, the value ascribed to the change in control acceleration features under the Severance and Change in Control Agreements is calculated by (1) multiplying any excess in the closing price for our company's common stock on the Nasdaq Stock Market as of December 31, 2018, \$13.36, over the exercise price of the option grant, times the number of unvested shares in the option grant as of that date.

Risk Assessment of Compensation Programs

Our Compensation Committee and Board have determined that our compensation policies, plans and practices are appropriately balanced and do not create risks that will have a material adverse effect on our company. To make this

determination, they reviewed the company's compensation policies, plans and practices with a focus on compensation program design, payment methodology, relationship to performance and length of performance period, and oversight and controls as compared to the compensation practices that they have seen in similar companies. During the review, the Compensation Committee noted risk mitigating factors inherent in our compensation practices, including the Compensation Committee's and management's discretion in approving executive and employee compensation and establishing performance goals for short and long-term compensation plans, the balance between fixed and variable pay and the mix of short and long-term incentives that encourage consistent performance over a sustained period, and these factors aligned the interests of our named executive officers and employees with those of our stockholders.

EQUITY COMPENSATION PLAN INFORMATION

The following table provides information as of December 31, 2018 with respect to the shares of our common stock that may be issued under all of our existing equity compensation plans, which consist of the 2012 Incentive Award Plan and the 2004 Equity Incentive Plan.

Plan Category	(a) Number of Securities to be Issued upon Exercise of Outstanding Options	(b) Weighted Average Exercise Price of Outstanding Options	(c) Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (Excluding Securities Reflected in Column(a))(2)	(1)(2)
Equity compensation plans approved by stockholders	22,827,174	\$ 7.72	7,725,176	(1)(2)
Equity compensation plans not approved by stockholders	—	—	—	
Total	22,827,174	\$ 7.72	7,725,176	

(1) Represents shares of common stock remaining available for future issuance under our 2012 Incentive Award Plan as of December 31, 2018.

The 2012 Incentive Award Plan contains an “evergreen” provision that allows for increases on the first day of each year beginning in 2013 and ending in 2022, the lesser of an additional (i) 8,000,000 shares of our common stock, (ii) 4 percent of the outstanding shares of common stock on the immediately preceding December 31 or (iii) such smaller number of shares determined by the Board. None of our other plans has an “evergreen” provision. On February 8, 2019, the Board authorized an “evergreen” increase in the shares available for grant under the 2012 Plan to be equivalent to 4 percent of the shares of our common stock outstanding on December 31, 2018, which represented an increase of 4,601,212 shares to the plan.

DIRECTOR COMPENSATION

The following table provides compensation information, for the one-year period ended December 31, 2018, for each non-employee member of our Board. Dr. Belanoff is not provided additional compensation for his service on our Board.

Name	Fees Earned or Paid in Cash (\$)	Option Awards(1)(2) (\$)	Total (\$)
James N. Wilson	120,000	638,669	758,669
G. Leonard Baker, Jr.	55,000	212,889	267,889
Daniel M. Bradbury	52,375	212,889	265,264
Daniel N. Swisher, Jr.	67,375	212,889	280,264
David L. Mahoney	60,000	212,889	272,889
Renée D. Galá	55,000	212,889	267,889

Amounts shown do not reflect compensation actually received by the directors or the actual value that may be recognized by the directors with respect to these awards in the future. Instead, the amounts shown represent the grant date fair value of the awards as calculated under FASB ASC Topic 718. The relevant assumptions used to calculate the value of the option awards are set forth in Part IV – Item 15(1) - Financial Statements, Notes to Financial Statements, Note 8 – “Preferred Stock and Stockholders’ Equity – Stock-Based Compensation Related to Employee and Director Options” in our Annual Report on Form 10-K for the year ended December 31, 2018.

As of December 31, 2018, our non-employee directors held options outstanding to purchase the following number of shares: Mr. Baker: 295,000; Mr. Bradbury: 245,000; Mr. Swisher: 175,000; Mr. Mahoney: 335,000; Ms. Galá: 125,000 shares; and Mr. Wilson: 1,405,000 shares. During 2018, Mr. Wilson, as chairman of the board, (2) was granted an option to purchase 75,000 shares with a grant date fair value of \$638,669, Messrs. Baker, Bradbury, Swisher and Mahoney and Ms. Galá were each granted an option to purchase 25,000 shares with a grant date fair value of \$212,889. All of these awards vest pro-rata over a one-year period at the rate of 8.3334 percent on the monthly anniversary of the date of grant, subject to continued service.

For 2018, non-employee directors received a director fee from us for their services as members of the Board in the amount of \$40,000 per year. In addition, the Chair and members of the Audit Committee received fees of \$20,000 and \$10,000, respectively, per year; the Chair and members of the Compensation Committee received fees of \$15,000 and \$7,500, respectively,

per year; the Chair and members of the Corporate Governance & Nominating Committee received fees of \$10,000 and \$5,000, respectively, per year. Commencing March 1, 2018, the chairman of our board of directors received an annual cash retainer of \$120,000 in lieu of any other fees. New directors are granted an option to purchase 60,000 shares of our common stock in connection with their initial election to the Board. The initial director options vest with respect to 25 percent of the shares on the first anniversary of the date of the grant and, thereafter, at the rate of 2.08334 percent per month, until fully vested, subject to the director’s continued service. Non-employee directors who are reelected at the Annual Meeting are each granted an option to purchase 25,000 shares of our common stock that vests over one year at the rate of 8.3334 percent per month from the date of the Annual Meeting until fully vested, subject to the director’s continued service. The Board has also historically approved larger option awards for directors serving certain leadership roles. In 2018, the Board approved an option covering 75,000 shares of our common stock to Mr. Wilson for his service as Chairman of the Board.

We have entered into a Severance and Change in Control Agreement with James N. Wilson, Chairman of the Board. The agreement with Mr. Wilson provides that if his employment or service on the Board is terminated involuntarily by us without “cause” or by him for “good reason” (as each is defined in the agreement) within 18 months following a change in control all of his outstanding equity awards shall become fully vested. Mr. Wilson will only receive vesting acceleration under this agreement if he signs and does not revoke a separation agreement and release of claims in a form reasonably acceptable to our Company within 60 days following termination of employment. No vesting acceleration will be provided to Mr. Wilson until the separation agreement and release of claims becomes effective.

Pay Ratio Disclosure

The Dodd-Frank Wall Street Reform and Consumer Protection Act and Regulation S-K require us to report the ratio of the median annual compensation of our full- and part-time employees in 2018 (that is, the employee whose compensation is in the middle of the group, with as many employees earning more as earned less, not including our CEO) to the annual total compensation of our CEO.

We identified the employee with median compensation by comparing the W-2 gross income (Box 1) of all full- and part-time employees (except our CEO) who were employed on December 31, 2018. To permit meaningful comparisons between full- and part-time employees and between employees who worked for us less than the entire year, we annualized each employee’s compensation based on the percentage of the year they worked for us. The annual total compensation of our median employee was \$681,316 for 2018, including the grant date fair value options granted that year and the bonus paid in February 2019 based on 2018 performance.

As disclosed above in the Summary Compensation Table, our CEO’s annual total compensation for 2018 was \$6,314,617.

As calculated above, the annual total compensation of our median employee excluding the CEO to that of our CEO is as follows:

Median employee	\$681,316
CEO	\$6,314,617
Ratio	9:1

Because public companies use different methods to calculate their pay ratios, the ratio we report should not be used as a basis for comparing Corcept to its peers.

The policy permits the engagement of the independent registered public accounting firm for services that are approved by our Audit Committee in defined categories such as audit services, audit-related services and tax services. Pre-approval may be given as part of our Audit Committee's annual review and approval of the scope and estimated cost of non-audit services that may be provided by the independent registered public accounting firm or on an individual explicit case-by-case basis before the independent registered public accounting firm is engaged to provide each service.
