Item 8.01 Other Events

On August 22, 2007, Textron resolved investigations by the U.S. Securities and Exchange Commission (SEC) and U.S. Department of Justice (DOJ) relating to payments made by subsidiaries in its Fluid & Power business unit and voluntarily reported to the two agencies by Textron.

Most of the payments were “after sales service fees” paid to Iraq by Textron's fifth tier French subsidiaries in connection with the United Nations’ Oil for Food Program. A number of small Fluid & Power payments unrelated to the Oil for Food Program were also investigated, reported to the agencies and resolved as part of the settlements.

Textron has consented to the entry of a civil injunction in an action brought by the SEC and has entered into a letter agreement with the DOJ in which the DOJ has agreed not to prosecute Textron or its subsidiaries or affiliates. Both settlements call for remedial actions that are being implemented and that are consistent with Textron’s longstanding policy against improper payments. In addition, Textron has agreed to pay a total of \$4.685 million to the agencies in the form of disgorgement of profits, penalties and interest. This amount was fully provided for in prior periods.

There are no criminal charges involved in the settlements and no Textron officers were involved. Disciplinary action has been taken with respect to certain individuals involved in the matter, including in some cases, termination of employment.

A copy of the press release related to these events is attached as Exhibit 99.1.
