PART I - FINANCIAL INFORMATION

Item 1. Condensed Consolidated Financial Statements

The accompanying information has not been audited by independent registered public accountants; however, in the opinion of management such information reflects all adjustments necessary for a fair presentation of the results for the interim period. All such adjustments are of a normal and recurring nature.

The accompanying condensed consolidated financial statements are presented in accordance with the requirements of Form 10-Q and consequently do not include all of the disclosures normally required by accounting principles generally accepted in the United States of America or those normally made in the Registrant's annual report on Form 10-K. Accordingly, the reader of the Form 10-Q should refer to the Registrant's Form 10-K for the year ended December 31, 2005 for further information in this regard.

Community Trust Bancorp, Inc. Notes to Condensed Consolidated Financial Statements (unaudited)

Note 1 - Summary of Significant Accounting Policies

In the opinion of management, the unaudited condensed consolidated financial statements include all adjustments (which consist of normal recurring accruals) necessary, to present fairly the condensed consolidated financial position as of September 30, 2006, the results of operations for the three and nine months ended September 30, 2006 and 2005, and the cash flows for the nine months ended September 30, 2006 and 2005. In accordance with accounting principles generally accepted in the United States of America for interim financial information, these statements do not include certain information and footnote disclosures required by accounting principles generally accepted in the United States of America for complete annual financial statements. Financial information as of December 31, 2005 has been derived from the audited consolidated financial statements of Community Trust Bancorp, Inc. (the "Corporation"). The results of operations for the three and nine months ended September 30, 2006 and 2005 and the cash flows for the nine months ended September 30, 2006 and 2005 are not necessarily indicative of the results to be expected for the full year. For further information, refer to the consolidated financial statements and footnotes thereto for the year ended December 31, 2005, included in the Corporation's Annual Report on Form 10-K.

Principles of Consolidation - The unaudited condensed consolidated financial statements include the accounts of the Corporation and its separate and distinct, wholly owned subsidiaries Community Trust Bank, Inc. (the "Bank") and Community Trust and Investment Company. All significant intercompany transactions have been eliminated in consolidation.

Reclassifications - Certain reclassifications have been made in the prior year consolidated financial statements to conform to current year classifications.

New Accounting Standards

- Ø Stock-Based Employee Compensation In December 2004, Statement of Financial Accounting Standards ("SFAS") No. 123R, Share-Based Payment, was issued. SFAS No. 123R is a revision of SFAS No. 123, Accounting for Stock-Based Compensation, and supersedes Accounting Principles Board ("APB") Opinion No. 25, Accounting for Stock Issued to Employees. SFAS No. 123R requires the cost resulting from all share-based payment transactions be recognized in the financial statements, and establishes fair value as the measurement objective in accounting for share-based payment arrangements. In March 2005, the Securities and Exchange Commission issued Staff Accounting Bulletin Number 107 that provided additional guidance to public companies relating to share-based payment transactions and the implementation of SFAS 123R. On January 1, 2006, the Corporation adopted SFAS No. 123R using the "modified prospective" method. As further discussed under Note 2 Stock-Based Compensation, the adoption of SFAS 123R resulted in compensation expense for the three and nine months ended September 30, 2006 of \$157 thousand and \$477 thousand, respectively.
- Ø Accounting for Conditional Asset Retirement Obligations In March 2005, the Financial Accounting Standards Board ("FASB") issued Interpretation No. 47, *Accounting for Conditional Asset Retirement Obligations* ("FIN 47"), to clarify the term "conditional asset retirement" as used in SFAS 143, *Accounting for Asset Retirement Obligations*. FIN 47 requires that a liability be recognized for the fair value of a conditional asset retirement obligation when incurred, if the fair value of the liability can be reasonably estimated. Uncertainty about the timing or method of settlement of a conditional asset retirement obligation would be factored into the measurement of the liability when sufficient information exists. This interpretation is effective no later than the end of fiscal years ending after December 15, 2005. Accordingly, the Corporation adopted FIN 47 in the first quarter of 2006. Management has assessed the impact of FIN 47 and has determined that the adoption of FIN 47 did not have a material impact on the Corporation's financial

position, results of operations, or cash flows.

- Ø Accounting for Servicing of Financial Assets In March 2006, SFAS No. 156, Accounting for Servicing of Financial Assets, was issued. SFAS No. 156 amends SFAS No. 140, Accounting Transfers and Servicing of Financial Assets and Extinguishment of Liabilities, with respect to the accounting for separately recognized servicing assets and servicing liabilities. SFAS No. 156 (1) requires an entity to recognize a servicing asset or servicing liability each time it undertakes an obligation to service a financial asset; (2) requires all separately recognized servicing assets and servicing liabilities to be initially measured at fair value; (3) if practicable, permits an entity to choose either the amortization or fair value method following subsequent measurement methods for each class of separately recognized servicing assets and servicing liabilities; (4) and at its initial adoption, permits a one-time reclassification of available-for-sale securities to trading securities by entities with recognized servicing rights, without calling into question the treatment of other available-for-sale securities under SFAS No. 115, Accounting for Certain Investments in Debt and Equity Securities, provided that the available-for-sale securities are identified in some manner as offsetting the entity's exposure to changes in fair value of servicing assets or servicing liabilities that a servicer elects to subsequently measure at fair value. SFAS No. 156 requires separate presentation of servicing assets and servicing liabilities subsequently measured at fair value in the statement of financial position and additional disclosures for all separately recognized servicing assets and servicing liabilities. SFAS No. 156 is effective as of the first of the fiscal year beginning after September 15, 2006. The adoption of this statement is not expected to have a material effect on the Corporation's consolidated financial statements.
- Ø Accounting for Certain Hybrid Financial Instruments In February 2006, the FASB issued SFAS No. 155, Accounting for Certain Hybrid Financial Instruments, an amendment of FASB Statement No. 133 and 140. SFAS No. 155 amends FASB Statements No. 133, Accounting for Derivative Instruments and Hedging Activities, and No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities, as well as resolves issues addressed in Statement No. 133 Implementation Issue No. D1, Application of Statement No. 133 to Beneficial Interests in Securitized Financial Assets. Specifically, SFAS No. 155: i) permits fair value remeasurement for any hybrid financial instrument that contains an embedded derivative that otherwise would require bifurcation; ii) clarifies which interest-only strips and principal-only strips are not subject to the requirements of Statement No. 133; iii) establishes a requirement to evaluate interests in securitized financial assets to identify interests that are freestanding derivatives or that are hybrid financial instruments that contain an embedded derivative requiring bifurcation; iv) clarifies that concentrations of credit risk in the form of subordination are not embedded derivatives; and v) amends Statement No. 140 to eliminate the prohibition on a qualifying SPE from holding a derivative financial instrument that pertains to a beneficial interest other than another derivative financial instrument. SFAS No. 155 is effective for all financial instruments acquired or issued after the beginning of the first fiscal year that begins after September 15, 2006. The adoption of this statement is not expected to have a material effect on the Corporation's consolidated financial statements.
- Ø Accounting for Uncertainty in Income Taxes In July 2006, the FASB issued Interpretation No. 48 ("FIN 48"), Accounting for Uncertainty in Income Taxes An Interpretation of FASB Statement No. 109. FIN 48 clarifies the accounting for uncertainty in income taxes recognized in accordance with FASB Statement No. 109, Accounting for Income Taxes. This statement also prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FIN 48 also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure and transition. The evaluation of a tax position in accordance with this statement is a two-step process. The first step is a recognition process to determine whether it is more likely than not that a tax position will be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. The second step is a measurement process whereby a tax position that meets the more likely than not recognition threshold is calculated to determine the amount of benefit to recognize in the financial statements. FIN 48 is effective for fiscal years beginning after December 15, 2006 and the cumulative effect of applying the provisions of this statement will be recognized as an adjustment to the beginning balance of retained earnings. The Corporation is currently in the process of evaluating the impact of adopting FIN 48 on its consolidated financial statements.

Note 2 - Stock-Based Compensation

On January 1, 2006, the Corporation adopted SFAS No. 123R which requires that companies measure and recognize compensation expense at an amount equal to the fair value of share-based payments granted under compensation arrangements. Prior to January 1, 2006, the Corporation accounted for its stock-based compensation plans under the recognition and measurement principles of APB Opinion 25 and related interpretations, and no compensation expense was recognized for stock option grants since all options granted had an exercise price equal to the market value of the underlying common stock on the date of grant.

The Corporation adopted SFAS 123R using the "modified prospective" method, which results in no restatement of prior period amounts. Under this method, the provisions of SFAS 123R apply to all awards granted or modified after the date of adoption. In addition, compensation expense must be recognized for any unvested stock option awards outstanding as of the date of adoption over the remaining vesting period. The Corporation calculates the fair value of options using a Black-Scholes option pricing model. For the three and nine months ended September 30, 2006, the Corporation's compensation expense related to stock option grants was \$157 thousand and \$477 thousand, respectively (\$130 thousand and \$394 thousand after tax and \$0.01 and \$0.03 per basic and diluted share) and as of September 30, 2006, there was a total of \$1.5 million of unrecognized compensation expense related to unvested stock option awards that will be recognized as expense as the awards vest over a weighted average period of 1.4 years. SFAS 123R also requires the benefits of tax deductions in excess of recognized compensation expense to be reported in the Statement of Cash Flows as a financing cash inflow rather than an operating cash inflow. In addition, SFAS 123R required a modification to the Corporation's calculation of the dilutive effect of stock option awards on earnings per share. For companies that adopt SFAS 123R using the "modified prospective" method, disclosure of pro forma information for periods prior to adoption must continue to be made. The following table sets forth the effect of the change from applying the Corporation's previous method of accounting for share-based payment arrangements with employees:

	Nine Months Ended September 30, 2006					
(in thousands except per share data)	Current Method		Previous Method			
Income from continuing operations	\$ 42,010	\$	42,488			
Income before income taxes	42,010		42,488			
Net income	29,544		29,938			
Cash flow from operations	48,459		49,186			
Cash flow from financing activities	772		45			
Basic earnings per share	1.96		1.99			
Diluted earnings per share	1.93		1.96			

The following table sets forth the pro forma effect on net income and earnings per share as if the fair value method had been applied to the three and nine month periods ended September 30, 2005:

	Three Months Ended	Nine Months Ended
	September 30	September 30
(in thousands except per share data)	2005	2005

Net income, as reported	\$ 9,083 \$	25,522
Less: Total stock-based employee compensation expense determined under		
a fair value based method for all awards, net of related income tax effect	(214)	(644)
Pro forma net income	\$ 8,869 \$	24,878
Earnings per share:		
Basic - as reported	\$ 0.61 \$	1.71
Basic - pro forma	0.59	1.67
Diluted - as reported	0.60	1.68
Diluted - pro forma	0.58	1.64

There were no options granted during the three months ended September 30, 2006 or 2005. The fair value of options granted during the nine months ended September 30, 2006 and 2005 was established at the date of grant using a Black-Scholes option pricing model with the weighted average assumptions as follows:

	Nine Mont Septem	led
	2006	2005
Expected dividend yield	3.21%	3.11%
Risk-free interest rate	4.53%	3.92%
Expected volatility	36.39%	37.66%
Expected term (in years)	7.5	6.5
Weighted average fair value of options	\$ 10.51	\$ 9.72

For stock options granted in 2006, the Corporation has elected to apply the simplified method for "plain vanilla" options to determine the expected term, as provided by the Securities and Exchange Commission's Staff Accounting Bulletin Number 107.

Note 3 - Securities

Securities are classified into held-to-maturity and available-for-sale categories. Held-to-maturity securities are those that the Corporation has the positive intent and ability to hold to maturity and are reported at amortized cost. Available-for-sale securities are those that the Corporation may decide to sell if needed for liquidity, asset-liability management or other reasons. Available-for-sale securities are reported at fair value, with unrealized gains or losses included as a separate component of equity, net of tax.

The amortized cost and fair value of securities at September 30, 2006 are summarized as follows:

Available-for-Sale

(in thousands)	A	amortized Cost	Fa	air Value
U.S. Treasury and Government agencies	\$	15,287	\$	15,425
State and political subdivisions		45,179		45,962
U.S. agency mortgage-backed pass through certificates		256,691		249,152
Collateralized mortgage obligations		1		1
Total debt securities		317,158		310,540
Marketable equity securities		105,650		105,151
Total available-for-sale securities	\$	422,808	\$	415,691

Held-to-Maturity

	A			
(in thousands)		Cost]	Fair Value
State and political subdivisions	\$	3,068	\$	2,821
U.S. agency mortgage-backed pass through certificates		39,145		37,416
Total held-to-maturity securities	\$	42,213	\$	40,237

The amortized cost and fair value of securities as of December 31, 2005 are summarized as follows:

Available-for-Sale

	A	mortized	ъ.	¥7. ¥
(in thousands)		Cost	Fai	r Value
U.S. Treasury and Government agencies	\$	2,005	\$	2,005
State and political subdivisions		45,911		46,932
U.S. agency mortgage-backed pass through certificates		295,822		288,631
Collateralized mortgage obligations		1,003		1,012
Other debt securities		17,500		16,992
Total debt securities		362,241		355,572
Marketable equity securities		40,000		40,000
Total available-for-sale securities	\$	402,241	\$	395,572

Held-to-Maturity

(in thousands)		Cost	F	Fair Value	
State and political subdivisions	\$	3,134	\$	2,982	
U.S. agency mortgage-backed pass through certificates		45,310		43,546	
Total held-to-maturity securities	\$	48,444	\$	46,528	

Note 4 - Loans

Major classifications of loans are summarized as follows:

(in thousands)	S	September 30 2006	-	December 31 2005
Commercial construction	\$	131,838	\$	115,721
Commercial secured by real estate		638,324		665,911
Commercial other		327,557		301,828
Real estate construction		50,540		51,232
Real estate mortgage		573,739		542,809
Consumer		420,122		414,920
Equipment lease financing		12,009		14,923
Total loans	\$	2,154,129	\$	2,107,344

Note 5 - Borrowings

Short-term debt consists of the following:

(in thousands)

	September 30 2006	December 31 2005
Subsidiaries:		
Repurchase agreements	\$ 158,085	\$ 129,156
Federal funds purchased	5,914	17,485
Total short-term debt	\$ 163,999	\$ 146,641

On April 28, 2006, the Corporation entered into a revolving note agreement for a line of credit in the amount of \$12 million, all of which is currently available to meet any future cash needs. The agreement will mature on April 28, 2007.

All federal funds purchased and the majority of repurchase agreements mature and reprice daily. The average rates paid for federal funds purchased and repurchase agreements on September 30, 2006 were 5.12% and 4.89%, respectively.

Federal Home Loan Bank advances consisted of the following monthly amortizing and term borrowings:

(in thousands)	September 30 2006	December 31 2005
Monthly amortizing	\$ 1,395	\$ 1,835
Term	80,000	121,000
	\$ 81,395	\$ 122,835

The advances from the Federal Home Loan Bank that require monthly principal payments were due for repayment as follows:

	Principal Payments Due by Period at September 30, 2006										
(in thousands)	Tot	al	Within 1	Year	1-5 Ye	ars	5-10 Ye	ars	After 10	Years	
Outstanding											
advances, weighted											
average interest rate											
- 4.70%	\$	1,395	\$	451	\$	896	\$	31	\$	17	

The term advances that require the total payment to be made at maturity follow:

(in thousands)	September 30 2006	December 31 2005
Advance #144, 2.88%, due 8/30/06	\$ 0	\$ 40,000
Advance #145, 3.31%, due 8/30/07	40,000	40,000
Advance #146, 3.70%, due 8/30/08	40,000	40,000
Advance #148, 1.76%, due 6/6/13	0	1,000
	\$ 80,000	\$ 121,000

The advances are collateralized by Federal Home Loan Bank stock of \$23.4 million and certain first mortgage loans totaling \$109.9 million as of September 30, 2006. Advances totaling \$81.4 million at September 30, 2006 had fixed interest rates ranging from 1.00% to 7.05% with a weighted average rate of 3.53%. The advances are subject to restrictions or penalties in the event of prepayment.

Long-term debt consists of the following:

(in thousands)	September 30 2006]	December 31 2005
Junior subordinated debentures, 9.00%, due 3/31/27	\$	35,568	\$	35,568
Junior subordinated debentures, 8.25%, due 3/31/32		25,773		25,773
Total long-term debt	\$	61,341	\$	61,341

Although the junior subordinated debentures mature on March 31, 2027 and March 31, 2032, they are subject to early mandatory redemption in whole under certain limited circumstances and are callable at par in whole or in part anytime after March 31, 2007.

6. Earnings Per Share

The following table sets forth the computation of basic and diluted earnings per share:

	Three Mor	nded	Nine Months Ended			
	Septen	ıber 3	0	Septem	0	
(in thousands)	2006		2005	2006		2005
Numerator:						
Net income	\$ 9,884	\$	9,083 \$	29,544	\$	25,522
Denominator:						
Basic earnings per share:						
Weighted average shares	15,129		14,917	15,064		14,885
Diluted earnings per share:						
Effect of dilutive stock options	240		298	208		281
Adjusted weighted average shares	15,369		15,215	15,272		15,166
Earnings per share:						
Basic earnings per share	\$ 0.65	\$	0.61 \$	1.96	\$	1.71
Diluted earnings per share	0.64		0.60	1.93		1.68

7. Fair Market Value of Financial Instruments

The following schedule shows the estimated fair value of each class of financial instruments for which it is practicable to estimate that value:

(in thousands)	September 30 2006				December 31 2005			
	Carrying Amount		Estimated Fair Value		Carrying Amount		Estimated Fair Value	
Financial assets								
Cash and cash equivalents	\$ 102,561	\$	102,561	\$	122,211	\$	122,211	
Securities	457,904		455,928		444,016		442,100	
Loans and loans held for sale	2,155,955		2,114,669		2,107,479		2,099,335	
	\$ 2,716,420	\$	2,673,158	\$	2,673,706	\$	2,663,646	
Financial liabilities								
Deposits	\$ 2,279,705	\$	2,264,941	\$	2,246,551	\$	2,236,357	

Short-term borrowings	163,999	164,487	146,641	146,308
Advances from Federal Home Loan				
Bank	81,395	77,887	122,835	117,260
Long-term debt	61,341	60,444	61,341	61,412
	\$ 2,586,440	\$ 2,567,759	\$ 2,577,368	\$ 2,561,337

The changes in the estimated fair values from December 31, 2005 to September 30, 2006 are due to interest rate changes and not impairment of any financial instruments.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

Overview

Community Trust Bancorp, Inc. (the "Corporation") is a bank holding company headquartered in Pikeville, Kentucky. At September 30, 2006, the Corporation owned one commercial bank and one trust company. Through its subsidiaries, the Corporation has seventy-nine banking locations in eastern, northeast, central, and south central Kentucky and southern West Virginia, one loan production office in Kentucky, and five trust offices across Kentucky. The Corporation had total assets of \$2.9 billion and total shareholders' equity of \$274.9 million as of September 30, 2006. The Corporation's common stock is listed on NASDAQ under the symbol CTBI. Current market participants are FTN Midwest Research Securities Corp., Cleveland, Ohio; Goldman, Sachs & Co., New York, New York; Howe Barnes Investments, Inc., Chicago, Illinois; J.J.B. Hilliard, W.L. Lyons, Inc., Louisville, Kentucky; Keefe, Bruyette & Woods, Inc., New York, New York; Merrill Lynch, Pierce, Fenner & Smith Incorporated, New York, New York; Monroe Securities, Inc., Chicago, Illinois; Morgan Stanley & Co., Incorporated, New York, New York; and Sandler O'Neill & Partners, New York, New York.

Critical Accounting Policies and Estimates

The preparation of consolidated financial statements in conformity with accounting principles generally accepted in the United States of America requires the appropriate application of certain accounting policies, many of which require us to make estimates and assumptions about future events and their impact on amounts reported in our consolidated financial statements and related notes. Since future events and their impact cannot be determined with certainty, the actual results will inevitably differ from our estimates. Such differences could be material to the consolidated financial statements.

We believe the application of accounting policies and the estimates required therein are reasonable. These accounting policies and estimates are constantly reevaluated, and adjustments are made when facts and circumstances dictate a change. Historically, we have found our application of accounting policies to be appropriate, and actual results have not differed materially from those determined using necessary estimates.

Our accounting policies are more fully described in the consolidated financial statements and footnotes thereto for the year ended December 31, 2005, included in the Corporation's Annual Report on Form 10-K. We have identified the following critical accounting policies:

Loans - Loans are reported at the carrying value of unpaid principal reduced by unearned interest and an allowance for loan losses. Income is recorded on the level yield basis. Interest accrual is discontinued when management believes, after considering economic and business conditions, collateral value, and collection efforts, that the borrower's financial condition is such that collection of interest is doubtful. Any loan greater than 90 days past due must be well secured and in the process of collection to continue accruing interest. Cash payments received on nonaccrual loans generally are applied against principal, and interest income is only recorded once principal recovery is reasonably assured. Loans are not reclassified as accruing until principal and interest payments are brought current and future payments appear reasonably certain.

Allowance for Loan Losses - The adequacy of the allowance is reviewed quarterly by management using a methodology that includes several key factors. The Corporation utilizes an internal risk grading system for commercial credits, and those larger commercial credits identified through this grading system as having weaknesses are individually reviewed for the customer's ability and potential to repay their loans. The customer's cash flow, adequacy of collateral held for the loan, and other options available to the Corporation including legal avenues are all evaluated. Based upon this individual credit evaluation, a specific allocation to the allowance may be made for the

loan.

For other commercial loans that are not individually evaluated, an allowance allocation is determined by applying an eight-quarter moving average historical loss rate for this group of loans. Consumer installment and residential mortgage loans are not individually risk graded. Allowance allocations are provided for these pools of loans based upon an eight-quarter moving average historical loss rate for each of these categories of loans.

Management's best estimate within a range of possible credit losses is determined in recognition of the inherent inability to precisely determine the loss potential in any particular loan or pool of loans. The factors considered by management in determining this amount of inherent risk include delinquency trends, current economic conditions and trends, strength of the supervision and administration of the loan portfolio, level of nonperforming loans, trend in loan losses, recovery rates associated with previously charged-off loans, concentrations within commercial credits, problem loan identification strengths and weaknesses, collateral evaluation strengths and weaknesses, and the level of financial statement exceptions. These factors are reviewed quarterly and weighted as deemed appropriate by management. The total of these weighted factors is then applied against the total loan portfolio and the allowance is adjusted accordingly.

Investments - Management determines the classification of securities at purchase. In accordance with Statement of Financial Accounting Standards ("SFAS") No. 115, *Accounting for Certain Investments in Debt and Equity Securities*, the Corporation classifies securities into held-to-maturity or available-for-sale categories. Held-to-maturity securities are those which the Corporation has the positive intent and ability to hold to maturity and are reported at amortized cost. Available-for-sale securities are those the Corporation may decide to sell if needed for liquidity, asset/liability management, or other reasons. Available-for-sale securities are reported at fair value, with unrealized gains and losses included as a separate component of shareholders' equity, net of tax. If declines in fair value are not temporary, the carrying value of the securities is written down to fair value as a realized loss.

Gains or losses on disposition of securities are computed by specific identification for all securities except for shares in mutual funds, which are computed by average cost. Interest and dividend income, adjusted by amortization of purchase premium or discount, is included in earnings.

Loans Held for Sale - Mortgage loans originated and intended for sale in the secondary market are carried at the lower of cost or estimated market value in the aggregate. Net unrealized losses, if any, are recognized in a valuation allowance by charges to income.

Goodwill - The Corporation evaluates total goodwill for impairment, based upon SFAS No. 142, *Goodwill and Other Intangible Assets* and SFAS No. 147, *Acquisitions of Certain Financial Institutions*, using fair value techniques including multiples of price/equity. Goodwill is evaluated for impairment on an annual basis.

Segments - Management analyzes the operation of the Corporation assuming one operating segment, community banking services. The Corporation, through its operating subsidiaries, offers a wide range of consumer and commercial community banking services. These services include: (i) residential and commercial real estate loans; (ii) checking accounts; (iii) regular and term savings accounts and savings certificates; (iv) full service securities brokerage services; (v) consumer loans; (vi) debit cards; (vii) annuity and life insurance products; (viii) Individual Retirement Accounts and Keogh plans; (ix) commercial loans; (x) trust services; and (xi) commercial demand deposit accounts.

Dividends

The following schedule shows the quarterly cash dividends paid for the past six quarters:

Pay Date Record Date Amount I	Per Share	
-------------------------------	-----------	--

Edgar Filing: COMMUNITY TRUST BANCORP INC /KY/ - Form 10-Q

October 1, 2006	September 15, 2006	\$0.26
July 1, 2006	June 15, 2006	\$0.26
April 1, 2006	March 15, 2006	\$0.26
January 1, 2006	December 15, 2005	\$0.26
October 1, 2005	September 15, 2005	\$0.24
July 1, 2005	June 15, 2005	\$0.24

On October 26, 2006, the Corporation announced an increase in the cash dividend to \$0.27 per share to be paid on January 1, 2007, to shareholders of record on December 15, 2006.

Statement of Income Review

The Corporation reported earnings for the third quarter 2006 of \$9.9 million or \$0.65 per share compared to \$9.1 million or \$0.61 per share earned during the third quarter of 2005 and \$9.9 million or \$0.66 per share earned during the second quarter of 2006. Earnings for the nine months ended September 30, 2006 were \$29.5 million or \$1.96 per share compared to \$25.5 million or \$1.71 per share earned during the nine months ended September 30, 2005. Basic earnings per share for the third quarter 2006 reflects an increase of 6.6% over the third quarter 2005 and a 1.5% decrease from the second quarter 2006. The 1.5% decrease in earnings per share quarter over quarter is primarily due to the increase in weighted average shares outstanding quarter over quarter. Year-to-date earnings per share increased 14.6% from prior year.

The Corporation had basic weighted average shares outstanding of 15.1 million and 14.9 million, respectively, for the three months ended September 30, 2006 and 2005 and 15.1 million and 14.9 million, respectively, for the nine months ended September 30, 2006 and 2005. The following table sets forth on an annualized basis the return on average assets and return on average shareholders' equity for the three and nine months ended September 30, 2006 and 2005:

	Three Months Ended		Nine Months Ended	
	September 30		September 30	
	2006	2005	2006	2005
Return on average shareholders' equity	14.40%	14.50%	14.89%	14.00%
Return on average assets	1.34%	1.26%	1.34%	1.22%

Net Interest Income

The Corporation's net interest margin for the third quarter 2006 was 4.06% compared to 4.07% for the third quarter 2005 and 4.01% for the second quarter 2006. As rates stabilize in the latter part of the year, management expects some margin compression during the fourth quarter of 2006.

Net interest income for the quarter of \$27.0 million was an increase of 2.5% from the \$26.4 million for the third quarter 2005 and a 0.9% increase from the \$26.8 million for the second quarter 2006. Year-to-date net interest income increased 6.1% or \$4.6 million from the nine months ended September 30, 2005. Average earnings assets increased 2.6% from the quarter ended September 30, 2005 to \$2.7 billion for the quarter ended September 30, 2006 but decreased 1.4% from prior quarter. The decrease from prior quarter was due to a reduction in the investment portfolio to provide funding for loan growth and payment of a maturing Federal Home Loan Bank advance which was acquired in the third quarter 2004 to fund growth in our investment portfolio. Average earning assets for the nine months ended September 30, 2006 increased 4.8% or \$123.0 million over the nine months ended September 30, 2005.

The following table summarizes the annualized net interest spread and net interest margin for the three and nine months ended September 30, 2006 and 2005.

Three Months Ended	Nine Months Ended

	September 30		September 30	
	2006	2005	2006	2005
