PROSPECTUS

Lowe's Companies, Inc.

We are pleased to offer you the opportunity to participate in the Lowe's Stock Advantage Direct Stock Purchase Plan (the "Lowe's Plan" or the "Plan"). The Lowe's Plan is designed to provide you with a convenient method to purchase shares of our common stock and to reinvest cash dividends in the purchase of additional shares. Computershare Trust Company, N.A. will act as Plan Administrator for the Lowe's Plan.

This prospectus relates to 2,500,000 shares of our common stock, par value \$0.50 per share, to be offered for purchase under the Lowe's Plan. Please read this prospectus carefully before enrolling in the Lowe's Plan and keep it and any transaction statements or other communications you may receive relating to the Lowe's Plan for future reference. Shares purchased for participants' accounts under the Lowe's Plan will be purchased on the open market by the Plan Administrator or acquired directly from us as original issue shares. If the shares are purchased in the open market, the Plan Administrator may combine your purchase requests with other purchase requests received from other plan participants and will generally batch purchase types (dividend and optional cash investments) for separate execution by the Plan Administrator's broker. Shares for the plan will be purchased on the New York Stock Exchange, or in privately negotiated transactions. The Plan Administrator may also direct its broker to execute each purchase type in several batches throughout a trading day. Depending on the number of shares being purchased and current trading volume in the shares, the Plan Administrator's broker may execute purchases for any batch or batches in multiple transactions and over more than one day. If different purchase types are batched, the price per share of our common stock purchased for each participant's account, whether purchased with reinvested dividends, with initial cash investments or with optional cash, shall be the weighted average price of the specific batch for such shares purchased by the Plan Administrator's broker on that day to satisfy the Plan requirements. The purchase price for shares purchased from Lowe's will be the average of the high and low sales price reported on the New York Stock Exchange's consolidated tape for the day of the transaction. Our common stock is listed on the New York Stock Exchange, with shares trading under the ticker symbol "LOW." On September 6, 2017, the closing price of our common stock was \$77.47.

This prospectus is not an offer to sell these securities and it is not soliciting an offer to buy these securities in any jurisdiction where the offer or sale is not permitted. To the extent required by applicable law in certain jurisdictions, shares offered through the Lowe's Plan are offered only through a registered broker-dealer in those jurisdictions.

Investing in our common stock involves risks. You should carefully consider the risks described under "Risk Factors" on page 2 of this prospectus, as well as the other information contained in or incorporated by reference into this prospectus, any related prospectus supplement and any related free writing prospectus, before enrolling in the Lowe's Plan.

Statements including words such as “believe,” “expect,” “anticipate,” “plan,” “desire,” “project,” “estimate,” “intend,” “will,” “should,” “could,” “would,” “may,” “strategy,” “potential,” “opportunity” and similar expressions are forward-looking statements. Forward-looking statements involve estimates, expectations, projections, goals, forecasts, assumptions, risks and uncertainties. Forward-looking statements include, but are not limited to, statements about future financial and operating results, Lowe’s plans, objectives, business outlook, priorities, expectations and intentions, expectations for sales growth, comparable sales, earnings and performance, shareholder value, capital expenditures, cash flows, the housing market, the home improvement industry, demand for services, share repurchases, Lowe’s strategic initiatives, including those relating to acquisitions by Lowe’s and the expected impact of such transactions on our strategic and operational plans and financial results, and any statement of an assumption underlying any of the foregoing and other statements that are not historical facts. Although we believe that the expectations, opinions, projections and comments reflected in these forward-looking statements are reasonable, such statements involve risk and uncertainties and we can give no assurance that such statements will prove to be correct. Actual results may differ materially from those expressed or implied in such statements.

A wide variety of potential risks, uncertainties and other factors could materially affect our ability to achieve the results either expressed or implied by these forward-looking statements including, but not limited to, changes in general economic conditions, such as the rate of unemployment, interest rate and currency fluctuations, fuel and other energy costs, slower growth in personal income, changes in consumer spending, changes in the rate of housing turnover, the availability of consumer credit and of mortgage financing, inflation or deflation of commodity prices, and other factors that can negatively affect our customers, as well as our ability to: (i) respond to adverse trends in the housing industry, a reduced rate of growth in household formation, and slower rates of growth in housing renovation and repair activity, as well as uneven recovery in commercial building activity; (ii) secure, develop and otherwise implement new technologies and processes necessary to realize the benefits of our strategic initiatives focused on omni-channel sales and marketing presence and enhance our efficiency; (iii) attract, train and retain highly-qualified associates; (iv) manage our business effectively as we adapt our operating model to meet the changing expectations of our customers; (v) maintain, improve, upgrade and protect our critical information systems from data security breaches, ransomware and other cyber threats; (vi) respond to fluctuations in the prices and availability of services, supplies and products; (vii) respond to the growth and impact of competition; (viii) address changes in existing or new laws or regulations that affect consumer credit, employment/labor, trade, product safety, transportation/logistics, energy costs, health care, tax or environmental issues; (ix) positively and effectively manage our public image and reputation and respond appropriately to unanticipated failures to maintain a high level of product and service quality that could result in a negative impact on customer confidence and adversely affect sales; and (x) effectively manage our relationships with selected suppliers of brand name products and key vendors and service providers, including third-party installers. In addition, we could experience impairment losses if either the actual results of our operating stores are not consistent with the assumptions and judgments we have made in estimating future cash flows and determining asset fair values, or we are required to reduce the carrying amount of our investment in certain unconsolidated entities. With respect to acquisitions, potential risks include the effect of such transactions on Lowe’s and the target company’s strategic relationships, operating results and businesses generally; our ability to integrate personnel, labor models, financial, IT and other systems successfully; disruption of our ongoing business and distraction of management; hiring additional management and other critical personnel; increasing the scope, geographic diversity and complexity of our operations; significant integration costs or unknown liabilities; and failure to realize the expected benefits of the transaction. 13. How are payments with "insufficient funds" or incorrect draft information handled?

If the Plan Administrator does not receive a payment because of insufficient funds or incorrect draft information, the requested purchase will be deemed void and the Plan Administrator will immediately remove from your account any shares purchased in anticipation of receiving such funds. In addition, an "insufficient funds" fee of \$35 will be charged. The Plan Administrator may place a hold on the Lowe's Plan account until the "insufficient funds" fee is received from you, or may sell shares from your account to satisfy any uncollected amounts.

For initial investments and optional additional cash investments, the Plan Administrator will buy shares each week, beginning on Thursday (or the next business day) if your funds are received at least two business days before that Thursday.

For automatic monthly purchases, shares will be purchased by the Plan Administrator on the first Thursday following the 25th day of the month (or the next business day) if your automatic monthly purchase enrollment material is received by the last business day of the previous month.

15. What is the price of shares purchased under the Lowe's Plan?

If the shares are purchased in the open market, the Plan Administrator may combine your purchase requests with other purchase requests received from other plan participants and will generally batch purchase types (dividend and optional cash investments) for separate execution by the Plan Administrator's broker. Shares for the plan will be purchased on the New York Stock Exchange, or in privately negotiated transactions. The Plan Administrator may also direct its broker to execute each purchase type in several batches throughout a trading day. Depending on the number of shares being purchased and current trading volume in the shares, the Plan Administrator's broker may execute purchases for any batch or batches in multiple transactions and over more than one day. If different purchase

types are batched, the price per share of our common stock purchased for each participant's account, whether purchased with reinvested dividends, with initial cash investments or with optional cash, shall be the weighted average price of the specific batch for such shares purchased by the Plan Administrator's broker on that day to satisfy plan requirements. The purchase price for shares purchased from Lowe's will be the average of the high and low sales price reported on the New York Stock Exchange's consolidated tape for the day of the transaction.

The Plan Administrator will use your investment to purchase as many full shares as possible and will use any amount remaining to purchase a fraction of a share.

Dividends

16. Can my dividends be reinvested automatically?

Yes. You may elect on your Enrollment Form full, partial or no reinvestment of your dividends. If you make no election on your Enrollment Form, cash dividends on all shares in your account will be reinvested. If you choose partial reinvestment, you must identify the number of shares in your account on which you would like to receive cash payments for dividends.

17. When will my dividends be reinvested and at what price?

The purchase of shares with your reinvested dividends will generally begin on the dividend payment date (or the next business day) and be completed within five business days of the dividend payment date. If the shares are purchased in the open market, the Plan Administrator may combine your purchase requests with other purchase requests received from other plan participants and will generally batch purchase types (dividend and optional cash investments) for separate execution by the Plan Administrator's broker. Shares for the plan will be purchased on the New York Stock Exchange, or in privately negotiated transactions. The Plan Administrator may also direct its broker to execute each purchase type in several batches throughout a trading day. Depending on the number of shares being purchased and current trading volume in the shares, the Plan Administrator's broker may execute purchases for any batch or batches in multiple transactions and over more than one day. If different purchase types are batched, the price per share of the common shares purchased for each participant's account, whether purchased with reinvested dividends, with initial cash investments or with optional cash, shall be the weighted average price of the specific batch for such shares purchased by the Plan Administrator's broker on that day to satisfy plan requirements. The purchase price for shares purchased from Lowe's will be the average of the high and low sales price reported on the New York Stock Exchange's consolidated tape for the day of the transaction.

Source of Stock

18. What is the source of Lowe's common stock purchased through the Lowe's Plan?

At Lowe's option, share purchases will be made in the open market or directly from Lowe's. Share purchases on the open market may be made on any stock exchange where Lowe's common stock is traded or by negotiated transactions on such terms as the Plan Administrator may reasonably determine. Neither Lowe's nor any participant will have any authority or power to direct the date, time or price at which shares may be purchased by the Plan Administrator.

Lowe's will receive proceeds from purchases of Lowe's common stock by participants in the Lowe's Plan only to the extent that such purchases are made directly from Lowe's and not in the open market. Lowe's is unable to estimate the number of shares, if any, that will be purchased directly from Lowe's under the Lowe's Plan or the amount of proceeds from any such purchases. If shares for the Lowe's Plan are purchased directly from Lowe's, the net proceeds will be used by Lowe's for general corporate purposes.

Sale of Shares

19. How do I sell my shares?

You can sell some or all of the Lowe's Plan shares you hold at any time. Each account statement you receive will have a sale coupon form attached for your convenience. If you sell only a portion of your shares, the Plan

10

Table of Contents

Administrator will continue to reinvest the dividends on your remaining shares in the Lowe's Plan as previously authorized by you.

You have four choices when making a sale, depending on how you submit your sale request, as follows:

Market Order: A market order is a request to sell shares promptly at the current market price. Market order sale requests can only be received at www.computershare.com/investor or by telephone, and will be placed promptly upon receipt during market hours (normally 9:30 a.m. to 4:00 p.m., Eastern Time). Any orders received after 4:00 p.m., Eastern Time, will be placed promptly on the next day the market is open. The Plan Administrator will use commercially reasonable efforts to honor requests by participants to cancel market orders placed outside of market hours. Depending on the number of shares being sold and current trading volume in the shares, a market order may only be partially filled or not filled at all on the trading day in which it is placed, in which case the order, or remainder of the order, as applicable, will be cancelled at the end of such day. To determine if your shares were sold, you should check your account online at www.computershare.com/investor or call the Plan Administrator. If your market order sale was not filled and you still want the shares to be sold, you will need to re-enter the sale request. The price shall be the market price of the sale obtained by the Plan Administrator's broker, less a service charge of \$25 and a per share fee of \$0.12.

Batch Order: A batch order is an accumulation of all sales requests for a security submitted together as a collective request. Batch orders are submitted on each market day, assuming there are sale requests to be processed. Sale instructions for batch orders received by the Plan Administrator will be processed no later than five business days after the date on which the order is received (except where deferral is required under applicable federal or state laws or regulations), assuming the applicable market is open for trading and sufficient market liquidity exists. All batch order sale requests must be submitted in writing. All sale requests received in writing will be submitted as batch order sales. To maximize cost savings for batch order sale requests, the Plan Administrator will seek to sell shares in round lot transactions. For this purpose, the Plan Administrator may combine each selling program participant's shares with those of other selling program participants. In every case of a batch order sale, the price to each selling program participant shall be the weighted average sale price obtained by the Plan Administrator's broker for each aggregate order placed by the Plan Administrator and executed by the broker, less a service charge of \$15 and a per share fee of \$0.12.

Day Limit Order: A day limit order is an order to sell shares of Lowe's common stock when and if they reach a specific trading price on a specific day. The order is automatically cancelled if the price is not met by the end of that day (or, for orders placed after-market hours, the next day the market is open). Depending on the number of shares of Lowe's common stock being sold and the current trading volume in the shares, such an order may only be partially filled, in which case the remainder of the order will be cancelled. The order may be cancelled by the applicable stock exchange, by the Plan Administrator at its sole discretion or, if the Plan Administrator's broker has not filled the order, at your request made online at www.computershare.com/investor or by calling the Plan Administrator. For a day limit order sale, there will be a service charge of \$25 and a per share fee of \$0.12.

Good-Til-Cancelled ("GTC") Limit Order: A GTC limit order is an order to sell shares of Lowe's common stock when and if the shares reach a specific trading price at any time while the order remains open (generally up to 30 days). Depending on the number of shares of Lowe's common stock being sold and the current trading volume in the shares, sales may be executed in multiple transactions and over more than one day. If shares are traded on more than one day, a separate fee will be charged for each such day. The order (or any unexecuted portion thereof) is automatically cancelled if the trading price is not met by the end of the order period. The order may be cancelled by the applicable stock exchange, by the Plan Administrator at its sole discretion or, if the Plan Administrator's broker has not filled the order, at your request made online at www.computershare.com/investor or by calling the Plan Administrator. For a GTC limit order sale, there will be a service charge of \$25 and a per share fee of \$0.12.

All sale requests processed over the telephone by a customer service representative entail an additional transaction fee of \$15. All per share fees include any brokerage commissions the Plan Administrator is required to pay. Any fractional share will be rounded up to a whole share for purposes of calculating the per share fee. Instructions for a market order or a batch order sale sent to the Plan Administrator are binding and may not be

Table of Contents

rescinded. Proceeds are normally paid by check, and are generally distributed within 24 hours after your sales transaction has settled. The Plan Administrator may require a sale request be submitted in writing. You should contact the Plan Administrator to determine if there are any limitations applicable to a particular sale request.

If you elect to sell shares online at www.computershare.com/investor, you may use the Plan Administrator's international currency exchange service to convert your sales proceeds to your local currency prior to such proceeds being sent to you. Receiving your sales proceeds in a local currency and having your check drawn on a local bank avoids the timely and costly "collection" process required for cashing U.S. dollar checks. This service is subject to additional terms and conditions and fees, which you must agree to online.

The Plan Administrator reserves the right to decline to process a sale if it determines, in its sole discretion, that supporting legal documentation is required. In addition, no one will have any authority or power to direct the time or price at which shares purchased through the Lowe's Plan are sold (except for prices specified for day limit orders or GTC limit orders) and no one, other than the Plan Administrator, will select the broker(s) or dealer(s) through or from whom sales are to be made.

If you prefer, you can withdraw shares from the Lowe's Plan and sell them through a broker of your own choosing. You may do so either by requesting a stock certificate for the number of whole shares you wish to sell and presenting it to the broker, or by requesting the number of whole shares you wish to sell be converted to book-entry form in the DRS. If you request a stock certificate for the shares, the certificate will normally be mailed to you within five business days of receipt of your instructions. You may be charged a fee for certificate issuance. If you withdraw and sell only a portion of your shares, the Plan Administrator will continue to reinvest the dividends on your remaining shares in the Lowe's Plan as previously authorized by you.

How Shares are Held

20. How does the safekeeping service (book-entry shares) work?

All shares of Lowe's common stock that are purchased through the Lowe's Plan will be held by the Plan Administrator and recorded in book-entry form in your Lowe's Plan account on the records of the Plan Administrator. If you hold Lowe's common stock certificates outside the Lowe's Plan, you may also, at any time, deposit those certificates for safekeeping with the Plan Administrator, and the shares represented by the deposited certificates will be included in book-entry form in your Lowe's Plan account.

21. How do I deposit my Lowe's stock certificates with the Plan Administrator?

To deposit certificates into the Lowe's Plan, you should send your certificates, by registered and insured mail, to the Plan Administrator at Lowe's Stock Advantage Direct Stock Purchase Plan, c/o Computershare, P.O. Box 505000, Louisville, KY 40233-5000, with written instructions to deposit those shares in your Lowe's Plan account. The certificates should not be endorsed and the assignment section should not be completed. We recommend insuring certificates for at least three percent of the market value to cover the cost of a surety bond in the event the shares are lost in transit to the Plan Administrator.

22. Are there any charges associated with this custodial service?

No. There is no cost to you for having the Plan Administrator hold the shares purchased for you through the Lowe's Plan or for having the Plan Administrator deposit the stock certificates you hold into your account.

23. How can I receive a stock certificate?

Normally, stock certificates for shares purchased under the Lowe's Plan will not be issued; rather, shares will be registered in the name of the Plan Administrator or its nominee and credited to your Lowe's Plan account. However, you may request a stock certificate online at www.computershare.com/investor or by calling the Plan Administrator. You also may write to the Plan Administrator at the address listed in Question 29 below. You may be charged a fee for this service. Stock certificates for fractional shares will not be issued.

Transfers of Shares

24. Can I transfer shares that I hold in the Lowe's Plan to someone else?

Yes. Please visit the Computershare Transfer Wizard at www.computershare.com/transferwizard. The Transfer Wizard will guide you through the transfer process, assist you in completing the transfer form, and identify other necessary documentation you may need to provide.

You may transfer shares to new or existing Lowe's shareholders. However, a new Lowe's Plan account will not be opened for a transferee as a result of a transfer of less than one full share.

Change of Address or Update of Other Personal Data

25. I've just moved. How can I request a change of address or update other personal data?

It is important that our records contain your most up-to-date personal data. If you need to update your address or other personal data, you may access your Computershare account online at www.computershare.com/investor, call Computershare toll free at (877) 282-1174 or write to them at the address listed in Question 29.

Withdrawal from the Lowe's Plan

26. How do I close my Lowe's Plan account?

You may terminate your participation in the Lowe's Plan either by completing the appropriate section of your account statement and returning it to the Plan Administrator or by giving notice to the Plan Administrator in writing, on the phone or through your Computershare account online. Upon termination, you may elect to receive a certificate for the number of whole shares held in your Lowe's Plan account or to have all of the shares in your Lowe's Plan account sold for you as described earlier in this prospectus and pay applicable fees and commissions. Alternatively, you may request the Plan Administrator convert your shares to book-entry form in the DRS. Shares held in the DRS have the same rights and privileges as shares of Lowe's common stock registered on Lowe's records that are represented by a certificate. If you choose either this alternative or to receive a physical certificate, you will also receive a check for the value of any fractional shares you held in the Lowe's Plan, less any applicable fees, for selling those fractional shares.

If you elect to receive a certificate or to have your shares sold, the Plan Administrator will send you your proceeds, without interest, or your certificate (with a check for the value of any fractional shares) as soon as practicable. If a notice of withdrawal is received near a record date, the Plan Administrator, in its sole discretion, may either distribute that dividend in cash or reinvest it in shares on your behalf. In the event the dividend is reinvested, the Plan Administrator will process your withdrawal from the Plan as soon as practicable, but in no event later than five business days after the purchase is completed. Thereafter, cash dividends on shares you hold in book-entry form in the DRS or in certificate form will be paid out to you and not reinvested in Lowe's common stock.

27. May Lowe's close my Lowe's Plan account?

Yes. If you withdraw, transfer or sell all of your whole shares, leaving only a fractional share in your Lowe's Plan account, we may, at our discretion and without notice to you, terminate your participation in the Lowe's Plan and sell any fractional share as part of a batch order sale, subject to any applicable fees. If the proceeds from the sale of your fractional share exceed applicable fees and tax withholdings, the Plan Administrator will mail a check in the amount of such excess to you at your address of record. Lowe's may also terminate the Lowe's Plan at any time. See Question 33 below for information about what would happen to your account if Lowe's did terminate the Lowe's Plan.

Administration

28. Who administers the Lowe's Plan?

The Lowe's Plan is administered by Computershare, which also serves as Lowe's stock transfer agent, registrar and dividend disbursing agent. As Plan Administrator, Computershare acts as agent for Lowe's Plan participants and

13

keeps records, sends statements and performs other duties relating to the Lowe's Plan. Computershare Inc., an affiliate of Computershare and a transfer agent registered with the SEC, acts as service agent for Computershare.

Purchases and sales of Lowe's common stock under the Lowe's Plan are made by a broker-dealer acting as purchasing or selling agent for Lowe's Plan participants. To the extent required by applicable law in certain jurisdictions, shares offered under the Lowe's Plan are offered through a broker-dealer.

29. How do I contact the Plan Administrator?

You may contact the Plan Administrator by writing to:

Lowe's Stock Advantage Direct Stock Purchase Plan
c/o Computershare
P.O. Box 505000
Louisville, KY 40233-5000

You may also call the Plan Administrator toll free at (877) 282-1174. Automated telephone information is available 24 hours a day, seven days a week. Customer service representatives are available between the hours of 9:00 a.m. and 5:00 p.m., Eastern Time, Monday through Friday.

Go to www.computershare.com/investor to access your account online, purchase additional shares of Lowe's common stock, change your address, certify your taxpayer identification number, change your dividend reinvestment options, modify your monthly investment withdrawals, and request duplicate 1099-DIV Tax Forms, among other features. When communicating with the Plan Administrator, you should have available your account number and taxpayer identification number.

30. What kind of reports will be sent to participants in the Lowe's Plan?

If you reinvest your dividends under the Lowe's Plan, you will receive a quarterly statement of account activity. Supplemental account statements will be provided for any month in which you make a cash investment or deposit, transfer or withdraw shares. You will also receive transaction statements promptly after each sale of shares under the Lowe's Plan. For market order sales, the time of the sale will be provided. You should retain these statements in order to establish the cost basis of shares purchased under the Lowe's Plan for income tax and other purposes. For shares acquired in the Lowe's Plan after January 1, 2011, specific cost basis information will be included in your statement in accordance with applicable law. In addition, you will receive all communications sent to other shareholders, such as annual reports and proxy statements, or a notice of internet availability of such communications.

Additional Information

31. How would a stock split or stock dividend affect my account?

Any shares resulting from a stock split or stock dividend paid on shares held in custody for you by the Plan Administrator will be credited to your book-entry position in the Lowe's Plan. Of course, you may request a certificate at any time for any or all of your whole shares or request that they be converted to book-entry form in the DRS.

32. How do I vote my Lowe's Plan shares at shareholder meetings?

In connection with each meeting of Lowe's shareholders, you will receive either a paper copy of Lowe's proxy statement, together with a proxy card, or a notice of internet availability of proxy materials. If you receive a proxy

card, it will allow you to vote your shares by telephone, via the Internet or by mail. If you receive a notice of internet availability of proxy materials, it will include instructions on how to access Lowe's proxy materials and vote your shares via the Internet. The notice will also include instructions on how you may request delivery at no cost to you of a paper or e-mail copy of Lowe's proxy materials.

Fractional shares will be aggregated and voted with the participant's directions. If you do not vote your shares via the Internet, by telephone or by signing and returning a proxy card, the shares will not be voted.

33. Can the Lowe's Plan be changed?

Yes. We may add to, modify, suspend or terminate the Lowe's Plan at any time. We will send you written notice of any significant changes, which may be included on your quarterly account statement. Upon termination of the Lowe's Plan, we will return to you any uninvested automatic deductions from your bank account and any uninvested optional cash investments or initial investment. Whole shares held in your account under the Lowe's Plan will be converted to book-entry form in the DRS. We will pay you in cash for any fractional shares credited to your account, less any applicable fees. Alternatively, you may request the Plan Administrator to issue a stock certificate free of charge.

34. What are the responsibilities of Lowe's and the Plan Administrator?

Neither Lowe's nor the Plan Administrator, Computershare, will be liable for any act, or for any failure to act as long as they have made good faith efforts to carry out the terms of the Lowe's Plan, as described in this prospectus and on the forms that accompany each investment or activity.

Participants should recognize that neither Lowe's nor the Plan Administrator can promise a profit or protect against a loss on the common stock purchased under the Lowe's Plan. For more information about the risks and uncertainties that Lowe's is exposed to, you should read the "Risk Factors" included in our most recent Annual Report on Form 10-K and description of material changes, if any, in those "Risk Factors" included in our Quarterly Reports on Form 10-Q and those contained in our other filings with the SEC, which are incorporated by reference into this prospectus.

Although the Lowe's Plan provides for the reinvestment of dividends, the declaration and payment of dividends will continue to be determined by Lowe's Board of Directors at its discretion, depending upon future earnings, the financial condition of Lowe's and other factors. The amount and timing of dividends may be changed, or the payment of dividends terminated, at any time without notice.

Tax Consequences

You should consult with your tax advisor for a complete analysis of the tax consequences of participating in the Lowe's Plan. The following summary is for general information only.

Cash dividends reinvested under the Lowe's Plan will be taxable for U.S. Federal income tax purposes as having been received by you even though you have not actually received them in cash. You will receive an annual statement from the Plan Administrator indicating the amount of reinvested dividends reported to the U.S. Internal Revenue Service as dividend income.

Starting in 2013, investment earnings, including dividends and gains received or recognized with respect to shares held in the Lowe's Plan, became subject to an additional 3.8% Medicare tax. This tax applies to individuals whose modified adjusted gross income exceeds \$200,000 (\$250,000 in the case of joint filers or \$125,000 in the case of married individuals filing separately), and to certain estates and trusts.

You will not realize a gain or loss for U.S. Federal income tax purposes upon a transfer of shares to the Lowe's Plan or the withdrawal of whole shares from the Lowe's Plan. You will, however, generally realize a gain or loss when shares are sold, including any fractional share interest for which you receive cash upon termination of your participation in the Lowe's Plan. The amount of gain or loss will be the difference between the amount that you receive for the shares sold and your tax basis for the shares. In order to determine the tax basis for shares in your account, you should retain all account and transaction statements. For shares acquired in the Lowe's Plan after January 1, 2011, specific cost basis information will be included in your statement in accordance with applicable law.

Lowe's Plan participants who are foreign persons generally are subject to a withholding tax on dividends paid on shares held in the Lowe's Plan. The Plan Administrator is required to withhold from dividends paid to foreign shareholders the appropriate amount, under current law, determined in accordance with Internal Revenue Service regulations. Where applicable, this withholding tax may be determined by treaty between the United States and the country in which the participant resides. In addition, dividends paid on shares in Lowe's Plan accounts, and the

Table of Contents

proceeds of any sale of shares, may be subject to the current applicable backup withholding tax rate under the Internal Revenue Code if the participant does not provide an IRS Form W-9 certifying that the participant is not subject to backup withholding tax. If a participant is subject to a withholding tax, the amount of any dividends that will be credited to a participant's Lowe's Plan account for investment in additional shares of Lowe's common stock will be net of any applicable withholding tax.

A withholding tax of 30% generally will be imposed on dividends paid after June 30, 2014 on, and gross proceeds paid after December 31, 2016 from the sale or other disposition of, shares held in the Lowe's Plan paid to a "foreign financial institution" or a "non-financial foreign entity" (each as defined in the Internal Revenue Code), including when acting as an intermediary, unless (i) in the case of a foreign financial institution, such institution enters into an agreement with the Internal Revenue Service to withhold on certain payments, and to collect and provide to the Internal Revenue Service information regarding U.S. account holders of such institution (which includes certain equity and debt holders of such institution, as well as certain account holders that are non-U.S. entities with United States owners); (ii) in the case of a non-financial foreign entity, such entity certifies that it does not have any "substantial United States owners" (as defined in the Internal Revenue Code) or provides the withholding agent with a certification identifying its direct and indirect substantial United States owners; or (iii) the foreign financial institution or non-financial foreign entity otherwise qualifies for an exemption from these rules. Foreign financial institutions located in jurisdictions that have an intergovernmental agreement with the United States with respect to these rules may be subject to different rules.

EXPERTS

The consolidated financial statements and related consolidated financial statement schedule, incorporated in this prospectus by reference from the Company's Annual Report on Form 10-K for the fiscal year ended February 3, 2017, and the effectiveness of the Company's internal control over financial reporting have been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their reports, which are incorporated herein by reference. Such consolidated financial statements and financial statement schedule have been so incorporated in reliance upon the reports of such firm given upon their authority as experts in accounting and auditing.

With respect to the unaudited interim consolidated financial information for the fiscal three-month periods ended May 5, 2017 and April 29, 2016 and the fiscal three- and six-month periods ended August 4, 2017 and July 29, 2016 which is incorporated herein by reference, Deloitte & Touche LLP, an independent registered public accounting firm, have applied limited procedures in accordance with the standards of the Public Company Accounting Oversight Board (United States) for a review of such information. However, as stated in their reports included in the Company's Quarterly Reports on Form 10-Q for the quarters ended May 5, 2017 and August 4, 2017 and incorporated by reference herein, they did not audit and they do not express an opinion on that interim consolidated financial information. Accordingly, the degree of reliance on their reports on such information should be restricted in light of the limited nature of the review procedures applied. Deloitte & Touche LLP are not subject to the liability provisions of Section 11 of the Securities Act of 1933 for their reports on the unaudited interim consolidated financial information because those reports are not "reports" or a "part" of the Registration Statement prepared or certified by an accountant within the meaning of Sections 7 and 11 of the Act.

PART II
INFORMATION NOT REQUIRED IN PROSPECTUS

Item 14. Other Expenses of Issuance and Distribution.

The following statement sets forth the approximate amount of fees and expenses to be incurred by the registrant in connection with the issuance and distribution of the securities registered under this registration statement. All of the amounts shown are estimates except the Securities and Exchange Commission registration fee.

Securities and Exchange Commission registration fee*	\$0
Legal fees and expenses	\$25,000
Accounting fees and expenses	\$13,000
Printing fees	\$2,000
Miscellaneous	\$5,000
Total	\$45,000

A registration fee of \$1,626.04 was paid by the registrant in connection with the original registration of the securities registered hereby on the registrant's registration statement on Form S-3 (Registration No. 333-155748) filed on November 26, 2008. No additional registration fee is due in connection with this registration statement pursuant to Rule 415(a)(6) under the Securities Act of 1933, as amended.

Item 15. Indemnification of Directors and Officers.

Set forth below is a description of certain provisions of the registrant's Restated Charter, as amended (the "Restated Charter"), the registrant's Bylaws, as amended and restated (the "Bylaws"), and the North Carolina Business Corporation Act (the "NCBCA"), as such provisions relate to the indemnification of the directors and officers of the registrant. This description is intended only as a summary and is qualified in its entirety by reference to the Restated Charter, the Bylaws and the NCBCA.

Sections 55-8-50 through 55-8-58 of the NCBCA and the Restated Charter and the Bylaws provide for indemnification of the registrant's directors and officers in a variety of circumstances, which may include liabilities under the Securities Act of 1933, as amended.

The NCBCA provides directors and officers with a right to indemnification (unless such right is limited in a corporation's articles of incorporation) against reasonable expenses when the director or officer has been wholly successful, on the merits or otherwise, in the defense of any proceeding to which he or she was a party because he or she is or was a director or officer of the corporation. The NCBCA also permits a corporation to indemnify directors and officers who met a certain standard of conduct against personal liability, including the obligation to pay any judgment, settlement, penalty, fine or reasonable expenses incurred with respect to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative and whether formal or informal. Directors and officers are also entitled to apply to a court for an order requiring the corporation to indemnify the director or officer in a particular case. The court may grant such an order if it determines the director or officer (i) has a right to indemnification against reasonable expenses (as described above); or (ii) is fairly and reasonably entitled to indemnification in view of all the relevant circumstances. The NCBCA also authorizes a corporation to indemnify directors and officers beyond the indemnification rights granted by law. Nevertheless, under the NCBCA, a corporation may not indemnify a director or officer in connection with a proceeding by or in the right of the corporation in which the director or officer is adjudged liable to the corporation, or in connection with any other proceeding charging improper personal benefit to a director or officer who is adjudged liable on the basis that personal benefit was improperly received by such director or officer.

The Restated Charter provides that, to the full extent permitted by the NCBCA, the registrant shall indemnify any director from liability incurred as a director of the registrant. The Bylaws provide that any person who serves or has served as a director or officer of the registrant, or in such capacity at the request of the registrant for any other corporation, partnership, joint venture, trust or other enterprise, will be indemnified by the registrant to the fullest extent permitted by law against (i) reasonable expenses, including attorneys' fees, actually and necessarily and as incurred by such person in connection with any threatened, pending or completed action, suit or proceeding, whether

II-1

Table of Contents

civil, criminal, administrative or investigative, seeking to hold such person liable by reason of the fact that he or she is or was acting in such capacity; and (ii) payments made by such person in satisfaction of any judgment, money decree, fine, penalty or reasonable settlement for which he or she may have become liable in any such action, suit or proceeding. The Bylaws further provide that the registrant may not, however, indemnify any person against liability or litigation expense he or she may incur on account of his or her activities which were at the time they were taken known or believed by such person to be clearly in conflict with the best interests of the registrant. Also, the Bylaws provide that the registrant may not indemnify any director with respect to any liability arising out of Section 55-8-33 of the NCBCA (relating to unlawful declaration of dividends) or any transaction from which the director derived an improper personal benefit as provided in Section 55-2-02(b)(3) of the NCBCA.

Section 55-2-02(b)(3) of the NCBCA permits a corporation to include a provision in its articles of incorporation limiting or eliminating the personal liability of a director for monetary damages for breach of any duty as a director, except for liability with respect to (i) acts or omissions that the director at the time of such breach knew or believed were clearly in conflict with the best interests of the corporation; (ii) any liability under Section 55-8-33 of the NCBCA for unlawful distributions from the corporation; (iii) any transaction from which the director derived an improper personal benefit; or (iv) acts or omissions occurring prior to the date the provision of the corporation's articles of incorporation limiting or eliminating the liability of its directors became effective. The Restated Charter provides that, to the full extent permitted by the NCBCA, a director of the registrant shall not be liable for monetary damages for breach of any duty as a director.

In addition, Section 55-8-30(d) of the NCBCA provides that a director is not liable for any action taken as a director, or any failure to take any action, if such person performed the duties of his or her office in compliance with the general standards of conduct applicable to directors of North Carolina corporations.

Section 55-8-57(c) of the NCBCA provides that a corporation may purchase and maintain insurance on behalf of an individual who is or was a director, officer, employee or agent of the corporation against certain liabilities incurred by such person, whether or not the corporation is otherwise authorized by the NCBCA to indemnify such person. The registrant maintains directors' and officers' liability insurance for its directors and officers, as permitted in the Bylaws.

Item 17. Undertakings.

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5) or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into

the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering

of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i)Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii)Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii)The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv)Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6)That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
