ANNUAL MEETING OF SHAREHOLDERS
To Be Held September 15, 2004

PROXY STATEMENT

General

The enclosed proxy is solicited by the Board of Directors of Mentor Corporation (the "Company") for use at the Company's Annual Meeting of Shareholders to be held at the Minneapolis Hilton and Towers, located at 1001 Marquette Avenue, Minneapolis, Minnesota, on Wednesday, September 15, 2004, at 10:00 a.m. local time (the "Annual Meeting"), and any and all adjournments or postponements thereof. This Proxy Statement and form of proxy, along with the Annual Report of the Company for the fiscal year ended March 31, 2004, are being mailed to the Company's shareholders on or about July 30, 2004.

Voting; Quorum; Abstentions and Broker Non-Votes

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying notice and are described in more detail in this Proxy Statement. Only holders of record of the 42,335,458 shares of the Company's common stock outstanding at the close of business on July 20, 2004 will be entitled to notice of and to vote at the meeting or any adjournments or postponements thereof. On each matter to be considered at the Annual Meeting, shareholders will be entitled to cast one vote for each share held of record on July 20, 2004. Holders of common stock do not have cumulative voting rights.

The Bylaws of the Company provide that the holders of a majority of the shares of stock of the Company outstanding and entitled to vote at the Annual Meeting, present in person or represented by proxy, shall constitute a quorum and that, except as otherwise provided by statute or the Articles of Incorporation of the Company, all other matters coming before the Annual Meeting shall be decided by the vote of the holders of a majority of the stock present in person or represented by proxy at the Annual Meeting and entitled to vote thereat. Votes cast at the Annual Meeting will be tabulated by the persons appointed by the Company to act as inspectors of election for the Annual Meeting. The inspectors of election will treat shares of common stock represented by a properly signed and returned proxy as present at the Annual Meeting for purposes of determining a quorum, without regard to whether the proxy is marked as casting a vote or abstaining. Likewise, the inspectors of election will treat shares of common stock represented by "broker non-votes" (i.e., shares of common stock held in record name by brokers or nominees as to which (i) instructions have not been received from the beneficial owners or persons entitled to vote; (ii) the broker or nominee does not have discretionary voting power under applicable rules or the instrument under which it serves in such capacity; or (iii) the recordholder has indicated on the proxy card or has executed a proxy and otherwise notified the Company that it does not have authority to vote such shares on that matter) as present for purposes of determining a quorum.

Proposals 1 and 3 require the approval of a majority of the voting power of all outstanding shares present, in person or represented by proxy, at the Annual Meeting and entitled to vote on the proposals. Therefore, abstentions as to Proposals 1 or 3 will have the same effect as votes against such proposals. Broker non-votes as to Proposals 1 or 3, however, will be deemed shares not entitled to vote on such proposals and will not be counted as votes for or against such proposals, and will not be included in calculating the number of votes necessary for approval of such proposals. Directors will be elected under Proposal 2 by a favorable vote of a plurality of the voting power of all outstanding shares present, in person or represented by proxy, at the Annual Meeting and entitled to vote on Proposal 2. Accordingly, abstentions or broker non-votes as to the election of directors will not affect the election of the candidates receiving the plurality of votes.

Proxies

All shares represented by each properly executed, unrevoked proxy received in time for the Annual Meeting will be voted in the manner specified therein. If the manner of voting is not specified in an executed proxy received by the Company, the proxy holders will vote **FOR** increasing the authorized number of members of the Board of Directors from seven to eleven directors, **FOR** the election of each of the nominees for election to the Board of Directors listed in the proxy, **FOR** ratification of the appointment of Ernst & Young LLP as independent auditors and, as to any other business which may properly come before the meeting, in accordance with their best judgment. Any stockholder has the power to revoke his or her proxy at any time before it is voted. A proxy may be revoked by delivering a written notice of revocation to the Secretary of the Company, by presenting at the meeting a later-dated proxy executed by the person who executed the prior proxy, or by attendance at the meeting and voting in person by the person who executed the prior proxy.

Solicitation

The cost of soliciting proxies will be borne by the Company. The solicitation will be primarily by mail. Expenses will include reimbursements paid to brokerage firms and others for their expenses incurred in forwarding solicitation material regarding the meeting to beneficial owners of the Company's common stock. Further solicitation of proxies may be made by telephone or oral communication with some shareholders by the Company's regular employees who will not receive additional compensation for the solicitation. The Company has no present plans to hire special employees or paid solicitors to assist in obtaining proxies, but reserves the option of doing so if it should appear that a quorum otherwise might not be obtained.

Stock Split

On January 31, 2003, the Company implemented a two-for-one stock split by issuing as a dividend one additional share of common stock for each share of common stock held. All share amounts and prices per shares reflected in this Proxy Statement have been appropriately adjusted to reflect this split.

PROPOSAL 1

APPROVAL OF INCREASE IN AUTHORIZED NUMBER OF DIRECTORS

General

The Company's Bylaws provide that the Board of Directors must consist of not less than three directors, with the number to be determined by a resolution of the shareholders. At the 2003 Annual Meeting of Shareholders, the authorized number of members of the Company's Board of Directors was set at seven. The Company's shareholders are being asked to approve an increase in the authorized number of members of the Board of Directors from seven to eleven directors.

The proposed increase in the authorized number of directors will permit the shareholders to elect additional individuals to the Board, including additional independent directors eligible to serve on committees of the Board of Directors.

Proposal

At the Annual Meeting, shareholders will be asked to approve an increase in the authorized number of members of the Board of Directors from seven to eleven directors. Approval of this Proposal requires the affirmative vote of a majority of the voting power of all outstanding shares of the Company's common stock present, in person or represented by proxy, at the Annual Meeting and entitled to be voted on this Proposal. **The Board of Directors recommends a vote *FOR* this Proposal.**

PROPOSAL 2**ELECTION OF DIRECTORS****General**

Directors are elected at each Annual Meeting of Shareholders and hold office until the next Annual Meeting of Shareholders, or until their respective successors are duly elected and qualified. The number of directors currently authorized is seven. If Proposal 1 is approved the authorized number of directors will be increased to eleven.

The Board of Directors has proposed two groups of individuals as nominees to serve as directors of the Company. The first seven individuals identified below, each of whom was elected to his present term of office by the shareholders at the 2003 Annual Meeting of Shareholders, will be presented as nominees for election to the Board regardless of whether Proposal 1 is approved at the meeting. In the event that Proposal 1 is approved by the shareholders, the four additional individuals identified below will be presented as nominees for election to the Board. None of these four individuals is currently serving as a director of the Company. However, if Proposal 1 is not approved by the shareholders, none of these four individuals will be presented as nominees for election at the meeting.

Unless individual shareholders specify otherwise, the shares represented by each returned proxy will be voted **FOR** the election of the first seven nominees named below and, if Proposal 1 is approved, **FOR** the additional four nominees named below. Although it is anticipated that each nominee will be able to serve as a director, should any nominee become unavailable to serve, the proxies will be voted at the discretion of the proxy holders for such other person or persons as they may determine.

Certain Litigation

On March 4, 2004, John H. Alico, et al., d/b/a PTF Royalty Partnership ("PTF"), filed a lawsuit against the Company in the Business Litigation Session of the Superior Court of Massachusetts, Suffolk County, in which PTF alleges, among other things, breach of a merger agreement that involved the Company's acquisition of Mentor O&O, Inc. ("O&O"), an unrelated entity at that time, which was dated as of March 14, 1990 ("Merger Agreement") (prior to the merger, O&O had no affiliation with the Company). PTF alleges that the Company breached the terms of the Merger Agreement by failing to exert commercially reasonable and diligent efforts to obtain approval by the Food and Drug Administration for a product used for the treatment of urinary incontinence and by failing to accurately account for and pay royalties due thereunder. PTF seeks damages in excess of \$18 million, which is the maximum amount of royalties PTF could have received under the Merger Agreement. After almost ten years, in or about January 2001, the Company elected to discontinue pursuing Food and Drug Administration approval for the product, given the FDA's repeated and ongoing concerns regarding the product's use for urinary incontinence. The Company complied with all of its obligations under the Merger Agreement, which specifically provided that the Company was under no obligation to engage in efforts or expenditures in respect of the product which it in good faith deemed to be inadvisable based on various factors. Accordingly, the Company intends to vigorously defend the lawsuit. Dr. Richard Young, a member of the Company's Board of Directors since March 1990, is a partner of PTF and is a named plaintiff in the above action. However, Dr. Young did not approve the filing of this action, and was not aware of it until after the Company received service of the summons. Dr. Young was a shareholder and principal of O&O prior to the merger and was instrumental in facilitating the transition after the merger.

Corporate Governance

The Board believes the Company has observed sound corporate governance practices in the past. However, recently, and particularly following enactment of the Sarbanes-Oxley Act of 2002 and the adoption of new rules and regulations by the New York Stock Exchange and the Securities and Exchange Commission, the Company, like many public companies, has addressed the changing governance environment by reviewing its policies and procedures and, where appropriate, adopting new practices. In connection with these corporate governance initiatives, the Board has formalized the Company's principles of corporate governance, including taking the following actions:

- adopted written Corporate Governance Guidelines;
- appointed a Presiding Independent Director;
- adopted an amended and restated written charter for the Audit Committee;
- adopted an amended and restated charter for and expanded the duties of the Compensation Committee;
- adopted an amended and restated charter for and expanded the duties of the Nominating and Governance Committee;
- adopted a Code of Ethics for the Company's Chief Executive Officer, Chief Financial Officer and other senior financial officers; and
- adopted a policy for shareholders who wish to communicate directly to the Board of Directors.

Copies of the Company's written committee charters, its Corporate Governance Guidelines, and its Code of Ethics are available on the Company's website, and can be found under the Investor Relations and Corporate Governance links. The Company's website is www.mentorcorp.com. Copies are also available in print, free of charge, by writing to Investor Relations, Mentor Corporation, 201 Mentor Drive, Santa Barbara, California 93111. The Company will post amendments to or waivers of the provisions of the Code of Ethics on the website. Please note, however, that the information contained on the website is not incorporated by reference in, or considered part of, this Proxy Statement.

In addition, the Board is currently developing a code of business conduct and ethics for the Company's employees and directors, which will be adopted on or prior to the Annual Meeting.

Director Independence

The Board has determined that all of the director nominees, other than Messrs. Conway, Glover, Levine and Michael, including those who serve on the Audit, Compensation and Nominating and Governance Committees, are "independent" for purposes of Section 303A.02 of the Listed Company Manual of the New York Stock Exchange, and that the members of the Audit Committee are also "independent" for purposes of Section 10A(m)(3) of the Securities Exchange Act of 1934 and Section 303.01 of the Listed Company Manual of the New York Stock Exchange. The Board based these determinations primarily on a review of the responses of the director nominees and executive officers to questions regarding employee and compensation history, affiliations and family and other relationships and on discussions with the directors.

Board Committees and Meetings

The Board of Directors held six meetings during the fiscal year ended March 31, 2004. The Board of Directors has a standing Compensation, Audit and Nominating and Governance Committee. Each incumbent director attended at least 94% of the total number of meetings of the Board of Directors and of Board of Director committees on which that director served which were held during the period for which he was a director. Members of the Board and its committees also consulted informally with management from time to time and acted by written consent without a meeting.

Audit Committee. The Charter for the Audit Committee of the Board of Directors is attached as Appendix A to this Proxy Statement. A copy is also available on the Company's website. Please note that the information on the Company's website is not incorporated by reference in this Proxy Statement. The Charter requires that the Audit Committee be comprised of at least three members, all of whom must be independent as defined in the listing standards of the New York Stock Exchange. The current members of the Audit Committee are Messrs. Faster, Nakonechny, Rossi and Young. Although more than one member of the committee is believed to qualify as an audit committee financial expert, the Board has determined to name Mr. Faster as the audit committee financial expert.

The Audit Committee assists the Board of Directors in discharging its responsibilities to oversee the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent auditor's qualifications and independence, and the performance of the Company's internal auditors. It has direct responsibility for the appointment, compensation, retention and oversight of the work of any independent auditors employed by the Company for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services. The committee is also responsible for producing an Audit Committee Report for inclusion in the Company's proxy statement. The Audit Committee held eight meetings during the fiscal year ended March 31, 2004.

Compensation Committee. The Charter for the Compensation Committee of the Board of Directors is available on the Company's website. The Charter requires that the Compensation Committee be comprised of at least two members, all of whom must be independent as defined in the listing standards of the New York Stock Exchange. The current members of the Compensation Committee are Messrs. Faster, Nakonechny, Rossi, Ubben and Young.

The Compensation Committee assists the Board of Directors in discharging its responsibilities in respect of compensation of the Company's executive officers and directors, including, among other things, annual salaries and bonuses, stock options and other incentive compensation arrangements. In addition, it administers the Company's stock option plan. The committee is also responsible for producing a Compensation Committee Report for inclusion in the Company's proxy statement. The Compensation Committee and the Stock Option Committee of the Board of Directors, which had the same committee members and was consolidated into the Compensation Committee in July 2004, held a total of three meetings during the fiscal year ended March 31, 2004.

Edgar Filing: MENTOR CORP /MN/ - Form DEFR14A

Nominating and Governance Committee. The Charter for the Nominating and Governance Committee of the Board of Directors is available on the Company's website. The Charter requires that the Nominating and Governance Committee be comprised of at least two members, all of whom must be independent as defined in the listing standards of the New York Stock Exchange. The current members of the Nominating and Governance Committee are Messrs. Faster, Nakonechny, Rossi and Young.

The Nominating and Governance Committee is responsible for identifying individuals qualified to become Board members and recommending to the full Board of Directors nominees for election as directors. To fulfill this role, the committee reviews the composition of the full Board to determine the qualifications and areas of expertise needed to further enhance the composition of the Board and works with management in attracting candidates with those qualifications. In considering candidates for directors, the committee takes into account a number of factors, including the following: (i) independence under applicable listing standards; (ii) relevant business experience; (iii) judgment, skill, integrity and reputation; (iv) number of other boards on which the candidate serves; (v) other business and professional commitments; (vi) potential conflicts of interest with other pursuits; (vii) whether the candidate is a party to any action or arbitration adverse to the Company; (viii) financial and accounting background to enable the committee to determine whether the candidate would be suitable for Audit Committee membership or quality as an "audit committee financial expert;" (ix) executive compensation background, to enable the committee to determine whether a candidate would be suitable for Compensation Committee membership; (x) whether the candidate has agreed to be interviewed by the Committee if requested; and (xi) the size and composition of the existing Board.

In addition, candidates must be willing and able to devote the required amount of time to Company business. In evaluating candidates, the committee seeks to achieve a balance of knowledge, experience and capability on the Board.

The Nominating and Governance Committee will consider qualified candidates for directors suggested by shareholders, applying the criteria for candidates described above and considering the additional information referred to below. Shareholders wishing to suggest a candidate for director should write the Chairman of the Nominating and Governance Committee at the Company's principal executive offices and include: (i) the shareholder's name and contact information; (ii) a statement that the writer is a stockholder of record and is proposing a candidate for consideration by the committee; (iii) the name of and contact information for the candidate and a statement that the candidate is willing to be considered and serve as a director, if nominated and elected; (iv) a statement of the candidate's business and educational experience; (v) information regarding each of the factors listed above, other than that regarding Board size and composition, sufficient to enable the committee to evaluate the candidate; (vi) a statement of the value that the candidate would add to the Board; (vii) a statement detailing any relationship between the candidate and any customer, supplier or competitor of the Company; (viii) detailed information about any relationship or understanding between the proposing shareholder and candidate and (ix) all other information that would be required under SEC rules in a proxy statement soliciting proxies for the election of the candidate as a director. In order to give the committee sufficient time to evaluate a recommended candidate, the recommendation should be received by the Chairman of the Nominating and Governance Committee at the Company's principal executive offices not later than the 120th calendar day before the one year anniversary of the date of the Company's proxy statement released to shareholders in connection with the previous year's annual meeting of shareholders.

Before nominating a sitting director for reelection at an annual meeting, the committee will consider the director's performance on the Board and whether the director's reelection will be consistent with the Company's Corporate Governance Guidelines.

When seeking candidates for director, the Nominating and Governance Committee may solicit suggestion from incumbent directors, management or others. After conducting an initial evaluation of the candidate, the committee will interview the candidate if it believes the candidate might be suitable for a director. The committee may also ask the candidate to meet with management. If the committee believes the candidate would be a valuable addition to the Board, it will recommend to the full Board that candidate's election. The Committee has recommended the nomination of the individuals named in this Proposal 2 for election to the Board of Directors at this Annual Meeting. Messrs. Emmons and Whitters were recommended to the Nominating and Governance Committee as possible candidates to be directors of the Company by an executive officer and a non-management director of the Company, respectively.

In addition to the above, the Nominating and Governance Committee is responsible for developing and recommending to the Board a set of corporate governance principals applicable to the Company and overseeing the evaluation of the Board of Directors and management. The Nominating and Governance Committee held one meeting during the fiscal year ended March 31, 2004.

Executive Sessions. Non-management directors meet regularly in executive session without management. Non-management directors are all those who are not Company officers and include directors, if any, who are not "independent" merely by virtue of the existence of a material relationship with the Company. Executive sessions are led by a "Presiding Independent Director." An executive session is held in conjunction with each regularly scheduled Board meeting and other sessions may be called by the Presiding Independent Director in his own discretion or at the request of the Board. Mr. Faster is currently designated as the Presiding Independent Director.

Compensation of Directors

Board members who are employees of the Company receive no additional compensation for their services as directors. Each non-employee director currently receives a quarterly fee of \$12,500.

Between 1988 and 1997 each non-employee director received options to purchase a total of 240,000 shares of common stock. Mr. Rossi received options to purchase 40,000 shares on November 11, 1999 upon his appointment to the Board as a non-employee director. These options were issued at an exercise prices equal to fair market value on the date of grant, have terms of ten years and became exercisable in four equal annual installments over the optionee's period of Board service, beginning one year after the grant date.

Following shareholder approval of the Company's 2000 Long-Term Incentive Plan in October 2000, each non-employee director was granted an option to purchase 60,000 shares of common stock at an exercise price equal to the fair market value per share of the common stock on the date of such grant. These options have a term of ten years and become exercisable in four equal annual installments over the optionee's period of Board service, beginning one year after the grant date. Mr. Ubben has not been granted any options to purchase shares of common stock. Additional grants of options to non-employee directors may be made in accordance with the provisions of the 2000 Long-Term Incentive Plan and it is anticipated that option grants will be made to new non-employee directors joining the Board.

Director Attendance at Annual Meetings

The Company typically schedules a Board meeting in conjunction with its annual meeting and expects that the Company's directors will attend, absent a valid reason. Last year all directors attended the Company's annual meeting.

Proposal

At the Annual Meeting, shareholders will be asked to elect seven directors and, if Proposal 1 is approved, an additional four directors to serve on the Company's Board of Directors until the next annual meeting of shareholders, or until their respective successors have been elected and qualified. The nominees receiving the highest number of affirmative votes of the voting power of all outstanding shares present, in person or represented by proxy, at the Annual Meeting and entitled to vote on this Proposal shall be elected. **The Board of Directors recommends a vote *FOR* the election of each of the nominees listed above.**

PROPOSAL 3**RATIFICATION OF INDEPENDENT AUDITORS**

Pursuant to authority delegated to the Audit Committee by the Board of Directors, the Audit Committee has appointed the firm of Ernst & Young LLP to act as principal independent auditors for the Company for the fiscal year ending March 31, 2005. This appointment is being submitted to the Company's shareholders for ratification. Ernst & Young LLP has audited the financial statements of the Company for the fiscal year ended March 31, 2004, and for prior years, and has advised the Company that neither the firm nor any of its partners has any direct or indirect material financial interests in the Company or its subsidiaries, nor have they had any connection during the past three years with the Company or its subsidiaries in any capacity other than that of independent accountants and auditors. A representative of Ernst & Young LLP will be present at the 2004 Annual Meeting and will have an opportunity to make a statement if he or she desires to do so. It is anticipated that such representative will be available to respond to appropriate questions from shareholders.

In the event the shareholders do not ratify the appointment of Ernst & Young LLP, the selection of other independent auditors will be considered by the Audit Committee of the Board of Directors.

Audit and All Other Fees

The fees billed to the Company by Ernst & Young LLP for the indicated services were as follows:

	Fiscal 2004	Fiscal 2003

Audit-Related Fees (2)	152,448	27,100
Tax Fees (3)	126,399	49,956
All Other Fees	-	-
	\$ 711,107	\$ 454,440

- (1) Audit Fees - These are fees for professional services performed by Ernst & Young LLP for the audit of the Company's annual financial statements and review of financial statements included in the Company's 10-Q filings, and services that are normally provided in connection with statutory and regulatory filings or engagements.

Edgar Filing: MENTOR CORP /MN/ - Form DEFR14A

Under its Charter, the Audit Committee must pre-approve all engagements of the Company's independent auditor unless an exception to such pre-approval exists under the Securities Exchange Act of 1934 or the rules of the Securities and Exchange Commission. Each year, the independent auditor's retention to audit the Company's financial statements, including the associated fee, is approved by the committee. At the beginning of the fiscal year, the Audit Committee will evaluate other known potential engagements of the independent auditor, including the scope of work proposed to be performed and the proposed fees, and approve or reject each service, taking into account whether the services are permissible under applicable law and the possible impact of each non-audit service on the independent auditor's independence from management. At each subsequent Audit Committee meeting, the committee will receive updates on the services actually provided by the independent auditor, and management may present additional services for approval. Typically, these would be services such as due diligence for an acquisition, that would not have been known at the beginning of the year. The committee has delegated to the Chairman of the committee the authority to evaluate and approve engagements on behalf of the committee in the event that a need arises for pre-approval between committee meetings. This might occur, for example, if the Company proposed to execute a financing on an accelerated timetable. If the Chairman so approves any such engagements, he will report that approval to the full committee at the next committee meeting.

Since the May 6, 2003 effective date of the Securities and Exchange Commission rules stating that an auditor is not independent of an audit client if the services it provides to the client are not appropriately approved, each new engagement of Ernst & Young LLP was approved in advance by the Audit Committee and none of those engagements made use of the de minimus exception to pre-approval contained in the Commission's rules.

Proposal

At the Annual Meeting, shareholders will be asked to ratify the appointment of Ernst & Young LLP to act as principal independent auditors of the Company for the fiscal year ending March 31, 2005. Approval of this Proposal requires the affirmative vote of a majority of the voting power of all outstanding shares of the Company's common stock present, in person or represented by proxy, at the Annual Meeting and entitled to be voted on this Proposal. **The Board of Directors recommends a vote *FOR* this Proposal.**

- (1) All options were granted under the Company's Amended 2000 Long-Term Incentive Plan. Each option will become exercisable for the option shares in four equal and successive annual installments over the optionee's period of service with the Company, beginning one year after the grant date. Each option has a maximum term of ten years, subject to earlier termination immediately prior to a change in control (as defined in the Amended 2000 Long-Term Incentive Plan); alternatively, the administrator of the Amended 2000 Long-Term Incentive Plan may provide for replacement of outstanding options with options to purchase shares of the surviving corporation, or for a cash payment in exchange for the cancellation of outstanding options.
- (2) The exercise price of each option is equal to the fair market value of the common stock on the date of grant. The exercise price may be paid in cash, in common stock, or pursuant to a cashless exercise procedure under which the optionee provides irrevocable instructions to a brokerage firm to sell the purchased shares and to remit to the Company, out of the sale proceeds, an amount equal to the exercise price plus all applicable withholding taxes.
- (3) Potential realizable value is based on an assumption that the market price of the stock appreciates at the stated rate, compounded annually, from the date of grant until the end of the ten-year option term. These values are calculated based on regulations promulgated by the Securities and Exchange Commission and do not reflect the Company's estimate of future stock price appreciation. There is no assurance that the actual stock price appreciation over the ten-year option term will be at the assumed 5% or 10% levels, or at any other defined level.

(2) An In-The-Money option is an option which has an exercise price for the common stock that is lower than the fair market value of the common stock on a specified date. The fair market value of the Company's common stock at March 31, 2004 was \$30.10 per share.

COMPENSATION COMMITTEE REPORT

The Company's Compensation Committee (the "Committee") reviews and approves each of the elements of the executive compensation program and assesses the effectiveness and competitiveness of the overall program.

The Company's executive compensation program is designed to accomplish several goals, including:

- To attract, retain, and motivate employees of outstanding ability;
- To link changes in employee compensation to individual and corporate performance;
- To align the interests of management with the interests of the Company's shareholders;
- To facilitate the development of a progressive high performance culture;
- To strengthen the relationship between pay and performance; and
- To provide levels of compensation that are competitive with those provided in the markets in which the Company competes for executives.

Key Provisions of the Executive Compensation Program

The Company's executive compensation plan consists of five components: base salary, quarterly incentive bonus, annual incentive bonus, special project bonus, and long-term incentive in the form of stock options. The Company has established a link between pay and performance by emphasizing variable components of the plan, that is, quarterly and annual incentive bonuses, special project bonuses, and stock options.

Base Salary. The Committee determines base salaries for executive officers on the basis of a number of factors, including an assessment of competitive compensation levels for U.S.-based publicly traded medical equipment and supply companies utilizing data provided by an independent consulting firm, the Company's financial condition, any changes in job responsibilities, and the performance of each executive. Executive officer base salaries generally are set to be within a competitive range of comparable compensation data for other similarly situated executives within the industry. Base salaries below the competitive range are adjusted to be within the competitive range. Base salaries within the competitive range are increased annually to adjust for inflation and other external factors. The percentage increase in fiscal 2004 was 3%.

Quarterly Incentive Bonus. Executive officers are eligible to receive a quarterly incentive bonus equivalent to one-half of one percent (0.5%) of their base salaries under a broad program which includes most U.S. employees. The bonus is earned in any given quarter if the Company achieves its planned operating earnings threshold for that quarter. In fiscal 2004, the Company reached its planned threshold in one of the four quarters.

Annual Incentive Bonus. Executive officers are eligible to receive annual incentive compensation equivalent to a specified percentage of their base salaries under the Company's bonus plan. The Company establishes bonus pay-out targets (ranging from 40% to 60% of base salary with the potential for a 20% additional bonus for outstanding results of the Company, plus up to a 10% additional bonus for outstanding individual performances, which increases the maximum potential payout to 79% of base salary) that are designed to bring the level of total annual cash compensation (base salary plus annual incentive bonus) within the range for comparable positions at similar U.S.-based medical equipment and supply companies when superior performance is achieved. Performance is measured at the corporate, functional unit and individual level. The total potential bonus for each executive is broken down into several factors as appropriate for that executive's area of responsibility. Each factor is then weighted with emphasis placed on profitability measures or other appropriate criteria. These factors, and the relative weight given to each factor, vary with each executive officer at the Committee's sole discretion. For each factor, the Committee defines and establishes quantifiable and qualitative measures. No bonus is paid for performance below acceptable levels.

Special Project Bonus. Selected executive officers are eligible to receive special project bonuses for project assignments that are of extra significance to the Company's strategy. The Compensation Committee determines the amount of the potential bonus and the appropriate measures to determine the executive's success in achieving project milestones.

Long-term Incentive (Stock Options). Generally, the Company awards stock options to executive officers on an annual basis, or upon a significant promotion or increase in duties. Each grant is designed to align the interests of the executive officer with those of the shareholders and provide each individual with a significant incentive to manage the Company from the perspective of an owner with an equity stake in the business. Awards to specific employees, including the Chief Executive Officer, are made on the basis of each employee's job responsibilities and recommendations of the executive officers of the Company concerning the individual's contributions (both historical and potential) to the success of the Company, and generally without regard to prior awards of stock option grants. These recommendations also take into consideration competitive practices for stock option grants as determined by an independent compensation consultant using survey information. The survey information encompasses data on both competitive grant levels for individual executives and total options granted as a percentage of shares outstanding.

Chief Executive Officer Compensation

Mr. Conway does not have an employment agreement with the Company. Mr. Conway's base salary, annual incentive bonus and stock option grants are set by the Compensation Committee of the Board of Directors using the same policies and criteria used for other executives. In setting Mr. Conway's salary for fiscal 2004, the Compensation Committee considered competitive information for U.S.-based publicly traded medical equipment and supply companies utilizing data provided by an independent compensation consultant, the Company's financial performance and other factors. Mr. Conway is currently paid at the targeted competitive position base salary, which has been set by the Compensation Committee to be within the range of comparable competitive compensation data. Mr. Conway's base salary was increased by approximately 3% on April 1, 2003 from \$414,000 to \$426,000, and by approximately 2% on April 3, 2004 to \$434,948.

Mr. Conway was eligible to receive an annual incentive bonus of up to 79% of his annual base salary for fiscal 2004 based upon the achievement of specified levels of corporate performance as measured by operating income goals. Mr. Conway did not receive a bonus as these goals were not achieved. However, Mr. Conway did receive a bonus equal to 0.5% of his base salary or \$2,130 under the quarterly incentive bonus program.

On May 21, 2003, Mr. Conway was granted a stock option to purchase 100,000 shares of common stock of the Company. The exercise price of the stock option was set at fair market value on the grant date. Subject to the terms applicable to his grant and the terms of the option plan, the stock option may be exercised based on a four-year vesting schedule and expires ten years from the grant date.

Policy with Respect to Section 162(m) of the Internal Revenue Code. Subject to certain exceptions, Section 162(m) of the Code disallows a federal income tax deduction for compensation over \$1 million paid to certain executive officers in a taxable year. One exception applies to compensation paid pursuant to shareholder-approved plans that are performance-based. At the 2001 Annual Meeting, the Company obtained shareholder approval for the Company's Amended 2000 Long-Term Incentive Plan which was designed to assure that any compensation deemed paid in connection with the exercise of stock options granted under that plan will qualify as performance-based compensation. As a result, the Company believes that stock options granted to its executives qualify for the performance-based exception to the deduction limit. However, there can be no assurance that the options will so qualify.

Edgar Filing: MENTOR CORP /MN/ - Form DEFR14A

The cash compensation paid to the Company's executive officers for the 2004 fiscal year did not exceed the \$1 million limit per officer, nor is the cash compensation to be paid to the Company's executive officers for the 2005 fiscal year expected to reach that level. Because it is unlikely that the cash compensation payable to any of the Company's executive officers in the foreseeable future will approach the \$1 million limitation, the Compensation Committee has decided not to take action at this time to limit or restructure the elements of cash compensation payable to the Company's executive officers. The Compensation Committee intends to continue to comply with Section 162(m) in the future to the extent consistent with the best interests of the Company.

AUDIT COMMITTEE REPORT

The Securities and Exchange Commission rules require the Company to include in its Proxy Statement a report from the Audit Committee of the Board. The following report concerns the Audit Committee's activities regarding oversight of the Company's financial reporting and auditing process.

The Audit Committee role is to act on behalf of the Board of Directors in the oversight of all aspects of the Company's financial reporting, internal control and audit functions. Management is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in the Annual Report for fiscal year 2004 with management.

The Audit Committee also reviewed and discussed with Ernst & Young LLP, the Company's independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, the matters required to be discussed with the Audit Committee under generally accepted auditing standards (including Statement on Auditing Standards No. 61 as amended "Communications with Audit Committees"). In addition, the Audit Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures and the letter required by the Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," which were received by the Audit Committee. The Audit Committee has adopted procedures providing for its prior review and consideration of the effect of non-audit services on the independence of its independent auditor and the approval of the types of, and estimated fees for, professional services which are expected to be performed by Ernst & Young LLP during the forthcoming fiscal year.

The Audit Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Audit Committee met with the independent auditors, with and without management, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended March 31, 2004 for filing with the Securities and Exchange Commission.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires the Company's directors and executive officers, among others, to file with the Securities and Exchange Commission (the "SEC") and New York Stock Exchange an initial report of ownership of the Company's stock on Form 3 and reports of changes in ownership on a Form 4 or a Form 5. Persons subject to Section 16 are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms that they file. Under SEC rules, certain forms of indirect ownership and ownership of Company stock by certain family members are covered by these reporting rules. As a matter of practice, the Company's administrative staff assists the Company's executive officers and directors in preparing initial reports of ownership, reports of changes in ownership and in filing these reports on their behalf.

To the Company's knowledge, based solely upon a review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the fiscal year ended March 31, 2004, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with, except that Mr. Michael and Mr. Levine each failed to timely file a Form 4 to report the grant of Company stock options and Mr. Levine also failed to file a Form 4 to report the purchase of Company stock. Form 4s reporting these transactions were subsequently filed.

CERTAIN TRANSACTIONS

Since 1991 the Company has had an exclusive agreement with Rochester Medical Corporation ("Rochester") a publicly traded company, to market and distribute certain external catheter products developed by Rochester. The Company purchased \$3,506,000 of products from Rochester under the agreement during fiscal year 2004. Three siblings of Christopher J. Conway, the Chairman and former Chief Executive Officer of the Company, own approximately 23% of Rochester shares and also serve as directors of Rochester. Two of the siblings serve as executive officers of Rochester.

Dr. Maher Michael, M.D., Vice President and Medical Director of the Company, is the brother of Mr. Adel Michael, Vice Chairman of the Company and formerly Chief Financial Officer and Treasurer. In fiscal 2004, Dr. Michael was paid \$212,083, which included a bonus of \$1,000. Dr. Michael also received options to purchase 25,000 shares of Mentor's common stock at an exercise price of \$21.00 per share.

DEADLINE FOR RECEIPT OF SHAREHOLDER PROPOSALS

Proposals of shareholders of the Company that are intended to be presented by such shareholders at the Company's 2005 Annual Meeting must be received no later than April 1, 2005, in order to be included in the proxy statement and form of proxy relating to that meeting. However, if the date of the 2005 Annual Meeting is changed by more than 30 days from the date of this year's Annual Meeting (September 15th), then the deadline for submission of shareholder proposals would be reasonable time before the Company begins to print and mail its proxy materials.

Pursuant to the proxy rules under the Securities Exchange Act of 1934, the Company's shareholders are notified that the deadline for providing the Company with timely notice of any shareholder proposal to be submitted outside the Rule 14a-8 process for consideration at the 2005 Annual Meeting will be June 15, 2005. As to matters which the Company does not have notice on or prior to that date, discretionary authority to vote on such proposals shall be granted to the persons designated in the Company's proxy related to the 2005 Annual Meeting.

APPENDIX A

MENTOR CORPORATION

**Charter for Audit Committee
(as adopted on July 26, 2004)**

**ARTICLE I
FORMATION**

The Board of Directors of Mentor Corporation (the "Company") has established the Audit Committee pursuant to the Minnesota Business Corporation Act and the Company's Bylaws.

**ARTICLE II
COMPOSITION**

The Audit Committee (the "Committee") shall be comprised of not less than three members of the Board of Directors of the Company. Subject to the foregoing, the exact number of members of the Committee shall be fixed and may be changed from time to time by resolution duly adopted by the Board of Directors. The Committee members will be appointed by the Board of Directors and may be removed by the Board in its discretion. Each member shall be independent as defined in the listing standards of the New York Stock Exchange in effect from time to time (referred to below as the "Listing Standards") and the Board of Directors shall have affirmatively determined that the member is independent. As more clearly set forth in the Listing Standards, members must not have any current or past relationships with the Company which would interfere with their exercise of independent judgment or otherwise fail to meet the independent standards set forth in the Listing Standards. In addition, the members of the Committee also shall satisfy the following requirements:

- Each member shall be "financially literate" as determined by the Board of Directors. A director shall be considered "financially literate" if by reason of his or her educational, professional or business background, the director is able to read and understand fundamental financial statements, including a company's balance sheet, income statement and statement of cash flows.
- At least one member of the Committee must have accounting or related financial management expertise and, to the extent reasonably possible, otherwise satisfy the standards of an "audit committee financial expert" as defined in Regulation S-K Item 401(e) adopted by the Securities and Exchange Commission (the "SEC").
- Other than in his or her capacity as a member of the Board of Directors or of a committee thereof, no director who, directly or indirectly, accepts any consulting, advisory, or other compensatory fee from the Company as determined pursuant to SEC Rule 10A-3(b)(1) shall be eligible to serve as a member of the Committee.
- No director who is an "affiliated person" of the Company as defined by SEC Rule 10A-3(e)(i) shall be eligible to serve as a member of the Committee.

**ARTICLE III
PURPOSE AND RESPONSIBILITIES**

The primary purpose of the Committee shall be to: (i) assist the Board of Directors in discharging its responsibilities to oversee the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent auditors' qualifications and independence, and the performance of the Company's internal audit function and independent auditors; (ii) have direct responsibility for the appointment, compensation, retention and oversight of the work of any independent auditors employed by the Company for the purpose of preparing or issuing an audit report or performing other audit, review or attestation services; and (iii) produce an audit committee report for inclusion in the Company's proxy statement. The Committee's responsibilities shall include the following:

A. Pre-Approval of Auditor Services

- All audit services, including the provision of comfort letters in connection with securities offerings, and non-audit services provided to the Company by the Company's auditors shall be approved in advance by the Committee, except with respect to non-audit, review or attestation services if:

 - ◆ The services were not recognized by the Company at the time of the engagement to be non-audit services; and
 - ◆ The services are promptly brought to the attention of the Committee and approved prior to the completion of the audit by the Committee or by one or more members of the Committee to whom authority to grant such approvals has been delegated by the Committee.

If the Committee approves an audit service within the scope of engagement of the independent auditor, the audit service shall be deemed to have been preapproved for purposes of this Article III, A. The Committee may delegate to one or more of its members the authority to grant pre-approvals. Any decision by a member to whom such authority has been delegated shall be presented to the Committee at its next meeting.

Edgar Filing: MENTOR CORP /MN/ - Form DEFR14A
