Report of Independent Registered Public Accounting Firm

To the Participants and Administrator of the
Bituminous 401(K) Savings Plan

We have audited the accompanying statement of net assets available for benefits of the Bituminous 401(K) Savings Plan (the "Plan") as of December 31, 2006 and the related statement of changes in net assets available for benefits for the year ended December 31, 2006. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Plan as of and for the year ended December 31, 2005 were audited by other auditors whose report dated June 26, 2006 expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2006, and the changes in net assets available for benefits for the year ended December 31, 2006 in conformity with U.S. generally accepted accounting principles.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes (referred to as "supplemental schedule") as of December 31, 2006 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

BITUMINOUS 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of the Bituminous 401(k) Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan covering substantially all of the employees of Bituminous Casualty Corporation (the "Company" or the "Plan Sponsor"). Employees are eligible to participate in the Plan on the last to occur: (A) date of hire or (B) the start of the payroll period in which the employee attains age twenty-one. Participation in the Plan is optional. If an employee does not elect to join the Plan on the first date he/she is eligible to do so, he/she may join the Plan at the start of any subsequent payroll period. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA) and Internal Revenue Code (IRC).

B. Contributions

Participants may contribute up to 12 percent of their annual eligible compensation on a before-tax basis subject to applicable IRS limitations. The Company provides a matching contribution equal to 25 percent of the participant's contribution on the first 6 percent of earnings. Participants may elect to have their voluntary contributions invested in any one or more of nine Pooled Separate Accounts as well as the Old Republic International Corporation ("ORI") Stock Account. Company matching contributions are invested in the same manner as participants have elected for their contributions. Participants may also make rollover contributions into the plan. A rollover is a transfer to the plan of a qualified distribution in accordance with the provisions of the plan. Rollovers are not subject to company matching contributions. Employees who are age 50 and older at any time during the year may make catch-up contributions, subject to applicable IRS limitations. Catch-up contributions are not subject to company matching contributions. Participant and company contributions to the Plan are limited to the maximum amount under the IRC. Contributions in excess of IRC limitations are returned to the participants or company when determined.

C. Participant Accounts

Each participant's account is credited with the participant's contributions, an allocation of the Company's contribution and Plan earnings. Allocations are based on participant contributions or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Cash dividends received with respect to ORI common stock previously credited to participants shall be applied to purchase additional shares of ORI common stock in the ORI Stock Account. Such dividends and the additional shares (including fractional shares) subsequently purchased with the dividends shall be allocated and credited to the accounts of participants, pro rata, according to the shares (including fractional shares) credited to the accounts of participants on the applicable dividend record date. Any ORI common stock received as a stock split or stock dividend or as a result of a reorganization or recapitalization of ORI shall be allocated and credited to the accounts of participants in proportion to the ORI common stock previously credited to their account.

BITUMINOUS 401(K) SAVINGS PLAN
NOTES TO FINANCIAL STATEMENTS

1. **Description of Plan (continued)**

D. Vesting

Participants are immediately vested in their voluntary contributions plus allocated earnings thereon. Participants are immediately vested in the remainder of their accounts upon death, disability, attainment of normal retirement age or based on the participant's number of years of service using the following table for the years ended December 31, 2006 :

Years of Service	Vested Percentage
Fewer than 1	0%
1	10%
2	20%
3	40%
4	60%
5	80%
6 or More	100%

E. Payment of Benefits

On termination of service, retirement, or death, a participant or his/her beneficiary may elect to leave funds in the Plan or receive either a single-sum payment or purchase of a single premium life annuity contract as defined in the Plan agreement. Net assets at December 31, 2006 and 2005, include funds totaling \$3,018,699 and \$2,884,268, respectively, which represent the account balance of retired and terminated participants who have elected to leave the funds in the Plan upon retirement or termination.

F. Forfeitures

If a participant terminates employment with the Plan Sponsor prior to becoming fully vested, the nonvested portion of the Plan sponsors contributions and allocated earnings thereon are forfeited. All forfeitures are segregated annually and used as an offset to the Company's matching contribution. There were unallocated assets of \$3,929 and \$233 at December 31, 2006 and 2005, respectively, related to these forfeitures.

G. Participant Loans

Participants may elect to borrow from their accounts a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Loan transactions are treated as a transfer to (from) the investment account from (to) the Participant Loans account. Loan terms shall not extend beyond five years. The loans are collateralized by the balance in the participant's account and bear interest at a rate which is based on the prevailing prime rate as published in The Wall Street Journal on the first business day of the month in which the loan is made plus one percentage point. Interest rates range from 5.00 percent to 9.25 percent with loans maturing at various dates through 2011. Principal and interest are paid ratably through periodic payroll deductions.

NOTES TO FINANCIAL STATEMENTS**

1. **Description of Plan (continued)**

H. **Administrative Expenses**

Investment management fees and other fees related to investments of the Plan are paid from the earnings of the Plan's investments. Audit fees, legal fees, and other fees related to the administration of the Plan are paid by the Company. Expenses related to participant loans are paid by the Plan and charged to the respective participants account.

2. **Summary of Significant Accounting Policies**

A. **Basis of Accounting**

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles.

B. **Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and disclosures of contingent assets and liabilities at the date of the financial statements and the changes in net assets available for benefits during the reporting period. Actual results may differ from those estimates.

C. **Risks and Uncertainties**

The Plan provides for various investment options in investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits and the statement of changes in net assets available for benefits.

D. **Investments and Income Recognition**

The Plan has nine pooled separate account investment funds under its group annuity contract with Prudential Retirement Insurance and Annuity Company (Prudential) available for participants to direct their investments therein. Investments in pooled separate accounts are valued on a per unit market value basis as determined by Prudential, which reflects the fair value of the investments comprising the separate pooled funds. In addition the Plan has an ORI common stock account that is stated at the closing market value on the last business day of the year. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded as earned on an accrual basis. Dividend income is recorded on the ex-dividend date.

The Plan presents in the Statement of Changes in Net Assets Available for Benefits the net increase (decrease) in value of its investments, which consist of realized gains and losses, unrealized appreciation (depreciation) and interest and dividend earnings on the investments.

3. **Assets Greater Than 5% of Plan Assets**

Investments that represent 5% or more of plan assets at December 31, 2006 and 2005, are as follows:

During 2006 and 2005, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year) appreciated in value as follows:

	2006	2005
Prudential pooled separate accounts	\$ 1,944,581	\$ 696,690
Old Republic International Corporation stock account	666,535	216,214
	\$ 2,611,116	\$ 912,904

4. **Tax Status**

The Internal Revenue Service has issued a determination letter, dated May 29, 2002, stating that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Plan Sponsor believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC; therefore, no provision for income taxes has been included in the Plan Financial Statements.

NOTES TO FINANCIAL STATEMENTS

5. **Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants shall become 100 percent vested in their accounts and are entitled to a distribution of their account balances.

6. **Related-Party Transactions**

The ORI stock account is invested in common stock of Old Republic International Corporation, the ultimate parent of the Company.

Plan assets include investments in nine pooled separate accounts. These funds are managed by related parties of Prudential which is the Trustee record keeper and custodian of Plan assets.
