The Company today issued the following press release:

First National Lincoln Corporation Declares Dividend

DAMARISCOTTA, Maine --(MARKET WIRE)-- September 25, 2003 -- The Board of Directors of First National Lincoln Corporation (NASDAQ NM: FNLC), today declared a quarterly dividend of \$0.29 per share. This third quarter dividend, which is payable October 31, 2003, to shareholders of record as of October 9, 2003, represents an increase of 16.0% or \$0.04 per share over the third quarter dividend declared in 2002.

"The Company has now raised its dividend for 32 consecutive quarters with this increase of \$0.01 to \$0.29 per share," noted Daniel R. Daigneault, FNLC's President & Chief Executive Officer. "This translates into an annual dividend of \$1.16 per share, and based on today's closing price of \$42.57 per share, our dividend yield is 2.7%.

"I feel that our excellent dividend yield continues to be a major factor in the strong performance of our stock this year," President Daigneault added, "with FNLC's shares trading up \$11.09 or 35.2% since December 31, 2002, based upon the year-end closing price of \$31.48 per share and today's closing price of \$42.57 per share. The recent change in tax-treatment of dividends is certainly positive for companies like ours with a healthy dividend yield, especially given the current record-low interest rate environment. When combined with our continued strong earnings performance, I view First National Lincoln Corporation as an extremely attractive investment alternative."
