To Our Shareholders

November 9, 2004

With the election over, the stock market's attention can now turn to the economy and the war on terror. The economy continues to grow at a pace above the average 3% growth rate of the last fifteen years, but below many economists' expectations. It is clear to us that energy prices are having a greater impact than some had predicted; we believe growth may be reduced by as much as a full point. This directly affects new job creation and personal income.

At its slower rate of growth, the economy is giving off mixed signals. Auto sales have been flat, but at a level where auto companies can make money. Housing starts are 30% higher in 2004 than they were in 2000 and 2001. This indicates that there should be a solid increase in the sales of consumer durables such as refrigerators, washers and dryers. It also indicates that insurance companies and mortgage companies should see improvements in their demand.

Energy prices spiked above \$50 per barrel of oil before breaking down into the upper \$40's. We listed the causes of this rise in our last report, and now must add another: the weakness of the dollar against most other major currencies such as the euro and the yen. Ultimately these currency fluctuations will help our own industries as they make our exports cheaper and imports more expensive. Oil has played an important role in this process as oil imports have doubled to over 10 million barrels per day and domestic oil production has fallen by a third to around 5 million barrels per day since 1991. If oil prices remain at levels above \$40, we expect that the economy will be more efficient in its use of energy. We also expect the oil industry to expand exploration to bring out oil from fields that were uneconomical (or politically controversial) at lower prices. Further, there should be greater research, development and use of alternative energy sources such as hybrid technologies, solar, hydrogen fuel cells and possibly nuclear power.

Performance of the Fund was affected by its industry exposure. Energy companies provided the best performance for the Fund, as energy prices rose most of the year. Entertainment and technology are industries that underperformed as the economy has not grown as quickly as we anticipated.

Since the founding of Ellsworth Convertible Growth and Income Fund in 1986, the Fund's strategy has consistently been to use convertible securities as an equity alternative to reduce risk and volatility. This strategy tends to outperform in bear markets and lag in bull markets. The Fund underperformed the average of its peer-group for the quarter ended September 30, 2004. Our peers consist of the thirteen closed-end convertible funds in the Lipper Closed-End Performance Analysis survey. Of these thirteen funds, only four, including the Fund, remain unleveraged convertible funds. In addition, we believe that many of our competitors have greater exposure to non-convertible, low-rated, high yield debt than we do. We believe these factors contributed to the difference in performance between Ellsworth and many of the other funds in the group.

Notes to Financial Statements

1. Significant Accounting Policies

Ellsworth Convertible Growth and Income Fund, Inc. (the "Fund"), established in 1986, is registered under the Investment Company Act of 1940 as a diversified, closed-end management investment company. The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. The following is a summary of significant accounting policies consistently followed by the Fund in the preparation of its financial statements:

(a) Security Valuation

Investments in securities traded on a national securities exchange are valued at market using the last reported sales price as of the close of regular trading. Unlisted securities traded in the over-the-counter market and listed securities for which no sales were reported, are valued at the mean between closing reported bid and asked prices as of the close of regular trading. Securities for which quotations are not readily available, restricted securities and other assets are valued at fair value as determined in good faith by management with the approval of the Board of Directors. Short-term debt securities with initial maturities of 60 days or less are valued at amortized cost.

(b) Securities Transactions and Related Investment Income

Edgar Filing: ELLSWORTH CONVERTIBLE GROWTH & INCOME FUND INC - Form N-CSR

Security transactions are accounted for on the trade date (date the order to buy or sell is executed) with gain or loss on the sale of securities being determined based upon identified cost. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis, including accretion of discounts and amortization of non-equity premium. For certain securities, known as "contingent payment debt instruments," Federal tax regulations require the Fund to record non-cash, "contingent" interest income in addition to interest income actually received. Contingent interest income amounted to 5 cents per share for the year ended September 30, 2004. In addition, Federal tax regulations require the Fund to reclassify realized gains on contingent payment debt instruments to interest income. At September 30, 2004 there were unrealized losses of approximately 1 cent per share on contingent payment debt instruments.

(c) Federal Income Taxes

The Fund's policy is to distribute substantially all of its taxable income within the prescribed time and to otherwise comply with the provisions of the Internal Revenue Code applicable to regulated investment companies. Therefore, no provision for federal income or excise taxes is believed necessary.

At September 30, 2004, the Fund had a capital loss carryforward of \$4,915,273 available to the extent allowed by tax law to offset future net capital gains, if any. To the extent that the carryforward is used, no capital gains distributions will be made. The carryforward expires in 2011. The Fund utilized net capital loss carryforwards of \$2,804,454 during the year ended September 30, 2004.

Page 12

Notes to Financial Statements (continued)

(d) Distributions to Shareholders

Distributions to shareholders from net investment income are recorded by the Fund on the ex-dividend date. Distributions from capital gains, if any, are recorded on the ex-dividend date and paid annually. The amount and character of income and capital gains to be distributed are determined in accordance with income tax regulations, which may differ from generally accepted accounting principles. The tax character of distributions paid during the years ended September 30, 2004 and 2003 were \$3,681,116 and \$3,143,201, respectively, both from ordinary income.

At September 30, 2004 the components of distributable net assets and the federal tax cost were as follows:

| | |
|--------------------------------------|---------------|
| Unrealized appreciation | \$ 6,230,065 |
| Unrealized depreciation | (4,401,247) |
| | ----- |
| Net unrealized appreciation | 1,828,818 |
| Undistributed ordinary income | 967,661 |
| Tax basis capital loss carryforward | (4,915,273) |
| Cost for federal income tax purposes | \$103,896,683 |

In accordance with subchapter M of the Internal Revenue Code of 1986, as amended, for the year ended September 30, 2004, 12.8% of the dividends paid from ordinary income qualified for the dividends received deduction for corporations. Certain dividends paid by the Fund for the fiscal year ended September 30, 2004

Edgar Filing: ELLSWORTH CONVERTIBLE GROWTH & INCOME FUND INC - Form N-CSR

may be subject to a maximum tax rate of 15%, as provided for by the Jobs and Growth Tax Relief Reconciliation Act of 2003. The Fund intends to designate up to a maximum amount of \$471,316 as taxed at a maximum rate of 15%.

Shareholders should not use the above information to prepare their tax returns. Since the Fund's fiscal year is not the calendar year, another notification will be sent with respect to calendar year 2004. Such notification, which will reflect the amount to be used by taxpayers on their federal income tax returns, will be made in conjunction with Form 1099 DIV and will be mailed in January 2005. Shareholders are advised to consult their own tax advisers with respect to the tax consequences of their investment in the Fund.

(e) Market Risk

It is the Fund's policy to invest at least 80% of its assets in convertible securities. Although convertible securities do derive part of their value from that of the securities into which they are convertible, they are not considered derivative financial instruments. However, certain of the Fund's investments include features which render them more sensitive to price changes in their underlying securities. Thus they expose the Fund to greater downside risk than traditional convertible securities, but still less than that of the underlying common stock. The market value of those securities was \$20,557,428 at September 30, 2004, representing 19.2% of net assets.

Notes to Financial Statements (continued)

2. Management Fee and Other Transactions with Affiliates

The management fee is paid to the investment adviser, Davis-Dinsmore Management Company (the "Adviser"). The contract provides for payment of a monthly advisory fee, computed at an annual rate of 3/4 of 1% of the first \$100,000,000 and 1/2 of 1% of the excess over \$100,000,000 of the Fund's net asset value in such month.

The Adviser furnishes investment advice, office equipment and facilities, and pays the salaries of all executive officers of the Fund. The Fund pays all expenses incurred by it and not assumed by the Adviser and in addition will pay the costs and expenses of its Treasurer's office, up to a maximum of \$25,000 per year, incurred in connection with its performance of certain services for the Fund. These services include the valuation of securities owned by the Fund, and the preparation of financial statements and schedules of the Fund's investments for inclusion in certain periodic reports to the Fund's Board of Directors and to the U.S. Securities and Exchange Commission.

3. Capital Stock

At September 30, 2004 there were 12,298,127 shares of \$.01 par value common stock outstanding, (20,000,000 shares authorized). During the years ended September 30, 2004 and 2003, 81,307 shares and 68,117 shares were issued in connection with reinvestment of dividends from net investment income, resulting in an increase in paid-in capital of \$648,017 and \$518,366 respectively.

On November 19, 2003, the Fund completed a rights offering of Common Stock to its stockholders at the rate of one common share for each 6 rights held by stockholders of record on October 14, 2003. The rights offering was fully subscribed, resulting in the issuance of 1,754,826 common shares at a price of \$7.53, and proceeds of \$13,213,840 to the Fund prior to the deduction of expenses. The net asset value per share of the Fund's Common Stock was reduced by approximately \$0.20 per share as a result of the issuance.

4. Portfolio Activity

Edgar Filing: ELLSWORTH CONVERTIBLE GROWTH & INCOME FUND INC - Form N-CSR

Purchases and sales of investments, exclusive of corporate short-term notes, aggregated \$81,474,741 and \$71,911,217, respectively, for the year ended September 30, 2004.

Report of Independent Auditors

To the Shareholders and Board of Directors of
Ellsworth Convertible Growth and Income Fund, Inc.

In our opinion, the accompanying statement of assets and liabilities, including the portfolio of investments, and the related statements of operations and of changes in net assets and the financial highlights present fairly, in all material respects, the financial position of Ellsworth Convertible Growth and Income Fund, Inc. (the "Fund") at September 30, 2004, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at September 30, 2004 by correspondence with the custodian and brokers, provide a reasonable basis for our opinion.

Miscellaneous Notes

Automatic Dividend Investment and Cash Payment Plan

The Fund has an Automatic Dividend Investment and Cash Payment Plan (the "Plan"). Any shareholder may elect to join the Plan by sending an application to American Stock Transfer & Trust Company, P.O. Box 922, Church Street Station, NY 10269-0560 (the "Plan Agent"). You may also obtain additional information about the Plan by calling the Plan Agent toll free at (800) 937-5449. If your shares are held by a broker or other nominee, you should instruct the nominee to join the Plan on your behalf. Some brokers may require that your shares be taken out of the broker's "street name" and re-registered in your own name. Shareholders should also contact their broker to determine whether shares acquired through participation in the Plan can be transferred to another broker, and thereafter, whether the shareholder can continue to participate in the Plan.

Edgar Filing: ELLSWORTH CONVERTIBLE GROWTH & INCOME FUND INC - Form N-CSR

Under the Plan, all dividends and distributions are automatically invested in additional Fund shares. Depending on the circumstances, shares may either be issued by the Fund or acquired through open market purchases at the current market price or net asset value, whichever is lower (but not less than 95% of market price). When the market price is lower, the Plan Agent will combine your dividends with those of other Plan participants and purchase shares in the market, thereby taking advantage of the lower commissions on larger purchases. There is no other charge for this service.

All dividends and distributions made by the Fund (including capital gain dividends and dividends designated as qualified dividend income, which are eligible for taxation at lower rates) remain taxable to Plan participants, regardless of whether such dividends and distributions are reinvested in additional shares of the Fund through open market purchases or through the issuance of new shares. Plan participants will be treated as receiving the cash used to purchase shares on the open market and, in the case of any dividend or distribution made in the form of newly issued shares, will be treated as receiving an amount equal to the fair market value of such shares as of the reinvestment date. Accordingly, a shareholder may incur a tax liability even though such shareholder has not received a cash distribution with which to pay the tax.

Plan participants may also voluntarily send cash payments of \$100 to \$10,000 per month to the Plan Agent, to be combined with other Plan monies, for purchase of additional Fund shares in the open market. You pay only a bank service charge of \$1.25 per transaction, plus your proportionate share of the brokerage commission. All shares and fractional shares purchased will be held by the Plan Agent in your dividend reinvestment account. You may deposit with the Plan Agent any Ellsworth stock certificates you hold, for a one-time fee of \$7.50.

At any time, a Plan participant may instruct the Plan Agent to liquidate all or any portion of such Plan participant's account. To do so, a Plan participant must deliver written notice to the Plan Agent prior to the record date of any dividend or distribution requesting either liquidation or a stock certificate. The Plan Agent will combine all liquidation requests it receives from Plan participants on a particular day and will then sell shares of the Fund that are subject to liquidation requests in the open market. The amount of proceeds a Plan participant will receive shall be determined by the average sales price per share, after deducting brokerage commissions, of all shares sold by the Plan Agent for all Plan participants who have given the Plan Agent liquidation requests.

The Plan Agent or the Fund may terminate the Plan for any reason at any time by sending written notice addressed to Plan participant's address as shown on the Plan Agent's records. Following the date of termination, the Plan Agent shall send the Plan participant either the proceeds of liquidation, or a stock certificate or certificates for the full shares held by Plan Agent in Plan participant's account and a check for the value of any fractional interest in Plan participant's account based on the market price of the Fund's Common Stock on that date.

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Bancroft Convertible Fund, Inc.
Ellsworth Convertible Growth and Income Fund, Inc.
Davis-Dinsmore Management Company
Proxy Voting Guidelines

(Adopted April 14, 2003)

These proxy voting guidelines have been adopted by the Boards of Directors of Bancroft Convertible Fund, Inc. and Ellsworth Convertible Growth and Income Fund, Inc. (collectively, the "Funds"), as well as by the Board of Directors of Davis-Dinsmore Management Company ("Davis-Dinsmore").

The Boards of Directors of the Funds have delegated to Davis-Dinsmore

Edgar Filing: ELLSWORTH CONVERTIBLE GROWTH & INCOME FUND INC - Form N-CSR

responsibility for voting proxies received by the Funds in their capacities as shareholders of various companies. The Boards recognize that, due to the nature of the Funds' investments, the Funds do not frequently receive proxies.

Davis-Dinsmore exercises its voting responsibility with the overall goal of maximizing the value of the Funds' investments. The portfolio managers at Davis-Dinsmore oversee the voting policies and decisions for the Funds. In evaluating voting issues, the portfolio managers may consider information from many sources, including management of a company presenting a proposal, shareholder groups, research analysts, and independent proxy research services.

Set forth below are the proxy voting guidelines:

A. Matters Related to the Board of Directors

1. The Funds generally will support the election of nominees recommended by management for election as directors. In determining whether to support a particular nominee, Davis-Dinsmore will consider whether the election of that nominee will cause a company to have less than a majority of independent directors.

2. The Funds generally will support proposals to de-classify boards of directors if fewer than 66 2/3% of the directors are independent, and will generally vote against proposals to classify boards of directors.

3. The Funds generally will withhold a vote in favor of a director who has served on a committee which has approved excessive compensation arrangements or proposed equity-based compensation plans that unduly dilute the ownership interests of stockholders.

B. Matters Related to Independent Auditors

1. The Funds generally will vote in favor of independent accountants approved by the company. Prior to such vote, however, Davis-Dinsmore will take into consideration whether non-audit fees make up more than 50 to 75% of the total fees paid by the company to the independent auditors, and the nature of the non-audit services provided.

C. Corporate Governance Matters

1. As a general rule, the Funds will vote against proposals recommended by management of a company that are being made primarily to implement anti-takeover measures, and will vote in favor of proposals to eliminate policies that are primarily intended to act as anti-takeover measures.

2. Subject to the other provisions of these guidelines, including without limitation provision C.1. above, the Funds generally will vote in accordance with management's recommendations regarding routine matters, including the following:

- a. Fixing number of directors;
- b. Stock splits; and
- c. Change of state of incorporation for specific corporate purposes.

D. Matters Related to Equity-Based Compensation Plans

1. The Fund generally will vote in favor of broad-based stock option plans for executives, employees or directors which would not increase the aggregate number of shares of stock available for grant under all currently active plans to over 10% of the total number of shares outstanding.

Edgar Filing: ELLSWORTH CONVERTIBLE GROWTH & INCOME FUND INC - Form N-CSR

2. The Funds generally will vote in favor of employee stock purchase plans and employee stock ownership plans permitting purchase of company stock at 85% or more of fair market value.

E. Contested Matters

1. Contested situations will be evaluated on a case by case basis by the portfolio manager at Davis-Dinsmore principally responsible for the particular portfolio security.

F. Miscellaneous Matters

1. The Funds may in their discretion abstain from voting shares that have been recently sold.

2. The Funds generally will abstain from voting on issues relating to social and/or political responsibility.

3. Proposals that are not covered by the above-stated guidelines will be evaluated on a case by case basis by the portfolio manager at Davis-Dinsmore principally responsible for the particular portfolio security.

G. Material Conflicts of Interest

1. Conflicts of interest may arise from time to time between Davis-Dinsmore and the Funds. Examples of conflicts of interests include:

a. Davis-Dinsmore may manage a pension plan, administer employee benefit plans, or provide services to a company whose management is soliciting proxies;

b. Davis-Dinsmore or its officers or directors may have a business or personal relationship with corporate directors, candidates for directorships, or participants in proxy contests;

c. Davis-Dinsmore may hold a position in a security contrary to shareholder interests.

2. If a conflict of interest arises with respect to a proxy voting matter, the portfolio manager will promptly notify the Funds' Audit Committee and counsel for independent directors and the proxies will be voted in accordance with direction received from the Audit Committee.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Not currently applicable to registrant.

ITEM 9. PURCHASE OF EQUITY SECURITIES BY CLOSED-END MANAGEMENT INVESTMENT COMPANY AND AFFILIATED PURCHASERS.

There were no purchases made by or on behalf of the registrant or any "affiliated purchaser," as defined in Rule 10b-18(a)(3) under the Exchange Act (17 CFR 240.10b-18(a)(3)), of shares or other units of any class of the registrant's equity securities that is registered by the registrant pursuant to Section 12 of the Exchange Act (15 U.S.C. 781).

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

The registrant adopted Shareholder Communication Procedures (the "Procedures") as amended effective July 22, 2004. The Procedures are intended to set forth

Edgar Filing: ELLSWORTH CONVERTIBLE GROWTH & INCOME FUND INC - Form N-CSR

the process by which shareholders of the registrant may send communications to the Board. If a shareholder sends a recommendation of a nominee to the Board or to an individual director, such communication would be covered by the Procedures. Shareholder proposals submitted pursuant to Rule 14a-8 under the Securities Exchange Act of 1934, as amended (the "1934 Act"), and communications made in connection with such proposals are not subject to the Procedures. The Registrant's Bylaws also contain provisions requiring a shareholder to provide advance notice of his or her intention to nominate, at the Registrant's annual meeting of shareholders, an individual for election as director.

Pursuant to the Procedures, shareholders should send their communications to the Shareholder Relations Group. Communications may be sent by regular mail or delivery service to the following address: 65 Madison Avenue, Suite 550, Morristown, NJ 07960. Email communications may be sent to: info@ellsworthfund.com. All shareholder communications received by the Shareholder Relations Group shall be promptly forwarded to the individual director of the registrant to whom they were addressed or to the full Board, as applicable. Copies of all such shareholder communications will also be distributed to the Chairs of each of the registrant's Audit Committee, and Nominating and Administration Committee, and to counsel for the registrant and for the independent directors. Counsel for the registrant and for the independent directors, upon receipt of its copy of a shareholder communication, shall work with such Chairs and counsel for the independent directors to determine whether such shareholder communication should be distributed to any directors to whom it was not sent and whether and in what manner the directors should respond to such shareholder communication. Responses, if any, to shareholder communications shall be coordinated by counsel for the registrant and for the independent directors, working with the Chairs.

ITEM 11. CONTROLS AND PROCEDURES

Conclusions of principal officers concerning controls and procedures

(a) As of November 15, 2004, an evaluation was performed under the supervision and with the participation of the officers of Ellsworth Convertible Growth and Income Fund, Inc. (the "Registrant"), including the Principal Executive Officer ("PEO") and Principal Financial Officer ("PFO"), to assess the effectiveness of the Registrant's disclosure controls and procedures, as that term is defined in Rule 30a-3(c) under the Investment Company Act of 1940 (the "Act"), as amended. Based on that evaluation, the Registrant's officers, including the PEO and PFO, concluded that, as of November 15, 2004, the Registrant's disclosure controls and procedures were reasonably designed so as to ensure: (1) that information required to be disclosed by the Registrant on Form N-CSR is recorded, processed, summarized and reported within the time periods specified by the rules and forms of the Securities and Exchange Commission; and (2) that material information relating to the Registrant is made known to the PEO and PFO as appropriate to allow timely decisions regarding required disclosure.

(b) There have been no significant changes in the Registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the Act (17 CFR 270.30a-3(d)) that occurred during the Registrant's last fiscal half-year (the Registrant's second fiscal half-year in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the Registrant's internal control over financial reporting.
