Transport Corporation of America Office Building

IRET Properties purchased Transport Corporation of America Office Building on December 23, 2003. The property is a 106,207 square foot, two story building. Because prior to acquisition the building was owner occupied, historical summaries of gross income and direct operating expenses have not been prepared and no audit was performed as required by Regulation S-X, Rule 3-14 of the Securities and Exchange Commission (SEC).

The remainder of this page has been intentionally left blank.

Independent Auditor s Report

To the Board of Trustees of Investors Real Estate Trust

We have audited the accompanying Historical Summary of Gross Income and Direct Operating Expenses of Golden Hills Office Building ("Historical Summary") for the year ended December 31, 2002. This Historical Summary is the responsibility of the management. Our responsibility is to express an opinion on the Historical Summary based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the Historical Summary is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the Historical Summary. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the Historical Summary. We believe that our audit provides a reasonable basis for our opinion.

The accompanying Historical Summary was prepared for the purpose of complying with the rules and regulations of the Securities and Exchange Commission as described in Note 2, and is not intended to be a complete presentation of Golden Hills Office Building revenue and expenses.

In our opinion, the Historical Summary referred to above presents fairly, in all material respects, the gross income and direct operating expenses described in Note 2 of Golden Hills Office Building for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

F-4

Golden Hills Office Building Notes to Historical Summary of Gross Income and Direct Operating Expenses for the Year Ended December 31, 2002

Note 1. Nature of Business

Golden Amber L.L.C., a Delaware limited liability company was engaged in the development, ownership and operation of Golden Hills Office Building, a 190,758 square foot office building in Golden Valley, Minnesota.

Note 2. Basis of Presentation

IRET, Inc., purchased Golden Hills Office Building October on 31, 2003. The historical summary has been prepared for the purpose of complying with Regulation S-X, Rule 3-14 of the Securities and Exchange Commission (SEC), which requires certain information with respect to real estate operations acquired to be included with certain filings with the SEC. This historical summary includes the historical gross income and direct operating expenses of Golden Hills Office Building, exclusive of the following expenses, which may not be comparable to the proposed future operations:

(a) depreciation of property and equipment

Note 3. Summary of Significant Accounting Policies

Use of Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Capitalization Policy - Expenditures for renewals and improvements that significantly add to the productive capacity or extend the useful life of an asset are capitalized. Expenditures for maintenance and repairs, which do not add to the value or extend useful lives, are charged to expense as incurred.

Revenue Recognition - Rental revenue is recognized on the straight-line basis, which averages minimum rents over the terms of the leases. All leases are classified as operating leases and expire at various dates prior to December, 2011. The following is a schedule by years of future actual minimum rents receivable on non-cancelable operating leases in effect as of December 31, 2002.

Golden Hills Office Building Notes to Historical Summary of Gross Income and Direct Operating Expenses
continued

<u>Year</u>		<u>Amount</u>
2003	\$	2,769,990
2004		2,826,233
2005		2,255,641
2006		1,509,042
2007		861,394
Thereafter		<u>1,175,261</u>
Total	\$	<u>11,397,561</u>

Expense Reimbursement - Reimbursements from tenants for real estate taxes and other recoverable operating expenses are recognized as revenue in the period the applicable expenditures are incurred. Golden Hills Office Building receives payments for these reimbursements from substantially all its multi-tenant commercial tenants throughout the year based on estimates. Differences between estimated recoveries and the final billed amounts, which are immaterial, are recognized in the subsequent year.
