PROPOSAL 1: ELECTION OF DIRECTORS

Board of Directors and Nominees for Election

The Company’s Board of Directors has fixed the number of directors at twelve. Members of the Board of Directors are divided into three classes serving staggered three-year terms. The terms of four of the Company’s current directors, Glenn J. Angiolillo, Matthew Boyle, William J. Ketelhut and Paul O. Stump, expire at the annual meeting. Based on the recommendation of its Nominating and Governance Committee, the Board has nominated Messrs. Angiolillo, Boyle, Ketelhut and Stump for re-election to new three-year terms. Each nominee has consented to serve if elected, and the Company is not presently aware of any reason that would prevent any nominee from serving as a director. If a nominee should become unavailable for election, the proxies will be voted for another nominee selected by the Board.

The following table contains information on the nominees for election at the annual meeting and each other person whose term of office as a director will continue after the meeting. The nominees for election at the meeting are indicated by an asterisk.

PROPOSAL APPROVAL OF AMENDMENTS TO THE 1996 EQUITY INCENTIVE PLAN

2:

General

The Company is seeking stockholder approval of amendments to its 1996 Equity Incentive Plan (the "Equity Plan"), principally to extend its term and increase the number of shares of common stock authorized for issuance by 150,000.

The purpose of the Equity Plan is to attract and retain key employees and consultants of the Company, to provide them an incentive to achieve long-range performance goals and to enable them to participate in the Company's long-term growth. The Equity Plan also serves to align the interests of non-employee directors with those of the stockholders by increasing the directors' proprietary interest in the Company's growth and success, since a portion of the directors' compensation is paid in the form of shares. This helps attract and retain well-qualified persons to serve as directors.

The Equity Plan is the Company's sole vehicle for granting equity awards and, since it is scheduled to terminate on January 27, 2014, the Company is seeking stockholder approval to extend its term. As amended, the Equity Plan has no fixed term; however, incentive stock options may not be granted thereunder more than ten years after the most recent date that the Plan was adopted by the Board or that it was approved by the stockholders, if earlier.

Since 1996, the stockholders have approved an aggregate of 450,000 shares for issuance under the 1996 Equity Incentive Plan and 50,000 shares under the 1998 Directors Stock Option Plan. The Directors Stock Option plan was merged with the 1996 Equity Incentive Plan in January 2004. Of the 500,000 shares previously approved, only 62,000 remained available for grant as of December 11, 2013, as the other shares have been granted to key employees and directors. If approved, the increase of 150,000 shares, combined with the 62,000 still available would be equivalent to 6.0% of the 3,554,388 shares presently outstanding. The Company expects to use the additional authorized shares for continued periodic equity grants to key employees, directors and consultants.

As of December 11, 2013, eight key employees and eight non-employee directors were eligible for awards under the Equity Plan. The proposed amendments also further the goal of encouraging well-qualified persons to serve as directors by including retired directors who continue to provide counsel to the Company among the eligible recipients of awards. The Equity Plan is administered by a committee (the "Committee") of not less than three members of the Board of Directors, currently the Compensation Committee. The Committee may make awards to the Company's employees, directors, directors emeritus and consultants based on their past or anticipated contributions to the achievement of the Company's objectives and other relevant matters.

The Board of Directors believes that the life of the Equity Plan should be extended and the shares issuable increased in order to ensure that a sufficient number of shares are available to be issued under the Equity Plan in the future in order to provide appropriate equity incentives to attract, motivate and retain key employees, directors and consultants of the Company.

Shares Subject to Awards

Assuming approval of this proposal, 212,000 shares will be available for awards under the Equity Plan. The number and kind of shares available are subject to adjustment to reflect stock dividends, recapitalizations or other changes affecting the Company's Common Stock. If any outstanding or future award expires or is terminated unexercised or settled in a manner that results in fewer shares outstanding than were initially awarded, the shares which would have been issuable will again be available for award under the Equity Plan.

Description of Awards

The Equity Plan provides for the following basic types of awards:

Restricted Stock. The Committee may grant shares of Common Stock that are only earned if specified conditions, such as a completing a term of employment or satisfying pre-established performance goals, are met and that are otherwise subject to forfeiture.

Restricted Stock Units. The Committee may grant the right to receive shares of Common Stock in the future, also based on meeting specified conditions and subject to forfeiture. These awards are to be made in the form of “units,” each representing the equivalent of one share of Common Stock, although they may be settled in either cash or stock. Restricted stock unit awards represent an unfunded and unsecured obligation of the Company. In the discretion of the Committee, units may be awarded with rights to the payment of dividend equivalents.

Stock Options. The Committee may grant options to purchase shares of Common Stock that are either incentive stock options (ISOs) eligible for the special tax treatment described below or nonstatutory stock options. No option may have an exercise price that is less than the fair market value of the Common Stock on the date of grant, and no ISO may have a term of more than ten years. An option may be exercised by the payment of the option price in cash or with such other lawful consideration as the Committee may determine, including by delivery of a note (other than for a director or executive officer) or shares of Common Stock valued at their fair market value on the date of delivery.

Stock Appreciation Rights. The Committee may grant Stock Appreciation Rights (SARs), under which the participant receives cash, shares of Common Stock or other property, or a combination thereof, as determined by the Committee, equal in value to the difference between the exercise price of the SAR and the fair market value of the Common Stock on the date of exercise. SARs may be granted in tandem with options (at or after award of the option) or alone and unrelated to an option. SARs in tandem with an option terminate to the extent that the related option is exercised, and the related option terminates to the extent that the tandem SAR is exercised. The exercise price of an SAR may not be less than the fair market value of the Common Stock on the date of grant or in the case of a tandem SAR, the exercise price of the related option.

Awards under the Equity Plan contain such terms and conditions consistent with the Equity Plan as the Committee in its discretion approves. The Committee has discretion to administer the Equity Plan in the manner which it determines, from time to time, is in the best interest of the Company. For example, the Committee will fix the terms of stock options, SARs and restricted stock grants and determine whether, in the case of options and SARs, they may be exercised immediately or at a later date or dates. Awards may be granted subject to conditions relating to continued employment, achievement of performance goals and restrictions on transfer. The Committee may provide, at the time an award is made or at any time thereafter, for the acceleration of a participant's rights or cash settlement upon a change in control of the Company. All options and restricted stock awards granted to date provide for the acceleration of vesting in the event of a change in control of the Company. The terms and conditions of awards need not be the same for each participant. The foregoing examples illustrate, but do not limit, the manner in which the Committee may exercise its authority in administering the Equity Plan.

The maximum aggregate number of shares subject to all awards that may be granted to a participant in any calendar year is 60,000 shares, subject to adjustment for changes in capitalization. Incorporation of this limit is intended to qualify the awards as performance-based compensation that is not subject to the Section 162(m) \$1 million limit on deductibility for federal income tax purposes of compensation paid to certain senior officers, as further discussed below.

Amendment of Equity Plan

The Board may amend the Equity Plan subject to any stockholder approval required to comply with any applicable tax or regulatory requirement. The Committee has authority to amend outstanding awards, including changing the date of

exercise and converting an incentive stock option to a nonstatutory option, if the Committee determines that such action would not adversely affect the participant.

U.S. Federal Income Tax Consequences Relating to Awards under the Equity Plan

The following discussion summarizes certain U.S. federal income tax consequences of awards under the Equity Plan based on the law as in effect on the date of this proxy statement. It does not purport to cover federal employment taxes or other federal tax consequences that may be associated with awards, nor does it cover state, local or non-U.S. taxes.

Incentive Stock Options. A participant does not realize taxable income upon the grant or exercise of an ISO under the Equity Plan. If a participant does not dispose of shares received upon exercise of an ISO for at least two years from the date of grant and one year from the date of exercise, then (1) upon sale of the shares, any amount realized in excess of the exercise price is taxed to the participant as long-term capital gain and any loss sustained will be a long-term capital loss and (2) the Company may not take a deduction for federal income tax purposes. The exercise of ISOs gives rise to an adjustment in computing alternative minimum taxable income that may result in alternative minimum tax liability for the participant.

If shares of Common Stock acquired upon the exercise of an ISO are disposed of before the end of the one and two-year periods described above (a “disqualifying disposition”), the participant realizes ordinary income in the year of disposition in an amount equal to the excess (if any) of the fair market value of the shares at exercise (or, if less, the amount realized on a sale of such shares) over the exercise price. The Company would be entitled to a tax deduction for the same amount. Any further gain realized by the participant would be taxed as a short-term or long-term capital gain and would not result in any deduction for the Company. A disqualifying disposition in the year of exercise will generally avoid the alternative minimum tax consequences of the exercise of an ISO.

Nonstatutory Stock Options and Stock Appreciation Rights. No income is realized by the participant upon the grant of a nonstatutory option or stock appreciation right. Upon exercise, the participant realizes ordinary income in an amount equal to the difference between the exercise price and the fair market value of the shares on the date of exercise. The Company would receive a tax deduction for the same amount. In the case of stock options or stock-settled stock appreciation rights, appreciation or depreciation after the date of exercise is treated as a short-term or long-term capital gain or loss and will not result in any further tax deduction by the Company. The ordinary income recognized with respect to the receipt of shares upon exercise of a nonstatutory option or stock appreciation right will be subject to applicable wage withholding and other employment taxes.

Restricted Stock. Generally, a participant will be taxed at the time the restrictions on the shares lapse without a forfeiture. The excess of the fair market value of the shares at that time over the amount paid, if any, by the participant for the shares will be treated as ordinary income. The participant may instead elect under Section 83(b) of the U.S. tax code within 30 days after the date of the grant to be taxed (as ordinary income) on the date of grant on the excess of the then fair market value of the shares over the amount paid, if any, for the shares. If the shares subject to the Section 83(b) election are subsequently forfeited, the recipient will not be entitled to any deduction, refund or loss for tax purposes. In either case, the Company would receive a tax deduction for the amount reported as ordinary income to the participant. Upon the participant’s disposition of the shares, any subsequent appreciation or depreciation is treated as a short or long-term capital gain or loss and will not result in any further tax deduction by the Company.

Restricted Stock Units. A participant will generally realize ordinary income in an amount equal to the fair market value of the shares (or the amount of cash) distributed to settle the restricted stock units at the time of settlement, which is generally upon vesting of the restricted stock units. In certain limited circumstances, a settlement date may be later than the vesting date, in which case the settlement would be made in a manner intended to comply with the rules governing non-qualified deferred compensation arrangements. In either case, the Company would receive a corresponding tax deduction at the time of settlement. If the restricted stock units are settled in shares, then upon sale of those shares any subsequent appreciation or depreciation would be treated as short-term or long-term capital gain or loss to the participant and would not result in any further tax deduction by the Company.

Other Tax Matters.

Section 162(m). United States tax laws generally do not allow publicly-held companies to obtain tax deductions for compensation of more than \$1 million paid in any year to any of the Chief Executive Officer or three most highly paid executive officers other than the Chief Financial Officer (each, a “covered person”) unless the compensation is “performance-based” as defined in Section 162(m) of the U.S. tax code. Stock options and SARs granted under the Equity Plan are performance-based compensation if they have exercise prices not less than the fair value of Common Stock on the date of grant. In the case of restricted stock and restricted stock units, performance goals generally must be pre-established for the relevant performance period and satisfaction of any such performance goals must be certified by the Committee.

Section 162(m) also requires that the general business criteria of any performance goals that are established by the Committee be periodically reapproved by stockholders in order for such awards to be considered performance-based and to preserve the Company's federal income tax deductions that may become available to the Company when payments based on these performance goals are made to covered persons. The Equity Plan sets forth the following list of business criteria upon which the Committee may establish performance goals for deductible performance-based awards made to covered persons: (i) increases in the price of the Common Stock; (ii) market share; (iii) sales; (iv) revenue; (v) return on equity, assets, or capital; (vi) economic profit (economic value added); (vii) total shareholder return; (viii) costs; (ix) expenses; (x) margins; (xi) earnings or earnings per share; (xii) cash flow; (xiii) customer satisfaction; (xiv) operating profit; or (xv) any combination of the foregoing, including without limitation goals based on any of such measures relative to appropriate peer groups or market indices. Performance goals may be particular to a participant or may be based, in whole or in part, on the performance of the division, department, line of business, subsidiary, or other business unit in which the participant works, or on the performance of the Company generally.

Parachute Payment Tax. A participant who receives any accelerated vesting or exercise of options or stock appreciation rights or accelerated lapse of restrictions on restricted stock or restricted stock units in connection with a change in control might be deemed to have received an “excess parachute payment” under federal tax law. In such cases, the participant may be subject to an excise tax and the Company may be denied a tax deduction.

Plan Benefits

To date, the Committee has granted stock options and restricted stock under the Equity Plan in the following aggregate amounts to: (i) Matthew Boyle, President and Chief Executive Officer, 80,000 stock options, of which 76,000 have lapsed without being exercised, and 75,000 shares of restricted stock, (ii) Paul N. Farquhar, Vice President and Chief Financial Officer, 52,000 shares of restricted stock, (iii) all current executive officers as a group, 80,000 stock options, of which 76,000 have lapsed without being exercised, and 127,000 shares of restricted stock, (iv) all current non-employee directors as a group, 25,000 stock options, all of which have lapsed without being exercised, and 126,000 shares of restricted stock, and (v) all other employees as a group, 23,500 stock options, of which 21,500 have lapsed without being exercised, and 145,000 shares of restricted stock.

PROPOSAL RATIFICATION OF THE SELECTION OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING SEPTEMBER 30, 2014

McGladrey LLP has served as the Company's independent registered public accounting firm for the last four fiscal years. The Board of Directors is seeking an advisory stockholder vote ratifying the appointment of McGladrey as the Company's independent registered public accounting firm and expects to engage them for the fiscal year ending September 30, 2014. The Audit Committee believes McGladrey is well qualified to continue as the Company's auditor.

Representatives of McGladrey are expected to attend the annual meeting and to be available to respond to appropriate questions. They will also have the opportunity to make a statement if they desire.

The fees billed by McGladrey for fiscal 2013 and 2012 are set out below. They include fees billed by RSM Rsa (an independent member of RSM International, of which McGladrey is a member) on whose report relating to the French subsidiary of the Company McGladrey relies.

	(in thousands)	
	2013	2012
	\$	\$
Audit fees	149	145
Tax fees	22	20
Total	171	165

The tax fees for both years are for the preparation of the Company's tax returns in the United States.

All of the above services and fees were approved by the Audit Committee before the respective engagements were undertaken. The Company has not adopted pre-approval policies and procedures relating to non-audit services.

Vote Required

Ratification of the appointment of McGladrey by the stockholders is not required by law or by the Company's by-laws. The Board of Directors is nevertheless submitting this non-binding resolution to the stockholders to ascertain their views. If this proposal is not approved at the annual meeting, the Audit Committee intends to reconsider its recommendation of McGladrey as independent auditors. The Company may retain the firm for fiscal 2014 notwithstanding a negative stockholder vote.

The ratification of the appointment of McGladrey will require the affirmative vote of a majority of the votes cast at the annual meeting. Accordingly, abstentions and broker non-votes will not count as votes cast for or against this proposal.

The Board of Directors recommends that you vote FOR the ratification of McGladrey's selection
as the Company's independent registered public accounting firm
for the fiscal year ending September 30, 2014.

PROPOSAL ADVISORY VOTE REGARDING THE EXECUTIVE OFFICERS' COMPENSATION

4:

This proposal, commonly known as "Say on Pay," asks the stockholders to approve the compensation of the Company's executive officers as described under "Executive Compensation" on pages 22 to 24 of this proxy statement.

The compensation paid to the Company's executive officers is intended to align their interests with the long-term interests of the Company's stockholders and is based on a pay-for-performance philosophy. It is straightforward, consisting principally of salary, which must be competitive to retain the skills and experience of excellent employees, an annual bonus to reward strong performance, and equity compensation to encourage long-term commitment and team performance. Not all elements may be provided every year, depending on the performance of the Company and the executive. The Company's markets are continuing to face challenging economic times; however, with the Company's executive leadership, we are penetrating new markets and gaining new customers. The Board believes that the executives' performance merits their compensation and that it should be approved by the stockholders.

The vote on this proposal, which is solicited pursuant to section 14A of the Securities Exchange Act, is advisory and its outcome will not be binding on the Board nor require the Board to take any action. Moreover, the outcome of the vote will not be construed as overruling any decision of the Board, or creating or implying any additional fiduciary duty of the Board. However, the Board expects to take into account the outcome of this vote when considering future executive compensation arrangements for the Company's executive officers. The Board has determined that the Company will include a stockholder vote on the compensation of its named executive officers in its proxy statement each year until the next required vote on the frequency of such votes. Accordingly, the next such vote will occur at the 2015 annual meeting of stockholders.

The proposal will be considered approved at the annual meeting if more votes are cast in favor than against. Abstentions and broker non-votes will not count as votes cast for or against this proposal.

The Board of Directors recommends a vote FOR approval of the
compensation of the Company's named executive officers, as disclosed in this proxy statement.

CORPORATE GOVERNANCE

Director Independence

The Board has determined that all directors, other than Mr. Boyle, are independent under Securities and Exchange Commission rules and NASDAQ Capital Market listing standards, based on information known to the Company and on the annual questionnaire completed by each director. The Company may from time to time have arms-length commercial dealings with companies of which its directors may be officers and/or directors. To the Company's knowledge, during fiscal 2013, there were no such dealings and none of the independent directors had any other business, financial, family or other type of relationship with the Company or its management other than as a director and stockholder.

Board Leadership Structure

The Company has always had different persons serving in the offices of Chairman of the Board and Chief Executive Officer (CEO), although it has no formal policy requiring that structure, and it is likely that the Board would elect an independent lead director if the Chairman and CEO were the same person. The responsibilities of the Chairman or lead director include chairing the Executive Committee, setting the Board's agenda in collaboration with the CEO, providing guidance to the CEO, acting as a regular communication channel between the Board and CEO, presiding over executive sessions of the Board to review the Company's performance and management effectiveness, coordinating the activities of the independent directors, reviewing the activities and effectiveness of the Board committees, and evaluating the need for any changes. The Board believes that having a separate Chairman or lead director allows the CEO to focus principally on managing the Company, which is important because of the Company's small senior management team, enhances Board involvement and communications among the independent directors, and would ensure consistent Board leadership during any CEO transition.

Board Meetings

During the fiscal year ended September 30, 2013, the Board of Directors held a total of five meetings, as well as three interim update calls. The Board regularly holds meetings at which only independent directors are present. All Board members are expected to attend the annual meeting of stockholders, subject to special circumstances. Seven of the nine members of the Board at the time attended the annual meeting of stockholders in 2013.

Communications to the Board

Stockholders may communicate with the Board of Directors by mailing a communication to the entire Board or to one or more individual directors, in care of the Corporate Secretary, Sevcon, Inc., 155 Northboro Road, Southborough, Massachusetts 01772. All communications from stockholders to Board members (other than communications soliciting the purchase of products and services) will be promptly relayed to the Board members to whom the communications are addressed.

Committees of the Board

The Board of Directors has an Audit Committee, a Compensation Committee and a Nominating and Governance Committee, all the members of which are independent under Securities and Exchange Commission rules and NASDAQ Capital Market listing standards, as applicable. In addition to the meetings described below, the members of each committee communicate regularly amongst themselves and with management on Company matters.

Each of the Audit Committee, the Compensation Committee and the Nominating and Governance Committee operates under a written charter that is available on the Company's web site: www.sevcon.com.

Audit Committee

The Audit Committee is composed of five directors. The Board has determined that at least two of the members of the Committee, Messrs. Rosenberg and Ketelhut, are "audit committee financial experts," as defined by the Securities and Exchange Commission. The Committee selects, evaluates and oversees the Company's independent auditors, approves any engagement of the independent auditors to perform non-audit services, and oversees the Company's internal accounting and financial controls. It reviews the audited financial statements and discusses them, as well as the adequacy and quality of the Company's financial reporting principles and procedures, with management and the auditors together and in separate executive sessions. It also reviews and approves related person transactions. The Audit Committee met five times during the fiscal year ended September 30, 2013. The Committee's report appears on page 21 below.

Compensation Committee

The Compensation Committee is composed of four directors. Generally all compensation and fringe benefit programs of the Company are subject to review and recommendation by the Committee, which also reviews and recommends the base salary and incentive compensation of the executive officers and a group of senior managers, as well as grants of equity compensation to all employees. The Chief Executive Officer provides a detailed performance assessment and compensation recommendation for each executive officer (other than himself), which the Committee considers in making its decisions. The Compensation Committee usually considers annual equity grants for executives in its December meeting each year. Other compensation decisions are made throughout the year as circumstances warrant. All compensation actions taken by the Committee are reported to the full Board of Directors, and are subject to the approval of the Board, excluding management directors. The Committee did not use the services of any compensation consultants during the past fiscal year.

The Committee also reviews and makes recommendations to the Board on director compensation and equity awards, on policies and programs for the development of management personnel, as well as management structure and organization. The Compensation Committee met twice during the fiscal year ended September 30, 2013.

The Committee is authorized to delegate to one or more executive officers of the Company the power to make awards under the 1996 Equity Incentive Plan (the "Plan") to participants who are not subject to Section 16 of the Securities Exchange Act of 1934 and all determinations under the Plan with respect thereto, provided that the Committee establishes the aggregate and individual maximum amounts of such awards, and such other features of the awards as required by applicable law. The Committee has not delegated such authority to date.

Nominating and Governance Committee

The Nominating and Governance Committee is composed of three directors. It considers nominations to the Board, develops and implements the Company's corporate governance principles and practices, and recommends to the Board of Directors' action related to Board composition, size and effectiveness and management succession plans for the positions of Chairman of the Board and Chief Executive Officer. The Nominating and Governance Committee met twice during the fiscal year ended September 30, 2013.

Director Nominations

In identifying potential candidates and selecting nominees for directors, the Nominating and Governance Committee does not foreclose any sources. The Committee reviews candidates recommended by stockholders in the same manner

and using the same general criteria as candidates recruited by the Committee or recommended by the Board.

The Nominating and Governance Committee does not rely on a fixed set of qualifications for director nominees. The Committee's primary objective for director nominees is to create a Board with a broad range of skills and attributes that is aligned with the Company's strategic needs.

The minimum qualifications for director nominees are that they:

- be able to dedicate time and resources sufficient for the diligent performance of the duties required of a member of the Board,
- not hold positions or interests that conflict with their responsibilities to the Company, and
- comply with any other minimum qualifications for either individual directors or the Board as a whole mandated by applicable laws or regulations.

Additionally, at least a majority of members of the Board of Directors must qualify as independent directors in accordance with NASDAQ Capital Market independence rules.

The Nominating and Governance Committee's process for evaluating nominees for director, including nominees recommended by stockholders, is to consider their skills, character and professional ethics, judgment, leadership experience, business experience and acumen, familiarity with relevant industry issues, national and international experience, and other relevant criteria as they may contribute to the Company's success. This evaluation is performed in light of the Committee's views as to what skill set and other characteristics would most complement those of the current directors, including the diversity (principally, of education and backgrounds), age, skills and experience of the Board as a whole.

In order to recommend a candidate for consideration by the Nominating and Governance Committee, a stockholder must provide the Committee with the candidate's name, background and relationship with the proposing stockholder, a brief statement outlining the reasons the candidate would be an effective director of the Company and information relevant to the considerations described above. Such information should be sent to the Nominating and Governance Committee of Sevcon, Inc., 155 Northboro Road, Southborough, Massachusetts 01772, Attention: Corporate Secretary. The Committee may seek further information from or about the candidate, or the stockholder making the recommendation, including information about all business and other relationships between the candidate and the stockholder.

Board's Role in Risk Oversight

The Company's business involves many operational and financial risks, which management and the Board seek to mitigate through careful planning and execution. Assessing and managing risk is primarily the responsibility of the Company's management. However, the Board of Directors has an active role, as a whole and also at the committee level, in overseeing management of the Company's risks. The Board of Directors provides oversight by receiving reports from management in Board meetings and conference calls, as well as through periodic management reports. These include reports on the market environment and strategic situation, customer sales results and forecasts, availability of raw materials and components, product development, liquidity, and overall financial performance and forecasts. Board members have the opportunity to provide input and direction to management on managing risks on a current basis, either directly or through the Chairman. In order to ensure that longer term risks are also considered in a timely and consistent matter, each year the full Board reviews and approves a strategic business plan that is used by management throughout the year. The Executive Committee oversees the Company's business activities, including its management of operational risks, between meetings of the

Board. The Audit Committee has responsibility for overseeing the Company's internal financial and accounting controls. As such, the Audit Committee regularly discusses with management and the Company's independent registered public accounting firm the Company's major financial and controls-related risk exposures and the steps that management has taken to monitor and control such exposures. The Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation plans and arrangements. The Company believes that Board leadership by an independent Chairman enhances the Board's ability to oversee the Company's operational and financial risks.

Director Compensation

Non-employee directors were each paid a retainer of \$24,000 for 2013. The Chairmen of the Board of Directors and the Audit Committee each received an additional \$5,000 for their duties as such, while the Chairmen of the Compensation Committee and the Nominating and Governance Committee each received an additional \$3,500 for their duties as such. Members of committees, other than the Executive Committee, each received an additional \$1,000 for their duties as such.

Non-employee directors also receive an equity grant each year to align their interests with those of the stockholders. For fiscal 2013, the Compensation Committee granted 2,100 shares of restricted stock to each of the non-employee directors serving at the beginning of the year. These grants were determined using a fixed value of \$12,000 divided by the average share price for the immediately-preceding calendar year and rounded to the nearest 100 shares. Such restricted shares will fully vest the day before the 2014 annual meeting of stockholders or, if earlier, upon the recipient's death or disability or upon a change in control of the Company. Restricted shares may not be sold, assigned, transferred, pledged or otherwise disposed of by the recipient until they vest. If the recipient's service as a director of the Company is terminated for any reason other than the recipient's death or disability, any unvested shares will be forfeited and returned to the Company, unless the Committee determines otherwise in its discretion.

The following table shows compensation paid to all non-employee directors who served during fiscal 2013:

Name	Fees Earned or Paid in		
	Cash (\$)	Stock Awards (\$)(1)(2)	Total (\$)

Marvin G. Schorr	2,100
Bernard F. Start	2,100
David R.A. Steadman	2,100
Paul O. Stump	2,100
Fred Wang	2,100

(3) Mr. Rosenberg is a participant in the Company's Directors Retirement Plan, which was terminated in 1997. The change in value of his accumulated benefit under the Plan in 2013 was \$4,200.

Stock Ownership Policy

In 2004, the Board adopted Equity Compensation Guidelines in which it established a target level of stock ownership for directors of twice the level of annual cash compensation. Grants of restricted stock will be intended in part to assist in reaching these levels of ownership over time. Shares held by members of a person's immediate family or a trust for his or their sole benefit may be counted towards the ownership requirement. Each director is required to refrain from selling Company stock acquired as restricted stock (other than to make required tax payments related to a grant) if the value, based on current market price, of his Company stock after the sale would be below his designated ownership level. The Compensation Committee has discretion to make exceptions in extraordinary circumstances where not contrary to Company goals, such as cases of significant personal hardship.

AUDIT COMMITTEE REPORT

In the course of its oversight of the Company's financial reporting process, the Audit Committee of the Board of Directors has (i) reviewed and discussed with management the Company's audited financial statements for the fiscal year ended September 30, 2013, (ii) discussed with McGladrey, the Company's independent auditors, the matters required to be discussed by Statement on Accounting Standard No. 61, Communication with Audit Committees, and (iii) received the written disclosures and the letter from McGladrey required by applicable requirements of the Public Company Accounting Oversight Board regarding McGladrey's communications with the Audit Committee concerning independence, and discussed with McGladrey its independence.

Based on the foregoing review and discussions, the Committee recommended to the Board of Directors that the audited financial statements for the year ended September 30, 2013 be included in the Company's Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

Pension Benefits

The U.K. Retirement Plan was frozen effective September 30, 2012 and in consequence there will be no future accrual earned by U.K. executive officers or employees under this defined benefit arrangement. Prior to the freezing of the plan, the executive officers participated in this defined benefit plan, which was based on 1/60th of final U.K. base salary (as defined in the Plan) for each year of service, subject to a maximum of 2/3rds of final U.K. base salary. With effect from September 30, 2012, the accrued benefits earned by the executive officers, based on their service to this date, will be frozen other than for CPI-based increases to the accrued benefits, which will be applied annually until the executive reaches retirement age.

With effect from October 1, 2012, the executive officers have participated in the Company's U.K. Group Personal Pension Plan ("GPPP") with Scottish Widows plc, a U.K. based life, pensions and investment company, which is a subsidiary of Lloyds Banking Group. The Company contributes a minimum of 4% up to a maximum of 8% of the employee's base salary on a matched basis dependent on the employee's personal contribution as a percentage of base salary. The GPPP was established on October 1, 2012 and is a defined contribution pension arrangement. A lump sum death in service benefit of eight times the base salary of the executive is payable on the death of the employee.

Executive Employment Agreements

We have a Services Agreement with each of Messrs. Boyle and Farquhar that sets forth the principal terms of his employment arrangement with the Company. Each officer is entitled to receive a minimum base salary (Mr. Boyle – £193,800 and Mr. Farquhar – £118,965, or \$313,530 and \$192,462, respectively, at the exchange rate in effect on September 30, 2013), which is subject to increase by the Compensation Committee in its discretion. In addition, each officer is eligible to receive an annual cash incentive bonus as determined by the Compensation Committee in its discretion. Each officer is entitled to participate in the Company's pension plan and to receive family health and life insurance benefits on the terms of the respective plans.

Mr. Boyle's agreement continues until terminated by the Company upon at least 12 months' notice, or by Mr. Boyle upon at least three months' notice. Mr. Farquhar's agreement continues until terminated by the Company upon at least six months' notice, or by Mr. Farquhar upon at least three months' notice. For the first 12 months after a change of control, the notice period for termination by the Company is increased to 18 months for Mr. Boyle and 12 months for

Mr. Farquhar. Alternatively, the Company may in its discretion make a payment of salary in lieu of the whole or any part of any unexpired notice period, together with a sum equivalent to the fair value of any other benefits of employment provided under the terms of the Agreement. If we terminate the employment of either officer for cause, the officer would not be entitled to notice or compensation.

In addition, we have a Non-Competition and Non-Solicitation Agreement with each of Messrs. Boyle and Farquhar. These and the Service Agreements prohibit Mr. Boyle, for up to 24 months after his termination, and Mr. Farquhar, for up to 12 months after his termination, from (i) competing with, soliciting or enticing customers and employees away from, or disparaging the Company or any of its subsidiaries, and (ii) interfering with the continuance of supplies and services from the Company's principal suppliers.

Upon a change in control of the Company (whether or not the officer's employment is terminated), these agreements provide that vesting of shares of restricted stock and unvested stock options held by such officer would accelerate. (For this purpose, a "change in control" means a change in control of the Company that would be required by SEC rules to be reported in the Company's proxy statement, including the acquisition by any person of beneficial ownership of securities of the Company representing a majority of the combined voting power of the Company's then outstanding securities.) Similarly, if we terminate an officer's employment other than for cause or disability, vesting of shares of restricted stock and unvested stock options held by such officer would accelerate. Upon a change in control of the Company, the Company also must ensure that the officer continues to be provided with a pension plan offering benefits equivalent to the benefits provided under the Company's pension plan in effect on July 1, 2010. The following table sets forth the compensation that would have been due to Messrs. Boyle and Farquhar as a result of a change in control of the Company, and termination of employment where applicable, occurring on September 30, 2013:

Golden Parachute Compensation

Name	Cash\$(1)	Equity\$(2)	Total
Matthew Boyle	\$470,294	\$ 130,950	\$601,244
Paul N. Farquhar	\$192,462	\$ 67,900	\$260,362

(1) Represents the aggregate cash payment that would be due in lieu of notice if the executive's employment was terminated within 12 months after the change in control. Any such payment would be made in British Pounds. The amounts shown in the table were determined using the exchange rate (\$1.6178 per Pound) in force on September 30, 2013.

(2) Represents the aggregate value of restricted stock awards for which vesting would be accelerated, based on the \$4.85 closing sale price of the Company's Common Stock on September 30, 2013. The actual amount received by the officer on the sale of previously restricted stock will depend on market value at the time of such transactions. A change in control of the Company will trigger accelerated vesting of the officer's outstanding equity awards, regardless of whether the officer's employment is terminated in connection with the change in control transaction.

In the event of a change in control, it is possible that the compensation arrangements for Messrs. Boyle and Farquhar may be renegotiated by the officers, the Board of Directors and/or the Company's merger or acquisition partner, in which case the amounts payable might differ from those shown above.

3. Administration

The Plan shall be administered by the Committee. The Committee shall have authority to adopt, alter and repeal such administrative rules, guidelines and practices governing the operation of the Plan as it shall from time to time consider advisable, and to interpret the provisions of the Plan. The Committee’s decisions shall be final and binding. To the extent permitted by applicable law, the Committee may delegate to one or more executive officers of the Company the power to make Awards to Participants who are not subject to Section 16 of the Exchange Act and all determinations under the Plan with respect thereto, provided that the Committee shall fix the maximum amount of such Awards for all such Participants, a maximum for any one Participant, and such other features of the Awards as required by applicable law.

4. Eligibility

All employees and, in the case of Awards other than Incentive Stock Options under Section 6, consultants, directors of the Company or any Affiliate, and Directors Emeritus of the Company capable of contributing significantly to the successful performance of the Company, other than a person who has irrevocably elected not to be eligible, are eligible to be Participants in the Plan. Incentive Stock Options may be granted only to persons eligible to receive such Options under the Code.

5. Stock Available for Awards

(a) Amount. Subject to adjustment under subsection (b), Awards may be made under the Plan for up to 600,000 shares of Common Stock, together with all shares of Common Stock available for issue under the Company's former 1987 Stock Option Plan on January 31, 1996, and all shares of stock available for issuance under the Company's former 1998 Director Stock Option Plan as of January 27, 2004. If any Award (including any grant under the 1987 Plan or the Director Plan) expires or is terminated unexercised or is forfeited or settled in a manner that results in fewer shares outstanding than were awarded, the shares subject to such Award, to the extent of such expiration, termination, forfeiture or decrease, shall again be available for award under the Plan. Common Stock issued through the assumption or substitution of outstanding grants from an acquired company shall not reduce the shares available for Awards under the Plan. Shares issued under the Plan may consist in whole or in part of authorized but unissued shares or treasury shares.

(b) Adjustment. In the event that the Committee determines that any stock dividend, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, exchange of shares, or other transaction affects the Common Stock such that an adjustment is required in order to preserve the benefits intended to be provided by the Plan, then the Committee (subject in the case of Incentive Stock Options to any limitation required under the Code) shall equitably adjust any or all of (i) the number and kind of shares in respect of which Awards may be made under the Plan, (ii) the number and kind of shares subject to outstanding Awards, and (iii) the exercise price with respect to any of the foregoing, and if considered appropriate, the Committee may make provision for a cash payment with respect to an outstanding Award, provided that the number of shares subject to any Award shall always be a whole number.

(c) Limit on Individual Grants. The maximum number of shares of Common Stock subject to all Awards that may be granted under this Plan to any Participant in the aggregate in any calendar year shall not exceed 60,000 shares, subject to adjustment under subsection (b).

6. Stock Options

(a) Grant of Options. Subject to the provisions of the Plan, the Committee may grant options ("Options") to purchase shares of Common Stock (i) complying with the requirements of Section 422 of the Code or any successor provision and any regulations thereunder ("Incentive Stock Options") and (ii) not intended to comply with such requirements ("Nonstatutory Stock Options"). The Committee shall determine the number of shares subject to each Option and the exercise price therefor, which shall not be less than 100% of the Fair Market Value of the Common Stock on the date of grant. No Incentive Stock Option may be granted hereunder more than ten years after the effective date of the Plan.

(b) Terms and Conditions. Each Option shall be exercisable at such times and subject to such terms and conditions as the Committee may specify in the applicable grant or thereafter; provided that no Option shall be exercisable after the expiration of ten years from the date the Option is granted. The Committee may impose such conditions with respect to the exercise of Options, including conditions relating to applicable securities laws, as it considers necessary or advisable.

(c) Payment. No shares shall be delivered pursuant to any exercise of an Option until payment in full of the exercise price therefor is received by the Company. Such payment may be made in whole or in part in cash or through a so-called “cashless” or “broker-assisted” exercise. To the extent permitted by the Committee at or after the grant of the Option, such payment may also be made by delivery of a note (subject to the limitations of Section 9(g)) or shares of Common Stock owned by the optionee, including vested Restricted Stock, or by retaining shares otherwise issuable pursuant to the Option, in each case valued at their Fair Market Value on the date of delivery or retention, or such other lawful consideration as the Committee may determine.

7. Stock Appreciation Rights

(a) Grant of SARs. Subject to the provisions of the Plan, the Committee may grant rights to receive any excess in value of shares of Common Stock over the exercise price (“Stock Appreciation Rights” or “SARs”) in tandem with an Option (at or after the award of the Option), or alone and unrelated to an Option. SARs in tandem with an Option shall terminate to the extent that the related Option is exercised, and the related Option shall terminate to the extent that the tandem SARs are exercised. The Committee shall determine at the time of grant or thereafter whether SARs are settled in cash, Common Stock or other securities of the Company, Awards or other property.

(b) Exercise Price. The Committee shall fix the exercise price of each SAR or specify the manner in which the price shall be determined. An SAR granted in tandem with an Option shall have an exercise price not less than the exercise price of the related Option. An SAR granted alone and unrelated to an Option may not have an exercise price less than 100% of the Fair Market Value of the Common Stock on the date of the grant.

(c) Limited SARs. An SAR related to an Option, which SAR can only be exercised upon or during limited periods following a change in control of the Company, may entitle the Participant to receive an amount based upon the highest price paid or offered for Common Stock in any transaction relating to the change in control or paid during a specified period immediately preceding the occurrence of the change in control in any transaction reported in the stock market in which the Common Stock is normally traded.

8. Restricted Stock and Restricted Stock Units

(a) Grant of Restricted Stock. Subject to the provisions of the Plan, the Committee may grant shares of Common Stock subject to forfeiture (“Restricted Stock”) and determine the duration of the period (the “Restricted Period”) during which, and the conditions under which, the shares may be forfeited to the Company and the other terms and conditions of such Awards. Shares of Restricted Stock may be issued for no cash consideration or such minimum consideration as may be required by applicable law.

(b) Restrictions. Shares of Restricted Stock may not be sold, assigned, transferred, pledged or otherwise encumbered, except as permitted by the Committee, during the Restricted Period. Shares of Restricted Stock shall be evidenced in such manner as the Committee may determine. Any certificates issued in respect of shares of Restricted Stock shall be registered in the name of the Participant and unless otherwise determined by the Committee, deposited by the Participant, together with a stock power endorsed in blank, with the Company. At the expiration of the Restricted Period, the Company shall deliver such certificates to the Participant or if the Participant has died, to the Participant’s Designated Beneficiary.

(c) Restricted Stock Units. Subject to the provisions of the Plan, the Committee may grant the right to receive in the future shares of Common Stock subject to forfeiture (“Restricted Stock Units”) and determine the duration of the Restricted Period during which, and the conditions under which,
