SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, DC 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF
☒ 1934

For the quarterly period ended June 30, 2017

or

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF
1934

For the transition period from _____ to _____

Commission File No. 0-19424

EZCORP, INC.

(Exact name of registrant as specified in its charter)

Delaware

74-2540145

(State or other jurisdiction of incorporation or organization)

(I.R.S. Employer Identification No.)

2500 Bee Cave Road, Bldg One, Suite 200, Rollingwood, Texas 78746

(Address of principal executive offices)

(Zip Code)

Registrant's telephone number, including area code: (512) 314-3400

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes ☒ No ☐

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes ☒ No ☐

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer, smaller reporting company, or an emerging growth company. See definition of "large accelerated filer," "accelerated filer," "smaller reporting company," and "emerging growth company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer ☐ Accelerated filer ☒

Non-accelerated filer ☐ (Do not check if a smaller reporting company)

Smaller reporting company ☐

Emerging growth company ☐

If an emerging growth company, indicate by check mark if the registrant has elected not to use the extended transition period for complying with any new or revised financial accounting standards provided pursuant to Section 13(a) of the Exchange Act. ☐

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes ☐ No ☒

APPLICABLE ONLY TO CORPORATE ISSUERS:

The only class of voting securities of the registrant issued and outstanding is the Class B Voting Common Stock, par value \$.01 per share, all of which is owned by an affiliate of the registrant. There is no trading market for the Class B Voting Common Stock.

As of July 26, 2017, 51,326,582 shares of the registrant's Class A Non-voting Common Stock ("Class A Common Stock"), par value \$.01 per share, and 2,970,171 shares of the registrant's Class B Voting Common Stock, par value \$.01 per share, were outstanding.

EZCORP, Inc.

Notes to Interim Condensed Consolidated Financial Statements (Unaudited)

June 30, 2017

NOTE 1: ORGANIZATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Description of Business

When used in this report, the terms “we,” “us,” “our,” “EZCORP” and the “Company” mean EZCORP, Inc. and its consolidated subsidiaries, collectively.

We are a leading provider of pawn loans in the United States and Mexico. Pawn loans are non-recourse loans collateralized by tangible property. We also sell merchandise, primarily collateral forfeited from pawn lending operations and used merchandise purchased from customers, and operate a small number of financial services stores in Canada.

Basis of Presentation

The accompanying unaudited interim condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States (“GAAP”) for interim financial information and with the instructions to Form 10-Q and Article 10 of Regulation S-X. Accordingly, they do not include all the information and footnotes required by generally accepted accounting principles for complete financial statements. Our management has included all adjustments it considers necessary for a fair presentation. These adjustments are of a normal, recurring nature except for those related to discontinued operations described in Note 9. All intercompany accounts and transactions have been eliminated in consolidation.

The accompanying financial statements should be read in conjunction with the consolidated financial statements and notes included in our Annual Report on Form 10-K for the year ended September 30, 2016. The balance sheet as of September 30, 2016 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by GAAP for complete financial statements.

Our business is subject to seasonal variations, and operating results for the three and nine months ended June 30, 2017 and 2016 (the “current quarter” and “current nine-months” and “prior-year quarter” and “prior-year nine-months,” respectively) are not necessarily indicative of the results of operations for the full fiscal year.

There have been no changes in significant accounting policies as described in our Annual Report on Form 10-K for the year ended September 30, 2016, other than those described below, and we have eliminated certain disclosures previously presented in our historical financial statements that we do not consider material to the overall financial statements presented herein.

Reclassifications to Prior Period Financial Statements

Certain reclassifications of prior period amounts have been made. These reclassifications, other than those pertaining to discontinued operations discussed in Note 9, the adoption of Financial Accounting Standards Board (“FASB”) Accounting Standards Updates (“ASUs”) discussed below and immaterial corrections for the nine months ended June 30, 2016 discussed in “Part II, Item 8 — Financial Statements and Supplementary Data — Note 2” of our Annual Report on Form 10-K for the year ended September 30, 2016, were made to conform to the current period presentation.

Use of Estimates and Assumptions

The preparation of these financial statements requires us to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenues and expenses and related disclosure of contingent assets and liabilities. On an ongoing basis, we evaluate our estimates and judgments, including those related to revenue recognition, inventories, loan loss allowances, long-lived and intangible assets, share-based compensation, income taxes, contingencies and litigation. We base our estimates on historical experience, observable trends and various other assumptions that we believe are reasonable under the circumstances. We use this information to make judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ materially from these estimates under different assumptions or conditions.

Recently Adopted Accounting Policies

• We early adopted ASU 2016-09, Compensation — Stock Compensation (Topic 718): Improvements to Employee Share-Based Payment Accounting during the quarter ended December 31, 2016. This ASU simplifies several aspects of the accounting for share-based payment transactions, including income tax consequences, calculation of the

dilutive impact of awards, classification of awards as either equity or liabilities and classification on the statement of cash

6

Table of Contents

flows. We prospectively applied the requirement to present excess tax benefits as an operating activity on the statement of cash flows. Further, we continue to estimate the number of award forfeitures in recording costs for share-based awards. The financial impact of adopting ASU 2016-09 was a \$0.4 million income tax benefit during the three and nine months ended June 30, 2017 for excess tax benefits on vested awards which previously would have been recorded to "Additional paid-in capital" prior to adoption of ASU 2016-09.

We further adopted ASU 2015-11, Inventory (Topic 330): Simplifying the Measurement of Inventory, ASU 2015-05, Intangibles — Goodwill and Other — Internal-Use Software (Subtopic 350-40): Customer's Accounting for Fees Paid in a Cloud Computing Arrangement and ASU 2014-15, Presentation of Financial Statements — Going Concern (Subtopic 205-40) during the quarter ended December 31, 2016. The impacts of adoption for each ASU are as follows:

We early adopted ASU 2015-11 during the quarter ended December 31, 2016 on a prospective basis, and such adoption did not have a material impact on our consolidated financial position, results of operations or cash flows. We now measure our inventories at the lower of cost or net realizable value, where net realizable value is "estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal, and transportation." Inventory was previously required to be measured at the lower of cost or market value, where the measurement of market value had several potential outcomes.

We adopted ASU 2015-05 during the quarter ended December 31, 2016 on a prospective basis for all arrangements entered into or materially modified after adoption of the ASU, and such adoption did not have a material impact on our consolidated financial position, results of operations or cash flows. We now consider whether cloud computing arrangements include a software license. If a cloud computing arrangement includes a software license, then we account for the software license element of the arrangement consistent with the acquisition of other software licenses. If a cloud computing arrangement does not include a software license, we account for the arrangement as a service contract.

We early adopted ASU 2014-15 during the quarter ended December 31, 2016. Upon adoption of the ASU, management has the responsibility to evaluate whether there is substantial doubt about our ability to continue as a going concern for a period of one year after the date that the financial statements are issued (or available to be issued) or to provide related footnote disclosures.

Recently Issued Accounting Pronouncements and Significant Accounting Policies

In March 2016, the FASB issued ASU 2016-06, Derivatives and Hedging (Topic 815): Contingent Put and Call Options in Debt Instruments a consensus of the FASB Emerging Issues Task Force. This ASU clarifies what steps are required when assessing whether the economic characteristics and risks of call (put) options are clearly and closely related to the economic characteristics and risks of their debt hosts, which is one of the criteria for bifurcating an embedded derivative. Early adoption is permitted based upon guidance issued within the ASU and we plan to adopt the ASU in our fourth quarter of fiscal 2017. We do not anticipate that the adoption of ASU 2016-06 will have a material effect on our financial position, results of operations or cash flows.

In May 2017, the FASB issued ASU 2017-09, Compensation — Stock Compensation (Topic 718). This ASU provides guidance about which changes to the terms or conditions of a share-based payment award require an entity to apply modification accounting. The provisions of this ASU are effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2017. Early adoption is permitted based upon guidance issued within the ASU. A reporting entity should apply the amendment to awards modified after the adoption date on a prospective basis. We do not anticipate that the adoption of ASU 2017-09 will have a material effect on our financial position, results of operations or cash flows.

In January 2017, the FASB issued ASU 2017-04, Intangibles — Goodwill and Other (Topic 350): Simplifying the Test for Goodwill Impairment. This ASU eliminates Step 2 from the goodwill impairment test which previously required measurement of any goodwill impairment loss by comparing the implied fair value of a reporting unit's goodwill with the carrying amount of that goodwill. Under the new standard, an entity should perform its annual, or interim, goodwill impairment test by comparing the fair value of a reporting unit with its carrying amount and recognize an impairment charge for the amount by which the carrying amount exceeds the reporting unit's fair value, without exceeding the total amount of goodwill allocated to that reporting unit. The provisions of this ASU are effective for fiscal years beginning after December 15, 2019, and any interim goodwill impairment tests within those fiscal years.

Early adoption is permitted for interim or annual goodwill impairment tests performed on testing dates after January 1, 2017. A reporting entity should apply the amendment on a prospective basis. We currently anticipate adoption of ASU 2017-04 in the fourth quarter of our fiscal 2017 with no anticipated material impact on our consolidated financial position, results of operations or cash flows.

Table of Contents

In February 2016, the FASB issued ASU 2016-02, Leases (Topic 842). This ASU requires companies to generally recognize on the balance sheet operating and financing lease liabilities and corresponding right-of-use assets. The provisions of this ASU are effective for fiscal years beginning after December 15, 2018, and interim periods within those fiscal years. Early adoption is permitted based upon guidance issued within the ASU. Although we are in the process of evaluating the impact of adopting ASU 2016-02 on our consolidated financial position, results of operations and cash flows, we anticipate a material impact on our consolidated financial position. Additionally, we are evaluating the disclosure requirements under this ASU and are identifying and preparing to implement changes to our accounting policies, practices and controls to support adoption of the ASU and are evaluating upgrades to our third party software solution concurrently with our adoption. We believe we are following an appropriate timeline to allow for proper recognition, presentation and disclosure upon adoption of the ASU which is effective for our fiscal 2020.

In May 2014, the FASB issued ASU 2014-09, Revenue from Contracts with Customers (Topic 606). In August 2015, the FASB issued ASU 2015-14, Revenue from Contracts with Customers (Topic 606) to defer the effective date to December 15, 2017 for annual reporting periods beginning after that date, with early adoption permitted, but not before the original effective date of December 15, 2016. The core principle of ASU 2014-09, and the subsequently issued ASUs modifying or clarifying ASU 2014-09, is that an entity should recognize revenue to depict the transfer of goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. To achieve this core principle, the guidance provides that an entity should apply the following steps: (1) identify the contract(s) with a customer; (2) identify the performance obligations in the contract; (3) determine the transaction price; (4) allocate the transaction price to the performance obligations in the contract; and (5) recognize revenue when, or as, the entity satisfies a performance obligation. The new standard allows for two methods of adoption: (a) full retrospective adoption, meaning the standard is applied to all periods presented, or (b) modified retrospective adoption, meaning the cumulative effect of applying the new standard is recognized as an adjustment to the opening retained earnings balance.

We are evaluating the impact that will result from adopting ASU 2014-09 on our consolidated financial position, results of operations, and cash flows. We currently anticipate adopting the ASU using the modified retrospective method. We do not believe the adoption will have an impact on our pawn service charge revenue recognition as we do not believe such charges are within the scope of the ASU. Further, we have not identified any impacts to our financial statements that we believe will be material as a result of the adoption of the ASU for other revenue streams, although we continue to evaluate the impact of adoption. We believe we are following an appropriate timeline to allow for proper recognition, presentation and disclosure upon adoption of the ASU which is effective for our fiscal 2019. Please refer to Note 1, Summary of Significant Accounting Policies, of Notes to Consolidated Financial Statements included in "Part II, Item 8 — Financial Statements and Supplementary Data" of our Annual Report on Form 10-K for the year ended September 30, 2016 for discussion of our significant accounting policies and other accounting pronouncements issued but not yet adopted.

Table of Contents

NOTE 2: EARNINGS PER SHARE

Components of basic and diluted earnings per share and excluded antidilutive potential common shares are as follows:

	Three Months Ended June 30,		Nine Months Ended June 30,	
	2017	2016	2017	2016
(in thousands, except per share amounts)				
Net income from continuing operations attributable to EZCORP (A)	\$5,525	\$2,904	\$22,316	\$8,954
Loss from discontinued operations, net of tax (B)	(265)	(8,593)	(1,868)	(92,929)
Net income (loss) attributable to EZCORP (C)	\$5,260	\$(5,689)	\$20,448	\$(83,975)
Weighted-average outstanding shares of common stock (D)	54,295	53,980	54,247	54,574
Dilutive effect of restricted stock	72	212	63	116
Weighted-average common stock and common stock equivalents (E)	54,367	54,192	54,310	54,690
Basic earnings (loss) per share attributable to EZCORP:				
Continuing operations (A / D)	\$0.10	\$0.05	\$0.41	\$0.16
Discontinued operations (B / D)	—	(0.16)	(0.03)	(1.70)
Basic earnings (loss) per share (C / D)	\$0.10	\$(0.11)	\$0.38	\$(1.54)
Diluted earnings (loss) per share attributable to EZCORP:				
Continuing operations (A / E)	\$0.10	\$0.05	\$0.41	\$0.16
Discontinued operations (B / E)	—	(0.16)	(0.03)	(1.70)
Diluted earnings (loss) per share (C / E)	\$0.10	\$(0.11)	\$0.38	\$(1.54)
Potential common shares excluded from the calculation of diluted earnings (loss) per share above:				
Restricted stock*	2,418	2,109	2,435	1,259
Warrants**	12,138	14,317	12,138	14,317
Total potential common shares excluded	14,556	16,426	14,573	15,576
Includes antidilutive share-based awards as well as performance-based and market conditioned share-based awards				
*that are contingently issuable, but for which the condition for issuance has not been met as of the end of the reporting period.				
** See Note 5 for discussion of the terms and conditions of these potential common shares and Note 10 for settlement of a portion of the Cash Convertible Notes Warrants subsequent to June 30, 2017.				

Table of Contents

NOTE 3: STRATEGIC INVESTMENTS

As of June 30, 2017, we owned 156,552,484 shares, or approximately 32%, of our unconsolidated affiliate Cash Converters International Limited ("Cash Converters International"). The following tables present summary financial information for Cash Converters International's most recently reported results as of June 30, 2017 after translation to U.S. dollars:

	December 31,	
	2016	2015
	(in thousands)	
Current assets	\$158,235	\$176,105
Non-current assets	141,218	143,466
Total assets	\$299,453	\$319,571
Current liabilities	\$70,468	\$68,857
Non-current liabilities	48,181	48,263
Shareholders' equity:		
Equity attributable to owners of the parent	\$180,803	\$202,450
Noncontrolling interest	1	1
Total liabilities and shareholders' equity	\$299,453	\$319,571

Half Year Ended
December 31,
2016 2015

	(in thousands)	
Gross revenues*	\$108,161	\$110,219
Gross profit*	74,343	81,139
Net profit	8,633	11,483

Cash Converters International announced during its fiscal 2016 that certain of its United Kingdom operations would be discontinued, including a historical recasting of such operations as discontinued operations. We have recast the above information pertaining to the half year ended December 31, 2015 to reflect this historical recasting.

During the nine months ended June 30, 2017, the fair value of our investment in Cash Converters International declined below its carrying value. We considered the guidance in FASB Accounting Standards Codification ("ASC") 320-10-S99-1 in evaluating whether the impairment was other-than-temporary and whether to measure and recognize any other-than-temporary impairment. We noted the primary factors in determining that the decline in fair value was not other-than-temporary were the length of time and the extent to which the market value has been less than cost as well as our intent and ability to hold our investment in Cash Converters International for a period of time sufficient to allow for any anticipated recovery in market value. We do not believe the decline in fair value is other-than-temporary.

We continue to monitor the fair value of our investment in Cash Converters International for other-than-temporary impairments in future reporting periods and may record an impairment charge should the fair value of our investment in Cash Converters International remain below its carrying value for an extended period of time. We have previously recorded impairments on our investment in Cash Converters International in fiscal 2016 and 2015. See Note 4 for the fair value and carrying value of our investment in Cash Converters International.

Table of Contents

NOTE 4: FAIR VALUE MEASUREMENTS

In accordance with ASC 820-10, our assets and liabilities discussed below are classified in one of the following three categories based on the inputs used to develop their fair values: Level 1 — Quoted market prices in active markets for identical assets or liabilities; Level 2 — Other observable market-based inputs or unobservable inputs that are corroborated by market data; and Level 3 — Unobservable inputs that are not corroborated by market data.

Recurring Fair Value Measurements

The tables below present our financial assets (liabilities) that were carried and measured at fair value on a recurring basis, exclusive of amounts attributable to Prestaciones Finmart, S.A.P.I. de C.V., SOFOM, E.N.R. ("Grupo Finmart"), which we divested in September 2016:

Financial Assets (Liabilities)	Balance Sheet Location	June 30, 2017	June 30, 2016	September 30, 2016
		(in thousands)		
Guarantee asset — Level 3	Prepaid expenses and other current assets	\$298	\$ —	\$ 1,209
Guarantee liability — Level 3	Accounts payable, accrued expenses and other current liabilities	(310)	—	(1,258)
Cash Convertible Notes Hedges — Level 2	Other assets, net	5,900	16,200	37,692
Cash Convertible Notes Embedded Derivative — Level 2	Long-term debt, net	(5,900)	(16,200)	(37,692)
Cash Convertible Notes Warrants — Level 3	Accounts payable, accrued expenses and other current liabilities	(523)	—	—

We initially measured the guarantee asset and liability at fair value and are subsequently amortizing the guarantees based upon the principal payments received on the associated notes receivable, which approximates the fair value of the guarantees on a recurring basis. See discussion of settlement subsequent to June 30, 2017 in Note 10.

We measured the fair value of the Cash Convertible Notes Hedges and the Cash Convertible Notes Embedded Derivative using the Black-Scholes-Merton model based on observable Level 1 and Level 2 inputs such as conversion price of underlying shares, current share price, implied volatility, risk free interest rate and other factors. As of June 30, 2017 the volatility input was revised downward to 44% based on observed market inputs. As of June 30, 2016 and September 30, 2016 these inputs included volatilities of 53% to 55%.

We executed agreements dated as of June 29, 2017 to cash settle a portion of the Cash Convertible Notes Hedges and Cash Convertible Notes Warrants pertaining to the partial repayment of the Cash Convertible Notes in July 2017.

Based on the negotiated cash settlement amount with our counterparties in July 2017, we realized a volatility of approximately 32% to 34%, reducing the amount received on the amounts recorded above as of June 30, 2017. As of June 30, 2017, we reclassified the portion of Cash Convertible Notes Warrants which were cash settled in July 2017 from equity to a liability at its current fair value, including inputs for current share price and trading volume. See Note 5 and Note 10 for additional discussion.

There were no transfers in or out of Level 1 or Level 2 for financial assets or liabilities measured at fair value on a recurring basis during the periods presented.

Table of Contents

Financial Assets and Liabilities Not Measured at Fair Value

The tables below present our financial assets and liabilities that were not measured at fair value (including those discussed below the following tables) on a recurring basis, exclusive of amounts attributable to Grupo Finmart:

	Carrying Value	Estimated Fair Value	Fair Value Measurement Using		
	June 30, 2017	June 30, 2017	Level 1	Level 2	Level 3

(in thousands)

Financial assets:

Notes receivable, net	\$63,277	\$65,570	\$—	\$65,570	
Investment in unconsolidated affiliate	41,725	37,306	37,306	—	

Financial liabilities:

Cash Convertible Notes	\$206,279	\$218,500	\$—	\$218,500	\$—
Term Loan Facility	48,235	48,159	—	—	48,159

	Carrying Value	Estimated Fair Value	Fair Value Measurement Using		
	June 30, 2016	June 30, 2016	Level 1	Level 2	Level 3

(in thousands)

Financial assets:

Investment in unconsolidated affiliate	\$56,843	\$49,149	\$49,149	\$—	\$—
--	----------	----------	----------	-----	-----

Financial liabilities:

Cash Convertible Notes	\$195,221	\$190,762	\$—	\$190,762	\$—
------------------------	-----------	-----------	-----	-----------	-----

	Carrying Value	Estimated Fair Value	Fair Value Measurement Using		
	September 30, 2016	September 30, 2016	Level 1	Level 2	Level 3

(in thousands)

Financial assets:

Notes receivable, net	\$83,065	\$83,065	\$—	\$83,065	
Investment in unconsolidated affiliate	37,128	37,128	37,128	—	

Financial liabilities:

Cash Convertible Notes	\$197,954	\$227,332	\$—	\$227,332	\$—
Term Loan Facility	47,965	48,688	—	—	48,688

Based on the short-term nature of cash and cash equivalents, pawn loans, pawn service charges receivable and current consumer loans, fees and interest receivable, we estimate that their carrying value approximates fair value. We consider our cash and cash equivalents to be measured using Level 1 inputs and our pawn loans, pawn service charges receivable and current consumer loans, fees and interest receivable to be measured using Level 3 inputs. Significant

increases or decreases in the underlying assumptions used to value pawn loans, pawn service charges receivable and current consumer loans, fees and interest receivable could significantly increase or decrease these fair value estimates. We measured the fair value of the notes receivable under a discounted cash flow approach considering the synthetic credit ratings for Grupo Finmart and Alpha Holding, S.A. de C.V. (“AlphaCredit”), as applicable and as determined with external consultation, with discount rates ranging primarily from 8% to 15%. Certain of the significant inputs used for the valuation were not observable in the market. Significant increases or decreases in the underlying assumptions used to value the notes receivable could significantly increase or decrease these fair value estimates.

The inputs used to generate the fair value of the investment in unconsolidated affiliate Cash Converters International were considered Level 1 inputs. These inputs are comprised of (a) the quoted stock price on the Australian Stock Exchange multiplied by (b) the number of shares we owned multiplied by (c) the applicable foreign currency exchange rate as of the end of our reporting period. We included no control premium for owning a large percentage of outstanding shares.

Table of Contents

We measured the fair value of the Cash Convertible Notes using quoted price inputs from Bloomberg. The Cash Convertible Notes are not actively traded and thus the price inputs represent a Level 2 measurement. As the Cash Convertible Notes are not actively traded, the quoted price inputs obtained from Bloomberg are highly variable from day to day and thus the fair value estimates disclosed above could significantly increase or decrease.

We measured the fair value of the Term Loan Facility under a discounted cash flow approach considering our synthetic credit rating, including inputs that are not observable in the market, with discount rates up to approximately 9%. A 50 basis point increase or decrease in the calculated credit spread based on our underlying synthetic credit rating would increase or decrease the fair value of our Term Loan Facility by approximately \$1.2 million. The fair value of the Term Loan Facility approximated its carrying value, inclusive of issuance costs and exclusive of deferred financing costs, as of September 30, 2016. See Note 5 and Note 10 for additional discussion.

Notes Receivable from Grupo Finmart Divestiture

Subsequent to the sale of Grupo Finmart in September 2016, we determined that we retained a variable interest in Grupo Finmart, including notes receivable and a guarantee liability of the future cash outflows of certain Grupo Finmart foreign exchange forward contracts with a backup guarantee provided by AlphaCredit for any payments we make under the guarantee. We determined that we are not the primary beneficiary of Grupo Finmart subsequent to its disposition as we lack a controlling financial interest in Grupo Finmart. As of June 30, 2017, we had a total gross outstanding balance on our notes receivable of \$67.1 million. We have collected \$8.2 million and \$23.3 million, respectively, in principal on these notes receivable during the three and nine months ended June 30, 2017.

The following table presents the carrying amount and classification of the assets and liabilities pertaining to our variable interest compared to the maximum exposure to loss for each asset and liability:

Instrument	Balance Sheet Location	June 30, 2017		September 30, 2016	
		Asset (Liability)	Recorded Maximum in Exposure Consolidated Loss Balance Sheet	Asset (Liability)	Recorded Maximum in Exposure Consolidated Loss Balance Sheet
Notes receivable	Notes receivable, net (including discount of \$3.8 million and \$6.7 million as of June 30, 2017 and September 30, 2016, respectively)	\$63,277	\$ 63,277	\$83,065	\$ 83,065
Guarantee asset	Prepaid expenses and other current assets	298	—	1,209	—
Guarantee liability*	Accounts payable, accrued expenses and other current liabilities	(310)	—	(1,258)	—

Maximum exposure to loss under the guarantee liability was \$6.2 million and \$25.3 million as of June 30, 2017 and * September 30, 2016, respectively. However such amount is included within the maximum exposure to loss for the notes receivable above, as the guarantee liability is a guarantee by us of Grupo Finmart's repayment of our notes receivable owed by Grupo Finmart. See discussion of repayment subsequent to June 30, 2017 in Note 10.

(b) See discussion of repayments subsequent to June 30, 2017 in Note 10.

Term Loan Facility up to \$100 Million

On September 12, 2016 (the "Closing Date"), EZCORP, Inc. (as borrower) and certain of its subsidiaries (as guarantors) entered into a "Financing Agreement" with certain lenders (the "Lenders") and Fortress Credit Co LLC (as collateral and administrative agent for the Lenders). The Financing Agreement provides for a senior secured credit facility in an aggregate principal amount of \$100 million, subject to various terms and conditions contained in the Financing Agreement. The credit facility ("Term Loan Facility") consists of an Initial Term Loan of \$50 million that was drawn on the Closing Date and a Delayed Draw Term Loan of \$50 million.

Borrowings under the facility bear interest at an annual rate initially equal to the London Interbank Offered Rate ("LIBOR") plus 7.5% or, at our election, a "Reference Rate" plus 6.5%. The LIBOR is subject to a floor of 1% and the Reference Rate is subject to a floor of 3%. We pay a monthly fee of 2.75% per annum on the average daily unused portion of the Delayed Draw Term Loan facility and a quarterly loan servicing fee of \$15,000.

The Term Loan Facility was repaid in full and terminated subsequent to June 30, 2017. See Note 10.

2.125% Cash Convertible Senior Notes Due 2019

In June 2014 ("Original Issuance Date"), we issued \$200 million aggregate principal amount of 2.125% Cash Convertible Notes, with an additional \$30 million principal amount of Cash Convertible Notes issued in July 2014. All of the Cash Convertible Notes were issued pursuant to an indenture dated June 23, 2014 (the "Indenture") by and between EZCORP and Wells Fargo Bank, National Association, as the trustee. The Cash Convertible Notes were

issued in a private offering and resold under Rule 144A under the Securities Act of 1933. The Cash Convertible Notes pay interest semi-annually in arrears at a rate of 2.125% per annum on June 15 and December 15 of each year and mature on June 15, 2019 (the "Maturity Date").

Prior to December 15, 2018, the Cash Convertible Notes will be convertible only upon the occurrence of certain events and during certain periods, and thereafter, at any time prior to the close of business on the second scheduled trading day immediately preceding the Maturity Date. At maturity, the holders of the Cash Convertible Notes will be entitled to receive

Table of Contents

cash equal to the principal amount of the Cash Convertible Notes plus unpaid accrued interest. See discussion of partial repayment subsequent to June 30, 2017 in Note 10.

Cash Convertible Notes Embedded Derivative

We account for the cash conversion feature of the Cash Convertible Notes as a separate derivative instrument (the “Cash Convertible Notes Embedded Derivative”). The Cash Convertible Notes are convertible into cash, subject to satisfaction of certain conditions and during the periods described below, based on an initial “Conversion Rate” of 62.2471 shares of Class A Common Stock per \$1,000 principal amount of Cash Convertible Notes (equivalent to an initial “Conversion Price” of approximately \$16.065 per share of our Class A Common Stock). Upon conversion of a note, we will pay cash based on a daily conversion value calculated on a proportionate basis for each trading day in the applicable 80 trading day observation period as described in the Indenture. The Conversion Rate will not be adjusted for any accrued and unpaid interest.

Holders may surrender their Cash Convertible Notes for conversion into cash prior to December 15, 2018 only under the following circumstances (the “Early Conversion Conditions”): (1) during any fiscal quarter commencing after the fiscal quarter ending on September 30, 2014 (and only during such fiscal quarter), if the last reported sale price of our Class A Common Stock for at least 20 trading days (whether or not consecutive) during a period of 30 consecutive trading days ending on the last trading day of the immediately preceding fiscal quarter is greater than or equal to 130% of the conversion price on each applicable trading day; (2) during the five business day period after any five consecutive trading day period (the “measurement period”) in which the trading price, as defined in the Indenture, per \$1,000 principal amount of notes for each trading day of the measurement period was less than 98% of the product of the last reported sale price of our Class A Common Stock and the conversion rate on such trading day; or (3) upon the occurrence of specified corporate events, as defined in the Indenture. On or after December 15, 2018 until the close of business on the second scheduled trading day immediately preceding the Maturity Date, holders may convert their notes into cash at any time, regardless of the foregoing circumstances.

If a holder elects to convert its Cash Convertible Notes in connection with certain make-whole fundamental changes, as that term is defined in the Indenture, that occur prior to the Maturity Date, we will in certain circumstances increase the Conversion Rate for Cash Convertible Notes converted in connection with such make-whole fundamental changes by a specified number of shares of Class A Common Stock. In addition, the Conversion Rate is subject to customary anti-dilution adjustments (for example, certain dividend distributions or tender or exchange offer of our Class A Common Stock).

Upon the occurrence of a fundamental change, as defined in the Indenture, holders may require us to repurchase for cash all or any portion of the then outstanding Cash Convertible Notes at a repurchase price equal to 100% of the principal amount of the notes to be repurchased, plus accrued and unpaid interest.

As of June 30, 2017, no triggering events occurred for of the note holders to elect to convert their Cash Convertible Notes. Subsequent to June 30, 2017, we repurchased and retired \$35.0 million aggregate principal amount of Cash Convertible Notes, leaving \$195.0 million aggregate principal amount outstanding. See Note 10.

Cash Convertible Notes Hedges

In connection with the issuance of the Cash Convertible Notes, we purchased cash-settled call options (the “Cash Convertible Notes Hedges”) in privately negotiated transactions with certain of the initial purchasers or their affiliates (in this capacity, the “Option Counterparties”). The Cash Convertible Notes Hedges provide us with the option to acquire, on a net settlement basis, approximately 14.3 million shares of our Class A Common Stock at a strike price of \$16.065, which is equal to the number of shares of our Class A Common Stock that notionally underlie the Cash Convertible Notes and corresponds to the Conversion Price of the Cash Convertible Notes. The Cash Convertible Notes Hedges have an expiration date that is the same as the Maturity Date of the Cash Convertible Notes, subject to earlier exercise. The Cash Convertible Notes Hedges have customary anti-dilution provisions similar to the Cash Convertible Notes. If we exercise the Cash Convertible Notes Hedges, the aggregate amount of cash we will receive from the Option Counterparties will cover the aggregate amount of cash that we would be required to pay to the holders of the converted Cash Convertible Notes, less the principal amount thereof. As of June 30, 2017, we have not purchased any shares under the Cash Convertible Notes Hedges.

The aggregate cost of the Cash Convertible Notes Hedges was \$46.5 million (or \$21.3 million net of the total proceeds from the Warrants sold, as discussed below). The Cash Convertible Notes Hedges are accounted for as a derivative asset and are recorded in the condensed consolidated balance sheets at their estimated fair value. The Cash Convertible Notes Embedded Derivative liability and the Cash Convertible Notes Hedges asset will be adjusted to fair value each reporting period and unrealized gains and losses will be reflected in the condensed consolidated statements of operations. The Cash Convertible Notes Embedded Derivative and the Cash Convertible Notes Hedges are designed to have similar fair values. Accordingly, the changes in the fair values of these instruments are expected to offset and not have a net impact on the condensed consolidated

Table of Contents

statements of operations. See Note 4 for discussion of fair value of the Cash Convertible Notes Embedded Derivative liability and the Cash Convertible Notes Hedges asset.

Subsequent to June 30, 2017, in connection with our repurchase and retirement of \$35.0 million aggregate principal amount of Cash Convertible Notes, we settled and terminated the portion of the Cash Convertible Notes Hedges associated with the retired Cash Convertible Notes principal. See Note 10.

Cash Convertible Notes Warrants

In connection with the issuance of the Cash Convertible Notes, we also sold net-share-settled warrants (the “Cash Convertible Notes Warrants”) in privately negotiated transactions with the Option Counterparties for the purchase of up to approximately 14.3 million shares of our Class A Common Stock at a strike price of \$20.83 per share, for total proceeds of \$25.1 million, net of issuance costs, which was recorded as an increase in stockholders' equity. The Cash Convertible Notes Warrants have customary anti-dilution provisions similar to the Cash Convertible Notes. As a result of the Cash Convertible Notes Warrants, we will experience dilution to our diluted earnings per share if our average closing stock price exceeds \$20.83 for any fiscal quarter. The Cash Convertible Notes Warrants expire on various dates from September 2019 through February 2020 and must be settled in net shares of our Class A Common Stock. Therefore, upon expiration of the Cash Convertible Notes Warrants, we will issue shares of Class A Common Stock to the purchasers of the Cash Convertible Notes Warrants that represent the value by which the price of the Class A Common Stock exceeds the strike price stipulated within the particular warrant agreement. As of June 30, 2017, there were 12.1 million Cash Convertible Notes Warrants outstanding. Subsequent to June 30, 2017, in connection with our repurchase and retirement of \$35.0 million aggregate principal amount of Cash Convertible Notes, we settled and terminated the portion of the Cash Convertible Notes Warrants associated with the retired Cash Convertible Notes principal. See Note 10.

NOTE 6: STOCK COMPENSATION

On May 1, 2010 our Board of Directors approved the adoption of the EZCORP, Inc. 2010 Long-Term Incentive Plan (the “2010 Plan”). As of September 30, 2016, the 2010 Plan permitted grants of options, restricted stock awards and stock appreciation rights covering up to 3,485,649 shares of our Class A Common Stock. In December 2016, the Board of Directors and the voting stockholder approved the addition of 500,000 shares to the 2010 Plan.

In November and December 2016, we granted 919,898 restricted stock unit awards to employees and 72,500 restricted stock awards to non-employee directors with a grant date fair value of primarily \$9.60 per share. Our long-term incentive awards are generally granted based on our share price as of October 1 each year, which was \$11.06 for these fiscal 2017 awards. The awards granted to employees vest on September 30, 2019 subject to the achievement of certain performance targets. As of June 30, 2017, we considered the achievement of these performance targets probable. The awards granted to non-employee directors vest over two years, 50% on September 30, 2017 and 50% on September 30, 2018 and are subject only to service conditions.

NOTE 7: CONTINGENCIES

We are involved in various claims, suits, investigations and legal proceedings, including those described below. We are unable to determine the ultimate outcome of any current litigation or regulatory actions. An unfavorable outcome could have a material adverse effect on our financial condition, results of operations or liquidity. Except as noted below, we have not recorded a liability for any of these matters as of June 30, 2017 because we do not believe at this time that any loss is probable or that the amount of any probable loss can be reasonably estimated. The following is a description of significant proceedings.

Shareholder derivative litigation — On July 28, 2014, Lawrence Treppel, a purported holder of Class A Common Stock, filed a derivative action in the Court of Chancery of the State of Delaware styled Treppel v. Cohen, et al. (C.A. No. 9962-VCP). The complaint, as originally filed and as amended on September 23, 2014, names as defendants Phillip E. Cohen, the beneficial owner of all of our outstanding Class B Voting Common Stock; several current and former members of our Board of Directors (Joseph J. Beal, Sterling B. Brinkley, John Farrell, Pablo Lagos Espinosa, William C. Love, Thomas C. Roberts and Paul E. Rothamel); three entities controlled by Mr. Cohen (MS Pawn Limited Partnership, the record holder of our Class B Voting Common Stock; MS Pawn Corporation, the general partner of MS Pawn Limited Partnership; and Madison Park LLC); and EZCORP, Inc., as nominal defendant. The amended complaint asserts the following claims:

Claims against the current and former Board members for breach of fiduciary duties and waste of corporate assets in connection with the Board's decision to enter into advisory services agreements with Madison Park from October 2004 to June 2014 (Counts I and II, respectively);

Table of Contents

• Claims against Mr. Cohen and MS Pawn Limited Partnership for aiding and abetting the breaches of fiduciary duties relating to the advisory services agreements with Madison Park (Count III); and

• Claims against Mr. Cohen and Madison Park for unjust enrichment for payments under the advisory services agreements (Count IV).

The plaintiff seeks (a) recovery for the Company in the amount of the damages the Company has sustained as a result of the alleged breach of fiduciary duties, waste of corporate assets and aiding and abetting, (b) disgorgement by Mr. Cohen and Madison Park of the benefits they received as a result of the related party transactions and (c) reimbursement of costs and expenses, including reasonable attorney's fees.

On November 13, 2014, pursuant to the parties' stipulation, the Court dismissed the action as to Mr. Brinkley, Mr. Rothamel and Mr. Lagos.

The remaining defendants filed motions to dismiss, and a hearing on those motions was held before the Court on September 8, 2015. Prior to that hearing, the plaintiff proposed a dismissal without prejudice for the claims against Mr. Beal, Mr. Love and Mr. Farrell. Those defendants continued to seek a dismissal with prejudice that would bind all potential plaintiffs. On January 15, 2016, the Court issued an opinion dismissing the action as to Mr. Beal, Mr. Love and Mr. Farrell with prejudice only as to the plaintiff.

On January 25, 2016, the Court issued a separate opinion granting in part and denying in part the motions to dismiss filed by the remaining defendants. Specifically, the Court granted the motion to dismiss Count IV (unjust enrichment) for failure to state a claim. The Court also dismissed Count III (aiding and abetting) as to Mr. Cohen, but interpreted Count I (breach of fiduciary duty) to state a claim against Mr. Cohen and MS Pawn, as well as Mr. Roberts. The Court otherwise denied the motions to dismiss, including the motion to dismiss Count III (aiding and abetting) against MS Pawn.

On February 4, 2016, the remaining defendants filed an Application for Certification of Interlocutory Appeal, which the plaintiff opposed on February 15, 2016, and the Court set a hearing on the application. On February 22, 2016, the Court denied the Application for Certification of Interlocutory Appeal and provided the plaintiff the opportunity to amend its complaint to add a fiduciary-duty claim as to Mr. Cohen and Madison Park, staying proceedings pending a ruling from the Delaware Supreme Court. After the Application for Certification of Interlocutory Appeal was denied, Mr. Roberts, MS Pawn Corporation and MS Pawn Limited Partnership filed notices of appeal from the interlocutory opinion and order denying the motions to dismiss. On March 10, 2016, the Delaware Supreme Court denied those petitions for an interlocutory appeal.

On March 4, 2016, the plaintiff filed a Second Amended Derivative Complaint against Mr. Roberts, Mr. Cohen, Madison Park, MS Pawn Corporation and MS Pawn Limited Partnership with EZCORP, Inc., as nominal defendant. The case is now in the discovery stage.

We intend to continue to defend vigorously against the claims asserted in the lawsuit. Although the lawsuit does not seek relief against the Company, we have certain indemnification obligations to the other defendants (including Madison Park and Mr. Cohen), which obligations include the payment of attorney's fees in advance of the outcome. We cannot predict the outcome of this lawsuit, or the amount of time and expense that will be required to resolve it. Federal securities litigation (SDNY) — On August 22, 2014, Jason Close, a purported holder of Class A Common Stock, for himself and on behalf of other similarly situated holders of Class A Common Stock, filed a lawsuit in the United States District Court for the Southern District of New York styled Close v. EZCORP, Inc., et al. (Case No. 1:14-cv-06834-ALC). That lawsuit named as defendants EZCORP, Inc., Paul. E. Rothamel (the Company's former Chief Executive Officer) and Mark Kuchenrither (the Company's former Chief Financial Officer). That lawsuit was consolidated with a similar lawsuit filed in the same court on October 17, 2014 by the Automotive Machinists Pension Plan and styled Automotive Machinists Pension Plan v. EZCORP, Inc., et al. (Case No. 1:14-cv-8349-ALC). On November 18, 2014, the court consolidated the two lawsuits under the caption In Re EZCORP, Inc. Securities Litigation (Case No. 1:14-cv-06834-ALC).

The Consolidated Amended Class Action Complaint asserted certain violations of Sections 10(b) and 20(a) of the Securities Exchange Act of 1934, as well as Rule 10b-5 promulgated thereunder. On March 31, 2016, the Court, in response to the defendants' motions to dismiss, dismissed certain of the claims, but other claims survived the motions to dismiss.

On November 23, 2016, the parties agreed to a mediated settlement of all remaining claims. The settlement provides for the payment of \$5.9 million by the defendants, which was covered by applicable directors' and officers' liability insurance. Following a Settlement Hearing on April 25, 2017, the Court entered an order to approve the settlement and dismiss the case.

Federal Securities Litigation (WDT) — On July 20, 2015, Wu Winfred Huang, a purported holder of Class A Common Stock, for himself and on behalf of other similarly situated holders of Class A Common Stock, filed a lawsuit in the United States

Table of Contents

District Court for the Western District of Texas styled Huang v. EZCORP, Inc., et al. (Case No. 1:15-cv-00608-SS). The complaint names as defendants EZCORP, Inc., Stuart I. Grimshaw (our chief executive officer) and Mark E. Kuchenrither (our former chief financial officer) and asserts violations of Sections 10(b) and 20(a) of the Securities Exchange Act of 1934 and Rule 10b-5 promulgated thereunder. The original complaint related to the Company's announcement on July 17, 2015 that it will restate the financial statements for fiscal 2014 and the first quarter of fiscal 2015, and alleged generally that the Company issued materially false or misleading statements concerning the Company, its finances, business operations and prospects and that the Company misrepresented the financial performance of the Grupo Finmart business.

On August 14, 2015, a substantially identical lawsuit, styled Rooney v. EZCORP, Inc., et al. (Case No. 1:15-cv-00700-SS) was also filed in the United States District Court for the Western District of Texas. On September 28, 2015, the plaintiffs in these two lawsuits filed an agreed stipulation to be appointed co-lead plaintiffs and agreed that their two actions should be consolidated. On November 3, 2015, the Court entered an order consolidating the two actions under the caption In re EZCORP, Inc. Securities Litigation (Master File No. 1:15-cv-00608-SS), and appointed the two plaintiffs as co-lead plaintiffs, with their respective counsel appointed as co-lead counsel.

On January 11, 2016, the plaintiffs filed an Amended Class Action Complaint (the "Amended Complaint"). In the Amended Complaint, the plaintiffs seek to represent a class of purchasers of our Class A Common Stock between November 6, 2012 and October 20, 2015. The Amended Complaint asserts that the Company and Mr. Kuchenrither violated Section 10(b) of the Securities Exchange Act and Rule 10b-5, issued materially false or misleading statements throughout the proposed class period concerning the Company and its internal controls, specifically regarding the financial performance of Grupo Finmart. The plaintiffs also allege that Mr. Kuchenrither, as a controlling person of the Company, violated Section 20(a) of the Securities Exchange Act. The Amended Complaint does not assert any claims against Mr. Grimshaw. On February 25, 2016, defendants filed a motion to dismiss the lawsuit. The plaintiff filed an opposition to the motion to dismiss on April 11, 2016, and the defendants filed their reply on May 11, 2016. The Court held a hearing on the motion to dismiss on June 22, 2016.

On October 18, 2016, the Court granted the defendants' motion to dismiss and dismissed the Amended Complaint without prejudice. The Court gave the plaintiffs 20 days (until November 7, 2016) to file a further amended complaint. On November 4, 2016, the plaintiffs filed a Second Amended Consolidated Class Action Complaint ("Second Amended Complaint"). The Second Amended Complaint raises the same claims dismissed by the Court on October 18, 2016, except plaintiffs now seek to represent a class of purchasers of EZCORP's Class A Common Stock between November 7, 2013 and October 20, 2015 (instead of between November 6, 2012 and October 20, 2015). On December 5, 2016, defendants filed a motion to dismiss the Second Amended Complaint. The plaintiffs filed their opposition to the motion to dismiss on January 6, 2017, and the defendants filed their reply brief on January 20, 2017.

On May 8, 2017, the Court granted the defendants' motion to dismiss with regard to claims related to accounting errors relating to Grupo Finmart's bad debt reserve calculations for "nonperforming" loans, but denied the motion to dismiss with regard to claims relating to accounting errors related to certain sales of loan portfolios to third parties. The case is now in the discovery stage. We cannot predict the outcome of the litigation, but we intend to defend vigorously against all allegations and claims.

SEC Investigation — On October 23, 2014, we received a notice from the Fort Worth Regional Office of the SEC that it was conducting an investigation into certain matters involving EZCORP, Inc. The notice was accompanied by a subpoena, directing us to produce a variety of documents, including all minutes and materials related to Board of Directors and Board committee meetings since January 1, 2009 and all documents and communications relating to our historical advisory services relationship with Madison Park (the business advisory firm owned by Mr. Cohen) and LPG Limited (a business advisory firm owned by Lachlan P. Given, our current Executive Chairman of the Board). The SEC has also issued subpoenas to current and former members of our Board of Directors requesting production of similar documents, as well as to certain third parties, and has conducted interviews with certain individuals. We continue to cooperate fully with the SEC in its investigation.

Table of Contents

NOTE 8: SEGMENT INFORMATION

We currently report our segments as follows: U.S. Pawn — all pawn activities in the United States, Mexico Pawn — all pawn activities in Mexico and other parts of Latin America and Other International — primarily our equity interest in the net income of Cash Converters International and consumer finance activities in Canada. There are no inter-segment revenues, and the amounts below were determined in accordance with the same accounting principles used in our condensed consolidated financial statements.

NOTE 10: SUBSEQUENT EVENTS

2.875% Convertible Senior Notes Due 2024

In July 2017, we issued \$143.75 million aggregate principal amount of 2.875% Convertible Senior Notes Due 2024 (the "Convertible Notes"). All of the Convertible Notes were issued pursuant to an indenture dated July 5, 2017 (the "2017 Indenture") by and between us and Wells Fargo Bank, National Association, as the trustee. The Convertible Notes were issued in a private offering under Rule 144A under the Securities Act of 1933. The Convertible Notes pay interest semi-annually in arrears at a rate of 2.875% per annum on January 1 and July 1 of each year, commencing on January 1, 2018, and will mature on July 1, 2024 (the "2024 Maturity Date"), unless earlier converted, redeemed or repurchased in accordance with their terms prior to such date. At maturity, the holders of the Convertible Notes will be entitled to receive cash equal to the principal amount of the Convertible Notes plus unpaid accrued interest.

The Convertible Notes are convertible into cash or shares of Class A Common Stock, or any combination thereof, at our option subject to satisfaction of certain conditions and during the periods described below, based on an initial conversion rate of 100 shares of Class A Common Stock per \$1,000 principal amount of Convertible Notes (equivalent to an initial conversion price of \$10.00 per share of our Class A Common Stock). The conversion rate will not be adjusted for any accrued and unpaid interest. The Convertible Notes contain certain make-whole fundamental change premiums and customary anti-dilution adjustments.

Prior to January 1, 2024, the Convertible Notes will be convertible only under the following circumstances: (1) during any fiscal quarter commencing after the fiscal quarter ending on September 30, 2017 (and only during such fiscal quarter), if the last reported sale price of our Class A Common Stock for at least 20 trading days (whether or not consecutive) during a period of 30 consecutive trading days ending on the last trading day of the immediately preceding fiscal quarter is greater than or equal to 130% of the conversion price on each applicable trading day; (2) during the five business day period after any five consecutive trading day period (the "measurement period") in which the trading price, as defined in the 2017 Indenture, per \$1,000 principal amount of notes for each trading day of the measurement period was less than 98% of the product of the last reported sale price of our Class A Common Stock and the conversion rate on such trading day; (3) if we call any or all of the Convertible Notes for redemption, at any time prior to the close of business on the business day immediately preceding the redemption date; or (4) upon the occurrence of specified corporate events, as defined in the 2017 Indenture. On or after January 1, 2024 until the close of business on the business day immediately preceding the 2024 Maturity Date, holders of Convertible Notes may, at their option, convert their Convertible Notes at any time, regardless of the foregoing circumstances.

We may not redeem the Convertible Notes prior to July 6, 2021. At our option, we may redeem for cash all or any portion of the Convertible Notes on or after July 6, 2021, if the last reported sale price of the Class A Common Stock has been at least 130% of the conversion price then in effect for at least 20 trading days (whether or not consecutive), including the trading day immediately preceding the date on which we provide notice of redemption, during any 30 consecutive trading day period ending on, and including, the trading day immediately preceding the date on which the Company provides notice of redemption. The redemption price will be equal to 100% of the principal amount of the Convertible Notes to be redeemed, plus accrued and unpaid interest to, but excluding, the redemption date.

Table of Contents

Repayment of Term Loan Facility and Partial Repayment of Cash Convertible Notes

In July 2017, we used approximately \$51.6 million of net proceeds from the Convertible Notes offering, described above, to repay all outstanding borrowings under the Term Loan Facility (described in Note 5) and terminated that facility, including the undrawn Delayed Draw Term Loan commitment. In connection with the termination of the Term Loan Facility, the lenders have released, or are in the process of releasing, all related security interests in our assets.

Further, we used approximately \$34.4 million of net proceeds from the Convertible Notes offering to repurchase and retire \$35.0 million aggregate principal amount of Cash Convertible Notes. In connection with the repurchase and retirement of Cash Convertible Notes, we entered into agreements dated as of June 29, 2017 to cash settle a proportionate amount of Cash Convertible Notes Hedges and Cash Convertible Notes Warrants corresponding to the repurchased and retired Cash Convertible Notes. In July 2017 we received \$0.6 million in connection with the partial settlement of the Cash Convertible Notes Hedges and paid \$0.5 million in connection with the settlement of 2.2 million of the outstanding Cash Convertible Notes Warrants. The remaining net proceeds of approximately \$54.0 million from the Convertible Notes offering after the repayments discussed above will increase our general cash reserves and provide additional capital to potentially add to our earnings capacity as we consider attractive acquisition opportunities. We expect to record one-time charges of approximately \$5 million in the fourth quarter of fiscal 2017 related to these transactions.

Early Repayment of Notes Receivable

In July 2017, we received \$6.2 million, including interest, for repayment of certain of our notes receivable that we received in connection with our sale of Grupo Finmart to Alpha Credit in September 2016. The repaid promissory notes were originally scheduled to be repaid July 2017 through December 2017, including early repayment of principal of \$5.3 million. As a result of the early repayment, we will write-off the remaining associated guarantee asset and liability resulting in a nil impact to our condensed consolidated statements of operations in the fourth quarter of fiscal 2017.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The discussion in this section contains forward-looking statements that are based on our current expectations. Actual results could differ materially from those expressed or implied by the forward-looking statements due to a number of risks, uncertainties and other factors, including those identified in "Part I, Item 1A — Risk Factors" of our Annual Report on Form 10-K for the year ended September 30, 2016, as supplemented by the information set forth in "Part I, Item 3 — Quantitative and Qualitative Disclosures about Market Risk" and "Part II, Item 1 — Legal Proceedings" of this Quarterly Report.

Overview and Financial Highlights

EZCORP is a Delaware corporation headquartered in Austin, Texas. We are a leading provider of pawn loans in the United States and Mexico.

Our vision is to be the market leader in North America in responsibly and respectfully meeting our customers' desire for access to cash when they want it. That vision is supported by four key imperatives:

- ♣Market Leading Customer Satisfaction;
- ♣Exceptional Staff Engagement;
- ♣Attractive Shareholder Returns; and
- ♣Most Efficient Provider of Cash.

At our pawn stores, we offer pawn loans, which are non-recourse loans collateralized by tangible personal property, and sell merchandise to customers looking for good value. The merchandise we sell consists of second-hand collateral forfeited from our pawn lending activities or purchased from customers.

The following charts present sources of net revenues including merchandise sales and jewelry scrapping gross profit ("GP") and pawn service charges ("PSC"):

Table of Contents**Pawn Activities**

At our pawn stores, we offer secured loans, which are typically small, non-recourse loans collateralized by tangible personal property. We earn pawn service charge revenue on our pawn loans, which varies by state and loan size. Collateral for our pawn loans consists of tangible personal property, generally jewelry, consumer electronics, tools, sporting goods and musical instruments. Security for our pawn loans is provided via the estimated resale value of the collateral and the perceived probability of the loan's redemption.

Our ability to offer quality second-hand goods at prices significantly lower than original retail prices attracts value-conscious customers. The gross profit on sales of inventory depends primarily on our assessment of the loan or purchase value at the time the property is either accepted as loan collateral or purchased. As a significant portion of our inventory and sales in the U.S. involve gold and jewelry, our results can be heavily influenced by the market price of gold.

Growth and Expansion

We plan to expand the number of locations we operate through opening new ("de novo") locations and through acquisitions. We believe there are growth opportunities with de novo stores in Mexico and pawn store acquisitions in both Latin America and in the U.S. Our ability to add new stores is dependent on several variables, such as the availability of acceptable sites or acquisition candidates, the regulatory environment, local zoning ordinances, access to capital, availability of qualified personnel and the attainment of internal return on investment hurdles.

Seasonality and Quarterly Results

Historically, pawn service charges are highest in our fourth fiscal quarter (July through September) due to a higher average loan balance during the summer lending season in our third fiscal quarter, with balances peaking in our fourth and first fiscal quarters. Loan balances are generally lower in our second fiscal quarter. Merchandise sales are highest in the first and second fiscal quarters (October through March) due to the holiday season, jewelry sales surrounding Valentine's Day and the availability of tax refunds in the United States. Generally, our earnings per share are the lowest during our third fiscal quarter.

Segment operating contribution	23,830	20,126	18%
Other segment expenses (income)	15	(52)	*
Segment contribution	\$23,815	\$20,178	18%
Other data:			
Net earning assets — continuing operations (a)	\$264,042	\$257,396	3%
Inventory turnover — general merchandise (b)	2.3	2.5	(8)%
Inventory turnover — jewelry (b)	1.1	1.1	—%
Average monthly ending pawn loan balance per store (c)	\$273	\$262	4%
Monthly average yield on pawn loans outstanding	14	% 14	% —
Pawn loan redemption rate (d)	85	% 85	% —

* Represents an increase or decrease that is not meaningful.

(a) Balance includes pawn loans and inventory.

(b) Calculation of inventory turnover excludes the effects of scrapping.

(c) Balance is calculated based upon the average of the monthly ending balance averages during the applicable period.

(d) Our pawn loan redemption rate represents the percentage of loans made that are repaid, renewed or extended at a point in time as opposed to the life of the loan.

Table of Contents

Net revenue increased \$3.9 million, or 5%. The increase in net revenue attributable to same stores and new stores added since the prior-year quarter is summarized as follows:

	Change in Net Revenue		
	Pawn	Merchandise	
	Service	Sales	Gross Total
	Charges	Profit	
	(in millions)		
Same stores	\$2.6	\$ 1.2	\$3.8
New stores and other	(0.2)	(0.2)	(0.4)
Total	\$2.4	\$ 1.0	\$3.4
Change in jewelry scrapping sales gross profit and other revenues			0.5
Total change in net revenue			\$3.9

We continue to invest in the core pawn business, including commencement of our upgraded point of sale system rollout. We are confident that these initiatives, combined with further investments in product and customer analytics and, in sustained training, coaching and mentoring of our field team, will continue to provide a robust platform for further profitable growth.

Pawn service charges increased 4% primarily due to an increase in average pawn loan balances outstanding during the quarter, the seventh consecutive quarter of year over year pawn loan balance growth, driven by continued intense focus on market leadership in meeting our customers' desire for cash.

Merchandise sales increased 4% with gross margin on merchandise sales of 37%, consistent with recent prior quarters and the prior-year quarter, and within our target range of 35-38%. As a result, merchandise sales gross profit increased 3% to \$30.2 million.

Jewelry scrapping sales gross profit remained relatively flat at 3% of current quarter net revenues, but was a 25% increase to the prior-year quarter. Scrapping revenues increased 58% with a lower margin, due to the timing of our scrapping activities, with more jewelry scrapping taking place in the current quarter relative to our first and second quarters of fiscal 2017.

We leveraged a 5% increase in net revenue into an 18% increase in segment contribution due to focused expense management resulting in only 1% increase in operations expense and a \$0.7 million, or 23%, decrease in depreciation and amortization as a result of ongoing savings realized from a lower depreciable fixed asset base as a result of our strategic review completed in fiscal 2015.

Non-GAAP Financial Information

In addition to the financial information prepared in conformity with generally accepted accounting principles in the United States of America ("GAAP"), we provide certain other non-GAAP financial information on a constant currency basis ("constant currency"). We use constant currency and ongoing segment contribution results to evaluate results of our Mexico Pawn operations, which are denominated in Mexican pesos, and believe that presentation of constant currency results are meaningful and useful in understanding the activities and business metrics of our Mexico Pawn operations and reflect an additional way of viewing aspects of our business that, when viewed with GAAP results, provide a more complete understanding of factors and trends affecting our business. We provide non-GAAP financial information for informational purposes and to enhance understanding of our GAAP consolidated financial statements. We use this non-GAAP financial information to evaluate and compare operating results across accounting periods. Readers should consider the information in addition to, but not instead of or superior to, our financial statements prepared in accordance with GAAP. This non-GAAP financial information may be determined or calculated differently by other companies, limiting the usefulness of those measures for comparative purposes. Constant currency results reported herein are calculated by translating consolidated balance sheet and consolidated statement of operations items denominated in Mexican pesos to U.S. dollars using the exchange rate from the prior-year comparable period, as opposed to the current period, in order to exclude the effects of foreign currency rate fluctuations. We used the end-of-period rate for balance sheet items and the average closing daily exchange rate on a monthly basis during the appropriate period for statement of operations items. The end-of-period exchange rate as

of June 30, 2017 and 2016 was 18.0 to 1 and 18.6 to 1, respectively. The approximate average exchange rate for the three months ended June 30, 2017 and 2016 was 18.6 to 1 and 18.1 to 1, respectively. The approximate average exchange rate for the nine months ended June 30, 2017 and 2016 was 19.6 to 1 and 17.6 to 1, respectively; however, our statement of operations constant currency results reflect the impact of monthly effects of exchange rates and so are not directly calculable from the above rates. Constant currency results, where presented, also exclude the foreign currency gain or loss and the related foreign currency derivative gain or loss impact. We have

Table of Contents

experienced a prolonged weakening of the Mexican peso to the U.S. dollar and may continue to experience further weakening in future reporting periods, which may adversely impact our future operating results when stated on a GAAP basis.

The three months ended June 30, 2017 constant currency balance excludes nominal net foreign currency (a) transaction gains resulting from movement in exchange rates. The three months ended June 30, 2016 includes \$0.8 million net foreign currency transaction losses that are included in the above results.

(b) Balance includes pawn loans and inventory.

(c) Calculation of inventory turnover excludes the effects of scrapping.

(d) Balance is calculated based upon the average of the monthly ending balance averages during the applicable period.

- (e) Our pawn loan redemption rate represents the percentage of loans made that are repaid, renewed or extended at a point in time as opposed to the life of the loan.

Table of Contents

The Mexico market continues to be fast-growing, and we have plans to open an additional four de novo stores during the remainder of fiscal 2017, with significant runway for continued store openings and acquisitions in Latin America. Net revenue increased \$1.5 million, or 12% (up \$1.9 million, or 15%, on a constant currency basis). The increase in net revenue attributable to same stores and new stores added since the prior-year quarter is summarized as follows:

	Change in Net Revenue		
	Pawn Merchandise		
	Service Charges	Sales Gross Profit	Total
	(in millions)		
Same stores	\$0.9	\$ 0.3	\$ 1.2
New stores and other	0.1	0.2	0.3
Total	\$1.0	\$ 0.5	\$ 1.5
Change in jewelry scrapping sales gross profit and other revenues			—
Total change in net revenue			\$ 1.5

	Change in Net Revenue		
	(Constant Currency)		
	Pawn Merchandise		
	Service Charges	Sales Gross Profit	Total
	(in millions)		
Same stores	\$1.1	\$ 0.4	\$ 1.5
New stores and other	0.2	0.2	0.4
Total	\$1.3	\$ 0.6	\$ 1.9
Change in jewelry scrapping sales gross profit and other revenues			—
Total change in net revenue			\$ 1.9

We continue to invest in the core pawn business, including commencement of our upgraded point of sale system rollout. We are confident that these initiatives, combined with further investments in product and customer analytics and, in sustained training, coaching and mentoring of our field team, and in disciplined acquisitions and de novo openings, will continue to provide a robust platform for further profitable growth.

Pawn service charges were up 13% (up 16% on a constant currency basis) primarily as a result of same store growth, offset by foreign currency impacts. We increased our average pawn loan balances outstanding during the quarter, driven by continued intense focus on market leadership in meeting our customers' desire for cash, offset by foreign currency impacts.

Merchandise sales increased 7% (up 10% on a constant currency basis), with gross margin on merchandise sales of 33%, consistent with recent prior quarters and the prior-year quarter. Merchandise sales gross profit increased 10% to \$5.1 million (up 13% to \$5.2 million on a constant currency basis).

We leveraged a 12% increase in net revenue (15% increase on a constant currency basis) into a 42% increase in segment operating contribution (46% increase on a constant currency basis) due to focused expense management resulting in only 2% increase (5% increase on a constant currency basis) in operations expense. After a \$1.3 million improvement in other segment income, primarily interest income and foreign currency impacts, segment contribution increased 100% (104% on a constant currency basis).

Table of Contents

Other International

The following table presents selected financial data from continuing operations for the Other International segment after translation to U.S. dollars from its reporting units' functional currency of primarily Canadian and Australian dollars:

	Three Months Ended June 30,		Percentage Change
	2017	2016	
	(in thousands)		
Net revenues:			
Consumer loan fees, interest and other	\$ 1,964	\$ 2,237	(12)%
Consumer loan bad debt	(453)	(506)	(10)%
Other revenues, net	—	1	(100)%
Net revenues	1,511	1,732	(13)%
Segment operating expenses (income):			
Operating expenses	1,799	1,751	3%
Equity in net income of unconsolidated affiliate	(1,047)	(1,694)	(38)%
Segment operating contribution	759	1,675	(55)%
Other segment income	(68)	—	*
Segment contribution	\$ 827	\$ 1,675	(51)%

* Represents an increase or decrease that is not meaningful.

Segment contribution decreased \$0.8 million, or 51%, primarily due to a \$0.6 million decrease in earnings from Cash Converters International.

The fair value of our investment in Cash Converters International was \$4.4 million below its carrying value as of June 30, 2017. We have taken impairment charges on this investment in prior periods and continue to monitor the fair value of our investment for other-than-temporary impairments. We may record an impairment charge should the fair value of our investment remain below its carrying value for an extended period of time, or if we no longer had the intent or ability to hold our investment for a period of time sufficient to allow for any anticipated recovery in market value.

Table of Contents

Other Items

The following table reconciles our consolidated segment contribution discussed above to net income (loss) attributable to EZCORP, Inc., including items that affect our consolidated financial results but are not allocated among segments:

	Three Months Ended June 30,		Percentage Change
	2017	2016	
	(in thousands)		
Segment contribution	\$ 30,041	\$ 24,556	22%
Corporate expenses (income):			
Administrative	14,095	14,481	(3)%
Depreciation and amortization	2,970	2,610	14%
Loss on sale or disposal of assets	—	23	(100)%
Interest expense	5,652	3,911	45%
Interest income	(1,573)	(26)	*
Other income	(2)	(259)	(99)%
Income from continuing operations before income taxes	8,899	3,816	133%
Income tax expense	3,432	1,038	231%
Income from continuing operations, net of tax	5,467	2,778	97%
Loss from discontinued operations, net of tax	(265)	(9,133)	(97)%
Net income (loss)	5,202	(6,355)	*
Net loss attributable to noncontrolling interest	(58)	(666)	(91)%
Net income (loss) attributable to EZCORP, Inc.	\$ 5,260	\$ (5,689)	*

*Represents an increase or decrease that is not meaningful.

Administrative expenses decreased \$0.4 million, or 3%, in the current quarter, and we remain on track to reduce administrative expenses to no more than \$50 million in fiscal 2018.

Interest expense increased \$1.7 million, or 45%, as a result of our Term Loan Facility obtained in September 2016, including accruals of interest in addition to amortization of associated discounts and deferred financings costs. Interest income increased \$1.5 million as a result of our notes receivable from the sale of Grupo Finmart, including ordinary accruals of interest in addition to accretion of associated discounts.

Subsequent to the end of the quarter, we raised additional capital through the issuance of \$143.75 million aggregate principal amount of our 2.875% Convertible Senior Notes due 2024, repaid all outstanding borrowings under our Term Loan Facility and repurchase and retired \$35.0 million aggregate principal amount of our outstanding Cash Convertible Notes. As a result of these transactions, we expect to record one-time charges of approximately \$5 million in the fourth quarter of fiscal 2017. See "Part I, Item 2 — Management's Discussion and Analysis of Financial Condition and Results of Operations — Liquidity and Capital Resources."

Income tax expense increased \$2.4 million, due primarily to the impacts of a \$5.1 million increase in income from continuing operations before income taxes. Income tax expense includes other items that do not necessarily correspond to pre-tax earnings and create volatility in our effective tax rate, of which no items were material during the current quarter.

We have substantially eliminated activities associated with our discontinued operations.

(a) Balance is calculated based upon the average of the monthly ending balance averages during the applicable period.

(b) Our pawn loan redemption rate represents the percentage of loans made that are repaid, renewed or extended at a point in time as opposed to the life of the loan.

Table of Contents

Net revenue increased \$5.3 million, or 2%. The increase in net revenue attributable to same stores and new stores added since the prior-year nine-months is summarized as follows:

	Change in Net Revenue		
	Pawn	Merchandise	
	Service	Sales	Gross Total
	Charge	Profit	
	(in millions)		
Same stores	\$7.4	\$ (2.2)) \$5.2
New stores and other	0.5	(0.2)) 0.3
Total	\$7.9	\$ (2.4)) \$5.5
Change in jewelry scrapping sales gross profit and other revenues			(0.2)
Total change in net revenue			\$5.3

Pawn service charges increased 5% primarily due to an increase in average pawn loan balances outstanding during the current nine-months, driven by continued intense focus on market leadership in meeting our customers' desire for cash.

Merchandise sales increased 2% with gross margin on merchandise sales of 37%, consistent with recent prior periods and within our target range of 35-38%, but 100bps lower than the prior-year nine-months. As a result, merchandise sales gross profit decreased 2% to \$99.9 million.

Jewelry scrapping sales gross profit remained flat at 2% of current nine-months net revenues, in-line with our strategy to sell rather than scrap merchandise. Jewelry margins were relatively stable.

We maintained a consistent level of total segment expenses at 42% of revenues. In dollar terms, segment expenses increased by \$3.3 million, in line with our increase in net revenue. This increase was primarily due to \$5.1 million higher labor costs with investment in greater field leadership and customer-facing team members in addition to higher employee benefit costs, partially offset by a \$2.0 million decrease in depreciation and amortization from a lower depreciable asset base. Restructuring activities have been substantially completed, resulting in a further \$1.0 million offsetting reduction.

Table of Contents

Mexico Pawn

The following table presents selected summary financial data from continuing operations for the Mexico Pawn segment, including constant currency results, after translation to U.S. dollars from its functional currency of the Mexican peso. See “Results of Operations — Non-GAAP Financial Information” above.

	Nine Months Ended June 30,			2017	Change (Constant

* Represents an increase or decrease that is not meaningful.

The nine months ended June 30, 2017 constant currency balance excludes \$0.1 million net foreign currency (a) transaction gains resulting from movement in exchange rates. The nine months ended June 30, 2016 includes \$0.8 million net foreign currency transaction losses that are included in the above results.

(b) Balance is calculated based upon the average of the monthly ending balance averages during the applicable period.

(c) Our pawn loan redemption rate represents the percentage of loans made that are repaid, renewed or extended at a point in time as opposed to the life of the loan.

Table of Contents

Net revenue increased \$1.3 million, or 3% (up \$5.8 million, or 15%, on a constant currency basis). The increase in net revenue attributable to same stores and new stores added since the prior-year nine-months is summarized as follows:

	Change in Net Revenue		
	Pawn Merchandise		
	Service	Sales Gross	Total
	Charge	Profit	
	(in millions)		
Same stores	\$0.6	\$ (0.1)	\$ 0.5
New stores and other	0.3	0.1	0.4
Total	\$0.9	\$ —	\$ 0.9
Change in jewelry scrapping sales gross profit and other revenues			0.4
Total change in net revenue			\$ 1.3

	Change in Net Revenue		
	(Constant Currency)		
	Pawn Merchandise		
	Service	Sales Gross	Total
	Charge	Profit	
	(in millions)		
Same stores	\$3.1	\$ 1.5	\$ 4.6
New stores and other	0.5	0.2	0.7
Total	\$3.6	\$ 1.7	\$ 5.3
Change in jewelry scrapping sales gross profit and other revenues			0.5
Total change in net revenue			\$ 5.8

Pawn service charges were up 4% (up 15% on a constant currency basis) primarily as a result of same store growth, offset by foreign currency impacts. We increased our average pawn loan balances outstanding during the quarter, driven by continued intense focus on market leadership in meeting our customers' desire for cash, offset by foreign currency impacts.

Merchandise sales were up 3% (up 15% on a constant currency basis), with gross margin on merchandise sales of 32%, consistent with recent prior quarters, but 100bps lower than the prior-year nine-months. As a result of the combination of these effects, offset by foreign currency impacts, merchandise sales gross profit was flat at \$14.9 million (up 12% to \$16.7 million on a constant currency basis).

We leveraged a 3% increase in net revenue (15% increase on a constant currency basis) into a 54% increase in segment operating contribution (70% increase on a constant currency basis) due to focused expense management. After a \$2.4 million improvement in other segment income, primarily interest income and foreign currency impacts, segment contribution increased 107% (127% increase on a constant currency basis).

Segment expenses decreased by \$5.3 million (\$2.1 million decrease on a constant currency basis) primarily due to:

- A \$1.4 million decrease (\$0.2 million decrease on a constant currency basis) in labor costs as a result of foreign currency impacts;

- A \$0.9 million increase in interest income as a result of our notes receivable from the sale of Grupo Finmart, including ordinary accruals of interest in addition to accretion of associated discounts;

- A \$0.5 million decrease in restructuring charges as we have substantially completed all prior restructuring actions; and

- A \$0.9 million decrease in foreign currency transaction losses; partially offset by

- \$0.5 million in losses, net of insurance recoveries, on a GAAP basis associated with looting of 12 stores during our second fiscal quarter.

Table of Contents

Other International

The following table presents selected financial data from continuing operations for the Other International segment after translation to U.S. dollars from its reporting units' functional currency of primarily Canadian and Australian dollars:

	Nine Months		Percentage Change
	Ended June 30, 2017	2016	
	(in thousands)		
Net revenues:			
Consumer loan fees and interest	\$5,958	\$6,639	(10)%
Consumer loan bad debt	(1,433)	(1,549)	(7)%
Other revenues, net	—	9	(100)%
Net revenues	4,525	5,099	(11)%
Segment operating expenses (income):			
Operating expenses	5,558	5,130	8%
Equity in net income of unconsolidated affiliate	(3,768)	(5,626)	(33)%
Segment operating contribution	2,735	5,595	(51)%
Other segment (income) expenses	(28)	205	*
Segment contribution	\$2,763	\$5,390	(49)%

* Represents an increase or decrease that is not meaningful.

Segment contribution decreased \$2.6 million or 49%, primarily due to a \$1.9 million decrease in earnings from Cash Converters International in addition to a \$1.1 million increase in operating expenses due to continued investment in the development of a digital IT platform that enables greater intimacy with our customers that will drive future revenue enhancement.

Table of Contents

Other Items

The following table reconciles our consolidated segment contribution discussed above to net income (loss) attributable to EZCORP, Inc., including items that affect our consolidated financial results but are not allocated among segments:

	Nine Months Ended		Percentage Change
	June 30, 2017	2016	
	(in thousands)		
Segment contribution	\$96,266	\$90,253	7%
Corporate expenses (income):

Income from continuing operations, net of tax	21,964	8,504	158%
Loss from discontinued operations, net of tax	(1,868)	(99,068)	(98)%
Net income (loss)	20,096	(90,564)	*
Net loss attributable to noncontrolling interest	(352)	(6,589)	(95)%
Net income (loss) attributable to EZCORP, Inc.	\$20,448	\$(83,975)	*

*Represents an increase or decrease that is not meaningful.

Administrative expenses decreased \$8.8 million, or 18%, due primarily to:

• A \$7.3 million decrease in business and professional fees due to completion of remediation efforts in the prior year; and

• A \$1.7 million decrease in labor costs including the impact of corporate headcount reductions.

Interest expense increased \$5.1 million, or 43%, as a result of our Term Loan Facility obtained in September 2016, including accruals of interest in addition to amortization of associated discounts and deferred financings costs. Interest income increased \$6.0 million as a result of our notes receivable from the sale of Grupo Finmart, including ordinary accruals of interest in addition to accretion of associated discounts.

Income tax expense increased \$2.4 million, from \$11.2 million in the prior-year nine-months to \$13.7 million in the current nine-months, due primarily to the impacts of a \$15.9 million increase in income from continuing operations before income taxes, partially offset by a discrete tax expense of \$3.7 million recorded in the prior-year nine-months related to a change in estimate of our fiscal 2015 tax provision. Income tax expense includes other items that do not necessarily correspond to pre-tax earnings and create volatility in our effective tax rate, of which no items were material during the current nine-months.

We have substantially eliminated activities associated with our discontinued operations.

Table of Contents

Liquidity and Capital Resources

Cash Flows

The table and discussion below presents a summary of the selected sources and uses of our cash:

	Nine Months Ended June 30,		Percentage Change
	2017	2016	
	(in thousands)		
Cash flows from operating activities	\$29,974	\$57,937	(48)%
Cash flows from investing activities	17,972	(11,537)	*
Cash flows from financing activities	(767)	(67,910)	99%
Effect of exchange rate changes on cash and cash equivalents	813	(6,506)	*
Net increase (decrease) in cash and cash equivalents	\$47,992	\$(28,016)	*

*Represents an increase or decrease that is not meaningful.

Change in Cash and Cash Equivalents for the Nine Months Ended June 30, 2017 vs. Nine Months Ended June 30, 2016

The decrease in cash flows from operating activities year-over-year was due to a \$50.3 million decrease from changes in operating assets and liabilities and a \$2.2 million decrease in cash dividends received from our unconsolidated affiliate, offset by a \$16.1 million increase in net income exclusive of non-cash items due to improved operational results and an \$8.4 million decrease in restructuring payments as we have substantially completed all prior restructuring actions. The decrease from changes in operating assets and liabilities was primarily driven by a \$34.2 million tax refund received in March 2016 as a result of the carryback of fiscal 2015 tax net operating losses and \$15.6 million paid out during the three months ended December 31, 2016 for accrued fiscal 2016 incentive compensation.

The increase in cash flows from investing activities year-over-year was due to \$23.3 million in principal collections on notes receivable, a \$3.0 million net increase in proceeds related to loan activities (net loans repaid and recovery of pawn loan principal through sale of forfeited collateral) and a \$6.0 million decrease in acquisition expenditures, offset by a \$2.9 million increase in additions to property and equipment.

The increase in cash flows from financing activities year-over-year was primarily due to the elimination of Grupo Finmart activities and deferred expenditures on previous acquisitions.

The net effect of these and other smaller items was a \$48.0 million increase in cash on hand during the nine months ended June 30, 2017, resulting in a \$113.7 million ending cash balance, \$11.9 million of which was not available to fund domestic operations as we intend to permanently reinvest those earnings in our foreign operations.

See Note 10 of Notes to Interim Condensed Consolidated Financial Statements included in "Part I, Item 1 — Financial Statements" regarding additional funds raised subsequent to the end of the current quarter, which we used to repay and terminate our Term Loan Facility, repurchase and retire a portion of our existing Cash Convertible Notes outstanding, and increase cash available for general corporate purposes, including potential acquisitions.

Contractual Obligations

In "Part II, Item 7 — Management's Discussion and Analysis of Financial Condition and Results of Operations" of our Annual Report on Form 10-K for the year ended September 30, 2016, we reported that we had \$592.8 million in total contractual obligations as of September 30, 2016. There have been no material changes to this total obligation during the current nine-month period ended June 30, 2017, other than ordinary fulfillment of obligations as well as transactions discussed below.

We are responsible for the maintenance, property taxes and insurance at most of our locations. In the fiscal year ended September 30, 2016, these collectively amounted to \$21.3 million.

Sources and Uses of Cash

We anticipate that cash flow from operations, cash on hand and available credit facilities will be adequate to fund our contractual obligations, planned store growth, capital expenditures and working capital requirements during the remainder of fiscal 2017. Our strengthened balance sheet and liquidity position provides strategic flexibility to

continue our investment in our pawn businesses and expansion of the pawn loan portfolio to drive increased profit, including potentially to add to our earnings capacity as we consider attractive acquisition opportunities. We believe that current cash on hand, cash generated from

Table of Contents

our operating activities and anticipated repayments on the promissory notes received in connection with the sale of Grupo Finmart, absent utilization of significant amounts of cash for acquisitions or other investments, will be sufficient to repay our longer-term debt obligations (including the Cash Convertible Notes, which are due in 2019).

2.875% Convertible Senior Notes Due 2024

In July 2017, we issued \$143.75 million aggregate principal amount of our 2.875% Convertible Senior Notes due 2024 in order to strengthen our balance sheet and liquidity and lock in an attractive fixed interest rate for a seven-year term. We used the net proceeds from the offering (approximately \$140.0 million) to (1) retire all remaining obligations under our Term Loan Facility which had a higher cost of funds, (2) repurchase and retire \$35 million aggregate principal amount of our existing Cash Convertible Notes and (3) increase our general cash reserves.

For a description of the terms of the Convertible Notes, see Note 10 of Notes to Interim Condensed Consolidated Financial Statements included in "Part I, Item 1 — Financial Statements."

Cash Convertible Notes and Term Loan Facility

For a description of the Cash Convertible Notes, the conversion terms thereof and the hedges and warrants transactions as well as our Term Loan Facility, see Note 5 of Notes to Interim Condensed Consolidated Financial Statements included in "Part I, Item 1 — Financial Statements." Additionally, see Note 10 of Notes to Interim Condensed Consolidated Financial Statements included in "Part I, Item 1 — Financial Statements" for a discussion of subsequent events pertaining to the repayment of the Term Loan Facility, the repurchase and retirement of a portion of the Cash Convertible Notes and the associated partial settlement of Cash Convertible Notes Hedges and Cash Convertible Notes Warrants.

Notes Receivable from Grupo Finmart Divestiture

As of June 30, 2017, we had a gross balance of \$67.1 million on our notes receivable that we received in connection with the sale of Grupo Finmart in September 2016. We have collected \$23.3 million in principal on these notes receivable during the nine months ended June 30, 2017 and anticipate an additional principal collection of \$24.4 million of these notes receivable during the remainder of fiscal 2017, with the balance to be collected through fiscal 2019. The notes receivable are subject to certain foreign currency impacts as a result of changes in the value of the Mexican dollar relative to the U.S. dollar. In July 2017, we received \$6.2 million, including interest, for repayment of certain of the notes receivable. Of that amount, \$5.3 million was an early repayment.

Recently Adopted Accounting Policies and Recently Issued Accounting Pronouncements

Cautionary Statement Regarding Risks and Uncertainties that May Affect Future Results

This Quarterly Report on Form 10-Q, including Management's Discussion and Analysis of Financial Condition and Results of Operations, includes "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. We intend that all forward-looking statements be subject to the safe harbors created by these laws. All statements, other than statements of historical facts, regarding our strategy, future operations, financial position, future revenues, projected costs, prospects, plans and objectives are forward-looking statements. These statements are often, but not always, made with words or phrases like "may," "should," "could," "will," "predict," "anticipate," "believe," "estimate," "expect," "intend," "plan," "projection" and similar expressions. Such statements are only predictions of the outcome and timing of future events based on our current expectations and currently available information and, accordingly, are subject to substantial risks, uncertainties and assumptions. Actual results could differ materially from those expressed in the forward-looking statements due to a number of risks and uncertainties, many of which are beyond our control. In addition, we cannot predict all of the risks and uncertainties that could cause our actual results to differ from those expressed in the forward-looking statements. Accordingly, you should not regard any forward-looking statements as a representation that the expected results will be achieved. Important risk factors that could cause results or events to differ from current expectations are identified and described in "Part I, Item 1A — Risk Factors" of our Annual Report on Form 10-K for the year ended September 30, 2016, supplemented by those described in "Part II, Item 1A — Risk Factors" of this Quarterly Report. We specifically disclaim any responsibility to publicly update any information contained in a forward-looking statement except as required by law. All forward-looking statements attributable to us are expressly qualified in their

entirety by this cautionary statement.

Table of Contents

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risks relating to our operations result primarily from changes in interest rates, gold values and foreign currency exchange rates, and are described in detail in "Part II, Item 7A — Quantitative and Qualitative Disclosures about Market Risk" of our Annual Report on Form 10-K for the year ended September 30, 2016. There have been no material changes to our exposure to market risks since September 30, 2016.

ITEM 4. CONTROLS AND PROCEDURES

This report includes the certifications of our Chief Executive Officer and Chief Financial Officer required by Rule 13a-14 of the Securities Exchange Act of 1934 (the "Exchange Act"). See Exhibits 31.1 and 31.2. This Item 4 includes information concerning the controls and control evaluations referred to in those certifications.

Evaluation of Disclosure Controls and Procedures

Disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934) are designed to ensure that information required to be disclosed in the reports we file or submit under the Securities Exchange Act is recorded, processed, summarized and reported within the time periods specified in SEC rules and forms and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosures. Under the supervision and with the participation of our Chief Executive Officer and Chief Financial Officer, our management evaluated the effectiveness of the design and operation of our disclosure controls and procedures as of June 30, 2017. Based on that evaluation, our Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of June 30, 2017.

Changes in Internal Control over Financial Reporting

There were no changes in our internal control over financial reporting during the quarter ended June 30, 2017 that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

Inherent Limitations on Internal Controls

Notwithstanding the foregoing, management does not expect that our disclosure controls and procedures or our internal control over financial reporting will prevent or detect all errors and all fraud. A control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system will be met. Limitations inherent in any control system include the following:

- Judgments in decision-making can be faulty, and control and process breakdowns can occur because of simple errors or mistakes.

- Controls can be circumvented by individuals, acting alone or in collusion with others, or by management override.

- The design of any system of controls is based in part on certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions.

- Over time, controls may become inadequate because of changes in conditions or deterioration in the degree of compliance with associated policies or procedures.

- The design of a control system must reflect the fact that resources are constrained, and the benefits of controls must be considered relative to their costs.

Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, have been detected.

PART II — OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

See Note 7 of Notes to Interim Condensed Consolidated Financial Statements included in "Part I, Item 1 — Financial Statements."

Table of Contents

ITEM 1A. RISK FACTORS

Important risk factors that could affect our operations and financial performance, or that could cause results or events to differ from current expectations, are described in "Part I, Item 1A — Risk Factors" of our Annual Report on Form 10-K for the year ended September 30, 2016.

ITEM 5. OTHER INFORMATION

Related Party Transaction

The Company has entered into an Asset Purchase Agreement, dated June 8, 2017, with Cash Solution Centers, LLC ("CSC"), pursuant to which the Company has agreed to acquire, for an aggregate estimated purchase price of \$735,000 in cash, certain assets used in the operation of two pawn stores located in Central Texas. Daniel M. Chism, who was appointed Chief Financial Officer of the Company effective May 9, 2017, is the owner of a 28% interest in CSC. Closing of the transaction is subject to certain licensing and other conditions, but is expected to occur during the fourth quarter of fiscal 2017. Following completion of this transaction, Mr. Chism will not own any interest in any pawn-related businesses outside of his interest in the Company.

The terms of this transaction were reviewed and approved by the Audit Committee of the Board of Directors pursuant to the Company's Policy for Review and Evaluation of Related Party Transactions.
