RECORD DATE AND VOTING SECURITIES

Meetings of the Board of Directors and Standing Committees

During fiscal year ended December 31, 2001, the Board of Directors of the Company had two standing committees: an Audit Committee and Compensation Committee. The Audit Committee is composed of three independent directors. Information regarding the functions performed by the Committee, its membership, and the number of meetings held during the fiscal year is set forth in the "Report of the Audit Committee," included in this proxy statement. The Audit Committee is governed by a written charter approved by the Board of Directors. The Compensation Committee is responsible for reviewing and approving compensation levels for the Company's executive officers and reviewing and making recommendations to the Board of Directors with respect to other matters relating to the compensation practices of the Company. The Board of Directors does not have a nominating

committee.

Board and Committee Attendance

During the fiscal year ended December 31, 2001, the Board of Directors held five meetings. The Audit Committee held two meetings and the Compensation Committee held two meetings. Each director attended at least 75% of the meetings of the Board of Directors and of all committees on which he served, except that Mr. Brady was unable to attend two meetings of the Board of Directors.

Report of the Audit Committee

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements in the Annual Report with management and the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of nonaudit services with the auditors' independence.

The Committee discussed with the Company's independent auditors the overall scope and plans for their audit. The Committee met with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2001 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended, subject to shareholder approval, the selection of the Company's independent auditors. The Board of Directors has also determined that the members of the Committee are independent pursuant to the corporate governance requirements of the NASDAQ.

Compensation of Directors

In the year ended December 31, 2001, outside directors were paid an annual retainer of \$9,000 and an additional fee of \$600 for each meeting of the Board and its committees attended by each director. Directors are permitted to defer their compensation.

The Company's 1997 Director Stock Option Plan for non-salaried outside directors provides for the grant of options to purchase up to an aggregate of 100,000 shares of Common Stock (subject to adjustment to reflect share distributions). Outside directors are eligible to receive options under this Plan at the discretion of a committee appointed by the Board of Directors who are not eligible to participate in the Plan. Under the Plan, the option price is not less than the fair market value of the shares optioned on the date of grant. There is no limit on the number of options that a participant may be granted under the Plan. Options are exercisable beginning six months after grant and for so long as the holder is a director of the Company, but not longer than ten years from the date of grant.

On February 14, 2002, the committee charged with administration of the Plan granted options to purchase shares of Common Stock to outside directors at the price of \$9.27 per share as follows: Mr. Brady 4,000 shares; Mr. Drenning 4,000 shares; and Mr. McKenna 4,000 shares.

Directors' and Officers' Indemnification Insurance

On October 4, 2001, the Company renewed a Directors' and Officers' Liability Insurance policy written by The Chubb Group. The renewal was for a year at an annual premium of \$52,900. The policy provides indemnification benefits and the payment of expenses in actions instituted against any director or officer of the Company for claimed liability arising out of their conduct in such capacities. No significant payments or claims of indemnification or expenses have been made under any such insurance policies by the Company at any time.

Section 16(a) Beneficial Ownership Reporting Compliance

During 2001, all executive officers and directors of the Company timely filed with the Securities Exchange Commission all required reports with respect to beneficial ownership of the Company's securities.

Certain Relationships and Related Transactions

During the year ended December 31, 2001, MOD-PAC CORP, an Astronics subsidiary, performed printing and order fulfillment services for VistaPrint Corporation, resulting in net sales of \$3,220,000. At December 31, 2001, VistaPrint Corporation owed MOD-PAC CORP \$1,360,000 related to such net sales and \$584,000 for freight charges. Robert S. Keane, the son of Kevin T. Keane, is a shareholder in and the chief executive officer of VistaPrint Corporation. In addition, Kevin T. Keane is a shareholder in VistaPrint Corporation holding less than five percent of its capital stock.

The Board of Directors recommends a vote "FOR" the proposal to elect management's nominees.

EXECUTIVE COMPENSATION

Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors (the "Committee") determines the compensation of the Chief Executive Officer and the other executive officers of the Company and its subsidiaries. The Committee is composed entirely of directors who are neither executive officers nor employees of the Company. In addition to determining the salary and bonus compensation for all the Company's executive officers, the Committee determines the grants under the Company's Incentive Stock Option Plan and oversees the administration of other compensation plans and programs

Compensation of Executive Officers Generally

The Company's executive compensation program is designed to link executive pay to Company performance and to provide an incentive to executives to manage the Company with a view to enhancing stockholder value.

Compensation criteria are evaluated annually to ensure they are appropriate and consistent with business objectives. Executive compensation policies and programs are intended to provide rewards related to Company, subsidiary and individual performance, stockholder value, retention of a strong management team and the encouragement of professional development and growth.

Components of Compensation

The primary components of the Company's executive compensation program are salary, bonuses and stock options which become exercisable over time.

Salary and Bonuses.

The Committee reviews the salary of executive officers annually. The Committee's review takes into consideration the Company's performance with respect to customary financial and operating yardsticks, including revenues, operating income, earnings, cash flow, and return on shareholder equity. In making salary decisions, the Committee exercises its discretion and judgment based on the foregoing criteria, without applying a specific formula to each factor considered. The Committee also reviews an annual survey of the compensation levels of executives in similar industry segments. A substantial portion of executive compensation each year is in the form of bonuses, which are awarded by the Committee immediately following the fiscal year just concluded.

Stock Options.

The Committee believes that stock options are an important method of rewarding management and of aligning management's interests with those of the stockholders. The Committee also recognizes that the Company conducts its business in competitive industries and that, in order to remain competitive and pursue a growth strategy, it must employ talented executives and managers. The Company believes that stock options are important in attracting and retaining such employees. For these reasons, the Company adopted the Incentive Stock Option Plan as a stock-based incentive program primarily for its officers and managers. Under the Incentive Stock Option Plan, the Committee may grant options to officers and managers who are expected to contribute to the Company's success. In determining the size of stock option grants, the Committee focuses primarily on the Company's performance and the role of the executives and managers in accomplishing performance objectives. Stock options generally become exercisable in equal installments over a five-year period and are granted with an exercise price equal to the fair market value of the Common Stock as of the date of grant.

The Committee intends to continue using stock options as a long-term incentive for executive officers and managers. Because options provide rewards only to the extent the Company's stock price increases and to the extent the executives remain with the Company until the options become exercisable, the Committee believes that stock options granted under the Incentive Stock Option Plan are an appropriate means to provide executives and managers with incentives that align their interests with those of stockholders.

Compensation of the Chief Executive Officer

Mr. Keane currently serves as Chief Executive Officer of the Company. He was compensated for the 2001 fiscal year utilizing the same general philosophy and criteria described above. The Committee believes that Mr. Keane's performance for the 2001 fiscal year was strong, as reflected by the Company's overall performance. The Company's sales increased to \$85.4 million for the 2001 fiscal year from \$72.0 million the prior year, while net earnings increased to \$6.5 million from \$6.1 million. Earnings per share increased to \$.78 from \$.74 a year ago. The return on

shareholder equity for the year was in excess of 18 percent. The Committee believes that Mr. Keane's total compensation for the 2001 fiscal year fairly and sufficiently rewarded him for performance.

Supplemental Executive Retirement Plan Table

The Company has a non-qualified supplemental retirement defined benefit plan for certain executives which targets a retirement benefit based on 65% of the three-year average compensation. SERP benefits are payable only to "retirement-eligible" participants, i.e., employees designated to participate in the SERP and each of whom, upon termination of employment, has attained age 65 with not less than 10 years of service (as defined) or at age 60 or later with a combined total of age and years of service equal to 90.

For purposes of illustration, the following tables show the estimated amounts of annual retirement income that would be payable at the present time under various assumptions as to compensation and years of service to employees who participate in the SERP. The amounts presented are subject to reduction for Social Security benefits and for Profit Sharing benefits earned under the Company's Defined Profit Sharing/401(k) Plan. A discount factor applies for retirement-eligible participants who start to receive benefits before attaining age 65.

PROPOSAL FOR INCREASE IN AUTHORIZED COMMON STOCK

It is proposed by the Board of Directors, pursuant to a resolution adopted on February 14, 2002, to amend Paragraph FOURTH of the Company's Certificate of Incorporation to increase the authorized shares of capital stock from 15,000,000 to 25,000,000 shares, consisting of 20,000,000 shares of Common Stock, Par Value \$.01 per share, and 5,000,000 shares of Class B Stock, Par Value \$.01 per share. The Company's current authorization of 15,000,000 shares consists of 10,000,000 shares of Common Stock and 5,000,000 shares of Class B Stock. Each outstanding share of Common Stock is entitled to one vote and each outstanding share of Class B Stock is entitled to ten votes. The proposed increase in authorized capital stock of the Company is limited to shares of Common Stock and no increase in the number of Class B Stock is being sought.

The Company's existing authorization for Common Stock is virtually depleted. At March 8, 2002, the Company had 5,852,812 shares of Common Stock outstanding and 3,783,997 shares reserved for issuance upon conversion of the Class B Stock, the exercise of outstanding stock options and options authorized for grant under shareholder approved stock option plans. The increased authorization of Common Stock would allow flexibility in meeting any future needs for Common Stock including stock distributions, future financings and acquisitions. There are no present

intentions to issue Common Stock except upon conversion of Class B Stock and the exercise of outstanding stock options.

If the proposed amendment to the Certificate of Incorporation is adopted, the first sentence of Paragraph FOURTH will read in its entirety as follows:

" FOURTH: The aggregate number of shares which the Corporation shall have authority to issue is twenty five million (25,000,000) shares, consisting of twenty million (20,000,000) shares of Common Stock, Par Value \$.01 per share, and five million (5,000,000) shares of Class B Stock, Par Value \$.01 per share."

The Board of Directors recommends a vote "FOR" the adoption of the amendment to the Certification of Incorporation.

APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee, with the approval of the Board of Directors, has selected Ernst & Young LLP, independent certified public accountants, to act as auditors of Astronics Corporation for the current fiscal year. Representatives of Ernst & Young LLP are expected to attend the meeting and will have the opportunity to make a statement if they desire and will be available to respond to appropriate questions.

Audit Fees

. The following table sets forth the fees billed to the Company for the last fiscal year by the Company's independent certified public accounts, Ernst & Young LLP:

Audit Fees.....	\$ 53,100
Financial Information Systems Design and Implementation Fees.....	-
All Other Fees	24,800

The Board of Directors recommends a vote "FOR" the proposal to ratify the appointment of Ernst & Young LLP as the Company's independent auditors.
