However, whether actual results and developments will conform with the expectations and predictions of the Company is subject to a number of risks and uncertainties, including, but not limited to: general economic, market or business conditions; fluctuations in the value of the Canadian dollar relative to other currencies; fluctuations in interest rates; the opportunities (or lack thereof) that may be presented to and pursued by Brascan; competitive actions by other companies; conditions in the property, energy, financial and natural resources industries; the cyclical nature of the resource operations and fluctuations in commodity prices; changes in laws or regulations, including changes in the regulations, standards and market expectation regarding the environment, particularly in natural

Consequently, all of the forward-looking statements made in this prospectus supplement and the documents incorporated by reference herein are qualified by these cautionary statements, and there can be no assurance that the actual results or developments anticipated by the Company will be realized or, even if substantially realized, that they will have the expected consequences to, or effects on, the Company. All subsequent written and oral forward-looking statements attributable to the Company or persons acting on its behalf are expressly qualified in their entirety by the cautionary statements set forth or referred to above in this paragraph. Investors are cautioned not to place undue reliance on such statements which speak only as of the date hereof. In January 2003, Brascan completed the spin-off of Brookfield Homes Corporation, a Delaware corporation which was until that time, a wholly-owned subsidiary of Brookfield Properties Corporation ("Brookfield"), through a distribution of its common shares on the New York Stock Exchange. DESCRIPTION OF THE NOTES AND DEBENTURES

The following description of the particular terms of the notes and debentures supplements and, to the extent inconsistent therewith, replaces, the description of the Debt Securities set forth in the Prospectus under "Description of Debt Securities", to which reference is hereby made. As used under this caption, the term "Company" refers to Brascan Corporation, exclusive of its subsidiaries. Other capitalized terms used and not defined in this prospectus supplement have the meanings ascribed to them in the Prospectus.

The notes and debentures will be issued as separate series of debt securities under an indenture, dated as of September 20, 1995, as supplemented

Edgar Filing: BRASCAN CORP/ - Form SUPPL

by a First Supplemental Indenture dated as of October 3, 1995, a Second Supplemental Indenture dated December 15, 1998, a Third Supplemental Indenture dated December 12, 2001, a Fourth Supplemental Indenture dated June 17, 2002, a Fifth Supplemental Indenture to be dated March 4, 2003 (the "Fifth Supplemental Indenture") and a Sixth Supplemental Indenture to be dated March 4, 2003 (the "Sixth Supplemental Indenture") (as supplemented, the "Indenture"), between the Company and Computershare Trust Company of Canada (formerly, Montreal Trust Company of Canada), as trustee (the "Trustee"). For a description of the rights attaching to different series of debt securities under the Indenture, see "Description of Debt Securities" in the Prospectus. The Indenture is subject to the provisions of the Business Corporations Act (Ontario) and, consequently, is exempt from the operation of certain provisions of the Trust Indenture Act of 1939 pursuant to Rule 4d-9 thereunder. The following statements relating to the notes, the debentures and the Indenture are summaries and should be read in conjunction with the statements under "Description of Debt Securities" in the Prospectus. Such information does not purport to be complete and is qualified in its entirety by reference to all of the provisions of the notes, the debentures and the Indenture, including the definition of certain terms therein.

GENERAL

The notes will be senior unsecured obligations of the Company, and will initially be limited to US\$200,000,000 aggregate principal amount, all of which will be issued under the Fifth Supplemental Indenture. The notes will mature on March 1, 2010. The notes will bear interest at the rate of 5.750% per annum from March 4, 2003 or from the most recent Interest Payment Date to which interest has been paid or provided for, payable semi-annually on March 1 and September 1 of each year, commencing September 1, 2003, to the Persons in whose name the notes are registered at the close of business on the preceding February 15 or August 15, as the case may be. The notes will bear interest on overdue principal and premium, if any, and, to the extent permitted by law, overdue interest at 5.750% per annum plus 1%.

The debentures will be senior unsecured obligations of the Company, and will initially be limited to US\$250,000,000 aggregate principal amount, all of which will be issued under the Sixth Supplemental Indenture. The debentures will mature on March 1, 2033. The debentures will bear interest at the rate of 7.375% per annum from March 4, 2003 or from the most recent Interest Payment Date to which interest has been paid or provided for, payable semi-annually on March 1 and September 1 of each year, commencing September 1, 2003, to the Persons in whose name the debentures are registered at the close of business on the preceding February 15 or August 15, as the case may be. The debentures will bear interest on overdue principal and premium, if any, and, to the extent permitted by law, overdue interest at 7.375% per annum plus 1%.

Interest on the notes and debentures will be computed on the basis of a 360-day year of twelve 30-day months. Principal of, and premium, if any, and interest on, the notes and debentures will be payable, and the notes and debentures may be presented for registration of transfer and exchange, at the office or agency of the Company maintained for that purpose in Toronto, Ontario, and at any other office or agency maintained by the Company for such purpose (and, for notes or debentures that are not represented by a Global Note (as defined below) at the office or agency of the Company maintained for that purpose in The City of New York), provided that at the option of the Company, payment of interest on the notes and debentures may be made by check mailed to the address of the Person entitled thereto as it appears in the Note Register or by wire transfer to an account maintained by the Person entitled thereto as specified in the Note Register.

S-7

The Company is structured as a holding company that operates through

Edgar Filing: BRASCAN CORP/ - Form SUPPL

subsidiaries. Although the notes and debentures are senior obligations of the Company, they are effectively subordinated to all existing and future liabilities of the Company's consolidated subsidiaries and operating companies. The Indenture does not restrict the ability of the Company's subsidiaries to incur additional indebtedness. Because the Company is a holding company, the Company's ability to service its indebtedness is dependent on dividends and other payments made on its investments. Certain of the instruments governing the indebtedness of the companies in which the Company has an investment may restrict the ability of such companies to pay dividends or make other payments on investments under certain circumstances. Dividends paid in kind are excluded so long as they are retained in the same form as received and are legally and beneficially owned by the Company and/or one or more designated affiliates of the Company.

REOPENING OF THE NOTES AND DEBENTURES

The Company may from time to time, without the consent of the holders of the notes or debentures, create and issue further notes and debentures having the same terms and conditions in all respects as the notes and debentures being offered hereby, except for the issue date, the issue price and the first payment of interest thereon. Additional notes or debentures issued in this manner will be consolidated with and will form a single series with the notes or debentures, as the case may be, being offered hereby.

OPTIONAL REDEMPTION

The notes and debentures will be redeemable, in whole or in part, at our option at any time and from time to time at a redemption price equal to the greater of:

- 100% of the principal amount of the notes or debentures to be redeemed, and
- the sum of the present values of the Remaining Scheduled Payments discounted to the date of redemption on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) at the Adjusted Treasury Rate plus 35 basis points in the case of the notes and 40 basis points in the case of the debentures,

together with, in each case, accrued interest on the principal amount of the notes or debentures to be redeemed to the date of redemption.

In connection with such optional redemption, the following defined terms apply:

"Adjusted Treasury Rate" means, with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity (computed as of the second business day immediately preceding that redemption date) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for that redemption date.

"Comparable Treasury Issue" means the United States Treasury security selected by the Independent Investment Banker that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the notes or debentures.

"Comparable Treasury Price" means, with respect to any redemption date, (i) the average of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) on the third business day preceding that redemption date, as set forth in the daily

Edgar Filing: BRASCAN CORP/ - Form SUPPL

statistical release (or any successor release) published by the Federal Reserve Bank of New York and designated "Composite 3:30 p.m. Quotations for U.S. Government Securities" or (ii) if such release (or any successor release) is not published or does not contain such prices on such business day, (A) the average of the Reference Treasury Dealer Quotations for that redemption date, after excluding the highest and lowest of such Reference Treasury Dealer Quotations, or (B) if the Independent Investment Banker for the notes obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such Quotations.

S-8

"Independent Investment Banker" means one of the Reference Treasury Dealers appointed by us to act as the "Independent Investment Banker".

"Reference Treasury Dealer" means Credit Suisse First Boston LLC and its successors and one other nationally recognized investment banking firm that is a primary U.S. Government securities dealer in New York City (a "Primary Treasury Dealer") specified from time to time by the Company; provided, however, that if any of the foregoing shall cease to be a Primary Treasury Dealer, the Company shall substitute therefor another nationally recognized investment banking firm that is a Primary Treasury Dealer.

"Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by such Reference Treasury Dealer at 3:30 p.m., New York City time, on the third business day preceding that redemption date.

"Remaining Scheduled Payments" means, with respect to each note or debenture to be redeemed, the remaining scheduled payments of the principal thereof and interest thereon that would be due after the related redemption date but for such redemption; provided, however, that, if that redemption date is not an interest payment date with respect to such note or debenture, the amount of the next succeeding scheduled interest payment thereon will be reduced by the amount of interest accrued thereon to that redemption date.

Notice of any redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of the notes or debentures to be redeemed. On and after any redemption date, interest will cease to accrue on the notes or debentures or any portion thereof called for redemption. On or before any redemption date, the Company shall deposit with the trustee or with a paying agent money sufficient to pay the redemption price of and accrued interest on the notes or debentures to be redeemed on such date. If less than all the notes or debentures are to be redeemed, the notes or debentures to be redeemed shall be selected by the Trustee at the Company's direction by such method as the Company and the Trustee shall deem fair and appropriate. The redemption price shall be calculated by the Independent Investment Banker and the Company, the Trustee and any paying agent for the notes or debentures shall be entitled to rely on such calculation.

REDEMPTION FOR CHANGES IN CANADIAN WITHHOLDING TAXES

The notes and debentures will be subject to redemption as a whole, but not in part, at the option of the Company at any time at 100% of the principal amount, together with accrued interest thereon to the redemption date, in the event the Company shall have received an opinion from independent tax counsel experienced in such matters to the effect that the Company has become, or would become, obligated to pay, on the next date on which any amount would be payable

with respect to the notes or debentures, any Additional Amounts as a result of a change in the laws of Canada or any political subdivision or taxing authority thereof or therein (including any regulations promulgated thereunder), or any change in any official position regarding the application or interpretation of such laws or regulations, which change is announced or becomes effective on or after the date of the Fifth Supplemental Indenture or Sixth Supplemental Indenture, as the case may be.

COVENANTS

The following covenants shall apply to the notes and debentures:

Negative Pledge

The Company will not, and will not permit any Principal Subsidiary to, create any Lien on any of its property or assets to secure any indebtedness for borrowed money without in any such case effectively providing that the notes and debentures (together with, if the Company shall so determine, any other indebtedness of the Company or such Principal Subsidiary then existing or thereafter created which is not subordinate to the notes and debentures) shall be secured equally and ratably with (or prior to) such secured indebtedness, so long as such secured indebtedness shall be so secured; provided, however, that the foregoing restrictions shall not apply to:

- (a) Liens on any property or assets of any Person existing at the time such Person becomes a Principal Subsidiary, or arising thereafter pursuant to contractual commitments entered into prior to and not in contemplation of such Person becoming a Principal Subsidiary;
- (b) Liens on any property or assets of the Company or any Principal Subsidiary existing at the time of acquisition thereof (including acquisition through merger or consolidation) to secure, or securing, the payment of all or any part of the purchase price, cost of improvement or construction cost thereof or securing any indebtedness incurred prior to, at the time of or within 120 days after, the acquisition of such property or assets or the completion of any such improvement or construction, whichever is later, for the purpose of financing all or any part of the purchase price, cost of improvement or construction cost thereof or to secure, or securing, the repayment of money borrowed to pay, in whole or in part, such purchase price, cost of improvement or construction cost or any vendor's privilege or lien on such property securing all or any part of such purchase price, cost of improvement or construction cost, including title retention agreements and leases in the nature of title retention agreements (provided such Liens are limited to such property or assets and to improvements on such property);
- (c) Liens arising by operation of law;
- (d) any other Lien arising in connection with indebtedness of the Company and Principal Subsidiaries if, after giving effect to such Lien and any other Lien created pursuant to this clause (d), the aggregate principal amount of indebtedness secured thereby would not exceed 5% of the Company's Consolidated Net Worth; and
- (e) any extension, renewal, substitution or replacement (or successive extensions, renewals, substitutions or replacements), as a whole or in part, of any of the Liens referred to in paragraphs (a) through (c) above or any indebtedness secured thereby; provided that such

Edgar Filing: BRASCAN CORP/ - Form SUPPL

extension, renewal, substitution or replacement Lien shall be limited to all or any part of substantially the same property or assets that secured the Lien extended, renewed, substituted or replaced (plus improvements on such property) and the principal amount of indebtedness secured by such Lien at such time is not increased.

Limitation on Certain Asset Dispositions

The Company will not, and will not permit any Principal Subsidiary to, make any disposition of assets in one or more related transactions in which the aggregate consideration exceeds, within a twelve-month calendar period, 10% of the Consolidated Net Worth of the Company unless (a) the Company or the Principal Subsidiary, as the case may be, receives consideration for such disposition at least equal to the fair market value of the assets sold or disposed of as determined by the Board of Directors in good faith and evidenced by a resolution of the Board of Directors filed with the Trustee and (b) all Net Available Proceeds, less any amounts invested within one year of such disposition in assets related to the business of the Company or in securities of Affiliates (such amount being the "Excess Proceeds"), are applied within one year of such disposition (i) first, at the option of the Company, to the repayment or reduction of Debt

ranking pari passu with the notes and debentures, (ii) second, to the extent of remaining Excess Proceeds, after giving effect to payments made pursuant to clause (i), if any, to make an Offer to Purchase outstanding notes and debentures, on a pro rata basis, at a purchase price equal to 100% of the principal amount of notes and debentures, plus accrued interest (if any) to the date of purchase, and (iii) third, to the extent of any remaining Excess Proceeds following the completion of such Offer to Purchase, to any other use as determined by the Company which is not otherwise prohibited by the Indenture.

Notwithstanding the foregoing, the Company will not be required to repurchase more than 25% of the original principal amount of the notes and debentures pursuant to clause (ii) of the foregoing paragraph prior to the day following the fifth anniversary of the original issuance of the notes and debentures, and the maximum amount to be applied to the repurchase of notes or debentures in connection with any Offer to Purchase made pursuant to clause (ii) of the foregoing paragraph having a purchase date prior to the day following the fifth anniversary of the original issuance of the notes and debentures shall be the lesser of (a) the Excess Proceeds and (b) 25% of the original principal amount of the notes and debentures less the aggregate principal amount of notes and debentures purchased pursuant to Offers to Purchase relating to all prior asset dispositions. In addition, the Company shall not be required to make an Offer to Purchase any notes or debentures if (i) the amount of the Excess Proceeds, or such lesser amount as determined in accordance with the preceding sentence, is less than US\$5 million or (ii) such repurchase or repayment is prohibited under applicable law.

Limitation on Restricted Payments

The Company (a) will not declare or pay any dividend or make any distribution, of any kind or character (whether in cash, property or securities), in respect of any class of its Capital Stock or to the holders of any class of its Capital Stock (other than dividends or distributions payable solely in shares of its Capital Stock or in options, warrants or other rights to acquire its Capital Stock), (b) will not, and will not permit any Subsidiary of the Company to, directly or indirectly, purchase, redeem or otherwise acquire or retire for value (i) any Capital Stock of the Company or (ii) any options, warrants or rights to purchase or acquire shares of Capital Stock of the Company and (c) will not, and will not permit any Subsidiary of the Company to, redeem,

defeasance (including, but not limited to, legal or covenant defeasance), repurchase (including pursuant to any provision for repayment at the option of the holder thereof), retire or otherwise acquire or retire for value prior to any scheduled maturity, mandatory repayment or mandatory sinking fund payment, Debt of the Company which is subordinate in right of payment to the notes or debentures, if at the time thereof:

- (i) an Event of Default or an event that, with the lapse of time or the giving of notice or both, would constitute an Event of Default, shall have occurred and be continuing, or
- (ii) upon giving effect to such payment, the Consolidated Net Worth of the Company would be less than \$2 billion;

provided, however, that this provision will not be violated by reason of (i) the payment of any dividend within 60 days after declaration thereof if, at the date of such declaration, such payment would have complied with the foregoing provision and (ii) any refinancing or refunding of any Debt.

Prohibition on Dividend and Other Payment Restrictions Affecting Principal Subsidiaries

The Company will not, and will not permit any Principal Subsidiary to, create or suffer to exist any consensual encumbrance or restriction on the ability of any Principal Subsidiary (i) to pay, directly or indirectly, dividends or make any other distributions in respect of its Capital Stock or pay any Debt or other obligation owed to the Company or any Principal Subsidiary, (ii) to make loans or advances to the Company or any Principal Subsidiary or (iii) to transfer any of its property or assets to the Company or any other Principal Subsidiary.

Unless otherwise required by applicable law, the Offer shall specify an expiration date (the "Offer Expiration Date") of the Offer to Purchase which shall be, subject to any contrary requirements of applicable law, not less than 30 days or more than 60 days after the date of such Offer and a settlement date (the "Purchase Date") for purchase of notes and debentures within five Business Days after the Offer Expiration Date. The Company shall notify the Trustee at least 15 Business Days (or such shorter period as is acceptable to the Trustee) prior to the mailing of the Offer of the Company's obligation to make an Offer to Purchase, and the Offer shall be mailed by the Company or, at the Company's request, by the Trustee in the name and at the expense of the Company. The Offer shall contain information concerning the business of the Company and its subsidiaries which the Company in good faith believes will enable such Holders to make an informed decision with respect to the Offer to Purchase (which at a minimum will include (i) the most recent annual and quarterly financial statements and "Management's Discussion and Analysis of Financial Condition and Results of Operations" contained in the documents required to be filed with the Trustee pursuant to the Indenture (which requirements may be satisfied by delivery of such documents together with the Offer), (ii) a description of material developments in the Company's business subsequent to the date of the latest of such financial statements referred to in clause (i) (including a description of the events requiring the Company to make the Offer to Purchase), (iii) if applicable, appropriate pro forma financial information concerning the Offer to Purchase and the events requiring the Company to make the Offer to Purchase and (iv) any other information required by applicable law to be included therein. 9. that each Holder electing to tender a note or debenture pursuant to the Offer to Purchase will be required to surrender such note or debenture at the place or places specified in the Offer prior to the close of business on the Offer Expiration Date (such note or debenture being, if the Company or the Trustee so requires, duly endorsed by, or accompanied by a written instrument of transfer in form satisfactory to the Company and the Trustee, duly executed by, the Holder thereof or his attorney duly authorized in writing);
10. that Holders will be entitled to withdraw all or any portion of notes or debentures tendered if the Company (or its Paying Agent) receives, not later than the close of business on the Offer Expiration Date, a telegram, telex, facsimile transmission or letter setting forth the name of the Holder, the principal amount of the note or debenture the Holder tendered, the certificate number of the note or debenture the Holder tendered and a statement that such Holder is withdrawing all or a portion of his tender;
11. that (a) if notes or debentures in an aggregate principal amount less than or equal to the Purchase Amount are duly tendered and not withdrawn pursuant to the Offer to Purchase, the Company shall purchase all such notes or debentures and (b) if notes or debentures in an aggregate principal amount in excess of the Purchase Amount are tendered and not withdrawn pursuant to the Offer to Purchase, the Company shall purchase notes or debentures having an aggregate principal amount equal to the Purchase Amount on a pro rata basis (with such adjustments as may be deemed appropriate so that only notes and debentures in denominations of US\$1,000 or integral multiples thereof shall be purchased); and
12. that in the case of any Holder whose note or debenture is purchased only in part, the Company shall execute, and the Trustee shall authenticate and deliver to the Holder of such note or debenture without service charge, a new note or debenture, of any authorized denomination as requested by such Holder, in an aggregate principal amount equal to and in exchange for the unpurchased portion of the note or debenture so tendered.

Any Offer to Purchase shall be governed by and effected in accordance with the Offer for such Offer to Purchase.

"pari passu", when used with respect to the ranking of any Debt of any Person in relation to other Debt of such Person, means that each such Debt (a) either (i) is not subordinated in right of payment to the same Debt of such Person or (ii) is subordinate in right of payment to the same Debt of such Person as is the other and is so subordinate to the same extent and (b) is not subordinate in right of payment to the other or to any Debt of such Person as to which the other is not so subordinate.

"Principal Subsidiary" means (i) any direct or indirect Subsidiary of the Company whose securities are not publicly traded or registered or qualified under applicable securities laws and whose primary purpose is to hold, directly or indirectly, or the majority of whose assets consist of direct or indirect interests in, shares of capital stock of Noranda Inc., Nexfor Inc., Brookfield Properties Corporation, Great

Lakes Power Inc., or Brascan Financial Corporation (formerly Trilon Financial Corporation) at the date of issuance of the notes, and (ii) the companies comprising Brascan Brazil.

"Subsidiary" of any Person means (i) a corporation 50% or more of the combined voting power of the outstanding Voting Stock of which is owned, directly or indirectly, by such Person or by one or more other Subsidiaries of such Person or by such Person and one or more Subsidiaries thereof or (ii) any other Person (other than a corporation) in which such Person, or one or more other Subsidiaries of such Person or such Person and one or more other Subsidiaries thereof, directly or indirectly, has at least a majority ownership and power to direct the policies, management and affairs thereof.

"Voting Stock" of any Person means Capital Stock of such Person which ordinarily has voting power for the election of directors (or persons performing similar functions) of such Person, whether at all times or only so long as no senior class of securities has such voting power by reason of any contingency.

ADDITIONAL AMOUNTS

All payments made by the Company under or with respect to the notes and debentures will be made free and clear of, and without withholding or deduction for or on account of, any present or future tax, duty, levy, impost, assessment or other governmental charge imposed or levied by or on behalf of the Government of Canada or of any province or territory thereof or by any authority or agency therein or thereof having power to tax (hereinafter "Taxes"), unless the Company is required to withhold or deduct Taxes by law or by the interpretation or administration thereof. If the Company is so required to withhold or deduct any amount for or on account of Taxes from any payment made under or with respect to the notes or debentures and the notes or debentures are not redeemed in accordance with the provisions described under "Redemption for Changes in Canadian Withholding Taxes", the Company will pay such additional amounts ("Additional Amounts") as may be necessary so that the net amount received by each Holder (including Additional Amounts) after such withholding or deduction will not be less than the amount the Holder would have received if such Taxes had not been withheld or deducted; provided that no Additional Amounts will be payable with respect to a payment made to a Holder (an "Excluded Holder") (a) with which the Company does not deal at arm's length (within the meaning of the Income Tax Act (Canada)) at the time of making such payment or (b) which is subject to such Taxes by reason of its being connected with Canada or any province or territory thereof otherwise than by the mere holding of notes or debentures or the receipt of payments thereunder. The Company will also (1) make such withholding or deduction and (2) remit the full amount deducted or withheld to the relevant authority in accordance with applicable law. The Company will furnish to the Holders of the notes and debentures, within 30 days after the date the payment of any Taxes is due pursuant to applicable law, certified copies of tax receipts evidencing such payment by the Company. The Company will indemnify and hold harmless each Holder (other than an Excluded Holder) and, upon written request, will reimburse each such Holder for the amount of (i) any Taxes so levied or imposed which have not been withheld or deducted and remitted by the Company in accordance with applicable law and which have been paid by such Holder in respect of payments made under or with respect to the notes and debentures, (ii) any liability (including penalties, interest and expenses) arising therefrom or with respect thereto or from the failure to make such payment and (iii) any Taxes imposed with respect to any reimbursement under clause (i) or (ii) above, but excluding any such Taxes on such Holder's net income.

At least 30 days prior to each date on which any payment under or with

Edgar Filing: BRASCAN CORP/ - Form SUPPL

respect to the notes is due and payable, if the Company will be obligated to pay Additional Amounts with respect to such payment, the Company will deliver to the Trustee an Officers' Certificate stating the fact that such Additional Amounts will be payable and the amounts so payable and will set forth such other information necessary to enable the Trustee to pay such Additional Amounts to Holders (other than an Excluded Holder) on the payment date. Whenever in the Indenture there is mentioned, in any context, the payment of principal (and premium, if any), Redemption Price, Purchase Price, interest or any other amount payable under or with respect to any note or debenture, such mention shall be deemed to include mention of the payment of Additional Amounts to the extent that, in such context, Additional Amounts are, were or would be payable in respect thereof.

S-14

BOOK-ENTRY SYSTEM

Each of the notes and debentures will be represented by one or more Global Notes (collectively, the "Global Notes") registered in the name of The Depository Trust Company, or its nominee, as Depository (the "Depository"). The provisions set forth under "Description of Debt Securities -- Registered Global Securities" in the accompanying prospectus will be applicable to the notes and debentures. Accordingly, beneficial interests in the notes and debentures will be shown on, and transfers thereof will be effected only through, records maintained by the Depository and its Participants (defined below). Except as described under "Description of Debt Securities -- Registered Global Securities" in the Prospectus, owners of beneficial interests in the Global Notes will not be entitled to receive notes in definitive form and will not be considered holders of notes or debentures under the Indenture.

The Depository has advised the Company and the underwriters as follows: The Depository is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. The Depository was created to hold securities of participating organizations ("Participants") and to facilitate the clearance and settlement of securities transactions, such as transfers and pledges, among Participants in deposited securities through electronic computerized book-entry changes in accounts of Participants, thereby eliminating the need for physical movement of securities certificates. Participants include securities brokers and dealers (including the underwriters), banks, trust companies, clearing corporations and certain other organizations. The Depository is a wholly owned subsidiary of The Depository Trust & Clearing Corporation, which in turn is owned by a number of Participants and members of the National Securities Clearing Corporation, Government Securities Clearing Corporation, MBS Clearing Corporation and Emerging Markets Clearing Corporation as well as by the New York Stock Exchange Inc., the American Stock Exchange LLC and the National Association of Securities Dealers Inc. Access to the Depository's book-entry system is also available to others such as securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a Participant, either directly or indirectly ("Indirect Participants"). Persons who are not Participants may beneficially own securities held by the Depository only through Participants or Indirect Participants. The rules applicable to the Depository and Participants are on file with the Securities and Exchange Commission.

Principal and interest payments on the notes and debentures registered in the name of the Depository's nominee will be made in immediately available funds to the Depository's nominee as the registered owner of the Global Notes. Under the terms of the Indenture, the Company and the Trustee will treat the persons

Edgar Filing: BRASCAN CORP/ - Form SUPPL

in whose names the notes and debentures are registered as the owners of such notes and debentures for the purpose of receiving payment of principal and interest on such notes and debentures and for all other purposes whatsoever. Therefore, neither the Company, the Trustee nor any paying agent for the notes or debentures has any direct responsibility or liability for the payment of principal or interest on the notes or debentures to owners of beneficial interests in the Global Notes. The Depository has advised the Company and the Trustee that its current practice is, upon receipt of any payment of principal or interest, to credit the accounts of Participants on the payment date with such payment in amounts proportionate to their respective beneficial interests in the principal amount of the Global Notes as shown in the records of the Depository, unless the Depository has reason to believe that it will not receive payment on the payment date. Payments by Participants and Indirect Participants to owners of beneficial interests in the Global Notes will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of the Participants or Indirect Participants, and not of the Depository, the Trustee or the Company, subject to any statutory requirements as may be in effect from time to time. Payment of principal and interest to the Depository is the responsibility of the Company or the Trustee, disbursement of such payments to Participants shall be the responsibility of the Depository, and the disbursement of such payments to the owners of beneficial interests in the Global Notes shall be the responsibility of Participants.

S-15

The Company understands that, under existing industry practice, if the Company were to request any action by the Holders or if an owner of a beneficial interest in the Global Notes were to desire to take any action that the Depository, as the registered owner of the Global Notes, is entitled to take, the Depository would authorize Participants to take such action, and that Participants would, in turn, authorize beneficial owners owning through them to take such action or would otherwise act upon the instructions of such beneficial owners.

CERTAIN CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

In the opinion of Torys LLP, under the existing laws of Canada and the current administrative practice of the Canada Customs and Revenue Agency, the payment by the Company of interest, principal or premium on the notes or debentures to a holder who is a non-resident of Canada and with whom the Company deals at arm's length within the meaning of the Income Tax Act (Canada) (the "Act") at the time of making the payment will be exempt from Canadian withholding tax. For the purposes of the Act, related persons (as therein defined) are deemed not to deal at arm's length, and it is a question of fact whether persons not related to each other deal at arm's length.

No other tax on income (including taxable capital gains) will be payable under the Act in respect of the holding, redemption or disposition of the notes or debentures or the receipt of interest or premium thereon by holders who are neither residents nor deemed to be residents of Canada for the purposes of the Act and who do not use or hold and are not deemed to use or hold the notes or debentures in carrying on business in Canada for the purposes of the Act. This summary does not apply to an insurance company that carries on business in Canada and elsewhere.

This summary is of a general nature only and does not take into account tax legislation or considerations of any province or territory of Canada or of any jurisdiction other than Canada. Purchasers of the notes and debentures should consult their own tax advisors with respect to their particular circumstances.

CERTAIN UNITED STATES FEDERAL INCOME TAX CONSIDERATIONS

The following is a summary of the principal U.S. federal income tax consequences of the acquisition, ownership and disposition of a note or debenture by an initial purchaser thereof that is, for U.S. federal income tax purposes, an individual citizen or resident of the United States, a corporation created or organized in or under the laws of the United States or any political subdivision thereof, an estate, the income of which is subject to U.S. federal income taxation regardless of its source, and any trust if (i) a U.S. court is able to exercise primary supervision over the administration of the trust and (ii) one or more U.S. persons have the authority to control all substantial decisions of the trust or if the trust has validly made an election to be treated as a U.S. person under applicable Treasury Regulations (a "U.S. Holder"). This summary is based on the Internal Revenue Code of 1986, as amended (the "Code"), administrative pronouncements, judicial decisions, existing and proposed Treasury Regulations, and interpretations of the foregoing, as in effect on the date hereof, all of which are subject to change (possibly with retroactive effect) and differing interpretations. This summary discusses only notes and debentures held as capital assets within the meaning of Section 1221 of the Code. This summary is intended for general information only and does not discuss all of the tax consequences that may be relevant based on the particular circumstances of a U.S. Holder or to U.S. Holders subject to special tax rules, such as banks, tax-exempt organizations, insurance companies, dealers in securities or foreign currency, or persons that hold notes or debentures that are a hedge or that are hedged against currency risks or that are part of a straddle or conversion transaction. This summary also does not address the tax consequences to shareholders, partners or beneficiaries in any entity that holds notes or debentures. Prospective purchasers of notes and debentures should consult their own tax advisors concerning the application of U.S. federal income tax law, as well as the laws of any state, local or foreign taxing jurisdiction, to their particular situations. See "Certain Canadian Federal Income Tax Considerations".

S-16

For U.S. federal income tax purposes, interest (including Additional Amounts, if any, and any Canadian withholding taxes paid by the Company) on a note or debenture generally will be taxable to a U.S. Holder as ordinary income at the time received or accrued, in accordance with such holder's method of accounting for such tax purposes. Interest paid by the Company on the notes and debentures will generally constitute income from sources outside the United States and, with certain exceptions, will be "passive" or "financial services" income which is treated separately from other types of income for purposes of computing the foreign tax credit allowable to a U.S. Holder. A U.S. Holder's ability to claim a foreign tax credit is subject to numerous limitations, and, because of the complexity of these limitations, U.S. Holders should consult their own tax advisors with respect to the amount of foreign taxes that may be claimed as a credit.

Upon the sale, exchange or redemption of a note or debenture, a U.S. Holder will recognize gain or loss, if any, for U.S. federal income tax purposes, equal to the difference between the amount realized on such sale, exchange or redemption (other than amounts received that are attributable to accrued but unpaid interest and taxed as interest, described above) and such U.S. Holder's adjusted tax basis in the note. Such gain or loss generally will constitute capital gain or loss and will be long-term capital gain or loss if the note or debenture was held by such U.S. Holder for more than one year.

Gains recognized by a U.S. Holder on a sale or other disposition of the notes or debentures generally will be treated as U.S. source income for U.S.

Edgar Filing: BRASCAN CORP/ - Form SUPPL

foreign tax credit purposes.

In general, information reporting requirements will apply to interest and to the proceeds received on the disposition of the notes or debentures paid within the United States (and in certain cases, outside the United States) to U.S. Holders. A backup withholding tax (30% in 2003, 29% for payments made in 2004 and 2005 and 28% for payments made in 2006 through 2010, and 31% for payments made in 2011 and thereafter) may apply to such amounts if a U.S. Holder (i) fails to establish properly that it is entitled to an exemption, (ii) fails to furnish or certify his or her correct taxpayer identification number to the payer in the manner required, (iii) is notified by the IRS that he or she has failed to report payments of interest or dividends properly or (iv) under certain circumstances, fails to certify that he or she has been notified by the IRS that he or she is subject to backup withholding for failure to report interest or dividend payments. The amount of any backup withholding will be allowed as a credit against the U.S. Holder's U.S. federal income tax liability.

The preceding discussion of certain United States federal income tax consequences is for general information only and is not tax advice. Accordingly, U.S. Holders should consult their own tax advisors as to the particular tax consequences to them of purchasing, holding and disposing of the notes and debentures, including the applicability and effect of any federal, state, local or foreign tax laws and of any proposed changes in applicable law.

The underwriters propose to offer the notes and debentures initially at the public offering price on the cover page of this prospectus supplement and to

Edgar Filing: BRASCAN CORP/ - Form SUPPL

selling group members at that price less a selling concession of .375% of the principal amount per note and .50% of the principal amount per debenture. The underwriters and selling group members may allow a discount of .25% of the principal amount per note and per debenture on sales to other brokers/dealers. After the initial public offering, the underwriters may change the public offering price and concession and discount to brokers/dealers.

We estimate that our out-of-pocket expenses for this offering will be approximately US\$243,000.

The notes and debentures are new issues of securities with no established trading market and will not be listed on any national securities exchange. One or more of the underwriters intends to make a secondary market for the notes and debentures. However, they are not obligated to do so and may discontinue making a secondary market for the notes and debentures at any time without notice. No assurance can be given as to how liquid the trading market for the notes and debentures will be.

The notes and debentures will not be qualified for sale under the securities laws of Canada or any province or territory of Canada and may not be offered or sold, directly or indirectly, in Canada or to residents of Canada in contravention of the securities laws of any province or territory of Canada. Each underwriter has agreed that it will not, directly or indirectly, offer, sell or deliver any notes or debentures purchased by it, in Canada or to residents of Canada in contravention of the securities laws of any province or territory of Canada and that any selling agreement or similar agreement with respect to the notes or debentures will require each dealer or other party thereto to make an agreement to the same effect.

Trilon International Inc. is a wholly owned subsidiary of Brascan Financial Corporation, which is a wholly owned subsidiary of the Company. Accordingly, the Company is a related issuer of Trilon International Inc. within the meaning of applicable Canadian securities legislation. Trilon International Inc. will not receive any benefit in connection with this offering, other than its portion of the commissions, if any, payable as described above. Trilon International Inc. did not propose this offering to the Company.

Trilon International Inc. is not registered as a broker-dealer under the securities laws of the United States and will not participate in the offering of the notes or debentures in the United States.

S-18

We have agreed to indemnify the underwriters against liabilities under the Securities Act of 1933 or contribute to payments that the underwriters may be required to make in that respect.

In the ordinary course of their respective businesses, the underwriters and their affiliates may have engaged, and may engage in the future, in commercial banking and/or investment banking transactions with us and our affiliates for which they received or will receive customary fees.

In connection with the offering, the underwriters may engage in stabilizing transactions, over-allotment transactions, syndicate covering transactions and penalty bids in accordance with Regulation M under the Securities Exchange Act of 1934.

- Stabilizing transactions permit bids to purchase the underlying security so long as the stabilizing bids do not exceed a specified maximum.
- Over-allotment involves sales by the underwriters of notes or debentures

Edgar Filing: BRASCAN CORP/ - Form SUPPL

in excess of the principal amount of notes or debentures the underwriters are obligated to purchase, which creates a syndicate short position.

- Syndicate covering transactions involve purchases of notes or debentures in the open market after the distribution has been completed in order to cover syndicate short positions.
- Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when the notes or debentures originally sold by such syndicate member are purchased in a stabilizing or a syndicate covering transaction to cover syndicate short positions.

These stabilizing transactions, syndicate covering transactions and penalty bids may have the effect of raising or maintaining the market price of the notes or debentures or preventing or retarding a decline in the market price of the notes or debentures. As a result, the price of the notes and debentures may be higher than the price that might otherwise exist in the open market. These transactions, if commenced, may be discontinued at any time.

Credit Suisse First Boston LLC will make notes and debentures available for distribution on the Internet through a proprietary web site and/or a third-party system operated by Market Axess Inc., an Internet-based communications technology provider. Market Axess Inc. is providing the system as a conduit for communications between Credit Suisse First Boston LLC and its customers and is not a party to any transactions. We do not believe that Market Axess Inc. will function as an underwriter or agent of us, nor do we believe that Market Axess Inc. will act as a broker for any customer of Credit Suisse First Boston LLC. Market Axess Inc., a registered broker-dealer, will receive compensation through Credit Suisse First Boston LLC based on transactions the underwriter conducts through the system. Credit Suisse First Boston LLC will make notes and debentures available to its customers through the Internet distributions, whether made through a proprietary or third party system, on the same terms as distributions made through other channels.

RISK FACTORS

Before making an investment decision investors should carefully consider the risks and uncertainties described below and under the heading "Business Environment and Risks" in the Company's Annual Report incorporated by reference herein. These risks and uncertainties are not the only ones facing the Company. Additional risks and uncertainties not presently known to the Company or that the Company currently deems immaterial may also impair its business operations. If any of such risks actually occur, the Company's business, financial condition and operating results could be materially harmed.

BANKRUPTCY, LIQUIDATION OR REORGANIZATION OF THE COMPANY'S SUBSIDIARIES

In the event of a bankruptcy, liquidation or reorganization of any of the Company's subsidiaries, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets of those subsidiaries before any assets are made available for distribution to the Company.

S-19

NO PRIOR PUBLIC MARKET FOR THE NOTES OR DEBENTURES

Prior to this offering, there was no public market for the notes or debentures. The Company has been informed by the underwriters that they intend to make a market in the notes and debentures after this offering is completed.

Edgar Filing: BRASCAN CORP/ - Form SUPPL

However, the underwriters may cease their market-making at any time. In addition, the liquidity of the trading market in the notes and debentures and the market price quoted for the notes and debentures may be adversely affected by changes in the overall market for debt securities and by changes in the Company's financial performance or prospects or in the prospects for companies in the Company's industry generally. As a result, purchasers of notes and debentures cannot be sure that an active trading market will develop for the notes and debentures.

LEGAL PROCEEDINGS

From time to time, Brascan is involved in litigation, investigations or proceedings relating to claims arising out of its operations.

CREDIT RATINGS

The Company's long-term unsecured debt securities are rated Baa3 by Moody's Investors Service Inc. ("Moody's"), A- by Standard & Poor's Corporation ("S&P") and A (low) by Dominion Bond Rating Service ("DBRS") (each a "Rating Agency"). Moody's, S&P and DBRS have rated these notes and debentures Baa3, A- and A (low), respectively.

Moody's credit ratings are on a long-term debt rating scale that ranges from Aaa to C, which represents the range from highest to lowest quality of such securities rated. According to the Moody's rating system, debt securities rated "Baa3" are considered investment grade obligations. Factors giving security to principal and interest are considered adequate, but elements may be present which suggest a susceptibility to impairment some time in the future. Moody's applies numerical modifiers 1, 2 and 3 in each generic rating classification from Aa through Caa in its corporate bond rating system. The modifier 1 indicates that the issue ranks in the higher end of its generic rating category, the modifier 2 indicates a mid-range ranking and the modifier 3 indicates that the issue ranks in the lower end of its generic rating category.

S&P's credit ratings are on a long-term debt rating scale that ranges from AAA to D, which represents the range from highest to lowest quality of such securities rated. According to the S&P rating system, an obligation rated "A" is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher rated categories. However, the obligor's capacity to meet its financial commitment on the obligations is still strong. The ratings from AA to CCC may be modified by the addition of a plus (+) or minus (-) sign to show relative standing within the major rating categories.

DBRS' credit ratings are on a long-term debt rating scale that ranges from AAA to D, which represents the range from highest to lowest quality of such securities rated. According to the DBRS rating system, an obligation rated "A" is satisfactory credit quality. Protection of interest and principal is still substantial, but the degree of strength is less than with AA rated entities. The ratings from AA to CCC may be modified by the addition of a (high) or (low) modifier to show relative standing within the major rating categories.

The credit ratings accorded to the notes and debentures by the Rating Agencies are not recommendations to purchase, hold or sell the notes or debentures inasmuch as such ratings do not comment as to market price or suitability for a particular investor. There is no assurance that any rating will remain in effect for any given period of time or that any rating will not be revised or withdrawn entirely by a Rating Agency in the future if, in its judgment, circumstances so warrant.

EARNINGS COVERAGE RATIOS

The earnings coverage ratios have been calculated based on instruments classified as debt under current Canadian GAAP. Pursuant to Canadian GAAP, an aggregate of \$349 million and \$224 million of unsecured junior subordinated debentures and convertible notes are included in shareholders' equity as at September 30, 2002 and December 31, 2001, respectively and the distributions thereon are charged, on an after tax basis, to retained earnings. Based on this presentation, and after giving effect to the issue of the notes and debentures under this offering and the application of the estimated net proceeds thereof, Brascan's interest requirements for the 12 month periods ended September 30, 2002 and December 31, 2001 amounted to \$648 million and \$299 million respectively. Brascan's earnings before interest and income tax for the 12 month periods ended September 30, 2002 and December 31, 2001 were \$1,051 million and \$570 million, respectively, which are approximately 1.6 times and 1.9 times Brascan's aggregate interest requirements for the respective periods.

The earnings coverage ratios in the preceding paragraph have been calculated without the annual carrying charges relating to the unsecured junior subordinated debentures and convertible notes. If the unsecured junior subordinated debentures and convertible notes were classified as debt, their entire pre-tax carrying charges would be included in interest expense. If the annual carrying charges had been included in the calculations, the impact on the earnings coverage ratios for the 12 month periods ended September 30, 2002 and December 31, 2001 would have been negligible with the ratios remaining at approximately 1.6 times and 1.9 times, respectively.

LEGAL MATTERS

The validity of the notes and debentures being offered hereby will be passed upon for the Company by Torys LLP of Toronto, Ontario, and New York, New York, with respect to certain matters of Canadian law and of United States law, and for the underwriters by Skadden, Arps, Slate, Meagher & Flom LLP of Toronto, Ontario, with respect to certain matters of United States law.

USE OF PROCEEDS

Unless otherwise indicated in a Prospectus Supplement relating to a series of Debt Securities, the net proceeds received by the Company from the sale of Debt Securities will be used by the Company for general corporate purposes, including increasing its interests in its principal business units and the repayment of corporate debt.

EARNINGS COVERAGE RATIOS

Coverages include information in a form (referred to generally as the "deconsolidated basis") which differs from Brascan's consolidated financial statements in that the net investment and net income reflect

Edgar Filing: BRASCAN CORP/ - Form SUPPL

Brascan's common share investments in Great Lakes Power Inc., Brascan Brazil Ltd. and Brascan's publicly traded operating affiliates, based on the equity method of accounting.

Brascan's interest requirements for the 12 months ended September 30, 2001 and December 31, 2000 amounted to \$99 million and \$106 million (consolidated basis -- \$290 million and \$276 million), respectively. Brascan's earnings before interest and income tax for the 12 months ended September 30, 2001 and December 31, 2000 were \$456 million and \$899 million (consolidated basis -- \$666 million and \$1,103 million), respectively, which are 4.6 and 8.5 times (consolidated basis -- 2.3 times and 4.0 times) Brascan's aggregate interest requirements for the respective periods.

Brascan's earnings from continuing operations before interest and income tax for the 12 months ended September 30, 2001 and December 31, 2000 were \$456 million and \$494 million (consolidated basis -- \$666 million and \$698 million), respectively, which are 4.6 times and 4.7 times (consolidated basis -- 2.3 times and 2.5 times) Brascan's aggregate interest requirements for the respective periods.

Interest on Brascan's convertible notes for the 12 months ended September 30, 2001 and December 31, 2000 were \$4 million and \$6 million, respectively, the inclusion of which has a negligible effect on the ratios.

DESCRIPTION OF DEBT SECURITIES

The following description sets forth certain general terms and provisions of the Debt Securities. The particular terms and provisions of the series of Debt Securities offered by a Prospectus Supplement, and the extent to which the general terms and provisions described below may apply thereto, will be described in such Prospectus Supplement.

The Debt Securities will be issued under an indenture dated as of September 20, 1995, as supplemented, (the "Indenture") between the Company and Montreal Trust Company of Canada, as trustee (the "Trustee"). The Indenture is subject to the provisions of the Business Corporations Act (Ontario) and, consequently, is exempt from the operation of certain provisions of the Trust Indenture Act of 1939 pursuant to Rule 4d-9 thereunder. A copy of the form of the Indenture has been filed with the Commission as an exhibit to the Registration Statement of which this Prospectus is a part. The following statements with respect to the Indenture and the Securities (as hereinafter defined) are brief summaries of certain provisions of the Indenture and do not purport to be complete; such statements are subject to the detailed referenced provisions of the Indenture, including the definition of capitalized terms used under this caption. Wherever particular sections or defined terms of the Indenture are referred to, such sections or defined terms are incorporated herein by reference as part of the statement made, and the statement is qualified in its entirety by such reference. The term "Securities", as used under this caption, refers to all securities issued under the Indenture, including the Debt Securities.

GENERAL

The Indenture does not limit the aggregate principal amount of Offered Securities (which may include debentures, notes and other unsecured evidences of indebtedness) which may be issued thereunder, and Securities may be issued thereunder from time to time in one or more series and may be denominated and payable in foreign currencies or units based on or relating to foreign currencies, including European Currency Units. Special Canadian and United States federal income tax considerations applicable to any Securities so denominated will be described in the Prospectus Supplement relating thereto. The Securities offered pursuant to this Prospectus will be limited to

Edgar Filing: BRASCAN CORP/ - Form SUPPL

U.S.\$500,000,000 (or the equivalent in other currencies or currency units) aggregate principal amount. Unless otherwise indicated in the applicable Prospectus Supplement, the Indenture also permits the Company to increase the principal amount of any series of Securities previously issued and to issue such increased principal amount. (Section 301) As of the date hereof, U.S.\$400,000,000 of Securities were issued under the Indenture.

The applicable Prospectus Supplement will set forth the following terms relating to the Offered Securities: (1) the specific designation of the Offered Securities; (2) any limit on the aggregate principal amount of the Offered Securities; (3) the date or dates, if any, on which the Offered Securities will mature

6

and the portion (if less than all of the principal amount) of the Offered Securities to be payable upon declaration of acceleration of maturity; (4) the rate or rates per annum (which may be fixed or variable) at which the Offered Securities will bear interest, if any, the date or dates from which any such interest will accrue and on which any such interest will be payable and the Regular Record Dates for any interest payable on the Offered Securities which are in registered form ("Registered Securities"); (5) any mandatory or optional redemption or sinking fund provisions, including the period or periods within which the price or prices at which and the terms and conditions upon which the Offered Securities may be redeemed or purchased at the option of the Company or otherwise; (6) whether the Offered Securities will be issuable in registered form or bearer form or both and, if issuable in bearer form, the restrictions as to the offer, sale and delivery of the Offered Securities in bearer form and as to exchanges between registered and bearer form; (7) whether the Offered Securities will be issuable in the form of one or more registered global securities ("Registered Global Securities") and, if so, the identity of the Depository for such Registered Global Securities; (8) the denominations in which any of the Securities will be issuable if in other than denominations of U.S.\$1,000 and any multiple thereof; (9) each office or agency where the principal of, and any premium and interest on, the Offered Securities will be payable and each office or agency where the Offered Securities may be presented for registration of transfer or exchange; (10) if other than U.S. dollars, the foreign currency or the units based on or relating to foreign currencies in which the Offered Securities are denominated and/or in which the payment of the principal of, and any premium and interest on, the Offered Securities will or may be payable; (11) any index pursuant to which the amount of payments of principal of, and any premium and interest on, the Offered Securities will or may be determined; (12) any other terms of the Offered Securities, including covenants and additional Events of Default. Special Canadian and United States federal income tax considerations applicable to Securities, the amount of principal thereof and any premium and interest thereon which is determined by reference to an index will be described in the Prospectus Supplement relating thereto. Unless otherwise indicated in the applicable Prospectus Supplement, the Indenture does not afford the Holders the right to tender Securities to the Company for repurchase, or provide for any increase in the rate or rates of interest per annum at which the Securities will bear interest, in the event the Company should become involved in a highly leveraged transaction or in the event of a change in control of the Company. (Section 301)

Securities may be issued under the Indenture bearing no interest or interest at a rate below the prevailing market rate at the time of issuance, to be offered and sold at a discount below their stated principal amount. The Canadian and United States federal income tax consequences and other special considerations applicable to any such discounted Securities or other Securities offered and sold at par which are treated as having been issued at a discount for Canadian and/or United States federal income tax purposes will be described

Edgar Filing: BRASCAN CORP/ - Form SUPPL

in the Prospectus Supplement relating thereto. (Section 301)

The Securities and any coupons appertaining thereto will be unsecured and will rank pari passu with each other and with all other unsecured and unsubordinated indebtedness for borrowed money of the Company. (Section 301)

The Company is structured as a holding company that operates through subsidiaries. Although the Securities are senior obligations of the Company, they are effectively subordinated to all existing and future liabilities of the Company's consolidated subsidiaries and operating companies. The Indenture does not restrict the ability of the Company's subsidiaries to incur additional indebtedness. Because the Company is a holding company, the Company's ability to service its indebtedness is dependent on dividends and other payments made on its investments. Certain of the instruments governing the indebtedness of the companies in which the Company has an investment may restrict the ability of such companies to pay dividends or make other payments on investments under certain circumstances.

FORM, DENOMINATION, EXCHANGE AND TRANSFER

Unless otherwise indicated in the applicable Prospectus Supplement, the Securities will be issued only in fully registered form without coupons and in denominations of U.S.\$1,000 or any integral multiple thereof. (Section 302) Securities may be presented for exchange and Registered Securities may be presented for registration of transfer in the manner, at the places and, subject to the restrictions set forth in the Indenture

7

and in the applicable Prospectus Supplement, without service charge, but upon payment of any taxes or the governmental charges due in connection therewith. The Company has appointed the Trustee as Security Registrar. (Section 305)

PAYMENT

Unless otherwise indicated in the applicable Prospectus Supplement, payment of the principal of, and any premium and interest on, Registered Securities (other than a Registered Global Security) will be made at the office or agency of the Trustee in Toronto, Canada, except that, at the option of the Company, payment of any interest may be made (i) by check mailed to the address of the Person entitled thereto at such address as shall appear in the Security Register or (ii) by wire transfer to an account maintained by the Person entitled thereto as specified in the Security Register. (Sections 305, 307 and 1002) Unless otherwise indicated in the applicable Prospectus Supplement, payment of any interest due on Registered Securities will be made to the Persons in whose name such Registered Securities are registered at the close of business on the Regular Record Date for such interest payment. (Section 307)

REGISTERED GLOBAL SECURITIES

The Registered Securities of a particular series may be issued in the form of one or more Registered Global Securities which will be registered in the name of, and deposited with, one or more Depositories or nominees, each of which will be identified in the Prospectus Supplement relating to such series. Unless and until exchanged, in whole or in part, for Securities in definitive registered form, a Registered Global Security may not be transferred except as a whole by the Depository for such Registered Global Security to a nominee of such Depository, by a nominee of such Depository to such Depository or another nominee of such Depository or by such Depository or any such nominee to a successor of such Depository or a nominee of such successor. (Section 305)

Edgar Filing: BRASCAN CORP/ - Form SUPPL

The specific terms of the depository arrangement with respect to any portion of a particular series of Securities to be represented by a Registered Global Security will be described in the Prospectus Supplement relating to such series. The Company anticipates that the following provisions will apply to all depository arrangements.

Upon the issuance of a Registered Global Security, the Depository therefor or its nominee will credit, on its book entry and registration system, the respective principal amounts of the Securities represented by such Registered Global Security to the accounts of such persons having accounts with such Depository or its nominee ("participants") as shall be designated by the underwriters, investment dealers or agents participating in the distribution of such Securities or by the Company if such Securities are offered and sold directly by the Company. Ownership of beneficial interests in a Registered Global Security will be limited to participants or persons that may hold beneficial interests through participants. Ownership of beneficial interests in a Registered Global Security will be shown on, and the transfer of such ownership will be effected only through, records maintained by the Depository therefor or its nominee (with respect to beneficial interests of participants) or by participants or persons that hold through participants (with respect to interests of persons other than participants). The laws of some states in the United States require certain purchasers of securities to take physical delivery thereof in definitive form. Such depository arrangements and such laws may impair the ability to transfer beneficial interests in a Registered Global Security.

So long as the Depository for a Registered Global Security or its nominee is the registered owner thereof, such Depository or such nominee, as the case may be, will be considered the sole owner or Holder of the Securities represented by such Registered Global Security for all purposes under the Indenture. Except as provided below, owners of beneficial interests in a Registered Global Security will not be entitled to have Securities of the series represented by such Registered Global Security registered in their names, will not receive or be entitled to receive physical delivery of Securities of such series in definitive form and will not be considered the owners or Holders thereof under the Indenture.

8

Principal, premium, if any, and interest payments on a Registered Global Security registered in the name of a Depository or its nominee will be made to such Depository or nominee, as the case may be, as the registered owner of such Registered Global Security. None of the Company, the Trustee or any paying agent for Securities of the series represented by such Registered Global Security will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial interests in such Registered Global Security or for maintaining, supervising or reviewing any records relating to such beneficial interests.

The Company expects that the Depository for a Registered Global Security or its nominee, upon receipt of any payment of principal, premium or interest, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such Registered Global Security as shown on the records of such Depository or its nominee. The Company also expects that payments by participants to owners of beneficial interests in such Registered Global Security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers registered in "street name", and will be the responsibility of such participants.

If the Depository for a Registered Global Security representing Securities

Edgar Filing: BRASCAN CORP/ - Form SUPPL

of a particular series is at any time unwilling or unable to continue as Depository and a successor Depository is not appointed by the Company within 90 days, the Company will issue Registered Securities of such series in definitive form in exchange for such Registered Global Security. In addition, the Company may determine, at any time and in its sole discretion, not to have the Securities of a particular series represented by one or more Registered Global Securities and, in such event, will issue Registered Securities of such series in definitive form in exchange for all of the Registered Global Securities representing Securities of such series. (Section 305)

CONSOLIDATION, MERGER, AMALGAMATION AND SALE OF ASSETS

The Company shall not enter into any transaction (whether by way of reorganization, reconstruction, consolidation, amalgamation, merger, transfer, sale or otherwise) whereby all or substantially all of its undertaking, property and assets would become the property of any other Person (the "Successor Corporation") unless: (a) the Company and the Successor Corporation shall execute, prior to or contemporaneously with the consummation of such transaction, such instruments and do such things as, in the opinion of counsel, shall be necessary or advisable to establish that, upon the consummation of such transaction, (i) the Successor Corporation will have assumed all the covenants and obligations of the Company under the Indenture in respect of the Securities of every series and (ii) the Securities of every series will be valid and binding obligations of the Successor Corporation entitling the Holders thereof, as against the Successor Corporation, to all the rights of Holders of Securities under the Indenture; and (b) such transaction shall be on such terms and shall be carried out at such times and otherwise in such manner as shall not be prejudicial to the interests of the Holders of the Securities of each and every series or to the rights and powers of the Trustee under the Indenture. (Section 801)

EVENTS OF DEFAULT

Unless otherwise indicated in any Prospectus Supplement, each of the following will constitute an Event of Default under the Indenture with respect to Securities of any series: (a) failure to pay principal of, or any premium on, any Security of that series when due; (b) failure to pay any interest on any Securities of that series when due, which failure continues for 30 days; (c) default in the payment of principal and interest on any Security required to be purchased pursuant to an Offer to Purchase required to be made pursuant to the terms of the Securities of such series; (d) failure to deposit any sinking fund payment, when due, in respect of any Security of that series; (e) failure to perform any other covenant of the Company in the Indenture (other than a covenant included in the Indenture solely for the benefit of a series other than that series), which failure continues for 60 days after written notice has been given by the Trustee or the Holders of at least 25% in aggregate principal amount of Outstanding Securities of that series, as provided in the Indenture; (f) failure by the Company to make any payment of principal of, or interest on, any obligation for borrowed money (other than an obligation payable on demand or maturing less than 12 months from the creation or issue

thereof) when due or within any originally stated applicable grace period having an outstanding principal amount in excess of 5% of the Company's Consolidated Net Worth in the aggregate at the time of default or any failure in the performance of any other covenant of the Company contained in any instrument under which such obligations are created or issued and if the holders thereof, or a trustee, if any, for such holders declare such obligations to be due and payable prior to the stated maturities thereof, provided that if such default is waived by such holders or trustee, then the Event of Default under the Indenture

Edgar Filing: BRASCAN CORP/ - Form SUPPL

shall be deemed to be waived without further action on the part of the Trustee or the Holders; (g) certain events of bankruptcy, insolvency or reorganization affecting the Company; and (h) any other Events of Default provided with respect to the Securities of such series, as described in the applicable Prospectus Supplement. (Section 501)

If an Event of Default (other than an Event of Default described in clause (g) above) with respect to the Securities of any series at the time outstanding shall occur and be continuing, either the Trustee or the Holders of at least 25% in aggregate principal amount of Outstanding Securities of that series by notice, as provided in the Indenture, may declare the principal amount of the Securities of that series to be due and payable immediately. If an Event of Default described in clause (g) above with respect to the Securities of any series at the time Outstanding shall occur, the principal amount of all the Securities of that series will automatically, and without any action by the Trustee or any Holder, become immediately due and payable. After any such acceleration, but before a judgment or decree based on acceleration, the Holders of a majority in aggregate principal amount of the Outstanding Securities of that series may, under certain circumstances, rescind and annul such acceleration if all Events of Default, other than the non-payment of accelerated principal (or other specified amount), have been cured or waived as provided in the Indenture. (Section 502) For information as to waiver of defaults, see "-- Modification and Waiver".

The Indenture provides that the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request or direction of any of the Holders, unless such Holders shall have offered to the Trustee reasonable indemnity. (Section 603) Subject to such provisions for the indemnification of the Trustee, the Holders of a majority in aggregate principal amount of the Outstanding Securities of any series will have the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or exercising any trust or power conferred on the Trustee with respect to the Securities of that series. (Section 512)

No Holder of a Security of any series will have any right to institute any proceeding with respect to the Indenture, or for the appointment of a receiver or a trustee, or for any other remedy thereunder, unless (i) such Holder has previously given to the Trustee written notice of a continuing Event of Default with respect to the Securities of that series, (ii) the Holders of at least 25% in aggregate principal amount of the Outstanding Securities of that series have made a written request, and such Holder or Holders have offered reasonable indemnity, to the Trustee to institute such proceeding as trustee and (iii) the Trustee has failed to institute such proceeding, and has not received from the Holders of a majority in aggregate principal amount of the Outstanding Securities of that series a direction inconsistent with such request, within 60 days after such notice, request and offer. (Section 507) However, such limitations do not apply to a suit instituted by a Holder of a Security for the enforcement of payment of the principal of, or of any premium or interest on, such Security on or after the applicable due date specified in such Security. (Section 508)

The Company is required to furnish to the Trustee quarterly a statement by certain of its officers as to whether or not the Company, to their knowledge, is in default in the performance or observance of any of the terms, provisions and conditions of the Indenture and, if so, specifying all such known defaults. (Section 1004)

DEFEASANCE

The Indenture provides that, at the option of the Company, the Company will be discharged from any and all obligations in respect of the Outstanding Securities upon irrevocable deposit with the Trustee, in trust, of money and/or

Edgar Filing: BRASCAN CORP/ - Form SUPPL

Government Obligations which will provide money in an amount sufficient, in the opinion of a nationally recognized firm of independent certified public accountants, to pay the principal of or premium, if any, and each instalment of interest, if any, on the Outstanding Securities ("Defeasance"). Such trust may only be established if, among other things: (i) the Company has received from, or there has been published

10

by, the Internal Revenue Service a ruling or there has been a change in law which, in the Opinion of Counsel, provides that Holders of the Outstanding Securities will not recognize gain or loss for United States federal income tax purposes as a result of such Defeasance and will be subject to United States federal income tax on the same amount, in the same manner and at the same times as would have been the case if such Defeasance had not occurred; (ii) the Company has delivered to the Trustee an opinion of Canadian counsel or a ruling from Revenue Canada (now Canada Customs and Revenue Agency) to the effect that the Holders of the Outstanding Securities will not recognize income, gain or loss for Canadian federal, provincial or territorial income tax or other tax purposes as a result of such Defeasance and will be subject to Canadian federal or provincial income tax and other tax on the same amounts, in the same manner and at the same times as would have been the case had such Defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that Holders of the Securities include Holders who are not resident in Canada); (iii) no Event of Default or event that, with the passing of time or the giving of notice or both, shall constitute an Event of Default shall have occurred or be continuing; (iv) the Company has delivered to the Trustee an Opinion of Counsel to the effect that such deposit shall not cause the Trustee or the trust so created to be subject to the Investment Company Act of 1940; and (v) certain other customary conditions precedent are satisfied. The Company may exercise its Defeasance option notwithstanding its prior exercise of its Covenant Defeasance option described in the following paragraph if the Company meets the conditions described in the preceding sentence at the time the Company exercises the Defeasance option.

The Indenture provides that, at the option of the Company, unless and until the Company has exercised its Defeasance option described in the preceding paragraph, the Company may omit to comply with certain restrictive covenants and such omission shall not be deemed to be an Event of Default under the Indenture and the Outstanding Securities upon irrevocable deposit with the Trustee, in trust, of money and/or Government Obligations which will provide money in an amount sufficient, in the opinion of a nationally recognized firm of independent certified public accountants, to pay the principal of and premium, if any, and each instalment of interest, if any, on the Outstanding Securities ("Covenant Defeasance"). In the event the Company exercises its Covenant Defeasance option, the obligations under the Indenture (other than with respect to such covenants and the Events of Default other than the Events of Default relating to such covenants above) shall remain in full force and effect. Such trust may only be established if, among other things: (i) the Company has delivered to the Trustee an Opinion of Counsel to the effect that the Holders of the Outstanding Securities will not recognize gain or loss for United States federal income tax purposes as a result of such Covenant Defeasance and will be subject to United States federal income tax on the same amount, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred; (ii) the Company has delivered to the Trustee an opinion of Canadian counsel or a ruling from Revenue Canada (now Canada Customs and Revenue Agency) to the effect that the Holders of the Outstanding Securities will not recognize income, gain or loss for Canadian federal, provincial or territorial income tax or other tax purposes as a result of such Covenant Defeasance and will be subject to Canadian federal or provincial income tax and other tax on the same amounts, in the same manner and at the same times as would have been the case had such

Edgar Filing: BRASCAN CORP/ - Form SUPPL

Covenant Defeasance not occurred (and for the purposes of such opinion, such Canadian counsel shall assume that Holders of the Securities include Holders who are not resident in Canada); (iii) no Event of Default or event that, with the passing of time or the giving of notice or both, shall constitute an Event of Default shall have occurred or be continuing; (iv) the Company has delivered to the Trustee an Opinion of Counsel to the effect that such deposit shall not cause the Trustee or the trust so created to be subject to the Investment Company Act of 1940; and (v) certain other customary conditions precedent are satisfied. (Article Thirteen)

MODIFICATION AND WAIVER

Modifications and amendments of the Indenture may be made by the Company and the Trustee with the consent of the Holders of a majority in aggregate principal amount of the Outstanding Securities of each series of Securities affected by such modification or amendment; provided, however, that no such modification or amendment may, without the consent of the Holder of each Outstanding Security affected thereby, (a) change the Stated Maturity of the principal of, or any instalment of interest on, any Outstanding Security, (b) reduce the principal amount of (or the premium), or interest on, any Outstanding Security, (c) reduce

11

the amount of the principal of any Outstanding Security payable upon the acceleration of the maturity thereof, (d) change the place or currency of payment of principal of (or the premium), or interest on, any Outstanding Security, (e) impair the right to institute suit for the enforcement of any payment on or with respect to any Outstanding Security, (f) reduce the above-stated percentage of Outstanding Securities necessary to modify or amend the Indenture, (g) reduce the percentage of aggregate principal amount of Outstanding Securities necessary for waiver of compliance with certain provisions of the Indenture or for waiver of certain defaults, (h) modify any provisions of the Indenture relating to the modification and amendment of the Indenture or the waiver of past defaults or covenants, except as otherwise specified or (i) following the mailing of any Offer to Purchase, modify any Offer to Purchase for such Outstanding Security required to be made pursuant to the terms of such Outstanding Security in a manner materially adverse to the Holders thereof. (Section 902)

The Holders of a majority in aggregate principal amount of the Outstanding Securities of any series, on behalf of all Holders of Outstanding Securities of such series, may waive compliance by the Company with certain restrictive provisions of the Indenture. (Section 1009) Subject to certain rights of the Trustee, as provided in the Indenture, the Holders of a majority in aggregate principal amount of the Outstanding Securities, on behalf of all holders of Outstanding Securities of such series, may waive any past default under the Indenture, except a default in the payment of principal, premium or interest or a default arising from failure to purchase any Outstanding Securities tendered pursuant to an Offer to Purchase. (Section 513)

CONSENT TO JURISDICTION AND SERVICE

The Indenture provides that the Company irrevocably appoint CT Corporation System, 1633 Broadway, New York, New York, 10019, as its agent for service of process in any suit, action or proceeding arising out of or relating to the Indenture and the Securities and for actions brought under federal or state securities laws brought in any federal or state court located in the Borough of Manhattan in The City of New York and submit to such jurisdiction.

ENFORCEABILITY OF JUDGMENTS

Edgar Filing: BRASCAN CORP/ - Form SUPPL

Since a substantial portion of the Company's assets are outside the United States, any judgment obtained in the United States against the Company, including any judgment with respect to the payment of interest and principal on the Debt Securities, may not be collectible within the United States.

The Company has been informed by its Canadian counsel, Torys, that a court of competent jurisdiction in the Province of Ontario would enforce a final and conclusive judgment in personam of a court sitting in the Borough of Manhattan, the City of New York, New York (a "New York Court") that is subsisting and unsatisfied respecting the enforcement of the Indenture and the Securities that is not impeachable as void or voidable under the internal laws of the State of New York for a sum certain if: (i) the court rendering such judgment had jurisdiction over the judgment debtor, as recognized by the courts of the Province of Ontario (and submission by the Company in the Indenture to the jurisdiction of the New York Court will be sufficient for the purpose); (ii) such judgment was not obtained by fraud or in a manner contrary to natural justice and the enforcement thereof would not be inconsistent with public policy, as such term is understood under the laws of the Province of Ontario, or contrary to any order made by the Attorney General of Canada under the Foreign Extraterritorial Measures Act (Canada); (iii) the enforcement of such judgment does not constitute, directly or indirectly, the enforcement of foreign revenue or penal laws; and (iv) the action to enforce such judgment is commenced within six years of the date of such judgment. The Company has been advised by such counsel that there is some doubt as to the enforceability in Canada, against the Company or against any of its respective directors, officers and experts who are not residents of the United States, by a court in original actions or in actions to enforce judgments of United States courts, of civil liabilities predicated solely upon the United States federal securities laws.

12

GOVERNING LAW

The Indenture and the Securities will be governed by the laws of the State of New York, except with respect to the rights, powers, duties or responsibility of the Trustee which shall be governed by the laws of the Province of Ontario and the federal laws of Canada applicable therein. (Section 113)

THE TRUSTEE

The Trustee under the Indenture is Montreal Trust Company of Canada.

CERTAIN DEFINITIONS

Set forth below is a summary of certain of the defined terms used in the Indenture. Reference is made to the Indenture for the full definition of all such terms, as well as any other terms used herein for which no definition is provided. (Section 101)

"Affiliate" of any Person means any other Person directly or indirectly controlling or controlled by or under direct or indirect common control with such Person. For the purposes of this definition, "control", when used with respect to any Person, means the power to influence the management and policies of such Person, directly or indirectly, whether through the ownership of voting securities, by contract or otherwise; and the terms "controlling" and "controlled" having meanings correlative to the foregoing.

"Capital Lease Obligation" of any Person means the obligation to pay rent or other payment amounts under a lease of (or other Debt arrangements conveying the right to use) real or personal property of such Person which is required to

Edgar Filing: BRASCAN CORP/ - Form SUPPL

be classified and accounted for as a capital lease or a liability on the face of a balance sheet of such Person in accordance with generally accepted accounting principles and which has a term of at least 36 months. The stated maturity of such obligation shall be the date of the last payment of rent or any other amount due under such lease prior to the first date upon which such lease may be terminated by the lessee without payment of a penalty.
