Revocability of Proxies

Any proxy given in response to this solicitation may be revoked by the person giving it at any time before its use by delivering to the Secretary of the Company at its principal offices a written notice of revocation or a duly executed proxy bearing a later date, or by attending the meeting and voting in person.

Voting and Solicitation

The Company's Certificate of Incorporation provides for cumulative voting for the election of directors. Stockholders may allocate among one or more candidates the number of votes equal to the number of directors to be elected multiplied by the number of shares or equivalent shares of Common Stock held. However, no stockholder may cumulate votes unless prior to the voting the candidate's name has been placed in nomination and a stockholder has given notice at the meeting of the intention to cumulate votes.

On all other matters, each share of Common Stock has one vote and the Series E Preferred Stock has 36,183 votes. Except as otherwise required by law, the Series E Preferred Stock votes with the Common Stock as one class.

Computershare Trust Company of Canada holds the Series E Preferred Stock as trustee under a voting trust for the benefit of holders of Exchangeable Shares issued in connection with the Company's acquisition of Alias Research Inc. in 1995. Each holder of Exchangeable Shares (other than the Company and its affiliates) will receive a proxy on which it can give Computershare Trust voting instructions for a number of Series E Preferred Stock votes equal to the number of Exchangeable Shares owned by that holder. Computershare Trust will only cast votes for

which it receives instructions.

The Company will pay the cost of soliciting proxies. The Company will pay Georgeson Shareholder Communications Inc., a proxy solicitation firm, a fee expected not to exceed \$9,000 for its services in the solicitation of proxies from brokers, bank nominees and other institutional owners and will reimburse the firm for certain out-of-pocket expenses expected not to exceed an additional \$14,000. The Company may also reimburse intermediaries for their expenses in forwarding solicitation materials to beneficial owners. The Company's directors, officers and employees may also solicit proxies, without additional compensation.

Quorum; Abstentions; Broker Non-Votes

The quorum required for the transaction of business at the Annual Meeting is a majority of the shares or equivalent shares of Common Stock outstanding on the record date. All shares voted, whether "For" or "Against" or abstentions, will count for purposes of establishing a quorum and, except as described below, for determining the number of votes cast with respect to a matter.

In the absence of controlling precedent to the contrary, the Company intends not to consider broker non-votes in determining whether the requisite majority of votes cast has been obtained with respect to a particular matter.

3

Internet or Telephone Voting

For Shares Directly Registered in the Name of the Stockholder. Stockholders with shares registered directly with Equiserve, the Company's transfer agent, may vote by telephone by calling 877-779-8683 or may vote on the Internet at the following address on the World Wide Web: <http://www.eproxyvote.com/sgi>.

For Shares Registered in the Name of a Brokerage Firm or Bank. A number of brokerage firms and banks are participating in a program for shares held in "street name" that offers telephone and Internet voting options. This program is different from the program provided by Equiserve for shares registered in the name of the stockholder. If your shares are held in an account at a brokerage firm or bank participating in this program, you may vote those shares by calling the telephone number referenced on your voting form. If your shares are held in an account at a brokerage firm or bank participating in the street name program, you already have been offered the opportunity to elect to vote using the Internet. Votes submitted via the Internet through the street name program must be received by 5:00 p.m. (Eastern Time) on December 10, 2002. The giving of such a proxy will not affect your right to vote in person should you decide to attend the annual meeting.

The telephone and Internet voting procedures are designed to authenticate stockholders' identities, to allow stockholders to give their voting instructions and to confirm that stockholders' instructions have been recorded properly. The Company has been advised by counsel that the telephone and Internet voting procedures that have been made available through Equiserve and the street name program are consistent with the requirements of applicable law. Stockholders voting via the Internet through either of these programs should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by the stockholder.

Deadline for Receipt of Stockholder Proposals for 2003 Annual Meeting

Proposals of stockholders intended to be presented at the Company's 2003 Annual Meeting must be received by the Company no later than June 27, 2003 in order to be included in the proxy materials for that meeting.

8

Each non-employee director receives a fee of \$6,000 per quarter and \$2,000 for each Board and committee meeting attended. Directors may elect to receive payment of their deferred compensation in a lump sum or in annual installments not to exceed ten years, except in the case of amounts in the stock credit account, which are distributed in a lump sum based on the value of the Company's Common Stock at the time the director's service terminates.

**REPORT OF THE COMPENSATION
AND HUMAN RESOURCES COMMITTEE
OF THE BOARD OF DIRECTORS**

The Compensation and Human Resources Committee of the Board of Directors recommends, subject to the Board's approval, executive compensation and stock option grants for the Chief Executive Officer. The Committee administers SGI's stock incentive plans and approves stock option grants for all other employees. The Committee is currently composed of four non-employee directors who have no interlocking relationships as defined by the SEC.

Compensation Philosophy

SGI operates in the highly competitive and rapidly changing high technology industry. The Committee seeks to establish compensation policies that allow SGI flexibility to respond to changes in its business environment. The goals of SGI's compensation program are to align compensation with SGI's overall business objectives and performance, to foster teamwork and to enable SGI to attract, retain and reward employees who contribute to its long-term success.

Executive Compensation Components

Compensation for SGI's executive officers generally consists of base salary and annual incentive plans, combined with stock option awards. The Committee assesses the past performance and anticipated future contribution of each executive officer in establishing the total amount and mix of each element of compensation.

Salary. The salaries of the executive officers, including the Chief Executive Officer, are determined by the Committee with reference to several surveys of salaries paid to executives with similar responsibilities at comparable companies, primarily in the high technology industry. The peer group for each executive officer is composed of executives whose responsibilities are similar in scope and content. SGI seeks to set executive compensation levels that are competitive with the average levels of peer group compensation.

Annual Incentive. The Committee annually reviews and approves an executive incentive plan. A target, expressed as a percentage of salary, is established for each executive, based on the scope of his or her responsibility. The actual payment amount is computed as a percentage of that target, based on SGI's performance in achieving specified objectives. For fiscal 2002, these objectives included the achievement by SGI of certain quarterly revenue and operating profit goals. These goals were achieved and bonuses were paid under this program in the second quarter of fiscal 2002.

12

Stock Options and Restricted Stock Awards. Stock options and restricted stock awards are designed to align the interests of executives with the long-term interests of the stockholders. The Committee approves option grants subject to vesting periods to retain executives and encourage sustained contributions. The exercise price of most options is the market price on the date of grant. Restricted stock awards are also subject to vesting, based generally on the passage of time.

Compensation of the Chief Executive Officer

Robert R. Bishop joined the company in the fall of 1999 as Chairman and Chief Executive Officer at an initial annual base salary of \$800,000 and his salary has remained unchanged. Mr. Bishop participated in the fiscal 2002 executive incentive program described above with a target of 185% of base salary and received a bonus in the second quarter of fiscal 2002, when the specified financial objectives were achieved. He elected to defer all compensation for fiscal 2000, 2001 and 2002.

In January 2002, Mr. Bishop was granted an option to purchase 250,000 shares of SGI Common Stock at the market price on that date, vesting over a 25 month period, and an option to purchase 500,000 shares of SGI Common Stock at the market price on that date, vesting over a 50 month period.

Section 162(m)

SGI is subject to *Section 162(m)* of the U.S. Internal Revenue Code, adopted in 1993, which limits the deductibility of certain compensation payments to its executive officers. SGI does not have a policy requiring the Committee to qualify all compensation for deductibility under this provision. The Committee's current view is that any non-deductible amounts will be immaterial to SGI's financial or tax position, and that SGI derives substantial benefits from the flexibility provided by the current system, in which the selection and quantification of performance targets are modified from year to year to reflect changing conditions. However, the Committee considers the net cost to SGI in making all compensation decisions and will continue to evaluate the impact of this provision on its compensation programs.

The independent auditors are responsible for auditing the financial statements. It is the responsibility of the Audit Committee to oversee these activities, and otherwise to fulfill the responsibilities outlined in its charter. Less than 1%.

(1) The options in this table were granted under the 1993 Long-Term Incentive Stock Plan. The options become exercisable at a rate of 2% per month over a period of fifty months or 4% per month over a period of 25 months and expire ten years from the date of grant.

(2) Potential realizable value assumes that the stock price increases from the date of grant until the end of the option term (10 years) at the annual rate specified (5% and 10%). The 5% and 10% assumed annual rates of appreciation are mandated by SEC rules and do not represent SGI's estimate or projection of the future Common Stock price. SGI believes that this method does not accurately illustrate the potential value of stock options.

Option Exercises in Fiscal 2002 and Fiscal Year-End Option Values

Name	Shares Acquired on Exercise	Value Realized	Number of Unexercised Options at June 30, 2002		Value of Unexercised In-the-Money Options at Fiscal-Year-End(1)

(1) The amounts in this column reflect the difference between the closing market price of the Common Stock on June 28, 2002, which was \$2.94 and the option exercise price. The actual value of unexercised options fluctuates with the market price of the Common Stock.

CERTAIN TRANSACTIONS

Arrangements with Executive Officers

Employment Continuation Agreements. SGI has entered into employment continuation agreements with its executive officers with the goal of encouraging the continued employment of key executives in the event of a potential change in control of SGI. Under the agreements, each executive officer (1) is entitled to a termination payment equal to two years of his or her compensation if employment with SGI is terminated within 24 months after such a change in control, and (2) is granted full vesting of options and restricted stock effective after such a change in control.

Edgar Filing: SILICON GRAPHICS INC /CA/ - Form DEF 14A

Executive Loans. During fiscal 2001 and 2002, the Company extended loans to several executive officers. The loans were intended to provide a retention incentive and were approved by the Compensation and Human Resources Committee of the Board of Directors. Since the loans were extended, federal legislation has been enacted prohibiting such extensions of credit to executive officers and accordingly, no future extensions of credit will be made by the Company.

The Company loaned Ms. Escher \$280,000 in October 2001. The loan is interest free and will be forgiven in quarterly installments beginning in December 2001 over two years, subject to her continued employment with SGI, or in full upon termination as a result of death or disability or by the company without cause or upon certain liquidation and bankruptcy events of the Company. At September 30, 2002, the remaining principal balance of the loan was \$140,000. To the extent that Ms. Escher is subject to income tax as a result of the interest free nature of the loan, the Company has agreed to pay Ms. Escher an amount, which after the imposition of taxes on the amount, will equal the amount of the income taxes arising due to the interest free nature of the loan.

Mr. Pratt was made Chief Operating Officer in April 2001. Under his amended employment agreement entered into at that time, the Company committed to extend credit of up to \$5 million to Mr. Pratt.

Pursuant to this obligation, the Company advanced funds of \$2 million in May 2001 and \$1 million in May 2002, and is required to advance funds of an additional \$1 million in each of May 2003 and May 2004 subject to Mr. Pratt's continued employment with the Company. The loan is interest free and will be settled at May 2005, or earlier in the event of a change in control or the termination of Mr. Pratt's employment without cause or for good reason. At the settlement date, Mr. Pratt will pay an amount equal to (i) the value of his vested stock options and restricted stock held or sold from May 2000 through the settlement date and (ii) if

17

applicable, any change in control payments, up to the outstanding principal amount. Any remaining amount of the loan will be forgiven. On a termination for cause or resignation without good reason, the principal amount of the loan will be repayable in full. To the extent that Mr. Pratt is subject to income tax as a result of income being imputed to him due to the interest free nature of the loan, the Company has agreed to pay Mr. Pratt an amount equal to (i) an amount, which after the imposition of taxes on such amount, will equal the amount of such income tax arising due to the interest free nature of the loan less (ii) the amount of the actual after-tax income received by Mr. Pratt as a result of investing the proceeds of the loan.

In September 2000, the Company also made Mr. Pratt two five-year relocation loans secured by his California residence. Mr. Pratt received a \$250,000 loan at an annual interest rate of 6.75% to be repaid in September 2005 or on the earlier sale of the residence or termination of his employment and a \$500,000 loan at no interest to be forgiven in monthly installments over five years subject to continued employment with the Company. Mr. Pratt's maximum aggregate indebtedness to the Company during fiscal 2002 under these loans was \$675,000, and at September 30, 2002 was \$584,889. During fiscal 2002, Mr. Pratt also received tax equalization payments in the amount of \$52,768 in connection with his service in fiscal 1999 and 2000 as President of the Company's Alias/Wavefront subsidiary in Toronto, Ontario.

Mr. Zellmer was made Chief Financial Officer in July 2001. As part of his compensation arrangement, the Company loaned Mr. Zellmer \$500,000. The loan is interest free and will be forgiven in quarterly installments beginning in October 2001 over two years, subject to his continued employment with SGI, or in full upon termination as a result of death or disability or by the Company without cause and upon certain liquidation and bankruptcy vents of the Company. At September 30, 2002, the remaining principal balance of the loan was \$250,000. To the extent that Mr. Zellmer is subject to income tax as a result of the interest free nature of the loan, the Company has agreed to pay Mr. Zellmer an amount, which after the imposition of taxes on such amount, will equal the amount of such income taxes.
