NOTES TO FINANCIAL STATEMENTS
(Unaudited)

Note 1- INTERIM RESULTS AND BASIS OF PRESENTATION

The accompanying unaudited financial statements as of June 27, 2003 and for the three month periods then ended have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and Items 303 and 310 of Regulation S-B. In the opinion of management, the unaudited financial statements have been prepared on the same basis as the annual financial

Edgar Filing: IEH CORPORATION - Form 10-Q

statements and reflect all adjustments, which include only normal recurring adjustments, necessary to present fairly the financial position as of June 27, 2003 and the results of operations and cash flows for the three month periods then ended. The financial data and other information disclosed in these notes to the interim financial statements related to these periods are unaudited. The results for the three months ended June 27, 2003 are not necessarily indicative of the results to be expected for any subsequent quarter or the entire fiscal year. The balance sheet at March 28, 2003 has been derived from the audited financial statements at that date.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted pursuant to the Securities and Exchange Commission's rules and regulations. The Company believes, however, that the disclosures in this report are adequate to make the information presented not misleading in any material respect. The accompanying financial statements should be read in conjunction with the audited financial statements of IEH Corporation as of March 28, 2003 and notes thereto included in the Company's report on Form 10-KSB as filed with the Securities and Exchange Commission.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Description of Business:

The Company is engaged in the design, development, manufacture and distribution of high performance electronic printed circuit connectors and specialized interconnection devices. Electronic connectors and interconnection devices are used in providing electrical connections between electronic component assemblies. The Company develops and manufactures connectors which are designed for a variety of high technology and high performance applications, and are primarily utilized by those users who require highly efficient and dense (the space between connection pins with the connector) electrical connections.

The Company is continuously redesigning and adapting its connectors to meet and keep pace with developments in the electronics industry and has, for example, developed connectors for use with flex-circuits now being used in aerospace programs, computers, air-borne communications systems, testing systems and other areas. The Company also services its connectors to meet specified product requirements.

(Unaudited)

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Accounting Period:

The Company maintains an accounting period based upon a 52-53 week year which ends on the nearest Friday in business days to March 31st. For the year ended March 26, 2004, the year is comprised of 52 weeks. The year ended March 28, 2003 was comprised of 52 weeks.

Revenue Recognition:

Edgar Filing: IEH CORPORATION - Form 10-Q

Revenues are recognized at the shipping date of the Company's products.

The Company's policy with respect to customer returns and allowances as well as product warranty is as follows:

The Company will accept a return of defective product within one year from shipment for repair or replacement at the Company's option. If the product is repairable, the Company at its own cost will repair and return to the customer. If unrepairable, the Company will either offer an allowance against payment or will reimburse the customer for the total cost of product.

Most of the Company's products are custom ordered by customers for a specific use. The Company provides engineering services as part of the relationship with its customers in developing the custom product. The Company is not obligated to provide such engineering service to its customers. The Company does not charge separately for these services.

Inventories:

Inventories are stated at cost, on a first-in, first-out basis, which does not exceed market value.

Concentration of Credit Risk:

The Company maintains cash balances at one bank. Amounts on deposit are insured by the Federal Deposit Insurance Corporation up to \$100,000 in aggregate. There were no uninsured balances at either June 27, 2003 or March 28, 2003.

Property, Plant and Equipment:

Property, plant and equipment is stated at cost less accumulated depreciation and amortization. The Company provides for depreciation and amortization using the Modified Accelerated Cost Recovery System (MACRS) method over the estimated useful lives (5-7 years) of the related assets.

Maintenance and repair expenditures are charged to operations, and renewals and betterments are capitalized. Items of property, plant and equipment which are sold, retired or otherwise disposed of are removed from the asset and accumulated depreciation or amortization account. Any gain or loss thereon is either credited or charged to operations.

NOTES TO FINANCIAL STATEMENTS

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Income Taxes:

The Company follows the policy of treating investment tax credits as a reduction in the provision for federal income tax in the year in which the credit arises or may be utilized. Deferred income taxes arise from temporary differences resulting from different depreciation methods used for financial and income tax purposes. The Company has adopted Statement of Financial Accounting Standards (SFAS) No. 109, "Accounting for Income

Edgar Filing: IEH CORPORATION - Form 10-Q

Taxes".

Net Income Per Share:

The Company has adopted the provisions of SFAS No. 128, "Earnings Per Share", which requires the disclosure of "basic" and "diluted" earnings (loss) per share. Basic earnings per share is computed by dividing net income by the weighted average number of common shares outstanding during each period. Diluted earnings per share is similar to basic earnings per share except that the weighted average number of common shares outstanding is increased to reflect the dilutive effect of potential common shares, such as those issuable upon the exercise of stock or warrants, as if they had been issued. For the three months ended June 27, 2003 and June 28, 2002, there were no items of potential dilution that would impact on the computation of diluted earnings or loss per share.

Fair Value of Financial Instruments:

The carrying value of the Company's financial instruments, consisting of accounts receivable, accounts payable, and borrowings, approximate their fair value due to the relatively short maturity (three months) of these instruments.

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual amounts could differ from those estimates.

Impairment of Long-Lived Assets:

SFAS No. 121, "Accounting For The Impairment of Long-Lived Assets To Be Disposed Of", requires that long-lived assets and certain identifiable intangibles to be held and used by an entity be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. The Company has adopted SFAS No. 121. There were no long-lived asset impairments recognized by the Company for the three months ended June 27, 2003 and June 28, 2002.

IEH CORPORATION

NOTES TO FINANCIAL STATEMENTS

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (CONTINUED)

Reporting Comprehensive Income:

The Company has adopted the provisions of SFAS No. 130, "Reporting Comprehensive Income". This statement established standards for reporting and display of comprehensive income and its components (revenues, expenses, gains and losses) in an entity's financial statements. This Statement requires an entity to classify items of other comprehensive income by their nature in a financial statement and display the accumulated balance of other comprehensive income separately from retained earnings and additional paid-in capital in the equity section of a

Edgar Filing: IEH CORPORATION - Form 10-Q

statement of financial position. There were no material items of comprehensive income to report for the three months ended June 27, 2003 and June 28, 2002.

Segment Information:

The Company has adopted the provisions of SFAS No. 131, "Disclosures About Segment of An Enterprise and Related Information." This Statement requires public enterprises to report financial and descriptive information about its reportable operating segments and establishes standards for related disclosures about product and services, geographic areas, and major customers. The adoption of SFAS No. 131 did not affect the Company's presentation of its results of operations or financial position.

Effect of New Accounting Pronouncements:

The Company does not believe that any recently issued but not yet effective accounting standards, have a material effect on the Company's financial position, results of operations or cash flows.

Note 3 - INVENTORIES:

Inventories are comprised of the following:

	June 27, 2003	March 28, 2003
	-----	-----
Raw materials	\$ 687,438	\$ 709,647
Work in progress	272,296	281,075
Finished goods	95,266	98,353
	-----	-----
	\$1,055,000	\$1,089,075
	=====	=====

Inventories are priced at the lower of cost (first-in, first-out method) or market, whichever is lower. The Company has established a reserve for obsolescence to reflect net realizable inventory value. The balance of this reserve as of June 27, 2003 was \$12,000. At March 28, 2003, the balance of this reserve was \$0.

Inventories at June 27, 2003 and March 28, 2003 are recorded net of this reserve.

Note 7- ACCOUNTS RECEIVABLE FINANCING:

The Company has an accounts receivable financing agreement with a factor which bears interest at 2.5% above prime with a minimum of 12% per annum. At June 27, 2003 the amount outstanding with the factor was \$668,425 as compared to \$712,659 at March 28, 2003. The loan is secured by the Company's accounts receivables and inventories.

Note 8- 2001 EMPLOYEE STOCK OPTION PLAN:

On December 21, 2001 the Company's shareholders approved the adoption of the Company's 2001 Employees Stock Option Plan to provide for the grant of options to purchase up to 750,000 shares of the Company's common stock to all employees, including senior management.

Edgar Filing: IEH CORPORATION - Form 10-Q

Options granted to employees under this plan may be designated as options which qualify for incentive stock option treatment under Section 422A of the Internal Revenue Code, or options which do not so qualify.

Under this plan, the exercise price of an option designated as an Incentive Stock Option shall not be less than the fair market value of the Company's common stock on the day the option is granted. In the event an option designated as an incentive stock option is granted to a ten percent (10%) shareholder, such exercise price shall be at least 110 Percent (110%) of the fair market value or the Company's common stock and the option must not be exercisable after the expiration of five years from the day of the grant.

Exercise prices of non incentive stock options may be less than the fair market value of the Company's common stock..

The aggregate fair market value of shares subject to options granted to a participant(s), which are designated as incentive stock options, and which become exercisable in any calendar year, shall not exceed \$100,000. As of June 27, 2003 no options had been granted under the plan.

Note 9 - COMMITMENTS:

The Company exercised its option to renew its lease on the premises for 10 years. The original lease ran through August 23, 2001.

The Company is obligated under this renewal through August 23, 2011, at minimum annual rentals as follows:

Fiscal year ending March,

2004	\$ 84,573
2005	112,764
2006	112,764
2007	112,764
2008	112,764
2009	112,764
2010	112,764
2011	75,176

	\$ 836,333
	=====

The rental expense for the three months ended June 27, 2003 for this lease was \$28,191.

The terms of the renewal are presently being negotiated by the Company and its landlord Apple Industrial Development Corporation.

The Company has a collective bargaining multi-employer pension plan with the United Auto Workers of America, Local 259. Contributions are made in accordance with a negotiated labor contract and are based on the number of

Edgar Filing: IEH CORPORATION - Form 10-Q

covered employees employed per month. With the passage of the Multi-Employer Pension Plan Amendments Act of 1990 ("The Act"), the Company may become subject to liabilities in excess of contributions made under the collective bargaining agreement. Generally, these liabilities are contingent upon the termination, withdrawal, or partial withdrawal from the Plan.

The Company has not taken any action to terminate, withdraw or partially withdraw from the Plan nor does it intend to do so in the future. Under the Act, liabilities would be based upon the Company's proportional share of the Plan's unfunded vested benefits which is currently not available. The amount of accumulated benefits and net assets of such Plan also is not currently available to the Company. The total contributions charged to operations under this pension plan were \$14,117 for the three months ended June 27, 2003 and \$11,674 for the three months ended June 28, 2002.

As of June 27, 2003, the Company reported arrears with respect to its contributions to the Union's Health and Welfare plan. The amount due the Health and Welfare plan was \$36,328.

The total amount due of \$36,328 is reported on the accompanying balance sheet as follows: \$30,000 as a current liability and \$6,328 as a long term liability.

13

IEH CORPORATION

NOTES TO FINANCIAL STATEMENTS (Unaudited)

Note 9 - COMMITMENTS (continued):

In December 1993, the Company and Local 259 entered into a verbal agreement whereby the Company would satisfy this debt by the following payment schedule:

The sum of \$2,500 will be paid by the Company each month in satisfaction of the current arrears until this total debt has been paid. Under this agreement, the projected payment schedule for arrears will satisfy the total debt in 15 months.

On June 30, 1995, the Company applied to the Pension Benefit Guaranty Corporation ("PBGC") to have the PBGC assume all of the Company's responsibilities and liabilities under its Salaried Pension Plan. On April 26, 1996, the PBGC determined that the Salaried Pension Plan did not have sufficient assets available to pay benefits which were and are currently due under the terms of the Plan.

The PBGC further determined that pursuant to the provisions of the Employment Retirement Income Security Act of 1974, as amended ("ERISA"), that the Plan must be terminated in order to protect the interests of the Plan's participants. Accordingly, the PBGC proceeded pursuant to ERISA to have the Plan terminated and the PBGC appointed as statutory trustee, and to have July 31, 1995 established as the Plan's termination date.

The Company and the PBGC negotiated a settlement on the entire matter and on July 2, 2001, an agreement was reached whereby the Company's liability to the PBGC was reduced to \$244,000. The Company will make monthly payments to the PBGC as follows:

Edgar Filing: IEH CORPORATION - Form 10-Q

September 1, 2003 to August 1, 2004	\$2,000 per month
September 1, 2004 to August 1, 2006	\$3,000 per month
September 1, 2006 to August 1, 2007	\$4,000 per month

In addition, to the above referenced monthly payments, the Company will make balloon payments of \$25,000 each on the following dates:

January 1, 2004
May 1, 2004
May 1, 2005
January 1, 2006

The Company will also grant the PBGC a lien on the Company's machinery and equipment.

As a result of this agreement the amount due the PBGC has been restated to \$244,000 and is reported on the accompanying balance sheet as follows: \$70,000 as a current liability and \$174,000 as a long term liability.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Statements contained in this report which are not historical facts may be considered forward-looking information with respect to plans, projections, or future performance of the Company as defined under the Private Securities litigation Reform Act of 1995. These forward-looking statements are subject to risks and uncertainties which could cause actual results to differ materially from those projected. The words "anticipate", "believe", "estimate", "expect", "objective", and "think" or similar expressions used herein are intended to identify forward-looking statements. The forward-looking statements are based on the Company's current views and assumptions and involve risks and uncertainties that include, among other things, the effects of the Company's business, actions of competitors, changes in laws and regulations, including accounting standards, employee relations, customer demand, prices of purchased raw material and parts, domestic economic conditions, including housing starts and changes in consumer disposable income, and foreign economic conditions, including currency rate fluctuations. Some or all of the facts are beyond the Company's control.

The following discussion and analysis should be read in conjunction with the consolidated financial statements and related footnotes which provide additional information concerning the Company's financial activities and condition.

CRITICAL ACCOUNTING POLICIES

Accounting Period:

The Company maintains an accounting period based upon a 52-53 week year which ends on the nearest Friday in business days to March 31st.

Revenue Recognition:

Revenues are recognized at the shipping date of the Company's products.

The Company's policy with respect to customer returns and allowances as well as product warranty is as follows:

The Company will accept a return of defective product within one year from shipment for repair or replacement at the Company's option.

If the product is repairable, the Company at its own cost will repair and return it to the customer. If unrepairable, the Company will either offer an allowance against payment or will reimburse the customer for the total cost of the product.

Most of the Company's products are custom ordered by customers for a specific use. The Company provides engineering services as part of the relationship with its customers in developing the custom product. The Company is not obligated to provide such engineering service to its customers. The Company does not charge separately for these services.

Inventories:

Inventories are stated at cost, on a first-in, first-out basis, which does not exceed market value.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

CRITICAL ACCOUNTING POLICIES (CONTINUED)

Concentration of Credit Risk:

The Company maintains cash balances at one bank. Amounts on deposit are insured by the Federal Deposit Insurance Corporation up to \$100,000 in aggregate. There were no uninsured balances at either June 27, 2003 or March 28, 2003.

Property, Plant and Equipment:

Property, plant and equipment is stated at cost less accumulated depreciation and amortization. The Company provides for depreciation and amortization using the Modified Accelerated Cost Recovery System (MACRS) method over the estimated useful lives (5-7 years) of the related assets.

Maintenance and repair expenditures are charged to operations, and renewals and betterments are capitalized. Items of property, plant and equipment which are sold, retired or otherwise disposed of are removed

Edgar Filing: IEH CORPORATION - Form 10-Q

from the asset and accumulated depreciation or amortization account. Any gain or loss thereon is either credited or charged to operations.

Income Taxes:

The Company follows the policy of treating investment tax credits as a reduction in the provision for federal income tax in the year in which the credit arises or may be utilized. Deferred income taxes arise from temporary differences resulting from different depreciation methods used for financial and income tax purposes. The Company has adopted Statement of Financial Accounting Standards (SFAS) No. 109, "Accounting for Income Taxes".

Net Income Per Share:

The Company has adopted the provisions of SFAS No. 128, "Earnings Per Share", which requires the disclosure of "basic" and "diluted" earnings (loss) per share. Basic earnings per share is computed by dividing net income by the weighted average number of common shares outstanding during each period.

Diluted earnings per share is similar to basic earnings per share except that the weighted average number of common shares outstanding is increased to reflect the dilutive effect of potential common shares, such as those issuable upon the exercise of stock or warrants, as if they had been issued. For the three months ended June 27, 2003 and June 28, 2002, there were no items of potential dilution that would impact on the computation of diluted earnings or loss per share.

Fair Value of Financial Instruments:

The carrying value of the Company's financial instruments, consisting of accounts receivable, accounts payable, and borrowings, approximate their fair value due to the relatively short maturity (three months) of these instruments.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

CRITICAL ACCOUNTING POLICIES (CONTINUED)

Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, revenues and expenses, and disclosure of contingent assets and liabilities at the date of the financial statements. Actual amounts could differ from those estimates.

Impairment of Long-Lived Assets:

SFAS No. 121, "Accounting For The Impairment of Long-Lived Assets To Be Disposed Of", requires that long-lived assets and certain identifiable intangibles to be held and used by an entity be reviewed for impairment whenever events or changes in circumstances indicate that the carrying

Edgar Filing: IEH CORPORATION - Form 10-Q

amount of an asset may not be recoverable. The Company has adopted SFAS No. 121. There were no long-lived asset impairments recognized by the Company for the three months ended June 27, 2003 and June 28, 2002.

Reporting Comprehensive Income:

The Company has adopted the provisions of SFAS No. 130, "Reporting Comprehensive Income". This statement established standards for reporting and display of comprehensive income and its components (revenues, expenses, gains and losses) in an entity's financial statements. This Statement requires an entity to classify items of other comprehensive income by their nature in a financial statement and display the accumulated balance of other comprehensive income separately from retained earnings and additional paid-in capital in the equity section of a statement of financial position. There were no material items of comprehensive income to report for the three months ended June 27, 2003 and June 28, 2002.

Segment Information:

The Company has adopted the provisions of SFAS No. 131, "Disclosures About Segment of An Enterprise and Related Information." This Statement requires public enterprises to report financial and descriptive information about its reportable operating segments and establishes standards for related disclosures about product and services, geographic areas, and major customers. The adoption of SFAS No. 131 did not affect the Company's presentation of its results of operations or financial position.

COMPARATIVE ANALYSIS-THREE MONTHS

Operating revenues for the three months ended June 27, 2003 amounted to \$1,222,252 reflecting a 1% increase versus the comparative three months operating revenues of \$1,211,693. The increase is a direct result of an increase in commercial, governmental and military sales, during the three months ended June 27, 2003 as compared to the three months ended June 28, 2002.

Cost of products sold amounted to \$903,989 for the three months ended June 27, 2003 or 74.0% of operating revenues. This reflected an increase of \$29,246 or 3.3% of the cost of products sold of \$874,743 or 72.2% of operating revenues for the three months ended June 28, 2002.

Selling, general and administrative expenses were \$242,856 or 19.8% of revenues for the three months ended June 27, 2003 compared to \$197,683 or 16.3% of revenues for the comparable three month period ended June 28, 2002. The increase of \$45,173 or 22.9% was primarily due to an increase in travel during the three months ended June 27, 2003.

ITEM 2 - MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS

COMPARATIVE ANALYSIS-THREE MONTHS (Continued)

Interest expense was \$29,798 or 2.4% of revenues for the period ended June 27, 2003 as compared to \$34,650 or 2.9 % of revenues in the three month period ended June 28, 2002.

Depreciation and amortization of \$50,700 or 4.2% of revenues was reported for the three month period ended June 27, 2003 . This reflects a minimal increase from the comparable three month period ended June 28, 2002 of \$50,400 or 4.2% of revenues.

The Company reported a net loss of \$9,258 for the three months ended June 27, 2003, representing basic loss per common share of \$.004 as compared to a net income of \$50,137 or \$.022 per common share for the three months ended June 28, 2002.

LIQUIDITY AND CAPITAL RESOURCES

The Company reported working capital deficit as of June 27, 2003 of

Edgar Filing: IEH CORPORATION - Form 10-Q

\$124,020 as compared to a working capital deficit of \$74,495 at March 28, 2003. The decrease in working capital of \$49,525 was attributable to the following items:

Net income (loss)	
(excluding depreciation and amortization)	\$ (9,258)
Capital expenditures	(62,538)
Other transactions	22,271

	\$ (49,525)
	=====

As a result of the above, the current ratio (current assets to current liabilities) was .93 to 1.0 as of June 27, 2003 as compared to .97 to 1.0 at March 28, 2003. Current liabilities at June 27, 2003 were \$1,856,755 as compared to \$1,992,702 at March 28, 2003.

The Company expended \$62,538 in capital expenditures in the three months ended June 27, 2003. Depreciation and amortization for the three months ended June 27, 2003 was \$50,700.

The Company has an accounts receivable financing agreement with a factor which bears interest at 2.5% above prime with a minimum of 12% per annum. The agreement had an initial term of one year and will automatically renew for successive one year terms, unless terminated by the Company or Lender upon receiving sixty days prior notice. The loan is secured by the Company's accounts receivable and inventories. At June 27, 2003 the amount outstanding was \$668,425 as compared to \$712,659 at March 28, 2003.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

LIQUIDITY AND CAPITAL RESOURCES (continued)

The Company has a collective bargaining multi-employer pension plan with the United Auto Workers of America, Local 259. Contributions are made in accordance with a negotiated labor contract and are based on the number of covered employees employed per month.

With the passage of the Multi-Employer Pension Plan Amendments Act of 1990 ("The Act"), the Company may become subject to liabilities in excess of contributions made under the collective bargaining agreement. Generally, these liabilities are contingent upon the termination, withdrawal, or partial withdrawal from the Plan.

The Company has not taken any action to terminate, withdraw or partially withdraw from the Plan nor does it intend to do so in the future. Under the Act, liabilities would be based upon the Company's proportional share of the Plan's unfunded vested benefits which is currently not available.

The amount of accumulated benefits and net assets of such Plan also is not currently available to the Company. The total contributions charged to operations under this pension plan were \$14,117 for the three months ended June 27, 2003 and \$11,674 for the three months ended June 28, 2002.

As of June 27, 2003, the Company reported arrears with respect to its

Edgar Filing: IEH CORPORATION - Form 10-Q

contributions to the Union's Health & Welfare plan. The amount due the Health & Welfare plan was \$36,328.

The total amount due of \$36,328 is reported on the accompanying balance sheet as follows: \$30,000 as a current liability and \$6,328 as a long term liability.

In December 1993, the Company and Local 259 entered into a verbal agreement whereby the Company would satisfy this debt by the following payment schedule:

The sum of \$2,500 will be paid by the Company each month in satisfaction of the current arrears until this total debt has been paid. Under this agreement, the projected payment schedule for arrears will satisfy the total debt in 15 months.

On June 30, 1995, the Company applied to the Pension Benefit Guaranty Corporation ("PBGC") to have the PBGC assume all of the Company's responsibilities and liabilities under its Salaried Pension Plan. On April 26, 1996, the PBGC determined that the Salaried Pension Plan did not have sufficient assets available to pay benefits which were and are currently due under the terms of the Plan.

The PBGC further determined that pursuant to the provisions of the Employment Retirement Income Security Act of 1974, as amended ("ERISA"), that the Plan must be terminated in order to protect the interests of the Plan's participants. Accordingly, the PBGC proceeded pursuant to ERISA to have the Plan terminated and the PBGC appointed as statutory trustee, and to have July 31, 1995 established as the Plan's termination date.

LIQUIDITY AND CAPITAL RESOURCES (continued)

The Company and the PBGC negotiated a settlement on the entire matter and on July 2, 2001, an agreement was reached whereby the Company's liability to the PBGC was reduced to \$244,000. The Company will make monthly payments to the PBGC as follows:

September 1, 2003 to August 1, 2004	\$2,000 per month
September 1, 2004 to August 1, 2006	\$3,000 per month
September 1, 2006 to August 1, 2007	\$4,000 per month

In addition, to the above referenced monthly payments, the Company will make balloon payments of \$25,000 each on the following dates:

January 1, 2004
May 1, 2004
May 1, 2005
January 1, 2006

The Company will also grant the PBGC a lien on the Company's machinery and equipment.

As a result of this agreement the amount due the PBGC has been restated to

Edgar Filing: IEH CORPORATION - Form 10-Q

\$244,000 and is reported on the accompanying balance sheet as follows: \$70,000 as a current liability and the balance of \$174,000 as a long term liability.

EFFECTS OF INFLATION

The Company does not view the effects of inflation to have a material effect upon its business. Increases in costs of raw materials and labor costs have been offset by increases in the price of the Company's products, as well as reductions in costs of production, reflecting management's efforts in this area.

While the Company has in the past increased its prices to customers, it has maintained its relative competitive price position. However, significant decreases in government, military subcontractor spending has provided excess production capacity in the industry which has tightened pricing margins.
