Part III. Narrative

State below in reasonable detail the reasons why Form 10-K, 11-K, 20-F, 10-Q, N-SAR or the transition report portion thereof could not be filed within the prescribed time period. (Attach extra sheets if needed).

As a result of finalizing the process of impairment testing and estimating the fair value of impaired assets, among other things, the Company requires additional time to complete its year-end close process and complete its financial statements. Accordingly, the Company cannot file its annual report on Form 10-K for the period ended December 31, 2008 by the prescribed deadline due to delays in the finalization of its audited financial statements for the period, which finalization cannot be accomplished without unreasonable effort or expense. The Company expects to file the Form 10-K on or before April 15, 2009.

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

x Yes o No

If so attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

The Company s 2008 earnings statement to be included in its 2008 annual report on Form 10-K will reflect a significant change in its results of operations from the 2007 fiscal year. 2008 operating results will reflect certain significant non-cash charges, including the following:

- (1) Pretax impairment charges related to goodwill, other intangible assets, and certain other long-lived assets aggregating approximately \$60 million to \$65 million.
- (2) Establishment of a valuation allowance against deferred tax assets net of deferred tax liabilities expected to reverse of approximately \$17 million to \$20 million. The tax valuation allowance will reduce the income tax credit.
