Item 8.01. Other Events.

On March 3, 2019, the Company provided information on Laser Spine Institute, which leases a 176,000 square-foot, six-story building with structured parking in Tampa’s Westshore submarket. After the market closed on March 1, 2019, Laser Spine Institute announced it would immediately discontinue its operations, which affects all of its locations nationwide.

As a result of Laser Spine Institute’s sudden closure, the Company expects to write-off accounts and notes receivable, lease incentives and straight-line rents receivable associated with the building, which aggregated \$11.8 million at December 31, 2018 (including non-cash items of approximately \$6.8 million). These charges will affect the Company’s funds from operations for the first quarter of 2019. During the first quarter of 2019, the Company also expects to write-off deferred leasing costs associated with the building, which aggregated \$11.8 million at December 31, 2018. The write-off of deferred leasing costs will affect net income, but not funds from operations.

The following table sets forth financial information about the Laser Spine Institute building as of and for the year ended December 31, 2018 (in thousands, except percentages):

GAAP Rental Revenue	\$6,344
Cash Rental Revenue	\$6,106
Percentage of the Company’s Total Annualized Cash Rental Revenue ⁽¹⁾	0.95%
GAAP Net Operating Income	\$4,974
Interest and Other Income	\$304
Accounts and Notes Receivable, Lease Incentives and Straight-Line Rents Receivable	\$11,771
Deferred Leasing Costs	\$11,764

(1) Annualized Cash Rental Revenue is cash rental revenue (base rent plus cost recovery income, excluding straight-line rent) for the month of December 2018 multiplied by 12.
