PROSPECTUS SUPPLEMENT SUMMARY

The Company

Founded in 1908, CIT Group Inc., a Delaware corporation, is a bank holding company that, together with its subsidiaries (collectively we, CIT or the Company), provides primarily commercial financing and leasing products and other services to small and middle-market businesses across a wide variety of industries. CIT became a bank holding company in December 2008, and is regulated by the Board of Governors of the Federal Reserve System and the Federal Reserve Bank of New York under the U.S. Bank Holding Company Act of 1956, as amended.

CIT operates primarily in North America, with additional locations in Europe, South America and Asia. We are a commercial lender and lessor, providing financial solutions to small business and middle-market companies. Our clients operate in over 30 industries, including transportation, particularly aerospace and rail, manufacturing and retail. We originated over \$9 billion of funded new business volume during 2012 and had over \$35 billion of financing and leasing assets at March 31, 2013.

Each business has industry alignment and focuses on specific sectors, products and markets, with portfolios diversified by client and geography. Our principal product and service offerings include:

Products and Services

Account receivables collection	Factoring services
Acquisition and expansion financing	Financial risk management
Asset management and servicing	Import and export financing
Asset-based loans	Insurance services
Credit protection	Leases: operating, capital and leveraged
Debt restructuring	Letters of credit / trade acceptances
Debt underwriting and syndication	Merger and acquisition advisory services
Debtor-in-possession / turnaround financing	Secured lines of credit
Deposits	Small business loans
Enterprise value and cash flow loans	Vendor financing

We source business through marketing efforts directly to borrowers, lessees, manufacturers, vendors and distributors, and through referral sources and other intermediaries. We also buy participations in syndications of finance receivables and lines of credit and periodically purchase finance receivables on a whole-loan basis.

We generate revenue by earning interest on loans we hold on our balance sheet, collecting rentals on equipment we lease, and earning fee and other income for the financial services we provide. In addition, we strive to syndicate and sell certain finance receivables and equipment to leverage our origination capabilities, reduce concentrations, manage our balance sheet and maintain liquidity.

We set underwriting standards for each business unit and employ portfolio risk management models to achieve desired portfolio demographics. Our collection and servicing operations are organized by business and geography in order to provide efficient client interfaces and uniform customer experiences.

As a bank holding company, we have bank and non-bank subsidiaries. Our primary bank subsidiary is CIT Bank, a state chartered bank located in Salt Lake City, Utah, that offers commercial financing and leasing products and services and online banking products. CIT Bank is subject to regulation and examination by the Federal Deposit Insurance Corporation (FDIC) and the Utah Department of Financial Institutions. As of March 31, 2013, nearly all of

the new U.S. business volume in Corporate Finance, Vendor Finance and Transportation Finance was being originated in CIT Bank.

We fund our non-bank business in the global capital markets, principally through asset-backed and other secured financing arrangements, various forms of unsecured debt and bank borrowings. CIT Bank funds itself via broker-originated deposits, retail certificates of deposit, retail savings accounts and various forms of secured funding. CIT relies on these diverse funding sources to maintain liquidity and manages interest rate, foreign currency and other market risks through disciplined matched-funding strategies.

Recent Developments

On July 23, 2013, we issued a press release announcing the financial results of CIT Group Inc. as of and for the quarter ended June 30, 2013, which was filed as an exhibit to a Current Report on Form 8-K filed with the SEC on July 23, 2013 and incorporated herein by reference. PricewaterhouseCoopers LLP, our independent registered public accounting firm, has not audited, reviewed, compiled or performed any procedures with respect to the financial information in the earnings release. Accordingly, PricewaterhouseCoopers LLP does not express an opinion or any other form of assurance with respect thereto. We are currently preparing our Quarterly Report on Form 10-Q for the quarter ended June 30, 2013 which will be reviewed by our independent registered public accounting firm. While we believe the financial information in the earnings release fairly presents, in all material respects, our results of operations and financial condition for and as of the end of such quarter, the preparation of our Quarterly Report on Form 10-Q and the review by our independent registered public accounting firm could result in changes to our reported financial information, and such changes may be material.

RISK FACTORS

The operation of our business pursuant to a banking model, the continued economic uncertainty in the U.S. and other regions of the world, and the effects of the transactions that were effectuated in our 2009 bankruptcy reorganization each involve various elements of risk and uncertainty. Before making a decision whether to invest in the Notes, you should carefully consider the risks and uncertainties described below, as well as the risks described under Risk Factors in the accompanying prospectus and risks described under Risk Factors in our 2012 10-K and our 2013 First Quarter 10-Q, each of which is incorporated herein by reference. Additional risks that are presently unknown to us or that we currently deem immaterial may also impact our business.

Risks Relating to the Notes

We have a substantial amount of indebtedness which could adversely affect our financial position and prevent us from fulfilling our obligations under the Notes.

As of March 31, 2013, we had total debt of approximately \$21.6 billion, excluding deposits. We may also incur significant additional indebtedness in the future. Our substantial indebtedness may:

make it difficult for us to satisfy our financial obligations, including making scheduled principal and interest payments on the Notes and our other indebtedness;

limit our ability to borrow additional funds for working capital, capital expenditures, acquisitions or other general business purposes;

limit our ability to use

our cash flow

We may not be able to generate sufficient cash to service our debt obligations, including our obligations under the Notes.

Our ability to make payments on and to refinance our indebtedness, including the Notes, will depend on our financial and operating performance, which is subject to prevailing economic and competitive conditions and to certain financial, business and other factors beyond our control. We may be unable to maintain a level of cash flows from operating activities sufficient to permit us to pay the principal, premium, if any, and interest on our indebtedness, including the Notes.

If our cash flows and capital resources are insufficient to fund our debt service obligations, we may be unable to provide new loans or other products or to fund our obligations to existing customers and otherwise implement our business plans, or to sell assets, seek additional capital or restructure or refinance our indebtedness, including the Notes. As a result, we may be unable to meet our scheduled debt service obligations. In the absence of such operating results and resources, we could face substantial liquidity problems and might be required to dispose of material assets or operations to meet our debt service and other obligations. We may not be able to consummate those dispositions of assets or to obtain the proceeds that we could otherwise realize from them and proceeds received may not be adequate to meet any debt service obligations then due.

The Notes are the unsecured obligations of CIT and not obligations of our subsidiaries and will be effectively subordinated to the claims of our subsidiaries' creditors. Structural subordination increases the risk that we will be unable to meet our obligations on the Notes when they mature.

The Notes are exclusively the obligations of CIT and are not obligations of our subsidiaries. We conduct a substantial portion of our business through our subsidiaries. As a result, our cash flow and ability to service our debt, including the Notes, depends upon the earnings of our subsidiaries and the distribution to us of earnings, loans or other payments from our subsidiaries.

Our subsidiaries are separate and distinct legal entities. Our subsidiaries will not guarantee the Notes and are under no obligation to pay any amounts due on the Notes or to provide us with funds for our payment obligations, whether by dividends, distributions, loans or other payments. Payments to us from our subsidiaries will also be contingent upon such subsidiaries' earnings and business considerations and may be subject to legal and contractual restrictions.

Our right to receive any assets of any of our subsidiaries upon their liquidation or reorganization, and therefore the right of the holders of the Notes to participate in those assets, will be effectively subordinated to the claims of that subsidiary's creditors, including senior and subordinated debt holders and bank and trade creditors. The indenture governing the Notes does not limit the amount of additional indebtedness that our subsidiaries may incur and permits these subsidiaries to incur secured debt without restriction. In addition, even if we were a creditor of any of our subsidiaries, our rights as a creditor would be subordinate to any security interest in the assets of our subsidiaries and any indebtedness of our subsidiaries senior to that held by us.

The Notes will rank equally in right of payment with all existing and future unsubordinated unsecured indebtedness of CIT, including all of our other senior unsecured notes issued under the Base Indenture, all of our existing Series C Notes and the Revolving Credit Facility, and will be senior in right of payment to any future indebtedness of CIT that by its terms is expressly subordinated to the Notes. The Notes will be effectively subordinated to any secured indebtedness of CIT, to the extent of the value of the assets securing such indebtedness. The Notes will not be guaranteed by any of our subsidiaries or any third party. The Notes will therefore be structurally subordinated to all existing and future indebtedness and other liabilities of our subsidiaries, including guarantees of the Revolving Credit Facility, which provides for aggregate borrowings of up to \$2.0 billion, by certain subsidiaries of the Company. As of July 23, 2013, letters of credit of approximately \$96.5 million, and no borrowings, were outstanding under the Revolving Credit Facility.

The Notes will be subject to the prior claims of any future secured creditors.

The Notes are unsecured obligations, ranking effectively junior to any secured indebtedness we may incur in the future. The indenture governing the Notes does not limit the amount of additional debt that we may incur and permits us to incur secured debt under specified circumstances. If we incur secured indebtedness, our assets securing any such indebtedness will be subject to prior claims by our secured creditors. In the event of our bankruptcy, insolvency, liquidation, reorganization, dissolution or other winding up, or upon any acceleration of the Notes, our assets that secure other indebtedness will be available to pay obligations on the Notes only after all such other debt secured by those assets has been repaid in full. Any remaining assets will be available to you ratably with all of our other unsecured and unsubordinated creditors, including trade creditors. If there are not sufficient assets remaining to pay all these creditors, then all or a portion of the Notes then outstanding would remain unpaid.

The Indenture for the Notes may not provide protection against events or developments that may affect our ability to repay the Notes or the trading prices for the Notes.

The Indenture governing the Notes contains a covenant limiting the ability of CIT to incur liens on its assets to secure indebtedness without equally and ratably securing the Notes. This limitation is subject to a number of important exceptions.

The Indenture governing the Notes does not:

- require us to
- maintain any
- financial
- ratios or
- specific levels

of net worth,
revenues,
income, cash
flow or
liquidity and,
accordingly,
does not
protect

S-8

For these reasons, you should not consider the covenants in the indenture as a significant factor in evaluating whether to invest in the Notes. In addition, we are subject to periodic review by independent credit rating agencies. An increase in the level of our outstanding indebtedness, or other events that could have an adverse impact on our business, properties, financial condition, results of operations or prospects, may cause the rating agencies to downgrade our credit ratings generally, and the ratings on the Notes, which could adversely impact the trading prices for, or the liquidity of, the Notes. Any such downgrade could also adversely affect our cost of borrowing, limit our access to the capital markets or result in more restrictive covenants in future debt agreements.

General market conditions and unpredictable factors could adversely affect market prices for the Notes.

There can be no assurance about the market prices for the Notes. Several factors, many of which are beyond our control, will influence the market value of the Notes. Factors that might influence the market value of the Notes include, but are not limited to:

our
creditworthiness,
financial
condition,
performance and
prospects;

whether the
ratings on the
Notes provided
by any ratings
agency have
changed;

the market for
similar securities;
and

economic,
financial,
geopolitical,
regulatory or
judicial events
that affect us or
the financial
markets generally
(including the
occurrence of
market disruption
events).

If you purchase Notes, whether in this offering or in the secondary market, the Notes may subsequently trade at a discount to the price that you paid for them.

We may not be able to repurchase the Notes upon a Change of Control Triggering Event.

Upon the occurrence of specific kinds of change of control events, we will be required to offer to repurchase all outstanding Notes at 101% of their principal amount, plus accrued and unpaid interest, if either (i) the Notes were rated investment grade by Moody's or S&P and are downgraded below investment grade by the rating agency that was rating the Notes investment grade within a period after such change of control or (ii) the Notes were rated below investment grade by Moody's or S&P and are downgraded below the rating of the Notes by such rating agency prior to such change of control within a period after such change of control; *provided*, that if Moody's or S&P ceases to rate the Notes or fails to make a rating of the Notes available, we shall use commercially reasonable efforts to appoint another nationally recognized statistical rating organization within the meaning of Section 3(a)(62) of the Exchange Act as a replacement and such replacement rating agency shall be substituted for either Moody's or S&P, as applicable, in clauses (i) and (ii) above (a Change of Control Triggering Event). The source of funds for any such purchase of the Notes will be our available cash or cash generated from our subsidiaries' operations or other sources, including borrowings, sales of assets or sales of equity. We may not be able to repurchase the Notes upon a Change of Control Triggering Event because we may not have sufficient financial resources to purchase all of the Notes that are tendered upon a Change of Control Triggering Event. Accordingly, we may not be able to satisfy our obligations to purchase the Notes, unless we are able to refinance. Our failure to repurchase the Notes as required upon a Change of Control Triggering Event would cause a default under the Indenture and (if the maturity of the Notes is accelerated under the Indenture as a result of such default at a time when the aggregate principal amount of the Notes exceeds \$250,000,000) could result in a cross-default under the instruments governing our existing Revolving Credit Facility and the existing Series C Notes Indenture and it may cause a cross-default under instruments governing our other borrowings. Further, our existing Revolving Credit Facility also provides that a change of control will be a default that permits lenders to accelerate the maturity of borrowings thereunder. Any of our future debt agreements may contain similar provisions.

Your ability to transfer the Notes may be limited by the absence of an active trading market, and there is no assurance that any active trading market will develop for the Notes.

The Notes constitute a new issue of securities for which there is no established public market. Each of the underwriters has advised us that it intends to make a market in the Notes, as permitted by applicable laws and regulations. However, the underwriters are not obligated to make a market in the Notes, and they may discontinue their market-making activities at any time without notice. Therefore, we cannot assure you

that an active market for the Notes will develop or, if developed, that it will continue. Historically, the market for non-investment-grade debt has been subject to disruptions that have caused substantial volatility in the prices of securities similar to the Notes.

We cannot assure you that the market, if any, for the Notes will be free from similar disruptions or that any such disruptions may not adversely affect the prices at which you may sell your Notes. In addition, subsequent to their initial issuance, the Notes may trade at a discount from their initial offering price, depending upon prevailing interest rates, the market for similar debt securities, our performance and other factors.

S-10

USE OF PROCEEDS

We anticipate receiving approximately \$ million in net proceeds from the sale of the Notes, after the underwriters discount and estimated fees and expenses. We intend to use the net proceeds from the offering of the Notes for general corporate purposes.

DESCRIPTION OF REVOLVING CREDIT FACILITY

On August 25, 2011, the Company and certain of its subsidiaries entered into a Revolving Credit and Guaranty Agreement, among the Company, certain subsidiaries of the Company, as guarantors, the lenders party thereto from time to time and Bank of America, N.A. as administrative agent and letter of credit issuer (the Revolving Credit Facility). The total commitment amount under the Revolving Credit Facility is \$2 billion, consisting of a \$1.65 billion revolving loan tranche and a \$350 million revolving loan tranche that can also be utilized for issuance of letters of credit. The Revolving Credit Facility matures on August 14, 2015 and accrues interest at a per annum rate of LIBOR, plus a margin of 2.00% to 2.75% (with no floor) or Base Rate, plus a margin of 1.00% to 1.75% (with no floor). As of March 31, 2013, based on the Company's current debt rating, the applicable margin for LIBOR loans is 2.50% and the applicable margin for Base Rate loans is 1.50%. As of July 23, 2013, letters of credit of approximately \$96.5 million, and no borrowings, were outstanding under the Revolving Credit Facility.

On March 9, 2012, CIT redeemed the entire remaining balance of the Series A Notes, causing all the collateral and subsidiary guarantees under the Revolving Credit Facility to be released, except for subsidiary guarantees from eight of the Company's domestic operating subsidiaries (Continuing Guarantors). The Revolving Credit Facility is subject to an asset coverage covenant (based on the book value of eligible assets of the Continuing Guarantors) of 2.0x the sum of the aggregate commitments under the Revolving Credit Facility and the aggregate amount of indebtedness (except for subordinated intercompany indebtedness) of the Continuing Guarantors. As of May 31, 2013, the Company is in compliance with the guarantor asset coverage ratio required by the Revolving Credit Facility. The Revolving Credit Facility is also subject to a \$6 billion minimum consolidated net worth covenant, tested quarterly, and limits the Company's ability to create liens, make certain restricted payments (upon the occurrence and during the continuance of an Event of Default), merge, consolidate or sell, transfer, lease or dispose of all or substantially all of its assets or grant a negative pledge.

This summary is not complete and reference is made to the actual Revolving Credit Facility, which is an exhibit to our Current Report on Form 8-K filed with the SEC on August 26, 2011.

DESCRIPTION OF NOTES

*You can find the definitions of certain terms used in this description under the subheading **Certain Definitions** or in the accompanying prospectus under the heading **Description of Debt Securities**. In this description, the word **CIT** refers only to CIT Group Inc. and not to any of its subsidiaries.*

CIT will issue the Notes offered by this prospectus supplement pursuant to the indenture, dated as of March 15, 2012 (the **Base Indenture**), between CIT and Wilmington Trust, National Association, as trustee (the **Trustee**), and Deutsche Bank Trust Company Americas, as paying agent, security registrar and authenticating agent, as supplemented by a supplemental indenture, dated as of the Issue Date (the **Supplemental Indenture** and, together with the Base Indenture, the **Indenture**). The Notes will constitute a separate series of notes from any other series of debt securities that may be issued from time to time under the Indenture. The Indenture does not limit the aggregate principal amount of Notes that may be issued thereunder and the Base Indenture does not limit the aggregate principal amount of debt securities that may be issued generally thereunder.

The following description is a summary of the material provisions of the Indenture and the Notes. It does not restate those agreements in their entirety. We urge you to read the Indenture and the Notes because they, and not this description, define your rights as holders of the Notes. Copies of the Indenture and the Notes are available as set forth in this prospectus supplement under the caption **Where You Can Find More Information**. Certain defined terms used in this description, but not defined below under the caption **Certain Definitions** have the meanings assigned to them in the Indenture and the Notes.

The registered holder of a Note will be treated as the owner of such Note for all purposes. Only registered holders of Notes will have rights under the Indenture.

Brief Description of the Notes

The Notes will be:

with all of
CIT's existing
and future
unsecured
obligations
that are not
expressly
subordinated
to the Notes,
including the
other senior
unsecured
notes issued
under the
Base
Indenture,
the existing
Series C
Notes and the

Revolving
Credit
Facility;

structurally
subordinated
to all existing
and future
indebtedness
and other
liabilities of
CIT's
Subsidiaries,
including
guarantees of
the
Revolving
Credit
Facility by
certain
Subsidiaries;

effectively
subordinated
to all secured
obligations
of the
Company, to
the extent of
the value of
the assets
securing such
obligations;
and

senior in
right of
payment to
any future
indebtedness
of CIT that is
expressly
subordinated
to the Notes.

The Notes will be unsecured and will not be guaranteed by any of our subsidiaries or any third party. Certain subsidiaries of the Company guarantee the Revolving Credit Facility, which provides for aggregate borrowings of up to \$2.0 billion. As of July 23, 2013, letters of credit of approximately \$96.5 million, and no borrowings were outstanding under the Revolving Credit Facility.

Absence of FDIC Insurance and Guarantees

The Notes are not savings accounts or deposits with CIT Bank or any other Subsidiary of CIT, nor are they insured by the FDIC or by the United States or any agency or fund of the United States. In addition, the Notes are not obligations of, or guaranteed by, CIT Bank.

Principal, Maturity and Interest

In this offering, CIT will issue \$ aggregate principal amount of the Notes.

CIT may issue additional Notes under the Indenture, having identical terms and conditions as the Notes being issued in this offering, except for issue date, and, in certain cases, the issue price and the first interest payment date, either of which may differ from the respective terms of the previously issued Notes of the same series, from time to time after this offering, in an unlimited aggregate principal amount (the Additional Notes). The Notes offered by this prospectus supplement and any such Additional Notes that

S-15

CIT subsequently issues under the Indenture would be treated as a single series for all purposes under the Indenture, including, without limitation, waivers, amendments, redemptions and offers to purchase; *provided* that, if any such Additional Notes subsequently issued are not fungible for U.S. federal income tax purposes or securities law purposes with any Notes previously issued, such Additional Notes shall trade separately from such previously issued Notes under a separate CUSIP number, but shall otherwise be treated as a single series with all other Notes issued under the Indenture.

CIT will issue Notes in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The Notes will mature on , 2023.

Interest on the Notes will accrue at the rate of % per annum. Interest on the Notes will be payable semi-annually in arrears on and , commencing on , 2014. CIT will make each interest payment to the holders of record on the immediately preceding and .

Interest on the Notes will accrue from the Issue Date or, if interest has already been paid, from the date it was most recently paid. Interest will be computed on the basis of a 360-day year comprised of twelve 30-day months. CIT will deposit the funds with the paying agent in connection with any principal, interest or redemption payment one business day prior to the applicable payment date.

Methods of Receiving Payments on the Notes

If a holder of Notes has given wire transfer instructions to CIT, CIT will pay all principal, interest, and premium, if any, on that holder's Notes in accordance with those instructions. All other payments on the Notes will be made at the office or agency of the paying agent and registrar within the City and State of New York, unless CIT elects to make interest payments by check mailed to the holders of the Notes at their address set forth in the register of holders.

Paying Agent and Registrar for the Notes

Deutsche Bank Trust Company Americas will initially act as paying agent and registrar. CIT may change the paying agent or registrar without prior notice to the holders of the Notes, and CIT or any of its Subsidiaries may act as paying agent or registrar.

Transfer and Exchange

A holder may transfer or exchange Notes in accordance with the provisions of the Indenture. The registrar and the Trustee may require a holder, among other things, to furnish appropriate endorsements and transfer documents in connection with a transfer of Notes. Holders will be required to pay all taxes due on transfer. CIT will not be required to transfer or exchange any Note selected for redemption. Also, CIT will not be required to transfer or exchange any Note for a period of 15 days before a selection of Notes to be redeemed.

Optional Redemption

At any time and from time to time, CIT may redeem all or any part of the Notes, upon not less than 30 nor more than 60 days' notice to each holder of Notes, at a redemption price in cash equal to the greater of:

- (1) 100% of the aggregate principal amount of the Notes redeemed, and
- (2) the sum of the present values of the remaining scheduled payments of principal and interest on the Notes to be redeemed that would be due after the related redemption date but for such redemption (exclusive of interest accrued to the redemption date), discounted to the redemption date on a semi-annual basis (assuming a 360-day year consisting

of twelve 30-day months) at the applicable Treasury Yield plus 50 basis points;

plus, in either case, accrued and unpaid interest, if any, to the date of redemption, subject to the rights of holders of such Notes on a relevant record date to receive interest due on a relevant interest payment date.

S-16

In addition to CIT's right to redeem Notes as set forth above, CIT may at any time and from time to time purchase Notes in open market transactions, tender offers or otherwise.

Unless CIT defaults in the payment of the redemption price, interest will cease to accrue on the Notes or portions thereof called for redemption on the applicable redemption date.

Selection and Notice

If less than all of the Notes are to be redeemed at any time, the Notes shall be redeemed on a pro rata basis or in accordance with the Depository's customary procedures.

No Notes of \$2,000 principal amount or less can be redeemed in part. Notice of redemption will be mailed by first class mail to each holder of Notes to be redeemed at its registered address at least 30 but not more than 60 days before the applicable redemption date, except that redemption notices may be mailed more than 60 days prior to a redemption date if the notice is issued in connection with a defeasance of the Notes or a satisfaction and discharge of the Indenture.

If any Note is to be redeemed in part only, the notice of redemption that relates to that Note will state the portion of the principal amount of that Note that is to be redeemed. A new Note in principal amount equal to the unredeemed portion of the original Note will be issued in the name of the holder of any Note being redeemed in part upon surrender for cancellation of the original Note. Notes called for redemption become due on the date fixed for redemption. On and after the applicable redemption date, interest will cease to accrue on Notes or portions of Notes called for redemption, unless CIT defaults in the payment of the redemption price.

Mandatory Redemption

CIT is not required to make mandatory redemption or sinking fund payments with respect to the Notes.

Purchase at the Option of Holders Upon Change of Control Triggering Event

Upon the occurrence of a Change of Control Triggering Event, CIT will be obligated to make an offer to purchase (a Change of Control Offer) and each holder of Notes will have the right to require CIT to purchase all or any part (equal to \$2,000 in principal amount or an integral multiple of \$1,000 in principal amount in excess thereof) of that holder's Notes on the terms set forth in the Indenture. In the Change of Control Offer, CIT will offer a Change of Control payment in cash equal to 101% of the aggregate principal amount of Notes purchased, plus accrued and unpaid interest, if any, on the Notes purchased to the date of purchase, subject to the rights of holders of Notes on the relevant record date to receive interest due on the relevant interest payment date.

Within 30 days following the date upon which the Change of Control Triggering Event occurred, or at CIT's option, prior to any Change of Control, but after the public announcement of the pending Change of Control and conditional upon a Change of Control Triggering Event occurring, CIT will mail, by first class mail, a notice to each holder of Notes, with a copy to the Trustee, describing the transaction or transactions that constitute the Change of Control and offering to repurchase Notes on the Change of Control payment date specified in the notice, which date will be no earlier than 30 days and no later than 60 days from the date such notice is mailed, other than as required by law, pursuant to the procedures required by the Indenture and described in such notice. The notice, if mailed prior to the date of consummation of the Change of Control, will state that the Change of Control Offer is conditioned on the consummation of the Change of Control and upon a Change of Control Triggering Event occurring on or prior to the Change of Control payment date.

CIT will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder, to the extent those laws and regulations are applicable to the purchase of the Notes as a result

of a Change of Control Triggering Event. To the extent that the provisions of any securities laws or regulations conflict with the Change of Control provisions of the Indenture, CIT will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Change of Control provisions of the Indenture by virtue of such compliance.

S-17

On the Change of Control payment date, CIT will, to the extent lawful:

- (1) accept for payment all Notes or portions of Notes properly tendered and not withdrawn pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control payment in respect of all Notes or portions of Notes properly tendered and not withdrawn pursuant to the Change of Control Offer; and
- (3) deliver or cause to be delivered to the authenticating agent the Notes properly accepted, together with an officers certificate stating the aggregate principal amount of Notes or portions of Notes being purchased by CIT.

The paying agent will promptly mail to each holder of Notes properly tendered and not withdrawn pursuant to the Change of Control Offer the Change of Control payment for such Notes, and the authenticating agent will promptly authenticate and mail (or cause to be transferred by book-entry) to each holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any. CIT will publicly announce the results of the Change of Control Offer on or as soon as reasonably practicable after the Change of Control payment date.

The provisions described above that require CIT to make a Change of Control Offer following a Change of Control Triggering Event will be applicable whether or not any other provisions of the Indenture are applicable, except as provided in the legal defeasance and covenant defeasance provisions applicable to the Notes, which will include the ability to defease this provision. Except as described above with respect to a Change of Control Triggering Event, the Indenture does not contain provisions that require CIT to purchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

CIT will not be required to make a Change of Control Offer upon a Change of Control Triggering Event, if (1) a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by CIT and purchases all Notes validly and properly tendered and not withdrawn under the Change of Control Offer, (2) CIT has given notice to redeem all Notes in accordance with the redemption provisions of the Indenture, as described above under the caption

Optional Redemption, unless and until there is a default in payment of the applicable redemption price or (3) in connection with or in contemplation of any Change of Control for which a definitive agreement is in place, CIT or a third party has made an offer to purchase (an Alternate Offer) any and all Notes validly and properly tendered at a cash price equal to or higher than the Change of Control Offer payment and has purchased all Notes validly and properly tendered and not withdrawn in accordance with the terms of such Alternate Offer.

The definition of Change of Control includes a phrase relating to the sale, assignment, lease, transfer, conveyance or other disposition of all or substantially all of the properties or assets of CIT and its Subsidiaries, taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a holder of Notes to require CIT to purchase its Notes as a result of a sale, assignment, lease, transfer, conveyance or other disposition of less than all of the assets of CIT and its Subsidiaries, taken as a whole, to another Person or group may be uncertain.

An Event of Default will occur should CIT fail to make a Change of Control Offer within three days of the occurrence of a Change of Control Triggering Event. Amendment or waiver of the provisions described in this section will require consent of holders of a majority of the outstanding principal amount of Notes.

Reporting Covenant

Whether or not required by the rules and regulations of the SEC, so long as any Notes are outstanding, CIT will furnish to the holders of Notes or cause the Trustee to furnish to the holders of Notes, within 30 days after CIT is (or would be) required to file the same with the SEC:

(1) all quarterly and annual reports that CIT is required to file, or would be required to file with the SEC on Forms 10-Q and 10-K, if CIT were required to file such reports; and

S-18

(2) all current reports that CIT is required to file, or would be required to file with the SEC on Form 8-K, if CIT were required to file such reports;

provided that any such above information or reports filed with the EDGAR system of the SEC (or any successor system) and available publicly on the Internet shall be deemed to be furnished to the holders of Notes.

All such reports will be prepared in all material respects in accordance with all of the rules and regulations applicable to such reports. Each Annual Report on Form 10-K will include a report on CIT's consolidated financial statements by CIT's independent registered public accounting firm.

In addition, whether or not required by the SEC, CIT will file a copy of all of the reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the SEC's rules and regulations applicable to such reports for the status of the filer that CIT would otherwise be, if it were required to file reports with the SEC, subject to extension as set forth in Rule 12b-25(b)(ii) under the Exchange Act (or any successor provision) (unless the SEC will not accept such a filing) and make such information available to securities analysts and prospective investors upon request. CIT agrees that it will not take any action that would cause the SEC not to accept such filings. If, notwithstanding the foregoing, the SEC will not accept such filings for any reason, CIT will post the reports specified in the preceding sentence on its publicly accessible website within the time periods that would apply, if CIT were required to file those reports with the SEC.

If, and so long as, all of the Capital Stock of CIT is beneficially owned, directly or indirectly, by a Person (the *Parent*) (i) whose corporate family and corporate credit ratings are Investment Grade Ratings and (ii) that files reports with the SEC under Section 13(a) or 15(d) of the Exchange Act, the requirements in the preceding three paragraphs shall be deemed satisfied by the filing by such Parent of the reports specified in the first paragraph within the time periods specified therein.

CIT shall have the ability to defease the covenant described in this section *Reporting Covenant* in accordance with the defeasance provisions described under *Description of the Debt Securities Legal Defeasance and Covenant Defeasance* in the accompanying prospectus.

Additional Provisions

The Indenture governing the Notes contains certain other provisions that apply to the Notes, including (i) covenants that limit CIT's ability to create liens and merge or consolidate, or sell, transfer, lease or dispose of all or substantially all of its assets; (ii) events of default; (iii) amendment, supplement and waiver; (iv) legal defeasance and covenant defeasance; and (v) satisfaction and discharge. See *Description of Debt Securities Certain Covenants, Events of Default, Amendment, Supplement and Waiver, Legal Defeasance and Covenant Defeasance and Satisfaction and Discharge* in the accompanying prospectus.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of CIT, as such, will have any liability for any obligations of CIT under the Notes or the Indenture or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each holder of Notes by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Concerning the Trustee

If the Trustee becomes a creditor of CIT, the Indenture limits the right of the Trustee to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The

Trustee will be permitted to engage in other transactions. However, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue as Trustee or resign.

The holders of a majority in aggregate principal amount of the then outstanding Notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy

S-19

available to the Trustee, subject to certain exceptions. The Indenture provides that, where an Event of Default occurs and is continuing, the Trustee will be required, in the exercise of its power, to use the degree of care of a prudent man in the conduct of his own affairs. Subject to such provisions, the Trustee will be under no obligation to exercise any of its rights or powers under the Indenture at the request of any holder of Notes, unless such holder has offered to the Trustee security and indemnity reasonably satisfactory to it against any loss, liability or expense.

Certain Definitions

Set forth below are certain defined terms used in the Indenture. Reference is made to the Indenture for a full disclosure of all defined terms used therein, as well as any other capitalized terms used herein for which no definition is provided.

Beneficial Owner has the meaning assigned to such term in Rule 13d-3 and Rule 13d-5 under the Exchange Act, except that in calculating the beneficial ownership of any particular person (as that term is used in Section 13(d)(3) of the Exchange Act), such person will be deemed to have beneficial ownership of all securities that such person has the right to acquire by conversion or exercise of other securities, whether such right is currently exercisable or is exercisable only after the passage of time. The terms *Beneficially Owns* and *Beneficially Owned* have a corresponding meaning.

Board of Directors means the board of directors of the Company or any committee thereof duly authorized to act on behalf of such board.

Capital Stock of any Person means any and all shares, interests, rights to purchase, warrants, options, participations or other equivalents of, or interests in (however designated), equity of such Person, including preferred stock, but excluding any debt securities convertible into such equity.

Change of Control means the occurrence of any of the following:

(1) any person or group (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act) is or becomes the Beneficial Owner of more than 50% of the total outstanding Voting Stock (measured by voting power rather than the number of shares) of CIT, other than in any such transaction where:

(A) the Voting Stock of CIT outstanding immediately prior to such transaction is changed into or exchanged for Voting Stock of another Person (the *Permitted Parent*) constituting a majority of the outstanding Voting Stock (measured by voting power rather than the number of shares) of the Permitted Parent (immediately after giving effect to such issuance); and

(B) immediately after such transaction, no person or group (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act) is the Beneficial Owner of more than 50% of the total outstanding Voting Stock (measured by voting power rather than the number of shares) of the Permitted Parent; or

(2) CIT sells, assigns, conveys, transfers, leases or otherwise disposes of all or substantially all of its assets to any Person, other than any such transaction where:

(A) the Voting Stock of CIT outstanding immediately prior to such transaction is changed into or exchanged for Voting Stock of the transferee Person (the *Transferee*) constituting a majority of the outstanding shares of the outstanding Voting Stock (measured by voting power rather than the number of shares) of the Transferee (immediately after giving effect to such issuance); and

(B) immediately after such transaction, no person or group (as such terms are used in Sections 13(d) and 14(d) of the Exchange Act), is the Beneficial Owner of more than 50% of the total outstanding Voting Stock (measured by voting

power rather than the number of shares) of the Transferee.

Following any transaction described in clause (1)(A), the Permitted Parent shall be substituted for CIT in this definition and the definition of Trigger Period, and following any transaction described in clause (2)(A), the Transferee shall be substituted for CIT in this definition and the definition of Trigger Period.

S-20

Change of Control Triggering Event means the occurrence of both (i) a Change of Control and (ii) a Ratings Downgrade Event.

Comparable Treasury Issue means the United States Treasury security selected by the Independent Investment Banker as having a maturity comparable to the remaining term of the Notes that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Notes; *provided, however*, that if no maturity is within three months before or after the maturity date for such Notes, yields for the two published maturities most closely corresponding to such United States Treasury security will be determined and the treasury rate will be interpolated or extrapolated from those yields on a straight line basis rounding to the nearest month.

Comparable Treasury Price means, with respect to any redemption date, (a) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest Reference Treasury Dealer Quotations, or (b) if the Independent Investment Banker obtains fewer than four Reference Treasury Dealer Quotations, the average of all such quotations.

Independent Investment Banker means Morgan Stanley & Co. LLC (and its respective successors) or, if any such firm is not willing and able to select the applicable Comparable Treasury Issue, an independent investment banking institution of national standing appointed by CIT and reasonably acceptable to the Trustee.

Investment Grade Rating means a rating from Moody's of Baa3 or higher (or its equivalent under any successor rating category of Moody's) and a rating from S&P of BBB- or higher (or its equivalent under any successor rating category of S&P), in each case with a stable outlook, and the equivalent investment grade credit rating from any replacement rating agency or rating agencies selected by CIT under the circumstances permitting CIT to select a replacement agency and in the manner for selecting a replacement agency, in each case, as set forth in the definition of Rating Agency.

Issue Date means the date on which the Notes are first issued.

Moody's means Moody's Investors Service, Inc.

Person means any individual, corporation, partnership, joint venture, association, joint-stock company, trust, unincorporated organization, limited liability company or government or other entity.

Rating Agency means each of Moody's and S&P; *provided*, that if Moody's or S&P ceases to rate the Notes or fails to make a rating of the Notes available, CIT shall use commercially reasonable efforts to appoint another nationally recognized statistical rating organization within the meaning of Section 3(a)(62) of the Exchange Act as a replacement for such Rating Agency and, following such appointment, such replacement rating agency shall be substituted in this definition for the rating agency that ceased to rate the Notes or failed to make a rating of the Notes available; *provided* that CIT shall give notice of such appointment to the Trustee.

Ratings Downgrade Event means, on any date during the Trigger Period, the Notes being downgraded by at least one modifier (a modifier being plus, neutral or minus for S&P, 1, 2 or 3 for Moody's and a similar modifier by any other Rating Agency) by one of the Rating Agencies from the rating on the Notes by such Rating Agency on the date prior to the first day of the Trigger Period; *provided* that no Ratings Downgrade Event shall be deemed to occur, if either (i) the rating on the Notes by each Rating Agency that downgraded its rating is an Investment Grade Rating after the downgrade or (ii) in respect of a particular Change of Control, if the Rating Agency or Agencies (as applicable) that downgraded the Notes announce or confirm or inform the Trustee in writing that the reduction was not the result, in whole or in part, of any event or circumstance comprised of, or arising as a result of, or in respect of, the applicable Change of Control.

Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date for the Notes, an average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue for the Notes to be redeemed (expressed, in each case, as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by such Reference Treasury Dealer at 5:00 p.m., New York City time, on the third business day preceding such redemption date.

S-21

Reference Treasury Dealers means Barclays Capital Inc., Credit Suisse Securities (USA) LLC, J.P. Morgan Securities LLC and Morgan Stanley & Co. LLC and, in each case, their successors (each, a *Primary Treasury Dealer*); *provided, however*, that if any of the foregoing shall resign as a Reference Treasury Dealer or cease to be a primary U.S. government securities dealer, CIT will substitute therefor another primary U.S. government securities dealer.

S&P means Standard & Poor's Ratings Group, a division of The McGraw Hill Corporation.

Subsidiary means, with respect to any specified Person:

(1) any corporation, association or other business entity of which more than 50% of the total voting power of shares of Capital Stock entitled (without regard to the occurrence of any contingency and after giving effect to any voting agreement or stockholders' agreement that effectively transfers voting power) to vote in the election of directors, managers or trustees of the corporation, association or other business entity is at the time owned or controlled, directly or indirectly, by that Person or one or more of the other Subsidiaries of that Person (or a combination thereof); and

(2) any partnership (a) the sole general partner or the managing general partner of which is such Person or a Subsidiary of such Person or (b) the only general partners of which are that Person or one or more Subsidiaries of that Person (or any combination thereof).

Treasury Yield means, with respect to any redemption date, (a) the yield, under the heading which represents the average for the immediately preceding week, appearing in the most recently published statistical release designated H.15(519) or any successor publication which is published weekly by the Board of Governors of the Federal Reserve System and which establishes yields on actively traded United States Treasury securities adjusted to constant maturity under the caption Treasury Constant Maturities, for the maturity corresponding to the Comparable Treasury Issue; or (b) if the release (or any successor release) is not published during the week preceding the calculation date or does not contain these yields, the rate per annum equal to the semi-annual equivalent yield to maturity (computed as of the third business day immediately preceding such redemption date) of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the applicable Comparable Treasury Price for such redemption date.

Trigger Period means the period commencing one day prior to the first public announcement by CIT of an arrangement that could result in a Change of Control and ending 60 days following consummation of the Change of Control (which period will be extended following consummation of a Change of Control for so long as the rating of the Notes is under announced consideration for possible downgrade by any of the Rating Agencies as the result, in whole or in part, of any event or circumstance comprised of, or arising as a result of, or in respect of, the applicable Change of Control).

Voting Stock of any specified Person, as of any date, means the Capital Stock of such Person that is at the time entitled to vote in the election of the Board of Directors of such Person.

UNITED STATES TAXATION

The following supplements the description of certain United States federal income tax consequences of owning the debt securities under **United States Taxation** in the accompanying prospectus, and is subject to the exceptions and limitations therein.

Change of Control Event

If we experience certain kinds of changes of control and certain ratings changes occur within a specified period after such change of control, we must offer to purchase the Notes at 101% of their principal amount, plus accrued and unpaid interest. For more details, see **Description of Notes Purchase at the Option of Holders Upon Change of Control Triggering Event**. However, under applicable Treasury Regulations, the possibility of one or more contingent payments on the Notes may be disregarded for the purposes of determining whether the Notes provide for one or more contingent payments for United States federal income tax purposes, if on the date the Notes are issued, the possibility of such contingent payments occurring is incidental or remote. We intend to treat the possibility that such offer to purchase will occur as a remote or incidental contingency. Therefore, the tax treatment of the Notes should be as described in the base prospectus.

Withholdable Payments to Foreign Financial Entities and Other Foreign Entities

Recent administrative guidance provides that the withholding described in **United States Taxation Withholdable Payments to Foreign Financial Entities and Other Foreign Entities** in the accompanying prospectus (**FATCA Withholding**) will generally not apply to debt obligations that are issued prior to July 1, 2014; therefore, the Notes will not be subject to FATCA withholding.

BENEFIT PLAN INVESTOR CONSIDERATIONS

A fiduciary of a pension, profit-sharing or other employee benefit plan subject to the Employee Retirement Income Security Act of 1974, as amended (ERISA) (each, a Plan), should consider the fiduciary standards of ERISA in the context of the Plan 's particular circumstances before authorizing an investment in the Notes. Among other factors, the fiduciary should consider whether the investment would satisfy the prudence and diversification requirements of ERISA and would be consistent with the documents and instruments governing the Plan, and whether the investment would involve a prohibited transaction under ERISA or the Internal Revenue Code of 1986, as amended (the Code).

Section 406 of ERISA and Section 4975 of the Code prohibit Plans, as well as individual retirement accounts, Keogh plans and any other plans that are subject to Section 4975 of the Code (also Plans), from engaging in certain transactions involving plan assets with persons who are parties in interest under ERISA or disqualified persons under the Code with respect to the Plan. A violation of these prohibited transaction rules may result in excise tax or other liabilities under ERISA or the Code for those persons, unless exemptive relief is available under an applicable statutory, regulatory or administrative exemption. Employee benefit plans that are governmental plans (as defined in Section 3(32) of ERISA), certain church plans (as defined in Section 3(33) of ERISA) and non-U.S. plans (as described in Section 4(b)(4) of ERISA) (Non-ERISA Arrangements) are not subject to the requirements of Section 406 of ERISA or Section 4975 of the Code, but may be subject to similar provisions under applicable federal, state, local, non-U.S or other laws (Similar Laws).

The acquisition or holding of the Notes by a Plan or any entity whose underlying assets include plan assets by reason of any Plan 's investment in the entity (a Plan Asset Entity) with respect to which we, the underwriters or the paying agent or any of their respective affiliates is or becomes a party in interest or disqualified person may result in a prohibited transaction under ERISA or Section 4975 of the Code, unless the Notes are acquired and held pursuant to an applicable exemption. The U.S. Department of Labor has issued five prohibited transaction class exemptions, or PTCEs, that may provide exemptive relief, if required, for direct or indirect prohibited transactions that may arise from the purchase or holding of the Notes. These exemptions are PTCE 84-14 (for certain transactions determined by independent qualified professional asset managers), PTCE 90-1 (for certain transactions involving insurance company pooled separate accounts), PTCE 91-38 (for certain transactions involving bank collective investment funds), PTCE 95-60 (for transactions involving certain insurance company general accounts), and PTCE 96-23 (for transactions managed by in-house asset managers). In addition, ERISA Section 408(b)(17) and Section 4975(d)(20) of the Code provide an exemption for the purchase and sale of the Notes; *provided* that neither the issuer of the Notes nor any of its affiliates have or exercise any discretionary authority or control or render any investment advice with respect to the assets of any Plan involved in the transaction and *provided further* that the Plan pays no more and receives no less than adequate consideration in connection with the transaction (the service provider exemption). There can be no assurance that all of the conditions of any such exemptions will be satisfied.

Because of the foregoing, the Notes should not be acquired or held by any person investing plan assets of any Plan, Plan Asset Entity or Non-ERISA Arrangement, unless such acquisition and holding will not constitute a non-exempt prohibited transaction under ERISA and the Code or similar violation of any applicable Similar Laws.

Any purchaser or holder of the Notes, or any interest therein, will be deemed to have represented by its purchase and holding of the Notes, or any interest therein, that it either (1) is not a Plan, a Plan Asset Entity or a Non-ERISA Arrangement and is not purchasing the Notes on behalf of or with the assets of any Plan, a Plan Asset Entity or Non-ERISA Arrangement or (2) the purchase and holding of the Notes will not constitute a non-exempt prohibited transaction under ERISA or the Code or a similar violation under any applicable Similar Laws.

Due to the complexity of these rules and the penalties that may be imposed upon persons involved in non-exempt prohibited transactions, it is important that fiduciaries or other persons considering purchasing the Notes on behalf of, or with the assets of, any Plan, a Plan Asset Entity or Non-ERISA Arrangement consult with their counsel regarding the availability of exemptive relief under any of the PTCEs listed above, the service provider exemption or the

potential consequences of any purchase or holding under Similar Laws, as applicable. Purchasers of the Notes have exclusive responsibility for ensuring that their

S-24

purchase and holding of the Notes do not violate the fiduciary or prohibited transaction rules of ERISA or the Code or any similar provisions of Similar Laws. The sale of any Notes to a Plan, Plan Asset Entity or Non-ERISA Arrangement is in no respect a representation by us or any of our affiliates or representatives that such an investment meets all relevant legal requirements with respect to investments by any Plans, Plan Asset Entities or Non-ERISA Arrangements generally or any particular Plan, Plan Asset Entity or Non-ERISA Arrangement or that such an investment is appropriate for any Plans, Plan Asset Entities or Non-ERISA Arrangements generally or any particular Plan, Plan Asset Entity or Non-ERISA Arrangement.

UNDERWRITING

Barclays Capital Inc., Credit Suisse Securities (USA) LLC, J.P. Morgan Securities LLC and Morgan Stanley & Co. LLC are acting as representatives of each of the underwriters named below. Subject to the terms and conditions set forth in an underwriting agreement between us and the representatives of the underwriters, we have agreed to sell to the underwriters, and each of the underwriters has agreed, severally and not jointly, to purchase from us, the principal amount of Notes set forth opposite its name below.

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the Notes sold under the underwriting agreement, if any of those Notes are purchased.

We have agreed to indemnify the underwriters and their controlling persons against certain liabilities in connection with this offering, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the Notes, subject to prior sale, when, as and if issued to, and accepted by, them, subject to approval of legal matters by their counsel, including the validity of the Notes and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officers' certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

The following table shows the underwriting discounts to be paid by the Company in connection with this offering. The underwriting discount is the difference between the public offering price and the amount the underwriters pay to us to purchase the Notes. The underwriting discount is % of the principal amount of the Notes:

Per Note	
Total	\$

The underwriters have advised us that the underwriters propose initially to offer the Notes to the public at the public offering price set forth on the cover page of this prospectus supplement and to certain dealers at such price, less a concession not in excess of % of the principal amount of the Notes. After the initial offering, the public offering

price, concession or any other term of the offering may be changed.

The expenses of the offering, not including the underwriting discount, are estimated at \$ and are payable by us.

The Notes are a new issue of securities with no established trading market. We do not intend to apply for listing of the Notes on any national securities exchange or for inclusion of the Notes on any automated dealer quotation system. We have been advised by the underwriters that they presently intend to make a market in the Notes. However, they are under no obligation to do so and may discontinue any market-making activities at any time without any notice. We cannot assure the liquidity of the trading market for the Notes or that an active public market for the Notes will develop or, if developed, that it will continue. If an active public trading market for the Notes does not develop or, if developed, continue, the market price and liquidity of the Notes may be adversely affected. If the Notes are traded, they may trade at a

discount from their initial offering price, depending on prevailing interest rates, the market for similar securities, our operating performance and financial condition, general economic conditions and other factors.

We have agreed that we will not, from the date of this prospectus supplement through the date of delivery of the Notes to investors, without first obtaining the prior written consent of Morgan Stanley & Co. LLC, directly or indirectly, issue, sell, offer to contract or grant any option to sell, pledge, transfer or otherwise dispose of, any debt securities or securities exchangeable for, or convertible into, debt securities, except for the Notes sold to the underwriters pursuant to the underwriting agreement.

In connection with the offering, the underwriters may purchase and sell the Notes in the open market. These transactions may include short sales and purchases on the open market to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater principal amount of Notes than they are required to purchase in the offering. The underwriters must close out any short position by purchasing Notes in the open market. A short position is more likely to be created, if the underwriters are concerned that there may be downward pressure on the price of the Notes in the open market after pricing that could adversely affect investors who purchase in the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of the Notes or preventing or retarding a decline in the market price of the Notes. As a result, the price of the Notes may be higher than the price that might otherwise exist in the open market.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the Notes. In addition, neither we nor any of the underwriters make any representation that the underwriters will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

The underwriters and their respective affiliates are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, investment research, principal investment, hedging, financing and brokerage activities. The underwriters and their respective affiliates have provided, and may in the future provide, investment banking, commercial banking, financial advisory and other services to us and our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions.

Barclays Capital, an affiliate of one of the underwriters, acted as a joint lead arranger under our existing Revolving Credit Facility. Barclays Bank PLC, an affiliate of one of the underwriters, is a lender under our existing Revolving Credit Facility and is the Administrative Agent and provides committed financing to CIT's U.S. Vendor Finance securitization facility. Credit Suisse Securities (USA) LLC, one of the underwriters, acted as a documentation agent under our existing Revolving Credit Facility and various affiliates of Credit Suisse Securities (USA) LLC serve as lenders under our Revolving Credit Facility. J.P. Morgan Securities LLC, one of the underwriters, acted as a joint lead-arranger under our Revolving Credit Facility. JPMorgan Chase Bank, N.A., an affiliate of one of the underwriters, is a lender under our Revolving Credit Facility and provides cash disbursement and collection, collateral management and asset management services for CIT. JPMorgan Chase Bank, N.A., an affiliate of one of the underwriters, served as a lender for certain aircraft financings through our ECA facility. Morgan Stanley Senior Funding, Inc., an affiliate of one of the underwriters, acted as a documentation agent under our existing Revolving Credit Facility and various affiliates of Morgan Stanley & Co. LLC, one of the underwriters, serve as lenders under our Revolving Credit Facility.

In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments, including serving as counterparties to certain derivative and hedging arrangements, and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers, and such investment and securities activities may

involve securities and/or instruments of the Company, for certain of which the underwriters and their respective affiliates may receive proceeds from this offering in connection with the repayment thereof. The underwriters and their respective affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or instruments and may at any time hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments. If any of the underwriters or their affiliates has a lending relationship with us, certain of those underwriters or their affiliates routinely hedge, and certain other of

S-27

those underwriters or their affiliates have hedged and/or may in the future hedge, their credit exposure to us consistent with their customary risk management policies. Typically, these underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the Notes. Any such credit default swaps or short positions could adversely affect future trading prices of the Notes.
