Item 2.05. Costs Associated with Exit or Disposal Activities

On October 30, 2008, the Company issued a press release, attached hereto as Exhibit 99.2, announcing the closure of its metal beverage packaging manufacturing plants in Kansas City, Missouri, and in Guayama, Puerto Rico. As a result of the closures, an after-tax charge of approximately \$32 million will be recorded in the company’s results. The charges include \$19.2 million for employee severance, pension and other employee benefit costs and \$32.6 million primarily related to accelerated depreciation and the write down to net realizable value of certain fixed assets and related spare parts and inventory. These charges will be offset by tax recoveries of approximately \$20 million. Approximately \$28 million of the charge is expected to be recorded in the fourth quarter of 2008 with the remainder recorded in the first quarter of 2009. Cost reductions associated with these plant closings are expected to exceed \$30 million in 2009 and to be \$9 million cash positive on final disposition of the assets.
