At the Meeting, stockholders will consider and vote upon (i) the election of two directors of the Company; and (ii) the ratification of the appointment of Beard Miller Company LLP ("Beard Miller") as the Company's independent auditor for the fiscal year ending December 31, 2007. At the time this Proxy Statement is being mailed, the Board of Directors knows of no additional matters that will be presented for consideration at the Meeting. If any other business may properly come before the Meeting or any adjournment thereof, proxies given to the Board of Directors will be voted by its members in accordance with their best judgment.

The Company is the parent company of Roma Bank (the "Bank"). The Company is the majority-owned subsidiary of Roma Financial Corporation, MHC a federally-chartered mutual holding company. Since Roma Financial Corporation, MHC owns approximately 69% of the Company's outstanding common stock, the votes cast by Roma Financial Corporation, MHC will be determinative in the election of directors of the Company and the ratification of auditors.

VOTING AND REVOCABILITY OF PROXIES

Stockholders who execute proxies retain the right to revoke them at any time. Unless so revoked, the shares represented by such proxies will be voted at the Meeting and all adjournments thereof. Proxies may be revoked by written notice to the Secretary of the Company at the address above or by the filing of a later dated proxy prior to a vote being taken on a particular proposal at the Meeting. A proxy will not be voted if a stockholder attends the Meeting and votes in person.

COMPENSATION DISCUSSION AND ANALYSIS

GENERAL

During 2006, the SEC substantially revised the disclosures that we are required to make with respect to executive compensation. As part of the SEC's revised executive compensation disclosure package, the SEC requires that issuers provide a "Compensation Disclosure and Analysis" in which issuers explain the material elements of their compensation of executive officers by describing the following:

- o the objectives of the issuer's compensation programs;
- o the conduct that the compensation programs are designed to reward;
- o the elements of the compensation program;

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

- o the rationale for each of the elements of the compensation program;
- o how the issuer determines the amount (and, where applicable, the formula) for each element of the compensation program; and
- o how each element and the issuer's decisions regarding that element fit into the issuer's overall compensation objectives and affect decisions regarding other elements of the compensation program.

Our compensation philosophy is dictated by the Compensation Committee of our Board of Directors. The duties and responsibilities of the Compensation Committee, which consists entirely of independent directors of the Board, are to:

- o provide guidance regarding the design of our compensation & employee benefit programs;
- o monitor our overall compensation policies and employee benefit plans;
- o establish the compensation of our Chief Executive Officer; and
- o with input from our Chief Executive Officer, establish or recommend to the Board the compensation of our other executive officers, subject to the terms of any existing employment agreements.

Peter A. Inverso, our President and Chief Executive Officer, Maurice T. Perilli our Executive Vice President and Margaret T. Norton, our Senior Vice President of Administration and Secretary, participate in determinations regarding the compensation and design of our benefit programs for all employees. However, they do not participate in setting their own compensation.

Our Compensation Objectives and the Focus of Our Compensation Rewards

We believe that an appropriate compensation program should have a balance between providing rewards to executive officers while at the same time effectively controlling compensation costs. Our objective is to reward executive officers in order to attract highly qualified individuals, to retain those individuals in a highly competitive marketplace for executive talent and to incent them to perform in a manner that maximizes our corporate performance. Accordingly, our objective is to structure our executive compensation with a focus on a pay-for-performance approach. We seek to offer executive compensation programs that align each individual's financial incentives with our strategic direction and corporate values.

8

We view executive compensation as having the following key elements:

- o a current cash compensation program consisting of salary and cash bonus incentives;
- o long-term equity incentives reflected in awards under our Phantom Stock Appreciation Rights plan, and anticipated future implementation of stock options and restricted stock plans;
- o our tax qualified retirement programs (pension, 401(k) plan and employee stock ownership plan); and,
- o other executive retirement benefits and perquisites.

These programs have as their objective to provide our senior officers with overall compensation that is competitive with comparable financial institutions, and aligns individual performance with our business objectives.

We annually review our mix of short term performance incentives versus longer term incentives, and incorporate in our compensation reviews the data

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

from studies performed as to appropriate competitive levels of compensation and benefits. We do not have set percentages of short term versus long term incentives. Instead, we look to provide a reasonable balance of those incentives.

In 2006, we "benchmarked" our compensation programs to industry available databases and to a peer group. The process involved hiring an independent compensation consulting firm, IFM Group, Inc. to perform a study in which they:

- o Gathered data from industry specific global and regional compensation databases based upon company size for each executive position.
- o Determined an appropriate peer group of financial institutions based upon similar size and geography.
- o Developed data points for salary and total cash compensation comparisons and equity opportunities.
- o Averaged peer group and database statistics together to produce a relevant "market" at the data points for salary, total cash compensation and equity and compared our positions to the "market" data.
- o Evaluated other compensation components, including executive benefits as compared to competitive standards.
- o Compared our compensation levels to the "market" and determined our relative positioning for competitiveness as to salary, total cash compensation and non-cash compensation.

The peer group consisted of twelve other publicly traded financial institutions ranging in asset size from \$647 million to \$1.24 billion dollars. The peer group averaged \$956 million in assets versus our size at the time of approximately \$875 million in assets. Each peer group financial institution was selected because of its size and similarity in operations as well as general geographic proximity to us. The twelve financial institutions that comprised the peer group were FMS Financial Corp, Peapack-Gladstone Financial Corp, Center Bancorp, Inc., Oritani Financial Corp., Synergy Financial Group, Inc., The First of Long Island Corp., Smithtown Bancorp, Inc., Berkshire Bancorp, Inc., Greater Community Bancorp, Clifton Savings Bancorp, Unity Bancorp, and Pamrapo Bancorp.

As noted above in the benchmarking process, the salary, total cash and equity compensation of our executive officers were compared to corresponding data points of the peer group as well as data available from published financial institution databases. Data regarding employment contracts and change-of-control provisions, as well as data regarding the design and benefit levels of retirement benefits, were also compared to the data derived from the peer banks.

9

Salaries and incentive cash compensation as well as equity holdings for a number of positions were found to be below market. Accordingly, steps were taken in 2006, and will be taken in 2007, to bring those individuals found to be below market closer to market over time, with the goal of having the individual's total cash compensation plus bonus be in the 60th percentile of the peer group. Additionally, it is our intent to develop a more structured design for our salary program and our cash incentive plan to more of a "pay-for-performance" approach in 2007.

As a result of the consultant's findings and recommendations, we also intend to make some revisions in the Supplemental Executive Retirement agreements for our key executives to incorporate higher benefit levels and to develop employment contracts and change-of-control contracts consistent with

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

competitive standards for institutions our size.

Although we gain considerable knowledge about the competitiveness of our compensation programs through the benchmarking process and by conducting periodic studies, we recognize that each financial institution is unique and that significant differences between institutions in regard to executive compensation practices exist.

Though the total cash and equity compensation of our executive officers was found to be somewhat below market, we believe that the aggregate of executive compensation programs that we provide will fulfill our objectives of providing a competitive level of compensation and benefits in order to attract and retain key executives. We also believe that redesigning our salary and incentive programs, as intended, will appropriately reward performance while fulfilling our objectives to achieve profitability and growth while at the same time allowing us to maintain controls over our compensation costs.

Our policy for allocating between long-term and currently paid compensation is to ensure adequate base compensation to attract and retain personnel, while providing incentives to maximize long-term value for our Company and our shareholders. Our objective is to provide cash compensation in the form of base salary to meet competitive salary norms and to reward good performance on an annual basis in the form of bonus compensation to reward superior performance against specific short-term goals, targeting total cash compensation plus bonus at the 60th percentile of the peer group. Our intent is to provide non-cash compensation to reward superior performance against specific objectives and long-term strategic goals.

Specific Elements of Our Compensation Program

We have described below the specific elements of our compensation program for executive officers.

Salary. Consolidation continues within the banking industry, and recent experience continues to demonstrate that there remains a limited supply of qualified experienced executives. We believe that it is important that we retain a competitive salary structure in order to retain our existing qualified officers and to maintain a base pay structure consistent with the structures utilized for the compensation of similarly situated executives in the industry and at similarly size institutions. We are in process of designing salary guidelines for our executive officers as part of a structured salary pay scale that will be reviewed periodically based upon industry standards developed through studies by independent compensation consulting firms engaged by our Compensation Committee for that purpose. We believe that a key objective of our salary structure is to maintain reasonable "fixed" compensation costs by targeting base salaries at a competitive average, taking into effect performance as well as experience.

10

The officers named in our summary compensation table below - referred to in this proxy statement as our "Named Officers" with the exception of Maurice T. Perilli - are not currently parties to employment agreements that establish base salary levels.

Short-Term Incentive Compensation. We maintain an annual bonus plan, which, as outlined above, is in the process of being redesigned. Under the program in effect in 2006, bonuses were paid to the Named Officers which ranged from 8% to

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

155.5% as a percentage of base salary. Our revised incentive plan is being designed to motivate the plan participants and to correlate total cash compensation to performance in a manner designed to provide meaningful incentives for executive officers in general and to provide competitive levels of total cash compensation. Under the terms of the annual bonus plan in effect for 2006, our officers were eligible to receive incentive pay for performance. For our Chief Executive Officer, Peter A. Inverso, 2006 performance goals related to the performance of Roma Financial Corporation and our subsidiaries and his individual performance. Individual performance goals under our restructured program will vary by officer job function and will be adjusted each year based upon our tactical and strategic objectives. The extent to which we achieved our corporate goals and profitability as compared to budget were factors considered in the corporate performance portion of our 2006 bonus plan and will be part of our restructured incentive plan in 2007.

The targeted incentive performance levels under our restructured cash incentive plan are being established after consideration of industry practices and norms gathered from our 2006 benchmarking study.

Long-Term Incentive Compensation. The Bank implemented a Phantom Stock Appreciation Rights plan, effective November 1, 2002, to reward executive officers, key management and the Board of Directors for achieving strategic goals of the Bank. Under such plan, the future value of units awarded to plan participants is based upon the accumulation of future consolidated retained earnings of the Bank. As of the date of such award on November 1, 2002, such units had no value. The future value of such units is the increase in consolidated retained earnings of the Bank each December 31. Expenses accrued for the increases in the future value of units awarded will reduce the Bank's future earnings. There are no thresholds or target payouts set under the plan.

The units were awarded to executive officers, key management, and directors of the Bank as of November 1, 2002. Directors of the Bank received 24.8% of such units in the aggregate. Messrs. Inverso, Perilli, Zadworny, Pericoloso and Ms. Norton were awarded 16.3%, 16.3%, 5.0%, 4.6% and 6.0% of the units, respectively. Such units are earned and non-forfeitable after participants have completed 10 years of service with the Bank at a rate of 10% per year or age 65, whichever is earlier. Distributions of benefits under the plan will be made following retirement termination of service, death or a change in control of the Bank. The benefit paid to a plan participant will be the accumulated value of his or her units calculated based upon the growth in the Bank's consolidated retained earnings between November 1, 2002 and the time of distribution of the benefit to a plan participant. The future value of such units awarded and the annual expense of the plan is based upon the future earnings of the Bank and corresponding increases in the Bank's future consolidated retained earnings.

Retirement and Income Security Programs. Our Retirement programs consist of the tax-qualified defined pension benefit plan, the 401(K) plan with a company matching contribution and our employee stock ownership plan. In addition, we maintain a supplemental retirement program for certain Named Officers.

Defined Benefit Retirement Plan. The Bank maintains a qualified noncontributory defined benefit plan ("Retirement Plan") for employees. All employees who have worked for a period of one year and who have been credited with 1,000 or more hours of employment during the year are eligible to accrue

benefits under the Retirement Plan. At the normal retirement age of 65, the plan

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

is designed to provide a single life annuity with no ancillary benefits. For a married participant, the normal form of benefit is an actuarially reduced survivor annuity where, upon the participant's death, the participant's spouse is entitled to receive a benefit equal to 50% of the amount paid during the participant's lifetime. The joint and survivor annuity will be actuarially equivalent to the single life annuity.

The annual retirement benefit provided is an amount equal to the sum of (a) 1.3% of a participant's average annual earnings not in excess of Covered Compensation and (b) 1.93% of a participant's average annual earnings in excess of Covered Compensation multiplied by the participant's years of credited service to the normal retirement date (not to exceed 30 years). Covered Compensation is defined as the average (without indexing) of the Social Security Taxable Wage Base (\$94,200 for 2006) in effect at the beginning of each calendar year during the 35 year period ending with the calendar year in which the participant attains Social Security Retirement Age (without regard to any age increase factors under the Social Security Act). Average annual earnings is defined as the average annual total compensation of the 60 consecutive calendar months preceding termination of service. Retirement benefits are also payable upon retirement due to early and late retirement, disability or death. A reduced benefit is payable upon early retirement at or after age 55 and the completion of 5 years of service with Roma Bank. Upon termination of employment other than as specified above, a participant who has a vested benefit under the Retirement Plan is eligible to receive his or her accrued benefit reduced for early retirement, if applicable, or a deferred retirement benefit commencing on such participant's normal retirement date. Benefits are payable in various annuity forms.

401(k) Savings Plan. The Bank maintains the Roma Bank 401(k) Savings Plan, a tax-qualified defined contribution plan, for substantially all salaried employees of the Bank who have completed a year of eligible service (as defined under the plan) and attained age 21. Eligible employees may contribute an amount from 1% to 25% of their salary to the plan on a pre-tax basis, subject to the limitations imposed by the Internal Revenue Code of 1986, as amended. For 2006, the contribution limit is \$15,000 except participants over age 50 may contribute an additional \$5,000 per year. Under the plan, the Bank makes a matching contribution equal to 50% of the first 6.0% of compensation deferred by a participant. The plan has an individual account for each participant's contributions and allows each participant to direct the investment of his or her account into the investment funds provided through RS Group Trust Company.

Employee Stock Ownership Plan. As part of our stock offering, we established the Roma Bank Employee Stock Ownership Plan. The plan purchased 811,750 shares of the Company stock as part of the offering for a total of \$8,117,500, with funds borrowed from the Company. The stock acquisition loan will be repaid by the plan over a period of approximately 15 years based upon anticipated contributions from the Bank necessary to meet the loan principal and interest obligations of the plan. During the repayment period of the loan, it is anticipated that approximately 54,000 shares of Company stock will be allocated annually to employee participant accounts as a supplement to their retirement program. Such employee stock ownership plan will serve to permit all employees of the Company and the Bank to become long term stockholders of the Company, thereby aligning the employees' interest with the interests of the Company's stockholders. For the partial year ended December 31, 2006, ESOP awards to the Named Officers were as follows: Inverso-1318.817 shares; Perilli-661.428 shares; Norton-920.118 shares; Zadworny-749.618 shares, and Pericoloso-590.876 shares. The shares allocated to the officers above represented 15.67% of the 27,058 total shares allocated.

Supplemental Executive Retirement Agreements. Roma Bank has entered into supplemental executive retirement agreements with Officers Inverso, Perilli, Norton and Zadworny. The supplemental executive retirement agreements provide

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

benefits at normal retirement age of 69 for Mr. Inverso, 89 for Mr. Perilli, and 65 for Ms. Norton and Mr. Zadworny.

12

It is our intent to provide long-term incentives to the Named Officers through stock incentive plans to be established in 2007 consistent with competitive standards for our size financial institution. IFM Group's 2006 compensation study indicated that the absence of such equity compensation placed our executives well below the peer banks' comparison.

Other Elements of Compensation for Executive Officers. In order to attract and retain qualified executives, we provide executives with a variety of benefits, consisting primarily of retirement benefits through our 401(k) and defined benefit pension plans, supplemental executive retirement agreements, and executive life insurance. Details of the values of these benefits may be found in the footnotes and narratives to the Summary Compensation Table. Further details can be found in the narratives accompanying the Pension Benefits Table and the Nonqualified Deferred Compensation Table in this proxy statement.

Compliance with Sections 162(m) and 409A of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code denies a deduction to any publicly held corporation for compensation paid to certain "covered employees" in a taxable year to the extent that compensation exceeds \$1,000,000 for a covered employee. Since we retain discretion over bonuses under our cash incentive plan, those bonuses will not qualify for the exemption for performance-based compensation. The Compensation Committee intends to provide executive compensation in a manner that will be fully deductible for federal income tax purposes, so long as that objective is consistent with overall business and compensation objectives. However, we reserve the right to use our judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate and in the best interests of our shareholders, after taking into consideration changing business conditions or the executive officer's performance.

It is also our intention to maintain our executive compensation arrangements in conformity with the requirements of Section 409A of the Internal Revenue Code, which imposes certain restrictions on deferred compensation arrangements. We have been engaged in a process of reviewing our deferred compensation arrangements since the enactment of Section 409A in 2004 in order to remain compliant with provisional guidance issued by the Internal Revenue Service under Section 409A. It is expected that, once the IRS issues final guidance under Section 409A, conforming changes to our deferred compensation arrangements will be finalized and presented to the Board for approval.

Compensation Committee Report

As a committee, we reviewed the Compensation Discussion & Analysis (CD&A) that appears above and discussed the CD&A with management while this proxy statement was being prepared. We approve of the CD&A and we gave our recommendation to the full Board of Directors to include the CD&A in the proxy statement.

EXECUTIVE OFFICER COMPENSATION

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

The following table sets forth the cash and non-cash compensation awarded to or earned during the last fiscal year by our principal executive officer, principal financial officer and certain other executive officers of the Company or the Bank. Ms. Lamont was appointed as Chief Financial Officer in

13

April 2006, and therefore her compensation as an officer does not reflect a full year. Ms. Lamont resigned from her seat as a director at the time she became an officer; her compensation as a director for that portion of 2006 she served as a director is shown in the Director Compensation section of this proxy statement.

	SALARY ----- (a)	BONUS ----- (b)	NON-EQUITY INCENTIVE PLAN COMPENSATION ----- (c)	CHANGE IN PENSION VALUE AND NONQUALIFIED DEFERRED COMPENSATION EARNINGS ----- (d)
Peter A. Inverso President and Chief Executive Officer	\$269,712	\$170,000	\$ 25,315	\$ 121,289
Maurice T. Perilli Executive Vice President Chairman of the Board	\$110,337	\$175,000	\$ 25,315	\$ 109,746
Margaret T. Norton Senior Vice President Corporate Secretary	\$153,490	\$ 30,000	\$ 9,422	\$ 144,614
Sharon Lamont Chief Financial Officer	\$ 85,019	\$ 10,000	\$ 8,573	\$ -
Barry Zadworny Senior Vice President Compliance	\$125,048	\$ 7,500	\$ 6,140	\$ 73,313
C. Keith Pericoloso Senior Vice President Branch Operations	\$ 98,500	\$ 29,000	\$ 5,582	\$ 12,190

For us, 2006 was a challenging year. While we succeeded in achieving many of our objectives, our results reflected the challenges that we faced; a lethargic residential loan demand, the persistence of an inverted yield curve, which compressed interest margins, and an ever aggressive competitive environment. Among other things our net interest margin was adversely impacted by the interest rate environment that prevailed throughout 2006. The bonuses

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

paid reflect executive management's responses to the challenges, the completion of our initial public offering, and helping the Company emerge from 2006 positioned as a stronger and better organization ready to optimize opportunities and to continue to respond to the challenges of our industry.

In the table above:

- o When we refer to non-equity incentive plan compensation in column (c) above, we are referring to the Phantom Stock Plan implemented in 2002. The compensation shown for 2006 is the amount of the Bank's contribution to the plan for the year and earnings on plan balances for the year. Expense is accrued annually for increases in the future value of the phantom stock units, corresponding to the accumulation of retained earnings for the Bank.

14

- o When we refer to changes in pension values in column (d) above, we are referring to the aggregate change in the present value of the Named Officer's accumulated benefit under all defined benefit and actuarial plans from the measurement date used for preparing our 2005 year-end financial statements to the measurement date used for preparing our 2006 year-end financial statements. For Mr. Inverso, this consists of a \$34,343 change in value under the Roma Bank Retirement Plan and an \$86,946 change in value under the Roma Bank Supplemental Executive Retirement Agreement. For Mr. Perilli, this consists of a \$20,457 change in value under the Roma Bank Retirement Plan and an \$89,289 change in value under the Roma Bank Supplemental Executive Retirement Plan. For Ms. Norton, this consists of a \$105,744 change in value under the Roma Bank Retirement Plan and a \$38,870 change in value under the Roma Bank Supplemental Executive Retirement Plan. Ms. Lamont did not participate in the Retirement Plan or Supplemental Executive Retirement Plan during 2006. The change in value under the Retirement Plan for Mr. Zadworny and Mr. Pericoloso was \$73,313 and \$12,190, respectively.
- o The Named Officers did not receive any nonqualified deferred compensation earnings during 2006. When we refer to "nonqualified deferred compensation earnings," we are referring to above-market or preferential earnings on compensation that is deferred on a basis that is not tax-qualified, such as earnings on a nonqualified defined contribution plan.
- o "All other compensation" in column (e) above includes the following:
 - o for Mr. Inverso: \$8,383 of life and disability insurance premiums, 1,319 shares under the Roma Bank Employee Stock Ownership Plan (valued at \$20,178 based on an average stock price of \$15.30 per share) and \$7,500 representing matching payments that we made under our 401(k) plan.
 - o for Mr. Perilli: \$11,262 of life and disability insurance premiums, 661 shares under the Roma Bank Employee Stock Ownership Plan (valued at \$10,120 based on an average stock price of \$15.30 per share) and \$3,310 representing matching payments that we made under our 401(k) plan.
 - o for Ms. Norton: \$3,966 of life and disability insurance premiums, 920 shares under the Roma Bank Employee Stock Ownership Plan (valued at \$14,078 based on an average stock price of \$15.30 per share) and \$4,605

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

representing matching payments that we made under our 401(k) plan.

o Ms. Lamont's start date as an employee was in April 2006, and she did not become eligible for any benefit plans as an employee until after the conclusion of 2006. However, she did continue her life insurance coverage that she had received as a director in the amount of \$696.

o for Mr. Zadworny: \$2,866 of life and disability insurance premiums, 750 shares under the Roma Bank Employee Stock Ownership Plan (valued at \$11,469 based on an average stock price of \$15.30 per share) and \$3,126 representing matching payments that we made under our 401(k) plan.

o for Mr. Pericoloso: \$2,303 of life and disability insurance premiums, 591 shares under the Roma Bank Employee Stock Ownership Plan (valued at \$9,040 based on an average

15

stock price of \$15.30 per share) and \$ 1,972 representing matching payments that we made under our 401(k) plan.

Employment Agreement. In June 2002, Roma Bank entered into an employment agreement with Mr. Perilli to accommodate Mr. Perilli's desire to continue providing his services to the Bank while reducing his time commitment as a full-time officer and employee of the Bank. The agreement became effective July 1, 2002. Mr. Perilli's base salary on July 1, 2002 was \$202,500. Pursuant to the terms of the agreement, from July 1, 2002 to June 30, 2003, Mr. Perilli's annual base salary was fixed at 90% of his base salary, from July 1, 2003 to June 2004, Mr. Perilli's annual base salary was fixed at 80% of his base salary, from July 1, 2004 to June 30, 2005, Mr. Perilli's annual base salary was fixed at 70% of his base salary, and from July 1, 2005 to June 30, 2007, Mr. Perilli's base salary is fixed at 50% of his base salary. In the event of Mr. Perilli's death prior to June 30, 2007, the Bank will pay his estate the aggregate of all unpaid salary from the date of death through June 30, 2007. Pursuant to the terms of this agreement, Mr. Perilli is eligible for all benefits and perquisites provided to employees and executive management employees of the Bank, including bonuses.

PENSION BENEFITS

The following table sets forth, for each of the Named Officers, information regarding the benefits payable under each of our plans that provides for payments or other benefits at, following, or in connection with such Named Officer's retirement. Those plans are summarized below the following table. The following table does not provide information regarding tax-qualified defined contribution plans or nonqualified defined contribution plans.

NAME	PLAN NAME	NUMBER OF YEARS CREDITED SERVICE	PRESENT VALUE OF ACCUMULATED BENEFIT
----	-----	-----	-----
Peter A. Inverso	Roma Bank Pension Plan Trust	6	\$ 206,643

	Roma Bank SERP		\$	101,935
C. Keith Pericoloso	Roma Bank Pension Plan Trust	25	\$	70,553

In the table above:

- o We have determined the years of credited service based on the same pension plan measurement date that we used in preparing our audited financial statements for the year ended December 31, 2006. We refer to that date as the "Plan Measurement Date."
- o When we use the phrase "present value of accumulated benefit", we are referring to the actuarial present value of the Named Officer's accumulated benefits under our pension plans, calculated as of the Plan Measurement Date.

16

- o The present value of accumulated benefits shown in the table above has been determined using the assumptions set forth in our audited financial statements for the year ended December 31, 2006.
- o Column (e) refers to the dollar amount of payments and benefits actually paid or otherwise provided to the Named Officer during 2006 under our pension plans. As noted, no amounts were actually paid or provided to the Named Officers during 2006.

The Roma Bank Retirement Plan - which we refer to as the "Retirement Plan" - is intended to be a tax-qualified defined benefit plan under Section 401(a) of the Internal Revenue Code. The Retirement Plan, which has been in effect since 1970, generally covers employees of Roma Bank who have completed one year of service. Ms. Lamont is not included in the table above because she was not eligible for either the Retirement Plan or the Supplemental Retirement Plan in 2006.

Supplemental Executive Retirement Agreements. Roma Bank has entered into supplemental executive retirement agreements with Officers Inverso, Perilli and Norton. The supplemental executive retirement agreements provide benefits at normal retirement age of 69 for Mr. Inverso, 89 for Mr. Perilli, and 65 for Ms. Norton. The benefits at normal retirement age are approximately \$60,000 per year for Messrs. Inverso and Perilli and \$32,000 per year for Ms. Norton. The benefits will be paid in equal monthly installments for 120 months. If the participant terminates employment prior to a normal retirement age, there is a lower annual benefit for early termination, disability, or a change in control. If the participant dies while still employed by Roma Bank, the beneficiary would receive a lump sum payment within 60 days of the participant's death. If the participant dies after benefit payments have commenced, the participant's beneficiary will receive the remaining payment as if the participant had

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

survived. If the participant dies after termination of employment, but prior to receiving benefits under the plan, the beneficiary will receive the payments in the same manner as they would be paid to the participant within 60 days of the death of the participant.

As of December 31, 2006, Roma Bank had accrued approximately \$320,693 under Mr. Inverso's supplemental executive retirement agreement, \$329,335 under Mr. Perilli's supplemental executive retirement agreement, and \$143,369 under Ms. Norton's supplemental executive retirement agreement. These accruals reflect the scheduled accruals under the plan in order for the retirement benefit provided by the plan to be fully accrued at the expected retirement date.

NONQUALIFIED DEFERRED COMPENSATION

The following table sets forth information with respect to each defined contribution plan that provides for deferral of compensation on a non tax-qualified basis.

DIRECTOR COMPENSATION

Roma Bank directors receive an annual retainer of \$28,800 for service on Roma Bank's Board of Directors and do not receive additional compensation for serving on the Boards of Roma Financial Corporation or Roma Financial, MHC. The aggregate director fees paid to the directors of Roma Bank for the year ended December 31, 2006 were \$143,800. Directors who also serve as employees do not receive compensation as directors.

The following table sets forth information regarding the compensation we paid to our directors for 2006. When we refer to non-equity incentive plan compensation in the table below we are referring to the Phantom Stock Plan implemented by the Bank in 2002. The compensation shown for 2006 is the amount of the Bank's contribution to the plan for the year and earnings on plan balances for the year. Expense is accrued annually for increases in the future value of the phantom stock units, corresponding to the accumulation of retained

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

earnings for the Bank. Neither Mr. Rosen nor Ms. Siekerka has received any award under the Phantom Stock Plan. Ms. Lamont's compensation under the Phantom Stock Plan is shown as part of her compensation as an executive in the Executive Officer Compensation section of this proxy statement. Ms. Lamont was appointed as Chief Financial Officer in April 2006 and resigned from her seat as a director at that time. For that portion of 2006 for which she served as a director, she received director fees for seven board meetings as well as five committee meetings. Mr. Rosen joined the Board in May 2006.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS AND DIRECTOR INDEPENDENCE

Other than as disclosed below, no directors, executive officers or their immediate family members were engaged, directly or indirectly, in transactions with Roma Financial Corporation or any subsidiary during the three years ended December 31, 2006 (excluding loans with Roma Bank).

Director Palombi's son, Rudolph Palombi, Jr., is a lawyer who serves as the Bank's counsel and provides other professional services for the Bank. Rudolph Palombi, Jr. was paid by the Bank approximately \$ 72,177 and \$86,000 during the years ended December 31, 2006 and 2005, respectively. Management believes that the transactions with Mr. Palombi, Jr. were on terms at least as favorable to the Bank as it would have received in transactions with an unrelated party.

Roma Bank makes loans to its officers, directors and employees in the ordinary course of business. It is a firm policy of Roma Bank to grant insider loans under the same terms and conditions as for non-insiders. There is no

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

preferential treatment with respect to loans and rates, and such loans also do not include more than the normal risk of collectibility or present other unfavorable features.

Other than Mr. Inverso, who is our President and Chief Executive Officer, and Mr. Perilli, who is our Executive Vice President, each member of our Board of Directors is an outside director independent of management, the Company and the Bank and free of any relationship that would interfere with the exercise of independent judgment in carrying out their duties as directors. The Board of Directors carefully monitors any situation that could cause a member to cease to be independent under the requirements of the NASDAQ Stock Market.

PROPOSAL II - RATIFICATION OF APPOINTMENT OF AUDITORS
