Stockholders of record as of the close of business on February 25, 2009 (the "Record Date"), are entitled to one vote for each share of the common stock of the Company, par value \$0.10 per share (the "Common Stock"), then held. As of the Record Date, the Company had 30,888,253 shares of Common Stock outstanding.

The presence in person or by proxy of at least a majority of the outstanding Common Stock entitled to vote is necessary to constitute a quorum at the Meeting. With respect to any matter, broker non-votes (*i.e.*, shares for which a broker indicates on the proxy that it does not have discretionary authority as to such shares to vote on such matter) will be considered present for purposes of determining whether a quorum is present.

As to the election of directors (Proposal I), the proxy provided by the Board of Directors allows a stockholder to vote for the election of the nominees, or to withhold authority to vote for one or more of the nominees being proposed. Under the Company's bylaws, directors are elected by a plurality of votes cast, without regard to either (i) broker non-votes or (ii) proxies as to which authority to vote for the nominees being proposed is withheld.

Concerning all other matters that may properly come before the Meeting, including the ratification of the independent auditors (Proposal II), a stockholder may: (i) vote "FOR" the item, (ii) vote "AGAINST" the item, or (iii) "ABSTAIN" with respect to the item. Unless otherwise required by law, all such matters shall be determined by a majority of votes cast affirmatively or negatively without regard to either (i) broker non-votes or (ii) proxies marked "ABSTAIN" as to that matter. Prior to the Meeting, the ESOP Plan Committee will make its determination on the matters to be voted on in accordance with the committee's fiduciary duty.

Your voting instructions will be received directly by the ESOP trustee, who will maintain the confidentiality of your personal voting instructions. You will receive with this proxy statement a voting instruction form for your shares and a return envelope for that form addressed to the ESOP trustee. Peter A. Inverso, President and Chief Executive Officer, Maurice T. Perilli, Executive Vice President and Margaret T. Norton, Senior Vice President of Administration and Corporate Secretary, participate in determinations regarding the compensation and design of our benefit programs for all employees. However, they do not participate in setting their own compensation.

Our Compensation Objectives and the Focus of Our Compensation Rewards

Our compensation philosophy is dictated by the Compensation Committee of our Board of Directors. We believe that an appropriate compensation program should have a balance between providing rewards to executive officers while at the same time effectively controlling compensation costs. Our objective is to provide overall competitive pay levels in order to attract highly qualified individuals and to retain those individuals in a highly competitive marketplace for executive talent, reward executive officers for superior performance and incent them to perform in a manner that maximizes our corporate performance and enhances stockholder value. Accordingly, our intent is to structure our executive compensation with a focus on a pay-for-performance approach and to offer executive compensation programs that align each individual's financial incentives with our strategic direction and corporate values.

We view our executive compensation as having the following key elements:

- a current cash compensation program consisting of salary and cash bonus incentives;
- long-term equity incentives reflected in awards under our Roma Financial Corporation 2008 Equity Incentive Plan and previously adopted Phantom Stock Appreciation Rights Plan;
- our tax qualified retirement programs (pension, 401(k) plan and employee stock ownership plan); and,
- other executive retirement benefits and perquisites.

These programs have as their objective to provide our senior officers with overall compensation that is competitive with comparable financial institutions, aligns individual performance with our business objectives, and aligns senior officer long-term interests with those of the Company's stockholders.

Comparative Market Data

We annually review our mix of short term performance incentives versus longer term incentives, and incorporate in our compensation reviews the data from studies performed as to appropriate competitive levels of compensation and benefits. We do not have set percentages of short term versus

long term incentives. Instead, we look to provide a reasonable balance of those incentives, consistent with competitive standards obtained from available studies and data obtained from peer institutions.

The primary data sources used in setting competitive market levels for executive officer pay are the information contained in survey studies and publicly disclosed data by other comparable community banks. These comparable companies are reviewed annually and may change from year-to-year. These companies, which have been carefully reviewed and considered by the Compensation Committee, include community banks of similar size and business strategy, both nationally and those located in our geographic region. The Compensation Committee reviews such data collected in order to determine market competitive levels of compensation, as well as, reviewing internal pay levels within the executive group. The Compensation Committee makes decisions regarding each individual executive's target total compensation opportunity with consideration of the goal of motivating and retaining an experienced and effective management team. The Compensation Committee utilizes a selected peer group of companies to assist in its evaluation of our compensation programs. This comparative group of companies in 2006 consisted of twelve other publicly traded financial institutions ranging in asset size from \$647 million to \$1.24 billion dollars. The peer group averaged \$956 million in assets versus our size, at the time, of approximately \$875 million in assets. Each peer group financial institution was selected because of its size and similarity in operations as well as general geographic proximity to us. The twelve financial institutions that comprised the peer group were FMS Financial Corp, Peapack-Gladstone Financial Corp, Center Bancorp, Inc., Oritani Financial Corp., Synergy Financial Group, Inc., The First of Long Island Corp., Smithtown Bancorp, Inc., Berkshire Bancorp, Inc., Greater Community Bancorp, Clifton Savings Bancorp, Unity Bancorp, and Pamrapo Bancorp.

The Compensation Committee utilizes a selected peer group of publicly traded companies to assist in its evaluation of our compensation programs. This comparative group of companies was updated in 2008 and consisted of seventeen other publicly traded financial institutions in the northeast ranging in asset size from \$510 million to \$1.4 billion dollars. This peer group averaged \$937 million in assets versus our size, at the time, of approximately \$955 million in assets. Each peer group financial institution was selected because of its size and similarity in operations as well as general geographic proximity to us. The seventeen financial institutions that comprised the 2008 peer group in the compensation study were Oritani Financial, United Financial, Cape Bancorp, Berkshire Bancorp, Westfield Financial, Carver Federal, ESSA Bancorp, Benjamin Franklin Bancorp, Legacy Bancorp, Clifton Savings Bancorp, Patriot National Bancorp, Unity Bancorp, Fox Chase Bancorp, Prudential Savings, First Keystone Corp., Ocean Holding, and Magyar Bancorp.

In 2008, we compared our compensation programs to industry available databases and to the above mentioned updated peer group. The process involved hiring an independent compensation consulting firm, IFM Group, Inc. to perform a study in which they:

- Gathered data from industry specific global and regional compensation databases based upon company size for each executive position.
- Determined an appropriate peer group of financial institutions based upon similar size and geography.
- Developed data points at the average, 60th and 75th percentiles for salary and total cash compensation comparisons and reviewed equity grants for peer institutions.
- Averaged peer group and database statistics together to produce a relevant "market" at the data points for salary and total cash compensation and documented equity ownership at peer institutions.

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

- Compared our compensation levels to the “market” data points and determined our relative positioning for competitiveness as to salary, total cash compensation and non-cash compensation.
- Evaluated other compensation components, including executive benefits as compared to competitive standards.

In the evaluation process, the salary, total cash and equity compensation of our executive officers were compared to corresponding data points of the peer group as well as data available from published financial institution databases. Data regarding employment contracts and change-of-control provisions, as well as data regarding the design and benefit levels of retirement benefits, were also compared to the data derived from the peer banks.

“Market” cash compensation was determined by averaging the data base studies available with the Peer Group data, and determining data points at the average 60th and 75th percentiles. Previously, the compensation committee had established a goal of having the individual’s total cash compensation, inclusive of cash bonuses to approximate the 60th “market” percentile assuming achievement of personal goals and favorable corporate financial results. The results of the study indicated that we were close to meeting our targeted goals in most cases.

Although we gain considerable knowledge about the competitiveness of our compensation programs through the comparative process and by conducting periodic studies, we recognize that each financial institution is unique and that significant differences between institutions in regard to executive compensation practices exist.

We believe that the aggregate of the executive compensation programs that we provide will fulfill our objectives of providing a competitive level of compensation and benefits in order to attract and retain key executives. We also believe that by redesigning our salary and incentive programs during 2007 and 2008, we appropriately reward performance and fulfill our objectives to achieve profitability and growth while, at the same time, allowing us to maintain controls over our compensation costs.

Our policy for allocating between long-term and currently paid compensation is to ensure adequate base compensation to attract and retain personnel, while providing incentives to maximize long-term value for our Company and our shareholders. Our objective is to provide cash compensation in the form of base salary to meet competitive salary norms and to incent and reward superior performance on an annual basis against specific short term goals through our cash incentive compensation plan, targeting total cash compensation, including bonus at the 60th percentile of the market. Our intent is to provide long-term non-cash incentive to reward superior performance against specific objectives and long-term strategic goals.

Specific Elements of Our Compensation Program

We have described below the specific elements of our compensation program for executive officers.

Salary. Consolidation continues within the banking industry, and recent experience continues to demonstrate that there remains a limited supply of qualified experienced executives and other officers, particularly in a number of specialized areas. We believe that it is important that we retain a competitive salary structure in order to retain our existing qualified officers and to maintain a base pay structure consistent with the structures utilized for the compensation of similarly situated executives in the industry and at similarly size institutions. During 2007 and 2008, we established structured salary ranges and

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

guidelines for our executive officers as well as for our other officers and employees. This structured salary program will be reviewed periodically based upon industry standards developed through studies by independent compensation consulting firms engaged by our Compensation Committee for that purpose. A key objective of our salary structure is to maintain reasonable “fixed” compensation costs by targeting base salaries within a competitive range, taking into effect performance as well as experience.

The officers named in our summary compensation table below and referred to in this proxy statement as our Named Executive Officers, except for Mr. Inverso and Mr. Perilli, are not currently parties to employment agreements.

Short-Term Incentive Compensation. We maintain an annual cash incentive compensation plan which has been revised to incorporate a strong pay-for-performance orientation. In 2007, the Company began a transition to the restructured cash incentive program which was fully operative in 2008. We also revised and formalized our performance objective setting and performance evaluation process throughout the Company in order to support this increased emphasis on “pay for performance.”

Individual performance goals under our 2008 cash incentive program varied by officer job level and function and were based upon our tactical and strategic objectives. The extent to which we achieved our corporate goals and financial results versus budgeted goals were factors considered in the corporate performance portion of our cash incentive plan.

The Compensation Committee reviews in detail the design of each year’s cash incentive program including the desired performance outputs and the program factors that will impact total bonus payouts. The Compensation Committee reviews the various performance factors, the weighting of various factors, and the potential impact and the possible risks to the Company of incenting performance in the various factors selected under the plan to be certain that the plan’s design and its performance components are consistent with the Company’s risk tolerance and internal lending policies. Consistent with those objectives, the resulting payout of any one factor was maximized at 140% in 2008.

As of January 1, 2008, the Roma Bank Cash Incentive Compensation Plan was fully implemented. The Plan is an integral part of officer cash compensation for Branch Managers and above. It is designed to communicate the Board’s strategy and to drive the Bank’s business plan on a structured basis for the eligible officers, to reinforce a common focus among eligible officers on the Bank’s continued need for maximum profitability, efficiency and growth, and to reinforce the concept of “team” and overall results, as well as individual performance and results. The incentive plan employs targeted awards as a percentage of base salary, determined by a competitive analysis previously performed by our consultant, IFM Group, Inc. Funding is achieved through attainment of profitability targets and other key objectives as established annually by the Board of Directors and as developed each year in the Bank’s profit plan, and by the Bank’s performance in several key financial measures, as determined each year by the Board of Directors, compared to the performance of a group of peer institutions. Beside overall Bank results, individual/business group performance results are also taken into effect for officers below the level of CEO and Chairman.

The peer group used for 2008 was based upon recommendations by the Bank’s consultant, IFM Group, Inc, and consisted of some fourteen banks ranging in asset size, as of September 30, 2008, from \$514 million to \$1.53 billion, from the states of NJ, NY, PA, MA, NH, and ME. The peer group, including the Bank, averaged \$928 million in assets versus the Bank’s assets at the time of approximately \$970 million. Each peer group financial institution was selected because of its size and similarities to the Bank.

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

The fourteen financial institutions comprising the 2008 peer group were: Carver Federal Savings Bank, Clifton Savings Bank, ESSA Bank & Trust, Fox Chase Bank, Gardiner Savings Bank, Haven Savings Bank, Lake Sunapee Federal Savings, Magyar Bank, Mascoma Savings Bank, Maspeth Federal Savings Bank, Oritani Savings Bank, Prudential Savings Bank, United Bank, and Westfield Bank.

For the 2008 Cash Incentive Plan, the Bank's results versus budget components were weighted 70% and the Bank's performance results relative to several key peer Bank financial performance measures, including, net income, return on average assets, targeted loan growth, return on average equity, efficiency ratio and in year to year improvement in: non-performing loans, return of average equity, net interest margin, and the ratio of loans to assets. Each of these factors varied in their weighting from 50% to 2.5% with the aggregate 70%. Bank results versus Peer Group result components were weighted in aggregate in 2008 with no one component weighted more than 6% of that total. Bank results versus Peer Banks were measured based upon a 12 month trailing average ending September 30, 2008. Those components measured included return on average assets, net interest margin, non performing assets, efficiency ratio and earnings per employee. Consistent with the Company's risk policy, each individual component factor being measured under the Cash Incentive Plan in 2008 was subject to a 140% maximum so that the maximum bonus award applicable to the President and CEO having a target bonus of 40% of base salary in 2008 was limited to 56% of base salary. The components measuring the Bank's 2008 results versus 2008 budget were measured as of December 31, 2008 resulting in the cash incentive amounts being paid in February 2009 versus payment in December of 2008.

Under the program in effect in 2008, bonuses were paid to the Named Executive Officers which ranged from 14.0% to 36% as a percentage of base salary. For our President and Chief Executive Officer, and our Chairman, their 2008 cash incentive amount was based totally upon attainment of the above described Bank result goals as well as Bank results versus the Peer Group Banks.

Long-Term Incentive Compensation. In 2008, as a result of our compensation consultant's 2006 and 2008 studies, indicating that the absence of a comprehensive equity compensation program placed our executives well below the peer banks' comparison of total compensation for Named Executive Officers inclusive of equity, the Company implemented the 2008 Equity Incentive Plan.

The purpose of the 2008 Equity Incentive Plan is to provide incentives and rewards to selected officers, employees and directors that contribute to the success and growth of Roma Financial Corporation and its affiliates, and to assist these entities in attracting and retaining selected officers, employees and directors with necessary experience and the ability required to aid the Company in increasing the long term value of the Company for the benefit of its shareholders.

Under the Plan, awards may consist of Incentive Stock Options, Non-Statutory Stock options or Restricted Stock Awards. Through the practice of awarding nonvested equity shares, and vesting over a period of years, this element of the compensation program promotes and rewards a plan participant's tenure with the Company as well as the participant's role in the Company's long term growth and long term financial performance.

The Compensation Committee reviewed in detail the design of the awards in aggregate, by category of job position and by individual award to be sure the plan design, components, and awards were consistent with the Company's risk tolerance and impact tolerance on current and future impact on earnings as well as consistent with customary practices.

The types and amounts of awards for each participant were based upon recommendations made by our consultant firm, IFM Group, Inc., taking into effect reward practices in similar size institutions. The 2008 awards were made to officers at the rank of Branch Manager and above, as well as to directors.

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

These awards were associated with a vesting schedule, vesting at 20% per year over five years commencing on the first anniversary date of the award. Information concerning the 2008 awards to certain Named Executive Officers in 2008 is set forth in the Summary Compensation Table.

No awards were made in 2008 under the Bank's Phantom Stock Appreciation Rights Plan, which was effective November 1, 2002, to reward executive officers, key management and the Board of Directors for achieving strategic goals of the Bank. Under that plan, the future value of units awarded to plan participants is based upon the accumulation of future consolidated retained earnings of the Bank. As of the date of such award on November 1, 2002, such units had no value. The future value of such units will be based upon the increase in consolidated retained earnings of the Bank each December 31. Expenses accrued for the increases in the future value of units awarded will reduce the Bank's future earnings. There are no thresholds or target payouts set under the plan. The plan expired on December 31, 2008.

The units under that Plan were awarded to executive officers, key management, and directors of the Bank as of November 1, 2002 and in subsequent years. Directors of the Bank received 24.8% of such units in the aggregate. Messrs. Inverso, Perilli, Zadworny, Pericoloso and Ms. Norton were awarded 16.3%, 16.3%, 5.0%, 4.6% and 6.0% of the units, respectively. Such units are earned and non-forfeitable after participants have completed 10 years of service with the Bank at a rate of 10% per year, or 100% at age 65, whichever is earlier. Distributions of benefits under the Plan will be made following retirement, termination of service, death or a change in control of the Bank. The benefit paid to a plan participant will be the accumulated value of his or her units determined by the growth in the Bank's consolidated retained earnings between November 1, 2002 and the time of distribution of the benefit to a plan participant.

Retirement and Income Security Programs. Our Retirement programs consist of a tax-qualified defined pension benefit plan, a 401(K) plan with a company matching contribution and our employee stock ownership plan. In addition, we maintain a supplemental retirement program for certain Named Executive Officers.

Defined Benefit Retirement Plan. The Bank maintains a tax-qualified noncontributory defined benefit plan ("Retirement Plan") for employees. All employees who have worked for a period of one year and who have been credited with 1,000 or more hours of employment during the year are eligible to accrue benefits under the Retirement Plan. At the normal retirement age of 65, the plan is designed to provide a single life annuity with no ancillary benefits. For a married participant, the normal form of benefit is an actuarially reduced survivor annuity where, upon the participant's death, the participant's spouse is entitled to receive a benefit equal to 50% of the amount paid during the participant's lifetime. The joint and survivor annuity will be actuarially equivalent to the single life annuity.

The annual retirement benefit provided is an amount equal to the sum of (a) 1.3% of a participant's average annual earnings not in excess of Covered Compensation and (b) 1.93% of a participant's average annual earnings in excess of Covered Compensation multiplied by the participant's years of credited service to the normal retirement date (not to exceed 30 years). Covered Compensation is defined as the average (without indexing) of the Social Security Taxable Wage Base (\$102,000 and \$97,500 for 2008 and 2007, respectively) in effect at the beginning of each calendar year during the 35 year period ending with the calendar year in which the participant attains Social Security Retirement Age (without regard to any age increase factors under the Social Security Act). Average annual earnings is defined as the average annual total compensation of the 60 consecutive calendar months preceding termination of service. Retirement benefits are also payable upon retirement due to early and late retirement, disability or death. A reduced benefit is payable upon early retirement at or after age 55 and the completion of 5 years of service with the Bank. Upon termination of employment other than as

specified above, a participant who has a vested benefit under the Retirement Plan is eligible to receive his or her accrued benefit reduced for early retirement, if applicable, or a deferred retirement benefit commencing on such participant's normal retirement date. Benefits are payable in various annuity forms.

401(k) Savings Plan. The Bank maintains the Roma Bank 401(k) Savings Plan, a tax-qualified defined contribution plan, for substantially all salaried employees of the Bank who have completed a year of eligible service (as defined under the plan) and attained age 21. Eligible employees may contribute an amount from 1% to 25% of their salary to the plan on a pre-tax basis, subject to the limitations imposed by the Internal Revenue Code of 1986, as amended. For 2008, the contribution limit was \$15,500 except participants over age 50 may contribute an additional \$5,000 per year. Under the plan, the Bank makes a matching contribution equal to 50% of the first 6.0% of compensation deferred by a participant. The plan has an individual account for each participant's contributions and allows each participant to direct the investment of his or her account into various investment funds.

Employee Stock Ownership Plan. As part of our stock offering during 2006, we established the Roma Bank Employee Stock Ownership Plan. The plan purchased 811,750 shares of the Company stock as part of the offering for a total of \$8,117,500, with funds borrowed from the Company. The stock acquisition loan will be repaid by the plan over a period of approximately 15 years based upon anticipated contributions from the Bank necessary to meet the loan principal and interest obligations of the plan. During the repayment period of the loan, it is anticipated that approximately 54,000 shares of Company stock will be allocated annually to employee participant accounts as a supplement to their retirement program. The employee stock ownership plan will serve to permit all employees of the Company and the Bank to become long term stockholders of the Company, thereby aligning the employees' interest with the interests of the Company's stockholders. For the year ended December 31, 2008, ESOP awards to the Named Executive Officers were as follows: Inverso-2,339.557 shares; Perilli – 1,767.584 shares; Norton – 1,705.876 shares; Zadworny – 1,332.795 shares, Pericoloso – 1,293.380 shares, and Lamont-1,113.759 shares. The shares allocated to the officers above represented 17.6% of the 54,116 shares allocated in 2008, and 17.5% of the 54,116 total shares allocated in 2007.

Supplemental Executive Retirement Agreements. The Bank has entered into supplemental executive retirement agreements with Officers Inverso, Perilli, Norton and Zadworny. The supplemental executive retirement agreements provide benefits at normal retirement age of 69 for Mr. Inverso, 89 for Mr. Perilli, and 65 for Ms. Norton and Mr. Zadworny. However, the plan provides for payments to begin at the later of normal retirement age or the date the individual is no longer employed by the Bank. Details of the values of these retirement benefits may be found in the footnotes and narratives to the Summary Compensation Table and in the narratives accompanying the Pension Benefits Table and the Nonqualified Deferred Compensation Table.

Employment Contracts and Change Of Control Agreements. On February 20, 2009 the Board of Directors of Roma Financial Corporation approved the terms of employment agreements with each of Peter A. Inverso, President and Chief Executive Officer, and Maurice T. Perilli, Executive Vice President. Both agreements were effective as of March 1, 2009. Mr. Inverso's agreement provides for an initial term of 36 months while Mr. Perilli's agreement provides for an initial term of 24 months. Each agreement also provides that on the first day of each calendar quarter after the anniversary date, the term shall be renewed for an additional three years in the case of Mr. Inverso and two years in the case of Mr. Perilli unless written notice of non-renewal is provided to the officer at least 90 days prior to any such Anniversary Date. Mr. Inverso's agreement provides for an initial base salary of \$329,600 per year, while Mr. Perilli's provides for an initial base salary of \$206,000 per year. Both agreements also provide that the individual's base salary will be reviewed at least annually by a committee designated by the Board and may be increased but not decreased. Each officer is also entitled to receive such benefits as are uniformly provided to permanent full-time employees. Both officers shall also be provided with such

other benefits, arrangements and perquisites substantially similar as to what were being provided to them immediately prior to the date of the agreements and shall be entitled to incentive compensation and bonuses as provided in any plan in which the individual is eligible to participate.

In the event the officer terminates his employment due to a disability, he shall be entitled to continue to receive his base salary for the greater of the remaining term of the agreement or one year. In the event of his death, his lawful heirs or estate shall be entitled to receive a payment equal to his base salary for one year. The agreements also provide that, upon the occurrence of an "Event of Termination", the officer shall be entitled to receive a payment equal to three times the officer's base salary and the highest bonus awarded to him during the prior three years and shall also be entitled to continuation of health and welfare benefits for twelve months following the date of termination or thirty six months in the event of a change in control.

Compliance with Sections 162(m) of the Internal Revenue Code

Section 162(m) of the Internal Revenue Code denies a deduction to any publicly held corporation for compensation paid to certain "covered employees" in a taxable year to the extent that compensation exceeds \$1,000,000 for a covered employee. Since we retain discretion over bonuses under our cash incentive plan, those bonuses will not qualify for the exemption for performance-based compensation. The Compensation Committee intends to provide executive compensation in a manner that will be fully deductible for federal income tax purposes, so long as that objective is consistent with overall business and compensation objectives. However, we reserve the right to use our judgment to authorize compensation payments that do not comply with the exemptions in Section 162(m) when we believe that such payments are appropriate and in the best interests of our shareholders, after taking into consideration changing business conditions or the executive officer's performance

Compensation Committee Report

The Compensation Committee considered and discussed the foregoing Compensation Discussion and Analysis (CD&A) with executive management and gave its recommendation to the Board of Directors that the CD&A be included in this proxy statement.

Compensation Committee: Simon H. Belli, Louis A. Natale, Jr., Robert H. Rosen, Alfred DeBlasio, Jr. and Michele N. Siekerka.

Compensation Committee Interlocks and Insider Participation. No member of our Compensation Committee is or formerly was an officer or employee of the Company. During 2008, none of our executive officers served on the Compensation Committee (or equivalent), or the Board of Directors, of another entity whose executive officer or officers served on our Compensation Committee or Board.

EXECUTIVE OFFICER COMPENSATION

Summary Compensation Table

The following table sets forth the cash and non-cash compensation awarded to, or earned by, our principal executive officer, principal financial officer and certain other executive officers of the Company or the Bank during the last three fiscal years. Ms. Lamont was appointed as Chief Financial Officer in April 2006, and therefore her compensation as an officer in 2006 does not reflect a full year.

Pension Benefits

The following table sets forth, for each of the Named Executive Officers, information regarding the benefits payable under each of our plans that provides for payments or other benefits at, following, or in connection with such Named Executive Officer's retirement. Those plans are summarized below in the following table. The following table does not provide information regarding tax-qualified defined contribution plans or nonqualified defined contribution plans.

<u>Name</u>	<u>Plan Name</u>	<u>Number of Years Credited Service</u>	Present <u>Value of Accumulated Benefit</u>	<u>Payments During Last Fiscal Year</u>

C. Keith Pericoloso	Roma Bank Pension Plan Trust	27	\$104,332	\$ -
Sharon Lamont	Roma Bank Pension Plan Trust	2	\$65,779	\$ -

In the table above:

- We have determined the years of credited service based on the same pension plan measurement date that we used in preparing our audited financial statements for the year ended December 31, 2008. We refer to that date as the “Plan Measurement Date.”

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

- When we use the phrase “present value of accumulated benefit”, we are referring to the actuarial present value of the Named Executive Officer’s accumulated benefits under our pension plans, calculated as of the Plan Measurement Date.
- The present value of accumulated benefits shown in the table above has been determined using the assumptions set forth in our audited financial statements for the year ended December 31, 2008.
- No amounts were actually paid or provided to the Named Executive Officers during 2008.

The Bank Retirement Plan – (which we refer to as the “Retirement Plan”) -is intended to be a tax-qualified defined benefit plan under Section 401(a) of the Internal Revenue Code. The Retirement Plan, which has been in effect since 1970, generally covers employees of the Bank who have completed one year of service.

Supplemental Executive Retirement Agreements

The Bank has entered into supplemental executive retirement agreements with Officers Inverso, Perilli, Norton and Zadworny. The supplemental executive retirement agreements provide benefits at normal retirement age of 69 for Mr. Inverso, 89 for Mr. Perilli, 65 for Ms. Norton and 65 for Mr. Zadworny. The benefits at normal retirement age are approximately \$60,000 per year for Messrs. Inverso and Perilli, \$32,000 per year for Ms. Norton, and \$26,000 per year for Mr. Zadworny. The benefits will be paid in equal monthly installments for 120 months. If the participant terminates employment prior to a normal retirement age, there is a lower annual benefit for early termination, disability, or a change in control. If the participant dies while still employed by the Bank, the beneficiary would receive a lump sum payment within 60 days of the participant’s death. If the participant dies after benefit payments have commenced, the participant’s beneficiary will receive the remaining payment as if the participant had survived. If the participant dies after termination of employment, but prior to receiving benefits under the plan, the beneficiary will receive the payments in the same manner as they would be paid to the participant within 60 days of the death of the participant.

As of December 31, 2008, the Bank had accrued approximately \$414,855 under Mr. Inverso’s supplemental executive retirement agreement, \$414,855 under Mr. Perilli’s supplemental executive retirement agreement, \$221,256 under Ms. Norton’s supplemental executive retirement agreement, and \$164,280 under Mr. Zadworny’s supplemental executive retirement agreement. These accruals reflect the scheduled accruals under the plan in order for the retirement benefit provided by the plan to be fully accrued at the expected retirement date.

Nonqualified Deferred Compensation

The following table sets forth information with respect to the Bank's Phantom Stock Appreciation Rights Plan, which provides for deferral of compensation on a non tax-qualified basis.

Potential Payments Upon Termination or Change in Control

During 2008, none of the Named Executive Officers was party to any agreement that would have provided for any payment upon termination or upon a change in control of the Company. Effective March 1, 2009, the Company entered into employment agreements with Peter A. Inverso, President and Chief Executive Officer and Maurice T. Perilli, Executive Vice President. The agreements provide that in the event the officer terminates his employment due to a disability, he shall be entitled to continue to receive his base salary for the greater of the remaining term of the agreement or one year. In the event of his death, his lawful heirs or estate shall be entitled to receive a payment equal to his base salary for one year. The agreements also provide that, upon the occurrence of an "Event of Termination", the officer shall be entitled to receive a payment equal to three times the officer's base salary and the highest bonus awarded to him during the prior three years and shall also be entitled to continuation of health and welfare benefits for twelve months following the date of termination or thirty six months in the event of a change in control. As these agreements were not in place at December 31, 2009, no payments would have been due to either officer in the event of termination or change in control at fiscal year end.

DIRECTOR COMPENSATION

Directors received an annual retainer of \$36,000 in 2008 for service on the Bank's Board of Directors. No additional compensation is paid for serving on the Boards of the Bank's subsidiaries; Roma Financial Corporation and its other subsidiaries; or, Roma Financial Corporation, MHC. The aggregate director fees paid to the directors of Roma Bank for the year ended December 31, 2008 was \$186,000. Directors who also serve

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

as employees do not receive compensation as directors. In addition, during 2008 the directors also received cash in lieu of dividends that they received on the restricted stock awarded in June 2008. Each director, except for Mr. DeBlasio received \$1,920 as cash in lieu of dividends on those restricted shares during 2008.

The following table sets forth information regarding the compensation we paid to our directors for 2008. When we refer to non-equity incentive plan compensation in the table below we are referring to

the Phantom Stock Appreciation Rights Plan implemented by the Bank in 2002. The compensation shown for 2008 is the amount of the Bank's contribution to the plan for the year and earnings on plan balances for the year. Expense is accrued annually for increases in the future value of the phantom stock units, corresponding to the accumulation of retained earnings for the Bank. Neither Mr. Rosen, Mr. DeBlasio, Jr. nor Ms. Siekerka has received any awards under the Phantom Stock Appreciation Rights Plan.

ADDITIONAL INFORMATION ABOUT DIRECTORS AND EXECUTIVE OFFICERS

Section 16(a) Beneficial Ownership Reporting Compliance

The Common Stock is registered pursuant to Section 12(b) of the Securities and Exchange Act of 1934, as amended. The officers and directors of the Company and beneficial owners of greater than 10% of the Common Stock ("10% beneficial owners") are required by Section 16(a) of such act to file reports of ownership and changes in beneficial ownership of the Common Stock with the Securities and Exchange Commission and NASDAQ and to provide copies of those reports to the Company. The Company is not aware of any beneficial owner, as defined under Section 16(a), of more than ten percent of the Common Stock. To the Company's knowledge, all Section 16(a) filing requirements applicable to its officers and directors were complied with during the 2008 fiscal year other than one late Form 4 of Mr. Perilli which was filed late due to a delay in his receipt of the transaction information from his broker.

Certain Relationships and Related Transactions and Director Independence

Other than as disclosed below, no directors, executive officers or their immediate family members were engaged, directly or indirectly, in transactions with Roma Financial Corporation or any subsidiary during the three years ended December 31, 2008 (excluding loans with Roma Bank).

Director Palombi's son, Rudolph Palombi, Jr., is a lawyer who serves as the Bank's counsel and provides other professional services to the Bank. Rudolph Palombi, Jr. was paid by the Bank approximately \$368,642 and \$79,629 during the years ended December 31, 2008 and 2007,

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

respectively. Management believes that the transactions with Mr. Palombi, Jr. were on terms at least as favorable to the Bank as it would have received in transactions with an unrelated party.

The Bank makes loans to its officers, directors and employees in the ordinary course of business. It is a firm policy of the Bank to grant insider loans under the same terms and conditions as for non-insiders. There is no preferential treatment with respect to loans and rates, and such loans also do not include more than the normal risk of collectibility or present other unfavorable features.

Edgar Filing: ROMA FINANCIAL CORP - Form DEF 14A

Other than Mr. Inverso, who is our President and Chief Executive Officer, and Mr. Perilli, who is our Executive Vice President, each member of our Board of Directors is an outside director independent of management, the Company and the Bank, and free of any relationship that would interfere with the exercise of independent judgment in carrying out their duties as directors. The Board of Directors carefully monitors any situation that could cause a member to cease to be independent under the requirements of the NASDAQ.
