COMMENTS FROM CEO, SUREYYA CILIV

“In the first quarter of 2012, Turkcell Group continued its double-digit growth and recorded TRY2.4 billion in revenue, TRY703 million EBITDA and TRY515 million of net income.

Turkcell maintained its customer base with its strong network and simplified tariff structure that enhances customer satisfaction, despite intensifying competition during the quarter. Turkcell's voice² revenues rose by 3% year-on-year, while mobile broadband revenues climbed by 52% as smartphone penetration increased with the contribution of Turkcell branded smartphones.

Turkcell Group, offering mobile communication, fiber broadband and information & communication technology solutions over its fast and high quality network, continued its investments without losing pace during the quarter.

Through integrating our infrastructure advantage with innovative solutions and best customer experience, we launched our cloud computing service, Turkcell SuperBulut, that will make a significant contribution both to the Turkish economy overall and the budgets of the enterprises. We also presented Turkcell TVPlus, which provides our customers a personalized viewing experience across all connected screens. Over the coming periods, we will continue to bring the World's newest technologies to Turkey and sustain our leadership.

We are delighted with the increasing contribution of our subsidiaries. While our fiber business grew by 59% year-on-year, revenue from Ukrainian operations were up by 17% in US\$ terms. Consequently, our subsidiaries' contribution to group revenues and EBITDA rose 43% and 41%, respectively.

As Turkcell, we contribute to Turkey's future with our strong mobile and fiber networks, recognized worldwide by prestigious institutions, together with our focus on innovation and our social responsibility projects. We would like to thank all our customers, employees, business partners and shareholders for their continued support.”

(1) EBITDA is a non-GAAP financial measure. See page 12 for the reconciliation of EBITDA to net cash from operating activities.

(2) Voice revenues include outgoing, incoming, roaming and other (comprising almost 2% of Turkcell Turkey) revenues.

(3) Including eliminations.

First Quarter 2012 Results

OVERVIEW OF TURKCELL TURKEY

In the first quarter of 2012, Turkey's macroeconomic climate was unchanged quarter-on-quarter, and in the mobile market line penetration remained almost flat at around the 88% level. During the quarter, competition accelerated with new tariff structures, aggressive port-in offers and increased communication. On the postpaid front, all operators concentrated on increasing the postpaid subscriber base and the number of contracted subscribers by offering bundled and flat minute packages. The market witnessed monthly postpaid package fee reductions to TRY9 – 15 levels, pressuring price levels in the market and adversely impacting profitability levels. As for Turkcell, during the quarter we restructured our postpaid tariffs to serve different customer needs and usage behavior, thus ensuring the satisfaction and long term retention of our valuable customer base. As a result of our efforts, we succeeded in increasing our postpaid subscriber base by 15.4% on a year-on-year basis, recording approximately 347,000 net additions during the quarter.

Meanwhile, on the prepaid front, the competition was particularly aggressive with a continued focus on bundled packages and increased incentives for higher refills. Despite aggressive competition we improved our churn performance on a year-on-year basis. Our efforts to promote higher refills, packages and upsell offers, designed based on customer needs, resulted in a 3% prepaid ARPU increase year-on-year.

On the smartphone front, momentum in the market has continued with 35% growth in smartphone sales on a year-on-year basis. During the quarter, the share of smartphones in handset sales rose to approximately 38% from 34% quarter-on-quarter. Meanwhile, Turkcell continued to drive the market with its smartphone penetration focus, by promoting its T-series phones and other affordable devices. In consequence, the number of smartphones in our network grew by 82% on a year-on-year basis to 4.3 million with 500K additions during the quarter.

Overall, we maintained our subscriber base, increasing our revenues by 8% and decreasing our churn rate by 1.5pp on a year-on-year basis with a greater focus on customer retention and satisfaction. In accordance with our long term strategy of providing the best quality and innovative products and building on our established superior network, during the quarter we continued to differentiate ourselves for the future with our new platform, Turkcell SuperBulut, delivering cloud computing services to corporate customers. In addition, we have recently launched TVPlus, our new personalized TV Platform, giving subscribers a personalized TV experience.

While competition intensified in the Turkish mobile market in Q1 2012, we made a good start to the year on Turkcell Turkey's solid operational performance, together with the increased contribution of our subsidiaries. For the full year of 2012, we maintain our TRY9,900 – 10,100 million revenue and TRY3,000 – TRY3,200 million EBITDA guidance for Turkcell Group.

Revenue grew by 12.4% year-on-year to TRY2,381.8 million (TRY2,118.4 million) due to an 8% increase in Turkcell Turkey's revenues and 43% improvement in the contribution of group companies:

- 8% growth in Turkcell Turkey's revenues arose from 25% growth in mobile broadband & services revenues, mainly on the 52% growth in broadband revenues, together with the 3% rise in voice revenues.
- The contribution of Group companies improved to 17% (13%). Specifically, Turkcell Superonline revenues rose 59.2% to TRY145.0 million (TRY91.1 million), while Astelit's revenues grew by 16.9% to US\$91.4 million (US\$78.2 million).

Compared to the previous quarter, revenues fell 2.6%, mainly due to the lower voice revenues of Turkcell Turkey and flat contribution of group companies, mostly on seasonality.

Direct cost of revenues increased by 19.4% to TRY1,491.3 million (TRY1,249.2 million), while as a percentage of revenues rose to 62.6% (59.0%). This mainly arose from the increase in interconnection costs (1.8pp), depreciation and amortization (0.9pp), wages and salaries (0.6pp) and other items (0.3pp) as a percentage of revenues.

First Quarter 2012 Results

Quarter-on-quarter, direct costs as a percentage of revenue declined 10.7pp to 62.6% (73.3%). This was mainly driven by the decreased depreciation and amortization by 10.4pp, treasury share and universal service fund (0.7pp) and network related expenses (0.5pp) as opposed to the increase in wages and salaries (0.8pp) and other items (0.1pp) as a percentage of revenues.

- Decrease in depreciation and amortization expenses mainly attributes to the one time impact of inflation accounting of TRY240 million and impairment impact in Belarus in Q411.

In Q112, Turkcell Turkey's interconnection costs rose to TRY235.0 million (TRY180.2 million) YoY increasing Turkcell Turkey's interconnection costs as a percentage of revenue by 2pp to 11.8% (9.8%). In the meantime, Turkcell Turkey's interconnection revenues rose 37.4% to TRY221.1 million (TRY160.9 million), driven mostly by the all direction packages of the other operators. This led to an increased share of interconnection revenues in Turkcell Turkey's revenues to 11.1% (8.7%).

Administrative expenses as a percentage of revenue declined 0.2pp to 5.0% (5.2%) in Q112 mainly due to a decrease in bad debt expenses and wages and salaries as a percentage of revenues. Compared to the last quarter, administrative expenses as a percentage of revenue rose 0.8pp driven by the increase in bad debt expenses as a result of an increased postpaid subscriber base and increase in uncollected receivables belonging to invoices older than 1 year.

Selling and marketing expenses as a percentage of revenues decreased 2.5pp to 16.9% (19.4%) in Q112 due to the fall in prepaid frequency fees of 2.6pp, and in marketing expenses by 0.5pp, which were partially offset by an increase in selling expenses of 0.2pp and wages & salaries of 0.3pp. On a quarter-on-quarter basis, selling and marketing expenses as a percentage of revenues decreased by 1.6pp to 16.9% from 18.5% in Q411, mainly due to lower marketing expenses down by 0.8pp.

EBITDA increased by 12.3% to TRY702.7 million in Q112 from TRY625.8 million in Q111, while the EBITDA margin was flat at 29.5% (29.5%). Direct cost of revenues (excluding depreciation and amortization) as a percentage of revenues increased 2.7pp, which was partially offset by decrease in selling and marketing expenses by 2.5pp and administrative expenses by 0.2pp.

EBITDA margin improved by 1.1pp compared to the previous quarter due to the decline in selling and marketing expenses by 1.6pp and direct cost of revenues (excluding depreciation and amortization) by 0.3pp, which was offset by the 0.8pp increase in administrative expenses.

Net finance income increased to TRY161.8 million in Q112 compared to TRY37.0 million in Q111, led by the increased interest income resulting from higher interest rates and increase in time deposits, as well as a translation gain of TRY37 million as opposed to the translation loss of TRY24 million in Q111.

Compared to the previous quarter, net finance income increased from TRY27.8 million to TRY161.8 million. This was mainly due to translation gain of TRY37 million, as opposed to the translation loss of TRY92 million in Q411, mainly relating to BeST which stem from devaluation of BYR against US\$.

Share of profit of equity accounted investees comprising our share in the net income of unconsolidated investees Fintur and A-Tel dropped by 12.7% YoY to TRY49.5 million (TRY56.7 million) mainly due to negative impact of competition in Kazakhstan and the effects of competition and regulation in Georgia.

Compared to the previous quarter, our share in the net income of unconsolidated investees decreased 10.0% to TRY49.5 million (TRY55.0 million) mainly driven by lower revenues due to seasonality.

First Quarter 2012 Results

Income tax expense amounted to TRY104.8 million in Q112 compared to the TRY99.0 million of Q111. The taxation charge decreased by 11.4% compared to Q411. TRY119.1 million of the total tax charge comprised current tax charges, while TRY14.3 million of deferred tax was recorded.

Million TRY	Q111	Q411	Q112	y/y	%	q/q	%
Current Tax expense	(50.9)	(122.9)	(119.1)	134.0	%	(3.1	%)
Deferred Tax Income/expense	(48.1)	4.6	14.3	(129.7	%)	210.9	%
Income Tax expense	(99.0)	(118.3)	(104.8)	5.9	%	(11.4	%)

Net income increased 56.0% to TRY514.8 million (TRY330.1 million) which was achieved through higher EBITDA of TRY702.7 million (TRY625.8 million), and higher net finance income of TRY161.8 million (TRY37.0 million) mainly arising from increased interest income on time deposits together with a translation gain of TRY37 million as opposed to translation loss of TRY24 million in Q111.

Quarter-on-quarter, net income rose by 55.2% to TRY514.8 million (TRY 331.7 million), mainly due to the absence of one off items and impairment charges of TRY105 million in Q411 mostly stemming from Belarusian operations, together with a translation gain and monetary gain recognized from Belarus operations amounting to TRY71.0 million.

Total debt in Q112 in consolidated terms was TRY3,359 million (US\$1,895 million). TRY914 million (US\$ 515 million) of this was related to Turkcell's Ukrainian operations. TRY2,522 million (US\$1,423 million) of our consolidated debt is at a floating rate, while TRY2,590 million (US\$1,461 million) will mature within less than a year. Our debt/annual EBITDA ratio decreased to 112% in Q112.

Cash flow analysis: Capital expenditures amounted to TRY252.9 million in Q112, of which TRY160.0 million was related to Turkcell Turkey, TRY9.3 million to Astelit, TRY63.7 million to Turkcell Superonline and TRY3.9 million to BeST. The other item in cash flow mainly includes the corporate tax payment of TRY111 million for Turkcell Turkey and frequency usage fee payment of TRY250 million for the following months in 2012.

Subsequent to March 31, 2012, Turkcell paid the guaranteed loan of Euroasia (55% owned subsidiary) in the amount of US\$150 million.

Subscribers of Turkcell Turkey increased by 4.2% YoY to 34.5 million (33.1 million). During the quarter, competition intensified on lower prices, higher incentives and aggressive MNP offers. Under the circumstances, we maintained our subscriber base with our simplified tariff structure, through a greater focus on customer retention and satisfaction. On the postpaid front, we registered 347K net subscribers in Q112, the share of which in the total subscriber base rose to 34.8% (31.4%) with our particular focus on increasing our higher value generating postpaid base.

Churn Rate refers to voluntarily and involuntarily disconnected subscribers. In Q112, our churn rate decreased to 7.8% from 9.3% a year ago, which we achieved through a greater focus on customer retention and satisfaction, promoting the contract and appropriate offers that address different subscriber needs.

MoU increased to 221.5 minutes on a rise of 15.1% year-on-year. The increased package penetration and offers with higher minutes based on subscriber needs increased MOU.

ARPU in TRY terms increased by 4.3% to TRY19.2 compared to Q111 with the rise in the share of postpaid subscribers to 34.8% (31.4%). Postpaid ARPU fell by 3.7% to TRY36.5 (TRY37.9), despite the rise in incoming and mobile broadband & services revenues, as a result of intense competition, as well as the dilutive impact of switches from the prepaid segment. Meanwhile, prepaid ARPU increased to TRY10.1 (TRY9.8) in Q112, mainly due to higher incoming and mobile broadband & services revenues, as well as upsell and packaging activities.

First Quarter 2012 Results

OTHER DOMESTIC AND INTERNATIONAL OPERATIONS

Astelit, in which we hold a 55% stake through Euroasia, has operated in Ukraine since February 2005.

Astelit's revenues rose by 16.9% YoY and amounted to US\$91.4 million (US\$78.2 million) in Q112, mainly stemming from the growth in subscriber base, data revenues and international call revenues.

In Q112 Astelit recorded the highest quarterly EBITDA margin reaching 27.2% (24.0%), which was up by 3.2 pp year-on-year. Astelit recorded an EBITDA margin exceeding 25% for the fourth consecutive quarter, mainly due to the company's focus on business efficiency and operational profitability. In addition, Astelit achieved a positive free cash flow for the first time in the full year 2011, which continued in the first quarter of 2012 with a 21.4% free cash flow margin.

Astelit's registered subscribers rose by 1.2 million to 9.9 million year-on-year. With the contribution of the regional growth strategy aimed at new acquisitions and expansion, three month active subscribers rose by 1.0 million to 7.1 million (6.1 million) year-on-year.

The blended ARPU increased by 6.9% in Q112, mainly due to increased usage of data services and international calls. MoU remained almost flat at 195.6 (196.7) in Q112.

(1) We may occasionally offer campaigns and tariff schemes that have an active subscriber life differing from the one that we normally use to deactivate subscribers and calculate churn.

(2) Active subscribers are those who in the past three months made a transaction which brought revenue to the Company.

(3) Astelit has changed its calculation methodology for minute of usage per customer starting from Q3 2011. The minutes are now calculated based on the actual call duration of subscribers. Previously, minutes were calculated on the basis of charging units consumed. This change will have the effect of decreasing Astelit's average minutes of usage (no impact on revenue). For purposes of comparability, figures published for recent periods will be restated to give effect to this change.

(4) EBITDA is a non-GAAP financial measurement. See page 12 for the reconciliation of Euroasia's EBITDA to net cash from operating activities. Euroasia holds a 100% stake in Astelit.

First Quarter 2012 Results

Turkcell Superonline is our wholly-owned subsidiary, providing fiber broadband.

Turkcell Superonline's network reached approximately 1.1 million home passes (HP) in Q112 in accordance with our continued investments in the fiber-optic infrastructure. The number of FTTX subscribers increased by 91% and reached approximately to 307 thousand. For 2012, we are concentrating more on increasing our incity coverage and improving our subscriber take-up rate.

Revenues continued to grow by 59.2% to TRY145.0 million (TRY91.1 million), mainly on the higher growth of residential and corporate segments. On a year-on-year basis, the residential segment grew by 92%, mostly due to subscriber growth, while the corporate segment rose 105%, mainly on improving synergy with Turkcell Turkey. Meanwhile, the EBITDA margin rose 4.1pp to 20.1% (16.0%) stimulated by revenue growth of more profitable data revenues. In addition, Turkcell Superonline recorded a positive net income for the second consecutive quarter. Turkcell Superonline's share in Turkcell transmission costs reached 74% in Q112 as a result of increasing synergy. Non-group revenues constituted 69.2% of total revenues in Q112.

Fintur in which we hold a 41.45% stake has interests in Kazakhstan, Azerbaijan, Moldova, and Georgia.

Fintur continued to improve its market position in Q112, adding approximately 0.4 million net subscribers, thereby increasing its total subscriber base to 18.6 million, driven by growth in Kazakhstan. Fintur's consolidated revenue increased by 4.2% year-on-year to US\$467 million (US\$448 million) in Q1 2012, while revenues decreased by 8.6% quarter-on-quarter from US\$511 million in Q411 mainly due to impact of seasonality.

We account for our investment in Fintur using the equity method. Fintur's contribution to net income decreased from TRY66.5million (US\$42.2 million) in Q111 to TRY54.6 million (US\$30.3 million) in Q112, stemming from the negative impact of competition in Kazakhstan and the effects of competition and regulation in Georgia.

First Quarter 2012 Results

Turkcell Group Subscribers amounted to approximately 65.3 million as of March 31, 2012. This figure is calculated by taking the number of subscribers in Turkcell and each of our subsidiaries and unconsolidated investees. It includes the total number of mobile subscribers in Astelit and BeST, as well as in our operations in the Turkish Republic of Northern Cyprus (“Northern Cyprus”), Fintur and Turkcell Europe. Turkcell Group subscribers rose by 0.5 million during the quarter, thanks to the increased subscriber base of Fintur, as well as the contribution of Astelit.

RECONCILIATION OF NON-GAAP FINANCIAL MEASUREMENTS: We believe that EBITDA is a measurement commonly used by companies, analysts and investors in the telecommunications industry that enhances the understanding of our cash generation ability and liquidity position, and assists in the evaluation of our capacity to meet our financial obligations. We also use EBITDA as an internal measurement tool, and accordingly, we believe that its presentation provides useful and relevant information to analysts and investors. Our EBITDA definition includes Revenue, Direct Cost of Revenue excluding depreciation and amortization, Selling and Marketing expenses and Administrative expenses, but excludes translation gain/(loss), finance income, share of profit of equity accounted investees, gain on sale of investments, income/(loss) from related parties, minority interest and other income/(expense). EBITDA is not a measure of financial performance under IFRS, and should not be construed as a substitute for net earnings (loss) as a measure of performance, or cash flow from operations as a measure of liquidity. The following table provides a reconciliation of EBITDA, which is a non-GAAP financial measurement, to net cash from operating activities, which we believe is the most directly comparable financial measurement calculated and presented in accordance with IFRS.

FORWARD-LOOKING STATEMENTS: This release includes forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, Section 21E of the Securities Exchange Act of 1934 and the Safe Harbor provisions of the US Private Securities Litigation Reform Act of 1995. All statements other than statements of historical facts included in this press release, including, without limitation, certain statements regarding our operations, financial position and business strategy may constitute forward-looking statements. In addition, forward-looking statements generally can be identified by the use of forward-looking terminology such as, among others, “will,” “expect,” “intend,” “estimate,” “believe” or “continue.”

Although Turkcell believes that the expectations reflected in such forward-looking statements are reasonable at this time, it can give no assurance that such expectations will prove to be correct. All subsequent written and oral forward-looking statements attributable to us are expressly qualified in their entirety by reference to these cautionary statements. For a discussion of certain factors that may affect the outcome of such forward looking statements, see our Annual Report on Form 20-F for 2011 filed with the U.S. Securities and Exchange Commission, and in particular the risk factor section therein. We undertake no duty to update or revise any forward looking statements, whether as a result of new information, future events or otherwise.

ABOUT TURKCELL: Turkcell is the leading communications and technology company in Turkey, with 34.5 million subscribers and a market share of approximately 53% based on December 31, 2011 results (since the Authority has not disclosed subscriber market shares for Q1 2012). Turkcell is a leading regional player, with market leadership in five of the nine countries in which it operates with its approximately 65.3 million subscribers as of March 31, 2012. The company covers approximately 88% of the Turkish population through its 3G and 99.13% through its 2G technology supported network. It has become one of the first among the global operators to have implemented HSDPA+ and achieved a 43.2 Mbps speed using the HSPA multi carrier solution. Turkcell reported a TRY2.4 billion (US\$1.3 billion) net revenue with total assets of TRY17.2 billion (US\$9.7 billion) as of March 31, 2012. It has been listed on the NYSE and the ISE since July 2000, and is the only NYSE-listed company in Turkey. Read more at www.turkcell.com.tr

1. Reporting entity

Turkcell Iletisim Hizmetleri Anonim Sirketi (the "Company") was incorporated in Turkey on 5 October 1993 and commenced its operations in 1994. The Company primarily is involved in establishing and operating a Global System for Mobile Communications ("GSM") network in Turkey and regional states.

The condensed interim consolidated financial statements of the Company as at and for the three months ended 31 March 2012 comprise the Company and its subsidiaries (together referred to as the "Group") and the Group's interest in one associate and one joint venture.

The consolidated financial statements of the Company as at and for the year ended 31 December 2011 are available upon request from the Company's registered office at Turkcell Plaza, Mesrutiyet Caddesi No: 71, 34430 Tepebasi / Istanbul or at www.turkcell.com.tr.

2. Basis of preparation

(a) Statement of compliance

The condensed interim consolidated financial statements have been prepared in accordance with International Financial Reporting Standards and in accordance with International Accounting Standard ("IAS") 34 "Interim Financial Reporting". They do not include all of the information required for full annual financial statements and should be read in conjunction with the consolidated financial statements of the Group as at and for the year ended 31 December 2011.

The Group's audited consolidated financial statements prepared as at and for the year ended 31 December 2010 were approved by the Audit Committee and the Board of Directors (Board Resolution dated 23 February 2011 and numbered 797), however not approved by the General Assemblies on 21 April 2011, 11 August 2011 and 12 October 2011.

The Group's condensed interim consolidated financial statements as at and for the period ended 31 March 2012 were approved by the Board of Directors on 2 May 2012.

(b) Basis of measurement

The accompanying condensed interim consolidated financial statements are based on the statutory records, with adjustments and reclassifications for the purpose of fair presentation in accordance with IFRSs as issued by the IASB. They are prepared on the historical cost basis adjusted for the effects of inflation during the hyperinflationary periods in accordance with International Accounting Standard No. 29. ("Financial Reporting in Hyperinflationary Economies") ("IAS 29"), where applicable, except that the following assets and liabilities are stated at their fair value: put option

liability, derivative financial instruments and financial instruments classified as available-for-sale. Hyperinflationary period lasted by 31 December 2005 in Turkey and commenced on 1 January 2011 in Belarus. In the financial statements of subsidiaries operating in Belarus, restatement adjustments have been made to compensate the effect of changes in the general purchasing power of the Belarusian Ruble in accordance with IAS 29. IAS 29 requires that financial statements prepared in the currency of a hyperinflationary economy be stated in terms of the measuring unit current at the balance sheet date.

The comparative amounts relating to the subsidiaries operating in Belarus in the 2011 consolidated financial statements are not restated. In this context, the net effect amounting to \$12,033 as a result of the inflation accounting for the three months ended 31 March 2012 is presented in translation reserve.

3. Significant accounting policies

The same accounting policies, presentation and methods of computation have been followed in these condensed interim consolidated financial statements as were applied in the preparation of the Group's consolidated financial statements as at and for the year ended 31 December 2011.

a) Comparative information and revision of prior period financial statements

The condensed interim consolidated financial statements of the Group have been prepared with the prior periods on a comparable basis in order to give consistent information about the financial position and performance. If the presentation or classification of the financial statements is changed, in order to maintain consistency, the financial statements of the prior periods are also reclassified in line with the related changes.

b) New standards and interpretations

The following new and revised Standards and Interpretations have been adopted in the current period and have affected the amounts reported and disclosures in these financial statements. Details of other standards and interpretations adopted in these financial statements but that have had no material impact on the financial statements are set out in this section.

(i) New and Revised IFRSs do not affect presentation and disclosures

None.

(ii) New and Revised IFRSs affecting the reported financial performance and / or financial position

None.

(iii) New and Revised IFRSs applied with no material effect on the consolidated financial statements

The following new and revised IFRSs have also been adopted in these condensed interim consolidated financial statements. The application of these new and revised IFRSs has not had any material impact on the amounts reported for the current and prior years but may affect the accounting for future transactions or arrangements.

Amendments to IAS 12, "Deferred Taxes – Recovery of Underlying Assets"

The amendment is effective for annual periods beginning on or after 1 January 2012. IAS 12 requires an entity to measure the deferred tax relating to an asset depending on whether the entity expects to recover the carrying amount of the asset through use or sale. It can be difficult and subjective to assess whether recovery will be through use or through sale when the asset is measured using the fair value model in IAS 40, "Investment Property". The amendment provides a practical solution to the problem by introducing a presumption that recovery of the carrying amount will, normally be, through sale. The Group does not have investment property. The amendment did not have any effect on the condensed interim consolidated financial statements.

3. Significant accounting policies (continued)

b) New standards and interpretations (continued)

(iii) New and Revised IFRSs applied with no material effect on the consolidated financial statements (continued)

Amendments to IFRS 7, "Financial Instruments: Disclosures – Transfers of Financial Assets"

The amendments to IFRS 7 increase the disclosure requirements for transactions involving transfers of financial assets. These amendments are intended to provide greater transparency around risk exposures when a financial asset is transferred but the transferor retains some level of continuing exposure in the asset. The amendments also require disclosures where transfers of financial assets are not evenly distributed throughout the period.

These amendments to IFRS 7 did not have a significant effect on the Group's disclosures. However, if the Group enters into other types of transfers of financial assets in the future, disclosures regarding those transfers may be affected.

(iv) New and Revised IFRSs in issue but not yet effective

The Group has not applied the following new and revised IFRSs that have been issued but are not yet effective:

IFRS 7	Financial Instruments: Disclosures - Offsetting of Financial Assets and Financial Liabilities
IFRS 9	Financial Instruments
IFRS 10	Consolidated Financial Statements
IFRS 11	Joint Arrangements
IFRS 12	Disclosure of Interests in Other Entities
IFRS 13	Fair Value Measurement
IAS 1	Presentation of Financial Statements: Presentation of Items of Other Comprehensive Income
IAS 19 (as revised in 2011)	Employee Benefits
IAS 27 (as revised in 2011)	Separate Financial Statement
IAS 28 (as revised in 2011)	Investments in Associates and Joint Ventures
IFRIC 20	Stripping Costs in the Production Phase of a Surface Mine
Amendments to IAS 32	Financial Instruments: Presentation - Offsetting of Financial Assets and Financial Liabilities

The amendments to IFRS 7 require an entity to disclose information about rights of offset and related agreements for financial instruments under an enforceable master netting agreement or similar arrangement. The new disclosures are required for annual or interim periods beginning on or after 1 January 2013.

IFRS 9 issued in November 2009 introduces new requirements for the classification and measurement of financial assets. IFRS 9 amended in October 2010 includes the requirements for the classification and measurement of financial liabilities and for derecognition.

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

- 3. Significant accounting policies (continued)
- b) New standards and interpretations (continued)
- (iv) New and Revised IFRSs in issue but not yet effective

Key requirements of IFRS 9 are described as follows:

IFRS 9 requires all recognized financial assets that are within the scope of IAS 39, "Financial Instruments: Recognition and Measurement" to be subsequently measured at amortized cost or fair value. Specifically, debt investments that are held within a business model whose objective is to collect the contractual cash flows, and that have contractual cash flows that are solely payments of principal and interest on the principal outstanding are generally measured at amortized cost at the end of subsequent accounting periods. All other debt investments and equity investments are measured at their fair values at the end of subsequent accounting periods.

The most significant effect of IFRS 9 regarding the classification and measurement of financial liabilities relates to the accounting for changes in the fair value of a financial liability (designated as at fair value through profit or loss) attributable to changes in the credit risk of that liability. Specifically, under IFRS 9, for financial liabilities that are designated as at fair value through profit or loss, the amount of change in the fair value of the financial liability that is attributable to changes in the credit risk of that liability is presented in other comprehensive income, unless the recognition of the effects of changes in the liability's credit risk in other comprehensive income would create or enlarge an accounting mismatch in profit or loss. Changes in fair value attributable to a financial liability's credit risk are not subsequently reclassified to profit or loss. Previously, under IAS 39, the entire amount of the change in the fair value of the financial liability designated as at fair value through profit or loss was presented in profit or loss.

IFRS 9 was amended to defer the mandatory effective date of both the 2009 and 2010 versions of IFRS 9 to annual periods beginning on or after 1 January 2015. Prior to the amendments, application of IFRS 9 was mandatory for annual periods beginning on or after 1 January 2013. The amendments continue to permit early application. The amendments modify the existing comparative transition disclosures in IAS 8, "Accounting Policies, Changes in Accounting Estimates and Errors" and IFRS 7, "Financial Instruments: Disclosures". Instead of requiring restatement of comparative financial statements, entities are either permitted or required to provide modified disclosures on transition from IAS 39, "Financial Instruments: Recognition and Measurement" to IFRS 9 depending on the entity's date of adoption and whether the entity chooses to restate prior periods.

The Group management anticipates that IFRS 9 will be adopted in the Group's consolidated financial statements for the annual period beginning 1 January 2015 and that the application of IFRS 9 may have significant impact on amounts reported in respect of the Group's financial assets and financial liabilities. However, it is not practicable to provide a reasonable estimate of that effect until a detailed review has been completed.

In May 2011, a package of five Standards on consolidation, joint arrangements, associates and disclosures was issued, including IFRS 10, IFRS 11, IFRS 12, IAS 27 (as revised in 2011) and IAS 28 (as revised in 2011).

- 3. Significant accounting policies (continued)
- b) New standards and interpretations (continued)
- (iv) New and Revised IFRSs in issue but not yet effective (continued)

Key requirements of these five Standards are described below.

IFRS 10 replaces the parts of IAS 27, "Consolidated and Separate Financial Statements" that deal with consolidated financial statements. SIC 12, "Consolidation – Special Purpose Entities" has been withdrawn upon the issuance of IFRS 10. Under IFRS 10, there is only one basis for consolidation, which is control. In addition, IFRS 10 includes a new definition of control that contains three elements: (a) power over an investee, (b) exposure, or rights, to variable returns from its involvement with the investee, and (c) the ability to use its power over the investee to affect the amount of the investor's returns. Extensive guidance has been added in IFRS 10 to deal with complex scenarios.

IFRS 11 replaces IAS 31, "Interests in Joint Ventures". IFRS 11 deals with how a joint arrangement of which two or more parties have joint control should be classified. SIC 13, "Jointly Controlled Entities – Non-monetary Contributions by Venturers" has been withdrawn upon the issuance of IFRS 11. Under IFRS 11, joint arrangements are classified as joint operations or joint ventures, depending on the rights and obligations of the parties to the arrangements. In contrast, under IAS 31, there are three types of joint arrangements: jointly controlled entities, jointly controlled assets and jointly controlled operations.

In addition, joint ventures under IFRS 11 are required to be accounted for using the equity method of accounting, whereas jointly controlled entities under IAS 31 can be accounted for using the equity method of accounting or proportionate accounting.

IFRS 12 is a disclosure standard and is applicable to entities that have interests in subsidiaries, joint arrangements, associates and/or unconsolidated structured entities. In general, the disclosure requirements in IFRS 12 are more extensive than those in the current standards.

These five standards are effective for annual periods beginning on or after 1 January 2013. Earlier application is permitted provided that all of these five standards are applied early at the same time.

The Group management anticipates that these five standards will be adopted in the Group's consolidated financial statements for the annual period beginning 1 January 2013. The application of IFRS 10 is expected not to have material impact on consolidated financial statements. Under IFRS 11, a jointly controlled entity may be classified as a joint operation or joint venture, depending on the rights and obligations of the parties to the joint arrangement. However, the Group management have not yet performed a detailed analysis of the impact of the application of these

standards and hence have not yet quantified the extent of the impact.

IFRS 13 establishes a single source of guidance for fair value measurements and disclosures about fair value measurements. The standard defines fair value, establishes a framework for measuring fair value, and requires disclosures about fair value measurements. The scope of IFRS 13 is broad; it applies to both financial instrument items and non-financial instrument items for which other IFRSs require or permit fair value measurements and disclosures about fair value measurements, except in specified circumstances. In general, the disclosure requirements in IFRS 13 are more extensive than those required in the current standards. For example, quantitative and qualitative disclosures based on the three-level fair value hierarchy currently required for financial instruments only under IFRS 7, “Financial Instruments: Disclosures” will be extended by IFRS 13 to cover all assets and liabilities within its scope.

- 3. Significant accounting policies (continued)
- b) New standards and interpretations (continued)
- (iv) New and Revised IFRSs in issue but not yet effective (continued)

IFRS 13 is effective for annual periods beginning on or after 1 January 2013, with earlier application permitted.

The Group management anticipates that IFRS 13 will be adopted in the Group's consolidated financial statements for the annual period beginning 1 January 2013 and that the application of the new standard may affect the amounts reported in the financial statements and result in more extensive disclosures in the financial statements.

The amendments to IAS 1 retain the option to present profit or loss and other comprehensive income in either a single statement or in two separate but consecutive statements. However, the amendments to IAS 1 require additional disclosures to be made in the other comprehensive income section such that items of other comprehensive income are grouped into two categories: (a) items that will not be reclassified subsequently to profit or loss; and (b) items that will be reclassified subsequently to profit or loss when specific conditions are met. Income tax on items of other comprehensive income is required to be allocated on the same basis.

The amendments to IAS 1 are effective for annual periods beginning on or after 1 July 2012. The presentation of items of other comprehensive income will be modified accordingly when the amendments are applied in the future accounting periods.

The amendments to IAS 19 change the accounting for defined benefit plans and termination benefits. The most significant change relates to the accounting for changes in defined benefit obligations and plan assets. The amendments require the recognition of changes in defined benefit obligations and in fair value of plan assets when they occur, and hence eliminate the 'corridor approach' permitted under the previous version of IAS 19 and accelerate the recognition of past service costs. The amendments require all actuarial gains and losses to be recognized immediately through other comprehensive income in order for the net pension asset or liability recognized in the consolidated statement of financial position to reflect the full value of the plan deficit or surplus.

The amendments to IAS 19 are effective for annual periods beginning on or after 1 January 2013 and require retrospective application with certain exceptions. The Group management anticipate that the amendments to IAS 19 will be adopted in the Group's consolidated financial statements for the annual period beginning 1 January 2013 and that the application of the amendments to IAS 19 may have impact on amounts reported in respect of the Group's defined benefit plans. However, the Group management have not yet performed a detailed analysis of the impact of the application of the amendments and hence have not yet quantified the extent of the impact.

On 19 October 2011 the IASB issued an Interpretation, IFRIC 20, “Stripping Costs in the Production Phase of a Surface Mine”, clarifying the requirements for accounting for stripping costs in the production phase of a surface mine. The interpretation clarifies when production stripping should lead to the recognition of an asset and how that asset should be measured, both initially and in subsequent periods. The interpretation is effective for annual periods beginning on or after 1 January 2013 with earlier application permitted.

The amendments to IAS 32 are intended to clarify existing application issues relating to the offsetting rules and reduce the level of diversity in current practice. The amendments are effective for annual periods beginning on or after 1 January 2014.

4. Critical accounting judgments and key sources of estimation uncertainty

Key sources of estimations uncertainty

The economic environment in Belarus has deteriorated significantly since the second quarter of financial year 2011. Interest rates are linked to the prime refinance rate of the National Bank of Belarus, which has been gradually increased during 2011 and prices for goods and services denominated in BYR have been revisited several times in 2011 based on the change of market exchange rates. As of 31 December 2011, cumulative inflation in the last three years exceeded 100% and therefore Belarus was considered a hyperinflationary economy and in this context IAS 29 "Reporting in Hyperinflationary Economies" is applied by subsidiaries operating in Belarus in financial statements starting from their annual financial statements for the year ending 31 December 2011.

While the National Bank of the Republic of Belarus has taken certain measures aimed at stabilizing the situation and preventing negative trends in the domestic foreign exchange market, including speculative pressure on the BYR, there exist the potential for economic uncertainties to continue in the foreseeable future.

Current and potential future political and economic changes in Belarus could have an adverse effect on the subsidiaries operating in this country. The economic stability of Belarus depends on the economic measures that will be taken by the government and the outcomes of the legal, administrative and political processes in the country. These processes are beyond the control of the subsidiaries established in the country.

Consequently, the subsidiaries operating within Belarus may subject to the risks, i.e. foreign currency and interest rate risks related to borrowings and the subscriber's purchasing power and liquidity and increase in corporate and personal insolvencies, that may not necessarily be observable in other markets. The accompanying condensed interim consolidated financial statements contain the Group management's estimations on the economic and financial positions of its subsidiaries operating in Belarus. The future economic situation of Belarus might differ from the Group's expectations. As of 31 March 2012, the Group's management believes that their approach is appropriate in taking all the necessary measures to support the sustainability of these subsidiaries' businesses in the current circumstances.

5. Operating segments

The Group has three reportable segments, as described below, which are based on the dominant source and nature of the Group's risk and returns as well as the Group's internal reporting structure. These strategic segments offer the same types of services, however they are managed separately because they operate in different geographical locations and are affected by different economic conditions.

The Group comprises the following main operating segments: Turkcell, Euroasia Telecommunications Holding BV ("Euroasia") and Belarusian Telecommunications Network ("Belarusian Telecom"), all of which are GSM operators in their countries.

Other operations mainly include companies operating in telecommunication and betting businesses and companies provide internet and broadband services, call center and value added services.

Information regarding the operations of each reportable segment is included below. Adjusted EBITDA is used to measure performance as management believes that such information is the most relevant in evaluating the results of certain segments relative to other entities that operate within these industries. Adjusted EBITDA definition includes revenue, direct cost of revenues excluding depreciation and amortization, selling and marketing expenses and administrative expenses. Adjusted EBITDA is not a financial measure defined by IFRS as a measurement of financial performance and may not be comparable to other similarly-titled indicators used by other companies.

The accounting policies of operating segments are the same as those described in the summary of significant accounting policies.

6. Seasonality of operations

The Turkish mobile communications market is affected by seasonal peaks and troughs. Historically, the effects of seasonality on mobile communications usage had positively influenced the Company's results in the second and third quarters of the fiscal year and negatively influenced the results in the first and fourth quarters of the fiscal year.

Recently, however, due to changing market dynamics, such as the ICTA's intervention in tariffs and increasing competition in the Turkish telecommunications market, the effects of seasonality on the Company's subscribers' mobile communications usage has decreased. Local and religious holidays in Turkey also affect the Company's operational results.

NOTES TO THE CONDENSED INTERIM CONSOLIDATED FINANCIAL STATEMENTS

As at and for the three months ended 31 March 2012

(Amounts expressed in thousands of US Dollars unless otherwise indicated except share amounts)

(The Group's audited consolidated financial statements prepared as at and for the year ended 31 December 2010 were approved by the Audit Committee and the Board of Directors (Board Resolution dated 23 February 2011 and numbered 797), however not approved by the General Assemblies on 21 April 2011, 11 August 2011 and 12 October 2011.)

11. Intangible assets

Goodwill arising from acquisition of Turkcell Superonline in 2008 and Global Iletisim in 2011 amounts to \$18,439 (31 December 2011: \$17,307) and \$76 (31 December 2011: \$71) as of 31 March 2012, respectively. Goodwill arising from acquisition of Belarusian Telecom was fully impaired as of 31 December 2011.

Impairment testing for long-lived assets

The carrying amounts of the Group's non-financial assets are reviewed at each reporting date to determine whether there is any indication of impairment. If any such indication exists, then the asset's recoverable amount is estimated. Long-lived assets were tested for impairment as at 31 December 2011. For the purpose of impairment testing, assets that cannot be tested individually are grouped together into the smallest group of assets, cash generating units. As at 31 December 2011, impairment test for long-lived assets of Astelit and A-Tel, was made on the assumption that Astelit and A-Tel are the cash generating units.

Astelit: As the recoverable amounts based on the value in use of cash generating units was higher than the carrying amount of cash-generating units of Astelit, no impairment was recognized. The assumptions used in value in use calculation of Astelit as at 31 December 2011 were:

A 13.6% post-tax WACC rate for 2012, a 13.7% post-tax WACC rate for 2013, a 13.9% post-tax WACC rate for after 2013 and 2.5% terminal growth rate were used to extrapolate cash flows beyond the 5-year forecasts based on the business plans. Independent appraisal was obtained for fair value to determine recoverable amounts for Astelit. The pre-tax rate for disclosure purposes was 15.5%.

A-Tel: As the recoverable amounts based on the value in use of cash generating units was lower than the carrying amount of cash-generating units of A-Tel, an impairment loss of \$15,655 was recognized in consolidated financial statements for the year ended 31 December 2011. The impairment loss was decreased from the carrying value of the asset and was included in other expense of statement of comprehensive income for the year ending 31 December 2011. The assumptions used in value in use calculation of A-Tel as at 31 December 2011 were:

A 14.2% post-tax WACC rate and a 5.0% terminal growth rate were used to extrapolate cash flows beyond the 5-year forecasts based on the business plans. Independent appraisal was obtained for fair value to determine recoverable amounts for A-Tel. The pre-tax rate for disclosure purposes was 14.2%.

11. Intangible assets (continued)

Impairment testing for cash-generating unit containing goodwill

Goodwill allocated to cash generating units and carrying values of all cash generating units are annually tested for impairment. The recoverable amounts (that is, higher of value in use and fair value less cost to sell) are normally determined on the basis of value in use, applying discounted cash flow calculation. Independent appraisals were obtained for fair values to determine recoverable amounts for Belarusian Telecom and Turkcell Superonline as at 31 December 2011.

In calculating the net present value of the future cash flows, certain assumptions are required to be made in respect of highly uncertain matters including management's expectations of growth in EBITDA, calculated as results from operating activities before depreciation and amortization and other income/(expenses), timing and quantum of future capital expenditure, long term growth rates, and the selection of discount rates to reflect the risks involved.

Belarusian Telecom

As at 31 December 2011, impairment test was performed for Belarusian Telecom and after tax impairment at the amount of \$206,038 was calculated for the cash-generating unit. The aggregate carrying amount of goodwill arising from the acquisition of Belarusian Telecom was totally impaired by \$52,971 and is included in other expense of statement of comprehensive income. Remaining impairment amounting to \$169,320 was allocated to the fixed assets of the cash-generating unit on a pro-rata basis based on the carrying amount of each asset in the cash-generating unit and is included in depreciation expense. Tax effect of the long-lived asset impairment of \$16,253 is included in deferred taxation benefit. Value in use was determined by discounting the expected future cash flows to be generated by the cash-generating unit and the terminal value. The calculation of the value in use was based on the following key assumptions:

The projection period for the purposes of goodwill impairment testing is taken as 5 years between 1 January 2012 and 31 December 2016. Cash flows for further periods (perpetuity) were extrapolated using a constant growth rate of 3.0% which does not exceed the estimated average growth rate for Belarus.

A post-tax discount rate WACC of 15.7% was applied in determining the recoverable amount of the cash-generating unit. The post-tax rate was adjusted considering the tax cash outflows and other future tax cash flows and discrepancies between the cost of the assets and their tax bases. The pre-tax rate for disclosure purposes was 19.0%.

11. Intangible assets (continued)

Impairment testing for cash-generating unit containing goodwill (continued)

Turkcell Superonline

As at 31 December 2011, the aggregate carrying amount of goodwill allocated to Superonline is \$17,307. As the recoverable value based on the value in use of the cash generating units is estimated to be higher than carrying amount, no impairment was required for goodwill arising from the acquisition of Superonline as at 31 December 2011. The calculation of the value in use was based on the following key assumptions:

The projection period for the purposes of goodwill impairment testing is taken as 8 years between 1 January 2012 and 31 December 2019.

Cash flows for further periods (perpetuity) were extrapolated using a constant growth rate of 2.8%. This growth rate does not exceed the long-term average growth rate for the market in which Superonline operates.

A post-tax discount rate WACC of 15.5% was applied in determining the recoverable amount of the unit. Discounting post-tax cash flows at a post-tax discount rate and discounting pre-tax cash flows at pre-tax discount rate give same results, since the pre-tax discount rate is the post-tax discount rate adjusted to reflect the specific amount and timing of the future tax cash flows. For disclosure purposes pre-tax discount rate was 17.6%.

After the acquisition of Superonline Uluslararasi in 2008, management merged Superonline Uluslararasi's operations with its wholly owned subsidiary, Tellcom Iletisim Hizmetleri AS ("Tellcom") in May 2009. With the merger, Superonline Uluslararasi and Tellcom ceased to be separate cash generating units and merged as one cash generating unit under the brand name of Superonline. Therefore, the business plans used for the purpose of the impairment testing represents the merged entities operations. The registered name of the entity was changed from Tellcom Iletisim Hizmetleri AS to Superonline Iletisim Hizmetleri AS with General Assembly Meeting note dated 20 December 2010.

12. Equity accounted investees

The Group's share of profit in its equity accounted investees for the three months ended 31 March 2012 and 2011 are \$27,482 and \$36,025, respectively.

17. Dividends

The Company has adopted a dividend policy, which is set out in its corporate governance guidance. As adopted, the Company's general dividend policy is to pay dividends to shareholders with due regard to trends in the Company's operating performance, financial condition and other factors.

The Board of Directors intends to distribute cash dividends in an amount of not less than 50% of the Company's lower of distributable profit based on the financial statements prepared in accordance with the accounting principles accepted by the CMB or statutory records, for each fiscal year starting with profits for fiscal year 2004. However, the payment of dividends will still be subject to cash flow requirements of the Company, compliance with Turkish law and the approval of amendment by the Board of Directors and the General Assembly of Shareholders.

On 23 March 2011, the Company's Board of Directors has proposed a dividend distribution for the year ended 31 December 2010 amounting to TL 1,328,697 (equivalent to \$749,448 as at 31 March 2012), which represented 75% of distributable income. This represents a net cash dividend of full TL 0.6039532 (equivalent to full \$0.34 as at 31 March 2012) per share. This dividend proposal was discussed but not approved at the Ordinary General Assembly of Shareholders held on 21 April 2011 and the Extraordinary General Assemblies of Shareholders held on 11 August 2011 and 12 October 2011.

As of 1 February 2012, Astelit had debt repayments due to Euroasia in the amount of \$150,000 and to Financell in the amount of \$172,964. Since June 2011, Astelit has not met the payment obligations, which were waived until 1 February 2012. Since that date, the Board of Directors of the Company has not acted to approve or reached a consensus for the extension of repayment dates. As a result, Astelit was unable to meet its repayment obligations to Euroasia and Financell totaling \$322,964 and defaulted on its loan agreements. As a consequence of Astelit's default, cross default clauses have been triggered on five loan agreements totaling \$553,886 (currently decreased to \$401,919, following the Company's \$150,000 guarantee payment) and waivers were obtained for the aforementioned loans before 31 March 2012. In the context of guarantees, Financell has pledged on shares and all assets of Astelit including bank accounts. Additionally, Financell has a second priority pledge on Euroasia shares held by System Capital Management Limited together with a guarantee and indemnity given by System Capital Management Limited. Financell has rights to commence enforcement of pledges and guarantee under certain conditions.

In the same vein, Euroasia, a Group company that is a 100% shareholder of Astelit, which had previously borrowed \$150,000 to finance Astelit, also defaulted on its loan on 30 March 2012. As a guarantor, the Company paid \$150,000 to related banks on 6 April 2012. In relation to the guarantee agreement, a first priority pledge on Euroasia shares held

by System Capital Management Limited has been established in favor of the Company. Upon payment of the guaranteed amount, the Company has the right to commence enforcement of this pledge on the Euroasia shares under certain conditions. As a consequence of Euroasia's default, cross default clauses have been triggered on four loan agreements (the same ones referenced above) totaling \$401,919 and waivers are being sought for the aforementioned loans. In this respect, the aforementioned borrowings are presented in the current liabilities in the statement of financial position as of 31 March 2012.

19. Loans and borrowings (continued)

With respect to the amounts due to Financell, the Board of Directors of the Company decided to extend a guarantee to Financell in order to perform its obligations with respect to the loans granted by the banks for providing Group financing. The guarantee will be up to \$410,650 principle amount plus interest and any other costs, expenses and fees that may accrue. This guarantee includes the debt repayments of \$172,964 due under the loan agreements signed between Astelit and Financell, and of the loans that Financell granted to Astelit which have not yet fallen due.

Legal Proceedings

The Group is involved in various claims and legal actions arising in the ordinary course of business described below.

Dispute with Turk Telekom with respect to call termination fees

Upon application of Turk Telekom, the ICTA has set temporary (and after final) call termination fees for calls to be applied between Turk Telekom and the Company starting from 10 August 2005. However, Turk Telekom did not apply these termination fees for the international calls.

Therefore, on 22 December 2005, the Company filed a lawsuit against Turk Telekom to cease this practice and requested collection of its damages amounting to TL 11,274 (equivalent to \$6,359 as at 31 March 2012) with overdue interest amounting TL 521 (equivalent to \$294 as at 31 March 2012) and late payment fee amounting TL 175 (equivalent to \$99 as at 31 March 2012) totaling to TL 11,970 (equivalent to \$6,752 as at 31 March 2012) covering the period from August 2005 until October 2005. Expert reports and supplementary expert reports which are obtained for the lawsuit, affirm justification of the Company.

On 19 December 2006, the Company initiated another lawsuit against Turk Telekom claiming that Turk Telekom has not applied call termination tariffs for international calls set by ICTA for the period between November 2005 and October 2006 amounting to TL 23,726 (equivalent to \$13,383 as at 31 March 2012) including principal, interest and penalty on late payment. The Court decided to consolidate this lawsuit with the first lawsuit dated 22 December 2005.

On 2 November 2007, the Company initiated another lawsuit against Turk Telekom claiming that Turk Telekom has not applied call termination tariffs for international calls set by ICTA for the period between November 2006 and February 2007 amounting to TL 6,836 (equivalent to \$3,856 as at 31 March 2012) including principal, interest and penalty on late payment. The Court also decided to consolidate this lawsuit with the first lawsuit dated 22 December 2005.

On 28 September 2011, the Court decided in favor of the Company for all consolidated cases. The Court decided that Turk Telekom should pay to the Company in total TL 42,597 (equivalent to \$24,027 as at 31 March 2012) plus VAT and Special Communication Tax ("SCT") composed of principle amounting to TL 36,502 (equivalent to \$20,589 as at 31 March 2012), interest and penalty amounting to TL 6,095 (equivalent to \$3,438 as at 31 March 2012). The court also decided that Turk Telekom should pay interest, penalty, VAT and SCT calculated for the principal from date of case to the payment date. Turk Telekom appealed the decision. The Company replied this appeal request.

Since it is not virtually certain that an inflow of economic benefits will arise, no asset or related income is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Legal Proceedings (continued)

Dispute on Turk Telekom Transmission Lines Leases

Effective from 1 July 2000, Turk Telekom annulled the discount of 60% that it provided to the Company based on its regular ratio, which had been provided for several years, and, at the same time, Turk Telekom started to provide a discount of 25% being subject to certain conditions. The Company filed a lawsuit against Turk Telekom for the application of the agreed 60% discount. However, on 30 July 2001, the Company had been notified that the court of appeal upheld the decision made by the commercial court allowing Turk Telekom to terminate the 60% discount. Differences in the total nominal rent for the concerned period amounting to TL 29,125 (equivalent to \$16,428 as at 31 March 2012) have been accrued by Turk Telekom and deducted from the receivables of the Company. Accordingly, the Company paid and continues to pay transmission fees to Turk Telekom based on the 25% discount. Although Turk Telekom did not charge any interest on late payments at the time of such payments, the Company recorded an accrual amounting to a nominal amount of TL 3,023 (equivalent to \$1,705 as at 31 March 2012) for possible interest charges as at 31 December 2000. On 9 May 2002, Turk Telekom requested an interest amounting to a nominal amount of TL 30,068 (equivalent to \$16,960 as at 31 March 2012).

The Company did not agree with Turk Telekom's interest calculation and, accordingly, obtained an injunction from the commercial court to prevent Turk Telekom from collecting any amounts relating to this interest charge. Also, the Company initiated a lawsuit against Turk Telekom on the legality of such interest. On 25 December 2008, the Court rejected the case. The Company appealed the decision. The Supreme Court rejected the appeal. The Company applied for the correction of the decision. The Supreme Court rejected the correction of the decision request and the decision is finalized.

Based on the management opinion, the Company accrued provision of TL 91,864 (equivalent to \$51,816 as at 31 March 2012) and the Company netted off the whole amount from the receivables from Turk Telekom as at 31 March 2012.

Additionally, a lawsuit is commenced against Turk Telekom on 28 October 2010 to collect the receivable amounting to principal of TL 23,378 (equivalent to \$13,186 as at 31 March 2012), overdue interest of TL 3,092 (equivalent to \$1,744 as at 31 March 2012) and delay fee of TL 1,925 (equivalent to \$1,086 as at 31 March 2012), with the contractual default interest until payment date on the ground that the above mentioned exercise is contrary to the term of the contract which is effective for the year 2000, Turk Telekom has already collected the whole amount which is subjected to the related court decision as of 31 October 2009 and Turk Telekom collected additional receivable. The court decided to obtain an expert report. The expert committee submitted their report to the court. The expert report is in favor of the Company. The lawsuit is still pending.

Since it is not virtually certain that an inflow of economic benefits will arise, no asset or related income is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Dispute regarding the Fine Applied by the Competition Board

The Competition Board commenced an investigation of business dealings between the Company and the mobile phone distributors in October 1999. The Competition Board decided that the Company disrupted the competitive environment through an abuse of a dominant position in the Turkish mobile market and infringements of certain provisions of the Law on the Protection of Competition. As a result, the Company was fined a nominal amount of approximately TL 6,973 (equivalent to \$3,933 as at 31 March 2012) and was enjoined to cease these infringements. The Company initiated a lawsuit before Council of State for the injunction and cancellation of the decision. On 15 November 2005, the Court cancelled the Competition Board's decision.

After the cancellation of the Competition Board's decision, the Competition Board has given the same decision again on 29 December 2005. On 10 March 2006, the Company initiated a lawsuit before Council of State for the injunction and cancellation of the Competition Board's decision dated 29 December 2005. On 13 May 2008, Council of State dismissed the lawsuit. The Company appealed the decision. Appeal process is still pending.

Based on the decision of Competition Board, Ankara Tax Office requested the Company to pay TL 6,973 (equivalent to \$3,933 as at 31 March 2012) through the payment order dated 4 August 2006. On 25 September 2006, the Company made the related payment and initiated a lawsuit for the cancellation of this payment order. The Court dismissed the lawsuit, and the Company appealed this decision. On 17 March 2009, Council of State reversed the judgment of the Local Court. Local Court decided in line with the decision of Council of State. On 18 December 2009, the Court rejected the case and the Company also appealed this decision. Council of State reversed the judgment of the Instance Court. Local Court decided in line with the decision of Council of State. On 15 June 2011, the Court rejected the case again. The Company also appealed this decision. Council of State accepted the Company's stay of order requests at appeal phase. Appeal process is still pending.

Since it is not virtually certain that an inflow of economic benefits will arise, no asset or related income is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Dispute regarding the Fine Applied by the Competition Board regarding Mobile Marketing Activities

The Competition Board decided to initiate an investigation in order to identify whether the Company maintains exclusive activities on mobile marketing and their appropriateness with respect to competition rules. On 23 December 2009, Competition Board decided that the Company violates competition rules in GSM and mobile marketing services

and fined the Company amounting to TL 36,072 (equivalent to \$20,346 as at 31 March 2012). The payment was made within 1 month following the notification of the decision of the Competition Board. Therefore, 25% discount was applied and TL 27,054 (equivalent to \$15,260 as at 31 March 2012) is paid as the monetary fine on 25 May 2010. The Company filed a legal case on 25 June 2010 for the stay of execution and cancellation of the aforementioned decision. The Court rejected the Company's stay of execution request. The Company objected to the decision. The objection was rejected. The lawsuit is still pending.

Dispute regarding the Fine Applied by the Competition Board regarding Mobile Marketing Activities (continued)

Avea, depending on the Competition Board decision, initiated a lawsuit against the Company claiming a compensation from the Company for its damages amounting to TL 1,000 (equivalent to \$564 as at 31 March 2012), with reservation of further claims, on the ground that the Company violated the competition. During the judgment, Avea increased its request of material compensation to TL 5,000 (equivalent to \$2,820 as at 31 March 2012) and in addition requested TL 1,000 (equivalent to \$564 as at 31 March 2012) for non-pecuniary damages. The court decided to separate these requests and to reject the lawsuits demanding compensation and moral damages.

Based on the management opinion, the probability of an outflow of resources embodying economic benefits to settle the obligation is uncertain, thus, no provision is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Dispute on National Roaming Agreement

The Company conducted roaming negotiations in 2001 with Is-Tim Telekomunikasyon Hizmetleri AS ("Is-Tim") which was a GSM operator, performing since March 2001. On 19 October 2001, upon unsuccessful negotiations, ICTA granted time for the Company until 15 November 2001 to sign the roaming agreement with the determined conditions and requested parties to come to an agreement until 15 November 2001. The Company initiated a lawsuit on the ground that ICTA has no power of intervention; its proposals are impossible from technical aspects and unacceptable from economic reasons. Council of State gave a decision on non-necessity of a new decision on the ground that action which is subjected to the lawsuit is cancelled by another state council decision. This decision was appealed by ICTA. Council of State, Plenary Session of the Chamber for Administrative Divisions decided to approve the court decision.

In a letter dated 14 March 2002, the ICTA subjected Is-Tim's request for national roaming to the condition that it is reasonable, economically proportional and technically possible. Nevertheless, the ICTA declared that the Company is under an obligation to enter a national roaming agreement with Is-Tim within a 30 day period. The Company initiated a lawsuit against ICTA. On 14 March 2006, Council of State decided to cancel the process dated 14 March 2002 but rejected the Company's request for cancellation of the regulation on procedures and policies with respect to national roaming. ICTA appealed the decision. Plenary Session of Administrative Law Divisions of the Council of State has decided to approve the decision of the Council of State.

The ICTA decided that the Company has not complied with its responsibility under Turkish regulations to provide national roaming and fined the Company by nominal amount of approximately TL 21,822 (equivalent to \$12,309 as at

31 March 2012). On 7 April 2004, the Company made the related payment with its accrued interest. On 27 May 2004, the Company filed a lawsuit. On 3 January 2005, with respect to the Council of State's injunction, ICTA paid back nominal amount of TL 21,822 (equivalent to \$12,309 as at 31 March 2012).

Dispute on National Roaming Agreement (continued)

On 13 December 2005, Council of State decided the cancellation of the administrative fine but rejected the Company's request for cancellation of the regulation on procedures and policies with respect to national roaming. ICTA appealed the decision. Plenary Session of Administrative Law Divisions of the Council of State has decided to approve the decision of the Council of State. On 22 July 2010, the Company initiated a lawsuit against ICTA for the compensation of TL 7,111 (equivalent to \$4,011 as at 31 March 2012), the total amount of the damage of the Company accrued interest between the period when the Company made the payment and ICTA returned the same to the Company as the result of the stay of execution decision.

Dispute regarding of the Fine Applied by ICTA on pricing applications of the Company

On 7 April 2010, ICTA decided to impose administrative fine to the Company amounting to TL 4,008 (equivalent to \$2,261 as at 31 March 2012) for misinforming the Authority and TL 374 (equivalent to \$211 as at 31 March 2012) for making some subscribers suffer. The payment was made within 1 month following the notification of the decision of the ICTA. Therefore, 25% discount was applied and TL 3,287 (equivalent to \$1,854 as at 31 March 2012) is paid in total as the administrative fine on 9 June 2010. The Company filed two lawsuits on 22 September 2010 for the stay of execution and cancellation of the aforementioned decision. The Court rejected the Company's stay of execution requests and the Company objected to the decisions but the objections are rejected. On 28 April 2011, the Court rejected the cases. The Company appealed the decisions. Council of State rejected the Company's stay of execution requests at appeal phase. Appeal processes are pending.

Dispute regarding the Fine applied by ICTA on tariffs above upper limits

On 21 April 2010, ICTA decided to impose administrative fine to the Company amounting to TL 53,467 (equivalent to \$30,158 as at 31 March 2012) by claiming that the Company applied tariffs above the upper limits of GSM-GSM in

GSM Upper Limits Table approved by ICTA on 25 March 2009. The payment was made within 1 month following the notification of the decision of the ICTA. Therefore, 25% discount was applied and TL 40,100 (equivalent to \$22,618 as at 31 March 2012) is paid as the administrative fine on 3 June 2010. The Company filed a lawsuit on 28 June 2010, for the cancellation of the aforementioned decision. The Court overruled the stay of execution claim, the Company objected to the decision and the Court accepted this objection and decided for the stay of the execution. Accordingly, ICTA paid back TL 40,100 (equivalent to \$22,618 as at 31 March 2012) on 27 January 2011. On 3 May 2011, the Court rejected the case. The Company appealed the decision and paid back TL 40,100 (equivalent to \$22,618 as at 31 March 2012) to ICTA on 6 October 2011. Appeal process is pending.

Amount to be reimbursed to the subscribers was calculated as TL 46,228 (equivalent to \$26,075 as at 31 March 2012) and deducted from revenues in the consolidated financial statements as at and for the year ended 31 December 2009. Reimbursement to subscribers was made in January 2010.

ICTA, notified the Company on 23 November 2011, to pay the amount of TL 13,367 (equivalent to \$7,540 as at 31 March 2012) which is the unpaid portion arising from the 25% cash discount of the administrative fine amounting to TL 53,467 (equivalent to \$30,158 as at 31 March 2012) that was imposed for applying tariffs above the upper limits. The Company filed a lawsuit on 23 December 2011 for stay of execution and for the annulment of this process. The case is pending. On 20 February 2012, payment order has been sent to the Company by the Tax Office. On 24 February 2012, the Company filed a lawsuit for cancellation of the payment order.

Based on the management opinion, the probability of an outflow of resources embodying economic benefits to settle the additional request regarding unpaid portion arising from the 25% discount of the administrative fine is uncertain, thus, no provision is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Dispute on Deposits at Banks

The Company, in 2001, initiated an enforcement proceeding to collect receivables arising from deposits in a bank. The bank has been objected to the enforcement proceeding and the Company filed a lawsuit for the cancellation of the objection. The Court decided in favor of the Company on 1 March 2005. The bank appealed the decision and the Company replied the same. On 3 April 2006, Supreme Court of Appeals decided the reversal of the Court's decision in favor of the defendant. The Court abided by the decision of the Supreme Court of Appeals. The lawsuit is pending.

Since it is not virtually certain that an inflow of economic benefits will arise, no contingent asset is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Dispute on Special Communication Taxation Regarding Prepaid Card Sales

Tax Office imposed tax penalty in the total amount of TL 47,130 (equivalent to \$26,584 as at 31 March 2012) and TL 89,694 (equivalent to \$50,592 as at 31 March 2012) based on the ground that the Company had to pay special

communication tax over the discounts applied to the distributors for the wholesales for the years 2003 and 2004, respectively. On 31 December 2008 and 18 December 2009, the Company initiated lawsuits before the court. The Company requested to wait until the completion of settlement procedure in the lawsuit initiated on 31 December 2008. Since the Company and the Ministry of Finance Settlement Commission have settled on the amounts subjected to the lawsuits as explained in the following paragraph, the Company has withdrawn from the lawsuits.

Dispute on Special Communication Taxation Regarding Prepaid Card Sales (continued)

According to the settlement made with the Ministry of Finance Settlement Commission on 1 June 2010, special communication tax and penalty was settled at TL 1,489 (equivalent to \$840 as at 31 March 2012) and TL 2,834 (equivalent to \$1,599 as at 31 March 2012) for the years 2003 and 2004, respectively. In addition, late payment interest was settled at TL 3,570 (equivalent to \$2,014 as at 31 March 2012) and TL 5,295 (equivalent to \$2,987 as at 31 March 2012) for the years 2003 and 2004, respectively. The aforementioned amounts were paid on 27 July 2010.

Provision set for the above mentioned special communication taxes, penalty and late payment interest was TL 64,653 (equivalent to \$36,467 as at 31 March 2012) in the consolidated financial statements as at and for the year ended 31 December 2009 and the difference between the provision amount and settled amount was recognized as income in the consolidated financial statements as at and for the year ended 31 December 2010.

Tax Office imposed tax penalty, including actual tax and penalty for loss of tax, in the total amount of TL 133,617 (equivalent to \$75,366 as at 31 March 2012) and TL 139,101 (equivalent to \$78,460 as at 31 March 2012) based on the ground that the Company had to pay special communication tax over the discounts applied to the distributors for the wholesales for the years 2005 and 2006, respectively. The Company initiated lawsuits for the cancellation of assessments and penalties mentioned above.

On 28 February 2011, Tax Amnesty Law has been approved by the President of Republic of Turkey. The Company applied to the Ministry of Finance related to the Tax Amnesty Law on 27 April 2011. According to Tax Amnesty Law, special communication tax and penalty was calculated as TL 26,723 (equivalent to \$15,073 as at 31 March 2012) and TL 27,820 (equivalent to \$15,692 as at 31 March 2012) for the years 2005 and 2006, respectively. In addition, late payment interest was calculated as TL 11,164 (equivalent to \$6,297 as at 31 March 2012) and TL 8,900 (equivalent to \$5,020 as at 31 March 2012) for the years 2005 and 2006, respectively. The aforementioned amounts were paid on 30 June 2011. The Company applied to the Tax Court to withdraw from the lawsuits according to Tax Amnesty Law due to the aforementioned payment. The courts decided that it is not necessary to declare a judgment on merits for the lawsuit.

On 24 June 2011, Tax Office imposed tax penalty, including actual tax and penalty for loss of tax, in the total amount of TL 11,238 (equivalent to \$6,339 as at 31 March 2012) based on the ground that the Company had to pay special communication tax over the discounts applied to the distributors for the wholesales for the period of January-February 2007. The Company applied to the Ministry of Finance on 13 July 2011 in order to benefit from the Tax Amnesty. According to Tax Amnesty Law, special communication tax and interest was calculated as TL 2,248 (equivalent to

\$1,268 as at 31 March 2012) and TL 842 (equivalent to \$475 as at 31 March 2012) respectively. The aforementioned amounts were paid on 29 July 2011.

Carrying International Voice Traffic

In May 2003, the Company was informed that the ICTA had initiated an investigation against the Company claiming that the Company has violated Turkish laws by carrying some of its international voice traffic through an operator other than Turk Telekom. The Company is disputing whether Turk Telekom should be the sole carrier of international voice traffic. On 5 March 2004, ICTA fined the Company a nominal amount of approximately TL 31,731 (equivalent to \$17,898 as at 31 March 2012).

The Company has initiated a lawsuit with the claim of annulment of the related processes and decisions of ICTA, however, paid the administrative fine on 9 April 2004. On 5 November 2004, Council of State gave a decision, which is served to the Company, for stay of execution. With respect to that decision, ICTA paid back TL 18,000 (equivalent to \$10,153 as at 31 March 2012) on 26 January 2005 and deduct a sum of TL 13,731 (equivalent to \$7,745 as at 31 March 2012) from the December frequency usage fee payment. On 26 December 2006, Council of State decided to accept the Company's claim and annul the decision of and the fine imposed by the ICTA. ICTA appealed the decision. The decision has been approved by the Council of State, Plenary Session of the Chamber for Administrative Divisions.

Turk Telekom initiated a lawsuit against the Company with respect to the same issue requesting an amount of TL 450,931 (equivalent to \$254,347 as at 31 March 2012) of which TL 219,149 (equivalent to \$123,610 as at 31 March 2012) is principal and TL 231,782 (equivalent to \$130,736 as at 31 March 2012) is interest charged until 30 June 2005 and requesting a temporary injunction.

Considering the progresses at the court case, provision is set for the principal amounting to TL 49,753 (equivalent to \$28,063 as at 31 March 2012) and accrued interest amounting to a nominal amount of TL 90,547 (equivalent to \$51,073 as at 31 March 2012) in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012.

In deciding upon the amount of the provision taking, the Company has taken the Turkish law into consideration, not the amounts requested by Turk Telekom and reflected in the expert report. Specifically, under Turkish Law, a person who is alleging that he has suffered a loss cannot claim the whole of his possible revenues but only the damages may only be sought in respect of lost profit. For this reason, the provision set by the Company is calculated by taking Turk Telekom's estimated loss of profit into consideration rather than the amounts requested by Turk Telekom and amounts reflected in the expert report. Moreover, the Company obtained an independent opinion dated 23 October 2007 which supports the management opinion from an expert who is not designated by the Court.

On 5 November 2009, the Court rejected the Turk Telekom's request amounting to TL 171,704 (equivalent to \$96,849 as at 31 March 2012) and accepted the request amounting to TL 279,227 (equivalent to \$157,497 as at 31 March 2012). The Company appealed the decision. Also, Turk Telekom appealed the decision. The Court of Cassation cancelled the decision. The Company and Turk Telekom applied for the correction of the decision. Supreme Court decided to reject both sides' correction of the decision requests. The Court of First Instance decided to comply with the Supreme Court's ruling decision and decided to order a new expert examination. The lawsuit is still pending.

Disputes with Spor Toto

On 9 November 2005, Spor Toto sent a notification letter to Inteltek claiming that Inteltek is obliged to pay nominal amount of TL 3,292 (equivalent to \$1,857 as at 31 March 2012) due to the difference in the reconciliation methods. Spor Toto claims that the reconciliation periods should be six-month independent periods whereas Inteltek management believes that those periods should be cumulative as stated in the agreement. Inteltek has not paid the requested amount.

Spor Toto, on behalf of GDYS, initiated a declaratory lawsuit against Inteltek. On 22 February 2007, the Court rejected the case and decided that the collection risk is with GDYS and Inteltek is not responsible for the uncollected amount of TL 1,527 (equivalent to \$861 as at 31 March 2012) and also rejected the demand that the reconciliation period should be six-month independent periods. GDYS appealed the Court's decision. Supreme Court rejected the appeal request of GDYS. Following the Supreme Court's decision, GDYS applied for the correction of the decision. GDYS's correction of decision request was rejected by the Court and the decision was finalized.

Based on the decision of Supreme Court, Inteltek reversed the previously accrued principal amount of TL 3,292 (equivalent to \$1,857 as at 31 March 2012) and its overdue interest accrual amount of TL 1,894 (equivalent to \$1,068 as at 31 March 2012) in September 2007. Furthermore, Inteltek reclaimed TL 2,345 (equivalent to \$1,323 as at 31 March 2012) principal and TL 977 (equivalent to \$551 as at 31 March 2012) accrued interest which was paid in the 1st and 3rd reconciliation periods. Inteltek has initiated a lawsuit on 21 February 2008 to collect this amount. On 19 March 2009, the court decided in favor of Inteltek. Spor Toto appealed the decision. The Supreme Court ruled to reverse the judgment of the local court. Inteltek applied for the correction of the decision. The Supreme Court rejected the correction of the decision process and the file has been returned to the Court. The Court decided to resist on the former decision on 29 June 2011. Spor Toto appealed the decision. The appeal process is pending.

Dispute on Iranian GSM tender process

The Company has initiated an arbitration case against Islamic Republic of Iran for not abiding by the provisions of the Agreement on Reciprocal Promotion and Protection of Investments and demanded its sustained loss, on 11 January 2008 at the arbitration court which is established pursuant to the UNCITRAL arbitration rules. The arbitration process is still pending.

Besides, related with GSM tender process, Eastasia one of the partners of the consortium established to participate the tender and a wholly owned subsidiary of the Company, initiated an arbitration process against Iran Economic Development Company ("IEDC"), another partner of the consortium, on 29 April 2008 claiming that IEDC violated the shareholder's agreement and seeking compensation for damages for the aforementioned breach. The arbitral tribunal rejected the case.

Dispute on Turk Telekom Transmission Tariffs

On 19 January 2007, the Company initiated a lawsuit against Turk Telekom claiming that Turk Telekom charged transmission on erroneous tariffs between 1 June 2004 and 1 July 2005. The Company requested a nominal amount of TL 8,137 (equivalent to \$4,590 as at 31 March 2012) including interest. The expert report given to Court is in favor of the Company. The Court ruled to obtain supplementary expert report. Supplementary expert report is also in favor of the Company. The Court ruled to obtain a new expert report. The case is still pending.

Dispute on the decision of CMB regarding Audit Committee Member

On 21 July 2006, Alexey Khudyakov was appointed to the audit committee as an observer member. On 26 January 2007 the CMB informed the Company that Alexey Khudyakov's current status, as an observer member on the audit committee does not satisfy the requirements under Article 25 "Committees Responsible for Auditing" of the CMB. The CMB has stated that steps must be taken urgently in order to comply with Article 25. On 21 March 2007, the Company commenced a lawsuit to suspend the execution and to annul the decision of the CMB.

On 18 January 2008, Ankara 14th Administrative Court rejected the case. The Company appealed the decision with an injunction request. However; Council of State rejected the appeal request and consequently the Company's correction of the decision request.

On 15 October 2008, the CMB decided on an administrative fine amounting to TL 12 (equivalent to \$7 as at 31 March 2012) since the Company did not fulfill the decision of CMB dated 26 January 2007 and required the Company to inform its shareholders at the next General Assembly Meeting. The Company commenced a lawsuit before the Administrative Court. The Court rejected the Company's stay of execution request and the Company's objection to this decision has been rejected. On 27 May 2011, the Court rejected the case. The Company appealed the decision. Council of State rejected the injunction request of the First Instance Court's decision. Council of State rejected the stay of execution request of the Company. The appeal process is still pending.

Dispute on Mobile Number Portability

On 29 March 2007, the Company initiated a lawsuit against the ICTA claiming stay of order for and the annulment of the Regulation on Mobile Number Portability issued by the ICTA on 1 February 2007 on the ground that vested rights of the Company arising out the concession agreement were violated by the said regulation. On 1 June 2009, the Court rejected the case. The Company appealed the decision. The appeal process is still pending.

Dispute on Turk Telekom Interconnection Costs

On 8 April 2009, Turk Telekom initiated a lawsuit for damages against the Company claiming that the Company is violating the legislation by applying higher call termination fees to operators than the fees applied to the Company's subscribers for on-net calls and requesting for the time being TL 10 (equivalent to \$6 as at 31 March 2012) with its accrued interest starting from 2001 and TL 10 (equivalent to \$6 as at 31 March 2012) with its accrued interest starting from the lawsuit date for the sustained loss as a result of decreasing traffic volume of Turk Telekom and subscriber lost derived from this action. On 6 April 2011, the Court decided to reject the case. Turk Telekom appealed the decision. The Company replied the appeal request. The appeal process is still pending.

On 22 August 2011, Turk Telekom initiated a lawsuit on the ground that on-net tariffs of the Company are under the interconnection fees notwithstanding ICTA's decision regarding, on-net tariffs of the Company cannot be under the interconnection fees which are applied by the Company to other operators and requested TL 1,000 (equivalent to \$564 as at 31 March 2012) monetary compensation by reserving its right for surpluses. The lawsuit is pending.

Based on the management opinion, the probability of an outflow of resources embodying economic benefits to settle the obligation is uncertain, thus, no provision is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Dispute on Avea Interconnection Costs

On 4 November 2010, Avea initiated a lawsuit on the ground that on-net tariffs of the Company are under the interconnection fees notwithstanding ICTA's decision regarding, on-net tariffs of the Company cannot be under the interconnection fees which are applied by the Company to other operators and requested TL 1,000 (equivalent to \$564 as at 31 March 2012) monetary compensation by reserving its right for surpluses. During the judgment, Avea increased its request to TL 47,000 (equivalent to \$26,510 as at 31 March 2012). The Court decided to appoint an expert committee for examination of the file. The expert committee submitted its completed expert report to the Court,

which is in favor of the Company. The Court decided to have an additional expert report from the same committee of experts. The lawsuit is pending. The Company has accrued a provision for the initial lawsuit amounting to TL 1,000 (equivalent to \$564 as at 31 December 2011).

On 25 April 2011, Avea initiated another lawsuit with the same grounds mentioned above claiming compensation for its losses between November 2009 and January 2010. Avea claimed TL 40,000 (equivalent to \$22,562 as at 31 March 2012) for its material compensation by reserving its rights for surpluses. The Court decided to appoint an expert committee for examination of the file. The lawsuit is still pending.

On 26 July 2007, Savings Deposits Insurance Fund ("SDIF") requested TL 15,149 (equivalent to \$8,545 as at 31 March 2012) to be paid in one month period on the ground that the stated amount is recorded as receivable from the Company in the accounting records of Telsim, which is taken over by SDIF. On 20 September 2007, the Company filed a lawsuit for the injunction and cancellation of the SDIF's request. Council of State accepted the injunction request of the Company. On 19 January 2010, the Court accepted the Company's claim and cancelled the aforementioned request of SDIF. SDIF appealed the decision. Appeal process is still pending.

SDIF issued payment orders for the aforementioned amount and, on 19 October 2007, the Company initiated a lawsuit for the cancellation of the payment request of SDIF. On 29 March 2010, the Court decided on the cancellation of the payment order. SDIF appealed such decision. The appeal process is pending.

Dispute on the Discounts which are paid over the Treasury Share and ICTA Fee

At the end of 2006, Tax Auditors of the Company claimed that gross revenue in the statutory accounts should include discounts granted to distributors although the Company recorded these discounts in a separate line item as sales discounts.

Starting from 1 January 2007, the Company started to deduct discounts granted to distributors from gross revenue and present them on a net basis. Accordingly, the Company decided that, it has paid excess treasury share and universal service fund for the year 2006 totaling TL 51,254 (equivalent to \$28,910 as at 31 March 2012).

Through the letter dated 23 February 2007, the Company requested treasury share amounting to TL 46,129 (equivalent to \$26,019 as at 31 March 2012) and interest accrued amounting to TL 5,020 (equivalent to \$2,832 as at 31 March 2012) from Turkish Treasury and universal service fund amounting to TL 5,125 (equivalent to \$2,891 as at 31 March 2012) and interest accrued amounting to TL 558 (equivalent to \$315 as at 31 March 2012) from Turkish Ministry to be paid in 10 days. Since Turkish Treasury and Turkish Ministry have not made any payment, the Company started to deduct these amounts from ongoing monthly payments. As at 31 December 2007, the Company deducted TL 51,254 (equivalent to \$28,910 as at 31 March 2012) from monthly treasury share and universal service fund payments.

Turkish Treasury sent a letter to the Company dated 17 July 2007 and objected the deduction of the discounts granted to the distributors from the treasury share payments. Accordingly, the Company is asked to return TL 2,960 (equivalent to \$1,670 as at 31 March 2012) that is deducted from treasury share payment for May 2007. The Company has not made the related payment and continued to deduct such discounts treasury share and universal service fee amount related to discounts granted to distributors for the year 2006.

Management believes that the Company has the legal right to make deductions with respect to this issue. Accordingly, the Company has not recorded any provisions with respect to this matter in its condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

The Company filed two lawsuits before ICC claiming that the Company is not obliged to pay treasury share and ICTA Fee in accordance with the 8th and 9th Articles of the Concession Agreement, respectively, on discounts granted to distributors. On the both lawsuits, ICC has decided in favor of the Company. As stated in both of the Final Awards, the Company is not under obligation of paying Treasury Share and the Contribution to the expenses of Authority pursuant to Article of 8 and 9 of the Concession Agreement dated 10 March 2006. ICTA filed lawsuits for

cancellation of these Final Awards. In both lawsuits, the Court decided in favor of the Company. ICTA appealed the decisions. The Company replied appeal requests. Appeal processes are still pending.

Dispute on payments of additional treasury share payment for the period between 1 June 2004 and 9 March 2006

Turkish Treasury, through a letter which is based on the Report of the Treasury Controller's Board following the examinations covering the period between 1 June 2004 and 9 March 2006, requested additional treasury share payment regarding the mentioned period. The Company initiated a lawsuit before ICC on 18 December 2009 in order to obtain a declaratory judgment on the Company is not obliged to pay TL 3,320 (equivalent to \$1,873 as at 31 March 2012) of the requested amount and treasury share over the exchange differences arising from roaming revenue. The arbitral tribunal partially accepted the Company's claims and decided that the Company is not obliged to pay TL 885 (equivalent to \$499 as at 31 March 2012).

ICTA, through a letter dated 14 May 2010 which is based on the Report of the Treasury Controller's Board following the examinations covering the period between 1 June 2004 to 9 March 2006, requested additional treasury share payment of TL 4,909 (equivalent to \$2,769 as at 31 March 2012) together with the penalty of TL 12,171 (equivalent to \$6,865 as at 31 March 2012) on the ground that the treasury share and treasury share over the exchange differences arising from roaming revenue are not paid entirely.

On 26 May 2010, the Company, in order to provide the suspension of the payment, requested a preliminary injunction from the Civil Court of First Instance based on the grounds that the payment of additional treasury share payment of TL 4,909 (equivalent to \$2,769 as at 31 March 2012) together with the penalty of TL 12,171 (equivalent to \$6,865 as at 31 March 2012) is a pending case before ICC Arbitration Court. The Civil Court of First Instance accepted the Company's request. ICTA raised an objection to the preliminary injunction and this objection has been rejected.

The Company filed a lawsuit before ICC on 27 January 2012 claiming the contradiction to law of the penalty of TL 12,171 (equivalent to \$6,865 as at 31 March 2012) calculated over allegedly unpaid TL 4,909 (equivalent to \$2,769 as at 31 March 2012) treasury share. The lawsuit is still pending.

ICTA, through a letter dated 19 October 2010 which is based on the Report of the Treasury Controller's Board following the examinations covering the period between 10 March 2006 and 31 December 2008, requested treasury share of TL 72,527 (equivalent to \$40,909 as at 31 March 2012) and conventional penalty of TL 205,594 (equivalent to \$ 115,965 as at 31 March 2012). The Company paid TL 1,535 (equivalent to \$866 as at 31 March 2012) of the aforementioned amount.

On 13 December 2010, the Company, in order to provide the suspension of the payment, requested a preliminary injunction from the Civil Court of First Instance based on the grounds that the payment of treasury share of TL 70,992

(equivalent to \$40,043 as at 31 March 2012) and conventional penalty of TL 205,594 (equivalent to \$115,965 as at 31 March 2012) is a pending case before ICC Arbitration Court. The Court accepted the Company's request. ICTA's objection against the decision has been rejected.

Based on the management opinion, the probability of an outflow of resources embodying economic benefits to settle the obligation is uncertain, thus, no provision is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

The Company filed a lawsuit before ICC on 12 January 2011 regarding the part of treasury share which is not covered in the lawsuits previously finalized in favor of the Company and the conventional penalty of TL 205,594 (equivalent to \$115,965 as at 31 March 2012). The lawsuit is still pending.

Dispute on treasury share amounts which are absorbed due to retrospective board decisions taken by ICTA

In consequence of collection of treasury share from the Company without considering its payments to the other operators and some subscribers due to the retrospective procedure amendments of ICTA on both interconnection fees and some tariffs; the Company commenced a lawsuit on 5 August 2010 before ICC on the ground that treasury share which collected from diminishing returns are unlawful and deductions committed by the Company between the years 2006 - 2010 from the treasury share are rightful and claimed payment of TL 1,600 (equivalent to \$902 as at 31 March 2012) and its interest to the overpayment amount which is paid under the name of treasury share, against ICTA due to its administrative act leading to this case and against Turkish Treasury and Turkish Ministry due to making benefit from aforementioned amount. ICC decided partially in favor of the Company in March 2012 and ordered that deductions committed by the Company between the years 2006 - 2010 from the Treasury Share are rightful, and ICTA should refund TL 1,371 (equivalent to \$773 as at 31 March 2012) paid by the Company in this respect as Treasury Share and ICTA fee and reject the Company's claim to refund TL 273 (equivalent to 154 as at 31 March 2012) paid as ICTA fee between 2006-2008. ICTA filed a lawsuit for cancellation of the Final Award.

Dispute with the Ministry of Industry and Trade

Ministry of Industry and Trade notified the Company that the Company is not informing the subscribers properly before service subscriptions and content sales and charged administrative fine of TL 68,201 (equivalent to \$38,469 as at 31 March 2012). On 24 August 2009, the Company initiated a lawsuit for the cancellation of the payment order and related decision of the Ministry of Industry and Trade. The Court rejected the Company's injunction request. The Court cancelled the payment order on 8 June 2010. Ministry of Industry and Trade appealed the decision. Appeal process is still pending.

On 14 December 2009, the Company filed a lawsuit for the injunction and cancellation of the payment order of TL 68,201 (equivalent to \$38,469 as at 31 March 2012) with respect to the decision of Ministry of Industry and Trade. The Court decided to accept the case. Tax Administration appealed the decision. Appeal process is still pending.

On 13 January 2011, ICTA decided to apply administrative fine of TL 748 (equivalent to \$422 as at 31 March 2012). Since the administrative fine was paid within 1 month following the notification of the decision of ICTA, 25% discount was applied and payment amounting to TL 561 (equivalent to \$316 as at 31 March 2012) was made on 17 February 2011.

Dispute of Astelit with its Distributor

Astelit and one of its distributors had an agreement for the sale of Astelit's inventory to third parties. Under this agreement, the sale of products had to be performed within 30 days after delivery and proceeds from such sale had to be transferred to Astelit excluding commissions due to the distributor for performing the assignment. At a certain stage of the relationship under this agreement, the distributor began to violate its obligations for indebtedness for received, due but unpaid products.

Despite the distributor is factually a debtor under the agreement, the distributor filed a lawsuit against Astelit on recovery of HRV 106,443 (equivalent to \$13,328 as at 31 March 2012), which is allegedly the sum of advance payment for undelivered goods. In the course of court proceedings, Astelit made a counterclaim on recovery of indebtedness in the amount of HRV 35,292 (equivalent to \$4,419 as at 31 March 2012).

As a result of consideration of two claims, the Court of First Instance in Kiev dismissed the claim of the distributor and sustained the counterclaim of Astelit. Subsequently, The Kiev Economic Court of Appeal repealed the decision of the Court of First Instance and dismissed the claim of Astelit and sustained the claim of the distributor on recovery of HRV 106,443 (equivalent to \$13,328 as at 31 March 2012). The resolution of the Higher Economic Court of Ukraine dated 20 October 2009 remained unaltered the appellate court's ruling. Thereafter, Astelit management has filed a lawsuit against this conclusion in the Supreme Court of Ukraine, which is the supreme and final degree of jurisdiction against the resolution of the Higher Economic Court of Ukraine.

In December 2009 the Supreme Court of Ukraine has revoked the previous court decisions and forwarded the court file to the Court of First Instance in Kiev to other judges for new legal proceedings. New legal proceedings started in February 2010. It was decided by the court to conduct judicial expertise by specially authorized Kiev research institute of judicial expertise in order to define real indebtedness. After the expertise the court of first instance made the decision in favor of Astelit. The court decision was appealed to Appeal Court by the distributor. Appeal proceeding was appointed on 1 November 2011. Kiev Appeal Court upheld the above judgment on 24 November 2011. Thus the

decision became effective.

One of the banks in Ukraine (as a third party in the case) filed a cassation to Higher Economic Court of Ukraine. Having filed the cassation, the bank used its right to prevent any possible negative consequences to it, as former Guarantor and Creditor to the distributor of Astelit. On 26 March 2012, Higher Economic Court of Ukraine affirmed the previous court decisions. The distributor or the bank has a right to appeal court decision to Supreme Court of Ukraine.

Management believes that such conclusion of the courts has proper legal basis. Accordingly, the Company has not recorded any accruals with respect to this matter in its condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Dispute of Astelit related to Withholding Tax on Interest Expense

Ukrainian Tax Administration sent a tax notice to Astelit stating that withholding tax rate on interest expense for the loan agreement with Euroasia should be 10% for the year 2009. According to Ukrainian legislation and Convention on avoiding double taxation, Astelit paid withholding tax at 2%. Astelit filed the suit to cancel tax notice, which imposed Astelit to pay additional HRV 11,651 (equivalent to \$1,459 as at 31 March 2012). On 10 March 2011, Kiev Appeal Administrative Court has upheld the decision of the Administrative Court of First Instance which decided in favor of Astelit on 30 November 2010. Ukrainian Tax Administration appealed the case. The date of hearing in Supreme Administrative Court has not been appointed yet.

Based on the management opinion, provision amounting to \$2,703 is set for the risks belonging to years 2009 and 2010 in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012.

Dispute on VAT and SCT on Roaming Services

On 21 October 2009, based on the Tax Investigation Reports dated 2 October 2009, Presidency of Large Taxpayers Office, Audit Group Management notified the Company that VAT and SCT should be calculated on charges paid to international GSM operators for the calls initiated by the Company's subscribers abroad and collect from the subscribers and requested TL 255,298 (equivalent to \$144,000 as at 31 March 2012) for the period from April 2005 to July 2009, and for an interest to be calculated until the payment date. The Company filed a lawsuit for the cancellation of the aforementioned request. Based on the settlement between the Company and Ministry of Finance, the Company has withdrawn from the lawsuits.

As a result of the settlement made with Ministry of Finance Settlement Commission on 1 June 2010, penalty fee has been settled at TL 20,163 (equivalent to \$11,373 as at 31 March 2012) and late payment interest expense was settled at TL 15,998 (equivalent to \$9,024 as at 31 March 2012) and related payment was made on 27 July 2010.

Dispute on VAT and SCT regarding Shell & Turcas Petrol AS Campaign

The Company and Shell&Turcas Petrol A.S. signed an agreement on 27 November 2007 where eligible subscribers can get free counters and minutes from the Company or free oil from Shell&Turcas Petrol AS.

As a result of the tax investigation, Tax Controllers notified that VAT and special communication tax are not calculated over the free counters and minutes and imposed special communication tax amounting to TL 1,214

(equivalent to \$685 as at 31 March 2012) and tax penalty of TL 1,822 (equivalent to \$1,028 as at 31 March 2012) and VAT amounting to TL 874 (equivalent to \$493 as at 31 March 2012) and tax penalty of TL 1,315 (equivalent to \$742 as at 31 March 2012). On 16 September 2009, the Company filed lawsuits for the cancellation of the tax penalty. The court decided to accept the case. Tax Administration appealed the decisions. The appeal process is still pending.

Lawsuit initiated by Mep Iletisim AS

On 31 December 2008, Mep Iletisim AS, which is former distributor of the Company and whose agreement is no longer valid, initiated a lawsuit against the Company claiming that it has a loss of TL 64,000 (equivalent to \$36,099 as at 31 March 2012) due to the applications of the Company and requested TL 1,000 (equivalent to \$564 as at 31 March 2012) and remaining amount to be reserved. An expert report from committee of experts appointed by the court has been submitted to the court. The Court decided to obtain a supplementary report from the same committee. The lawsuit is still pending.

Based on the management opinion, the probability of an outflow of resources embodying economic benefits to settle the obligation is uncertain, thus, no provision is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Decisions of ICTA on tariff plans

On 15 November 2009, ICTA notified that the Company has changed the conditions of a tariff plan after the launch and shall reimburse overcharged amounts to the subscribers. On 1 February 2010, the Company initiated a lawsuit for stay of execution and the cancellation of the decision of ICTA. The Court rejected the Company's stay of execution request. The Company objected to this decision. The Court rejected the objection request of the Company. The case is still pending.

Amount to be reimbursed to the subscribers is calculated as TL 15,660 (equivalent to \$8,833 as at 31 March 2012) and deducted from revenues in the consolidated financial statements as at and for the year ended 31 December 2009. Reimbursement to subscribers was made in January 2010.

On 17 May 2010, ICTA decided to impose TL 802 (equivalent to \$452 as at 31 March 2012) administrative fine against the Company on the ground that one of the tariff option of the Company contradicts the board decision which sets lower limit to the on-net tariffs. The payment was made within 1 month following the notification of the decision of ICTA. Therefore, 25% discount was applied and TL 601 (equivalent to \$339 as at 31 March 2012) as fine on 21 June 2010. Besides, the Company filed a lawsuit on 21 July 2010 in request for the cancellation of fine. The Court overruled the stay of execution request and the Company objected to this decision. The Court rejected the objection request of the Company. The Court rejected the lawsuit. The Company appealed the decision. The state of Council rejected the stay of execution request of the First Instance Court's decision. The appeal process is still pending.

Decisions of ICTA on tariff plans (continued)

On 8 March 2010, ICTA informed the Company that an investigation took place on another tariff plan. As a result of the investigation, ICTA decided to apply administrative penalty amounted TL 26,483 (equivalent to \$14,938 as at 31 March 2012) to the Company on 22 September 2010. Administrative fine was paid within 1 month following the notification of the decision of ICTA. Therefore, 25% discount was applied and TL 19,862 (equivalent to \$11,203 as at 31 March 2012) is paid as a fine on 7 December 2010. The Company initiated a lawsuit to suspend the execution of administrative fine and cancellation, on 10 December 2010. The Court overruled the stay of execution request and the Company objected to this decision. On 17 February 2011, the Regional Ankara Administrative Court accepted the objection and decided to suspend the execution. ICTA reimbursed the paid amount on 30 March 2011. The lawsuit is still pending.

Amount to be reimbursed to the subscribers is calculated as TL 13,432 (equivalent to \$7,576 as at 31 March 2012) for the year 2010 and deducted from revenues in the consolidated financial statements as at and for the year ended 31 December 2010. Reimbursement to subscribers was made in February 2011 amounting to TL 7,137 (equivalent to \$4,026 as at 31 March 2012). As a result of the aforementioned court decision for the stay of execution dated 17 February 2011, the Company decided not to reimburse remaining TL 6,295 (equivalent to \$3,551 as at 31 March 2012).

Decision of ICTA regarding telephone directory and unknown numbers service

On 7 July 2010, ICTA decided to fine the Company by TL 401 (equivalent to \$226 as at 31 March 2012) and transfer back all kinds of software, hardware, infrastructure and equipment which make available the telephone directory and unknown numbers service to the ownership of the Company from its wholly owned subsidiary on the ground that ownership of the whole system related to telephone directory and unknown number service is not pertain to the Company. Administrative fine was paid within 1 month following the notification of the decision of ICTA. Therefore, 25% discount was applied and TL 301 (equivalent to \$170 as at 31 March 2012) as fine on 7 September 2010.

The Company filed a lawsuit on 22 September 2010 for the stay of execution and cancellation of the administrative fine. The Court overruled the stay of execution request of the Company and the Company objected to this decision. The Court rejected the lawsuit. The Company appealed the decision. The State of Council rejected the stay of execution request of the First Instance Court's decision. The appeal process is still pending.

Dispute regarding the Fine Applied by the Competition Board regarding applications to the distributors

On 11 November 2009, Competition Board decided to initiate an investigation against the Company on the ground that the Company, through its applications to its distributors, violates the related clauses of the Competition Act numbered 4054. Within the context of the investigation, the Company submitted its statement of defense. The investigation took place as an on-site examination and inspection in March 2010. The Competition Board decided to examine the claims of Vodafone regarding this investigation within the context of this file. Besides, the Company's action concerning abuse of dominant position in the wholesale or retail market of simcard, unit card, digital unit, activation and other subscriber services by obstructing the activity of Avea is examined in the context of this investigation and Avea is accepted as a complainant. Investigation report is submitted to the Company in August 2010 and the Company submitted its defense statement to the Board. Additional Written Opinion is submitted to the Company in February 2011 and the Company submitted its written defense to Additional Written Opinion within the due date. The Company submitted its verbal defense to Competition Board on 31 May 2011.

On 9 June 2011 Competition Board clarified its decision that the Company violates competition rules in GSM market and fined the Company amounting to TL 91,942 (equivalent to \$51,860 as at 31 March 2012). On 8 December 2011, the Company filed a lawsuit for annulment of the decision. On 9 March 2012, payment order has been sent to the Company by the Tax Office. The Company filed a lawsuit for cancellation of the payment order on 11 January 2012. The Court accepted the Company's stay of execution request until the Tax Office's legal argument is submitted to the court.

Pamuk Elektronik, a former dealer of the Company whose contract have been terminated, initiated a lawsuit against the Company on 19 December 2011 claiming TL 2,100 (equivalent to \$1,184 as at 31 March 2012) by reserving its rights for surpluses on the ground that the Company caused that damage by unjust termination of the contract and actions which are stated in the Competition Board decision in which the Board imposed TL 91,942 (equivalent to \$51,860 as at 31 March 2012) administrative fine to the Company. The Company replied in due time. On 19 April 2012, the court decided to reject the lawsuit with the reason that the dispute must be solved with arbitration procedure because of the term in the agreement.

Based on the management opinion, the probability of an outflow of resources embodying economic benefits to settle both of the obligations are less than probable, thus, no provision is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Investigation of ICTA based on the complaint of a subscriber

ICTA decided to initiate an investigation through its decision dated 12 May 2010 based on the complaint of Ozalp Insaat Pazarlama Tic. Ltd. Sti., and requested certain information and documents from the Company. The Company provided its response related to the matter to ICTA. Investigation report is notified to the Company and the Company has submitted its defense statement to ICTA within the due date.

Investigation of ICTA based on the complaint of a subscriber (continued)

On 13 January 2011, ICTA decided to impose administrative fine to the Company amounting to TL 8,016 (equivalent to \$4,521 as at 31 March 2012) for making some subscribers suffer and TL 2,004 (equivalent to \$1,130 as at 31 March 2012) for misinforming the Authority. Since the administrative fine was paid within 1 month following the notification of the decision of ICTA, 25% discount was applied and payment totaling to TL 7,515 (equivalent to \$4,239 as at 31 March 2012) is made on 17 February 2011. The Company filed two lawsuits on 14 March 2011 for the stay of execution and cancellation of the administrative fine. The stay of execution requests have been rejected in the lawsuits. The Company objected to the decisions. The objections were rejected. The cases are still pending.

Dispute regarding the Fine Applied by ICTA regarding breaching confidentiality of personal data and relevant legislation which is launched by ICTA

ICTA decided to launch preliminary investigation on breaching confidentiality of personal data and relevant legislation, within the context of the news in the press regarding unlawful wiretapping. ICTA authorities made an on-site inspection in July 2010. On 22 September 2010, ICTA decided to launch an investigation against the Company for detailed examination of the matter. Information and documents demanded by ICTA were submitted to the ICTA. In January 2011, investigation report was sent to the Company. The Company submitted its written defense within the due date. ICTA, with its decision which was delivered to the Company on 6 June 2011, decided to impose an administrative fine to the Company amounting to TL 11,225 (equivalent to \$6,331 as at 31 March 2012). Since the administrative fine was paid within 1 month following the notification of the decision of ICTA, 25% discount was applied and TL 8,418 (equivalent to \$4,748 as at 31 March 2012) was paid on 5 July 2011. On 24 August 2011, the Company filed a lawsuit for the annulment of the decision with stay of execution request. The stay of execution request and the Company's objection to this decision has been rejected. The case is still pending.

Dispute on treasury share in accordance with the amended license agreement

Based on the law enacted on 3 July 2005 with respect to the regulation of privatization, gross revenue description used for the calculation of treasury share has been changed. According to this new regulation, accrued interest charges for the late payments, taxes such as indirect taxes, and accrued revenues are excluded from the description of gross revenue. Calculation method of gross revenue for treasury share stipulated in the law according to the new regulation shall be valid as of the application date of the Company with the claim of amendment of its license agreement in compliance with the said Law. In the meanwhile, the Company realized the payments including above-mentioned items between 21 July 2005 and 10 March 2006, when the amendment in license agreement was effective.

On 9 June 2008, the Company filed a lawsuit before Administrative Court for the difference between the aforementioned period amounting to TL 102,649 (equivalent to \$57,899 as at 31 March 2012) and interest amounting to TL 68,276 (equivalent to \$38,511 as at 31 March 2012) till to the date the case is filed. The Administrative Court rejected the case with the reason that there is not any definite and executable process and the Company appealed the decision. The Council of State rejected the appeal request.

Since it is not virtually certain that an inflow of economic benefits will arise, no asset or related income is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Dispute on treasury share in accordance with the amended license agreement (continued)

Based on the 9th article of the license agreement dated 10 March 2006, the Company has been obliged to pay 0.35% of its yearly gross revenue once a year as ICTA Fee. However, in the previous license agreement, the Company was obliged to pay 0.35% of its yearly gross revenue after deducting treasury share, universal service fund and other indirect taxes from the calculation base whereas in the new agreement, these aforementioned payments are not deducted from the base of the calculation. Therefore, on 12 April 2006, the Company has initiated a lawsuit for the cancellation of the 9th article of the new license agreement. On 10 March 2009, the Court rejected the case. The Company appealed the decision. Appeal process is still pending.

Dispute on ICTA fee payment based on the amended license agreement

On 21 June 2006, ICTA notified the Company that the ICTA fee for the year 2005 which had been already paid in April 2006 should have been calculated according to the new license agreement dated 10 March 2006 instead of the previous license agreement which was effective in the year 2005. Therefore, ICTA requested the Company to pay additional TL 4,011 (equivalent to \$2,262 as at 31 March 2012) and its accrued interest. The Company made the payment and initiated a lawsuit for the injunction and cancellation of the aforesaid decision of ICTA on 28 August 2006. On 24 July 2009, the Court decided in favor of the Company and annulled additional payment request of ICTA. The ICTA appealed the decision. Appeal process is still pending. The Company received the related principal amount of TL 4,011 (equivalent to \$2,262 as at 31 March 2012) on 8 February 2010 and recorded income in the consolidated financial statements as at and for the year ended 31 December 2009. On 17 March 2010, the Company initiated a lawsuit for the accrued interest amounting to TL 3,942 (equivalent to \$2,223 as at 31 March 2012). The Court decided in favor of the Company for the part of TL 1,392 (equivalent to \$785 as at 31 March 2012) of the compensation request. ICTA appealed the decision. The Company also appealed the decision's rejected part. The appeal process is still pending. The Company received the aforementioned amount on 18 May 2011 and recorded as income in the consolidated financial statements as at and for the year ended 31 December 2011.

Since it is not virtually certain that an inflow of additional economic benefits will arise concerning the accrued interests, no asset or related income is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Turkcell Superonline filed a lawsuit against Ankara Municipality in order to cancel penalties. Request of Turkcell Superonline regarding stay of execution was rejected. Turkcell Superonline objected the decision. The objections related to penalty issued on 13 January 2011 amounting to TL 8,863 (equivalent to \$4,999 as at 31 March 2012) was also rejected by Regional Administrative Court. In addition, Turkcell Superonline filed a lawsuit against Ankara Municipality in order to cancel penalty which was issued on 28 October 2011 amounting to TL 235 (equivalent to \$133 as at 31 March 2012); request of Turkcell Superonline regarding execution of suspension was rejected. Ankara Municipality has not sent payment orders for the penalties yet.

Based on the management opinion, the probability of an outflow of resources embodying economic benefits to settle the obligation is less than probable, thus, no provision is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Order of Payment Notified to Turkcell Superonline According to Universal Service Fund

On 24 October 2011, Beykoz Tax Administration notified Turkcell Superonline with an order of payment amounting to TL 1,192 (equivalent to \$672 as at 31 March 2012) for insufficient payments made by Superonline Uluslararası for universal service fund related to years of 2005, 2006, 2007 and 2008. Four legal cases have been filed as of 31 October 2011 to revoke payment orders. Based on the management decision, TL 1,203 (equivalent to \$679 as at 31 March 2012) was paid on 7 December 2011 with its accumulated interest. On 21 December 2011, based on the scope of Share Purchase Agreement, Turkcell Superonline sent a notice in order to receive payment from Demir Toprak İth.İhr. ve Tic. AS, Sınai ve Mali Yatırımlar Holding AS and Endüstri Holding AS. No payment has been received as of 31 March 2012.

Said payment shall be reimbursed in case of execution of suspension or the Court's decision in favor of Turkcell Superonline.

Dispute with Avea on SMS interconnection termination fees

On 22 December 2006, Avea initiated a lawsuit against the Company claiming that although there was an agreement between the Company and Avea stating that both parties would not charge any SMS interconnection termination fees, the Company has charged SMS interconnection fees for the messages terminating on its own network and also assumed liabilities for the SMS terminating on Avea's network and made interconnection payments to Avea after deducting the net balance of those SMS charges and accruals. Avea requested provisions of Interconnection Agreement regarding SMS pricing to be applied and requested collection of its losses amounting to nominal amount of TL 6,480 (equivalent to \$3,655 as at 31 March 2012) for the period between January 2006 and August 2006 with its accrued interest till payment. On 25 November 2008, the Court decided in favor of Avea. The Company has appealed the decision. Supreme Court of Appeal reversed the judgment of the Local Court. The Company has applied for the correction in terms of justification of the decision for the Supreme Court's reversal decision. Avea has also applied for the correction of the decision. Supreme Court rejected the request for correction of the decision of Avea, and partially accepted the Company's demand. On 13 December 2011, the Local Court decided to accept the lawsuit again. The Company appealed the decision.

The Company has paid the principal of TL 6,480 (equivalent to \$3,655 as at 31 March 2012), late payment interest of TL 5,103 (equivalent to \$2,878 as at 31 March 2012) and related fees of TL 524 (equivalent to \$296 as at 31 March 2012) on 30 March 2009.

In line with the court decision stating that charging SMS interconnection termination fees violates the agreement between the Company and Avea, neither SMS interconnection revenue nor SMS interconnection expense has been recognized from February 2005 to 23 March 2007.

Moreover, the Company applied to ICTA for the determination SMS interconnection termination fees and starting from 23 March 2007, the Company has applied the SMS interconnection termination fees announced by ICTA until January 2009. ICTA determined new SMS termination rate in January 2009 upon the application of Avea.

Dispute with Turk Telekom with respect to numbers beginning with 444

The Company filed a lawsuit on 25 April 2008 against Turk Telekom to collect TL 1,777 (equivalent to \$1,002 as at 31 March 2012) including principal, overdue interest and delay fee which has been collected by Turk Telekom within the period of March 2007 - February 2008 by pricing the calls started from the Company's network and terminated at the numbers in form of "444 XX XX" which are assigned to the Company's subscribers in accordance with special service call termination tariff. The Court decided in favor of the Company on 23 March 2011. Turk Telekom appealed the decision and the Company replied the appeal request. Appeal process is pending.

The Company filed an enforcement proceeding on 12 May 2011 against Turk Telekom to collect TL 11,511 (equivalent to \$6,493 as at 31 March 2012) including principal amounting to TL 8,024 (equivalent of \$4,526), overdue interest amounting to TL 2,343 (equivalent of \$1,322 as at 31 March 2012) and late payment fee amounting to TL 1,144 (equivalent to \$645 as at 31 March 2012) which has been collected by Turk Telekom within the period of March 2008 - March 2010 by pricing the calls started from the Company's network and terminated at the numbers in form of "444 XX XX" which are assigned to the Company's subscribers in accordance with special service call termination tariff. Turk Telekom objected the enforcement proceeding and the enforcement proceeding has been held. The Company filed a lawsuit for cancellation of objection on 13 September 2011 against Turk Telekom. The case is still pending.

Turk Telekom, filed thirteen enforcement proceedings to collect the total amount of TL 31,682 (equivalent to \$17,870 as at 31 March 2012) composed of principle, overdue interest and delay fee which was unpaid by the Company because of the overly accrue by Turk Telekom for the calls terminated at the numbers in form of "444 XX XX" and videocall, data reconciliation and 118-32 service invoice costs for periods of April 2010-November 2011. The Company objected the enforcement proceedings. Turk Telekom filed six nullity of objection lawsuits for the six enforcement proceedings which were initiated for the period April 2010-April 2011, claiming the total amount of TL

17,752 (equivalent to \$10,013 as at 31 March 2012) composed of principle, overdue interest and delay fee with enforcement proceeding denial compensation which is 40% of the receivable balance. The lawsuits are still pending.

Based on the management opinion, the probability of an outflow of resources embodying economic benefits to settle the obligation is uncertain, thus, no provision is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

On 7 December 2011, Turk Telekom initiated a lawsuit on the ground that the Company did not direct the calls in form of “444 XX XX” to Turk Telekom and terminated at its own network and requested TL 1,000 (equivalent to \$564 as at 31 March 2012) monetary compensation by reserving its right for surpluses. The lawsuit is pending.

Dispute with Turk Telekom with respect to Volume-Based Discount Agreement

The Company and Turk Telekom have signed the "Volume-Based Discount Promotion for User with Low-Use Commitment Agreement". However, Turk Telekom did not apply the discount for the period between January-April 2011. The Company filed a lawsuit on 23 February 2012 to collect TL 4,530 (equivalent to \$2,555 as at 31 March 2012) including principal, overdue interest and delay fee which has been overly collected by Turk Telekom within the period of January-April 2011 in contravention of the rules of "Volume-Based Discount Promotion for User with Low-Use Commitment Agreement". The case is still pending.

Since it is not virtually certain that an inflow of economic benefits will arise, no asset or related income is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Dispute with MTN

In 2004, the Company was awarded Iran's first private GSM license through an international tender. Subsequently the Company was barred from concluding its license arrangement, and Iran entered into a license agreement with the South Africa based operator MTN, instead of the Company. With respect to newly received information by the Company indicating that the signing of the license agreement with MTN instead of the Company was a consequence of MTN's actions at that time. In light of the harm caused by MTN's actions to both the Company and to its shareholders, the Company filed a lawsuit against MTN on 28 March 2012 seeking the compensation of such damages.

Considering extensive business dealings of both companies in the United States and due to the allegations that MTN breached rules of international law, the lawsuit has been filed in United States District Court for the District of Columbia.

Since it is not virtually certain that an inflow of economic benefits will arise, no asset or related income is recognized in the condensed interim consolidated financial statements as at and for the period ended 31 March 2012 (31 December 2011: None).

Dispute with ICTA regarding annual radio utilization fees

The Company filed a lawsuit before ICC in April 2012, claiming that the Company is not obliged to pay treasury share and ICTA Fee in accordance with the 8th and 9th Articles of the Concession Agreement, respectively, on annual utilization fees deducted from the prepaid subscribers and return of overpaid TL 5,852 (equivalent to \$3,301 as at 31 March 2012) treasury share for the period between August 2011 and February 2012. The lawsuit is still pending.
