PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS

The Board of Directors (the "Board") of Talk America Holdings, Inc., a Delaware corporation (the "Company"), the principal executive offices of which are located at 12020 Sunrise Valley Drive, Reston, Virginia 20190, hereby solicits your proxy in the form enclosed for use at the Annual Meeting of Stockholders to be held on October 15, 2002 (the "Annual Meeting"), or at any adjournment or adjournments thereof. The Annual Meeting will be held at The Sheraton Reston Hotel, 11810 Sunrise Valley Drive, Reston, Virginia 20191 at 10:00 a.m., Eastern time. The Company will bear the expenses of soliciting your proxy. This proxy statement and the accompanying form of proxy are first being

Edgar Filing: TALK AMERICA - Form DEF 14A

released for mailing to stockholders on or about August 30, 2002.

We urge you to date, sign and mail your proxy promptly to make certain that your shares will be voted at the Annual Meeting. Proxies in the enclosed form that are received in time for the Annual Meeting will be voted at the Annual Meeting in accordance with the instructions, if any, indicated on the proxy card. If no instruction is given, the proxy will be voted in favor of the nominee for election as director specified under "PROPOSAL 1: ELECTION OF DIRECTOR"; in favor of the ratification and approval of the selection of auditors as described in "PROPOSAL 2: RATIFICATION OF INDEPENDENT CERTIFIED ACCOUNTANTS"; and in favor of the ratification and approval of the amendment of the Company's charter to effect a one-for-three reverse stock split of Common Stock (the "Common Stock") as described in "PROPOSAL 3: APPROVAL OF ONE-FOR-THREE REVERSE STOCK SPLIT." Any proxy may be revoked at any time before it is exercised by giving written notice of such revocation or delivering a later dated proxy to the Corporate Secretary of the Company prior to the Annual Meeting, or by voting in person at the Annual Meeting.

VOTING SECURITIES

Only stockholders of record at the close of business on August 26, 2002 are entitled to vote at the Annual Meeting. On August 26, 2002, there were 81,772,433 shares of Common Stock outstanding and entitled to vote. Each share of Common Stock is entitled to one vote. The presence in person or by proxy at the Annual Meeting of the holders of a majority of the shares of Common Stock will constitute a quorum for the transaction of business.

With respect to Proposal 1, the nominee in Class III for election as director who receives the greatest number of votes cast at the Annual Meeting, assuming that a quorum is present, shall be elected as a director. A withheld vote on any nominee will not affect the voting results.

With respect to Proposal 2, approval will require the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote.

With respect to Proposal 3, approval will require the affirmative vote of a majority of the outstanding shares of Common Stock. Abstentions and broker non-votes will be counted as present for purposes of determining if a quorum is present but will have the same effect as a negative vote on this proposal.

2

Brokers who hold shares in street name do not have the authority to vote on certain matters for which they have not received instructions from beneficial owners. Such broker non-votes (arising from the lack of instructions from beneficial owners) will not affect the outcome of the vote on Proposal 1 or Proposal 2, but will, as discussed above, have the same effect as a negative vote on Proposal 3.

It is anticipated that sufficient stockholders will attend the meeting, in person or by proxy, to constitute a quorum for the transaction of business.

Under Section 16(a) of the Securities Exchange Act of 1934, as amended, the Company's directors and certain officers and persons who are the beneficial owners of more than 10 percent of the Common Stock of the Company are required to report their ownership of the Common Stock, options and certain related securities and any changes in that ownership to the SEC. Specific due dates for these reports have been established, and the Company is required to report any failure to file by such dates in 2001. The Company believes that all of the required filings have been made in a timely manner, except that, due solely to an administrative error by the Company, one transaction by Mr. Fowler was not reported timely. In making this statement, the Company has relied on copies of the reporting forms received by it.

PROPOSAL 1: ELECTION OF DIRECTOR

The Company's Amended and Restated Certificate of Incorporation provides that the Board of Directors (the "Board") shall consist of not less than one nor more than 15 persons, the exact number to be fixed and determined from time to time by resolution of the Board. The Board has acted to fix the number of directors at five. Pursuant to the terms of the Company's Amended and Restated Certificate of Incorporation, the Board is divided into three classes, as nearly equal in number as reasonably possible, with terms currently expiring at the annual meeting of stockholders in 2002 ("Class III"), the annual meeting of stockholders in 2003 ("Class II") and the annual meeting of stockholders in 2004 ("Class I"), respectively.

At the Annual Meeting, Mark Fowler is to be elected as Class III director, for a term to expire at the annual meeting of stockholders in 2005. Mr. Fowler will serve until his successor has been elected and qualified. Mr. Fowler currently serves as a director of the Company. The proxies solicited hereby, unless directed to the contrary therein, will be voted for the nominee. The nominee has consented to being named in this proxy statement and to serve if elected. The Board has no reason to believe that the nominee for election as a director will not be a candidate or will be unable to serve, but if either occurs it is intended that the shares represented by proxies will be voted for such substituted nominee or nominees as the Board, in its discretion, may designate.

4

The following sets forth certain biographical information, present occupation and business experience for the past five years for the nominee for election as a director and the continuing Class II and Class I directors.

Audit Committee. In 2001, the Audit Committee consisted of Arthur J. Marks, Mark S. Fowler and Ronald R. Thoma. The members of the Audit Committee are independent, as that term is defined in the National Association of Securities Dealers listing standards. The Audit Committee makes recommendations concerning the engagement of independent public accountants, reviews the plans and results of the audit engagement with the independent public accountants, approves professional services provided by the independent public accountants, reviews the independence of the independent public accountants and reviews the adequacy of the Company's internal accounting controls. The Audit Committee met five times in 2001.

AUDIT COMMITTEE REPORT

The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically incorporates this report by reference therein.

During 2000, the Audit Committee of the Board of Directors developed an updated charter for the Committee, which was approved by the full Board on March 20, 2000. There have been no amendments to the charter since its original adoption, although the Audit Committee reviews and reassesses this charter at least annually.

Management has the primary responsibility for the preparation and integrity of the Company's financial statements, accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Company's independent auditors, PricewaterhouseCoopers LLP, are responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles.

In fulfilling its oversight responsibilities, the Audit Committee has reviewed and discussed the audited financial statements for fiscal 2001 with the Company's management and has discussed with PricewaterhouseCoopers LLP the matters that are required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees. In addition, PricewaterhouseCoopers LLP has provided the Audit Committee with the written disclosures and the letter required by the Independence Standards Board Standard No.1, Independence Discussions with Audit Committees, and the Audit Committee has discussed with PricewaterhouseCoopers LLP their independence.

6

Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2001, as amended by the Form 10-K/A filed on April 12, 2002, for filing with the Securities and Exchange Commission.

The Compensation Committee met or took action by written consent in lieu of a meeting 23 times during 2001.

The procedure provides that a notice relating to the nomination of directors must be timely given in writing to the Chairman of the Board of Directors of the Company prior to the meeting. To be timely, notice relating to the nomination of directors must be delivered not less than 14 days nor more than 50 days prior to any such meeting of stockholders called for the election of directors. Notice to the Company from a stockholder who proposes to nominate a person at a meeting for election as a director must be accompanied by each proposed nominee's written consent and contain, to the extent known to the notifying stockholder, the name, address and principal occupation of each proposed nominee, the total number of shares of capital stock of the Company that will be voted for each of the proposed nominees, the name and address of the notifying stockholder, the number of shares of capital stock of the Company owned by each notifying stockholder and the information regarding the proposed nominee that would be required to be disclosed in a proxy statement filed under the Securities Exchange Act of 1934. Other than as discussed above, the Company granted no options to purchase

Common Stock of the Company during the fiscal year ended December 31, 2001 to the executive officers named in the Summary Compensation Table, above. Further, none of the executive officers named in the Summary Compensation Table above acquired any shares of the Company upon the exercise of options in 2001. On December 31, 2001, the exercise prices of all of the vested options to purchase shares of the Company held by each of the executive officers named in the Summary Compensation Table were above the then market price for the Company's shares.

EMPLOYMENT CONTRACTS

Gabriel Battista is party to an employment agreement with the Company, dated as of November 13, 1998, that was amended as of March 28, 2001 and now expires on December 31, 2004. Under the terms of the agreement, as amended, Mr. Battista received a signing bonus of \$3,000,000 at the time of the original agreement and is entitled to a minimum annual base salary of \$500,000, plus a

10

discretionary bonus. The initial three years of salary under the original agreement were paid in advance. Mr. Battista is also entitled to other benefits and perquisites. In addition, upon execution of the original agreement in 1998, Mr. Battista was granted options that vested over three years to purchase 1,000,000 shares of Common Stock at an exercise price of \$10.44 per share, all of which were exchanged pursuant to the Option Exchange for new options with an exercise price of \$0.51 per share, and options that vested immediately upon execution of the agreement to purchase an additional 650,000 shares at an exercise price of \$7.00 per share, of which options to purchase only 321,466 shares were exchanged pursuant to the Option Exchange for new options with an exercise price of \$0.51 per share.

In the event of certain transactions (including an acquisition of the Company's assets, a merger into another entity or a transaction that results in the Common Stock no longer being required to be registered under the Securities Exchange Act of 1934), Mr. Battista will receive an additional bonus of \$1,000,000 if the price per share for the Common Stock in such transaction was less than or equal to \$20.00 per share, or \$3,000,000 if the consideration is greater than \$20.00 per share.

Edward B. Meyercord, III entered into a three-year employment agreement with the Company effective as of March 26, 2001. Commencing in 2002, under the contract, Mr. Meyercord is entitled to a minimum annual base salary of \$350,000 and certain other perquisites made generally available by the Company to its senior executive officers.

Aloysius T. Lawn, IV entered into a three-year employment agreement with the Company effective as of March 26, 2001. Under the contract, Mr. Lawn is entitled to a minimum annual base salary of \$275,000 and certain other perquisites made generally available by the Company to its senior executive officers.

Kevin Griffo entered into a three-year employment agreement with the Company effective as of March 24, 2000 that was amended as of March 28, 2001 and June 17, 2002 and now expires December 31, 2004. Under the contract, Mr. Griffo is entitled to a minimum annual base salary of \$250,000 and certain other perquisites made available by the Company to its senior executive officers. In addition, upon execution of the agreement, Mr. Griffo was granted options that vest over three years to purchase 1,300,000 shares of Common Stock at an exercise price of \$13.69 per share, all of which were exchanged pursuant to the Option Exchange for new options with an exercise price of \$0.51 per share.

Edgar Filing: TALK AMERICA - Form DEF 14A

George Vinall is party to an employment agreement with the Company that was amended as of March 28, 2001 and now expires on December 28, 2004. Under the contract, as amended, Mr. Vinall is entitled to a minimum annual base salary of \$250,000 and certain other perquisites made available by the Company to its senior executive officers. In connection with the original agreement, Mr. Vinall was granted an option to purchase 240,000 shares of Common Stock at an exercise price of \$8.56 per share, all of which were exchanged pursuant to the Option Exchange for new options with an exercise price of \$0.51 per share.

Each of the employment agreements for Messrs. Battista, Meyercord, Lawn, Vinall and Griffo provide for immediate vesting of options in event of a "change of control" (as defined in the agreements) of the Company and provide for severance benefits in the event employment is terminated by the Company without cause prior to the end of the term and for a certain period beyond the end of the term in the event of a "change of control." The severance benefits are generally the payment of an amount equal to two years' base salary plus the average annual incentive bonus earned by the executive in the preceding four years, as well as the continuation of various employee benefits for two years.

Each of the above-described agreements requires the executive to maintain the confidentiality of Company information and assign any inventions to the

11

Company. In addition, each of the executive officers has agreed that he will not compete with the Company by engaging in any capacity in any business that is competitive with the business of the Company during the term of his respective agreement and thereafter for specified periods.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

None.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

In 1999, the principal operating subsidiary of the Company requested an employee, Jeffrey Earhart, to relocate from Pennsylvania to Florida in order to take over the management of its customer service centers in Florida. In connection with the relocation, the Company agreed to make advances or a loan to Mr. Earhart for the relocation and the construction of a new residence in Florida. In 2000, the Company and Mr. Earhart memorialized this agreement regarding relocation with a loan that is secured by the new residence and bears interest at the rate of 8.25 percent per annum. The loan was refinanced in July 2002 and now bears interest at the rate of 6.25 percent per annum to reflect current market rates. The largest aggregate amount of the loan outstanding during 2001 was \$1.04 million, and, as of August 15, 2002, \$1.02 million was outstanding on the loan and advances. In May 2001, Mr. Earhart was elected an executive officer of the Company.

REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee approves salaries and certain incentive compensation arrangements for management and key employees of the Company.

The principal elements of the Company's compensation structure are described below:

Annual Salary. Minimum annual base salaries for executive officers of the Company have been established pursuant to employment contracts negotiated with each of the executive officers of the Company. Increases above such minimum base salaries may be granted in the discretion of the Compensation Committee based on

Edgar Filing: TALK AMERICA - Form DEF 14A

its subjective assessment of individual performance. The Company believes that such employment contracts help to attract and retain qualified individuals. In addition, the employment agreements include confidentiality and non-compete agreements by the officers. On March 28, 2001, the Compensation Committee of the Board of Directors approved new employment agreements with certain executive officers and amended existing employment agreements with certain other executive officers in order to extend the employment of the executive officers with the Company. See "Employment Contracts."

Annual Bonuses. Due to the Company's performance in 2001, the Compensation Committee determined that bonuses were not justified for the year ended December 31, 2001.

Long Term Incentive Compensation. In general, the Company has granted stock options to key executives as an inducement to such executives' entering into employment contracts with the Company.

The Company believes that stock options are an effective tool for directly linking the financial interests of executive officers and key employees with those of the Company's stockholders and for recruiting and retaining high quality management personnel. Stock options are intended to focus the efforts of executive officers and key employees on performance that will increase the value of the Company for all of its stockholders. In keeping with this purpose, the Company initiated the Option Exchange on August 29, 2001 to allow eligible

12

employees to exchange outstanding options that had exercise prices significantly higher than the then-current market price of Common Stock for options with an exercise price equal to the market value of the shares on the date of grant. The Company believed that options with an exercise price closer to current market value would provide a better performance incentive for the holders.

Future option grants under the 1998 Long Term Incentive Plan, the 2000 Long Term Incentive Plan and the 2001 Non-Officer Long Term Incentive Plan will be made in the discretion of the Compensation Committee or in connection with the negotiation of individual employment arrangements.

Chief Executive Officer's 2001 Compensation. As set forth in the Summary Compensation Table, Mr. Battista's base salary of \$500,000 in 2001 was established pursuant to the terms of the employment agreement he entered into when he joined the Company and had been prepaid. The Compensation Committee determined that the Company's performance did not satisfy the conditions for a bonus for 2001. In extending Mr. Batista's employment agreement in March 2001 to December 31, 2004, the Compensation Committee determined to retain the same compensation terms, including the amount of the base salary.

PROPOSAL 2: RATIFICATION OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

On the recommendation of the Audit Committee, the Board has appointed the firm of PricewaterhouseCoopers LLP as independent auditors of the Company for the current fiscal year. This firm has served as the Company's independent auditors since 2000 and has no direct or indirect financial interest in the Company.

Although not legally required to do so, the Board is submitting the selection of PricewaterhouseCoopers LLP as the Company's independent auditors for ratification by the stockholders at the Annual Meeting. If a majority of the shares of Common Stock represented in person or by proxy at the meeting is not voted for such ratification (which is not expected), the Board will reconsider its appointment of PricewaterhouseCoopers LLP as independent auditors of the Company.

A representative of PricewaterhouseCoopers LLP will be present at the Annual Meeting and will have the opportunity to make a statement if he desires to do so. It is anticipated that such representative will be available to respond to appropriate questions from stockholders.

Effective as of September 8, 2000, the Company engaged PricewaterhouseCoopers LLP as its independent public accountants for the fiscal year ending December 31, 2000, to audit the Company's financial statements. During the Company's two most recent fiscal years and the subsequent interim period preceding the engagement of PricewaterhouseCoopers LLP, neither the Company nor anyone on behalf of the Company consulted with PricewaterhouseCoopers LLP on any matter regarding: (a) either the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Company's financial statements, and neither was a written report provided to the Company nor was oral advice provided that PricewaterhouseCoopers LLP concluded was an important factor considered by the Company in reaching a decision as to the accounting, auditing or financial reporting issue, or (b) the subject of either a disagreement as defined in Item 304(a)(1)(iv) of Regulation S-K or a

Edgar Filing: TALK AMERICA - Form DEF 14A

"reportable event" as specified in Item 304(a)(1)(v) of Regulation S-K.

The Board of Directors recommends a vote FOR the proposal to ratify the selection of PricewaterhouseCoopers LLP as independent auditors of the Company.

Previous Independent Accountants

On September 8, 2000, the Company released the firm of BDO Seidman, LLP, as the independent public accountants of the Company. The decision to change accountants was approved by the Audit Committee of the Company's Board of Directors and by the whole Board of Directors of the Company. The reports of BDO Seidman, LLP on the financial statements of the Company for each of the fiscal years ended December 31, 1998 and 1999 contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles. In connection with the audits of the Company's financial statements for such fiscal years and through September 8, 2000, the Company has had no disagreements with BDO Seidman, LLP on any matter of accounting principles or practices, financial statement disclosure or auditing scope and procedures, which disagreements, if not resolved to the satisfaction of BDO Seidman, LLP, would have caused BDO Seidman, LLP to make reference to the subject matter of the disagreement in their report on the Company's financial statements for such years. During the fiscal years ended December 31, 1998 and 1999 and through September 8, 2000, there were no "reportable events" to describe as specified in Item 304(a)(1)(v) of Regulation S-K. The Company requested that BDO Seidman, LLP furnish it with a letter addressed to the Securities and Exchange Commission stating whether it agrees with the statements made above. A copy of the letter from BDO Seidman, LLP, dated September 8, 2000 was filed as Exhibit 16.1 to the Company's Current Report on Form 8-K on September 13, 2000.

INDEPENDENT PUBLIC ACCOUNTANTS FEE SUMMARY

During fiscal 2001, PricewaterhouseCoopers LLP provided services in the following categories and amounts:

DESCRIPTION	AMOUNT
Audit Fees (1)	\$ 172,619
Audit Related Fees	\$ 50,401
Financial Information Systems Design and Implementation Fees	\$ 0
All Other Fees	\$ 108,619

The Audit Committee has determined that the services provided by PricewaterhouseCoopers LLP to the Company that were not related to its audit of the Company's financial statements were at all relevant times compatible with that firm's independence.

(1) In addition, the Company paid BDO Seidman, its former auditors, \$11,940 in fiscal 2001 for BDO Seidman's services in connection with reissuance of their report on the Company's financial statements for the year ended December 31, 1999.

PROPOSAL 3: APPROVAL OF ONE-FOR-THREE REVERSE STOCK SPLIT

Subject to stockholder approval, the Board has approved an amendment to the Company's Amended and Restated Certificate of Incorporation to effect a

Edgar Filing: TALK AMERICA - Form DEF 14A

one-for-three reverse stock split of the Common Stock of the Company. The purpose of the reverse stock split is to seek to increase the trading prices of the Common Stock as the Company believes that a higher per share price broadens the base of institutional investors, improves the quality perception of the Company in the public markets and should aid in compliance with the minimum bid price requirement of \$3 per share under the NASDAQ National Market continued listing requirements. The Board of Directors believes that the proposed reverse stock split is likely to result in the bid price of our common stock increasing over current trading levels. On August 26, 2002 the Common Stock closed at \$2.49. However, the market price of our common stock may not rise in proportion to the reduction in the number of outstanding shares resulting from the reverse split.

If the reverse stock split is authorized by stockholders, the reverse split will become effective at the close of business on the date the Company files the amendment to its Amended and Restated Certificate of Incorporation with the Delaware Secretary of State, which the Company anticipates will be on or promptly following the date of the Annual Meeting. Upon the filing of the amendment, all the old common stock will be converted into new common stock as set forth in the amendment. The form of the proposed amendment to effect the reverse stock split is attached hereto as Appendix A.

The Company currently has 300 million shares of authorized Common Stock, par value \$.01 per share, and 5 million shares of authorized preferred stock. As of August 26, 2002, the Company had issued and outstanding a total of 81,772,433 shares of Common Stock and no shares of preferred stock.

Following the reverse stock split, the Company will have 100 million shares of authorized Common Stock, par value \$.01 per share, and 5 million shares of authorized preferred stock. Relative voting rights of Company stockholders will not be altered by a reverse stock split, except to the extent a stockholder may own any fractional interest as a result of the reverse stock split, in which event such stockholder will be paid cash for the fractional interest as set forth below.

16

With the limited exception of stockholders who own only fractional share interests after the reverse stock split, the proportionate ownership interests of stockholders will not be affected by the reverse stock split.

Pursuant to the reverse stock split, each holder of three shares of Company common stock, par value \$0.01 per share ("Old Company Common Stock"), immediately prior to the effectiveness of the reverse stock split will become the holder of one share of Company common stock, par value \$0.01 per share ("New Company Common Stock") after consummation of the reverse stock split.

Commencing on the effective date of the reverse stock split, each certificate formerly representing shares of Old Company Common Stock will be deemed for all corporate purposes to evidence ownership of the reduced number of shares of New Company Common Stock resulting from the reverse stock split. As soon as practicable after the effective date, Company stockholders will be notified of the effectiveness of the reverse stock split and instructed as to how and when to surrender their certificates representing shares of Old Company Common Stock in exchange for certificates representing shares of New Company Common Stock. Stockholders will not have to pay a transfer fee or other fee in connection with the exchange of certificates. STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATE(S) AND SHOULD NOT SUBMIT ANY CERTIFICATE(S) UNTIL REQUESTED TO DO SO.

The applicable conversion, exercise or redemption ratios of the Company's

Edgar Filing: TALK AMERICA - Form DEF 14A

outstanding stock options, outstanding warrant agreements, outstanding convertible debt and the Company's Stockholders Rights Plan will be correspondingly adjusted upon the consummation of the reverse stock split.

No certificates representing fractional share interests in the New Company Common Stock will be issued and no such fractional share interests will entitle the holder thereof to any rights as a stockholder of Company. In lieu of such fractional share interests, each holder of Old Company Common Stock who would otherwise be entitled to receive a fractional share of New Company Common Stock will be paid cash by First City Transfer Company, which will act as the exchange agent for the reverse stock split. Such exchange agent will pool fractional share interests, sell them on behalf of the stockholders otherwise entitled to them and return the appropriate pro rata share of the proceeds to holders of fractional share interests.

If approved and effected, the reverse stock split will result in some stockholders owning "odd-lots" of less than 100 shares of New Company Common Stock. Brokerage commissions and other costs of transactions in odd-lots are generally somewhat higher than the costs of transactions in "round-lots" of even multiples of 100 shares.

The Common Stock is currently registered under the Exchange Act, and as a result, the Company is subject to the periodic reporting and other requirements of the Exchange Act. The proposed reverse stock split will not affect the registration of the Common Stock under the Exchange Act.

The par value of the Common Stock will remain at \$0.01 following the reverse stock split, and the number of shares of Common Stock outstanding will be reduced by 66-2/3%. As a consequence, the aggregate par value of the outstanding Common Stock will be reduced, while the aggregate capital in excess of par value attributable to the outstanding common stock for statutory and accounting purposes will be correspondingly increased. The resolution approving the reverse stock split provides that this increase in capital in excess of par value will be treated as capital surplus for statutory purposes.

17

Market Price Effects

One of the key requirements for the Company's continued listing on NASDAQ is that the Common Stock must maintain a minimum bid price above \$3.00 per share. The closing price of the Common Stock on August 6, 2002, prior to the announcement of the proposed reverse split was \$3.80. After the announcement, the per share price of the Common Stock fell below \$3.00, and as of August 26, 2002, was \$2.49 per share. The Board of Directors believes a reverse stock split may increase the price level of our Common Stock and thereby aid the Company in complying with the NASDAQ minimum bid price listing standard.

While we expect that the reverse split will result in an increase in the market price of the Common Stock, the reverse split may not increase the market price of the Common Stock in proportion to the reduction in the number of shares of Common Stock outstanding resulting from the reverse split or result in the permanent increase in the market price (which is dependent upon many factors, including the Company's performance, prospects and other factors). There can be no assurance that the per-share market price of the Common Stock after the reverse split will be or remain in excess of the \$3.00 minimum bid price as required by the NASDAQ National Market, or that the Company will continue to satisfy other continued listing requirements.

The market price of Common Stock will also be based on the Company's

Edgar Filing: TALK AMERICA - Form DEF 14A

performance and other factors, some of which are unrelated to the number of shares outstanding. If the reverse stock split is effected and the market price of Common Stock declines, the percentage decline as an absolute number and as a percentage of the Company's overall market capitalization may be greater than would occur in the absence of a reverse stock split. Furthermore, the liquidity of Common Stock could be adversely affected by the reduced number of shares that would be outstanding after the reverse stock split.

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The following is a summary of the material United States federal income tax consequences of the proposed reverse stock split that are generally applicable to U.S. holders of Common Stock of the Company. This discussion is based on the Internal Revenue Code, the Treasury Regulations promulgated thereunder, judicial opinions, published positions of the Internal Revenue Service, and all other applicable authorities as of the date of this document, all of which are subject to change (possibly with retroactive effect). This summary is limited to stockholders that hold their Common Stock as capital assets. This discussion does not describe all of the tax consequences that may be relevant to a holder in light of the holder's particular circumstances or to holders subject to special rules (such as dealers in securities, financial institutions, insurance companies, tax-exempt organizations, foreign individuals and entities, persons holding Common Stock as part of a hedging transaction and persons who acquired their Common Stock as compensation). This discussion also does not address any tax consequences arising under the laws of any state, local or foreign jurisdiction.

ACCORDINGLY, YOU ARE STRONGLY URGED TO CONSULT WITH A TAX ADVISER TO DETERMINE THE PARTICULAR FEDERAL, STATE, LOCAL OR FOREIGN INCOME OR OTHER TAX CONSEQUENCES TO YOU OF THE REVERSE STOCK SPLIT.

Subject to the discussion below relating to the receipt of cash instead of fractional share interests, we believe that the U.S. federal income tax consequences of the reverse stock split are as follows:

- No gain or loss will be recognized by the Company upon the reverse stock split;

- No gain or loss will be recognized by a stockholder upon the exchange of shares in the reverse stock split, except with respect to cash received instead of fractional share interests;

18

- The aggregate adjusted tax basis of the shares of New Company Common Stock held by a stockholder following the reverse stock split would be equal to such stockholder's aggregate adjusted basis in the Old Company Common Stock held immediately prior to the reverse stock split, reduced by any tax basis allocable to fractional share interests for which cash is instead received;

- The holding period of the New Company Common Stock held by a stockholder following the reverse stock split would include the holding period of the shares of Old Company Common Stock held immediately prior to the reverse stock split.

The receipt of cash instead of a fractional share of Common Stock will result in taxable gain or loss for U.S. federal income tax purposes based upon the difference between the amount of cash received by such stockholder and the portion of the tax basis of the Old Company Common Stock allocable to that fractional share. This gain or loss will constitute capital gain or loss and will constitute long-term capital gain or loss if the Old Company Common Stock were held as a capital asset for more than one year as of the date of the

Edgar Filing: TALK AMERICA - Form DEF 14A

reverse stock split.

The Company's beliefs regarding the federal income tax consequences of the reverse stock split are not binding upon the Internal Revenue Service or the courts, and there can be no assurance that the Internal Revenue Service or the courts will accept the positions expressed above.

APPRAISAL RIGHTS

No appraisal rights are available under the Delaware Business Corporation Law or under the Company's Certificate of Incorporation or By-Laws to any stockholder in connection with the reverse stock split.

RECOMMENDATION OF THE BOARD OF DIRECTORS

The affirmative vote of the holders of a majority of all outstanding shares of Common Stock will be required for approval of the reverse stock split. As a result, abstentions and broker non-votes will have the same effect as negative votes.

THE BOARD RECOMMENDS A VOTE "FOR" APPROVAL OF THE ONE-FOR-THREE REVERSE STOCK SPLIT.

OTHER BUSINESS

If other matters properly come before the meeting, proxies submitted on the enclosed form will be voted by the persons named in the enclosed form of proxy in accordance with their best judgment.
